

Budget Set By White House Is Disputed

Truman Entry In Argument Backs Prophecy

WASHINGTON, Aug. 8. (AP)—President Truman's entry into the battle of the budget bolstered evidence today that Federal spending this fiscal year—as the Administration adds it up—will be close to the original White House estimate of \$37,500,000,000.

Taking an indirect poke at claims of big savings by the Republican congress, Mr. Truman announced that he has ordered a "detailed and exhaustive" study of federal outlays and income. When this is completed he will issue a review and analysis of "all the facts," presumably in the customary mid-August budget review.

Crisis Powers Pass Commons

Churchill Hits Legislation As Totalitarian

House Approves Bill Without Record Vote

LONDON, Aug. 8. (AP)—Britain's Socialist-dominated House of Commons approved today the government's sweeping "crisis powers" bill, described by Winston Churchill as "a blank check for totalitarian government."

The House gave the bill a second reading—approving it in principle—without a record vote. The government hoped to push the measure through all remaining parliamentary stages before the Commons' scheduled adjournment next Wednesday.

An amendment to reject the measure was defeated 215 to 143. The Socialist government says the bill is necessary for effective dealing with the British economic crisis. It would empower the government to tell men and women where they must work and to take over the management of firms considered to be operating inefficiently.

Home Secretary Chuter Ede, backing the bill, said "we believe that this is a crisis likely to move forward with such rapidity that we should have power to deal drastically and swiftly with awkward situations that may arise."

Churchill snapped: "Hitler said that." Launching an all-out conservative attack on Prime Minister Attlee's Spartan plans for meeting the economic squeeze—which labor spokesmen asserted were "appropriate and necessary"—Churchill declared:

"The government's proposals will mean the abrogation of parliament and of all our long cherished rights."

Government-requested legislation to implement the Attlee program would extend and strengthen government powers, dating from wartime, to direct labor into "necessary" industries. The program itself was aimed at cutting down imports and boosting production for export.

Speaking just before Churchill took the floor, Deputy Prime Minister Herbert Morrison declared: "We are not going to be cross-examined in advance as to exactly what we will do with the powers when we get them."

Churchill maintained that the labor and industry controls asked for by the government would destroy British freedom, and added: "These powers are the negation of British freedom and way of living in time of peace."

He said the socialist ministers would be "the absolute masters" of the country while Parliament was in recess. It is scheduled to adjourn for the summer next week.

Dutch May Reject Forced Mediation In Java Dispute

LAKE SUCCESS, Aug. 8. (AP)—The Netherlands government was reported today to be ready to accept any plan for compulsory arbitration of the Indonesian dispute.

Informed quarters described the Dutch position as follows: 1. They already had agreed to accept the "good offices" of the United States to help settle the undeclared war.

Concord Youth Dies

Blazing Butane Gas Traps Five In Car

GREENVILLE, Aug. 8. (AP)—Billy Gene McDonald, 18, of Concord, Texas, died in a Greenville hospital early today from burns received when flames from a blazing butane gas truck trapped him and four persons in their cars last night two miles south of here.

In a critical condition was Mrs. Geneva Casey, 29, of Houston. Suffering lesser burns were W. C. McDonald, 60, and Billy James Sims, 15, both of Concord, and Mrs. E. C. Young, about 55, of Lone Oak, Texas.

Driver of the truck, Lee Morris, 24, escaped without injuries.

GREENVILLE, Aug. 8. (AP)—Mrs. Geneva Casey, 29, of Houston, died in a Greenville hospital today, second victim of burns received when two cars were trapped by flames from a blazing butane gas truck on the highway two miles south of here.

Morris said lines to the butane tank came loose when the vehicle hit a bump in the road and shortly afterwards the truck caught fire.

Two passenger cars stopped near the truck, Morris said, and he warned them that escaping vapor might ignite.

Road flares erected along the highway where repairs were being made ignited the fumes, according to Greenville Fire Chief Harvey Peyton.

Traffic was blocked for hours after the flames engulfed the two cars. Firemen from here shot holes into the tank in an effort to reduce the hazard, Morris said.

The tank was carrying 1,024 gallons of butane gas, and was owned by the Crittenton Butane Gas Company of Bonham.

Among the first to arrive at the scene of the accident, which occurred on highway 69 in front of Forest Park cemetery, was Conrad Manley of the Baton Rouge Associated Press Bureau, who was stopping at Greenville on vacation.

11 MILLION BALE COTTON CROP?

WASHINGTON, Aug. 8. (AP)—The agriculture department today forecast this year's production of cotton at 11,844,000 bales of 500 pound gross weight.

This estimate, based on conditions of Aug. 1, compares with last year's abnormally small crop of 8,640,000 bales and with a ten-year (1936-45) average of 12,390,000 bales.

L. G. Lewis Given High Navy Awards

Larry G. Lewis, 21, former aviation machinist's mate second class, USNR, has been awarded the distinguished flying cross, the air medal and four gold stars, according to an announcement from the Eighth Naval district headquarters.

The awards were for "heroism and extraordinary achievement in aerial flight as an aircrewman in patrol bombing squadron 117 during operations against enemy Japan in the Philippines and French Indo-China."

The citation said that his technical skill, courage and devotion to duty contributed materially to success of a flight, which was his 20th during the period.

Lewis, son of Mrs. Inez Lewis, 102 E. 16th, entered the Navy on July 27, 1943, spent nine months overseas with missions in the battle of the Philippines and French Indo-China.

KANSAS CITY, Aug. 8. (AP)—Mrs. T. J. Strickler, Miss Margaret Truman's voice teacher, said today the date for Miss Truman's appearance with the Hollywood bowl symphony orchestra has been set for August 23.

TEXAS DENTISTS REPORT FORMULA THAT MAY STAMP OUT TOOTH DECAY

BOSTON, Aug. 8. (AP)—Four Texas dentists reported today a chemical solution which they said would make children almost totally immune to tooth decay and which they claimed to be half again as effective as sodium fluoride.

Dr. Bernard Gottlieb of Baylor University, Dental School, Dallas, conducted the experiment of the new preparation at a clinic of the American Dental Association and declared that 90 per cent immunity had been achieved through use of it on children in limited experimentation for the past five years.

Dr. Gottlieb, a Viennese who came here as a Nazi refugee, described the solution as including zinc chloride and potassium ferri cyanide and recommended three treatments a year for children as soon as they begin to get their permanent teeth.

Stand Asked Of Tom Clark On Tidelands

AUSTIN, Aug. 8. (AP)—A demand for a "clear and definite" statement to the people of Texas telling how he stands in regard to ownership of Tidelands, faced U. S. Attorney General Tom Clark here today.

Clark was coming here to be honored at ceremonies tonight inaugurating the new Tom Clark chapter of an honorary legal fraternity at the University of Texas.

The demand for the Tidelands declaration came from Bascom Giles, commissioner of the Texas land office, who said in a formal statement that apparently Clark has been "talking one way for Texas consumption and another way for Washington."

