Bulldogs Lose To Frenship Tigers

The Bulldogs suffered their first conference loss Friday night, when the Frenship Tigers marred the annual homecoming, by slipping by the scrappy Bulldogs, 13-6. Tahoka is now 5-3 for the season.

Johnny Carrizales, Tiger halfback flew 69 yards on a punt return early in the first period and again in the third for 74 yards, to score the Tiger teedees.

Tahoka gained good field position as James Sayles returned the ball from his two, up to mid-field. Eleven plays later the Bulldogs had a fourth and four situation, with Charlie Brown crossing the stripes for the six. His two-point run failed, leaving the score 7-6 at the end of the first quarter.

Another scoring potential was set up by the Bulldogs in the third, reaching the Frenship four yard stripe. Heading for an apparent touchdown, a pitchout was fumbled with the Tigers making the recovery.

The Bulldogs were determined to stay in the game, trying for another score late in the fourth, on a pass play. The pass was picked off, making the final, 13-6.

Crane Season Open
The sandhill (Little Brown) crane season opened last Saturday with an estimated 40,000 birds to be found within the boundaries of Tahoka and Brownfield according to Bobby Goff, management officer for the Texas Parks and Wildlife Department.

At present, the legal hunting area is west of U. S. Highway 87 which extends northward from the International Toll Bridge at Del Rio (Highway 277), intercepts 87 at San Angelo thence to Highway 287 at Dumas continuing north to the point of intersection with the Texas-Oklahoma border in Dallem County.

The season in this area is open until December 28th. The area east of U. S. 87 will be opened for the first time this year beginning December 14 until January 12. This area, designated zone B, is bordered by U. S. 87 on

the west and Hwy 283 on the east. Deer and quail season across the area opens Saturday and the season for geese opened last Wednesday. Goff says the regulations for hunting sandhill cranes are the same as for any migratory birds. No shotguns larger than 10 gauge may be used and the gun must be plugged to hold a maximum of three shells.

One thing Goff reminds hunters of, and that is to obtain the land owners permission before entering private land, otherwise he is trespassing.

Licenses are required of everyone from ages 17 to 75 who hunt outside their county of residence. A hunting license is not required if the hunter hunts in his own county. An exception to this is if deer and turkey is hunted, then a license is required even for residents of the county involved.

Duck hunting requires a federal stamp for residents and non-residents alike and may be obtained only from Post Offices.

Duck season begins December 14 and runs through January 12.

Posthumous Award To Sgt. Roy Elliott

Staff Sergeant J. Roy Elliott, killed in action in Vietnam last May, has been awarded the Silver Star, posthumously and also the Purple Heart.

The awards were recently made to his widow, Mrs. Valda L. Elliott, 510 N. A St., Brownfield, where she and the children are living.

Roy was the son of Mrs. Iva Elliott Poe, 1016 E. Oak, Brownfield, and J. T. (Slim) Elliott of Tahoka.

A member of the class of 1948, Tahoka High School, he was honored at the Homecoming program here Friday, as the class presented his wife a plaque, and, in turn, she presented it to THS for appropriate display in the school. Roy was reared in Tahoka.

Citation from Major General Walter T. Kerwin Jr., which accompanies the Silver Star award, states: "Staff Sgt. Elliott distinguished himself by gallantry in action on 12 May, 1968 while serving as Senior Enlisted Advisor to the 139th Regional Forces Company in Cang Long District, Vinh Binh Province, Republic of Vietnam.

"On that date, Sgt. Elliott was advising the unit while on a mission to relieve an outpost and village that had been overrun by the Viet Cong. During three attacks on the enemy held outpost, Sgt. Elliott moved through the fire-swept area offering encouragement and pointing out targets to the Vietnamese troops.

"After recapturing the outpost, the unit met heavy enemy resistance as it approached the village. Sgt. Elliott rallied the troops and kept them moving toward their objective. After advancing to the last objective, a churchyard the company received an intense mortar attack that mortally wounded Sgt. Elliott. "As a result of Sgt. Elliott's singularly impressive display of battlefield courage,

an inspired Vietnamese force achieved a hard won victory over a determined enemy.

"Staff Sgt. Elliott's conspicuous gallantry in action was in keeping with the highest traditions of the United States Army and reflected great credit upon himself and the military service."

Prior to his death, Sgt. Elliott had been awarded the Good Conduct Medal, Nation Defense Service Medal, Vietnam Service Medal, Vietnam Campaign Ribbon, Expert Badge with pistol bar, Marksmanship Badge with rifle bar and the Driver and Mechanic Badge with driver bar.

Linda Cribbs, CHD Agent, Says.....

Real leather sparks the fashion scene this year, but it can cause care problems.

