

Capital Comment

Texans In Washington Known By Shape Of Hats

By GEORGE STIMPSON
Herald Washington Correspondent
WASHINGTON.—Kind of quiet on Capitol Hill nowadays. Main-power shortage in Congress itself right now. Members have been home campaigning mending fences. People poke fun at Congressmen because they go home to campaign just before election. Nothing unusual about that: Human nature. If your boss was debating whether to keep you or fire you, you, too, might like to be around to tell your side of the story, particularly if somebody else on the ground were after your job.

Lyndon Johnson, energetic, man of action, busiest man in Washington, trying to get country to elect Congress favorable to war effort. Don't believe rumors floating around that government is "lying" about "bad war news". Difference of opinion about wisdom of withholding certain information, but war is complicated; remember may be good reasons why certain things can't be disclosed, even reasons why they can't be disclosed...can't be disclosed.

Have never lived in place where they make so much fuss about Halloween as in Washington. Big event here. Grownups as well as youngsters dress up in outlandish costumes, make noise, throw stuff around, chalk marks on windows and autos, have been parties, whoop it up generally, make monkeys of selves. Halloween here sort of combination of New Year, Valentine and April Fool. When I was boy at home youngsters went out Halloween, turned over small houses, raised Cain, but sisters paid little attention to occasion...Congressman Lindley Beckworth, growing every day in esteem of colleagues, is prodding Army engineers to develop waterway from Jefferson...When I drew double-yolked egg for breakfast this morning cashier tried to charge me for two eggs.

Washington trees shedding leaves fast, beginning to look like fall, frost predicted for tonight...Three Corpus Christi Call-Times men have get-together in Washington. James M. Rowe, stationed Camp Ritchie, Md., will enter adjutant general's school at Fort Washington down the Potomac. Other two: Ensign Raymond Michero, with Navy Department, and Bill Elliott, Congressman Kieberg's secretary...B. M. Myers, Jr., resigned position in Florenceville post office, appointed inspector for Post Office department here, ends week of training here in which crammed work generally given in six weeks, hopes to be permanently stationed in Texas...D. H. Perry, Robstown, widely known Nueces County cotton grower, breakfasts in Capitol cafeteria with Judge Mansfield and Lindley Beckworth, and Bill Elliott, who paid the check.

Roy Miller's son, Dale, says daughter, eight months old, just cut two teeth...Texas Congressman men have get-together in Washington. James M. Rowe, stationed

examined an old claim and who "are now probably dead"...Another got telegram saying constituent can't locate "Sans Origine" on any map...Whatever else you may say about W. Lee O'Daniel, you can't say the senator is not persistent. Once he takes hold of problem he hangs on like bulldog...Had dinner tonight with Vincent Villamin, in my opinion one of most intelligent Filipinos alive. Told me his wife and two daughters a few years ago met Mr. and Mrs. Houston Harte and their sons on a polar cruise that took them near Arctic ice pack, North Cape, land of Midnight Sun, Hammerfest, probably closer to North Pole than Dr. Cook ever got. Villamin's family, now in Los Angeles, were on way back to Philippines when Japs attacked. He's here to testify before Congressional committee on manpower, Filipino labor, etc.

Pasturage, Proteins Needed For Pork Production Here

Pasturage and protein supplement stand as the two most urgent needs of Howard county farmers in undertaking an extensive pork production campaign, County Agent O. P. Griffin said Tuesday. Few realize the importance of pasturage, he said, pointing out that in this manner pigs come into possession of vitamin A in green feed, made gains on much less grain, and faced small threat from the nema worm which afflicts so many pen fed swine. Perhaps the first step in pasturage of hogs is the use of the electrical fence, suggested the agent. A couple of low slung wires, connected with a fence machine, powered either by a windcharger or from regular AC current, will keep hogs in without any trouble, he said. J. D. Garlington recently bought some registered Berkshires from near Lubbock where an elec-

trical fence was used. Garlington simply ran one strand of wire around his pasture area and never bothered to charge it, but the pigs kept away from it. Pasture pigs usually are healthier and take to feeding better when penned for finishing, said the agent. Moreover, their gains up until that point have been far more economical. To insure better pen conditions, Griffin declared it would be better to move the pen location regularly, particularly in the case of brood sows just before they farrow. The sow should be washed clean before being transferred to the new location. To get maximum results in feeding, the agent continued, a protein supplement should be provided. Usually cottonseed meal plus an equal part of alfalfa meal along with tankage turns the trick. If the pig is on pasture, the alfalfa meal will be unnecessary. Cotton-

seed meal and grain will give a good hard finish, and gains will be much more pronounced than when the feeder attempts to do the job with grain and tankage alone.

CAN'T KEEP GRANDMA IN HER CHAIR
She's as lively as a Youngster—Now her Backache is better
Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffing under the eyes, headaches and dizziness. Frequent or constant passage with smarting and burning suggests your kidneys are bothering you. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

The Mace, official symbol of authority of House of Representatives, is in charge of Warren Fletcher, deputy sergeant at arms. Warren is 80 years old and carries mace back and forth between chamber and its permanent parking place like hunter with shotgun out gunning for ducks...Albert W. Woods, of Fort Worth, clerk of Fritz Lanham public buildings and grounds committee, identifies Texans in Washington by shape of their hats. Al claims he can identify not only people from Texas by hats, but particular part of state they come from.

William Lemke, North Dakota non-partisan, who was nosed out of presidency by Franklin Roosevelt in 1936. Only Congressman I ever knew who habitually wears a cap...When Congressman Joseph Jefferson Mansfield, of Columbus, chairman House rivers and harbors committee, went to Texas more than sixty years ago he got job with railroad as station hand, baggage man, car clerk and jack-of-all-trades around station at Rosenberg. Picked up Morse code on side and qualified as railway telegrapher.

One of first persons I see when I enter first floor of Capitol every morning is Jim Neal, leaning against marble column and smoking what's left of cigar. Jim is one of Capitol barbers "for men only." He shaved Jack Garner when he blew into Washington nearly forty years ago and continued to shave him every other day when Texan was here for 38 years.

J. W. Reed, former Abilene at-

Marriage License Business Booming In Soldier Trade

Back in the days before the war, soldiers, a bombardier school and wartime marriages, the county clerk's office issued every month approximately 30 marriage licenses to civilian couples. But come the war—and the county clerk's office output has nearly doubled in the marriage license department.

Since the establishment of the bombardier school here, a check of the records show that some 80 licenses have been issued to soldiers to marry the girls of their choice and 46 other marriage licenses have been issued.

In two and a half months, a total of 126 permits to wed have been written in the clerk's office. In that total of 80 marriages by men in the armed forces is one lone sailor who got his license at the office.

But at the rate the number of uniforms are being seen in and about the clerk's office since the beginning of November, this percentage is expected to go up considerably. These soldiers seem to be the marrying kind.

