OL. XVIII. NO. 36

BIG SPRING, TEXAS, FRIDAY, MAY 26, 1922

BY JORDAN & HAYDEN

OIL DEVELOPMENT LOOKING BETTER

Another New Test to be Made in Sterling County—Two More Wells in Mitchell Co. Showing Oil

At McCauley No. 1

Work on the McCauley well on the Smith-Parramore ranch is progressing nicely at a depth of about 1700 ft. The hole is in good shape and everything looks favorable for a well in shallower depth than other productive wells on the same structure. J. S. Swisher, trustee for the Cooperative Oil and Development Company, is especially pleased with the outlook.

At the Reagan County Oil Well

The president Frank T. Pickrell, of the Texon Oil and Land Co., was in the Wednesday enroute to the well in that town where he goes to look for considerable development.

It is stated that a thorough test will be made of the potash find on their holdings, and that another well will be started at an early date.

It is also stated that the company is highly elated over the prospects of the oil development, as well as oil, and that they will not spare money or effort in the development of the same.—Lake News.

At the Enders-Cushing Test

H. E. Enders, president of the Cushing Ranch Drilling Association, and W. Cushing, field manager, were in Wednesday to secure some necessary supplies. They came mainly to secure a derrick so they could proceed with the task of fishing for the tools in Enders-Cushing well No. 1 and they are confident they will have the tools required by the end of this week. Drilling is going forward steadily on McCauley No. 1 and when Sparkman is added in the Cushing Ranch Drilling Association will have three tests going on in territory that geologists and oil men consider especially favorable for production.

Another test well is to be drilled four miles northeast of McIntyre No. 1 by the same operators.

Another Sterling County Well

W. G. Murray and associates of Dallas are to make a deep test for oil in Sterling County. They expect to start in their test, twelve miles north of Sterling City by June 5th and are going to make an effort to complete the test in record time.

This well will be located on the Grand-Douglas land and geologists believe an ideal structure exists there. They are making rapid progress on the well and expect to complete it this week. The contract for drilling this well has been awarded to W. J. Redpath who will begin moving tools to location the first of next week.

W. Tallferro of Big Spring who is in charge of the field work for this well expects to leave in the next days for Eastland to purchase casing for this test.

All Notes From Mitchell County

Two showings in the Zilpha Morrison No. 1 and in the Connaway No. 1 Mitchell County this week, and much interest is attracted to these tests. The Morrison has not yet reached depth big production was encountered in the Morrison No. 2, several miles east. The oil showing in Connaway indicates a new deep oil sand in territory as the Connaway is deeper than any other test in Mitchell County.

Phelan well on the Brennan about midway between West and Iatan was spudded in last week and everything is moving in great shape.

A P. No. 2, just south of the Morrison No. 2, was drilled below the set mark Tuesday. Morrison No. 2 is holding up with regular production about 250 barrels of oil per day.

Four New Tests Contracted For

A great deal of activity has developed in the big prospective oil area in the Westbrook district west of Colorado in Mitchell County, which has led to considerable new development that was started within the very near future. Four new test wells have been contracted for there within the past few days and rigs for three of these have been ordered out. All four of these wells will be drilled in the Iatan-Westbrook district in Mitchell and Colorado Counties.

Maxwell and J. F. Johnson of Fort Worth will drill three of these and the Fenland Oil Company will drill the other. Maxwell and Johnson have ordered the rigs for their

three wells to be shipped to the locations at once. Drilling will begin as soon as machinery can be put on the ground after the derricks are erected.

A number of the big operating companies have recently been spending large sums for acreage in the new districts. Among the larger companies that have recently acquired additional acreage in the district are the Magnolia Petroleum Company, which is said to have been buying heavily, the Sun Company, the New Domain Company, the Fenland Company, the Invincible Oil Corporation, the Texas Company, the Gulf Production Company, the Pure Oil Company and the United States Texas Corporation.

There is a rumor based on fairly reliable information that one of these larger operating companies is soon to effect a merger with one of the smaller companies operating in that district and is to build a pipe line from the district to Sweetwater where it is reported a refinery will probably be taken over and put into operation.

That there will be a considerable amount of drilling there soon on the part of these major companies is indicated by the rentals they are paying on acreage. It is considered certain that they will not continue the payment of rentals very long without giving the district a thorough testing.—Fort Worth Star-Telegram.

Billiken Show a Winner

The Lyric Theatre was packed to capacity, and then some, Tuesday afternoon, the occasion being a Billiken Shoe demonstration. The theatre had been leased by Austin and Jones, who sell the Billiken shoes, and Mrs. B. L. Baker, a representative for the manufacturers, had charge of the entertainment; which included a fine talk on shoes and especially dealt with the merits of Billiken shoes. Films showing the progress in the process of making shoes properly fit the feet were especially interesting.

A two-reel Charlie Chaplin picture was shown and was thoroughly enjoyed by the "kiddies."

Whistles and balloons were given as souvenirs to the thousand or more children attending.

Delegates to Plainview

The following represented Big Spring at the meeting of the West Texas Chamber of Commerce at Plainview Monday and Tuesday: Mr. and Mrs. W. W. Rix, Mr. and Mrs. L. A. Elliott, Mr. and Mrs. Roy Carter, Mrs. A. T. Lloyd, Mrs. R. L. Davis, Miss Nell Hatch, Miss Doris Menger, Miss Juel Wright, S. H. Hall, Walter Davidson, W. W. Crenshaw, Jim Tuckness, J. F. Crenshaw, Herb Lees, Butsey Herman.

A charming daughter arrived Monday May 22nd to bring sunshine into the home of Mr. and Mrs. E. L. Mock.

SWIMMING POOL AND AUDITORIUM

Committee Appointed to Get Busy Also Confident That Proposition Can Be Carried Out

The committee appointed by the Chamber of Commerce to take up the proposition of securing a swimming pool and auditorium in connection with the Y. M. C. A. met Thursday afternoon at the call of the chairman, J. M. Manuel, and it was decided that the time was ripe to put this proposition over. Chairman Manuel put "pep" into the meeting when he announced that one citizen who realized the need of the contemplated improvements in our city had already come forward with an offer to donate \$2,000 to secure the swimming pool and auditorium. Mrs. C. S. Holmes made this most generous offer, and needless to say, the committee was stumped by find words of appreciation. If only a few more citizens who had the good of our young people and our city at heart would come forward with liberal donations the needed improvements could be assured in short order.

Anyway the gift of Mrs. Holmes assures the improvements for the committee feels that with such a start they can readily secure the \$12,000 or \$15,000 needed to complete the swimming pool and an auditorium with a seating capacity of from 1200 to 1500.

It was ordered that plans and specifications be prepared at once and an estimate secured so the committee could get busy raising the funds.

In the meantime every good citizen is requested to consider the great need of these improvements in our city, the part they will play in the lives of our young people and decide to aid in securing them.

You can arrive at the amount you are able to devote to this cause—and don't hesitate to be a little generous. It's not necessary to wait until the committee comes around to urge you to give, for it would aid as well as encourage them if you would call around and tell them it was a good proposition, you were for it and going to assist in putting it over and would gladly give such an amount as you felt able to give. You would like the other fellow to do this if you were serving on the committee. See any of the following and tell them how strong you are for the swimming pool and auditorium: J. M. Manuel, T. S. Currie, R. T. Piner, Wm. Fisher, R. L. Price.

Boys, it's up to you to get in consultation with "dad" and impress on him the hundreds of reasons why we should have a swimming pool at the "Y" and get him to cooperate in securing it. This proposition is going over so make up your mind to jump in and help make it possible. It can be put over in quick time if you will assist.

Over 3,000 at Plainview Meeting

The fourth annual meeting of the West Texas Chamber of Commerce held at Plainview Monday and Tuesday May 22 and 23 was the best attended and most successful gathering of any yet held.

More than 3000 visitors and delegates and twenty-two brass bands were on hand to make this gala event a success. Thousands of flags and pennants flying in the breezes, gayly decorated automobiles full of enthusiastic and beribboned delegates gave color and life to the occasion.

Rousing talks by men of state and national fame were among the enjoyed features during the first day, as were group meetings to hear talks on poultry, dairy, livestock, highway, etc.

Among the resolutions adopted during Tuesday morning session were the report dealing with the equalization of the tariff; urging that a West Texas College be established in West Texas, calling for a division of the State senatorial and also congressional districts; demanding relief for disabled soldiers and urged that action be taken for setting aside a state park in Western Texas.

A. B. Spencer of Crosbyton was elected president for the coming year; W. W. Rix of Big Spring was named as a member of the Executive Board of the West Texas Chamber of Commerce.

The winners of the \$1,000 band contest were: Class A—Brownwood, first; Stamford, second; Class B—Hereford, first; Jayton, second.

San Angelo was selected as the next meeting place.

There is more improvement work in the way of making improvements on homes in the way of additions, repairs painting, etc. in progress right now than has been in order in several years. Let the good work go on.

Glenn Cantrell Seriously Injured

Five young men had a narrow escape early Sunday morning when the auto they were riding in crashed into a string of moving cars at the railroad crossing at the foot of Gregg street, and the automobile was badly wrecked. The Ford automobile was owned by Sid Davis, and his son who was driving had four young friends along. Glenn Cantrell was the only one to suffer injury, and it is feared that he was internally injured. He has been at Mercy Hospital ever since the accident.

It seems a miracle that he was not caught beneath the wheels of the moving car as he was thrown out when the auto struck the car and was thrown in between the auto and the box car as they moved along before the train came to a halt. Railroad men who witnessed the accident state the auto which was coming from the north, slowed up about the bridge as the switch engine, pushing 15 or 20 cars, slowly approached the crossing from the west. It appeared to them that the auto party decided that they could beat the train across so they started up at a fast clip only to crash head on into the side of a car. It was the kind of an accident that is far too common these days—trying to beat a train at a crossing—and one driver of autos cannot afford to take if they place any value on their own life or the lives of others who may be with them.

Swat the Weeds

Mayor W. R. Purser wants every citizen in Big Spring to join in a campaign to combat the fly and mosquito nuisance by swatting the weeds.

Mayor Purser states that the city proposes to put crude oil on all water holes within the city limits and to have the weeds in the streets cut down; and urges every citizen to help rid our city of weeds. By doing a good job right now we will destroy the breeding places of flies, mosquitoes and other pests.

Swat the weeds now and keep fighting them as it will mean a cleaner and healthier Big Spring; and just see how much more pleasant it will be this summer if we eliminate the mosquitoes, as we surely can. Get busy with that old hoe—and interest your boy in this work as he will have plenty of time during vacation to keep the weeds from taking our city.

