

WHEAT MOVES UP — The ups and downs of December wheat from May 29 until Sept. 10 are shown in the above chart illustrating prices on the Chicago Board of Trade which have risen from \$2.30 1/4 to \$2.80 1/2 per bushel. (AP Wirephoto).

Temperatures Tumble After Texas Rains

Weatherman Says Change Heralds Fall

Here's what the Weatherman had to say about Texas weather today (Friday): "I believe you can safely call it the first advent of fall."

Temperatures tumbled on the heels of rains that swept across Texas from El Paso northeastward as far as Lufkin last (Thursday) night. Only the Panhandle and South Texas missed out on the precipitation, but the Panhandle country and West Texas benefited from cooler temperatures.

Daniel Predicts Price Fixing Suits

Says Probe Shows Evidence Of Trusts

AUSTIN, Sept. 12. (AP)—Attorney General Price Daniel today said investigations of possible price-fixing practices in Texas were "far enough along for us to know there will be some suits filed and some convictions for violations of the anti-trust act."

He said his investigators had found in some instance "absolute disregard for anti-trust laws in trying to keep prices uniform and prevent competition between those companies handling the same commodities."

"In most instances, the consumer is definitely the forgotten man, the theme being to get all the traffic will bear," Daniel continued.

The Attorney General declined to identify any particular line of business in which violations of anti-trust laws are occurring.

Regarding the investigation of gasoline prices, Daniel said his only prediction was that it would take the rest of the year to complete the study with four men kept on full time.

"Under our free enterprise system, it's free enough for some people to hang themselves with it," he observed.

Present business practices, he said, are driving people to disaffection with the system of free enterprise, and "that's why you hear all this talk about cooperatives."

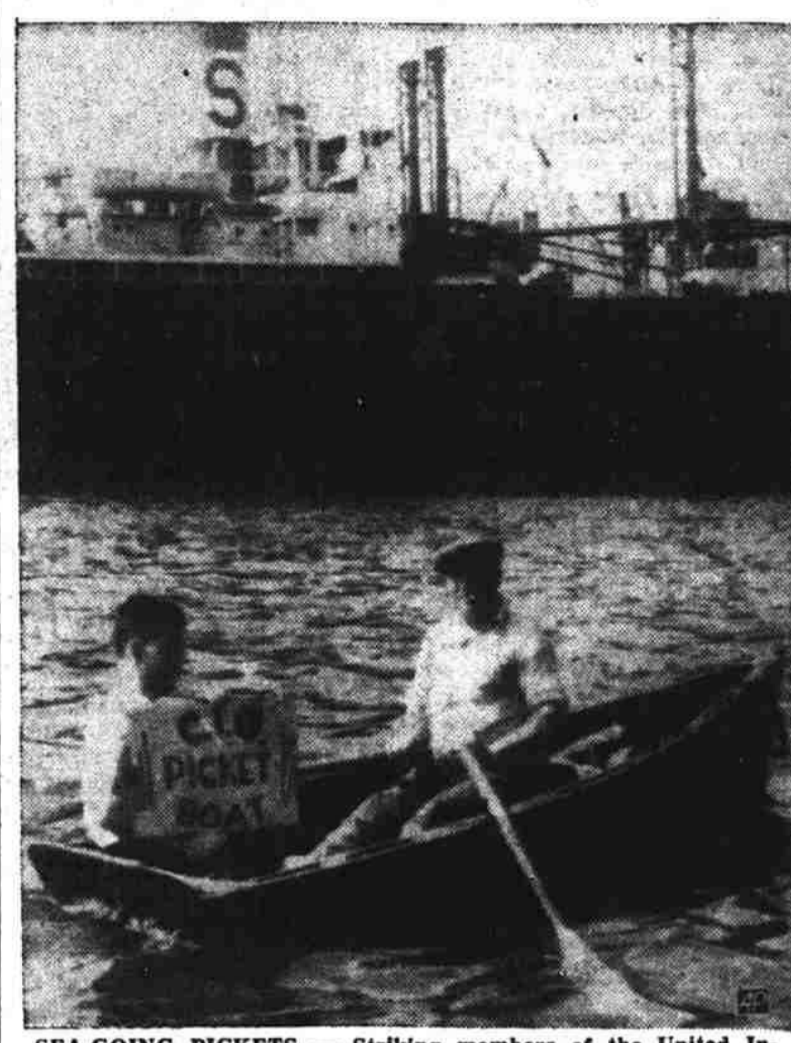

"All this talk about a scarcity of labor and raw materials causing higher prices we have found not to be the whole story in many instances," he told reporters.

"Sometimes there is a hundred per cent increase in profits due to higher prices being maintained."

Local officers obtained a written statement from the man, and formal charges, as yet unspecified, were due to be filed this afternoon.

Colorado Schools Enroll 1,126 Pupils

Colorado City schools enrolled a total of 1,126 pupils with the reopening of school this week, according to Supt. E. E. Williams.

SEA-GOING PICKETS — Striking members of the United Industrial Marine Shipworkers Union carry a placard as they row a boat in the harbor in front of the Simpson Plant Drydock of the Bethlehem Steel Company at Boston, Mass. (AP Wirephoto.)

AT IRISH PORT

Victims Removed From Blasted Ship

BELFAST, Northern Ireland, Sept. 12. (AP)—Eight dead or dying men and more than 50 injured were brought ashore today from the British liner Reina Del Pacifico, which docked here badly damaged by an explosion at sea.

While hundreds crowded the dock area, the 17,701-ton motorship was towed in and police began an inquiry, studying among other things what they described as the possibility of sabotage.

The wartime troop transport, on a trial run after being refitted for resumption of peacetime service, was torn by an engineering blast yesterday about 12 miles north of Copeland Island, which lies just off the coast near the mouth of Belfast bay.

An SOS brought five tugs and a life boat carrying doctors and nurses. One of the doctors reported 34 of the injured "terribly burned" and said some probably would die.

Fifteen men were killed outright and three died this morning in hospitals.

Belfast newspapers said only crewmen, technicians and a few officials of the line, the Pacific Steam Navigation Company, were aboard at the time of the explosion.

No Lamesa Action Set For Airfield Improvements

LAMESA, Sept. 12. (AP)—City Manager G. M. Roberts said today that the Lamesa city council has taken no definite steps to have Pioneer Airlines resume service to Lamesa.

Pioneer Airlines announced yesterday that it had been instructed by the Civil Aeronautics Board to suspend operations to Lamesa, effective immediately, because of faulty runways at the Lamesa airport.

Roberts said that it was reasonably certain that the city would be unable to pave the runways at the Lamesa field at present. All work which can be done on the runways with city equipment would be of a temporary nature and probably not acceptable to CAB standards, he said.

Roberts added that the council will continue to keep the matter under advisement.

Severe Storm Whirls West Across Atlantic

MIAMI, Fla., Sept. 12. (AP)—A severe tropical storm whirled northward across the Atlantic today toward the British West Indies, apparently a few days too early to become a guinea pig for history's first hurricane-busting experiment.

TO HELP EUROPE

U. S. Economy May Have New Controls

WASHINGTON, Sept. 12. (AP)—Extensive export controls and probably some other forms of government supervision over the American economy may be necessary to make the Marshall Plan for European recovery work effectively.

This became apparent today from data being assembled in various divisions of the government. It was indicated particularly by informal reports from President Truman's top committee on foreign aid headed by Secretary of Commerce Harriman.

The Harriman committee, completing its second two-day cycle of conferences, made clear at a news conference that its investigations thus far show that shipments of goods to Europe under the Marshall Plan may put additional strains on some tight spots in the American economy.

Various steel products, some types of farm machinery and food supplies were cited as examples of commodities that may require particularly careful handling in order to minimize the impact of the proposed aid program in the United States.

Chester C. Davis, chairman of the committee's subcommittee on food resources and former war food administrator, said this country eventually may be confronted with the choice between a voluntary cut in consumer use of wheat products and a reimposition of government controls.

At the same time, however, Harriman himself as well as other members of the committee, declared emphatically that no such drastic measures as the declaration of a limited national emergency have been considered by the committee.

Harriman summed up the approach of the 19-man group to the problem of providing American supplies to Europe in these words: "We want to interfere as little as possible with normal business transactions, but there will have to be certain government supervision to deal with that subject and to minimize the effect on our own economy."

Three Texans Are Killed In Crash

CASTLE ROCK, Colo., Sept. 12. (AP)—Three men were killed when a C-47 Army transport smashed into a bluff were identified today as Army investigators studied the wreckage 11 miles southeast of Castle Rock.

Investigators from Lowry field at Denver said the twin-engine transport rammed into Spruce mountain yesterday on a flight from Hobbs, N. M., to Hill field at Ogden, Utah. The plane was based at Kelly Field, San Antonio.

The dead were identified by the Hobbs Army Air Field as: Major Jack S. Griffin, 32, pilot, Blooming Grove, Tex.; Lt. Oran M. Richardson, 26, copilot, Abilene.

Staff Sgt. Edmund J. Beuhler, crew chief, Mercedes, Tex.

Reds Fix Awards For Coal Output

MOSCOW, Sept. 12. (AP)—The Soviet government has drawn up a series of measures for honoring miners who have been called upon to increase coal output in the Donets basin to pre-war level, thereby overshooting the 1947 production goal.

A special medal has been struck for the reconstruction of mines in the Donets area and an annual coal miners holiday declared. Special titles have been introduced for engineers and managers in the mines and a series of government awards have been established honoring long service in the pits.

GOP PROVIDES BABY SITTERS

EVANSVILLE, Ind., Sept. 12. (AP)—If Mayor Manson L. Reichert is re-elected Nov. 4 it may be partly because Republican parents didn't have to stay home with baby.

Campaign leaders said they would provide a baby sitting service in order that mama and papa might vote. Young men and girls will fill the assignments.

