Desert Storm Vets to be honored during **Motley County Centennial Celebration**

Known veterans of the Desert Storm campaign with connection to Motley County have been invited to the Centen-nial Celebration on May 25, 1991. Friends and relatives are urged to also contact these soldiers in case those invitations are lost in the shuffle of returning to their home bases.

Invitations have been sent to Lance Corporal Shannon Vinson, Mark Guerrero, Sgt. Myron G. Bethard Jr., PFC Scott Evans, Sgt. Mark Mullins, SPEC Jamal Rhinehardt, and SSgt. Jesus L. Zarate to join the historical parade and the patriotic program.

Sixteen members of the Centennial Celebration Committee, met on March 25 to discuss other business. Excitement is growing as plans fall into place and steady progress is made for the 100th anniversary of the county's organization

The Brands for Beef project is off to a good start. Twenty-three ranchers have already responded with donations of \$50

or more which will buy beef for the barbeque and defray other expenses. Those residents with registered brands who wish to participate in the branding may contact Nova Dell Turner for more information.

The 51st Annual Motley County Live-stock Show was held Monday, March 18.

Limousin: 1st and 2nd, Guy Campbell.

The following is a list of the results: HEIFERS:

Orders of commemorative coins of either bronze for \$10 each or silver for \$20 each should be placed as soon as possible. Prepayment for the coins should be made as soon as possible to Loys Campbell or Charles Cammack to insure

Immediate projects include billboard type advertising signs on the highways into Matador, posters, and the program booklets. Good progress is reported on the fiddlers contest, the washer pitch, the barbeque, the parade, the buckskinners, and the senior citizens games. However, required to start thinking about and planning their floats for the parade. Nora Bell Dunning reported that an ideal of dashioned Singing Convention will be held Sunday, May 26 at 2:00 p.m.

The Parade of Bands on March 30 and the senior citizens games. However, required to start thinking about and planning their floats for the parade. Nora Bell Dunning reported that an ideal of the program of the pro senior citizens games. However, the children's contests and games are threatened with cancellation unless more

Sponsors are needed for children's game booths, similar to those set up for Halloween carnivals. Individuals or groups interested in making money in this manner may call Judy Cooper for ideas or Joy Archer for a booth assign-

promises an exciting evening of enter-tainment and food at the High School. threatened with cancellation unless more Earlyne Jameson has been in charge of interest is shown and help forthcoming. Planning this fund raising event for the

Amerian Heart Assn. Motley County FFA will have a concession stand. On April 27, a "fun run", Roaring Springs first annual Splash and Dash will challenge runners with a beautiful and challenging contest and provide spectators with a chance to urge their favorites on to victory. Both the 10k and the 2 mile run start at 9 a.m. so be in place early.

Motley County Students of all ages will also be involved in an essay contest and some will be entering art for competition. Both of these contest will have themes that relate to the celebration.

Everyone is invited to attend the next meeting on April 8 at 6 p.m. at the Sr Citizens Building.

Special Invitation To Attend Centennial Music Jamboree

Motley County......THE CENTENNIAL.

MUSICAL JAMBOREE, scheduled at 7:00 p.m., Saturday, March 30 at the day.

You are invited to a FIRST time event and a ONE time event in the history of in Matador. Six outstanding bands from throughout the Soun Plains will be here as a courtesy to begin the 1991 observance of Motley County's 100th birth-

Let the bands know you appreciate the honor and take pride in them sharing Motley County's musical heritage by at-

MOTHER & DAUGHTER OF THE YEAR: Judy and Denise Crowley were named as Mother and Daughter of the Year at the Annual Mother-Daughter Banquet held last Thursday night.

Motley County PTO Has Drug-Alcohol **Awareness Program**

Terree Donaldson called the third meeting of the PTO to order and she thanked everyone for coming to the you note from Carrol Hays for all the

They began the meeting with reading of the minutes by Renee' Meyer, Secretary of PTO. The Treasurer's report was given by President Donaldson, due to Bunny Speed being out of town.

Committee reports were given, beginning with Little Dribblers. The Little Dribblers Tournament is scheduled for March 28-30. The Father-Son Banquet was next for discussion. The Banquet date is April 16 at 7:00 p.m. in the school gym. The committee's are busy getting everything ready for the event. Next on the agenda was "Project Graduation". Planning on this project is now underway. The help and support has been very good from teachers, parents and community nity. So far, the donations total \$224.00 for the graduation party. Anyone wanting to help with "project graduation" party please contact one of the PTO officers..