Closes Big Cattle Deal

H. Oliphant of Wichita, Kansas, was in this section of the country the forepart of this week and loaded some twenty cars of steer yearlings out for his home. Most of these yearlings were bought from ranchers near Jal, N. M., and our fellowtownsman, H. F. Anthony is the party upon whom belong the blame for the deal. He closed the deal with a lot of those smaller stockmen and all threw in together and disposed of twenty cars of yearlings to Mr. Oliphant at this time. The price paid is said to be around \$25 per head.

This is the fourth train load of steers Mr. Anthony has sold this spring to Mr. Oliphant which he shipped out of this part of the country.—Pecos Enterprise.

Mr. Oliphant is well known in Big Spring having made his home here for many years.

Work Progressing on Filling Station

Work on the drive-in filling station, being erected by the Masonic Building Association, just east of the Masonic Temple, is going forward and it will not be a great while before this modern filling station will be ready for service.

Harold Homan and Herbert Lees have secured a lease on this structure and will operate the filling station under the firm name of Homan and Lees. Both are well known and progressive young business men of our city and will build up a fine patronage for this station, which is ideally located on the Bankhead National Highway.

Weed Pulling Contest

We ought to have a weed pulling contest—offering a suitable prize to the boy who can show the largest pile of weeds pulled between now and July 1st. The Herald is in on this and will suggest that the Chamber of Commerce, City Federation or some other organization or all organizations arrange for the plan, prizes, etc. We could have a big bon fire with the accumulated weeds as one of the stunts for the big Fourth of July celebration. The town might also be divided into districts and each district work for a championship in this contest.

Cliff Hudson of Dalhart has been here this week to attend the closing exercises of the Big Spring schools. His daughter, Miss Earlene is a member of the 1922 graduating class.

MEMORIAL DAY EXERCISES

A. L. to Conduct Services for and Decorate Graves of Veterans of Soldier Dead May 30th

Legion to Commemorate Memorial Day.

The William Frank Martin Post of the American Legion will observe Memorial day with services at the Lyric Theatre at ten-thirty o'clock Tuesday morning, May 30. As this is an occasion when tribute is paid to our honored dead, the Post urgently requests everyone to assist in making this program a success by attending the services. The following program will be observed:

Explanation by Post Commander Pitt Gardner.

Invocation—Rev. Mr. Bass.

Music: Vocal Solo—Miss Mabel Rieker, accompanied by Mrs. H. H. Hurt, pianist.

Speech—Hon. J. T. Brooks.

One minute silent tribute to the dead.

Song—"Star Spangled Banner"—Audience.

Benediction—Rev. Mr. Brown.

The Post will then proceed to the Cemetery. All others are invited to accompany them. The following order of march will obtain:

Colors.

Firing Squad

Civil War Veterans

Spanish-American War Veterans

American Legion

Others

All veterans of the Civil War, Spanish-American and World War are requested to meet at Chamber of Commerce Tuesday morning May 30th at 10 o'clock.

Suggests Fire Prevention Enforcement.

B. M. Grafton, inspector of the Fire Prevention Division for the State Fire Insurance Commission, was here Wednesday on a regular tour of inspection. He stated that conditions were in reasonably good shape here but stated that a number of improvements would be to the best interests of property owners. He said he found but one dangerous fire menace and that was a case where one firm had 150 gallons of gasoline in a storage tank not approved by the department and 50 gallons in an open tank in building.

He suggested that the City Marshal be made Fire Marshal with instructions to see that fire hazards were promptly eliminated or a fine assessed against those violating the fire prevention ordinance.

Alec Mitchell Honored

The board of directors of the Y. M. C. A. presented Alec Mitchell with a membership in the "Y" in appreciation of his fine work in building up the association while he was performing the duties of secretary during the wartime period. He practised every economy in order to pull the association out of debt and place it on a self supporting basis. He did far more than was required of him in keeping the building thruout, neat and clean, ever a pleasant place for the members. And it was to show their recognition and appreciation of his fine work that the board presented the membership.

Chautauqua Superintendent Arrives.

J. F. Nye, who is to be superintendent of our big Chautauqua, arrived last Saturday and is busy getting things in shape for one of the biggest and best Chautauquas we have ever enjoyed.

Mr. Nye is an affable gentleman, and our folks are going to find that he is a good scout. Make it a point to get acquainted with him and if you can aid him to make the Chautauqua worth more to our community, don't hesitate to do so.

Constructing Substantial Culverts

The work of constructing substantial concrete culverts on Third street, a section of the Bankhead National Highway, is now going forward rapidly. Seventeen culverts will be constructed along this street within the city limits. Big culverts were completed at the intersection of Third and Scurry last week and culverts are now being constructed at Rannels and Johnson streets.

Prize for Selling Most Tickets

The young lady selling the greatest number of season tickets to Chautauqua is to be presented with a beautiful wrist watch. This prize is now on display at Cunningham & Phillips drug store. Help your favorite win this prize.

Pessimism is Mostly a Pose

Pessimism is mostly a pose; gloom is usually simply a bad habit; cheerfulness is a good habit. Cultivate the habit of cheerfulness.

Winn-Norman

At eight o'clock Tuesday evening May 23rd the ceremony was performed in this city which united in marriage J. B. Winn and Mrs. Mary Norman, two of our well known and worthy citizens. Rev. W. S. Hancock performed the ceremony which made them man and wife.

Immediately following the ceremony the friends, neighbors and relatives were treated to refreshments at the home of the bride's sister, Mrs. A. F. Myrick, and a general good time was in order.

The bride's home was formerly at Hico, Texas, but for the past two years she has made her home here with her sister. She has won many warm friends here, is a most worthy woman and will make a true helpmeet to the man she has chosen for her life partner.

The groom is known to young and old, having made his home here the past fifteen year, is one of our dependable and hard working citizens, respected by all who know him.

We join many friends in extending to this happy couple best wishes for continued happiness and prosperity.

Praises Scenic Drive

J. M. Manuel, general secretary of the Y. M. C. A., was taken for a ride along the scenic drive Monday and pronounced it a real asset to Big Spring.

He said a trip along this highway was a treat, and our folks should lose no time in making the road along the entire route a fine road in order to attract more people to make this drive. He said there are few places that can offer anything anyway approaching this in attractiveness.

He said unless some other organization got busy right away to place the Scenic Drive in good shape he was going to ask the Boy Scouts to get busy on the job. He stated that our entire citizenship should take a day off in the near future and make some necessary repairs on the road so it would be possible for all cars to make it up the mountain without any trouble.

Union Store Re-opened

The Howard County Union Store, opened in Big Spring Monday and is now enjoying a nice patronage. This store is a successor of the Big Spring Cooperative store, it being necessary to reorganize as a result of having been affiliated with the Pacific Coast Cooperative League which went bankrupt.

W. G. Allen, formerly with the Y. M. C. A., has been made manager of the Union store. Most everyone in the county knows Mr. Allen, he is a genial and accommodating gentleman and is going to make good on the job. Omar Pittman is Mr. Allen's assistant.

The Union store will carry a complete stock of staple and fancy groceries and expects to deliver goods to any part of the city. They request that all desiring goods delivered to phone 121 as early each day as possible.

Flag Day Exercises June 14th

We wonder how many boys and girls in our county are going to memorize the Flag Day pledge—"I pledge allegiance to my flag and to the Republic for which it stands. One Nation, indivisible, with Liberty and Justice to all." It may be that all who memorize this may be remembered June 14th when the Elks will hold Flag Day exercises on the court house lawn. A fine program is being arranged and everyone in the county is going to be extended a cordial invitation to attend the Flag Day exercises.

Local Man Gets Big Grading Contract.

T. J. McKinney is going to be a busy man for some time to come as he has been awarded the contract by the Texas & Pacific railway company to fill in the portions of the roadbed washed out by the floods during the past month between Coahoma and Merita.

He has two grading crews now on the job, from twelve to fourteen teams working two miles west of Coahoma and five or six teams working just east of Big Spring.

Chautauqua Hours

The programs at Chautauqua will start promptly at 3 o'clock each afternoon and at 8 o'clock each evening.

Plan to be there on time if possible so as not to disturb others by coming in after the entertainment has started.

Lamesa Defeats Big Spring

The Big Spring baseball team journeyed to Lamesa last Saturday to cross bats with the Lamesa team. A close game was in order thruout with the Lamesa team making the winning score in the ninth inning. The game ended seven to six in favor of Lamesa.

Dr. Hagerman with Unique Lecture
Twenty-five years service with Redpath is the enviable record of Dr. E. T. Hagerman.

Dr. Hagerman will appear on the Premier Circuit of Redpath-Horner Chautauques. The title of his lecture is "The Man With One Window."

A few years ago one of the big Redpath Circuits in the East decided to make a novel test. They had the audience vote on what they considered the biggest attraction of the entire seven-day program.

On the program that year were a Band, a Play, an Operatic Production and one of the greatest of the Grand Opera Stars—and Dr. Hagerman.

Who do you suppose won? Dr. Hagerman.

Dr. Hagerman combines so much sound sense with such delightful humor that his audiences are enthusiastic. The man with one window is the man who sees the world through a narrow pane of glass and sees only so much of the world as this narrow aperture will permit. It is the man with a lot of windows in his house and uses them all that gets the most out of life and gives the most to his family, his community and his country.

POEM BY UNCLE JOHN

When I see a bird a-flyin' high above the feathered flock, sorter givin' the impression that he comes of better stock—that egotistic fledglin' is within his vested rights, an' you can't convince him different, till he breaks a wing an' lights.

A racer's apt to chuckle when he spurts a neck ahead—there's a powerful temptation to become a thoroughbred, so I aller cheers the leader with a lively heart an' hand, but there's pitfalls on a racetrack that a hoss don't understand . . .

I like to watch the trotters when they hold their noses high. It does me good to holler, as they go a-learnin' by—but it's painful to consider, as they spurn the level track—the aftermath is awful when the winner breaks his back!

So I'd rather sorter live along, without no extra spurts, an' run no risk of landin' whar the landin' allers hurts, with honest bread an' butter, an' a decent place to stay, I'll live a whole lot longer, an' die the natural way.

PHONE 389 FOR PURE MILK

We can now supply you with pure milk from tested cows. To further insure absolute purity we have installed a Clarifier which removes all foreign matter from the milk. Get pure milk. From now on our price is 5 cents per pint and 10 cents per quart.
THE BIG SPRING DAIRY CO., J. T. Parrish, Proprietor. 28-1f.

