101ST. YEAR

THURSDAY, MAY 27, 1993

ISSUE NO. 21

Hats off this week to the 1993 Motley County Seniors and 8th grade graduates. You have worked hard to achieve the diplomas you will receive this Friday and Saturday night and you deserve a big hats off salute!!

\*\*\*\*\*

Hats off to the Motley County PTO members and volunteers for making the Project Graduation all-night party possible. This party makes it possible for our kids to celebrate the end of school without alcohol or drugs. Thank you!

\*\*\*\*\*

Hats off to the teachers and all the Motley County ISD employees. You have worked hard and we appreciate the work you do for our kids. Thank you!

**OUR HATS ARE OFF!**

## Nineteen Seniors Will Graduate Saturday

Nineteen seniors will begin a new journey when they end their high school years as Motley County students, Saturday night, May 29 at 7:30 p.m. Students graduating will be Christina Lee Potts, daughter of Mr. and Mrs. Frank Potts of Matador; Lacey Melody Parks, daughter of Mr. and Mrs. Harold Parks of Roaring Springs; Danny Joy Sailsbury, daughter of Mr. and Mrs. Warner Sailsbury of Roaring Springs and Shelly Sailsbury of Lubbock; Robin Long, daughter of Mr. and Mrs. Rodney Long of Roaring

Spring; Kara Ann Boykin, daughter of Mr. and Mrs. David Boykin of Northfield; Charles Andrew Renfro, son of Mr. and Mrs. Charlie Renfro of Matador; Daniel Lee Alexander, son of Mr. and Mrs. Alvin Alexander of Matador; Brandy Renee Blanch, daughter of Mr. and Mrs. George Blanch of Matador; Shonda Sue Barton, daughter of Mr. and Mrs. Steve Barton of Matador; Mark Raymond Brannon, Jr., son of Mr. and Mrs. Mark Brannon of Roaring Springs; Christopher Lee Campbell, grandson of Mrs. Renomia

Campbell of Matador; Roegan Flint Cruse, son of Mr. and Mrs. Donnie Cruse of Flomot; Billy Shawn Elliott, son of Mrs. Kim Butler of Matador; Bradley Dain Jameson, son of Mr. and Mrs. Leslie Jameson of Matador; Leslie Carter Lester, grandson of Mr. and Mrs. Rosie Deaton of Matador; Steven Wayne Meredith, son of Mr. and Mrs. Bennie Meredith of Roaring Springs; Marvin Marie Smoak, daughter of Mr. and Mrs. Marvin Smoak of Matador; and Adriana Moreno Torres, daughter of Mr. and Mrs. Roy Moreno of

Matador. Daniel Alexander is the Valedictorian and Christy Potts is the Salutatorian.

Eighth grade graduation will be held Friday night, May 28, at 7:30 p.m. at the Motley County Gym. Graduating from the eighth grade this year will be Eduardo Alvarado, Jarrod Ashley, Lanie Barton, Kyle Brandon, Qunitin Brandon, Leah Cruse, Talon Cruse, Bert Darsey, Humberto Espinoza, Brandi Jameson, Josh Lee, Laura Mendoza, Dodie Morris, Kasey Parks, Darryn Perryman, Misty Thomas, Cody Timmons, Lacy Washington, and Matt Woolsey.

The Project Graduation all-night drug-free/alcohol-free party will be held for high school students on Saturday night, beginning at 10:00 p.m. after high school graduation. Students must have completed 9th grade to attend this party.

## It's Time To Party All Night

Project Graduation is here! The all-night party will be held this Saturday night, May 29, following graduation at the Motley County School cafeteria and gym. The theme of the party is 'RODEO'.

High school students may come to the party from 10:00 to 10:30 p.m. Doors will be locked at 10:30 p.m. and no one will be admitted after that time, with absolutely no exceptions.

All Motley County students who have completed their freshman year are invited to attend.

There are many activities planned, including a dance with music by a DJ;

casino games; dance contests; ping pong; volleyball, and board games; movies, popcorn, and much more!

Door prizes will be given away at least every hour to MCHS students. Senior prizes include a dorm refrigerator, television, typewriter, VCR, Jam Box, and many more. These prizes will be given away as the party winds down in the early morning hours, probably around 4:00 a.m.

Class prizes, with one prize for each class, will also be given away about 4:00 a.m. Many casino prizes will be available to be purchased with chips won at the Casino. Winners of drawings must be

present to win!

Party rules have been printed in the last two week's papers. These rules must be followed!

If you would like to volunteer your time for the party or make a donation, please contact Brenda Osborn or Anna Ortiz, at the First State Bank; or Eva Barkley, 347-2813. Tables are set up at

Matador V&S Variety, Texas T's & Floral, The Windmill, Thacker Supply, and Thacker Jewelry with prizes. You may also make a donation at these businesses.

