Big Spring, Texas, Friday, May 20, 1927

By T. E. Jordan

Drilling Well Shot; Good Producer

200-quart Shot This Well Good for From 100 to 200 Barrels of Oil Daily on Pump

A Texas-Marland well on the Harding farm about six miles from Big Spring was given a 200-quart shot of nitro glycerin Monday about 8:30 p. m. and has all the marks of a good oil well. Estimate being 100 barrels to the acre. Of course this is all work as it will be necessary to produce when the well is put on the pump.

The well rose 2000 feet in the well on the day following the one shot. Swabbing and cleaning has been carried forward Tuesday and Wednesday.

As some of the larger size is removed from the well it is placed on pump. Four 250-gallon tanks and one 10,000-barrel tank have been erected near this well in care of production.

The Gulf pipe line, from Midland to Big Spring, is within a mile of this fact that this is a good well on an entirely new oil field located in our county and is considerable development as well as even though this well shows up as a commercial well much development would have to be done with the well making just a showing of oil.

It certainly appears as though the certainty of an Oklahoma oil man is to prove true. He states that he found in practically every section of Howard County.

The Marland Test by October. The Marland Oil Company according to agreement, is to start drilling tract of land north of Coahoma county first.

Spud in on Section Six Soon. J. V. Smith who is to drill a well on section 6, block 31, 1 S., twelve miles southeast of Big Spring was here Monday to complete arrangements for starting work on it.

His intention to employ a crew to start work in the very near future.

Oil Co. to Drill Well in Soon. F. H. E. Oil Company is re-organizing steel derrick which recently was spud in. This test is located on section 156, block 29. Five and 3-16 inch casing is to be set in this test and 1400 feet.

F. H. E. Co. has spudded in a well about one quarter mile west of their No. 1 well.

and one quarter miles southeast of the wells drilled by the General Oil Company. Oil was found at several different levels in the General Oil Co.'s tests and what was considered a real oil sand was picked up at 2780 feet.

The location of the World well is on a line between the Chalk-Clay-Settles and the Reagan County fields and is looked upon with favor by those in the oil game.

Marland-McCamey Test Well
The Marland-McCamey test on the Jones ranch, north of Coahoma, is now drilling around five hundred feet. A stratum of soft water was encountered around 360 feet.

Changing boilers has been retarding progress of drilling recently. This test is being watched by oil interests as a number of additional tests are scheduled for the Coahoma territory.

Work on Oxshoe Well Due to Start
It is thought that drilling will be started on the Green et al test well on the F. G. Oxshoe ranch in the northwestern portion of Howard County in a short time.

Drillers have arrived and are to start work as soon as some twenty inch casing has been secured. This well was spudded in last month and drilled below the 100 foot level.

Marland Test on Section One
The Marland Oil Company at five o'clock Wednesday afternoon spudded in their test well on section 1, block 33, 1 S., owned by Mrs. Edith K. Fisher.

This location is almost midway and on a line between the Settles and Harding wells and is expected to come in a commercial well. Quite a few Big Spring folks were on hand to witness the starting of work on this important test.

Peer Oil Co. Granted an Extension
Officials of the Peer Oil Co. here to confer with C. D. Read as to starting work on a test well on section 39, block 30, 1 N., were granted until September first to spud in. According to the agreement they are to start operations at an earlier date if the price of crude oil advances.

The Peer Oil Co. has a lease on 5600 acres in the Read ranch east of Coahoma.

At W. P. Edwards Well
The Robert R. Penn test on the W. P. Edwards ranch, section 11, block 34, 2 S., 20 miles south of Big Spring is now drilling past the 1000 foot mark. A showing of oil was encountered at 905 feet, with the hole full of water. This water rose to within a few feet of the surface. Casing was set at 975 feet and water cut off and the drill is now pounding away in a hard red rock formation.

Test for Sand Hill Practically Sure
It now appears that a test well is to be drilled a few miles northeast of Big Spring. The O'Neal Drilling Co. of Wichita Falls has agreed to drill this test if 5600 acres could be blocked up northeast and east of Big Spring and the land owners have met their part of the contract.

Within thirty days after the papers have been examined and approved, it is thought drilling operations will be started.

Guitar Test at Interesting Dept
Splendid progress is now being made on the Marland Oil Company's test well on the John Guitar ranch, five miles west of Big Spring. This test is now drilling below the 3400 foot mark, with the formations running about the same as in the Harding test, six miles south.

Oil men are inclined to believe that the Guitar test is going to come in a producer when it reaches a depth of 3200 feet.

Pure Oil Company Operations
The Pure Oil Company's well on section 125, block 39, W. & N. W. Ry. survey continues to flow around 350 barrels and is rated as the best well so far secured in the Chalk or other oil fields in Howard County. It is an offset well to the best well the Marland Co. has in the Chalk field.

The Pure Oil Company is making preparations to drill other tests. A supply house for this company is being erected in the field near their wells.

Our Schools and Their Needs

Discussed at This Week's Meeting of the Wednesday Luncheon Club. Poor Attendance Noted

Thirty or more were present at this week's meeting of the Wednesday Luncheon Club, but 'twas a pity there was not a larger attendance since our public schools and what should be done to aid them was the topic up for discussion.

C. W. Cunningham, chairman after announcing the subject to be discussed, called on Dr. E. O. Ellington, president of the school board of the Big Spring Independent District.

Dr. Ellington stated he had his usual hard luck story of more funds needed if our schools were to be maintained as a school system of the first class. He said the schools closed last year with a deficit of \$6500 but by the most rigid economy and scrimping they hoped to reduce the deficit to about \$2000 at the close of this school year. He also stated that the saving was made by reducing the teacher-force—a policy that cannot be carried far without injury to our school. He told of the need of more facilities, and the need of whole-hearted cooperation on the part of the citizenship to build up and improve our schools.

P. B. Bittle, superintendent of schools, made a most interesting talk in which he outlined what we were going to be compelled to do if our schools kept step with our growing city.

He said it seemed absolutely certain that Big Spring would more than double in population within the next few years, so more and larger school buildings must be provided.

He suggested that a high school be erected in the central part of the city and one or more ward buildings to meet the need that would arise.

The schools this year were called upon to take care of from 150 to 175 more than last year; and an ever greater increase is expected the next school year.

To take care of this increased enrollment it is necessary to add one or two rooms to the South Ward buildings and make repairs on the other building, at an estimated cost of \$12,000. Three or four additional teachers must be employed next year. A very small increase in the tax valuations are going to be evident for 1927, so it looks as though a bond issue of \$12,000 or \$15,000 must be asked to handle the building program needed to care for the situation as it exists today.

That a bond issue for an adequate Central High School is due is apparent to those who can see that Big Spring is going to make a big growth within the next year or two.

Mr. Bittle stated that we cannot afford to neglect our schools or fail to provide adequate buildings or the needed teachers even though we did have to make some sacrifices.

B. Reagan made a brief talk in which he stressed the importance of keeping our schools in the front rank. He suggested that it might be possible to clear up the title to the Central school property so same could be sold and the funds used toward building a high school building outside of the business district.

Fox Stripling also stated the school board seemed to be making a mistake in not purchasing some sites for schools now while land can be purchased at a reasonable price. He pointed out that if the population of Big Spring did double within the next year or two, the school board would have to pay a fancy price if they secured sites for the school buildings that they would be compelled to erect.

T. S. Currie was named chairman of the next meeting.

JUANITA BROOKS, SIX, SUFFERS BROKEN JAW LAST SATURDAY

Juanita Brooks, six, daughter of Mr. and Mrs. Prentice Brooks of the Knott community, suffered a broken jaw last Saturday afternoon about 5 o'clock. It is believed that the child was kicked by a mule as she was found in the lot where some mules were penned, lying on the ground unconscious. She was brought to Big Spring for treatment and her condition has shown improvement each day. The broken jaw was set Wednesday and she is reported to be getting along fine at this time.

BIG SPRING WATER O. K.

To satisfy some of our citizens who were aroused by reason of a false report of dead bodies being found in the city reservoir the City Manager forwarded samples of water to the Texas State Board of Health at Austin and a favorable report was made when the water was analyzed by chemists in the state laboratory. In fact the report shows the water from our city to be as near pure as water can be without being sterilized.

Some of our citizens have a sense of humor—in starting such absurd rumors. And other folks never think for themselves but believe every report that is put in circulation. If some were to start a report that an elephant had been found in the reservoir we have some folks who would believe it.

There is not a doubt but that some foreign matter gets into the water mains occasionally, and the hydrants to which this foreign matter is attracted must show contamination until this matter is removed, but as for all the water being contaminated the bacteriological analysis by the State Board of Health is the best proof that some of our folks have been needlessly alarmed.

Gulf Pipe Line Work in Progress

A Camp for Pipe Line Workers Established Five Miles South of Big Spring for 200 Workers

Representatives of the Gulf Pipe Line Company have established a camp on the Gallagher ranch, five miles south of Big Spring for the big force of men who are employed in laying the Gulf Company's pipe line.

A temporary camp for fifty men was established Monday and by the last of this week about 200 men will be cared for at this place. The camp formerly established at Stanton is being moved to this place.

The Gulf pipe line is being built from the Gulf's tank farm at Midland to Ranger, a distance of 105 miles; and it is planned to complete this big undertaking by June 15.

Five construction crews are on the job rushing the work. The crew now here has the task of completing the line from Midland to Coahoma.

They estimate it is going to require as much time to complete the line from Big Spring to Coahoma as from Midland to Big Spring on account of the rocky section to be traversed south and east of Big Spring. Of seven miles of rock on the entire line, six miles is in Howard County. It will be necessary to blast a way thru this formation.

The ten inch pipe will be placed in trenches thirty inches below the surface. Trench digging machines and other improved equipment is used to expedite the work.

The building of this pipe line thru here is going to prove a big boost for oil development in Howard County. Wildcatters will be more willing to drill wells since they will be assured a market for their oil as soon as they can get it to this line. Crossing the county from east to west, it will be possible to reach it from any section. Oil men contend that the problem of disposing of oil after it is found is the big obstacle to development in most sections, and the coming of a pipe line is always the starter for a greater development.

This pipe line represents a big investment and will cause the Gulf Pipe Line Co. to help us in the way of paying taxes.

The ten inch pipe for use each way from Big Spring is being unloaded near the T. & P. shops.

"BETTER HOME" SOLD

Ira Martin this week bought of E. H. Josey, builder and contractor, one of the "Better Homes" on lot 1, block 3, in College Heights addition. This residence is built on the same floor plans as the other "Better Homes" built and sold by Mr. Josey, and has five rooms and bath. Two other better homes are under construction in College Heights addition and are for sale.

J. J. Troop has awarded the contract to Mr. Josey for the erection of a bungalow on his lot in Fairview Heights.

City Schools Close Friday May 27

Miss Lillian Shick Valedictorian and LeRoy Merrick Salutatorian of the Class of 40 Will Receive Diplomas

The activities of commencement week will be inaugurated on Sunday evening, May 22 with the baccalaureate sermon at the First Methodist Church which will be delivered by Rev. D. H. Heard, pastor of the First Baptist Church. Unlike former years, the sermon will be delivered in the evening instead of in the morning. The following program has been arranged for these services, which will begin promptly at 8:00 o'clock Sunday evening:

Processional—Choir, Faculty, Senior Class.
Anthem—"Exalt Ye The Lord"—Elchorn.
Invocation—Rev. W. C. Hinds.
Hymn—"Lead On Oh King, Eternal."
Scripture Lesson—Rev. D. H. Heard.

Gloria Patria.
Solo—Herbert Keaton; accompanist, Mrs. Herbert Keaton.
Sermon—Rev. D. H. Heard.
Anthem—"He Leadeth Me." Wilson.

Benediction—Rev. R. L. Owen. The evening services at the other churches will be dispensed with so that everyone will be given an opportunity to attend the baccalaureate services of the graduating class. A cordial invitation is extended all families and friends of the graduates to attend.

The choirs of the different churches in the city have united giving the best talent from each one, to render the music for these services. They have been practicing throughout the week for the special music to be given and one of the outstanding and impressive features of these exercises will be the beautiful music to be given by the choir.

W. R. Dawes, professor of music, has been directing the choir, with Mrs. Chas. F. Morris, pianist. The following members compose the choir for the baccalaureate services: Mrs. W. C. Hinds, Miss Nell Hatch, Mrs. Roy Carter, Mrs. P. B. Bittle, Mrs. V. H. Flewelling, Miss Louisa Caldwell, Mrs. Travis Reed, C. E. Talbot, Mrs. Olie Cordill, Mrs. C. E. Talbot, Mrs. W. W. Hatcher, Mrs. G. B. Cunningham, Miss Ruby Bell, H. M. Neel, Herbert Keaton, Mrs. Herbert Keaton, Fred Leeper, H. F. Williamson, Frank Wynn, J. M. Manuel, E. G. Towler, H. L. Rix, B. T. Caldwell, Roy Cornelison, Roberta Gay, Mrs. J. B. Delbridge, Mrs. W. C. Barnett, Miss Zou Hardy, Mrs. A. Z. Gay, Miss Leta Cochran, Miss Anna Mae Freeman, Mrs. Morgan Martin, Mrs. W. C. Henley, Mrs. J. M. Manuel, and Mrs. C. T. Watson.

Senior Class Play
Another entertainment to be given during busy commencement week, is the Senior Class play, a three-act comedy which will be presented at the R. and R. Lyric theater Thursday evening, May 26. "Betty's Last Bet" is the title of the play and is being directed by T. F. Huggins and D. L. Barnes. Those taking part in the play are: Miss Louise Rogers, Julia Boss Nowell, Ernestine Chalk, Lillian Bean, Nelle Estes, Mildred Creath, Dick Collins, Jack Hodges, Arthur Osborn, Albert Bettle and LeRoy Merrick.

Commencement Program
Dr. Baxtil Baxter, president of Abilene Christian College, will deliver the commencement address to the graduating class of the Big Spring High School on Friday evening, May 27. The graduating exercises will be held in the Methodist Church auditorium beginning at 8:00 o'clock Friday evening. Caps and gowns will be worn by the faculty members and students who will receive their diplomas. Dr. E. O. Ellington, president of the school board, will present the diplomas to the graduates. Following is the program that will be given at the graduation exercises.

Processional—Mrs. Chas. Morris.
Invocation—Rev. W. C. Hinds.
Salutatory Address—LeRoy S. Merrick.
Piano Solo—Lillian Bean.
Valedictory Address—Lillian Shick.
Reading—Helen Reagan.
Address to graduates—Dr. Baxtil Baxter, President of Abilene Christian College, Abilene, Texas.

Dr. Baxtil Baxter, president of Abilene Christian College, will deliver the commencement address to the graduating class of the Big Spring High School on Friday evening, May 27. The graduating exercises will be held in the Methodist Church auditorium beginning at 8:00 o'clock Friday evening. Caps and gowns will be worn by the faculty members and students who will receive their diplomas. Dr. E. O. Ellington, president of the school board, will present the diplomas to the graduates. Following is the program that will be given at the graduation exercises.

Presentation of diplomas—Dr. E. O. Ellington.
Benediction.

Closes Successful Year

The commencement exercises of the Big Spring High School of 1927 brings to a close a successful year of work. Under the leadership of Superintendent Bittle, T. F. Huggins, principal, and the other members of the faculty a good year's work has been accomplished. The enrollment of the school has shown a marked increase and every week new students have entered our city schools. With continued growth and expansion it will not be long until we will have to consider a new high school building and a larger one to accommodate the high school students of Big Spring.

J. B. THOMAS OF DALLAS SERIOUSLY INJURED

J. B. Thomas of Dallas, chief engineer of the Texas Power & Light Co., was seriously injured near Odessa about four o'clock Monday afternoon in an airplane accident.

In taking off, and when about thirty feet above the ground, a wing of the plane struck a tree causing the machine to crash to the ground. Mr. Thomas suffered a broken leg, and cuts about the face. The pilot of the plane suffered cuts about the face.

The injured men were rushed to the hospital in Big Spring, arriving about 6 p. m. The pilot was able to go to his home in Dallas Monday night. Mr. Thomas was moved to his home at Dallas Wednesday.

Mr. Thomas was engaged in making photographs of the section of West Texas thru which the high lines are now being constructed, these photos being made from the airplane. He had been engaged in this work here for several days preceding the accident.

Midland Colts Win Sunday Ball Game

Big Crowd of Big Spring Fans Accompany Team to Midland Sunday. Score 12 to 1 in Favor Midland

With Big Spring's bunting and Midland's blunting, the fans of Midland saw a nightmare become a reality when their baseball club defeated Big Spring T. & P. club at Midland last Sunday for the third time this year with a score this time that leaves nobody in doubt as to the deserving winner, 12 to 1. No less than nineteen hits, four for extra bases were collected off of three Big Spring pitchers—Vick, Babers and Choate; with Choate the only effective twirler of the trio. Five safeties was the crop for Big Spring hitters, but one of these was a home run by Speck Williamson which gave the four hundred Big Spring fans that accompanied the club the only thrill of the afternoon. All the big guns on the Big Spring club looked easy to breeding, pitcher for Midland.

AB R H E
Big Spring.....33 1 5 9
Midland.....41 12 19 3
Batteries: Big Spring: Vick, Baber, Choate and Payne; Midland, Breeding and Reynolds.

Big Lake Here Sunday
The Big Spring T. & P. baseball club plays Big Lake here Sunday at 3:30. These two clubs played on the 7 and 8 to split in wins, and as the sport world knows the sugar game is bound to be the best. Big Spring will have a new pitcher; Moody from the Texas-Oklahoma league on the mound, and a new outfielder, Doyle Graves, shagging flies. Big Spring lost by an overwhelming count last Sunday but the same old story fits this incident to a "T." You can't beat them all. The same club that defeated Big Spring last Sunday went down in defeat on Tuesday 20 to 5 by McCamey, a club that Big Spring has won two from this year. The boys need encouragement instead of kicks. Although they failed to hit last Sunday they played an errorless ball game. They appreciate those fans that possess the unconquerable characteristic they call guts.

WE WONDER IF IT'S TRUE?
We have been scanning the daily papers for a report on that Midland-McCamey baseball game on Tuesday. According to rumor Midland was defeated by twenty some odd to five. If we can't defeat our long time rival we like to know others can.

WHAT'S DOING IN WEST TEXAS

By the
 W. T. Chamber of Commerce

Amarillo — Through its weekly traffic bulletin, the West Texas Chamber of Commerce has directed attention of its members to the meeting of the Southwest Shippers Advisory Board which will be held in this city May 21, the day following the meeting of the Panhandle Grain Dealers Association. The Shippers Board gathering will be the fourth annual meeting and the fifteenth regular meeting of that body, and all members are urged to attend.

Rails — A modern sanitary sewer system is being installed here with two ditch digging machines on the job. Four modern residences have just been completed and others are to be started within a few days. A paving project will be taken up soon. Conditions in the section are ideal and the general outlook is good.

Stamford — The May issue of "West Texas Today," off the press May 14, was in the form of the ninth annual convention number, and contained the yearly report of the president. Copies of the official West Texas Chamber of Commerce magazine were distributed to convention visitors at Wichita Falls.

Crowell — Extension of sidewalks is underway here on North Main St. This development gives the city nearly a mile of pavement from the northern portion of town to the depot.

Snyder — Snyder's new \$25,000 structure for a combination round and square bale gin is complete here. Machinery will be moved into the new plant at once.

Carlsbad, N. M. — Four big bodies of visitors will see the famed Carlsbad Caverns during May. These are: the State Medical Association, Dallas Trade Trippers, New Mexico-West Texas District United Christian Missionary workers, West Texas Geological Society members with the Bureau of Economics of Texas University. In addition to this, increasing numbers of daily tourist travelers will visit the noted caves.

Lockney — Work will start immediately on erection of a main building for the Lockney Cotton Oil Company. The contract price for the structure is approximately \$75,000. In addition to this building, seed houses, warehouses and other elements are to be built to the plant.

Eastland — June 1 has been set as the tentative starting date for construction of Eastland's \$300,000 Comeliee Hotel. Final plans and specifications for the building have been approved by the local committee, and preparations are being made to receive bids.

