VOICE OF THE FOOHILL COUNTRY

Matador Tribune

72ND YEAR—No. 15

MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, JUNE 16, 1966

PRICE SEVEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

Time screams in the canyons of yesterday like an imprisoned wolf, injured by the falling debris of the past. Tomorrow will provide escape up the staircase of dawn and a jeweled path in the sunlight of unfinished tasks.

Americans spend a great amount of money for the pleasure of viewing strange lands, customs and people. On the other hand the people of distant lands are privileged to see strange people at no cost except being viewed by tourists.

Most valuable asset of the outdoors are the thousands of miles of privately owned right of ways in a congested nation they may ultimately return to a far more important position than their honored past.

The best thing about free advertising is that the choice of taking it or refusing is also free.

On the road between success and failure many of us have found it difficult to keep the good start, going.

The competitive battle between the gas and electric companies is interesting and educational. Many of us can remember a time when, if we had been told that it was possible to cool a home with heat, we would have grabbed the informer and tried to bind his hands before he became violent. Now if a gas booth brush or a gas comb should be announced, the public would accept them merely as a change in products offered by television commercials.

The race may not always be to the swift, only if the slow-walkers are forced to find a good short cut.

Cemetery Funds Now Sufficient

Through the response to a letter by J. L. Woodruff, President of East Mound Cemetery Association, contributions have been sufficient to assure maintenance for a year. He said approximately \$1,000 had been received.

Mr. Woodruff said much of the donations had been received from non-residents who have loved ones buried here, but also that the local response had been good.

Public appreciation to everyone who has made a contribution is expressed by Mr. Woodruff. He said that while funds are adequate, the association can always use more in maintenance and improvements.

Mr. and Mrs. Johnny Jackson are doing excellent work in maintaining and caring for East Mound and the grounds are declared in better condition than ever before.

HOME FROM TRIP
Mr. and Mrs. Howard Gwinn and family, Judy, Steve and Danny, returned home last week from a trip which took them to Duncan, Oklahoma, where they visited her grandmother, Mrs. J. E. Adams. From there they continued to Lincoln, Ark., to visit Mr. Gwinn's grandparents, Mr. and Mrs. Ed Long. They also visited relatives in Golden City, Missouri and Weatherford, Texas. They toured Six Flags Over Texas and returned home by Knox City, where they visited Mr. and Mrs. Tommy Reynolds and sons, Harvey and Bill former Matador residents. They were accompanied on the trip by Mr. Gwinn's mother, Mrs. Richard Gwinn.

Matador On Map Of "Fun-Tier"

Matador is on the map of the new Texas Highway Department's 32-page travel brochure, "Texas, America's Fun-Tier," which is being released this month.

In the beautiful brochure Texas is divided into six recreation regions. Matador is classified in the Panhandle-Plains region, showing colored drawing of the principal tourist attractions. Only three towns are named in the region map. They are Amarillo, Lubbock and Matador. A sign with the word "Matador" hangs on the right hand (eastern) side, just beyond the edge of the Cap Rock on Highway 82.

A complete feature on the new brochure will be published next week in the Tribune.

Webb Receives Medical Degree

Among students receiving an M. D. Degree from the University of Texas Medical Branch, Galveston, in exercises June 15, was John Raby Webb.

A native of Matador, Dr. Webb is the son of Raby Webb, and grandson of Mrs. Bob Echols, Matador and Harvey Webb of Floyd.

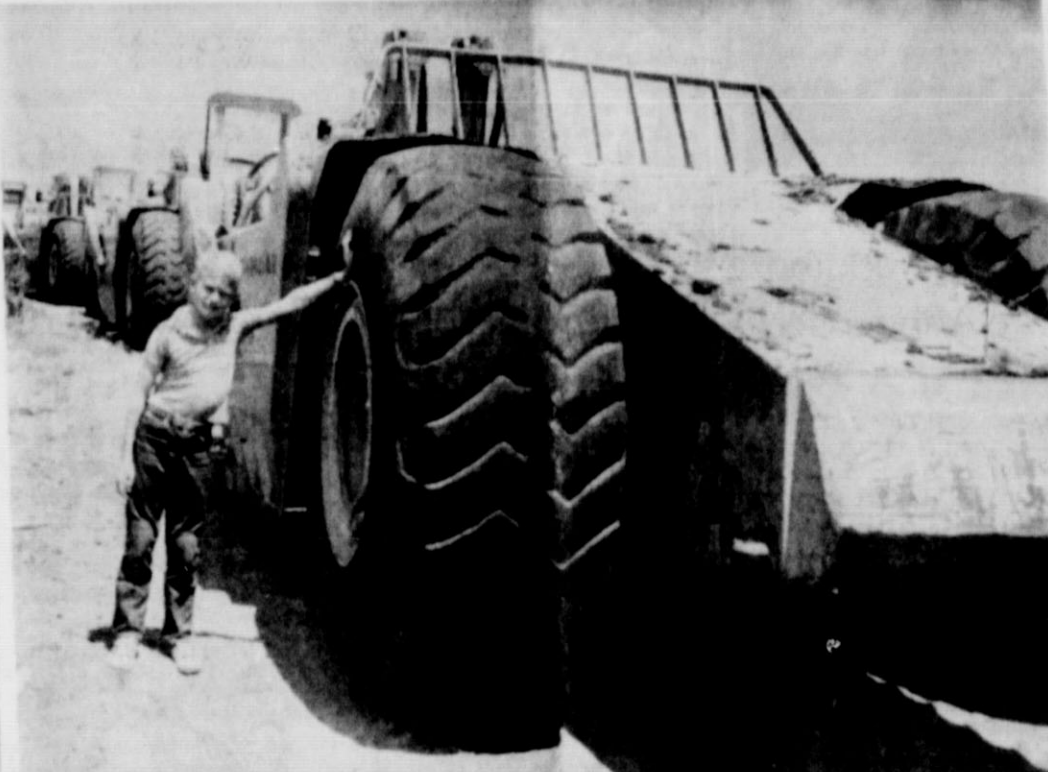

He is a graduate of Lubbock High School, and received a B. A. Degree in chemistry in 1962 from Texas Technological College. Extracurricular activities included 20 weeks of research in clinical endocrinology at NIH under Dr. Fred Bartter. Following his internship in City of Memphis Hospitals, Memphis, Tenn., he plans a residency in psychiatry.

