Saturday Storm Spawns Area Tornado

Tahoka And County Suffers Tornado And Wind Damage

Late Saturday afternoon, turbulent weather moved into Tahoka and the Lynn County area, spawning rain, wind, hail and one confirmed tornado. Tahoka received little damage but the eastern part of the county sustained tornado and flooding damage.

The storm hit Tahoka at approximately 7:15 bringing wind and rain. Rain total amounted to 2.23 with several businesses receiving some wind damage. Hail was reported in some areas.

Lankford Variety and Bord-Davis Hardware both lost sections of plate glass from the store fronts. Some damage was reported to merchandise in these areas. Several strips of aluminum was torn loose at Collier-Parker

Pharmacy and Plainsman TV sustained damage to a large store-front sign.

Other damage was light, with broken tree limbs and bent antennas reported.

A confirmed tornado began its destructive journey about six and one-half miles south-east of Tahoka, continuing across country, dissipating somewhere near White River Lake in Garza County.

One of the hardest hit areas, suffering tornado and flood damage, was near the New Lynn area. It is reported that all through the area, heavy rains left from 3.50 to 6. inches recorded, flooding fields and rural roads. Most of the cotton that had been replanted, due to heavy hail recently, will have to be re-

planted for the third and fourth times.

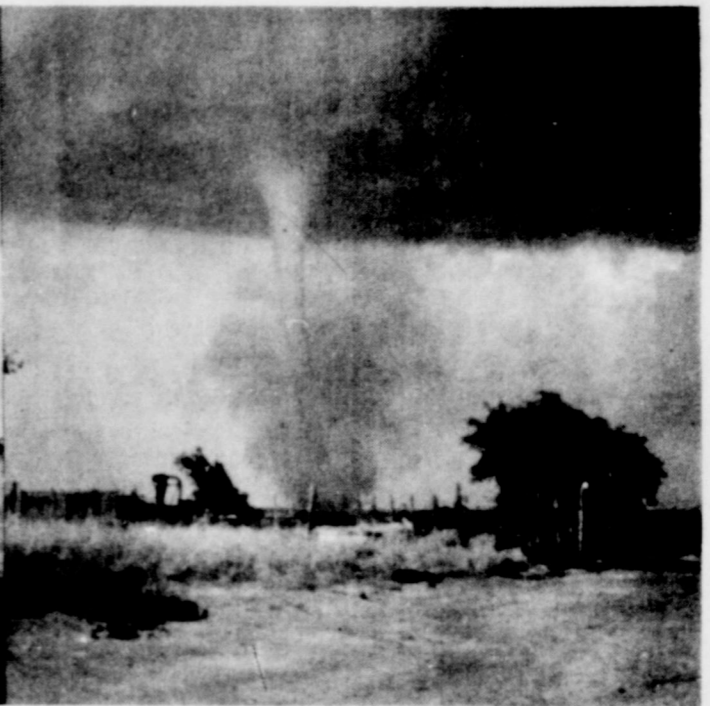

The J. C. Dunlap farm home, east of New Lynn sustained some roof damage and the tornadic winds tore the porch away from the house. Several pieces of farm equipment were scattered around the area. Rain fall left the yard area under water with mud 12.15 inches deep in the driveway. The Dunlaps were not home at the time of the storm.

The Charlie Craig farm, to the southwest of the Dunlap place was hard hit, almost in the direct path of the tornado.

The funnel dipped down in a fruit orchard just west of

TORNADO! This tornado funnel skipped across Lynn County Saturday evening causing damage in several areas. Photo was taken by Lenora Buzard, 2 1/2 miles north of Smith Grocery and Station.

SEVERAL buildings and equipment were tossed around as tornado passed the Charlie Craig farm near New Lynn.

Plans Nearing Completion For Old Settlers Reunion

Activity has been stepped up this week in preparation for the Lynn County Old Settlers Reunion to be held June 22nd at the school cafeteria.

Local merchants will cooperate in displaying old photographs and antiques prior to the reunion. Residents are urged to dress in an 'Old Time' fashion on Saturday during the reunion. Anyone wishing to place antique items or photos in store displays should contact Johnny Wells.

