## SIMMONS COLLEGE STUDENTS HOME FOR HOLIDAYS

Misses Leota Key, Leota Knight, Inez Edwards, Dell Small, Frankie Curry, Conrad Lam, and Joe Curry arrived early Wednesday morning and were welcomed with open arms by relatives and friends. These young people are students of Simmons College, Abilene, and will make Tahoka brighter with their smiles during the Christmas holidays.

Lee Baldridge, who has been attending a business college in Abilene is at home with his parents for the holidays.

Mr. and Mrs. W. L. Knight returned home Tuesday from Naples, where they visited with Mrs. Knight's mother.

Miss Fay Rollins, of Seminole, is the guest of Miss Mary Walker, of this city.

F. K. Popplewell, who has been buying cotton in Sweetwater the past season, returned home last Friday.

Miss Ida Small of Howard Payne College, Brownwood, arrived Wednesday morning for the holiday vacation.

J. D. Moore and family, of Stacy, McCulloch county, Texas, spent the first part of the week with his brother, Charley Moore, of this place.

Several of the merchants of Tahoka should be complimented for their attractive window and interior decorations. Quite a number seem to be competing in trying to dress up their stores both inside and out. This effort requires a great deal of work and no little expense and we admire them for putting forth the extra effort to make their places of business attractive and pleasing to the eye.

## LITTLE MINISTER COMING TO STAR CHRISTMAS DAY

"The Little Minister" is the wonderful photo play that has been secured to appear at the Star Theatre, in Tahoka Christmas afternoon and night. We call your attention to the quarter page advertisement on the Christmas cover of this issue of the News. Mr. Howard states that the Matinee will start at 3:00 o'clock p. m., and he urges all who possible can attend the matinee owing to the crowd that will attend at night. The same picture will be shown in the afternoon as at night. Be sure and see "The Little Minister." December 25.

Miss Joyce Ketter is at home from Abilene, where she has been attending a business college.

## NOTICE

Please do not wait until you come to the Christmas trees to bring your presents. Bring or send them immediately after noon in order that the decorating committees may get a few minutes rest before the evening program. PLEASE.

## DECORATING COMMITTEES

## Prof. Allen Mote Resigns

The News regrets to chronicle the resignation of Prof. Allen Mote, teacher of Spanish in the Tahoka High Schools, which occurred recently, owing to health conditions of Mr. Mote. He left the past week for his home in Abilene, Texas.

It has not been learned who has been secured to fill the vacancy.

## Building Roads in Terry

T. J. Bovell, of this place, left Tuesday morning for Brownfield, where he was called to give a grader demonstration on the roads in Terry county. The commissioners of that county are contemplating the purchase of a grading outfit, and knowing the reputation of Mr. Bovell as a road builder, they secured his services for a time. Mr. Bovell is employed by Lynn county on the roads and this accounts for the splendid condition of our highways at all times. He is conceded to be one of the best all around road builders in Texas, having had considerable experience before coming to this section of the state on the highways of Tarrant county. Terry county will have the privilege of seeing a first-class string of road when Mr. Bovell has finished the job.

Mr. Billingsley, who was aged 40 years, 2 months and 21 days was a well known and respected citizen of Dawson county and his untimely death is sincerely mourned.

## WEATHERS-MAX

A pretty home wedding was solemnized Sunday afternoon at 4:30 at the home of H. Max, in Jefferson, Texas, when Miss Murie Max became the bride of Mr. Louie Weathers, of Tahoka, the Rev. T. G. Alford, officiating. Only relatives and a few close friends of the contracting parties witnessed the ceremony.

Mr. Weathers is one of the assistant cashiers of the First National Bank, of Tahoka and numbers his friends by his acquaintances.

Mrs. Weathers is the niece of W. M. Harris, of the Tahoka Telephone Co., and has won a large circle of friends by her charming personality during her visits to this city.

Their many friends in Tahoka and elsewhere extend to these young people all the joys and prosperity as they journey through this life.