Giles and other state officials are in the midst of a campaign to thwart what they say is a threat to Texas title in its Tidelands, growing out of the decision of the United States supreme court in the California case. Clark argued the federal government's side in that litigation, in which California lost ownership of Tidelands it had claimed.

New Vapor Street Lamps Installed

The Texas Electric Service Co. is making new installations of mercury vapor street lamps on South Gregg street this week.

The new lighting equipment has already been energized on North Gregg and the Lamesa highway from the viaduct to the north city limits. The north side lamps, combined with others on Third street which were put into use several weeks ago, account for almost half of the new street lights planned for the current year.

Progress In Transfer Of Labor Centers

AUSTIN, Aug. 8. (AP)—Negotiations between state and federal officials for transfer of federally-operated farm labor supply centers to the state are continuing, Gov. Beauford H. Jester said yesterday.

The Governor announced appointment of representatives of seven state agencies to a committee which is checking details of the proposed transfer of property.

Truman Signs Bill Killing Buying Controls

WASHINGTON, Aug. 8. (AP)—President Truman today signed legislation killing all controls on installment buying November 1, 1947.

The President said he regretted that Congress did not follow the recommendation of the Federal Reserve Board and of the council of economic advisers "by enacting legislation to provide for continuing as long as necessary regulation of consumer credit as a means of helping to promote economic stability."

Mr. Truman had asked for specific peacetime authority to regulate the American institution known as the "easy payment plan," as a bulwark against inflationary tendencies.

But Congress, instead, sent him a bill intended to force an end to the credit curbs in three months. In a statement criticizing the legislation the President said:

"It is unfortunate that the Congress did not provide for restraints on over-expansion of installment credit in order to diminish inflationary pressures arising from this course."

Odom Wings Toward India

CAIRO, Aug. 8. (AP)—Pilot William P. Odom, a third of the way along on his effort to set a new solo record around the world, left Cairo today at 6:30 p. m. (10:39 a. m. Central Standard Time) for Karachi, India.

The former British ferry command airman, now living in Roslyn, N. Y., was only 22 hours 46 minutes out of Chicago, his starting point, as he headed down the 2,200-mile leg to Karachi.

He was trying to cut to 90 hours or less the 186-hour record for a solo flight around the world set by Wiley Post in 1931.

Odom spent only 35 minutes refueling. He arrived from Paris at 3:44 p. m. and said he had averaged about 350 miles an hour on the hop from France in perfect weather. Gander, Nfld., was his only stop before he hit Paris.

Tail winds were promised to help on the India leg. The 6 foot 2 inch flier, 27 years old, left Paris at 11:39 a. m. Cairo time (3:39 a. m. Central Standard Time) after a stop of 91 minutes to take on 2,000 gallons of gasoline.

San Marcos May Be Helicopter Center

WASHINGTON, Aug. 8. (AP)—Rep Johnson (D-Tex.) said he had been assured by Army Air Force officials today that the San Marcos Army Air Field will be continued in operation as a liaison plane and helicopter pilot training center.

Decision of the Army to keep San Marcos field active was disclosed in a letter Johnson received from Major General C. C. Chauncey, deputy chief of staff of the AAF.

Action Comes After Bitter Words

Sen. Ferguson Subpoenas Hughes' Private Papers

WASHINGTON, Aug. 8. (AP)—Senator Ferguson (R-Mich.) capped a bitter verbal exchange with Howard Hughes today by issuing a subpoena for private documents and papers Hughes has in a downtown hotel.

Ferguson's action, as chairman of the Senate war investigating sub-committee, came after Hughes had refused to produce John Meyer, his publicity man, and had said he would make available from his papers only those cleared by his attorneys.

A subpoena also was issued for Meyer. Shouting that "we're not going to argue with you," Ferguson instructed committee aides to issue a subpoena to seize Hughes' papers, supposed to be in custody of one of the Hollywood millionaire's auditors

Tough Stock Thrills Second Rodeo Crowd

Stubborn stock almost won honors in the second performance of the Big Spring Cowboy Reunion and Rodeo before some 5,000 cheering fans Thursday evening. The 15 event show moved off in two hours and a half, 30 minutes faster than the opening round.

Despite some quick catches, calf roping times were slow with only Dan Taylor, holder of the show record of 11.3 seconds in 1941, breaking into first go-round honors. Ray Wharton, Bandera, 14 seconds, capped top spot, followed by Earl Teague, Crane, 14.6, Dan Taylor 15.3, and Jim Espy, Fort Davis, 16.7.

Three bareback bronc riders were bounced on the arena floor and half the Brahma bull riders couldn't stay aboard as W. N. Rice, Brooksmith, narrowly missed being gored when the Brahma, which had tossed him, wheeled and knocked him down. Clowns Charlie Schultz and Ike Tacker rushed in to distract the brute in the nick of time.

Brightest bit of roping was contributed by Thomas Romine, Big Spring, in the junior division when he threw up his hands for 13.6 seconds. It put him well ahead of Jerry Currie, Garden City who got 17.7, despite trouble, and Don Spencer, Big Spring, 21.6 and Perry Walker, Big Spring, 23.

Jim Bob Chaney came through with 18.6 to nose out Homer Hart, 18.9, for Howard county roping honors in the first half. E. P. Driver got 19.1 for third and Glen Forgue 19.5. Steer wrestling continued slow with contestants having difficulty in making connections. Shorty McCrory, Arlington, held to first place with 12.9, ahead of Buck Jones, Wichita Falls, 14.3, R. L. Bland, Bandera, and Bo Chesson, Beaumont, with 18.1.

Bill Weeks, Grady, N. M., was the big noise in both the bareback and saddle bronc riding in the first round. Trailing him in the bareback event was W. N. Rice, Brooksmith, Paul Gould, Sweetwater, and Clyde Hebert, Beaumont. In second place for saddle bronc riding was Dick Bloodworth, Colorado City, trailed by Bill Barton, Abilene and Sonny Lavender, Holliday.

W. N. Rice and Jerry Lawhon, San Angelo, tied for top in bull riding, and Curley Cameron, Amarillo, split third and fourth. Milt Bennett, Gail, took first in the initial half for cutting horse honors, followed by Frances Weeg, Big Spring, D. L. Pruitt, See RODEO, Pg. 8, Col. 4.

Radio Musicians Union Flayed Petrillo Charged With Retarding FM

LOS ANGELES, Aug. 8. (AP)—A broadcasting company official told a congressional investigating subcommittee that frequency modulation broadcasting will "not be able to advance" because the AFL American Federal of Musicians has fixed exorbitant and prohibitive costs for its music on such programs.

The committee has been inquiring into various phases of Hollywood labor problems connected with motion pictures, television and kindred entertainment. L. A. Weiss, board chairman of the Mutual Broadcasting Co. told the committee yesterday that Jas. Petrillo, national president of the

Seven Buildings Earmarked For Local Schools

The Big Spring Independent School district Friday was near gaining possession on seven buildings, including two classroom structures, at the Big Spring Army Air Field.