Homesy Philosophy for 1923

All the radical, kickers, general objectionists an' fault finders shriek out loud when somebody says work is the foundation of happiness an' contentment. Just a scheme of the rich to keep the poor at the grind they say. Maybe. But why not fool 'em? Work ain't work when a fellow's doin' what he likes to do, and everybody likes to be a leader in his line, so if we can't get to do what we want to do, we can do what we have to do better than the other fellow an' lead the procession.

Services at Catholic Church

Mass will be held at the Catholic church on the first, second, and fourth Sunday of every month at 10:00 o'clock.

Bob Dorward was here Monday from his home in the Luther community.

Bags: For your bathing suit.....Cunningham & Phillips.

Mr. and Mrs. Earl Shanks left Monday for Lamson to make their future home.

Our cigars and cigarettes are always fresh....Cunningham & Phillips.

Mrs. Dan O'Keefe will leave in the next few days for a month's visit with her sister at Clifton, Arizona.

Times may seem quiet in town just now but business will certainly begin to pick up along about harvesting time.

We hope to be able to announce another nice shower just about the time everyone has completed planting their crops.

T. H. Johnson, Judge James T. Brooks, Mayor W. R. Purser, Bob Austin and J. W. Curtis left Tuesday for the 7D ranch to enjoy a fishing trip.

Miss Lizzie Cromwell of Jacksonville, Texas, is here to look after property interests and may decide to make her home here. Miss Cromwell formerly resided here some twelve years ago.

Mr. and Mrs. B. Reagan and daughter returned last Friday from an extended auto tour thru Central and South Texas and points on the Gulf coast and report a delightful vacation.

Mrs. T. E. O'Keefe and daughter, Miss Irene left Tuesday for Toyah to attend the closing exercises of the Toyah school. Miss Alice Schois, niece of Mrs. O'Keefe is a member of the graduating class.

It is reasonably certain that we are to have the biggest crop this year that our county has ever produced unless some real calamity intervenes. Conditions could not be much finer than at present and with some good showers along an old time bumper crop is assured.

The securing of a swimming pool and auditorium in connection with the Y. M. C. A. will prove one of the best investments our citizens ever made. Everyone should get in behind the proposition and make it possible to get to work on the building as soon as possible.

Not According to Hoyle

Lord Babington was instructing the new colored servant in his duties, adding, "Now, Zeke, when I ring for you, you must answer me by saying, 'My lord, what will you have?'"

A few hours afterward, having occasion to summon the servant, his lordship was astonished with the following: "My Gawd, what does you want now?"

The People That Want Your Business

Big Spring's Schools Close

The Big Spring schools will wind up a most successful year's work Friday. Graduating exercises will be held at the auditorium of the High School Friday night at which time some thirty-eight members of the senior class will be awarded diplomas for having successfully completed the course of study of our school. This is the largest graduating class in the history of the Big Spring school.

A splendid spirit of cooperation between student, teacher and parent has been noted the past year and in consequence a high standard of work has been accomplished and a splendid school spirit has been in evidence.

Crowded conditions in some of the grades and lack of funds have handicapped our schools but as a whole the patrons have just cause to be proud of the record our school is making, being one of the best school systems in Texas.

The Baccalaureate Services for the Graduating 1922 class was held at the First Baptist Church Sunday morning at 11 o'clock, this building being inadequate to accommodate the large number wishing to attend. Following is the program rendered:

- Processional of Choir.
- Gloria Patria.
- Invocation—Rev. C. P. Bass.
- Processional of Seniors.
- Anthem—The Wondrous Cross—High School Quartet.
- Prayer—J. M. Manuel.
- Offering.
- Scripture Reading—Mrs. McDowell.
- Solo—Fear Ye Not O Israel: Dudley Buck—Miss Ricker.

A splendid sermon was delivered by Rev. Ben Hardy in which he stressed the need of education and complimented the members of the class for having

prepared themselves to cope with the battles of life.

Benediction. Following is the program for Commencement Exercises Friday night May 26th:

- Processional of Seniors.
- Invocation—Rev. J. T. Brown.
- Chorus of Greeting—Girls Glee Club.
- Salutatory—Odessa Crenshaw.
- Piano Solo—Loula Jenkins.
- Valedictory Address—Clara Stephens Quartet—High School Male Quartet.
- Address—Rev. C. P. Bass.
- Awarding of Diplomas and Scholarship Honors—B. Reagan, President School Board.
- Benediction—Rev. Ben Hardy.

Furniture Repairing

Send your furniture to a union shop to be repaired by an experienced cabinet maker; also prepared to fix your screen windows and doors, or build you a porch swing. Shop at 400 Bell St. Phone 533. BLACKIE HATCH. 354

All the stores in Lubbock, Texas, will be closed Tuesday May 30th in honor of Memorial Day and the citizenship join with the American Legion in conducting appropriate exercises and decorating the graves of their soldier dead. An unsuccessful effort was made to secure all the business men in Big Spring to close on that date.

Work on Durham well No. 1 of the Chicago Oil and Gas Syndicate, located southwest of Sterling City, has been temporarily suspended but officials of the company expect to make up for lost time when drilling is resumed.

Mrs. F. F. Gary and daughter, Mrs. F. H. Etheridge, are expected to return home from a visit in Macon, Ga., within the next few days.

Base ball supplies. Biles Drug store.

T. J. McKinney returned Tuesday from a business trip to Dallas.

Flash lights and what you need for them.....Cunningham & Phillips.

Ira Thurman of Ranger spent Sunday on a visit to friends in this city.

John Clarke returned Sunday from a visit in Fort Worth and Dallas.

R. L. Cook after a short visit with homefolks returned to Colorado Sunday.

R. L. Price returned Monday morning from a visit in Fort Worth and Dallas.

I. N. Barber who is taking a special course at Simmons College at Abilene was here for a visit the forepart of the week.

The favorite sport at present is guessing just how high the price of cotton is going to be this fall. The floods throught the cotton growing belt has sent the price of cotton above twenty cents per pound and if Mr. Boll Weevil shows that he is going to start operations on a big scale there is no telling what the outcome will be. Cotton experts contend that even a 13,000,000 bale crop should not lower the market as the carry-over is dwindling and if only an 8,000,000 bale crop was made we would have a cotton famine before the 1923 crop was made.

Mrs. W. A. Ricker left Sunday for Fort Worth where she will be met by her son, Rupert, and together they will visit their old home in Corsicana.

J. F. Flock has been a visitor in Dallas this week.

Do You Want To Sell Your Property?

If so list your property with HERBERT H. SLAUGHTER to get quick action. We are in a position to handle farms, ranches, city property and oil leases and royalties.

Personal shopping is the thing. See what you get—take nothing but the best. Pay exactly what it is worth. You will like to trade at P. & F. Co.—Advertisement.

To Build a City
 So long as there is a margin in any American city between what it is a place to work in, and what it may become, there is work for the modern Chamber of Commerce. There is no dark mystery about the successful organization of such a chamber. There must be simple machinery, frequent consultations, a short, definite and practical program, officers who inspire confidence, an efficient staff and adequate provisions for revenue.

A Chamber of Commerce is not a debating society nor a training school for orators. It is a project organization. Its committees must be workers instead of talkers.

There is a place in the Chamber of Commerce for everyone who desires to see his home town grow and prosper.—West Texas Today.

We can boast of one redeeming feature for our section at least, and that is you can surely enjoy a good night's sleep any and every night throughout the summer. Ask any visitor from the East or North what he thinks of our fine nights if you wish to hear them praised.

City and Country

City folks are humans. Their environment is against them; that is all that is wrong. A city man might have been able to talk if he had had a chance. Whenever he has tried, somebody has rushed in to interrupt him before he got anything said. The same thing has happened to him when he has tried to think. So he gets used to keeping on the surface. He says something bright, passes on, and says the same thing to the next acquaintance he meets. His reading is the head-lines of the "extray"; the beauty of his world is supremely the electric lights. They have their charm, but there is too little change in them; nothing ever happens in the city. The fields and woods are a pageant through the year. Custom can not stale their infinite variety. The poetry of the world is about them, not about city streets.

City families do not keep quality long, do not even last long. For one thing, they do not have enough children. In spite of palatial schools, the city is really no place for children. It is no place for old folks either, who belong with gardens. In country homes, there are children; families work, play and suffer together. Families last and grow stronger. Such fixed class distinctions as there are among European farmers are fortunately not known in America. More or less, American farmers go together toward peasantry or away from it. Which way they go will depend on economic and educational conditions.

The city school is to the country school what in Europe the palace is to the hovel. Buildings are but symbols; but a look at the symbols tells that the difference is too great. Farm folks make too little, work too long and hard, and forego too much. Farmers produce wealth enough, but it is taken from them. The country is right and farm folks are right; but the financial system and the educational system are primarily city systems. The children are in the country, the schools are in the city; speculation can be financed when farming can not. These matters are not beyond remedy. They are among the most important matters in the world. American farmers have ahead of them such work as Danish farmers have done. Danish farmers are not selling their farms. In Europe generally, the boy who can "stay on the farm" is the lucky member of the family.—The New State.

Last Saturday was the busiest day Big Spring business men have experienced in many a day. We have had some larger crowds in town but there was more trading last Saturday than has been the case since last fall. Folks are optimistic due to the ideal conditions and are now able to note that prosperous times are due in our county.

Young Artist to Spend Summer Here.

Miss Daphne Barnes, a talented young artist of Corsicana, will arrive in Big Spring Sunday, to spend the summer with her aunt Mrs. W. A. Ricker.

The following clipping from a recent issue of the Corsicana Sun, gives an account of recital in which Miss Barnes appeared:

Miss Alice Blair presented her pupil, Miss Daphne Barnes, in piano recital last night at Carnegie Library, assisted by Mrs. H. Z. Barlow, contralto. The artists were greeted by an appreciative audience and each number on the difficult program was received with enthusiastic applause, with Miss Barnes and Mrs. Barlow responding to encores. Miss Blair accompanied Mrs. Barlow at the piano.

Miss Barnes proved herself to be an unusually gifted performer, she playing her numbers with a technique pronounced perfect. Each number on the program was given with an equal ease and perfection which thoroughly demonstrated the young lady was unusually talented and that she had been in the hands of a most capable instructor. A bright future for Miss Barnes in her chosen work is predicted by all those who have had the pleasure of hearing her. Miss Barnes also makes an unusually fine stage appearance.

