

More Jap Ships Sunk, Damaged By U. S. Planes

By The Associated Press
American warplanes striking at Japanese forces in the Western Aleutians and in the South seas were credited today with damaging two enemy cruisers, sinking or damaging at least eight other ships and inflicting 500 troop casualties, while U.S. marines continued to hunt down enemy snipers in the Solomon Islands.

On the New Guinea front, developments took an ominous turn as Gen. Douglas MacArthur's headquarters acknowledged that Japanese troops had scored a new eight-mile advance in the drive toward Port Moresby, a vital post in Australia's outer defenses.

A United Nations communique said the main bodies of the allied and Japanese forces in New Guinea now were locked in battle only 32 air miles from Port Moresby, with the Japanese exerting heavy pressure.

The communique reported that "serious fighting" was in progress in the jungle-crooked Owen Stanley mountains, but gave no indication of the turn it was taking.

It appeared evident, however, that the Japanese had been strongly reinforced during the past week and that they were throwing everything into a determined effort to reach Port Moresby, a vital link in Australia's outer defenses.

An Allied spokesman said that despite the rugged nature of the terrain the Japanese had brought up mountain guns and were employing mortars and machineguns as well. While the full strength of the Japanese forces was not known, it was believed their spearhead on the southern side of the mountains was composed of several thousand men.

At the same time, the Japanese were reported to be attacking at both ends of the far-flung Pacific battle theater. American fliers scored bomb and torpedo hits on two enemy cruisers off Chosiden Island 200 miles north of Guadalcanal in the Solomons, and pounded Japanese shipping and troops in the Aleutian Islands, the navy announced.

Pacific fleet headquarters said U. S. army planes attacked Japan's chief base in the Aleutians at Kiska Harbor on Tuesday, sinking two enemy minesweepers and damaging three submarines, three big cargo ships and "several" smaller craft. In addition, the raiders killed or wounded an estimated 500 Japanese troops, shot down six planes and set fire to warehouses and supply dumps.

In the Solomon Islands, American marines were reported to have been down a third Japanese attempt to regain prize Guadalcanal air base. The navy said the intensity of the fighting had diminished, with marine patrols scouring the interior of the island for surviving Japanese bands.

"We have the responsibility for giving the needy, lower income farmer a chance to participate effectively in the war effort," said Henry Wilkinson, state FSA director for Texas. "With our help he can make a valuable contribution to America's food production program," he continued.

"Our program is on a wartime footing and every activity of the FSA will be considered on the basis of its contribution to the nation's war need. Clearly this means that Food for Freedom must come first in the thinking of our personnel and borrowers," he concluded.

The FSA medical and dental care program, cooperative organizations, are planning, and the refinancing of secured indebtedness were among the subjects that came up for discussion at the meeting.

Work Progresses On Soil Payments
Preparation of transmittals for soil conservation payments was to be started Thursday, it was announced at the county ACA office.

Approximately half of the soil conservation applications have been completed and are ready to be submitted for payment. Work of transmitting them is being speeded up because of the requirement in listing the first name and middle initial of each operator.

Heretofore, initials have been sufficient.

Proposes Freezing Of Security Tax
WASHINGTON, Sept. 17 (AP)—A resolution to freeze social security taxes at present levels was introduced in the senate today by Senator Vandenberg (R-Mich.).

Vandenberg said the measure not only would counter an anticipated treasury proposal to increase these taxes to a total of 5 per cent, but would, if adopted, prevent the automatic doubling next January 1 of present levies of 1 per cent on employers and 1 per cent on employees.

Asserting that there was no present necessity for increasing these taxes, Vandenberg said he had learned that present levies would pour \$219,000,000 into the social security reserve funds in 1943. He said that fund already exceeded by 30 times the amount congress had said must be maintained to pay social security benefit payments on a sound actuarial basis.

WASHINGTON, Sept. 17 (AP)—A resolution to freeze social security taxes at present levels was introduced in the senate today by Senator Vandenberg (R-Mich.).

Vandenberg said the measure not only would counter an anticipated treasury proposal to increase these taxes to a total of 5 per cent, but would, if adopted, prevent the automatic doubling next January 1 of present levies of 1 per cent on employers and 1 per cent on employees.

Asserting that there was no present necessity for increasing these taxes, Vandenberg said he had learned that present levies would pour \$219,000,000 into the social security reserve funds in 1943. BATTLE RAGES WITHIN STALINGRAD

FDR Opposes Any Change In Farm Parity

Tells Committees Formula Must Remain As It Is

WASHINGTON, Sept. 17 (AP)—President Roosevelt, in letters to chairmen of the senate and house banking committees, expressed "unalterable opposition" today to any move to change the present parity formula for farm prices.

Advised at a White House conference that amendments might be offered to pending anti-inflation legislation to alter the level of parity returns to farmers, the president wrote Senator Wagner (D-NY) and Rep. Steagall (D-Ala.) opposing such a move.

Parity is a price level calculated to give farmers a return for their crops comparable to a past favorable period, usually 1909-14. Some farm bloc members had contended that this formula ought to be revised to take farm wages into account, thus increasing the level to which farm prices might rise before ceilings came into operation.

"I should like to make clear my unalterable opposition to any recomputation of parity at this time," the president wrote. "In my message of Sept. 7 I stated, 'In computing parity, we should continue to use the computations of the bureau of agricultural economics made under the law as it stands today.' This will continue to be my policy."

Senate republicans meanwhile pledged cooperation with the administration in efforts to obtain speedy congressional approval of legislation authorizing and directing President Roosevelt to stabilize prices and wages and salaries.

Indicating that the minority group would have several amendments to offer to the pending anti-inflation bill, Republican Leader McNary, of Oregon, said the group would meet Saturday to draft some proposals.

At a preliminary conference today, McNary said, the minority group resolved that the republican conference recognizes the present situation with respect to living costs, that it believes action is necessary, and will cooperate in an effort to work out a wise solution of the problem presented to the senate and the senate and the country.

WASHINGTON, Sept. 17 (AP)—After a preliminary test, the war department decreed today a strictly cash policy for all soldiers at army posts in the continental United States.

Secretary Stimson announced the new order which abolishes credit privileges for personal purchases enjoyed by soldiers for decades.

The department said the new policy would save bookkeeping, further efforts to reduce credit buying and expressed belief also it would "inculcate the habits of thrift in the soldier."

The order becomes effective November 1 at all army posts in the United States except Alaska. Local commanders will decide whether to apply it at posts abroad. The preliminary test has been in progress at Fort Bragg, N. C., since August 1.

Stimson also announced at his press conference: Men between 45 and 50 who are experienced mechanics now will be accepted for enlistment as technicians with the army air forces. Minor physical defects will not disqualify applicants.

Capacity of the medical administrative corps officer candidate school at Camp Barkeley, Tex., has been ordered doubled.

Army trucks and personnel will assist civilian agencies in the collection of scrap metal, where such activity will not seriously interfere with normal military duties. The assistance will be limited in general to communities in the vicinity of army posts.

Health Offices To Be In City Hall
Big-Spring city-county health unit which will open October 1 will maintain offices in the city hall occupying space now held by the city health office.

The new unit consisting of the combined services of federal, state, county and city health departments will operate through the local medical society and will make inspections, issue health certificates, and handle similar matters previously taken care of by the city health department.

REWARD IN BONDS
WASHINGTON, Sept. 17 (AP)—Shipyard employees who make important suggestions for promoting efficiency and curtailing waste will be rewarded with war saving bonds, the maritime commission announced today.

HONDO, Sept. 17 (AP)—Clarence Thomason Copas, 50, cafe employee at the aviation field, died last night from injuries received when he was struck by an automobile while walking along a highway.

WASHINGTON, Sept. 17 (AP)—Placing of inspectors in all important war plants "to see that labor is efficiently utilized at maximum skills" was proposed today by Director Wendell Lund of the WPE's labor production division.

He voiced his suggestion before the house committee on defense migration, saying that the war manpower commission already has the power to institute labor market controls and that it should not wait for sweeping legislation.

Lund, turning to the problems created by plants overstocking with labor, against anticipated rather current needs, testified "it is natural in a period of expanding employment and impending labor scarcity for employers to hoard labor just as they want to hoard materials."

He said that from his observations a saving in manpower requirements could be brought about "if we institute the same sort of inventory controls in the labor market that we have instituted and are instituting with respect to critical raw materials."

A government attempt to determine the future manpower needs of both the armed forces and industry was disclosed to congress, meanwhile, amid indications that the administration soon would seek a national service to combat labor shortages.

Lund reported government agencies were preparing a decision "on the largest and most efficient possible army which can be fully serviced by those who are left outside the armed forces."

Lund reported government agencies were preparing a decision "on the largest and most efficient possible army which can be fully serviced by those who are left outside the armed forces."

"Until that decision is made, the twin dangers face the nation's war effort," he said in a statement submitted to the house committee on defense migration. War Production

Raft Found On Long Island Beach Shot Fails To Halt Night Prowler

NEW YORK, Sept. 17 (AP)—The eastern defense command announced today that a small raft had been found along the Atlantic coast of Long Island last night and that a shot was fired in an unsuccessful attempt to halt a prowler.

An army beach patrol, together with police and coast guard, later searched the vicinity but "discovered nothing unusual."

The announcement said the incident occurred at about 9 p. m., central war time.

The text of the announcement follows: "Last night, Sept. 16, at about 10 p. m., eastern war time, local coast guard patrol on Long Island beach near the Hamptons found a small raft and reported that a prowler was seen running along the beach in that vicinity."

"A shot was fired in an unsuccessful attempt to halt the prowler. An army beach patrol arrived at the scene within a few minutes. Soldiers, police and coast guard searched the vicinity but discovered nothing unusual."

The "Hamptons" referred to in the announcement are a group of villages on the south shore of Long Island about three-quarters of the distance from New York to the island's tip at Montauk Point.

State and village police throughout eastern Long Island were busy all morning stopping motorists and requesting identifications from them and their passengers.

Likewise, at least two Long Island railroad trains were boarded by authorities.

BROWNSVILLE, Sept. 17 (AP)—More than a hundred residents of lowlands flooded by the swirling Rio Grande seek safety today aboard rescue craft brought on trailers from Fort Isabel, Corpus Christi and Houston.

The coast guard was in charge of the evacuation. Water, rising almost an inch an hour in the danger zone last night, washed across the Southwest road five miles southeast of here.

Dark, churning water three feet above the level of Brownsville streets was held back by levees 500 feet from the main business section. Pools of seepage appeared behind the levees, which were only 18 inches higher than the water.

The river rose above the 20 foot mark, and the weather bureau predicted it would remain stationary today. Another crest of still higher water was forecast for tomorrow.

Floodwaters inched to within a mile of the Brownsville airport last night. Sixty persons were marooned on a knoll in the South-most community, ten miles southeast of here.

The Brownsville weather bureau last night warned all residents east of Brownsville that the situation would grow more critical in the next 36 hours.

All persons in the area were urged by Capt. C. L. Johansen, commanding officer of the port of Brownsville, to move out as soon as possible.

CAIRO, Sept. 17 (AP)—Allied heavy bombers made a daylight attack yesterday on the axis supply port of Bengasi, more than 600 miles west of the Egyptian battlefront, scoring hits on two ships and setting one afire, a British communique announced today.

At the same time, the bulletin said, British fighters were active over the battle area, shooting down at least two enemy aircraft and damaging many others. One British plane failed to return to base.

On the previous night Tobruk, also a vital axis supply port, was blasted by heavy bombers. There have been no activities on the land front except for patrol skirmishes and artillery exchanges, the communique said.

1943 Production To Exceed Goals, Nelson Asserts
WASHINGTON, Sept. 17 (AP)—War Production Chief Donald Nelson said today that the nation now "is almost at a maximum" of production and that the output of war material in 1943 would be "much bigger" than the previous goal of \$60,000,000,000.

He told the house committee on defense migration, now studying methods for full utilization of manpower, that production would begin in full flow in January and February.

14 Injured In Arms Plant Explosion
NEW HAVEN, Conn., Sept. 17 (AP)—A midnight explosion so powerful that it knocked sleepers from their beds shook the huge plant of the Winchester Repeating Arms company, injuring 14 persons.

Doctors said that the condition of none was serious.

Winchester works manager Thomas I. S. Boak, termed the explosion "accidental," said it occurred in a small sheet metal outbuilding when a worker dropped a tray containing explosives.

The roof of the building, now attached to the walls, was blown to bits and windows throughout the factory were shattered. Boak estimated the damage to the new building at \$10,000.

Nazi Superiority In The Air Makes Defense Difficult

By HENRY C. CASSIDY
MOSCOW, Sept. 17. (AP)—German and Russian infantrymen battled in the attics and cellars of a northwestern section of Stalingrad today after the gates of the city finally had been opened to the invaders by massed tanks.