The War Assets Administration notified W. C. Blankenship, superintendent of schools, that the buildings were earmarked for the local school district and a price of \$976 had been set.

Included in the list were the classroom structures, one of them designed for vocational and shop training, four sanitary facilities and a mess hall. Equipment goes with the buildings.

Plans for utilization of the buildings are in the tentative state. However, one of the larger units may be used for elementary classroom purposes, the other converted into a unit for high school vocational courses.

The sanitary facilities likely will be converted into two field houses at the athletic stadium, and rest-room facilities for both the football and baseball fields.

The WAA quoted 95 per cent off for public use on all but the mess hall. This unit was sold at 80 per cent off the WAA appraisal.

Board officials indicated that payment would be sent to the WAA immediately with a request for immediate title and right of entry to the property.

Previously, the Reconstruction Finance Corporation, exercising its priority on behalf of small business clients, had released the buildings to WAA in favor of the schools.

New El Paso Radio Station Approved

WASHINGTON, Aug. 8. (AP)—An application of Sunland Broadcasting Company for a new standard radio station at El Paso, to operate on 1340 Kilocycles, 250 watts, unlimited time, has been tentatively granted by the communications commission.

The commission at the same time denied the competitive applications of Seaman and Collins, Del Norte Broadcasting Company, Inc., and Timber Wolf Broadcasting company, Inc., all seeking the same facilities at El Paso. The denials were subject to the usual appeal period.

CHINESE PIRACY

SHANGHAI, Aug. 8. (AP)—A band of pirates held up and ransacked the small river steamer "Shanghai" in the lower Yangtze River Aug. 2, belated reports reaching here said today, and made off with cash, valuables and goods valued at \$40,000 (U. S.).

TRY THIS AMAZING HOME RECIPE TO TAKE OFF UGLY FAT

Right in Your Own Home, You Can Lose Pounds Of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcetrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonful twice a day. That's all there is to it.

LOSE UGLY FAT

With Barcetrate

Why not slim down your figure without a lot of fuss and bother? Try the Barcetrate way. Wear your streamlined frocks and slacks gracefully. Remember, if the very first bottle of Barcetrate doesn't show you the sensible way to lose weight, your money will be refunded.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Reduce With Barcetrate

Perhaps you are overweight due to over indulgence in food or the wrong kind of food. With the Barcetrate home recipe method, you do not have to starve yourself or go hungry. Just follow the simple instructions given on the label and you should get satisfactory results quickly. The very first pint you make up should show results.

Two Local Churches Will Sponsor Revival Meetings Next Week

Guest pastors will conduct revivals in two local churches this week, one meeting to open Sunday at the Church of God and a second to get underway Tuesday at the Church of the Nazarene.

The Rev. C. R. Thompson, local evangelist, is revival pastor at the Church of God, and the Rev. K. R. Slate, accompanied by Mrs. Slate, of Springfield, Mo., will conduct the week-long meeting at the Church of the Nazarene.

The Rev. Henry C. Thomas, regular pastor of the Church of the Nazarene, will speak on the theme "A Need For Intercessors" at the 10:45 a. m. service Sunday. Subject matter is taken from Ezekiel 33:7. At the evening sermon, the pastor will deliver a message on "Oh Lord, Revive Thy Work," based on Habakkuk 3:2.

"God's Love For A Lost World," based on the text of John 3:16, is the subject for the morning service at the First Methodist church, Dr. C. A. Long, pastor, has announced.

For the evening message, Dr. Long will speak on "The Regular Market Price," using the theme from Luke 9:23.

The Rev. Marian P. Sims will be guest pastor Sunday at the First Presbyterian church. At the morning service Mrs. Marion Beam will be guest soloist. There will be no evening message.

Young People meet at 6:30 p. m. with Janelle Beene as leader.

The Rev. N. L. Suter, pastor of the Church of God, announces that his Sunday sermon topic, "Christ's Three-Fold Love Work For the Church," based on Ephesians 5:25-27, will be divided into three parts as follows: "Past Tense" (verse 25), "Present Tense" (verse 26), and "Future Tense" (verse 27). Closing the sermon, the Rev. Suter will speak on "The Full-Developed Church," the text to be taken from Ephesians 4:13-16.

Sunday school opens at 10 a. m. and the sermon is given at 11 a. m. Sunday evening, song service is scheduled for 8 p. m. with an evangelistic message delivered at 8:45.

George McLellan, educational director at the East Fourth street Baptist church, will conduct music at a revival meeting at the Stanton First Baptist church Sunday. Guest pastor is to be Dr. John R. Bryant of Tyler.

A baptismal service will be held Sunday evening following the 8 o'clock sermon at the Trinity Baptist church the Rev. Marvin Clark, pastor, has announced.

For his morning topic, the Rev. Clark will speak on "The Great Mystery of Codliness," taken from I Timothy 3:16. Selected from Romans 4, the evening sermon subjects are "Justification By Faith."

Jester Leaves For Guatemala Aug. 13

AUSTIN, Aug. 8. (P)—Gov. Beauford H. Jester will leave here next Wednesday afternoon for Brownsville on the first leg of a vacation flight to Guatemala.

From Brownsville, Jester's party will fly non-stop to Guatemala, leaving Brownsville early Thursday morning.

The governor, Mrs. Jester, Beauford Jr., and Joan will spend approximately a week as guests of Ambassador E. J. Kyle, former dean of Texas A. and M. College.

There are 5,725,000 motor trucks registered in the United States.

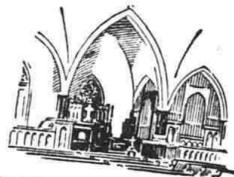

Do you hope he gets away with it?

Suppose it were an automobile he was taking; would you still want him to get away with it? What the boy is doing is very human, isn't it? But is it right or wrong?

All through our lives we have to think whether it is right or wrong to undersell a competitor, to use power politics, to hold back some of the truth, to... well, to do a thousand different things. Those who want to build a better world are constantly concerned with the problem of right and wrong.

The Church, too, is vitally concerned with that problem. Its leaders and its followers have spent long hours studying, praying, living to find the best and truest answers. The Church has good, realistic answers to the questions of right and wrong, answers all men need, answers that, if followed, will build a better world.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Be Careful With Matches And Fags

Cropping up in news columns lately are reports of grass fires. Often times these are not spectacular such as the one which swept across an airport in North Texas and burned up a bunch of planes and inflicted more than \$300,000 of damage. In fact, there are perhaps more grass fires which go unreported than ever reach the papers.

The loss in the airport grass fire pales into insignificance beside that in pastures over the state.

There was perhaps a time when many embraced the theory that a burning-off improved the range in the long run, somewhat the same fallacious notion which induces many people to burn their lawns. The truth of the matter is that burning destroys forage, and often time stock. More tragic, however, is that it destroys organic matter which might find its way back to the

soil to maintain or even increase the permeability. Beyond that, the heat of fire can and often does damage the plants themselves.

