Blanch explained the Fair Share

The Motley County ISD Board of 1 or SJR 1) plan that is being pushed by Trustees met November 11 for regular Governor Ann Richards, Bob Bullock business. business.

After regular business the Board discussed and acted on the following agenda:

* Approved the Textbook Committee for 1992-93, Renee Atkinson, Karen Davis, Denise Gastineau, Kathy Gillespie, Kay Graves, Robert Guinn, Dwain Milan, Barbara Parks, Syd Pipkin, Pam Thacker, Carol Ann Turner, Dick Van Hoose, George Blanch, Superintendent.

* Board heard and read three bids on service of the state of t ones. This bill is disguised by stating it is involving the Teacher Retirement System. The Senate passed this bill 29-2, sending the bill to the House where the House-Senate Committee will work out the final differences. the final differences.

If the House of Representatives passes this bill it will go before the public to be voted on. Blanch explained the larger cities will benefit from this bill so they will naturally vote for it. This will close smaller, poorer schools and/or drive up land taxes for the schools to operate.

Era Ends for Motley County Business

An era ended for longtime Motley
County Business, Stanley Pharmacy,
when the Soda Fountain closed on Friday
front is covered with white milk glass.

Every Saturday night, everyone in the afternoon, after being a part of Motley County history since 1945. Due to economic reasons, James

Stanley, owner and operator, has found it necessary to close the fountain , along with the gift shop. The Pharmacy is still open for business, along with a self-serve

The following article was written by Michelle Bearden, a former employee of the Motley County Tribune. It was first printed in the Tribune a few years ago, and is a look at the soda fountain's

NOSTALGIC SODA FOUNTAIN HAS SWEET MEMORIES

Few and far between, these days, are the old-fasioned soda fountains such as the one at Stanley Pharmacy in Matador, Texas. Its history has been long and has suffered few of the head-spinning changes so prevalent in modern society.

so prevaient in modern society.

In the mid-1920's, an early day druggist, Doc Craven established his City Drug Store in a downtown building between the Rance-Moore Grocery and the Willett Dry Goods (now the south side of Guys and Gals Department Store).

Within a few months, Craven recognized that, a soda fountain would consider the control of the

nized that a soda fountain would con-ceivably bring in more business. The splendid soda fountain he added to the store had a back bar that is 15 ft. long providing an improsing fixture to the budding business' interior. Stained glass doors originally graced each side of the

One of the business' first employees, One of the business' first employees, Clinton Hobbs, began working at the City Drug Store in 1926. "The Dust Bowi Days were really pretty good days," Hobbs chuckled ironically. There were three doctors in Matador then and they kept us busy. Customers would honk outside and we'd run out, get their orders and then carry their drinks to them." Their fountain drinks were exotic concoctions such as Coca-Cola for 5¢, malts for 20¢, milkshakes were 15¢, or you could splurge on a luscious Banana Split for 35¢. All flavors of ice cream with two scoops cost flavors of ice cream with two scoops cost

all of a nickle.

While people drank coffee at home they seldom wanted it when they came to town' consequently coffee was not on the

menu.

In 1936 the City Drug was moved into
the old National Bank Building and, naturally the Soda fountain was moved, too.
The booming business kept 4-5 employees hopping, all who were young and energetic. They worked long hours for an average wage of \$15 per week. Ethel Payne of Matador remembers working every other Sunday afternoon and every night until 10 p.m. and sometimes until 1

One of Mrs. Payne's most poignant memories centers around the severe scar-city of perfume or cologne during WWII. The drug store had only one bottle of cologne left and one day, to Ethel's hor-ror, it slipped from her hands and shat-

over by several ladies.

Every Saturday night, everyone in the area who was able made a beeline to area who was able made a beeline to town. They sat in their cars or strolled up and down the street visiting friends -often sampling the wares of the City Drug Soda Fountain. The cowboys would come in off the ranch, head for the public baths to clean up and then trooped into the drug store on Saturday nights to order cokes and shakes.

Bob Stanley purchased the City Drug in 1945 and moved it to its present loca-tion in 1952. Stanley, too, felt the old soda fountain was worth moving. He later added new stools and a formica top to the counter. Stanley Pharmacy, now owned by James Stanley, continues to serve rich, creamy shakes and frothy coke floats reminiscent of another era. Banana

splits can still be had if the customer has a little time to wait for delivery of fresh bananas form a nearby grocery store. In addition, Stanley's also serves tasty BBQ sandwiches and Pimento cheese sandwiches.