**TAKES THE OATH OF OFFICE** — Mrs. Laverna Price, left, takes the oath of office as Judge of Motley County, administered by County Clerk, Lucretia Campbell, on Monday, May 24.

## Heather Turner Receives Academic Recognition

Heather Turner

ment of Academic Skills tests and Heather Turner has "MASTERED ALL OBJECTIVES" and received "ACADEMIC RECOGNITION". On this exit level testing she scored well beyond the expected mastery level in all three areas of testing.

These tests are designed to help parents, students, and teachers identify the students strengths and weaknesses in Writing, Reading and Mathematics.

The writing area consists of composition, sentence, construction, and usage. Spelling, capitalization, and punctuation are also covered in this section.

Reading touches all areas of comprehension such as word meaning, supporting ideas, and summarization. Inference, fact, and non-fiction, are also important sections of comprehension.

Mathematics covers concepts, operation and problem solving; it touches on algebra/mathematical relations-functions, geometric properties and relationships, and measurements concepts. Testing in the math portion touches areas from simple addition to the solving of estimation problems, covering many solution strategies and the evaluation of the reasonableness of a solution.

Heather is the sophomore daughter of Johnnie and Carol Ann Turner of Flomot, Texas.

## Christy Pierce Named To United States Achievement Academy

Christy Pierce

The United States Achievement Academy announced today that Christy Pierce has been named a United States National Award winner in Science.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Christy, who attends Motley County High School was nominated for this National Award by Kathy Gillespie and Kimberly Alexander, teachers at the

## Graduation Memories

by Mary Meason

Graduation has made so many drastic changes over the years that it never ceases to amaze me. When I graduated from the seventh grade many, many years ago, we had our graduation exercises in a Chautauqua tent. And what was a Chautauqua? I know that many younger people will ask, "What in the world is a Chautauqua?" It was a travelling company that toured the US presenting different types of entertainment. It would stay in a town several days and give musical programs, lectures and plays. The organization originated in Chautauqua, NY and they carried their own tent with them all over the nation.

Our seventh grade commencement was held in one of those tents before showtime. My dad was president of the school board at that time and was to hand out the diplomas. When he handed me my diploma he said, "Now you appreciate that diploma or I will see that you do." I wished that I could have dropped dead right there!

High School graduation was quite different. In 1928 when I graduated from Lubbock High School there were 250 in the Senior Class, and I had never even heard of that many people being in one class. At that time I thought that a senior class of 50 people was huge! We had to have our commencement exercise in the Tech gym. All this was a big change from the little school in Matador where 250 pupils was the greater part of the enrollment of the entire Matador school at that time. I never liked Lubbock School for several reasons. I had started to school with the class of 1928 in Matador and of course thought I just had to graduate with them but parents have the last word, so my Junior and Senior years were spent in Lubbock High.

That Lubbock High building looked mighty big to this country girl! It had two study halls - one for girls only, and one for the boys. They were at opposite ends of the building and at first I was so turned around in that building that for awhile I

always found myself at the boys study hall instead of the girls study hall. I assure you that was not my intentions. After I could find my way around in that building, that mistake was never made again! But it was very embarrassing to be so dumb, and I felt like everyone in school knew what I had done!

When I graduated from college my father was invited to give the commencement address and to hand out the diplomas. I was very fearful of what he might say when he gave me mine. But I instructed, begged and badgered him for several days before commencement to get him to be real dignified, and to PLEASE not embarrass me again. He didn't say anything, but I held my breath until I had that diploma safely in hand and he was very busy with the next graduate.

We never had a Senior trip at Lubbock, but had a Senior Day. The entire class went to Silver Falls in the Canyon east of Crosbyton. There was a dance floor there and we used it for a roller skating rink.

## Dustin Davis Named To United States Achievement Academy

Dustin Davis

The United States Achievement Academy announced recently that Dustin Davis has been named a United States National Award winner in Mathematics.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Dustin, attends Motley County High School, and was nominated for this award by Renee Atkinson, a Math teacher at the school. Dustin's name will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United

## American Legion To Honor Veterans

The American Legion will honor veterans on Memorial Day, May 31 at 7:00 a.m. at the American Legion building. Graves will be decorated following the ceremony.

## Kindergarten Registration

Parents should register Kindergarten students on Thursday, May 27 from 2:40 to 4:00 p.m. Students must be 5 years old on or before September 1. You must bring the student's official birth certificate (or a copy), up-to-date shot record (or a copy), and the Social Security card (or a copy). Please do not bring just the number, we must copy the card. The child must have a DPT booster after their fourth (4th) birthday to be able to begin school.