Slow progress has been made on the financial end of the reunion according to Mrs. Jimmy Bragg, reunion secretary. Persons wishing to help out with a donation should contact Finance Committee members, Albert Curry, Maurice Small, or Jimmy

Bragg. Expenditures usually run in excess of \$800 for the annual gathering and so far donations have fallen considerably short of this figure. Although \$1.50 is collected for each plate during registration, this is not enough to compensate for the total cost of the reunion.

This year's agenda calls for registration at the school cafeteria beginning at 10:30 a. m. The Rainbow Girls will serve the traditional barbecue dinner again this year beginning at 12 noon. Frank Hill, retired former editor-publisher of the Lynn County News will present the program. Old timers will also be treated to a selection of songs sung "Barbershop Quartet" style. Trophies will be presented to the oldest man and woman present who

have not previously won the award and to the Old Settler coming the longest distance for the reunion. Old Settlers will have a chance to chat and visit following the program.

Old Settlers will be treated to the annual "Old Timers" dance at the Community Center Saturday night at 8:30. Mr. and Mrs. George Claude Wells and Mr. and Mrs. Eldon Carroll are in charge of this phase of the reunion.

Other committees working on the reunion are: Program. SEE OLD SETTLERS PG. 5

Public Service Company Awards Engineering Scholarship To Brock

Harold Roberts of the local Southwestern Public Company announced this week that Bill Brock, son of Mr. and Mrs. Charles Brock has been awarded the Southwestern Engineering Foundation Scholarship to Texas Technological College. This scholarship

and plans to combine music with Engineering while in college. He is a dedicated young man that believes in hard work and is never satisfied with less than perfection. All who know Bill predict great things for him.

The Southwestern Engineering Foundation of Fort Worth is an organization that promotes engineering excellence. Southwestern Public Service Company is a contributor to the foundation and it was under the sponsorship of the local office that Bill made application for this scholarship.

BILL BROCK

carries a \$600.00 per year grant for two years and is renewable upon satisfactory pursuit of a curriculum in Electrical Engineering.

Competition for this scholarship was keen as only one scholarship is awarded for each college in Texas offering Electrical Engineering. Selection was based on the total person with scholastic aptitude, extra curricular activities, leadership and religious convictions all being considered. Bill certainly exemplifies all of these characteristics as he was salutatorian of the 1968 Tahoka High School graduating class.

He was on the Annual Staff, served as Drum Major for the Tahoka Band and is active in the Methodist Youth Foundation and all activities of the Methodist Church. Bill is a talented musician

Full Schedules For Local Teams

Local baseball activity continues with each team playing full schedules. Listed below are the complete schedules through June 19, for Connie Mack, Pony League and Little League.

June 13 will see Wilson Connie Mack at Tahoka and the home team will travel to New Home on June 18.

Tahoka Pony League will be host to Wilson on June 14 and will play at home again on June 18 against New Home.

Local play in the Little League will see the Giants vs Cubs and Cards vs Yanks on June 13. One June 14, the Astros will battle the Pirates in the opener and the Orioles and Dodgers will play the final.

The Yanks and Giants see action again on June 17 with the Cubs facing the Cards in the second game. The Dodgers and Astros resume play on June 18 for the opener and the Pirates and Orioles will meet in the final.

Farm Labor Office Is Authorized By Texas Employment Commission

The Texas Employment Commission has authorized the opening of a Farm Labor Office in Tahoka. I. V. Ferguson, Office Manager in Lubbock, announced that the office will be located on the South side of the Courthouse at 1521 South 2nd Street. The office will be located in one of the mobile trailers used by the Texas Employment Commission.

The Tahoka Farm Labor Office will be managed by

Delbert L. Bandy, according to Mr. Ferguson. Mr. Bandy has been with the Texas Employment Commission Farm Department in Lubbock since February of 1968. Prior to coming to work for TEC he farmed near Brownfield.

Mr. Bandy issued a special invitation to farm employers to list their labor needs with them. He also requested that unemployed persons who have farm experience, as well as farm crew leaders, contact the Tahoka Farm Labor Office for assistance in locating jobs. Mr. Bandy pointed out that there is a shortage of farm workers throughout the area.