Ross Trial Transferred

NEW BRAUNFELS, Sept. 12. (AP)—A change of venue was ordered here this morning in the trial of Dr. Lloyd I. Ross of San Antonio, charged with murder in the ambush slayings of four members of the York family.

District Judge J. R. Fuchs ordered the case transferred to Fayette county.

Judge Fuchs said that "after lengthy consideration" he had decided that an impartial trial could not be obtained in Comal county "because almost everyone had formed an opinion one way or the other."

Before the Judge had finished giving his explanation, the defense jumped up to enter a protest and demanded that the Comal county Sheriff, W. A. Schell, be called to the stand.

The Sheriff testified as to trouble he had had in calling venemen for the jury.

County seat of Fayette county is La Grange. Judge Fuchs did not designate a town of the county in his order of transfer.

Three groups of taxsmen, totaling 207 New Braunfels and Comal county citizens, have yielded only ten jurors. Yesterday only one man was accepted from 60 prospective jurors.

CHINESE INFLATION

SHANGHAI, Sept. 12. (AP)—The government again increased the "open" market rate on U. S. currency by 500 points to the American dollar today, but the black-market rate kept well ahead of the official quotation.

Food Prices May Drop Some

NEW YORK, Sept. 12. (AP)—Retail food prices either advanced or held to their high level today, but hope of relief was seen in easing wholesale prices for some commodities.

Eggs hit \$1 a dozen in some Philadelphia and New York stores. Choice steaks continued to sell at \$1 a pound or better. Butter commanded \$1.05 in some stores in both cities, and chain store butter advanced to 92 cents a pound.

STRATEGY

U. S. Planning To Take Lead In U. N. Meet

NEW YORK, Sept. 12. (AP)—Indications mounted today that the U. S. delegation to the United Nations, operating under the personal direction of Secretary of State George C. Marshall, hoped to move into a commanding spot in the early days of the general assembly opening here Tuesday.

The entire delegation was summoned this morning to start mapping strategy and Marshall himself was due to arrive tonight to join the conference. The "skull" drills will continue tomorrow and Monday.

It also was learned that Marshall will be the second among the 45 chief delegates to speak in the assembly's general debate. He will follow Mexico to lay down basic U. S. policy next Wednesday.

The firmness of the American line and how far Marshall was prepared to go in taking the lead remained to be seen, but the U. S. pre-session plans far outstripped the 1946 setup.

Bevin Postpones Paris Meet End

PARIS, Sept. 12. (AP)—The British foreign office announced today that Foreign Secretary Ernest Bevin had postponed the scheduled windup session of foreign ministers of 16 nations on the Marshall Plan, because of United States criticism of a "final" report on Europe's needs.

A foreign office spokesman in London said Bevin, as chairman of the final session scheduled for next Monday, had advised the foreign ministers of the decision and that no alternative date had been suggested.

Authoritative London sources said they expected the delay would be at least a week, and possibly two, so that the 16 nations' delegations could act up on American advice to prune their estimates.

A secretariat source here said it was possible the conference would remain in session for almost three additional weeks to re-write their report, said now to call for nearly \$18,000,000,000 in U. S. aid in the next four years.

More Freedom Urged For Radio News

ATLANTIC CITY, N. J., Sept. 12. (AP)—Kent Cooper, executive director of the Associated Press, suggested today that the broadcasting industry disseminate news abroad "free from government supervision as to form and text."

Cooper made the suggestion in an address prepared for a convention luncheon of the national broadcasting company.

COMMON SENSE, JUSTICE

Post Office Modifies Lottery Rule To Insure Press Freedom

WASHINGTON, Sept. 12. (AP)—The post office department ruled last night that newspapers carrying stories in which there is "incidental" mention of a lottery will not be barred from the mails.

The ruling, a reversal of long-standing policy, represents a new interpretation of the law which provides that newspapers publishing the name of lottery winners are not mailable.

denied the prize on the ground that the drawing was for whites only.

F. Y. Delany, the department's solicitor, decided: "Despite the literal wording of the law it was not intended to exclude from the mails publications of such items x x x which have a news value in their own right and in which the lottery element is only incidental to a newsworthy event."

Delany gave his opinion in a letter to Bernard F. Dickmann, the St. Louis postmaster who had cautioned the Star-Times about the North Carolina story and said the

editions would have been barred from the mails if the account had been noticed in time.

"This law," Delaney said, "was not designed to suppress information of news value to the public, even though incidentally connected with a lottery."

He added that his new interpretation "will be uniformly applied in the future in all cases wherever they arise."

The Star-Times had contended that it was unreasonable to try to keep such stories out of print when there was no law to prevent millions of radio listeners from receiving the same information through newscasts.

ANNUAL TOUR

Hereford Men Show Herds To Visitors

Some 50 cattlemen, business men and other visitors inspected herds on ranches operated by 10 members of the Howard County Hereford Breeders Association Thursday, as that organization launched its third annual fall tour.

The second and final leg of the tour was on the schedule of today. Thursday, stops were made at ranches in the northern and eastern part of the county, while the southern and western areas were to be covered today.

The first day's excursion included a noon barbecue at the Morgan Coates farm in the R-Bar community. A similar lunch activity was to be held at the Cauble Hereford farm today.

Those making the Thursday tour were impressed with the general condition of the herds visited. The Charlie Wolf herd, which exhibited striking uniformity, drew liberal comment.

Breeders Association members whose herds were visited Thursday were Alex Walker, Jr., S. F. Buchanan, Charlie Wolf, Tom Roden, R. E. Martin, Morgan Coates, Leland Wallace, C. A. Walker, R. T. Shafer, Wilson Brothers, Edward Simpson.

At each stop animals which probably will be consigned to the association's annual sale next winter were pointed out. The various owners were afforded opportunity to give breeding history and other data concerning their respective herds on a portable public address system furnished and operated by Sgt. Lillard and Sgt. Walker of the Big Spring Army Recruiting station.

Thompson Calls Persian Oil Vital

YOKAHAMA, Sept. 12. (AP)—The Persian Gulf oil fields must remain controlled by the United States and its allies, Col. Ernest O. Thompson, chairman of the Texas railroad commission, said in a talk at a barbecue here last night.

World War II was fought over the oil in the Persian Gulf Area, Thompson said, and "the only reason we didn't have to fight both Germany and Russia was that those two countries fell out over who should have that oil."

He continued "We won the war because we had an adequate supply of oil and Hirohito did not. But Persian Gulf oil is still in Stalin's eyes the most prized possession on earth. This oil must not be allowed to fall into his hands."

Jester Names Entire Good Neighbor Group

AUSTIN, Sept. 12. (AP)—Appointees of Gov. Beauford H. Jester today made up the entire membership of the Texas Good Neighbor Commission recently torn by a controversy over activities of its former executive secretary.

Jester re-appointed R. E. Smith of Houston, a key figure in the row climaxed by the resignation of Mrs. Pauline Kibbe, executive secretary. He also named Smith as chairman.

SCHOOL LUNCH CONTROL

AUSTIN, Sept. 12. (AP)—The Texas school lunch program will go under federal supervision this year because the 50th Legislature's \$27,000 appropriation for supervision of the program was \$75,000 short of what federal officials consider necessary. Gov. Beauford H. Jester said yesterday.

THEY AGREE THIS TIME

Four Senators See Extended Rent Law

WASHINGTON, Sept. 12. (AP)—Four senators who often differ on legislative matters agreed today that Congress is likely to vote an extension of rent controls beyond next February 29.

Senators McCarthy (R-Wis.), Flanders (R-Vt.), Sparkman (D-Ala.) and Myers (D-Pa.) voiced their predictions in separate interviews.

Myers only yesterday said he believes Congress should be summoned to special session by early November to tackle the problems of rising living costs at home and abroad.

He declared it is "apparent that our economy is threatened by inflation today as it was by military aggression a few years ago."

Engagement Announced Of Miss Betty Beall To David Torney Evans

Dr. and Mrs. John Renshaw Beall of Dallas are this week announcing the engagement of their daughter, Betty, to David Torney Evans, Jr., of Big Spring. Mr. Evans' parents are Mr. and Mrs. David Torney Evans, Sr., of Big Spring. The wedding will be solemnized at the First Presbyterian Church of Dallas on October 11 with Dr. Frank C. Brown officiating.

BETTY BEALL

XYZ Club Uses Circus Theme

The XYZ Club carried out a circus theme at a dinner for the members at the Crawford hotel Thursday night.

The dining room was decorated with handwagons, balloons and other miniature circus ornaments.

Mrs. Charles Girdner, Mrs. Carl Gross, Mrs. J. W. Elrod, Jr. and Mrs. Horace Garrett were hostesses. Bridge and 42 were entertained.

Mrs. Mildred Jarrett won high at bridge and Annette Logan won high at 42. Mrs. Elizabeth Canning and Ruby Caldwell won the bingo prizes.

Mrs. Lillian Funderburk was introduced as a new member. Mrs. Betty Neighbors, Mrs. Beryl Thompson and Mrs. Allene Douglas were guests.

Members present were Mrs. Mariana McNabb, Mrs. Elizabeth Canning, Mrs. Beulah McNary, Mrs. Vanna Bell Shaw, Mrs. Mildred Orme, Mrs. Estelle Gross, Mrs. Elva Girdner, Mrs. Oleta Horn, Mrs. Elsie Caywood, Mrs. Katherine Elrod, Mrs. Ruby Culver, Mrs. Ruby Caldwell, Mrs. Annalee Logan, Mrs. Lois Reeder, Mrs. Mildred Jarratt, Mrs. Zella Neighbors, Mrs. Opal Wooten, Mrs. Mattie Stagg, Mrs. Delores Norred, Mrs. Joyce Phillips, Mrs. Jewell Anderson, Mrs. Fran Wyatt, Mrs. Marjorie Crane, Mrs. Genevieve Marchant, Mrs. Evelyn Holmes, Mrs. Jane Holler and Mrs. Dorothy Garrett.

