**WHY FARMER IS DISSATISFIED**

For a number of years now the financial condition of the farmer has not been satisfactory either to the farmer himself or to those who are truly interested in his welfare. His property has taken a downward plunge in value, while his indebtedness has mounted skyward. Thoughtful men have concluded that this state of affairs is due to the fact that the cost of what the farmer must buy in order to live and to make a crop has increased much more rapidly than the price of the products he has to sell. In other words, it takes more pounds of cotton or more bushels of corn to buy a plow or a suit of clothes now than it did back in the olden days, say, along in 1914. As the farmer has no more bushels of corn or pounds of cotton than he ever had, his purchasing power has been reduced. Reduced purchasing power means a lowered standard of living and less joy in farm life.

Why is this true? Well, it's due to the fact that our protective tariff is higher than ever before. Our immigration laws have been strengthened. The high tariff tends to lessen the importation of foreign goods, and thus lessening competition, has increased the price of manufactured goods—plows, clothing, etc. Immigration laws have shut out foreign labor and this in turn has enabled our American laborers to charge and get more for their services. The farmer is paying his part of what it costs to promote the welfare of these classes. He has been taxed in order that the life of the American laborer might be made more pleasant and to make even more exorbitant the profits of the American manufacturers. He has suffered all this for the sake of a protective tariff, but when it comes to making farm prices higher, the tariff "hits only on one cylinder." It helps considerably with certain minor crops, and to a certain extent with more important ones, but any impartial student of agricultural economics will tell you that the tariff costs the farmer much more than it brings him.—The Progressive Farmer.

**THREE IMPORTANT DAIRY SUBJECTS**

Prof. J. P. LaMaster, chief of the dairy division of Clemson College, emphasizes the fact that more profit could be made in dairying if Southern farmers would give the subject a reasonable amount of thought and study. He calls attention to three important matters that must be given greater attention as follows:

1. Many farmers selling cream do not think they are making money, and this if true is entirely because they are neglecting a few essentials for economic production. The skim milk is of vital importance in determining the profit possible in milking a few cows. What should be done with the skim milk? First, it should be fed to the best heifer calves and any balance used in poultry and hog production. Unless skim milk is used in this manner, the most profit cannot be realized from a herd of dairy cows. The by-product is as important as the cream. Unless the by-product is used to raise good heifer calves, hogs, and chickens, the skim milk is lost.

2. Keeping records is another very important factor on any dairy farm. By all means a record of the breeding of every cow in the herd should be kept. Otherwise how can we know when our cows are due to freshen? If we know this, then we can give the cows a good rest by drying them up a month to six weeks previous to the next lactation period.

3. By far the most important consideration in the production of cream is the time of year that the cows freshen. The fall is always the best time for freshening: First, because the price of butterfat is always higher in the fall and winter; second, because fall and winter are the slack seasons on the farm; third, because the cows will do better at this time of the year, not having flies to fight, and climatic conditions being most favorable. Therefore, there can be no doubt that the cows in our average farm herds should begin to freshen along about October.—Editor Tait Butler, in The Progressive Farmer.

The most recent estimate of the world's population gives a total of 1,849,500,000, of which 725,000,000 are Caucasians; 650,000,000 Mongolians; 210,000,000 Negroes; 100,000,000 Jews; 104,500,000 Malays, and 30,000,000 Indians.

War between Sweden and Denmark is definitely outlawed by an unlimited arbitration treaty signed by the two nations.

Over 20 million cigarettes were produced in the United States in the first quarter of 1926.

The Store That Quality Built

**STERLING COUNTY OIL NEWS**

Roxana Clark No. 1, on section 5, G. C. & S. F. Ry. Co., 13 miles southeast of here, after a delay of several weeks, resumed drilling again this week in time past 2900 feet.

Deep Rock Clark No. 1 on section 17, block 15, H. & T. C. Ry. Co., 8 miles southeast of here, is drilling past 2525 feet in gray lime.

The Exploration Oil Co., Broome No. 1, on the northeast 1-4 of section 21, block 11, S. P. Ry. Co., 9 miles southeast of here, is reported to have spudded in yesterday.

Rummell Clark No. 2, on section 8, block "A," G. C. & S. F. Ry. Co., 11 miles southeast of here, is still swabbing oil and storing it for fuel for future operations. The oil from this well is of very high grade.

After being shut down for several weeks waiting for orders, the Sparkman well on section 34, block 30, W. & N. W. Ry. Co., 20 miles west of here, resumed drilling past 3250 feet this week. We understand this well will be deepened 100 feet.

H. C. Bruce, local driller, has a contract for drilling a well on the southeast 1-4 of section 111, block 29, W. & N. W. Ry. Co., 25 miles northwest of here, in Howard county. This well is located about two miles west of the Owen-Sloan Chalk discovery well. Mr. Bruce will begin placing material on the ground next week.

Paul S. Odward, chief of the Chicago-Texas Oil & Gas Syndicate, is in Chicago in conference with his associates as to the future development of the Durham field, 1-1-2 miles south of town.

Oil was struck in the California Foster No. 1, on the southeast 1-4 of section 5, block 29, Township 1 south, T. & P. Ry. Co., in W. L. Foster's pasture in Mitchell county, last Wednesday, about 33 miles northwest of here. The showing is said to be good for a ten-barrel well, but it was passed up and drilling resumed. This well is about three miles northwest of the noted Mary Foster well which is still a good producer. The showing and formation in this well compares with that of the Mary Foster in which the big pay was struck at 2870 feet.

The California Davis No. 1, on section 28, block 2, H. & T. C. Ry. Co., 3-4 of a mile north of the town limits, is drilling in time past 2100 feet.

Rumors of several new tests in this vicinity are current, but we are not at liberty to give them out yet.—Sterling City News-Record.

The energy used in dancing the Charleston is equivalent to that used in running a 440-yard race.

**ERROR IN NEWSPAPER HELD NOT LIBELOUS**

Austin, Texas, June 19. — The Third Court of Civil Appeals, in an opinion by Associate Justice J. H. Baugh, Wednesday reversed and remanded for another trial the case of Express Publishing Company of San Antonio vs. Mrs. Gertrude Isensee, from Hays county, Mrs. Isensee having been given judgment on an instructed verdict by a jury in the District Court for \$7,500 damages for publication of a photograph and article alleged to have been libelous per se.

The photograph, which was run in an article charging another woman with crime, was clearly identified as that of Mrs. Isensee, but the printed portion did not refer to Mrs. Isensee.

The opinion held that the publication was not libelous and that the average reader could draw the conclusion that the picture of Mrs. Isensee could have been placed in the article by mistake.

"In the necessary haste and volume of detail required to issue editions of large daily newspapers mistakes in the placing and arrangement of type, forms, captions or pictures are not infrequent," the opinion said. "Readers of large dailies are no longer surprised at seeing a caption or headline on one subject followed by an article entirely foreign to it, or even to see an article on some person accompanied by the picture of someone else inserted by mistake."

**DO YOU LIVE ON A GOOD HIGHWAY?**

"Please try to encourage farmers who live on the main-traveled highways to beautify their places," writes a subscriber. And he is right. More people are coming South than ever before, and these travelers are going to judge our section largely by what they see on the main roads. As far as possible let's see to it that our houses, grounds, fields, fences, and forests make a good impression for Dixie and thereby help promote its progress, development, and prosperity.—Clarence Poe, in The Progressive Farmer.

The number of church members in America increased 500,000 during 1926. There are now 45,583,000 church members out of a population of 115,000,000.—Dearborn Independent.

The birthrate of the United States has declined more than thirty per cent in the past thirty years and is still declining.

**WHY SAN ANTONIO WANTS PO...**

Porter Whaley, in the leading issue of the Chamber of Commerce that with Amalio's pacty, has resumed retaryship of the Chamber of Commerce.

San Antonio, population of a distinct metropolitan empire in Texas, Fort Worth and Dallas lately discovered, stance, however, herself handicapped a lack of rail to the round about Fort Worth. The latest and biggest Antonio and the other development proceeding a rate, San Antonio than ever to have ceedings.

Porter Whaley ly connected with ing its period of and development peculiarly valuable City organization in San Antonio is heard in no very distant date. In the meantime organization can be velop new direct Sweetwater Report.

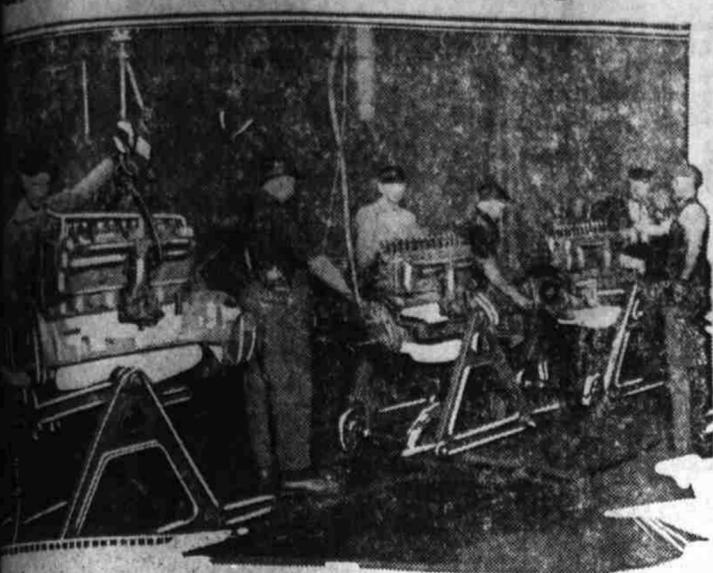

**THE DIVINE**

Down south of low, red, sandy nees, poverty, and fear. On the groves, thriving ity, peace, order, cation, health and stable government, the Rio Grande. much of a stream, line between a centuries behind of a Nation, which a veritable paradise.

Those of us discouraged and our lot, need south of the Rio in what pleasant east, and to re- else on this road good or opportu- just where we States. Ex.

Mr. and Mrs. were in Big Spring their ranch southeast of town.

are Used In Assembling Engines

parts which make up the engine are shown below. Each has passed through operations and under tests before being disassembled.

When completely assembled, the engines undergo a block running test of several hours duration. They are then taken to a silent room, where expert testers listen intently for any noises that would indicate imperfection at any point. Having passed these tests successfully, the engines are then moved by conveyor to another part of the factory for assembly into a car.

**COAHOMA MOVING FORWARD**  
B. F. Logan of Coahoma was here Wednesday and had a fine report as to the progress Coahoma is now making.

The establishment of a tank farm and loading rack one and one half miles east of Coahoma and the building of a six-inch pipe line to bring oil from the producing wells on the O'Daniel, Hyman, Chalk and Clay ranches, as well as from the other producing wells that will be brought in means much to that town. Six carloads of this tubing has been unloaded at Coahoma this week.

The new Padgett Hotel at Coahoma has proven a real asset to the town as many oil men are furnished accommodations at this up to date hotel.

A three-day Chautauqua program was closed at Coahoma Wednesday night. A fine attendance was to be noted at the six big attractions furnished by the Radcliffe Chautauqua Co. of Washington, D. C.

A community project just started at Coahoma is the erection of a large public tabernacle-auditorium. This will be for use for revival meetings as well as for all meetings of public interest. Five church denominations are taking the lead in putting this proposition over. The tabernacle is to be 60x70 feet and will be located near the Methodist church.

**TO BUILD GIN AT VEALMOOR**  
C. L. Powell was down from Vealmoor the first of the week and reports crop conditions the best ever out his way.

He informed The Herald man he had been working recently on raising funds for the erection of a gin in the Vealmoor community and was meeting with good success.

Judging from the generous response that was being accorded, it seems that they would be able to have a gin erected in time to take care of this year's cotton crop, which he said, promised to be a big one.

He also advised us that new people are moving into that community all along and he estimates that over one hundred families will be located in this fine agricultural section by June 1, 1927.

The warm weather has been just what was needed for growing crops and early planted feed and cotton have been growing like weeds, since the warm weather set in. Young crops just coming up were badly cramped by the hot winds during the week.

C. D. Ambrose of San Angelo, field representative for the Dallas News and the Semi-Weekly Farm News, spent Tuesday in this city. C. D.'s many friends, as usual, were held spell bound while he raved about the wonders of San Angelo.

It keeps a fellow scared stiff these days for fear a destructive hail storm will make its appearance. These hot waves are usually followed by hail storms or floods, and we have been treated to some extra torrid weather this week.

Baby bowel remedy. We have a better one. Cunningham & Philips.

**W. Carroll Barnett Jr.**  
OFFICE IN COUNTY ATTORNEY'S OFFICE IN COURT HOUSE  
BIG SPRING, TEXAS

**TO SPRINKLE STREETS**  
Ever since the sprinkling of the streets was discontinued by the Chamber of Commerce on April first there has been much complaint about the dust nuisance in the business section. This nuisance at times became almost unbearable, and especially so since the streets have been torn up in laying the new water mains and digging up the old mains.

The limit seemed to be reached this week so some of the citizens called on the Mayor and members of the City Council to adopt measures to relieve the situation.

It was suggested that the fire engine be used to flood the streets where the dust was especially bad but this plan was not favored by the City Council.

Arrangements were then made to secure a sprinkling wagon to operate once each morning and once each afternoon and the city requested to pay a part of the cost. The charge for the sprinkling to be about \$15 per week. The City dads advised that their economy plan would not enable them to meet this expense, but they would furnish the water if the citizens paid for the sprinkling.

So, as is usually the case, the brunt of keeping the city from being knocked by reason of the dust nuisance it will be up to the citizens and especially those in the business section to dig up the \$15 per week to pay for sprinkling the streets. A list is now being passed to raise a sufficient amount to keep the streets sprinkled during the next two months.

Those of our citizens who have occasion to be downtown will surely be pleased to learn that the dust nuisance is to be partly eliminated during the coming months.