Bombs rained down without a lull from the defending army—made up of soldiers, Red marines and armed civilians—and buildings within the smoking city on the elbow of the Volga as waves of Nazi divebombers hurled themselves into the assault.

It was apparent from field dispatches that the German air force held a clear numerical superiority and was hard for Soviet fliers to meet.

The Moscow radio announced that the invaders were maintaining their advance, despite thousands of casualties.

Successful defensive actions were stressed by the Soviet information bureau's mid-day communique a few hours later, however, and Russian field dispatches in no way intimated that the fighting was lessened or that the city was falling.

"In the northwestern outskirts of Stalingrad, enemy automatic riflemen supported by tanks were repulsed by a Soviet infantry unit," the communique said. "Six tanks were disabled or set on fire by anti-tank rifle fire, hand grenades and incendiary bottles. The enemy automatic riflemen were surrounded and wiped out."

About 600 Germans were reported slain on other sectors of the Stalingrad defense zone in engagements which frequently developed hand to hand fighting. Nazi tanks, armored cars and ammunition trucks were brought under the damaging fire of Red army artillery.

Tremendous fury was reported in the fighting in the northwestern section, with the Germans swarming into every house they could seize.

They fired from attics and cellars, a dispatch said, but the Red army men ejected them from many.

Dispatches left no doubt that the German air force was raining bombs continually upon the weary Russian fighters, capitalizing on a numerical superiority seldom if ever before attained in the German-Russian war.

The army newspaper Red Star said the sky over the city was swarming with both dive-bombers and high level squadrons and declared that the fate of the city depended upon the skill and courage of the available Soviet fighter pilots.

German planes were reported previously to have been rushed from many distant sectors, including North Africa, for the assault and the government newspaper Izvestia said documents found in the ruins of a downed Junkers transport showed that it had been flown to Stalingrad from the Netherlands.

Several hundred thousand troops—"several tens of divisions"—were declared by Izvestia to have been concentrated by the German command for the push that broke into the outskirts.

Transport planes brought up fresh forces and poured them into battle. Plane landings close to the front indicated the Germans were able to establish landing fields immediately outside the city.

Private Shot After He Slays Worker
PORTLAND, Ore., Sept. 17 (AP)—Richard Cox, of Portland, 24-year-old army private from Shepard Field, Texas, was shot and killed by a sheriff's deputy last night after an hour after the slaying of a shipyard worker who had married Cox's divorced wife.

Police and sheriff's deputies closed in on Cox after two boys reported a soldier had told them: "I've just killed my best friend. He had it coming. Tell the cops to come and get me. They'll never take me alive."

Last Scrap Pickup For Current Drive To Be On Monday
The last collection of scrap in the present Big Spring drive for essential war-time materials will be made Monday, September 21, City Manager Boyd J. McDaniel warned citizens today.

"This will be the last pick-up in the present drive and I hope that every person in Big Spring will do their utmost to cooperate with us," he said.

The city will sell the scrap as soon as it is collected and will divide the proceeds among the local Boy Scouts, Girl Scouts, and Office of Civilian Defense.

Friday's The Day To Don The Felt
By a common consent decree, Friday is Felt Hat Day in Big Spring, with every available influence being brought to bear on the mass of the household to go ahead and get himself that new fall headgear that he needs.

Football games are being played, the autumn season officially—by the calendar—will be here before another week is out, and straws definitely are out of style.

Big Spring stores handling men's wear are cooperating in reminding that it's time for a new fall hat, and that they have on hand the models wanted for 1943.

Four Senators, 19 House Members Lose Out In Primaries

Demos Suffer Heavier Loss Than GOP's

WASHINGTON, Sept. 17. (AP) — The 1943 primaries have counted out four incumbent senators—all democrats—and 19 house members, including 13 democrats and six republicans.

Of the 34 senators up for renomination, 24 were democrats; nine republicans, and one independent. Nineteen democrats were renominated, four defeated, and one, Green, Rhode Island, is expected to be renominated at a state convention late this month. All nine republicans won the right to run again in November, and Norris, the lone independent, has yet to announce whether he will run again.

Considering the number of sitting members that ran again, this is a normal casualty list for off-year voting.

In the last off-year primaries—1938—the democrats lost four senators and 17 house members. The republicans lost none in either branch.

Many politicians had forecast last spring that an annual number of incumbents would be knocked off in this year's primary balloting, mostly because of controversies arising from the war and also because off-year voting is usually hard on the "ins."

Isolationism versus interventionism, a lively issue before

Pearl Harbor, bobbed up here and there in the primary contests, but apparently swayed few voters. In most cases, it seemed, the voters took into account, among other things, how the candidates stood on the war currently rather than their pre-Pearl Harbor stands, as evidence by renomination of many former "isolationists" in Wisconsin, Washington, and other states.

Senator Lodge (R-Mass.), who saw action as a tank observer in Libya, won renomination over an opponent who assailed his before-Pearl Harbor "isolationism."

The four democratic senators losing out were William J. Bulow, South Dakota, a two-term, defeated by former Governor Tom Barry; James H. Hughes, Delaware, convention loser to E. Ennels Berl, Wilmington lawyer; Berkeley L. Bunker, Nevada, young 1940 appointee, defeated by Rep. James G. Scrugham, and Wall Doney, Mississippi, who trailed James O. Eastland in a run-off last Tuesday.

Isolationism figured openly in only one of these four senatorial defeats—that of South Dakota's Bulow. But even there Bulow's record of voting against the new deal on domestic questions was reported by state leaders as an additional issue.

House democrats who failed of renomination were Kocalkowski, Illinois; Patrick, Alabama; Schulte, Indiana; Faddis and Moser, Pennsylvania; Cartwright, Oklahoma; Sweeney, Ohio; South, Texas; Ford Mississippi; Boggs, Louisiana; Meyer, Maryland; Elliot, Massachusetts; and Tenerowicz, Michigan.

Republican representatives who lost out were Paddock, Illinois; Jarratt, Pennsylvania; Oliver, Maine; Robertson, North Dakota; Youngdahl, Minnesota, and Jenks, New Hampshire.

Most popular fiction among service men overseas is the western story.

Draft Case Is Appealed

TOPEKA, Kas., Sept. 17. (AP) — Arthur Goodwyn Billings has appealed to the U. S. circuit court of appeals from Judge Richard J. Hopkins' ruling on just when a man ceases to be a civilian and becomes a soldier.

Billings refused to take the oath of induction into the army and insisted that whatever offense he had committed was civil—not military—because of that fact.

Judge Hopkins ruled that since Billings had started the induction procedure he would have to answer to a military court.

The man's draft board at Delphos, Kas., refused to grant him a conscientious objector status. He was a Texas University instructor and an honor graduate at the University of Kansas.

W. D. Reilly, Leavenworth attorney, has asked that he be allowed to withdraw as Billings' counsel. A veteran of the last war, Reilly said he expected to be called soon for active army service.

County Cuts Off All Relief Funds

PITTSBURGH, Sept. 17. (AP) — "The people are getting pretty sore" about money going to relief clients who refuse to work, said County Judge W. Knox Bass, commenting on a step taken by Camp county commissioners.

Acting on a grand jury recommendation, the commissioners announced yesterday that no further appropriations would be made to state or federal relief agencies as long as some relief clients prefer benefits to working for farmers.

Representatives of relief agencies from Dallas, Austin, Tyler, Paris, Texarkana and Mount Pleasant attended an open meeting prior to the court's decision.

At the meeting, farmers demanded action, saying they were unable to employ workers because many persons were determined to remain on the relief rolls, rather than accept jobs.

Halter by the court's announcement were distribution of surplus commodities in the county, services of case workers, the school hot lunch program and assignment of additional workers to WPA projects.

Pioneer Aviation Expert Succumbs

WASHINGTON, Sept. 17. (AP) — Colonel William C. Ocker, retired, known in military aviation circles as "the father of blind flying," died Tuesday at Walter Reed Hospital. He was 66. Ocker was credited with development of many of the advances in instrument flying.

MIAMI HONEYMOONERS — Lieut. and Mrs. Edgar L. Hinton, who were quietly married in San Antonio, Tex., take a stroll while honeymooning at Miami Beach, Fla. Mrs. Hinton is the former Marguerite Roach, daughter of Movie Producer Hal Roach of Hollywood, Calif., now a major in the army. Lieut. Hinton is from Wilmington, Del.

Willkie Arrives In Russian City

KUZYTSHEV, Russia, Sept. 17. (AP) — Wendell Willkie arrived by air today at this branch capital of the U. S. S. R.

He came from Teheran, Iran, on an air tour as President Roosevelt's volunteer messenger of American home unity which has taken him through the Middle East and which will include China.

Glider Students To Use Dormitory

DENTON, Sept. 17. (AP) — With plans completed for the location of a glider training center in Denton, North Texas State Teachers college has turned over to the army aviation command its new men's dormitory, Chilton hall, for the duration.

The first group of men will arrive at their campus headquarters tomorrow. College furniture has already been moved out, and army

equipment, including double-deck beds, has gone into the three-story men's residence hall.

Benjamin Franklin in 1763 developed the glass harmonica.

Lend-Lease Meat Buying Declines

CHICAGO, Sept. 17. (AP) — Purchases of meat by the Agricultural Marketing administration, government agency which buys for lend-lease shipment to other United Nations, have slumped sharply over the past several weeks, a compilation of department of agriculture reports showed today.

Scaling down of the agency's buying was a necessary result of the meat shortage, livestock experts said. The AMA, which formerly made heavy purchases weekly, now buys only every other week in an effort to make more supplies available for domestic consumers.

The recent reduction in purchases does not mean that a corresponding downturn has occurred in the aid nations, trade sources asserted. They added that the agency could be making the same total available, drawing from its stocks.

It was expected by livestock experts that the AMA's buying would expand within a few months as the autumn and winter run of hogs and cattle, which will be exceptionally large, comes to market.

Three Killed In Train Crash

CHARLESTON, Ill., Sept. 17. (AP) — Three trainmen were killed and an undetermined number of persons were injured yesterday when the Southwestern Limited passenger train apparently went through an open switch near Ashmore, Ill., and crashed head-on into a standing train of oil tank cars.

Coroner Horace V. Clark of Coles county said that "about two dozen" persons were injured but that most of the injuries were not serious.

Over 28,000 Aussies Missing Or Captured

CANBERRA, Australia, Sept. 17. (AP) — Australian war losses include 28,251 missing in action or captured by the enemy, Army Minister Francis Forde announced today.

Of these 7,667 are known to have been captured in the Middle East, mostly in Greece and Crete, while 16,288 were taken prisoner or lost in Malaya.

Crash Victims' Names Listed

BIRMINGHAM, Ala., Sept. 17. (AP) — Names of the six victims of the crash of an army B-26 medium bomber on Double Oak mountain was revealed today by the Birmingham army air base.

They were: Lieut. Frank W. Taylor, Houston, Tex.; Lieut. John A. Johnson, Evanston, Ill.; Lieut. Bill S. Wade, Long Beach, Calif.; Sgt. William John Town, Detroit; Sgt. Reynold J. Drott, Houma, La.; Pvt. Gorman B. Schlotzman, Barrington, Ill.

Texans Do A Lot Of Trading Out Of Home Town

AUSTIN, Sept. 17 (AP)—More than half of Texas' citizens buy mer-

chandise outside their home towns but would be willing to give home merchants the business if they would meet outside competition, the latest report on a continuous cost of living survey released today by the University of Texas

bureau of business research indicates. In the nine communities surveyed, from 34 to 84 per cent of the families buy out of town occasionally, while five to 29 per cent do so frequently. Almost half of

this buying is done by mail rather than in person, the survey showed. Hindus comprise 68 per cent of the population of India.

Women Going Into The Steel Mills

GARY, Ind., Sept. 17 (AP)—The war has brought women into the steel mills in larger numbers than

ever before, say spokesmen for the Carnegie-Illinois corporation, and soon at least 13 1/3 per cent of the employes in the world's largest mills here will be women. One out of every five persons in the world is an East Indian.

Fire Prevention Week Set Oct. 4-10

AUSTIN, Sept. 17 (AP)—Commenting on Fire Prevention Week proclaimed by Gov. Coke R. Stev-

enson for Oct. 4-10, Marvin Hall, state fire insurance commissioner, suggested today that every Texan accept individual responsibility in adopting fire prevention measures at home and at work.

WARDS HAVE THE RIGHT WORK SHOE FOR YOU!

No. 8887

No. 8736

No. 8467

No. 8930

No. 8330

THEY'RE BUILT FOR TOUGH JOBS! THEY'RE TESTED FOR WEAR!

DO YOU WORK OUTDOORS?

Wear weather-proof work shoes! Rain rolls off their oil-tanned hide. Storm welts keep feet dry. These are our best BLUE BAND quality!

3.98

DO YOU WORK ON A FARM?

Wear farm-proof work shoes! The leather is double-tanned to resist the rotting effect of soil acids. Good GREEN BAND quality.

