72ND YEAR—No. 49 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, FEBRUARY 9, 1967 PRICE SEVEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

Figures not intended for comparison in the current issue of Cattle Magazine indicate that Texas has more cattle than people.

It is hardly possible to estimate man's success without knowing how much he owes to good fortune and the Grace of God.

The interest on good will and friendship is compounded every day; your name is spoken.

Involvement is the only entrance a great man has ever used for a vital role on the stage of life, rather to conquer a germ or a nation.

A poor loser can avoid discrimination by not complaining, but so can a poor singer by not singing.

Magicians pulling rabbits out of hats always confound me, but so do a certain class of gentry who drive good cars, wear good clothes and appear to have money without working.

A middle of the road attitude is not conducive to a sparkling personality, and when driving it has something to offer the cause of loneliness.

Flattery may not get you anywhere but it will keep you remembered much longer than criticism.

A religious faith without charity, compassion and sincerity geared with the machinery of daily life will eventually develop the malfunctions of hypocrisy.

"Quickie" Snow

A "Quickie" snow storm moved in on the Foothill Country Tuesday afternoon, surprising weather forecasters and most residents. At first the fall was very light, melting as it struck the ground.

Later in the afternoon the snow showers increased until nightfall when it reached a depth of about one inch after the mercury dropped below the freezing point.

The storm hitting this area was some heavier in the upper Panhandle with as much as three inches reported in some areas. Most of the snow was gone by yesterday afternoon, but overcast skies continued to prevail.

New Employee At Soil Office

New soil conservationist at the Soil Conservation work unit office is Millard Schuchart, formerly of Goldthwaite, Mills County, where he has worked for the past five years in the army, and two years farming and ranching at his home near San Antonio.

He started with the SCS in 1955. Since that time he has worked as a soil conservationist at Throckmorton, Brownwood, Brady and Goldthwaite.

Schuchart's family includes his wife, Inell, and two children, Pamela 13 and Daryl 9. They will join him here next month.

Graduate of A&M in 1951 with a BS degree in animal husbandry, Schuchart spent two years in the army, and two years farming and ranching at his home near San Antonio.

Producers Protest Penalty System On Government Cotton

The directors of the Rolling Plains Cotton Producers, Inc., met in a called meeting recently and voted to send appropriate letters of protest to the proper governmental authorities requesting a revision in the penalty system now in effect on the micronaire readings for cotton placed in the Government loan.

According to a spokesman for the group, the directors felt that the penalties imposed by the micronaire readings on government loan cotton for the past two years has resulted in an unfair and discriminatory price reduction to cotton producers at a time when cotton prices are already at a disastrously low level.

In other action, the board also decided to make application for certification for eligibility as an approved producer organization.

Cotton producer and cotton growers organizations over the nation are applying for certification for eligibility to nominate members and participate in the election of trustees in the formation of a Cotton Board and Board of Trustees under the Cotton Research and Promotion Act voted and approved by the nation's cotton producers in December.

Since the membership of the Rolling Plains Cotton Producers Assn is made up from the cotton producers in the Eastern tier of Panhandle counties who have their cotton classified at the Memphis Cotton Classing office, and only cotton producers can be members, then the directors felt the organization should qualify as an approved cotton producer organization.

Directors and the counties they represent are as follows: V. C. (Zipp) Durrett, president, of Hall County; Ernest H. Rea, vice president, of Childress County; A. J. Garland, secretary, of Armstrong County; and directors, H. S. Mahaffey of Donley County, Dub Marchant of Collingsworth County, Joe Degan of Motley County, Dudley Chemming of Cottle and King Counties, D. E. Brunson of Briscoe County, J. R. Hefley of Wheeler County, L. B. Collis of Carson County, and B. E. Pennington of Gary County.

El Matador Cafe Open For Business

El Matador Restaurant, severely damaged by a fire January 19, opened the doors for business again at 9 p.m. Tuesday. Interior of the attractive cafe has been completely refurbished and all damaged equipment has been replaced.

The entire kitchen, which was the source of the fire, was completely destroyed, and has been entirely replaced. The restaurant is "a better and prettier" than ever according to managers, Mr. and Mrs. Al Watson.

A cordial invitation is extended to former customers and new customers to visit the restaurant, enjoy the excellent food, good service, and attractive surroundings.