President Donaldson and Executive officers extended their appreciation to the plaque committee for a job well done. The committee was responsible for a plaque honoring Mr. Donald Ewing. The

plaque is hanging outside the teachers lounge for those who have not seen it. Moving to new business the executive officers presented th PTO with giving a Senior UIL contestant a \$100.00 Scholarship. This would be an on-going thing from user to year, researed to the sty. from year to year, presented to the student by the PTO. Another scholarship of \$100 would be presented to a teacher to further their education, either in the fall,

PTO's hard work to help the drama de-

PTO's hard work to help the drama de-partment this year.
Meeting adjourned and the program on Drug-Alcohol Abuse was presented by Terry Braddock of Central Plains MHMR of Plainview. Mr. Braddock stated that substance abuse is the number one health problem in America. Fifty percent of car fatalities are alcohol re-lated. Most of the males in the 14-17 year lated. Most of the males in the 14-17 year age bracket that die are in alcohol related car accidents. Also one out of 10 adults are addicted to alcohol. Mr. Braddock defined an alcoholic as anyone whose drinking causes problems. These prob-lems include divorce, family trouble, loss of a job or health problems. Children of alcoholic parents drink because their needs are not being met by the alcoholic

Drug use, nation wide is down by 12%, stated Mr. Braddock, but there has been an increase in the usage of 3 drugs. These are alcohol, cocaine and inhalants. The average age to start experimenting with drugs and alcohol is 12 1/2 years. In the 15 to 17 year age bracket, there has been a 400% increase in drug abuse.

Talking with your children and setting good example are two of the most important things you can do for your children to help them say no to drugs and alcohol. Mr. Braddock urges anyone with a drug or alcohol problem to seek help.
Anyone seeking help will not be turned away. Help is free for those with the inability to pay. Chemical addiction is a serious problem for adults and most cerwas voted on and passed by the tainly for our children. Keep the lines of communication open and don't be afraid The scholarships will be presented in to seek help. You could save a life

Centennial Committee Offering Commemorative Coins

The Motley County Centennial Committee is in the process of designing and please send an order specifying either ordering coins to commemorate 100 years bronze or silver, or both, and how many in the "Foothill Country". A limited number of bronze coins are being ordered your order, please include your name, at this time. The cost will be \$10.00 for address, and phone number. As soon each bronze coin. The Centennial Committee will order silver coins if at least 100 people are interested. The cost of the silver coins will be \$20.00 each if your Poople Are for Metalon Trace 2004. 100 people are interested. The cost of the silver coins will be \$20.00 each. If you P.O. reservations and the servations and the servations and the servations are the servations and the servations are the servations GETTING OUT STAINS THREE COMMON PROBLEMS

A common stain found on fabrics in homes with babies or pets is urine. If the item can be laundered, urine is not difficult to remove. Simply soak the item in cool water, treat the stain with liquid detergent and then launder in cool or warm water. If any trace of the stain remains, relaunder, using an enzyme product.

For stains on fabrics that are washable but cannot be put in the washer, sponge with cool water and then with detergent solution. Rinse by sponging with a solu-tion of half white vinegar and half water. Let air dry. If odor remains, sprinkle with baking soda or calcium carbonate, let

stand overnight and then vacuum.

Commercial products are available from veterinarians and pets supply stores that aid in deodorizing and preventing discoloration from urine stains on carpet. Fabrics that are not washable should be

ratincs that are not washable should be treated by a professional cleaner.

Blood is another common stain. Blood stains, like most other stains, are easier to remove when fresh. Washable fabrics that will fit in the washer should be soaked in cool water. Then apply a detergent solution to the spots and sponge or tamp.

Rinse. Repeat these steps until no more stain is being removed. Sponge with an enzyme laundry product and warm water, keeping spot moist until stain disaperate. Thought of the Day:

One of the Secrets of a long and fruitful life is to forgive everybody everything every night before you go to bed.

pears. Rinse and blot. Let air dry.
Chocolate can be different to remove because it contains two kinds of ingredients - those that dissolve in water and those that do not.