In the fast-paced computer age we live in, there is a little comfort to be found in knowing that not everything has completely changed.

The closing of the soda fountain is a sad time for Motley County, but we wish the Stanley's good luck with their new business arrangement.

State Comptroller Sends November **Monthly Sales Tax Rebates**

(AUSTIN) — State Comptroller John Sharp today sent a total of \$162.2 million in November sales tax rebates to 1068 Texas cities and 106 counties, a 5.8 percent increase over their payment of e year ago.

Texas cities received \$147.8 million, up 7.7 percent over the \$137.2 million they received last November. Counties received a total of \$14.3 million for their November rebates, dropping 10.5 percent from their November 1991 payment of \$16 million of \$16 million.

The state of Texas has experienced employment growth every month since January 1992. As a whole, Texas is con-tinuing the trend of outpacing the rest of the nation in terms of economic growth,"

Sharp said.
The city of Houston received a monthly payment of \$23.2 million, the largest city sales tax rebate for November, but down 0.4 percent from its \$23.3 million in November, 1991.
"The drop has been reflected in reduced sales tax allocations which have dived sales tax allocations which have

"The drop has been reflected in reduced sales tax allocations, which have fallen by almost one pecent for the year-to-date. The slowing national economy and the extended period of low domestic oil and gas activity has put Houston into an economic tailspin," Sharp said.

The \$14.7 million payment to the city of Dallas for November was the second largest, up 13.6 percent from the \$12.9 million sent to the city for the same period

million sent to the city for the same period last year. Dallas' sales tax allocations for the first 11 months of 1992 were up by more than four percent compared with the same period in 1991. "The Dallas metropolitan area is be-

ginning to show signs of an economic rebound following large job losses dur-ing the second half of 1991," Sharp said.

Growth in the government and service sectors earned the city of San Antonio a \$7.8 million sales tax rebate, the third largest payment in November and a 6.2 percent increase over the November 1991 payment of \$7.3 million to the Alamo

payment of 37/3 minus to technically city.

"In addition to strong gains in the services and government sectors, San Antonio's manufacturing sector posted a modest gain of 600 jobs between September 1991 and September 1991," Sharp mid

The city of Austin's payment of \$6 million this month ranked as the fourth highest rebate, a 16.2 percent increase over its November 1991 payment of \$5.2 million. Austin's year-to-date sales tax allocations lead the state, rising by more than six and a half percent.

"Austin's construction employment,

which has experienced growth each month since April 1990, increased by 7.1 percent between September 1991 and Sep-

months of 1991 increased by more than-three percent compared with the same period last year," Sharp said. With the exception of whole and retail trade, El Paso experienced employment

growth in all sectors. The manufacturing industry's year-over-year growth rate of 7.4 percent was at its highest level since July 1988. The November rebate to the

tember 1992," Sharp said.
Fort Worth, with a \$4.7 million rebate, unchanged from the November 1991 allocation. The Fort Worth's metropolitan area's ecomomic Stide created by defense-industry cutbacks is beginning to slow.

Control of the November Payment.

The monthly payment to the El Paso CTD in which was nearly identical to the payment sent to the El Paso CTD in November last year. The November payment to the Laredo City Transit Department to slide created by detense-industry
is beginning to slow.

"Despite wholesale and retail job losses
every month since Janaury 1991, Fort
Worth's tax allocations for the first eleven
ment totaled \$271,224.

Hospital districts in Baylor, Ector,
Translated by more than-

Nacogdoches, and Reeves counties were sent payments totaling \$1.3 million.
This month's sales tax payment to

Texas cities and countes include taxes collected on September sales and reported to the Comptroller in October by businesses filing monthly tax returns

Motley County Hires New County Extension Agent

Michael L. Clawson has been named
Motley County Extension Agent - Agriculture effective November 30, 1992
according to the Motley County Commissioners Court and District Extension
Directors Paul Gross and Elaine Hous-

He received his B.S. degree in Animal Science from West Texas State University and is working toward a M.S. degree in Agriculture from West Texas State University. He has served as Assistant County Extension Agent - Agriculture in

Lubbock.
Clawson will direct the agriculture phase of the Motley County Extension Program, both youth and adult, serving as Agriculture Program Leader. He will work with Beverly Thomas, Extension Agent Home Feonomics to early out a total Home Economics, to carry out a total Extension program in Motley County.