Charles Driver Has Picnic In His Honor

Mrs. Curtis Driver entertained for her son, Charles, recently with a picnic at the city park on his fourth birthday anniversary.

Guests were: Kenny Thomas, Cleo Thomas, Deanne Mansfield, Babs Strauss, Jane Harrington, Karen Kroger, Betty Lou Peterson, Skipper Driver, Billie Bonner, Charles Duggan, Ken Lawrence, Gordon Bristow and Red Schwarzenbach.

Mrs. Marvin Dautry Attends Sewing Club

Mrs. Marvin Dautry was present as a guest of the Eager Beaver sewing club which was entertained at its regular weekly meeting Thursday afternoon at the home of Mrs. Ben Jernigan.

The hostess served a refreshment plate to Mrs. Roy Spivey, Mrs. R. I. Findley, Mrs. Hiram Yates, Mrs. Denver Yates, Mrs. Leroy Findley, Mrs. Wayne Morris, and Mrs. J. D. Kendrick.

Mrs. Elgin Jones, 1511 Rumlens, will be hostess at the coming meeting.

Kiwani Queens To Help Nursery

The Kiwani Queens voted to help with the West Side nursery project at the meeting Thursday noon at the Wesley Methodist church.

The club has just begun to meet again after being inactive since Spring. Plans were made for an extensive membership drive.

At the October meeting, the members will have a shower of games, toys and books to donate to the nursery.

Mrs. Walter Reed, Mrs. J. W. Elrod, Jr., and Mrs. T. B. Atkins, were hostesses of the luncheon. The table was centered with an arrangement of Fall cut flowers of orchid color.

Those attending were Mrs. Horace Reagan, Mrs. H. W. Smith, Mrs. Nat Shick, Lillian Shick, Mrs. Herbert Whitney, Mrs. L. E. Hutchins, Mrs. E. H. Phillips, Mrs. Merl Stewart, a new member, and the hostesses.

P-TA Introduces Year's Officers

Teachers and officers were introduced at the meeting of the College Heights Parent-Teacher Association Thursday afternoon at the school.

Each parent was given a card with her name printed on it as she entered and a flower. The teachers and officers were presented with a corsage as they were introduced, by the president Mrs. W. N. Norred.

The teachers were Mrs. Clifford Hale, principal, Mrs. Norman Spencer, Mrs. Mary L. Koger, Mrs. Opal B. Pitz, Mrs. Ben Whitaker, Betty Collins, Mrs. George M. Evans, Mrs. John Brinner, Mrs. Beatrice Balding, Mrs. J. W. Arnett, Mrs. Arvis Patterson, Mrs. Jimmie Mason was introduced as the City Council president.

Chairmen were Mrs. Stanley Cameron, program; Mrs. J. W. Croan, publicity; Mrs. Reliance Jones, membership; Mrs. George White, budget and finance; Mrs. A. J. Allen, Mrs. Allen Wiggins, Mrs. Walker Bailey and Mrs. Clyde Johnston, hospitality. Mrs. Ralph Watt, health and summer roundup; Mrs. A. W. Dillon, radio; Mrs. J. E. Freeman, safety; Mrs. K. J. McGibbon, auditor; Mrs. W. D. Lovelace, spiritual education; Mrs. G. T. Hall, publication; Mrs. Don Seale, Mrs. Fred Thompson, Mrs. W. L. Thompson and Mrs. Robert Stripling, project; Mrs. Clayton McCarty, goal sheet; Mrs. Haley Haynes and Mrs. Ted Phillips, telephone; Mrs. H. G. Keaton, historian; and Mrs. R. F. Bluhm, room mother.

Refreshments were served by Mrs. A. J. Allen, Mrs. Cyde Johnson, Mrs. Walker Bailey.

Those attending were Mrs. Lambert Ward, Mrs. Lucian Jones, Mrs. Paul Ford, Mrs. J. E. Bowes, Mrs. Ray Griffith, Mrs. W. B. Martin, Mrs. Harvey Wooten, Mrs. J. C. Rogers, Mr. H. L. Aury, Mrs. Ben McCullough, Mrs. Hudson Landers, Mrs. Don Mason, Mrs. R. G. Lloyd, Mrs. Grady McCarty, Mrs. Tommy Lovelace, Mrs. C. L. Guess, Mrs. H. H. Stephens, Mrs. L. D. Smith, Mrs. R. W. Cagle, Mrs. R. B. Stansland, Mrs. I. H. Davidson, Mrs. George Thomas, Mrs. Viola Grantham, Mrs. John Coffee, Mrs. Charles Engle, Mrs. B. F. Hubbard, Jr. and Mrs. B. I. Coffey.

Billie Yvonne Norris Becomes Bride Of Alvin Mize At Church

Mr. and Mrs. Alvin Mize are at home in Big Spring following their marriage which took place in the Nazarene Church, August 31, with the Rev. Henry C. Thomas officiating.

The bride, the former Billie Yvonne Norris, daughter of Mrs. Dollie Stephens of Fresno, Calif., wore a blue dressmaker suit with white accessories and an orchid corsage.

The bridegroom is the son of Mr. and Mrs. Kelly Mize, Sr.

Attending the couple were Mrs. Bill Hood as matron of honor and Herman Mize as best man.

Both the bride and bridegroom graduated from Big Spring high school. He is employed with the Grapette Bottling Company of San Angelo.

A reception complimented the couple at the home of Mrs. W. A. Kennon, immediately following the ceremony.

MR. AND MRS. ALVIN MIZE

Mrs. Chester Cluck Is Elected President Of Friendship Class

Mrs. Chester Cluck was elected president of the Friendship class of the First Baptist church Thursday morning at a seated coffee-meeting in the home of Mrs. Herk Agee.

Mrs. Clayton McCarty will serve the group as first vice-president and Mrs. Joe Tuckness will serve in the capacity of second vice-president. The position of secretary-treasurer will be assumed by Mrs. Agee, who will be assisted by Mrs. T. R. Rose, Mrs. J. D. Elliott was elected social chairman; assistants are Mrs. Harvey Wooten and Mrs. Buddy Martin.

Mrs. T. J. Clark and Mrs. Fred Thompson were named to head groups One and Two, respectively; Mrs. A. L. Tamplin will be devotional chairman and Mrs. J. B. Knox will serve as assistant group captain.

The hostess served refreshments from a table laid in lace and featuring a centerpiece of red roses, flanked by single candelabra holding red tapers. Nasturtiums were placed in arrangements about the entertaining suite.

Mrs. Truman Townsend, who is moving away, was presented with a gift from the class.

Other members attending were Mrs. M. E. Boatman and Mrs. Vernon Logan.

Homemakers Class Names Committee

Mrs. G. W. Dabney, Mrs. Shelby Hall and Mrs. Harry Less were appointed as the nominating committee of the Homemakers Class of the First Christian Church at a meeting Thursday afternoon in the home of Mrs. Dabney, by the president, Mrs. J. H. Stiff.

Mrs. J. H. Gray, and Mrs. Hall were co-hostesses of the club.

Mrs. L. A. Eubanks won the Bible contest.

Others present were Mrs. George Hall, Mrs. C. A. Murdock, Mrs. W. Grant, Mrs. Mary Lawrence, Mrs. A. Glenn, Mrs. J. D. Benson and Mrs. F. C. Robinson.

Rushes Have Party At Earlynn Wright's

Rushes of the High Heel Slipper Club were entertained with a coke party in the home of Earlynn Wright Thursday night.

Those present were Janete Beene, Judy Beene, Curtisteen McCauley, Susan Houser, Rita Wright, Jean Robinson.

Members present were Nancy Whitney, Mary Robins, Dorothy Purser, Nancy Hooper, Rebecca Rogers, Nancy Lovelace, Sue Nell Hall, Patsy Young, Tommy Hall, Billie Jean ONeal, Mrs. H. W. Wright and Mrs. Tom Harris sponsor.

Mrs. Harris will entertain the rushes with a slumber party tonight in her home.

Rook Club Entertained At S. T. Eason Home

Mrs. S. T. Eason entertained the members of the Rook Club in her home Thursday afternoon.

Refreshments were served to Mrs. R. L. Warren, Mrs. Arthur Pickle, Mrs. P. Marion Simms, Mrs. A. C. Bass, Mrs. Susie Musgrove, Mrs. Walter Pike, Mrs. H. F. Taylor, Mrs. S. P. Jones and the hostess.

The next meeting will be with Mrs. Jones.

Royal Neighbors Meet

The Royal Neighbors met for a business meeting at the WOW Hall Thursday afternoon with Mrs. Shelby Hall, Mrs. Myrtle Orr, Mrs. Cleo Byars, Mrs. Alice Wright and Mrs. W. M. Gage pre-

In Big Spring Churches

City-Wide Revival Will End Sunday At Baptist Church

Two services Sunday conclude the city-wide youth revival which has been in progress during the past week at the First Baptist church under the complete direction of youths elected from a number of Big Spring churches.

At the regular 11 a. m. services Sunday, Dub Jackson, youthful minister attending school in Hardin-Simmons university who has been in charge of the youth movement here, will deliver the sermon. Selecting his text from Philippians 3:14, Jackson will speak on "Missing Christ."

Closing service will be held at 8 p. m. Sunday when Jackson's theme is "Follow Me," based on Matthew 4:18-22.

Regular daily meeting Saturday will be held at 10 a. m. instead of at 7:30 a. m. as it has been during the week.

"Counting the Cost" is the subject upon which the Rev. J. J. McElreath will speak at the 11 a. m. worship meeting at the Airport Baptist church. His text is taken from Acts 22:28-30.

At the evening services the Rev. McElreath's theme "Christ Among the Common Things of Life" (John 21:9-12).

At the 11 a. m. sermon at the First Presbyterian church the Rev. Gage Lloyd will bring a message on "Magic For Everyday Use." The subject matter comes from Philippians 4:13.

"A Right Set of Values," based on the text contained in Matthew 16:26, is the evening topic. Presbyterian young people meet at 6:30 p. m. with Nancy Whitney leader.