Christmas Card From Vichy Has Him Puzzled

SACRAMENTO, Cal. (UP)—A Christmas greeting card postmarked "Vichy, France" is causing California Secretary of State Paul Peek considerable concern. Here's why:

To his knowledge he is not acquainted with anyone in Vichy. He cannot make out the signature.

He does not know whether the greeting card was for last Christmas or Christmas, 1942.

# BOMB HITS

OUT AT THE  
BIG SPRING BOMBARDIER SCHOOL

## 812th School Sqdn.

Headlines from the 812th this week were the lecture given to the organization by the Squadron Commander, Captain Gerald F. Keeling, and the welcoming of quite a few new members into this crack outfit.

Captain Keeling's lecture consisted mostly of pointers on how to keep the 812th the best on the field and it goes without saying we have the full cooperation of every member of the entire organization.

The new additions to the Squadron seem to all be "on the beam" and in no time at all should be able to fit right in with the older men.

Three members of our Squadron were recently promoted to rank of Warrant Officer, Junior Grade. These men were M-Sgt. Leonard B. Covington, S-Sgt. E. O. Henderson and S-Sgt. Glenn Greadwell. It is a distinct loss to the organization, losing men of this calibre, but the entire field will profit immeasurably. The 812th wishes these men the best of luck in their new endeavors.

### SPORTS

While basketball practice has been curtailed somewhat for the present, due to lack of a gymnasium, team members have improved their own method of practice and when a gym is available should be able to start right off in form. Several excellent players form our already powerful team. It's a cinch the team that wins the championship will have to beat the 812th!

### MUSIC DEPT.

Our Squadron orchestra was given

**THOMAS & THOMAS**  
Attorneys  
Big Spring, Texas

en quite a lift this week by an addition from the recruits. They picked up an excellent drummer in Pvt. E. Kirschbaum. Kirsch built from Minneapolis and is reported to be plenty solid. He is not a former member of the Minneapolis Symphony.

### ODDITIES

How could a ship go wrong with Lord, an angel and Moses as crew members. That's no propaganda, either, mates; it's exactly what we have. Sgt. Carl R. Angel, Cpl. William M. Lord, and Pvt. Edward L. Moses. You other guys try and die that combination.

### FINANCIAL DEPT.

For some unknown reason, unless the boys are doing their Christmas shopping a little early, most of the members of our outfit are all "22." Saturday, the 21st, was strictly being looked forward to, and now is being looked back upon.

### FINAL

We are still more or less in the process of becoming acquainted in the 812th at present but by the time the next issue will be able to present some interesting highlights on some of the boys; from M-Sgt. to B. Pvt. We even have the assurance that our ace Squadron poet, Sgt. John B. Easel will whip up a special number for our next edition.

## 819th School Sqdn.

True it is indeed that the way to a soldier's heart is through his stomach. This was ably demonstrated the past week when Pvt. Miklos received (believe it or not) a huge 15-pound birthday cake from the good folks in Columbus, Ohio. At least forty hungry lads took advantage of Sam's "help yourself" card attached to the cake. After the last crumb had disappeared down the hatch, the boys got together and sent a card of thanks to the folks back home, wishing many more happy birthdays for "your son," and suggesting that these birthdays be observed monthly in the future. We notice that a certain back-

elor, one S/Sgt. Charlie Meyer is avidly perusing the "Aptis" for rest" columns of the local paper. Tell us it ain't so, Charlie! Tell us you ain't gonna leave our nice comfortable barracks and give up that fine canvas cot just to get married and sleep on a beautiful inner-spring.

Quite a number of our out-of-state city fellers are getting quite a kick out of their visits to nearby ranches. One lad tells us he got a real thrill out of his first ride on a Texas cow pony. But he still can't figure out why he and the pony can't seem to get together on this bouncing business. Every time he goes down the pony comes up, and vice versa. And he suffers greatly from the effects of so many informal meetings.

And now we'll take the case of Private Casey, the irrepressible Irishman. It isn't often that the mighty Casey loses "face," but this is one time he didn't do so good. Casey stepped into a barracks where all of the boys were lined up for inspection the other day, and in his usual nonchalant manner hollers "at ease!" Everyone remained at attention however, until the Major—that's right the Major—who stood right behind Casey, gave the order. Yep — Casey ain't doing so good lately!

## Says 'Political Front' Should Be Out For War

COBLESKILL, N. Y. (UP)—"The political front—politics for the sake of politics—has no place in this campaign," according to Sharon J. Maubs, candidate for congressional representative from the 27th Congressional district.

Maubs, a Schenectady country lawyer, declared that "there should be only one front—the fighting front." "If we come out of this war with only our hides left we will have nothing to gripe about, so long as we win," he added.

### Paroled Prisoners Join

LOS ANGELES, Cal.—Of 4,600 prisoners now out of California's penal institutions on parole, half have volunteered either in the armed forces or some other line of work pertaining to the national defense, the State Board of Prison Directors here announced. Prisoners on parole are serving in Alaska, Hawaii, Panama, and various other places, it was stated.

**Chronicle in Cartoon** of the Big Spring Army Air Forces Bombardier School is being kept as a weekly record by Sgt. Nank Coffman, assigned to the public relations staff at the school. Sgt. Coffman, whose home is in Houston, came here from Randolph Field where he collaborated on a similar air corps feature called "Wing Tips" and which appeared in a large number of newspapers in the southwest. Other pictorial reviews of bombardier school highlights will come from the pen of Sgt. Coffman weekly henceforth.