## SOME EGG

W. C. Cowan brought a Rhode Island chicken egg to this office last week, weighing 3 1/2 ounces and measuring 6 inches in circumference and 3 1/2 in length. We are now in possession of the egg. Who has the nog?

County Demonstration Agent, C. T. Watson, and County Judge Lowry, of Lamesa, Dawson County, stopped over in Tahoka a few minutes Wednesday afternoon on their return home from Lubbock. These gentlemen were investigating the paving construction in Lubbock and Tahoka.

Jim Douglas, subscription solicitor for the Lubbock Morning Avalanche, spent a few hours in Tahoka yesterday in the interest of that publication. He was enroute to Lamesa. While here he arranged with the Thomas Brothers Drug Company to handle the Lubbock daily, and will be found in the news stand at this place of business in the future. The Lubbock Morning Avalanche is fast becoming the most popular daily papers in the west.

H. W. Callaway, of the Draw community, left today for a weeks visit with relatives and friends in Mills county, Texas.

Miss Jewell Sherrod and brother, G. B., went to Clarendon Monday overland to accompany Miss Ruby Davis, a student of Clarendon College, home to spend the holidays.

## Coleman Citizen Locates in Lynn

Walter Wright, a prominent farmer and stockman of Coleman county, has moved with his family to Lynn county and has located on Rt. 2, out of Wilson.

Mr. Wright is the kind of citizen that we are glad to claim and Lynn county needs many more of his calibre to aid in the development of this great section. He started out right by calling at the News office and subscribing for the home paper. Mr. Wright stated that every citizen should read his county paper and become posted on the affairs taking place from week to week.

Claude Donaldson has arrived from Washington, D. C. to spend the Christmas holidays with his parents, Mr. and Mrs. J. D. Donaldson.

Judge and Mrs. C. H. Cain returned last week from a few days visit with relatives in Bosque county.

## DON'T EVEN BREATHE

## IMPROVING OUR TOWN

(By Seventh Grade Pupil Tahoka High School)

There are many different ways in which we could improve our town. First, if we should select one day in each month, as clean-up day, we could make our town more attractive. By keeping our town clean we could in time blot out diseases.

Next: Our lighting system should be improved and increased; also our water system should be extended over the entire town. This not only would be more convenient, but would also help in the prevention of fire.

There are different kinds of businesses which would greatly improve our town;—a laundry, ice plant, and a modern hotel. The streets should be paved, or at least kept in a better condition. The town should secure a building to serve as a city hall, or a place where the people could exhibit all kinds of things that would be of interest to the public. A large park with shade trees, grass, seats and water would be a fine place for amusement.

The compulsory school law should be enforced, and every step taken to improve our school.

There should be more houses constructed in Tahoka. People from everywhere are wanting to come to our town, but are forced to go elsewhere, because they cannot get houses to live in.

Let us put forth a greater effort to make our town better in a social, attractive, moral and financial way. Let's make it grow to be the most progressive town on the South Plains.

## THE COLLINS NOVELTY DUO.

One of the very interesting big attractions on our Lyceum course is the Collins Novelty Duo, consisting of Mr. and Mrs. Clifford Collins, both of long experience in lyceum and Chautauqua. This is a program that will appeal to all because of its rare versatility. Novelty musical numbers, solos and duets, and clever character sketches all combine for

variety and interest. Mrs. Collins, formerly Miss Mary Louise Long, was associated with the Lincoln Ladies Orchestra and later with the Varsity Sextet. She plays piano and saxophone. One very interesting feature of their program is a trio in which Mrs. Collins plays saxophone, while Mr. Collins plays cornet and piano at the same time.

