

Cold Front Triggers General Rains

Temperature Makes Dramatic Break To End Heat Wave And Aid Outlook

TEMPERATURE WAS THE STAR on the stage of West Texas last week and when an arctic cold front drove the almost unbearable heat and hot winds away and triggered a series of rains that produced a total of 2.25 inches in Matador. Rains in the county and most of the Panhandle were general. Some areas have reported as much as six inches, while other sections have received less than two inches.

Top mercury readings here were 97 degrees Sept. 12, 99 on the 13th; 101 on the 14th; 99 on the 15th and 100 on the 16th. Friday morning the mercury had dropped to 48 degrees

and the highest point reached Friday was 64 degrees. The cold air reached here about 11:30 Thursday night.

In Amarillo the temperature dropped 56 degrees in 14 hours. Rains fell here Saturday, Sunday and Monday.

Saturday night the South Plains was jittery with tornado warnings after several funnels had been sighted south and west of Lubbock. No damage was done except flooding in some areas.

Here in the Foothill Country the outlook has greatly improved with the attitude of residents who are enjoying the relief from the extreme heat and hot winds of a week ago.

Even with good general rains, Bob Stanley has not registered 2 inches of rainfall within 24 hours since July 9, 1961, when 2.75 inches fell.

Only 1.75 inches fell during the entire month of September last year, and to date a year ago, only 1.29 inches had been recorded.

Conditions are much better than in 1956 when not a single drop was recorded during the entire month of September. That year the total rainfall was only 5.93 inches.

Settlers Planning For 1966

PLANS are already being made for the 1966 Motley-Dickens Counties Old Settlers Reunion, which will mark the Diamond (75th) anniversary of the organization of Motley County (1891).

A meeting of officers and directors in Roaring Springs Pioneer pavilion, Monday evening, stressed the enlargement of floats in the parade. County business firms and organizations will be asked to sponsor floats and at least three cash prizes will be offered by Old Settlers Association.

Outstanding celebrities (state and national) will be sought to enhance the attraction during the three days (August 25-26 and 27th, 1966).

In addition to floats, Old Settlers will attempt to attract several bands to take part in the parade.

Corby Lee (Corky) Marshall, manager, said yesterday that the 1965 reunion last month, showed slightly more revenue than previous years, but that expenses were greater to cause the net revenue to be slightly smaller. President Sam Ross presided over the Monday night meeting.

The Tribune has already started a collection of early day pictures and feature articles in an attempt to make the Diamond Anniversary edition the largest issue of a newspaper ever published in Motley County.

Start Remodeling Work on City Hall

Work was started this week to completely remodel the City Hall office. Temporary office is located in the rear of the city building with entrance on the east side.

Improvement in the city office includes lowering the ceiling, larger, modern window and glass door, new floor and walls, and new lighting and heating system.

Attend Rites For Resident's Father

Mr. and Mrs. Homer T. Jenkins were called to Abilene Tuesday of last week (Sept. 14) to the bedside of her father, C. E. Fogle, in St. Anne's Hospital. He had suffered a heart attack and died before they arrived there.

Mr. Fogle, 69, was a resident of Clyde, and funeral services were held at the Clyde Baptist Church at 10 a.m. Thursday. He was born in Knox County and formerly lived at Tuscola before moving to Clyde in 1959.

He is survived by his wife, one son, Lee Fogle of Denton; two daughters, Mrs. Bruce Rawlings, Charleston, Indiana and Mrs. Homer T. Jenkins, Matador; seven grandchildren and three great-grandchildren.

Also attending the funeral services from here, were Mr. and Mrs. E. B. Jenkins and Clarence Jenkins.

HOME FROM HOSPITAL

Mr. and Mrs. E. H. Gafford returned home Saturday from Quanah, where he was a patient for three weeks, and had two operations, at Quanah Memorial Hospital.

TRAIL DUST

By DOUGLAS MEADOR

Infidelity may keep a candle burning in the window of despair for the wandering wretched who have broken faith with their talents.

