County Goes Over Quota On Bonds

Thanks to large purchases of series F and G bonds which previously had gone unreported locally, Howard county went soaring over the top in its August purchases of war bonds—for the second month of heavy quotas.

A checkup made Tuesday with Frank Scofield, war bond administrator for Texas, revealed that August sales in the county amounted to \$143,875, as compared with the quota of \$109,700. Included in the total was \$64,310 in series F and G bonds (series E is the popular one) purchased early in the month, but which was not reported until Tuesday through the Dallas federal reserve bank.

In July, the county bought something over \$137,000 in bonds, with a quota of \$135,900.

August's fine showing was a matter of elation to committeemen who had worked steadily to keep the county on the "honor roll."

"September ought to be easy," said Chairman Ira Thurman, "since our quota for the month has been cut down to \$99,800. All we need to do is to keep buying—just like our boys out there on the fronts keep fighting."

Thurman was in receipt of a telegram from Scofield, congratulating the county on its war bond success.

Promotion For 'Texas' Stringer Lamesa Sailor Cited For Heroism

WASHINGTON, Sept. 2 (AP)—When Corregidor fell a 21-year-old Texan named John Samuel Stringer of Lamesa was machin-

ist's mate aboard the minesweeper "Quail" when the captain gave orders to scuttle the ship. She had done her duty.

There was no escape for her now, so the Yanks did a pretty thorough job of seeing that their ship did not fall into Japanese

hands.

When he helped send his ship to the bottom, "Texas" Stringer had no idea what his own fate would be.

He lived. And Stringer was one of the many heroes from Texas rewarded during the month just closed.

Stringer was one of the "Quail's" crew that traveled from the Philippines to Australia in a motor launch. It took them a solid month to make the 2,000-mile journey. On the way they had to whitish an emergency propeller shaft out of driftwood, among other experiences.

Now, on recommendation of the Quail's commanding officer, Stringer has been promoted to the rank of chief machinist's mate.

The recommendation said that during the last hours before Corregidor's fall, Stringer "responded to the urgent call made by the army for volunteers to repair the crumbling shelter barricades."

Then, after surrender of the fort and when opportunity was offered to escape, it was explained to Stringer and his companions carefully that "if caught by the enemy they would undoubtedly be shot as guerrillas and that there was grave danger of their being so caught" due to the tightness of the enemy's picket lines.

"In spite of the danger," the citation added, "they all enthusiastically desired to make the attempt. Throughout the many dangers and hardships of their trip from Corregidor to Darwin, Australia, they never once lost their courage or resolution."

This is the kind of stuff Texas heroes are made of. And, from the outset of the war, they have used it to emblazon their names forever in the nation's hall of fame.

Wind Flips Planes—A weekend storm that hit the Texas gulf coast and reached on to the San Antonio, Tex., section flipped these light planes from a municipal field and left them in this position.

Cardenas Is Appointed To Defense Post

MEXICO CITY, Sept. 2 (AP)—President Manuel Avila Camacho has named Gen. Lasaro Cardenas, his predecessor in the presidency, as his minister of national defense for warring Mexico.

The appointment was announced last night, amid reports that the ministry would be expanded to embrace naval operations as well as affairs of the growing army and air force.

General Cardenas, who has a large public following, was called originally to army duty to build up the nation's Pacific coast defenses against the possibility of Axis attacks following the Japanese raid on Pearl Harbor.

Authorities said Gen. Pablo Macias Valenzuela, whom he succeeds, would take command of the Pacific coast zone.

Another former president, Gen. Abelardo L. Rodriguez, is commander in chief of the gulf zone defenses.

The government ordered stricter control of oil sales at coastal points to guard against transfer of the fuel to Axis submarines. Secret police and oil administration agents were assigned to check factory consumption and captains of coastal boats must make regular reports as to their purchases.

THE WAR TODAY: Hitler Applies Nutcracker Action

By DE WITT MACKENZIE
Wide World War Analyst

Nazi Field Marshal Rommel's attack against the British in the Egyptian desert bears the earmarks of being the big show for which we've been waiting—an all-out German effort to make quick conquest of Egypt and the Suez Canal.

This action is part of Hitler's grand strategy for overrunning the Caucasus and Middle East. He is placing wholesale dependence on this vast operation to win him the war.

Rommel's drive is inaugurated at the peak of the crisis in his master's battle in southwestern Russia. It comes at the critical moment when Stalingrad is in grave danger, and the Nazi chief is threatening to break through into the lower Caucasus.