White Deer — Road signs have been placed recently at strategic points on highways entering this city. This is in line with a Road Sign Placement Campaign inaugurated by the West Texas Chamber of Commerce which advocates establishment of road markers and mileage information in order to save strangers perplexion, loneliness, and loss of time. The White Deer Chamber of Commerce Sign Committee is taking action at this time to prepare for the tourist season now opening.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lary. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by CUNNINGHAM & PHILIPS

TRUTH AND POETRY

She's an angel in truth, a demon in fiction. A woman's the greatest of all contradictions. She's afraid of a cockroach, she'll scream at a mouse, but she'll tackle a husband as big as a house. She'll take him for better, she'll take him for worse, she'll split his head open and then be his nurse. And when he is well, and gets out of bed, she'll pick up a teapot to throw at his head. She's faithful, deceitful, keensighted and blind; she's crafty, she's simple, she's cruel, she's kind. She'll lift a man up, she'll cast a man down, she'll make him her clown. You fancy she's this, but you find she is that, for she will play like a kitten and bite like a cat. In the morning she will, in the evening she won't, and you're always expecting she does, but she don't. — J. W. D. Eison Courier.

How to Recover Lost Strength

Ablene, Texas.—"I can heartily recommend Dr. Pierce's Golden Medical Discovery to any one who is in need of a good tonic. I take it in the fall to fortify myself against colds and gripe. I also take it in the spring and find it of great benefit. In the winter of 1919 I had a severe attack of influenza which left me in bad condition. I did not want anything to eat, could sleep but little and was very nervous. I took two bottles of the 'Discovery' and it made me feel like a new man."—J. B. Matthews, Gen'l Del. All dealers. TEXAS TALKS

Frank the Cocktail Kid

By Wesley Peacock, Ph. D.

When you save a man you save one person, but when you save a boy, you save the whole multiplication table.

Frank was nearly five years old when his grandmother brought him from Tampico to San Antonio in quest of a boarding school. Because of his youth we agreed to take him into our own home as a member of the family. Frank was the prettiest and brightest little child I ever saw. His grandmother wished us to break the little incorrigible of three habits, namely: cursing, drinking, and smoking cigarettes; for he had been brought up in the oil fields of Mexico without a mother, where he had been allowed to run at large and where he had been taught the use of the vilest language, use of cigarettes, and the use of liquor.

When my wife asked Frank to tell her about himself he replied: "They call me the cocktail kid in Mexico. I've got a barb wire tail, and it is seven feet long, and I don't care where it drags." When an acquaintance from the oil fields visited San Antonio afterwards, he confirmed the report that the little fellow had been swaggering drunk about the oil camps.

Confirmation of reports of conditions at home were not necessary, for Frank soon astounded our whole family, even before the departure of the grandmother, by rounds of profanity. Never a fond mother loved a child more than this grandmother, who admitted that he was beyond her control. Yet he was an Apollo in physique and a Chesterfield in manners.

The grandmother gone, the transfer of authority was easy and rapid. To overcome in one month the habits of many years was impossible. The first task was to convince the lad that his three habits were bad and sinful. My wife first taught him to kneel by his bed at night and say

his prayers. He yielded readily to our ways of thought and life, and felt duly and truly penitent when corrected for profanity, after he had been convinced that it was sinful. Separation from drink and tobacco was easy, but from profanity difficult.

A principle in psychology is never to debase a child, but always to exalt him, to place him in authority, and to require him to exercise authority. So my wife gave him a rag doll with instructions to make it behave and never allow it to curse, to smoke cigarettes, or to drink liquor. In a few days, when Frank was overheard talking aloud in another room, my wife entered suddenly to find him hanging his doll by the neck and whipping it violently, explaining that "This doll won't quit cussing and I am going to make him quit if I have to hang him."

Months afterwards, when the grandmother came for Frank, she thanked my wife for "having done so good a part by him," to which the little fellow added, "You said it madam; she has done a good part by me."—Peacock News Service.

TO PARIS IN A 1908 FORD

We encountered a contented man in Big Spring Monday who calls himself a "Gasoline Gypsy," and he wouldn't trade places with Coolidge. He had an old Ford of the vintage of 1908, engine No. 100,027, rigged up as a house on wheels and anywhere he stops is home.

He left Salt Lake City last September for California and is now headed for Europe to attend the American Legion convention at Paris. He expects to spend two years touring Germany and France in "Old Lizzie" before returning to the U. S.

An Irish Terrier "Winks," picked up during the World War, is his sole companion on the journey.

Thirty-six months service with the Air Squadron in Europe caused this man to try the roaming life. He is a photographer by profession and takes photos to pay his expenses en route. He expects to write books of his travels.

T. & P. BUILDING PASSING

TRACK WEST OF THIS CITY

A passing track one mile in length is to be built five and one half miles west of Big Spring. The work of grading for this improvement is now underway.

The Texas & Pacific is building this track to help take care of the big business which is sure to be enjoyed during the future.

PETROLEUM AND PESSIMISM

Big Lake Wildcat: Every oil field in West Texas is feeling the depression caused by the slump in crude oil. Every one knows that this slump is of short duration and the more progressive of the West Texas towns affected are taking advantage of the occasion by building that they may care for the people when the oil forces put their men back on the job. Towns which prepare now to comfortably house oil field workers at a reasonable price and in comfortable houses are the ones to grow and prosper later on when the wildcaters begin to get busy again.

Do tell! Is it actually true that the low price of oil operates against an oiling community like the low price of cotton operates against a cottoning community? Do tell! Sometimes it looks as if there is nothing certain in this dubious world. Many of us who tasted the bitterness of disappointed cotton last fall got an idea that he would like to move into the great open spaces where oil wells gush and millionaires are made overnight, according to reports. But if it is true that low-priced oil acts upon the public mind like low-priced cotton there is nowhere for us to go, except downhill. The same thing that destroyed cotton profits is hurting oil profits—overproduction. The president of a great oil producing, refining and distributing corporation recently declared that overproduction of crude oil is knocking the bottom out of the oil business. Moreover, he said he saw no betterment in prospect, for new oil fields are being uncovered every week. Maybe, though, he was pessimistic with a purpose in the back of his head.

The oil producers and refiners are better organized than the cotton farmers. They can shut down some of their production and stop searching for new supplies for a while. Then consumption will catch up in a hurry. Crude oil yet offers better prospects than crude cotton.—State Press in Dallas News.

Too much of any one thing just ain't best for any community or any nation and the sooner we recognize this fact the better it will be for all concerned.

News Notes From Other W T Fields

Roxana Locates Engineering Party
The Roxana Oil Company placed an engineering party composed of twenty-six men in Odessa the first part of the week. The party will work out of Odessa and will be located here for several months. —Ector County News (Odessa).

Stinson Well Drilling

According to W. W. Lechner, in charge of all Northwest Company business in this section, they are drilling at 4355 feet at the Stinson well located in the southeast quarter of Section 101, in the Ira field southwest of Snyder. —Scurry County Times-Signal (Snyder).

Oil Companies Not to Complete Wells

Executives of nine oil companies, meeting in New York City May 12 in an effort to find a solution of the oil production problem, agreed not to start or complete any wells in the greater Seminole area for a period of two weeks, except as may be necessary. Ray H. Collins of Tulsa, Okla., was appointed an arbiter to determine the necessity of any such wells, his decision to be final.

Independent-Hendrick a Producer

Independent Oil Company's No. 1 Hendricks, section 43, block B-5 Winkler County, is declared to be the 4th producer in the county, and was reported Thursday to have flowed 108 barrels in two heads after topping the pay lime at 3045 feet.

The well is the west off set to the Southern Crude No. 1 Hendricks, the Winkler County discovery well, and has been the center of attraction in that field for several days.

Considerable gas was encountered making further drilling difficult for some time. —Midland Reporter.

Midland County to Get Test Well

Midland County is going to have a test for oil, and the well is to be drilled within two miles of the city limits, on the northwest of town.

N. B. Hall and associates are tearing down a rig in Glasscock County, and will immediately move the material to this site, probably unloading part of it the latter part of this week.

The location is on the J. M. Morelan farm, in the southeast quarter of section 17, block 39, tsp. 1-south.

The drillers plan to go to a depth of 3500 feet, unless production is encountered at a lesser depth. —Midland Reporter.

Shot Falls to Help Wheat Well

The Reeves-Loving area was featured this week by the shooting of the Wheat Well below 4300, which failed. A light shot was made and when the bridge was cleaned out, no results were reported.

The King-Wood well No. 1 Moore is drilling at 810 feet, having secured ample water supply.

The Skelly Oil Co.'s Leeman No. 1 on the Loving-Winkler line is now running eight inch casing to the bottom of the hole, which is 4016 feet. According to reports, the operators believe that they will strike the pay with new hole, judging from present formation. —Pecos Enterprise.

Oil News From Pecos

Owen and Sloan are setting pipe on their W. D. Johnson No. 1 location in Loving County, with a total depth of 780 feet.

The Humble Kloh B-1 in Reeves County is working on their pipe with a total depth of 2150 feet. They also had to replace part of their derrick, bent when the pipe froze which they were pulling.

The Deep Rock well in western Reeves County is rebuilding their derrick which they pulled down last week. With a total depth of 3535 feet, they are trying to shut off sulphur water.

The Humble Flores is now using a spiral drill, to get past a crevice. With a total depth of 390 feet last week; the last 150 feet were crooked, when the bit hit a crevice. This spiral drill will get them straightened out again. —Pecos Enterprise.

Oil Showing in Glasscock County

Edwards No. 1 of Robert R. Penn and California Eastern Oil Corporation in Glasscock County, had a showing of oil last Friday at 905 feet, but passed it up and on Friday night was drilling at 930 feet, according to Mr. Penn, who returned to Dallas Saturday from a visit to West Texas. This test, located in the extreme northern end of Glasscock County, is expected to strike the pay at around 3200 feet, as the Marland company's No. 1 Harding, six miles to the north, during the last week has been swabbing from a formation at 3163 to 3258 feet and is thought

The Store That Quality Built

to be good for production of 60 to 100 barrels a day.

The Edwards No. 1 well is located in the center of the southeast quarter, section 11, block 34, township 2 south, a short distance south of the Howard County line. Nearly a dozen companies have acreage around the test.

Few Companies Cause Oil Overproduction Is View Expressed

Okmulgee, Ok., May 14.—Asserting the opinion that the overproduction of crude oil at the present time existed only in a few fields and had been caused largely by the companies now seeking some relief from this condition; that any shut down or curtailment program should not affect in any way fields or pools where non-gusher wells are producing, and that prices of all refined products should be reduced in the same ratio as the price of crude oil before further discussion of conservation was

entertained, the Okmulgee District Oil and Gas Association Saturday appointed a committee of four to convey these opinions to the Federal Oil Conservation Board and other governmental agencies of both State and Nation.

The committee is made up of United States Senator W. B. Pine, Major J. H. Thacher, M. C. French and Secretary Charles O'Neill of the Okmulgee association.

Winkler County Oil Notes

The Llano well in Winkler County, a wildcat in the northern part, now has 300 feet of oil in the hole, and are drilling around 3030 feet in the sand. This is the first real oil struck in the hole, but gives encouraging outlook to the opening of a new territory in the county.

Since the discovery of the pool in Winkler County, the first well being increased from 125 barrels to better than 400, then the Gulf offset which

came in for 5,000 barrels, the Southern Crude offset for 700, the Independent with its initial flow of 125, has proven up one of the biggest fields in the west.

The Gulf has now spudded on two of their locations, No. 4 and 6, and the Southern Crude is down to 2516 on their offset No. 1 C-3.

Activity at other Winkler County wells are as follows:
Pure Oil Co.'s well is underreaming at 1552.

Champlin is drilling at 2100.
White Eagle, located in the western part of the county is drilling at 700 feet.

The Humble No. 1 Hendricks is driving pipe at 535, having difficulty with the caving sand, struck around 300 feet. —Midland Reporter.

Would you pay a bet with kisses? See Betty's last bet at the R. and R. Lyric theater next Thursday evening, May 26. Senior class play.

CLEAN-UP CAPTAINS HAVE THE SUPPORT OF SCHOOL CHILDREN

The clean-up captains of the district have urged the support of school children to be lieutenants in the clean-up work since the campaign has been extended another week. The children do splendid work and when they do extra bits they are requested to report same to their captain. For their cooperation and generous efforts, several of the captains have entertainments planned in their honor. One east side captain has a picnic planned for the children working for her, and others will follow in line with this plan.

Mrs. Hilda Lindner and Mrs. R. F. Harris left last Saturday morning for an extended visit with relatives and friends in California. Mrs. Lindner returned last week from a several months stay with relatives and friends in Waso.

Grape Juice, 30c pt., 55c qt. The White House.

MORE ROOMS NEEDED

If you have any rooms for rent, call phone 512 and list them in the Chamber of Commerce. They call for rooms for oil men every day. The camp of the Oil Line Co. is to be moved to Big Spring within a few days, which means a call for many more rooms.

BUILDING AT ROSS

Good progress is being made on the two rock buildings now being erected at Ross City by the Bros. Both these store buildings have been rented.

While business is quiet in Big Spring just now it is certainly big growth is going to result in development is restarted.

TROUBLE IN KIOKA

Two Marines were killed and several wounded in a clash with the Liberals in Nicaragua last night. Fourteen of the Liberals reported to have been killed.

FIRM MAKES ASSIGNMENT

Darnell Bros. of Abilene, who have been erecting residences at Abilene, Big Spring and Midland and other points made a voluntary assignment recently. Their property has been placed in the hands of a receiver until their affairs are adjusted.

This firm recently completed four attractive bungalows in Fairview Heights addition.

The fact that gas is found in most every well drilled in Howard County is pretty good evidence that there is plenty of gas for commercial use, and some of these days some driller is going to hit a big gasser. It would certainly be fine if we could have sufficient gas to supply Big Spring for domestic and industrial purposes.

NEW CRAWFORD HOTEL

PROGRESSING NICELY

The vicinity of the new Crawford Hotel is about the busiest spot in Big Spring these days.

A large force of men is now busy on this structure and work is being rushed with all possible speed.

Present plans call for a five story, 100-room hotel, but we feel sure that Mr. Crawford will be convinced of the need of two additional stories on this building before it is completed.

Chas. Eberly returned Thursday morning from El Paso where he had been to attend the state convention of Undertakers and Embalmers.

Mr. and Mrs. John H. Cox were in from their ranch in Glasscock County Tuesday transacting business in Big Spring.

*cut your feed cost
 Increase your milk yield*

use

MILKO DAIRY FEED

and bank that extra profit

A West Texas made feed... from West Texas grown grain

IF two of the foremost dairy and livestock specialists in Texas should prescribe a ration for your dairy cow... and tell you it would increase your milk yield and decrease your feed cost... wouldn't you be inclined to give it a trial? MILKO DAIRY FEED is that ration. It is a scientifically balanced ration prepared at our request by two leading Texas authorities on dairy cattle feeding.

The profits you make from a dairy herd depend on the cost and effectiveness of your feed. It's possible to build your cows up to their best production, yet because of the cost of feed—not make a proper profit. MILKO was designed to help you realize that proper profit.

MILKO supplies the needed proteins, fats, carbohydrates, minerals and vitamins to make your cows produce their best milk yield. It supplies these elements from a wide variety of feeds—which according to all authorities—is the correct method.

MILKO is balanced to permit you to use your own pasturage. Economy in milk production demands that the dairyman or farmer utilize the hay produced on his own farm.

MILKO is made from West Texas grown feeds and manufactured within a short shipping distance of West Texas points. Naturally then its cost to you is less than if manufactured and shipped from some point out of the state.

Look at the analysis below. Look at the contents of this feed. Remember it is the dairy ration suggested by two leading feed authorities—for dairy cows of West Texas. Remember, too—it is a blend of West Texas grown feeds. You keep Texas dollars in Texas when you feed MILKO... and you put more dollars of profit in your own bank account. Go to one of these dealers listed here. Try MILKO TODAY.

"LITTLE POTATOES" WIN FROM "KNOCK-OUTS" ON MONDAY

The Little Potatoes, of the First Baptist Sunday School, who made a record in baseball last year, defeating every team they matched games with are back on the diamond and they brought in the first victory of the season on Monday afternoon, when they crossed bats with the "Knock-Outs" of the Methodist Sunday school.

The game was more in the form of a practice game as the young leaguers are just now starting their games for the season but it proved to be an interesting one, hotly contested.

More games will be played during the summer months as four boys teams are now in the ring for match games. "Kid" baseball will be the popular sport of the summer.

The final score in Monday's game was 14 to 10 in favor of the Little Potatoes.

RETURN FROM CHICAGO MEET.

Mr. and Mrs. A. M. Ripps returned Tuesday morning from Chicago, where they had been to attend the International Railway Fuel Conservation Association. Mr. Ripps was given this trip for making the best record for fuel conservation among the locomotive firemen on the Rio Grande Division of the Texas and Pacific Railway.

They report a fine meeting with over 2100 representatives from all over the country in attendance. Enroute to Chicago, Mr. and Mrs. Ripps missed the tornado that destroyed Popular Bluff, Mo., about 8 minutes. They saw the ruins of this city when they were returning home and say it is hard for one to imagine the destruction and ruin there to be seen. Five and six story buildings levelled to the ground, piles of automobiles, houses and other property completely destroyed and left where there was once prosperity and flourishing business ten days before.

Kreso dip.....Cunningham & Phillips.

Good red tube, 3x2 1-2 for \$1.75. The White House.

LET'S EVERYBODY GO TO CENTER POINT TONIGHT

The Big Spring Municipal Band will head a delegation and go to the Center Point community tonight (Friday, May 27, at sundown. In response to an invitation the band has accepted and wants every business man in town and everyone who will or possibly can to come and go. A big rally is being held at Center Point at 8:30 and Big Spring must show her good will by attending.

The crowd will gather in front of the Chamber of Commerce office at sundown, and will proceed to Center Point immediately thereafter. Everyone who can possibly go, is urged to do so. Bring your car and invite your friends to come with you.

Dee Griffie, who underwent an operation for the removal of his appendix at All Saints Episcopal Hospital at Fort Worth, last week, is getting along nicely and will be able to return home soon.

Lots of folks are going to write Santa Claus and try to get us a real telephone system.

PURE OIL CO.'S LARGE EARNINGS

Chicago, May 17.—The report of the Pure Oil Company, just out, shows the largest operating earnings in its history, both gross and net. The gross earnings were \$141,298,985.44 against \$118,715,184.02 for the preceding year and the net income was \$22,015,919.94 against \$21,988,954. Out of \$18,976,268.77 available for reserves and dividends the considerable sum of more than \$11,000,000 went to reserves and supplies, and therefore back into property, while slightly less than \$8,000,000 went to dividends.

G. L. BROWN SECURES 19,200 ACRE RANCH

G. L. Brown on May 7 at Midland repurchased a thirty section ranch in Crane County, that he sold some years ago to W. H. Penix. The sale was conducted under bankrupt proceedings.

Mr. Brown is fortunate to secure possession of this property as it has an increased value due to oil development in Crane County.

Kill your red ants with carbon... Cunningham & Phillips.

CHURCH OF CHRIST NOTES

Bible study 9:45 a. m.
 Preaching 11 a. m.
 Communion services 12 m.

Brother Harvey gave us two good gospel sermons on last Lord's day and also preached at Knott in the afternoon. A fine crowd was in attendance.

Ladies Bible study every Monday afternoon at 3 o'clock.

Mid-week Bible study every Wednesday evening at 7:45.

We want to state that Dr. Baxtell Baxter, president of A. C. C. at Abilene, will be here Friday evening, May 27 to conduct the Commencement exercises, which will be held at the First Methodist Church.

On Monday, May 23 there will be a car to fill with articles to be sent to the Boles Orphan Home. Let us all assist in any way we can. Most anything will be accepted. Old clothes or anything wearable, eatables, also feed. We will appreciate anything that you have to contribute. Remember the date and bring something.

J. M. Manuel returned last Saturday from a business trip to Dallas.

Are You "Toxic"?

It is Well, Then, to Learn the Importance of Good Elimination.

FUNCTIONAL inactivity of the kidneys permits a retention of waste poisons in the blood. Symptoms of this toxic condition are a dull, languid feeling, drowsy headaches and, sometimes, toxic backache and dizziness. That the kidneys are not functioning as they should is often shown by scanty or burning passage of secretions. Many readers have learned the value of Doan's Pills, stimulant diuretic to the kidneys, in this condition. Users everywhere endorse Doan's. Ask your neighbor!