The point is simply this: At this moment a wide portion of Texas and most of the Southwest is in a drouthy period. Rangeland is affected more adversely at this writing than fields. Almost everywhere pastures are parched and like a tinder box. A carelessly tossed match or cigarette, or a smouldering fire can touch off a destructive prairie fire.

Urban dwellers are not alert properly to the potential harm that can be done by these fires. They should know that they have an obligation to exercise utmost care in handling smoking materials and matches while on the road. Most automobiles have ash trays. Use them; don't toss them out the window where they may start a fire.

BOTTOM OF THE BARREL

Scientific Minds Can't Be Penned

Veto of the national science bill by President Truman comes as somewhat of a surprise, especially when the President had requested legislation in that direction.

In commenting on the reasons for his action, the President cited what he called grave defects. These included the naming of a full-time administration by members of the national science foundation, created by the act; lack of accountability and to unwieldiness and complexity of the proposed set-up; that determination of vital national policies, expenditures of large public funds and administration of important governmental functions would be vested in part-time employees and essentially private citizens.

It is possible to understand the President's desire for responsibility and accountability, and to appreciate the implication of private citizens dictating expenditure of public moneys. Yet it would seem that he has over-emphasized this point. His objection to the naming of an administrator seems merely opposition to removal of the appointive power from the hands of the chief executive. In short, he seems to believe that the bill is objectionable because it does not fit into the pattern of the system of agencies and bureaus.

The important point is that few scientists of the calibre desired are going to work exclusively for the government. They want freedom of movement, research and of expression beyond that offered by a government job. They are entitled to it.

Texas Today—Jack Rutledge

Pick-Me-Ups That Lay You Out

Three men entered a border cantina. They were, to coin an expression, tight.

In fact, they were so intoxicated that one promptly flopped to the floor.

"What'll you have?" the bartender asked.

Two of them ordered. "How about the fellow on the floor?" asked the barkeep.

"Nothing for him," his pals said. "He's driving."

In Pampa, they have a new slogan: "If you're hunting for the bus station, don't drink." One young man seeking the station walked by mistake into the police department, was promptly jailed on charges of drunkenness, spent the night in a cell.

From East Texas comes this

description of what the writer called an excellent pick-me-up. It sounds like a knock-me-down.

"My favorite is good old East Texas White Lightning. It's brewed from home grown whole corn. Lye water, used to remove the hard outer husk of the grain, usually isn't all washed away and adds extra tang to the liquor.

"The corn mash is allowed to ferment in buck barrels hidden away in brush piles. Cooking is done in stills down by the spring in the holler, with one eye on the pot and the other on the trail down which the law might come any minute.

"It's drunk straight, without a chaser. Each swallow is followed by a wry face, violent shaking of the head to restore semi-consciousness, and a cough to provide a measure of air

conditioning to a red hot tongue and throat."

Another gentleman from East Texas recommends the Chapultepec cocktail.

"It has all the vigor of the old Aztec warrior. It's half brandy, half Tequila, a dash of biters and a Maraschino cherry.

"It is not recommended for the amateur drinker. It should be served chilled. The drinker shortly assumes the same state."

And along the Red River there's the Choc beer, a sort of home brew imported from the old Choctaw nation before Oklahoma became a state.

Three men entered—but wait, we're repeating. It must be something we ate.

Affairs Of The World—DeWitt MacKenzie

Attlee Speech Helps Capitalism

That was a most convincing speech which socialist Prime Minister Attlee made in the House of Commons yesterday in dealing with England's economic crisis—convincing from the viewpoint that the politico-economic system of this America of ours, the system that Britain forsook for socialism, is the best of them all.

Mr. Attlee's explanations of the collapse, and the drastic remedies which he proposes, show clearly that his country's first all-out socialist experiment has in the short period of two years arrived at the point of considerable governmental re-orientation of the individual.

Right here it should be said in fairness that the government has been saddled with many burdens inherited from the war. Of course former Prime Minister Winston Churchill says there will be no recovery from the country's present misfortunes

until "the guilty men, whose crazy theories and personal incompetence have brought us down, have been driven from power by the votes of the nation." However, he is leader of the conservative opposition to the Attlee regime.

And so because of this lack of realization, the Prime Minister said his government would have to take some measure of control over the employment of labor in order to stimulate production. He added:

"This will involve some sacrifice of individual liberty, though as little as possible. It may be necessary to take steps to limit employment on less-essential work."

The government will take action against any industries operated with "inefficiency or lack of will."

Employees in the more essential industries will have to work

longer, and coal miners will be asked to work half an hour a day additional.

Attlee appealed to workers not to press for increases of wages. He asked industry and commerce to refrain from declaring high dividends.

England's imports are to be cut down in a manner that will mean "hardships for many people." Among other things there will be further food restrictions.

The armed strength is to be reduced by 420,000 men from the present total of about 1,297,000. America will be asked to ease clauses in the loan agreement.

At this early stage in his great political experiment he feels impelled to resort to regimentation, thereby most surely creating an issue upon which the next general election will be fought. That issue is: will the British public stand for peacetime regimentation?

In Hollywood—Bob Thomas

Saroyan Sees Hope For Movies

HOLLYWOOD.—If the movies continue to improve, they will be able to deal with Saroyan stories. This comes direct from William Saroyan, the fluent Fresno philosopher.

The writer bounced into Hollywood to see what the Carnegys are doing to his prize play, "The Time of Your Life." He was pleased with the progress, much more so than with what MGM did to his "The Human Comedy."

"They changed it around so much that the complete tone of the book was lost," he complained. "It turned out to be mushy and 'Hollywood'."

He told of an executives' meeting at MGM prior to the filming. One bigwig declared: "The book isn't an epic, but the movie will be."

"That was the trouble," Saroyan added. "The movies make epic things."

But the movies are coming along, he admitted. He said the industry is maturing and advancing to the extent that it will soon be able to make adequate films of his writings.

"They are too busy now making surrealistic films about the

sensational.

"Actually, the public demands little of the movies, except a place to rest. I am designed to seeing the worst films, and I go often. I love the darn things." His advice to Hollywood is to make more comedies. If the industry doesn't have enough comedians, then it's up to the directors to instill an atmosphere of humor in films.

With his hat cocked on the back of his head, Saroyan watched only long enough to stay with Jimmy Cagney. Then he announced he was returning to Fresno.

"I would have been here earlier," he said, "but I stopped to look at a cemetery."

Style-leader Claudette Colbert isn't worried about the much-heralded changes in women's fashions. The only major difference she sees is longer skirts. . . . George S. Kaufman had better finish "The Senator Was Indiscreet" in time, or he'll have two unhappy females on his hands. Both Ella Raines and Arlene Whelan want to join their husbands in the East. . . .