Thus we have a classic example of Nazi coordination on a big scale. Actually Marshal Rommel's forces form the right flank of Hitler's Caucasian drive. The Fuehrer's plan for this operation, which encompasses many countries, is this: capturing the great naval base of Alexandria, Port Said and the canal, he will pretty well have nullified the effectiveness of the British fleet in the eastern Mediterranean. This will render the whole Middle East vulnerable to attack.

Meantime Hitler hopes to capture Stalingrad and crack the Red line which now bars him from a drive southward through the Caucasus to the northern border of the Middle East. Should he succeed, he and his henchmen would be in position to make an assault from both east and west on the zone comprising Palestine, Syria, Iran and Iraq—a nutcracker movement.

And it's important to note that this latter phase of the plan could be carried out after winter had largely stopped fighting on the

Russian front north of the Caucasus. The winter isn't severe in the southern Caucasus, and military operations both there and in the Middle East would be quite feasible.

With this background it's obvious that the allies must stop both Rommel in Egypt and his boss in the northern Caucasus. It would be a catastrophe difficult to estimate if this Hitlerian scheme should succeed.

It's a dangerous moment for the allies, but taking the position as a whole there's no reason to despair over our chances of dealing with it adequately.

We have no details of the strength of the forces opposing each other on the drifting sands of the Sahara. We do know that both sides have received considerable reinforcements since the fighting died down the first of July and it looks like a fight to the finish.

At End Of Shaw's First Year—State Hospital Carrying A Big Overload Of Patients

Carrying more patients than ever before and nearly four score more than was the case a year ago, the Big Spring State Hospital began its second year Tuesday under the administration of Dr. C. A. Shaw as superintendent.

Commenting on the anniversary date, A. L. New, business manager for the hospital, said that the patient load was now 75 more than was the case on Sept. 1, 1941 when Dr. Shaw succeeded Dr. George T. McMahan, initial superintendent of the hospital. Even then it was carrying considerably more than its designed maximum load of 406 patients.

At the end of August, said New, the patient load was up to 525, the addition of 100 beds last year having made this increase possible. While the West Texas unit, newest and smallest in the state's eleemosynary system, had absorbed all applicants as of March 31 and May 31, it failed a little on other months of being able, even by crowding, of taking care of demands of the area.

However, the number of cases applying and not admitted was down to seven, and five of these were persons past 70, whose age made it inadvisable to commit them to crowded wards.

Although only about one-fifth as large as other state hospitals for the mentally ill, the Big Spring institution was performing heroically by carrying the biggest overload of all. According to last available reports, the nearest overload to that at Big Spring was 65 in a hospital caring normally for 2,500 to 3,000 patients.

Although the Big Spring State Hospital had the biggest building program scheduled of any of the state units, it did not get to start construction on the four ward and other structures provided. The presumption that these units, blocked by inability to secure priorities from the War Production Board, will be lost since they were not started in the year for which the appropriations were made. Some of the building program carries over into next year, but it is problematical if the squeeze of war production will be relieved to the extent of permitting construction then.

Dr. Shaw was not on hand to observe the start of his second year at the institution. He and Mrs. Shaw are in East Texas on a brief vacation and will return this weekend.

Louisa May Alcott's life as a volunteer hospital nurse during the Civil War furnished material for several of her stories.

Frederick Barbarossa, the first reigning German king, was chosen in the Roman, Frankfurt's 500-year-old city hall.

Slave markets for eunuchs as well as for women are still reported in Africa.

All America Knows Budweiser... but Few Know This

THE STORY OF BREAD may well be called The Story of Civilization

Bread, the most venerable of prepared foods, has helped man, and man in turn has bettered the quality of his staff of life.

YEAST is the life of bread... and the story of yeast is the story of scientific research, uniform quality, mammoth production, modern refrigeration... and daily delivery to bakers in every city, town and village throughout the land... even by boat, by sled and by plane when other transportation is interrupted by floods and blizzards.

Anheuser-Busch is one of America's biggest sources of baker's yeast.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

Endless research in making the world's leading beer has led to other products

- VITAMINS, B COMPLEX**—For manufacturers of pharmaceutical and food products. Our plant is one of the world's largest sources.
- VITAMIN D**—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.
- CORN SYRUP**—many millions of pounds annually for America's candy industry.
- SYRUPS**—for food, table and confectionery uses and special syrups for medicinal purposes.
- STARCH**—for food, textile, paper and other industries—millions of pounds annually.
- VITAMINS FOR LIVESTOCK**—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.
- REFRIGERATING EQUIPMENT**—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.
- DIESEL ENGINES**—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

BULLETS to BULLETINS

An American air fighter smashes an enemy formation high over the Pacific, over Europe or the African desert—and the news is flashed to this newspaper faster than the speed of its bullets.