2.49

DO YOU HANDLE HEAVY LOADS?

Don't risk broken toes! Wear safety shoes—with hidden steel toe cap that withstands 2000 lbs. (a ton) of pressure! Tough Nire-cord soles!

3.49

ARE YOU HARD ON SOLES?

Wear our famous No. 8930. It has double leather soles to give you double the wear! Storm welts keep out rain! Better RED BAND quality.

3.49

DO YOU SCUFF YOUR TOES?

Wear this scout style work shoe. A double layer of leather at the toes gives extra protection against wear. Good GREEN BAND quality.

1.98

THESE WORK CLOTHES WILL GIVE YOU EXTRA WEAR

TOUGH COVERT WORK PANTS 1.49

America's favorite work pants! Sanforized cotton covert 99% shrinkproof. And you don't need to launder them so often, for they don't show soil easily! Men's full cut sizes, strongly sewn.

HORSEHIDE LEATHER JACKET 10.98

You asked for the toughest leather there is... and here it is! This hard-wearing men's jacket has a slide fastener front; roomy pockets lined with cotton sueded cloth. Enjoy it the year 'round!

DOUBLE DUTY WORK SHIRTS 1.09

Husky Pioneer shirts give you added wear! They're double-thick at the elbow and underarm, where you need extra strength. In Sanforized cotton covert or chambray, 99% shrinkproof. Full cut!

HERRINGBONE SHIRT AND PANTS SET—PRICED LOW 3.18

This matching work outfit is great for looks and swell for comfort! The shirt is of strong cotton jean, with pearl button front and trim dress collar that can be worn open or closed. The trousers are of long-wearing drill in a matching herringbone weave. Both are Sanforized-shrunk for lasting good fit—can't shrink over 1%. Full sizes give you freedom of action!

MEN'S SUEDE CLOTH SHIRT 1.19

Let 'er blow—this warm shirt is wind resistant. It can take hard wear, too—it's strongly built, reinforced at strain points. Washable cotton suede cloth in full, roomy sizes!

HOMESTEADER OVERALLS FOR REAL TOUGH WEAR! 1.29

Wash them all you want—they won't lose their comfortable, roomy fit! For Homesteaders are 99% shrinkproof. You'll like Homesteaders' roomy sizes and sturdy construction, too. Bartacked at strain points, with riveted-on metal buttons, rip-proof seams. And here's a conservation tip: two pairs worn alternately last over twice as long as one worn constantly!

SPLIT PIGSKIN WORK GLOVES 79¢

No wonder it's our best selling leather work glove! This all-purpose pigskin is soft—yet tough! The chamois-like skin won't stiffen after wetting. In the popular band-toe style!

WARDS "MECHANIC" SOCKS 19¢

The work sock men everywhere prefer because it wears so long! No wonder! Heels and toes are twice as heavy as the rest! Good, absorbent cotton. Seamless feet. In regular or short lengths.

"101" BANDTOP OVERALLS 1.25

They'll help you do a man-sized job! 101's are famous for long wear—for sturdy construction. Notice the extra strong main seams, the riveted-on buttons. Full cut—and 99% shrinkproof!

LEATHER PALM WORK GLOVES 35¢

Here's a fine Ward value! Striped canvas backs with split cowhide leather palm for longer wear. Knit wrist for snug fit. Continuous thumb... Lock-stitched seams that won't rip!

Room Mothers Named By North Ward P.-T.A.

Appointment of several important committees, election of officers to fill vacancies, and the naming of room mothers all were crowded into the first meeting of the school year for the North Ward Parent-Teachers association Tuesday at the school.

Named to the finance committee were Mrs. Tom Steward, and Mrs. G. W. Hill, Mrs. R. C. Hitt and Mrs. Arthur Ruckart were elected as a program committee.

Room mothers chosen were: Mrs. C. M. Weaver, seventh grade; Mrs. H. E. Meador, sixth grade; Mrs. Guy Simmons, fifth grade; Mrs. Martin Dehlinger, fourth grade; Mrs. B. E. Winterrowd, third grade; and Mrs. R. W. Windham, first grade, whose room was the prize posted for the grade with most mothers present each month.

Mrs. Winterrowd, Mildred Creath and Mrs. Martin Dehlinger were selected as representatives to the P.-T. A. council.

A sanitation committee was set up with Mrs. J. C. Roberts as chairman, assisted by Mrs. J. A. Kilpatrick, Mrs. McCarty and Mrs. W. O. Leonard. Mrs. Melvin Choate was selected as chairman of the safety committee.

The president urged those who will join the Mother Singers to contact Mrs. Bernard Lamn or Mrs. R. E. Blount. Mildred Creath led the members in the pledge to culminate the meeting.

Attending were Mrs. James W. Bennett, Mrs. Windham, Mrs. W. F. Cook, Mrs. Steward, Mrs. Dehlinger, Mrs. Cling Forrest, Mrs. G. W. Hill, Mrs. Walter Ruckart, Mrs. H. C. Holden, Mrs. McCarty, Mrs. John T. Johnson, Mrs. Leonard, Mrs. Roberts, Mrs. Kilpatrick and Lois Carden.

Forty-Two Club To Discontinue Game Prizes

Declaring prizes for the duration would be "out," members of the All Around Forty-Two club met at the city park Wednesday with Mrs. C. M. Cochran as hostess.

Games were played and watermelon was served. Mrs. D. S. Orr and Mrs. Max Welch made high scores in the games.

Two guests present were Mrs. Ella Barley and Mrs. M. E. Byrley. Others attending were Mrs. Jim Harper, Mrs. Guy Mitchell, Mrs. Alice Wright, Mrs. Grady Jones, Mrs. Marvin Wood, Mrs. N. J. Allen, Mrs. H. D. Stewart, Mrs. Frank Gray.

Mrs. Wright is to be next hostess.

Marriage Of Miss Sanders Announced

Mr. and Mrs. T. E. Sanders announce the marriage of their daughter, Callie J. Sanders, and James W. Sanders in San Antonio at 8 o'clock Saturday night, September 12th.

The ceremony was read by the pastor of the First Baptist church. The bride wore a royal blue velvet ensemble with navy accessories. Miami Wade who was the bride's only attendant, wore a black ensemble with black accessories.

The couple is at home in Houston where Sanders is employed at the ship yards. Sanders is the son of Mr. and Mrs. Sam Sanders of Ballinger.

The bride was formerly employed here at the welfare office and then went to Washington, D. C. She was later transferred to San Antonio where she was employed at Fort Sam Houston.

Pledges include Eva Jane Darby, Margaret John McElhannon, Marilyn Keaton, Nancy Thompson, Billie Ragdale, Annie Eleanor Douglas, Charlene Pinkston and Wanda Rose Bobb.

Plans were announced for four week of probation, hell week and then formal initiation.

Refreshments were served and Jonna McLaren was named as next hostess.

Others present were Betty Bob Ditta, Barbara Laswell, Marjorie Lawell, Billie Frances Shaffer, Berris Mary Smith, Jo Ann Switzer, Doris Nell Tompkins, Colla Westerman, and Mrs. Clyde Thomas, Jr.

Miss Laneous Notes

By MARY WEAVER

Since Pandora opened that fatal box, just because she couldn't wait to see what was inside, people have been getting into trouble because they are too curious.

Two men get in an argument and old curious soul has to find out what it is all about. Nine times out of ten he will either get his head beaten in if there's a scuffle or somebody will haul him off to jail before he can prove he's not guilty, just curious.

Then there's the sign that proclaims to the world that this is wet paint, therefore please walk around the object or come away paint streaked. The non-curious accept the printed verdict and walk away, but not the curious who want to find out just how wet the paint really is.

Then there's the sign that says "road ahead blocked—detour." But because there are no chains across that can't be moved, the curious one has to strike ahead as far as possible, just to see if maybe he can get through after all.

This curiosity must be caused by little demons who ride herd on their victims pricking them here and there and egging them on to do such things. There's no rhyme or reason to it, but that's the way curious act. (We ought to know. We belong to the worst variety of the curious clan.)

Delegates Elected By United Daughters Of The Confederacy

COLORADO CITY, Sept. 17. (Sp.)—The Robert E. Lee chapter of the United Daughters of the Confederacy met this week to elect delegates to the state meeting which will be held in Austin October 12-15. Mrs. Charles C. Thompson presided.

BATTLE TRAINING—A British soldier runs across a wooden plank bridge to cross a stream on the assault course of battle training school in Britain. This course is to be turned over to U. S. troops for training.

Pershing, At 82, Watches Yankee Power Rise Again

By ALEXANDER H. GEORGE
Wide World Features Writer
WASHINGTON—On Sunday, Sept. 13, an old soldier in the Army's Walter Reed hospital quietly noted his 82nd birthday anniversary.
To him, as he followed a daily custom of carefully reading the war news, there probably came memories of the busy and triumphant 58th birthday which he spent on the western front.
For it was on Sept. 13, 1918, that the General "Black Jack" Pershing in the first big American offensive of World War I by crushing the Germans in the battle of St. Mihiel. Some 600,000 Americans, with 2,900 cannon, 400 tanks and 1,000 "aeroplanes," defeated the enemy in one of his strongest positions.
It was the first engagement of the A.E.F. as an independent force and demonstrated—as Gen-

GEN. PERSHING

eral Pershing insisted to Allied Generalissimo Foch it would—that American soldiers, when trained, have what it takes to win a major war. The victory greatly boosted the spirits of the

Allies and paved the way for the series of smashing onslaughts that led to German surrender two months later.
Now, General Pershing keeps close tab on the progress of the Yanks of 1942. Friends say he was very proud of what they did to the Japs in the Solomon Island battles. He remarked then that Americans had again demonstrated they were the world's best soldiers.
The "grand old soldier" spent his birthday with little departure from the customary routine. Chats with a few old cronies and the added excitement of receiving floral gifts and congratulatory messages from hundreds of friends and admirers.
Amid the memories of 1918, perhaps will sound an echo of the tramp of his boys to the straining strains of "Goodbye Broadway, Hello France" or the more plaintive "There's a Long, Long Trail A-Winding."
General Pershing has permanent two-room quarters in the hospital, but he is not sick abed. His health is considered marvelous in view of the fact that four and a half years ago he was on

Report Slaughter Of Yugoslav Males

LONDON, Sept. 17 (AP)—A Reuters dispatch from Istanbul today quoted Hajruga reports that the Germans had shot all male inhabitants of four Yugoslav villages and sent the women and children to concentration camps in reprisal for the blowing up of a German military train.
The train, carrying troops and war supplies, was blown up by Serbian irregulars on Sept. 10, it was stated, and many young officers on their way to reinforce Marshal Rommel's Africa corps were killed.
The verge of death from a heart and kidney condition.
His figure, long the acme of military erectness, is a little stooped and noticeably frail. His eyes, however, are keen and his voice is strong and clear.
Friends of the old soldier are confident that the Yanks will again be holding the western front on the European continent, perhaps in Pershing's beloved France, are "taps" are sounded for "Black Jack."

Bonfires Made Of War Savings Stamps

GALLATIN, Mo., Sept. 17 (AP)—Gallatin citizens are making it hot for the enemy with nightly bonfires, burning up their newly-purchased war savings stamps.
A fragment of each stamp is saved and forwarded to the treasury department with this message: "The money paid for these stamps is now wholly yours. Use it to insure our liberty."
Must Buy Lollipops For His Children
CAMDEN, N. J., Sept. 17 (AP)—Convicted on a non-support charge, Bernard Skain, 35, was sentenced to buy ice-cream lollipops for his seven children every day for six months, in addition he must spend every night behind bars.
The court stipulated that he pick up the lollipops on his way to jail from his shipyard job.

Veneral Diseases To Be Kept In Check

CHICAGO, Sept. 17 (AP)—Wives and mothers of service men were assured today by Dr. Morris Fishbein of the American Medical association that proposed induction of some men with venereal diseases would not jeopardize the health of others.
Major General Lewis B. Hershey, national selective service director, announced Tuesday the army has agreed to take some men with venereal diseases, starting in October. Of the proposal, Dr. Fishbein, editor of the association's Journal, said:
"The induction of men with curable venereal diseases cannot possibly be hazardous to the health of those in the army since such men are assigned promptly for treatment and are under control."
A 16-inch coast artillery gun can be fired about 200 times before its barrel must be relined.