## THE WAR TODAY: Nazis May Be Losing All Hold On Africa

LONDON, Nov. 5 (UP)—The Allied triumph in Egypt gives strong hope that we are witnessing the beginning of the not far distant end to Hitler's hold on North Africa. The Nazi all-highest also is having visions of disaster, for Berlin claims a "remarkable concentration" of British warships and transports at Gibraltar. The Vichy government is reported to be holding conferences about North Africa and from Rear Admiral Lutetow of the German naval staff we get this: "Casablanca on French Morocco's west coast is a danger spot for overshadowing Dakar. Africa swarms with United States agents whose gaze turns to Casablanca." Is Hitler conjuring up bugbears to torture his sleep? He will know in due course and so shall we. Meantime, it is a most comfortable feeling to see him worry. We must temper our natural optimism with caution because there is hard and bitter work to be done before the Axis armies are annihilated. That is the task before us—the destruction of Hitler's fighting machine in all northern Africa. Once before we had our dreams when Wavell drove defeated enemy columns far to the westward across the desert. But the Axis still was strong then and the Allies weak. Indeed, just at the crucial moment, Wavell had to rush troops off to the defense of Greece, thereby depriving him of a chance to follow up his victory. Now, however, the Hitlerites are weaker and the Allies much stronger. The Nazi chief and his minions are on the down grade. Certainly the forces under Gen. Sir Harold Alexander must be jubilant as they pursue and hammer what a British communique described as the "disordered columns" of the enemy. When you talk about "disordered columns" in retreat you are talking about a "rout" which is one of the greatest disasters that can befall an army. Axis Casualties already have been heavy. These must be climbing rapidly as the shell-shocked German and Italian soldiers retreat across the blazing sands which themselves greedily soaked up the lives of those who falter or are wounded. Enemy losses in material also have been mountainous and probably the heaviest individual blow dealt Hitler has been in the destruction of tanks. As I pointed out yesterday these racing fortresses have been the backbone of Rommel's striking power. The Nazi marshal was estimated to have 500 tanks when the offensive started. Now the British communique tells us that 260 of these have been destroyed. This would mean that more than half of the Axis tanks in the field have been wiped out. Many more must be falling by the wayside as American and British air fleets continue their devastating hail of bombs on straggling lines along the edge of the great military highway which skirts the Mediterranean. The communique also records that 300 Axis planes have been destroyed or damaged in the air and a like number on the ground. Many of the damaged planes will, of course, have to be abandoned as the Axis forces retreat. This means that a minimum of half of Rommel's air fleet has been destroyed. The likelihood is that the figure is nearer three-quarters. That is a colossal blow, especially since the Anglo-American aerial fleet already had superiority in the air before disaster dropped on Rommel's head from his skies. Elimination of the Axis from North Africa would alter the complexion of the European war. Restoration of British domination over the Mediterranean area would remove a threat to the strategic middle east. It might easily result in the complete collapse of Italy. It would vastly strengthen Spain's position of neutrality and this would ease a situation which has been a constant worry to the Allies. No wonder the Fuehrer's boasted intuition is making him see pink elephants. As a matter, it looks as though his intuition might be right this time.

## Bomber Crashes On Takeoff, Three Die

EL PASO, Nov. 5 (UP)—The crash of an army bomber at Biggs Field yesterday took the lives of three army air force men and injured six others. The accident occurred on an attempted take-off. The dead: Second Lt. Lloyd G. Compton, Bedford, Va.; Second Lt. Robert E. Bradford, North Nampa, Idaho; and Staff Sgt. Garfield A. Kuesch, East Brnsatad, Ky. The injured included: Staff Sgt. Warren H. Clark, Thomson, Utah. Sgt. Floyd R. Hudgins Delta, Colo. IMPROVING Mrs. Frederick Herman, who recently underwent a major opera-

tion at the Cowper Clinic, is reported doing nicely.

# Army's Cure For Sunday Drivers

With World Features  
**DRIVER**—In two days the army is seeking good drivers out of poor ones.

Lieut. W. O. Earl of Buckley field, Denver, had to turn out drivers that fast to keep the Buckley field war wheels moving.

He designed a circular driving range, about a quarter mile in length, that gives a student the thrills of a long cross country run plus the headaches of city driving all within the space of a few minutes.

The student takes one of the army's big trucks, in soldier slang a "six by six," over, around through and across deep gulleys, plowed ground and other hazards that would upset any passenger car that attempted the thrill.

Compressed Driving  
 "This looks like spectacular driving," says Lieutenant Earl. "But that isn't its purpose. It simply crowds the driving experiences that a person would meet in a year or two of normal work into the space of a day or two of driving on the range."

In addition, this spectacular portion of the course is its most important part. The drivers spend only a small percentage of their time on this section. Their most important instruction is obtained on the parking, signaling, backing, starting and stopping range.

"On that range we emphasize safety and care of equipment, which is the fundamental purpose of the driving school."

In addition to field work, the drivers must study two or three hours a day, between trips, to familiarize themselves with state and city laws. They have to study maps of Buckley field and of the city of Denver so they can take people or cargoes safely and on the shortest route to their destinations.

Hundreds of drivers are needed at Buckley. They aren't available so the army started hiring civilians. Mostly they are young fellows between high school and draft age. Soon women probably will be employed. In tests, they have proved as able as men, even on heavy trucks, says Earl.

Then Comes The Draft  
 Usually men stay on the job only a few weeks, until they are drafted or go into war industries.

"We decided the only way to meet this situation was to maintain a school where we could make competent drivers out of the mediocre or inexperienced ones that were available," he says.

Army officers say Earl's school is a success and undoubtedly will be copied by other army posts. While many drivers are "graduated" after a day or two of instruction, some are in school as long as two weeks.

Earl, youthful, pleasant but efficient, was a Detroit manufacturer before the war. After he joined the army he was sent to a motor maintenance school for two months where he learned about heavy army "rolling stock" the hard way—in overalls.

At Buckley field he simply was assigned as motor maintenance officer and told "to get in there and pitch" when the driving situation became critical.

On the backing, parking and signaling course a driver has to be good to get a "six by six" parked in places like this. Object is to do it without knocking down any stakes.

# Army After Younger Men

New emphasis is being placed on enlistment of 18 and 19 year old youths by the U. S. Army recruiting station here, Sgt. Edwin R. Turner, in charge, said Thursday.

Young men of this age can choose their choice of 13 fields—the corps of engineers, field artillery, quartermaster corps, ordnance, infantry, medical corps, armored forces, cavalry, signal corps, air forces, corps of military police, chemical warfare service, and the anti-aircraft or harbor defense divisions of the coast artillery.

Aside from openings for these young men, the corps of engineers is seeking older qualified men who have experience as blasters and powermen, bridge builders, construction foremen, utility repairmen, quarrymen, riggers and jack hammer operators.

Sgt. Turner announced that Cpl. Stephen A. Lupton, who was on assignment here from Fort Sam Houston for recruiting duty, had district headquarters at Lubbock, been transferred to the West Texas

# Club Cafe Is Leader In Bowling

Club Cafe snatched the lead in the Women's Bowling league Wednesday evening by grabbing three straight games off Walker Pharmacy while J. & L. Drug rose up to strike down the favored Rainbow Inn.

C. R. Anthony, wallowing in fourth place before the evening got underway, proved the real sensation by completely upsetting Youth Beauty shop by a 3-0 count.

Fern Wells was high on series with 692, outranking Wanda Griffith's 478. J. & L. Drug has high team series with 2,190.

In the regular round of the Classic Bowling league Monday, Park Inn won two out of three over Lee Hanson; R. & R. turned back Douglas hotel, 2-1; Cowden tripped Home Cafe, 2-1; and Lee Hanson (Enlisted Men) swept away Harry Lee's, 3-0.

Jack Smith was high with 616 on his series, ahead of Pvt. Jake Douglas with 531, Alexander with 542, Stanley Wheeler with 541, and Mileski with 541. Lee Hanson (Enlisted Men) had high single with 951 and series with 2,552.