Errol Flynn finished "Silver River" and flew with Nora to Jamaica where he'll vacation until he starts "Don Juan" in Sept. . . . Jack Carson has a novel gimmick for his new radio show. Each week he'll play a different "man at home," dentist, plumber, etc. . . . Andrea King and lawyer Nat Willis celebrated their seventh wedding anniversary. . . .

Frank Sinatra was named west coast director for the Damon Runyon cancer fund. . . . What's the matter with marriage at 20th-Fox Ty Power, Gene Tierney, June Haver, Mark Stevens and Cornel Wilde have suffered breakups within a year. . . . Alexander Knox, who once made a living writing mystery stories, is working on another, "Dead Men Carry Tales." . . . Deanna Durbin back at U-I to learn songs for "Up In Central Park." . . . Van Johnson was telling me on the "Virtuous" set that if things get tough for him in pictures, he still is proficient at typing and shorthand. "And I haven't thrown away my tap shoes," he added.

Hal Boyle's Notebook

Portrait Of Jeanie

NEW YORK.—Jeanie is a girl that success can't spoil. She has made good in the big city. She did it by doing little things well. She still comes back half-day each week for old times' sake and makes our house loud with her laughter. I think she has the gladdest heart of anyone I ever knew.

Jeanie is a maid, a husky friendly negro girl with white teeth, dark eyes and a complexion as soft as the patins on old rosewood. She isn't just an ordinary maid. She's the kind that housewives fight and scheme against each other for. Most any woman would risk losing her dearest friend to lure Jeanie away.

She first started coming to our house when the depression was lifting. She got fifty cents an hour then and worked for half a dozen people. The first day she came she rather depressed my wife.

"She works so fast," said Frances. "I can't tell her enough things to do to keep her busy."

When she left, the place was spic-and-span in a new way. She has been coming ever since. Each time before leaving she accepts a good nip of something to keep her warm on the subway ride up to Harlem. I think she rubs some of her own warm grin into the household brass and silver, for they gleam as they never did before.

Jeanie gets so much fun out of her work it makes some people envious. Her hobby is baseball. I don't think she ever has gone to a game, but she listens to them on the radio and reads all the newspaper accounts.

During the war she got a maid's job on the staff of a ritzy midtown apartment hotel, and ever since she's been in the big money. The rich people there have really taken care of her. A girl like Jeanie doesn't come their way often. They like

to tell her their tangled marital troubles, and they like the luster she leaves behind. Whatever she lifts her work-worn hands from shines.

But in the evenings and on her day off Jeanie still comes back—tireless and merry — to clean for friends who helped her in leaner days. One old lady in financial straits for whom Jeanie still labors an entire evening for one dollar in remembrance of past kindnesses said: "I'll bet you've got a few hundred dollars hidden beyond a picture somewhere."

Jeanie laughed and laughed—because she's probably got thousands. All these years she's been saving for the time when she could have a home of her own to stay in and keep clean. She's cleaned so many homes for other people.

She laughs all the time now. For soon her boy friend is getting out of the Navy.

Seventh Inning Rally Pays Off As Sports Trim Broncs

Stasey Collects Four Safeties

SWEETWATER, Aug. 8. — Big Spring's Broncs lost the final game of their three-out set with Sweetwater, 10-9, here Thursday night but left nursing the same lead over Midland which they brought to town—a two-game advantage.

The Hosses succeeded in taking the series, two games to one, while Midland was edging Ballinger by the same count.

Pat Stasey's crew, led by the manager himself, outhit the Sports but the home club staged a seventh inning uprising that netted it five runs and eventual victory. Four bingles a brace of fielder's choices and a misplay gave the Sports the needed tallies.

Stasey collected a double and three singles for the visitors. Armando Traspuesto rapped out a home run while Gaspar Del Toro, for the third successive night, batted across three runs.

Pat Patterson rationed out nine hits to the Sports.

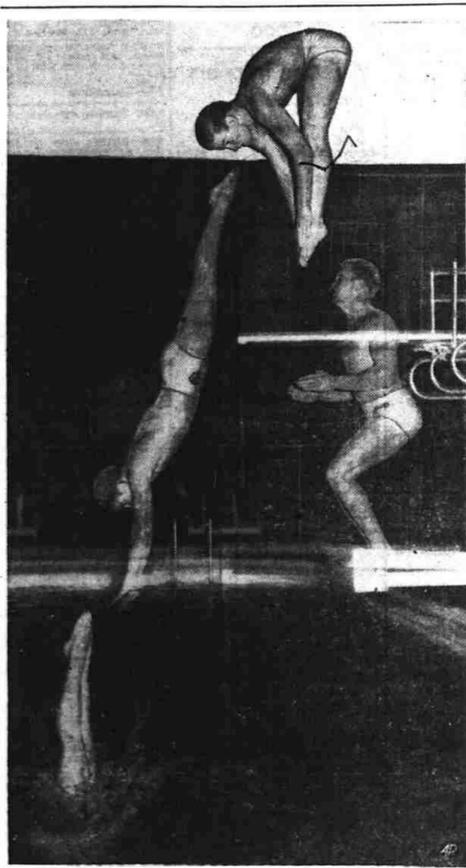

A three-run outbreak in the eighth all but tied the score for Big Spring.

Jose Cindan is scheduled to go to the hill for the Cayuses this evening in quest of his 19th pitching victory. The Steeds will be in Ballinger for three games, staying over through Sunday.

Sports Roundup

Kuzma, Franks Lick Disease
By Frank Kenneson (for Hugh Fullerton, Jr.)
DETROIT, Aug. 8. (AP)—The state of Michigan, slow on the uptake as Detroit's suburban Northville as Detroit's suburban Northville in three years to become the second busiest night harness racing plant in the nation, drew a total operating fee of only \$2,850 from the half-mile oval in 1946 but already has extracted nearly \$50,000 from the first two weeks of arduous activity there this summer.

Kayo T. B.: At the close of the 1942 football season two of the University of Michigan's brightest stars, halfback Tom Kuzma and guard Julius Franks, entered University hospital in Ann Arbor for treatment of what soon was diagnosed as tuberculosis. Two long years in the hospital and four more of steady recuperating outside have put both on the road to health. Kuzma is an aide to Coach Jim Yeager at the University of Colorado. Franks is teaching football to underprivileged boys as athletic director of a fresh air camp at Pinckney, Mich., and will enter Michigan's Graduate school to study clinical psychology this fall.

Stay-at-Homes: University of Michigan, University of Detroit and Michigan State will be playing their football for the home folks this fall, with 19 of their combined schedule of 28 games slated for one of the three campuses. Detroit, which claimed the title of the "travelingest" team in the nation in 1946, is at home seven week-ends of the Titans' 10-game schedule and the Wolverines and Spartans step outside the state only three times each in nine-game slates.

Quick Wit: On a recent road trip the Detroit Tigers trooped out of their hotel and barged into taxicabs enroute to the ball park.

"Who are all those fellows?" a sidewalk hanger-on asked.

"That's the Detroit baseball club," someone in-the-know replied.

"Where are they going?"