Yorktown Had Historic Role In Pacific Action

By WALTER B. CLAUSEN
Associated Press Staff
PEARL HARBOR, June 7 (Delayed) (AP)—The aircraft carrier Yorktown is gone, but it will not be forgotten.
As long as history of the great war in the Pacific is written the name of this ship will be a part of it. The log of the Yorktown is a history in itself, the history of a new epoch in naval warfare—the dawn of the aero-amphibious era.
The Yorktown's last fight was the historic battle of Midway. Its valiant fighters were in on the kill which crushed the Japanese move for conquest of Hawaii—destroying four Japanese aircraft carriers and ending the Japanese naval and air superiority in the Pacific.
Japanese torpedo planes sent their lethal fish into its sides after the Yorktown fliers had participated in the destruction of the Rising Sun carriers. Most of the Yorktown men lived to tell their stories, but the Japanese attackers, having no place to set down upon the sea, never lived to hear of the Yorktown's fight. It was several days after the battle, while salvage operations were being conducted, that the crippled Yorktown went down, victim of an enemy submarine.
The sage of the Yorktown starts with the Japanese attack on Pearl Harbor. It became the avenging wrong of the Pacific. Perhaps no other ship shared in so much action to avenge Pearl Harbor.
From its decks flew many young men to meet the enemy and to return as spectacular heroes. It was in on the Gilbert and Marshall raid Feb. 1, when some 18 enemy ships were destroyed and heavy punishment inflicted on the major Japanese bases in those mandated islands.
In the south Pacific in March, the Yorktown men got a bag of ten ships sunk and five damaged in a raid on New Guinea, at Salamaua and Lae, but one scout plane was lost. The devastating raid on Tulagi in the Solomons May 4, in which the kill was nine, possibly 11 ships, found the York-

town men in action. The wreath-like Yorktown moved into the Coral Sea action, getting in on the kill of the big Japanese carrier Ryukaku and other warships.
"Go Get 'Em," Lieut. E. Scott McCluskey of Stuttgart, Ark., whose thrilling story of fighter work, getting a bag of seven Jap planes, is known throughout the world, was a Yorktown fighter. Another was George Henry Gay, of Houston, Tex., torpedo plane pilot, whose thrilling eyewitness story was the first to flash around the world from the Midway battle.
The full log of the Yorktown no doubt will remain a naval secret until after the war, but its officers and men know full well that it lived up to its historic name.

Farm Group Fights Report On Rubber

WASHINGTON, Sept. 17 (AP)—Chairman Smith (D-SC) of the senate agriculture committee today labeled the Baruch rubber committee report "a kick in the pants" of farm state senators which he said they "shouldn't take lying down."
The veteran South Carolina cotton grower told reporters he would ask the committee to decide "what we'll do about it" at an executive session tomorrow.

\$24,000 Volume In Livestock Auction

Six hundred head of cattle were sold Wednesday at the Big Spring Livestock sale for a total of \$24,000, showing the market a little lower on all classes of cattle from last week.
Fat cows brought \$8 to \$9 and cutters \$5.50 to \$6. Fat yearlings went up to \$11 and common butchering cattle sold \$5 to \$6.50. Bulls brought \$5.50 to \$6.50 and stockers \$10 to \$13.50.
Eighty per cent of China's population is engaged in raising farm produce and domestic animals.

Harvest Checked By Rains Over State; Crops Damaged

By The Associated Press
 AUSTIN, Sept. 17—Harvesting of feed crops, cotton and peanuts was held to a minimum in much of Texas in the week ending Sept. 13 due to wet fields and heavy or continuous rains and showers, the U. S. department of agriculture and the Texas agricultural extension service reported today.

In the northwest, however, conditions were favorable for field operations and seeding of winter grains continued. Damage to such insects crops as cotton, corn, sorghums, peanuts and rice in shocks resulted in southern and coastal districts as heavy rains prevented salvage of crops blown down by the hurricanes of late August or saturated by the rains which followed.

Late feed crops in northern, north and west central districts were improved by the added moisture. Soil moisture was ample in all but a few extreme southwestern counties and excessive in many eastern and southern counties.

Picking and ginning was brought almost to a standstill by continued rains and the excessive moisture was causing considerable damage to open cotton. The salvage of cotton blown out in the storm area of South and Southeast Texas was also prevented by continued rains and pickers were moving northward.

In some areas unopened bolls were rotting. More favorable

conditions for cotton prevailed over most of the northwestern area.

Leafworm infestation in late cotton areas of the northwest was reported under control and sufficient poison was on hand to take care of the expected second emergence.

Late corn was improved by favoring conditions in most of the north.

Grain sorghums were near maturity in the northwest with prospects equalling the best.

Hay harvest was near a standstill in most sections. Peanuts continued to improve in northern sections where some were ready for harvest. In the south wet fields prevented harvesting operations with some loss of hay. Maturity nuts were sprouting in fields and rotting was feared.

Good stands of early seeded wheat were general in the Panhandle area and seeding continued at a rapid rate under favoring conditions.

In other northern small grains sections some wheat, oats and barley also was being seeded.

In a small part of the rice area, harvesting of an excellent crop was possible, but most parts were too wet.

Harvest of the Panhandle potato crop continued with few interruptions. Some of the late areas were expected to come into production in mid-September. A good crop of onions and tomatoes was in progress of harvest in scattered sections of that area.

Ranges and pasture grass supplies were abundant making good succulent growth in all areas. Livestock were in good flesh. Marketing of cattle and calves was about normal, with feeder calves from southern, coastal and eastern Edwards Plateau counties beginning to move north.

Marketing of oil seeds and lambs, although lighter than the previous week were still much greater than usual. Heavy losses of shorn goats, due to chilling rains, were reported.

Wartime Cooking

Be grateful for your food this winter. Don't take anything for granted. Don't squander that stale slice of bread. . . use it up in pudding. Don't throw away those narrow bones. . . convert them into soup. Don't waste those vegetables left from last night's dinner. . . combine them in a macedoine of salad.

Don't waste anything. Not this year! Think what that spare scrap of bread could mean to a hungry child in Poland. Think how that meaty bone would nourish a starving child in Greece. Think of the food value those dabs of vegetables would give a famished child in China.

Think . . . and be grateful. Be deeply, humbly grateful that you can feed your family well this year. For we Americans will share and share alike. We may be limited to economy foods—low-cost meats, substitutes, leftovers—but it will affect us equally. And we can always dress food up, and serve it with real flair.

For we are fortunate to have an abundance of seasonings and sauces with which to trim our foods. . . sauces like tomato ketchup, Worcestershire, tomato juice, prepared brown and yellow mustard, and old-fashioned beefsteak sauce. By making clever use of condiments in our economy cooking, we can still set as fine a table as we ever did before.

- Here are some smart tips on how to season wartime foods with sauces:
1. Add tomato ketchup to meat stew.
 2. Serve lamb shoulder roll with barbecue sauce made of 1/4 cup tomato ketchup, 1 tablespoon pure cider vinegar, 1 tablespoon Worcestershire sauce, 1 tablespoon sugar.
 3. Brown and cook pork chops in sour cream gravy seasoned with prepared yellow mustard and Worcestershire sauce.
 4. Dip canned pork loaf, cut in 1/2" slices, in tomato ketchup and bread crumbs. Saute until golden brown.
 5. Spread 1 part prepared yellow mustard and 2 parts light corn syrup over cold sliced pork and broil.
 6. Heat cooked or canned green beans in a sauce of sour cream seasoned with 2-3 tablespoons tomato ketchup.
 7. Add tomato ketchup to Mma bean casserole.
 8. Sprinkle tomato ketchup over top of macaroni and cheese casserole before baking.
 9. Make potato soup of leftover mashed potatoes. Beat them in to hot seasoned milk with a rotary beater. Add a dash of Worcestershire sauce for flavor.
 10. For a new scrambled egg with potatoes add a beaten egg combined with 2 teaspoons pure cider vinegar and 1 teaspoon prepared yellow mustard to fried potatoes (or 4) and cook mixing well just until egg is lightly browned and still a little moist. Serve hot.
 11. A couple of tablespoons of India relish stirred in hashed browns gives new interest to grand old favorite.

Big Spring postoffice is doing a land office business these days, according to Nat Shiek, postmaster. Postal receipts for July, August, and up to September 15

The Trademark Of Quality On **PORTRAITS and COMMERCIAL PHOTOS** is **KELSEY**

of this year were \$3,350 in excess of receipts for the same period of last year; air mail postage has increased approximately 90 per cent; and free mail to and from the army air field amounts to about three pouches daily, one or two pouches outgoing and one pouch incoming mail.

Postmaster Shiek has just lost two key men, Alvin H. Smith, former general delivery clerk, and J. Walden Brown, who was acting as a substitute, enlisted in the army and leave next Tuesday for Fort Sill, Okla., to be inducted into service.

The loss of these men coupled with an ever increasing amount of mail to be handled is putting a real burden on the present force, some of whom are obliged to work overtime.

A new branch of the Big Spring postoffice is to be opened at the air field. The new building is completed and will be opened just as soon as paint on the interior is dry. It is hoped that occupancy may be had tomorrow.

Have Your Cake And Save Your Sugar Too, With These Recipes

CHOCOLATE COVERED SUGARLESS CAKE

By MRS. ALEXANDER GEORGE, Wide World Food Editor. There is no need to rule out the traditional bake day in your household just because you are running a little low on sugar. You can turn out some very good home baked specialties by using substitute sweeteners or small amounts of sugar.

Don't forget, however, that it is especially important to follow recipe directions closely when using most of the alternate sweeteners.

Chocolate Covered Sugarless Cake
2 1/4 cups sifted cake flour.
2 1/4 teaspoons double-acting baking powder.
1-4 teaspoon salt.
1-2 cup butter or other shortening.
2 teaspoons grated orange rind.
1 cup light corn syrup.
2 eggs, unbeaten.
1-2 cup milk.
1-2 teaspoons vanilla.
Sift flour once, measure, add baking powder and salt, and sift together three times. Cream shortening with orange rind; add syrup gradually, beating well after each addition. Add 1-4 of flour and beat until smooth and well blended. Add eggs, one at a time, beating well after each. Add remaining flour in thirds, alternating with milk in halves, beating after each addition. Bake in two greased 8-inch layer pans in moderate oven (375 degrees F.) 30 minutes, or until done. Cover with chocolate chip frosting.

Chocolate Chip Frosting
Place layers on baking sheet, having one layer top-side down. Cover tops with semi-sweet chocolate chips, using 2 packages. Heat

in moderate oven (350 degrees F.) 8 minutes, or until chips are just softened. (Cake may be frosted while warm. Heat only 3 minutes.) Remove from oven. Spread softened chips over bottom layer, letting chocolate run down on sides. Arrange top layer and spread as before. Then spread sides evenly.

PINEAPPLE COFFEE CAKE: Mix together 2 cups flour, 2 teaspoons baking powder, 1-2 teaspoon nutmeg, 2-3 teaspoon salt and 1 tablespoon sugar. Add 5 tablespoons fat and mix until crumbly. Add egg beaten into a cup of milk and pour into greased shallow baking pan. Cover with topping made like this: Mix together 4 tablespoons soft butter, 1-4 cup dark brown sugar, 1-2 cup drained crushed pineapple, 4 tablespoons honey and 1-4 teaspoon cinnamon. Quickly spread over soft dough and bake 25 minutes in moderate oven. Serve warm with butter.

DIXIE DROPS: Mix 2-3 cup fat with 1-4 cup dark brown or white sugar. Add 1 egg, 3-4 cup molasses, 1 teaspoon salt, 1 teaspoon cloves or mace, 2 cups flour, 1 teaspoon soda, 1-2 teaspoon baking powder, 2-3 cup chopped raisins, currants or washed dried prunes and 1-4 cup sour milk or buttermilk. Chill the dough and then drop portions from spoon onto greased baking sheets and bake 12 minutes in a moderate oven. These soft cookies will keep moist a week if stored in covered jar.

PEANUT COOKIES: Cream 1-2 cup fat with 1 cup corn syrup, add 2 eggs, 1-2 teaspoon salt, 1-2 teaspoon nutmeg, 1 teaspoon vanilla and 1 cup chopped roasted peanuts. Lightly mix in 2 cups flour and 3 teaspoons baking powder. Chill the dough and drop portions from tip of spoon onto greased baking sheets and bake 10 minutes in moderate oven. If salted peanuts are used reduce the amount of salt to 1-4 teaspoon.

ORANGE MARMALADE puts the sweetness in this appetizing loaf—a quick bread for any meal. Mix together 3 cups flour, 1 teaspoon salt, 2 teaspoons baking powder, 2 eggs, beaten, 1-2 cup orange marmalade, 1-4 cup orange juice and 3-4 cup milk. Blend and add 1-2 cup broken nuts or chopped dried prunes, raisins or dates, and 2 tablespoons fat, melted. Pour into greased loaf pan and bake an hour in moderate oven.

Nearly 15,000 At Municipal Pool During Summer

Nearly 15,000 people dipped in the cooling waters of the municipal swimming pool during the season, which closed Monday. Figures showed that 6,950 adults and 8,050 children—a total of 14,710 persons—paid to swim in the pool during the season. It is possible that some unaccounted receipts for the first few days of September will push the amount jam against the 15,000 mark, a record for the pool.

The pool enjoyed its greatest popularity in July when 2,904 adults and 2,780 children splashed in its cool water during that month. The unusually hot and dry summer was responsible for an exceptionally good year for the pool.