COOKERY COLUMN

Published exclusively in this newspaper by special arrangement with

Mrs. Tucker Institute of Cookery

Ottis Neighbors, Director
c/o C. O. R. CO., 1907—All Rights Reserved

Corn Fritters

1 cup corn pulp, 2 yolks of egg beaten light, 1-2 teaspoon salt, 1-4 teaspoon black pepper, 1-4 cup sweet milk, 1-2 cup pastry flour, 1-2 teaspoon baking powder, 2 whites of eggs beaten stiff, kettle of hot Mrs. Tucker's shortening.

Cut corn from cob with a sharp knife—add other ingredients except whites. Beat whites until very light and fold in mixture. Drop a tablespoon at a time into fat hot enough to brown bread one inch square in sixty seconds. Let cook until brown on both sides. Drain on soft paper. These are especially good with chicken cooked in any way. Makes eight large fritters.

Asparagus in Broad Cases

Cut bread in slices an inch and a quarter thick. Cut each slice in the middle and trim neatly into two rectangular cases. Remove the centers with scissors to leave hollow cases with walls 1-4 inch thick; let brown in the oven. Have ready hot, cooked asparagus tips, seasoned with salt, black pepper and stand them upright in cases. Pour sauce over the asparagus and cool and garnish with parsley and dash paprika.

Cream Sauce

4 eggs, 1-4 teaspoon of salt and pepper, 1 cup milk. Mix and cook in double boiler.

Asparagus Au Gratin

Put little bundles of asparagus on slices of toast in an au gratin dish and pour cream or Bechamel sauce over the points, then dredge quite thick with cheese; cover ends of the stalks with paper to prevent roasting and set the dish in the oven to melt cheese. Remove and sprinkle with paprika. If a little melted shortening is sprinkled over cheese the glazing is quicker.

Tomatoes Stuffed With Corn

Cut out a piece around the stem end of the required number of tomatoes and scoop out the centers; cut out off the tops of the kernels from fresh corn then scrape out the pulp, leaving hulls on cob. Sprinkle salt in tomatoes, mix a little salt and paprika with corn and use to fill tomatoes; add a bit of butter to the corn. Grease baking dish with Mrs. Tucker's Shortening and bake in a moderate oven until the tomato is softened. Just before serving cover top with grated cheese and let it melt. Green or red peppers, chopped fine sautéed in a small amount of shortening may be mixed with the corn. Paprika will not be needed.

WITHOUT PREJUDICE

If we could get the blue goggles off, what a different world this would appear! Man is prone to prejudice as the sparks fly upward. We are always forming conceptions in the absence of knowledge and reaching conclusions ahead of the facts. Because some gink stopping putting water on his hair to prevent the wheels in his head from rusting, that is no reason why you should form the impression with Carlyle that most men are fools. A man in the north was reading from the paper a list of the curative uses to which water might be put, throwing aside the paper in disgust, he remembered, "Next thing some fool will be advocating water as a beverage." Thus are we influenced by our prejudices and often reach the point experienced by the old lady who said she was open to conviction, but would like to see a man who could convict her. Get off the goggles. Quit seeing things—and give the other fellow the benefit of the doubt.—Ex.

NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borosone liquid and powder combination treatment. The liquid Borosone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borosone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 50c, 60c and \$1.20. Powder 50c and 60c. Sold by

PUTTING IT OVER

When one looks around he has to admit that the wind jammer gets away with a good deal. Ability too often hides its light under a bushel, while the tin-horn four-flusher occupies the band wagon. It does not do to be too modest with the race so keen and the prizes so hard to corral. Nevertheless, a man might better go on porridge and buttermilk than herd with the loud-mouthed braggarts who shout their virtues and accomplishments from the housetop. After all there is a higher joy and greater satisfaction in winning the esteem of the fellow under your hat than hearing the plaudits of the mob at the market place.—The Battery Man.

Mrs. M. Welsen, Mrs. Chas. Koberg and Mrs. J. T. Rogers returned the latter part of last week from Fort Worth where they had been to attend the Women's Benefit Association which convened there the past week.

Frank House, Joe Stovall and J. O. Tamsitt returned last Friday from Breckenridge where they attended the Sheriff's convention. They report a good attendance and a splendid meeting.

We had a nice shower last Thursday night but it was only a sample of what we really used. A good old soaking rain would be worth more to West Texas than a gold mine.

HIGH SCHOOL ANNUALS HERE

"El Rodeo" the high school year book was received this week from the Gayle Printing Co. of Waco, and the annuals are something to be proud of. Miss Nell Brown, editor-in-chief and Roland Schwarzenbach, business manager, together with their staff are to be commended on the excellent work they have put forth on this publication. The engraving work was done by the Southwestern Engraving Co. of Fort Worth, and this part of the book is one of the excellent features. The "favorite" section is also a fine piece of work.

The editor in chief of the annual next year is Theo Ferguson and Howard Smith is business manager.

L. M. HIGHTOWER WINS \$5.00 FOR GUESSING NUMBER NAILS

For guessing the number of nails contained in a quart jar, L. M. Hightower was awarded a cash prize of \$5.00 by the Coe and Parks Lumber Co. Each guest who attended the formal opening of this new lumber concern was given a chance to guess the number of nails in the jar the prize to be \$5 in cash. Mr. Hightower was the lucky winner, the number of nails in the jar being 489.

FIFTH PRIZE WINNING ESSAY.

"SIDELIGHTS" ON BIG SPRING'S BUSINESS HOUSES
Mrs. W. F. Fahrenkamp
Fortunate are Big Spring people in having access to business houses of real worth, quality, and reliability. A "splendid dozen" of these firms are characterized herewith:

I
Seek the Big Spring Hardware Co. if in need of something sturdy. Your purchase will be of a nature durable, satisfactory, and guaranteed. Stronger recommendation "bath" no merchandise.

II
Are you in need of more "brilliance," or more sanitary and convenient plumbing? Secure the services of Coleman Electric and Plumbing Co. "Darkness and doubt" will vanish and you will be enjoying improvement which could not be excelled.

III
A true light reveals, mayhap, straggly hair, blemished skin, various intimate disorders of toilette. Visit the Vogue Beauty Shoppe where proper wave, marcel, and treatment skillfully given, you return home delightfully improved in both beauty and self-esteem.

IV
Clothes do not make the man, but they do make his appearance. Keep yourself neat and trim.

Campbell's Tailor Shop will so beautifully condition your apparel that even the lowliest can look and feel "quite fit."

V
"We must eat." The Busy Bee Cafe specializes in catering, to that "inward yearning." Delectable food, wholesomely prepared, is a merited boast of the proprietor. Tasting is knowing. Try Busy Bee.

VI
Choosing to banquet at your own table, stock the pantry from the Allen Grocery. So doing, quality groceries, from brands of national repute.

VII
"Man does not live by bread alone." Recreation is essential. What more beneficial than a breezy ride in a car of comfort, elegance, and dependability? Secure a car of this description at McNew Overland Co., select a "Whippet" and feel secure in a wise choice.

VIII
Cars do not run forever without repair. "Drive your troubles away" to Eaker and Richardson's Buick Garage and receive exactly that which is needful for the perfect functioning of your "bus." They will place it in the "pink of condition."

IX
"Drive up and gas" at the Ideal

Service Station, knowing the service to be as advertised. Set into a hill, corner Second and Gregg, this cozy station is ever-ready to aid you.

X
"Flowers for the living, also" did we but heed the worth of that thought, this were a happier world. Remember the Couch Greenhouse and Floral Company stands eager to make those flowery dreams come true.

XI
When cars run low—and then break down, just call to mind a firm in town where old's made new, or new's made old (?)

Or perhaps the entire wreck may be sold.
Or fitted new—
Or just any old way that will suit you.
Big Spring Wrecking Co., Bankhead Highway.

XII
"After the ball is over," After the car's run down, After you've done till you're weary and worn, Why "hie" to Greath's, downtown, Where a featherlike mattress may be had—
A dreamland mattress to make you glad.
Of furniture, too, he tells, But in mattresses, he excels.

Reserve your seats now for Betty's Last Bet, senior class play. At R. and R. Lyric theater, Thursday, May 26.

Miss Elizabeth Barton who is attending Simmons University at Abilene, spent the week end in this city with friends. Miss Barton plans to teach school in Howard County the coming year.

This mother's greatest problem was marrying off four daughters to eligible young men. See Betty's Last Bet at R. and R. Lyric theater next Thursday evening, May 26. Reserved seats on sale at the Lyric ticket window.

"Betty's Last Bet," was a winner. See it at the R. and R. Lyric theater next Thursday, May 26. Senior class play.

The baseball fans say the Midland team played rings around our team last Sunday but there will be a different tune the next time these two teams meet.

Our Federal Building committee should camp on the coat tails of our representatives in Congress until we secure a federal building to meet the needs of our city.

If you have plenty of "jack" and really enjoy paying a fine, you may be able to take a chance and violate the traffic laws. If you've any brains you will drive carefully.

LET US DO YOUR HAULING

We are prepared to do all kinds of hauling at reasonable prices. We will also furnish you the best gravel to be obtained. See us or phone 7. Maxwell & Locklar. 30-1f

Included in the budget of expenses for the city of Big Spring is an appropriation for the installing of street lights on First street. This improvement is one that will add to the attractive appearance of our city.

For safety and service do your banking business with The State National Bank.

Herald want ads get results.

It's practically certain that the citizens of Texas will not be in favor of the amendment to the constitution increasing the salaries of our legislators unless the number of legislators is reduced by fifty per cent. or more.

It was a sick looking bunch of fans that returned from Midland last Sunday evening. The Midland baseball team made the Big Spring boys look like thirty cents. The boys played about as poor a game as any team could play.

W. E. Reid, editor of the Colorado Record, and J. Ralph Lee, proprietor of the Colorado Steam Laundry, enroute from a business trip to Stanton, spent a short time in Big Spring Tuesday on a visit to friends.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,--once or twice a week for several weeks--and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package containing full directions. Only 25c. At any drug store. (Adv.)

C. A. VERNON SHOWS DID NOT COME TO BIG SPRING

Big Spring was posted, and it was advertised in The Herald that the C. A. Vernon Shows and Carnival would be in Big Spring this week for a big jubilee but the carnival did not get to come. Sometime ago an ordinance was passed prohibiting the operating of certain devices that carnivals and traveling shows carried with them, to operate in our city. When the contents of this ordinance were noted by the advertising manager of the show he saw that his show would not be allowed to operate some of its money making attractions in Big Spring, so he took down his posters and window cards

and decided not to come. The carnival is showing in Sweetwater this week.

COAHOMA TO INCORPORATE

At a mass meeting held in Coahoma last week it was unanimously decided to ask for an election to vote on the incorporation of the town of Coahoma.

PRESBYTERIAN AUX. NOTES

The Auxiliary will meet in regular business session at the church Monday afternoon at 3 o'clock. All members are urged to be present.

Talcum powder....The season is open.....Cunningham & Phillips.

KIN BARNETT AND MISS MARGARET NICHOLSON MARRY

At a quiet ceremony in Terrell, Texas, on Sunday, May 22, the wedding was solemnized uniting in marriage Kin Barnett of this city and Miss Margaret Nicholson of Terrell, the impressive words being read in the presence of only relatives and intimate friends of the two families. Carroll Barnett, brother of the groom, Miss Elza Jeanette Barnett, sister of the groom, who is attending T. W. C. at Fort Worth, and Earl Comer of Dallas, were attendants at the wedding.

Kin, is the second son of Dr. and Mrs. W. C. Barnett and has grown to manhood in Big Spring. He received his education here, graduating from the Big Spring High School with the class of 1926, after which he attended college. It was during his college days at Terrell Military Academy that he met his charming bride and after several years of courtship the romance ended in this happy marriage. Kin is a happy-go-lucky young man, makes friends easily and has many friends who wish him every success and happiness. Since he left school he has been engaged as a geologist by prominent oil companies, operating in this section of the state.

The bride is the daughter of Mrs. A. T. Nicholson of Terrell. She is an attractive and accomplished young lady and a most popular member of the young social set in her city. Several years ago she was voted to be the most beautiful young lady in Terrell. She has visited in Big Spring the past summer and made many friends during this time, who welcome her back to our city.

The happy couple came to Big Spring after the ceremony and after a few days visit in this city with the groom's parents, Dr. and Mrs. W. C. Barnett, they will go to San Angelo where Kin holds a responsible position with the Roxana Oil Company. Congratulations and best wishes are extended by their many friends in Big Spring.

SUPERINTENDENT'S OFFICE FORCE ENJOY OUTING

The office force of the superintendent of the T. & P. railway enjoyed an outing on Wednesday evening, entertaining their families and friends. A swimming party at Jones' swimming pool was the diversion for the forepart of the evening after which a wienie roast was enjoyed. Other good picnic eats were also enjoyed.

Those who attended this outing were: Mr. and Mrs. L. C. Stamper and children, Mr. and Mrs. R. M. Harris and family, Mr. and Mrs. P. D. Kelley and family, Mr. and Mrs. R. C. Strain, Misses Katherine Homan, Fannie Mae Russell, Fannie Stephens, Helen Hayden, Essie Duvall, and John Suttie, Chas. Hatch, Hugh Dubberly, John Bourne, Roy Atterley and Tom Cope of Dallas.

CHICKEN BARBECUE AT NEW WELLS, SUNDAY EVENING

Honoring some out of town guests, Mr. and Mrs. Chas. Eberly entertained with a chicken barbecue at the new wells Sunday evening. The visit of Mrs. Myrtle Gott of Roscoe, Ben Spill and Albert Afflerback of Winters, Texas, who were the guests of Miss Johnnie Panches on Saturday and Sunday, occasioned this delightful outing. Besides the barbecued chicken many other good picnic eats were enjoyed.

These visitors left Monday for El Paso where they will attend the State convention of Undertakers and Embalmers in session there this week.

1923 BRIDGE CLUB GUESTS OF MRS. J. Y. ROBB TUESDAY

Members of the 1923 Bridge Club enjoyed a delightful meeting this week at the home of Mrs. J. Y. Robb Tuesday afternoon with two tables of players contesting in the interesting games for high score. Miss Zou Hardy was successful in making high among the club members and Mrs. A. L. Wetzel of Dallas, a former member of the club, made visitors high score.

A tempting plate luncheon, served at the close of play was an enjoyed feature of the party.

PROGRAM FOR FIFTH SUNDAY SINGING AT KNOTT

Honoring W. R. Purser, who has given so generously his talents in song service for the Lord, and to the good people of Howard County for the past 27 years, a big singing is going to be held at Knott Sunday, May 29. L. E. Lomax is chairman of the singing which will start at

10 o'clock Sunday morning. "Blessed Be the Name of the Lord" will be sung by all present, after which a prayer will be given by C. C. Nance. W. R. Purser will arrange his old time singers for this occasion. At lunch time all the class leaders will be with their own class. Singing will be started again at 1 o'clock and every person in Howard County is urged to come and make this a great day. Besides the song service, special songs will be given by W. R. Purser, J. A. Kinard, J. A. McDaniel, C. J. Shultz, C. C. Nance, and W. A. Prescott. S. J. Horton will make a short talk to the congregation preceding a selection from the quartette—W. R. Purser, J. W. Gregory, J. A. Prescott, and C. J. Shultz. A big crowd is expected. Everybody welcome. S. J. Horton, Secretary.

We sell you candied eggs—now guaranteed. The White House.

Graduation Time!

Lectures Well Attended

Men in Cattle Association Free Lectures to Extension Dairying in Howard

Today Dairy school conducted by Almonds, secretary of the Cattle club and W. B. director of the Extension of the American Jersey Cattle was well attended by the and business men of Big Howard County last Friday, May 13-14.

They gave free lectures on and told of the dairy work north and East and what it is in bringing permanent agriculture can be carried on degree of safety or satisfaction livestock, according to Mr. Florey spoke at the wonderful work being the boys and girls calf clubs supervision of County and demonstration agents throughout States. No county can be without this service, he stated. Giving the amount of dairy products into Texas compared with that consumed showing that not have any fear of over for many years to come. Approximately one hundred dairymen heard W. B. the Friday meeting held in court room in Big Spring. Questions asked and the interest told of a coming of more to West Texas, according Almonds, who spoke on the feeding, breeding and the of production.

Morning session on Saturday opened with a free show in which seals were the American Jersey Cattle. These seals gave some on proper judging and type of Jersey to select able keeping.

clock Saturday afternoon gave a lecture on feeding an actual demonstration to judge a dairy cow. The Big Spring Chamber of and they were used in. The good and bad each cow was pointed out and who also stressed and relation of type, and conditions profitable to

farmer or dairyman can all of his feed if he West Texas," said Mr. Si there such an abundance of are grown, and these milk producers." Farmers of Big Spring are farmers who want to pur cows and who want to program during 1927. of high quality cows have to Howard County on this basis since January will be brought in as requires.

SENIORS GIVE RECEPTION HONORING JUNIOR CLASS

Feteing the Juniors who on several occasions this year have given delightful affairs in their honor the members of the Senior class of the Big Spring High school entertained with a reception last Thursday at the home of Dr. and Mrs. E. H. Happel on Johnson street, with Misses Mary Happel, Ernestine Chalk and Louise Jordan hostesses.

The spacious home was transformed into a bower of spring beauty with the elaborateness of the function being brought to the guests in the vividly colored blossoms which lent their fragrance and grace to the entertaining suite. Masses of roses, honeysuckle, phlox, verbenas, pinks, hollyhocks, and ferns were placed in vases, bowls, flower baskets and other receptacles and gave pretty adornment to the rooms.

Guests were greeted by Misses Happel and Jordan and passed down the receiving line exchanging greetings with the officers of the Junior and Senior classes, and also the class sponsors. These were: Neil Brown, Charles Frost, Miss Clara Pool, George Gentry, Winona Taylor, Theo Ferguson, Miss Candice Reed, and Miss Clara Cox. Each guest was asked to register in a dainty book, presided over by Miss Ernestine Chalk.

From the living room guests passed into the dining room where from a beautifully adorned table refreshing fruit punch was served. The table was massed with honeysuckle and fern, embedding the punch bowl, and intermingled among the greenery were vivid hollyhock blossoms. Tall red tapers in crystal holders remained burning and cast a pretty glow over the scene. Misses Donna Carter and Elizabeth Crain poured punch and served dainty wafers.

As each one mingled through the crowd engaging in friendly conversation delightful music was furnished by the High School orchestra, the "Little Ramblers," composed of Miss Doris Greaves, pianist; Byron Bray, drummer; Val Williams, cornet; Joe Faucett, Arthur Osborn and Maxwell Stone, saxophone. The orchestra music was one of the most enjoyed features of the entertainment.

Sixty six guests called during the evening hours: Theo Ferguson, Helen Reagan, Frances Crawford, Elizabeth Crain, Cornell Smith, Clea Faye Cook, Mildred Creath, Winona Taylor, Dick Collins, Geo. Gentry, Lucille True, Clara L. Cox, J. Louis Biles, Archie Clayton, Candice Reed, Mary Wade, Joseph Hayden, Lucille Rogers, Julia Bess Nowell, Katherine Bettie, Nell Estes, Hazel Sellers, Malcolm Patterson, Glenn Silvis, Albert Bettie, Lois Cochran, Roland Schwarzenbach, Harold Harwood, Frankie Segell, Lillian Shick, Mamie Hair, Virginia Whitney, Eula Mae Sanders, J. B. Hodges Jr., Clara R. Pool, Stanley Wheeler, Nell Brown, Lillian Bean, Irma Lee Gary, Dorothy Fleaman, Charles Frost, Mary Dallas Collins, Arlo Forrest, James Tripp, Mildred King, Wilrena Richbourg, T. F. Huggins, Mrs. T. F. Huggins, D. L. Barnes, Allen Bunker, Howard Smith, Mr. P. B. Bittle, Mrs. Bittle, Arthur Osborn, Maxwell Stone, Joe Faucett, Buster Bray, Val Williams, Mrs. A. R. Collins, A. R. Collins, Doris Greaves, Donna Carter, Mary Happel, Ernestine Chalk, Louise Jordan.