"The answer was ready-made: 'With the Yanks in the same league, nowhere!'"

Tulsa A Threat To Third Place After 7-1 Win

By The Associated Press

Tulsa paid off for fans who had it tagged for the Texas league's first division, holding down fourth place today on a 7-1 decision over Dallas last night.

Thus the Oilers climaxed a long, uphill fight that brought them from the depths of the second division to within a half-game of Dallas' third position in the standings.

While the Oilers were replacing Shreveport in fourth place—the Sports took it on the chin 5-4 from Houston last night—Fort Worth dropped three full games back of league leading Houston by losing to Oklahoma City, 4-3.

Another result saw Beaumont square its series with San Antonio, 6-3.

In taking their second straight from Dallas, Tulsa pounded Quentin Allitzer, Rufus Gentry and Hank Oana for 10 hits. Four runs in the first inning, two more in the third and a final tally in the seventh insured the victory. Dallas' lone run came in its half of the first inning.

Shreveport scored two runs in the ninth inning to deadlock Houston, but Johnny Hernandez's home run in the top of the tenth gave Houston the decision. It was his fourth hit of the game.

Clarence Beers took over from Jack Creel in the ninth and received credit for the victory—his 19th of the season.

Oklahoma City's Indians continued their drive on fifth place, making it two straight over Fort Worth's Cats. The victory spoiled 5,477 Fort Worth fans.

Jack McKinney won his 13th game of the season for seventh place Beaumont, holding San Antonio to five hits. He allowed two of them in the ninth inning and walked two as San Antonio scored all of its runs.

Dallas winds up a 20-day home stand tonight against Tulsa and its latest addition will be on the mound. George Milstead, just acquired from Greenville of the Big State league, will face his old teammates. He was a member of the Tulsa team 11 years ago.

Lamesa Routs Clovis, 15-4

By The Associated Press

Lamesa, Pampa and Albuquerque were neck and neck in the West Texas-New Mexico league today as the finish neared.

Four weeks remain of the season and fifth place Albuquerque was only half-game behind Pampa, which trailed Lamesa by half-game.

Albuquerque handed Abilene a 3-1 licking last night, while Lamesa dumped Clovis, 15-4 and Pampa slugged Borger, 15-9. League-leading Lubbock defeated Amarillo 17-8.

Three home runs paced a 15-hit Lamesa attack against Clovis, while Pampa collected 18 off three Borger hurlers.

Jerry Ahrens fanned 16 Amarillo Gold Sox, but walked nine, hit one and threw one wild pitch.

Bristow Leads Cup Qualifiers

Obie Bristow is leading early qualifiers in the battle for positions on the local Hall and Bennett trophy team, which will meet an aggregation of eight captained by E. C. Nix of Seminole Thursday, Aug. 25, as a prelude to the Labor Day golf tournament here.

Bristow has fashioned a 72-70 over the par 72 course. He still has 36 holes to play.

Bill Crook accumulated a 76 over 18 holes. J. R. Farmer put together an 84-74 for 158. Dub Press got shot a 78. Charley Watson 76-82-158. Bob Hodges 81-80-161. Earl Reynolds 84. Champ Rainwater 39 over nine holes and Jake Morgan used 111 strokes over 27 holes.

W. E. Ramsey entered into play but had to withdraw because of an attack of appendicitis.

All linksmen bidding for places on the team must complete their 72 holes of play by Sunday, Aug. 24.

KLYE ROTE SPEARHEAD

Neely's 11 Slight Favorite Tonight

EL PASO, Aug. 8. (AP)—The thirteenth in a series of All-Star football games played as a feature of the annual Texas coaching school is scheduled tonight with two big, fast squads due to battle before 9,000 fans at Kidd Field, gridiron of the Texas College of Mines.

Boasting a 7-4 margin in the series that also has produced one tie game, the North team, made up of players from the upper districts of the Texas Interscholastic League, nevertheless found itself rated under-dog to a clicking South machine spearheaded by versatile Kyle Rote, one of the great backs of schoolboy history.

There will be four All-Staters on each starting team. Rowe, the Thomas Jefferson (San Antonio) star end; Sonny Payne, Rote's teammate at Jefferson; Mickey Spencer, Pasadena tackle, and Nick Zazanas, Waco guard, are the heralded quartet on the South eleven.

Abe Lincoln, giant Sweetwater center; Herman Foster, Odessa guard; Billy Moorman, Odessa, end, and Hayden Fry, Odessa quarterback, are the All-Staters on the North team.

The game will be largely a battle of the T's. The South coached by Jess Neely of Rice, goes all out with the T formation. The North, tutored by Bo McMillin of Indiana, mixes the T with the single wing.

Probable starting line-ups (Kick-off 9 P. M. Central Standard Time):

NORTH	SOUTH
Dupriest (Dallas)	LE Payne (San Antonio)
Dowden (Odessa)	LT Vykukal (Goose Creek)
Beal (Ft. Worth)	LG Spencer (Pasadena)
Lincoln (Sweetwater)	C Cochran (Galveston)
Foster (Odessa)	RG Kazanas (Waco)
Lowe (Wichita Falls)	RT Weis (Marshall)
Moorman (Odessa)	RE Wright (Houston)
Fry (Odessa)	QB White (Breckenridge)
McPherson (Ft. Worth)	LH Mott (Lufkin)
Stuver (Ysleta)	RH Taylor (Hondo)
Barton (Ft. Stockton)	FB Rote (San Antonio)

Bums Back In Friendly Confinement Of Own Park After Shakey Trip

By The Associated Press

Brooklyn's weary Dodgers, their 10-game lead sliced to four by a series of disasters in Chicago and Boston, staggered back to home cooking tonight, banking on a 700 winning record at Ebbets field to halt their toboggan slide.

World Series talk has evaporated and the question of the day in Flatbush is "what's the matter with the Dodgers?" The fellow who knows the answer could command a princely salary from President Branch Rickey.

Red Barrett, a choice target for Leo Durocher's barbs in other years, tripped the Dodgers all by himself yesterday, throwing a three-hitter and doubling to start the Braves' winning rally, 3-1.

The Giants took another fall out of the injury-riddled Phillies for a third straight 5-2 win.

Enos Slaughter led the blazing Cardinals with a pair of singles and a triple, driving in three runs in the 9-2 romp over Cincinnati's Kent Peterson.

Kirby Higbe lived up to his price tag by hurling a seven-hit 3-0 shutout for Pittsburgh against Chicago.

The Boston Red Sox, who open a last ditch stand tonight against the New York Yankees whom they trail by 13½ games, warmed up with a 12-2 slaughter of Washington.

Only 698 cash customers braved the 96-degree heat to watch the St. Louis Browns lose another one, this time to Chicago, 8-4.

A scheduled Cleveland at Detroit game was rained out and the other clubs were not scheduled on the first entire daytime big league schedule on a weekday in months.