Geo. J. Ruth, minister of the First Christian church, and wife left Monday for a two weeks visit in Denver and other points in Colorado. Mrs. Ruth's mother will accompany them on their return to Big Spring.

The Store That Quality Built

CARD OF THANKS

The City Federation desires to thank each and every one who helped in any way to make the big carnival a success. Especially are we indebted to S. R. Weaver for the lumber, Bascom Reagan and his force of carpenters for their labor freely donated, and to L. E. Coleman for so generously wiring and lighting our grounds. Then, too, we appreciate the way in which all Big Spring gave pies, cakes, salads, etc., nearly every home in this city contributing something. We thank all of the various men, women and girls, who assisted us, especially Mrs. Eb Hatch and Carroll Barnett for the good show that was so well received and made so much money. We take this means of expressing toward everyone who helped from the most to the least, our sincere thanks. Our City Federation is grateful for the patronage from our entire community and wants to say a big "THANK YOU" to everybody. Mrs. J. M. Morgan, Chairman of Carnival.

ATTENDS ASSOCIATION AT DALLAS, JUNE 15-17

Shine Phillips left Sunday morning for Dallas, where he went to attend the State Pharmaceutical Association, which convenes in Dallas, June 15 to 17. Shine is the Chairman of the Trustee Board of the Association.

In the Sunday issue of the Dallas Morning News, appeared a picture of E. C. Phillips, popularly known as "Shine," among the druggists of the State, stating his position as chairman on the Trustee Board.

Mrs. F. A. Clarke of Dallas, mother of Mrs. I. J. Robb, and Mr. and Mrs. T. E. Eason and two children of Dallas, who have been here on a visit with Mrs. Robb and family, returned to their home in Dallas Wednesday morning.

Bathing suit bags... Cunningham & Philips.

There is no doubt but that our city should send a big delegation to the West Texas Chamber of Commerce meeting at Amarillo. We are all agreed it is a good thing but each of us seem to think the other fellow ought to go.

Fruits and vegetables. Pool-Reed Co.

Mr. and Mrs. J. J. Hair and daughter, Mamie, left Thursday morning for a visit in Mineral Wells and Anderson. They will be absent about thirty days.

Finds Relief After Six Years Suffering

Mississippi Strong in His Praise of Dr. Thacher's Liver and Blood Syrup

"I suffered with indigestion for six years," said H. L. Alexander, McNeill, Miss.  
"I had gotten to the place where I could hardly eat a thing. I had smothering spells and fell off twenty pounds."  
"I was in a bad fix until I decided to try Liver and Blood Syrup. I gained in weight. I've not had a bad spell of indigestion since. I believe Liver and Blood Syrup is the best liver medicine made. I cannot say enough for what it has done for me."

W. H. Wina of San Angelo was here this week in company with other officials of the McLand Oil Co.

#### COUNTY CANDIDATES MUST FILE APPLICATIONS BEFORE JUNE 19

There is a chance for some county candidates not having their names printed on the ballots in the Democratic primary July 24, unless they get busy. Every candidate who desires to have his name printed on the ticket must file his application with the county chairman, F. F. Cantrell, or leave same with G. B. Cunningham or at the office of the County Clerk, on or before Saturday June 19.

Up to Tuesday, many had not filed such applications and in order to give notice of the necessity of acting promptly we print the names of those who have properly filed said applications. If you are a candidate and your name is not included be sure to file same on or before next Saturday.

County Judge: H. R. Debenport and W. Carroll Barnett.

County Attorney: James Little.

County and District Clerk: J. I. Prichard.

Sheriff and Tax Collector: Frank House, B. F. (Bud) McKinney, Rube Martin, Andrew J. Merrick.

Tax Assessor: Anderson Bailey, Mrs. W. W. Satterwhite.

County Treasurer: E. G. Towler, Zou Hardy, W. A. Prescott, A. G. Throop, D. F. Painter.

Public Weigher: Algen A. Barnett, Jr., A. T. Lloyd, S. M. McKinnon, John F. Orr, Lem Stallings, Algie Smith, J. W. Carpenter, Charles C. Nance.

Justice of Peace: D. C. Maupin, W. M. Harwell.

Constable Precinct 1: W. B. Day.

Commissioner Precinct 1: A. H. Bugg, O. C. Bayes.

Commissioner Precinct 2: J. S. McCright.

Commissioner Precinct 3: J. O. Rosser, G. H. Porch.

Commissioner Precinct 4: Tom Holler.

For Public Weigher, Precinct 2: K. G. Birkhead, Frank Loveless, H. C. Reed.

#### TEXAS ACREAGE IS INSPECTED BY OIL MAN

M. E. Lombardi, a native Texan, who was recently appointed assistant general manager of the producing department of The California Company, is making his first trip of inspection to the West Texas properties of the company. His offices are in San Francisco. Lombardi was formerly an executive of the Pacific Oil Company, a Pacific Coast company which grew out of the oil holdings of the Southern Pacific Railroad, and which was recently merged with the Standard Oil Company of California. The California Company is the operating subsidiary of the Standard of California in West Texas and the Rocky Mountain States. It has been operating in West Texas development for the past four years, purchasing several hundred thousand acres of leases and drilling a number of wildcat wells. It is the principal operator in the Westbrook pool in Mitchell county, where it has approximately 2,500 barrels of production daily. Accompanying Lombardi on his first inspection of the California Company properties are W. F. Vane, manager of the land and lease division; G. C. Gester, chief geologist; A. S. Palmer, general superintendent, all of San Francisco. — Fort Worth Star-Telegram.

#### STATE DEMOCRATIC COMMITTEE ENDORSE GOVERNOR

Wichita Falls, June 14.—Resolutions approving the administration of Governor Miriam A. Ferguson and asking Texas Democrats to support her for re-election, were adopted by the State Democratic Executive Committee in session here today. Twenty-five committee members were present and six absent.

Two vacancies on the committee caused by the death of Henry Skaggs of Plainview and the resignation of Dwight Lawelling of Dallas, will be filled at the afternoon session.

The resolution favoring the administration was adopted after lengthy discussion by a vote of 19 to 8.

A proposed amendment seeking to secure endorsement of Dan Moody for governor was defeated 18 to 7.

The resolution adopted declared the administration had been "economic, faithful and honest" and recommended state Democrats follow the usual custom of rewarding a faithful servant with a second term.

Mrs. J. B. Hodges and son, Jack, and Mrs. John Hodges left Wednesday morning for an auto trip to Fort Worth, Dallas, Texarkana, Little Rock and Memphis. They will be absent from this city for two months.

Miss Bernice Waggoner returned Wednesday from her vacation spent in San Angelo, visiting her father, and in San Antonio on a visit to relatives and friends.

GO TO CHURCH SUNDAY

HERB LEES

Phone 196 :: 309-11 Main Street

Miss Frances McNew left today for El Paso, for a ten day visit with her brother, Glenn McNew.

C. J. Bradley of the Magnolia Petroleum Co., made a business trip to Colorado this week.

Lubbock is going to make a great fight to secure the 1927 convention of the West Texas C. I. C.

Mr. and Mrs. J. D. Biles and son, Louis, left Tuesday morning for an auto trip to Pittsburg, Texas.

Mrs. L. Griffith and three children left Wednesday evening for a ten days visit in New Orleans.

Peter Morgan returned Tuesday night from a visit with his sister, Mrs. P. K. Williams and other relatives in Kansas City, Missouri.

Miss Jacqueline Stevens of Baird, who has been the guest of Miss Frances Sullivan since Tuesday leaves tonight for her home.

Hear Brother McClung and Mr. Teddie at the Big White Tabernacle on West Fourth Street. Big Revival meeting starts, Friday, June 18.

Mrs. Max Weisen left Tuesday evening for Olney, Texas, in response to a message stating the serious illness of her daughter, Mrs. Albert Gaeckle.

Miss Eva Lee Williams returned to San Angelo Monday after a week's visit with her sisters, Mrs. R. D. Hatch and Miss Susan Williams, and brother, Munroe H. Williams.

Born to Mr. and Mrs. Akin Simpson Thursday, June 17, a bouncing boy, who tipped the scales at nine and one-half pounds.

J. P. Hawk and daughters, Misses Arthur and Marie, left Thursday evening for a visit with relatives in Alabama and Tennessee.

Miss Mary Lou Williams arrived Tuesday morning from Tulsa, to spend the summer with relatives in Big Spring and Ballinger.

Hear Brother McClung and Mr. Teddie at the Big White Tabernacle on West Fourth Street. Big Revival meeting starts, Friday, June 18.

J. M. Bates is now holding down the job of dealing out mail on Rural Route No. 1, while H. S. Meskimen enjoys a two weeks' vacation. Mr. Bates began upon his duties Wednesday of this week.

Taking over the manufacture and dispensation of all whisky by the United States government itself is advocated by the president of the Texas Pharmaceutical Association. Most druggists are not in favor of the present system of handling liquor by drug store prescription.

Mr. and Mrs. Roy Price of Dallas arrived Sunday evening for a visit with his parents, Mr. and Mrs. John Price. They made the trip from Dallas in their new Buick coach. Roy, who is head man in the watch making department of the Arthur Everetts jewelry establishment of Dallas, is now enjoying a two weeks' vacation.

#### CHRISTIAN REVIVAL STARTS JULY 18

Rev. Geo. B. Kellem will conduct the revival services at the First Christian church which begin July 18. Esra Jackson and wife, two of the best musicians in Texas, will be here to conduct the song service during the revival services. Keep the date in mind and make your plans to attend this revival.

#### FIRST CHRISTIAN C. E. NOTES

"How Much of a Goal Should Be?" At Endeavor June 20, 7:15 p. m.

You will receive your orders on this subject. Be there on time, we will look for you. An interesting program has been prepared. Everybody invited.

#### PRESBYTERIAN AUX. NOTES

The three circles will meet next Monday afternoon at 3 o'clock with the following hostesses:

Whatsoevers—Mrs. E. L. Barrick, Dorcas—Mrs. W. E. Settles, King's Daughters—Mrs. S. L. Bell. All members are urged to be present.

If a branch of the Texas Council of Safety is organized in Big Spring they would find a worth while task in eliminating that dangerous railroad crossing on Gregg St. It would be better for the citizenship and for the railroad company to have a viaduct built over this dangerous crossing.

A loose powder Vanity and a box of dollar face powder, both for one dollar. . . . Cunningham & Phillips

### PUBLIC WEDDING AT W. T. C. C. MEET

Amarillo, June 11.—How would you like to be married before a general gathering of the West Texas Chamber of Commerce convention, facing scores of newspaper reporters, staff correspondents, motion picture cameras and 5,000 people, including some of the most distinguished personages of the Southwest? In other words how would you like to be the official bride and groom of the West Texas Chamber of Commerce at its convention here during June 21-22-23, in a ceremony surrounded by all the color, glamor and pomp that a gathering of such magnitude is able to impart? That is just the experience that will be the lot of one bride and groom immediately following the Spanish Fiesta as a fitting finale to the most colorful and picturesque evening of the entire convention to take place on Tuesday, June 22. The contracting parties have already given assent, and all other necessary arrangements are being completed.

The wedding will have no particular significance except that the happy couple will have the distinction of being the first to be united in matrimonial bonds under the auspicious sanction of the West Texas Chamber of Commerce. Going through with the ceremony is not a matter of facing the minister and saying "Yes." It means facing as many people as can be packed within the four walls of the magnificent city auditorium from a stage that will cast into a setting of charm and gorgeous beauty of the consummate skill of an artist blessed both in genius and experience in the creations of artistic impressions and befitting atmosphere. The Spanish motif soft lights, bright shawls, roses entwined in fretted trelliswork, the inimitable, illusive romance of Old Spain and of colonial days that live in tantalizing memory—will prevail, entranced with melodies born of the passion and fire of the Castilian heart.

The wedding party, made up of the bride and groom, officials of the West Texas Chamber of Commerce and the Amarillo Chamber of Commerce, and the cast of the Fiesta, will enter upon the stage immediately after the conclusion of the Fiesta.

Here the ceremony, its various features designed to accord with the extraordinary event and the charm of its setting, will be carried out in its completeness, and the first wedding to be held under the auspices of the West Texas Chamber of Commerce will have been presented, as one of the most attractive and happy incidents of the great convention of the organization which will take place in Amarillo.

The wedding is no sham affair, but a real honest-to-goodness marriage of a bride and groom, and the convention officials are eagerly preparing to give the two young people the happiest and most auspicious start possible into the great adventure.

### ENTRANTS IN LOCAL CONTESTS SHOULD ENTER NEWS CONTEST

All farmers who are entered in local cotton contests or county contests are being automatically entered in The Dallas Morning News and The Semi-Weekly Farm News "More Cotton on Fewer Acres" contest so that they will have a chance to compete not only for the local prizes but for the Big State Prizes totaling \$10,000.

Chairmen of county or local cotton contests are urged to mail to The Dallas News a complete list of their local entrants, with correct mail addresses so that they can be entered in the State cotton contest. If this is not done some farmers who may be entitled to some of the big State prizes but will be denied opportunity of winning a State prize because their names have not been turned in to The Dallas News.

All local cotton contest entrants should ask their county agents or the chairmen of the local cotton contests to mail their names in promptly before July 1, when the State cotton contest entries will close.

The same five acres and the same effort put forth in a local cotton contest will enable farmers to win in the State contest. It costs nothing to enter the State cotton contest so why not be entered for all the prizes that a farmer can possibly win? Also, the more farmers who enter the State contest the more information about successful cotton raising will be assembled which will become the property of all Texas cotton growers.

To date more than 6,000 farmers have entered the State contest and it is hoped to exceed this total very largely when all the local contestants have entered.

Mrs. L. L. Blackburn is in Big Spring with her sister, Mrs. B. O. Jones, who has been seriously ill, for sometime. Mrs. Blackburn was preparing to visit her sister when the sad news of the sudden death of her brother, Wiley Trent, near Del Rio last Friday, was received. — Baird Star.