Mrs. Barlow, contralto, had several numbers on the program, each of which were rendered in Mrs. Barlow's finished manner. Mrs. Barlow is one of Corsicana's most accomplished artists and her name on any program assures success. Her voice is wide of range and sweet of tone and coupled with a pleasing personality, she is always a favorite with any audience of music lovers. Both artists received many beautiful flowers from admiring friends and the recital proved one of the most successful of the season. Following is the program as given last night:

Sofeggetto in c minor. Ph. E. Bach

Gavotte from French Suite V.....

.....J. S. Bach

Spinning Song.....Mendelssohn

Miss Daphne Barnes

Recitative—"Then the Eyes of the Blind".....Handel

Aria—"He Shall Feed His Flock".....Handel

Mrs. H. Z. Barlow

Valse in c sharp minor.....Chopin

Trios Ecossaises, Nos. 1, 2, and 3.....Chopin

Summer Song.....Backer-Grondahl

Caprice Sganarelle.....Schutt

Miss Barnes

O Heart of Mine!.....Clough-Leighton

Rose in the Bud.....Forster

Mrs. H. Z. Barlow

March Wind.....MacDowell

Shadow Dance.....MacDowell

Hungarian.....MacDowell

Miss Barnes

A Distorted Statement

One of the meanest thrusts at the Wilson administration came the other day from an obscure Republican Congressman of Illinois when he said it will take a hundred years for the country to outlive the legacy of debt brought on by the Wilson administration. Such remarks are unbecoming in any real American.

Every man of intelligence knows the conditions that this country was up against when the war came on and it developed on the administration to meet those conditions regardless of cost. Every possible agency had to be called into action in the shortest possible time and no administration could have done it without immense cost.

It was necessary to the life of the nation to win the war and the great majority of Republicans and everybody else except Socialists gave hearty support to the activities for preparedness and the prompt mobilization of all the resources of the country. Such outbursts as that of the Illinois gentleman are too silly to be considered, only for the fact that it shows to what extremes some are willing to go in order to bring reproach on the most efficient war administration this country has ever known.—Amarilla Tribune.

Highway Talks Saturday

At last accounts State Highway Engineer Captain J. D. Fauntleroy, and A. R. Losh, district engineer, were due in Big Spring Saturday. They will discuss highway matters and it is suggested that our folks invite them to partake of a little spread on the courthouse lawn where a big bunch of our folks will be meeting.

Give the good wife a holiday Saturday by planning to take dinner at the court house, even if you have to depend on a hamburger to answer for dinner.

ARN THE TURTH!

Health is a result so is health, 100 per cent health is necessary for 100
efficiency.
DO NOT STAND IN YOUR OWN LIGHT, AS THE CHIROPRACTIC
DOES. IT TAKES PREJUDICE EVERY DAY.
CHIROPRACTIC is no longer a theory; it is a recognized fact; its followers
are found throughout the country daily. When someone
is afflicted with a chronic disease, or someone afflicted with chronic disease
from an untimely grave, or someone afflicted with chronic disease
made life a misery to him or her for years and every treatment known
to medicine has been tried and hopelessly abandoned comes to me and
the CHIROPRACTIC MASSAGE is restored to health by nature, is it
any wonder why my practice has grown by leaps and bounds in the few months
since I came to Big Spring.
Wait! The usual way and plan is to try Chiropractic Massage after
the usual way has failed, would it not be less expensive and save a lot of
trouble if you tried CHIROPRACTIC Massage first?
If you are there are no embarrassing examinations, as our examinations
are made from the spine. Perhaps you will say but how can my stomach
ache (or what ever it may be) be caused from the spine? Because there
is a nerve in your body that does not come out of the spinal cord, the spinal
cord in the middle of the spine and is protected by the spine the nerves leave
at each joint. The spine consists of twenty six segments (twenty
three, sacrum, and coccyx) all of which are freely movable. There
are one pair of nerves, the nerves originate in the brain, converging at
the spinal cord, the cord passes downward through the canal
of the twenty four vertebrae or spine, from the cord thirty one pairs
of nerves are given off, between the vertebrae. Each of these
nerves divides into about two million branches which have their endings
in the muscles and various organs of the body. Now can you imagine the
amount of the thirty one nerve trunks were to be pressed on where it
is? Disease would be the result, as the germs of different dis-
eases kept off by this nerve supply until it becomes impinged by the
of the spine. Come in and let us explain this wonderful science to
you. Examination costs you nothing. I use strictly Palmer
method. The Palmer school is the mother school of Chiropractic. D. D.
Palmer the discoverer of this wonderful science, therefore the Palmer
method is superior to any other.
DR. G. B. THAM, D. C., graduate of the Palmer School of Chiropractic,
Iowa, strictly a residence school. 3000 students attend daily. They
do not teach a correspondence course.

Auxiliary Notes

The Dorcas Circle of the Woman's
Auxiliary of the First Presbyterian
Church, entertained the other two cir-
cles at the lovely home of Mrs. T. S.
Currie on May 18th, thus celebrating
the 10th anniversary of the birthday of
the Woman's Auxiliary of the Southern
Presbyterian Church.
The house was artistically decorated
with pink roses while the dining room
table held a white basket surrounded
by masses of the same lovely flowers.
The guests marching around the table
dropped their offerings in this basket—
one penny for each year they had lived.
As there were nearly 1700 pennies in
the final count, some one must have
been older than they looked. This of-
fering to go to far away Japan to help
our Miss Dowd build her school for
girls.
Two fair ladies next entered bearing
between them a huge angelfood cake
which was given the place of honor and
decorated with suitable ce remonies by
10 lighted candles—and one to grow
on. Much merriment was caused by
the unsuccessful attempts to extinguish
them all at once. Another contest was
pitching coins through the much dilapid
roof of a cottage supposed to represent
Miss Dowd's school.
Delicious refreshments of angel food
cake and cream were served with a
dainty copy of "The History of our
Auxiliary," tied with pink ribbon as
souvenirs.

Last Monday was the business meet-
ing of the Auxiliary at the church.
Everyone enjoyed Mrs. Flaniken's enter-
taining report of the Presbyterial meet-
ing at Balmorhea May 4th and 5th.
Her report was ably augmented by that
of President Barnett's. Mrs. Tamsit,
who also attended this meeting at
Balmorhea was unable to be present.
There will be no meeting of the Aux-
iliary on the next two Mondays—the
fifth and first, but on the 2nd Monday
in June there will be a splendid pro-
gram at the church. Don't fail to be
there.

Southern Labor

The old canard about Southern labor
being less efficient than Northern labor
has been exposed so often lately that it
has probably gone into the discard per-
manently. This used to be the argu-
ment against locating manufacturing
plants in the South. The poorer class
of whites in this section were not re-
garded as industrious, and the negroes
not reliable. Perhaps there was a mod-
icum of truth in the contention many
year ago. But Southern mills have dis-
proved the charge by actual statistics in
recent years. In the cotton manufac-
turing industry for instance, the out-
put per spindle in Southern mills has
been considerably larger than the out-
put in the Northern mills. As further
testimony of the ability of the Southern
mills with their labor to compete with
the Northern mills; the increase in spin-
dles in the South has amounted to 171
per cent against only 23 per cent in the
North, during the last 20 years. Var-
ious factors have been operative in in-
creasing the relative efficiency of South-
ern labor. For one thing it is largely
composed of native American stock,
and is not as susceptible to radical
leadership in labor circles as in North-
ern labor. There is less tendency to-
ward sabotage and fewer strikes. Also,
the standard of living has been materi-
ally raised among them, as the South
has developed schools and modern con-
veniences. In the South home life has
been less disturbed by modern condi-
tions and manufacturing labor has be-
come comparatively stable. Northern
manufacturing capital is aware of the
advantage of the South in this respect,
and no longer hesitates to enter the
Southern field. With this changed at-
titude toward the South, there is rea-
son to look for enormous manufactur-
ing development in this section in the
future since it is in the section that
many of the raw materials are produc-
ed.—Houston Post.

Caplist Notes

The missionary meeting for the
month was held at the home of Mrs.
Buchanan and was enjoyed by quite a
number of our ladies. Mrs. Holmes,
the leader, had become so familiar with
the subject for the afternoon that it
was presented in an interesting and im-
pressive way, and some fine papers and
talks were given by those assisting on
the programme.

The training schools at Louisville,
Ky. and Fort Worth, Texas, are doing
a great work in preparing men and
women for religious work along various
lines. From these schools many go
into home mission work, and many into
foreign fields.

We were glad to find that during
last year thirty four children of our
missionaries in foreign countries had
been in colleges in the U. S., as benefi-
ciaries of the Margaret Fund—a fund
created for the purpose.

Being called up, Mrs. Beckett told of
our splendid sanatorium at El Paso and
of some sewing we might do for it,
whereupon it was decided to make and
send a number of dresser-scarfs which
are needed. It was further decided
that we take up the study of the mis-
sion book "The Lure of Africa." This
will be of special interest to us since
one of our young ladies, Miss Lucile
Reagan, is now a missionary in Africa.
After these matters had received at-
tention a social session followed during
which refreshments of ice cream and
cake were served by Mesdames Buchan-
an, Bass, Pitman and Price.

We had as special guests Mrs. Whip-
key and little daughter of Colorado.

In keeping with the custom of for-
mer years there will be no preaching
service at the church on Sunday even-
ing of Chautauqua week—next Sunday.
Sunday school at the regular time, 9:45
a. m. and preaching at eleven, by the
pastor. All are cordially invited to at-
tend these services.

Methodist bishops, elders, preachers,
and laymen assembled in quadrennial
conference at Hot Springs Tuesday,
staged a demonstration said to be un-
ique in the annals of the church.

Somebody offered a resolution ex-
tending greetings to Woodrow Wilson;
the Presbyterian who once occupied the
White House, whereupon the delegates
went wild. Leaping to their feet, staid
old bishops, young preachers, lay lead-
ers and other making up the assemblage
shouted and cheered themselves hoarse
at the mere mention of the name of
Wilson. It required several minutes,
we are told, to quiet the delegates so
that the regular order of business
could be resumed.

This is but one of many such mani-
festations of esteem and admiration for
the former President. They have hap-
pened in the North, South, East and
West; among men and women. Democ-
rats and Republicans, saints and sin-
ners, washed and unwashed.

There's a reason of course. It is not
the personal popularity of the former
president, for he is not the type that
attracts people to his person; rather it
is because the people of all sorts and
conditions recognize in Woodrow Wilson
the leader who piloted this nation thru
the greatest crisis in its history, and
who was the outstanding figure in the
greatest drama the human race has
ever staged. It is a tribute to his
ideals, unswerving devotion to a prin-
ciple, the righteousness of his cause. It
is an earnest of his eventful triumph—

Wards.—Advertisement.