Beneath the stars, turbulent winds toss frightened clouds in the night sky and break the tenuous veil of summer warmth. The grey ashes of cold smog are blown into the grass and silt begins to fill the settled turf where chuckwagon wheels have passed. A coyote glows dried flesh on a hoof-festooned leg bone of a butchered calf, dried coffee grounds blow into blackened fire pit. In the distance a howling cow roars suddenly as if struck with the fury of an approaching gale, and a few drops of cold rain rattle on the mesquite leaves. There is a breath of silence stretched tight over the shadowy horizon while winter adjusts the throat chain of her cloak.

Bassings seem to follow those who are content in a faith which makes no attempt to understand God's plan.

Matadors Drop 2nd Contest Of Season

by John Barnhill

IT WAS THE CLAWS of the Crowell Wildcats Friday night that reached the Matador Matadors and scratched up 36-0 on the hosts' scoreboard, leaving the Matadors with their second defeat of the 1965 season.

The Matadors, plagued with severe fumbles, showed great spirit, especially on defense, against the heavier Class A team.

The Wildcats racked up 22 of their 36 points during the first half. The first score came in the first quarter on a 57 yd. run up the middle. Try for extra points was good. Next tally was the result of a plunge by the Wildcats from two yds out and again in the second quarter. Crowell scored from the one yd. out but failed on the conversion.

Start of the second half found an inspired Matador team taking the field. A hint of the Matadors potential was shown as they held the Wildcat offense.

The Matadors struck deep in Wildcat territory, the ten yard line, but lost the ball on downs.

Crowell scored again from one yard out in the fourth quarter. The try for two was good.

The Wildcats final touchdown came on a 35 yard run around the left end. The try for extra points was no good.

In statistics Crowell also had the edge totaling 9 first downs to Matadors 8. The Wildcats had 316 yards rushing and no yards passing. The Matadors made 135 yards on the ground and quarterback, Larry Bynum completed 2 of 5 passes for 12 yards.

Matador lost possession 5 times on fumbles compared to 3 for Crowell. The offense was led by Chip Smith with 64 yards gained on 16 carries, Luis Moore with 31 yards on 11 carries, and Joey Meador with 29 yards on 6 carries.

The defensive leaders were Ronnie Cox with 9 tackles and assists, followed by Chip Smith and Larry Bynum with 7 each.

To Meet Bulldogs Friday the Matadors, hungry for victory will go to Spur, the home of the Class A Bulldogs.

The Matador team has gained much valuable game experience in the past two weeks and a greatly improved team is expected to take the field Friday night.

Mrs. Gordon R. Davis of El Paso is visiting in the home of her daughter and family, Rev. and Mrs. James Hancock and Jana Mr. Davis, who is on a business trip, accompanied his wife here and visited during the week end.

Lions See Film By Cotton John

A SURPRISE program at the regular luncheon meeting Tuesday of the Matador Lions Club in the First Methodist Church basement, was the now famous "Cotton John" Smith's (Station KGNC-TV) travel film "Go View The Land."

Approximately 50 busy business and professional men remained 30 minutes overtime to see the outstanding film, in brilliant color, of a recent trip to India and the Holy Land, narrated by the popular West Texas TV and radio commentator, "Cotton John."

Lions and visitors were amazed at the beauty of the film and the extremely accurate narration. The outstanding program was the final one of the quarterly program committee, of which Lion John Barnhill is chairman. Projectionist was Leon Bill Pallmeyer, who used the Methodist Church projector.

Many Lions expressed regret that showing of the fine film could not have been presented to the public.

Following the excellent buffet luncheon served by the Young Homemakers, Stuart Dixon was presented with an engraved plaque for having produced the first bale of 1965 cotton in the county. Presentation of the plaque was made by Lion Vernon Higginbotham.

In a report of committees it was announced that the club had finances in the amount of over \$1,600 after paying over \$400 on the City Park improvement project.