## Lions Club News

The Matador Lions Club met for their regular meeting May 17. Lion Dick Van Hoose presided over the meeting making announcements as follows:

— June 5, a Regional meeting and training session will be held with the Lieutenant Governor leading the session. They request all officers for the coming year be there.

— Dustin Davis was announced to be sponsored by the Lions to attend the Citizenship Seminar this summer. Darryn Perryman will be sponsored by the Lions and 4-H to attend a Wildlife Management Program this summer.

Lion Freddie Moran introduced Kathleen Wason to speak on the Tax Appraisal updates.

Wason stated the first tax appraisal was in 1837. In 1980 Motley County was started in a re-appraisal. She stated after the appraisals were raised 4.5 million then when the minerals appraisal came in, it lowered the 4.5 million putting Motley County back at the same tax value as last year.

Wason explained the base for tax value is due to the sale price of houses and buildings.

After questions and answers the meeting was adjourned.

**ANNOUNCEMENTS**

**GET READY FOR SCHOOL WITH IEF:** Wondering what things you need to do to get the kids ready for school in the fall? Why not make it a point to consider hosting a foreign exchange student? International Education Forum (IEF) is a non-profit organization formed for the purpose of promoting cultural understanding and harmony. Since 1971, IEF has been placing students from over 20 countries including Poland, Sweden, Croatia, and even China with families like yours so that you both can learn up close what life in another country is like. And the best part - you can claim a \$50 a month deduction off your taxes. Want to find out more about how hosting an IEF student can help you make the next school year the best yet? Just call Coy Holley at (806) 652-2600 or Diana Cooley at 1-800-775-2433.

## Engagement Announced

**Chad Seward & Regina Cruse**

Donnie and Judy Cruse of Flomot announce the engagement and approaching marriage of their daughter, Regina Leigh Cruse, to Chadleigh Ray Seward, son of Donald and Judy Seward of Goldthwaite. The couple will be married July 3, 1993 at the Flomot Church of Christ.

The Bride-elect is a 1989 graduate of Motley County High School and received a BBA in accounting from Angelo State University in San Angelo in May.

The prospective groom graduated from Goldthwaite High School in 1988 and from Angelo State University in May of 1992 with a BS in Animal Science. He is employed by Brooks Auto Parts in Goldthwaite where they will reside.

Regina's grandparents are Mrs. Douglas Pitts of Lovington, N.M., and Mr. and Mrs. Ray Cruse of Flomot. Her great-grandmother is Mrs. Jess Browning of Turkey.

Chad's grandparents are Mr. and Mrs. Pat Carswell of Molini and Mr. and Mrs. John Seward of Goldthwaite.

## Couple Celebrates 50th Anniversary

**John and Dorothy Russell**

John and Dorothy Russell celebrated their 50th wedding anniversary Sunday, May 23. The family will celebrate this occasion at a resort on Possum Kingdom Lake the first weekend in June. The host will be their children, Marilyn Hicks of Clint, Texas, Linda Roy of Weatherford, Caron Perkins of Snyder, and John Douglas Russell of Kinsely, Kansas. The couple have 10 grandchildren and one great-granddaughter.

### THE RELATIONSHIP OF PRENATAL CARE AND BIRTH OUTCOME

Research findings point out that a large percentage of women in the United States receive inadequate prenatal care. Pregnant mothers who have inadequate medical care, poor nutrition and practice high risk behavior deny both themselves and their infant the full physical and mental health they need and deserve.

The relationship between inadequate prenatal care, inappropriate maternal practices and birth outcomes are underscored below:

— Over one million pregnant American women receive inadequate prenatal care annually with births to women who received no early prenatal care increasing from 29 to 34 percent in the last decade (Mental Health..., 1990)

— Twelve to 15 percent of all infants (one of every eight) are born "at risk" of developmental delay due to birth-related outcomes, poor nutrition, medical conditions arising during infancy, and environmental conditions (Mental Health..., 1990).

— Infants born to women who received no prenatal care are three times more likely to be born at low-birth weight (5.5 pounds or below) and four times more likely to die than those whose mothers received care in the first trimester (Teen birth..., 1991).

— In 1990, 7 percent of all babies born in Texas were low-birth weight. These babies are 40 times more likely to die in the first month of life than normal weight babies (Mental Health..., 1990).

— Premature birth and low-birth weight infants have seven to ten times the risk of severe developmental problems such as blindness, deafness and retardation and two to three times the risk of having learning disabilities (Dunn, Myers-Walls, 1991).

— Maternal substance abuse (drugs, alcohol and nicotine) and poor nutrition contribute to the incidence of low-birth weight and infant deaths.