## HOME TRADE ESSAYS

Thirty-seven of the High School pupils wrote essays on the subject of "HOME TRADE AND ITS ADVANTAGES", and prizes were awarded by Small & Clayton. First prize, a leather hand bag, Miss Jessie Sargent; second prize a \$5.00 pair of shoes, Charles Nelms; third prize \$2.50 of merchandise, Miss Esther Preston. The News will publish these essays from week to week as time and space permits, and we are sure they will prove interesting reading. We sincerely hope those who have been patronizing mail order houses will make a New Year's resolution to patronize HOME MERCHANTS. If those who have acquired the habit cannot be changed maybe the coming generation can be educated and we congratulate the progressive firm of Small & Clayton, the teachers and pupils of the Tahoka High School in this educational step.

## JORDAN MURDER CASE SET FOR TRIAL JAN. 1, 1923

From Lubbock Morning Avalanche: J. L. Jordan charged with the murder of S. S. Forrest at Slaton, Texas, on December 5, was refused bond in District Court yesterday.

A special venire of 150 men have been ordered to appear January 1, from which a jury will be selected for trial of this case. G. E. Lockhart of Tahoka, was employed as attorney for the defendant, and Gordon B. McGuire will represent the State of Texas.

This case has created no little interest, due to the fact that both parties are well known and of prominent families, and doubtless on the trial, hundreds of people will be present. It is reported many witnesses will be summoned on each side.

# HOME TRADE

The popular dry goods firm of Small & Clayton, in Tahoka recently gave a prize to the pupil writing the best article on "Home Trade" and the News is glad to give space to these articles from week to week in the order as they were judged. Article No. 3, received first prize, which we are reproducing in this issue.

## HOME TRADE

By Jessie Sargent  
(Article No. 3.—First Prize)

In the past several years the question of home trade has been growing by leaps and bounds. For some undefinable reason people have been patronizing mail order houses more frequently than ever before. Sending their money and giving their support to other cities, when it is needed and needed badly at home. Therefore we consider it necessary to give the matter due thought and consideration and if possible find out the cause of this change and right it.

First, we must consider the logical definition of home trade both in its general and specific terms. For instance, many men of keen intellectuality will say that if they spend their money in their own state they are helping build up their own home town, and so, they are in a way but, its quite a general way, and it is so much of a general way that by the time the fund to which they have contributed comes to their town it has dwindled to such small proportion that they will scarcely realize the help. While if they spend their money at home their interest will be aided directly and they will realize the assistance at once.

Many times the consumer can buy the same goods at practically the same price in his own town as he gets at the mail order houses. And when this is the case it is either due to the patrons ignorance concerning his merchants or the merchants failure and lack of interest in advertising. The merchant should advertise, of course, but the consumer should also make a thorough investigation before patronizing any other concerns but their own.

Then in the consideration of spending his money at home the consumer not only gets the goods he pays for, but he also contributes to the sums which goes toward the building up of his own home town. He gives his

merchants the use of his money thereby, helping him to enlarge his place of business making him able to furnish better goods for less money and profiting himself as well as his patron.

The local newspaper—the key of his town to the outside world—will grow and prosper under his patronage and the editor will be more optimistic and furnish a better paper while, on the other hand if he patronizes some other paper the editor will soon come to think his paper is no good and the result will be no paper whatever. So why not stand for what your town has with both feet? And if it lacks some advantages which you think it should have don't try to establish them by tearing down others equally as good. But go to work building the others up and working for one common good toward the new

Tahoka is not a very large town. It contains not more than a thousand people, yet, our local postmaster informs us that more than Eight Thousand (\$8,000.00) Dollars worth of money orders, checks and drafts are sent off monthly to different mail order houses and firms outside the city. Evidently there are many who have not thought of the good which their money might do were it kept at home.

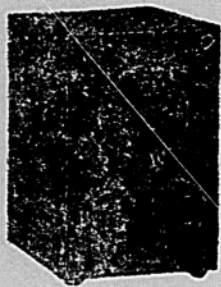

Our streets need paving; our rural roads need attention while there is a constant and steady demand for more rent houses and dwelling apartments in our city. Think of the good this money would do in these and many other adjacent ways, were these orders stopped for only one year. The capital would amount to almost One Hundred Thousand (\$100,000.00) Dollars, and with this circulating through the hands of our business men for one year the result would be, paved streets, excellent roads, many more larger and better establishments, sanitary methods, and a greater variety of goods, the business men would have for their patrons. Banks would grow and the town, because of its progress known all over the plains and surrounding vicinity, and its citizens honored and respected for their progress and integrity.