Thus Associated Press newspapers—, with the world's No. 1 facilities and staff—record history play by play. It's the greatest coverage of world news ever known... literally bullets to bulletins.

FD Likely To Advocate Wage Stabilization Of Some Type

Baptist Group Backs Crusade Against Liquor

DALLAS, Sept. 2 (AP)—The executive board of the Baptist General Convention of Texas was on record today as favoring the release of Dr. John L. Hill from duty with the Southern Baptist Convention Sunday School Board so that he may direct a prohibition crusade.

The resolution containing the recommendation was submitted by Dr. E. E. Hutcherson, Houston, and was adopted yesterday. It condemned liquor traffic as wasteful of large quantities of gasoline, rubber and food and as undermining the armed forces. It previously had been adopted by the Baptist Pastors' association in Houston.

In adopting the resolution, the board pledged financial aid for such a campaign. Dr. George W. Truett, pastor of the First Baptist church here, Dr. W. W. Melton, executive secretary of the convention, and Dr. A. D. Foreman, Houston, were appointed to make the resolution effective.

The board approved a 1942-43 budget of \$1,300,000, the third in the Texas Baptists' five-year plan in which the budget is expanded \$500,000 annually.

WAKE UP YOUR LIVER BILE

Without Colic—And You'll Jump Out of Bed in the Morning Ready to Go
The liver should pour 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas builds up your stomach. You get constipated. You feel sour, sunk and the world looks yucky.
It takes those good, old Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 10¢ and 25¢.

Middle East The Prize—As global war entered its fourth year, the great Middle East land bridge was the No. 1 prize—threatened by Axis drives into the Caucasus and into Egypt. Upon holding the Middle East the United Nations staked hopes for mounting a counter-offensive there, continuing supplies by the southern route to Russia and preventing a German-Japanese juncture of forces there.

School's New Pre-Flight Course To Be Discussed At Meeting Tonight

Scores of high school juniors and seniors are expected to participate in a meeting at 8:30 this evening in room 305, high school, when the pre-flight aeronautics course is to be explained by Joe E. Ratliff, instructor.

The course, which is being introduced here this year and which carried full high school credit, has thus far failed to attract as many as school officials feel are interested. Hence cards have gone out to those in the two classes asking that they attend the meeting. Capt. Harry W. Nolen, Big Spring Army Flying School special services officer, will be at the meeting.

To date only 14 have signed for the training, a complete ground training program approved by the

Civilian Aeronautics Authority. It has no connection with the military, but there is no arguing that it would give a young man a big advantage in event he elected to enlist in one of the services.

While anxious to secure more students for the pre-flight course, John A. Coffey, high school principal, also urged those who plan to enroll in high school for the first time to do so this week since it will be impossible to serve them when school opens on Tuesday.

Those who plan schedule changes also should report to Coffey's office this week, as should those who anticipate attending college and need a transcript of credits.

Those enrolled in the pre-flight course thus far are Harry Hurt,

Robby Potts, Bobby Barron, Robert Coffey, Jonanna Terry, Doris Ache, Paul McCrary, Larry Lewis, Alfred Adams, Jim Nummy, J. W. Pursler, Don Burman, Charley Rutledge, and Betty Bob Diltz.

The Aleutian Islands were discovered in 1741 by Vitus Bering, a Russian fleet captain.

To Be Fixed Phases Of His Program Yet

WASHINGTON, Sept. 2 (AP)—From usually reliable administration sources it was learned today that President Roosevelt has about decided to stabilize wages, but is debating whether to include salaries, as well.

Wages and salaries, along with control of farm prices, were described by these sources, who preferred to remain anonymous, as the major decisions to be made before the chief executive delivers his Labor Day message on the cost of living.

Presidential advisers have divided the compensation question into three parts, as follows:

WAGES—Primarily manual labor, especially in war factories, paid on an hourly or daily basis. Unofficial guesses are that the president will ask that wage rates in this field be stabilized, by permitting increases in the hourly or daily rates of pay only if the raises are in proportion to the rise in the cost of living. Apparently, there will be no interference with workers getting bigger pay envelopes by working more hours.