Misses Vaillia and Wanda True returned home Thursday morning of last week, from Belton, where they have been students in Baylor College. Miss Vaillia was a member of the 1926 graduating class, receiving a B. A. degree. Enroute home they visited their sister in Dallas.

Among the five hundred graduates of the University of Texas, Wilbur Matthews of Big Spring won a place among the first thirty on the honor roll. Wilbur's many friends are indeed pleased to learn of his winning this honor.

Miss Lillian Frances Gary left Sunday evening for an extended visit with friends in Waco, New York City, Atlanta, Ga., and other places.

Mrs. C. A. Stewart of El Paso is a guest in our city, visiting Dr. and Mrs. W. C. Barnett and family.

Make First Christian Your Church

**POOR OLD GRANDAD**  
It may have been a fact that  
grandad never, never saw a movie.  
He may never have attended a ball  
game. He possibly did not own a  
radio and he was not in possession of  
a glivver. He did not go down town  
every night to get the girl's neck  
shaved, and he only took a bath now  
and then. It was weeks, yes, even  
months, before the happenings of the  
city reached him and he never  
thought of swimming with the  
ladies.

He never smoked a cigarette.  
He never had his nails manicured  
He never divorced grandma.  
He never drank near-beer.  
He never went to a burlesque show  
and took a front-row seat.  
He never bought pointed-toed  
shoes.  
He never went to the club.  
He never had a dark brown taste  
the next morning.  
He never wore a boiled shirt or  
one of those little "go-devil" neck-  
ties.  
He never took physical culture or  
anything that did not belong to him.  
But granddad was never behind  
with his work.  
Ever think of that?—Osborn En-  
terprise.

**THE PRINTERS' FAULT AGAIN**  
Judge Landis, baseball czar, was  
a much-feared questioner when he  
sat on the Federal bench at Chic-  
ago. Whenever he began to figura-  
tively "look through" a witness,  
he frightened all thoughts of eva-  
sion from the mind of the witness.  
And one day, so the loungers say  
as they recount the stories of his days  
on the bench, there appeared before  
him a little Jew who was involved  
in the burning of his store. "What  
time did you take out your insur-  
ance papers, Able?" questioned the  
Judge. "At nine o'clock, your  
Honor," responded Able. "What  
time did the fire start?" demanded  
Landis. "Twelve o'clock," faltered  
the nervous Able. "Why the unne-  
cessary delay?" thundered the Judge,  
and in confusion Able faltered. "Our  
fire sale ads were not done!"—Ex.

A loose powder Vanity and a box  
of dollar face powder, both for one  
dollar. . . . Cunningham & Philips.

## MIDDLE WEST GROWS

**BELLIGERENT**  
Dispatches from Washington say  
that the national administration is  
becoming alarmed at the rumblings  
that reverberate from the Middle  
West. President Coolidge and his  
advisers have little to comfort them  
for their hostile stand on the Hau-  
gen bill.

When such faithful administration  
men as Senator Cummins and Sena-  
tor Watson break with the president  
on the agriculture relief policy,  
there is real cause for alarm. If  
these two men and numerous other  
Corn Belt senators kick over the  
legislative traces on this important  
issue, what sign is there that they  
will not desert the administration?  
None at all. The senators, however,  
claim that the administration had  
deserted the constituents—the farm-  
ers.

It is significant, too, that within a  
few days talk has been revived of  
promoting the candidacy of ex-Gov-  
ernor Frank O. Lowden for the Re-  
publican nomination for president,  
regardless of whether or not Presi-  
dent Coolidge is a candidate for re-  
election.

Vice-President Charles G. Dawes  
has taken issue with President Cool-  
idge on the later's views about farm  
relief legislation. He says the prin-  
ciples of the Haugen bill are econo-  
mically sound.

The Indiana state Republican con-  
vention has protested against the  
government's agricultural relief plan  
Event after event indicates the fact  
that friends of the farmer are near-  
ing the parting of the way with the  
national administration.

The farmer cannot expect much  
when a conservative south joins a  
tariff-protected east in strangling  
the agricultural Middle West. Presi-  
dent Coolidge in the present crisis  
holds the whip hand. He could help  
the Corn Belt if he would.

By a peculiar line of reasoning,  
what is sauce for the goose is not  
sauce for the gander. Tariff is the  
sauce that is still being fed the "in-  
fant industries" of the east, which  
have grown hoary with age. Immi-  
gration restrictions constitute the  
sauce which is being fed to the work-  
ing men. The Haugen bill—the  
sauce for the farmer—is, congress-  
ionally speaking, rank poison. It is  
the foundling on Tariff's doorstep.  
—Champaign News-Gazette.

**"WE PAY FOR WHAT WE NEED"**  
I have been manager of a planta-  
tion for three years and have tredied  
the production of the place simply  
by the use of improved implements.  
This place until three years ago had  
never been known to make over 50  
bales of cotton. Last year (1925)  
with about the same labor force we  
made 152 bales and also corn  
enough to run the place for almost  
another year.

I used a tractor and two turning  
plows to break every foot of land in  
the fall and winter wherever possi-  
ble, then out with disk in spring  
where necessary, and bedded cotton  
land with riding disc cultivator with  
other attachments throughout the  
cultivation. The scooter "stock"  
has had its day on Southern farms  
just as surely as the cradle our  
fathers used to swing to cut grain  
with.

Of course the operating expenses  
or overhead were a little greater,  
but the man labor saved and the in-  
creased production will overbalance  
this two to one. Some wise man  
once said, "We pay for what we  
need whether we get it or not," and  
this is truer on the farm than any-  
where else.—Curtis Little, in The  
Progressive Farmer.

Ed Gray returned last week from  
San Francisco where he was called  
by the serious illness of his mother.  
Her condition showed much im-  
provement after he reached there  
and she was able to accompany him  
to this city when he returned.

Good used dressers, oil stoves,  
cabinets, wardrobes, side boards,  
settees, davenport and duofolds,  
galore at CREATH'S—advertising.

Edgar Kuykendall and his sister,  
Mrs. Grover Newton, of Big Spring,  
were guests in the home of their  
parents, Mr. and Mrs. John Kuyken-  
dall, for several days this week. —  
Seminole Sentinel.

If its spectacles or eye-glasses you  
want—you will get a better fit for  
less money at WILKE'S, Register-  
ed Optician.

Miss Cora Martin who is employed  
with the Rix Furniture and Under-  
taking Co. at Lamesa, and who spent  
last week end in this city visiting  
relatives and friends, has returned  
to Lamesa.

Mesdames G. W. Smith and Bos-  
ton Merritt of Big Spring were  
guests in the home of Mr. and Mrs.  
J. W. Childers this week.—Seminole  
Sentinel.

Miss Zella Ballard left last Sun-  
day morning for Alpine where she  
will attend summer school at the  
Sul Ross State Teachers College.

# Social Notes

## MISS ELLAH MAE FORD BIRTHDAY HONOREE

Miss Ellah Mae Ford was the honoree at a delightful surprise party, planned by her mother, Mrs. Steve Ford, who invited guests to their home on last Thursday evening from 7:30 until 10:30, to celebrate with Ellah Mae her thirteenth birthday anniversary.

Miss Mary Alice Wilke greeted the guests, upon arrival, and greatly surprised was the honoree, when she found the happy group assembled in her home. Various kinds of indoor games was the diversion during the hours of play.

A color scheme of yellow was beautifully employed in the details of the party, especially of note in the dining room the table being artistically decorated, carrying out the chosen color theme, centered with the birthday cake topped with candles. In cutting the cake, Mary Alice Wilke got the nickle, Onelta Prescott won the dime, Vera Debenport got the penny, and little Jimmy Ford got the button. Each guest was given a yellow candy basket as favors, filled with candy.

Those invited, to make this event a happy one with the honoree were: Misses Mary Alice Wilke, Cora Ashley, Mary Vance, Konaester, Dorothy Nummy, Pauline Morrison, Nancy Dawes, Edith and Betty Stedman, Lucille LaBef, Anita Davis, Vera and Rita Debenport, Marie and Elizabeth Vick, Louise Hayes, Adelle Thomas, Evelyn Creath, Clydie Ballard, Onelta Prescott, Mary Jean Dubberley, Loretta Jenkins, Edith Shive, Ruth Hinds, Ellah Lou Cory and Don Billy and Jimmy Ford.

The honoree was the recipient of many lovely and useful gifts from her friends.

## OLD TIME DANCE GIVEN FOR VISITING SHERIFFS

A social festivity that was extended the out of town visitors who were here to attend the West Texas Sheriffs' and Peace Officers Association, which convened in Big Spring last Thursday and Friday, June 10 and 11, was an old time dance, planned and given by the members of the Elks Lodge at the Elks Hall on last Thursday evening, following the chicken barbecue given in their honor at the Big Spring Country Club grounds. The old time musicians, Joe Curlee of Sweetwater, Jim Winslow and T. A. Blair, furnished the music for this happy occasion, and an unusually good crowd participated in the dances of long ago. The quadrilles and Paul Jones proved to be about the most popular ones, but waltzes, two steps, one steps and the schottische were greatly enjoyed.

Mrs. G. E. McNew and daughter, Miss Frances, returned Tuesday night from Fort Worth. Frances has been attending Texas Woman's College, and her mother has been making her home in Fort Worth with her.

## UNIQUE PARTY GIVEN BY WORTHWHILE GIRLS

The Worthwhile Girls of the First Baptist Sunday school were hostesses to members of their class and friends who were Seniors of the Big Spring High school on Monday evening from 6 o'clock until 8:30 at the home of Mrs. B. Reagan on Lancaster street.

The party was cleverly planned, and most unique in every detail. The home was designated as being a college and the Senior girls came here to attend it. Girls home from college presided over Simpleton College, and a list of the dignitaries are as follows:

President Nutt—Frances Melton.  
Dean Coe—Maggie Parr.  
Secretary Galiaki—Abbie Nell Rhoton.

Bursar Boob—Loula Cardwell.  
The faculty put the Senior girls, now mere Fish, thru severe tests, but finally they were permitted to register in the college. Following this the new students were initiated into the different societies. The Freshmen, then had to put on a program, which was thoroughly delightful. Those entering Simpleton College were: Misses Juanita Ralph, Elizabeth Barton, Opal Pitman, Nola Couch, Mary Wade, Mamie Leach, Lillian Gray, Arthur Hawk, Elma Hinds and Nelle Davis.

At the refreshment hour, the hostesses served an attractive plate holding punch sandwiches and cake, to about thirty guests.

## 1922 BRIDGE CLUB ARE THE GUESTS OF MRS. EB HATCH

In a very pretty setting, the members of the 1922 Bridge club were most delightfully entertained on Tuesday afternoon at the home of Mrs. Eb Hatch on South Main street. Rarely lovely appointments were used in marking the tables for play, and four tables of contestants vied in the interesting games for top score of the afternoon. Mrs. Lib Coffee was successful in winning this honor among club members, and Miss Nell Hatch was lucky in winning visitors high score.

Other guests present besides the club members were: Mrs. John Hodges, Mrs. Hilo Hatch and Miss Nell Hatch.

A delectable salad course was temptingly served by the hostess to sixteen guests.

## MRS. R. C. STRAIN ENTERTAINS PIONEERS

Mrs. R. C. Strain was hostess last week, to members of the Pioneer Bridge club, entertaining three tables of players on Friday afternoon. Dainty appointments marked the tables for the play, and in the series of interesting games, Mrs. Shine Phillips won high score, and Mrs. A. M. Fisher made second high.

A tempting ice course served as a pleasant aftermath to the play.

Mrs. E. O. Ellington has been taken into the Pioneer Bridge club succeeding Mrs. W. W. Rix, who has moved to Lubbock.

Mrs. Lee Hanson of Lamesa, was an out of town guest.

## ART SCHOLARSHIP WON BY BIG SPRING GIRL

Belton, Texas.—The one year's scholarship in Art, which is awarded every year by Baylor College to the girl showing most improvement in her work in the Fine Arts department the preceding year, went this year to Miss Lillian Shive of Big Spring.

Miss Shive painted several portraits this year which were displayed with her other work at the annual art exhibit of the Fine Arts department.

Miss Shive, who is the daughter of C. E. Shive, is spending the summer at her home in Big Spring.

## JULY FOURTH CELEBRATION

The members of the American Legion are busy these days completing arrangements for the big July Fourth Rodeo and Celebration. The preliminary events will be staged Saturday, July 3rd, with the main Rodeo to be given Monday, July 5. Big platform dances will be given Saturday and Monday. Baseball games will be in order Saturday, Sunday and Monday. Make your plans to attend the big celebration.

Hot barbecue. Pool-Reed Co. Bring your bucket for free gravy.

## RAINBOW GIRLS ENTERTAIN THE DEMOLAY BOYS

The members of the Order of Rainbow Girls entertained with a delightful picnic Wednesday evening in compliment to the members of the Order of DeMolay. The group of boys and girls assembled at the Masonic Hall about 7 o'clock and grouped in cars, to drive to the lovely picnic spot at the new wells, south of the city.

Childish games were played, such as drop the handkerchief, ring around the rosy, and others.

While most of the group played, others worked over the big campfire, preparing the good things to eat, which were: Toasted buns, barbecued weinies, pickles, and ice cream cones. The feast they prepared was fit for a king, and left a good taste in the mouth.