Vincent Again Wins JayCee Contest, 7-5

COLORADO CITY, Aug. 8. — Choking off a last inning rally which gave the opposition three runs, the Vincent aggregation of Howard county went up on the Cuthbert team in the battle for the championship by taking Thursday night's game, 7-5, behind the five hit pitching of Leon Glenn Brede-meyer.

A three-run uprising in the top half of the seventh supplied Vincent with the tallies needed for victory. Mike Brown doubled two runs across in the big frame.

The Howard county team got to Uzzell, Cuthbert tosser for eight hits, including a timely double by Leon Kirby and two singles by Brede-meyer.

The two teams clash here again Saturday night in the third game of the set. The Vincent team can win the title by taking the contest.

Texans Triumph In Skeeet Meet

SYRACUSE, N. Y., Aug. 8. (AP)—Charlie Poulton, San Antonio, Tex., salesman, holds the small gauge and 20-gauge titles in the National Skeeet tourney today after a shooting exhibition in which he missed only one bird in the two contests.

Poulton won the small gauge championship with 99 out of 100, smashed 100 straight in the 20-gauge event and then went on to hit 50 straight in a three-way shoot-off.

Mrs. Mary Ellis of Jacksonville, Fla., holds the National Women's 20-gauge title after scoring 96 x 100.

D. Lee Braun of Austin, Tex., holds three titles in the current meet as a result of his victory in the professional 20-gauge title with a mark of 100 straight. He took the sub-gauge championship with a mark of 96 x 100 and hit a perfect 100 to win small gauge shoot.

The two-man event went to Poulton and Grant Ikenz of Waco, Tex., with a score of 198.

Bobby Keirch of Rochester won the national junior championship with a 96 x 100 score. Twelve-year-old Barney Hilburn of Dallas, Tex., broke 91 out of 100 to win the sub-junior event.

Good Roads Association Maps Texas - Publicizing Activities

AUSTIN, Aug. 8. (AP)—Big, genial Col. Ike Ashburn, executive vice-president of the Texas Good Roads association, wants more people who come to Texas to decide this is the best state in the nation. He wants them to stay here.

Col. Ashburn, who has a well-founded reputation for putting over projects that call for promotion, sits at his desk and turns the dummy-pages of a magazine with the familiar title "Texas Parade." A publication sponsored by the association in years past, it was a World War II victim. Now Ashburn is toying with the idea of reviving it.

Ashburn wants not only to revive it, but pump new life into it, and put it to work in promoting Texas. He thinks it would be a good idea to place such a magazine in the hands of every automobile traveler entering the state and to enlist the interest of industries which might want to locate here.

Long associated with the good roads movement in Texas, Potts is a veteran engineer who was elected president of the association at its San Antonio meeting in May. For many years he served as head of the highway engineering department at Texas A. and M. college and is generally regarded as the father of legislation creating the Texas highway department which recently celebrated its 30th birthday.

Potts was in the sand and gravel business at Waco for many years and recently retired and moved to the Lower Rio Grande Valley.

Other officers elected at the association's convention included Joe Leonard of Gainesville, first vice-president, who was a director of the Texas Good Roads association when it was founded. Second vice-president was H. B. (Pat) Zachry of San Antonio, road contractor who had a hand in organizing the association. Other officers are:

R. J. Potts of Harlingen, the new president of the association, says that the contemplated plan is to widen the scope of the magazine and attempt to cover "every aspect of life in Texas."

The dummy magazine is beautifully and lavishly illustrated, its format larger and more modern than the former publication. It is Texas from cover to cover.

Potts has called a meeting of his executive committee for some time in August to discuss the as-

Legal Notice

THE STATE OF TEXAS
TO: MARTIN H. FRENCH, OPPOSITOR:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 22nd day of September, A. D. 1947, at or before 10 o'clock A. M. before the Honorable District Court of Howard County, at its Court House in Big Spring, Texas.

Said plaintiff's petition was filed on the 6th day of August, 1947. The file number of said suit being No. 6383. The name of the parties in said suit are LORENE FRENCH as Plaintiff, and MARTIN H. FRENCH as Defendant.

The nature of said suit being substantially as follows, to wit: Plaintiff is and has been a bona fide inhabitant of the State of Texas for more than one year and a resident of Howard County for more than six months. Plaintiff and Defendant were married July 17, 1943, and separated in or about February 15, 1947, because of the cruel course of conduct of Defendant, rendering her living with him further intolerable. Of the said marriage there was one child born, a boy, age 2, Kenneth M. French, and Plaintiff asks custody of the minor child, and for divorce.

It is claimed to not have arrived within 90 days after the date of its issuance. It shall be returned unadvised.

Issued this 6th day of August, A. D. 1947.

Given under my hand and seal of said Court at office in Big Spring, Texas, this 6th day of August, A. D. 1947.

CHAS. C. CHURCH, Clerk, District Court, Howard County, Texas.

City Heads Like Paving

City officials today were enthusiastic over general condition and appearance of the West 17th street paving project, which was completed Thursday afternoon and immediately opened to traffic.

City Manager H. W. Whitney said this morning that all local citizens are being urged to inspect the project, since similar materials will be used in all subsequent projects which might be launched this year.

The topping is rock asphalt, which provides virtually a finished surface as soon as it is applied. Although the surface toughens and improves as traffic passes over it, use of the rock asphalt eliminates delays and seal coats which usually are necessary in processing penetration type paving.

The street department is continuing work on Bluebonnet street this week, and prospects still are bright for developing a project on Dallas street, where Mrs. Troy Gifford has circulated a petition in the voluntary program. Approximately four and a half blocks are included in the tentative Dallas street plans, extending westward from Lancaster street.

Legion Calls Special Meet

Members of the local American Legion post have been called for a special meeting at 8:30 a. m. Sunday at the Army Airfield officials announced this morning.

The officers club building, one of 25 recently obtained by the city, will be used by the Legion post as a club house, and plans will be made at the Sunday morning session for early occupation by the post, plan to do most of the work in preparing the building for full-time use, and officials are urging as many members as possible to attend the called meeting.

Man Returned Here To Face Charges

Albino Renteria, who has been serving a jail sentence in the Los Angeles, Calif., work house, has been returned here to face two charges, one for burglary and the other for jail break.

Renteria was awaiting trial for burglarizing a local liquor store here in 1946 when he exited to a window of the county jail and skipped the county.

WHY GET UP NIGHTS DUE TO KIDNEYS?

FLUSH THEM OUT THIS DOCTOR'S WAY

If you get up nights—have frequent desire to pass your urine—but have only scanty passages—yes, and have backache, due to excess acidity in the urine, be glad you're reading this:

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys; it increases flow of urine, helping relieve excess acidity, so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

For free trial supply, send to Dept. T, Kilmer & Co., Inc., Box 1285, Stamford, Conn. Or get full-sized bottle of Swamp-Root today at your druggist.

HCJC Board Orders New Tax Levy

A tax levy of 35 cents on the \$100 valuation, for maintenance of Howard County Junior college for this year, was ordered by the HCJC board of trustees Thursday night.