Increasing births to teenagers raises the numbers of maternal and infant deaths. The United States reports the highest rates of teen pregnancy birth and abortion in the western world. Texas ranks first in

the nation for number of babies born to children, ages 10 to 14, and second in the nation for teenagers, 15 to 19, giving birth. Births to teenagers account for 15 percent of all babies born in Texas (Teen birth..., 1991).

Infants born to teenagers are at highest risk for being low-birth weight. In 1991, 47,177 infants were born to teenagers, 10 to 19 years old, in Texas. Nine percent of these infants (4,246) weighed below 5.5 pounds (Child advocate..., 1990). The majority of teenage mothers are poor, uneducated and unprepared to rear children or improve the circumstances of their own lives. This crisis calls for our most creative human, educational and medical.

\*\*\*

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socio-economic level, race, color, sex, religion, handicap, or national origin.

THOUGHT FOR THE DAY: Be as enthusiastic about the success of others as you are about your own.

## HEALTH HINTS

by Gerry Jones, RN, FNP  
Motley County Clinic

There has been a lot of talk around town, information and misinformation alike, concerning the pharmacy at the Motley County Clinic office. First, Advanced Registered Nurse Practitioners are licensed by the state of Texas to write prescriptions just as MD's are given a number by the DEA (Drug Enforcement Agency), so ARNP; are assigned numbers. This number must go on every prescription, and makes prescriptions traceable, and the ARNP accountable.

Secondly, a clinic or Dr's office that is located at least 15 miles from a pharmacy qualifies for a special Class D pharmacy under the Rural Health Initiative Act. This is not a full service pharmacy, but rather allows us to carry a limited number of medicines, mostly for acute illnesses like antibiotics, etc. Most chronic medicines, like blood pressure medicines, must still be obtained from a full service pharmacy. This is a service for clinic patients only.

Thirdly, we have been fortunate to hire a pharmacy technician. As you are aware, most pharmacies utilize this type helper. The pharmacy tech cannot dispense medicines. What she does is assist in counting out pills completing the myriad of forms the government requires for each prescription, keeping inventory, etc. Only Dr. Williams or myself can determine the drug and the amount to be used and one of us is responsible for actually taking the drug from the stock supply.

If there are any questions or comments please feel free to discuss them with me.

## You Deserve to Celebrate!

Lots of hard work went into getting that diploma. We're proud of your achievement.

## El Progresso Club Honors Senior Students

**SENIORS HONORED** — The El Progresso club recently honored the seniors with an afternoon tea at the home of Mrs. JoEtta Bumgardner at the Matador Ranch. Pictured left to right are Mrs. Grace Campbell, seniors (back) Bradley Jameson, Andy Renfro, Shawn Elliott Lacey Parks, Mrs. JoEtta Bumgardner, Robin Long, Daniel Alexander and Christi Potts; (front) Leslie Lester, Roegan Cruse, Kara Boykin, Shonda Barton, Danny Sailsbury, Brandy Blanch, and Adriana Torres.

The sun was shining, the breeze gently blowing as the El Progresso club met Thursday afternoon, May 13, 1993 on the south porch of the Matador Ranch house to honor senior students of Motley County High School.

Business was taken care of prior to the students and their mothers arrival at 4:00 p.m. Mrs. Dale (JoEtta) Bumgardner greeted the members and presided over the business meeting. She announced the club members would meet at 10:00 a.m. May 29 at the Baptist Church to car pool to Plainview for the final meeting of the year, going to The Birdal House for luncheon and program. She announced, too, the club would meet for a covered dish lunch on June 10 in the Sr. Citizens Center to plan the yearbook for 1993-94.

Mrs. Bumgardner greeted the school students and their mothers and had the young people introduce themselves and in turn present their mothers or people accompanying them.

Mrs. Bumgardner introduced Mrs. Harold (Grace) Campbell who presented a most informative program on the founding of the Matador Ranch bringing maps and pictures to better inform her audience.

Mrs. Robert (JoAnn) Dickson gave the closing prayer.

The lovely porch area was filled with

chairs with the serving table holding a punch bowl with "champagne" glasses with a pin stating "Graduation" and a straw with graduate head on it, all around the punchbowl. Club members brought a myriad of finger foods, some sweet, some meats, some sandwiches, chips and dips, etc. A large clothes basket was given each student from Denise Gastineau, something they all can use.

Attending students and guests were Daniel and Seven Alexander, Shonda and Beverly Barton, Brandy and Mary Blanch, Kara and Missy Boykin, Roegan and Judy Cruse, Shawn Elliott and Kim Butler, Bradley and Linda Jameson, Leslie Lester and Valta Deaton, Robin and Nona Long, Lacey and Barbara Parks, Christi Potts, Andy and Mary Renfro, Danny Sailsbury, Adrainna Moreno Torres and Benita Moreno.