Then let's adopt the slogan of: "HOME TRADE FOR TAHOKA" and follow it up with all energy and zeal.

Chopping the uniform rows is easier and the straight row permits more thorough cultivation, which of course means bigger, better crops.

#### J. I. CASE TWO-ROW LISTER

How would you like to list your corn more accurately this year and increase your profits by several hundred dollars. Any farmer in this community can do this with the J. I. Case Two-Row Lister. Its extreme accuracy means seven more perfectly planted kernels of even ungraded corn out of 100. Means 7½ more bushels per acre. And means enough extra profit the first year to more than pay for your new lister. This wonderful accuracy of drop is due to large, polished round-hole seed plates, to a natural flat drop and to the J. I. Case double cut-off.

WE HAVE A STOCK OF THESE AND OTHER EQUALLY DEPENDABLE J. I. CASE IMPLEMENTS ON HAND READY FOR PROMPT DELIVERY TO YOU. YOU WILL BE PLACED UNDER NO OBLIGATION BY ASKING US TO GO OVER THESE MACHINES WITH YOU. FEATURE BY FEATURE WE URGE THAT YOU GIVE US THIS OPPORTUNITY.

#### J. I. CASE MODEL "B" LISTER

The spring balanced lever makes it easy for a boy to handle. One slight pull on the lift lever raises the bottom. The coil spring does the most of the work. The bottom enters and leaves the soil point first. It takes the ground instantly without dragging. This machine is equipped with the famous J. I. Case Cell-Drop Plate. It plants in uniform straight rows without bare spots or bunching. This makes chopping easier and produces bigger crops by permitting more thorough cultivation. And you save half the seed and labor when you use a J. I. Case Cell-Drop Cotton and Corn Lister.

#### J. I. CASE SEAT GUIDE CULTIVATOR

Farmers tell us that this Cultivator enables them to do fast, thorough work without danger of covering up tiny plants or damaging the roots of larger plants—the two cultivating errors that cost them so much money each year. The seat-guide feature positively eliminates jerking and pulling your horses from side to side. You guide the cultivator—not the horses. The seat bars and rollers, resting on top of the frame, shifting easily and give simplicity and strength of construction. Then, too, the depth levers on this cultivator work independently and when once set, automatically enable you instantly to set one gang to cultivate deeper or shallower than the other. Lifting the gangs does not change this adjustment.

### LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of Cardui and Took It, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Susan McFarland, of R. F. D. 2, Bostic, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand. "I was very nervous, and could not rest. I didn't feel like eating. I grew thin, and did not have ambitions for anything. "I had been trying other remedies . . . but did not get any better. "Some one told us of Cardui, and what it was recommended for. I also

took a Ladies Birthday Almanac and read of a case something like mine. I told my husband to get it and I would try it. "I saw a great improvement after the first bottle (of Cardui), so I kept it up until I was well. Now I am the picture of health." Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others. Cardui has stood the test of extensive use, for more than forty years, in the treatment of troubles common to women. Try it.

## The Word "Xmas"

THE use of "Xmas" to denote Christmas, refuses to die out, although every sort of attack has been made upon it. Newspapers, church societies and dictionaries condemn it, but the makers of Christmas cards and

seals go right ahead. It began back in the days of the catacombs when the Greek letter "X" was used to designate the word Christ, it being the initial letter in the Greek spelling of the name.

The usage of the abbreviation became more and more popular in England years afterward when spelling was not the strong point of the average citizen, and "Xmas" was much easier to remember than the word of more letters.

The season prompts us to express to you our appreciation of that intangible and invaluable asset-goodwill-that you have so kindly bestowed on us during the past year and which we fully reciprocate.