A partial list of those attending this happily planned affair were: Misses Elizabeth Barton, Nelle Davis, Helen Hatch, Nelle Brown, Ida Lee Landers, Lola Belle Stewart, Eula Mae Sanders, M. Frances McNew, Clifford Edwards, Mary Happel, Margaret Happel, Imogene Price, Elizabeth Northington, Allen Bunker, Edythe Lytle Yarnell, Mary Dallas Collins, Zemina Lee Shockley, Wanda True, Lucille True, Winona Taylor, Maywood Rix, Marion Hutto, Estelle Hutto, Patricia Belle Reeves, Elza Jeanette Barnett, Anita Davis, Pat Davis, and Katherine Happel, Roland Sachwarsenbach, Lewis Rix, Edwin Prichard, J. T. Johnson, Lloyd Parr, Curtis Driver, Cleo Sellers, T. B. Reeves, T. B. Hoover, Bill Turpin, Cecil Shockley, Frank Mims, Dick Collins, Lee Porter, Festus Heffernan, and others.

The chaperones were: Mrs. C. W. Davis, Mrs. W. E. Carrrike, Mrs. W. C. Barnett, Mrs. C. A. Stewart of El Paso, Mrs. Moyle Ramsay of Midland, Dr. and Mrs. E. H. Happel, Mrs. R. V. Middleton, Mrs. Murgrove and Mrs. C. E. Yarnell

## LOVELY BRIDGE PARTY ON FRIDAY AFTERNOON

A very lovely compliment, extended bridge enthusiasts, last week end, was a party given on Friday afternoon, by Mrs. H. W. Sharpe, who entertained at her apartment on Rannels street.

The attractive rooms provided a pretty setting for this function, wherein the bridge tables, daintily appointed, were arranged and five tables of players contested during the afternoon hours for top score. At the termination of play, scores were compared, and to Mrs. Joys M. Fisher was awarded the high score prize, which was a handsome set of Maderia napkins. Mrs. M. H. Bennett received second high score, and was presented with an attractive door stop.

At the tea hour, dainty luncheon covers were passed, and a luncheon in two courses was served the twenty guests. The refreshment plates were effectively garnished and of unusual attractiveness.

## WILL HAVE CHAUTAUQUA BACK AGAIN NEXT YEAR

It is a settled fact now that the Chautauqua will return to our city next year for a week's engagement, as has been the custom for the past eleven years. Enough citizens have pledged their support, to assure its return, so we can look forward to this week of wholesome entertainment for one more year.

It seems that interest in the Chautauqua in Big Spring wanes more and more each year, but those that are willing to work to bring it back, because of its good qualities are doing "a heap of good" for the town.

## BOY SCOUTS ENJOY CHICKEN BARBECUE

A big time was had by every Boy Scout who attended the chicken barbecue given in their honor at the New Wells south of the city last Thursday evening. A real feast of barbecued chicken and all the good things that go with it were prepared, and well disposed of by the young fellows with the big appetites. H. F. Williamson was chief cook, and the chickens were cooked to a turn. It was declared a real treat by all those attending.

There's more power in that Good Gulf Gasoline. 37-4

Hickok Belts

## MADISON-GORDON

The ceremony which united in marriage Carl Madison and Miss Jewel Gordon, was performed about 8:30 o'clock Saturday evening, June 13, by Rev. D. H. Heard, pastor of the First Baptist church.

The bride is the daughter of Mr. and Mrs. O. H. Gordon of this city, and is loved by all who know her. She attended the Big Spring High school the past year, where she was a favorite with the school boys and girls.

The groom is at present employed at the City Barber Shop. Congratulations and best wishes are extended by their many friends. They will make their home in this city.

## YOUNG-HAINES

Chas. Edward Young and Miss Lolabelle Haines were joined in mar-

riage at a ceremony performed by Rev. R. L. Owen, pastor of the First Presbyterian church, on Tuesday, June 12.

The Herald extends congratulations and best wishes to this happy couple.

## GARY-HARWOOD

Rev. D. H. Heard performed the ceremony which united in marriage, R. H. Gary and Miss Ruby Harwood of this city, on Saturday, June 12.

Congratulations and best wishes are extended the happy couple.

Mrs. E. R. Woodford and Miss Gwendolyn Bittle spent Wednesday on a visit to friends in Midland.

Mrs. John Hotestine returned Tuesday from a visit with relatives in El Paso.

## W. O. W. AND CIRCLE JOIN

On Thursday evening, the W. O. W. Circle and Circle of the World will meet in session in the W. O. W. hall, 6 o'clock.

All members of the W. O. W. Circle, and their families are to be present.

The many friends of Miss Morgan are glad to know she to resume her studies at the telephone office. She spent weeks with relatives in N. M. while recuperating from a recent illness. Miss Morgan is a port operator and has been missed by the office here as by her many other friends.

Poison fly paper. .... ham & Phillips.

# The Big Spring Herald

Big Spring, Texas, Friday, June 18, 1926

By T. E. Jordan

## THE BIG CONVENTION

AT AMARILLO JUNE 21-23

Amarillo. — Something of the military will be injected into the band contests during the West Texas Chamber of Commerce convention here June 21-23. It won't be any sham military element, either, because real, flesh and blood army generals will do the injecting. Not so bad at that, however. It simply means that a brigadier general of the United States Army will be one of the judges of the bands. Judging appearance of the various groups—and that this brigadier general, in company with a major general and a brigadier general of the Texas National Guard will be seen upon a reviewing stand with President R. Q. Lee and other officials of the West Texas Chamber of Commerce, while all bands participating in the contests will pass in review before them, drum majors saluting and all tactics carried out according to proper military procedure.

Brigadier General Paul B. Malone U. S. A. will be one of the judges; while, according to present plans, he will stand with Major General John A. Hulen and Brigadier General J. F. Wolters, of the Texas National Guard; President R. Q. Lee, and other officials and distinguished guests upon the reviewing stand when the bands pass in parade formation before the stand.

Prizes are to be awarded the winning bands.

## CIVIC PRIDE AGAIN

Just a word of encouragement to those who have no flowers, no grass, no blooming shrubs, no vines. Is there "no halm in Gilead" for the homes where green things refuse to grow? Just southwest of Central school building is an attractive corner lot that stands out like a jewel from most corners of Big Spring. And the only things necessary to make this remarkable distinction were simply hoe, rake, and a good strong arm.

The yard, the walk, the alley, the ditch and the street are entirely free from weeds or rubbish in any form. Not one unsightly spot to detract from the finished look of the entire place. It is a concrete example of civic pride. The owner of this nice home has cultivated the native mesquite and cactus of the west showing their possibilities. And he does not chant that endless litany of the indolent and lazy "Why don't the City?" Instead he takes over as his own his complete environment making his part of the city a sight to rest orderly eyes. If there were "Uncle Alex" enough to sprinkle like leaves thru our community our naturally beautiful little city would be known all over the State as the most sanitary, spotless and sightly of Texas towns. Why not each of us emulate this example of unselfish service to our fellows, quit asking "why don't" some one else, and pitch into the thing that lies nearest, making our immediate surroundings look as we'd like if we could have Big Spring the "city beautiful" of our dreams? Let us work more and complain less. "I dare do all that does become a man." Motto for the Gospel of Labor. Make it yours this summer.

## GAINES COUNTY REPRESENTED AT BIG SPRING FEEDERS' DAY

Feeders Day, conducted by the United States Department of Agriculture at Big Spring, Tuesday, June 8, was attended by a large representation from Gaines county, headed by Knox Parr, county agent. It was the third test of a three-year steer feeding experiment. Several cattle specialists from A. & M. College were present. A comparison of sorghum silage, sorghum fodder, and cottonseed hulls in the ration of fattening baby beefs was made. An ordinary ration of ground milo heads and cotton seed meal was supplemented by three different roughages. Sorghum fodder was found to be good roughage in the ration, according to those who made the trip.

The following composed the party from Seagraves: Messrs O. L. Berry, Henry Heath, Joe Anselby, B. L. Waters, H. B. Nicolaisen and E. C. Roberts.

We understand several attended from Loop and Seminole. — Seagraves Signal.

N. C. Bennett and Hayes Stripling went to Abilene Friday to attend the funeral of Ollie Wooten, son of H. O. Wooten. His death was due to an attack of spinal meningitis.

## Big Spring Wins Golf Tournament

Representatives From the Golf Clubs of Lamesa, Midland and San Angelo Take Part Here

Big Spring golfers won the tournament held at the Big Spring Country Club on Sunday afternoon, beginning at 1:30, winning over star golf shooters of the Midland, Lamesa, and San Angelo Golf Clubs. About fifty out of town visitors were guests on this occasion and were entertained at the Country Club grounds at the noon hour with a weiner roast, and in the evening, following the tournament with a chicken barbecue.

Contestants in the golf tournament from Midland were: O. F. Wells, George Glass, Earl Moran, Ellis Cowden, Tom Jones, O. B. Holt, Horace Neblett, Howe and Dunnagan.

Those participating from Lamesa were: E. E. Mathews, F. R. King, T. King, Roy Murphy, O. H. Morris, L. R. Hanson, V. L. Radcliffe, F. T. McCollum and Hurt.

Members of the San Angelo club did not take part in the tournament, but played a fine game. Those taking part from San Angelo were: Hunter, Badger, McBurnett and Alexander.

Below is the score for the eighteen holes by the three teams:

Alexander	96
TOTAL	344

## WEDNESDAY LUNCHEON CLUB

No regular program having been prepared for this weeks meeting of the Wednesday Luncheon club, C. T. Watson was placed in the lead as chairman and told to go as far as he liked.

Mr. Watson decided to make it a suggestion program in that each and everyone be requested to suggest something that would make for the improvement of the community. He also suggested that since the Luncheon club did not have any set program that they plan for its accomplishment. E. A. Kelley, A. M. Fisher and R. A. Greaves were named on a committee to arrange for the next meeting on a subject agreed upon.

Among the suggested improvements was cutting weeds; trimming the brush which obscures the view of trains near the railroad crossing in the east part of the city; insulating the ordinance relative to the erection or moving of buildings in the fire limits be strictly enforced, improving the scenic drive.

Mr. Watson called attention to the big open air meeting of the Chamber of Commerce to be held on the courthouse lawn Friday evening, June 18, and urged everyone to attend.

Mrs. A. W. Sheeler and daughters, Misses Louise and Frances, left Monday night for a visit with relatives and friends in Fort Worth. Mrs. T. E. O'Keefe of Fort Worth, who has been here on a visit to relatives and friends accompanied them to Fort Worth.

W. E. Carrlike arrived Thursday morning from San Antonio for a visit with relatives in this city.

## WANTED 100 MEN TO CHOP WEEDS

We printed an article in The Herald last week stating that 100 men were wanted to chop weeds and help in a general way to clean up the cemetery. Our readers evidently failed to see this article, or else paid little heed to it, leaving it up to some one else to volunteer his services, as so far, not a single person has shown his willingness to cooperate with the force at the cemetery by coming out one afternoon during the week and chopping weeds. Perhaps this indifference is due to the fact that the past week has been unusually busy one, with chautauqua just over and other attractions in our city. But we want to keep this matter before your mind, as we really need you, and want you to cooperate with us in making our cemetery one of the prettiest ones in West Texas. If one hundred volunteers will come out to the cemetery and chop weeds for one hour, just think of the wonderful improvement it will make. After the cemetery is once cleaned up, the sexton can ably keep it attractive and clean. We should show our appreciation of what the present force has done in the way of improving and making our cemetery beautiful, by lending our support when they need it. Weeds detract from the beauty of the grass, trees and flowers that are growing there, and when they are once cut down and the grounds are given a general cleaning, they will be more easily kept. This is too much work for one man, and all is asked of you is to come out for an hour or two one evening this week or next, and do your part of the cutting. Insist that your neighbor and his family come, and so on, because the more that help, the sooner the cemetery will be cleaned, and greater results can be obtained. Everyone is urged to give this your support. Bring your hoe, and come out to the cemetery and cut weeds for one hour this week.

## UNCLE WALT AND PHYLLIS BLOSSOM WILL WED HERE

A wedding of far reaching interest will be solemnized in the District Court room of the courthouse in Big Spring at 8:30 o'clock next Thursday evening, uniting in marriage Uncle Walt and Phyllis Blossom, two prominent and favorably known citizens of Gasoline Alley. Theirs will be a public wedding, because of the popularity of the couple, hence no invitations to the big event have been mailed out, but a public invitation is extended to everyone to attend.

Friends of the contracting parties will convert the courtroom into a bower of flowers and ferns, providing a beautiful and elaborate scene in which the solemn rites will be performed. Members of the wedding party will be handsomely attired, and nothing will be left undone, to make this affair one of the outstanding ones in the history of Big Spring. To defray the expenses of the wedding, an admittance charge of 10 and 25 cents will be collected. All money above expenses will be used for the New Methodist church window, donated by members of the Epworth League.

The identity of the bride will be kept a secret until the important night. Other members of the wedding party are as follows:

- Uncle Walt—Uncle Walt Smith.
- Skeezix—Jene Hardy Flewellen.
- Jean—Joyce Lynn Croft.
- Rachael—Bernice Johnson.
- Pal—
- Musician—Mary Wade.
- Minister—Wayne Cook.
- Wonder who the bride will be? Come out and see!
- You will be sure to enjoy this wedding. Be on hand next Thursday evening, at 8:30.

## BAND PARADE AND CONCERT TONIGHT

The Big Spring Municipal Band will stage a Dress Parade on the streets of Big Spring tonight, Friday June 18, at 7:30 p. m. At this time they will appear in the new uniforms, to let the folks see how they will look at the West Texas Chamber of Commerce convention at Amarillo. They will leave for Amarillo next Sunday morning.

After the parade, a band concert will be given on the courthouse lawn. The concert will start about 8:20 p. m. Everyone is invited to be on hand to witness the parade and enjoy the concert.

## Big Revival Begins Tonight

Conducted Under Auspices Church of Christ—Claude McClung and T. S. Teddlie in Charge

Beginning tonight, Friday, June 18, at 8:15 a protracted meeting will be held in the big white Tabernacle one block southwest of the courthouse, conducted under the auspices of the Church of Christ. The revival will continue one week or longer.