The Republican congress still haggles
with the soldiers over their bonus, with
the outcome as uncertain as the weath-
er, while the business world awaits
with like uncertainty the new tariff
bill. Last winter the leaders talked of
adjourning congress the first of May;
the month is here and the adjournment
is one of the events so far in the future
that it is not even discussed in Wash-
ington. And the country waits and
waits, while the "business administra-
tion" does business in a very unbusi-
nesslike manner.—Cisco Round-Up.

Blake Vanleer, a member of the fac-
ulty of the University of California, is
expected to arrive Sunday from Berke-
ley, California for a visit with J. W.
Ward. Blake is a former resident of
Big Spring and his many friends here
will be pleased to learn of his visit to
our city.

State Inspector Here

Mrs. Theo Reese, state inspector in the city inspecting hotels, cafes, restaurants, bakeries, and meat markets, and finds things in very good shape; several places got excellent reports. She complimented the management of City Bakery very highly on having such a nice bakery, in fact she has not found a more sanitary bakery in any town. However, Mrs. Reese did find that Sec. 3, page 39, of the Sanitary Code, Texas State Board of Health and Sec. 2—Every individual, persons, firm or corporations or common carriers operating or conducting a hotel, cafe, restaurant, dining car, or other public eating place, or operating a bakery or meat market, shall institute and have made a medical examination of all employees at intervals of time not to exceed six months, and shall after such medical examination of their employees promptly discharge from their employment in or about the above mentioned places any person or persons found to be infected with or affected by any contagious disease. Sec. 3.—That it shall be unlawful for any individual, persons, firms or corporations, operating or conducting any hotel, cafe, restaurant, dining car, or other public eating place, or operating a bakery or meat market, to work or employ any person to work in any hotel, cafe, restaurant, dining car, or other public eating place, who, at the time of their employment, had not in his or her possession, a certificate from some reputable physician, where said person is to be employed, attesting the fact that the bearer has been examined by such physician within one week prior to the time of employment, and that such examination discloses the fact that such person to be employed was free from any and all infectious or contagious diseases. Sec. 5.—That any individual person, firm or corporation, who shall violate any provision of this Act, shall upon conviction thereof in a court of competent jurisdiction, be fined in any sum not less than \$5.00 nor more than \$100.00. Provided that a conviction of a second offense will carry a fine of not less than \$25 nor more than \$200—had been overlooked by each of the places she visited except the T. & P. lunch room, and requested that they secure certificates immediately and feels confident everyone will do so.

Mr. and Mrs. Ben Garner.
Mr. and Mrs. V. P. McKenna.
Mr. and Mrs. R. H. Mann Jr.

Plunder Merchandise

Plunder-merchandise is a merchandise in which quality, workmanship, service and satisfaction are sacrificed to create fictitious bargains. The public safeguard against plunder-merchandise is the trade mark that stands for quality, service, satisfaction and fair price. The merchant's protection is in handling trademarked goods of established reputation. The man who expects to get something for nothing, be he merchant or consumer, is going to get stung.

Desirable Property for Sale

Residence lots in College Heights addition—the ideal residence section of the city for sale—at reasonable prices. See or address J. F. HAIR, Big Spring, Texas. 35-2c

Mrs. C. A. Vaughan, mother of Al Vaughan, left last week for a visit with relatives at Prescott, Ariz.

Fordson

TRADE MARK

Nothing Like This Low Price Has Ever Been Known Before

No farm tractor ever offered more money value, or more value, than the Fordson Tractor at this astounding new low price.

No farm power unit you can possibly buy will do more for little—and no farm, regardless of size or location can afford to do more without a Fordson Tractor.

Place your order now—there is no time for delay or comparison. Price alone makes your choice the Fordson. After that, performance will prove to you, as it has to 170,000 owners, that this compact Fordson is the most efficient power plant ever hitched to a farm tool.

Let us prove it to you. Write, call or phone today.

Shocking Killing in Andrews County.

A man by the name of Ragsdale was killed on the Andy Meadows ranch, eleven miles west of Andrews, late Wednesday evening, and Andy Meadows and son, William, are in the Midland County jail, charged with the killing, or have been arrested under such charges.

Andrews County people have been much disturbed over the killing and details of the affair are difficult to ascertain.

Ragsdale and wife were employed on the Meadows ranch, and had been for a month or so. Trouble arose between Ragsdale and the Meadows and Tuesday morning a fistfight was precipitated between Ragsdale and the elder Meadows, in which the latter was terribly beaten up.

Meadows left the ranch, but he and his son returned Wednesday evening, when the killing took place. Meadows claims that Ragsdale shot at him as he approached the ranch. Mrs. Ragsdale told the story differently. M. A. Thornberry, a neighbor to the Meadows ranch, was near and approaching the scene of the killing when it took place, but so account of it from him has been obtained by The Reporter.

The man was quite dead when Mr. Thornberry arrived on the scene. The Meadows were quite excited, and seemed to offer some resistance, it is alleged, but Mr. Thornberry got possession of the guns and took Mrs. Ragsdale to his home, and then telephoned to Sheriff Jno. M. Speed, who with his son and other citizens of Andrews went out and made the arrests. Sheriff Speed brought his prisoners to Midland, arriving early yesterday morning. It is expected to take them this morning back to Andrews for an examining trial sometime during today.

The dead man, who came not long since to Lamesa, showed signs of severe bruises and the woman, too, claimed to have been beaten. She it was reported late yesterday evening, was in critical condition and possibly not expected to live. Her condition of health was delicate, and the ordeal through which she passed has been possibly more than she could stand. A Midland physician was called.

Andy Meadows is one of the most substantial men financially in Andrews County. The full seriousness of the charge against him and his son cannot be determined until Mrs. Ragsdale's condition shall have become known to a reasonable certainty and until the examining trial is over.—Midland Reporter.

Engineer for 46 Years Dies

John L. Baker, said to have been the oldest locomotive engineer in Texas with one exception, died at the home of his son in Los Angeles, Cal., Thursday, according to a message received by the Texas & Pacific office. He was the oldest engineer on the Texas & Pacific and for nine years was general chairman for the Brotherhood of Locomotive Engineers on that system. He had pulled an engine for 46 years.

Baker was made an engineer on the road in 1861 and was in service up until he went to California on a visit.

He came to Fort Worth about the time he was made an engineer and lived here continuously until he went to California for his health. He is survived by his wife and one son. The body will be forwarded to Fort Worth for burial, but arrangements have not been completed.—Fort Worth Star-Telegram.

Prepare an Agricultural

West Texas will be the center of Texas this year and homeseekers will be flocking to our friends in Big Spring. County folks should know the fact that an agricultural fair and exposition is being held in North this year will be a money and trouble that will prepare them, in the way of the agricultural products of the county and we should all have a fine agricultural display in old Howard County.

Card of Thanks

We wish to express our appreciation to our friends in Big Spring for their kindness and the sympathy shown in our time of sorrow. We are grateful for the beautiful flowers sent.

Mr. and Mrs. T. J. Atwood.
Ethel Atwood.
Mr. and Mrs. L. E. Atwood.

Candidate for Governor Coming

Fred S. Rogers, Bonham attorney, who is running against Governor Neff for the Democratic nomination for the governorship of Texas will address the citizens of Howard County at the courthouse in Big Spring, Tuesday afternoon at 1:30 o'clock.

At the get-together meeting of Union men Tuesday night the following were appointed a press committee to make arrangements to advertise the coming of Mr. Rogers: J. M. Cramer, R. L. Roswell and W. F. Cook, and they tender everyone in the county a cordial invitation to hear him next Tuesday.

The submit herewith the chief tenets of his platform which are state economy and improvement in the rural school system. Here is an excerpt from a recent speech at Fort Worth:

"I might not do much for my country," said Rogers, "but I at least forced Governor Neff to admit that the schools of the country are in a deplorable condition and that it may require a special session of the Legislature to correct the situation.

"If I am elected Governor I want to see an appropriation of \$4,000,000 for the schools, as that much is needed. Governor Neff cut off \$1,500,000 from this amount, voted by the Legislature, and as a result closing down of the country schools has been extensive and the farming communities are aroused.

"Governor Neff did not begin to talk of the necessity of a special session until ten days after I began campaigning.

"Another thing I shall do, if elected, will be to take politicians from the management of the penal farms and put in real farmers and make these farms self-sustaining.

"I will restore the pardon board and devote my time to affairs of state instead of study of convicts. If the same amount of time and effort had been put on the school situation as has been put on convicts lately, the schools would not be in the shape that they are now in and we could have efficient management. I can safely promise that the schools will not be in the stagnant condition they now are in within two years after I am elected."

Rogers began his campaign over Texas the latter part of April. He is a World War veteran and served as judge advocate of the Thirty-second Division, which trained at Waco. Saturday afternoon he will speak at Cleburne. While here he said that the farmers are giving him generous support and that he is confident of election.

BE RID OF THAT ACHE

If you are a sufferer with lame back, headache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend. Ask your neighbor!

Mrs. A. Bilger, 211 West 1st St., Big Spring, says: "I had heavy, bearing down pains in my back and was all tired out. I was sore and lame all through my kidneys. I had headaches and was nervous and usually felt sluggish. A friend recommended Doan's Kidney Pills so I started using them and I got the trouble in time. Doan's certainly brought me fine relief and since then I have used them once in a while to keep my kidneys in good condition."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bilger had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement-7)

We are informed that a boiler at the Zilpha Morrison well No. 1 blew up last Saturday but fortunately no one was injured. We hear that another boiler was promptly secured so that drilling could be continued without delay.

Pierrette face powder....It pleases where ever it is used....Cunningham & Philips.

Two and perhaps more business structures are being planned for Big Spring and a real building campaign may be in full force before the close of the year.

THE COOLEST PLACE IN TOWN.. CUNNINGHAM & PHILIPS.

Felton Smith Jr. has returned to his home in Claco after spending several weeks very pleasantly with his grandparents, Mr. and Mrs. H. L. Battou.

Franklin Said:

We are never too old to learn. There are no gains without pains. God helps them that help themselves. One today is worth two tomorrow. Let all your things have their places; let each part of your business have its time.

Lose no time; be always employed in something useful. Resolve to perform what you ought; perform without fail what you resolve. If you know the value of money, go and try to borrow some.

For age and want, save while you may. No morning sun lasts a whole day. Dost thou love life? Then do not squander time, for that's the stuff Life is made of.