Raby Webb attended the graduation exercises for the Medical Branch were held at Moody Center. Dr. T. G. Blocker, Jr., Executive Director and Dean of the Medical Branch, presided at the ceremonies.

Dr. H. Frank Connally of Waco, member of the Board of Regents of the University of Texas, and an alumnus of the University of Texas Medical Branch School of Medicine, was guest speaker. Dr. Milton R. Hejtmancik, Professor of Internal Medicine, delivered the Hippocratic Oath.

HERE FOR SUMMER
Mr. and Mrs. Richard Hamilton and children are spending the summer here, preparatory to moving to Anchorage, Alaska, August 1, where both will teach in the Anchorage school system. Mrs. Hamilton is attending West Texas State University, Canyon, for six weeks, to receive a B.A. degree in Elementary Education, before leaving. They formerly resided at Boys Ranch, near Amarillo, where Mr. Hamilton was a member of the school faculty.

ATTEND REUNION
Mr. and Mrs. John V. Stevens, Sue, Shelley, Shane and Steve and Mr. and Mrs. Vann Francis, Pam and Rod attended a reunion Sunday in Seymour of Mr. Stevens' family. The reunion honored his parents, Mr. and Mrs. Roy Stevens.

BIG WHEEL on one of the three mighty "dirt buggies" being operated by the Ivan De-ment, Inc. of Amarillo, contractor on FM 2999. The road starts from SH 70, one mile south of Whiteflat, and continues west beyond Antelope Hill. Above photo was made Sunday afternoon, while the equipment was idle. Much of the dirt work on the road has been completed and will soon be ready to start hard surfacing. Young man in photo, is David Crider of Odessa, nephew of editor Douglas Meador.

City To Seal-Coat All Paved Streets

WORK STARTED Monday to seal coat Matador's paved streets. The work is being done by H. E. Squier Co. of Lubbock and is expected to require two or three weeks, according to Mayor Freddie Welling.

Except for two limited earlier projects, Matador's paving was bought and paid for by property owners about 14 years ago. More than 30 blocks were paved at one time, with the city paving the intersections and property owners paying in cash for the work.

While the streets had been sealed since construction, they were badly in need of repair to save the investment. The city management has been able to finance the work without a bond issue and without any increase in the present tax rate. Money for the work has been borrowed and will be repaid out of future city income.

Mayor Welling said the present plan is to sealcoat all existing paving within the scope of the city financial ability. Cost of the present work was not announced.

A new coat was applied Monday on South Main Street, starting at Stanley Hospital and extending four blocks south. In addition to the seal coat the contracting company is repairing damaged places in the hard surfaced streets.

Gregory Smauley Now In Viet Nam
Word was received by Mr. and Mrs. C. C. Smauley last week, of the safe arrival of their son, Sgt. Gregory R. Smauley, in South Viet Nam. Sgt. Smauley left Travis Air Base June 2. He is stationed about 60 miles from Saigon. A 1959 graduate of Matador High School, Sgt. Smauley has been in the Army 5 1/2 years.

Sgt. Smauley and his family visited here recently with his parents and brother Robin, and other relatives, and Mrs. Smauley and baby son, Rex, are now visiting with her parents in Karlstadt, West Germany while Sgt. Smauley is in Viet Nam.

DEMP'S CLIFTON INJURED
B. D. (Demp) Clifton of Afton is in critical condition in West Texas Hospital, Lubbock (Room 208-B), and underwent surgery there Monday for internal injuries received Sunday when thrown from a horse. The accident occurred about 3 p.m. and he was conveyed by Pat Sheridan, to Crosby Hospital for emergency treatment. He was transferred to the Lubbock hospital, Monday.

RECEIVES PROMOTION
Arvin Ellithorp, who is in school at Fort Sill, Oklahoma, has received a promotion from 1st Lieutenant to Captain, according to recent information received by his parents, Mr. and Mrs. Herman Ellithorp.

Arvin Ellithorp, who is in school at Fort Sill, Oklahoma, has received a promotion from 1st Lieutenant to Captain, according to recent information received by his parents, Mr. and Mrs. Herman Ellithorp.

Mr. and Mrs. J. D. Payne and son, Blake of Lubbock and her sister and family, Mr. and Mrs. Harold Newton and son, Tommy of Petersburg visited during the week end with Mr. Payne's mother, Mrs. Ethel Payne.

COUNTY RECEIVES WELCOME RAINS

Most of Motley County received welcome rainfall early Wednesday morning, amounting to over 1 1/2 inches in some areas. Measurements here were approximately one-half inch.

Apparently heavier amounts fell east of Matador. Judge Elbert Reeves, three miles north-east registered 1 1/2 inches. Bird Ranch about 15 miles southeast reported 1.60. Flomot, Whiteflat and the Barton Community reported rains of beneficial amounts.

The storm arrived here shortly after midnight, accompanied by some wind, and continued with intermittent showers until about daylight.

Tribune Flooded
In a rainstorm last week

(again on Wednesday night) arriving out of the east, a flash flood caused water to come in the back door of the Tribune building. The newspaper was already in the mail but all the personnel had not left, and the water was kept under control.

This storm, which dumped as much as 2 inches on part of Matador, was accompanied by hail, some of which was large enough to damage roofs. Scope of the rain was small, with little reported north of town and much lighter amounts south of Matador.

Hackberry Branch of Ballad Creek flowed for several hours indicating Heavy Rainfall was received on the watershed west of town.