Evangelist Claude McClung of Fort Worth is scheduled to do the preaching, and T. S. Teddlie of Vernon is song director.

Brothers McClung and Teddlie are well known in this community, having conducted meetings here previously, and their revival efforts are indeed appreciated by their friends throughout this county. Both men have been associated together in a number of revivals together and their work has met with notable success.

Brother McClung is a forceful speaker, delivering good sermons, and the influence of his work has been felt in this community following protracted meetings held in Big Spring previously. Good plain gospel preaching, is what he offers his congregations at each and every service, and the listeners can not fail to be benefitted by his inspirational talks.

Brother Teddlie is an able artist, preacher and song writer, and since he is head of the song services during this meeting, those attending are assured of splendid singing.

Services will be held twice each day, beginning at 10 o'clock in the morning and at 8:15 in the evening. The meeting has been extensively advertised, and large delegations from neighboring towns are expected to be in attendance during this meeting.

A cordial invitation is extended to the public to attend all of these services. Come out and help make this one of the greatest meetings ever held in Big Spring. A hearty welcome awaits each and everyone of you. Come.

## FINAL PLANS TO PLACE BULLS ABOUT COMPLETE

Final plans are being completed by the Chamber of Commerce to ship in the registered bulls that are to be distributed to the rural communities. There are yet a few communities that have not registered sufficient interest in the matter to justify the purchase of a bull.

It is the desire of the directors to place these bulls in communities where they will be used, and the interest manifested by the people of the community will determine whether or not the bull will be placed in that community or another.

If you are interested in having a real dairy sire located in your community be sure that your neighbors are registered in the move.

## ABILENE DAMAGED BY STORM MONDAY

A storm, very similar to a cyclone, visited Abilene about four o'clock Monday afternoon, doing considerable damage to roofs, window panes, trees, telephone and electric connections, and to crops in that vicinity. High wind, accompanied by a heavy downpour of rain and hail, raged for about an hour.

Persons with field glasses looking from the roofs of high buildings in Abilene, stated that the cloud which passed over the city formed a few miles north of town in a funnel shape. Although it first appeared to be a cyclone, it quickly split, and no twister damage was reported.

## WEST TEXAS ELECTRIC CO TO IMPROVE THEIR LINES

The West Texas Electric Company will start the work of rebuilding their lines in the eastern part of the city, and making other improvements the latter part of this month, or just as soon as their linemen can finish up the work at Sweetwater.

All of the old lines in the eastern part of Big Spring will be worked over, and replaced by new ones. Other improvements will be made also.

Mrs. D. P. Watt and two sons arrived last Saturday from Fort Worth to make their home in this city. Mr. Watt is claim agent for the Texas & Pacific railway with headquarters in this city.

## CHAMBER OF COMMERCE NOTES

The regular monthly meeting of the directors of the Chamber of Commerce was held Monday night and various committees reported progress being made on a number of important propositions.

J. M. Fisher, reporting for the road committee, stated that work on the mountain road to the Chalk oil field would be started on Friday of this week. The county had agreed to furnish a truck and necessary tools and the Chamber of Commerce would employ the labor. Teams and machinery will be furnished if needed, if C. of C. pays feed and repair bills.

C. T. Watson reported of a trip made to Gail Monday to log this highway for the State Highway Department and to meet with the Commissioners Court in an effort to have section of Highway No. 88 opened up across Borden county. The court will take action on this matter in their July meeting.

R. L. Price and H. L. Rix reported that a road from Bankhead Highway west of Big Spring to the Scenic Drive could be secured if the cost of moving a three-quarter mile string of fence was met. No action was taken on this for the present.

R. L. Price reported that his committee had conferred with the City Council relative to supplying water to the U. S. Experiment Station here. The City agreed to pay half the cost of the water if the county would pay half.

Correspondence relative to the erection of an up to date hotel in our city from several interested parties was read but no definite proposition has been submitted.

Letters from Senator Morris Sheppard and Congressman Claud Hudspeth relative to securing a Federal building for Big Spring were read. Nothing definite as to the date this building is to be awarded our city can be secured at this time.

It was voted to hold a big open meeting of the Chamber of Commerce on the courthouse lawn Friday evening, June 18; thus giving all members and the general public an opportunity to learn what the directors have done and are attempting to do to promote the growth and development of our city and section. Making final plans for the trip to Amarillo will also be up for consideration.

It was decided to change the hours of the directors meetings from 8 p. m. to 8:30 p. m. during the summer months. The next directors meeting will be held June 28. Members, as well as the general public, are always welcome to attend the directors meetings.

## HEAD LETTUCE IS GROWN IN HOWARD CO.

Proof of the fact that head lettuce can be raised in Howard county was made by F. Heckler, a farmer in the Luther community, when on last Saturday he brought two fine heads of lettuce to The Herald office, which he had grown in his garden. He said he read an article he had printed in our paper several issues back, where a visitor to our county had asked why we didn't raise head lettuce here. The visitor gave specific directions how lettuce could be trained to head. Mr. Heckler said that his lettuce began to head, since the publication of this article.

Mr. Heckler always has a fine garden at his home, every year, and he raises all kinds of fresh vegetables, that are hard to beat anywhere else in the State.

## JAMES LITTLE OPENS OFFICE

James Little arrived Saturday from Austin, where he successfully completed the Law course in the University of Texas. He has been admitted to the bar and is now a full-fledged attorney at law. He has already opened an office in Big Spring and is ready to welcome clients. His office will be at the county attorney's office in the court house.

Mr. Little is a candidate for the office of County Attorney of Howard county, and while he will not have a great deal of time to electioneer, as he has to make a living, he wants the folks to know he wants the office and will appreciate their vote and influence.

Baseball games at Brooklyn and New York City had to be postponed Wednesday on account of cold weather. Wish those cities had a little of the warmth we are getting at this season.

### PLAN NOW FOR A FAMILY REUNION

A family reunion is another opportunity for a happier farm life in 1926 that we should especially like to emphasize. Probably no other plan for getting farm folks together has made such rapid progress these last five years. The explanation is, of course, the automobile. In old days when parents, grandparents, uncles, aunts, nephews, nieces, and cousins were badly scattered a family reunion at any one point meant a day's journey for most of the kin-folk, and two, three, or four days' traveling for many others. In this day, however, when everybody has a flivver or a car, it is easy to bring the whole family clan together, gladden the hearts of the old, honor the patriarchal men and women, brighten and bless the ties of family relationship. A family reunion at some country home is just a little happier than almost any other possible way of getting people together because of the fact that those in attendance have not only all the usual ties of blood relationship,

Why not try to get a family reunion while there is yet time for it to gladden the hearts of some of the noble old men and women who yet linger with us?—Clarence Poe, in *The Progressive Farmer*.

Oscar Koberg arrived Monday morning from Nashville, where he has been attending Vanderbilt University. Oscar was a member of the 1926 graduating class of Vanderbilt, receiving his degree. He has also taken the State examinations before the State Board of Examiners.

J. P. Anderson is the busiest man in the county this week harvesting his five hundred acre wheat crop. He purchased a new Case combination harvester and threshing machine to harvest this crop and put the new machine to work Tuesday.

Gall, the capital of Borden county, is taking on new life since the east and west highway has been completed thru that county. A movement is now on foot to extend State Highway No. 88 thru Borden county from north to south.

### A YEAR WITHOUT TIME PRICES MAKES YOU SAFE ALWAYS

For several years I bought supplies, fertilizer, and everything needed on time, from early in the spring until cotton was made. But I finally awoke to the fact that I was working for the merchant's interest and not my own. I found myself broke every year with nothing to start on for the next, so back to "time prices" I would have to go.

Finally I decided I would borrow the money from the bank to get what I actually needed and found that the interest on the money was practically nothing compared with time prices.

I also found that when I was buying with cash I was not so apt to buy unnecessary things. When once a charge account is started, it is so easy to go and get things, and if the merchant sees a good crop prospect, he urges you on to buy, so the account runs up before you realize how high it is going. Then when fall comes it takes all you have to pay fertilizer and supply bills and there is nothing left. When you get the money from the bank it is spent more wisely and you know "where you are at."

If you can get by one year without a charge account or without borrowing, you can manage to keep ahead. Anyone who will do this for one year can keep ahead if he will try, if he raises plenty of feed, vegetables, chickens, and other supplies for home consumption.—Mrs. H. C., in *The Progressive Farmer*.

Mr. and Mrs. R. V. Middleton left this morning for a visit in Amarillo and other points in the Panhandle. They will attend the W. T. C. of C. convention which convenes in Amarillo, June 21-22-23. Miss Ida Lee Landers will accompany them on this trip.

Representatives of the Marland Oil Company are working in the northern part of Howard county and in Borden county and we expect to hear of oil development started in that territory.

Mosquitoes... Our insect spray will kill all in a room... Cunningham & Phillips.

### MORE TALK OF RAILROAD EXTENSIONS

An Associated Press dispatch came out of San Antonio last week to the effect that the Chamber of Commerce at Amarillo and the same kind of an organization at San Antonio were figuring on doing some cooperating in an effort to get direct rail connection between those two cities and also on getting a direct railroad from Kansas City to Corpus Christi through Amarillo and San Antonio.

O. C. Goodwin, manager of the Amarillo Chamber of Commerce attended the meeting at San Antonio and he has been quoted as saying that plans were already being made for such a railroad.

While no specific railroads were mentioned it is generally believed that the Amarillo and San Antonio promoters are figuring that the Santa Fe will be the railroad that will give them the connections that they want.

About a year ago *The Journal* carried a story to the effect that rumors were in the air in regard to the Santa Fe building out of Lamesa to connect with their tap line at Sterling City and then build across from San Angelo to secure an outlet to Corpus Christi. The rumor on which that story was based is still going and ever once in a while something comes along to give it more weight.

Why would the Santa Fe have laid ninety pound steel on the Lamesa branch if they had not have had a bug in their bonnet? Why would they be planning to build extra long passing tracks at Arvana and Hindman, two blind sidings, six miles apart, in the north end of this county? It has not been written that the Santa Fe will not some day have a Great Lakes to Gulf Line through Lamesa. — *Journal* (Lamesa).

### CONSIDER BEFORE YOU VOTE

There are several candidates for every office. In most instances some one of these candidates is better qualified to fill the position than any of the others. This candidate may be less popular than any of his opponents. He may be a poor speech-maker. He may be a poor campaigner. He fails to attract attention because he hesitates to slander and abuse another citizen who aspires to the same position. Yet, he is the man to vote for, because of all the candidates, he is best qualified to serve the people.

Why wouldn't it be good business for voters to give as careful consideration to the election of men to public office as they do to hiring men to work for them? Why is it that many Texas voters grow excited and enthusiastic over the candidacy of some man or woman because of some sensational event in their career, or because of their ability to inject venom into their campaign speeches? Why vote for candidates who talk about matters not at issue and immaterial to the campaign? In the contest for the office of governor, are we voting for some man or woman because of the existence of personal differences, or for a candidate who will, when elected, give us an efficient, honest business administration?

Why grow excited about the campaign for governor in Texas? Let the candidates rave and slander one another. The more they do it the more evidence there is of their unfitness for office. All the voters have to do is to sit down and calmly consider each candidate's qualifications for the position, and then vote for the one who, in his or her opinion, is best qualified. — *Farm and Ranch*.

### THE SUCCESSFUL FARMER

The man who makes the greatest success on the farm is the one who makes the farm not only his place of business, but his home. The farmer who builds himself a home and surrounds it with shrubbery and flowers, who takes pride in its appearance, is generally the man who provides from his own farm a great variety of food for home consumption. Having a pride in his home, he is naturally proud of the acres which make his home possible, and farms it in a business-like manner. — *Farm and Ranch*.

### FOR SALE

Lots of used chairs, rockers, duofolds, davenport, sofas, wardrobes, and most anything in the line of used furniture and a lot of new items. I need money and will make the right price for cash. J. R. Creath. 58-21

VICTOR MELLINGER, Prop.

### MINERAL RIGHTS ON

U. LAND TO BE SOLD

Austin, Texas, June 11—Following overruling by the Supreme Court for leave to file a petition for mandamus against Land Commissioner J. T. Robinson, it was announced at the State Land office Thursday that preparations were being made for immediate advertisement of mineral rights for sale on University lands to the highest bidder. Development of minerals, including oil, in many counties including Crane, Upton, Ector, Anderson, Reagan and Crockett, where there has been considerable demand for mineral rights, has been held up pending a decision in this suit.

The motion was filed May 11 by George W. Theisen, who sought to compel Land Commissioner Robinson to issue oil and gas permits to him according to the old law whereby the rights are sold for 10¢ an acre plus the customary one-eighth royalty. A later law, however, stated that they were to be sold to the highest bidder following advertisement. It was contended by attorneys for Mr. Theisen that the later law was unconstitutional and if not unconstitutional that it did not repeal the previous law. Commissioner Robinson said several weeks ago, when the motion was filed, that he desired to advertise the mineral rights of University lands for sale but that until the outcome of the suit, he deemed it unwise to do so. If the motion was overruled, however, he said, he would advertise immediately.

### WASSON SUES OIL COMPANIES

Believing that the oil companies operating in the Big Lake oil field has damaged his pastures \$64,000 A. L. Wasson, Reagan county ranchman has filed suit in the 85d Judicial District Court for Reagan county against the Big Lake Oil Company, Texon Oil & Land Company, Group No. 2 Oil Corporation, subsidiary of the Texon Oil & Land Company, Geo. B. MacCamey and associates and the Reagan County Purchasing Company. He alleges damages exceeding \$64,000 to cattle and to his grass lease, No. 356, on University of Texas land. The lands in the north part of the Reagan county proven area, where there are many derricks, pipe lines, and other oil field equipment.