Good Attendance At Legion Meet

Larger than usual attendance was reported at the regular monthly meeting of the American Legion and Auxiliary held in the Legion Building Monday night following the covered dish supper.

Program included the showing of slides and discussion of a canoe trip in the Great Lakes area by Douglas Pitts Jr., former Scout Master of the Matador 66 Troop.

GUARDIAN ANGEL was riding in this truck cab with Bob R. Trout of Clarendon when the big transport went out of control and jackknifed on State Highway 70 about one mile south of Whiteflat last week. Trout was not seriously injured. The truck was loaded with 5500 gallons of butane gas. State Highway Patrolman Buck Johnson is shown investigating the accident. —Tribune photo

Rancher Drives Home with Leg Broken by Cow

Sam Baxter, 78, whose ranch home is four miles west of Altou, was run over by a cow about noon Monday. The animal, striking him from the back, broke his left leg in two places.

Alone at the time, Baxter dragged himself to his pickup and drove the vehicle (equipped with standard transmission) two miles to his home.

A Seigler ambulance was summoned, and he was first taken to Crosbyton Hospital and later transferred to Methodist Hospital in Lubbock where he underwent surgery for a double compound fracture.

Ambulance attendants were amazed at the fortitude of the veteran rancher, who did not complain during the trip to the hospital of the pain he was evidently suffering.

L.J. Barkley Injured In Traffic Accident

A COLLISION between two automobiles on US Highway 70 in east Matador Thursday afternoon, sent L. J. Barkley, long-time resident here, to Paducah Richards Memorial Hospital with a broken knee cap and other injuries.

Also injured and receiving five stitches was Leslie Jameson. One of the cars in the collision was driven by Harlan Skidmore and was crowded with eight additional teenage passengers. The accident occurred near the entrance to the Dixie Dog Drive In.

Passengers in the teenagers car, in addition to the driver, included Sonja Hale, Eddie Jameson, Vicki Jameson, Leslie Jameson, Larry Dunn, Aaron Timmons, Ronnie Martin and Lynn Skidmore. Both cars were severely damaged.

Mr. Barkley was alone at the time of the accident. He was rushed to the Paducah hospital in a Seigler ambulance and was placed under oxygen soon after arrival.

A victim of emphysema, Mr. Barkley's condition was considered serious until yesterday morning when reports indicated he was showing some improvement although he is still under oxygen.

Sheriff J. D. Spray and Deputies Bobby Williams and Eddie Russell investigated the accident and kept traffic under control until the arrival of Highway Patrolman Buck Johnson from Paducah.

Campbell On List Of Tech Lettermen

LUBBOCK — Forty-four Texas Tech Red Raiders will receive letters for last fall's football play.

Twelve seniors, 17 juniors, and 15 sophomores were recommended by Coach J. T. King.

Sophomores included Richard Campbell, end, of Matador, and Mike Patterson of Winters, guard. Campbell is the son of Mr. and Mrs. R. E. Campbell Jr., and Patterson is a nephew of former residents, Mr. and Mrs. Bill Seale of Snyder.

Ex-Texans Meet on Island of Crete

"When Americans see Americans over here, they are not a bit timid at calling out, 'Hello, where're you from?'"

So writes a former Texan, Mrs. H. E. Allen (Flora Lee Willis) from Athens, Greece. Mrs. Allen and her husband, whose home is Seattle, Wash., are on a world tour and have had the pleasure of seeing and being with a nephew of Mrs. Velma Fuller, (son of Mr. and Mrs. Tracy Moring of Kress), and Norman Neighbors, son of Mr. and Mrs. J. P. Neighbors of Matador.

"It will be one of the highlights of our trip, singing the beautiful Messiah on the Isle of Crete with Gayle Moring as bass soloist," Mrs. Allen writes. "What a beautiful voice and what a handsome, wonderful young man."

Recognizes Texas Voice

"We came back to Athens on Jan. 25, to do a little more sight-seeing and in going to the airport to Australia on Feb. 1, when we arrived here on Thursday we met a couple of boys from Saudi Arabia. One from New Mexico and one from New Zealand. Last night we noticed two more had joined them at the dinner table. Of course I didn't have to listen long until I recognized that Texas voice — Guess who? — yes, one of your neighbors across the street — Norman Neighbors!"