For chocolate stains on washable fabrics, remove the non-water soluble portion first by treating the stain with a grease solvent. Grease solvents include grease solvent. Grease solvents include dry cleaning fluid and some aerosol prewash sprays. Look for these ingredients: perchloroethylene, richloroethylene, Petroleum solvents or petroleum distillates. Next, flush with mineral oil or co-conut oil to loosen the stain. Tamp and flush with cool water. Repeat until no more stain is removed. Let air dry. Then moisten the stain with detergent solution and sponge or tamp. Flush with cool water. Repeat until no more stain is removed. Launder, using warm water and detergent. Inspect before drying. If any stain remains, launder with bleach appropriate for the fabric. Chocolate stains on fabrics that cannot be washed should be treated by a professional.

treated by a professional.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

Matthew 12:30

Public Notice

Southwestern Bell Telephone Company ("Southwestern Bell") submitted an application on January 4, 1991 to the Public Utility Commission of Texas ("Commission") requesting that the central office-based PBX/type service market be declared subject to significant competition pursuant to the Commission's Substantive Rule §23.27. If this proposal is approved, Southwestern Bell intends to provide service to this market segment via its PLEXAR-Custom service, which provides for contractual rates and charges to be based on an individual customer-

PLEXAR-Custom is a central office-based service which provides switched voice and/or data communications similar to a customer-premises PBX. PLEXAR-Custom service is currently being provided on an individual customer-specific basis via Southwestern Bell's Customer Specific Pricing Plan Tariff for central office-based telecommunications systems of 200 stations or more. If Southwestern Bell's application is approved, the PLEXAR-Custom service tariff will be revised to also include central office-based telecommunications systems which require between 75 and 200 stations

Centrex and Plexar-II services are currently priced according to a standard tariff regardless of the customer's geographic location in the state. If this application is approved, customers needing 75 to 200 stations will be able to obtain this service priced on an individual customer-specific basis rather than under a standard tariffed rate.

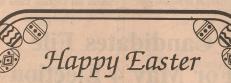

Southwestern Bell's application proposes that the service market for PBX/type systems of 75 stations up to 200 stations be declared subject to significant competition statewide in all of the exchange areas served by Southwestern Bell and in which the central office capability to provide the service exists and/or can readily be made available.

Persons who wish to intervene, protest, or comment on this application should notify the Public Utility Commission of Texas by June 21, 1991 at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. You may also call the Commission's Public Information Office at (512) 458-0256, or (512) 458-0221, teletypewriter for the deaf. Please refer to this matter in all correspondence as Docket No. 9960.

Thanks to everyone for all the calls, flowers, cards and prayers during the loss of my sister.

Sincerely, Addie Murphy

Why Suffering?

of human suffering are also indispensible sources of most of the things which make life worthwhile When suffering comes upon us we ask, "Why did this happen to me?" When joy comes upon us however we never hear, "Why did this happen to me?" The principles which are responsible for so much

One can not have all the assets of life, and refuse its liabilities. The uniformity of nature, the inflexibility of its laws, may cause us unfortunate suffering. But if nature were not uniform, if its laws were not inflexible, we would not be here at all, either for happiness or woe, because life would not be possible.

Let me use fire to illustrate. It is the uncompromising property of fire that gives heat, and that very property may mean some day that someone may die in a burning building What then? Would we then demand that fire should cease to exist? The tremendous contribution of fire to human welfare and well-being would be lost. One can not have

What kind of world would this be if nature was erratic and our God capricious? The principles of God's order may hit us hard at times. However, when we understand that such is the price often exacted for being delivered from the alternative, every one of us would say, "It is worth the price."

Beverly Thomas Conducts Recycling Educational Program

Home Extension Agent, conducted a Recycling Educational Program at the Do Gooders' Club meeting at the Com-munity Center in Flomot, Tuesday after-

noon, March 12.
Ms. Thomas told that Americans generate more trash than any nation in the

generate more trash than any nation in the world. Americans throw away ten times their weight in trash every year or about one-half ton for every person. Recycling reduces the amount of waste.

One of the best ways to reduce municipal solid waste is to limit packaging. She said the best type of packaging are refillable and resealable containers. Avoid individually wrapped portions of items and over packaged items. Foods in their natural or raw form have less packaging.

natural or raw form have less packaging. On a diagram poster, she listed three basic steps of recycling are separating, processing and return to commerce. The type of recycling program a community chooses should be designed to meet community needs and be easy to use.

Ms. Thomas is always a popular guest here, having endeared herself to the women of this and adjoining communi-

ties in previous appearances.

Mrs. Doyle (Mary Jo) Calvert, presi-

dent, presided at the business meeting. (Nac Mrs. Clayton (Bernice) Bond, secretary C.W and treasurer, read the minutes and gave a financial report on the Mexican Supper gan.