Services Sunday at the Apostolic church, Northwest Fourth and Lancaster streets, are held at 11 a. m. following Sunday school at 9:45 a. m. It is announced by the Rev. Paul Bailey, pastor. Evening services are at 7:45.

There are evening meetings at 7:45 each Thursday.

Masses at the St. Thomas Catholic church are said at 7 and 9 a. m. by the Rev. Theo Francis, O.M.F. Catholic rites with sermon in Spanish are scheduled at 8:30 and 10:30 at the Sacred Heart church with the Rev. F. J. De Roche officiating.

Weekday mass is at 7 a. m. Monday through Wednesday at the St. Thomas church. Thursday through Saturday mass is said at the Sacred Heart church, also at 7 a. m.

Morning sermon topic chosen by the Rev. Marvin H. Clark, pastor of the Trinity Baptist church, is "The Trial of Your Faith," based on I Peter 1:6-9.

The pastor's evening theme is selected from Romans 6 and is entitled "Dead to Sin." Evening services are at 7:30 and will be followed by observance of the Lord's Supper.

Sunday school is scheduled for 9:30 a. m. at the Church of Christ scientist, 217 1/2 Main street. Morning sermon is at 11.

"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, Sunday.

The Golden Text is: "The invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead" (Romans 1:20).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17).

Wednesday evening service is set at 8 p. m.

Morning sermon at 11 o'clock at the First Methodist church will be "The Life is Eternal," Dr. C. A. Long, pastor, has announced. His evening topic, 8 p. m. service, is "Grace in Desperation."

Services Sunday morning at the First Christian church are at 10:30 and the Rev. Lloyd Thompson, pastor, will speak on "And To Virtue, Knowledge."

Theme for the 7:30 p. m. sermon is "On Heaven's Road."

The Christian Y. M. C. A. ship convens at 6:15.

SOUND MAY EASE WASHING
STATE COLLEGE, Pa., Sept. 11.—Sound may some day ease the fury of wash day. Two Pennsylvania State College scientists—Dr. Pauline Berry Mack and Dr. Harold K. Schilling—reported today that in a recent demonstration at the college a soiled cloth in a bucket of soapy water was exposed to ultrasonic sound waves of 18,000 frequency with the result that the cloth came out of the water adequately laundered.

Knott School Opening Delayed
Uncertainty of the arrival of seats have created a corresponding degree of uncertainty as to the opening of school at Knott. Supt. H. E. Barnes said Friday that he had received word from the suppliers that shipment was in transit here and should arrive the first part of next week. He did not know definitely that these were the seats.
"As much as we would like," he said, "we cannot yet tell for sure when we will open. Every effort will be made to notify the patrons, but they should watch for the buses. When they start running all may know that school has started."
Tentatively, Knott had planned to begin its term Monday. Barnes is doubly anxious to begin operations in the new building because the time is getting late.

Circus Is Booked For Big Spring
Announcement was made Friday of the booking of Roger Brothers circus for an afternoon and evening showing here Tuesday. Transported in a fleet of 50 large trucks and buses, the three-ring show features more than 100 performers plus wild animals, horse exhibits, aerial acts, acrobatics, clowns and other traditional circus items. Included is "Diamond K," a horse publicized for his appearances in movies and "Goldie," once owned by the late Will Rogers. Inspection of the menagerie and a band concert precede shows at 3 p. m. and 8 p. m. at W. 3rd and Bell streets.

Counter-mand On Jury Summons
The summons of the petit jury panel dated Monday, Sept. 15, has been counter-manded, Judge Cecil C. Collings announced this morning.
There will be no need for a jury for next week since all cases of that nature have either been disposed of or continued.

Rifle Club To Meet
Members of the Howard County Rifle Club were due to meet today at 5 p. m. at the Dora Roberts citadel. From there the club will go to the new range for a round of practice.

BIG SPRING FIRE DEPARTMENT ANSWERS COLORADO CITY CALL
Colorado City was well prepared Thursday evening for a major fire, but did not materialize. Summoned by Peter J. Martin, Colorado City mayor, the Big Spring fire department dispatched one truck and firemen to the Mitchell county seat after lightning had struck a still at Coltex refinery and touched off a release drum of gasoline.
But when the Big Spring equipment, accompanied by Chief H. V. Crocker and City Manager H. W. Whitney, was roused to the hill west of Colorado City, Coltex refinery was ticking right along. They went to the fire station, but all was dark and serene. Crocker roused the driver for the volunteer fire department, but he said the department had answered no call from Coltex. Meanwhile, a truck from Lorraine had put in its appearance.
Downtown the Colorado City fire chief bought coffee for visiting firemen and refueled trucks. At Coltex, J. C. Bradley, superintendent, said that no damage had been done, no injuries resulted, and the plant was in operation as usual.
Equipment from Sweetwater was intercepted before it got out of town. Snyder could not answer a call for lack of spare apparatus. The appeal received here also asked for state highway patrolmen and police.

HERE TODAY — Jack Pope, grand chancellor for the Grand Encampment of Texas, Knights of Pythias, is due to be here today for a conference with members of the recently reactivated K.P. lodge in Big Spring. The meeting has been called for 7:30 p. m. at the H. M. Rainbolt home.

Markets
LIVESTOCK
FORT WORTH, Sept. 12. (AP)—Cattle 700 calves 400, mature steers absent, common and medium slaughter yearlings and heifers in small lots 13:00-22:00; few good light yearlings to 23:00; common low good beef cows 12:00-15:50; canner and cutter cows 9:00-12:00; bulls 11:00-15:50; stockers scarce; good and choice fat slaughter calves 19:00-23:00; common and medium kinds 13:00-18:50.
NEW YORK, Sept. 12. —Cotton futures at noon were 50 cents a bale lower to 50 cents higher than the previous close. Oct. 31.70, Dec. 31.45 and March 31.44.
WALL STREET
NEW YORK, Sept. 12. (AP)—Assorted stocks edged timidly into the recovery column today although many market leaders were restrained by light selling. Slowdowns were frequent after a fairly active opening. Fractional minus signs predominated near midday.
Wall Streeters still were a bit skeptical regarding securities in the light of recent heavy commodity speculation. There was a little further buying on the hope of a fall technical rebound. Doubts about business, exports and international affairs remained as reasons for trimming commitments.
Bonds were narrow and cotton futures higher.

Enrollment In Schools Analyzed
Administrators were making detailed analysis of enrollment problems between Central, South and College Heights ward schools Thursday in order to determine whether transfers or double-day sections will more nearly meet classroom requirements.
A survey of the South Ward district Wednesday reflected a high degree of reluctance by parents to transfer children to other district. Hardly enough volunteered for transfers to warrant hope of relieving congestion in some of the grades of South Ward. Dean Bennett, elementary school supervisor, was making another examination of enrollment figures Thursday in an effort to determine the most feasible course.
New enrollment figures for the entire school system may be had at the end of the second week.

Crape Myrtle Awards To Be Presented
Awards to winners in the crape myrtle contest are to be presented at a meeting of the chamber of commerce civic and beautification committee at 7:30 p. m. today in room No. 2 at the Settles.
Mrs. E. O. Robertson, 101 E. 2nd, captured first place; Mrs. J. D. Stichter, 807 W. 16th, second place, and Mrs. W. V. Boyles, 1307 Runnels, third place, in the contest which had 28 entries on first year growth for crape myrtle, the official shrub for Big Spring. D. M. McKinney, general chairman, is to preside at the meeting.

Theft Suspect Is Returned Here
R. J. Hightower, who allegedly stole a quantity of clothing from a local rooming house, has been returned here from San Angelo to face a charge of felony theft. Hightower told local authorities he sold the clothing for \$1.75 in Angelo immediately after leaving here.

Funeral Held For Mrs. Beal
COLORADO CITY, Sept. 12. — Funeral for Mrs. Mary Rebecca Beal, 86, widow of H. C. Beal, was held Thursday morning at Kiker chapel in Colorado City. Beal was a well-known pioneer Mitchell county rancher and died in Fort Worth, where the family moved in 1916, Tuesday morning. The couple moved here in the early eighties. Later they bought ranches in Garland and in Martin county. In 1887 they acquired the famous White Elephant ranch, in southwest Mitchell county.
Three of their 11 children survive. They are Mrs. D. H. Snyder and Mrs. John Arnett, Ft. Worth, and Ralph Beal, Colorado City.

Gordon Chick Will Attend Convention
Gordon R. Chick, Big Spring has qualified for the 60th anniversary convention for Provident Life and Accident Insurance company, now in progress at Atlantic City. He was high on the roster of the company's leading producers for life, health and accident underwriting. This is the first general convention for the company since its 50th anniversary celebration.

Voluntary Paving Work Lined Up
Approximately 11 blocks of paving are lined up under the city's voluntary paving program which has functioned this summer prior to adoption of a contract plan. The work under agreement is due to be completed by the city as rapidly as possible. Projects are well along on two blocks of Bluebonnet street, on 17th between Main and Scurry and half a block on State south from Eleventh Place.
The equivalent of five blocks on Dallas have been signed, better than half a block on E. 4th between Nolan and Gollad, and on Gollad south from 9th to Eleventh Place.
On the contract paving project, the city's engineering department

Corn Crop And Your Pocketbook

Many a housewife is not remotely interested in corn. Crop conditions and forecasts leave her cold, but she may become increasingly aware of its importance as next summer is passed.

Corn is the basis of finished livestock. Down in this section we do not depend so heavily on corn; neither do we contribute in a great measure to the total of finished meat which goes to the nation's tables. But livestock constitutes a mobile commodity. It moves readily from one area to another, thus the bidding for meat in the North and East is readily reflected even in the Southwest. Although we look for local and Fort Worth markets, ultimately the look is to Chicago.

So the forecast of less than two and a half billion bushels of corn this year—the shortest crop since the drought of 1936 and

more than a fourth less than last year's record—means something to the pocketbook of every family.