Menus For Your Approval

By MRS. ALEXANDER GEORGE
SELECTED FOR ECONOMY
(Cheese dishes, thriftily, varied and wholesome, can make valuable meat substitutes. Waffles are a boon when meal preparation time is short.)
Dinner Serving 3 or 4
Cheese Waffles Topped with Creamed Peas
Pap Salad
Enriched White Bread
Apple Sauce
Chilled Watermelon
Coffee

CHEESE WAFFLES
(Underpinning for Creamed Foods)
3 cups flour
3 teaspoons baking powder
1-3 teaspoon salt
3 egg yolks
1 teaspoon finely minced parsley
1 cup milk
2 tablespoons fat, melted
1 cup grated cheese
3 egg whites, beaten
Mix flour, baking powder, salt, yolks, parsley and milk. Fold in rest of ingredients and pour from a pitcher onto hot waffle iron.

Pap Salad
1 package lime flavored gelatin
1-2 cups boiling water
1 cup diced grapefruit
1 tablespoon lemon juice
1-3 teaspoon salt
1-2 cup finely chopped celery
Dissolve gelatin, cool and let thicken slightly. Add rest of ingredients, hold, chill until firm. Serve on lettuce with salad dressing.

Put 1-4 teaspoon nutmeg or mace into each 3 cups of mashed seasoned, sweet potatoes for a de-

licious new flavor. To accompany meat, fish or fowl, shape these potatoes into 3 inch balls, roll generously in ready-to-serve cereal and place the balls on a well greased baking sheet. Flatten each ball a little and brush top with melted butter or margarine. Bake 10 minutes in a moderate oven. This cooking method saves frying the potato balls in hot deep fat, though of course the deep fat method can be used if there is plenty of fat for frying on hand.

STRICTLY PATRIOTIC
Dinner Serving 3 or 4
Broiled Lamb Shoulder
Creamed Potatoes
Butter Spinach
Wholewheat Bread
Apricot Honey Conserve
Chatham Salad
Refrigerator Dessert (Sugarless) Coffee

Apricot Honey Conserve
(Try done on biscuits)
2 pounds dried apricots
Warm water to cover
2 1-2 cups honey
1-4 cup orange juice
2 tablespoons lemon juice
1 teaspoon grated orange rind
1-4 teaspoon grated lemon rind
1 cup nuts (optional)
1-4 teaspoon salt
Wash apricots in warm water. Soak 5 minutes. Drain (save the stock), add honey, juices and rinds. Simmer 20 minutes, add nuts and salt, pour into sterilized jars and seal.

Sees Decrease In Drunken Driving

There has been a marked decrease in people driving while intoxicated since the legislature amended the law charging the offense from a felony to a misdemeanor, in the opinion of Tracy Smith, Big Spring corporation judge.

He explained that under the old law it was almost impossible to get a conviction because juries were hesitant about sending a man to the penitentiary, whereas now with heavy fines, suspension of driver's licenses, and jail sentences facing the offender, there is a strong tendency on the part of the

1-3 teaspoon paprika
3 tablespoons salad dressing
Mix together cheese, pineapple, seasonings and 1 tablespoon dressing. Press into small cups, rinsed out of cold water. Chill an hour or longer. Carefully unmold onto cream or lettuce—plain or shredded. Top with rest of dressing and serve.

Refrigerator Dessert
2 squares chocolate (unsweetened), melted
1 1-3 cups sweetened condensed milk
1-3 cup coffee
1-3 teaspoon salt

1-3 cup chopped dried prunes
1 teaspoon vanilla
20 vanilla wafers
Cook chocolate and milk 5 minutes in double boiler. Stir frequently. Add coffee, salt, prunes, and vanilla. Cool. Line buttered loaf pan with wafers, add layer of chocolate mixture and cover with cookies. Cover with rest of chocolate blend and spread with remaining cookies. Chill 12 hours or longer.

public to refrain from driving while drinking. Judge Smith also opined that the rationing of tires might be keeping some of the drunk drivers off the highways.

Here 'n There

The Herald was lax Wednesday in identification of a man found on a driving case in the corporation court, and as a result extends its sincere apologies to Joseph Edwards, popular Big Spring oil man and manager of the Howard County Refinery. He was NOT the defendant. The case, city officials explained, was against Joseph H. Edwards of San Angelo. The Herald deeply regrets its failure to make the matter clear.

Word from Volle Borrel, formerly associated with the county ACA office here, is that he is getting along fine in the U. S. Navy. He is stationed on the USS Kitty Hawk and keeps tab on shore leave.

A. J. Treadaway, division state highway engineer, was to be here Thursday afternoon to discuss road problems with local officials. His headquarters are in Abilene and this is the western terminus of his territory.

L. E. Anthony and Sgt. Edwin R. Turner of the local army recruiting offices left Thursday morning for a day's recruiting drive in various towns in their district.

ed up Stafford Robert Smith of Colorado City, yesterday. Smith will enter the navy as an aviation cadet V-5.

While listing those parents who have four sons in the service, save a spot for Mr. and Mrs. Mac Neel. It may not be long before they qualify, for already they have three boys in the army. Harold, the youngest, is in Australia and has been in New Guinea. Julius and George last week joined the army as air corps specialists. Another son, Dr. Cecil Neal, Coleman, is probably in line, his father thinks, due to the army's need for physicians.

Used to be folks could get excited about a cotton stalk loaded with a large number of bolls. Then how about the tomato vine growing in Mrs. Virginia Wear's yard? This noble piece of vegetation has no less than 130 tomatoes on it—which may or not be a record, but plenty of tomatoes at any rate.

Mary Alice Cain, daughter of Mr. A. J. Cain, left Thursday to attend school in the St. Louis Institute of Music. She will take her academic work at Washington university at St. Louis.

Navy To Take More Men For Construction

Another interview will be granted to applicants for ratings in the U. S. navy construction unit on Friday, Saturday and Sunday, it was announced at the recruiting sub-station here Thursday.

With the exception of clerical positions, all ratings are open again and men with almost any type of skilled or semi-skilled experience can find places where they will be especially adapted in the Sea Bees.

Applications must be made through the Big Spring office before interviews will be granted at Dallas. Men who will be interested were advised to contact the sub-station as soon as possible.

Another opening in which several have expressed interest is that of shore patrol in the naval reserve. Men with 15 years police experience and previous military experience will be eligible for a chief specialist (petty officer) rating which pays \$126 per month plus \$37.50 family allowance. First class specialist, paying \$114 plus allowances, requires 10 years police and previous military experience. Second class specialist requires six years police experience and third class requires two years police experience. Top age limit is 50 years.

Dried eggs are rationed in England at the rate of one package a month for each family of three.

Appellate Judges, Former Attorneys In Area, To Be Asked To Bar Meet

State Crude Nominations 1,555,945

AUSTIN, Sept. 17 (AP)—Certifying total nominations for October of 1,555,945 barrels daily, crude oil purchasers attending the state-wide prorating hearing today emphasized lessening demand for gasoline resulting from curtailed driving and difficulties in maintaining production under prevailing priorities on materials.

Operators voiced strong support of the railroad commission's plan to establish lease allowables in its orders instead of per well allowables where lease allowables are practicable.

Pleading inability to dispose of crudes producing ordinary gasoline, Rex Baker of Humble Oil & Refining company asserted that purchasers buying these types of crude "should take them ratably from all wells."

Stating that Humble added 1,000,000 barrels of high gravity, low octane crudes to storage, Baker suggested that the commission determine the total demand for crudes of this type and apportion production.

Mexican Farmer Killed By Train

Marcelina Gonzales, 45-year-old Mexican, was killed Wednesday about 7:20 p. m. when struck by an eastbound train just west of Big Spring.

Justice of Peace Walter Grice, in an inquest verdict Thursday, held that Gonzales had died as the result of "accidental injuries when struck by a train." His body was discovered about 1/2 mile from the eastbound train just west of Big Spring.

Apparently, said the justice, the Mexican had been sitting on a rail when hit, and his body was thrown clear of the tracks. His cap and a tire, which he had purchased earlier at a tire store here, were found a short distance away. The mishap occurred near some block signals immediately west of the T.&P. yards and was far removed from any roads.

Gonzales had been farming on the E. D. Merrill place north of here.

County Schools Fixing Budgets

Budget-planning sessions between County Superintendent Anne Martin and trustees of the various common school districts have been started and will be completed this week.

Wednesday Miss Martin and trustees from the R-Bar, Vincent, Morris, Gay Hill and Center Point schools mapped out budgets for the ensuing school year.

Thursday at 10 a. m. she was in session with the Elbow trustees and was due to meet with the Cattle school heads at 11 a. m. Rest of the Thursday schedule called for conferences with Moore trustees at 1 p. m., those from Hartwells at 2 p. m., Lomax at 3 p. m., and Midway at 8 p. m.

Morgan trustees will come at 10 a. m. to launch the Friday sessions of parays. Fairview-Richland trustees are scheduled for 11 a. m., Chalk for 1 p. m., Green Valley at 2:30 p. m., Vealmoor at 3:30 p. m., and Forsan at 8 p. m., the latter one having been postponed from Wednesday.

Jay, who headquarters at Sweetwater, is here each Thursday from 11 a. m. to 2 p. m. at the county ACA office.

These loans are timely because they open the way for offsetting the pinch occasioned by the freeze on commercial fertilizers involving use of nitrogen, it was pointed out. Farmers can supply their own nitrogen by planting and turning under cover crops.

FCA loans are being advanced early this year, one installment being made for autumnal planting of cover crops and the remainder being disbursed when needed by the borrower for planting his normal 1943 crops. The loans are made to approved applicants who cannot get credit elsewhere.

War Industry Classes Want More Members

With industry crying for more and more trained workers, urgency for increasing enrollments in war industries classes here has increased greatly, W. R. Dawes, supervisor of the training program, said Thursday.

He was particularly interested in enlisting women in the aircraft sheet metal course, and in getting men with families in the welding classes.

Currently there are only about 26 members of the aircraft sheet metal course, and around 30 in the arc welding classes. The aircraft unit is only a fractional part of its potential capacity, while twice as many welding students could be used.

Enrollment picked up substantially the first of the week after striking one of the lowest ebbs since the beginning of the training program here.

Women are suited perfectly to the aircraft industry work and can fill the job in this critical field, Dawes said. His statement tied in with one by J. E. Bond, director of the United States Employment Service in Texas, who saw the desperate need for more and more women to enter the industry.

While men may still be used in this field, emphasis is being placed on those who can—particularly those with a wife and children—to enter the welding field. It is a heavier type of work and one for which women are not suited.

Applications for enrollment should be made through the USES office in the Ellis building here, or information may be had by contacting Dawes in the school administrative office.

Livestock

FORT WORTH, Sept. 17 (AP)—(USA)—Cattle salable 2,800; calves salable 1,400; cows a little more active, occasional sales showing strength. Other classes about steady. Most mature beef steers 11.50-13.25, common lots 9.00-10.00; good and choice yearlings 12.00-13.75; beef cows 7.75-9.75; bulls 7.25-9.85; good and choice fat calves 11.50-12.50; common and medium kind 8.50-11.00; few good stocker steer calves 12.00-50; choice scarce common and medium grades dull at 8.00-11.00.

Salable 1,300; mostly 10c higher; top 14.10 paid by packers for good calves 11.50-12.50; bulls 7.25-9.85; good and choice fat calves 11.50-12.50; common and medium kind 8.50-11.00; few good stocker steer calves 12.00-50; choice scarce common and medium grades dull at 8.00-11.00.

Sheep salable 7,500; killing classes fully steady, spring lambs 12.00-13.50; good yearlings up to 12.00; wethers scarce; cull common and medium slaughter ewes mostly 4.50-5.25, few good ewes 5.75; feeders scarce.

No Surrender By Madagascar

LONDON, Sept. 17 (AP)—The governor general of Madagascar, who yesterday asked the British for terms, has decided to defend the island "to the extreme limit," a French communique broadcast by the Vichy radio said today.

The communique announcing continued resistance against British columns converging upon Tananarive, capital of the island, said the British terms of surrender "appear to be unacceptable to such an extent" that Governor General Armand Annet could not even consider them.

Air Raid Warden Work To Go On

Air raid warden classes will be continued in Big Spring, Boyd J. McDaniel, city manager, said Thursday. "We shall go on with the personnel we have at hand and will intensify training in the coming weeks," he added.

E. B. Bethell, who resigned from the police force Tuesday, has been heading the instruction of air raid wardens and fire watchers. When announcing his resignation he stressed the point that his resignation would not and must not interfere in any way with the present air raid warden classes.

No one has been selected to fill Bethell's place on the police force, McDaniel said. The department needs three patrolmen and is experiencing some difficulty in finding men to fill the posts.

FSA Help May Be Had For Food Preservation

Farm women in Howard county who need aid in food preservation and storage this fall may obtain financial assistance from the Farm Security Administration, Almarine Nunnally, home management supervisor for the agency, announced this week.