"Three of the boys leave here for Arabia today (Jan. 30), but Norman has another week, so we are looking forward to having him with us for the remainder of our stay here. Our next stop will be Melbourne, Australia, Gen. Del (Poste Restante)."

The Allens left last June from Vancouver, Canada by freighter, went down the West Coast via Panama Canal, and arrived in London, Aug. 4. They spent about five weeks on the British Isle, ferried over to Norway and had two months of en-rail (train) passes to do the Scandinavian countries and the 13 Western European countries.

Caught In Floods

Saving Italy for the last stop before going to Greece, they toured Milan, and got caught in Florence at the time of the floods.

"We cut our trip short in Italy and came on to Greece," the letter explained. "Being a history major I was very interested in going to the Island of Crete. My husband, being very tired, didn't care just so we could 'sit' for two or three months!"

"Soon after arrival we found there was a U.S.A. air base and the first thing we knew, we found ourselves singing in the Protestant Choir on the base. . . and then I discovered I was singing in a choir with Velma Fuller's nephew — Gayle T. Moring."

Dads and Sons will Hear Dr. Leon Hill

Union Church Services Sunday to Launch Annual Youth Observance Week Here

ONE OF THE OUTSTANDING public speakers of the Southwest, Dr. Leon Hill of Amarillo, will address the 30th Annual Father-Son Banquet in the First Baptist Church here Tuesday night, February 14th.

The Twenty-ninth Mother-Daughter banquet will be held on Monday night, also at the First Baptist Church. This affair is sponsored by Eternas Junior Study Club, and members of that organization will present the program.

Dr. Hill is well known in Matador, having spoken at the same banquet in previous years. He is a great humorist and philosopher. Matador is fortunate in securing him for the outstanding community event, since his services as an addresser-dinner speaker are widely sought from the Pacific Coast to the Eastern States.

Dr. Hill has traveled widely and held Baptist pastorates in Mineral Wells and Amarillo. He does evangelistic work in the United States, Canada and Mexico. Currently he is on the board of directors of Amarillo Red Cross, Amarillo Community Center and Amarillo Boy Scouts. He is a frequent speaker at Amarillo Kiwanis Club, and is a national speaker for Associated Clubs, Kalle and Fork and Executives Clubs. He will be introduced by Rev. James Hancock.

During the program in the church sanctuary, Scout Robin Smailey will serve as master of ceremonies, followed by announcements and introduction of guests by Boss Lion Frank Price. Invocation will be by Minister Don Bailey. The banquet and entertainment will be held in the church basement.

Father-Son Banquet was started 30 years ago by the late Lt. Paul Eubank who lost his life in World War II. He was a teacher here and Scout Master at the time. He was a member of the Texas Legislature at the time he enlisted in the US Navy.

Lions Hear Talks On Income Taxes

An important subject, income taxes, was discussed Tuesday at the regular luncheon meeting of the Matador Lions Club held in the basement of the Methodist Church.

Three members of the club, Vernon Higginbotham, Farris Fish and Howard Traweck, discussed the subject as the principal program. Lion Higginbotham served as chairman. First speaker was Lion Fish who said: "There is hardly any place to begin or end a discussion on income taxes. I am convinced there is nothing more confusing than the present income tax laws." He cited several examples of the laws and changes that have been made recently.

Lion County Attorney Howard Traweck confirmed the statements of Lion Fish and cited other examples which must continue to confuse the income tax payer.

Lion Higginbotham, a certified public accountant, followed the previous speakers with examples of the confusing regulations which the tax payer must confront as he makes out the forms and pays his taxes.

Next Meeting at School

Boss Lion Frank Price announced that the next meeting of the club will be held in the school cafeteria, March 7, in observance of Texas School Week. He said the second regular meeting in February would be supplanted by the annual Father-Son Banquet, February 14.

He also announced that Union Church Services at the First Methodist Church Sunday, February 12 would start the annual observance of Youth Week in Matador.

Announcement was also made that the Matador Lions will provide trophies for the 9th annual soil and grass judging contests in an area comprised of Motley and Cottle Counties, 1st, 2nd and 3rd place trophies will be provided. Lion Bill Palmmeier said the contests will be held here this year.