SOCIAL DANCE TO BE GIVEN AT B. P. O. E. HALL TONIGHT

An invitation is extended to all members of the Elks Lodge and their families to attend a social dance that is being given at the Elks Hall this evening, Friday, May 20. The dance committee, Joe F. Flock, Bart Wilkinson and George White, have secured the Virginians, under the direction of Mickey Rathbone to furnish the music for this delightful affair and this dance orchestra has made a record in Big Spring with their splendid dance music.

A good time is assured everyone who attends. Every member come.

FREE ENTERTAINMENT

The Girls Mandolin Club of the Pythian Home at Weatherford appear at the Methodist Church at 8 p. m. Thursday night, May 19. Everybody extended a cordial invitation to attend.

O. L. Williams, trucking contractor, delivered 1600 feet of 5 3-16 inch casing to the F. H. E. Oil Co.'s test well on the Roberts ranch southeast of Big Spring Tuesday morning. This casing was brought here from McCamey.

MRS. WM. BATTLE HAS TWO DELIGHTFUL PARTIES

Two pretty parties of the past week were extended to bridge enthusiasts on Tuesday and Thursday afternoons of last week, when Mrs. Wm. Battle most delightfully entertained at bridge. A springtime setting was provided in the rooms used for entertaining with pink roses giving floral adornment and lending beauty and fragrance to the affair.

On Tuesday afternoon Mrs. Battle entertained twenty guests who found diversion in the interesting bridge games. Pretty appointments marked the tables with summer blossoms gracing the tallies, markers, and score pads. High score honor went to Mrs. J. D. Biles. Mrs. Harry Hurt won high score in the games on Thursday afternoon when four tables of players were guests.

At refreshment time dainty luncheon covers were spread and a tempting plate holding moulded salad, wafers, potato chips, individual devils food cake shaped as diamonds and lead tea was served by the hostess, assisted by her sister, Miss Hazel Kennedy of El Paso and Miss Zou Hardy.

Tuesday's guests were: Mrs. Lib Coffee, Mrs. R. H. McNew, Mrs. R. Richardson, Mrs. Fred Stephens, Mrs. J. D. Biles, Mrs. Pike, Mrs. Eb Hatch, Mrs. Wofford Hardy, Mrs. M. H. Bennett, Mrs. L. W. Croft, Mrs. S. A. Hathecock, Mrs. E. H. Happel, Mrs. Marion Edwards, Mrs. Ralph Rix, Mrs. Harry Hurt, Mrs. W. C. Henley, Misses Florence Free, Zou Hardy, Hazel Kennedy of El Paso and Jena Jordan.

The guest list on Thursday afternoon included: Mrs. R. C. Strain, Mrs. O. E. Wolfe, Mrs. W. G. Orenbaum, Mrs. G. L. Wilke, Mrs. W. W. Inkman, Mrs. Steve Ford, Mrs. S. A. Hathecock, Mrs. E. H. Happel, Mrs. Marion Edwards, Mrs. Ralph Rix, Mrs. Harry Hurt, Mrs. W. C. Henley, Misses Florence Free, Zou Hardy, Hazel Kennedy of El Paso and Jena Jordan.

HOMEMAKERS CELEBRATE SECOND ANNIVERSARY WITH PARTY

The Homemakers Class of the First Baptist Church met at the home of their teacher, Mrs. J. W. Higgs last Tuesday afternoon to celebrate their second birthday anniversary. The program was opened by singing the class hymn, "Love Lifted Me." Mrs. T. R. Gathright led the devotional by reading the nineteenth psalm. We were then delighted with a piano solo by Mrs. B. F. Petty. An interesting paper, "Early Class Struggles" written by Mrs. Sydney Wood was read by Mrs. Tamsitt. We were very sorry that Mrs. Wood was unable to be present. Mrs. T. R. Gathright accompanied by Mrs. Petty very sweetly sang "Tell Mother I'll Be There." Mrs. R. L. Pearce, our new president, vividly pictured for us the future "Homemakers Class." Mrs. Higgs in a very charming manner read a clever paper entitled, "Class Personnel." A vocal solo by Mrs. L. E. Cantrell made us feel that we had some real musical talent in our class. After a very interesting contest in which Mrs. J. Chifford Hurt was declared the winner, a beautiful birthday cake, bearing two lighted candles was placed on the table. Mrs. K. S. Beckett, teacher of the T. E. L. Class was asked to make the wish for the class.

Following this delightful program the hostesses, Mrs. J. W. Higgs, Mrs. T. R. Gathright and Mrs. Guy Tamsitt, served delicious refreshments to: Mrs. Helen Owen, Mrs. J. W. Martin, Mrs. Lenora Page, Mrs. George Page, Mrs. R. L. Pearce, Mrs. Mae Shanks, Mrs. J. L. Masters, Mrs. Carl Merrick, Mrs. L. E. Cantrell, Mrs. D. H. Heard, Mrs. B. F. Petty, Mrs. L. E. Latson, Mrs. Carden, Mrs. Slaughter, Mrs. W. B. Connor Jr., Mrs. Mary Pugh and Mrs. T. E. Johnson. Visitors of the afternoon were: Mrs. K. S. Beckett, Mrs. C. Hurt, Mrs. T. B. Spencer and Miss Idella Martin. Class Reporter.

Mrs. W. Y. Houston and Mrs. Rufus Parks of Stanton were shopping in Big Spring Tuesday.

"BETTY'S LAST BET" TO BE GIVEN THURSDAY EVENING

"Betty's Last Bet," a three act comedy will be given at the R. & R. Lyric theater next Thursday evening, May 26, with members of the Senior class presenting this play as their annual production. Tickets for the play are now on sale and reserved seats can be obtained at the ticket window at the Lyric theater. Balcony seats are selling at 35c, reserved seats on lower floor 50. T. F. Huggins and D. L. Barnes, of the high school, are directing and managing the play.

Cast of Characters

The theme of this play is light and highly entertaining with an ambitious mother trying to marry her four beautiful daughters to eligible young men. How a clever young man a friend of the family and in love with the choicest daughter of the group manages the affair and wins "Betty's Last Bet," is revealed in this fascinating story. Those taking part in the play are:

Mrs. Darling, a widow with four great problems—Louise Rogers. Catherine, eldest daughter—Julia Bess Nowell. Margaret, second daughter—Nelle Estes. Dorothy, third daughter—Ernestine Chalk.

Elizabeth, youngest daughter—Lillian Bean. Hannah, a servant who doesn't like men—Mildred Creath.

Richard Wentworth, wealthy, and colonel of national guard—Dick Collins. Percy Wentworth, his nephew and ward—Albert Bettie.

Jack Van Loon, of the historic Van Loons—Jack Hodges. Hamilton Moriarity, a rising young statesman—Arthur Osborn.

Edgar Darling, a cousin who is a student of archeology—LeRoy Merrick. Time—the present.

Setting—Living room of the Darling home in a remote small town in Connecticut. A bright summer day.

The money from the play will be used to help finance the high school annual, "El Rodeo."

Everyone is urged to buy your tickets, and have seats reserved soon to avoid a jam at the ticket window on the evening of the performance.

LINEN SHOWER GIVEN FOR RECENT BRIDE SATURDAY

Mrs. Oscar Friar, nee Miss Rena Maye Halle, was the honoree at a happily planned affair on last Saturday evening when Misses Eleanor Antley, Zou Hardy, Vesta Mosteller and Mrs. Gordon Phillips, entertained with a linen shower at the home of Mrs. Phillips on Johnson street.

The guests were invited to come at five o'clock and after all had assembled, a short program was enjoyed. After a contest in rhymes, Mrs. Fred C. Hopkins told a story "The Life of a Bride" and at the climax she stated that this was the kind of bride that Mrs. Friar, the honoree, would prove to be. Miss Zou Hardy sweetly sang, "I Love You Truly."

Just at this moment a little pick-apenny, Charlie Jean Dublin, dressed in overalls, big shoes and with the complexion of a real darky made her appearance with a big basket. She walked over to the honoree, placed the basket on the floor at her feet and said, "Missus, here am yo' clothes!" The basket was beautifully decorated with pink and white crepe paper, and in it were the daintily wrapped packages containing an assortment of linens, gifts from the guests. These were opened and admired by all present.

At the tea hour an attractive refreshment plate in which the chosen color theme of pink and white was expressed was passed to about thirty guests. Pink and white brick cream and angel food cake was served. Plate favors were pink rosebuds.

It won't be long until you will be hearing home people lamenting the fact that they might have made a piece of money if they had invested in a certain piece of property. It's queer that newcomers can see opportunities that we pass up each day.

PLANS UNDERWAY FOR OLD SETTLERS PICNIC ON JULY 29

Plans are underway to make the Old Settlers picnic here on July 29 the biggest and best in its history. Committees have been named and are at work on the different features of entertainment to be given during the reunion. The picnic will be held at the Parrish Grove, old city park, as formerly and the night program and platform dance will also be held there.

Any one who has made his home in Big Spring or Howard County for a period of twenty years is considered a member of the Old Settlers Association and all eligible members are urged to cooperate in making this year's celebration the biggest and best.

I. B. Cauble, president of the association, urges all to become interested in the event and work for its success.

Barbecue and a picnic dinner will be enjoyed on the grounds by all of the old settlers and their families. The night program will be open to the general public.

The following committees are at work preparing for the big event: General arrangements: T. H. Johnson, Mrs. G. L. Brown, R. D. Matthews, J. D. Biles and I. B. Cauble.

Finance: Shine Phillips, B. Reagan, L. E. Lomax, R. L. Marshall, Wm. Fisher, W. G. Hayden.

Dance committee: Ray Willcox and Herb Lees.

Barbecue committee: J. S. Winslow, I. B. Cauble and A. Knappe.

Program committee: M. H. Morrison, T. S. Currie, W. F. Cook.

Resolution committee: E. O. Towler and W. G. Hayden.

SUMMER SCHOOL WILL OPEN HERE MONDAY, JUNE 6TH

One week of vacation and then those students who are planning to attend summer school will start back to work. The regular term of school closes Friday, May 27, and summer school will open Monday morning, June 6.

Teachers in the high school summer school will be: Superintendent P. B. Bittle, T. F. Huggins and M. B. Hair. Students will be allowed to take up one new subject. If they have failed in as many as two subjects and wish to repeat these in summer school they may do so, and also take up one new one. No student will be allowed to carry two new subjects. The summer term will continue through eight weeks and possibly longer. This session will be conducted at the high school.

Summer school for the departmental grades will be conducted by Mrs. Della K. Agnell at the Central Ward school. The summer session will also open for work on Monday morning June 6.

HIGH SCHOOL P. T. A. WILL HAVE MEETING TUESDAY AFTERNOON

The next regular monthly meeting of the High School P. T. A. will be held at the high school Tuesday afternoon, May 24 at four o'clock. Since this is the last meeting to be held this school year it will be an important one. The newly elected officers will be installed and all of the unfinished business of the year will be attended to. Plans for the new year will also be made.

A special invitation is extended to the mothers of the Juniors and Seniors in High School. All members are urged to be present. A large attendance is expected.

GOLF TOURNAMENT

Twenty five golf players took part in the tournament at the Big Spring Country Club last Sunday and the winners in this session will conclude the tournament next Sunday. The best scores for the four rounds of the link were recorded as follows: Fred Stephens 171; Arch True 174; Sam Weaver 177; John Northington 177; N. W. McCleskey 177. The other contestants made from 199 on up for the four rounds.

A handsome loving cup donated by R. C. Sanderson is to be awarded to the winner in this handicap tournament.

C. T. WATSON NAMED DIRECTOR

C. T. Watson, secretary of the Big Spring Chamber of Commerce, was elected a director of the West Texas Chamber of Commerce at the annual election held during the convention at Wichita Falls this week.

John Guitart and Repps Guitart of Abilene were business visitors in Big Spring Monday.

Clean-up Campaign Continued for Week

Trash Hauling, Weed Cutting, Etc., to be Finished This Week—Districts to be Judged Next Week

The Clean-Up Campaign has been extended one week. In view of the fact that the forepart of last week was sandstormy, and most of our folks were unable to work in their yards, the committee in charge decided to give the citizens a good opportunity to finish the work in proper order, and to continue the campaign through this week. The men who were hauling trash reported that they were not half through gathering the trash, and also reported that many of our folks had not sacked and boxed theirs and placed it in the alleys for them to haul off.

Hearty co-operation has been received in most instances in the clean up work, and evidences are on every side, that a general clean-up is being given the town. Especially are the different schools to be commended for the work they have done in the campaign. The Central School campus is always neat and attractive, but it is unusually so since the students and children have gone over it again during the clean-up campaign.

The South Ward campus shows wonderful improvement since the students and teachers have been at work cutting weeds, collecting trash trimming trees and putting the grounds in order. The grounds are spotless, free from weeds or any kind of rubbish, and have been leveled and freed from rocks. This was some job for the teachers and the little folks of the schools, as they have a large campus and they were not satisfied to let any part of it go undone. The campus is now the most attractive spot in the Cole and Strayhorn Addition, and this school will be a big asset and drawing card to the new addition being opened in Cole and Strayhorn.

Parents will be proud for their children to attend this school. North Ward also shows some excellent work done during the clean-up campaign, and this campus has been put in order, and is attractive and clean. High School and Junior High campuses have also been given a good cleaning and their work will be boost to their district in helping win the silver loving cup. Some of the business houses have co-operated in this work, and have cleaned their alleys and the back lots in the business section of town. Still more work must be done on many of these buildings, and especially the back alleys. This work must be done this week end, because the districts will be judged and the award will be made the first of next week.

Everyone is urged to please cut the weeds on the walks in front of the home, and also on your vacant lots. These present a most untidy appearance, and provide breeding places for flies and mosquitoes. Get to work on your premises and clean up. This work must be done, and now is the best time to do it. Help win the silver loving cup for your district.

The chairman of the different districts urge each and everyone to attend to their trash at once, and have it hauled off the latter part of this week free of charge. This will be the last opportunity. Burn everything that is burnable and sack the rest and put it in the alley to be hauled off.

DR. T. W. CURRIE WILL BE HERE NEXT MONDAY

Dr. T. W. Currie will arrive in Big Spring Monday, May 30 to begin a series of Bible lectures at the Presbyterian Church. In the evenings at 8:15, the courses will be offered for the men. At 4 o'clock each afternoon courses will be given to the ladies. A cordial invitation is extended the general public to attend these lectures.

REV. R. L. OWEN DELIVERS BACCALAUREATE SERMON

Rev. R. L. Owen of Big Spring delivered the Baccalaureate sermon to the graduating class of the Coahoma school on last Sunday morning at 11 o'clock. The services were held in the community tabernacle at Coahoma.

Buick value is greater today than ever before

Because Buick is a beautiful car; its Fisher Bodies are distinguished for their smart stylish design, rich Duco colors and fine coachcraft.

Because Buick performance is superb; with the famous Valve-in-Head engine, vibrationless beyond belief.

Because Buick has always used the savings of great volume to enrich Buick quality.

Because Buick initial cost is low and Buick operating cost is economical.

Buick value is greater today than ever before. Examine Buick, point by point. Compare it with other cars before you make your choice.

First Door South Auto Supply Co.

There's a joker in the "cheap" paint can!

"Cheap" paint looks like paint and smells like paint—and the low price seems to be attractive. But here is the two-sided "joker."

A gallon covers only about half the area covered by SWP House Paint — a strictly quality paint. Nearly twice as many gallons are needed. Figure that out and the low price isn't low at all.

Then it lasts only about half as long on the house—needs to be renewed oftener—costs over twice as much per year as SWP.

Come in. Let us tell you the whole story about real paint economy. We will save you money.

GUARANTEED!

SWP House Paint is guaranteed to look better, last longer, cost less per job and less per year than any house paint on the market.

See "Paint Headquarters"

Secure your reserved seat tickets for Betty's Last Bet, Senior Class play at the ticket window at the R. and R. Lyric theatre, Thursday evening, May 24.

SAFETY COMMANDMENTS

A large national commercial institution which has earned for itself a reputation for public spirit has recently published in pamphlet form a list of life-saving rules for pedestrians and motorists. These "safety commandments" come at a time when automobile fatalities have become a matter of universal concern. To pedestrians the following six admonitions are offered:

Look where you are going. Cross only at crossings or street corners.

Wait for the traffic signal. Be careful in outlying districts. Remember the motorists can not see you at night until it is often too late to stop his car.

To the motorist is tendered this advice:

Signal before turning a corner or slowing down.

Do not try to beat a street car or train across a track.

Avoid passing to the left or crossing the track at the rear of a street car, or passing a standing car that is loading or unloading passengers.

Go slowly when approaching a "blind" or sharp corner, and come to a full stop before crossing a railroad track.

Slow down when you see children on roller skates or bicycles or playing ball.

Keep your mind on driving, your hands on the steering wheel and your eyes on the road.

Be twice as careful on rainy days. Test your brakes often.

An inspection of the record of automobile accidents will show that few, if any, were not caused by violation of one or more of these rules which in their essence are the foundation of every traffic code in the country. If the rules were lived up to by the general public it goes without saying that a considerable decrease in the number of lives taken annually by automobiles would be the result. This safety code, or one similar to it, should be inscribed upon the wall of every school room in the United States. It should be made a part of the education of every child and of every adult, and kept constantly before the public, for it is only by inculcating a sense of individual responsibility that the death toll of modern traffic can be lessened.—Fort Worth Star-Telegram.

H. S. Miller says its a little too early to worry about the rain not putting in an appearance. He points out that back in 1914 no rains showed up until May 15, but when they started the entire trade territory received plenty of moisture and extra fine crops were made throughout our country.

ATTENTION: BAPTIST WOMEN

To the Baptist Women of Big Spring Association:
I come again with hopeful and prayerful heart, asking everyone of you that possibly can to attend our Worker's Conference next Tuesday, May 24, which will meet at Garden City. This is the first time that we have ever met with this church and we are very anxious to have a good attendance.

The subject for our program will be "The Value of Reports," a very needed subject.

I am hoping that every president, secretary and chairman will be present to hear this discussion. We will have our work going fine when we get our women to report.

Everyone please come and do not hunt excuses; if God leads your mind to think of this meeting go. You will be fully repaid though it may seem a long distance.

I wish everyone of us could say as David, I was glad when they said unto me, "Let us go into the house of the Lord."—Psalm 122:9.

Mrs. E. E. Mason, President.

ADVERTISING PAYS

The General Motors Company of Detroit, Mich., has announced the staggering sum of money which will be expended by the company in advertising during 1927. Between \$20,000,000 and \$30,000,000 has been budgeted for advertising next year in contrast to their \$5,000,000 in expenditure of four years ago. Advertising must pay!—Outlook.

ROAD TO SUCCESS

Girls it certainly pays to advertise.

An Oklahoma girl advertised for a husband and landed him in a short time. The ad cost \$3, the wedding cost her \$4, a total for advertising and the wedding being only \$7. The husband lived less than a year and left her a life insurance policy for \$11,000.

And yet there are a lot of fellows sitting around on soap boxes who say it does not pay to advertise. — El Paso Herald.

OFFICE OF STREET OVERSEER; REQUIRING ALL MALE CITIZENS OF THE CITY, WITH CERTAIN EXCEPTIONS, TO WORK ON THE STREETS, OR PAY A STREET TAX; PRESCRIBING THE MANNER OF SUMMONING PERSONS TO WORK THE STREETS; PROVIDING A PUNISHMENT FOR FAILURE TO ANSWER SUMMONS, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF BIG SPRING:

Sec. 1. The office of City Street Overseer is hereby created, and the City Manager shall, as soon as practicable, appoint some competent person to act as Street Overseer. It shall be the duty of the Street Overseer to summon persons to work the streets, and to supervise the work.

Sec. 2. All male persons between the ages of twenty-one and forty-five shall be liable to work on, repair and clean out the streets and alleys of the city subject to the following conditions:

(a) Ministers in the active discharge of their duties, invalids, non-salaried members of the Big Spring fire department, and persons who have not been residing in the city for fifteen days immediately preceding their being summoned for street duty shall be exempted.

(b) Any person so liable who has been summoned to do such duty may furnish an able bodied substitute to work in his place. The overseer shall not accept such substitute if he is incapable of performing a reasonable amount of work.

(c) Any person so liable, by paying to the Street Overseer before the day appointed to work, one dollar for each day he is summoned to work, shall be exempt for each day paid for.