Anniversary Queen Contest Announced

VOTES AT \$1 EACH will elect a queen for Motley County's 75th Anniversary observation. Proceeds from the contest will be used to help finance the giant free barbecue and other features of the two-day program, Friday and Saturday, August 5th and 6th. The winner of the Queen's contest will be announced on Saturday, August 6, the final evening performance of "The Saga of Motley County's History," here on Burleson Field.

Decision to conduct an anniversary queen's contest was approved Friday night by the directors at the home of H. R. (Skeet) Jameson in Whiteflat. The association has placed an order for 5,000 numbered vote tickets.

"Voters" in the contest will receive a bonus in the opportunity of being awarded one of two console RCA television sets. Grand prize will be a color television set and second prize will be an RCA console black and white television set. The sets have been purchased from Household Supply Co. and will be displayed in the window in the near future.

Memberships Increasing
Memberships are increasing rapidly in the Motley County 75th Anniversary Association. Memberships sell at \$10 each and a numbered embossed card is presented each purchaser. Marion "Red" Norris was the first to report the sale of his allocated 10 memberships. Second Monday afternoon was Mrs. Claudie Matney of Whiteflat who had sold 30 memberships and accepted 10 additional. As of late yesterday, a total of 91 memberships had been sold.

All Work Grats
Work of everyone associated with the anniversary celebration is gratis. No one will receive any fees, except for labor and materials from outside sources. The writing of the script for the pageant and direction is entirely gratis. Services of the general committee and all members of sub-committees are tendered without pay.

RETURN FROM TRIP
Mr. and Mrs. Albert Daffern and a brother and wife, Mr. and Mrs. Bill Wason, returned Tuesday evening from a weeks vacation in New Mexico, where they visited another brother and wife, Mr. and Mrs. Joe Wason of Embudo. They also enjoyed a visit to Santa Fe, Los Alamos, Bandelier and other points of interest.

Sourdough Singers Impress Publisher

Wes Izzard, publisher and editor of the Amarillo Daily News likes the Sourdough Singers from Matador.

He was favorably impressed, not only by their singing, but also their manners, when they appeared on the program of the Panhandle Press Association in April. Following is from his column "From A to Izzard," (a daily feature in the News) which appeared in the April 29 issue.

NO SOUR NOTES
If you should go to an entertainment featuring the Sourdough Singers from Matador, what would you expect to hear? A cowboy quartet with an old-time fiddler and a guitar picker?

We did. And do you know what turned up? Seven of the sharpest and handsomest college and high school youngsters you'd be likely to meet anywhere—three boys in neat red jackets with white shirts and neckties, and four girls in matching red dresses with white collars. One of the boys plucked the string bass, another the guitar.

The boys had haircuts and the girls wore heels. They entertained the Panhandle editors at the closing luncheon here last Saturday. They sang folk ballads and westerns. (Continued on back page)

SOURDOUGH SINGERS from MATADOR

CONVENTION SINGERS — Featured singers at Texas Press Association's El Paso convention June 24-25 will be the Sourdough Singers of Matador, fast becoming the most popular folk-singers in these parts. The group is composed of students from Texas Tech, Monterey High School, Lubbock, and Matador High School. From left the group includes Jim Adams, Judy Gwinn, Patsy Hankins, Richard Campbell, Nancy Traweck, Janie Killingsworth, Kathy Kilgore and Gary Campbell. Richard Campbell is a journalism major and athlete at Tech and usually acts as spokesman for the group. Accompanists on guitar and banjo are usually Gary Campbell and Nancy Traweck, while Jim Adams accompanys on the string bass. They'll entertain TPAers at the Saturday luncheon.

Church and Society

Covered Dish Luncheon, Program Concludes Year For Garden Club

A spring luncheon and program held Monday at the home of Mrs. Freeman Thacker, concluded the current year for Matador Garden Club.

Invocation was by Mrs. W. W. Clements, president. Following the delicious covered dish meal, Mrs. Eldred Seigler led the program, in which slides were shown of iris gardens visited by Mr. and Mrs. Keith Patton and Mrs. D. P. Keith during the iris season.

Mrs. Clements closed the program with the poem, "New Members Lament." She expressed the appreciation of the club for the table decorations, made by Mrs. Edgar Lee. These were arrangements of yellow roses and white tapers.

The club has voted to buy roses for the City Park, as its contribution to the beautification project. Members have been working in the park during the summer.

In addition to those mentioned, others present were Mesdames F. C. Bourland, J. D. Craven, Clotele Horn, W. F.

Child Care To Be Summer Project Of Homemaking Girls

Members of the Matador High School homemaking classes will sponsor child days June 20-23, in the high school according to an announcement by Home Economics teacher, Mrs. A. L. Fair. Children will be entertained from 9 to 11:15 a.m. each morning.

Letters have been sent to parents of all pre-school students, inviting them to bring their children. Mrs. Fair requests that parents return the enclosed stamp and envelope and indicate whether their children will participate or not.

Each child must bring one toy. A snack will be served and the girls will direct play each morning.

This is a project popular with many schools, however, this is the first time the Matador classes have tried it. The girls get credit toward their summer work for keeping the children.

FAYE LYNN COOK

August Wedding Date Announced

Mr. and Mrs. W. L. (Bill) Cook of Childress, formerly of Northfield, are announcing the engagement and forthcoming marriage of their daughter, Faye Lynn to Darrell Wayne Burrows, son of Mr. and Mrs. Odis Burrows of Childress.

The couple will exchange vows August 20, at the Church of Christ in Childress at 7:30 p.m. Miss Cook is a 1965 graduate of Matador High School and attended Draughon's Business College in Lubbock.

Mr. Burrows is a 1960 graduate of Childress High School and he attended West Texas State University. He is now employed as Furniture Manager at White's Auto Store in Childress.

The couple plan to make their home at 601 Avenue I Northwest, Childress.

All relatives and friends of the couple are extended an invitation to the wedding.

Action is Subject Of WSCS Program

"Chosen for Action" was the subject of a program presented members of the Woman's Society of Christian Service, Tuesday evening, June 7, in the educational room of the Methodist Church with Mrs. June Tilson leading.