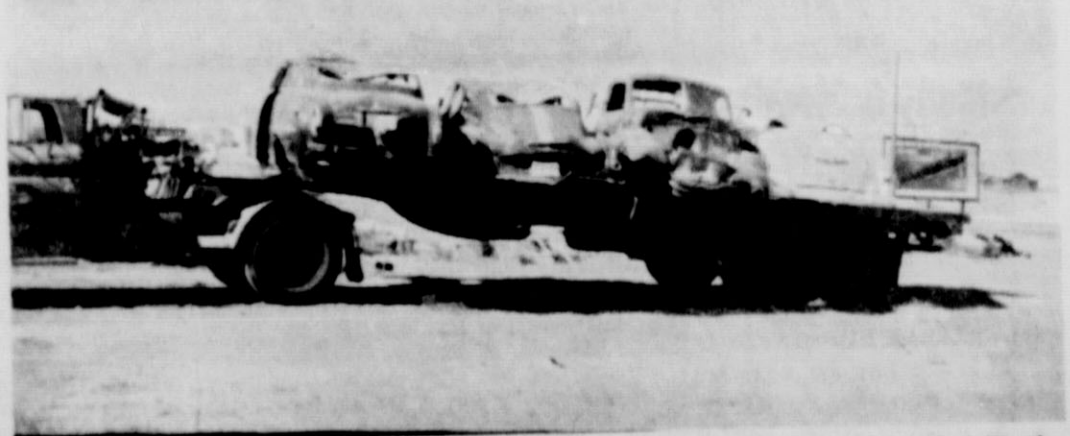

WOMEN INVITED TO MEET WITH NEW HD AGENT

Miss Helena Mokray, Home Demonstration Agent, will present a talk on "Making better use of your food dollar," Wednesday, February 15, at 2:30 p.m. in the County Court room.

All Matador women are invited to attend and take this opportunity to meet the new agent.

Caprock Baptist Girls' Auxiliary Holds Meeting At Roaring Springs

First quarterly meeting of the Girls' Auxiliary of the Caprock Baptist Association was held Feb. 4 in the new sanctuary of the First Baptist Church in Roaring Springs, under the leadership of Mrs. John Scott, Caprock GA Director.

The message for the day, "Heart and Life of Christianity," was brought by Rev. James Hancock of Matador.

Officers serving were Tanya Karr, Caprock GA president; Jo Dale King as secretary in the absence of Beverly Murphy, Marth Waldman, as song leader in the absence of Peggy Day, and Lori Daniels, pianist.

The Matador Girls' Auxiliary received the attendance award, a book entitled "Star Ideals," which was presented by Mrs. Scott, to Mrs. Stuart Dixon, Matador GA leader.

Also recognized were the following chairmen: Lexie Younger, Prayer; Melissa Bailey, Program; Ann Richards, Stewardship; and Bonita Hand, Social Director. Special music was presented by the Roaring Springs Intermediate GAs, Ann Brandon, Melissa Bailey, Jo Dale King, Bonita Hand, Marla Mullins, and Debra Haney, who sang, "How Great Thou Art."

Benediction was by Mrs. L. E. Shorter.

Following the program, refreshments were served by the host church, in the fellowship hall.

Roundtable Held By Baptist WMS

The Baptist Women's Missionary Society met in the parlor of First Baptist Church, Tuesday of last week at 9:30 a.m. for a roundtable review of selected books.

Mrs. Odis Killingsworth, chairman, presided, and three short reviews were given. These included Richer by India, by Myra Scovel, presented by Mrs. Stuart Dixon; Daughter of the Legend, by Jesse Stewart, given by Miss Amy Glenn; and the concluding review which Mrs. Killingsworth gave, The Beloved Invader, by Eugenia Price.

These very timely and interesting books have been placed in the Honor Library in Bird Memorial parlor, to be checked out by other members.

The Roundtable meets on the fifth Tuesday morning of each month, and all women of the church are invited to take advantage of this opportunity, by attending.

Coffee, and a social fellowship was enjoyed by other members, in addition to those mentioned. These were, Miss Verlin Reeves and Mrs. C. D. Garrison, Edgar Lee, Bill Dunning, Ronnie Christian, James Hancock, J. L. Woodruff, James Price and Ben Keltz, and a visitor, Mrs. Grace Mason of Bournfield, who is visiting in the home of her daughter, Mrs. Killingsworth.