Clawson was rasied in Bailey County

and is married.

Sins Like An Old Greasy Blanket A Museum Report

by Marisue Potts

continued from last week.

Hearing that the Big Looking Glass band of Comanches, located twenty miles south of Anadarko, had no preacher, the Butterfields became interested. With no assurance of future financial support, they gave up the school, borrowed a wagon and team, and moved to the modest parsonage on the Little Washita.

Though the government had contracted by treaty to feed and clothe them for 33 years as if they would stay on the reserva-

years as if they would stay on the reserva-tion, the vanquished Native Americans were getting only half enough to eat. To supplement their meager rations, they often resorted to eating horses and cattle that had died. Believing that all whitemen were wealthy, they expected food, clothing, and money from the Butterfields, who were almost as impoverished as they were.

The government rounded un children

as they were.

The government rounded up children from seven to fourteen years old to attend school, but when the youngsters returned to camp they were beaten by their parents if they used an English word or were caught reading a book.

The men were very religious and prayed to the moon, the sun, the stars, mountain springs, and all nature. They believed in legends and superstitions. Through an intrepreter they asked But-

Through an intrepreter they asked But-terfield why white men, whom they con-sidered all to be Christians, taught them to lie, steal and play cards before they brought them the Bible.

"The chance in familylife and habits we required was hard to them to grasp. We required that a man have only one wife. He must promise to work and support his wife instead of having her do all the work," wrote Butterfield. Accordingly, one chief explained, "I like the church, I like God, and I like Jesus, but I don't likem work."

The missionary made a study of Indian legends and was invited by Chief Looking Glass to attend a peyote cermony. "The worship was begun by beating the tom-tom, shaking a gourd filled with beans, and singing weird songs. An old man at the right of the door held a bunch of eagle feathers with which he swept away the evil spirits that tried to get into the peyote button. As they sang the weird song they prayed to the peyote on the mound and passed around the bucket and each one ate as many as he wanted. This continued all night with the men sitting in one position." sitting in one position

Around 7 a.m. women put some food in a trench and four men kneeled around the food in thanksgiving for about an hour. They then ate the food and went to

John Locok an Apache with Geronimo's Warm Springs tribe, arrived at Ft. Sill as a prisoner of war. "When I would see Butterfield coming with his blackbook, I would say to myself, 'If it were not for the soldiers I would kill him when I find him out on the creek or mountain. Because the Great Spirit told us to pray to the sun and all things in nature, we did not Because the Great Spirit told us to pray to the sun and all things in nature, we did not need that book. When he come near me I just grunt and look as mean as I could at him but he shake my hand and say nice things to me. After a while I say he not like soldiers and other white men and he say Jesus make him love enemies and those treat him badly. He no curse us but pray Great White Father help us to love everyone. So after a while I feel very good and my heart cry. When I ask Jesus to make my heart good I want to see Butterfield and tell him he preach the truth for I now love him and everyone else." John became a Christian, a farme with a comfortable home and orchard, and learned to speak English.

and learned to speak English.

Kicking Bird was an old Kiowa, a first
Sergeant in a company of Kiowas the government was trying to train to be soldiers. After his conversion by Butter-field he began to chip wood and work in the fields, and preach the gospel to his people. Though he eventually went blind he continued to preach at home, in town

or at church.

Stumbling Bear was the only living chief who had signed the treaty with the government. He was an authority on legends, but according to Buterfield, enjoyed telling tall tales which he did in a lengthy interview with Mr. Mooney of the Smitheonian Institute. the Smithsonian Institute.

Lone Wolf, a charismatic orator, commanded the respect of both Indians and Whites. Officials of the Rock Island Railroad named a town on the line for him. His son, the Rev. Delois K. Lone wolf, became a preacher of the Methodist

Cross Country Update

The Motley County Cross Country teams finished their season with a good showing at the district meet in Spur. Leigh Pipkin finished 8th overall with a time of 14:53. Jennifer Beshirs and Mindy Dodson placed 11th and 16th with times of 15:44 and 16:09 respectively. Others running in district were Wendi Beshirs and Christy Potts. The Varsity girls placed 5th as a team. Daniel Alexander ran a 5th as a team. Daniel Alexander ran a personal best, cutting two minutes off of his time.