(d) Each street hand shall perform his duties as such in accordance with the directions of the Street Overseer. No person shall be compelled to do such work more than five days of eight hours efficient service each in each year.

Sec. 3. The Street Overseer shall give three days previous notice, by summons in person or in writing, to each person liable to street duty. Such summons shall state the time and place such person is required to appear for street duty, and the number of days such person shall be required to work. A written summons may be served by leaving the same at the usual place of abode of the person summoned, with some person residing at such place who is not less than ten years of age, or by posting it on the door of such abode.

Sec. 4. If any person liable to work upon the streets of the city under the terms of this ordinance after being duly summoned as hereinabove provided, shall fail or refuse to attend either in person or by able and competent substitute, or having attended shall fail or refuse

to perform good service or any other duty required of him by the Street Overseer, he shall be fined not exceeding twenty-five dollars.

Sec. 5. An emergency is hereby declared, and this ordinance shall be in full force and effect from and after its passage at one meeting of the City Commission, and its publication as required by law.

PASSED AND APPROVED AT REGULAR MEETING OF THE CITY COMMISSION, May 10, 1927.

R. D. MATTHEWS,
Mayor of the City of Big Spring, Texas.

Attest:
Louise Middleton
City Secretary.

NOTICE IN PROBATE

THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Howard County, a copy of the following notice:

THE STATE OF TEXAS
To all persons interested in the estate of Bryant E. Payne and Lula E. Payne, Minors, Guardianship of said Minors pending in the County Court of Howard County, Texas with Maggie McIntosh as Guardian of said Minors, Bryant E. Payne and Lula E. Payne:

Notice is hereby given that Ell Jennings has filed an application in the County Court of Howard County, on the 16th day of March, 1927, for the purpose of requiring Maggie McIntosh, as such Guardian of said Minors, to give Bond, as required by Section Four of Article 4201 of the Revised Civil Statutes of 1925, which she had neglected to do, asking the Court to confirm said heretofore made and validate the title in accordance with Article 4201-A of the Revised Civil Statutes of 1925, on the following described land situated in Callahan County, in the State of Texas, same being out of the N. E. 1-4 of Section Number 63, Block No. 14, T. & P. R. R. Co., more particularly described as follows:

Beginning at the original N. E. Cor. of Sec. 63; Thence W. with the N. line thereof 950 yds. to the N. W. Cor. of the N. E. 1-4 of said Sec. 63; Thence S. 855 2-3 yds. to stake for S. W. Cor. of this 144 Acre tract; Thence E. 950 yds. to E. line of Sec. 63; Thence N. 855 2-3 yds. to place of beginning.

which said application will be heard by said Court on the 5th day of June, A. D. 1927, at the Court House of said County, in Big Spring, Texas at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how

you have executed the same. Witness my hand and seal at Big Spring, Texas, this 10th day of May A. D. 1927.

(S) J. I. FRICHARD,
County Court, Howard Co. (35-3t.)

LOCATING OIL

There are two methods tried out extensively to find hinges on the fact that they weigh the same in all places the other has arisen because families of minute sea creatures centuries ago and left them in the rocks. In the first use is made of what is known as the torsion balance, an invention of a quarter century ago by a Hungarian scientist. It is a device that measures the density and intensity of gravity on the earth's surface and that things do not weigh the same in different places. This is due to the fact that the density or specific gravity of salt domes where oil is found.

The "bugs" or fossils have been classified by scientists the strata where they are to be identified. Geology tells about what depth they are to be. If they are found at different levels the prospect is that a disturbance has occurred that there is probably a fault in the earth's crust, a sign to look out for oil.

DAWSON COUNTY'S WAYS TO BE

Highway No. 9 from O'Donnell in Dawson County be thoroughly regarded as a result of a conference between Memphis, division engineer Donaldson, maintenance and the Dawson County Commissioners' Court. Twenty grants are to be assembled for the improvement of this important south artery of commerce.

ING RIGHT CURTAIN EFFECT IN ROOM

ains of Theatrical Gauze Banded With Cretonne Are Effective.

by the United States Department of Agriculture, there is a time and place for it. It is indeed a trite saying, but it needs to be remembered that curtains are under consideration. They call for one effect and another, and success goes to the designer who gets the right effect in the room where it be-

ample, large, pompous rooms heavy velours and tapestry, big little room simply cringes heavy velours and velvets are upon it. There are rooms even the gay and ubiquitous is not satisfactory. This will be true especially in dark rooms with few windows or where the light is overshadowed by a

Bringing Out a Dark Room.

ing can be done to bring a dark room out of its gloowering gloom unless the walls are painted or papered a sunny yellow—the most luminous color. This done, the windows should be treated. First, forget that overdrapery and that you and your neighbors have always thought them a part of a good looking room. Then plan a scheme by which the curtains can be effectively used

living room or dining room a deep cream or ecru marquiseette is interesting with applied

POKE SHOOTS MAKE EXCELLENT GREENS

Care Not to Cut Any of Underground Part.

by the United States Department of Agriculture, you know poke shoots, or poke they are sometimes called? As a child you made "ink" from the dark purple berries of the poke and stained your hands and face and were warned by your mother that the berries of the poke are poisonous and should never be eaten. The tender pink stems and shoots of the poke weed come up in the spring contain this poisonous matter, however, and are highly prized for greens in some localities. Some people call them "poor man's asparagus." They do not have the same kind of succulent texture and fresh earthy flavor. You may find the poke weed growing in a near-by field or perhaps in a corner of your garden. In cutting the poke you will find the small pink stems but you may also take the larger half-grown stalks. Do not cut the larger green leaves for they are bitter. In cutting the shoots be sure not to include any of the underground part of the plant, for the roots are exceedingly poisonous. Also be sure that you are cutting the true poke. There is one variety sometimes called Indian poke which is poisonous in all its parts.

Hot Sauces for Desserts

Given a Festive Touch

Many desserts are given a festive touch by the addition of a hot sweet sauce. Chocolate and butterscotch are two of the best-liked of these hot sauces. Either may be used in such desserts as ice cream, custards, blanc mange, steamed or baked puddings or on cake. The directions for making these sauces are furnished by the Bureau of Home Economics.

Butterscotch Sauce.

1 cup boiling water 2 tablespoons butter
2 cups brown sugar 1/2 teaspoon salt
2 tablespoons flour 1/4 teaspoon vanilla
Speck of cinnamon 1/4 teaspoon vanilla

To the boiling water add the brown sugar, flour, salt and cinnamon, which have been thoroughly mixed together. Cook until the flour has lost its taste and the mixture thickens, stirring continually to prevent lumping and sticking. Beat in the butter and the vanilla.

Chocolate Sauce.

3 squares unswartened chocolate 1 tablespoon butter
1 cup granulated sugar 1/4 teaspoon salt
1/2 cup milk 1/4 teaspoon vanilla

Place the chocolate and sugar over steam to melt and continue to heat until the sugar is dissolved. Add milk, salt and butter and leave over steam for ten minutes longer, then beat, add vanilla and serve hot over ice cream or cake.

Valuable Mineral Salts

Cooking does not destroy the valuable mineral salts found in many fresh vegetables. Some of them, however, are dissolved in the liquid in which vegetables are cooked, and it is therefore important that this pot liquor be served. Mild-flavored vegetables may be steamed, boiled in very little water, or cooked a short time in milk so that the amount of liquid to serve with the vegetable is small. The larger amount of water from the cooking of the strong-flavored vegetables may be saved for soup or used in thickened gravies and sauces.

nems or deep blue and with a full valance of the same material also hemmed with blue. A more pretentious effect could be achieved by using silk gauze with ruffles of taffeta in contrasting color. It must be remembered that curtains of that type must be dry cleaned. One of the secrets of attractive windows without overdraperies is to have the curtains full-skimpiness cannot be forgotten or forgiven.

Effective Treatment.

The illustration, taken by the United States Department of Agriculture, shows an effective treatment much like those suggested. The material is theatrical gauze and the bands a striped cretonne. Additional dignity is given by having a rod in the hems of the valance at top and bottom.

Instead of using bands the valance alone may be cretonne and if the glass curtains are ruffled tie-backs the tie-backs should also be cretonne. In the bedroom one of the newest ideas is to hang a voile or marquiseette panel with a ruffle at the bottom over the glass. Then at each side arrange ruffled tie-backs of the same material just as though they were heavy overdraperies. One charming treatment of this kind was in the home of a young bride. The curtain across the glass was a soft delectable pink and the voile curtains at each side were printed with little pink nosegays and ruffled in plain pink.

LILLIAN GISH HAS POWERFUL ROLE IN "SCARLET LETTER"

"The Scarlet Letter," one of the world's most dramatic romances, and one of America's literary classics, is the newest starring vehicle for Lil-

lian Gish, famous for "La Boheme," "Romola," "The White Sister," "Birth of a Nation" and other celebrated screen plays that made her one of the greatest figures in the screen world.

The new play, an elaborate filmization of Nathaniel Hawthorne's story, will be presented at the R. and R. Lyric theater next Monday and Tuesday, May 23-24.

The story, known wherever the English language is read, is the gripping tale of a woman who, to save the man she loved from disgrace, carried a letter of shame on her breast throughout a lifetime. It is laid in the days of the early Puritans, whose intolerance is the guiding motif of the powerful story.

Miss Gish plays the roll of the ill-fated "Hester Prynne," one of the most tragic and still most powerful figures in literature. Lars Hanson, the famous Swedish screen star, makes his American debut as "Arthur Dimmesdale," her clergyman lover. An interesting member of the cast is Henry B. Walthall, who played her lover in "Birth of a Nation," when he achieved fame as "The Little Colonel," and who is playing with her for the first time since in this new production.

Karl Dane, of "Big Parade" fame, William H. Tooker, Marcelle Corday, the famous French stage star, Jules Cowles, Joyce Coad, Mary Hawes, James A. Marcus and other players of note appear.

The production was lavishly stag-

ed, a complete reproduction of an early Puritan village having been constructed, in which nearly a thousand people appear in the dramatic pillory scenes and other high points in the story.

A WAGON LOAD OF FEED, \$7

We noticed a striking advertisement in a Stephenville newspaper and would like to see the same in the Herald. Here's about the substance of it: "Herbert Webb, the great white leghorn chicken man, loaded out 1366 pounds of chicken feed at our mill. All this feed was produced on the Webb farm. He brought to us 1269 pounds of feed, in equal parts of oats, barley, corn and meal. We ground it through a 16-mesh screen in our mill and added meat and bone scrap and a little meal. The total charge was \$7.20 for the grinding and the material added.

"He secured a balanced ration for his poultry—just as good as any of this high priced poultry feed you see advertised—and it absolutely makes his chicks almost do 'double duty' in growth and strength."

With out section ideal for poultry raising, and the further fact that we can produce and manufacture as fine chicken feed here as any section in the United States there is no reason why our section could not equal the famed Petaluma, Calif., known as the egg basket of the world, if we were willing to put forth the effort.

Rit dye and other kinds too. Cunningham & Phillips.

Lincoln Paint and Varnish Products

CLIP THE COUPON TODAY!

We want to help you get a qualified with Lincoln Products and are making this special offer for a limited time only.

This Coupon and 25 cents entitles the undersigned to one can of Lincoln Enamel (any color) and a special paint brush.

Name _____
Address _____

55c Value for 25c

You can beautify all woodwork and furniture with Lincoln Enamel. It is easy to apply. All you need is the can and the brush. One coat will usually do the job well. And it makes the surface much more sanitary and much more easily cleaned. Washes easily.

This product is only one of many that we regularly carry. We have added the well known line of

Lincoln Paints, Enamels, Stains, Varnishes and Rogers Brushing Lacquer

WE ANNOUNCE

A New and Helpful Service to Home Owners

A Lincoln Special Representative will call on you in our name soon. She comes, not to sell paint, but to tell you anything you want to know about Paint, Varnish, Stains, Enamels and Rogers Brushing Lacquer.

Also this special representative will demonstrate Lincoln Products in our store, so come and get all the latest information on Home Decorating.

SATURDAY, MAY 28th

COE & PARKS LUMBER CO.
501 East Second St.

You've heard the old story about the fellow who started down town and everyone he met told him he looked bad. Before he reached his destination he not only looked bad but felt bad, notwithstanding the fact that there was nothing wrong with him when he started from home. It's the same way about conditions. Let everyone begin to cry hard times and hard times are sure to come. If everyone makes the best of things and tries to picture better times the conditions will not become so severe. Conditions are

good just as long as people continue to think they are good. But good or bad it pays to look on the brighter side.

Oil men are of the opinion that the oil situation should return to normal about July. These ups and downs come over so often and rarely continue over an extended period. With shallow oil as an attraction, the Howard County fields are going to be given a big play.

Fly swatters.....Cunningham & Phillips.

Frog Unable to Live Without Air and Food

An old natural history problem has once more cropped up, and unless a word or two of advice are given the same old, queer beliefs will persist, and frogs and toads will still be looked upon with suspicion as uncanny creatures, says Charles H. Lea in Our Dumb Animals.

The problem is: Can a frog or a toad live embedded in a rock? Two men working on the rocks near Bar-mouth have found a live frog inside the solid rock, and it is believed that it must have been there for years.

Toads and frogs are often found imprisoned inside lumps of coal and rock, so it is not surprising that people marvel at the apparent endurance possessed by these reptiles. Yet the phenomenon has a prosaic explanation. When the creatures were little they must have crept through some crevice into a hole, and there existing on insects, they have grown larger. So long as they can get a little air and a few insects, they can live as long as ordinary frogs, so that there is nothing marvelous.

Dean Buckland is authority for the statement that frogs die in less than a year if they are deprived of air and food, and that they cannot live more than two years without food, even if given plenty of air, so that the old belief that they can live for centuries entombed in a solid rock is a fallacy. There must always be an airhole and a means for insects to crawl in, for the frog or toad to live many months.

Testimony to Value of Home Environment

Tests recently concluded to determine the moral and religious effects of various agencies on children have shown that home environment goes further in shaping character than any other single influence. Within the home circle, the influence of the mother is the strongest element.

This is true because it is a fact of child psychology that one's course in life is pretty well mapped out and charted during the first seven years. Study a child at seven and you will have a miniature picture of the future man or woman. Most of these first seven years, of course, represent that period of childhood when almost all influences are negligible excepting those of the home.

A famous welfare worker on the New York bowery has found that almost without exception the human derelicts who have been rescued and regenerated through his efforts came originally from homes in which there was a wholesome moral atmosphere. No matter how low they may have sunk, the seed of goodness implanted within them in their childhood homes never died.—Thrill Magazine.

Iceles Centuries Old

Festooned with glistening iceles that are believed to have formed 150,000 years ago, when all northern Europe and Russia were enveloped in ice, a cave 26 miles long has been found in the Ural mountains. It abounds with grottoes of extraordinary beauty; the roof is a mass of snow crystals that reflect the colors of the rainbow, and there are wide corridors, at the bottom of which a subterranean river probably flowed many years ago, says Popular Mechanics Magazine. About a mile from the entrance to the cavern is a small lake, near which were found several objects dating from the time of the Persian king Cyrus, and military fortifications probably built during the Fourteenth century were unearthed near by.

Fighting Men Imported

Many soldiers from Germany and Poland were imported by the federal government for service in the Union Army during the Civil war, according to official correspondence between the Department of State and the United States consulate at Hamburg in 1863. The plan was operated extensively, it is said, and large sums were paid in bounties to the men obtained in that way. Many of those who came to fight remained in this country after the close of the war. It is believed the plan was largely directed by and in the interest of wealthy Eastern men who resorted to it to obtain substitutes for military service when the draft was adopted.—Detroit News.

Astor's Business Projects

John Jacob Astor, who became one of the outstanding fur dealers in this country, had only \$75 when he arrived in America. He wheeled his own skins to market, says Mr. de Stewart Welch in her book, "Vrouw Knickerbocker." There were few musical instruments in the colonies and later Astor became a dealer in pianos, the Astors in London being engaged in the manufacture of these instruments. Through his connection with the fur and trapping industry, Astor founded the first white settlement in Nebraska, and also the town of Astoria in Oregon.

Ancient Feared Beans

Wise men of old had a great fear of beans. Even stern old Hippocrates was frightened when the blooms were on, for fear harm would come to his patients, and Pythagoras and his followers refrained from eating beans lest disaster should befall their parents. But Adonis helped upset the fear of the bean by ordering beans to be offered on the altar of the god of Day and of Fine Arts, but in parts of Europe, as late as the middle of the Sixteenth century, there were communities where the fear of the bean and its blossom was to be found.

A NEW CHAPTER IN DODGE BROTHERS HISTORY

20% Greater Gasoline Mileage! and Many Other New Features

20% more gasoline mileage is precisely what you can expect from Dodge Brothers remarkable new motor.

15% more power, too—20% faster get-away!

MAGNOLIA GASOLINE PLANT IS NOW IN OPERATION

The big gasoline plant of the Magnolia Petroleum Co. at Otischalk is now operating regularly and turning out about 500 barrels of gasoline daily. This plant has a capacity of 2000 or more barrels of gasoline per day.

Gasoline is extracted from the gas issuing from the oil wells in the Chalk field. After the gasoline is secured the gas is used to operate the pumping plants in the field and for use in some of the houses in the field. The supply of gas is not yet sufficient to operate the gasoline plant at full capacity.

This plant is a big thing, and the gasoline manufactured is the best to be had. The gasoline as a by-product of the gas and would be lost completely were it not for this plant.

Other companies having wells showing considerable gas will establish similar plants to turn this waste into money.

Frank M. Green of the Green Production Co. at Fort Worth is in Big Spring this week looking after his interests in the Chalk field and also making plans to start work on Oxtower No. 1. Mr. Green and Bailey Gannex, field superintendent, left Tuesday on a business trip to San Angelo.

HEALS THE LAME MAN

TEXT—Acts 3:1-4:31.
NEITHER is there in any other for there is no name under heaven given whereunto we must be saved.

TOPIC—Peter Heals a Lame Man.
GIFTS That Money Gives.
IMMEDIATE AND SENIOR TOPIC—Our Best for Others.
PEOPLE AND ADULT TOPIC—That Are Better Than Money.

Healing the Lame Man (1-10).

place (vv. 1, 2).
and John were on their way some of worship. This man placed at the entrance of the worship where he might receive sympathetic attention of the man (v. 2).

beggar was infirm from his legs he was now more than forty years old (4:22) and had brought his with him into the world. saw Peter and John he asked for help (v. 3).

method (vv. 3-8).
the man's attention gained and John commanded him to walk (v. 6).

Jesus Christ of Nazareth to walk (v. 6).
Peter took him by the right hand (v. 7).

was meant to give impetus to the man's response (v. 8).
came to his feet and ankle-stance. He stood, he walked, and abouted praises to God. effect (vv. 9-11).

people were so filled with wonder-ment that they ran to behold this wonderful thing.
his helpless beggar had to be led out of the temple gate. Men and women of Christ are so helpless they need to be brought where the power of God can be applied to them.

Peter taking the man by the right hand the manner of helping the man (2:12-26).

Witnessing Before the People (2:12-26).
this miracle directed the attention of the people to Peter and immediately turned their hearts from himself to Christ. He declared that it was faith in Jesus whom God had glorified and they had deliberately betrayed and crucified that had healed this man.

in Prison for Christ's Sake (2:12-26).
his fidelity to Christ that led to his persecution. Observe: leaders—priests and Sadducees—persecution (vv. 1, 2).
priests were intolerant because they were encroaching on the functions of the teachers.

result (vv. 3, 4).
they were held in bondage. Christ continued to work. number of believers had greatly increased.

Witnessing Before the People (4:5-21).
inquiry (vv. 5-7).
inquiry admitted the reality of the miracle. They wanted to know the name of the man.

answer (vv. 8-12).
filled with the Holy Spirit. Peter and John answered. They declared that they were not as self-sufficient but for doing the helpless and needy man. they could not deny the miracle. They declared that it had been the name of Jesus Christ whom they had crucified and God had raised from the dead.

impression upon the Sanhedrin (vv. 13-17).
they marveled (vv. 1-13).
saw that Peter's behavior and words were unusual as the miracle. They took knowledge that Peter had been with Jesus (v. 13).
they forbade them to speak in the name of Jesus (v. 13).