"Farm Security," said Miss Nunnally, "will finance the purchase of pressure cookers, jars, and other canning equipment for eligible borrowers."

"This agency," she continued, "will also finance the construction of cellars, or other storage space for fruits and vegetables needed to keep the family's food supply."

The home economist said there are many other items for which the FSA can advance loans to farm families to help them contribute effectively in the nation's war effort. She invites all farm women interested in learning of the help available to them to contact her immediately at her office in the basement of the postoffice building at Big Spring.

Cosden Awarded Gasoline Contract

Cosden Petroleum Corp., only bidder, was awarded contract for 8,000 gallons of specification gasoline by the Howard county commissioners court. The Cosden bid was 5.95 cents per gallon on the lot laid down to the county storage tanks.

Mrs. Bryant Dies At Sister's Home

Mrs. Para Lee Bryant succumbed at 12:20 p. m. Thursday at the home of her sister, Mrs. Emma Henderson, 11 miles northeast of Big Spring.

She had been in failing health for a long while. Among survivors are a daughter and her sister, Mrs. Henderson. Arrangements, which are pending, are in charge of the Eberley Funeral home.

Bowling Lanes To Re-Open Saturday

Billy Simons' Bowling Lanes will again open to the public Saturday, September 19.

The alleys have been closed for several days for resurfacing and redecorating.

Plans are under way for the organization of three bowling leagues, one for soldiers, one for local men, and one for women. Announcements relative to these leagues will be made at a later date.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the all-time (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.—adv.

Shreveport Meets Beaumont For The Texas Loop Flag

By The Associated Press
Shreveport and Beaumont go into the Texas league championship series at Shreveport tonight at 8:15, the Sports having won a place in the playoff by defeating Fort Worth last night, 8 to 2, in the seventh and deciding game of their round.
Gordon Maltzberger pitched the Sports to their triumph. Claud Horton, the Cat starter, was replaced by Oana in the fourth.
The Beaumont Shippers previously had eliminated the San Antonio Missions in the Shaughnessy playoff.
The Sports touched Horton for a run in the third. Parker nicked him for a single in the fourth.

and Oana came into the fray, only to give Crompton a double that scored Parker.
From there on Shreveport hits were plentiful, the total being 13 nine off Oana.
Fort Worth scored in the eighth on successive singles by Janaco and Clifton, Tucker's infield out and Lillard's safety.
Tonight's probable pitchers at Shreveport will be Hammer for the Sports, Fuchs for the Exporters.
Games will be played at Shreveport tonight and tomorrow and the next two games will be in Beaumont, and the teams will return to Shreveport if more games are needed to conclude the series.

Army Eleven Bops Brooklyn Pros, 13-7

BALTIMORE, Sept. 17 (AP)—Col. Robert Reese Neyland's eastern army all-stars headed today towards the toughest of their three games in a money-making campaign for the army emergency relief fund with a second pro team's scalp at their belts.
The all-stars staged a fierce fourth quarter comeback last night to defeat the Brooklyn Dodgers of the National Professional Football League 13-7, before approximately 45,000 persons in Baltimore's municipal stadium.
Then they entrained for Boston, where on Sunday they take on the National league champions, the Chicago Bears.
Col. Neyland wasn't optimistic about that encounter.
"I don't think we have a chance against the Bears," he said after last night's victory. "We have too little time, and they have too much power."
The all-stars defeat of the Dodgers was not the clear-cut victory which they gained over the New York Giants. Col. Neyland said his squad felt the effects of the previous game, adding that "the fact that we have been more enabled to keep fresh men in the game and this more than anything else accounted for our victory."
Lieut. Harvey Johnson, Mississippi State, and Lieut. Sam Bartholomew, Tennessee, tore the Dodgers line to pieces for four first downs in a row, and Lieut. Leonard Coffman, also of Tennessee, scored from the two to clinch the victory.

Percentage Is All Against Dem Bums

By SID FEDER
Associated Press Sports Writer
Ferdinand the Figger Filbert popped out of his hole today, right smack into the National league lawn party, and threw such a scare into the folks in Brooklyn they all but leaped over the garden wall.
Ferdinand the Filbert, in case you've forgotten him, is the little guy with an adding machine for a head and a percentage table for a heart, and when he starts counting over you—well, pal, it may not be deadly, but it's no vitamin tablet.
And the way Ferdie has it figured out right now, what with the St. Louis Cardinals two games in front of the Bums and moving right along, the layouts look tough for the daffiness boys.
You'll point out that the Brooklyn broke out of their hitting slump yesterday turning loose a 19-hit bombardment that tore the feeble Pittsburgh Pirates apart 10-3 behind Whit Wyatt's elbowing in a game marked by a brawl in the stands among some fans, a couple of ushers and Dixie Walker and Mickey Owen. No one was hurt.
But the Cards, with Ernle White on the mound, bowled over Boston's not-so-Braves 6-2 at the same time and are still in there winning. They combed Jim Tobin for nine hits.
And those festivities caused Ferdinand to point out that if the Cardinals should even lose four of their remaining nine games, the Dodgers would have to take nine of 11 to win.
And if the sons of St. Lou should fall completely apart and drop six out of nine, Durocher's darlings still would need seven of 11 to come home on the bandwagon.
However, the Dodgers are still better than a hundred-to-one shot. Certainly, the manner in which they came back after their two days in drydock for repairs did them no harm.
The pitching job of the day was turned in by Mary Brewer in twirling the New York Yankees to a 5-1 win over the Detroit Tigers. For seven innings he had a no-hitter and he wound up by giving up only two for the afternoon.
Paul Derringer also tossed a better-than-had job with a four-hitter that gave the Cincinnati Reds a 2-1 decision over the Giants.
In case you're interested, the Chicago Cubs climbed over the Pirates into the National league's fifth place by splitting a twin bill with the Phillies, losing the first 3-1 to Johnny Podgajny and taking the nightcap 4-1 behind Hiram Bithorn.
Johnny Niggeling whitewashed the Boston Red Sox with seven hits for a 2-0 St. Louis Browns' victory. Jim Bagby tossed a five-hitter for his 16th win as the Indians beat the Senators 5-1, and the Philadelphia Athletics trounced the Chicago White Sox 4-2.

Music Hath Charms, Even For Gridders

CHICAGO, Sept. 17 (AP)—To help University of Iowa football players overcome pre-game jitters, Supervisor Judge Michael McKinley, himself a Hawkeye grid star in the early 90's, suggests music.
Judge McKinley tomorrow will present an automatic record changing machine and 10 records to Coach Eddie Anderson at Iowa City.
"I know what it means to lay around a dressing room before game time, worrying your head off," Judge McKinley explained. "I think music will relieve the tension."
One of the records is "Mike McKinley of Iowa U." dedicated to the jurist two years ago.

Schoolboys In Action On A Wide Front

By The Associated Press
Four games tonight will send the Texas schoolboy football campaign merrily on its way. Two of those tilts are highly important in early establishment of sectional favorites.
Tyler's Lions, of unknown quality but expected to be tough as usual, battle Woodrow Wilson at Dallas while the Breckenridge Buckaroos, about whom much has been heard lately, tackle the rugged North Side eleven at Fort Worth.
In other games tonight, Colorado City plays at Brownwood while the Dodge Tech entertains its neighbor, Class A Lariat.
The schedule is heavy Friday with 48 games, most of them inter-district affairs and including the top battle of the week—Masonic Home (Fort Worth) vs. Wichita Falls.
Wichita Falls, the defending champion, picks a tough one against which to open the season and it should certainly give a good line on what to expect from the Coyotes, who have been doing quite a little weeping over 1942 prospects.
The remainder of Friday's schedule:
Burkburnett at Fampa, Odessa at Lubbock, Childress at Amarillo, Liberal, Kan. at Borger, Midland at Brownfield, Altus, Okla. at Vernon, Fort Worth Tech at Olney, Hillsboro at Graham, Paschal (Fort Worth) at Electra, Crowell at Quanah.
Ballinger at San Angelo, Plainview at Abilene, Snyder at Lamesa, Mineral Wells Sweetwater, Tishomingo at Big Spring, Peecos at Yelita, Bowie (El Paso) at Globe, Aris, Las Cruces, N. M., at El Paso High, Arlington Heights (Fort Worth) at Gainesville, Greenville at Sherman, Van Alstyne at Bonham, Marshall at Paris, Durant, Okla., at Denison.
Od Falls (Homa Corsicana) at Denton, Forest (Dallas) at Highland Park (Dallas) Crosier Tech (Dallas) vs. Amon Carter-Riverside at Fort Worth, Handley at Weatherford, Stephenville at Comanche, Gorman at Ranger.
Mexico at Waco, Ennis at Temple, Poly (Fort Worth) at Bryan, Arlington at Cleburne, North Dallas at Waxahachie, Corsicana at Longview, Texasarkana vs. Eyrd high at Shreveport, Henderson at Kilsore, Van at Athens, Carlisle at Jacksonville, Grapeland at Palestine, St. Thomas (Houston) at Livingston.
Adamsom (Dallas) vs. Lamar at Houston, Nederland at Beaumont, Pasadena at Goose Creek, Jeff Davis (Houston) at Conroe, Reagan (Houston) at Brackensridge (San Antonio), Harlandale (San Antonio) at Austin, Milby (Houston) at Kerrville, New Braunfels at Laredo, Wadswa at Brownsville, Mercedes at San Benito, McAllen at Pharr-San Juan-Alamo, Entral Catholic (San Antonio) at Robstown.
The schedule tapers off with seven games Saturday featured by the clash of Lufkin with Corpus Christi at Corpus Christi. The latter again, looms as the South Texas power while Lufkin is rebuilding the fine team that went so well last season until ineptly struck the Panthers low. Other games have Sulphur Springs playing Sunset at Dallas, San Jacinto (Houston) at Orange, Austin (Houston) at Galveston, Nacogdoches at Port Arthur, Huntsville at South Park (Beaumont) and Harlingen at Jefferson (San Antonio).

LIMIT ON TICKETS

ST. LOUIS, Sept. 17 (AP)—Figuring on a brisk demand for world series tickets if they win the National league pennant, the Cardinals have established a two-to-the-customer limit for reserved seats.

Boys To Take Final Workout This Evening

Having had one taste of nocturnal practice, the Big Spring high school Steers will have another short session under the lights again tonight in an effort to become accustomed to night play before the Tahoka game here Friday evening. The melee will get under way at 9 o'clock.
Although lights were being tested Wednesday evening, the Steers seemed to do fairly well under the reflectors. This ought to worry them a lot less come Friday than the Tahoka Bulldogs will.
Coach John Dibrell will be juggling his players around in the line like a vaudeville genius. For instance, he has eased Big John Urey, counted on as a regular end, over to tackle to rest Bob Boykin and Glenn Brown. At the same time, Boykin is being taught the guard assignments in order to relieve Bob Coffey and Darrell Webb. Berkeley Wood, center, also has been instructed as a guard for similar pinch-hitting.
Nevertheless, the starters probably won't be much different than originally anticipated. Letterman Peppy Blount will be on one end with either Wayne Dearing or Red Cagle on the other. Behind Boykin and Brown on tackles will be such worthies as promising I. R. Bryant and Noel Hull. Coffey and Webb will be supported by Ray Thomas and Lee Christian, two youngsters who have been hustling and looking better all the time. Either Wood or Billy Bob McDonald will be at center.
The backfield is a fairly settled affair with Dewey Stevenson at quarter, Ernest Bostick and Billy Sims at halves, and Doyle's (Hunk) Stewart at fullback. Hugh Cochran, Claude Matlock and Bobby Barron each will see some service at the half slots.
Plenty of trouble may come from Dewane McClintock, co-captain of the Bulldogs, who romps around in the Tahoka backfield. He and G. W. White, another back, made things merry for Lamesa last week in the last half of the game and sparked an aerial attack that had the 'Tornadoes dizzy before it was over.
Getting by the Tahoka tackles may be something of a problem too, for the Bulldogs have a ponderous person in the form of 200-pound Don Curry and a scrappy fellow in Gene Knight, 160-pounds, his running mate.
Tahoka also has experience at the guards, with co-Capt. Bill Barham, who weighs in only at 140 pounds, sparking the defense at that point. Robert Harwick, 180 pounds, is the center and otherwise the Tahoka team gives away much poundage to the Steers, ranging from 150 pounds down to 130 for the players.
Tickets for the game may be had at the school administrative office.

NOTHING UNDONE

KANSAS CITY, Mo., Sept. 17 (AP)—Junior college students parked their motor cars where they always had, trotted happily off to classes. Then the industrious police not only installed no parking signs, but decorated each car with a ticket.