Little emphasized, but equally important is the existence of a tenacious drought condition throughout the great Southwest. This means that the carrying capacity of ranges in the breeder belt is far less than normal. It means that aside from lighter stocking that the animals coming to market later will be carrying less pounds than if they had lush range. Next spring the calf crop may not be as heavy, nor the percentage as high.

All in all, the meat outlook is not too good. Our proximity to supply may relieve us of any acute shortage, but quality might decline and prices go higher. It looks like a good year for the vegetarians.

Pennant Fever Hits Baseball Fans

The championship series in the Longhorn league gets underway here tonight, and if conversation is an indication, the Big Spring Broncs needn't worry for fan support.

More than the fact that they finished the regular season with a comfortable margin, the dramatic victory in the seventh and final game of the first round set fans on fire.

They were behind—they were ahead—they were on the ropes with a knockout punch surely on the way. But they held and then bounced back, bounced with as much punch as Martin's home run which settled the issue.

That's the thing that makes baseball a great game and wins for it such a consistent following. There's something different

in every game, and almost anything can happen. The adage of "the game is not over until the last man is out in the last inning" is not for nothing. Maybe that accounts for the great psychological strain on fans in the last half of the ninth—whether to follow the early "leavers" or see it to the bitter end.

To many a follower of the game, the final series may be a sort of anti-climax. Of course nailing down the title won in regular play is desirable, but regardless of what happens many will count the season successful after the storybook ending on the last game of the first series. They will be so stirred over it that they will be back in hopes of more—but not in such strong doses, please.

Affairs Of The World—DeWitt MacKenzie

Aftermath Of World War Two

The European crisis is rapidly worsening and Secretary of State Marshall tells us that temporary aid, which only Congress can authorize, must be provided this year "to meet the immediate threat of intolerable hunger and cold"—an intimation that he thinks a special session of Congress will be needed, and a sharp reminder to the American public of further heavy cash expenditures to be met.

Simultaneously London has made an urgent plea that America take over the major portion of Britain's occupation costs in Germany, totaling \$380,000,000 yearly, and there are reports in Washington that the request will be granted, this comes on top of the estimate by the sixteen nation conference in Paris that the U. S. A. will have to provide some \$21,000,000,000 over

a period of four years to make the Marshall rehabilitation program function. These fresh obligations hit the American tax-payer on a raw and very tender spot—his pocketbook. He is especially concerned in view of the spiraling cost of living in his own country, and is uncomfortable reminded that the United States spent over \$287,000,000 towards "winning" the war.

Wars of such magnitude reach a momentum which can't be stopped by a yell of "enough." It's form changes, but it still grinds on as an economic catastrophe because of the vast expenditure in human lives and in resources of all kinds.

So World War II isn't finished by a long shot. Not only is it continuing as an economic crisis, marked by stark hunger in

many countries, but there has been super-imposed a conflict of political isms, aggressive communism versus western democracy—which might lead to another global upheaval unless the rival ideologies can reach some understanding of live and let live.

Therefore the further sacrifices which we are being asked to make now must be regarded as part and parcel of the obligations of the war which we should like to regard as concluded. And our contribution isn't wholly altruistic, since the welfare of the United States and the rest of the Western Hemisphere is bound up in the welfare of Eurasia.

To put it coldly, if the Eastern Hemisphere should go under economically, the Western Hemisphere could scarcely hope to avoid disaster.

The Nation Today—James Marlow—

Things Stirring In Television

By MAX HALL (For James Marlow) WASHINGTON, (AP)—Things are stirring in television.

Television stations will blossom out in 32 new cities within the next year or so. Receiving sets are coming out of the factories at better than 400 a day.

Don't expect miracles. It may be many years before television reaches your living room—depending on where you are and how much spending money you have. It will take time, and the era of mass television is in the future.

Just now, television is still concentrated in eight metropolitan areas. Two-thirds of all television sets are still in New York City.

But those statements won't be true very long. Here is a quick summary of the television situation:

1. The Federal Communications Commission says 11 com-

mercial stations are in operation today and 55 more are under construction.

2. The Radio Manufacturers Association says nearly 70,000 receiving sets have been produced so far this year—compared with about 16,000 produced in all previous years together.

3. The publication "Television" says about 61,800 receiving sets were being operated in August and they were divided as follows among the eight areas that have sending stations: New York 40,000; Philadelphia 8,500; Chicago 5,100; Los Angeles 3,000; Detroit 2,000; Washington 1,500; St. Louis 1,000; Schenectady 700.

4. Television's No. 1 problem, perhaps, is that of developing networks.

Networks are needed because elaborate studio programs will be too costly for most individual stations to produce alone. Also they are needed so that people throughout the country can be treated to big events

like the world series, a championship boxing match, or a president's speech before Congress. The range of each station is short, covering only a single metropolitan area.

When all television stations now under construction are in operation, 40 cities will have stations instead of eight as at present.

But it won't be easy to link groups of these stations together. Radio networks are linked together by ordinary telephone wire, but a television broadcast won't go over an ordinary telephone wire.

One way of doing it is through an expensive thing called a coaxial cable. New York and Washington are already linked in this manner. The American Telephone & Telegraph Company now is extending its coaxial cable system to all large cities of the country, but this is a slow process.

In Hollywood—Bob Thomas

James Davis Is New Sensation

BY ARMAND ARCHERD (FOR BOB THOMAS) HOLLYWOOD, (AP)—The Brothers Warner are taking no chances of losing Bette Davis' new leading man, James Davis. He has been signed to a long-term contract.

Jim will play the male lead in "Winter Meeting" and Bette's opinion of him encouraged Jack Warner to offer the seven-year deal. Needless to say, Jim accepted. In appreciation, he asked Miss Davis if she'd like him to change his name.

"Heck no," Bette said. "If it's good enough for me, it should be good enough for you."

(Think of the space Warners will save by announcing simply: "The Davises in...")

Diana Lynn is now reported taking over for Betty Hutton in "The Sainted Sisters." Betty awaiting her second child, goes into temporary screen retirement.

As you might imagine, the script will undergo considerable rewriting. Diana could hardly play the role a la Hutton.

Dick Haymes' production will put his first effort before the cameras next April. The boss, however, does not plan to be in the initial film if he can help it. "If it's a stinker," Dick said, "I won't be blamed."

Greer Garson, whose activities in Hollywood have been limited lately to the divorce courts, will start acting again late this month in "Speak To Me Of Love." You will recognize the story as "The Nutmeg Tree."

Dennis Morgan and Viveca Lindfors are back from France but interior shots for "To The Victor," scheduled for Hollywood filming, have been delayed. Their wardrobes are lost somewhere between here and Gay Paree.

Lauritz Melchior will donate his Metropolitan opera salary to the Met to help them buy and build new sets.

"My salary here (at MGM)," he said, "I will keep for myself."

Batter Up! Copra For Czechs BLOOMINGTON, Ill. (AP)—John Vancena has a collection of almost 300 pitchers, but none of the type which could help the White Sox. Pirates, et al. Vancena's pitchers are made of china, sea shells, brass, granite, tin, wood, pottery and glass.

It Happened Back In—

FIVE YEARS AGO

Mr. and Mrs. J. C. Tonn return from Los Angeles, Calif., where Tonn has been employed in an aircraft company; plane crash near Forsan kills Brady pilot stationed at AAFBS.

TEN YEARS AGO

Mrs. Ebb Hatch and Mrs. Ira Thurman open studio, give lessons in expression; Frances Douglas, daughter of Mr. and Mrs. J. C. Douglass, spends weekend here from school in Kansas City, Mo.

FIFTEEN YEARS AGO

City offices announced to be closed for opening of city auditorium; enrollment in 1932 school classes 77 above 1931.

TWINS AGAIN

MILWAUKEE (UP)—For Mrs. David Egen of Milwaukee it's double or nothing. Six years ago she presented her husband with a pair of twins, a boy and a girl. Last month, she again bore twins, a boy and a girl.

BRIDGE

Hal Boyle's Notebook

We're All Statistics

By Arthur Edson (For Hal Boyle)

WASHINGTON, (AP)—Greetings, you chubby little statistic you. For a statistic is what you are, whether you like it or not. This gruesome thought crept up and tackled me today during a session of the International Statistical Institute, which is holding a two-week meeting in Washington.

In just a moment we'll drop in on this conference. But first, fellow statisticians, let's look at you and me.

We're born, go to school, join a church, draw a paycheck, buy insurance, get married, have kids—and the statistical wheels grind conscientiously.

And when we die, ah, what excitement, what turmoil in statistical circles.

Erase one from U. S. pop. Erase one policyholder. Erase one Presbyterian! Erase, erase, erase!

And now, shall we drop in on our keepers, the statisticians? A girl in blue ushered me in and pointed to the subject under discussion:

"Prediction from autoregressive schemes and linear stochastic difference systems."

The speech was in English, but with translators busy, and with each delegate equipped with earphones, it also came out in Spanish and French.

I soon picked up a large enough supply of autoregression to last

me through the winter.

While I was sneaking out, I passed the girl in blue. She had on earphones. And when I motioned, questioning, from the English speaker to her covered ears, she nodded and whispered: "Sounds better in French."

In the hall a fellow was standing in front of a machine that looked like an overstuffed drinking fountain.

"Look at the machine, friend," said the man. "It speaks a universal language."

"Hello," I said. The machine made no reply. Sulking, probably.

"Suppose you go to a dentist, friend," said the man. "Okay, it's all punched in the card—your address, your age, the work already done on your teeth, and so on."

"Okay, six months later you're back. More work to be done. The new work is punched on a new card. The machine then hunts up your old card, and transfers the old information to the new card. All automatically."

"I suppose every dentist soon will have a machine like this," said I, anxious to please.

"No," said the man gloomily. "They're too expensive."

I went out and caught a taxi. Statistics show there are 6,973 taxicabs in Washington.

They expect to take in \$31,500,000 a year. I presume that includes my 60 cents.