The Junior High Girls team also ran well, Dodie Morris finished 2nd overall with a time of 15:03. Others running were Brandi Jameson, Jill Stanley, Lanie Barton, and Crystal Christopher. In the Junior Like Poisson ior High Division only the top 5 places were kept, so the results of the other runners were ont available.

We had a good season. I would like to thank our supporters and faithful fans. We appreciate your support.

When you get the chance, take a drive out:

in the country and look at the beautiful trees and scenery! You'll love it!

Local 4-H'ers To Participate In District Food Show

Motley County 4-H members are making final preparations for the Rolling Plains District 4-H Food Show. It will be held Saturday, November 21, at the Wilbarger Memorial Auditorium in Vernon,

In the Foods Project, 4-H'ers learn the. In the Foods Project, 4-Hers learn the importance of including foods from each of the basic food groups in the daily diet. They learn the principles of nutrition as they relate to health, physical fitness, and appearance as well as acquiring and demonstrating skills in planning, purchasing, preparing, and serving tasty, attractive, and nutritious meals and snacks. Four-H is the youth development and leadership program of the Texas Agricultural Extension Service, a part of the Texas A&M University System.

A total of ten 4-H'ers from the county will compete in the District Show. They

will compete in the District Show. They are: LeAnndra Wallace, Casey Lawrence, Kelsie Wallace, Rachelle Renfro, Kaci Risser, Rebecca Long, Christie Pierce, Dustin Davis, Tammy Rice and Heather

Entrants from 21 counties will compete in Senior, Intermediate, and Junior Divisions. Each division has four food

classes: Main Dish, Fruits and Vege-tables, Breads and Cereals, and Snacks and Desserts. Contestants in the District and Desserts, Contestants in the Distric-event are all winners of their County Food Shows. Senior Division winners in each category will advance to the State 4-H Food Show next June in College Sta-

tion.

Special Beef Awards will be given by the Wichita Area Cattlewomen.

County Extension Agent, Beverly Thomas, said the contestants will report to the Auditorium in Vernon at 9:30 a.m., November 21. Judging will begin at 10:00 a m

The dishes will be on display from 1:00 to 1:30 p.m., and the public is invited to view them. Ribbons and awards

invited to view them. Ribbons and awards will be presented during an Awards Ceremony at 2:00 p.m

Cookbooks contianing all the recipes prepared in the District Food Show will be on sale at the competition for \$4, said Betsy Harkey, Wilbarger County Extension Agent - Home Economics and Chairman of the District Food Show Committee. Also on the committee are Extension Home Economics Agents Barbara Fang-Home Economics Agents Barbara Fangmann, Debra Price, and Kathryn Carnes.

What's Happening

Friday, November 20: Ralls will have a conflicting play-off game which means we will play Crosbyton tonight, there, J.V. 4:00/5:00, Varsity, 6:30/8:00.

The High School Choir will be having a bake sale tonight during the basketball game.

Give, and it will be given to you. A good measure, pressed down, shaken together and running over, will be poured into your lap.

Slip into comfort...

when you install an electric heat pump.

Like your favorite slippers, an electric heat pump will keep you warm and toasty this winter. Then when summer temperatures roll around, the heat pump works just like a high efficiency air conditioner to keep you cool and comfy. Plus you'll save money because a heat pump delivers about twice the energy it uses.

So when you're building, buving, or just replacing your present system, consider the year-round comfort machine, the electric heat pump!

Pay for your new electric heat pump with WTU's new your loan or monthly electric bill! Call WTU for details.

Speculation about the size of the 1992 crop is close to being over according to Lubbock-based Plains Cotton Growers Through November 5, 108,304 bales

of cotton.

Initial yield estimates for the remaining acres for the most part reflected the late start much of the cotton had received as well as the fact that the majority is located in areas south of Lubbock. Most Growers. cotton in this area is produced under dryland conditions.

"This year's crop has really been a surprise," notes PCG Executive Vice President Donald Johnson. "Early predictions of a crop at or below one million bales have been proven wrong and we are now looking at a crop near 1.5 million

USDA's November estimate for Texas crop reporting districts 1-N and 1-S was raised to 1.51 million bales. Districts 1-N and 1-S account for the majority of the counties served by PCG and are commonly used as an estimate of the area's

The increase is entirely due to the better than expected yields being achieved in district 1-S. The November yield estimate for this area was increased by 51 pounds to 524 pounds per acre.