The office telephone number is 998-5011. Office hours will be from 8:00 a. m. to 5:00 p. m. Monday through Friday.

Driving Classes Begin This Month

A series of classes in adult Driver Education, 18 years of age and over, will begin June 23rd at 2:00 p. m. Lessons will be given for those interested in studying the Driver's Handbook for the purpose of getting their Driver's License. These lessons will be given free of charge. Mr. Clifton Gardner will teach the course. Mr. Mauro (Shorty) Marez will be assisting Mr. Gardner as an interpreter for those that do not speak or read English.

We will meet at the High School in room 117. The classes will last two (2) hours each session.

Seven Injured In Weekend Wreck

A two-vehicle accident Saturday night sent seven persons to a Lubbock hospital, for treatment of injuries, ranging from skull fracture, broken ribs and pelvis injuries.

The accident occurred on the Post highway, after one vehicle hit water across the highway, drowning out the engine. Driver of the stalled auto tried to flag down traffic, leaving one occupant inside the vehicle.

A car driven by Loretta Kennedy of Massachusetts was traveling east, and rammed the stalled vehicle broadside. Mrs. Kennedy was accompanied by her daughter and children.

Honors Delayed By Grade Error

Last week as the averages of 1968 Tahoka High School graduates were being reviewed, it was discovered that an error had been made in figuring the average of Richard White.

With this error corrected Richard ranks in the top 10% of the class and should have been listed as an Honor Graduate. This also gives him the highest average of any senior boy athlete. Richard's grade average was 95.542.

An apology is given to Richard and his family for depriving him of recognition at the Athletic Banquet and Graduation exercises.

Scout Executive Fund Is Started

Tom Peabody, District Scout Executive, suffered a heart attack and is confined to bed at the Lamesa hospital.

A Tom Peabody Fund is being established and donations in this area can be left at the First National Bank, Lynn County News or with any Scout Leader.

Girls Softball Group Organized

Sixteen girls have signed up to play with the Wayne Waters Mustangs, high school softball team. The team, coached by Mrs. W. R. McNeely is made up of girls from the sophomore, junior, and senior classes.

Team expense will be handled through various projects, one of which is a bake sale, scheduled for June 19. Homemade pies, cakes, candy, and cookies will go on sale that day at Piggly Wiggly No. 1.

Clint Walker Appointed To Fill Education Service Board Term

Mr. Clint Walker of Tahoka has been appointed to fill the unexpired term of Mr. Stansell Clement of Lamesa on the Board of Directors of the Region XVII Education Service Center. Mr. Clement resigned to serve as Special Judge of the 106th Judicial District.

The Region XVII Education Service Center (one of eight in the State) is located in the Citizens Tower Building in Lubbock and serves sixteen counties. Dr. O. R. Douglas, former superintendent at Brownfield is Executive Director of the Center and heads a staff of about fifteen people. The Service Center is a branch of the Texas Education Agency and its purpose is to be of service to schools in the area. The Center conducts numerous workshops and is a source of Educational Media and material. The Tahoka Schools secured 257 sixteen millimeter films from the Center during the 1967-68 school year. Recently the Center ordered 385 new film

titles at a cost of \$54,000. These new films plus transparencies and teaching tapes should greatly enhance the services available to schools.

The Board of Directors of the Center has the responsibility of guiding the growth and development of the Center. It is certainly good to have local representation on this Board and is especially gratifying to have Clint Walker. Mr. Walker enjoys the reputation as one who makes an outstanding contribution to school and community betterment. He holds

SEEMS I am always in the wrong place at the wrong time. During the storm activity over the weekend, I was enjoying a wiener roast as a guest of the Lubbock Archery Club. The tornado offered a chance to take one of those pictures of a lifetime' and I missed the whole thing. This is just another instance when newspapermen have to rely upon witness reports.

I was drinking coffee with a local businessman Monday morning and he asked if I had pictures of the tornado. After telling him that I was not at town and missed it, he asked, "Why in the world would you want to be out of town and miss that?" About the only come-back I could think of was to say, "If you would have told me it was going to happen I wouldn't have left town."