Beverly Thomas of Vernon, Regional ome Extension Agent, conducted a becycling Educational Program at the co Gooders' Club meeting at the Community Center in Flomot, Tuesday afterdiscussed sponsoring a booth at the Motley

County Centennial Day, Saturay, May 25. Before closing the meeting, Mrs. Calvert reminded members of the Centennial Musical jamboree, Saturday night, March 30 in Matador. She invited everye to attend and bring their Easter holiday guests.

Mesdames Howard (B.) Rogers, George (Lessie) Pope and L.E. (Alma) Shorter, hostesses presided at the multi-colored service. The table was laid with a white cloth, centered with an exuberant arrangement of Easter lilies. At each end of the table, a ceramic miniature rabbit of the tabel, a ceramic miniature rabbit surrounded by colorful eggs completed the lovely Easter decor. Refreshments of cherry Funfetti cake, vegetables, chips, dips and nuts were served with fruit punch

In addition to those mentioned above, In addition to those mentioned above, those attending were Mesdames D.M. (Christeen) Gilbert, Roger (Carmon) Lee, Bill D. (Erma) Washington, Coy (Connie) Franks, Wilson (Sibyl) Barton, Jack (Nada) Starkey, Junior (Barbara) Payne, C.W. (Bessie) Starkey, James (Lucille) Monk and guest, Mrs. Joe (Leona) Degan

Beefmasters Seminar Held In Matador

The Panhandle - New Mexico from Spur, speaking on pelvic measure-ments and cattle nutrition; Rank Cogdil, ion of Foundation Beefmaster Asso-Beefmaster Breeders, a satellite organization of Foundation Beefmaster Association (FBA) held a Beefmasters Semirar in Matador, Saturday, March 23. It was well attended by approximately 100 Farmers and Ranchers from as far away as Rotan, Robert Lee, Childress and

Hockley County.

Speakers were O.C. Rampley, a director of the National Cattleman's Association (NCA), speaking on environmental issues; Dr. Ed Murray, a Veterinarian

sonal experiences using Beefmaster Bulls for cross-breeding on English Bred Cattle; James Gowan, president of FBA of Montgomery, Alabama, speking on Beefmasters and FBA.

The talks were well received after a lunch and barbeyue and a period of rattle.

lunch and barbecue and a period of cattle

viewing.
Cattle on display were compliments of six area breeders.

Progress of the Conservation Reserve Program in Motley County

Gary Lancaster field, GPCP, November, 1989.

by Edward J. Logan, Range Conservationist

The Conservation Reserve Program (CRP) has steadily progressed over the past six years since its conception as part of the 1985 Farm Bill. Since that time thousands of Highly Erodible Cropland acres in Motley County have been en-rolled in CRP and established to a perma-nent vegetative cover. Of the benefits obtained through CRP those of primary importance have been, the reduction of soil erosion on Highly Erodible Crop-land and, the enhancement of wildlife land and, the enhancement of wildlife

Currently the Conservation Reserve Program in Motley County consists of 144 contracts on 32,428.6 acres. Of these 144 contracts 78 of them on over 17,000 acres are actively applying practices in an attempt to obtain an adequate stand of grass A total of 66 contracts on 14,540.4 grass. A total of 66 contracts on 14,540.4 acres have already become established to

an adequate stand of permanent grass and are being managed to maintain this cover. This year an estimated 7,000 acres

will be seeded to either introduced or native grasses through the Conservation Reserve Program in Motley County. Introduced grass such as Weeping Love-grass along with a number of native grasses like WW Spar and Plains Bluestem, Blue Grama, Sideoats Grama, and Switchgrass are the predominant species of grass which are seeded in the county.

The Conservation Reserve Program The Conservation Reserve Program has resulted in the saving of countless tons of soil due to the conversion of fragile and highly erodible cropland to permanent grass. Also several CRP participants have taken an active role in managing these lands to benefit wildlife. The abundance of wildlife habitat has dramatically increased as a result of CRP. dramatically increased as a result of CRP and has provided both excellent nesting sites and food for wildlife.

HARRIS ANNOUNCES RELIEF FROM SET-ASIDE COVER CROP RULE FOR TEXAS FARMERS

The Texas State ASC Committee today

The Texas State ASC Committee today exempted Texas from the fifty percent cover crop requirement on Acreage Conservation Reserve (ACR) acres according to Jerry Harris, Chairman of the Texas State ASC Committee.

The Food, Agriculture, Conservation and Trade Act of 1990 required that half of the acreage set-aside under the commodity programs be planted to a cover crop. The legislation also allowed for the exemption of those areas determined to

be and by USDA.