"Examples of how far this year's crophas come can be seen in the grades we've "Examples of how far this grades we've the seen in the grades we've

Announcement of the 1993 loan level and the preliminary announcement of the 1993 Acreage Reduction Program (ARP) is good news for cotton producers ac-cording to Lubbock-based Plains Cotton

2, ended speculation about USDA's pre-liminary decision on the ARP which was set at 7.5 percent for 1993. The 1990 Farm Bill requires the Secretary of Agri-culture to make the preliminary announce-ment by November 1. The final ARP percentage will be announced by January 1 1003

by Billy Wayne Denison County Executive Director

1993 COTTON PROGRAM PROVISIONS ANNOUNCED A preliminary 7.5 percent Acreage Reduction Program requirement for the 1993 upland cotton program has been

The Agriculture Act of 1949, as amended, requires the upland cotton ARP be announced by November 1. It also requires that the ARP target a ration of total stocks to total disappearance of 30.

percent. Total disappearance means the total use of upland cotton, including all domestic, export, and residual stocks.

Based on USDA's October supply and use estimates, the 7.5 percent ARP level is consistent with this ration. A final ARP requirement, which may be different from today's preliminary, anouncement, must is consistent with this ration. A final ARP requirement, which may be different from today's preliminary announcement, must roughly be a good today's preliminary announcement, must roughly be a good crop - so far it's looking good.

be announced by Jan. 1, 1993.

Other provisions announced include: 1) TARGET PRICE - \$7.29 per lb. 2) NATIONALLOANRATE - \$.5235

per lb.
3) No paid land diversion will be

offered.
4) 50/92 is still offered - No 0/92 for

Cotton Harvest '92 is in full swing here in Motley County. An unbelievable crop recovery from early season problems is being experienced by most farmers. Excellent grades and turnout are the norm, and dry, open weather has allowed most farmers to get to the gins quicker.

Quality of Life **Enhanced for Rural Texas**

1, 1993.

Also announced was the 1993 loan level at 52.35 cents for the base quality, unchanged from 1992. What has changed for 1993 is how the base quality is described. The change in the description was necessary to reflect the upcoming separation of color and leaf in the USDA grading system.

For the 1993 crop the base to the property of the solution of the sol Temple - The Farmers Home Administration (FmHA) delivered 363.7 million

"Saving dollars for borrowers and taxpayers and increasing the quality of life for rural Texans is the main objective of the Engineering and Architect Section of FmHA," said Neal Sox Johnson, State Director of Farmers Home AdministraBy working with the private sector, engineers at FmHA developed 69 water and sewer projects in Fiscal Year 1992. FmHA engineers ensure the facilities are modest in design and cost. Rural water systems can include flush valves and fire truck filling valves, which greatly en truck filling valves, which greatly enhance the capability of Volunteer Fire Departments. "Engineering Services provided by FmHA assures the needed

provided by FmHA assures the needed water projects are affordable, as well as fill the present and future needs of the community," Johnson said.

In the financing of sewer collection and treatment facilities for rural Texas, FmHA assists in the use of practical alternatives. Natural treatment facilities using ponds, sunlight, wave action, wetland plants, and microbial organisms are ideal methods for utilizing the resources of rural Texas. These treatments provide an alternative to mechanical plants, which often have high operational costs and can often have high operational costs and can be a financial burden to small communi-ties with limited budgets. FmHA has established thermal con-

struction standards for FmHA financed apartments and single family housing, which is an aggressive step toward reducing utility costs for housing borrowers and saving natural resources. FmHA also completes an environ-

FmHA also completes an environ-mental assessment on all loans and grants submitted to the agency. Public aware-ness and involvement in the environ-mental review phase is important to an accurate environmental assessment which ensures that important land resources, such as wetlands, flood plains, prime farmland, prime rangeland, and prime forest land are not compromised. "We are proud of our engineering section and their proud of our engineering section and their efforts to save tax dollars and improve the quality of life in rural areas. A cleaner, healthier environment, and preservation of our heritage will guarantee that rural Texas will remain productive for future generations," the FmHA State Director

President Bush's budget has allocated approximately 393.7 million dollars to serve rural Texans through Farmer Programs, Rural Housing, Community Programs and Business and Industry loan and grant programs in Fiscal Year in 1993.