EDITORS, time and time again have been accused of favoring one side or another, because certain things do not appear in the columns of the hometown paper. This will go on for as long as there are newspapers to read, and editors to write news. The point I am about to make concerns the Little League baseball games.

I have made two requests for help in reporting the scores of the games played, but have failed to gain results. It is impossible for me to make every game and I need help, in making them public. Each week we try to keep the public informed of games to be played and would appreciate any assistance in reporting the outcome of the same. Are there any volunteers?

OUR city can be proud of the air strip facilities we have, but so much more can be done to improve it. Several in our area enjoy flying and it is something that is holding across the nation. In fact our air space is becoming quite crowded, especially in the metropolitan areas. I like flying, but as yet have never been up with our local pilots.

With all respect to our local plane jockeys, here's an amusing note about another pilot. A small plane coming in for a landing thumped the runway, bounced high, smacked the airstrip again and bounced a second time. After the third bounce, it finally stayed down. Having landed to the hangar, the pilot radioed the tower for the time of his landing to enter in the log. A quiet voice replied, "Which one, sir?"

THIS week, June 9-15 is National Flag Week and the Fourteenth is Flag Day. All Tahoka businesses and residents should have Old Glory flying proudly, showing our true colors as a patriot. Somewhere along the way, too many of us have forgotten the meaning of patriotism. It's time we came back down to earth and show our pride, not being afraid of criticism because we show loyalty to our Flag.

Gun Legislation and the Sportsman

Due to last weeks tragic events surrounding the assassination of Senator Robert Kennedy, Congress has passed a watered down gun control law that will limit the sale of handguns and military surplus rifles across state lines. This same law will eliminate the sale of handguns by mail order.

What effect will laws of this nature have on the shooting sportsman? At present we can only speculate as to what the future will hold. Many sportsmen are afraid of total confiscation of handguns and rifles should the government ever tighten down. Many believe this will start with the registration of firearms.

The National Rifle Association has fought this type of legislation for years and their lobby has proven to be a powerful one in Washington. They fear the consequences of such laws to America's sportsmen and rightly so for denying a person the "right to bear arms" is in direct conflict with the Constitution of the United States.

Basically, there are four types of people who own guns. Sportsmen by far are the largest majority and this group uses their weapons for hunting and sports that involve competition shooting. The second group, and this includes many sportsmen, are those who own or carry guns for protection of their homes, families, and property. Most of these people never fire their weapons, but always have them handy if needed. The third group are collectors and people who en-

joy collecting and firing for sport, antique weapons. This group, by the way, is quite large and well organized with several associations a cross the country. The fourth group, and the minority, is the criminal element and of course use their weapons in the course of their criminal endeavors.

This is the group that is causing all the stir! Criminals and mentally deranged persons have made us all take a look at our present gun laws.

The fourth group is not going to be stopped by passing a few laws. These people are going to get guns if they have to steal them, and in most cases that's exactly what they do.

In many respects, passing gun control legislation makes about as much sense as outlawing the automobile because it is potentially a lethal weapon.

Maybe we should outlaw the hatpin and human fist at the same time because they too can be used as lethal weapons. Let's go as far as to say that anything of sufficient weight and mass could be used as weapons. Switchblade knives are outlawed in most states but that hasn't stopped the many cuttings and stabbings that happen everyday.

Maybe the new laws won't affect the sportsman! Personally I know of no sportsman who buys his gun by mail. All use a reputable dealer whose trade is guns and each sale is recorded. The rub would come in the total and

absolute control of firearms that such people as Senator Dodd (D-Conn.) advocate. This is something for all sportsmen to be alarmed and concerned about. Each of us should let our feelings be known by letting our Congressional representatives know how we, the sportsmen, stand on this issue.

If you are concerned and alarmed then write your views to Congressman George Mahon or Senators Ralph Yarborough and John Tower. After all we elected them to represent us!

The violence, havoc, and destruction in this country is not going to be stopped until we put the enforcement back in law enforcement and give our lawmen our full backing and support in apprehending and prosecuting lawbreakers. Once we've done this, then progress will have started.