Standings in the women's league follow:  
 Team W. L. Pct.  
 Club Cafe ..... 14 7 .567  
 Rainbow Inn ..... 13 8 .619  
 Anthony ..... 11 10 .571  
 J. & L. .... 10 11 .476  
 Youth Beauty ..... 9 12 .428  
 Walker Phar. .... 6 15 .276

# Group Opposes Peanut Growing In This Area

Supervisors of the Martin-Howard County Soil Conservation district have gone on record to request the state AAA office to refrain from assignment of peanut allotments for the three counties in the district.

In effect, this is a point blank condemnation of peanut production in this immediate section, and the supervisors gave two reasons for it:

- 1) Soils of the district do not contain an abundance of vegetable matter which makes them subject to wind erosion. Peanut production removes this humus and further aggravates blowing. Too, it competes with other crops on labor at time of harvest.
- 2) Because more oils can be produced by either devoting the acreage to cotton (for cottonseed) or maize (to be fed out through hogs). Besides getting as much or more oil, the latter routes would yield the added advantage of cotton in one case and meat carcasses in the other.

# President Not Downcast By Elections

WASHINGTON, Nov. 5.—(AP)—Vice President Henry A. Wallace declared today that "President Roosevelt is in excellent spirits," despite republican election success yesterday.

Coming out of the president's office, Wallace told reporters he had given the president a newspaper clipping in which the argument was made that the unusually small number of voters in the election favored the republicans.

"It is only a miracle that the House isn't republican under these circumstances," Wallace said.

"Don't look at me with a fishy eye," he continued, "I am not trying to make something out of fantasy. It is statistics."

Wallace offered the explanation that in times like the present a larger than usual proportion of the voters are "people who are well-to-do, hence are more likely to be republican."

He suggested that the millions of younger voters who are in the army did not vote, and that labor generally was too busy—in both cases, in Wallace's opinion, depriving the democrats of some of their strongest supports.

# Drivers Now Face Examinations For State Licenses

Approximately 20 persons a day have visited the local highway patrol driver's license bureau this week to secure booklets on driving regulations for study, to take driver's tests and to report lost licenses.

Many of the drivers neglected to renew old licenses up until deadline time Saturday midnight and now find themselves unlicensed to drive.

The highway patrol office noted that among the persons, many of whom have been driving for years, who now have to take regular examinations, there is a large percentage of failures. Knowing which gadget makes a car go and which makes it stop, doesn't constitute being a good driver these days as the examiners are finding out. The stiff driver's tests are easy to fail.

# To Confer On Plans For 'Turkey Day'

V. A. Merrick, chairman of the trade extension committee, and J. H. Greene, chamber manager, were to confer Thursday afternoon on Turkey Day plans.

Stickers to be used in connection with the event have come off the presses and are ready for distribution to firms which will give turkeys away simultaneously on Nov. 19. The Big Spring Motor Co. headed by Merrick, already has announced it will loose 10 birds.

Privately-owned forest land in the United States totals 484,000,000 acres.

# Pre-Flight Studies Drilling Regularly

About 40 of a class of 80 pre-flight students are sporting new khaki uniforms, drilling one hour a week and taking part in other regularly-scheduled physical training classes to establish eligibility for membership in the aviation service division of the Victory Corps, a national organization of high school students.

Members of the class, taught by Joe Ratiliff, furnished their own uniforms, which are similar to the khakis worn by army men. Black ties are used.

The unit is being drilled by R. R. McEwan of the Civil Air Patrol.

# Joe T. Butts Dies; Will Receive His Christian Burial

Forty odd years ago Joe T. Butts, then a middle-aged man, moved to Big Spring and as he moved on into the twilight of life about all he had accumulated was a few dollars in cash.

He guarded these meagrely, for he had a reason for holding them back even though his old age assistance money seemed inadequate for his needs at times.

Each time he would become ill he would figure maybe his time was about up. Sending for Mrs. Charles Eberley, he would meticulously recite how he was born on Feb. 18, but never could remember the year. He had two sisters, he said, but only God knew where they were. His church affiliation had been Baptist.

But the main thing he wanted to put over was his parting request for "a Christian burial and a little write-up in the paper."

Joe T. Butts died in his hotel in the 200 block on Scurry street at 11:15 p. m. Wednesday, his few dollars still hoarded to avoid becoming a pauper burial case.

This is his "little write-up in the paper."

His "Christian burial" will be directed by a Baptist minister at the Eberley chapel Friday at 5 p. m. and completed in the city cemetery.

# Navy Recruiter Moving To Dallas

S. L. Cooke, in charge of the U.S. Navy recruiting station here for approximately a year, has been assigned to duty with the district office in Dallas.

Chief Cooke planned to leave Friday for his new post, leaving the office here temporarily in charge of Willis Stanley, yeoman second class, who has been operating a branch office at Odessa, and Donald Lehman, who has been working out of the office here with Cooke.

Bulk of the recruiting of the local station has been during the time of Cooke, who also headed up an intensive August and September drive for construction and other recruits. In those two months alone, the station secured more than 200 men.

Meanwhile, the station Thursday had four prospects for enlistment who were due to report later in the day for shipping to Dallas.

# Retreads Granted By Ration Board

Twenty-six passenger car retreads along with four truck retreads were granted Tuesday by the tire panel in regular session at the courthouse.

Also issued were 12 passenger car tubes, 19 truck tires and 23 truck tubes. Nineteen obsolete tires were also approved by the board along with six Grade 11 tires.

# RAF Active During The Past Month

LONDON Nov. 5 (AP)—The air ministry said today the RAF had been on offensive operations over Europe 11 nights and 21 days during October. Bombers were over Germany seven nights and one day and over northern Italy three nights and one day.

Throughout most of the weather conditions were unfavorable for raids over Germany but advantage was taken of cloud conditions to press home daylight attacks the ministry said.

# TO OPEN BIDS

FORT WORTH, Tex., Nov. 5 (AP)—James W. Bradnar, regional FWA director, said today that invitation bids for contracts providing a complete water and sewer system for Bowie county's Hooks area will be opened at his Fort Worth office at 10 a. m., Nov. 24.

# Dollar Volume Is Off Slightly At L'stock Auction

The market was slightly weaker on the topside Wednesday as 500 head of cattle were marketed through the Big Spring Livestock Commission Co. sale.

Dollar volume was thus off a little to \$18,000.

Fat cows moved out about the same from \$3.50 to \$3.25 and bulls were steady at \$3.50 to \$4.00.

Cutter cows were half a cent off last week's top in moving out at 6.00 to 8.00 and this was the case for stocker steers at 11.50 to 12.50, common stockers from 9.00 to 10.00, and good butcher yearlings from 9.00 to 10.50. Common butchers showed the greatest weakness with 8.00 to 9.00, a cent under the top a week ago. Stocker heifers were steady at 11.00 to 12.00.