SALARIES—Mostly white collar

Machinist Held In Girl's Death

BEVERLY, Mass., Sept. 2 (AP) Roger W. Mason, 49-year-old machinist, was held for the Essex county grand jury without bail today after he told Salem district court Judge George B. Sears he was "very sorry" and attempted to plead guilty to a charge of murdering his step-daughter, Ruth Stone, 24.

The girl, a Cambridge dental hygienist, was found stabbed to death, shortly before midnight, in the home of her mother and stepfather where she had been visiting. Police Lieutenant Francis J. Minton said Mason told him that the girl and her mother had been "nagging" him.

Judge Sears ordered a plea of innocent to be entered in Mason's behalf before he was taken to Salem jail.

Man Who Directed Kidnap Inquiry Goes To Iran

LAWRENCEVILLE, N. J., Sept. 2 (AP)—Colonel H. Norman Schwarzkopf, who directed the Lindbergh kidnap-murder investigation as head of the New Jersey state police, had another big job ahead of him today, that of reorganizing the police force of Iran.

Announcement of the arrival of Col. Schwarzkopf in Teheran, capital of the strategically important Middle Eastern nation, was made yesterday. With him were two other United States army officers, Lieutenant Colonel Philip T. Boone of Sea Girt, and a Captain Preston.

Grid Hopefuls Put Through Paces In Toughening Drills

More Of The Same Ahead This Week

More than two score grid hopefuls got in their first day of practice for the 1942 season Monday—and nobody knew it better than these youngsters.

Convinced that it is still quite possible for a young man to become sore and stiff, the lads plodded back to their practice Tuesday with more determination and a little less newborn enthusiasm.

Coach John Dibrail, with Assistant Coach Tommie Beene aiding in the process, dished out a long session of calisthenics in the morning, more of the same for the afternoon plus some backfield blocking, passing, punting, and pass defense. Most of the candidates had little trouble in stepping.

Steve Baker and "Big Pat" Patton took over the smaller lads of "B" squad calibre and those in junior high and will work these youngsters out until Friday when Pat has to hurry to Fort Worth to be in on the opening T. C. U. drill Saturday.

Dibrail said that the drills would continue along the same lines this week, with more and more body contact work creeping in. Monday gleeful linesmen clapped their hands when backfield candidates were given blocking assignments. "It's wonderful," they chorused, "to see a back actually blocking."

But the coach felt their merriest might be doomed to a short life; for individual blocking in the line was next on the list. If the weather stays good and the boys whip into shape, they may really be mixing it by the end of the week. At any rate, scrimmage is set for Saturday on the calendar.

Bobo Newsom Is Ready To Fire For Dodgers

PITTSBURGH, Sept. 2 (AP)—Big Bobo Newsom, the one-time American league pop-off, glad to be one of the Brooklyn "Bums" after a stay with Washington, hopes to pitch a half dozen games for his new teammates in the stretch drive between the Dodgers and Cardinals for the National league pennant.

The powerful right-hand pitcher was as quiet and docile as the best-trained movie producer's yes-man when he reported to Manager Leo Durocher at Forbes Field yesterday.

"I'm not making any predictions," said Bobo, speaking in a different tone from that of two years ago when he twirled 24 victories against five defeats for Detroit and helped the Tigers win the American league pennant. But I'm sure glad to be here after a term in Washington.

"I hope to pitch five or six games for the Bums this year. I'm not saying I'll win them all. But I'm not saying I'm going to lose 'em all either."

Durocher, smiling a broad welcome, promptly announced he would use Newsome today against Cincinnati.

Reiser Is Due To Leave Hospital

BROOKLYN, Sept. 2 (AP)—Brooklyn Dodger officials said today they expected Pete Reiser, their ailing centerfielder, would be released from his Baltimore hospital either today or tomorrow but that he would rest at President Larry MacPhail's Maryland farm until Saturday.

SPORTS ROUNDUP

By HUGH FULLERTON, JR., Wide World Sports Columnist

NEW YORK, Sept. 2 (AP)—Know the shortest fight on record? Don't grab for the record books, we'll tell you...It was the Fritzie Zivio-Jackie Wilson fust slated for the Garden next week...Well, it was "on" for just five minutes and then permission came through for Red Cochrane to fight on the USO card Sept. 10 so it was called off and Zivio-Cochrane substituted... Marjorie Row, Michigan's No. 1 gal golfer, may switch from Michigan State College to Rollins this year so she can get the benefit of winter play in Florida... Look for Yale and Virginia to resume their football series next year if there is any football in '42.