Birdwell Lake Offers Close Fishing to City Residents
Many Tahoka and area residents are not aware of some mighty fine fishing just 4 miles southeast of town.

The C. E. Birdwell Lake is open to the public and recent rains have made a substantial rise on this 20 acre lake, according to Mrs. Birdwell.

This small lake is now 5 years old and has been stocked for the past four years with Bass and Channel Cat. Reports of Bass catches going over 3 pounds are not uncommon. The lake was formed as a result of terracing on nearby land. The lake has been over a county road for the past five years.

Bass, Channel Cat, Perch and Brim are the lakes main stock but other species have been placed in the lake by area fishermen.

Birdwell charges \$1.00 per day to fish on the lake or you may buy an annual family permit for \$10.00. The Birdwell home is located on the south side of the lake so day fishermen will need to take the long way around to reach the Birdwell home.

Boats are permitted on the lake for fishing purposes but skiing and pleasure boating is not allowed.

If you take advantage of this fine fishing spot remember this is private property and you should take your trash with you when you leave. The Birdwells are happy to have the public fish on the lake and asks in return that everyone conducts themselves as sportsmen.

Services Held For Leon J. Falls

Leon J. Falls, 59, well known by many Lynn county people, died late Saturday in a Denver City Hospital. He had been farming in the Higginbotham community, near there.

Funeral services were held Tuesday in Denver City and burial followed at Brownfield.

He was a brother of C. J. Falls, Jr. of Lakeview. He is survived by his wife; two sons, Leon Jr. of El Paso and Mike of the US Army stationed at Ft. Sam Houston; two daughters, Miss Barbara of El Paso and Mrs. Elizabeth Rowden of Wellman; his mother, Mrs. C. J. Falls, Sr. of Brownfield; the brother and three sisters, Mrs. Carl Cottrell of Brownfield, Mrs. Emma Waters and Mrs. Essie Cooper of Salinas, Calif.

STORM
CONT. FROM PG. 1
The farm home, uprooting several large trees. Destroyed were three buildings, including a 14 x 30 barn, tractor shed and chicken house. Wood and contents of the buildings were scattered over a quarter to half mile area.

Also destroyed at the Craig home was a cotton trailer and stock pen areas. Twenty-three chickens were counted dead, and were literally picked clean, with heads removed. The home was not damaged.

A neighbor, Horace Daniel warned the Craigs of the approaching storm when it was about three miles away. They left with Daniel and headed towards New Lynn, out of the storm path.

Other damage has been reported in various parts of

eastern Lynn County and also in Garza County. Rural roads were washed out and fields flattened from heavy downpours. Utility lines and fences were also ripped out in the storm area.

Adequate warning had been issued about the tornado and local authorities kept watch until the tornado cleared this area. Towns people and other observers watched the tornado for a period of 20-30 minutes, before it returned into the clouds.

Gandy-Stanley Wedding Vows Are Exchanged In Service

Miss Theda Joe Gandy and Frankie C. Stanley exchanged double ring wedding vows at 8 p. m. Friday in Sweet Street Baptist Church. The Rev. E. L. Tyler read the ceremony.
 Mr. and Mrs. Rubin Gandy are parents of the bride, and Mr. and Mrs. O. J. Stanley of Grassland are parents of the bridegroom.

Attendants were Miss Jenise Gandy, maid of honor, and Miss Nellene Chandler, bridesmaid, and Inita Gandy, junior bridesmaid.
 Leo Witcher of Post was best man. John Roberts of Lubbock and Dennis Stanley of Grassland were groomsmen. David Stanley of Grassland, Barry Jaquess, Tim Tippit, and David Gandy seated guests.
 Kerry Gandy lighted candles.
 Wedding selections were presented by Mrs. Marlin Hawthorne, pianist; Mrs. Mike Taylor, organist; and Denise Gandy and Mrs. John Roberts, soloists.