For best wearing satisfaction, Linda Cribbs, Extension Agent, suggests you follow these practices:

—Protect the neckline of your leather garment from make-up and hair preparations by wearing a scarf.

—Between wearings, allow it to hang where air circulates freely.

—Protect your leather garment from long exposure to light. Light affects many leather dyes.

—Allow a damp or wet leather garment to dry slowly, but not at high temperatures.

—Leave stain removal to the professional leather cleaning specialist.

—Do not allow your leather goods to become too soiled before you have them cleaned.

—Clean and finish all pieces of matching ensemble of leather at the same time.

—Consult a dry cleaner who specializes in leather or leather-trimmed garments when confronting care problems.

Homecoming Game Ends In Tie

The Wilson Mustangs climbed the ladder of the district 6-B deck here Friday night to tie the league leading Hermleigh Cardinals in a surprising 16-16 score.

The Mustangs have a 1-4-1 score for the season and are 0-1-1 in the district.

KCAS, Slaton radio announcers, Bill Jo Bohanan and Terry Neimier, recorded the game and did a play-back of the game Saturday morning. They did a fine job of sports broadcasting and commented the game was the most exciting recorded this season.

A big parade, annual burning of the huge bonfire and pep rally was held Thursday night. Doyle Woody, deputy sheriff, led the parade to the downtown area. The Mustang band marched behind the squad car, with autos gaily decorated with blue and white streamers.

A large crowd was in attendance for the event. Later children scurried about town, on their trick or treat tour, for Halloween.

The 1968 Homecoming began with a pancake supper at 5 p. m., sponsored by local Lions members, in the school cafeteria. Coffee was served after the game. Classes honored at this year's homecoming were 1941-42-43. A gym clock will be purchased from proceeds.

The homecoming queen and beau were chosen prior to the game. Queen candidates, Kathy Christopher, Gloria Foster and Teresa Holder, were escorted to mid-field by Mustangs, Clinton Martin, Curtis Bishop and Delton Moore.

Cheerleaders, Susan Lane, Beverly Rackler and Karen Zant presented a bouquet of red roses to the new WHS Football Queen, Gloria Foster, and crowned the WHS Football Beau, Delton Moore. Both were presented identification bracelets.

Gloria, a lovely petite 17-year old, serves as head cheerleader and is reigning as the local Lions Club queen and recently displayed a beautiful soprano voice in the musical Senior play.

Delton plays fullback and has been active in sports throughout his school years. He received the Outstanding Fighting Hearts Award last year at a banquet honoring the Mustangs. Both Gloria and Delton are seniors.

The Mustang band performed at half-time under the direction of Valetta Peterson, drum major and Coy Cook, band director. There are three more games on the roster. They will play at Roby Friday at 7:30. Other games are Nov. 15, Sands here and Nov. 22, Jayton, there.

Junior High football action will be Nov. 7, Ropes and Nov. 14, Cooper, both here. October 31, Wilson won over New Home, there.

Girls Basketball

Wilson Junior High girls will have their first scrimmage game, here, Monday night, Nov. 11, against Smyer.

CROP Nets Over \$200

Monday night, young people of the community collected over \$200 in donations for CROP (Christian Rural Overseas Program). They are to be commended for giving their time and energies in this worthwhile cause and wish to thank all who donated to the drive. They were served refreshments at the St. Paul Lutheran Church Fellowship Hall following the drive.

Kenneth Gryder and wife, Linda, are home from Louisiana, where he has been stationed since enlistment with the U. S. Army. She is the former Linda Wilson and will reside with her parents, Mr. and Mrs. Floyd Wilson while Gryder is stationed in the Caribbean Islands for an undetermined stay. Both are graduates of Wilson and attended South Plains College prior to enlistment.

Former Teachers Visits

Mr. and Mrs. C. O. Head of Lubbock visited at the homecoming game. He was former head coach here and his wife was an English teacher here in the early 1940's.

Mustang Band News

Lynda Melugin of Wilson and Jackie Horton of Slaton, students of SPC in Levelland, attended the homecoming game here Friday night.

Mr. and Mrs. Russell Moore reported visiting friends, Truett and Edward Hannabess of Lubbock and Dallas at the homecoming event.

Thanksgiving holidays for Wilson students will begin Wednesday, November 27 at 2:30 p. m., resuming the following Monday.

Tuesday, voters turned out to choose their candidate for U. S. President and new leaders. Let us pray for the winner of the campaign and that peace will be attained, in our Great Nation, in the near future.

CARDS OF THANKS

J. F. Toler and family wishes to take this opportunity to thank all the many friends for the cards and all the thoughtful gestures received during my recent hospitalization.
J. F. Toler and family

I would like to say "Thanks" to the Fire Department for their help last Tuesday evening at my farm. They are a group of good boys doing a good job for no salary. We all owe them a salute for their service.
Thanks again.