First Vice President Frank Price served as Boss Lion in the absence of President Glenn Woodruff.

LONNIE LYNN FAMILY MOVES TO CHILDRRESS

Lonnie Lynn, who has been employed with the State Highway Dept. here for the past eleven years, has been transferred to the department's offices in Childress.

Mr. and Mrs. Lynn and daughters, Connie and Michelle left Thursday for their new location.

VISITING MOTHER

Mrs. Odell Wilson of Amarillo came Monday to stay with her mother, Mrs. Ida Morriss, and Malcolm Morriss Jr., returned to his home in Dallas, Saturday after spending several weeks with his mother.

Matador Prepares Welcome For 'Exes'

Preparations continue for Homecoming next Friday, Oct. 1, when former students and teachers of Matador and consolidated schools return for the reunion.

An entertaining program is being prepared for school assembly Friday afternoon, and will include the usual Pep Rally preceding the game with Jayton on Burleson Field that night.

Secretary of the Ex-Students and Teachers Association, Mrs. R. E. Donovan has received good response from the letters mailed early this month. Among those planning to attend Homecoming in Chicago, Ill., but whose home is still Burleson, Frances (Schweitzer) Moss of Lubbock writes, "Am looking forward to Homecoming this year. Just hope my plans don't fall thru as they did last year."

Unable to attend are L. V. (New) Taylor, of Atascadero, Calif., whose husband recently passed away, and Tobie (Heller) Vickers of Sebastopol, Calif., whose husband recently suffered a heart attack, and whose father, C. T. Heller, is critically ill in Cox Memorial Hospital, Abilene. "I have been coming back there every few months," she writes, "and at present my husband is very seriously ill. I am sure it would be such pleasure to visit with old friends... some day perhaps we can."

Is Now Available Sourdough Record

Recording by the "Sourdough Singers from Matador" will be available today in most places of business here (those displaying placard). The record has been in short supply, since only a limited number was shipped by air, with the remainder to come by express. Due to some difficulty either in the shipping or transportation, the shipment had failed to arrive, despite repeated communications with the manufacturer.

Forrest Campbell called the Tribune and said he had been notified that the shipment had arrived in Lubbock. He was ready to make a trip to receive the records and bring them to Matador.

Pretty Clothes and Pretty 4-H Girls Go Together

PRETTY clothes on pretty girls are a common sight in 4-H circles, particularly among the more than three-quarter million girls from 9 to 19 enrolled in the national 4-H clothing program, observes Miss Mamie Hardy, head of educational field activities for Coats & Clark Inc., sponsor for 25 years of the clothing program.

Sketched here are some of the fashions that 4-H girls are putting into their fall and winter wardrobes. In their clothing projects they learn how to sew and care for new fabrics, and to choose color, line and design. The "learning-by-doing" is guided by local volunteer clothing leaders and extension home economists.

Miss Hardy conducts numerous workshops for extension personnel. Her newest is called "The Shape of Things" which teaches how to get different

One member admitted: "I wanted to quit several times as junior clothing leader, especially when a girl came to club with a zipper in wrong for the thousandth time. But with a little more patience and one last explanation that finally hit home, we both scored a victory."

Something "extra" is offered the young seamstresses by Coats & Clark. Awards consisting of medals, educational trips to the National 4-H Club Congress and a dozen scholarships of \$500 each will be claimed this fall by top-ranking 4-H Clothing program members.

shapes in garments by use of various interfacings, backings and linings.

"Several generations ago," said Miss Hardy, "stiffeners used in garment construction gave exaggerated shaping and made the garment uncomfortable. Today's inner fabrics have changed to keep pace with the many new types of outer fabrics designed for contemporary living.

"The secret of good lines is knowing which type to use to achieve a softer and more comfortable effect," Miss Hardy added.

Workshop techniques will in turn reach local 4-H leaders who will pass them on to the girls.