# Refreshments To Be Served At USO

Fresh-cooked doughnuts, served piping hot, will be a welcome note at the USO center Saturday afternoon and evening when the First Christian Council takes over the serving operations at the soldier center.

Sunday the Firemen Ladies have volunteered to furnish sandwiches and coffee for the soldiers attending the center in the afternoon and evening.

Other organizations which would like to assist with furnishing refreshments on either Saturday or Sunday of the following week are urged to contact Mrs. L. A. Eubanks, hospitality chairman.

# Band Planning A Flag Ceremony On Armistice Day

Between-halves band stent for the Armistice Day San Angelo-Big Spring football game will be an impressive flag ceremony, Director Dan Conley has announced.

Although plans have not been perfected, members of the organization probably will form a patriotic emblem of some kind and play "Blue-Spangled Gowners" while the ceremony takes place.

Conley stated he did not know at this time whether the San Angelo band would accompany the team here.

# LICENSES SUSPENDED

Driver's license was suspended for six months and a fine of \$50 was assessed in corporate court Thursday morning against W. E. Houston on a charge of dangerous driving.

# Here 'n There

The Rev. R. E. Bowden, pastor of the Church of God, returned Tuesday evening from Kansas City where he attended the mid-west convalee of his denomination. There were several hundred representatives of churches at the regional session held Oct. 26-28, he reported.

Surprise visit of the week was that of Mr. and Mrs. John Cardwell of Washington, Okla., who have been the guests of W. H. Cardwell, uncle of the Oklahoma man. They have not seen each other for the past 24 years. "And," stated Mr. Cardwell, "the last time I saw John, he was nine years old."

Mr. and Mrs. M. Weaver are in Munday, Tex., where they attended funeral services Wednesday for his brother, Dan Weaver, who succumbed Sunday. The Weavers are expected to return today.

# Public Records

### When Johnny Comes Marching Home On Furlough--Feed Him Something Super-Special

CHICKEN-MUSHROOM POT PIE... Like mother makes.

By MRS. ALEXANDER GEORGE, Wide World Food Editor

When your soldier boy comes home on furlough this fall or winter, he will be looking for his favorite made-by-mother foods all the way from a snappy soup to the mouth-watering dessert, with some tempting snacks in between meals.

**BAKED HAM**, glistening with honey and spices offers a fine main dish.

Select a ham weighing from 10 to 12 pounds. Scrub with a brush and place, fat side up, on a rack in an open baking pan. Do not add any water. Bake 30 minutes per pound. A 10 pound ham will need 5 hours in a moderately slow oven (325). Baste several times with drippings.

The ham is done when a fork will easily go through the thickest part. Remove from the oven and lift off the rind and any surplus fat. Mark (score) the ham into diamonds and stud with whole cloves. Cover the ham with this

glass: Roll together 5 minutes, 1-2 cup boiling water, 2-3 cup honey, 1-4 cup red cinnamon candies, 1-2 teaspoon ground cloves, 1-2 cup orange juice and 2 tablespoons lemon juice. Bake the ham 30 minutes in moderate oven. Baste every 10 minutes with the honey mixture.

Apples are quite abundant and browned sugared slices go well with ham. Core and peel apples. Cut in crosswise slices. Brown apples in fat (4 tablespoons fat for 8 slices apples) heated in frying pan. Sprinkle apples with 1-2 cup sugar, 1 teaspoon cinnamon and 1-4 teaspoon each cloves and nutmeg. Add 1-2 cup corn syrup, 1-3 cup water and 2 tablespoons lemon juice. Cook slowly until well glazed. You can also do pineapple slices and peach and apricot halves the same way.

If the son likes mince meat put some into apples and bake an hour in a moderate oven. This is a grand dessert when topped with

### A Little Whipped Cream, Ice Cream or Hard Sauce.

**Chicken-Mushroom Pot Pie**  
4 lb. stewing chicken  
1 8-oz. can button mushrooms  
4 cooked carrots, sliced  
8 to 10 small white onions, cooked  
1 cup cooked peas  
Clean, wash and cut up chicken. Place in large kettle and cover with boiling salted water. Simmer till chicken is tender. Add onions and carrots. Simmer five minutes. Remove chicken to covered dish. Drop prepared dumplings into boiling gravy; cover kettle and boil for ten minutes. Then add mushrooms and peas and heat gently for two minutes. Serve chicken-mushroom pot pie in large tureen or on platter. Serves six.

**Dumplings**  
2 cups sifted enriched flour  
3 teaspoons baking powder  
1-2 teaspoon salt  
1 tablespoon shortening  
1 egg  
3-4 cup milk  
Sift into mixing bowl, flour, baking powder, salt. Cut in shortening. Beat egg slightly and add milk. Stir the liquid into the flour to form a soft but not sticky dough. Roll out on floured bread board and cut into shapes as desired. Drop cutout dumplings into the pot and cook as directed above.

### Most Firms File Price Statements

Approximately 95 per cent of Howard county service establishments have observed the deadline to turn in ceiling price lists by today, the War Price and Ration board announced. In accordance with the OPA ruling, the names of those conforming to the regulation and those who failed to observe the deadline which expires at midnight tonight will be sent to OPA headquarters.

There are some few establishments still missing in the lists but the majority have turned in the listings, officials observed.

**Seek First Aid Line**  
SAN FRANCISCO, Cal. — The California Retail Grocers and Merchants association has petitioned the state board of pharmacy for permission for retail grocers to sell numerous first aid drug articles for the duration, such as adhesive tape, iodine, Epsom salts, aspirin, cotton, borie acid, and corn plasters.

### What You Buy With WAR STAMPS

American Sailors and Coast Guardsmen must face any kind of weather without flinching. In the heaviest of storms and the wildest of gales they must carry on with their appointed tasks. They've got to be tough and able to take it but their job is made easier for them by the sturdy Navy raincoats they wear. Only \$5.00 in War Savings Stamps will equip a man of the sea with a raincoat to help him weather any storm.

The school children of the nation have joined in the war on the Axis through the Schools At War Program. They are helping to sell War Bonds and Stamps, salvage scrap, aid Civilian Defense and other war activities. Their contributions will be recorded in school scrapbooks and exhibited throughout the country. Every school participating in the program will receive a certificate of service from the Treasury Department.

## Three Of Five Constitutional Amendments Rejected In Texas

By The Associated Press  
With Texas' top-ranking officials, the state's junior senator and all its 21 house members returned to office in Tuesday's perfunctory general election balloting, major interest today centered on the outcome of voting on five amendments to the state constitution.

Texas Election Bureau officials warned that latest tabulations could not be considered decisive because of the large block of votes still unreported.

Apparently approved in the balloting was the amendment designed to retire the state's general fund debt of \$30,000,000 by bond issue and to pay-as-you-go thereafter.