Milton Crain Back To Add Strength To Bear Squad

WACO, Sept. 17 (AP)—The big train is back and Baylor's Golden Bears expect to railroad some Southwest conference title hopes.
If they won the championship themselves it would be regarded as an upset but they're looking hungrily at a first division berth in a football race that should be as close as a high school boy's first shave.
The big train is Milton (Freight Train) Crain, 195 pounds of unadulterated dynamite in mole-skins.
Only a few close friends and relatives figured the Bears could finish higher than the cellar until news came from San Antonio yesterday that Crain had been classified 4-F by his draft board because of an ear ailment.
The big blaster who led the conference in ground gaining last season will be with the squad today and that should broaden the grin of Coach Frank Kimbrough.

Return of the big fullback gives Baylor twelve lettermen. It means the Bears will have a better running game than last season, the passing should be about as good and that the team generally should be stronger despite the fact that Jack Wilson, the great all-around back, and Jack Russell, one of the finest ends in conference history, will not be with the Bears.
Wilson played out his string and Russell joined the armed services.
Seven of Baylor's returning lettermen are linemen but they are not distributed according to positions, necessitating several shifts.
Buddy Gatewood, playing his final season, will be at center. The 186-pounder is ranked with the best in the conference.
Olav Runnells is being shifted from center to guard and 240-pound Bubba Barnett is coming back from tackle to keep him company.
W. B. Godbold, whom Baylor followers think is as good as you'll find in the conference, remains at tackle. Albin Muraki, a quadman last season, is slated for the other post.
Baylor is not worried about its end play with three lettermen—Wensell Gandy, Jack Jeffrey and Aubrey Bailey. Gandy and Jeffrey are slated to be the starters.

Vandy Counts On Texas Boy

NASHVILLE, Tenn., Sept. 17 (AP)—Vanderbilt rests its football hopes on the striking power of two brilliant backfield combinations operating behind a light and unseasoned line.
Geared for speed and quick thrusts through the air, Vanderbilt will use a wide-open attack led by "Jumpin'" Jack Jenkins, 160-pound senior from Texasarkana, Tex., and a likely serious contender for All-America honors.
Although stationed at the blocking post, the thick-chested Tamin scored 90 points to top the Southeastern Conference in scoring last season. A fine placement kicker, pass catcher and line-plunger, he's tagged by Vandy Coach Henry (Red) Sanders as one of the best backs the conference ever has had.
Running with Jenkins in the first-string backfield are J. P. Moore, Benton, Ark., triple-threat wingback; Art Rebrovich, Chisholm, Minn., triple-threat tailback and signal-caller, and Ed Herbie Rohling, Nashville speedster who works from the fullback spot.
The team's potentially fine passing attack is riveted around Moore, Rebrovich and John (Red) Burns, another Nashville boy who will call signals when Rebrovich is out.

Editorial - - The Constitution Is Our War Aim

Why all this fuss? Why all this war, this killing, this fighting back against those we have called our enemies?

Perhaps there was never a better day to give pause and reflect than today—Constitution Day—for after all, isn't the United States constitution and the fundamentals set out in it the things which explain why we are in the war?

You could do yourself or the cause of democracy no greater service than to sit down today and reread that great document that every real American has come to believe is little short of sacred.

We ought to remind ourselves that the constitution proper provides for and regulates our government, for the execution of laws made by congress, and for their interpretation by the courts; for the operation of states within the union; for amending the constitution; and for putting it into operation.

Most will understand what follows in the first 10 amendments—these bills of rights. Here, most will realize are the things for which we are ready to die and sacrifice, to fight and die. These are the rights that the dignity of the human soul demands. These are the things which make us a distinct and proud people, a folk that harbors no masters except those we choose.

Read the Constitution again today on its 155th anniversary. Read it carefully, thoughtfully and thankfully. It is not the least upon which we have grown so strong and without which we would not want to exist?

Hollywood Sights and Sounds— Monty Woolly Finds A Place To 'Settle Down'

By ROBBIN COONS

HOLLYWOOD — Monty Woolley is leaving us. He has bought a modest five-room brick house in Saratoga Springs, N. Y., his old home town, and will go there when he finishes "Life Begins at 8:20" to supervise redecorating and furnishing.

Monty recently turned 54. "It's about time," he said, "I gave some thought to having a permanent home." He'll commute to Hollywood or New York for screen or stage calls as they come.

The little house is, in a way, an expression of the bearded actor's chronic disdain for Hollywood lavishness. "It's inexpensive and just what I want. No swimming pool, no tennis or badminton court, not even a rumpus room. In fact, it hasn't a garage. When and if the tire and gas situation becomes better, I may build one—car garage—if I can figure out how to make space for it and a driveway."

There's a souvenir Monty ought to take along. It's a painting from the M-G-M prop shop, a painting that stands for the start of Monty's movie career. Here's how:

In 1927 Woolley was ready to shave his beard, stand on his head, or dance in blackface, anything for a call to work at his usual \$35 a day. One day Director George Fitzmaurice had a bit for him in "Live, Love and Learn." Monty arrived on the set to learn that the bit had been cut out.

That was when Robert Benchley and Bob Montgomery, stars of the picture, put in their oars. The setting was an art store and why not, suggested the two Bobs in Monty's behalf, have Monty appear as a customer? Monty would be looking at a picture, and Montgomery, from above, would mistake him for a bill collector and accidentally drop a vase. The director agreed, Monty was in —

A Promise for Tomorrow

BY ELEANOR ATTENBURY

YESTERDAY: Julie Hamilton is a doctor, and a good one. She is good enough, in fact, to convince patients that she is not what she looks—a debutante. But Pete Fowler is one patient she can do nothing for, although she had rather cure Pete of the bitterness his plane crash has left in his heart than all the rest of her patients. Pete is doing a great work in the shipyards, but he wants to be in the Air Corps. And Julie wants Pete.

Chapter Two

WRONG TIME TO KISS

Julie didn't see Pete again until the night of the Army-Navy show. But for her father's sharp warning about dulling her mind with over-work she probably would have refused Bart Rogers' invitation to cocktails before the show and the supper dance at the Country Club afterward.

Bart was late, as usual. So Julie had plenty of time to check the effect of her clinging gold jersey dinner dress and the soft sabbled ermine of the coat that had been Dad's last Christmas present. The gold touched highlights in her brown hair, and the coat exactly matched her eyes.

"She didn't see me," she thought, exactly apitirish, she smiled wryly at the hall mirror. At least not yet! She actually looked enough unlike a competent physician to suit even Pete!

And Bart Rogers. He said so twice before they left the house and again in the car.

"You're a knockout tonight, Julie. Nobody'd ever guess you'd operate on a guy as look as him."

Party

He guided the expensive car with expert carelessness through small-slow downtown traffic, out the broad tree-shaded Sequoia Boulevard to the huge, rambling Kelland town house, still the show place of Santa Felice.

Despite the fact that the living room was the largest in town, it was already jammed. Dawn's cocktail parties were always huge, elaborate, and just a little hectic.

"Lord what a mob!" Bart muttered when Julie returned from the powder room to meet him at the foot of the broad, curving staircase.

"Well, shall we plunge?" He pulled her hand through his arm, smiled down at her. "I am a damned fool to expose myself to all this competition. Promise me you won't fall for a uniform?"

"Silly. Besides, you'll be in uniform yourself pretty soon."

"Darling!" Dawn greeted them as she drew nearer, trailing two captains and a major in her wake. "I'm so terribly glad you could come. You look marvelous, Julie—only so terribly tired darling. Doesn't she, Bart?" She laid scarlet-tipped fingers on Barts arm, tilted her dazzling blond head so she could look up from her

Washington Daybook— Civil Air Patrol Has Fine Record

By JACK STINNETT

WASHINGTON — Without fear of contradiction from the Army, Navy or war industries, it may be said flatly that the Civil Air Patrol is hanging up the most remarkable record of any of the civilian defense groups.

There now are nearly 50,000 volunteers in the CAP; probably close to 15,000 planes; perhaps 30,000 pilots and almost an equal number of mechanics, radio engineers, and sundry office and air base ground workers. Their story can't be half told until this war is over. Wartime censorship has the CAP coastal patrol wrapped in clouds. A dozen other phases of CAP activity are behind the veil of military secrecy—but the stories that can be written are exciting enough.

CAP pilots are more completely "on the record" than those in the military air forces. Their cards on file here in Washington are masterpieces of individual case histories. There is hardly a thing in their professional, amateur, public and private lives that is overlooked. Their records go into one of those incomprehensible sorting machines.

The other day, the Army called Maj. Earle L. Johnson, CAP national commander. "We need," said the general on the line, "30 pilots between 25 and 45 who can fly twin-motored planes, have had 2,000 hours in the air, and are willing to serve somewhere in the Orient."

Major Johnson passed the word along. The keys of the magic sorting machine were punched and out came more than 400 CAP pilots who filled the bill. The Major called the Army back. The general said simply: "Pick 30; enlist them as captains and wire me for order and transportation."

That request of the CAP was all tallwind and a yard wide. Take the one, for example, that came through recently for four pilots who had more than 2,000 hours in the air, could fly twin motor planes and amphibians, and could speak Spanish fluently. The sorting machine did its work and up came 18. The four pilots are now serving "somewhere south of the Rio Grande."

Major Johnson likes to chuckle over the request he got from the Army air unit. The officer in charge explained: "Regulations require that we have a chaplain. We are constantly on the move. Do you think you could find us a flying parson?"

The CAP gave him his choice of 14 "sky pilots"—fourteen ministers who could play tag-along in their own planes from Australia to Iceland and never miss a prayer meeting.

(Note: There is one big indication of just how much the Army thinks of the CAP. It's the only civilian organization on the books that is allowed to wear THE uniform of the U. S. Army. It's the only organization anywhere that is allowed to wear the wing and propeller emblem of the Army air corps.)

(TOMORROW — The CAP Bombs American Cities.)

Man About Manhattan— All Those Things Lost In Subway To Be Sold

By GEORGE TUCKER

NEW YORK — It's going to be another big day for New York's subway riders. Come to think of it, you don't even have to be a subway patron to share in this one. It's a subway sale, via block and hammer, of all the items that customers have left on New York's subways and transport systems. Diapers, roller skates, umbrellas, wooden ducks, china, toy trains, shoes, pants, trasteros, hats, books, anything that thoughtless passengers forget to take off the trains with them. The place? 7 West 24th Street; the man, Thomas F. Burchill, auctioneer. For additional information, telephone CHelsea 2-5353.

The drama on Broadway has had some long-run hits, but never such a windy sounding one as this play with the unpronounceable title of "Cryptocoinchoidphonostomata," written by Charles Collette and produced by the French Opera Comique in 1876. . . . A check-up reveals that this play hasn't been revived, thank heaven, since then.

If the tales out of Hollywood are true, this new up and coming actor, Douglas Drake, has some interesting forebears to talk about. Among his departed kinsmen are Stephen Douglas, who gained fame in those historic debates with Abe Lincoln; Black Douglas of Scottish history, Admiral Lord Nelson and the Earl of Bothwell, and a one time Archbishop of the South-east diocese of the United States, Hal LeRoy, in his spare time, is an air raid warden. It became necessary to apply for a leave of absence when he was signed for a new musical comedy, however. And what do you think the part is that he'll play? An air raid warden.

If a billion dollars in war bonds are sold during the month of September, the country can doff its hat to the movies. We haven't bought a billion in a single month since last January — the month right after Pearl Harbor, and the Treasury has asked the motion picture people to put this one over for them. That's why scores of those big names from Hollywood are touring the nation, making speeches on street corners, and that's why 15,000 movie theaters, from their managers to their ushers, are driving this thing to a finish. A billion is a hunk of dough that would do a lot of damage. I think they'll get it. However, just think how lousy you'd feel if they missed it by a buck—and you had an extra buck that you didn't spend on War Stamps. It's still not too late, and it won't be until the last second of the last day of September.

And Nothing Can Be Done About It

Marriage Age And Draft Age Should Be Same

War is rearing its ugly head in the path of true love these days. Take the case of the youngster who wore he was 21 years of age in order to get a marriage license from County Clerk Lee Porter. It wasn't but a matter of days before he was back wanting it changed to 19 years. The draft board was taking him at his word.

This was similar to the dilemma of another 19-year-old lad who had love in his heart. "If I swear I'm the army will get me," he moaned to friends, "and if I tell the truth I can't get a license for Mama won't give her consent."

But Porter has learned not to take swearings as evidence of age in doubtful cases.

"Let me see your draft card," he told one applicant.

"Darn it!" wailed the young man, "I couldn't get my with it." He was a couple of years under age.

Another development on the love and war angle comes from the dead embers of old romantic fires. Recently Porter's office has been receiving requests for certified copies of marriage licenses. One of these was official papers for a matrimonial voyage that started out in 1905, another in 1917 and so on.

But the occasion for the copies is simple—the marriage has snagged but these women are determined that their husbands, some of whom left them to shift for themselves, shall now contribute to their support. With their errant mates in the army now they can turn those certified license copies into beans and bread.