Matador Girls Defeat Flomot

by G. Markham
Brenda Wason led the Matador girls to a smashing victory over the Flomot team there, Tuesday, Jan. 31. Final score was 31-17.
Brenda, a freshman starter, racked up 14 points, only 3 points under Flomot's total team score of 17. The score was tied 9-9 at half-time, but the Matador girls came back strong in the last two quarters to win the game.
Sharlene Berryman, who normally plays as a guard, switched to the forward end and made 8 points in the second half to follow Brenda's 14.

Faculty Members Attend Conference

by Judy Marrs
The Matador School Faculty attended a teachers' meeting Monday, January 30, at Memphis, Texas.
The faculty members attended study conferences set up by the Panhandle Educational Services Organization. PESO is an agency of West Texas State University created to serve the public and private schools of the Panhandle and South Plains of Texas.
The conferences included social studies, English, remedial reading and mathematics, and science.

Slides Of Russia Shown At Meeting

by Jana Jones
The Matador Chapter of the Future Homemakers of America had its regular monthly meeting in the high school auditorium Wednesday, Jan. 24.
The program was presented by Mrs. Harry Willett, special guest at the meeting. It was based on a tour which Mrs. Willett took about two years ago in the Soviet Union.
Mrs. Willett showed slides which she had taken during the tour. She also discussed the provinces of the Soviet Union and told the group several facts about each one.
The meeting was presided over by Mrs. A. L. Fair, chapter sponsor, and Sue Robbins, chapter president. Sharlene Berryman, program chairman, introduced the guest.

Boys Cage Team Loses To Flomot

by G. Markham
Flomot boys barely wiggled past the Matador boys 64-62, Tuesday, Jan. 31, at Flomot.

With the score 26-36 against the Red Team at the half of the game, the Matadors came back and scored 22 points in the third quarter to put themselves in a close lead. The game was decided in the final quarter, though, as Flomot outclassed Matador by only two points.
Luis Moore was high point man during the game with 24 points to his credit. Dick Moss followed with 18.
The boys' district tournament will be held at Flomot, starting tonight and will continue through Saturday (Feb. 9, 10, and 11). Matador, ranking fourth place in the district, will play the third place team tonight, at 8:30 p.m.

Literary Land

by Karol King
Lord of the Flies, by William Golding, offers a variation upon the ever-popular tale of island adventure. Golding's castaways are faced with the usual struggle for survival, the terrors of isolation and a desperate but finally successful effort to signal a passing ship which will return them to the world they have lost.

A plane carrying a group of English boys, aged six to twelve, is shot down during the third World War, and the youths are left without adult company on an unpopulated Pacific island. In spite of unusual natural advantages, the children fail miserably and within a short time the rule of reason is overturned and the survivors regress to savagery.
The book is full of symbolism, but the symbolism does not reduce the book to mere allegory, for the story and the characters' actions are credible. The symbolism is, therefore, an addition to, not a distraction from the book.
The most important symbol of the book is, of course, The Lord of the Flies, which is a pig's head mounted on a stick, placed there to appease the unseen but conscious feeling of a phantom, referred to

Senior Spotlight

by Sharlene Berryman

Olivia Campbell, daughter of Mr. and Mrs. L.B. Campbell, was born in Matador, Texas, January 7, 1949. Until 1958, when she moved to Matador, Olivia lived in Dougherty, Texas, where she enjoyed riding horses and the pleasures of ranch life.
Olivia's honors in high school have been many and her interest in sports has been rewarding. Among her most important honors are: 1965-66 District FFA Sweetheart, Football Queen for the 1966 season, co-captain of the 1965-66 girls' basketball team, and the 1964-65 girls' basketball Fighting Heart Award.
Other than basketball, Olivia is interested in volleyball and tennis. She lists as her favorites: eating steak, watching movies, and listening to music by B.J. Thomas.
Attending Tarleton State College in Stephenville, Texas, is first among Olivia's future plans.

Larry Bynum, a quiet, unassuming Senior with a quick smile and a jovial personality was born to Mr. and Mrs. Leldon Bynum on July 21, 1949.
Larry is a boy of average height with light brown hair, brown eyes and an air of clean cut, good looks about him. He is described by classmates as a friendly but taciturn person who is vitally interested in sports.
Since entering high school, Larry has participated in sports of all kinds, including football, in which he earned Honorable Mention on the All-District team this year, basketball, track and baseball. He was a captain of the Matador football and basketball teams this year, although he lists football as his favorite.
Watching T. V. and "just riding around" are among Larry's favorite pastimes when he is not studying or practicing for some sport.
Larry's future plans include a career in agriculture, but he has not decided which college he would like to attend as yet.