The amounts for which each defendant is sued are: Big Lake Oil Company, \$27,500; Group No. 2 Oil Corporation and the Texon Oil & Land Co., jointly, about \$16,000; George B. MacCamey and associates

### \$10,986, and the

Purchasing Co. \$10,986 will be docketed for the Attorneys for the Company, in conference with party officials here. In similar cases of damages heretofore claimed by the ranchmen, it is said, have been settlements liberal.

Mr. Wasson is represented by Thompson & Berwick and Douthett, May & Sweetwater, Attorneys at Law, Big Lake News.

### BIG SPRING BABY BEEVES SOLD AT FORT WORTH

Three loads of baby beeves from the United States field station at Big Spring, were sold on the local market Monday. They were fattened during a feeding test conducted in cooperation by the United States Department of Agriculture and the Texas Agricultural Experiment Station.

In charge of the tests were F. E. Keating, superintendent of the station; J. M. Jones, chief of the range animal husbandry division of the Texas Agricultural Experiment Station, and G. R. Barnes, beef cattle specialist of the extension service, Texas A. & M. College.

The three lots of big calves were fed a basic ration of ground milo heads and cottonseed meal. Lot No. 1 of 15 head, which was fed sorghum silage and Sudan grass hay as roughage, averaged 640 pounds and brought \$9.50 per 100 pounds. Lot No. 2 of 14 head fed cottonseed hulls as a roughage was divided into four classes by the packer buyers. One animal, weighing 700 pounds, sold for \$10. per 100 pounds; 9 averaging 607 pounds sold for \$9.25, 2 averaging 565 pounds sold for \$8 and 2 averaging 545 pounds sold for \$7.50. Lot No. 3, which was fed chopped sorghum fodder as a roughage, average 635 pounds and brought \$9.75 per 100 pounds.

### Control of Insects Covers Large Field

War on Pests Continues With Much Energy.

(Prepared by the United States Department of Agriculture.)

The war on insect enemies of plants and animals continues with increasing energy and the number of sectors multiplies. The annual report of the bureau of entomology contains discussions of investigations and methods of control of an amazing number of pests, mostly those attacking field, orchard and garden crops but including also enemies of the forest, live stock, stored products, buildings, bees and man.

Among the most destructive insects given attention by the entomologists are the Japanese beetle, the cotton boll weevil, the European corn borer and the Mexican bean beetle.

Efforts to control the Japanese beetle are meeting with considerable success in certain directions. In addition to improved sprays and better methods of treating soil on roots of nursery plants progress has been made in the introduction of parasites and in developing chemicals attractive to the beetle.

Dusting with calcium arsenate for the boll weevil, according to the report, continues to become more firmly established as a standard farm operation in the cotton belt. Both the poison itself and the machinery for applying it are steadily undergoing improvements while at the same time the cost has been reduced. It is predicted that distributing poison dust will be successful not only in the control of cotton insects but also in the control of other pests. During the past season more than 50,000 acres of cotton were dusted commercially by airplane.

### Farm Hints

Hogs should be deprived of food during the 24 hours preceding slaughter, but should receive plenty of water.

Concrete can be laid in winter if care is taken to heat the "mix" and keep the job covered until it has "set."

Keep a watchful eye on stock that are given to burrowing into the straw stack—it may bury them once and for all. To provide some kind of a shelter for them on stormy days is a good insurance against a fatal straw-slide.

# What's your Opinion of BALLOONS?

## THE Retail Merchants ASSOCIATION

is a local organization of retail credit merchants. The object of the organization is to unite the retail merchants of the town, bringing them closer together in an effort to elevate the retail business, to better credit conditions and to improve trading methods by eliminating trade abuses and trade evils.

THE RETAIL MERCHANTS ASSOCIATION maintains a credit reporting bureau, and is affiliated with the Retail Merchants Association of Texas and the National Association of Retail Credit Men, thus uniting the efforts of the local merchants with other cities and towns throughout the State and Nation.

It seeks to promote fair and honorable competition between its members, and to further honest advertising and clean business methods.

It will not be the purpose of the Retail Merchants Association to blackmail anyone, nor to cast any nasty reflection upon the record of any citizen of Big Spring or its trade territory. Its motto is: "You Make Your Own Credit Rating. The Association Keeps a Record."

The merchants of Big Spring are losing great sums of money every year by reason of the fact that some of its citizens refuse or fail to pay their accounts promptly. They are forced to borrow or draw upon their profits heavily in order to buy stock to replace merchandise that has been sold and remains not paid for. The Merchants are forced to charge more for their merchandise in order to realize a fair profit on their investment.

IT NOT ONLY PAYS TO PAY, BUT IT ALSO PAYS TO PAY PROMPTLY. And it is the purpose of the RETAIL MERCHANTS ASSOCIATION OF BIG SPRING to keep a record of those people who pay promptly and of those who do not. Credit is a courtesy.

If you expect your grocery or your baker to extend you favors in the way of thirty or sixty days time, be good enough to live up to your end of the contract.

PAY YOUR BILLS PROMPTLY WHEN THEY ARE DUE AND KEEP YOUR RECORD CLEAN.

RETAIL MERCHANTS ASSOCIATION

### Speaks to Women

Dallas, Texas.—"I was run-down in health after the flu and suffered from ailments peculiar to women. I took a small amount of Dr. Pierce's Favorite Prescription and it gave me health and strength. Without going into details about my suffering, I will just say I can earnestly recommend the 'Favorite Prescription.' It is a reliable tonic for women." — Mrs. Hallie Moore, 4024 Main St.

Women, get well and strong now by obtaining this "Prescription" of Dr. Pierce's of your druggist, in tablets or liquid; send 10c to Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for a trial package of the tablets.

### Southwestern Bell Telephone Co. Twenty-Fourth Dividend

The regular quarterly dividend of one dollar and seventy-five cents per share on Preferred Stock will be paid on Thursday, July 1, 1926, to stockholders of record at the close of business on Saturday, June 19, 1926.

R. A. NICKERSON, Treasurer

### ERECTING STEEL BRIDGE AT THE ICE PLANT

A steel bridge twenty-two feet high, spanning the street between the plant of the Southern Ice and Utilities Co. in this city and the new steel re-icing dock is now being erected. E. A. Kelley, manager of the ice plant, is designer of this bridge and is also acting as superintendent of construction. The ice will be transported from the plant to the 450-foot steel dock by means of the bridge and if Mr. Kelley's plans work out the ice will be delivered along the lengthy dock in good shape thereby enabling the ice company to re-ice the P. F. E. train load fruit and vegetable shipments in much faster time than they can do so at present.

Eleven big army trucks enroute from Fort Sam Houston to Denver, Colo., passed thru Big Spring this week. Arriving here Wednesday evening the men in charge made their camp near the ball park Wednesday night and the convoy left for the north early Thursday morning.

Miss Anna Belle Williams visited her parents near Lamesa Sunday. She reports crop conditions very fine up that way and says it will be only a short time until roasting ears and watermelons will be plentiful.

Hear Brother McClung and Mr. Teddie at the Big White Tabernacle on West Fourth Street. Big Revival meeting starts, Friday, June 18.

Stationery. Compare the prices Cunnigham & Phillips.

### LAREDO GIVES FRANK WESSELMAN

Rarely indeed has a theatrical company come to Spring with such endorsement as has been given by B. Wesseleman Comedian. He opened their week's engagement Monday night, July 11, at the Volunteer Fire Department modern theater.

The Laredo Times, in an editorial upon the close of the engagement of the company there, expressed the opinion that the company there, were shown to full houses during their stay, for the performance of the week's engagement, and most up to date and kind ever visiting Laredo.

The bad weather that has been prevailing most of their stay in Laredo, has not prevented the crowd away. In fact, the show is far ahead of other Laredo aggregations of the kind.

The tent is a good one and is well equipped for producing scenery is new and lighting good.

The players on so many occasions better than the usual stock company presented are all new ones with the names of the companies. These players and the management are paying a royalty for the use of the show.

In addition to having a large and attractive pavilion the performers, both men and women, are provided with usually good orchestras, doubling brass. The actors and the musicians are

### EXTEND TRACK

The Texas & Pacific Railroad is at work lengthening the track at "Pete" the line between Roscos and Sweetwater.

According to reports the track at the east end of water yards is to extend several yards, work to begin soon.

Longer freight trains, new and more powerful in the 600 class now in T-P make it necessary passing tracks corresponding Sweetwater Reporter.

Sheriff Frank House arrested a man and a woman at Sweetwater on a charge of sale of intoxicating liquors.

Dennis Elliot, and Eva and Cecil Stephens, in our city, visiting Shockley.

Anytime a steak of the market doesn't please us, we expect few places to be better than Pool-Reed Co.

## Having Tea With Kate

By JANE OSBORN

(Copyright.)

SATURDAY luncheon had consisted  
of very, very thin soup, with a few  
very small croutons—and there wasn't  
much in the plates, either. Then  
there had been midget fish balls—one  
to a person—short rations of bread  
and butter—plenty of pickles, weak  
tea and—that was all. Roderick  
Hemstead, who occupied one of the  
front rooms on the second floor of the  
fine old-fashioned house had come  
home early, in time for luncheon, and  
intended to spend the afternoon work-  
ing over some papers from the office.  
He had dropped in for luncheon, to  
which he was certainly entitled since  
he paid full board. Nora Lane was  
home, too, though on school days she  
bought her luncheon at a little tea-  
room near the school where she  
taught.

Now Roderick sat in his room con-  
sidering his papers, but much more  
seriously considering how hungry he  
was. He'd go out and get some after-  
noon tea if it wasn't such an infernal  
nuisance. And he didn't even  
have a cracker in his room. Nora  
had been correcting papers, but it  
seemed now as if she couldn't correct  
another unless she had something to  
eat.

Starvation fare—that's what it was  
at Mrs. Miller's boarding house.  
Just then came a curious timid sort  
of scratching noise on Nora's door.  
"It's me," said a voice, as Nora  
opened to see an oldish woman in a  
blue gingham dress. Nora knew at  
once that this was Katie, the cook,  
though she had seen her only a few  
times. Students came in to serve the  
meals—and this Mrs. Miller consid-  
ered a great advantage since you never  
had to feed them. And Mrs. Mil-  
ler and Katie and poor timorous Mr.  
Miller did the rest.

"I thought maybe you'd come to the  
kitchen for a cupful of tea," suggested  
Katie. "Lunch was none too hearty."  
She laughed a little and waited for  
Miss Lane to accept her invitation.  
"You see Mrs. Miller is away. Won't  
possibly be back until after dinner  
tonight. I always have my tea and  
toast at four, and I thought I'd see  
if there was anyone in that would like  
some."

So Nora Lane, feeling as guilty as  
a child about to pilfer the pantry,  
followed the broad-backed Katie to  
the kitchen below. Steps on the back  
stairs following them proved to be  
those of Roderick Hemstead, who sat  
across the dining room from Nora.  
She knew his name, thought him very  
good looking, and that was about all.

"This young gentleman was work-  
ing in his room," explained Katie. "I  
knew that meal would never last him  
through the afternoon."

Katie was now setting tea cups and  
saucers and spoons on the immaculate  
white oilcloth top of her kitchen  
table.

A half-hour had passed when Nora  
and Roderick groped their way up the  
back stairs.

"Wasn't it fun?" asked Nora.  
"You bet," said Roderick.  
"And it isn't as if we weren't en-  
titled to the things, either," defended  
Nora. "We both pay full board and  
we are hardly ever here for luncheon.  
Wouldn't Mrs. Miller have a fit?"

"That's what makes it such good  
sport. Wish I sat on the same side of  
the dining room that you do."  
"Why?" asked Nora, also glad of  
the dark.

"Guess why," said Roderick, for  
they were now in the light of the  
upstairs hall and Roderick didn't dare  
say more.

Frequently that winter Mrs. Miller  
had engagements on Saturday after-  
noon and for some reason Katie al-  
ways found her young man and her  
young lady, as she called them, in  
their rooms, ready to be asked to a  
kitchen tea party.

Then came the final kitchen tea  
party, to which Roderick and Nora  
came looking so confused and self-  
conscious that Katie felt sure that  
Roderick had stolen a kiss on the  
back stairs. Never was a tea party  
more delightful, and Katie was in rare  
good humor. Perhaps they were too  
preoccupied. Anyway they did not  
hear the footsteps of the ample Mrs.  
Miller coming through the pantry.

"Katie," she shrieked, "what do you  
mean by this? How dare you? I dis-  
charge you on the spot!"  
Katie and Nora looked helplessly at  
each other and Roderick, who had risen,  
bowed slightly to his landlady.  
"Let me explain," he said. "We have  
been making arrangements—Miss  
Lane and I—with Katie to come and  
keep house for us. But perhaps I  
had better explain. Miss Lane and I  
are engaged. We shall settle in our  
own house immediately after our wed-  
ding." Nora blushed and nodded an  
affirmative to the bewildered Katie.  
"How dare you conspire to get my  
cook away from me, right here in my  
own house?" shrieked Mrs. Miller.  
"That's just it. As a matter of  
fact we hadn't spoken of the matter  
to her. We were going to. But we  
felt a little reticent about making  
advances here, as you say, in your own  
house. But since you have already  
discharged Katie, of course we need  
no longer feel any such scruples.  
Katie, do you accept our offer?"  
Katie said she did. And there was  
a decided coolness between Mrs. Mil-  
ler, her cook, and two of her best-  
paying boarders until the three last  
named left two days later.

# Falfurrias Jerseys

ATTENTION BULL CIRCLES

We now offer twenty Majesty bred  
bulls, 8 to 24 month of age, out of  
high producing cows.