A narrow margin of approval that could be changed by additional returns was given the amendment authorizing payment for an already constructed building at John Tarleton Agricultural College.

Three amendments the voters disapproved included one to pay army and navy officers to be instructors at state-supported schools; one concerning probate jurisdiction in counties of 200,000 or more population; and one which would have allowed borrowing from the state permanent school fund \$2,000,000, secured by bonds for a state office building.

Harris and Tarrant counties still had an estimated 30,000 votes to report to the election bureau, while

other populous counties with only partial returns in were Dallas, Travis, Bexar, Jefferson, and McLennan. Potter county (Amarillo) was complete and Wichita county nearly complete.

The total vote is expected to be the lowest since 1926. At that time, the gubernatorial vote stood at 263,507. Election bureau officials estimated 275,000 votes for governor were cast Tuesday, and 160,000 for the amendments.

Possibly accounting for the late returns from Tarrant county was that political subdivision's local option election, which the wets won, on the basis of yesterday's (Wednesday) count, with a majority of better than 4,500 out of 25,000 votes.

Extra interest in Harris county which may have delayed final returns by the reporting agencies was the vote to approve the city-manager form of government for Houston, where 27,000 voters turned out.

In West Texas, Pat Bullock, state representative from Snyder, increased his lead last night in the 24th state senatorial district race on the basis of returns from all but 28 small and scattered precincts of 235 in the 12 counties of the district.

Last night's final tabulation by the election bureau from 199 counties, 31 complete, gave the following results:

For Senator — O'Daniel 116,582, Lawson, 6,434, and Somerville 1,100.

For Governor — Stevenson 127,485, McDowell 5,101.

For the John Tarleton appropriation amendment, 32,390; against 38,008.

For the military instructors amendment, 32,452; against 43,849.

For the anti-deficit amendment, 42,461; against 34,441.

For the probate jurisdiction amendment, 20,307; against 44,311.

For the state office building amendment, 36,532; against 41,065.

### GETS COMMISSION

COLORADO CITY, Nov. 5 — Bascom Fields, son of Mrs. Gus Hardegree of Colorado City, has been commissioned second lieutenant in the tank destroyer battalion. Lt. Fields has been stationed at Camp Hood but was recently transferred to Fort Lewis, Wash.

### More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FAS-TEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FAS-TEETH today at any drug store. (adv.)

## Tips on How to— Improve Your Lighting

## Use One Large Bulb

There is one time when 2 + 2 doesn't equal 4, and that's when you add lamp bulbs. One 150-watt bulb gives more light than three 50-watt bulbs, so where practical, use one or two large bulbs instead of three or five smaller bulbs.

### Keep Spare Fuses On Hand

Buy a few extra fuses the next time you are in a drug store, electric shop or other place where fuses are sold. Then you'll be prepared to put in a new fuse should one burn out.

TEXAS ELECTRIC SERVICE COMPANY  
C. S. BLOMFIELD, Manager

### Court Martial Verdict OK'd

CAMP SWIFT, Nov. 5 (AP)—Maj. Gen. Harry L. Twaddle, 98th infantry division commander, today officially approved the findings of the general court martial which sentenced Pvt. George S. Knapp to hang for the murder of eight-year-old Lucy Rivers Maynard of Bastrop.

The record of the case will be forwarded to Washington tomorrow by officer courier.

It will be reviewed by the judge advocate general's department and if the court's findings are upheld the time and place of execution will be fixed by authorities in Washington.

Knapp, a draftee from St. Paul, Minn., was sentenced to death Oct. 21.

The court heard more than a week of testimony including the statement of three army psychiatrists who examined him for insanity.

The court ruled the accused man was sane enough to stand trial and found him guilty after hearing two written confessions of guilt introduced as evidence.

### Girl Testifies Against Flynn

LOS ANGELES, Nov. 5 (AP)—Movie actor Errol Flynn returned to a municipal courtroom today to hear further testimony of a 16-year-old Hollywood showgirl who charges that he twice raped her while on weekend cruise aboard his yacht last year.

Flynn's preliminary hearing on charges of the statutory rape of two teen-age girls today went into its third day.

On Monday blonde Betty Hansen, 17-year-old former Lincoln, Neb., girl and ex-teachers college student, had testified Flynn attacked her at a party at the fashionable Bel-Air home of Fred McEvoy, wealthy British sportsman.

Yesterday Peggy LaRue Satterlee said Flynn had invited her on a cruise Aug. 2, 1941, and then entered her stateroom next morning as they anchored at Catalina Island Isthmus and raped her. The act, she declared under questioning of Deputy District Attorney Thomas Cochran, was repeated on the return trip to the mainland.

Miss Satterlee said she was only 15 at the time.

### 31 Crewmen Perish As Ship Is Sunk

AN EAST COAST PORT, Nov. 5 (AP)—Thirty-one crewmen perished when their United States merchant ship sank 90 seconds after she was torpedoed off the north coast of South America, late in September, 19 survivors reported on their arrival here. The navy announced the sinking today.

Survivors told naval officers they attributed the heavy loss of life to the fact that although a general alarm was sounded following the attack, no order to abandon ship was given. The crew waited in orderly fashion for the order until only a few moments remained in which they believed it possible to launch lifeboats.

With the ship listing to port and water rushing over the decks, the crew found it impossible to launch the boats. Many men were believed to have gone down with the vessel.

BIRTH OF A BLAST FURNACE—Against a background of western mountains concrete is poured for a blast furnace foundation at the Geneva Works, new \$150,000,000 steel plant being built near Provo, Utah.

### Young Men Finish Work At Midland

MIDLAND AAF BOMBARDIER SCHOOL, Nov. 5 (AP)—Some of the youngest men to be commissioned by the army air forces received their second lieutenant's bars and silver bombardier wings today as this world's largest bombardier school graduated its tenth and largest class of "Lords of the American Bombfight."

One of the new lieutenant bombardiers is 18 years old, five are 19 and five are only 20.

Young officers include Lt. Royce Hay, 18, San Antonio; Lt. Reuben B. Jackson, 19, Dallas; Lt. Robert G. Pyle, 20, of Kaufman, Texas, and Lt. Dale L. Ringwald, 20, of Ripley, Okla.

**DAUGHTER BORN**  
Mr. and Mrs. Loy House are the parents of a daughter born Wednesday at 3 p. m. in the Cowper hospital. Named Phyllis Loyette, the baby weighed seven pounds and three ounces. Mother and daughter were reported doing well.

### Church Plans Dedication

All-day services to mark the dedication of a debt-free house of worship are scheduled by the First Baptist church at Foran Sunday, and an invitation is out for all former members and friends of the church to attend.