John's reply (vv. 14-17).
expressed their determination to release Peter rather than men. The people were on their side. They had no way to punish them. Church at Prayer (vv. 23-31).
Peter and John were not hurried away to their jail. They prayed for boldness to the Word of God.

Thinking of Faults (vv. 23-31).
of your own faults the first thing when you are awake. the faults of others the last thing when you are asleep.

Selfishness, Selfishness (vv. 23-31).
selfishness and selfishness have no power to breathe the atmosphere of the Word of God—School.

God's Way (vv. 23-31).
way of exalting His children. God's way to the best—School.

TEXAS ELECTRIC SERVICE CO.'S BIG IMPROVEMENTS

Spanning West Texas With Power Lines to Meet the Big Growth Which Is Assured

Dallas, Texas.—Announcement of plans for the construction of 150 miles of high tension power transmission lines in West Texas has been made by John W. Carpenter, vice president and general manager of the Texas Electric Service Company. Approximately ninety miles of this new line will operate at 132,000 volts, the highest voltage now used in Texas, while the remainder of the line will operate at 60,000 volts. Construction work on portions of this line has already been started and the entire line will be rushed to completion by Sept. 1 under the present schedule.

The growth of West Texas towns and cities served by the Texas Electric Service Company and the steady development of agriculture together with the discovery of the West Texas oil fields in the territory served by this company, has resulted in an extensive construction program to provide greater electric power facilities and resources for this section of the State, Mr. Carpenter declared. The transmission lines of the Texas Electric Service Company will be extended to the new town of Crane City, in Crane County, to Monahan and Pyote, in Ward County, and also will serve the oil field in Winkler County. Service already has been established in these towns and work is well under way for the completion of the high tension transmission lines to serve this territory as soon as possible.

The 132,000 volt line being built westward from Eastland will be supplied with energy from the large generating station at Eastland, which is being increased from a capacity of 22,000 kilowatts to 37,000 kilowatts by the addition of a new 15,000 kilowatt steam turbine unit. The Texas Electric Service Company is also constructing 100 miles of 60,000 volt transmission lines between Breckenridge and Wichita Falls and the near-by oil fields.

A continuation of the substantial developments in West Texas was predicted by Mr. Carpenter, who said that several of the towns recently supplied with electricity have never before had electric service of any kind. A new district office of the Texas Electric Service Company was recently established at Midland to handle the affairs of the company west of Big Spring. Mr. Carpenter announced.

16TH DISTRICT CONVENTION

San Angelo, Texas, Sunday, May 20

Program:
Saturday: Register upon arrival. Wrestling match. Any show in town. Dance roof of St. Angelus Hotel. Sunday: 9:30 a. m. Ride over city.

11 a. m. Address by Col. Alvin Ousley, Past National Commander. 12:30 p. m. Luncheon. 2:30 p. m. Business session at the Ritz Theater.

All delegates and visitors will register upon arrival at the St. Angelus or Naylor Hotels, where we have registration booths. Plenty of rooms for all visitors, let us know how many you want.

Three hundred visitors have signified their intention of coming to San Angelo for the convention.

Capt. Kile and Read Johnson, both Regional Managers of Veterans Bureau will be with us. All the State officials of the Legion will be here.

The 16th district is the largest in the State. San Angelo citizens welcome visiting veterans. James J. Goodfellow post welcomes them. The Committee.

T. & P. WOULD BUY SHORT LINE

Washington, May 14.—Ownership of the Pecos Valley Southern Railway, extending from Pecos to Toyahvale, a distance of forty-six miles, would pass to the Texas & Pacific by purchase of the stocks and bonds, if the Interstate Commerce Commission approves an application filed by the latter company.

The Texas & Pacific would pay \$193,000 for all the capital stock, amounting to \$45,000, and for \$400,000 in first mortgaged bonds, neither of which has a market value.

The Pecos road was chartered under Texas laws in 1909 and constructed to further transportation to Southern Reeves and Jeff Davis Counties and the Davis Mountain Country. It connects with the Texas & Pacific and the Santa Fe at Pecos.

"Some people would rather be in style than to be out of debt." — H. M. S. in Star-Telegram.

Western hospitality always offers its best . . . Hills Bros Coffee

GENUINENESS! That's what has made western hospitality famous. And how wonderfully it's expressed in a cup of Hills Bros. Coffee! Every delectable sip—every steaming cup proves to the drinker that its goodness is ever-present to greet his taste.

The matchless aroma—the rare flavor of Hills Bros. Coffee is due to Controlled Roasting—Hills Bros.' patented process of roasting a few pounds at a time in an even temperature. Never is Hills Bros. Coffee roasted in bulk—the ordinary method that causes variations in flavor and goodness.

Wherever you go in the West

Hills Bros Coffee

you can buy Hills Bros. Coffee. Ask for it by name and look for the Arab on the can. Mail the coupon above for your free copy of our illustrated booklet—"The Art of Entertaining."

HILLS BROS COFFEE

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by CUNNINGHAM & PHILIPS

BANKHEAD NOW BEST TRANS-CONTINENTAL HIGHWAY

According to the Bureau of Public Roads there is now one transcontinental road which is 97 per cent improved, from Washington through St. Louis, Texarkana, and El Paso to San Diego. Ninety-three per cent is surfaced, 4 per cent is merely graded and drained, and of the surfaced portion more than one-half is improved by bituminous macadam or better, and the remainder is gravel.

Miss Cora Beard of Marlin is a guest in our city this week, visiting her uncle, I. D. Eddins. Miss Beard is enroute to Los Angeles, Calif., where she will visit her cousin, Miss Cartor.

REMEMBER THIS GRAVE ON DECORATION DAY

Childress, Texas, May 13, 1927
Dear Good People:
On Decoration day will someone be so kind as to place flowers on the grave of R. B. Thompson, who is at rest in Mt. Olive cemetery. He was a dear brother of mine, but we are many miles away, and I want some kind person to look after his grave for me on Decoration day. May God bless that one. I am his sister, Mrs. Dave Smiley, Route 2.

Washing! Washing

We leave everything but the grease and mud. Expert car washing at Bankhead Garage. 32-51

Mr. and Mrs. W. W. Crenshaw returned Saturday from a business trip to Dallas. Mr. Crenshaw went to Dallas to drive to Big Spring a new Packard which he has sold to Albert M. Fisher, but it will be a week or ten days before this fine car arrives in Dallas.

LOW RATES for time payments on these cars

ANY FAMILY entitled to credit may buy a General Motors car and pay for it while using it, under the GMAC Plan.

When time payments first became an accepted form of car purchase, General Motors organized its own finance company, the General Motors Acceptance Corporation, to make sure that the sale of its cars on time would be in the buyer's interest and that the finance charges would be fair.

GMAC rates have always been low; and the last reduction has saved General Motors' customers more than \$12,000,000.

The General Motors line includes "a car for every purse and purpose"—a suitable model for every income. You can buy it out of income, paying no more than the cash delivered price, plus only the low GMAC financing charge. And the whole transaction is so conducted as to keep your goodwill and satisfaction.

CLIP THE COUPON

USE THE GMAC PLAN to enjoy a new car now. Use it to get a better car for what you plan to spend. Have General Motors quality. Share in the economies of volume production. Look over the list of General Motors cars below. See which car suits your purse. Then check and mail the coupon. We will send you full information about that car and about the fair, low-cost GMAC Plan of paying for it out of income. Don't wait. Clip the coupon and mail it TODAY.

GENERAL MOTORS

CLIP THE COUPON

General Motors (Dept. A), Detroit, Mich.

PLEASE send, without any obligation to me, illustrated literature about the General Motors product I have marked below together with the name of the nearest dealer in case I may wish a demonstration. ALSO SEND YOUR PROVING GROUND BOOK.

Name.....

Address.....

CHEVROLET 7 models—\$525 to \$745

The quality car of the low-priced field. 3-speed transmission. Strong rear axle. Smooth dry-disc clutch. Over-head valve engine. Fisher Bodies. Duco finish. Fully equipped. CHEVROLET TRUCK CHASSIS: 1/2-ton, \$395; 1-ton, \$495.

ALSO—

FRIGIDAIRE electric refrigerators. The largest selling electric refrigerator in the world. Built by General Motors. Many models.

DELCO-LIGHT electric plants. Another General Motors product. Brings you all the conveniences and labor-saving devices of electricity.

Modern Type of Girl as One Man Sees Her

The modern girl is more alluring than any feminine type of history—and serious-minded, reasoning young men are avoiding matrimony more than ever before.

That's the conclusion of a young business man, eligible, earning \$6,000 a year, who, writing in Smart Set Magazine, points to three types of girls as his reasons for dodging the marriage bond.

First of them, he says, is the one "who believes that a girl has the same right to freedom in her sex life as a man. Not only believes it but says so—and does so, for all I know. Maybe she will make some man a mighty good wife—but not me."

No. 2 is the girl, usually a petted only daughter, restless and with the idea that "money is just made to be spent. As a wife she'd be a wonderful sweetheart, but we'd both be in the poorhouse inside of a year or two."

And third is the intellectual girl who insists upon showing it. "She has ideas and beliefs about everything from Bolshevism to birth control. As a wife she'd have her clubs to go to, her political meetings, her papers on various subjects to prepare. I'm afraid we wouldn't be happy together."

Had to Be Satisfied With Seeing the "Lion"

Matthew Arnold, the English poet and essayist, came to the United States and gave 100 lectures, but even the manager of the tour admitted that Arnold's voice was extremely weak and that it was unlikely that any person in the audience ever heard a word of the lectures, a writer in the Kansas City Star asserts. At Arnold's first appearance in Chickering hall, New York city, every seat was sold at a high price. Chauncey M. Depew introduced the speaker and Arnold stepped forward. He had been well advertised and the audience was breathlessly still with interest. Arnold opened his manuscript and his lips began to move, but not a sound was audible. The audience craned necks and put hands to ears, but with no results. Some, fearing deafness had overtaken them, even looked around to see how others were reacting to the silence, but were reassured by the impatience manifested by their neighbors. Gen. Ulysses S. Grant was among those present. After a few minutes he said to Mrs. Grant, "Well, wife, we have paid to see the British lion; we cannot hear him roar, so let us go home." They left the hall and soon there was a stream of people leaving.

Roquefort Cheese

The bread used in Roquefort cheese is made of the finest wheat or of winter barley, leavened with a large quantity of brewer's yeast, kneaded and thoroughly baked. The crust is removed after standing a day and the crumb is pounded in a mortar and put away in a damp place until it is covered with mold. When it is ripe enough the new cheeses are thoroughly rubbed with the moldy bread, and layers of it are put between the layers of curd. After several days' pressing the cheeses are wrapped in linen and dried and sent to dairy vaults where they are stored, rubbed with salt, scraped, etc., so as to enable the mold to run through them.

No Parents Nor Alumni

The story goes that several college presidents were discussing what they would do after they retired. What would they be fit for, was the question.

"Well," said one of them, "I don't know that I'd be fit for anything, but I know what I'd like to do. I'd like to be superintendent of an orphan asylum, so that I would never get any letters from parents."

"I've a much better ambition," exclaimed another. "I want to be warden of a penitentiary. The alumni never come back to visit."—Harper's Magazine.

Earliest Taximeters

A deliver into the writings of Virtruvius, a Roman architect of the First century B. C., has found references to the taximeter. The horse chariots were fitted with a device which released a small ball into a box every thousand steps taken by the horse, the cost of transportation being calculated on the number of balls thus dropped.

There were no doubt canny travelers in those days who would wait until a horse with a long stride came along.

The Last Straw

Jones, sunk deep in a huge leather armchair, dejectedly gazed from his club window. Life was a curious proposition, he had decided. Curious beyond words.

First of all, he reflected, he had been disappointed in love. Later, he had been disappointed in marriage. And now, to cap the climax, he had been disappointed in divorce. You see, that very afternoon he had married his ex-wife.

Danger From Icebergs

Icebergs may be sighted at various distances, depending upon the state of visibility, height of berg and of observer. On very clear days a crow's nest lookout may see one at 12 to 15 miles, and they have been picked up at a maximum distance of 18 to 20 miles by a masthead lookout. In a light fog a berg cannot be seen more than a hundred yards ahead of a ship.

SALEM NOTES

The R-Bar Literary Society met Saturday night. A very interesting program was rendered. Mr. A. J. Bishop, president; Mrs. W. C. Rogers secretary. The following program committee was appointed: Mrs. Emma Wilson, chairman; Mrs. S. L. Newsom and Mrs. W. A. Rogers.

A committee was appointed to clean up the school building and put the house in order for next meeting. It was voted that we meet every Wednesday night before the second and fourth Sunday of each month. A partial program was given out for next Wednesday night, May 25.

Recitation, A Bit of Heavenly Blue—Parthina Buchanan.
Song—Ocella Wilson.
Reading, It Pays to Forget—F. D. Rogers.

Present Day Opportunities—W. B. Sneed.

Song by High School Girls.
Piano Solo—Mrs. Roy Wilson.
Reading—Leona Hull.

Do we need a Parent-Teacher Association—S. J. Canada.
Recitation, It's You—Rogers Miller.

Harmony Junction—High School Boys.

Solo—Mrs. W. C. Rogers.
There is but one way to have a good program. Let everybody come prepared to do their part.

Mrs. S. L. Hull's sister from Cross Plains visited with her Monday and Tuesday leaving for home Wednesday.

Mr. and Mrs. Egsdale Bartlow of Lamesa visited with Mr. and Mrs. W. H. Robinson Saturday night.

Mrs. Neitha Coates who stuck a thorn in her foot some six weeks ago had to have the doctor cut it out one day this past week. She was able to be out to Sunday school Sunday.

Mr. Allan Tonn and family of Coahoma, Mr. and Mrs. Campbell of Big Spring spent Sunday with Mr. and Mrs. H. W. Dearing.
Rev. E. E. Mason of Knott will fill his regular appointment at Salem Saturday night, Sunday and Sunday night. Everybody is invited to come out to hear him. Sunday school at 10 o'clock sharp. B. Y. P. U. at 7:30 o'clock in the evening.

Mrs. M. A. Thomas and family of Martin County was visiting with her father and mother, Mr. and Mrs. B. F. Miller, last Sunday. Miss Bertha

Miller returned home with her to spend a week.

Mr. and Mrs. S. L. Newsom and children were Sunday dinner guests with Mr. and Mrs. Allan Rogers Sunday.

Mr. and Mrs. W. C. Rogers and son, F. D., were the guests of Mr. and Mrs. A. J. Bishop Sunday.

NOTICE TO NEW BAPTISTS

Among the new people moving into the community many are Baptists. We are anxious to meet you and serve you in any way we can. We invite you to attend our services, and ask that you make yourself known, for we should become acquainted. We would be happy for you to put your membership in the church even though you may not be in our town but a short time.

We are putting on a membership drive for Sunday, May 29. This is the opening day of our revival meeting. We urge you to come and put your membership with us. If you do not have your church letter with you then you can join on the promise of a letter and the pastor will be glad to write for it for you.

Let us know if we can serve you in any way. The pastor's residence is 1411 Scurry street. Residence phone 492. Church study phone 460.

D. H. HEARD, Pastor.
First Baptist Church.

P. S.: Members of the Baptist Church can help in this matter by calling the attention of new people to this letter, also by reporting to the pastor, the names of people whom we should see.

ST. MARY'S EPISCOPAL CHURCH

Rector FRANK H. STEDMAN

Services for the 5th Sunday after Easter.

THIRD AND SCURRY STREETS NEED

The City Street Commission should take steps to have a topping placed on some of the spots along Scurry street and street within the city limits.

are some bad places which should be repaired now and before any worse. Then too the highway cut thru for water should be smoothed over with

phalt topping.

Good streets will remain streets only as long as they are properly maintained and two important streets should be kept in good condition.

During the discussion of the proposal to place a tax on milk in the house of representatives, day one representative charged more than 8,000,000 bottles were made in Dallas annually. This is true. Dallas is not a cheeseless place as some charge.

We'd like to meet up with a guy who said we were not in any summer this year—just him cut the weeds out in the yard for ten or twelve hours of our sunny days.

**16 APPLICANTS FOR HOUSE
ADVERTISED FOR RENT**

In the last issue of The Herald E. W. Gulley inserted a classified ad stating that he had a two room house for rent. In reply to this little announcement sixteen different persons made application for this residence.

We do not cite this case to prove that it pays to advertise, but it is another instance to show that more houses are wanted in Big Spring and are needed. Few of our people realize how many folks come to our office daily in search of apartments, rooms and houses to rent. They say they have covered the town in search of some kind of lodging and everything seems to be filled. New-comers continue to pour into Big Spring daily and we must erect more homes and make room for these new people who want to become residents

LABEL!

"Are you an editor?"
"We are."
"My name's Smith...Godolphus H. Smith."
"Sit down, Mr. Smith."
"Not on your life! Your paper printed an article about me yesterday."
"Yes."
"You called me a corrupter of public morals, a thief, a blackleg, and a lot of other things."
"We did!"
"Well, sir, I am here to tell you, by thunder, that my middle initial is H. and not J. If you can't spell my name right after this, let it alone!"—Altoona (Kan.) Tribune.

Which only goes to prove that being an editor is a great life, when one is unacquainted with surnames.

Mrs. Joe Stovall and daughter, Charlene, returned Friday night from a visit with relatives and friends in Abilene.

**CARRY HOME SOME ICE
CREAM.....CUNNINGHAM &
PHILIPS.**

WEST WEALTH

An Ohioan has come to West Texas and set himself in business here with eyes wide-opened to unlimited possibilities of the empire section of the Lone Star State.

Self-confessed, this man says that he, as a typical northerner, did not dream of the vast resources really existing in West Texas and believed such reports that he had heard in Ohio were over-exaggerated and untrue.

With adoption of West Texas as the land of all lands, this Ohioan laments the fact that countless young people of the North are ignorant of potentialities and opportunities of this great section. Were hundreds of young Northern married couples aware that fine farm homesteads could be bought so reasonably, there would be an unprecedented influx to West Texas, the Ohioan believes.

It is true that the North is uninformed and misinformed as to the true opportunities afforded here. Recently it was brought to notice by a state-wide publication that in a certain northern state a bulletin was published declaring that reports sent out on fertility and reasonableness of West Texas property and farm lands were false. The northern bulletin further went into details of gross misinformation as to West Texas conditions in order to discourage a threatened exodus of virile young blood to this state and territory.

The West is big enough, broad enough, rich enough, and fine enough to care for thousands. It is ready to receive with welcome those who may wish to cast their destinies here. It is one aim of the regional organization serving the West to reach the right type of citizenship for settlement in the section which is fated to become even more of world note.—West Texas Today.

**WEIGHT HANDICAP
TOO MUCH FOR LONDOS**

Clyde Miller's skating rink arena was taxed to capacity last Monday night for the Londres-Montana finish wrestling match. Bull Montana of Hollywood, Calif., skilled both as a wrestler and motion picture actor took two straight falls from Londres. The Big Spring favorite, in one of the most thrilling and sensational matches ever seen on the local mat.

Londos was on the aggressive end thruout the match and applied one torturing hold after another on the famous movie actor. Bull's countenance was changed several times, when the local Greek applied Jui Jitsu tactics and came near causing the Big Wop to leave the ring on several occasions. Montana's advertised weight of 172 pounds was greatly underestimated. In reality he weighed around 185 or 190 pounds. His fame as the Ape man of the movies was carried out in the ring as he applied his famous tactics upon the Greek several times throughout the match. Montana took the first fall in twenty five minutes and forty seven seconds by an accident. The local boy had applied a series of flying mares upon his heavy opponent and had raised him off of his feet to end the fall or match with one of his famous body slams and tripped and fell over backwards, bringing Montana with him; Londres was dazed from the fall and Montana took the advantage of his predicament and pinned his shoulders to the mat. Billy, game to the core, would not give the Ape man a single point and came back into the ring tired, injured and dazed, and made every effort to pin his heavy opponent but he was unable to overcome the heavy weight handicap, and lost the second fall in fifteen minutes and thirty one seconds, by a head scissors and arm bar.