Following the scripture reading by Mrs. Tilson, Mrs. Myrtle Stubblefield led the hymns, accompanied by Mrs. Olive Russell. Mrs. Fred Simpson gave the opening prayer.

A panel consisting of Mesdames Charlie Johnson, Earl Thompson and June Tilson gave the program. Mrs. N. B. McMahon led the group in prayer and Mrs. W. N. Pipkin conducted the business meeting. Mrs. Ethel Payne led the benediction.

Others present were Mesdames Frank Pohl, Bryan Cammack, Curtis King, Randall Whitworth, Henry Ford, W. F. Jacobs and a guest, Deborah Tilson.

NIECES VISIT

Visiting in the home of Mr. and Mrs. E. W. Smallwood Saturday afternoon were a niece and family, Mr. and Mrs. Collin Reese, Debra, Saran and Patricia of Big Spring. Another niece and family, Mrs. Sarge Faulkenberry and daughters, Carol and Linda from Grandview visited in the Smallwood and Edgar Lee homes, Tuesday of last week.

FORMER RESIDENT HERE

Johnny Peirce, former Matador resident and a student at Texas A&M, visited friends in Matador from Sunday until Friday of last week, and was a guest of Gary Campbell. He continued to Shattuck, Oklahoma, to spend the summer with his parents, Mr. and Mrs. Walter (Perk) Pierce.

Mrs. Howard Limmer and son, Bryan, of Lubbock visited in Matador recently with her parents, Mr. and Mrs. Frank Pohl.

Mr. and Mrs. James Karr of Huntsville and Mr. and Mrs. Tom Hamilton visited the parents and brother of the two women, Mr. and Mrs. C. M. Barton Jr. and Max last week. Mr. and Mrs. Hamilton also visited his parents and sister, Mr. and Mrs. John Hamilton and Jane.

Visiting Mr. and Mrs. W. N. Pipkin last week were their daughter and family, Mr. and Mrs. Vernard Alexander, Leslie Diane and Linda of Vernon. Mr. and Mrs. Nolan Fulkerson of Lubbock visited Sunday with her sister and husband, Mr. and Mrs. Douglas Meador, and with a sister-in-law, Mrs. A. B. Fulkerson and Thurman.

Elwanda Martin Attends Meeting

Miss Elwanda Martin was one of 790 women attending the Delta Kappa Gamma State Convention in San Antonio, June 9-12. Convention headquarters for the international society of women teachers was the Granada Hotel.

Miss Martin, daughter of Mr. and Mrs. Bob Martin and vice-president of the Gamma Iota chapter of Delta Kappa Gamma, accompanied other officers of the chapter, Mrs. O. C. Rampley, president and Mrs. Ruth Baker, secretary. She has been a member of the Petersburg Grade School faculty for the past 14 years and was named Outstanding Teacher of the Year in 1965.

Highlight of the convention was a dinner and reception Saturday evening honoring two founders of the Delta Kappa Gamma, Miss Ray King of Fort Worth and Miss Lela Lee Williams of Dallas.

FROM SWEETWATER

Mrs. Velma Fuller returned home Sunday from Sweetwater, where she has been with her sister, Mrs. Claude Wilson, who is a patient in Simmons Memorial Hospital. She was accompanied by another sister and her husband, Mr. and Mrs. C. T. Howell, who were en route to their home in Amarillo, from Dallas, where they attended Methodist Conference last week.

RECENT VISITORS

Recent visitors in the home of Mr. and Mrs. W. W. Clements were a brother and wife, Mr. and Mrs. Phil Graves of Deming, N. M., who were accompanied by two grandchildren. They were accompanied by Mrs. Clements to Arlington, where they visited another brother, Walter Graves.

IN THE ROUGH by hazel

ENTER WT TOURNAMENT

Vivian Campbell and Tommie Edwards entered the Women's West Texas Annual tournament last week in San Angelo.

Also entered were Finnie Seale Snyder and her sister, Ethel Patterson of Winters. The girls lost their first match and went to consolation. Tommie played right down the line in her matches. One being decided on the 18th hole and another going to nineteen holes to have a winner. Bundy Campbell and Ben Edwards flew to San Angelo with Bill Seale on Wednesday, to watch the players.

QUANAH TOURNAMENT

Players in the Quanah Tournament last Wednesday at the Country Club, were from Childress, Wichita Falls, Electra, Vernon, Paducah, Matador, and the state of Georgia. Mattie Andrews of Wichita Falls was first in Championship Flight, 76, in the first flight there was a three-way tie. . . a draw . . . and Mary Meason was second and won a cap. In 9-hole flight Lillian Thacker had low putts and won a glove. Mickey Bostick won the door prize . . . a miniature golf bag.

There were four tables of bridge in progress during golf play. . . both party and duplicate. Ruby Myles won high score for party bridge and Hazel won the door prize (lucky me) . . . making our fourth was

Raval Stevenson, (Raval being a most unusual name to me . . . she said she was named for Helen Keller's sister-in-law) . . . We all had lots of fun, and were served a most delicious lunch catered by DUTCH'S. Swimming was also included in the MOST invitation. . . Those playing golf and bridge were Mary M. Billie Barnhill, Lucretia Grundy Catherine Bird, La Voe Thacker, Lillian T. Nell Clem, Winifred Darsey, Shirley Thompson, Mickey Bostick, Virginia Willie, Ruby Myles, and Hazel.