Rev. H. G. Wiens, pastor, said that while the program details had not been completed, several former Foran pastors would speak. One, Rev. A. Willis, now in Tennessee, definitely has accepted. Others to be on hand are Dr. N. A. Moore, head of the Bible department at Hardin-Simmons university, and Rev. W. C. Harrison, district missionary.

Dinner will be served on the ground, and there will be special programs in the morning and afternoon, to be climaxed with an evangelistic rally in the evening. The afternoon program will be devoted largely to history of the church. Special music is being arranged, including numbers by the Foran school band.

### Farm Agents Map Program For 1943

County farm and home demonstration agents of this immediate territory conferred with district agents and extension service specialists here Wednesday on plans of work for 1943.

In joint session and again in separate meetings for the agents and home demonstration agents, it was suggested that plans for next year would amount to an intensification of food and feed production. Women were going long on the production, preparation and preservation of foods.

Here for the meeting were J. D. Prewitt, district agent; F. L. Thompson, district agent; G. E. Adams, state agent; F. H. Licht, gin specialist, and George Pfeiffer, U. S. cotton spinning laboratory, all of College Station; and these district and home demonstration agents: Fern Hodges and J. H. Martin, Martin county; Vera Crippen and Joe Williams, Mitchell county, and Alpha Lynn and T. O. Sturkie, Midland county; Funtile Johnson and O. P. Griffin, Howard county.

**HOSTESSES TO MEET**  
Junior and senior hostesses and those who would like to be hostesses at the temporary USO center are reminded to meet at 7:30 o'clock Friday evening at the Settles ballroom for an important meeting.

### Weather Forecast

WEST TEXAS—Occasional showers this afternoon in the Big Bend country and westward and over the Del Rio-Eagle Pass area. Not quite so warm this afternoon in the Panhandle and South Plains. Otherwise little change in temperature this afternoon and tonight.

EAST TEXAS—Occasional local rains except in extreme northwest portion today, local rains in east and south portions tonight; cooler in northwest portion this afternoon, cooler tonight. Moderate to fresh winds on the coast up to 25 mph this afternoon.

### U.S. Troops, Nurses Arrive In Egypt

CAIRO, Nov. 5 (AP)—The arrival of 7,000 American troops and a large unit of nurses in the land of the Pharaohs on Halloween night was disclosed for publication last night.

The troops formed the largest body of American soldiers ever sent to the Middle East in one transport and they made the long voyage from New York without

the loss of a single man. They included a variety of technically trained specialists, ground crewmen for United States air force units, machinists, engineers and members of the quartermaster corps, the medical corps, the signal corps and ordnance, hospital and postal men.

Travel by passenger autos in 1940 was about 7 times the mileage of all other means of transportation combined.

### Some Nylon Sales Are Prohibited

WASHINGTON, Nov. 5 (AP)—The Office of Price Administration warned merchants today that it is illegal to sell or offer to sell women's hosiery made from "apun" nylon, "blend" or nylon "combination yarns."

be sold legally until specific prices have been established. Maximum prices so far have been established for hosiery with the leg made from continuous filament nylon yarn.

Between 1930 and 1940 more than 28,000,000 immigrants entered the United States.

The word khaki is from the Persian, meaning dust.

The Little Word 'United'

Never before has the word "united" taken on so deep a significance. Referring to the coming peace, Field Marshal Jan Christian Smuts declared in his recent address to the British Parliament: "Certain points of great importance have already emerged. Thus we have accepted the name 'United Nations.' Then he added that it is a "fruitful conception" on the basis of which "practical machinery for the functioning of an international order could be ordered."

AFL-CIO Merger Seen As A Near Probability

WASHINGTON—There are so many obstacles in the way of that so-called "labor peace" that many concerned will pass snap judgment that it can't happen here. But off-the-record observers within the labor movement and without are almost unanimous: A consolidation of the CIO and AFL, with practically all independent unions except the United Mine Workers (John L. Lewis) stringing along, may happen any day now.

MURDER on the Campus

Chapter 15 THE D. A. SPEAKS There wasn't much said to Todd at the house that weekend. Just the expected, "tough going, fellas... forget it—we'll murder Purdue next week..."

Sailor Passes Up A Dance With Paulette Goddard

NEW YORK—Would it interest you to know that Garbo or a reasonable facsimile caused pedestrians on upper Fifth Ave. to gawk like bumpkins (other day?) To Paulette Goddard, singer at the Rainbow Room, thinks so much of the Good Neighbor Policy that she has taken out first citizenship papers? That a sleepy sailor at the Stage Door Canteen turned down a hostess' invitation to dance and later learned she was Paulette Goddard? That Freddie the Mop has gone into the armed services and has taken with him the secret of how you can eat free at the Automat—something the Automat people themselves haven't been able to figure out during the seven years Freddie the Mop has been dining at their expense?

New Films Dealing With The Real Issues Of War

HOLLYWOOD — Glamour factory at war: Our town is getting down to brass tacks on the war movie front, even as its cameras continue to record war romances that are merely old-fashioned "chase" films with the modern, obvious background of combat. The change in war themes is already becoming apparent, will become more so as films now editing or in preparation hit the screens.

How To Torture Your Wife

HEY, SOLDIER! HOW ABOUT SOME KITCHEN POLICE? THE WAAC WHO WAS HOME ON FURLOUGH

Manhattan—

Hollywood Sights and Sounds—

That blonde Josephine Houston, the singer, up and quit Hollywood because they dubbed in somebody else's voice on her songs? That Diamond Big George, ticket taker at the Savoy Ballroom in Harlem, wears diamond studded garters and owns a flat-ful of night clubs on Long Island but keeps on working because of a sentimental attachment to the ballroom and its characters?

Early emphasis in the movie was on the enemy, mainly on his spies and saboteurs—a topical variant on the old business of cops and robbers. Rare was the film that dramatized the real issues of the war (what we are fighting for; the American way of life). You could name "This Above All" and "Yankee Doodle Dandy" and "Mrs. Miniver" and you had practically the whole list.

Barrel Is Placed To Receive Your Key Contributions

Enough nickel alloy to make one big gun for a cruiser will be contained in the red, white and blue "Keys for Cannon" barrel on the sidewalk in front of Walker's Pharmacy, 2nd and Main, if local citizens respond patriotically to the idea.

**Texans Have Variety Of Reasons Why They Didn't Manage To Vote**

Americans had the opportunity of voting Tuesday, of saying whether they liked what this candidate stood for or whether they didn't like what another had done.

In these parts—because it didn't matter—most people didn't get around to voting. There were lots of reasons for it, according to those who didn't get to the polls. Here are some:

"No, of course I didn't vote," said a woman. "All I know about politics is that they are dirty and anyway I wouldn't know who to vote for. You read one thing and it tells you one thing is true and then somebody comes along and tells you the opposite. I have never voted in my life."

"You know, I forgot all about voting," admitted a man. "I didn't vote because all the issues were already settled. That was done in the last primary and I didn't see any use in voting this time," was another reason.