Broadway—Jack O'Brian

Producer Backs Mayor

NEW YORK — Charles Coburn at last is sending from Hollywood for his furniture.

The veteran actor went Greeleywise 10 years ago feeling sure he'd be back after a picture or so but now apparently feels he has a steady Hollywood job.

The rocco and lovely old Empire Theatre is a temporarily closed for the summer, bustling with activity the other day when it was converted into a "set" for the new Ronald Colman movie, "A Double Life."

A visitor on the Empire set was Walter Hampden, the eminent Shakespearean scenarist who acted as technical advisor for the film's brief but thematically important sequences concerning depiction of "Othello."

Hampden's picture hangs in the lobby of the old house, alongside such other favored former thespic tenants as the late Leslie Howard and Katherine Cornell.

David Hempstead, who produced for David O. Selznick the new movie "Portrait of Jennie" right on the Manhattan scene, took a healthy verbal swipe at Hollywood rumors and whispers that New York City just won't do as a production center for films. Dropping by City Hall, Hempstead assured Mayor Bill O'Dwyer, who has been deeply concerned in shooting as many movie productions as possible to local grounds, that "I sincerely hope I may someday repeat" such a Manhattan-made movie as he recently completed, despite the Coast's carrying.

Hempstead noted Hampson on the back for his aid in shooting the heavily-budgeted production, starring Jennifer Jones and Joseph Cotten, and added that, "it would be difficult to place a proper value on the production assets which you, your great city and the members of your

staff made possible for us.

"To have reproduced such landmarks as The Cloisters, the Metropolitan Museum, Central Park and the vistas of the Hudson River backed by the towering architecture of New York would obviously have been impossible from an artistic and financial point of view. That you made them available to us together with the assistance of trained personnel has put us deeply in your debt. My thanks to you and to your many courteously efficient subordinates can discharge but a small part of it."

To reporters, Hempstead added other praise of O'Dwyer's intention to get movie production for the New York area.

Special: Czech Courts Are Tough

PRAGUE (AP)—In a year and a half the extraordinary peoples courts which Czechoslovakia set up to deal in hard handed retribution for crimes of collaboration during the Nazi occupation have proved their toughness.

Executed by order of the 24 special courts in Bohemia and Moravia were 713 persons; and life sentences went to 741. Of these two classes slightly more than half were Czechs listed as of German nationality.

Besides these jail sentences totaling 206,334 years—averaging slightly more than ten years each—were given to 19,888 others.

In Slovakia, from which no figures have yet been compiled the courts continue in operation until the end of this year.

Washington Merry-Go-Round—Drew Pearson

Economic Report To Be Sour

WASHINGTON.—When President Truman walks down the gangplank from the USS Missouri next week, there will be dumped in his lap a none-too-happy economic report from his council of economic advisers.

The council set up by Congress to take the nation's business pulse and report on how to head off depressions, is more alarmed than ever over high prices and the inflation spiral. In fact, they are so worried that they have been considering the drastic step of recommending reinstatement of price controls.

This step has also been considered by members of the Truman cabinet during his absence, and they are not at all happy about it. They feel that new price controls never would get Congress, would only result in more black-marketeering—unless accompanied by rationing. And nobody wants to have rationing come back.

However, the council of economic advisers, a group of experts picked from neither political party, is concerned not with what Congress may or may not think, but solely with heading off depression. And they will inform the President:

1. That the present runaway prices coupled with inflation will continue for some time.

2. That continuation will lead to a real depression, rather than a recession.

They will also caution that the low-income public—which makes up the vast majority of the nation's consumers—has been using up its savings, because prices are so high that they can't pay their bills out of present income.

With Congress busting all records this year for pleasure-junketing at the tax-payers expense, it is heartening to report that one committee is planning a genuine business trip. GOP Senator Styles Bridges of New Hampshire has made certain that members of his appropriations committee toe the line on their forthcoming trip to probe U. S. relief-spending in Europe.

"This will be neither a cook's tour, nor a junket," Bridges has forewarned his committee. "It's strictly a business trip to get information on which we can base future relief appropriations. We have to hit a lot of places

which means there won't be time for entertainment and socializing."

The New Hampshire Senator did not bar senatorial wives, providing they pay all their own expenses. Also wives must trail around by themselves while their husbands are busy on inspection-tours.

Note—Among other things, the Senators will probe the activities of Gen. John "Court House" Lee, and Soviet use of American currency plates to print paper money in Germany.

GERMAN ESPIONAGE Last month Bob Allen threw penetrating light on the brass-hatting of Gen. John "Court House" Lee, U. S. commander in Italy. Among other things, Colonel Allen told how General Lee, in charge of supplies in 1944, had delayed delivery of Christmas mail to men in the front lines.

Since then, a GI who helped handle this mail has sent amazing details as to how that 1944 Christmas mail was handled. Here is the story:

"The 17th base post office with more than 1,000 men," he says, "moved out of Cherbourg to better quarters in Paris, leaving the Christmas mail to be handled by the 15th postal regulating section—an outfit with only about 15 men. To help them the 17th base post office left behind about 20 privates, making a total of 35 men to handle what 1,000 men had handled before."

"Naturally it was impossible for the small outfit to handle the deluge of mail, so the higher command detailed several hundred German prisoners to help."

"Each sack of mail had a label with the name of the outfit to which it was to be sent. The German prisoners would pull the sacks over to an American soldier who would call out the name of the outfit. Another American soldier held a list marked 'secret', containing the exact whereabouts of each regiment or battalion at the front. And he would call out the routing of the sack to the other soldiers, who would mark this destination on the label."

"All this was done with German prisoners watching and listening. Many of them could speak English, and frequently it seemed to me they were over-curious

about their work. Their task was to pile up the sacks of mail, all the sacks in one pile going to one place. This it was easy to see merely from the size of a pile of mail sacks where the preponderance of U. S. troops were. And if a large infantry unit's mail suddenly appeared on a pile, it was quite clear that new troops were being moved up to the front.

"It will always be my opinion that the storing up of this 1944 Xmas mail into these piles offered the enemy a topographical map showing the strength and weakness of our troops in the battle of the Bulge."

MERRY-GO-ROUND The Air Corps is in the market for a new uniform as a mark of its new autonomy. The brass hats haven't settled on a color yet, lean toward blue. Colorado's able young Congressman John Carroll has his sights raised to the Senate seat which big Ed Johnson plans to vacate.

Aging admiral Jack Towers, chairman of the Navy's general board and a stickler for Navy regulation, showed up at his office the other day in non-regulation tennis shoes, sheepishly explained that he had run a piece of glass in his foot on the golf links. . . . hard-hitting Congressman Sabath of Chicago has filed a formal query with Attorney General Tom Clark asking whether Merwyn K. Hart is registered as an agent of Franco Spain. Hart is the spirit behind the national economic council which grinds out totalitarian-tainted propaganda. . . . Elliott Roosevelt and his actress wife, Faye Emerson, will make another journalistic tour of Europe this fall. . . . The post office department will turn the tables on the national tax equality association which agitated for the congressional investigation of farm co-ops. The post office will now investigate the anti-coop agitators for using the mails to defraud. They will act on a demand by Congressman Wright Patman of Texas who claims the tax equality association solicited funds under false pretenses.

Australia's deputy prime minister, Herbert Ewart, will lead the fight for large-scale Jewish immigration into Palestine at the United Nations in New York.

Texas Today—Jack Rutledge

Brothers Develop Rig Skidding

Two brothers who have been in the oilfield business for 15 years have developed a new technique in skidding rigs, using airplane wheels on each corner of the derrick, with trucks or tractors as motive power.

They are C. W. Kelly and C. D. Kelly. Company headquarters is in Houston. They obtained a patent this spring.

They figured that "there was great advancement to be made in skidding," in both efficiency and time-saving. They figured that it could be done on wheels, and decided if a B-29 could carry between 50,000 and 60,000 pounds, it would be possible to put a derrick on wheels, too.

So they did. And it worked. The advantages of the rolling mechanism, the Kellys said, are in flexibility, safety and maneuverability. Their plans were worked out with engineers and a lot of experimentation was done. The patent was granted March 6.

Kelly said skidding jobs have been done on two rigs on the King ranch, at Lake Charles, La., and at Dickerson, near Texas City. Recently they have been operating at Odessa.

The skidding method and equipment has been checked by insurance inspectors, Kelly said, and has full insurance coverage.

Seven men compose the crew for a move, with two men steering the derrick. The wheel-units can handle all standard equipment, Kelly said he had moved rigs one day and seen them drilling the next.

The Odessa American, reporting the new technique, said: "The equipment is composed

of four C-47 wheels to a unit and several inches above the ground, is a skid plate. One unit is used for each corner of the rig, making a total of 16 wheels, each tire able to carry a load of 30,000 pounds."

What happens if a tire blows off? Nothing, says Kelly. There are plenty of others.

Broncs, Cats Open Series Tonight

Brigades Here Thru Saturday

The blue chips showing, Big Spring's Broncs and the Ballinger Cats square off at Steer park tonight for the championship of the Longhorn baseball league. The contest is the first of a four-of-seven series and is ticketed to get underway at 8 o'clock.

Both teams scored impressive first round victories in the Shaughnessy round. The Big Springers nudged the Sweetwater Sports in seven games while Ballinger pushed past Midland after the series had gone the limit.

The aggressive nines play again here Saturday night, then transfer their base of operations to the Ballinger park Sunday. Three games, if needed, will be played there. If the skirmishing isn't over by that time, the teams will move back here Wednesday to complete play.

Gerry Rodriguez, well rested and ready, toes the slab for the locals this evening while Manager Pat Stasey is due to counter with Jimmy Perez Saturday. Perez has always had more luck in the local park than on the road. He beat Sweetwater and Midland in his last two appearances here.

Rodriguez won 11 games during the regular campaign after a bad start. Four of his victories came at the expense of the pesky Midland troupe.