Think innocently and justly, and if you speak, speak accordingly. Wrong no one by doing injuries, or omitting the benefits that are your duty. Tolerate no uncleanness in body, clothes or habitation. Be not disturbed at trifles, or at accidents common or unavoidable.

We have installed a "High Chair" for your baby....Come in and enjoy your drink while the kid sits in the chair....Cunningham & Philips.

High winds and heavy rains were in order in East and North Texas, Oklahoma and Kansas the forepart of this week. A ten inch rain fell in the vicinity of Sulphur Springs, Texas last Sunday morning. The Brazos and Paluxy rivers in Somerville County, Texas, were higher Sunday than at any time in their history. A cyclone was reported in the vicinity of Walnut Springs, Sunday.

MULFORDS BLACK LEG AGGRESSION. FIFTEEN CENTS A DOSE.... CUNNINGHAM & PHILIPS.

An Agricultural exhibit from West Texas is to be shown at the following Fairs during 1922 by the West Texas Chamber of Commerce. State Fairs at Topeka, Kan.; Oklahoma, City and Muskogee, Okla.; Fort Smith, Ark.; Sedalla, Mo.; Dallas, Waco, and Houston, Texas; Shreveport, L.; Nashville and Memphis, Tenn. Howard County products should be included in this exhibit.

BATHING: Is made a pleasure with our bath caps, and new suits. The prices are right....Cunningham & Philips.

Better keep an eye on that boy of yours as there are some mighty deep holes of water in the vicinity of Big Spring and boys will take a chance in order to enjoy a swim. If we had a good community swimming pool boys would not have to take chances—grown ups would always be on hand to see that the little fellows were safe.

Have you seen those pretty parasols for Graduating present at CLOUGH JEWELRY CO.—Advertisement.

Cliff Talbot and Bascom Reagan are planning to enjoy some real fishing as they have had H. B. Arnold build them a steel row boat. They expect to use this on the lakes west of town. They can also utilize this boat to good advantage while duck hunting this fall.

You can get a drink here early in the morning that will keep you cool all day....Cunningham & Philips.

Better take the necessary steps to swat the mosquito now by cutting weeds and oiling stagnant pools, rather than let'er slide and make it possible for mosquitoes by the thousands to pester you later on.

Mrs. Bernard Fisher and Mrs. Joye Fisher and daughter returned Monday night from an extended visit with their mother at West Lafayette, Ind.

Boy Golf Wonder is President Shy

When James Frazier, the five-year-old son of Jim Frazier, gave an exhibition of his skill at golf on the Sea View, N. J., links, President Harding took occasion to congratulate the little fellow. Bold in his stroke when playing, the youngster became President shy when he grasped the hand of the nation's head.

AUTOCASTER

Maccabees Meeting

On Wednesday afternoon May 10th at the regular meeting of the Woman's Benefit Association of the Maccabees, of K. of P. hall, the draping of the review charter, a beautiful and impressive service was conducted by the review for a dearly beloved member, Mrs. Frank Sholte, who has passed to her reward.

Resolutions of respect and deepest sympathy to the family were adopted by the review, a copy of which appears elsewhere in this paper.

Mrs. W. W. Whipkey and baby arrived the first of the week from Colorado for a visit with her parents, Mr. and Mrs. W. B. Buchanan.

Misses Thelma and Grace Mann of Colorado were visitors here Wednesday

Mrs. Roy Miller visited relatives in Abilene the forepart of the week.

Bridge Club Notes

The members of the Bridge Club enjoyed a most delightful meeting Wednesday afternoon at which time they were the guests of Mrs. Shine Phillips. Three tables of players engaged in the series of keenly contested games; Mrs. Jno. Clarke making club high score and Miss Velma Wasson visitor's top score. Delicious refreshments were an added pleasure.

R. C. Merrick was here Thursday from Dawson County to accompany a doctor to his home where his sister, Miss Thelma Merrick, is to be operated upon for an attack of appendicitis.

J. B. Littler and L. S. McDowell left Wednesday for a business trip to Houston.

Jones Lamar has been visiting relatives at Cross Plains, Texas, the past two weeks.

Presbyterian C. E. Program

The Christian Endeavor of the First Presbyterian Church will meet Sunday evening at 6:30 and conduct the following program:

Topic—Lessons from Great Foreign Missionaries, Acts 13: 1-12.

Leader—Maude Carter.

Scripture Reading—Ruth Miller.

What lesson does Livingstone teach us?—Zou Hardy.

A lesson in Helpfulness, Acts 27: 21-44—Robert Currie.

Consecration, 2 Cor. 11:21-33—Carroll Barnett.

Sentence prayer.

Song.

How we may help the missionary cause—Agnes Currie.

Why we should believe in the cause of missionaries—General Discussion.

Offering.

Song—Maude Carter, Ruby Miller, Lucile Mims, and Essie Bowen.

Misaph Benediction.

Road Bids Wanted

STATE OF TEXAS, County of Howard Notice is hereby given that the Commissioners' Court of Howard County, Texas, will on June 12th at its regular meeting in Big Spring receive bids for the position of patrolman for the various Road Sections of Howard County as heretofore laid out by said court, said work to consist of maintenance work as required by law.

The map showing the various sections can be seen at the County Judge's office.

The sections on which contracts were awarded at last letting are not included in this letting.

All information desired will be furnished by me or by County Judge.

J. B. SHOCKLEY,
Road Supt. Howard County, Texas

Miss Lillian Shick entertained Misses Grace Taylor, Dorothy Ellington, Helen Hatch and Juanita Ralph, members of the Grammar Grade graduating class, to a swimming party at Jones swimming pool Wednesday afternoon. This enjoyable feature being followed by a chicken broil, and the happy occasion closing with a picture show party at the Lyric. Needless to state the girls had a jolly time and pronounced Lillian an ideal hostess.

Mr. and Mrs. L. F. Powell of Chicago, who have been visiting her parents Mr. and Mrs. R. D. Matthews, left Wednesday evening for their home.

The work of placing gravel on the Bankhead Highway a mile west of this city is now in progress.

Timely Topics

Mark Twain is responsible for the expression, "there is a lot of talk about the weather, but nothing is ever done about it."

There has been much talk about the soldiers' bonus, but not much has been done about it. However, we have hopes that something definite will have been done before this goes to press.

Unquestionably the soldiers and sailors who carried Old Glory to a glorious victory back in 1918, are deserving of the highest praise and some reward for their immeasurable sacrifices. There is no doubt about the praise they have received since that victorious day, and will receive—but, how about the reward?

While there are many ex-service men who do not actually need the bonus, this unsettled state of affairs has a bad effect on business. Legislation should be pushed that will give the needy service men immediate help. The longer we delay the less most of the ex-service men will need the bonus, and the more hesitation there will be in business.

Let's face the inevitable and give a bonus to those who need it—not six months hence but NOW.

Jasper's claim that "the sun do move," and Voliva's statement that the world is flat, and the Ku Klux Klan's belief that they have a better government than the one we have been struggling along under may have proved satisfactory to them, but like the boll-woevil and pink bollworm they have a large majority against their proposition.—Farm & Ranch.

Mrs. J. M. Manuel and sons, Kenneth, Vernon, and Winston, will arrive from Thayer, Mo. Saturday morning to make their home in Big Spring. Secretary Manuel of the Y. M. C. A. states that the coming of his family to Big Spring is going to make him a real citizen and a booster for our city.

When your watch wont run bring it to us. Let us fix it. Ward's.

Let Us Do YOUR HARVESTING

We are in the market to harvest several thousand acres of wheat, and also to keep your hair trimmed and your scalp in a healthy and cleanly condition all the year around.

Resolution of Respect

Whereas the Angel of Death has visited Big Spring Review No. 45 and taken from us our beloved sister, Flora the loving service, the friendly council and the cheering smile of our sister who has passed beyond, and whereas, we do mourn deeply the loss from our fraternal circle of these our sister's many virtues, while we believe that our Father who has seen fit so to bereave us doeth all things well, be it resolved that we, the members of Big Spring Review, Woman's Benefit Association of the Maccabees at Big Spring do hereby tender to the family of our deceased sister sympathy in this our common loss and resolve that in token of our sorrow and sympathy our charter be draped in mourning for a period of thirty days and resolved that these resolutions be spread upon our records and a copy sent to the bereaved family and a copy sent to The Big Spring Herald.

Signed:

Mrs. F. N. Brown.
Mrs. Ally Cowan.
Mrs. B. G. Bly.
Mrs. L. P. Upshaw.
Mrs. Josie Larnon.
Mrs. Charles Koberg

Keeping the Profits at Home

Texas and other Southwestern States are gradually getting out of the notion that they are fit only for rough production and can not finish a commodity for consumption. In early days when Texas cattle were produced in the tens of thousands on free ranges it was quite proper, and, in fact, the only thing to do was to drive the stock to Northern markets where they were parceled out to feeders in the grain States. But the Southwestern States are now large producers of grains and other feedstuffs, and as freight rates are high on such bulky commodities, those who have tried, have found it profitable to feed the grain to cattle and make them ready for the market right at home.

A letter from the Double U Company at Post City, Texas, tells of the success had with 250 head of feeders which were recently sold as a finished product at a splendid profit. Only the grains of that section were used, the animals going to the stock yards in as good a condition as those coming from Iowa and Illinois. The non-saccharine sorghum grains make a most excellent finishing feed when ground and used with ensilage or other roughage. Every bushel produced in the Southwest should be turned into meat. It would make a good market for the grain, pro-

duce a large amount of keep the profits of low weight and quality of the home.

Farmers who have a big feedstuffs and an abundance of animals to eat it would in the purchase of feedstuffs feeding of their neighbors shares.—Farm & Ranch.

Notice in Probate

THE STATE OF TEXAS

To the Sheriff or any Howard County—Gardner

You are hereby notified to be published once each period of ten days beginning day hereof, in a newspaper circulation, which has been and regularly published of not less than one year and County, a copy of the notice:

THE STATE OF TEXAS

To all persons interested in the estate of J. L. Atwood, deceased

Dean, wife of T. J. Dean, and Ethel Atwood, and joining his said wife, filed an application in the Court of Howard County, Texas, on the 10th day of May 1922, for the will of J. L. Atwood, deceased.

Letters Testamentary, in which said application by said Court on the 10th day of May 1922, at the Court House, in Big Spring, Texas, and all persons interested in said estate are required to appear and file their application, should they have any objections to the same.

Herein fall not, but in said Court, on the first term thereof, this will be taken thereon, showing the executed the same.