Members other than those mentioned and guests attending were Mrs. Loys Campbell, Mrs. Josephine Hamilton, Mrs. Beverly Vinson, Mrs. Dorothy Watson, Mrs. Bailey Elliott, Mrs. Lola Pohl, Mrs. Winifred Darsey, Mrs. Callie Giesecke, and guests Mrs. Debbie Martin and Mrs. Mary E. Piits of Lovington, N.M.

The club so appreciates Mrs. Bumgardner for the use of her lovely facilities for this special occasion making it a time in the lives of the young people as something they will long remember.

## Green Thumb Celebrates Older American Month

Waco, Texas — Green Thumb celebrates Older Americans Month by calling upon community leaders, employers, public officials and people of all ages during the month of May to join in recognizing outstanding contributions made by older Americans.

According to Joe Rankin, Chairman of the Green Thumb Advisory Committee and President of Texas Farmers Union, the program's sponsor, "Older Americans Month is an excellent opportunity to honor Green Thumb participants who fulfill many community needs such as child care, elder care, home weatherization and repair, tutoring, and much more. We thank our senior Texans for this valuable work and for sharing their life time of skills and experience with us."

Green Thumb state director, Diane Cowan, thanked community leaders and organizations for supporting local seniors through improved services and employment opportunities. "Our goal is to prepare for the growing and diverse older population. We must work together even more effectively to meet their needs and to recognize how valuable they are to us."

In a statement issued from Green Thumb, Inc. national headquarters, Green Thumb President Andrea J. Wooten noted that Older Americans Month is an appropriate time to honor older workers.

"Older individuals are making valuable contributions to communities all across our country through both paid employment and volunteer work. Employers value older workers for their reliability, positive work ethic, skills, and experience," Ms. Wooten said.

"Participants in the Senior Community Service Employment Program are making important contributions to their communities by providing essential services like child and elder care and nutritious meals for the homebound," Ms. Wooten continued.

In Texas, Green Thumb, funded through the U.S. Department of Labor, operates in 132 counties and provides part-time community service employment and training for over 1,000 senior workers. For more information, please contact Green Thumb, Inc., P.O. Box 7898, Waco, TX 76714.

## Kathy Baxter Is Honored With Bridal Shower

Kathy Baxter, bride-elect of Bill Varner, Jr., was honored with a miscellaneous shower at 10:30 a.m. Saturday in Roaring Springs. Co-hostesses were Alene Hughes, Vivian Morris, Marie Mullins, Virginia Nunn, Jane Bridge, Snow Smith, Betty Park, Brenda Karr,

Devonne Dillard, Donna Forbis, Dawn Slaton, and Loren Edwards.

Honored guest were Ray Baxter of Afton, mother of the bride; Sis Davis of Matador, grandmother; Paula Baxter of San Angelo, sister; and Kay Davis, aunt.

Kathy and Bill will be married June 12 in Lubbock.

## Thank You

We would like to thank the Matador Fire Dept. for their prompt response to the fire on our sign at the Trail Dust Motel, while we were gone.

Mr. and Mrs. Patel and family

Thanks to friends and family and anyone that knew Mary Wilcher. Thanks for your kindness, love, friendship, cards, prayers, food and flowers.

Albert & Jo Irwin

We wish to thank everyone for the lovely flowers, calls, cards, food and prayers. A special thanks to Bro. Ernie Brown for his visit and support to the family during surgery. Thanks again and may God bless you.

Lu and Don Largent  
Rusty, Rob & Cody Byrd  
Terre Shaw  
Mary Lumsden

Thank you for the prayers, visits and beautiful cards, a message from Sam Cokers, Central Am, Dr. Alley and staff for saving my life in heart failure.

Minnie Dye

I would like to thank everyone for the food, flowers, memorials, cards, visits, calls and expressions of concern during the illness and death of my father, Otha Smith.

Gary and Pat, I love you for your kindness and concern, you are the best. I also appreciate the presence of those from this area that attended the funeral. It meant a lot to me.

Geneva Wilson and family

The family of John Irwin would like to thank everyone for their many acts of kindness. The prayers, food and visits meant so very much to us. A special thank you to the neighbors, friends and ambulance crew for being there when we needed you. Our gratitude goes out to the ladies of the Church of Christ and the ladies of the community for the wonderful meal. It was appreciated so very much. To a wonderful, loving community, thank you.