Confusion comes—

When this ad: "Wanted—Golf Club, No. 4 Wood," appeared in the Newport (Vt.) Express, it got results but not the kind that were expected...Two days later a farmer phoned that he had four-foot fire wood to sell and should he take it to the Newport country club?

Today's guest star—

Francis Sargent, Lowell (Mass.) Sun: "We've heard a lot about horse racing doing much more for the servicemen than baseball, but you don't see the tracks tossing any of those foul balls they have running around to the men in service, do you?"

Big league stuff—

The Tucson, Ariz., semi-pro league is willing to back its contribution to the war effort against anything the big leagues can offer—size considered...The other night the league staged a "Victory Bond Barbecue," combining a big feed with a ball game between stars of the service and civilian teams in the circuit. The admission price was one \$95 war bond and 75¢ affair drew 1,800 people and raised over \$110,000 in bond sales...

Service dept—

The Chaunte Field (Ill.) Platoonmen figure they've seen everything in the baseball line since second baseman Coleman Kay was spiked on the nose during a game with the Savannah (Ill.) ordinance school. It wasn't a nose dive, either. Kay tagged a base runner who couldn't slide very well and the man's foot kicked high in the air...There'll be plenty of variety in the football played at the Norfolk naval training station this fall. Coaching three of the intra-mural teams will be Ace Parker, who favors single and double wingback formations, Joe Maniac, who likes the "T" he used as a Chicago Bear, and Chet Glodchuk, who learned the Notre Dame style from Frank Leahy at Boston College...

Six Teams In Running For Tex. Playoffs

By The Associated Press

The shadow of the Shaughnessy playoffs fell athwart the Texas schedule today, and with only a few days of the regular season left there were still six teams in the running.

All but the last two teams—Oklahoma City and Dallas—were battling it out for the right to take part in the post-season series, although admittedly sixth-place Tulsa had scant hope to finish among the first four.

The Beaumont Exporters, who have been in first place all season, weren't harmed much last night when the Oilers beat them 6-1 at Tulsa. The victory, however, kept Tulsa's chance to climb into the first division.

San Antonio, tied with Houston for the fourth spot, divided a twin bill with the Rebels at Dallas, beating the opener 1-0 and taking the second game 5-1.

Second-place Shreveport, assured of a place in the after-season series, dropped a 1-0 decision to the Indians at Oklahoma City.

The Houston Buffs swept a doubleheader with the third-place Cats at Fort Worth, 6-5, 4-1.

North Texans Win Star Game In Oil Bowl

WICHITA FALLS, Sept. 2 (AP)—Despite a valiant defense, the West Texas team went down 20-7 before the swift passing attack of the North Texas eleven in the annual Oil Bowl gridiron contest last night.

Burt Baty of Paris pitched and Troy Stewart of Wichita Falls caught to spark the alert North offense.

In the third period Gordy Brown of Masonic Home intercepted a pass by Roy Smith of Mart and dashed 80 yards to a touchdown. Brown kicked the point.

A 41-yard drive late in the second quarter climaxed when Baty hurled a 25-yard pass over the goal into Stewart's hands gave North Texas its initial score. Brown made the extra point.

A 36-yard pass from Smith to Marion Flanagan in the fourth period put the ball on the one-yard line to set up the great all-stars' only score. Pete Stout of Throckmorton went over for the touchdown.

Baty slithered through right tackle, reversed and ran 34 yards to score standing up for North's final score. Brown muffed the kick.

At least 7,500 spectators watched the game.

Cadets From Area Among Those Going Into Air Schools

SAN ANTONIO AVIATION CADET CENTER, Sept. 2—Texas led the nation again as a huge class of potential "axis busters" left the San Antonio Aviation Cadet Center today for preliminary flight training schools throughout the country.

The Texans numbered 258 men, the largest group from any one state in the nation.

They have completed their first steps toward becoming pilot members of combat teams of the air.

The list includes several youths from this immediate area: Grover Cleveland Bilsand and George Yates of Big Spring; David L. Callaway, route B, Lamesa; and John F. Friddy, Jr., and Millard M. Hall of Stanton.

Girl Of 15 Is 'Darling' Of Net Tournay

NEW YORK, Sept. 2 (AP)—There always is something immensely appealing about a youngster competing against grownups, and little Shirley Fry of Akron, Ohio, already is the sentimental choice to win the women's national tennis championship at Forest Hills.