Witness my hand and seal of said County, this 10th day of May 1922. J. I. PRITCHETT, County Clerk.

County of Howard, Texas.

Wanted—Stock to pasture. See me or 7 miles north of Big Spring, Texas.

Money to loan. Plenty of money to loan in amounts from ten hundred thousand dollars. G. B. HARNESS, County Clerk. (Advertisement-32-20)

How to Raise Cotton in Boll Weevil Areas

- 1—Prepare your land in October by blowing it up with dynamite.
- 2—Lay it off in rows twelve feet apart, and plant your cotton seed in December.
- 3—When your cotton comes up, thin it to one stalk in a hill twenty-three feet apart
- 4—Spray each stalk twice a day with Hoyt's German Cologne.
- 5—Cover your cotton with mosquito netting when it is two weeks old.—this netting to be stretched over poultry wire
- 6—Spread "Tangle-foot" between all cotton rows and replace it every day.
- 7—Burn off all the nearby woods, and cut down dead trees and burn them.
- 8—Dust the following mixture on your cotton twice a day. Epsom salts, Calomel, Cream of Wheat and the white of an egg.
- 9—Have two hired hands for every acre in cultivation. Furnish them with barber's tweezers to be used in pinching the heads off any boll weevil which shows up.
- 10—Mortgage your farm and buy nitrate of soda and spread plentifully around the roots of the cotton
- 11—If any of the bolls should get punctured, have the puncture vulcanized at once. Any good automobile tire man can do this for you.
- 12—Begin picking your cotton in February and try to have it all ginned and sold by March 15. This will enable you to work and grow corn, peas, potatoes and hogs for home consumption. This kind of consumption does not need the services of a doctor.
- 13—Pay your preacher. Trade for cash. Settle all your old debts, and live happily ever afterwards.—The Carroll County (Ga.) Times.

Men wanted to represent one of the largest poultry farms in America. Work in your home territory. Splendid position yearly for the right party. We small towns; loafers and city slickers prefer men who live in the country or need not apply. State paper you saw ad. Y. M. C. A. Notes

Let all of the Boy Scouts be at the building Friday evening at eight o'clock. We want to make our plans to sell popcorn on Saturday.

To the good people of the town. The Boy Scouts, through the kindness of Mr. Leland B. Stone are going to sell popcorn next Saturday. So when they call on you don't turn them down but help and encourage the boys. Let's give the boys of our town a chance to make good.

We don't use fillers in scouting, and scouts don't fill up our country jails. Scout Executive Shattuck, of Waterbury, Conn., quotes from letter received from a Rotarian of Los Angeles, Calif., a statement made at a Rotary club luncheon by the Warden of the State prison of California to the effect that in all his talks with criminals of all ages, he never met a criminal who had been a Boy Scout.

LET'S GET BEHIND THE SCOUTS. Did you ever watch the camp-fire When the wood had fallen low, And the ashes start to whiten Round the embers crimson glow; With the night sounds all around you Making silence doubly sweet; And a full moon high above you That the spell may be complete? Tell me, were you ever nearer To the land of heart's desire. That when you sat there thinking With your feet before the fire.

Come on boys we will go camping. Last Thursday evening the Epworth League gave a banquet to the Graduating class of '22. Sixty six young people together with Mrs. Flewelen, Mrs. Davis and Mrs. Hardy and Mr. Manuel sat down to a splendid spread. After the eats games were played in which all joined. The toast to the Boys of '22 was given by Mrs. Hardy. To the sweet Girl graduates by Mr. Manuel. In the wee small hours every one went home declaring it a great occasion.

At a board of directors meeting Sunday afternoon, the board voted to give the Ladies Auxiliary a unanimous vote of thanks for the splendid work they have done in fixing the rooms upstairs, and for the good will of these splendid ladies.

Get into the men's Bible class every Tuesday evening from eight until nine o'clock.

We do not claim to sell the "cheapest" meat in town, but we do claim to give you the best, the tenderest, and something you will enjoy eating. Pool-Reed Co.—Advertisement.

Bankers Use Radio To Get "The Latest"

Here is a photograph of a recent meeting of the Board of Directors of The Fidelity Trust and Savings Bank of Chicago. The financiers are going over the business of the bank while the radio keeps them informed of financial and market conditions. Left to right may be seen Edward Morris, packer; tuning in, John T. Nylan, Vice-President; Dr. Henry R. Tacker, and E. C. Hart, President of the Bank.

THE PHILLIPS SISTERS, HIGHLAND LASSIES, AT CHAUTAUQUA

This is the Saturday Afternoon Entertainment

Phillips Sisters and Miss Helen Carney—a real orchestra number. Perhaps it is because the Phillips Sisters are really Scotch that they have elected to use these decidedly Scotch costumes with the kilts and the sporrans and the sporrans, with jaunty caps that lend such an effective touch to the Scotch numbers on their programs. The work has always been of a sort that is distinctive. Their unusual ability, coupled with delightful personalities and sweet consideration of each other, results in a well-nigh perfect program. There is a wide variety of instrumental music, violin, cello, piano, clarinet, cornet, trombone, drums. There will be solos, duets, quartets and ensemble numbers in great variety. The program includes a wide range of all kinds of music. You will seldom hear a more acceptable program or one that will leave a sweeter memory.

Every man, woman, boy and girl in Howard and adjoining counties is invited to visit **Big Spring Saturday, May 27**, and be the guests of the Chautauqua Association and the business men of Big Spring. Bring your entire family, a lunch basket and lets make it a day. All those living outside the city limits of Big Spring will be presented a **FREE TICKET** of Admission to the

Entertainment at the Chautauqua Tent Saturday Afternoon, May 27th

The Big Spring Chautauqua Association believes the Chautauqua is a great institution—its object is to feed the heart and mind. We want you to learn its worth. By the Chautauqua plan we are enabled to bring to our community Statesmen, Authors, Travelers, Explorers, Inventors, Teachers, Preachers, Actors, Readers, Singers, Players, Bands, Orchestras, Entertainers, Childrens Workers, Magicians—something for everybody—and the price of a season ticket enables you to enjoy fourteen fine entertainments at less than 20 cents each.

The lecturers are the big men of our nation—and unlike politicians who discuss things that separate us—they discuss things that should unite us.

A TENSE MOMENT IN "FRIENDLY ENEMIES" at Chautauqua.

Monday Night, May 29th

Friendly Enemies is one of the great plays produced in America. It carries such a lesson in patriotism and loyalty as has seldom been written or dramatized. Charles F. Horner has secured the rights of production for the Chautauqua. This tensely interesting play will be produced on the Premier Circuit with an excellent cast as is usual with all Redpath-Horner productions. Friendly Enemies was given its first showing in Washington. In the cast were Louis Mann and Sam Bernard. The President of the United States was in a box near the stage. The audience reached a high state of excitement. The President was called upon for a speech. He said the following: "All that I can say has already been said most admirably in this beautiful play. All the sentiments I could express have been admirably represented—sentiments that, I hope, will soon grip the world!" King George of England saw the first production of Friendly Enemies at the Haymarket Theatre in London. After laughing heartily throughout the play he called the producer and expressed his appreciation for the wonderful play.

Rest Room for the Ladies

will be available at the court house, a nice lawn is there where family parties can spread their lunches. So arrange to come early. Ice Water a plenty will be on tap.

Don't expect Harry J. Loose to take the time to ferret out crimes or criminals in your town, but, in his extraordinary lecture, "Crime, Its Cause and Prevention," Mr. Loose will bring a vital message to your town.

This lecture is dramatic and entertaining, but don't get the idea that it is purely entertainment. He will grip the hearts of every man and every boy in the audience.

LAURANT THE MAGICIAN
Mystery, Music and Magic, at Chautauqua.

Eugene Laurant, the idol of the kids and one of the most popular of all the entertainers in America today is coming to Chautauqua.

Do you remember the clock that thinks?

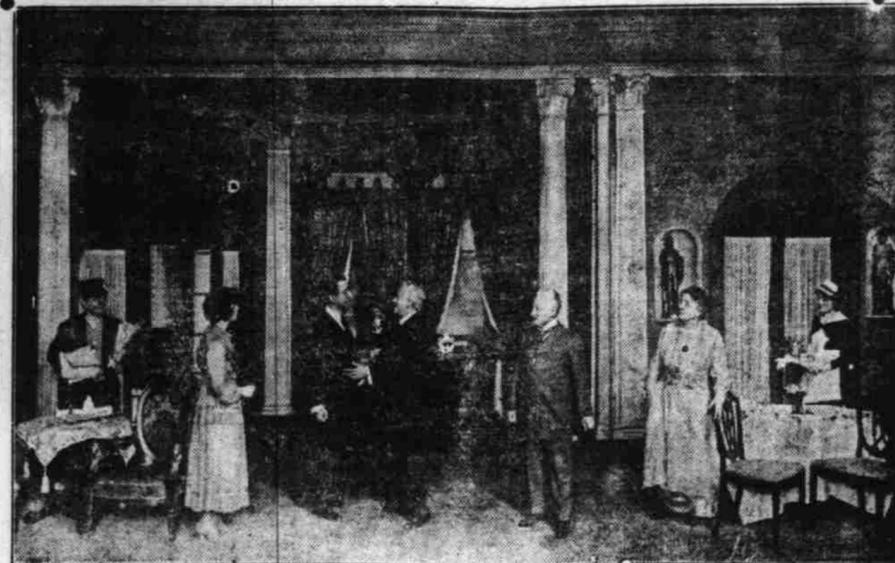

Do you remember that remarkable ring trick and the feeling you had when Gene Laurant rammed your ring down the throat of the big horse pistol?

Laurant has a lot of new tricks on which he has spent years of work. He is always working like a beaver. When you see him this time you will meet some of your old friends, but there will be a lot of new ones that you have never seen before.

Laurant's show is always a thing of beauty. There is never a tiresome moment.

The stage will be full of kids and not a one of them will be embarrassed or afraid. Gene Laurant has more young friends over the country than any entertainer in the business.

This show is worth twice the price of admission just to see the youngsters have a good time, but it isn't for the youngsters only. There are tricks there that will puzzle you and one or two psychological problems that have never yet been solved by anybody but Laurant.

BACK FROM PLATTSBURG
A Scene from the Great Play, "Friendly Enemies," at Chautauqua.

THE REDPATH CONCERT ARTISTS, A COMPANY OF STAI
AT CHAUTAUQUA.