Electra Irwin  
Mrs. John H. Irwin and family  
Mr. and Mrs. Jim Irwin and family  
Mr. and Mrs. Norman Morrow and family

## Mental Health

by Ron Trusler, M.Ed., L.P.C.  
Assistant Executive Director Central Plains Center for Mental Health, Mental Retardation and Substance Abuse.

### TO REMEMBER ME

The day will come when my body will lie upon a white sheet neatly tucked under four corners of a mattress located in a hospital busily occupied with the living and the dying.

At a certain moment, a doctor will determine that my brain has ceased to function and that, for all intents and purposes, my life has stopped.

When that happens, do not attempt to install artificial life into my body by the use of a machine.

And don't call this my Death Bed. Let it be called the Bed of Life, and let my body be taken from it to help others lead fuller lives.

Give my sight to the man who has never seen a sunrise, a baby's face or love in the eyes of a woman.

Give my heart to a person whose own heart has caused nothing but endless days of pain.

Give my blood to the teen-age who was pulled from the wreckage of his car, so that he might live to see his grandchildren play.

Give my kidneys to one who depends on a machine to exist.

Take my bones, every muscle, every fiber and nerve in my body and find a way to make a crippled child walk.

Explore every corner of my brains. Take my cells, if necessary, and let them grow so that someday a speechless boy

will shout at the crack of a bat and a deaf girl will hear the sound of rain against her window.

Burn what is left of me and scatter the ashes to the winds to help the flowers grow.

If you must bury something, let it be my faults, my weaknesses and all prejudice against my fellow man.

If by chance you wish to remember me, do it with a kind deed or a word to someone who needs you.

If you do all I have asked, I will live forever.

## Robin's 'Ritins

Well, school is out for the year and 8th grade graduation is Friday, May 28, and Senior graduation is May 29. Everyone, especially the Seniors, are real excited about getting out of school. There will be a few tears shared. Some of happiness, fear and sadness. We seniors will be happy about venturing out in the world but afraid of what could be out there. Sadness will be felt as we leave behind our friends, loved ones and special ones.

The Seniors realize that we will never be together again as a class. The friendship bonds will always be tied and will hopefully become stronger as we travel in our own different directions in life.

As the Seniors of 1993, we now take the time to say farewell, to our friends, teachers, and loved ones. May the bonds of friendship and love stay strong forever.

## What's Happening...

Thursday, May 27: Basketball forms are due the last day of school. Please pay with registration form. Please get them in as soon as possible.  
Friday, May 28: Awards Assembly, 2:00 p.m.  
8th Grade Graduation, 7:30 p.m.  
Saturday, May 29: High School

Graduation, 7:30 p.m.  
ALL HIGH SCHOOL STUDENTS BE SURE AND COME TO P.T.O.'S ALL NIGHT DRUG FREE PARTY. THERE WILL BE A D.J. PLUS LOTS OF GAMES AND PRIZES. HOPE TO SEE YOU THERE!

## Graduation Memories

from page 1

Our Senior banquet was held in the old Lubbock Hotel, then we danced in the ballroom. We had a lot of fun - without beer, booze or drugs. Our parents put us under curfew, too. We had to be home by twelve!

And now there is no Baccalaureate. It makes me wonder if that is another concession we have been forced to give the Atheist.

In recent years after graduation a beer bust at twin bridges between Matador and Whiteflat was the "in" thing. The parents of the class of '66 decided to have some other type of entertainment. Several couples of us went together, hired an orchestra, made sandwiches and cookies, bought potato chips and made gallons of punch, rented the American Legion building and everyone enjoyed dancing. At 6:00 a.m. I went home and cooked breakfast for them and then they all went to Roaring Springs to swim. The Chaperones were half dead, but the Seniors certainly had a good time.

It's good to know that the PTO is providing entertainment for the high school people. Keep up the good work!

**MARINERS:** Coaches, Billy Osborn, Brenda Osborn, Bettye Stevens.  
Britt Pierce, Ricardo Luna, Mona Saldana, Julio Davila, Brittany M. Moore, Chantry Meyer, Brady Brooks, Dakota Mcyer, John Wesley Stevens, Sabrina Osborn.

**RANGERS:** Coaches, Jim Cooper, Kathy Gillespie, Brenda Cruse.

Clint Cooper, Derrick Cruse, Nicholas Perida, Brenda Gillespie, Lacy Carson, Sylvia Martinez, Cole Grundy, Cody Cooper, Clay Cooper, Emily Hurt.