Given in marriage by her father, the bride wore an empire floor-length gown of white bridal satin, the dress was designed by the bride's aunt, Mrs. J. C. Gandy. The gown was fashioned with a sabrina neckline and bell sleeves, the bodice and sleeves were decorated with Chantilly lace and seed pearls. The chapel length train attached at the empire waist and was overlaid and edged with Chantilly lace. The shoulder length veil of silk illusion was held by a tiara of pearls. The bride carried a removable corsage of red roses atop a white

Bible.
 Attendants wore A-line floor-length dresses of turquoise lace accented with a chapel train of matching chiffon and short puffed veils of matching illusion. They carried nosegays of white pom-pom mums and turquoise lace carnations with turquoise satin streamers.

After a wedding trip to Mexico and Denver, Colo., the couple will be at home in Grassland. The bride is a senior at Tahoka High School and the bridegroom is a 1966 graduate of Tahoka High School and is engaged in farming.

Light Bulbs...

9¢

at your Texaco Dealer.

Just drive into your participating Texaco Dealer's and you can get a 100-watt Ken-Rad light bulb for 9¢ when you fill 'er up with at least 8 gallons of Sky Chief or Fire Chief gasoline. Get another of these long-lasting light bulbs each time you come into a Texaco Dealer where you see the Light Bulb sign.

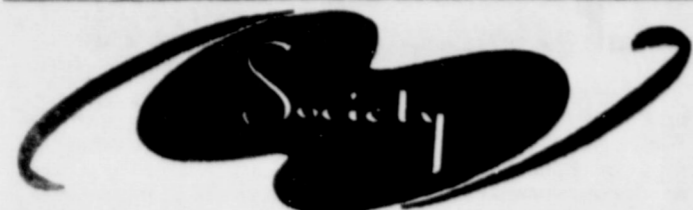

Why is your Texaco Dealer saving you money on light bulbs? It's his way of celebrating the arrival of money-saving Sky Chief, the brand-new gasoline that can drive down the cost of driving. New Sky Chief keeps harmful deposits from building up on engine valves better than any other leading gasoline. With fewer deposits, you can get better mileage—and that can save you money. The chance of an expensive engine repair job is much less, too. So drive in for a light bulb, fill up with new Sky Chief—it can drive down the cost of driving.

"Mary, let's make one more stop."

Psst! Don't let a flat get you down. Pick up a Texaco Tire Inflator-Puncture Sealer today. This handy "spare in an aerosol can" inflates flats in just 60 seconds—eliminates the fuss and muss of tire changing. Only \$2.98*—while they last.

GAY ELLIOTT

Dr. and Mrs. Edward W. Elliott of Dallas are announcing the engagement of their daughter, Gay, to Everett W. (Rett) Patterson, Jr., son of Mr. and Mrs. E. W. Patterson.

Miss Elliott is a graduate of Highland Park High School in Dallas and attends Texas Tech.

Rett is a graduate of Tahoka High School and attends Texas Tech.

The wedding will be in Dallas on August 24, 1968.

MRS. ANDY BRAY

Wedding Vows Are Exchanged In Summer Garden Ceremony

Cynthia Ann Hale and Andrew Allen Bray, both of Lubbock, exchanged wedding vows in a 6:00 p. m. ceremony in the summer garden of Mr. and Mrs. Arthur Roberts of 2218 45th Street in Snyder.

Don Browning, former minister of the East Side Church of Christ in Snyder, officiated the double ring rites.

Parents of the bride are Mr. and Mrs. Clifford Wayne Hale of 2215 42nd Street, Snyder. The bridegroom is the son of Mrs. A. M. Bray of Dallas. She and the late Mr. Bray were former residents of Tahoka.

The bridal party entered through an arch of greenery and marched down a garden walk to stand beneath the boughs of a broadleaf sycamore tree encircled with base plantings of caladiums and potted geraniums. Bedded pansies, petunias and day lilies accented other trees and shrubbery in the garden.

Given in marriage by her father, the bride wore a street-length empire gown of white Chantilly lace featuring a bateau neckline and elbow-length sleeves, with a full cage back flowing from a low-scooped neckline and adorned with a flat white peau de soie bow with streamers flowing to the hemline.

Her ballerine-length veil of imported silk illusion was caught to spray headpiece of

feathered peau de soie petals and seed pearls.