The determination to exclude Texas was based on meterological date that shows the line between non-arid and arid regions running from North Dakota through Texas. All states east of the line are not considered arid and must comply with the fifty percent cover requirement. Most states west of the line are considered arid and do not have to comply with the fifty percent cover requirement.

the fifty percent cover requirement.
"Since this line runs through Texas, the Texas State ASC Committee determined to exclude all of the state from the fifty percent cover requirement," Harris said.

Educating High Plains producers about what they need to know regarding the new farm bill is the goal of two programs sponsored by the Texas Agricultural Extension Service (TAEX) according to Lubbock-based Plains Cotton Growers,

PCG has learned that TAEX is spon-

Inc. (PCG,,
PCG has learned that TAEX is sponsoring two events designed to help area producers equip themselves with knowledge that will aid them throughout the decade of the nineties.

The first is a workshop put together by Dr. Jackie Smith, Extension Economist-Management, Lubbock, and is titled "Strategies for Pricing Cotton: Intermediate Futures and Options Workshop for South Plains Cotton Producers". The second is the 1991 Texas High Plains Cotton Seminar, April 11, under the direction of Dr. James R. Supak, Extension Cotton Specialist, Lubbock.

The seminar will be held in conjunction with PCG's 34th Annual Meeting and the Texas Cotton Ginners Annual Convention and Trade Show in Lubbock beginning April 11.

The Marketing workshop will be held at the Holiday Inn-Civic Center Cotton Room, Wednesday, April 10, from 9 a.m. to 4 p.m. There is a \$30 registration fee, which includes educational materials and a noon meal. Registration will be limited to 100 and the deadline for registration is April 3.

"The new farm bill will bring some

April 3.

"The new farm bill will bring some newchallenges for area producers," Smith notes. "With more cotton acres coming." into production it becomes imperative that producers become market watchers and be ready to respond to pricing oppor-

tunities."
Because of this, topics that will be covered in the workshop include: a cotton market outlook; an overview of the 1990 farm bill; participation decisions

regarding flexibility; pricing the 1991 crop; charting prices; and other specific pricing strategies.

"The workshop is not a beginners course in cettere are relative."

course in cotton marketing," explains Smith. "It is designed as an intermediate course for individuals who have some experience with the way the market works

and have used it before."

The featured speaker at the marketing workshop will be Dr. Carl Anderson, Extension Economist-Cotton Marketing from College Station. In addition three local brokers will also provide information about market strategies.

tion about market strategies.

The cotton seminar will begin at 1:20 p.m. on Thursday afternoon following the PCG annual meeting. The theme for the seminar is "Questions for the 90's" and is designed to address topics that will be of value to producers. be of value to producers

It will include several speakers talking on a wide variety of subjects, from mar-keting strategies to the future role of genetically engineered cotton. Featured speakers at the seminar will

be: Carl Anderson; Jim Starr, Associate Professor of Nematology at Texas A&M (TAM); Harold Kaufman, Extension Plant Pathologist, Lubbock; Jim Leser, Exten-sion Entomologist, Lubbock; and Norma Trolinder, United States Department of Agriculture-Agricultural Research Serv-ice (USDA-ARS) Plant Pathologist,

The seminar will cover a broad range of subjects according to Supak who says the seminar should have something for

everyone.
PCG Executive Vice President Donald
Johnson says, "The broad scope of these
two events should make them beneficial for everyone who attends, hopefully they will bring about a better understanding of what producers are going to face in the future

NOTICE OF RIGHT TO NOMINATE BY PETITION

The Farmers Home Administration (FmHA) is accepting nominations for Area Committee elections for DICKENS/MOTLEY Area. This notice is issued to inform eligible voters of the right to nominate candidates by petition. Copies of the petition and instructions on its completion can be obtained from your local FmHA office.

Persons nominated should have an interest in a farm as an owner, tenant or sharecropper within the county or area in which activities of the county or area committee are carried out. They must be citizens of the United States or aliens lawfully admitted to the United States for permanent residence, and be well qualified for committee work. Spouses of those persons who meet the eligibility criteria are also eligible for nomination for election to the county committee Nominations must be received in the Spur FmHA Office no later than May 17, 1991. FmHA committee elections are open to all eligible voters without regard to race, color, religion, national origin, age, political affiliation, marital status, sex, and/or handicap

For we are God's workmanship, created in Christ Jesus to do good works, which God prepared in advance for us to do