Electricity Powers Progress
FEBRUARY 5-11, 1967

Count the ways electricity benefits you

In your home alone, 166 electrical appliances are available to save time, reduce work and do a better job faster and more economically.

Small wonder that in the last 10 years the typical American family has nearly doubled its use of electricity. And at very low cost. While the cost-of-living has been spiraling upwards, the price of electricity has been coming down.

Here at WTU we keep pace with the increasing use of electricity in industry, in business and in the home. It is a way of life with us, for we know that electricity powers progress.

Marilyn Adcock Wins Betty Crocker Award

Marilyn Adcock, by finishing first in a written homemaking knowledge and attitude examination for senior girls December 6, became Patton Springs 1967 Betty Crocker Homemaker of Tomorrow.

Marilyn is now eligible for possible state and national scholarship awards. Her test also earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow.

A state Homemaker of Tomorrow and runner-up will be selected from the winners of all schools in the state, with the former receiving a \$1,500 college scholarship; her school will be given a complete set of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. The runner-up will be awarded a \$500 educational grant.

The 381,324 girls and 14,753 schools registering for the 1967 Search established a new record for the program, which was initiated in 1934-35.

COUNTY AGENT PALLMEYER SAYS:

Ranchers will probably be interested in the results of the range fertilizer tests on the Harold Campbell and John Barnhill ranches.

The Campbell Ranch showed a need of 20-40-40 fertilizer, and treatments by air were 10-20-0 and 20-40-0. Clipping tests revealed that 260 lbs. of extra forage was produced per acre for the low rate

of fertilizer, and 910 lbs. extra was produced per acre on the high rate. Digestible protein content of the grasses (buffalograss and blue grama) decreased as production went up. For the one year's findings, cost of producing the extra forage on the low rate of application was \$28.46 per ton, and on the high rate, \$18.46 per ton. Readings will be taken this year as well as 1968 to determine if the increase will carryover in these years, thereby arriving at figures that can be used to determine if fertilization of native ranges is profitable.

We were not able to get any forage production figures on the Barnhill Ranch as grasshoppers stripped the pasture. Protein tests were made on Arizona cotton top and plains bristleglass, two of the main grasses present, and it was noted that the content of plains bristleglass went up as the amount of fertilizer increased, but on Arizona cottontop, the protein went up for the light application but down below the check for the heavy application rate.

A soil test indicated the need for 20-0-0. The light application was 21-0-0 and the heavy application, 41-0-0. Attempts will be made to obtain forage production figures in 1967 and 1968.

Best Fertilizer Company, Plainview, furnished the fertilizer for these tests, and flying was donated by Joe Collier and Roane Flying Service, Roaring Springs.

A complete breakdown of these demonstrations are included in the results demonstration handbook, which will be available soon.

Of late, questions relative to Federal Crop Insurance are increasing, and I have written for information on this program. If there is sufficient interest in a county not now covered, I have the information relative to making application, but it will take action by the farmers in the county to get anything done.

The program is designed to guarantee the farmer the return of all or a major part of his investment in a crop, with the protection being all-risk and covers all unavoidable causes of loss. Cotton, wheat and grain sorghum may be covered. The Crop Insurance Act by Congress limits the coverage to no more than 75% of the average yield or the cost of producing a crop, whichever is greater.

The Federal Crop Insurance Act limits the number of new counties which insurance may be offered in the nation to 150. Due to budget limitations for the 1967 crop year, plans are to expand to only 40 new counties, 8 of which have been allocated to Texas. Selection of the new counties is based on acreage of the insured crop or crops grown in the county, in addition to the interest of both producer and business leaders in obtaining the protection service for their county.

No rate can be quoted for Motley County at this time, but I received a rate sheet for cotton in Briscoe County.

Farmers who are interested in this program, should come by and look over the information I have, or write Ben A. Jordan Jr., FCIA, USDA Bldg., College Station, Texas.

A deferred rotation grazing system at the Throckmorton Experimental Ranch is boosting cattle profits about \$11 a cow per year.

Of all treatments, the system of grazing continues to have the most important dollar and cents influence on livestock production. Both the 2-pasture and 4-pasture systems of deferred-rotation grazing have produced more and heavier calves than continuous grazing at the same stocking rate.