10 Sons of Royal Majesty of St. Cloud 2nd. He is a  
son of the Gold Medal bull, Royal Majesty of  
St. Cloud, whose 20 highest register of merit  
daughters average 817 pounds butter per year

### FINE PICTURE AT THE LYRIC

Here's a situation that is really  
emotionally thrilling and dramatic.  
A lovely young mother sees her hus-  
band come home each night long  
after midnight. A flapper daughter  
wanders in at about the same time.  
Frankly, she is worried; not so  
much about the man she married,  
but about the little girl, who seems  
to have entirely forgotten her. One  
evening, at a night club, while dan-  
cing with her youthful escort, the  
daughter starts a flirtation with a  
bachelor whose reputation is not of  
the best. On sensing her fiancée's  
disapproval, she just flirts all the  
more.

Time passes, and with it a grow-  
ing friendship ensues between the  
girl and the other man. Finally, in  
desperation, her fiancée appeals to  
the mother. In a last effort to save  
her child, she determines to meet  
this man and see what he's really  
like.

Using another name, a mutual  
friend introduces them to each other.  
And before she knows what has  
happened, she, too, has become in-  
fatuated with him, and forgotten her  
original object in meeting him.

What happens? What path is  
left open to her? How can she ex-  
plain? Those are some of the things  
you'll find out when you see  
"Dancing Mothers," the new Para-  
mount picture, which comes to the  
Lyric theater on Monday and Tues-  
day, June 21-22.

Conway Tearle is the worldly  
bachelor, Alice Joyce, the "dancing  
mother," and Clara Bow, the head-  
strong daughter. An excellent  
supporting cast is headed by Nor-  
man Trevor, Donald Keith, Elsie  
Lawson and Dorothy Cumming. Her-  
bert Brenon directed the picture,  
which was adapted from the Selwyn-  
Goulding stage success by Forrest  
Halsey.

The baseball fans are getting their  
money's worth and then some, and  
the best part of all is that the Big  
Spring team is securing practically  
all the games to be played right here  
in Big Spring. When the home  
team fails to win, and that is seldom  
they certainly make the other team  
hustle to beat the band.

Fish weekly. Most times Thurs-  
day. Pool-Reed Co.

## WE RENT ELECTRIC FANS STONE'S VARIETY STORE

### THREE BIG GAMES ASSURED

The fans are going to be treated  
to some royal sport—three big  
games with some real ball teams—  
Lamesa and Cleburne. The fans  
should turn out in force for these  
contests.

The hard hitting Lamesa team  
will play here Saturday afternoon  
and the fans are looking forward  
with interest to this contest. La-  
mesa is said to have the best bunch  
of sluggers in West Texas and their  
pitchers, Berry, Bean and Davis, are  
hard to beat. The homefolks realize  
that the home team is going to  
have to go some to beat this bunch.

The fast Santa Fe Ry. team of  
Cleburne will play in Big Spring,  
Sunday and Monday afternoon. It  
was necessary to guarantee them a  
nice sum in order to bring them to  
this city so the fans should patronize  
these games generously. The  
Santa Fe team is said to be one of  
the best amateur teams in Central  
Texas, and two fast games are as-  
sured.

Tell your friends about these  
games and invite them to see them.

Thrift is something we just can't  
seem to learn. Take the man who  
can't afford to pay \$5.65 to \$6.75  
down for an annual subscription to  
a daily paper. That same man can  
take the same paper paying 5 cents  
per day and 10 cents on Sunday and  
never feel it. He does not seem to  
realize that in the course of a year  
he has paid out \$20.85 for his daily  
paper on the daily installment plan;  
more than three times what it would  
have cost him had he paid the cash  
on the barrel head in a lump sum.

### RINARD WITT DEAD

Rinard Witt, aged 4 years, 2  
months and 3 days, was claimed by  
death about 4 o'clock Sunday morn-  
ing, June 13, at the home of his  
parents, Mr. and Mrs. W. R. Witt,  
18 miles northwest of Big Spring.  
The child had been an invalid prac-  
tically all of his life.

Funeral services were held at the  
graveyard in Mt. Olive cemetery,  
about 6:30 o'clock Sunday evening,  
by Rev. G. B. Walters, of the  
Church of God.

Heartfelt sympathy is extended  
to the bereaved ones in their hour of  
sorrow.

Mr. and Mrs. R. A. Eubank left  
Wednesday night for a visit to points  
east, and will be absent from this  
city about thirty days. Mrs. Eu-  
banks will visit in New York City,  
while Bob will go to Canada to at-  
tend some horse races. He is inter-  
ested in two horses that Will Mer-  
rick will run in this series of races.

American Telephone & Telegraph  
Co. Bell System  
147th Dividend  
The regular quarterly dividend  
of Two Dollars and Twenty-Five  
Cents (\$2.25) per share will be  
paid on Thursday, July 15, 1926,  
to stockholders of record at the  
close of business on Saturday,  
June 19, 1926.

## Texas Leads In Demonstration Work

By Phebe K. Warner

What Texas needs most of all is truthful publicity. First of all, she needs more true publicity within her own borders. There are five million people, old and young, in Texas. But there is room for ten times that number. Still we who live in Texas don't need the other 4,500,000 half so badly as they need Texas. And the day will come when the people of the East will drift out of their crowded quarters in search of new homes.

They ought to know the truth about Texas. But there is probably no other part of our Nation about which so many lies have been told as Texas. And listen folks: A lot of those lies have been told by our own people who do not know the truth about their own State. We forget that Texas is as large as the whole eastern part of the United States. And in our enthusiasm to be loyal to our particular part of Texas we sometimes say unkind and untrue things about the other parts of the State. But away from home it is all "just Texas."

It sometimes seems if a little more space in the Texas press were filled with the big things in Texas, instead of so many trifling outside affairs it might give our State a better name abroad. Take, for instance, that silly, sickening bath tub yarn about the Washington girl. Of what earthly value was that story to anybody? But there are a hundred fine county and district home demonstrators in Texas who are working day and night and traveling thousands of miles every year in their cars trying to make Texas a better State in which to live and have a home. Every one of these demonstrators is trying to do the very things that will help the girls in the country to be independent and contented in their own homes and thus hold them away from the crowded cities with their myriads of temptations. Our Home Demonstrators are teaching our own Texas girls how to build up their bank account and still live at home. And that is the main reason any girl ever wants to leave the farm and go to town. She wants a cash job so that she can be independent financially and have a few things her girl nature calls for in 1926. She wants to look as attractive as the town girl. She wants a pocket book of her own even if it is almost flat. It beats nothing. Right here is one of the finest pieces of work that is going on in our big State. How often do those Home Demonstrators get their picture in the State papers? How often does the home girl that has done something that is a real credit to her home and county get her name in the State papers? But just let some fool girl (sorry for her) do some real good for nothing deed and the story is flashed across the continent day after day until it gets so old it almost—?

But that's news! And news somehow gets out because the press is paying thousands of reporters to be on the lookout for new. So true is this that often, Will Rogers, says, they seem to have their cameras set for the picture long before the event. But why not look harder for the worthwhile things? Because there is so much good being done in Texas these days that it is too common to create a thrill. Or so it seems, yet a lot of people keep harping on the fact that the world is going to the dogs.

But nevertheless, Texas has more county home demonstrators today busy at work building up the home life and the commercial life and the social and civic life of our counties than any other State in the Union. In fact, the Smith-Lever funds have run out in Texas. As a rule it is a bad sign when the "funds" in any cause run out. But in this case it is proof that Texas is alive to her best opportunities. Texas has reached her quota of 90 county home demonstrators who are working now in 90 of our 254 counties. Plenty of room for more, and they are being called for every month. But the new county asking for a home demonstrator now must go on the waiting list until some other county makes the mistake of letting their home demonstrator go or until more funds can be appropriated by the Federal Government for the work. The last county to send in a S. O. S. call for a County Home Demonstrator was Haskell county. But Texas had to say, "You will have to go on the waiting list, Haskell, until somebody drops out." Isn't that fine? Not fine because Haskell county has to wait. But fine to know that every available Smith-Lever dollar in Texas is on the job. And there is no way to measure the joy and contentment and independence and self-respect and hope and

inspiration that this work is awakening in the lives of our girls and women in Texas. Mothers who had given up all hope of ever having a comfortable or convenient kitchen or home have taken a new lease on life since somebody has helped them find the way to a more abundant life right where they are. If you do not believe this you should begin now to plan to attend the Farmers' Short Course at A. & M. College the first week in August. You will come back a better and wiser man or woman and a more willing taxpayer for the worth-while things in life instead of spending so much taxes on the criminal element. If Texas would put a farm agent, a county home demonstrator, a Boy Scoutmaster and a Camp Fire Guardian in every county in the State, the whole penitentiary might be sold in a few years and used as experiment stations and camp grounds for the good boys and girls. Do you realize, Mr. Taxpayer, that one girl in the reform school from your county costs your State almost as much annually as a county home demonstrator for all the girls of the county would cost you?

Wisconsin, one of the liveliest States in the U. S. A., with one of

the greatest State Universities and one of the most popular university presidents, has only ONE county home demonstrator in the State doing regular county home demonstration work such as 90 are doing in Texas. And that ONE is employed partly by the Chamber of Commerce or some local organization. Now no need to doubt this because the State Home Demonstrator of Wisconsin told me this herself just a few weeks ago. But they are getting ready for the work as fast as they can. They have several district demonstrators at work. Could Texas inspire other States if her wonderful work were better known? Texas leads the Nation in Home Demonstration work. How many of us know it and appreciate it? How many of us are proud of it?

**I. O. O. F. PROGRAM  
TO BE GIVEN AT KNOTT**  
A splendid I. O. O. F. program will be rendered at Knott, Texas, on Sunday afternoon, June 30, at 3 o'clock.  
Everyone is invited to assemble at the Tabernacle for the opening address by R. G. Rishbough.

### WHICH FARMER?

The press of the Nation resounds with the woe of "the farmer." Which farmer?

Not since "deflation" has there been a nationwide, single-voiced cry of distress from farmers as a whole. If we remember rightly, other interests were groaning as vociferously as the farmer, about that time. True, we are reminded that the farmer's dollar is now worth about a third less than the dollar of industry. The statistical farmer's dollar, which is a composite dollar representing the market value of all farm products, is too vague a standard by which to measure the prosperity of the individual.

Even as a measure of group prosperity the composite farmers' dollar falls short, but for the great staple crops a specific statistical dollar may be figured. This comes a little closer home, and upon the value of the corn dollar or the wheat dollar or the cotton dollar, hangs the question of distress and its raucous voice.

Only the hypothetical farmer, who could grow corn, potatoes, wheat, in fact, the whole category of soil products on his one farm, has an immediate interest in the composite dollar that represents all crops. For that reason we hear little from one group and much from another, depending on whose dollar is squeezed. Also, we seldom hear a grumble from those rare individuals who grow a living at home and one or more commercial crops on the side.

Once the groans emanate from the wheat belt; the cotton farmer, mildly sympathetic, gets subconscious consolation in the thought that his biscuits may come a little cheaper, and the dairy farmer greets with secret satisfaction lower-priced bran for his cow rations. Then the corn belt emits a howl of distress; the wheat farmer, now prosperous, lights a cigar and goes on a vacation with a clear conscience, and the cotton farmer "reckons mule feed will come down a little." The fact that 70-cent corn in Iowa will be about \$1.25 corn at retail in Texas is overlooked.

If the signs of the times are correctly interpreted, the cotton grower will be the next to lift up his voice in lamentation. When that occurs the reaction among dairy farmers will be mainly to cheaper cottonseed meal and of grain farmers to the possibility of cheaper shirts and overalls, but the cotton grower need expect no more activity in his behalf from his corn-belt neighbors than he has shown when the other ox was gored.

When we are told that "the farmer" is in distress it behooves us therefore to discover which farmer. Only in a general breakdown of the whole economic fabric which involves all farmers along with all other interests does it appear possible to speak of the composite farmer with accuracy, and only under such conditions do all farmers speak with approximately the same voice.

Thinkers in all farmers groups recognize the need of a unified interest resulting in a harmonious farmer voice and leading to united action. Probably that, in perfection, is as unattainable as the millennium, but efforts in that direction should not be relaxed. Some progress has been made, and there is an increasing impatience with doctrinaires who hold out for dogmatic theories rather than accommodate themselves to a workable program with others.

In the meantime, the individual must be the author of his own salvation to only a slightly less degree than in the past. In every community are parity between the "farmers' dollar" and the "universal dollar." Look him up, look him over, and see how he does it.—Farm and Ranch.

# NO-NOX

MOTOR FUEL

## STOPS KNOCKS

*Turns Mountains  
into Mole hills*

**F**OR years the carbon knocks, clicks, pings or de-  
tonation in automobile engines have been a men-  
ace to motor efficiency and a sore spot to the  
motorist. GULF No-Nox Motor Fuel has turned  
the old time carbon bugaboo into an asset, in fact it has  
put carbon to work.

### No-Nox and Carbon are Power Twins

Compression is power—Carbon adds compression—No-Nox withstands  
compression and the combination gives wonderful motor efficiency.

GULF No-Nox Motor Fuel not only withstands the high compression of  
the modern automobile engine—but also the added higher compression  
caused by carbon deposits on the walls and piston head which increases  
with the age of the car,—clicks and knocks are eliminated—greater effi-  
ciency is accomplished—followed by more power and greater mileage.

### This Guarantee goes with it

GULF No-Nox Motor Fuel is Non-Noxious, Non-Poisonous and no more  
harmful to man or motor than ordinary gasoline—that it contains no dope  
of any kind—that the color is for identification only—and will not heat in  
summer driving.

GULF No-Nox Motor Fuel is priced three cents per gallon higher than  
ordinary gasoline—and is worth it.

### The Orange Gas—At the Sign of the Orange Disc GULF REFINING COMPANY

### WHAT'S DOING IN WEST TEXAS

By West Texas C. of C.

Ballinger — The sum of 200,000  
pounds of wool are in storage at the  
Texas Compress Company's sheds  
here. This wool will be placed on  
sale June 15 with ten or fifteen buy-  
ers here from Boston, Chicago and  
Philadelphia.