Farmers Home Administration is an Equal Employment Lender. Complaints of discrimination should be sent to: Secretary of Agriculture, Washington, D.C. 20250.

Matador V&S Variety

PUBLIC NOTICE

GTE Southwest Incorporated (GTESW) and Contel of Texas Inc. (Contel) have filed an application with the Public Utility Commission of Texas to seek approval to provide two new private line services and to change rates for existing services. GTE's intraexchange DS1 Service will be offered pursuant to the rates proposed with this filing and will no longer be available through concurrence with GTE's interLATA access tariff rates which are lower. Contel's intraexchange DS1/DDS Service will be offered pursuant to the rates proposed with this filing and will no longer be available through Contel's current private line tariff rates. Existing customers with DS1/DDS Services will not be affected by these rate changes. DS1 1.544 Megabits per second (Mbps) Service and Digital Data Service (DDS) will normally be used for the transmission of data communications are large volumes of voice communications between two locations. These services are optional and will not affect the existing rates of customers who do not order these services. The estimated annual effect on GTE-SW's revenues in the first year are \$42, 383.

DS1 Service is an intraLATA Private Line Service which provides a dedicated, high capacity channel which may be used for simultaneous two-way transmission of voice data or other digitally encoded customer information signals. DS1 Service provides a transmission speed of 1.544 Mbps and is designed to provide an average performance of at least 95 percent error-free seconds of transmission over a continuous 24-hour period.

D\$1 Service is available in and between all exchanges of GTE-SW and Contel where digital facilities exist. D\$1 Service is available on a point-to-point intraLATA basis between two Customer Designated Locations (CDL), between a Serving Wire Center (SWC) and a ODL, between a CDL and a point of connection with another service provider or between two SWCs.

IntraLATA DS1 Private Line Service is comprised of three rate elements: DS1 Local Loop, DS1 Transport and DS1 Transport Termination. Each element is described below.

DS1 Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer has two payment options for the purchase of DS1 Local Loops. There is a month-to-month plan or term contract Optional Payment Plan (OPP).

The month-to-month payment basis allows the customer to establish and disconnect DS1 Services, without penalty, other than to meet the minimum service interval of one month's service, as needed. Under the month-to-month service, the additional DS1 Local Loop rate applies only when the additional DS1 Local Loop (s) is (are) ordered at the same time and between the same two CDLs as the first DS1 Local Loop.

The OPP plan allows the customer to select a term of service (1 YR, 3 YR and 5 YR) with lower monthly rates associated with longer term contracts. If the customer selects an OPP, additional DS1 Local Loops may be ordered and installed at the Additional DS1 Local Loop rate between any SWC and CDL covered by the OPP, at any time during the term of that OPP.

This rate element is for the mileage sensitive charges for transporting a DS1 signal between Serving Wire Centers. Transport occurs only when the two CDLs being connected are served by two different SWCs.

This rate element is for the equipment to terminate DS1 Transport at the SWCs. This charge applies only when DS1 Transport is required for the service configuration of the customer. One transport termination charge applies at each end of the DS1 Transport.

Proposed Rates and Charges for DS1 Service are as follows:

	Nonrecurring Charge	Monthly Rates	
DS1 Local Loop			
Month-to-Month			
First System	\$ 1,000.00	\$ 298.00	
12-month term			
First System	-0-	\$ 283.00	
36-month term			
First System	-0-	\$ 255.00	
60-month term			
First System	-0-	\$ 226.00	
Additional System	\$ 130.00	\$ 130.00	
DS1 Transport			
Per airline mile	-0-	\$ 16.00	
DS1 Transport Termination			
Per Termination	-0-	\$ 40.00	

Digital Data Service (DDS) is an intraLATA Private Line service which supports synchronous, full-duplex transmission between the CDL and the SWC or the point of connection with another telephone company at transmission speeds of 2.4, 4.8, 9, 6, 19.2 and 56 kilobits per second (Kbps). DDS provides a transmission path for digital data signals within the same LATA.

IntraLATA DDS Private Line Service is comprised of three rate elements: DDS Local Loop, DDS Transport and DDS Transport Termination. Each element is described below.