Shirley is an appealing, shining-faced kid of only 15 who already has won her way to the quarter-finals. It is doubtful that Shirley will get any further, because her next opponent will be Pauline Betts of Los Angeles, the tournament's second seeded woman player.

In a way, Shirley seems allied to Bob Falkenburg, the 16-year-old boy from Hollywood, in this wartime championship. The crowds in the stadium, lacking the superstars of other years to watch, have turned to the kids for their thrills.

Late yesterday, young, tow-headed Bob and his partner in the mixed doubles, Miss Mary Arnold of Los Angeles, engaged in a losing mixed-doubles match in the stadium against Ted Schroeder and Louise Brough, the tournament's two most vaunted stars.

Shirley, however, defeated Mrs. Midge Vosters of Lansdowne, Pa., yesterday, 6-1, 3-6, 6-3.

Only two men's singles matches were scheduled today, Frankie Parker meeting William Vogt of Drexel Hill, Pa., in one, and George Richards of Montebello, Calif., tackling Ladislav Hecht, the former Czech, in the other.

Majors Due To Produce Big Crop Of 20-Game Hurlers

Three Achieve 18, Others A Game Behind

By JUDSON BAILEY, Associated Press Sports Writer

There has been no Bobby Feller around this season, threatening the sacrosanct ranks of baseball's 20-game winners, but it looks like the major leagues will have their full quota of 20-game hurlers.

Right now Mort Cooper and Rookie Johnny Beasley of the St. Louis Cardinals, Claude Passeau of the Chicago Cubs, Tex Hughson of the Boston Red Sox and Ernie Bonham of the New York Yankees seem almost certain to cross the line that is considered the mark of a successful pitcher.

Cooper and Passeau won their 18th victories yesterday, Hughson matched his day before, and Beasley and Bonham have 17.

Cooper came through last night against the Boston Braves with a 4-3 triumph that kept the Cardinals within 3 1-2 games of the first place Dodgers.

He needed a little lift to beat the Braves and this may have inspired him to crack out a pair of singles, one of which drove in two of the St. Louis runs. In addition he spaced nine hits, fanned seven and walked none.

Al Javery, the Boston ace, had won seven straight and his teammates gave him a two-run lead before the Cards started clicking, but they finally made their 13 hits count, getting the deciding run in the seventh with a long fly after loading the bases on three singles.

Brooklyn had placed the issue squarely up to the Redbirds by winning an afternoon tussle from the Pittsburgh Pirates 4-3 on the five-hit hurling of Kirby Higbe.

Four Batters Have Driven In 100 Runs

BIRMINGHAM, Ala., Sept. 2 (AP)—Four Southern association batters can claim membership this season in the exclusive "clouting clan"—those who have driven in more than 100 runs. They are Charlie Workman, Charlie English and Gus Dugas of Nashville and Lonnie Goldstein of Birmingham.

No Victory Bell Until War Is Won

PORTLAND, Ore., Sept. 2 (AP)—The victory bell will not signal University of Portland football triumphs this fall.

The Rev. Charles C. Milner, president, ordered the clapper removed.

"There can be no real victory," he explained, "until our boys have returned victorious from the battlefields of the world."

Ethelrid, King of the Angles, is said to have slain 1,200 monks for praying for the Welsh in their conflict with him in 607.

Two Coaches Have Brothers On Squad

NASHVILLE, Tenn., Sept. 2 (AP)—Two assistant football coaches at Vanderbilt University have been doing some missionary work at home.

Each has a brother on the freshman squad.

Line Coach Norman Cooper's brother, Ken, is a tackle, and Assistant Coach Jim Scoggin's brother, Ed, plays center.

Approximately 2,500,000 automobiles are annually retired from service.

Stephens Rites Said At Stanton

STANTON, Sept. 2.—Funeral services were held here at 5 o'clock Tuesday afternoon for William C. Stephens, victim of an explosion at an industrial plant in Nevada. Rites were conducted by Rev. Paul Jakes, pastor of the First Baptist church.

Body of Mr. Stephens arrived here Tuesday morning from Las Vegas, Nev., where he was employed in a magnesium plant. He died there on August 26, a day after suffering burns in an explosion. Five others were hurt in the mishap, one perhaps fatally.

His wife and daughter, Mrs. R. K. Rogers, have been residing in Big Spring, where Mrs. Rogers is employed at the air school. Jimmy Rogers came here Sunday from Dallas where he was awaiting orders to report to a navy pre-flight school in Georgia, but could not remain for the services. R. K. Rogers is on duty at sea.