BUTTONS GONE

TOPEKA, Kas., Sept. 17 (AP)—It's "button-butt" with a different twist at Frank Coffman's house.

Detectives said Coffman discovered all the buttons in a closet full of clothes had been cut off and stolen. Nothing else was missing.

False Raid Alarm Brings A Holiday

SARATOGA SPRINGS, N. Y., Sept. 17. (AP)—An anonymous woman telephoned school officials: "This is an air raid warning."

Officials immediately dismissed 800 students, and now police are seeking the purveyor of the false alarm. No protest is recorded from the 800, who had a half holiday.

LUNCH SCRAMBLE

WICHITA, Kas., Sept. 17. (AP)—The lunch gong sounded at an aircraft factory and Perry Weatherston, a worker, slipped.

He fell, was stepped on, and suffered a broken shoulder in the scramble.

STILL SMILES—Despite plenty of war work and other worries, President Roosevelt keeps smiling.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
Wide World Sports Columnist

NEW YORK, Sept. 17—Instead of punishing those unruly spectators, maybe Brooklyn should give 'em a vote of thanks... The Dodgers hadn't shown as much fight in weeks as they did in that pre-game brawl yesterday, and did you notice how they started hitting right afterward?... If they can only stay mad now, they may still beat out the Cards... Dixie Walker only got credit for four hits, but that wasn't a bunt he hung on that fan's jaw....

The Washington Redskins have a club rule that players who eat in railroad diners must leave a 25-cent tip each time—which makes them very popular with waiters who have fed big league baseballers....

Jimmie Murphy, Canton (Ill.) Daily Ledger: "So Leo Durocher is going to join the navy? If the Dodgers fail to win the National league pennant, he'd better ask to be assigned to submarine service... Or most any place other than the Brooklyn navy yard."

Starting the football season ahead of the gun, this dept. offers the following selections for week-end games—mostly on the theory that the navy's pre-flight schools are the only service teams with manpower and practice enough to tackle a first-rate college outfit this early in the season: Iowa Seahawks over Kansas, St. Mary's Cadets over College of the Pacific, Wisconsin over Camp Grant, Missouri over Fort Riley, Jacksonville Flyers over Florida, Texas over Corpus Christi Flyers, Georgia (Savannah) over Kentucky and North Carolina State over Davidson.

High-lighting "New York Nite" at Fort Sill, Okla. last night was the sale for war bonds and stamps of autographed baseballs contributed by the Yankees, Giants and Dodgers and a letter of greeting from Mel Ott.

The War Today
Jap Move On India Or Russia Would Be One Of Desperation

By DE WITT MACKENZIE
Wide World War Analyst

The world's big ears are twitching with the announcement by General Hata, Jap commander in chief in China, that "the East Asia war is about to take an important step in cooperation with the European war"—a statement calculated to convey the impression that Nippon is going to attack Russia or India.

Just what scheme motivates the devious Oriental mind in spreading this propaganda isn't apparent, although the odor of red herring is strong along the trail. Maybe the Japs are telling the exact truth—adopting Hitler's tactics of fooling the enemy by announcing his real intentions in advance. It's equally possible that Hata is just lying, for benefit of Mikado and country.

The probabilities are that Jap doesn't want to undertake either of these dangerous adventures. They would be illogical military moves, since her whole business now should be to consolidate her dangerously widespread conquests before America's rapidly growing strength overtakes her. She will be a fool if she attacks Russia or India.

Still, the opportunities of the powerful Hitler may move the Japs to embark on a new war in hopes that this may hasten the end of the allies. The fall of Stalingrad would be impressive—and this industrial giant of the Volga today is shielding the strategic waterway with a body so torn from wounds that it will be a miracle if the boche are thrown back. Should the Japs be beguiled into playing cat's paw for the Nazi all-highest, the fall of Stalingrad might turn the trick.

The perils Japan would risk in going after Siberia or India would be many. The most vital consideration is that in either case she would be seriously weakening her forces of all categories in the southwest Pacific, thereby making Uncle Sam's task immeasurably easier.

This would be particularly true as regards India. Overland invasion through Burma and across the towering mountain ranges isn't feasible on a big scale. The Japs would have to employ a great water-borne expedition. This would mean that at a time when they need every transport, warship and airplane for use in the Pacific warfare, they would have to make a heavy call on these already badly reduced arms.

In the case of Russia, the Nipponese would lay Tokyo and other great cities open to heavy aerial bombardment the moment the war began. The Reds have a strong air fleet at neighboring Vladivostok, and presumably have warplanes at other Siberian stations.

Russian territory would become available for American air bases. The Soviet submarine fleet at Vladivostok, estimated at 100 boats, would start raiding Japanese waters. And of course a failure to smash Russia would mean that the Japs had cut loose an avalanche of power which, added to the American and other allied strength, must crush the island empire. She most certainly would be driven into the sea from Manchuria, Korea and all her other Chinese conquests.

Naturally, should Japan attack Russia it would be with the hope that the Muscovites have been so weakened in their long and bloody conflict with Hitler that the added weight of an assault in Siberia would bring about a quick collapse of the Soviet. The Japs also would aim at acquiring military security by conquering Vladivostok and other bases which now are a potential menace. There further is the not unimportant matter of gaining rich new territories.

A successful conquest of India would be calculated to enable the Nazis and the Japanese to join forces in the Middle East. India itself would be a prize beyond price, and one which Nippon long has coveted.

How Red Guerillas Are Fighting Nazis

By CLAYTON J. IRWIN
Wide World Features Writer

NEW YORK—Kobtzeff Vladimir is a merchant seaman and he never served a day in the Russian army. He probably never heard of the Rangers; maybe he doesn't know much, either, about the British Commandos.

But when the last German is chased out of Russia there ought to be a few corahs for Vladimir and the thousands of overalled patriots who, applying Commando technique, helped the Russian army kick Hitler's timetable around for more than a year.

For four months Vladimir was a guerilla—to the Russians, par-tisan—while the Germans hammered at Leningrad. That was a year ago and, if you remember your current history, the Germans besieged Leningrad but never got around to capturing it.

Campaign of Destruction
Vladimir and his pals camped in the hills before Leningrad, acted as snipers by day and snailed forth by night to blow up German truck columns, blast bridges and harass mingled communications. They mingled with the populace in captured villages and picked up bits of military information. They had no military status, and they feared nothing but capture. A guerilla couldn't expect anything as painful as the firing squad.

Vladimir, 34, was between sea voyages when the German advance on Leningrad became serious. He volunteered for guerilla duty and was assigned to a 55-man detachment—clerks, bakers, students, seamen. The eldest was 56 and the youngest 20.

Each Unit Organized
There is a popular belief that Russian guerillas operate without organization and on a hit-or-miss basis. Instead, says Vladimir, each detachment is armed by the military and given a general plan of operation. Members of the detachment elect their own commander, who sets up smaller units inside the detachment. Vladimir was leader of one of the three units in his detachment.

Three times in the four months they returned to Leningrad. On one trip out they had been provisioned for 10 days; they were gone 38 and had to sneak most of their food out of captured villages.

Attacked Supply Columns
Several detachments operating with Vladimir's in the Leningrad-Pskov area managed, at one time, to scare the Germans out of moving supplies at night. They cleverly planted connecting explosive charges in the road at intervals of several hundred yards, then after a few German vehicles had passed by in safety, those following were blasted.

They never took prisoners but eliminated enough German patrols to keep in guns and ammunition. In many a captured village they visited, they saw the familiar signs offering 3,000 rubles for the head of each guerilla delivered to German authorities.

The Road Back
The last trip back to Leningrad practically wore out the detachment and almost finished Vladimir. For three days, the men waded an ice-clogged river in water chest deep. At Leningrad they were hospitalized, Vladimir developed rheumatism and was declared unfit for further duty.

Of the original detachment, one had been captured, three killed in action and 13 wounded.

Back in the merchant marine, Vladimir came to New York on a freighter, and that's how he happened to tell his story at the Soviet consulate. If his rheumatism improves, he hopes to rejoin the guerillas.

Soviets Won't Quit
The Russians, he says, won't stop fighting until they're victorious. Citizens who never did anything more deadly than chuck a rock at a tin can are dying with courage and spirit in their determination to drive out the Nazi invaders.

"The Russian people have seen the Germans kill," says Vladimir, "and now they have a great bitterness...."

KOBTZEFF VLADIMIR
Soldier of the people.

Guardmen Average 50 Out Of 75 With Submachine Gun

CAMP BULLIS, Sept. 17 (AP)—Two hundred fifty Texas defense guard officers fired an average of 50 out of a possible 75 with Thompson submachine guns at the eighth service command state guard school yesterday.

Among the ten highest scores turned in during the day:

- 66—Lieut. Richard H. Knox, 34th Bn. Midland.
- 64—Capt. Wilmer T. Meredith, 32nd Bn. Longview and Lieut. Audrey L. Rayford, 32nd Bn. Tyler.
- 62—Lieut. Lloyd W. Davis, 31st Bn. McAllen; Major W. J. Lawson, 5th Bn. Austin.

Recent Bride Given Gift Reception At Colorado Home

COLORADO CITY, Sept. 17 (Sp)—A recent bride, Mrs. Bob Renshaw, was honored Tuesday evening with a gift reception at the home of Mrs. H. C. Pendergrast in Colorado City with Mrs. Monte Hardegree, Betty Grubbs and Pannie Belle Brinkley as assistant.

The guests were received on the lawn by Mrs. Pendergrast and Mrs. Hardegree who presented the bride and her mother, Mrs. Louis K. Shaw. The registry table was decorated with roses and Miss Grubbs presided at the bride's book.

A cedar entwined arch made a gateway to the refreshment table which was centered with a bowl of dahlias. Betty Jo King and Marvilyn Martin poured punch during the evening.

A program was given with Miss Brinkley playing accordion numbers, Miss Grubbs reading a toast to the bride, Madeline Williamson a toast to the girls left behind, and Dimple Sue Hart was presented in a reading.

The gifts were presented to the honoree by members of the house-party. Forty guests were present. The bride was Miss Lougene Shaw before her marriage.

News Notes From The Oil Field COMMUNITIES

Mrs. S. E. Fisher, Mrs. Hardy Morgan, Louise and Irene Kunkle of Lamasa visited Mr. and Mrs. Kent Morgan Tuesday.

Mrs. Ralph Taylor of Odessa is with her parents, Mr. and Mrs. Virgil Green. Her husband volunteered for service and has been sent to Rhode Island.

Mrs. Hurd Ryckley of Columbus, Ga., is the guest of Mr. and Mrs. Herman Williams.

Corp. Vard Cowley of Goodfellow Field is visiting his mother this week.

Mr. and Mrs. Claude Gibbs of San Angelo were weekend guests of the Mark Nasworthy's.

R. Kneer is in Monahans.

Darrel Adams visited his parents this week. He is changing school attendance from John Tarleton to Texas Tech.

Frank Seeley of Tulsa, Okla., was a business visitor on the Royal Gas lease this week. Mr. and Mrs. Rowland Howard have moved to that lease.

Walter Gressett has drenched his sheep for stomach worms.

J. R. Smith returned Tuesday from Odessa.

P.D.C. Club Has Election Of New Officers At Meet

Election of officers was held by the P. D. C. club in the home of Wilma Jo Taylor Wednesday in the first session of the group since summer.

Helen Blount was elected to fill the post of president and Cora Ellen Selkirk was named as vice president. Anna Claire Waters is to be the secretary and Mary Nell Cook, treasurer.

Wilma Jo Taylor is to be reporter and Joyce Jones will be pledge mistress.

Committees named were entertainment, Melba Dean Anderson, Cora Ellen Selkirk, Wilma Jo Taylor; program, Betty Lou McGinnis, Bobbie Jo Dunlap, Nell Mead; decoration, Patty McDonald.

Club song was sung and watermelon feast held on the lawn. Others present were Betty Nobles, Marilynn Keaton and Nancy Thompson.

Former Residents Wed In California

Word has been received here of the marriage of Earl Furr and Lilian Anderson in San Francisco, Calif. Furr was formerly employed here for several years as night clerk at the Douglas hotel.

The bride was associated with the Crawford beauty shop here for several years. Furr is employed in an insulation plant in San Francisco where the couple will make his home.

NO TOE, NO CORN

ROSALIE, Wash., Sept. 17 (AP)—Postmaster H. C. Roberts isn't one to oodle a complaint. He got rid of that irritating corn. He had a toe amputated.

NOTICE
EFFECTIVE OCTOBER 1, AND FOR THE DURATION

Effective October 1, we are sorry to announce that we can no longer continue our credit business and delivery service. We are working shorthanded, and yet trying to care for more customers, making it necessary to cut down on work every way we can. We do not have time to carry your accounts and take care of them as they should be taken care of. This is an action we are indeed sorry for, and we hope you understand.

Thank You,
Frank Rutherford

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Now suffers relief nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