Roddy will probably be opposed by the capable Steve Kolesar, who chalked up 19 wins during the regular season. Big Steve, incidentally, won his final game of the regular campaign at the expense of Big Spring.

A capacity turnout of something like 1,800 or 2,000 people are due to turn up for tonight's test. The weather threatened to be damp and cool, a factor that could help Rodriguez's famed curve ball no little.

Stasey's ace, Jose Cindan, who saw action in four games of the Sweetwater series, was due to be held in reserve until the Big Springs move into Ballinger.

Probable lineups:

Ballinger	St. George
Henson	McClain
Williams	Del Toro
Harrison	Stasey
Hankson	Martin
Southard	Varona
Garner	Bostick
Isbell	St. George
Kolesar	Rodriguez
Bob Russell	St. George
MacMahon	St. George

Games Today

NATIONAL LEAGUE
Brooklyn at St. Louis (night)—Greene 6-5 vs. Hunter (4-9).
Philadelphia at Chicago (2)—Houtman (8-8) and Donnelly (5-5) vs. Lade (11-8) and Manner (10-0) vs. Wase (5-7).
Boston at Pittsburgh (night)—Barratt 11-11 vs. Sewell (5-4).
AMERICAN LEAGUE
Detroit at New York—Houtman (6-1) vs. Reynolds (17-7).
Cleveland at Boston—Lennon (8-4) vs. Galehouse (9-9).
Chicago at Philadelphia (night)—Fasby (12-11) vs. McCahan (11-4).
St. Louis at Washington (night)—Kramer (9-15) vs. Masterson (12-12).

Bulldogs Host Union Today

COAHOMA, Sept. 12.—Local football fans will be afforded a good look at the 1947 edition of the Coahoma high school grid sextet when it takes the field here Friday afternoon against the strong Union aggregation (Dawson county) in an exhibition game.

John Albers, who handled the Bulldogs in 1946 and was out of the coaching profession last year, is making no predictions as to the outcome of the contest or the District Seven race this year but other observers have rated the Canines the top outfit in the circuit.

Gone is little Wayne DeVaney, the 'Dogs' all-conference performer of a season ago. DeVaney will be missed but the Bulldogs will be deep in reserves and should make it tough for all comers.

Starters against Coahoma will probably be Self, a regular on last year's team, Phinney, Cathey, Lindsey, Bates and Shive.

The Coahoma lighting system will not be ready in time for the game but workers are making progress on the arc setup. The initial go is booked for 3 p. m.

The schedule:

Sept. 12—Union at Coahoma.

Sept. 19—Sterling City at Coahoma.

Sept. 25—Coahoma at Courtney.

Oct. 3—Merton at Coahoma.

Oct. 10—Yancy at Coahoma (B string).

Oct. 17—Coahoma at Water Valley.

Oct. 24—Garden City at Coahoma.

Oct. 31—Rankin at Coahoma.

Nov. 7—Flower Grove at Coahoma.

Nov. 14—Coahoma at Forsan.

Asterisks denote conference games.

Cardinals Fall Further Behind

Brooklyn's dashing Dodgers never were in a better position to win the National League pennant than they were today following their victory in the biggest game of the year for them.

Yesterday was the game the Dodgers had to win and they did with a 4-3 licking in St. Louis which put the Dodgers five and a half games up on the Cardinals.

It was no secret that Eddie Dyer's Redbirds needed a sweep of the showdown three-game series to get back into serious contention. Or at the very worst, two victories of three.

The Cards now face a herculean task.

An idea how tough the situation is for the Cards: Even should the Redbirds win 12 of their remaining 18 games, a splendid .667 pace, the Dodgers can sew it up by winning only six of 15 a lowly .400 gait.

The Dodger-Card tussle thrust into the shadows the slugging feat of Ralph Kiner, Pittsburgh power hitter, who slammed over 4 home runs, three in the second game of the Pirates' double header with the Boston Braves, to tie Johnny Mize of the New York Giants at 47.

IN PLAYOFF

Jake McClain Paces Big Spring Hitters

Statistics don't tell the whole story, but hitting paid off for the Broncs in the first seven Shaughnessy play-off games.

The Broncs came up with a .321 batting average as a team, topped by Jake McClain's blistering .400, and followed closely by Pat Stasey and Gaspar Del Toro with .370 each.

But Manager Stasey was the big noise when you look at the runs batted in column, for he had 13 to his credit in the Sweetwater series. Curiously, Sweetwater outscored the Broncs in the seven games 58 to 48, thanks to a 26-run spurge in the second game fiasco. Even with 25 hits collected in that rash, they trailed the Broncs by one hit, 77-76.

Big Spring hit for a total of 117 bases, 14 of them doubles, one a triple and eight of them homers. One of them was Pepper Martin's second and it came in the final play-off game in the 10th inning and completely broke the back of the Sports.

Moreno led in stolen bases with 4, trailed by McClain and Martin, the latter getting two in the final game and one of them a ball-faced swipe of the platter.

Felding wasn't so bright for the Broncs, for they contributed a total of 15 miscues that the scorer could chalk, and Del Toro turned in six of these, followed by Traspuesto with three.

Player statistics:

Moreno	.33	7	9	3	2	1	.273	2	0	1	4	4
McClain	.25	10	10	16	24	1	.400	3	0	1	4	3
Del Toro	.27	9	11	9	21	6	.370	2	1	1	6	2
Stasey	.27	5	11	9	0	1	.370	2	0	2	13	0
Martin	.29	5	7	14	0	0	.242	0	2	2	5	3
Varona	.27	3	6	13	1	1	.222	0	0	1	3	0
Bostick	.28	4	11	58	1	1	.357	1	0	0	1	0
Traspuesto	.22	2	8	47	0	3	.362	1	0	0	2	1
St. George	.4	1	1	12	2	0	.250	0	0	0	1	1
Cindan	.9	1	1	0	2	0	.111	1	0	0	0	0
Baez	.9	0	2	1	2	0	.222	0	0	0	0	0

Farler	.1	0	0	0	0	0	.000	0	0	0	0	0

LOOKING 'EM OVER

With TOMMY HART

Never has unbound hysteria been so in evidence among local sports fans as it was Wednesday night when Bobby "Pepper" Martin bombarded one of Lee Zamora's pitches for the home run that enabled the Big Spring baseball professionals to torpedo Sweetwater and clear the decks for the championship playoff with the Ballinger Cats.

The hundreds of fans who attended the thrilling struggle in Sweetwater swarmed the Big Spring dugout following the last putout and staged a delicious dance of victory. Thousands of others who followed the game via radio could hardly contain themselves when they learned that the Sweetwater menace had at long last been neutralized.

Martin's one wallop did more to vanquish a dreadful defeatist complex which had long gripped local enthusiasts than any other single incident in years.

There had been a general feeling locally that any athletic team here, whether it be football, baseball or whatnot, could not produce when the heat was on. When Sweetwater knocked over the Hosseres here last Sunday, the air was filled with added pessimism and, after the Sports had succeeded in pulling all even in the series by chalking up their third victory Monday night, the grey weather was everywhere.

By the time Sweetwater got around to tying the score in the ninth inning Wednesday evening and seemed on the verge of putting the locals to rout, all hope seemed lost. But the Sports gamled and failed, bowing before the slants of the courageous Jose Cindan and the resident nine swarmed the gates in the next round.

The long four-baser authored by Martin was admittedly his greatest thrill. Zamora and the other Sweetwater hurlers had been instructed to throw him nothing but curve balls in the series and Pepper had had his troubles.

The Sports' lefty aimed a curve at the dish with his first delivery but Pep followed it all the way in and knew at the crack of the bat that it was going out of the lot.

Martin took the time to taunt Manager Joe Dotlich when he circled the first cushion and Joe turned purple with rage and frustration. He could utter nothing but oaths. At third, the Big Spring aimed a remark at Mack Dunlap, who had been a particular pain in the neck of the locals here Sunday.

"Don't you wish you could hit them like that, Mac?" --- grinned his affectionate grin.

Dunlap could do nothing but stare sullenly in his direction and grope for words. It was a blow that temporarily added the entire Sweetwater team.

Fans who descended upon the Big Springers jammed bills of all denominations into Pepper's.

Cisco Jaycee Wins Over Clifton, 13-2

The 1947 football package was officially open for Texas' colleges and junior colleges today.

Cisco cried open the lid in the Texas Junior College Athletic conference's North zone last night, North Texas Agricultural college journeys to Grand Prairie tonight for a tilt with Grand Prairie Naval Air Station and Ranger tackles Henderson County Junior college at Henderson.

Senior college play opens tomorrow night with North Texas State college of the Lone Star conference meeting Hardin College of the Texas conference at Wichita Falls.

Hillsboro and San Angelo Junior colleges play at San Angelo also tomorrow.

Milford Johnson hit Alvin King with an aerial for Cisco's first touchdown, then Johnson bucked over for the second tally.

Clifton's two points came when Cisco recovered a fumble behind its own goal line.

Mammoth Mob Slated To See Masons Game

COLORADO CITY, (Spl.) Sept. 12.—Clark Parther's Colorado City Wolves, strong District 8-A title contenders, will open their 1947 grid season against the Mighty Miles of Masonic Home at Cantrill Field in Colorado City Friday night at 8:15 p. m.

Tickets are selling at a brisk pace and a crowd up to 4,000 is expected for the opening tilt.

Parther's Wolves will field an eleven man squad averaging 160 pounds while the Masonics will be extremely heavy in the line. The two Mighty Mite tackles weight 212 and 220. Last year big Morris Roach's squad lost only two games, those two to conference champions.

Prather's Wolves won six games while losing four.

Heading the Wolves' line will be little Don Benson, last year all-district guard. W. H. Barker, fullback, and Don Lay, halfback, are the only two regulars on the Wolves backfield. The Wolves will operate the speedy T formation with Corky Brown under the center. Brown is a first year man. Heaviest man in the Wolves' line is 185-pound John Reese, right tackle.