The 4-pasture system has produced the best gains so far. Weaning weights for the past 6 years have averaged 518 lbs. on the 4-pasture system, 499 on the 2-pasture system and 487 on continuous grazing.

Calf production per cow averaged 482, 454 and 438 lbs. on the 4-pasture, 2-pasture and continuous grazing systems respectively, with the increased production of the 4-pasture system figured at \$11 per cow over the continuous grazing system. Calving per centage with the 4-pasture system was 93%, and Dr. Dub Waldrip, who is in charge of the station states that he not only gets more beef per acre, but plenty of range improvement too.

The 4-pasture system allows for each pasture to be grazed 12 months, then rested 4 months. This system was developed at the Sonora Station by Dr. Leo Merrill, and offers all livestock producers a chance to increase their net returns per acre while improving ranges.

Why not stop by the office, and let's see if a system of this type can be fitted to your place?

AUSTIN — Texas legislators are at work on Gov. John Connally's recommendations for raising \$144,200,000 in new taxes which include a "surprise" proposal to legalize the sale of liquor by the drink.

His local-option, mixed-drink endorsement was the major bombshell in an otherwise predictable package based on boosts or adjustments in old-stand by sales and business taxes and a transfer of farm road financing to the highway fund.

House Revenue and Tax Committee hearings are due to get under way immediately. Legislative leaders acknowledge some bitter controversies are upcoming for the first major revenue program advanced since Connally took over the governor's office.

In his 25-minute speech to a joint session of the House and Senate, Connally outlined his views on how to raise the \$971,500,000 necessary to carry out his general revenue spending program for the next two years.

Here, in summary, is the governor's tax program:

- *Repeat the sales tax exemption on all alcoholic beverages, effective July 1. (Should yield \$26,000,000.)
- *Increase the gasoline tax 1c a gallon (from 5c to 6c), effective July 1. (Since \$24,400,000 of the additional revenue automatically would go to the available school fund, general revenue of this amount would be freed for legislative appropriation. Tax raise would add \$73,200,000 to the state highway fund.)
- *Repeat the 1949 Colson-Briscoe

Act's general revenue allocation of \$15,000,000 a year to farm-to-market roads and leave financing of these roads to the highway department. (\$30,000,000 general revenue gain.)

*Tax distilled spirits and wine sold by the drink at licensed establishments five-cents-an-ounce. (\$15,000,000 gain.)

*Increase the corporation franchise tax rate from \$2.25 per \$1,000 to \$3. (\$30,900,000.)

*Raise the natural gas production tax from seven to eight per cent of wellhead value, effective July 1. (\$17,800,000.)

Connally said he had tried to fashion "an equitable plan which will impose the least possible burden upon the individual and business taxpayers of this state."

He emphasized that he recommends legalizing liquor by the drink only on a local-option basis and under "strict regulation" with punishment by revocation of licenses for repeat sales of liquor to minors. He hit at the existing "subterfuge" which now permits serving of mixed drinks through "so-called private clubs."

"It is time to bring this matter into the open," the governor said. "It is my considered opinion that a far more wholesome climate will prevail if liquor can be sold by the drink, legally and under tight regulation."

Connally got his biggest applause when he said he would NOT recommend a state college-university tuition increase.

PAY HIKE URGED — The Legislature has unanimously petitioned the governor to submit as an emergency interim pay raise for all state employees.

Connally did not mention this request in his address, however. If such a raise would be voted, to take effect immediately, another \$5,500,000 in general revenue would have to be raised.

Connally's budget includes an overall-average 20 per cent pay raise for the state government workers, effective September 1.

In it is not an across-the-board 20% raise. Raises would vary widely by salary groups. For

example, lower paid workers would be raised from \$2,640 a year to \$3,024 (approximately 12%) and those in highest classifications from \$12,830 to \$17,784 (nearly 39%). This means a \$32 a month raise to the little fellow and \$42 per month in the high salary brackets.

Connally last week added \$10,000,000 to his spending recommendations for another purpose — to raise to the maximum authorized by a 1963 constitutional amendment welfare grants for the needy, aged, blind, families with dependent children and the disabled and to implement the Title 19 program of federal-state aid to the indigent.

AG REPORT — Texas agriculture is failing to attain its reasonable production potential by as much as a billion dollars a year, the House Interim Committee on Agriculture has found.