Londos deserves credit for his wonderful showing against Montana

and his many friends here realize that he was wrestling out of his class and that the weight handicap was entirely too much for him to overcome, are congratulating him on the wonderful showing he made. Londres will meet the only Hindu wrestler in the country next Monday. The Hindu comes with a wonderful reputation of a wrestler, also as a Hindu magician or fakir; is recognized by both press and public as one of the toughest mat artists in the game. He is a body slam artist and is said to be as fast and tricky as any of the boys. Londres is of the same type and the public is assured plenty of action and thrills from start to finish.

The battle royal last Monday was a scream from start to finish and the four Mexican youngsters kept the crowd in an uproar thruout their act. The semi-final, a 30 minute wrestling match between Hartman and Wheeler was greatly appreciated by the fans. Tiger Wheeler proved the better man and won in two straight falls. The first one in 12 minutes flat, and the second one in seventeen minutes and four seconds; Wheeler using double wrist locks and body scissors to secure both falls. All matches were clean, clever and won the approval of the fans.

— HELD WANTED —

On account of our ever increasing business it becomes necessary for us to have one more experienced watchmaker and one apprentice with some experience.
Geo. L. Wilke.

F. B. Bialack is grading some lots on Nolan street, between tenth and eleventh streets, and is going to place same on the market.

Miss Mary Stevenson is the guest of Mr. and Mrs. Stovon Currie at their ranch home in Glasscock County this week.

NOTICE

Commencing June 1, 1927, Garden City star route will be changed as follows:

Leave Big Spring via Bankhead highway, 5 miles west to Frazier corner, south 1 1-2 miles to Yates corner, west 1 mile to Dunnigan corner, south 1 1-2 miles to Brindley corner, west one mile to Harding corner, south 8 miles to Edwards school house, east 2 miles to Lees, thence, to Garden City via route now traveled. Returning via route now traveled to Elbow school house, thence north 2 miles, east 2 miles to the highway and on to Big Spring.

People living on and contiguous to the above change of route desiring to receive their mail by same, should at once secure a regulation mail box, have their name painted on it and then erect substantially and neatly where desired, convenient to be reached by the carrier without leaving his car. You should also file in this office a change of address for mail and parcel post packages, which you wish delivered by the route carrier. Also, have your address of your letters, papers, etc., changed to read "Garden City Rt. Big Spring, Texas."

J. W. Ward, Postmaster.

**SOUTH CIRCLE WILL MEET
NEXT MONDAY AFTERNOON**

All members of the South Circle of the Methodist Missionary Society are requested to attend the regular meeting on Monday afternoon to be held at the home of Mrs. J. R. Chaney, at 3 o'clock.

— HELD WANTED —

On account of our ever increasing business it becomes necessary for us to have one more experienced watchmaker and one apprentice with some experience.

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 3, 1897.

Big Spring, Friday, May 26, 1927

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

Paint is responsible for the sale of more automobiles than any other agency. When the old flivver begins to look shop worn most folks begin to itch to own a new car. And they can't stand the "itch" very long.

Investors are now arriving in our city to size up the situation and get prices on real estate in Big Spring. These people can visualize the future and they are going to make investments before anything like a boom makes its appearance.

Some of the independent oil operators who have been going forward too fast are going to be hurt in the present price war on crude. Most folks are of the opinion that the big oil companies are in cahoots to close in on some of the larger of the independent operators.

It won't be long before the big oil companies find a means of overcoming the present slump in the price of oil. Some sixteen or more companies are now conferring on ways and means of preventing overproduction. When the big fellows get their heads together they usually secure results.

If you have some surplus money it will pay you to purchase a lot, while the price of real estate is reasonable and build a house. You can rent this and make good money on your investment or you can sell the house this fall. Real estate values are due to take a big jump when oil development gets going.

Sure a big ground soaking rain is more to be desired right now than an oil gusher, because it would benefit more people. We know we have plenty of oil under the surface of Howard County and there is no reason why we should be in any hurry to get it on the surface with oil prices cut to the bottom.

The Texas & Pacific railway company is making good time on the job of enlarging the railroad yards here. There will be twelve switch tracks completed in addition to a number of tracks built to the industrial district, and the capacity of the yard will be doubled. This big improvement will be completed in time to take care of the big increase in business.

We talk a lot in Big Spring but we fall short when it comes to putting things over in a big way. How many of our most wealthy people can you interest in erecting an office building, erecting houses or apartments to help the present situation. They seem willing enough to invest their money in other places but are backward when it comes to helping their home town.

Some of our folks seem to think our oil development will come in with a rush and be over almost as quickly, but such is not the case. You are going to witness oil development in Howard County ten years, yes, twenty years from now. There is no telling how many years the wells in Howard County will be producing, but oil men say the formations as to thickness and porosity indicate an extremely long life field. Oil has its ups and downs. Just now the pendulum is at the bottom. Watch things move off with a rush when things do restart. West Texas oil production will grow by leaps and bounds during the next ten years.

It's the same old story. In the good old days Big Spring folks thought they did not have to put up a fight to hold their own because we had the railroad shop. These same folks are now singing a similar tune; everything must come our way because we have the oil. Oil companies locate their offices and headquarters where they can secure accommodations, and oil field workers can make out in oil towns right in the field. It's up to Big Spring right now to get busy. If we are too chinchy to provide office buildings and needed residences, some wide-awake burg will have the situation sewed up before we know what has happened.

THINGS WE NEED

There are a few things our city is very much in need of and we should be making a move to secure same while the time is ripe.

We want to see Big Spring move forward don't we? Progress will be speeded up if we do our part.

Here are the projects we should be working on:

A large and modern office building.

A number of fireproof apartment buildings.

One hundred or more homes.

The establishment of an oil refinery at Big Spring.

Hard-surfacing the Glacier to Gulf highway across the county from northwest to southeast.

A municipal owned airplane landing field.

We can insure the completion of every project within the year if we will get busy now and keep our shoulder to the wheel.

Just sitting back and wishing for capitalists from other cities to come and build these improvements for us will not get us anywhere. There is ample capital right here at home to secure the greater part of the improvements suggested.

Never did any city have the opportunity to make a real growth that Big Spring now has. But we must come alive or this opportunity is going to be snapped up by a city with a citizenship which can look into the future, and a citizenship which is not afraid to help their city by investing some of the money in improvements needed to make their city grow.

We wonder if Big Spring is going to get up and do some real city building or if they are going to be found asleep at the switch.

They continue to come nearer and nearer to Big Spring with their test wells so it may not be long before we ascertain whether or not Big Spring is located right over a big oil pool. Quite a few geologists hold to this theory.

It looks as though we might interest some capitalists in erecting some modern, fireproof apartment buildings in Big Spring. Surely these would prove mighty good investments. They would pay now and later, for the old town is certain to move ahead.

Oil workers from the Louisiana oil fields claim that geologists who have visited Howard County state that the big oil is going to be found north of the T. & P. Ry. in our county. Let's hope they are right since we have a clench on oil being found south of the track.

Loose talk does more harm than does most of our bad habits. We hear something on one of our citizens, and without bothering to ascertain whether or not it is the truth we pass the tale along, after adding an unnecessary frill or two; and the victim classes us as one of his friends.

Just suppose one or two oil companies agreed to move their headquarters to Big Spring provided they could secure office space, can you tell us where they could secure suitable offices? Talk about unpreparedness; well we must take a tumble to ourselves and provide accommodations before we invite more folks here.

A. M. Runyan states that the prophesy of an old Pennsylvania oil man made away back in 1886 is now coming to pass. This old fellow on his way West on a prospecting trip told Mr. Runyan and others that some day a big oil field was going to be developed here as all surface outcroppings indicated an oil field.

Those of our citizens who are most able to build houses and apartments cannot be interested in the proposition it seems. If ten or more of them could be persuaded to join together and let a contract for ten residences—to be rented or sold, as they decided—they could make good money on their investment and help Big Spring.

The slump in the price of crude oil has given Big Spring her big opportunity to make needed preparation to care for the big oil development we all know is coming. We will be prepared to offer vastly increased hotel facilities this fall; but how about office buildings, rent houses, apartments, etc? We are overlooking a big bet if we fail to provide adequate accommodations for oil companies, oil workers and the other firms and people who will naturally flock here as a result of the oil development. It will be too late to attempt to meet the needs after the rush starts; now is the time to prepare.

for Economical Transportation

because of
Dependability, Fine Appearance and Economy — now the world's most Popular Gear-Shift Truck

In every section of the country Chevrolet Truck sales are breaking all previous records—definitely establishing Chevrolet as the world's most popular gear-shift commercial car.

This decisive preference for Chevrolet is based on a matchless combination of dependability, economy, and fine appearance—plus the public's confidence in a product of General Motors.

Chevrolet dependability under every condition of usage has long been traditional; yet recent improvements in the powerful Chevrolet valve-in-head motor—improvements typified by a new AC

air cleaner and AC oil filter—have made Chevrolet Trucks even more dependable, with even longer life, greater operating economy and more satisfactory performance.

With a cab inclosure that matches passenger car design in comfort and beauty—with sweeping crown fenders and bullet-type headlamps—the Chevrolet Truck is one of the handsomest haulage units on the streets and highways.

If you use trucks in your business—come in! Learn for yourself why Chevrolet performance has proved so satisfactory for every type of user—from the single truck operator to the largest fleet owner!

QUEER THINGS THAT HAPPEN

One of the queer things that happen in the Panhandle is that over 600 cars of threshed sorghum grains are shipped from Amarillo each year to the famed egg producers of Petaluma Valley in California, who, in turn, ship back to Amarillo each year over 60 cars of eggs. Good business for the freight handlers, but isn't it poor business for the farmers? If the Petaluma farmers can make money that way (and they do), could not poultry farmers who have the grains grown at their doors make at least an equal profit?

There is neither cause for rhyme nor basis for reason in the too-general practice in the sorghum-growing belt of shipping head or threshed sorghum grains out of the belt except in the form of eggs, poultry, cream, butter or meat animals. And if the vast tonnage of such grains were used in producing meat animals for Texas consumption there would be a great decrease in the shipment into Texas of meats now killed in other states, but fattened on Texas-grown feeds. The public feels very kindly toward the railroads, as does this paper, but the entire logic of economy is opposed to the wasteful process now ruling in the Southwest in producing the food we eat and the clothing we wear.—Childress Post.

THE FARMER TO COME BACK

In 1928, farmers will be on a better basis than in the past two years, state treasurer W. Gregory Hatcher predicts.

He might go further and say that this year the farmers of Texas will be better off than last year. That is, all who have not had to go more deeply into debt than they already were.

Farmers who did not have to meet installment payments this year on land purchases, or did not have hanging over them heavy borrowings to finance the 1926 crop, pulled through with the low price of cotton. They may have made little or no profit, but were not greatly distressed. Many who were burdened with debt have been reduced to almost desperate straits.

From now on, farmers who have become convinced they were hiring too much labor on borrowed money, will put in more time in the field themselves. Their time and labor will be profitably invested. Reduction of advances on the crop is one of the surest ways to have money when the crop is sold in the fall.

The merchant who opens his own store and works alongside his clerks all day is more apt to succeed than his competitor, who comes down town at 10 o'clock and spends the afternoon at the country club. The farmer who is on his job early and late is also more apt to succeed than his neighbor, who spends most of the day racing up and down the roads in a flivver and imagining he is busy.—El Paso Herald.

POOL-REED CO. INSTALLS REFRIGERATING PLANT

A 2-ton York refrigerating plant has recently been installed at the Pool-Reed Grocery and Market on Main street, and the plant is already in use. In realization of the fact that Big Spring and Howard County are growing, and to be in a better position to serve the old and new customers and take care of the in- creased patronage that they are en- joying this popular firm, the oldest grocery concern in Big Spring install- ed this refrigerating plant. They find that this is the most profitable means of preserving the fresh fruits and vegetables that are perishable, especially during the summer months.

It was for the customer that this modern plant was installed and each one can always be assured that the vegetables and fruits that they buy from Pool-Reed as well as the meat will be of highest quality, fresh and palatable. They will be kept in this big icing plant, which will be kept in constant operation.

SENIOR EXAM WEEK

The Seniors of the Big Spring High school are taking their final examina- tions this week. Many were exempt in one or more subjects and several Seniors were exempt in all of their subjects. These have nothing to fear but some few who are on the border line between passing and failing have something to make them feel rather quaky about. It becomes a pretty serious matter when one realizes that a certain grade must be made or no diploma will be received. Regrets then are in order.

The under classmen will take their final examinations next week, begin- ning Monday morning.

F. M. DaShiell returned Thursday morning from Dallas where he had been to receive medical treatment for a dog bite.

MRS. STEPHEN CORCORAN DEAD

Many hearts were saddened at the death of Florence Cornelia Corcoran, wife of Stephen Corcoran, who was claimed by death at the family home about seven o'clock Tuesday evening, following a week's illness. The infant babe of Mr. and Mrs. Corcoran was claimed by death Tues- day morning, and mother and babe were laid to rest together. Funeral services were held at St. Mary's Episcopal Church at 3 o'clock Thurs- day afternoon by Rev. Frank H. Siedman, rector, and the remains were interred in the Catholic ceme- tery.

Deceased is the daughter of Mr. and Mrs. Sam H. Van Gelder of this city, and she has made her home in Big Spring since childhood. She was born in New York City, on June 27, 1907. She attended school in Big Spring and was loved by her school mates and teachers. Of friendly nature, quiet and retiring and a sweet disposition won her many friends both young and old. It seems saddest when one so young is taken from the earth, but God in His wisdom knows best. Funeral services were held on the wedding anni- versary of this couple, as they were married on the 25 day of May last year.

Surviving, her devoted husband, Stephen Corcoran; her parents, Mr. and Mrs. Sam Van Gelder; and other relatives in this city. Out of town relatives here to attend the funeral were Mrs. Corcoran of Kansas City, Mr. and Mrs. John Corcoran of Toyah.

Deepest sympathy is extended to the bereaved ones in the loss of this loved one.

REV. R. L. OWEN WILL PREACH AT FAIRVIEW CHURCH SUNDAY

Rev. R. L. Owen, pastor of the First Presbyterian Church will fill his regular appointment at Fairview in Glasscock County Sunday afternoon at 3 o'clock. Everyone is invited to these services.

NOTICE IN PROBATE

THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly publish- ed for a period of not less than one year in said Howard County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of Eliza Currie, deceased, Catherine Currie has filed an applica- tion in the County Court of How- ard County, on the 10th day of May 1927, for order probating the Last Will and Testament of said Eliza Currie, deceased, and for Letters Testamentary, which said application will be heard by said Court on the 6th day of June 1927, at the Court House of said County, in Big Spring, Texas, at which time all persons in- terested in said estate are required to appear and answer said applica- tion, should they desire to do so.

Herein fail not, but have you be- fore said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Big Spring, Texas, this 10th day of May, 1927.

(S) J. L. PRICHARD, Clerk. County Court, Howard County, Texas.

GOOSEBONE MAN SAYS BIG RAIN COMING

J. B. Harding was persuaded by his friends to forget only a few min- utes so he could study his weather chart and give the folks the correct dope on the coming of rain. After gazing on his chart a brief time J. B. reports everything looking lovely. He says you can put it down that we are going to have plenty of rain here before the close of this month. He warns folks to keep their ducks near shelter for the big rains are likely to start quite soon.

Elbert Hubbard said: "Advertis- ing is the education of the public as to what you are, where you are, and what you have to offer in the way of skill, talent, or commodity. The only man who should not advertise is the one who has nothing to offer the world in the way of commodity or service."

NO LEFT TURN STREET SIGNS

The city has installed attractive street signs at the intersections of Main and Second, and at Main and Third streets to warn drivers of automobiles and other vehicles to drive carefully and to inform them that no left turns are permitted at these two street intersections. The no left turn ordinance at these two busy corners was passed in an effort to prevent accidents and if our folks will conform to the ruling it will be a hardship on no one and prove a safeguard to all automobile drivers and pedestrians in those zones.

The J. R. Joyce and Son cotton gin at Snyder was destroyed by fire last Saturday. The value of the gin was \$25,000; only \$12,000 insurance was carried. Origin of the fire unknown.

"UNCLE BILL" FISHER TAKEN FOR AUTO RIDE SUNDAY

"Uncle Bill" Fisher who has been confined to his bed the past few weeks was able to be up Sunday and enjoyed an automobile ride both Sunday morning and Sunday evening. It won't be long now until Uncle Bill will be able to be out on the street again and his familiar face and friendly smile have been missed by his friends who are wishing for him a speedy recovery.

Boons Holmes, prominent druggist of Baird spent Wednesday on a visit with relatives in Big Spring. Mr. Holmes formerly resided in Big Spring and was kept busy greeting old time friends.

"Betty's Last Bet," was a winner. See it at the R. and R. Lyric theater next Thursday, May 26. Senior class play.

B. S. H. S. BASEBALL TEAM MAY BE STATE WINNERS

The baseball team of the Big Spring High school is already the district champions and it has a good chance of being state winners. Only three high schools in the state are left in the race namely: Big Spring, Waxahachie and Rotan, and these winning teams are arranging for matched games to determine the state winners. Waxahachie and Rotan have a game on schedule to be played this week end, and at the end of the games one of these teams will be eliminated, leaving the honor open to Big Spring and the one other winning team. Big Spring will try and get a match game with the winners before the close of school and it will be thrashed out, which high school team is state champions.

The Big Spring High school baseball team has been active the past season having played more matched games it is believed than ever before. At least one game has been played each week since the season opened and sometimes two or three games have been played. Big Spring has been the winner in every game with the exception of one. Midland defeated our boys in a game played in Midland on April 15. This record has given the Big Spring High school its place as district champions.

We are looking with interest for the date of the matched game to be played between the district champions and have high hopes for the Big Spring nine to be declared state champions.

ROXANA BUYS WINKLER WELL

Roxana Petroleum Corporation has made a tentative trade with the Llano Oil Co. for the acquisition of a 50 per cent interest in the well and acreage of the Llano Oil Company around its north Winkler wildcat, now showing oil at the neighborhood of 3000 feet, according to seemingly well-founded reports in local oil circles.

While no information on consideration involved has been obtained, it is believed to involve a stiff sum.

The arrangement will mean the pooling of acreage of the two companies and future operation of the properties under Roxana direction, according to the reports. — Fort Worth Star-Telegram.

GEAR-SHIFT FORD ON JULY 1

Detroit, May 18.—Production on a new four-cylinder gearshift Ford automobile will be started July 1, the Detroit city council was informed Wednesday by police authorities who are negotiating the purchase of an order of Ford cars.

The Model T Ford will be discontinued before June 1, according to Theodore Kolbe, secretary of the police department, who sought approval of the purchase of 111 cars if the city intends to buy more

cars of the present model, the order must be placed within two weeks, Kolbe told the council.

Officials of the Ford organization refused to deny or confirm the report.

FORGET IT

The backward look is dangerous and seldom helps. Forget yesterday except to profit from its mistakes. The man who makes mistakes is always with us. It is the one who makes the same break twice who deserves the boot. Get your mind on the goal and you will not waste time worrying about what might have been. Keep your eye on the mark and the noise of competition and opposition will not worry you. Most people fail because they let their minds dwell too much on the past. "Let your eyes look right on."—The Battery Man.

Matchmaker Faust is unable to announce his card for Monday night, May 23. He is trying to secure Gus Anderson one of the roughest and toughest boys on the mat for Billy London. He had Busandi Singh, the only Hindu wrestler, but the Hindu wired Thursday that he was unable to fulfill his engagement before the 30th. The regular Monday night's match will be held at the skating rink and Faust will send London against Gus Anderson, Joe Kopecky, the Taylor, Texas, wizard, who substituted for Gus Anderson on the 7th and was knocked out with a body slam. Two four-round boxing exhibitions between local boys will be held in addition to a bludgeoned battle royal between local Mexican boys. Faust states this will be one of his feature cards. Lots of good clean sport is assured the fans.

Strike while the iron is hot. Men fail because they are not ready for or equal to the opportunity when it comes. We are many of us dawdlers who let circumstances lead us instead of seizing them and using them to our certain advantage. "Because to every purpose there is time and judgment, therefore the misery of man is great upon him." We don't like to be held down by laws. We are all inclined more or less to drift and when we land upon some sand bar or go to pieces in the rapids we call heaven to pity our bad luck. Get into the way of pushing fate and don't let fate push you. Don't get out of kilter. Use the laws of nature and society to advance your interests not to hold you down. Link yourself to those laws and no power on earth or below it can stay your course. Set yourself against them and there is nothing but chaos ahead of you.—The Battery Man.

amendment of Sections 6, and 7 of Article V of the Constitution of Texas for providing a more efficient system.