Redpath Concert Artists. Best loved music by a superb company of artists. A company of instrumental artists supreme in harmony. What is your music faith? Are you devoted to Jazz and ragtime? If so come and hear the Redpath Concert Artists, and let us show you how easy it is to love and appreciate real music when that music is properly expressed. You will be surprised to see how appealing is music when properly performed, even though jazz and ragtime has no part in it. There are melodies from Grieg that you will want to whistle. There are infinitely sweet and tender passages from Beethoven that will be singing in your heart for days. There is a rhythm that appeals to every sense of beauty which you possess, in Schubert and in our more modern composers, and you will find it is not necessary either to harass your nerves or to stimulate your senses with more primitive sounds. A popular program? Of course it is. These people, artists every one of them, are going to show you how really beautiful a program of good music can be, if it is played with appreciation and understanding. Are you a lover of the classics, and do you feel that people are more interested in jazz than in real music? The Redpath Concert Artists' program is an example of how the real artist can make good music popular.

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. A. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui ... that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me ... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. 239

We Know How!

We've been in the battery business long enough to know all the things that can possibly happen to a battery, how serious they are, and whether it will pay to fix what's wrong.

On top of that we know exactly how to do all kinds of battery work.

Every job that's turned out here at Battery Headquarters is done in just the way prescribed by Willard Standards of Service—and there are no higher standards anywhere.

The Only Exclusive Battery Station in Big Spring

We can now furnish you with both A & B Radio Storage Batteries—especially adapted to Radiophone work.

Proclamation

To the Legionaires of Texas:
On May 30th the American public will again bow its heads in solemn thought and prayer honoring the departed heroes of all wars and keeping fresh in the minds of this generation the sacrifice, suffering and death of the builders of our government in order that we might enjoy democratic liberty and the pursuit of happiness.

We, as members of the American Legion of Texas, should sincerely join in the perpetuation of the sentiments called forth by Memorial Day. In addition to the solemn thoughts and sacred memories of our fallen brothers who made the supreme sacrifice and in whose honor this day holds peculiar significance, we can feel both joy and thanksgiving for the triumph and victory of the principles for which our country entered the late war.

We have further battles yet to fight and win—the great battle of peace—the fighting and winning of which will make our country one of peaceful homes and a contented, progressive citizenship. We must continually strive to teach those with whom we mingle the beauty and glory of one hundred per cent Americanism, and the deep sense of satisfaction which a man may only enjoy by absolute loyalty to his flag.

In connection with Memorial Day the American Legion Auxiliary will hold poppy sales on Saturday May 27th. The entire proceeds of the poppy sale which goes to the Auxiliary will go directly to their hospital relief fund and will be used in relief work, without deduction for administrative or any other expenses.

It is especially fitting that all Legion members participate eagerly in the poppy sales and render all assistance possible, for the funds derived therefrom will greatly aid those of our comrades who are confined in the homes and hospitals suffering from disabilities accruing from wounds received in line of duty.

I do therefore hereby proclaim May 30, 1922, as Memorial Day, hereby instructing all posts of the American Legion in Texas to hold such suitable programs and exercises as they may deem proper, keeping in mind that it is a day sacred to the memories of those who did not return.

Wayne Davis, Department Commander.

Should Be a Crime

The Governor of North Carolina is credited with having made the following statement:

"If I were the Czar of North Carolina instead of the Governor, I would issue an edict declaring that from and after five years from date any man who imported into North Carolina any corn or meal, wheat or flour, beef or bacon, should be forthwith hanged and without benefit of clergy. Of course, in the beginning I should be denounced as an infamous tyrant, but after the law had been in effect for ten years the richest state in the union would build a monument to me as the financial redeemer of my people."

As the saying is, the Governor has "said a mouthful." Every state and community should "feel itself" before it can hope to attain the heights of prosperity to which it may rightfully aspire.

Texas is another state which imports vast quantities of commodities which can and should be raised at home. In this respect, Texas has an enormous advantage over North Carolina and every other state in the union in that she is blessed with a variety of climate and soil such as no other state has.

There is enough wheat land in Texas to provide bread for every citizen in the state and yet we import thousands of pounds of flour. There is enough corn land to give every family all the corn-bread they can eat and have plenty left for the stock and yet we import corn-meal. Enough hogs could be raised to make all the lard and bacon, pork roasts and spare ribs that could be eaten by the people, yet we patronize the packing houses in other states. Texas pastures would accommodate enough beef cattle to furnish every citizen with steak for breakfast, roast beef for dinner and beef stew for supper but out beef comes to us in refrigerator cars from Kansas City. The same is true of mutton and if all the money we spend on canned milk from Illinois and creamery butter from Kansas City were spent in purchasing dairy cattle for our farms, we could "keep our cake and eat it, too." Instead of raising our sweet corn, we buy it in cans from Baltimore; instead of producing our own sugar peas, we send our money to the canneries of the eastern states. We let California grow our peaches when the Texas peach is by far the best; we are content to have Washington grow our apples while the Plains produces the best apples a man ever bit into.

It has long ago been demonstrated that the most prosperous farmers are those who comes nearest to "living at home and boarding at the same place" and it is equally true that the most prosperous state is the one that produces the most of what its citizens consume.

In the Panhandle and West Texas, this sentiment is growing rapidly and that is probably one reason why this part of the state has prospered so greatly in recent years. When it becomes the settled principle of every individual of this territory, we shall arrive at our greatest agricultural development—and a well developed agriculture means a prosperous citizenry.—Amarillo Plainsman.

Cox is Confident

Houston, Texas.—Seymour E. J. Cox, internationally known oil promoter and aviation enthusiast, who is to be tried in federal court here May 29, on a charge of using the mails to defraud, is confident of acquittal, he told the United Press today.

The indictment, covering 14 points, charges fraud in connection with the sale of stock in three oil companies, which was done by mail. The companies specified are the Cox Realization Company, capitalized at \$20,000,000; the General Oil Company, capitalized at \$20,000,000, and the S. E. J. Cox Company, capitalized at \$1,000,000.

"A trial is what I have been trying to get for some time," Cox said. "I was glad to spend the night of March 13 in the Tombs, in New York, where I was arrested, because I knew it would mean a trial."

"For the past 18 months I have been restrained from conducting the business of my companies, by injunctions and receiverships brought against me by various parties. All the time I have been refused a trial."

DR. CAMPBELL HERE EVERY SATURDAY

Dr. M. E. Campbell of Abilene, will be in Big Spring every Saturday to treat eye, ear, nose and throat, and fit glasses (50-c)

Office at Biles Drug Store

"Where have you been, Henry?"

"Down to the drug store."

"Didn't I tell you to beat that rug?"

"I didn't so understand you. You said to take that rug out and hang it on the line and beat it. I did."

"Why is it that a red-headed woman always marries a very meek man?"

"She doesn't. He just gets that way."

A People's Union is Needed

Surely the people have lost in large measure the sense of their power and place in the world's affairs. There is need of a new awakening. It is almost pitiable to hear men and women discuss business conditions as though the business of the nation was something apart, some strange, mysterious machine operating without any relation to the individual. Perhaps the people are so close to the picture they fail to see that the retailer is the lord and master of the great distributor, and that the people are the lords and masters of every retailer on earth. If business is stagnant, the people make business stagnant. They can bring about business revival whenever they decide to do so. Humanity's weakness lies in the desire to "let George do it." The people have come to accept the belief that their particular attitude or their personal action can have no bearing on anything, that it will be lost in the general result. Consequently everyone "lays down." It is this knowledge of public apathy that gives strength to the political leeches that suck the lifeblood of the nation, and, once fastened on to the body politic, are so hard to get rid of. Trade revives when the people buy. Then the retailer gets busy, the jobber gets busy, the manufacturer gets busy, and men and women become employed. Prosperity will come back when every man and woman acts as though the whole problem rests on his or her individual shoulders. There is no meeting place in which to arouse common action on behalf of the people, unless leadership be grasped by the hometown newspaper. The economist who can devise a workable people's union will have performed a useful service.

Fireworks Ready For The Fall

Between now and the fall elections the Attorney General, Mr. Daugherty, will have an opportunity to fix up quite a few political fences, and incidentally to prepare his cases against the grafters who have robbed the government of millions of dollars, and by the time the voters are ready to absorb the dirt the press agents may be expected to be all set for the sensations. Undoubtedly the supply of material will be quite adequate to tide over the crucial period, and then we can all go to sleep again.

The Attorney General has before him the opportunity of a lifetime. It is a matter of common knowledge that the government has been victimized to the limit of endurance, and the public would like to see a little action. We can look forward to prosecutions, beyond a doubt. We may even look forward to a few technical convictions, because some one must be the goat, but the hope of looking forward to the time when the wealthy grafters are put behind prison bars is a dream, pure and simple. When the smoke of battle shall have cleared away we are more likely to see established the firm of Daugherty and Palmer, the do-nothing brothers, and to note their keen appreciation of virtuous silence. In the meantime, the public may as well put cotton in its ears. Otherwise it is bound to be deafened by the shouts of indignation and the volume of threats that will issue from the Department of Justice. Get ready for the fireworks. Also watch how swiftly the rocket sticks face to earth.

Special Notice

We have served you well for a quarter of a century and if it is not convenient for you to pay us the cash now on what you are owing us please come in by June 1st, 1922, and make us a note for the amount due.

We thank you for past favors and trust you will attend to this promptly. J. L. WARD.—Advertisement 35-2t.

Said the bald-headed man to the waitress bold:
"Look here, woman! My cocoa's cold!"
She replied, scornfully, "I can't help that!"
If the blamed thing's cold, put on your hat."

Nice Rooms For Rent

Have three nicely furnished rooms, suitable for gentlemen—one block from court house, three blocks from depot. Call at 301 Runnels St. or phone 294. 35-4t.

Mrs. Levi Robinson was the victim of an accident Monday morning which resulted in her right arm being broken near the wrist. She was attempting to crank their Ford car when the accident took place.

Cheese, bologna, wienies, minced ham, boiled ham, cured ham, always on hand—good, fresh, clean. Pool-Reed Market. Phone 145.—Advertisement.

For Rent

Three unfurnished rooms, with private bath, for rent. Phone 35 after six p. m.

Mighty Good at Arithmetic

We're mighty good at arithmetic, if solving car problems be classed as such. We don't have to "test our own ears" on people whose cars have undergone treatment here. They test us. But you who have wasted \$11 worth of clothes and \$100 of disposition trying to fix your own car, when we could do it for a dollar or two, you are the fellows we are talking to.

There is nothing so good but what it could be better. We are trying to improve our methods right along. Bring the car in and let us diagnose the case. The operation may be a minor one, whereas you think she is about ready to croak.