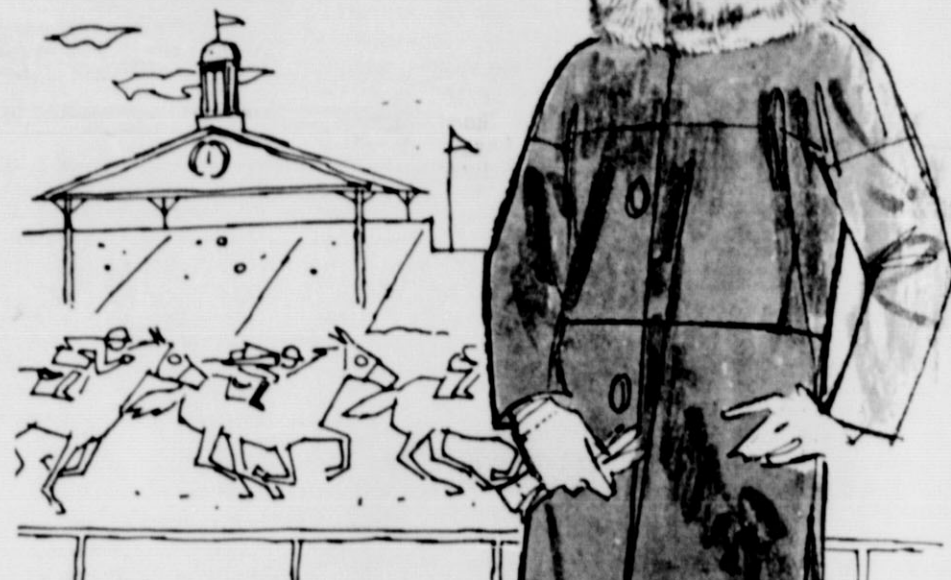

For our play day on Thursday, ONLY TWO players showed up . . . due to the rain the night before . . . and other reasons.

Mary Meason and La Voe Thacker played ALL IRONS, and La Voe won the ball . . .

For FALL LAY-AWAY

We invite you to see these new garments and make your selections for fall and winter lay-away . . . you are always welcome to come in and see our new merchandise . . .

\$35

Betty Rose.

SALEM'S

Former Roaring Springs Resident Has Busy Schedule As Calif. School Nurse

Former Roaring Springs resident Mrs. Wanda Konsdorf, wife of L. M. Miller of that city, leads a busy life as a nurse in Newman, California. Following feature is the West Side Index, weekly newspaper published in that city.

Newman Elementary District operates two plants; one kindergarten through the fifth grade, the other through the fifth through the eighth grade through the total enrollment is 781.

What does a school nurse do? This question is answered in reports and figures contained in a year report of Wanda Konsdorf, school nurse at Von Yolo Schools on a part-time basis under an arrangement with the County Schools whereby she visits Newman Tuesday and on Thursdays of each month.

Her work began when she was assigned to the school with District Superintendent Edain S. Ryan and faculty members at the opening of the school year to discuss a proposed plan of services.

Supplies were purchased for each classroom of Von Yolo Schools. Plans for use of supplies were discussed with the teacher. At the end of the first half of the year, 463 students had been screened. This included 26 classes which are required before referrals may be made during the latter half of the year.

There were 26 students referred for eye examination. The nurse visited homes and explained her findings and discussed with the parents their plans for covering the expense involved. At least four pairs of glasses were secured through Welfare and one pair through the Stanislaus County Employees Association. Two pairs have been provided by the Newman Lions Club.

Two students were found to have amblyopia in kindergarten and another had a growth on the back of the eye. This child is under the care of an ophthalmologist. The parents had no idea this child could not see properly.

Two students were referred for glasses to be changed, both boys only seeing 20/100 with glasses (each eye). Since referring, new glasses have made a great change both educationally and emotionally.

The two children were referred to Crippled Children Services. Several other children are under care of CCS for the following problems: hearing loss, visual problems, heart defect and brain involvement. Reports were received and teachers notified of significant information.

Thirty-one conferences were held with the superintendent regarding specific needs of children; 75 teacher conferences were held regarding student health problems; 43 student conferences concerned personal health problems, each initiated by a teacher, parent or self-referral; 111 home visits were made; 17 conferences were held with members of the Welfare Department, medical doctors and County Hospital; 18 office visits were made by parents; 25 conferences were held with special services personnel, such as psychologist, speech therapist and audiometrist regarding special needs of children in school.

Forty-six students were referred for hearing problems. Each family was contacted by the nurse and emphasis put on the importance of a medical follow-up. Audiograms were provided for the family doctor. Also

COW POKES by Ace Reid

"All right clumsy, now you're gonna have to re-set this post and re-stretch the wire!"

This feature sponsored by THE FIRST STATE BANK

each student was discussed with the teacher and suggestions made for classroom placement. Several students have already, or plan to have, tonsillectomies as suggested by the doctors.

All of these accomplishments in the realm of student health by one nurse working on a part-time basis during one-half of the school year emphasize the value of the project to the school and to the community, states Superintendent Ryan.

Data Telephone Is Developed By GT&E

SAN ANGELO - Development of a telephone that can be used to query a computer over existing telephone lines and obtain an immediate voice response has been announced by General Telephone & Electronics Corporation, according to E. H. Danner, president of General Telephone Company of the Southwest and Southwestern States Telephone Company which are subsidiaries of GT&E.

Designed by Automatic Electric Company, also a subsidiary of GT&E, the new telephone is called a data retrieval subset. It has both a conventional rotary dial and a Touch Calling unit with 12 pushbuttons.

Darwin H. Deaver, president of Automatic Electric, said that in a typical application as checking a person's credit rating - a call with the new telephone can be completed in about 30 seconds. In that time, the computer would give the caller a voice message such as "credit okay", "limit credit to \$50", "credit card reported lost", or "credit not okay".

The rotary dial is used to place a call to the computer through telephone central office switching equipment. The computer is connected through a data set to the message network.

Once the connection has been established by dialing a specific question is addressed to the computer by tapping out a series of digits on the pushbutton. In the case of a credit inquiry for example, the sales clerk would enter the account number.

The inquiry is automatically fed into the computer where it is processed and a coded response message is composed. The coded message, in turn, is interpreted and transmitted to the calling party in the form of a voice message through an audio-response unit.

Mr. Deaver said the special telephone can also be used to feed new information into the computer's stored memory.

Young grasshoppers are appearing in abundant numbers in parts of the county, and are relatively easy to control when they are young. It is best to control them in hatching areas, as frequent spot treatments will be effective.