"This suggests that Texas agriculture is now operating at only one-half to two-thirds of its capability," the report says.

Committee made three recommendations. They are to set up a Coordinating Board to set agriculture goals, compile annual agriculture statistics, county-by-county, for planning and programming, and pass legislation to permit agriculture to provide funds of its own for research and promotion.

before the Senate Committee on Counties and urged that the rugged lands be made into a state park.

Committee had voted to report the bill favorably, subject to insertion of a corrective amendment if needed.

Possible amendment would provide a safeguard against any subsequent federal legislation that might deprive the state of its bounty in the event of oil or mineral production.

Sadler, however, presented his views and summed up with a declaration that minerals alone, "in a short period of time would more than pay for the total cost of the establishment of a state-owned park in the Guadalupe Mountain area."

Committee members directed that the bill be held back for a hearing and further action later.

Senator Opposes Liquor by Drink

(Special to Tribune)

AUSTIN — Senator Jack Hightower, Vernon, said Thursday that Governor John Connally's proposed liquor-by-the-drink tax revenue measure "would create more problems than it would solve."

The Senator also questioned the advisability of the Governor's proposed repeal of the Colson-Briscoe Act under which state funds are allotted for construction of farm-to-market roads.

"I do not think that there will be any tangible benefits for the state under the liquor-by-the-drink proposal, even though it was proposed as a revenue measure," Senator Hightower said.

In his address to the legislature, the Governor said that the proposed tax on the liquor sales would add \$15 million to the state's revenue during the next biennium.

"I am in agreement with Governor Connally's statement that increased effectiveness in enforcement of laws relating to private clubs and the sale of liquor are essential," the senator said.

"However, I do not believe that the legalization of liquor by the drink is necessary to accomplish this. Such legislation would, in my opinion, create more problems than it would solve."

REDISTRICTING CLOUDED — Two recent Supreme Court decisions invalidating congressional districts of 12.5 and 10.4 per cent population disparities in Indiana and Missouri may renew the reapportionment fight in Texas.

House Speaker Ben Barnes fears the court may turn down the 1965 Texas redistricting acts. Rep. Gus Mutseher of Brenham, chairman of the House Redistricting Committee, hopes to discuss the matter with a Houston federal court which passed on the Texas act and indicated some disapproval but never issued any standards of population tolerance.

ATTORNEY GENERAL SPEAKS — Students at state-supported colleges no longer are required to take a "loyalty oath" in the opinion of Atty. Gen. Crawford C. Martin.

Martin said the 1949 act which required the oath of students and faculty was altered in 1953 by a law which covered only paid employees of the school. Some legislators are considering a bill to put students back under the law.

In other opinions, Martin held: "District court judges who are members of county juvenile boards must be paid an additional \$325 a month in salaries, and county commissioners cannot pay less."

"A person convicted of a felony and given a suspended sentence is not barred from applying for and receiving probation under the misdemeanor probation act."

"Texas inheritance tax provision concerning use of the 'resident decedent's' entire estate wherever situated as a factor in determining the rate to be applied to succession of property is constitutional."

Badgett To Work For Matador Auto

David Badgett, manager of Badgett's Paint & Body Shop here for the past four years, has accepted

a position in the shop at Matador Auto Co., local Ford and Mercury agency, which was damaged by fire January 19. Shop and show room of the agency is undergoing extensive repairs, following the fire. Brick walls of

the shop are being sand blasted to remove smoke stains and old plaster.

*** MEETING POSTPONED**
The Matador Chapter of Young Homemakers will not meet Monday, Feb. 13, as scheduled. It was announced this week. Members will be notified of a later date.

Visitors Sunday in the home of Rev. and Mrs. James Hancock, were Mr. and Mrs. James Brewer and family, and Mr. and Mrs. Dwayne Key, all of Lubbock.

CARD OF THANKS
Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Your comforting expressions of sympathy and thoughtfulness have been deeply appreciated, and will always be remembered.

The Family and Relatives of Gilbert C. Keith

CARD OF THANKS
Your cards and letters of sympathy, and flowers sent at the recent passing of my brother, S. E. Goughly, were appreciated more than I can express in words. My sincere thanks and gratitude for all those comforting deeds of kindness. May each of you be richly blessed.

Mrs. Ethel Brown (1)