Board members fixed the rate after a study of the tentative budget. Last month voters of the county approved a maximum of 50 cents for the college, but trustees had indicated all along that this full levy would not be needed.

Date for public hearing on the college budget was set for Tuesday, Aug. 12, at 8 p. m., at the college library. College officials said they hoped a representative group will attend the hearing.

Under the new tax levy, the college expects to get around \$38,000 in local taxes. Other revenues, including rentals, interest, state aid and tuition fees, are expected to total \$45,250, to provide an overall estimated income of \$104,250. Total expenditures are set up in the tentative budget at around \$99,000.

The board Thursday night elected three new instructors, and the staff for the next term is complete with but one exception.

Frank Medley was elected instructor in the industrial arts department. He holds a Master's in industrial education, and has had 15 years' experience in the field. He currently is head of the Dawson county vocational school.

Wm. F. Layton, Jr., holding a Master's from North Texas State, was named mathematics instructor; and Miss Lois Shaeffer, MA from Northwestern, was elected as instructor in Social studies.

Rodeo

(Continued From Page One)

Westbrook, and Joe Zoatright, Spade ranch.

Betty Barron, San Angelo, scampers home in 21.7 to win the first round of the girls' clover-leaf race. Other winners were Mrs. Russell Green, San Angelo, 22; Rosemary Back, Tafta, 22.1; Cissy Allen, Coleman, 22.5.

Possibly the most popular feature for fans was the work of Peskey, a sheep dog trained and commanded by Volney Snodgrass, Mountain Home, Texas. After skillfully penning the sheep, Peskey wanted to continue his efforts on cows, turned into the arena for the cutting horse contest.

The antiquated Model T herded by Charlie Shultz put the crowd in a good humor by producing everything but an earthquake. The clowns added a circus touch with a regular menagerie including a monkey, possums, dogs, a skunk, not to mention the mules. Pauline Nesbitt, Nowata, Okla., Ruby Tucker, Waco, and Fagin Miller, Vernon, delighted the audience with some fast trick riding demonstrations. Fans got a kick, too, out of the junior bull riding event. Wicked tempers of Brahma bulls slowed the show, but that was a show within itself.

Surplus Equipment To Be Displayed

A total of 480 jeeps, sedans and other assorted war surplus vehicles, including a number at Goodfellow Field in San Angelo and the Abilene AAF, will go on fixed price display at 17 Texas installations starting Monday.

The machines will be marketed to World War II veterans and priority buyers in a clearance sale to be held at the Grand Prairie War Assets Administration warehouse Aug. 25-28. Inspection at the various fields is set for Monday through Friday.

Cosden Employee's Father Dies

WALL STREET

NEW YORK AUG. 8. A few stocks edged forward today although many market makers remained skeptical. The opening on the New York stock market was on a note of caution, but the market was generally steady.

UNCONSCIOUS FOR MORE THAN YEAR

SAN ANTONIO, Aug. 8. (AP)—Dickie Armstrong of Somerset 11 years old next Tuesday—but his birthday may mean little to him.

Dickie has been unconscious for almost a year because he made a heroic attempt to halt a runaway horse. He was injured Sept. 11, 1946, when he was thrown from his own horse in an effort to catch up with one which his seven-year-old sister was riding.

The girl was not injured, but Dickie was badly hurt.

He was rushed to San Antonio hospital suffering from severe concussion of the brain. An emergency operation revealed he had sustained multiple "pinpoint hemorrhages."

Dickie has outlived predictions that he would not survive, but he has never regained consciousness.

Scouts To Leave For New Mexico

Half a dozen senior Boy Scouts will leave Saturday morning for Cimmaron, N. M., where they will participate in activities at Camp Philmont for approximately 10 days. H. D. Norris, Scout field executive, announced this morning.

Local Scouts who will make the trip include Sam Thurman, Jr., Kelly Lawrence, Jrl B. B. Lees, Paul Shaffer, Carroll Murdock and Sonny Crocker. Norris will accompany the group.

They plan to join a delegation from Colorado City which will arrive here in a school bus Saturday morning. Rev. Charles Brinkley is to accompany the Colorado City group.

Parachutists Fight Fire

LOS ANGELES, Aug. 8. (AP)—Reinforcements of 150 firefighters, parachuted to Condor Peak in the Angeles National Forest, joined in the battle today as the Big Tujunga canyon brush and light timber fire raged uncontrolled for its fourth day.

Early today the blaze had crept down the canyon to within one and one-half miles of the small community of Tujunga and U. S. Ranger M. W. Durham said the burned over area now totaled approximately 4,200 acres.

An effort was made yesterday to create rain by artificial methods above the burning area where two have died and the list of injured reached some 75.

The Los Angeles Times, with the aid of scientists, arranged to have dry ice dropped from a plane on a cloud in an attempt, which proved unsuccessful, to induce showers. The paper explained that a "single cumulus cloud failed to cooperate."

Aussies Swamp Canadians, 2-0

MONTREAL, Aug. 8. (AP)—All the Australian Davis cup team needed was a doubles match victory today to eliminate the Canadians and advance one step nearer a meeting with the defending champion United States team in the cup final.

The Aussies swept the two opening day singles matches against the Canadian netmen yesterday. Dinky Pails defeated Henry Rochon 6-1, 6-4, 6-2 while Geoff Brown topped Brendan Macken 6-4, 6-4, 6-1.

NASH INCREASES CAR PRICES

DETROIT, Aug. 8. (AP)—Price increases on Nash automobiles ranging from \$95 to \$168.40 have been announced by Nash-Kelvinator corporation President Geo. W. Mason.

The boosts, which went into effect at midnight Thursday, followed increases in recent days by General Motors Corp., Packard-Motor Car Co., and Kaiser-Frazer Corp.

Mason said his firm found it "utterly impossible to continue to absorb rising costs of materials and labor which go into finished automobiles without raising prices."

He said Nash was hiking the cost of its low price "600" line of cars for the first time since OPA controls were removed last year.

\$75 Fine For Drunken Driving

Barney M. King, one of two persons picked up Thursday by members of the city police force on charges of driving while intoxicated, entered a plea of guilty in county court this morning and was fined \$75 and costs.

The other party is being held in the county jail pending trial.

W. B. Louder Dies

W. B. Louder, brother of three Big Spring people, died at San Benito at 8 p. m. Thursday after suffering a second stroke within a week.

Services were set for Saturday afternoon at San Benito.

Mrs. Joe Blum, Rob Louder, and Mrs. Bonnie Beth Leudecke, accompanied by Earl Louder, Semole left for San Benito Thursday evening on learning of their brother's death.

State Florist Meet Will Start Monday

DALLAS, Aug. 8. (AP)—The Texas State Florist association convention, scheduled here Monday through Thursday, is expected to attract more than 1,200 florists, according to state secretary Wise Adkinson of Greenville.

Speakers for the group's 49th annual convention will include Henry Bulcher, Amarillo, president of the state florist group.