Funeral services were Sam Stamps, Jess Woody, James Jones, George Lewis, Edmond Morrow and O. B. Bryan.

Ceiling Lists On Services Must Be Filed By Sept. 10

Filing stations, laundries, shoe repair shops, dry cleaners, and all others who render services either to consumers, wholesalers, or manufacturers were reminded Wednesday by B. F. Robbins, chairman of the war price and rationing board, that they are required by OPA regulations to file their ceiling price lists with the local county board before midnight of Sept. 10th.

Enrollment Shy At Opening Of Garner School

KNOTT, Sept. 2.—Garner school opened for the '42 and '43 session Monday morning with an enrollment of 132. This is only about half of the number expected but the rainy weather and muddy roads kept the attendance down the first day. The teaching staff is short but will be completed before the week is out, said Superintendent Noel Burnett. Teachers are: first grade, Mrs. J. D. McGregor; second, Mrs. Noel Y. Burnett; third, Mrs. Porter Motley; fourth, Lorene Brummely; fifth, Marjorie Smith; sixth, Lila Castle; seventh, Mrs. R. C. Ray (substitute); eighth, Laura Ferch, of Oswego, Kas. High school staff, English, Iris Dunlop; math, Mrs. Lela Goin; homemaking, Eleanor Doss; history, Mrs. Morris Burns (substitute); and Supt. Burnett.

Nutrition Parley Set Here Thursday

More than a score of FSA home supervisors along with extension service representatives, nurses and others are expected to be on hand here Thursday when a three-day home nutrition clinic is opened here at the Settles hotel.

Hazel Brantley, general representative in nutrition of the Federal Security Agency, will lead in the series of sessions. She has been conducting similar meetings over the southwest and comes here from Childress. The sessions terminate here Saturday and the final three-day parley will be held Monday at San Angelo.

Negro Selectees Shipped From Here

Negro selectees, some of them transferred, were shipped from here Wednesday for induction at Lubbock, selective service headquarters.

In the group were Villa Carranza Turner, Tarrance Gales Vagnies Mullin, Tolla Turnerhill, and E. C. Carter from the local board; these transfers: Anglin Zepher from Grosebeck, Ezra Smith from Galveston, and Leroy Morris Brown from Idabel, Okla.

Tommy Carl Branch and Clenna Polty were transferred from this board, the former to Houston and the latter to Rockwall.

MARRIED HERE
Ernest Nettles and Eva Pearl McCaley were married at 8 o'clock Monday night in the home of Justice of the Peace Walter Grice. The couple will make their home in Big Spring.

Local Air School Training Attracting Many Applicants

Men of Big Spring and surrounding territory were flocking in Wednesday to enlist with the assurance that they will be returned to the Big Spring Army Flying School for on-one-job training.

Capt. Harry W. Nolan, special services officer who is handling interviews with applicants for the unusual type enlistments, said that he had been swamped with inquiries from men who feel they can qualify as specialists in mechanics, sheet metal work, radio, refrigeration, welding, etc.

Salute To Heroes Marks Start Of Bond Campaign

They thrilled to the strains of the Star Spangled Banner, and to the sight of the waving flag; they stood in silent attention. And then they hear speakers call for action in backing up this tribute to the U. S. fighting men everywhere—action in the matter of buying bonds to make available the instruments of war.

Thus did theatre audiences in Big Spring Tuesday night participate in a "Salute To Our Heroes" program that marked the start of September's bond buying campaign, one which the theatres will help spur on to success.

At the Ritz theatre, P. D. O'Brien called for civilian sacrifices to match those made by the men in uniform; at the Lyric theatre, R. R. McEwen made a similar appeal; at the State, E. B. Bethell, and at the Queen, Martelle McDonald added their voices in the cause of Victory. When the speakers finished, crowds at every theatre joined in rousing cheers for U. S. heroes.

Bond-stamp buying goes on at the theatres all month, with issuing the investments in security at night and on Sundays. Special booths with volunteer workers will be there to serve the public.

Here 'n There

More than a score of Boy Scouts received honor awards at a court of honor session conducted by W. C. Blankenship, chairman, at the district courtroom Tuesday night. There was a large crowd present as badges denoting advancement in rank and merit awards were presented.