DDS Local Loop

This rate element is for the cable facilities from the CDL to the SWC. The customer may establish and disconnect DDS Local Loops without penalty other than the minimum service interval of one month's service, as his/her needs

This rate element is for the mileage sensitive charges for transporting a DDS signal between SWCs. Transport occurs only when the two CDLs being connected are served by two different SWCs.

DDS Transport Termination
This rate element is for the equipment to terminate DDS Transport at the SWCs.
This charge applies only when DDS Transport is required for the service configuration of the customer. One transport termination charge applies at each

	Nonrecurring Charge	Monthly Rates
DDS Local Loop		
2.4, 4.8, 9.6, & 19.2 Kbps 56 Kbps	\$ 85.00 \$ 85.00	\$ 85.00 \$ 95.00
DDS Transport Per airline mile		
2.4, 4.8, 9.6 & 19.2 Kbps 56 Kbps	-0- -0-	\$ 1.60 \$ 3.20
DDS Transport Termination		
2.4, 4.8, 9.6, 19.2 & 56 Kbps Per Termination	-0-	\$ 20.00

his filing has been assigned Consolidated Docket Nos. 11408/11435. The leadline to intervene in this docket is January 1, 1993.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 780 Shoal Creek Boulevard, Suite 400N, Austin, Texas, 78787. Further information may also be obtained by calling the Public Information Division of the Public Utility Commission at (512) 458-0256, or (512) 458-0221 teletypewriter for the deaf

Today's Example

I do not believe the coming generation is all bad. I do not accept the blanke I do not believe the coming generation is all bad. I do not accept the bianket statements applied to our young people. I do not believe that the principles of godly conduct and righteousness have been deemed outmoded by all young people. I believe instead, that some parents have failed in directing their children toward the paths of righteousness. I believe that there is a great need for the returning to the practice taught in Ephesians 6:1-4.

Timothy was commended by the apostle Paul because of the instruction and guidance which he had received in his childhood. (II Timothy 3:14-15). Yet the credit for that when to his mother and grandmother, not to Timothy. He was the product of their training and diligent care. (II Timothy 1:5).

Past laurels and garlands of "When I was a kid" may have a place in proper context for the development and godly training of our children today. However, it is our present conduct which will determine our children's destiny.

Services will be held in Matador Methodist church. A complete obituary will be printed in

Senior Citizens Report

The Matador Senior Citizens met on

The Matador Senior Citizens met on Tuesday, November 10, for our regular luncheon with 24 people having lunch. Barbara and Carla, you forgot us again! Cora Hall gave the meal blessing.

President Cora Hall called the meeting to order. Happy Birthday was sung to Ruby and Roger. Jean Cooper, Secretary and Teasurer gave the minutes and treasurers report. Nora Bell read a poem, "You're Never Too Old", sent to Artie Wason by her cousin.

Commodities are to be given out on Wednesday, November 18. Come meet with us each 2nd and 4th Tuesday. Due to Thanksgiving being on November 26, and the 24 being our regular luncheon day, we decided to call it off and meet next on December 8.

You're Never Too Old

You're Never Too Old

My hair is white and I'm almost blind, My hair is white and I'm almost blind,
The days of my youth are far behind,
My neck's so stiff, can't turn my head,
Can't hear half that is being said.
My leg's are wobbly, can hardly walk,
But glory be, I can surely talk!
And this is the message, I want you to get,
I've still beliging. Legis' does here! I'm still kicking, I ain't dead yet. My joints are stiff, won't move in their sockets,

And nary a dime is left in my pocket. So maybe you think, I'm a total wreck, (To tell you the truth, I look like heck) But still I have just loads of fun, And my heart with joy, is over run, I've lots of friends, so kind and sweet, And many more, I'll never meet.
Oh! This is a wonderful world of ours, Shade and sunshine, and beautiful flowers So you just take it from me. you better bet, I'm glad I'm living....and I ain't dead yet.

I've got corns on my feet, and ingrown nails, And do they hurt? Her language fails. And do they hurt? Her language fails. To tell you my troubles, would take far too long, If I tried you would surely give me the gong. Igo to Church and to Sunday School, too. For I love the story that is ever new. I hope to my Heavenly home I'll go, When I finally reach the end of my row.

Then when I leave my home of clay, If you'll listen closely, I'm apt to say, "Well Folks, I've left you, but don't forget,
I've passed on, but I ain't dead yet."