# 1993 Senior Class History

## CLASS WILL

by Christie Potts

Our history as a class began in 1980 when several of us invaded the Motley County kindergarten and begin to grow and prosper under the guidance of Mrs. Hoyle. In our class that first year were: Bradley Jameson, Jagruti Patel, Christy Potts, Noel Guerrero, Lyndee Spray, Lacey Parks, Aimee Pipkin, Andy Renfro, Robin Long, Mat Linson, Burr Barton, James Martin, Mark Marshall, Wendi Beshirs, Erin Bostick, Thiry Long, Shane Taylor, and the five students that have stayed through our senior year are Bradley Jameson, Christy Potts, Noel Guerrero, Andy Renfro, and Robin Long.

This was the beginning of a long career of unusual activities for Burr and Bradley. One day at nap time they turned over the see-saw that was in Mrs. Hoyle's room. Luckily no one was injured. Jagruti also had a turn at turning things over - she cried so hard one day that she tipped her desk over. At nap time, no one wanted to nap - we all wanted to talk, a habit which we seemed to carry over to our high school days.

Mrs. Hoyle gladly turned us over to Mrs. Richards for our first grade year. We were joined that year by Roegan Cruse, Frankie Ortiz, Adriana Moreno, Lori Barrera, Cory Bell, Jamie Davis, Linda Gonzalez, Christie Hoover, Emilio Sanchez, Junior Rosenbaum, and Thomas Torres. Erin Bostick and Lacey Parks left us.

Jagruti threw rocks at some of the girls and got into trouble - the last time she had been in real trouble in her school career.

Mrs. Schultz was our second grade teacher. Leslie Lester, Daniel Alexander, Lacey Parks, David Thompson and Isabelle Torres joined our rank this year. Bradley and Burr got into a fight in the restroom and Mrs. Schultz had to spank them. They say she cried harder than they did. None of us since then have been that soft hearted when dealing with them. Daniel started things off right by chasing the girls and kissing them - we don't know if it made them cry or not. That year we lost Corey Bell, Junior Rosenbaum, Emilio Sanchez, and Shar Taylor.

Third grade saw Marvina Smoak, Larry Griffin, Kathy Raetz, Emilio Sanchez and Tad Terrell become a part of our class. Mrs. Garrison was our teacher that year. Marvina started the year off right - she was demonstrating how to do the splits - but her pants split more than she did. Daniel has already begun having delusions of grandeur - he announced to the class that he was going to go to Hawaii and live in a big mansion. And Larry led everyone around the playground with his

boom box blaring Michael Jackson. In fourth grade Lavenia Bowden, Ruben Martinez and Shonda increased our numbers. We lost Daniel, Larry, Frankie and David. This was the year of the portable buildings - or at least one of them. There are many tales that could be told about the restrooms and the holes in the walls, but these stories would probably be better left untold. Lyndee and Christy fought over Tad all year, and sometimes just shared him.

In fifth grade we were taught by Mrs. Johnson. At the end of the year, we had a surprise party for Mrs. Johnson because she was retiring. We have always wondered if she decided to retire just because she had our class that year. Joel Guerrero, Roy Moreno, and Steven Meredith became a part of our class that year. We lost Jamie, Linda, Christie Hoover, and Lacey.

Just before Christmas of our sixth grade year, we moved into the new school building. This year we got Daniel and Lacey back once again and added Mercy and Renee Klebahn. We lost James and Isabel. That made our number, 31 students. Mrs. Read was our teacher. This was the year we started playing football and basketball.

The next year we began seventh grade and traded Mrs. Read for Mr. Read as our homeroom teacher. We gained Chris Campbell and Danny Sailsbury, and lost Wendi, Lavenia, Mercy, Renee, Robert, Kathy and Tad. Our other teachers were Mr. Davis, Mrs. Staggs, Coach Wilson, Mrs. Hays and Coach Marks. This was the year of the notes. Everytime we turned around we were in trouble for writing notes. You would think we would have learned our lessons eventually - but not yet!

Mrs. Hays and Mrs. Pipkin shared our 8th grade year, with Mrs. Pipkin getting stuck with us during HAT period and Mrs. Hays the sponsor. This year Tad came back, and Martha Chapman and Laura Rojas joined us. Joel, Thiry, Rueban, and Roy left our class. One of the most memorable things we did this year was make videos in history. Mrs. Burkes had us write little plays pertaining to some event in history and we dressed in costumes and videos ourselves. Some of us definitely have a future in dramatics.

Our Freshman year started out with a bang. We were ready to take over. We gained Dana Monroe, but we lost Martha, Laura and Emilio. This was the year Chris came to school on Halloween dressed as a girl. He looked like a cross between Tina Turner and Manute Bol. As for the rest of us, or the ones the Seniors could catch, we dressed up as

shaving cream and eggs. As Sophomores, we gained Lavenia Bowden, Monica Brooks, Dennis Christie, Robert Fisk, and Emilio Sanchez, and Lori left for Mexico. Does everyone remember the pep rally that Danny and Shonda were picked to play Horace and Harriett Home? Or how about when Burr let the whole class know he was bloated!