Patience, persistence and pride in workmanship are three essential requisites for getting ahead in the clothing project, according to the 4-H'ers.

perfectly dressed and personable seniors arrived at MHS to have their senior pictures made. As in previous years the pictures were made by Webb's Studio in Childress.

Well it has happened again, just as it does each year. When Mr. Moore's novice chemists attempt the dangerous task of inserting a glass tube through the hole in a stopper, each one realizes that one of the class number was up. She emerged, however, with only a small cut when the glass broke.

Today (Friday) is one those gray drizzly days in early fall when the thermometer first dips below its weltering summer mark enough to allow a change in apparel. Some of the students in MHS have donned new fall clothes, in a variety of attractive new colors and styles. Others are wearing last winter's shirts, dresses, sweaters and letters.

FHA Officers Are Installed

Installation of FHA officers for the school term of 1965-1966 was the highlight of the first FHA meeting, held Wednesday, September 6, at the high school auditorium.

The officers, elected last spring, are President, Pat Day; First Vice President, Jana Jones, who is in charge of programs, Sandra Sandefur, who is in charge of recreation, Secretary Deborah Tilson, Treasurer, Karol King; Parliamentarian, Linda Vinson and Sgt-at-arms, Judy Pitts.

Following the installation, Ann Marshall and Judy Pitts explained FHA's emblem after which several girls presented a skit, "How to Make a Salad" symbolizing a successful FHA chapter. At that time, members who attended the workshop held last summer at Texas Tech spoke upon their experiences and attainments.

Teen Canteen Elections Held by Jana Jones

The American Legion Hall was bubbling with excitement Friday night, September 10th. The Teen Canteen had its first social meeting of this school term and the attendance was at a peak. Both new and old mem-

bers joined in the fun and excitement making the evening a great success.

Canteen sponsors were: Mr. and Mrs. J. M. Hill, Mr. and Mrs. C. M. Barton, Mr. and Mrs. Roy Hankins and Mr. and Mrs. John Barnhill. They supervised the entertainment and served refreshments to those present.

LUNCH ROOM WORKERS TOIL BEHIND SCENES

Behind the scenes, there are three ladies working hard to prepare inviting meals for the students in Matador High School and Grade School.

This year Mrs. Sally Mc Bride has returned to the staff, replacing Mrs. Henry Thompson. Mrs. Mc Bride has previously worked in the lunch room for six years. She is working with Mrs. Bill Wason, the lunch room manager, who has been a member of the staff for the past fourteen years. Mrs. Harvey Eilevins, who has worked in the lunch room for the past seven years, and Mrs. Walter Timmons, a two year staff member.

David Badgett In First Grade

William David Badgett Jr., called David by his friends, was born October 22, 1958, in Floyd County, Texas, the son of Mr. and Mrs. David Badgett, moved to Matador, where his father operates a body shop, March 8, 1963.

David likes school. Other than reading and studying, he likes to play "Red Rover" with his best friends, Steve Smith. When asked what his parents did, David replied, "Daddy works at the shop and mother stays home and cooks dinner." Sometimes she cooks chili beans just the way David likes them.

Writing stories about insects, turtles, and water dogs has proved to be a very entertaining and educational science assignment in the SECOND grade. Several of the students not only wrote stories about the animals, but also brought some of the animals to show to their classmates.

Creativeness was revealed in the THIRD graders this last week when they drew up blueprints for the house of their dreams. Mrs. Byerley, the third grade teacher, said that all of

the houses had at least one swimming pool and several of them had two or three.

FOURTH grade reporters, Paula Pallmeyer and Glenda Stockton, report that the fourth grade has eight new students: Darla Cruise, Connie Welch, Rebecca Gonzales, Gary Richardson, Wilbert Beans, Essie Leaks, Margaret Story, and Robert Thompson.

Paula Pallmeyer had a birthday party, Friday, September 10. Refreshments of punch and cake were served by Mrs. Pallmeyer.