Texas guide for Controlling Insects on Grain & Forage Crops and the leaflet you have on Control of Cotton Insects covers this subject, but if you have additional questions, let me know.

900 pound cow weaning a 450 pound calf at seven months produces 50% of her body weight. A 1400 pound cow must raise a 700 pound calf at seven months to be as efficient.

Bulletins B-1043 and B-1044 are available at my office, if you would like to look into these factors.

Storms frequently cause damage to trees; and for the best results, damaged limbs and branches should be removed immediately after the damage occurs. Make all cuts flush with the trunk or limb from which the damaged part is growing. Paint all cuts with a good tree wound dressing to prevent insects and diseases from getting into the wound.

To remove a heavy limb, first make a saw cut from the underside of the damaged limb about eight inches from the main trunk. Cut a third of the way or until the saw binds, then make the second cut from above and a few inches further out on the limb. After the limb is removed, cut off the stump of limb, cutting flush and parallel with the main trunk. Apply wound dressing to the exposed surface.

Three insect survey teams are working in Motley County, and even though much of the cotton is not planted or up, the main idea is to detect boll weevils when they start their invasion. When weevils are found, the first application should be made when small squares first appear, and the second application made about seven days later before the squares are 1.3 grown. By destroying most of the overwintered weevils before egg laying begins, the seasonal build-up will be much smaller. Insecticides applied for the boll weevil will also control fleahoppers.

You know how your cotton grows, but as an aid, I am giving

the following figures: 7-10 days for cotton to come up; emergence to square, 35-40 days; and square to white bloom, 20-25 days; bloom to open boll, 50-65 days; or ready to harvest in 160 days, with 25% of the crop being open in 130 days.

The teams working in the county have a certain number of fields to check every two weeks; therefore they will not be able to check additional fields for the farmer. In several instances where a farmer has more than one field, he may wish to have a different field checked from the one on his list. This can be changed by notifying the checker, but in case you wish additional fields checked, let me know and I will help you when I can.

Fifteen coveys of quail were distributed to the 4-H members taking part in the quail management program, sponsored by the Parks & Wildlife Department, on June 14. Contrary to what some think, these are not just quail for those who like to hunt, but are used in a program that helps to teach what quail eat, the kind of cover necessary for survival, and how to manage a place so that hunting will be good each year, rather than depending on importing birds for hunting.

Hunting represents more money than most people in the county realize, and by proper management, this source of income can be increased and provide recreation for many.

WTU NOTEBOOK - PATTERNS FOR PROGRESS

INDUSTRIAL PROSPECTS

... a must in Economic Development

Obtaining leads on industries that might locate in a community is one of the hardest parts of any sound economic development program. The lack of an industrial prospecting program that produces several leads may cause serious mistakes by a community in financing or other endeavors to attract sound or unattractive industry. A community needs a well balanced program, combining all the techniques and utilizing all of the sources that will give it increased effectiveness and chances for real success. LOCAL PEOPLE AS A SOURCE OF INDUSTRIAL PROSPECTS - usually provide a sound reason or give the community a competitive advantage in attracting the industry.

- BUSINESSMEN** - should ask the company representatives they buy from if the company needs additional manufacturing facilities to serve this market area, also, service stations, restaurants and motel people can ask their customers.
- CITIZENS** - who know someone that works for an industry should inquire if that industry might be interested in locating a plant.
- EXISTING INDUSTRY** - may need a companion industry to supply them with raw materials or services. Expansion of existing industry is sound economic development.
- LOCAL IDEAS** - can provide leads for the local people to establish an industry of their own or attract a certain type industry.
- EX-CITIZENS** - should be contacted, advising them and asking their help to obtain leads on any industry that could logically locate in the town.

CHAMBER OF COMMERCE ACTIVITY - should utilize such programs as direct mail, asking local citizens to call on industries when they are on a trip - watching all news media for possible leads or indications that a company might expand.

COOPERATION WITH OTHER AGENCIES - such as utilities, banks, railroads, regional and state development organizations can provide leads for new industry. Keep all of these organizations fully advised of the local programs, advantages, activities and community interest for attracting new industry for improved economy in your community.

ANY and ALL industrial leads should be handled through and by the local group that has been delegated this responsibility, usually the Chamber of Commerce.

Ask your WTU local manager for additional information and services available.

COUNTY AGENT PALLMEYER SAYS:

Feed efficiency can make or break a cow-calf operator. Feed efficiency in cow-calf operation means the number of pounds of forage or energy necessary to produce 100 pounds of calf at about seven months.

To help a rancher with his management problems, average weights of mature cows, weaning weights of calves, percentage of calf crop, and productive life length of cows should be considered separately, and any decision regarding feed efficiency should take into consideration all of these factors.

Feed required for maintenance increases as weights of the cows increase. An effective method of comparing feed efficiency is to calculate the weaning weights in terms of percentage of the mother's weight. A

☆ Patton Springs NEWS ☆

Mr. and Mrs. Alvin Carothers of Lubbock visited Mr. and Mrs. J. L. Brown and Mr. and Mrs. Slim Carothers during the week end. Other visitors were Mr. and Mrs. Leroy Carothers and Mr. and Mrs. Clyde McAllister.

Mr. and Mrs. Cecil Perry accompanied their son and family, Mr. and Mrs. Clayton Perry, Cheryl and Mark, to White River dam for a week end of camping and fishing.

Mr. and Mrs. Tommie Hale and sons were fishing at Lake Brownwood last week.

Visitors during last week end, of Mr. and Mrs. Raydell Mullins were Mr. and Mrs. Pat Mullins and Maria, and Debbie and Lyndon Haney all of Lubbock.

Mrs. Richard Kendricks and sons of Hastings, Neb., spent the week end with her parents, Mr. and Mrs. Paul Bennett.

Mrs. Paul Bennett and Mrs. B. D. Clifton visited in Plainview recently with the latter's sons and families, the John and Maurice Cliftons.

Recent visitors in the home of Mr. and Mrs. Raydell Mullins were her parents, Mr. and Mrs. Henry Joiner of Wichita Falls, who had accompanied them home from a recent visit there.