Breaking into print in the Fort Worth Star-Telegram was Leeroy Clifton, son of Mr. and Mrs. E. E. Clifton. Clifton's name was mentioned in an article by Bess Stephenson in one of the series of stories on the girl reporters war production tour. Clifton was mentioned as one of the cadets unassigned who was to stop at Las Vegas, N. M., and was one of the many Texans Miss Stephenson met on the trip.

Deavenports Sell Gin At Lenora

(UPI) (U.S.D.A.)—Cattle: 4,500; calves: 2,100; all classes cattle and calves slow, about steady, common and medium beef steers' and yearlings: 9.00-12.00; good and choice kinds: 12.50-13.25; beef cows: 7.85-10.00; canners and cutters: 5.25-7.75; bulls: 7.25-10.00; fat calves: 8.50-12.50; good and choice steer calves: 12.00-13.25; heifers: 12.50 down; stocker steers and yearlings: 8.00-12.50.

Hogs: 1.80; top 14.10; packer top 14.00; good and choice: 13.00-13.10.

Sheep: 7.50; steady, quality considered; medium grade spring lambs: 11.00-12.00; yearlings: 11.50 down; mixed grade aged wethers: 6.25; most cut and common to medium slaughter ewes: 4.50-4.75.

Recruiters Have Larger Sept. Quota

With a record of having exceeded the August quota of 108 men by 1,140 per cent, U.S. Navy recruiters of the Big Spring district Wednesday were getting in some flecks for an even greater September quota.

No less than 123 men were enlisted in the Big Spring sub-station district during August, records received here Wednesday showed, according to A. H. Walker, one of the recruiters.

Ward county, with a record of having enlisted 13 men against a quota of five, led the pack with 2,600 per cent. Ector county, which contributed by far the greatest total of men with 27, was second in percentage with 1,500.

To keep things going, Walker announced the acceptance of these men for enlistment Tuesday: Uett Belmont: Elms, Midland, regular navy, apprentice seaman; Euell Shirley Tonn, Big Spring, V-6 (Hospital apprentice 2c), H. H. McDermott, Big Spring, V-6 (general service); Vernon Bruce Phillips, Big Spring, V-6 (fireman); and Elwood Carlisle, Big Spring, V-6 (general service).

This was the way things stacked up in August, (together with new quotas for September):

County	Wk	Thu	Aug	Sept
Andrews	0	3	2	1,500
Borden	1	1	2	500
Dawson	4	12	15	800
Ector	9	27	15	1,800
Gaines	3	9	7	1,250
Glasscock	0	0	2	300
Howard	8	18	18	1,000
Martin	2	2	3	400
Midland	3	6	10	600
Mitchell	1	11	11	1,000
Scurry	4	6	10	600
Ward	2	13	5	2,600
Winkler	3	10	6	1,666

The Benedictines were the first monks to introduce monastic life into western Europe.

Eighteen Prepare For Warden Class

Eighteen persons reported for an organization meeting Tuesday evening at E. B. Bethell, director of instruction, prepared to institute another series of courses of training for air raid wardens, auxiliary firemen and fire watchers.

Lions Out To Sell Tickets For Programs

Lions club and auxiliary members rolled up their sleeves Wednesday and pitched into a campaign to sell 800 tickets for a series of eight quality entertainments to be brought here through the autumn, winter and spring.

With Lawrence Robinson, president, leading the push, members were to canvass the city in an effort to sell season tickets which will entitle holders to see and hear Percy Grainger, internationally famed pianist and composer-conductor; Mary Hutchinson, Broadway stage star; the Robert Mitchell Boychoir, darlings of radio, screen and concert; Francis White, lyric soprano heard weekly on the "Telephone Hour" program; Iva Ketchell, whose comic dances have won wide acclaim; Virginia Ellis, 15-year-old wonder violinist who has starred in several pictures; Olga and Maria Stevens marionette show, designed for adult as well as child entertainment; and Burton K. Holmes, world famous traveller and lecturer.

Tickets, said Robinson, may be bought on a stamp plan with 90 cents down to cover tax and the first program. Total cost is \$4.40 for the season, and half that much for students. For any one single program, admissions will be \$1.50.

The club also accepted, on recommendation of a committee headed by Joe Pond, to sponsor an aircraft mechanics class to be taught by O. B. Williams with no charge to students. A committee was named to meet with Williams Thursday morning and iron out details for enlisting students.

Mrs. Anne Gibson Houser appealed for musical instruments, games, etc. which might be used in helping equip the Big Spring Army Flying School band or any of its recreational rooms. Federated clubs here are undertaking the responsibility of providing these.