THE FAMILY LAWYER

Bloodhound "Testimony"

In a burglary case, the prosecutor offered evidence that a bloodhound had followed a trail from the burglarized warehouse to the home of the accused man. Promptly the defense attorney raised an objection.

Furthermore, the circumstances of the particular case may affect the value of bloodhound evidence. Thus, in a murder case, the fact that a bloodhound sniffed his way to the defendant's house was cancelled by the fact that the dog showed no reaction at all to the defendant himself.

THE PHILOSOPHER

New Teaching Idea

(Editor's note: The Sandhills Philosopher on his Johnson grass farm apparently is having a hard time getting into the computer age, his letter this week indicates.)

Dear editor:
I was out here on this Johnson grass farm trying to recover from the election. A neighbor asked me if I thought the next President will have all the answers and I told him I don't know, personally I don't even know what most of the questions are—and to get my mind cleared, I picked up a newspaper I'd been saving and got over to the inside pages away from the campaigns and ran into an article that certainly got my mind off of politics.

According to it, a college professor told the National Academy of Science that teaching as it's done today will soon be out of style, that computers will be used to teach children, saying that a computer for example can "teach such a basic skill as mathematics in one-tenth the time and at half the cost now required."

He went on to say that "computers will monitor each student's progress minute by minute, correcting mistakes immediately. It'll flash right or wrong to each answer as it is given."

describing his pedigree, his training, and his behavior.
Still, even though bloodhound evidence is permitted, it is not considered strong enough—all by itself—to support a conviction. There must be some additional proof to back it up. This lessens the risk that the jury will be swayed by what one expert calls "a superstitious faith" in the bloodhound's accuracy.

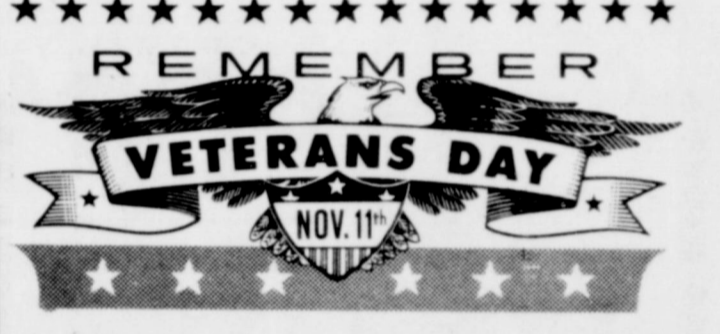

November 11, 1968, fifty years later, we are still looking toward the future and the achievement of a world free of aggression.
Hopes of man were shattered in 1939 when World War II began. Once again, responded to the challenge, 16 1/2 million men were called to bear arms for the protection of our allies.
Twice since, Americans

I have been thinking this over and have concluded the professor hasn't gone far enough. Instead of substituting computers for teachers, why not go one step further and substitute computers for students?

If you've got a computer that knows all the answers to all the problems of math and can give them to you in one one-thousandth of a split second, and on top of that doesn't wear out shoes or need braces on its teeth or listen to phonograph records or tie up the telephone, haven't you got what you're looking for? What's the point in running the same stuff through some kid's mind?
At his best, the kid can get up to 12 times 12, whether taught by man or machine, but how many can tell you what's 12 times 13? Why not skip teaching kids math and teach them how to oil a computer, change its fuses, and punch the right buttons? Teach them how to protect the passer, give them a computer for graduation, and they're on their way.

Here's a machine they claim knows all the math there is, so let's leave it in charge in that field and work on one that can do the same with history, literature, science, etc.

By the way, is 12 times 12 154 or 164? I never could remember!
Yours faithfully,
J. A.

Veteran's Day, November 11, 1968, a day of hope. Fifty years have passed since the end of one of America's great attempts to ensure freedom and peace for the world. Silence had fallen over No Man's Land in Europe at 11:00 a. m., November 11, 1918, ending World War I. Armistice Day was the name given this annual United States observance.

November 11, 1968, fifty years later, we are still looking toward the future and the achievement of a world free of aggression.
Hopes of man were shattered in 1939 when World War II began. Once again, responded to the challenge, 16 1/2 million men were called to bear arms for the protection of our allies.
Twice since, Americans

have rallied to the oppressed, once in Korea and now in Vietnam. Today, even though we are in the throes of such aggression, we still maintain hope, as Americans, for peace for the world, and will not accept a peace of slavery, but peace of honor.
As we celebrate Veteran's Day, remember the 39 million men of past wars, of which over one-half million gave their lives. We owe them a pledge of assurance that we are indeed worthy of the sacrifices they made in order that we may remain free men.
Tuesday, November 11, Veteran's Day, we salute those throughout our nation who died for freedom's sake, and pledge to those who live that we will remember their contribution to our own freedom.