The FIFTH grade had a business meeting last week to elect officers. Officers elected are: president, Ranae Welch; vice president, Lee Ann Thompson; secretary, Gina Killingsworth; reporter, Cinda Simpson; and program chairman, Cynthia Moore with Berry Bostick and Lance Jameson as assistants.

Election of class officers was also a highlight in the SEVENTH grade this week. The seventh grade students chose the following officers: president, Jerry Jones; vice president, Randy Welch; secretary, Bridget Barton; and reporter, Mike Moore.

Gail Lynn, EIGHTH grade reporter, says that the three upper grades of elementary school find the departmentalization of their grades very different, but preferable and interesting.

Class Officers Starts Season

by Karen Elliott

Although the girls outnumber the boys in M. H. S., it is not evidenced in the leadership of the four classes, as two of the leaders are girls and two are boys.

The senior and sophomore classes chose a lady executive while the junior and freshman classes chose boys.

Heading the active and ambitious senior class this year is Pat Day, Pat, a very active senior, also heads the FHA, is a martinet and a member of the paper staff.

Larry Elliott is at the helm of the junior class. Larry, is a member of the Beta Club, an honor society, and the paper staff.

Ann Marshall is president of the sophomore class. Ann enjoys basketball and speech. She is presently hosting the radio program on KFLD as a speech student of Mrs. Randall Whitworth.

President of the freshman class is Don Cox. Don, is interested in all sports and takes an active part in football, basketball, baseball and track.

Other class officers for the four classes are: Senior, Danny Davis, vice president; Sandra Sandefur, secretary-treasurer; and Joan Barton, reporter; junior, Sharlene Berryman, vice president; Jana Jones, secretary-treasurer; Karol King, reporter; and Judy Pitts, social chairman; sophomore, Larry Bostick vice president; Linda Vinson, treasurer; and Carol Martin, reporter; freshman, Brenda Moore, vice president; Kate Thompson, treasurer; Stephen Gwinn, reporter; and Barbara Slover, social chairman.

Pep Rally Urges Team To Victory

by Karol King

On September 17, 1965, the second seasonal pep rally for the Matador versus Crowell game got under way with "Matador Boy," "Mister Touchdown," and "Who are the Matadors?" A special feature of the pep rally was an entertaining Pom-

Pon routine to "Washington Post March" presented by the cheerleaders — Jana Jones, Sharlene Berryman and Olivia Campbell.

A short skit, "Station F-U-N," which represented a radio interview with Coach Myers, was presented by six sophomore girls: Kathy Lawrence, Ann Marshall, Linda Vinson, Carol Martin, Marcel Elliott and Seven Smith. Mr. Byerley, Mr. Johnson, John Barnhill and Chip Smith gave inspiring speeches to urge the Mighty Matadors to victory. "Have You Got That Spirit?" and the School Song closed the pep rally.

Radio Stations Feature Record By Sourdoughs

by Janie Killingsworth

Now being heard over the radio is the newly recorded record of the Sourdough Singers. It has been heard on KFLD in Floydada and over KSEL in Lubbock.

The record features "Syrup Soppin' Shindig" and "The Lonely Nightingale," which was composed by Gary Campbell, a member of the group.

As of now the record has received praise and hopes are high of its becoming a hit. Other members of the group are Richard Campbell, Patsy Hankins, Nancy Traweck, Judy Gwinn

and Janie Killingsworth. Gary, Richard and Patsy are now attending Texas Tech in Lubbock. Nancy is enrolled in Austin College in Sherman, and Judy and Janie are students at M. H. S.

The Round Up

by Karen Elliott

The latest craze around MHS is a brown pen which looks exactly like a cigar with a white cap that resembles a cigar holder. Several of the more credulous teachers received a shock when their students brought such a pen into class.

The junior class remembered their absent member, John Thomas, who was in Methodist Hospital in Lubbock following an operation for a leg injury, with a western shirt and a card. John, was home from the hospital, however, before the students could get the gift to Lubbock.