That Sections 2, 3, 4, and 5 of Article V of the Constitution of Texas, be amended to read as follows: (of Article V): The Supreme Court shall consist of a Chief Justice and four Associate Justices whom shall constitute a quorum. No person shall be elected or appointed to the office of Chief Justice or Associate Justice unless he be, at the time of his election or appointment, a citizen of the United States and of the State of Texas, and shall have been a practicing lawyer for at least ten years, and during that time, he shall have been a member of a court of record, or a judge of a court of record, or a practicing lawyer, or a member of the bar of the State, at the time of his election or appointment. The Governor shall appoint six additional Justices of the Supreme Court, who shall hold office for six years, or until their successors are elected. The Governor shall appoint six additional Justices of the Supreme Court, who shall hold office for six years, or until their successors are elected. The Governor shall appoint six additional Justices of the Supreme Court, who shall hold office for six years, or until their successors are elected.

may be necessary to the exercise of its jurisdiction. Said Court shall be open at all times and shall sit at the State Capital for the transaction of business at such times as may be designated by it. Said Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he shall hold his office for four years, unless sooner removed by the Court for good cause entered of record on the minutes of said Court, and said Clerk shall receive such compensation as may be prescribed by law.

Section 6 (of Article V): The Legislature shall, from time to time, divide the State into such number of Supreme Judicial Districts as to it may seem necessary, not exceeding twelve at any one time, and shall have the power to re-district the State at any time, and shall establish a Court of Civil Appeals in each of said Districts, which Court shall consist of a Chief Justice and not less than two Associate Justices as the Legislature may provide, who shall have the qualifications as herein prescribed for Justices of the Supreme Court, provided that the aggregate number of Judges of all of the Courts of Civil Appeals shall never at one time exceed thirty-six. Each of the existing Courts of Civil Appeals shall continue until otherwise provided by law. The Courts of Civil Appeals shall have appellate jurisdiction co-extensive with the limits of their respective districts, which shall extend to all civil cases of which the District Courts or County Courts have original or appellate jurisdiction, under such restrictions and regulations as may be prescribed by law; provided, that the decisions of said Courts shall be conclusive on all questions of fact brought before them on appeal or error. Said Courts of Civil Appeals shall hold their sessions at such places as may be designated by the Legislature and at such times as may be prescribed by law. Said Justices shall be elected by the qualified voters of their respective Districts, at a general election, for a term of six years, and shall receive such compensation as may be provided by law. Said Courts shall have such other jurisdiction, original and appellate, as may be prescribed by law. Each Court of Civil Appeals shall appoint a Clerk in the same manner as the Clerk of the Supreme Court, which Clerk shall receive such compensation as may be fixed by law. The Justices of the Courts of Civil Appeals who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Section 7 (of Article V): The State shall be divided into as many Judicial Districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, a Judge, who shall be a citizen of the United States and of this State, who shall have been a licensed lawyer for four years next preceding his election, and during that time shall have been a practicing lawyer or Judge of a Court of record or such practicing lawyer and Judge together, who shall have resided in the District in which he was elected for two years next preceding his election, who shall reside in his District during his term of office, who shall hold his office for the term of four years, and shall receive for his services such compensation as may be prescribed by law. He shall hold the regular terms of his Court at the County seat of each County in his district at least twice in each year, in such manner as may be prescribed by law. The Legislature shall have power, by general or special laws, to authorize the holding of special terms of the court or the holding of more than two terms in any County for the dispatch of justice. The Legislature shall also provide for the holding of District Court when the Judge thereof is absent or is, from any cause, disabled or disqualified from presiding. The Supreme Court or the Chief Justice thereof may assign any District Judge to any District in the State other than that for which he was elected, with all the powers of a resident District Judge of the District to which he is assigned, under such regulations as may be prescribed by the Legislature, or by the Supreme Court in the absence of such regulations enacted by the Legislature. The District Judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Sec. 2: Said proposed amendment shall be submitted to a vote of the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with a pen or pencil the following words printed thereon:

"For the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

Sec. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Sec. 4: The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

Approved March 29, 1927. (A Correct Copy) 32-4t JANE Y. McCALLUM, Secretary of State.

error shall issue his proclamation as required by law.

Sec. 4: The sum of twelve thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

Approved March 10, 1927. (A Correct Copy) 32-4t JANE Y. McCALLUM, Secretary of State.

JOINT RESOLUTION

S. J. R. No. 33, Proposing an amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by inserting therein a new section to be numbered Section 30a, which shall read as follows: Section 30a. All provisions of the present Constitution of Texas fixing or limiting the amount of salary or compensation of officers and members of the Legislature are hereby repealed and hereafter said officers and members of the Legislature shall receive such salary or compensation and expenses as now provided otherwise provided by law. The salary of the Governor shall be Ten Thousand Dollars (\$10,000.00) per year, and no more, payable monthly, and he shall have the occupancy and use of the Governor's mansion, fixtures and furniture.

The salary or compensation of any member of the Legislature shall not exceed fifteen hundred dollars per year, and actual traveling expenses from the place of residence to the capitol and returning for each session of the Legislature, as shall hereafter be provided by law; and provided that no change of salary or compensation from that now provided by the Constitution shall become effective until the first day of January following the first general election held after adoption of this amendment.

Sec. 2: Said proposed amendment shall be submitted to a vote of the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Monday in August, A. D. 1927, at which each voter opposing said amendment shall scratch off of the ballot with a pen or pencil the following words printed thereon:

"For the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

Sec. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Sec. 4: The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for publication of the proclamation calling said election and any expense of the State in submitting said amendment and holding said election.

Approved March 29, 1927. (A Correct Copy) 32-4t JANE Y. McCALLUM, Secretary of State.

H. J. R. No. 25, Proposing an amendment to the Constitution of the State of Texas amending Article VIII by the insertion of Section 1-a therein, authorizing the Legislature to provide for the separation of the objects of taxation for State purposes and for the support of the counties, districts and political subdivisions of the State and Counties, and authorizing the Legislature to provide for the levy of an ad valorem tax or other form of tax for State purposes only, and for local purposes, only; authorizing the Legislature to provide for the classification of objects of taxation and providing that rates shall be equal on the same class of property, and fixing limitations upon taxation.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article 8 of the Constitution of the State of Texas be amended by inserting therein Section 1-a, as follows: Section 1-a. The Legislature may separate the objects of taxation for State purposes from the objects of taxation for the support of the counties, districts and political subdivisions of the State and counties;

and may provide for the levy of an ad valorem tax, or other form of tax, on certain classes of taxable property, or other objects, for State purposes only (including school purposes); or upon certain classes of property, or other objects, for county or local purposes only (including school purposes). In no event shall the rate of such taxes exceed the sum of the limits of such taxes fixed by this Constitution for State, county and other local purposes. The Legislature may provide for the classification of objects of taxation. Taxation shall be equal and uniform.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held the first Monday in August, A. D. 1927, at which all ballots shall have printed thereon the following:

"For the amendment to Article 8, inserting Section 1-a, providing for changing the taxation system so that the State may derive its income, in whole or in part, from other sources than the ad valorem tax."

"Against the amendment to Article 8, inserting Section 1-a, providing for changing the taxation system so that the State may derive its income, in whole or in part, from other sources than the ad valorem tax."

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendment set forth herein shall be adopted, and to have the same published as required by the Constitution and laws of this State. And the sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

Approved March 11, 1927. (A Correct Copy) 32-4t JANE Y. McCALLUM, Secretary of State.

H. J. R. No. 32, Proposing an amendment to the Constitution of the State of Texas by adding thereto Section 60, Article 16 so as to provide that the Legislature may fix the compensation of certain county officers by salaries in lieu of fees, commissions and other prerequisites; providing for an election and making appropriation to pay expenses.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That the Constitution of the State of Texas be amended by adding thereto another section to be known as Section 60, Article 16, to read as follows, to-wit:

Section 60. The Legislature may provide compensation for certain district and county officers, to-wit: The District Attorney, County Judge, County Attorney, Sheriff, County Clerk, District Clerk, County Tax Assessor and County Tax Collector, by prescribing their duties, and fixing salaries in lieu of fees, commissions and other perquisites as now provided by the Constitution.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Monday in August, A. D. 1927, at which all ballots shall have printed thereon "For amendment to the Constitution of the State of Texas giving the Legislature power to provide compensation for the District Attorney and county officers through salaries in lieu of fees, and commissions and perquisites as now prescribed by the Constitution," and "Against amendment to the Constitution of the State of Texas giving the Legislature power to provide compensation for the District Attorney and county officers through salaries in lieu of fees, commissions and perquisites as now prescribed by the Constitution," leaving the one expressing his vote on the proposed amendment.

Sec. 3. There is hereby appropriated out of any money on hand in the State Treasury not otherwise appropriated the sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary to defray the expenses of the holding of this election, including the expenses of printing notices and advertisements.

Sec. 4. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Approved March 25, 1927. (A Correct Copy) 32-4t JANE Y. McCALLUM, Secretary of State.

No. 361 In re: Guardianship of WILLIE LEVI ROBINSON, et als, Minors In the County Court of Howard County, Texas, April Term, A. D. 1927.

Notice by Guardian of Application to Make Mineral Lease

Notice is hereby given that I, Mrs. Harriett Robinson, Guardian of the estates of Willie Levi Robinson, Christina A. Robinson, Elizabeth Robinson, Maudie Robinson and Beaulie Pauline Robinson, minors, have this day filed my application in the above entitled and numbered cause for an order of the County Judge of Howard County, Texas, authorizing me as the guardian of the estates of said wards to make mineral lease upon such terms as the court may order and direct, of the following described real estate belonging to the estates of said wards, to-wit:

Fifty acres of land, same being tract five (5), as shown on the surveyor's plat filed for record and recorded at page 646, Volume 49 of the Deed Records of Howard County, Texas, and being a part of Section Forty-Eight (48), Block Thirty Two (32), Township One North, T. & P. Ry. Co. Survey, Howard County, Texas, said application will be heard by the county judge at the courthouse in the City of Big Spring, Texas, on the 14th day of May, A. D. 1927.

Mrs. Harriett E. Robinson, Guardian of the Estates of Willie Levi Robinson, et als, Minors.

NETTLETON SHOES

There's a saying among the leather tanners when they have an outstandingly fine batch of hides—"Nettleton will take those." And we usually do!

Suffered weak, nervous

"I WAS in a very weakened, run-down condition, surely in need of a tonic and builder," says Mrs. J. R. Wrenn, of Azma, Texas. "I was so weak I had to go to bed, and kept getting weaker."

"I suffered with my back so much. I was very nervous, couldn't rest good at night. I couldn't eat anything—I just wasn't hungry."

"I had read so much of Cardui, I thought best to use it. I took seven or eight bottles, and by the time I had taken them I was stronger than I had been in several years. I can highly recommend Cardui."

Thousands of other women have found that the tonic effects of the purely vegetable ingredients of Cardui were just what they needed to help restore their appetites, to help bring them easily and naturally back to normal health and strength. Its action has been found to be of great benefit in many common female ailments.

NOTICE IN PROBATE

THE STATE OF TEXAS
To the Sheriff or any Constable of

Howard County, Greeting:
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Howard County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of John E. Mitchell, deceased, Mrs. Lizzie A. Mitchell has filed an application in the County Court of Howard County on the 18th day of May A. D. 1927, for purpose of having the Will of John E. Mitchell, deceased, admitted for probate and of having Letters Testamentary issue to her, which said application will be heard by said Court on the 6th day of June A. D. 1927, at the Court House of said County, in Big Spring, Texas at which time all persons who are interested in said estate of John E. Mitchell, deceased, are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Big Spring, Texas, this 18th day of May A. D. 1927. (S)

J. I. PRICHARD, Clerk,
County Court, Howard Co., Texas.
(35-11.)

Mrs. J. B. Thomas of Dallas arrived Tuesday morning to be with Mr. Thomas who was in the local hospital with a broken leg and other injuries received in an aeroplane accident near Odessa Monday afternoon.

Mrs. Cora Hill arrived this week from Fort Worth for a visit with her parents, Mr. and Mrs. T. H. Johnson and friends in this city.

FOUND STATIONERY... BETTER AND CHEAPER... CUNNINGHAM & PHILIPS.

SQUARE DEAL FOR EVERYBODY

According to press reports, the new Highway Commission will brook no interference by politicians. In times past, when secret sessions of the commission were not the exception, an influential State senator or representative is said to have had more to do with securing appropriations for highway work than the county judge or the members of his court. It seems to be different now. At a recent meeting of the commission it was plainly stated that all sessions would be open to the public and that every suggestion and proposal would be considered on merit alone.

According to Cone Johnson, of the commission, the influential senator will be given no more consideration than any other citizen, and that engineers and other workers will be employed strictly on merit. The commission, according to Mr. Johnson, is determined to construct highways of lasting qualities and to quit wasting the people's money in cheap roads which either cost an immense sum to keep in repair or wear out within a period of a few months.

It certainly will be refreshing to see an effort made to give the people a dollar's worth of road for a dollar in tax money. If this commission succeeds in even approaching its ideal, each member will be due a vote of thanks as well as have either monuments erected to their memory or some of the leading highways named for them. Texas has spent enough money on highways to have every major road constructed on a twelve-inch foundation. As it is, the traveler will ride over thirty miles of good road and then have an equal distance of mud or ruts.

If every department of our Government would get down to a business basis even if necessary to entirely reorganize, there would be no excuse to go scouting around trying to discover some new source of revenue in order to keep the schoolhouse doors open.—Farm and Ranch.

Don't Be Embarrassed By Skin Diseases

Use Blue Star Soap to clean the affected parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germs, stops the itching at once, and restores most cases to a healthy condition. Humble Wage Earners Too Often Forgotten

Our rich men are becoming more generous. The total donated to "foundations," etc.—mostly of business men—is computed at \$3,500,000,000. Modern generosity takes many forms. It is particularly gratifying to note a growing tendency to do kindly things for workers. Many wills of employers now make liberal bequests to employees, especially those of long service. Living employers, also, are devoting more of their means than formerly for the benefit of those who have helped them to make their fortunes, Forbes Magazine tells us.

One cannot but note, however, that very rarely is anything done for those who toil in factories, foundries, mines and suchlike places. Far more is done for collar-and-cuff workers than for those who expend body and brawn. Perhaps one reason for this is that those paid by the hour or by the piece or by the day, usually insist upon extra pay for extra work, whereas office workers and the like make no such demands. Even so, it is extremely desirable that generosity be extended to all classes of wage earners.

British Museum Has World's Biggest Book

While the smallest books in the world, the Bijou and London Almanack—some of which could be covered by a postage stamp—were being sold at Sotheby's, in London, the world's biggest book was being inquired for at the British museum.

This is a huge tome 5 feet 10 inches high by 3 feet 2 inches across. It was wheeled out on a truck.

The book is a volume of maps presented to Charles II by merchants at Amsterdam in 1660.

The binding is a masterpiece of morocco, four skins being used for each panel. It is decorated in gold figures of harps, roses and crowns, and huge brass bosses and clasps are clamped on.

The book, which is kept locked, has a special position in the King Edward library.

Boone Gravestones Saved

Daniel Boone's parents died before their son had come into prominence. His father, Squire Boone, died in 1765 and his mother in 1777. They were buried in the Joppa graveyard, near Mocksville, N. C., and two small stones were erected to mark the graves.

Almost a century passed before the accomplishments of Daniel Boone brought about a historic interest in the graves. Then visitors began to chip off little pieces of the gravestones as souvenirs. Fearing the stones would be destroyed, residents had them taken to a Mocksville bank and placed in safekeeping. There they remained until the Boone Trail Highway association had them returned to the graveyard and set into solid concrete beyond the reach of the casual vandal.—Kansas City Times.

Shetland Shawls

A Shetland woman tells how the lovely Shetland shawls are made. She says: "We do not knit the shawls from the middle outward; we knit a lace the required length, each quarter by itself, and pick up the stitches along the straight edge; the number differs according to the size of the shawl required; these we take in at each end of the middle, to form the corner of the shawl, as we proceed. Last of all, we make a square for the middle; put a quarter to each side with needle and yarn (wool), much in the same way as you graft the toe of a stocking. Then we sew up the corners, and the shawl is finished."

Star Not Supernatural

According to Kepler the "Star of Bethlehem" was probably a conjunction of Jupiter and Saturn in the constellation Pisces, the two planets being so close as to seem like a single star. This conjunction is recorded as having occurred about 7 B. C., and might possibly coincide with the birth of Christ. Another theory is that the Star of Bethlehem was a recurrent star, the last appearance of which was in 1572, when it appeared in Cassiopeia. This star is reported to appear about every 350 years. A third theory is that the star was Venus, which varies in brightness, but is the brightest of all known stars.

Alphabetical Lore

The Romans took their alphabet of 23 letters into Britain, as they had already taken it into Gaul and other conquered countries, and it was adopted later by the Anglo-Saxons. To the Anglo-Saxon alphabet, however, three new letters were added. Two of these were runic letters and represent as nearly as possible the sounds of "th" and "ph." Later the influence of the Normans caused these to be discarded, and the three additional letters of our alphabet are quite different. They are "j," "u," and "w."

Their Choice

In a recent intelligence test given in a high school there was this sentence: "A mother is — than her daughter." Underneath were the words, "wiser, taller, older," and the pupil was supposed to fill in the blank in the sentence with the most appropriate of the words. Did they do it? Fully half the class ignored the given words altogether and filled in the sentence to read: "A mother is more wrinkled than her daughter."—Springfield Union.

Gifts for Graduates

Another milestone has been reached in the life of each boy and girl who receives a diploma from the Big Spring High at close of this year's work. Show them that you are pleased their success by remembering this auspicious time with a dainty gift. Let us suggest:

SILK NIGHTGOWNS

Ideal gifts that will fit in every girl's wardrobe — small and large sizes.

SILK HOSE

All the new shades in silk, reinforced heel and toe. A gift that is sure to please.

We have any number of novelties in stock that will very likely suit the taste of the one you wish to remember. Beads, bracelets, hair ornaments, corsages, and many others that all girls like.

HANKIES

A timely gift for both boys and girls. Something that they can use every day. We have a pretty assortment.

HOSIERY

Boys appreciate hose, because that is one thing they never have enough of. We offer you the latest designs in quality silk.

—AND THEN

WATCH BIG SPRING

A good, big gully washer thru-out this section would certainly put a multitude of long faces on the blink. The barbers say they certainly earn their money when it comes to shaving men under the present depression.

Ranger Cummings was dismissed from the ranger force by Governor Moody for his establishment of a censorship on a newspaper at Borger. He held that respect for the legal rights of others cannot be maintained if an official may, with impunity, substitute force for law at his pleasure.

The Supreme Court has held that bootleggers and others with incomes from unlawful business must file income tax returns. The bootleggers et al no doubt will get a good kick out of this. What's a violation of the income tax regulation in comparison to the violation of the prohibition and other laws.

Looks like we are going to be compelled to send a tracer after that rain we ordered many weeks ago. A good, soaking rain would be about the finest thing we know of. We have not given up hope and believe the needed rain will arrive before the end of this month.

Quite a few folks are saying it with fines because they fail or refuse to obey traffic regulations in our city. Signs, stop lights and other devices have been installed to warn and persuade folks to heed but it seems they won't take notice until hauled up and made to pay a fine.

A number of independent operators are now in the Big Spring territory seeking blocks of acreage on which to drill test wells. They are not insisting on large tracts as formerly. Nor are they as particular as to locality, so it is evident they believe oil will be found in most every part of Howard County.

MOTION PICTURE THEATRE

TO OPEN AT... A motion picture theatre about 40x100 feet, has been completed at Otisbark and will start operations just as the Texas Electric Power Company tends their electric line to the theater. The proprietors of the theater at Sterling City, will open the theater.

DAILY VACATION

AT PRESBYTERIAN... A daily vacation school will begin at the First Presbyterian Church in this city on May 13, to continue two weeks. A corps of teachers, under the direction of Mrs. T. F. Phillips, has been selected to conduct the school. All the children are welcome. Tuition free.

Poison... Cunningham & Phillips.
