OUR VACATION.

Well, Mrs. Editor, I left Tahoka Tuesday morning, July 2nd, for a little recreation in the country and to spend the great National Holiday at Post City. We left on the mail car with Mr. Alex Henderson; went with him as far as Mr. W. D. Knighton's, where we were met by W. H. Robison. We stayed there until the morning of the Fourth and as old Sol showed his face above the horizon we were off for Post City; got there all right and had a good time and got back just after old Sol had hid his face in the far West.

The next day about noon we

saw two covered wagons and a hack coming our way and it was not long before they were at the gate and drove in, and it was J. A. Shaw and family, formerly of Jack county. They struck camp and about the first thing mentioned was a fishing trip. Well, we began to throw things together for an outing in Yellowhouse Canyon and Saturday morning bright and early Mr. J. A. Shaw and two boys, Clyde and Cecil, W. H. Robison and myself were off. We were not long in making the drive and by noon we had caught more fish than five of us, all long hungry men, could eat for dinner and supper. After dinner and after we had rested a while, we went back to fishing and soon caught another fine lot. I said to the rest that it was no use to catch any more and just let them spoil, so we began to prepare for our homeward drive. We fixed our fish up in water and pulled out for home and got there a little after sundown. Then the fish cleaning came off, we had all hands and the cook at it, salted them down and the next morning we had more than 16 people could eat.

Now, Mrs. Editor, if you don't think that was a Pic-Nic, I don't know what it would take to constitute one. It beat Post City awfully bad. If you did not want the fish to bite, you would have to hang the line on a mesquite bush and then they would jump out of the water trying to get it.

I have been in Texas ever since the fall of '78 and this was the best fishing expedition I ever had, not excepting the Pennington creek in the Chickasaw Nation, which is noted for its fish.

I was the only one that happened to an accident, and in that case, my eyes either deceived me or else I am not as young as I used to be. I started to jump across the creek and landed in the bog up to my knees.

There is only one thing that I regret and that is that Bro. C. M. Whipp was not along, for he would have gotten the wrinkles filled out once and then I think he would look like a full fledged Justice.

Well, Sunday morning we sat around and played the phonograph and in the evening we unloaded Mr. Shaw's organ and Miss Aubrey Shaw, assisted by her two sisters, Misses Velma and Etta, gave us some splendid music, and by the way Mr. Shaw is no slouch when it comes to singing Tenor.

FRIDAY, JULY 12, 1907.

A general rain visited this part of the country Wednesday night, quite a little wind accompanied the rain, but we have heard of no damage being done. We hear of a good rain from Big Springs

Miss Ethel Cook gave a farewell party to her guest Miss Amelia Rix Wednesday evening. Most of the guests arrived before the rain began and a very pleasant evening was spent in games and conversation. Refreshments of ice cream and cake were served to the delight of all present. The storm of rain and wind continued most of the night compelling the young people to spend the night. This condition was hailed with delight, as no pleasanter place could be found in which to be stormbound. Miss Ethel is a charming hostess and made her guests feel the rain was ordered for the purpose of prolonging their enjoyment. Lack of space prevents a mention of the list of guests. Misses Mary and Etiza Windham were guests of honor.

If you are in need of a set of nice single or double harness, you can find it at THE HARDWARE STORE.

Mr. J. A. Shaw, of Jacksboro, has moved to Lynn county and bought a half section adjoining W. H. Robison, 16 miles east of town. Mr. Shaw has his family with him three boys and three girls, we hear the girls are good singers and play nicely on the organ. These people have brought their household goods with them and expect to make this county their future home.

Watch this paper for notice of the arrival of a nice line of GLASSWARE and QUEENSWARE at THE HARDWARE STORE.

J. R. Honea moved into his new barber shop Monday. The new shop is a credit to the town and an ornament to the north side of the square. Mr. Honea has been in Tahoka a year and has built up a fine business, traveling men have made the remark in our presence that we had the best barber on the Plains. We have the finest town on the Plains consequently we have to have fine folks.

THE BUICK AUTOMOBILES

The Automobile has come to Tahoka to stay, especially the Buick, which is without a peer among autos. Their strength and compactness of build make them the ideal business mans car, for cross country traveling they can't be excelled. Their simplicity and ease of handling make them a favorite with the ladies. We have enjoyed several rides in the Buick machine sometimes driven by a lady and sometimes by the "Mighty lords of creation," and the machine behaves alike for all who treat it like a self respecting automobile should be treated. Those who drive Buick machines are fortunate in having the services of an expert chauffier and mechanic always at their command. Mr. Garner is stationed at Lubbock, and has his private car always ready to answer the call of any one who has trouble with his machine. If one is unfortunate enough to have his car break down the nearest telephone will bring him the needed assistance in a very short time. Mr. Garner knows the country by heart, and can find his way any where he is needed. He also knows the Buick machine inside and out, and can tell at a glance what the trouble is and remedy it almost as quick. Tahoka and Lynn county always know a good thing when they see it, and

proceed to catch on, that's why we ride in a Buick.

LADIES' PRAYER MEETING

Mrs. A. S. Coughran, was hostess for the ladies prayer meeting last Monday, the attendance was good and a pleasant meeting was conducted by Mrs. Millman. The meeting will be held with Grandma Phenix next Monday July 15, with Mrs. Black for leader.

John Young, Prop.

To Our Patrons:

We find that after an honest effort to satisfy our customers, and to justify us and our efforts to satisfy our trade that it will be at a loss to us, selling on as small margin as we do, to deliver any purchase of any kind for a less amount than \$1.00 worth. So we take this method of notifying all of our customers that from and after this date, we will charge all deliveries made for less than said amount of \$1.00 worth, to each purchaser. We trust that the trade will bear us out in this, as it is impossible to do business at a sacrifice and loss to us. Very Respectfully: L. E. BIGHAM, THE FAIR, WELLS & WELCHER, G. W. COUGHRAN & Co., OUSLEY & ALLEY, W. E. PORTERFIELD, TAHOKA HARDWARE Co., TAHOKA DRUG Co.

The authority on fashion of The New Ideas Womans Magazine says in her article in the August Issue that it is a well recognized fact in the modish world that some one article of dress always monopolizes the first place of interest and importance in the wardrobe. This year it is the separate wrap from the bewitchingly airy and fetching little shoulder scarf of silk and chiffon to the cloaks and capes of cloth, lace and pongee. This season every linen frock should have its separate jacket, tailored with the same care as miladis' cloth suits and other lingre waists are worn fascinating little belored of exquisite handkerchief linen and lace. These are described in de tail and graceful drawings show the use of appropriate Patterns in a variety of attractive material.

Mr. Thomas, our new druggist, is making quite a number of improvements in his store: A nice cigar case has been put in, and other arrangements made to better display the stock, and make room for the goods that are coming. Mr. Thomas has ordered a full line of photographic supplies, and will be able to supply a long felt want among owners of kodaks. Photo supplies are more than expensive when ordered in small quantities and they are not as well packed when they are sent to the small buyer. We know by sad experience that the path of the amateur photographer on the Plains is beset by the things they can't get.