The P. E. girls have been enjoying the sunshine while they exercised. The girls have been subjected to walking and a vigorous exercise by Mrs. Grace Timmons, their teacher. Wednesday the girls huddled dumplings used by the football boys during workouts.

COUNTY AGENT PALLMEYER SAYS:

Some farmers and ranchers may be interested in the Hall County Demonstration tour, starting in Memphis, Monday Sept. 27th at 9 a.m. Transportation and lunch will be furnished those making the tour which will start at the courthouse.

Stops include beef cattle on Midland bermuda grass; Cotton nematode control; cotton variety

test, and a fertilizer test demonstration on cotton.

I plan to make this tour, and if you are interested, let me know by Sept. 25th.

This information was presented at a meeting in Quanah relative to the production of small grains. If you plan to graze your grain late in the spring, select a late maturing variety.

Actually in selecting a variety, there are several things to consider. Grain yield, test weight, quality for milling and baking, response to fertilizer, response to irrigation, storm resistance, date of maturity, cold tolerance, drought resistance, insect and disease resistance and suitability for grazing should all be considered. What is the top variety in one instance may not be the top in another. I have a few handbooks available that cover these items, and they are available for the asking.

If weeds have been a problem, control them in time, generally by March 15th. Tests have shown that one weed per square ft. reduced yields by 10%. Don't wait until just before harvest to control these weeds, for they have already done their damage

by then. Weed control of wheat will result in damage to the wheat if done in the tillering stage, but if applied correctly at the right time, you will control your weeds, increase yields, and not damage the wheat with the 2, 4-D used.

If you wonder if this practice is sound, figure it out. For a 20 bu ac yield, 10% is 2 bu. At 1.35¢ bu. this is \$2.70 lost. If it costs \$1.50 per acre to spray, the saving is \$1.20 per acre. If the average weed population is 2 per sq. ft., this would mean a 20% loss, or 4 bu. ac. etc.

A final tip given was if winter kill has been a problem, place Phosphorus in the furrow. Don't place nitrogen and potash in the furrow, however.

4-H week starts the 25th, and I would like to take this opportunity to thank the parents and leaders who have helped make the program a success. More

boys and girls are taking part in the program, and more are completing projects, mainly due to the increased number of leaders who are giving supervision in the different subjects offered.

The only limiting factors of the different type projects the members can carry out are the leaders to help with the programs. If anyone who is currently serving as a leader would like to help with the program, I would appreciate knowing I have a list of projects where we need help, and it might be that one of these subjects would be to your liking.

Over 75¢ of those failing to complete a project is the responsibility of the member moving from the county, or no leader to lead the project group. Leader training meetings are held as needed and leader guides are available for all subjects. Will you give it a try?

HOW CAN JUST 1 CALORIE TASTE SO GOOD? BECAUSE THE COCA-COLA COMPANY KEPT ROBUST FLAVOR IN TAB!

Refreshing, rewarding, modern. That's Tab. The sensible new 1-calorie soft drink that goes with good food... adds to your enjoyment. The difference in Tab is flavor. Robust flavor. Taking the calories out of a soft drink—that's easy. But putting robust flavor in—that's hard. It took The Coca-Cola Company to do it. See for yourself. Enjoy Tab... today!

Here's a delicious gourmet recipe for Zesty Stuffed Pork Chops. Serve it with lively, satisfying Tab... and watch your guests come back for more!

Zesty Stuffed Pork Chops

- 6 rib pork chops, 1/2 to 1-inch thick
- 6 hard-cooked egg yolks
- 1/2 cup grated sharp cheese
- 1 cup 1/2 stick butter
- 1 teaspoon ground pepper
- salt
- 1/2 cup chicken bouillon
- 1 tablespoon Worcestershire sauce
- 2 tablespoons cider vinegar
- 2 onions, sliced thin
- 1 bay leaf
- 2 whole cloves
- 1 teaspoon sweet basil

Slit each chop to form a pocket. Make paste of egg yolks, cheese, butter and pepper. Rub inside of chops with combined Worcestershire and vinegar; stuff with egg paste and fasten edges with picks. Heat butter in heavy skillet and fry the onions, bay leaf, cloves and sweet basil; add chops and brown. Add remaining ingredients. Cover and simmer 1 to 1 1/2 hours. Serve sauce with chops; 6 servings.