The Home Economics girls and their sponsor, Miss Barbara Waybourn, conducted a car wash last Tuesday, to raise funds for their forthcoming trip to Texas Tech.

Demp Clifton suffered the misfortune of mashing his hand recently, requiring medical treatment.

NEW ARRIVAL

Mr. and Mrs. Jerry Slaton are parents of a new baby boy, Shannon Carl, who was born May 23 and weighed eight pounds, 8 1/2 ounces.

Good Attendance At Memorial Service

Fifty members attended the Afton Cemetery Memorial Day service at 9 a.m. May 30 according to a report made by Mrs. B. F. Burt, Secretary-Treasurer.

All officers of the association were re-elected during a business session. They are: Barney Brinde, President; Ralph Bennett, Vice-President; and Mrs. Burt, Secretary-Treasurer. Directors are Ollie Blakley, Burnett Haney, Farris McCarly, and Dempsey Sims Jr., Chairman of Improvement Service. Melvin Hickman is hired as cemetery caretaker.

"As secretary and treasurer of the Afton Cemetery Association, I wish to take this method of thanking everyone who has sent in dues and helped in many other ways," Mrs. Burt said, "I wish all of you could have attended this meeting. We thank Brother Hancock, Afton Baptist pastor, for his help in our program, and M. L. Kelly for his talk. If you have not sent your 1966 dues in, please do so, for we must have the money if we are to keep our caretaker."

Among visitors at the meeting were Mrs. Duff Green of Roaring Springs, and Mrs. Mae Applegate of California who attended with Sam Newbury and Sue, of Jayton Mrs. Applegate is the former Miss Mae Lawson, and the mother of Mrs. George Nally of Spur. Others attending (as formerly mentioned) were Mrs. Fred Hale and Mrs. Virginia Jackson of Amarillo.

HIGHLIGHTS and SIDELIGHTS

By — Vern Sanford
Texas Press Association

AUSTIN, Tex. — State Board of Insurance is disturbed over the "growing tendency" of some insurance companies to cancel out or refuse to renew auto coverage on certain classes of drivers.

At its mid-week (June 15) rate hearing, Board debated whether it should ask for new legislation or put into effect new administrative regulations to deal with the situation.

Board Chairman Wm. Hunter McLean said more and more drivers are being forced into higher-cost "assigned risk plan" coverage because of "unwillingness of companies to voluntarily issue insurance to young drivers, older drivers and drivers with poor driving records."

Another insurance rate boost is anticipated due to increasing accidents, injuries and traffic deaths, and higher repair and hospital costs. Rates were boosted 13.4 per cent in 1965.

McLean placed these among items for consideration at the mid-week meeting:

"Revival of a 'penalty system' based on number of accidents and serious traffic violations in figuring rates. A version of the system was abandoned four years ago after a brief trial and strong public opposition.

"Alteration of the assigned risk plan to force all companies to take a proportionate share of 'sub-standard' risk coverage.

"Action to curb mass cancellations due to class, age, territory

or agency and individual cancellations of policies of those who have no record of accidents or moving traffic violations.

"Request for more uniform traffic regulations and enforcement procedures from county to county.

"Modifications in methods of classifying drivers.

Board wants to find a way to "avoid further 'drying up' of the insurance market," emphasized McLean.

Companies writing auto insurance in Texas lost \$13,000,000 last year on the coverage. McLean calculated earned premiums at \$417,200,000 net premiums at \$388,000,000, losses at \$233,200,000, loss settlement, adjustment and litigation expenses at \$42,600,000 and company "expenses" at \$125,000,000.

He termed "an all-out, effective traffic accident prevention program" the state's "single greatest need."

McLean said he would urge the insurance industry to take the lead in "bringing safety" to our streets and highways.

NEW TAXES?—A state tax rate boost next year is inevitable, according to House Speaker Ben Barnes.

He predicted the 60th Legislature will "definitely face tax legislation."

Barnes declared that increasing cost of education alone will "require additional monies raised by taxes." Forty-eight per cent of every tax dollar paid to the state goes to education, he noted.

In a brief preview of his own ideas for legislative action, Barnes said he will ask an increase in juvenile parole officers to help curb teenage crime. He noted a state committee is exploring possible need of legislation dealing with obscene and pornographic publications.

STATE PAY BOOST FAVORED—Three state officials with most influence over the Legislature are united in pledging high priority backing for a "substantial" state employees' pay boost in 1967.

Lt. Gov. Preston Smith and House Speaker Barnes made strong public commitments to that effect last week. Gov. John Connally earlier had stated that a salary boost for the 44,000 state workers will be "one of (his) strongest recommendations to the next Legislature."

Texas Public Employees' Association has agreed generally on a revision plan which would cost about \$70,000,000 overall for the next biennium — \$21,000,000 from general revenue. This would mean something like eight per cent more for lower bracket employees up to 25 per cent more for higher echelons.

School teachers are pushing hard for a "national average" pay level, but Connally and Barnes indicate they think the state employees are in greater need.

AG RULES—Corporations providing television cable service are public utilities and have a right to place their cables along state highway right-of-way, Atty. Gen. Waggoner Carr said in an official opinion.

"THERE IS GLORY ENOUGH FOR ANY MAN TO LIVE AND DIE A TEXAN."

In other opinions, Carr concluded that:

"Investment of state employee retirement funds in corporate securities is subject to discretion of Employees Retirement System Board of Trustees and not that of University Board of Regents.

Boards have right to exercise independent judgment in investing their respective trust funds.

"State can pay the expenses of replacing an employee's eyeglasses destroyed in an on-the-job accident.

"Control of building and grounds purchased with Texas Employees Retirement System Trust funds is within jurisdiction of Board of Trustees of Texas Retirement System.

"Grayson County can accept a deed to the bridge over Red River nine miles east of Denison and spend the tax money to operate and maintain span.

RESTORATION TOUR SET—Members of a legislative survey committee will tour historic forts and missions June 23-25 with a view to restoring them.