Cisco — The local Chamber of  
Commerce has agreed to pay the  
railroad fare of all boys and girls  
who qualify to attend the farmer's  
short course to be held at A. & M.  
College in August. The county  
agent will pass on the qualification  
of the club members.

Childress — Childress will soon  
let contract for more than 30 addi-  
tional blocks of paving. During  
1925, the city contracted and laid  
60 blocks of paving.

Snyder — The membership com-  
mittee has been busy the past three  
weeks soliciting members for the  
new Scurry County Chamber of  
Commerce.

Littlefield — During the past  
week a modern and up-to-date tour-  
ist park has been completed here  
costing the sum of \$10,000. This  
park is equipped with every mod-  
ern convenience that would speak  
for comfort and pleasure. The  
management owns its own water  
system, camp cottages, electric  
lights, stoves, cots, tables and  
chairs. Many shade trees are scat-

tered over the grounds also the  
park is equipped with showers.

Big Spring — The Big Spring  
Chamber of Commerce has secured  
teams, graders, and other road ma-  
chinery for work on the road from  
Big Spring to the oil fields South-  
east of town about sixteen miles. A  
pipe line is being laid from the new  
field to Coahoma which is located  
on the T. & P. twelve miles east of  
Big Spring.

Lubbock — George Briggs, Sec-  
retary at Eastland, and J. E. T.  
Peters, secretary at Cisco, will be  
two of the principal speakers at the  
convention of Texas commercial  
secretaries to be held here July 22  
to 24 inclusive. This conference is  
the twentieth in the history of the  
organization, and is considered a  
school for commercial secretaries.

Vernon — More than seventy-five  
delegates are expected to attend the  
West Texas Chamber of Commerce  
convention at Amarillo. Three cars  
of the special train has been reserved  
for Vernon, which will arrive in  
Amarillo the morning of the 21st re-  
turning to Vernon at 5:45 the morn-  
ing of the 24.

Colorado — The Colorado Band,  
the official band of the West Texas  
Chamber of Commerce, will make  
its journey by auto-caravan to the  
West Texas Chamber of Commerce  
convention in Amarillo, with a num-  
ber of concerts rendered in the

larger cities enroute.

Cisco — R. Q. Lee, president of  
the West Texas Chamber of Com-  
merce, has just completed his  
Heart of Texas diversification tour,  
which included Coleman, Brown-  
wood, Brady, San Saba, Mason,  
Fredericksburg, Llano, Burnett,  
Marble Falls, Goldthwaite, Hamil-  
ton and Hico. This is his last tour  
as president of the organization.

Wichita Falls — Bob Penick has  
been elected chairman of the On-to-  
Amarillo committee of the local  
Chamber of Commerce. Wichita  
Falls will operate a special train and  
will contest with San Antonio and  
Lubbock for the 1927 convention.

Decatur — Almost a carload of  
sheep has been made up for distribu-  
tion in Wise county. This idea was  
suggested and is being sponsored by  
the local Chamber of Commerce.

Remember the speed limit within  
the city is 20 miles per hour. The  
officers would much rather you ob-  
serve the law—but if you refuse to  
do so it is only a question of time  
until you will be landed on a speed-  
ing charge.

A. W. Johnson has returned from  
Big Spring, where he visited his  
daughter, Mrs. W. G. Mims. He  
also visited his son, O. A. Johnson  
of Blackwell, Texas.—Baird Star.

### TOO MUCH FOR HIM

Going out of my office one day,  
I met in the doorway a French  
friend, his face full of eagerness.  
"You tell me what is a polar bear?"  
"A polar bear! Why he's a big  
bear that lies up in the polar re-  
gions."

"And what does he do, ze polar  
bear?"

"Not much of anything, I guess  
—sits on the ice and eats fish."

"He sit on ze ice and eat fish?"

"Yes, why not?"

"Vy not? Because I have just  
been asked to be a polar bear at a  
funeral and if I have to sit on ze  
ice and eat fish, I will not go!"—Ex

### Suffered

Weak, nervous

in a very weakened,  
nervous condition, surely  
needed a tonic and build-  
ing agent. Mrs. J. R. Wrenn, of  
Texas, "I was so weak  
I could not go to bed, and kept  
my back so  
I was very nervous,  
and rest good at night. I  
could not do anything—I just  
lay in bed."

read so much of  
I thought best to use  
Cardui seven or eight bot-  
tles by the time I had  
been stronger  
I had been in several  
I can highly recom-  
mend."

of other women  
found that the tonic ef-  
fect of the purely vegetable  
preparation of Cardui were  
what they needed to help  
their appetites, to help  
them eat and natu-  
rally to normal health  
strength. Its action has  
been found to be of great  
value in many common fe-  
male ailments.

BIG SPRING, TEXAS

### RECEIVES B. M. DEGREE FROM TEXAS CHRISTIAN U.

Miss Elsie Willis returned Wednesday of last week from Fort Worth, where she had been to receive a degree of Bachelor of Music from Texas Christian University, with the 1926 graduating class. Miss Willis did splendid work while in the University, and got her degree, cum laude.

Following is the program of the Senior Recital in which Miss Willis appeared while in Fort Worth:

Public Recital, Texas Christian University, School of Music, Wednesday night, June 2, 1926, 8:15 o'clock. Wayne Walker McNealey, Pianist; Elsie Isabel Willis, Pianist; assisted by Claude Sammis, Violinist.

Minuet, Seeboeck; Spanish Serenade, Yon; Valse Impromptu, Guelck; Wayne Walker McNealey.

Polonaise, MacDowell; Irish Tune, Grainger; Cracovienne, Paderewski; Elsie Isabel Willis.

Ave Maria, Schubert-Wilhelm; The Bee, Schubert—Claude Sammis, Valse, Chopin; Rhapsody Hongroise, No. 11, Liszt—Wayne Walker McNealey.

Waltz, Op. 2, Levitzki; Butterflies Ferrari; Etude, Op. 36, MacDowell—Elsie Isabel Willis.

The Rosary, Nevil-Kreiser; From the Canabrake, Gardner—Claude Sammis.

Caprice Viennois, Kreisler; Bon Voyage, Schulz; Valse de Concert, Wienawski—Wayne Walker McNealey.

Prelude, Op. 28-13, Chopin; Rhapsodie Hongroise, No. 6, Liszt—Elsie Isabel Willis.

### CAFD OF THANKS

We are at loss for words to express our thanks and love for those who were so kind and good to us during the sickness and death of our dear little boy, Rindard, who passed away Sunday morning; also for the beautiful flowers. We will miss him here, but God knows best. God giveth and He taketh away. We know he is resting now with Jesus where he will never know any pain or sorrow.

Mr. and Mrs. W. R. Witt and two daughters, Lorhea and Willie Mae.

Mr. and Mrs. Earl Deats of Fort Worth arrived Sunday for a visit with the families of Mrs. L. T. Deats and H. L. Rix.

### TWO SISTERS WILL REPRESENT MIDLAND

Mrs. Jones Lamar and Miss Willie Preston, daughters of Sam R. Preston, have been elected by the Midland Chamber of Commerce to represent Midland as senora and senorita in the social affairs at Amarillo during the West Texas Chamber of Commerce convention.

These two young women will represent Midland in the big Spanish Fiesta the second night of the convention, and they will be guests of Amarillo at various fashionable social events at the Country Club and other places. The West Texas Chamber of Commerce has planned the social affairs this year so various local chambers of commerce will have no expense, the only expense being transportation and evening dress which expense are borne by the various senoras and senoritas. Heretofore, fancy costumes and decorated carriages have caused heavy expense to the chamber of commerce which participated—Midland Reporter.

Both of these young ladies are well known in Big Spring. Mrs. Lamar having made her home in this city until recently, when she moved to Amarillo, and Miss Preston visits friends here very often.

### YEGGS ROB SHERIFF'S OFFICE AT ELDORADO LAST WEEK

Sheriff August Luedcke of Eldorado had a streak of bad luck last week. When he arrived at Big Spring on Thursday of last week, to attend the semi-annual convention of the West Texas Sheriffs and Peace Officers Association, a phone message informed him of his office having been ransacked.

Frying open the door and blowing the vault with nitroglycerine, yeggs after midnight, Wednesday, June 9, stole 225 bottles of Tequila from the office of Sheriff August Luedcke, Sheriff of Schleicher county at Eldorado.

They made their escape in an automobile, it is believed.

The explosion aroused no one.

The liquor was seized in a raid about three weeks ago, and, at bootleg prices, was worth \$6 a bottle.

Mrs. L. A. White returned Thursday morning from Amarillo, where she had been to visit relatives.

Read Herald want ads.

### "CHOC" BEER, STRIPPED AUTOS MAIN MENACE SHERIFFS SAY

West Texas sheriffs in quarterly convention at Big Spring Thursday and Friday of last week told one another that bootleg whisky, choc beer, home-made hoochies stripped down for speed and a quick getaway, and too often made up of stolen automobile parts, along with country dances and pasture singings after dark have brought real menace to the home.

Bob Miller of Concho county is president of the West Texas Sheriffs' Association. He is a big man, with a big slow voice, very deliberate in what he says, but he talks straight from the shoulder. He made a speech Friday that led to a general discussion out of which came the conclusion that too many boys and girls are recklessly and blindly rushing into danger.

"I've been looking in on some of these country dances and pasture singings," said Miller, "and I want to tell you some of the things I learned and saw with my own eyes."

He told what these things were, and went on. "Now, in every case the girl was not over 18, and one or two were not 15. Mostly school girls, and the boys about the same age. Those little girls were drunk, men, they were full upon Choc beer. I happened to know a few of them and their folks are as fine people as you'll find anywhere, trusting their children, not dreaming what is happening to them."

"Shame—not a bit of it. When I talked to them they gave me first one excuse and then another—just laughed it off or said, 'Why, sheriff, that's nothing new; everybody's doing it.'"

Carl Adams, deputy sheriff of Brown county, paid his respects to the home made "hoochie."

"It's my experience," he said, "that these stripped down cars along with booze and the prosperity wave of 1919 are behind the crime wave. Nine automobiles in Brownwood were looted, stripped of their parts by boys who wanted to build these hoochies. They made a quick getaway and they are hard to see at night. Back in 1919, when the country was more prosperous than it has been before or since, every boy had money. He learned to write checks. Then when hard times came along and he didn't have any money in the bank he just kept on writing checks. In that connection I want to tell you that the merchant who takes a cold check and then won't prosecute—who only wants the check made good—has got a lot on his conscience."

Other speakers said the bootlegger is getting more and more insolent. Also more numerous. Choc beer, more than corn whisky, is the sheriff's trouble, for the federal prohibition officers are under instructions not to go after beer makers.

Other speakers Friday were W. E. James, Austin, director of the Texas Council of Safety; S. O. Kennedy, Dallas, manager of the Auto Theft Bureau, and Capt. Tom Hickman of the Texas Rangers.

James explained the purpose of the Council of Safety, the prevention of preventable accidents through education and publicity.

"Last year," he said, "35,000 Americans were killed in accidents, 30,000 of them in automobile accidents." He asked the sheriff's association to get behind proposed legislation to license automobile drivers. At its last quarterly meeting at Baird, the association indorsed that bill.

Kennedy's address was a confidential report to the sheriff of the work of the Auto Theft Bureau, which is owned by 100 American insurance companies and works in close co-operation with peace officers.

Hickman was introduced by Bob Miller, who said of him: "He runs the best bunch of men that ever pranced along the Rio Grande. Ten of 'em are better than 60 soldiers." The Ranger captain merely brought greetings. "There are only 26 of us on the force now, boys," he said. "So don't call on us for small stuff. But if you really need us, just send the word and we'll come a running."

At the close of the morning session San Saba was selected as the next quarterly meeting place, winning over Breckenridge. The dates are Sept. 19 and 21.

Those registered Friday were: B. J. Russell and H. C. Allen, Coke county; Carl Adams, Brown county; Frank House, Howard county; A. F. Luedcke, Schleicher county; O. D. Bass, Sidney House, Anderson County; A. J. Merrick, R. L. Miller and Rube Martin, Howard; H. M. Miller, Concho; W. E. James, Travis; G. H. Corn, Callahan; A. C. Francis, Midland; W. J. Cookal, Callahan; C. F. Butcher, Deputy Robinson and Earl McWilliams, Runnels; Reeder Webb, Ector; F. B. Armstrong, Midland; W. D. Bingham, Stonewall; Irvins Terry and Dick Gregory, Mitchell; S. A. McCombs, Kent; H. L. Lam-

### IMPROVING HOME WITH STUCCO

The J. F. Thirton home in the Cole and Strayhorn addition is being given a stucco coating this week, work on same is now well underway. Other improvements are also being made. J. S. Winslow and his force are in charge of the work.

W. J. Crawford and family returned Saturday from a visit with relatives in Lubbock. W. J. who had been taking a two weeks vacation reported for duty at the store of J. & W. Fisher Wednesday.

### COURSES IN RURAL EDUCATION AT A. & M. COLLEGE

College Station, Texas. — Courses in rural education intended to prepare teachers for work in rural elementary and high schools are being attended by 35 students at the A. & M. College of Texas annual summer session which opened June 7. Two six-week courses will be given, the second course beginning on July 19. At the close of the school students will be found positions.

Professor W. L. Hughes, head of the rural education department of the College, announced the demand this year for rural teachers has been greater than ever before, and he has received calls for more teachers than he can supply.

Mr. and Mrs. H. L. Sanders, his sister Miss Gladys Sanders, and Mrs. James Welch, Mrs. Ada Galaway and Mrs. D. K. Pinkston of Paducah, Texas, were here this week to attend the funeral of W. D. McDonald. Mrs. Sanders is a cousin of Mrs. McDonald.

### CHURCH OF CHRIST