BATTLEFIELD REPORT

	DEATHS
World War I.....	53,402
Korean War.....	33,629
U. S. Highways in 1964.....	48,000

According to the latest estimate of the National Safety Council, 1964 was the worst year in history for highway fatalities. The personal and financial repercussions will last for years.

One word of advice. Inadequate automobile insurance placed in companies of which you know little, can add only to the misery and hardship in case of accident. Just buy the best. It pays!

VANISHED POINT OF VIEW — Only thing unusual about this picture is that the point from which it was made does not continue to exist. The photo was made about six weeks ago from the top of old Mission Service Station, which has been demolished and the lot cleared, at the corner of Stewart and Main. View is looking south from the corner on Main Street, with Bob Stanley Pharmacy at extreme left and part of Tribune Building showing at extreme right.

COUNTY AGENT PALLMEYER SAYS:

Don't save hybrid grain sorghum for seed. A quick look at a plot of grain sorghum at Texas A&M University's Livestock & Forage Research Center at McGregor will soon convince even the staunchest doubter that saving grain sorghum for seed is folly.

Some heads were four or five feet high, while others were a scant two feet from the ground. In addition, there were numerous white heads in the field, caused by the genetic makeup of seed saved from the product of first-cross grain sorghum harvest. Mixed grain means a dock at the elevator, and at times it is difficult to find a buyer at any price.

Many of the heads were mature and ready to be harvested, but there were also heads that were immature and could not be harvested, or at best would raise the moisture test. This also means a dock.

Don't learn the hard way.

Farmers who fail to service air cleaners on tractor engines are buying a quick ticket to the repair shop. More tractor troubles result from lack of air cleaner service than any other single cause.

An average tractor takes in about 8,000 gallons of air for each gallon of fuel it burns, therefore an engine burning four gallons of fuel per hour will use almost half a million gallons of air in every ten hour period.

Under normal field conditions this amount of air will contain close to 1/2 lb. of dust and dirt without an air cleaner this dust would destroy the tractor engine in about half a day. Oil bath air cleaners should be serviced after every ten hours of engine operation, old oil removed, the cup scraped clean of dirt, washed with kerosene and refilled to the oil mark with clean oil.

Dry type cleaners should be serviced according to manufacturer's directions in the operator's manual.

This service will not only lengthen the life of the tractor engine, but will save the owner money.

Mr. and Mrs. Elmo Jeffers and daughters, Linda and Tanya of Pampa, visited here Sunday with his mother, Mrs. Claud Jeffers.

Larry Keltz of Dallas spent the week end at his home here, with his parents and brothers, Mr. and Mrs. Bennie Keltz Terry and Kelly.

Henry Worley, student at West Texas State University, Canyon, was the week end guest of Pete Davis in the home of his parents, Mr. and Mrs. C. R. Davis.

WITH GRATITUDE

Thanks to our many nice friends for prayers, visits, gifts, cards, flowers and food, and every kindness shown us while I was in the hospital and since my return home. May God bless each of you. Sincerely, Pearl and Ward Rattan (1)

IN APPRECIATION

The cards, flowers and visits of friends while I was hospitalized and since returning home, and the good food were all appreciated so much, and I wish to take this means of expressing my sincere gratitude to each of you who remembered me in any way. May God richly bless each of you.
F. H. Gafford and wife

CARD OF THANKS

To all our wonderful friends, we wish to say "thank you" for your many kindnesses shown us at the death of our loved one. We have received so many lovely plants and flowers, beautiful cards, and letters. All of these things have been such a source of comfort to us in our great loss. Also, I so appreciate the kindness shown my family at home during this time. Friends and family gave us so much comfort. God bless each and all. Sincerely,