"Say, what was that election for Tuesday, anyway?" several wanted to know.

"Oh, I hardly ever do vote unless there's someone special that I'm interested in," ventured one person.

"My husband and I both forgot to pay our poll taxes this year," according to a housewife. "I thought he paid them for both of us and he thought I did... isn't that awful?"

"I just wasn't very interested in the elections this year after O'Daniel got elected," observed another.

"I work until too late and when I got home I was too tired to go up and vote. Anyway it doesn't make much difference in a general election, does it?"

And other than those who were too young or who forgot to get exemptions, these were the reasons Texans didn't vote.

**Surprise Trips To Soldiers In Camps Are Disappointing**

Relatives of men in the armed services are advised by Randall J. LeBoeuf, Jr., president of National Travelers Aid associations, to make "no surprise visits" to men at their posts. In suggesting "ten commandments" for those visiting servicemen posts, LeBoeuf explained that its experience in 889 USO units had prompted USO Travelers Aid Service to formulate a set of rules for the guidance of visitors.

After explaining that "surprise visits, in most cases, lead to nothing but bitter and expensive disappointments," LeBoeuf listed the "ten commandments" as follows:

1. Visitors must know the name, rank, unit, exact address and, if possible, the military number of the servicemen they seek.
2. Advise the serviceman by registered mail of your visit and wait for an answer before starting.
3. Plans for housing, transportation, time of arrival, etc., should be understood by the visitor and serviceman before the start of the journey. Arrange for a meeting place.
4. Disregard rumors on movements of military or naval units which are the stations of your relatives.
5. Do not seek information on casualties of any Army or Navy headquarters. Such information is sent at once to the designated next of kin and is not available to others.
6. Arrange for rooms before you start. In many places such arrangements must be made many days in advance.
7. Leave the baby home unless you have made arrangements for a room in a place where children are allowed.
8. Have sufficient funds to allow for several delays.
9. Don't talk about your visit or discuss the location or movements of your friends or relatives in the service.
10. Go to your local USO Travelers Aid and have the attendant assist in making your plans. By contact with other USO Travelers Aid units arrangements can be made for rooms, etc.

**Crop Weather Is Favorable**

AUSTIN, Nov. 5 (AP)—Weather generally favored late maturing and fall planted grain crops in Texas in the week ended Nov. 1.

Mid-week rains slowed harvest of cotton, peanuts, grain and forage sorghums but work was resumed at the end of the week; the bureau of agricultural economics reported in its final crop review for the fall and winter season.

Corn harvest was nearly complete. Peanuts were practically all cut in southern and eastern counties; dug and waiting to be threshed in many northern central counties, and although rain damage occurred, digging was progressing in northern and northwestern counties. Yields of peanuts were mostly good; quality and yields of peanut hay were lowered by untimely rains.

Binding and combining the bumper grain and forage sorghum crop continued to make fair progress in the northwest although delayed by rains and, in the south plains, by labor difficulties as cotton harvest needs were given preference. Volunteer and seeded wheat were making rank growth and furnishing unusually good grazing, while fall oats were doing well. Rice harvest was well advanced in spite of the fact that labor was scarce.

Cotton was maturing and opening rapidly in the northwestern districts; and harvest made good progress until mid-week rains again slowed up picking in some counties. More harvest hands were needed in most counties in the northwest to take full advantage of all favorable weather. In other districts cotton harvest was nearing completion and only remnants remained in southern counties.

**Berlin Calls U.S. Voting A Setback For Roosevelt**

NEW YORK, Nov. 5 (AP)—Berlin broadcast today accounts of the United States elections which interpreted them as a sharp setback for the Roosevelt administration.

No comment by German spokesmen was broadcast and the interpretations, under Stockholm and Paris datelines, were attributed to Swedish and French journalists.

The Paris newspaper Le Matin reported the elections under a headline, "Sharp Warning To Roosevelt," a Berlin broadcast said. It added that an editorial in Le Matin was headed: "United States Voters Torpedo White House With Roosevelt On Board."

**New Wildcat Location For Borden Co.**

Borden county, hunting ground for innumerable seismograph crews and of a number of exploratory oil tests, has another wildcat location staked.

This one will be the Roy Lee, trustee, No. 1 J. A. Phillips, located 1,980 feet from the north and east lines of section 15-32-3n, T&P, in the southwestern part of the county. It is projected for 4,200 feet. A Tulsa concern has contract.

Condor No. 1 T. J. Good, two miles north of the new location, and located in the northeast quarter of section 5-32-3n, T&P, was abandoned as a failure at 3,250 feet. Gibson and Johnson No. 1 Higginbotham, four and a half miles to the east, had a hole full of sulphur water at 3,757 feet on its section 3-31-3n, T&P, location as did Green, et al No. 1 Slaughter, in the southwest quarter of section 32-31-3n, T&P, at 2,514 feet in lime.

The Mitchell county wildcat two miles west of Loraine, the W. C. Casebold No. 1 Charles J. Thompson, scheduled for 4,000 feet, was shut down at 150 feet for repairs. Location is 350 feet from the north and east lines of section 53-25, T&P.

Scoury county's deep test, the Humble No. 1 Newman, section 25-9-97, H&TC, nine miles northwest of Snyder, was at 7,775 feet.

**Concerts for War Workers**

CLEVELAND, O.—Cleveland war plant workers are being treated to music with their meals. A 29-piece orchestra sponsored by the War Service section of the Cuyahoga County Recreation Department has been touring plant cafeterias, hospitals and war bond rallies, giving free daily concerts.

1-4 teaspoon salt  
2 cups flour  
2 teaspoons baking powder  
1-2 teaspoon nutmeg  
Cream fat and sugar. Add eggs

**Colorado Dentist Goes Into Service**

COLORADO CITY, Nov. 5—Recently commissioned second lieutenant in the Army Medical Corps, Dr. W. B. May of Colorado City this week received his orders to report for active service. Dr. May will report to Commandant Fitzsimmons at General Hospital, Denver, Colo., Nov. 17.

Coming here from Floydada seven years ago when he bought the office and practice of Dr. B. F. Dulaney, pioneer dentist here who was retiring, Dr. May has been an active figure in civic and church ventures. He has served as scoutmaster, as Mitchell county chairman of the Red Cross, and as superintendent of the Methodist Sunday school.

In July 1941 he built and began operating the May Dental clinic which he will close Nov. 12 for the duration. He is a graduate of McMurry College, Abilene, and of Baylor University Dental College, Dallas. Mrs. May and their daughter, Jean, will go with him to make their home in Denver.

There are more than 15,000 Masonic lodges in the United States.

and juice. Mix in remaining ingredients and chill dough. Drop portions from tip of spoon onto greased baking sheet, and bake 10 minutes in moderate oven.