Itinerary will include Fort Parker at Mexia, Fort Richardson at Jacksboro, Fort Griffin at Albany, Fort Chadbourne at Bronte, Fort Concho at San Angelo, Fort McKavett at Menard, Presidio San Saba, Mission San Juan Capistrano (already restored) and La Bahia Mission, Goddard (now being restored).

A report on its views on state-supported restoration will be made to the 1967 Legislature.

SHORT SNORTS

Sabine River Basin preliminary study, first detailed basin plan released under the new statewide water planning program, proposes three additional reservoirs at estimated cost of \$49,600,000. Hearings on it will be conducted at Longview on June 20 and Orange on June 22.

Lieutenant Governor Smith has appointed Sen. George Parkhouse of Dallas to the interim Committee to Study the Nurs-

ing Profession to fill the vacancy caused by resignation of Sen. Martin Dies Jr. of Lufkin.

Texas Education Agency has recommended that Eagle Pass Independent School District be given additional time to correct accreditation deficiencies.

U. S. Public Health Service has approved initial grant applications for medical facilities at Fort Worth, Fort Arthur and Amarillo.

Unemployment in Texas hit lowest point in decade — 121,000 at mid-April.

Livestock Survey Cards Are Mailed

Postmaster Bernice Bond reports that the look for June Livestock Survey cards. Next week, mail carriers will leave survey cards in a sample of boxes along their routes.

"USDA bases livestock and poultry estimates on replies to this survey," Mrs. Bond explains. "It is important for everyone who gets a card to fill it out and

return it to the carrier. This way, USDA gets a representative sample of the area's livestock and poultry holdings.

Carriers assisting with the survey include John F. Speer. Survey cards will be forwarded to Cary D. Palmer, State Agricultural Statistician, in Austin. After adding and analyzing

these cards, USDA statisticians are able to estimate the milk production, calf and crop, lamb and wool crops, number of hens and poultry.

Information from this survey will guide livestock and poultry producers in making business decisions," Mrs. Bond concludes.

Sourdoughs . . .

(Continued from page 1)
country music and city — their own version of "Frankie and Johnny." And they have the beat, man. They're cool! They have recordings to prove it.
But what we liked most about them was their manners. They're the sort of people that make you feel good about the younger generation.

To Sing In El Paso

Following their program in Amarillo, the group was invited by officials of the Texas Press Association to appear on a program in El Paso when the state organization holds its 87th annual summer convention.

This will be next week end, June 24-25, and the Sourdough Singers are scheduled to entertain at the luncheon on Saturday.

FORMER RESIDENTS ARE VISITORS HERE

Mr. and Mrs. J. P. (Pete) Porter and sons, Jeff and Jay of Covington, La. visited here from Sunday night until Tuesday morning with her mother, Mrs. Bob Echols, and other relatives, including an aunt and uncle, Mr. and Mrs. D. I. W. Birnie. Mrs. Porter will be remembered here as the former Dorothy Echols. Joining them for a visit Monday afternoon in the Birnie home were an uncle and cousin, Frank Eiring and his daughter, Mrs. Bob Horner and children, Monty and Nancy of Plainview. Mrs. Horner is the former Frances Eiring.

All games to start at 8:00 PM unless you are advised otherwise.

Comels . . .

(Continued from page 1)
Matador's big hitter with a triple and a double.

Drillers Halt Rivalry

Matador's Comets renewed the rivalry of previous years with the Drillers, Thursday night, June 9, and emerged losers by a 5-0 decision.

The threateningly powerful Matador club met the Drillers on their field to determine a league leader. After Monday night's contests, Floydada leads 4-0 and Matador follows in second place with a 2-2 record.

John Smith pitched seven innings of commendable ball but unusually poor fielding nullified his efforts. The Drillers scored only one earned run.

Two Comets, Bostick and Thacker, collected hits off Waldo West, winnings hurler. Neither hit was utilized, however, and Matador posed scoring threats only twice in the ball game. In the first with nobody out, the locals placed runners on first and second but could not score.

Again in the sixth with two gone and runners on second and third, Matador failed to complete the effort.

Tonight they again tangle with the Drillers at 8:00 p.m. on the Forrest Park diamond.

Mrs. Adele Forbis, who has recently moved from Carlisbad, N. M., to Amarillo, visited here Saturday with Mrs. Ben Edwards, and also visited relatives at Alton.

Mr. and Mrs. D. E. Pitts spent last week in Cowles and Santa Fe, N. M., and also visited her brother and wife, Mr. and Mrs. Joe Wason, at Embudo.

Mrs. Herman Ellithorp returned home Thursday from Crosbyton, where she was hospitalized for a week, with pneumonia.

Douglas Pitts Jr., who is in workshop training in Dallas with an automotive company, spent the week end at his home here.

Kelly Latimer of Lubbock, has been visiting the past week with his grandparents, Mr. and Mrs. D. P. Keith.

EMPLOYED AT SPEARMAN

Linda Thompson has moved from Gruver, to Spearman, where she has accepted a position as secretary and radio dispatcher for Hansford County Sheriff and Tax Assessor-Collector, J. B. Cook. She was formerly bookkeeper for Southwest Irrigation Co., in Gruver. Miss Thompson is a graduate of Matador High School and attended Texas Woman's University in Denton. She visited here recently with her parents, Mr. and Mrs. Henry Thompson and was accompanied by a friend, Miss Peggy Robinson of Gruver.

Mr. Norman Seigler, Max and Mark, visited friends and relatives in Matador last week while Mr. Seigler was in Mid-dletown, Ohio, on business.

CARD OF THANKS

Since I have the cast removed from my leg and am again going on my own steam, I want to thank all of my friends and neighbors for their visits, cards and flowers. Especially do I want to thank Jim Offield for feeding and caring for my cows, Ted McInroe, and Ira Sullivan for putting up my land and J. W. Vickery Jr., for planting.
Again, I want to say "Thanks" to every one. May God bless each of you.

Charlie Fullingim (2)