She carried a white Cattleya orchid centered in cascading feathered chrysanthemums and English ivy with streamers of satin. The arrangement was atop a white Bible, the bride's something old.

For her something borrowed she carried the wedding ring belonging to the mother of the bridegroom. The traditional garter was her something blue and she wore a sixpence in her shoe.

Marla Bray of Dallas, sister of the bridegroom, was maid of honor. She wore a cottillion blue A-line street-length gown of luster pettipoint cotton with bateau neckline and cap sleeves. A triple tier embroidered applique was featured just short of the hemline. A toque of blue daisies held blue tulle as her headpiece. She carried a cascade of feathered chrysanthemums and ivy with streamers of blue satin.

David Bray of Washington, D. C. served his brother as best man.

Ushers were Bob Hale of El Paso and Joe Hale of Snyder, brothers of the bride.

Wedding music included "Because", "O Promise Me"

and "I Love You Truly".

The reception followed in the Robert's home. The table was laid with a white net floor-length cloth, caught up with delicate green roses at either end. Appointments were of crystal and silver.

Janie McBeth of Snyder and Mrs. Linden Terry of Abilene presided over the three tier wedding cake which was topped with wedding bells of pale blue satin with matching netting and pearl trim. The cake had spirals of pale blue roses and each tier was encircled with white roses and leaves.

For a wedding trip the bride chose an orange and navy dress of silk and polyester blend with matching coat and accessories. She wore the orchid from her bridal bouquet for her corsage.

The bride is a 1965 graduate of Snyder High School and is a candidate for graduation in January from Texas Tech with a BS degree in secondary education. She is a member of Sigma Delta Phi, national Spanish honorary; Capa C Espanola, society for promoting Spanish interest; Beta Beta Beta, national Biology honorary; the Dean's List; and the Legislature of Wall and Stangel

Halls. She has had the lead and supporting roles in several Tech dramas.

The bridegroom is a junior Economics major at Texas Tech and is employed with Smith Printing Company of Lubbock. He was graduated from Tahoka High School in 1962; served as an aid to Congressman George Mahon in Washington, D. C. in 1965; served as a member of the Peace Corps in Nigeria, West Africa for two years in Rural Development work. He is currently serving as secretary of Academic Affairs at Tech and is a member of Delta Phi Epsilon, professional foreign service fraternity.

He has also studied at SMU where he was a member of Cyren Fyden, honorary fraternity, and Phi Gamma Delta, social fraternity.

The couple will be at home in Lubbock in the University Village apartments.

Fred Hegi Will Receive Degree

Fred Hegi, son of Mr. and Mrs. Pete Hegi, will receive his Masters in Business Administration at Commencement Exercises of Harvard University, Cambridge, Mass.

Emergency Credit Available Through Farm Home Agency

Loan programs of the Farmers Home Administration can help counter the damage caused by the adverse weather conditions in Lynn and Garza Counties, Billy H. Stewart, local supervisor of the agency said this week.

Stewart reported that his agency provides emergency credit to assist eligible farmers or ranchers to maintain their normal operation. This type of loan will enable the operator to avoid selling off foundation livestock, machinery, and the capital assets needed in their operation.

Emergency loans may be made for the purchase of feed, seed, fertilizer, replacement of equipment, and livestock, for other essential farm and home operating expenses, and for the replacement or repair of dwellings, buildings, fences, and irrigation systems that were damaged or destroyed by the disaster.

The interest rate is 3 percent. Repayment schedule de-

pends upon the purpose for which funds are advanced and upon the estimated income of the applicant. Security for the loan will depend upon the purpose.

Our Lord Buxton Convertible Billfold

(And why so many guys own one.)

The middle section slips out easily and becomes a separate card-photo case.

There's a patented bar that lets you add and subtract windows easily.

It has rounded edges that give it a racy, finished look.

It has a push-button closing that won't pull out.

You can see anything you want through the windows. And they'll never shatter, or even crack.

It gives you a handy place for keys.

Tan, black, brown, mahogany, olive brown, ginger, and saddle tan cowhide. Only \$5 and it's the best-selling \$5 billfold in America.

LORD BUXTON