The Colorado City Masonic lodge is in charge of the advance ticket sales and form all indications the game will be a sell out. Masons here will entertain both teams with a banquet after the game is played.

Probably starting line-up for the Wolves will be Danny Smith, right end; John Reese, right tackle; Don Benson, right guard; C. A. Wilkins, center; Billy Winnert, left guard; Reese Gross, left tackle; A. T. Broadwell, left end; Corky Brown, Quarterback; Alan Hamm, or Bobby Dan Scarborough, right half; W. H. Barker, fullback; Don Lay, left half.

Bengals Play Here Sunday

Big Spring's crack Latin-American baseball club, the Tigers, take on the Odessa Eagles in a 3:30 contest at Steer park Sunday, then see what can be done with the invading Pedro Niegros contingent Tuesday night.

The Bengals measured the Odessans two weeks ago and will be heavily favored to turn the trick again. Popeye Cruz will probably hurl for the locals Sunday. Manager Ynez Yanez has indicated he is saving his ace, Isa Mendoza, for Tuesday's fracas, which has an international flavor.

Wildcats Clash With Buffaloes At 8:15 P. M.

FORSAN, Sept. 12.—Water Valley's Wildcats, defending champions in the District Seven six-man football league, move into Forsan tonight for an exhibition clash with Frank Honeycutt's Forsan Buffaloes.

The contest will not count in conference standings—the two sextets get together later in the season in their regular bout—but will go a long way toward determining Water Valley's chances for repeating as king-pin.

Elvin Mathis lost his entire first string via graduation while Honeycutt has only one starter—Dan Fairchild—back from last year's team.

The Buffaloes may carry a slight weight advantage into the fray. One of the Buff starters, Floyd Pike, goes about 175. Two others weigh more than 160 each. Another comes in at 150 while the other two are listed at 140 each.

The Wildcats range from Gene Bannister, who tips the scales at 174, to Jack Willis, who'll do but 138.

Probably starting lineups:
FORSAN—Floyd Pike, c. 175; Junior Dolan, l. 150; Delbert Camp, r. 140; Dan Fairchild, b. 165; Eldon Prater, b. 140; and Wayne Huestis, b. 162.

WATER VALLEY—Gene Bannister, c. 174; J. W. Poor, l. 144; Jack Willis, r. 138; Jackie Cates, b. 152; David Jones, b. 142; and Ken Shaw, b. 150. Jones and Shaw are co-captains of the Wildcat team.

Ken Barnes, Ken Baker, Don Gressett, Fred State and Hood Parker will see action for Forsan while first line reserve for Water Valley include Percy Turner, Len Ainsworth, S. L. Tate, Jay Spears, Bomar Fincher and Fred Hale. Kickoff time is 8:15 o'clock.

GUARDS SHINE Stanton Licks Monahans B 11

STANTON, Sept. 12.—Playing a cautious game most of the way, the Stanton Buffaloes opened up with two quick thrusts to power their way to a 12-0 decision over the Monahans "B" brigade in the season's opener here Friday night.

The Buffs' defensive maneuvers clicked effectively throughout the contest, and they managed to shake Marvin Standifer and R. F. Higgins loose for scoring jaunts on limited operation from the T formation.

Standifer climaxed a drive of something over 50 yards in the dash over the double stripes to break the ice. Higgins stepped off some 10 yards in the third period for the other counter.

The Buffaloes received the opening kickoff for the second half on their own 30-yard line and negotiated the intervening 70 yards in short order. Higgins contributed a 30-yard run during the drive prior to his touchdown sprint. He also figured in a 25-yard run in the drive for the first score.

Coach Travis Green kept the Buffs' T formation under wraps most of the evening, except for the two scoring drives. The Stanton boys stuck to a conservative punt formation most of the way and concentrated on defense.

Particular standouts in the Buff line were the Swinney Brothers, James and Joe, who held down the guard positions. They slithered through to queer the Monahans T attack time and again.

Coach Green indicated today that plenty of work would be on the menu for the Buffaloes during the coming week, as they plan to move in against heavier competition. The Bisons have booked an appearance in Lorraine on the night of Sept. 19.

U. S. Amateur Aired On KBST Tomorrow

On the Pebble Beach Course at Del Monte, Cal., the U. S. Amateur Golf Tournament goes into its final round tomorrow afternoon. Office Building Erection Delayed In San Angelo

Decision on a program for erection of a new office building in San Angelo has been delayed, according to an announcement by Scottie R. Johnson, president of the Board of City Development at San Angelo. Johnson called a meeting for Thursday afternoon after three banks declined to participate in plans to build the structure immediately. Although \$95,000 of the \$200,000 stock subscription required has been raised, Johnson said that interest in the meeting Thursday largely would determine whether to proceed at this time.

Efforts to erect the building came after JUR Realty company offered a strategically located lot plus \$75,000 cash if San Angeleans would raise \$200,000 toward a \$350,000 company.

NEW YORK'S WEST SIDE — "TRUMAN IN '48" — The first "Truman For President In '48" sign in New York City appeared Sept. 11 in front of the clubhouse of the Michael J. Kennedy Democratic Association (above) at 728 Ninth avenue. Kennedy is a former leader of Tammany Hall. (AP Wirephoto.)

AUSTRALIAN SCIENTISTS WILL TRY TO DRY THE SKIES TO MAKE RAIN

SYDNEY, Sept. 12. (AP)— Australian scientists are going to try to dry the skies — to make rain.

The government's council for scientific and industrial research and the RAAF have planned an experiment for next week using a new method of spraying calcium chloride instead of powdered dry ice into likely looking clouds.

Calcium chloride, a white powdery substance, is a powerful drying agent because each molecule of it is capable of attracting and absorbing six molecules of water.

Council scientists expressed belief the new method would bring rain from a greater variety of clouds than dry ice which is effective only with cumulus clouds at certain altitudes.

UNIFORM TRAFFIC CODE

New Laws Effect Parked Vehicles

(Following is the fourth in a series of articles written to orient Big Spring and Howard county motorists with changes and amendments in the state traffic code, which went into effect Sept. 5).

Automobiles in motion are not alone subject to the revisions in the traffic code. Those parked at curbs and on the side of highways come under the jurisdiction of authorities.

The new regulations provide that on parts of streets where it is legal to park, machines must be placed with the right-hand wheels within 18 inches of the curb, except on one-way streets. City officials have the right to authorize parking on the left side of the one-way street with the left wheels not more than 18 inches from the curb.

Municipal authorities can also permit angle parking on any street except those used as federal or state highways. Angle parking on such thoroughfares will be permitted only if the State Highway Engineer determines the street is wide enough so that parking will not hamper traffic.

All types of vehicles, including city busses and trucks, must observe the parking rules. Busses are not permitted to discharge passengers in the center of a block. Double parking is strictly against regulations.

Places where it will be illegal to park include: (1) On the sidewalk; (2) within an intersection or on a cross-walk; (3) within 15 feet of a fire hydrant; (4) within 20 feet of a crosswalk at any intersection; (5) within 30 ft. upon the approach to any flashing signal, stop sign or traffic signal located at the side of a road or street; (6) between the safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of safety zones; (7) within 50 feet of the nearest rail of a crossing; (8) within 20 feet of a driveway entrance to a fire station and on the opposite side of the street opposite the entrance to a fire station; (9) alongside or opposite any street excavation or obstruction; (10) upon any bridge or other elevated structure or in a tunnel; (11) upon any part of the highway.

Police officials have the authority to move illegally parked vehicles.

Persons are not permitted to stop, stand or park in front of a public or private driveway. Any commissioned member of the Department of Public Safety is authorized to remove from a highway to the nearest garage or other places of safety a vehicle reported and found so parked.

New Braunfels Officials Deny Accident Charge

AUSTIN, Sept. 12. (AP)— Two New Braunfels officials today made public a letter to Austin Attorney Robert C. Eckhardt refuting a charge he made that there had been no grand jury investigation of a steam boiler accident in which two men of Latin-American ancestry were killed three years ago.

Mayor A. D. Nuhn and Chamber of Commerce Manager Virgil W. Johnson called attention to a statement by County Attorney Alton Luckett that there had been both a coroner's inquest and a grand jury investigation.

Eckhardt, in announcing his resignation as consultant for the Good Neighbor Commission, had criticized the commission for "brushing aside" his report which included the charge that a failure to investigate the New Braunfels case was a discrimination against Latin Americans.

Nuhn and Johnson in their letter termed as "inhuman and untruthful" Eckhardt's statements which they said were probably based on partial information.

Bailey Returns From Lubbock Meeting

County Supt. Walker Bailey returned Wednesday from Lubbock where he attended the first fall district meeting of county school superintendents.

Dean Robinson of Garza county was re-elected chairman of the group. Roy Boyd, Lubbock, was named vice-chairman while Mrs. Lenora Tunnell, Lynn county, was elected secretary-treasurer.

A total of 18 school men were in attendance.

Congressman Hits Rubber 'Big Four'

BEAUMONT, Sept. 12. (AP)— Congressman J. M. Combs, Beaumont, today accused the so-called "Big Four" of the rubber industry with attempting to stifle the war-born synthetic rubber industry.

The Texan pointed his finger at the Goodyear, Firestone, Goodrich and U. S. Rubber companies after it became known that the \$12,000,000 Firestone rubber plant at near-Port Neches, Tex., was being prepared to go on a stand-by basis.

Combs charged that this would cause synthetic rubber plants built with American tax dollars during the war to deteriorate slowly "into rubble and ruins."

Potatoes Arrive For School Lunch Plan

Some 5,500 of the 36,000 pounds of potatoes sent here by the U. S. Department of Agriculture will go to school lunch rooms in Howard county.

The remainder of the shipment, which arrives this week via railroad car, will be distributed to Glascock, Martin, Dawson, Ward, Winkler, Midland and Andrews schools.

The potatoes are the gift to the schools by the USDA, which distributes the commodity as part of the Price Support program.