Junior year decreased our numbers dramatically. We lost ten of our close friends - Burr Barton, Lavenia Bowden, Monica Brooks, Dennis Christie, Mat Linson, Dana Monroe, Jagruti Patel, Aimee Pipkin, Emilio Sanchez, and Tad Terrell. However, we gained three new friends - Brandy Blanch, Mark Brannon, and Shawn Elliott. By now, we were

### Dustin Davis Achievement Academy

States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other

already getting senioritis, as juniors! Although we tried to make it a great year. We painted a great homecoming sign and put everything we had into making a perfect prom. All of us became closer this year as we started to realize the end of high school was near.

In our senior year we gained Kara Boykin and we lost Robert Fisk and Lyndee Spray Jameson. Lyndee gave birth to a beautiful baby girl named Leanne, who I consider our class mascot.

Now we have reached the moment in time that we are Seniors. It has been a long journey filled with laughs and tears. We have just begun to fulfill our destinies. And no matter what our futures may bring, we will have these many moments to fill our memories.

school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director. Dustin is the son of Bob and Rosalee Davis of Matador. The grandparents are Mr. and Mrs. R.W. Davis of Lubbock.

### God Bless You!

Happy Graduation Day!

Kathy's

Andy leaves his ability to lift weights over the summer to Matt Mangram. Danny wills her ability to squat weights correctly to Keri. Watch that form!

Marvina leaves Teresa her ability to be daring and say what's on her mind. Somebody's got to make things exciting around Matador!

Adriana wills her politeness in class to Jeremy, Tye, Cody and Kyle. Daniel leaves his head manager job and towel to James, and James to Coach Graves and Coach Milam.

Shonda leaves her perky smile to Whitney. Mark leaves Dustin his football number, room 69. Wear it proudly Dustin. Roegan leaves his slim, trim tummy to Jeremy.

Shawn and Roegan leave their ability to do nothing and still get in trouble to Joe Don and Robert. Noel leaves his tight senior schedule of classes to Frankie. Hopefully you'll be able to manage with only three off-periods.

Les leaves his West Texas accent and shapely body to Chance. Lacey leaves her ability to think and talk at the same time to Sheryl. It might take some practice, Sheryl!

Christy wills her ability to sign out at the office to Joe Don. Now you can go anywhere you want without getting in trouble, Jody!

Marvina wills her "I don't care" attitude to Tammy. The Senior football guys leave their ability to party without getting caught to next year's football guys. Party on, dudes!

Last, but not least, the Seniors of '93 would like to leave some advice: don't give your Freshmen one inch of power, and get "Senioritis" now!

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Christie is the daughter of Larry and Vickie Pierce of Roaring Springs. Her grandparents are Lillie Pierce of Roaring Springs and Lillian Kruger of Hamilton. We cannot be just if we are not kindhearted.

# Agriculture Capitalization Rate Affects Land Values

by Kathleen Wason

Most people know that interest rate changes represent the classic two-edged sword. When interest rates decline, people who rely heavily on the interest on their savings see a drop in their incomes. But home buyers find that the cost of a new home is cheaper. Those who are trying to save money for the future will not receive as much reward for their efforts, but businesses that are borrowing money to expand will find it less expensive to do so.

This two-edged sword also operates when appraising agricultural land. When farmers learn that interest rates are declining, they may be glad to hear the cost of borrowing operating funds will be lower. However, they also should know that as interest rates decline, the property taxes on their farms may rise.

If you are wondering how that can happen, here's a brief explanation of the

relationship between changing interest rates and agricultural land values.

Qualified agricultural land is taxed on its productivity value. To determine that value, the county appraisal district first calculates the property's income generated by the land after expenses have been paid - commonly known as net-to-land. The appraiser is then required by the Property Tax Code to divide the net-to-land by the annual capitalization rate, or "cap rate", to arrive at the land's productivity value.

**Net-to-Land**  
**Cap Rate = Productivity Value**

The cap rate may change annually. It always is the greater of 10 percent or the interest rate charged on the previous December 31 by the Farm Credit Bank of Texas plus 2.5 percent. For example, the bank's interest rate on December 31, 1992 was 8.5 percent. By adding 2.5 percent, the result is a 1993 cap rate of 11 percent. As the interest rate declines, so does

the cap rate. However, when the net-to-land remains the same and the cap rate drops, the result is a higher productivity value. If the tax rate stays the same (or increases), the owner pays higher property taxes.

For example, if a farmer's acreage has a net-to-land of \$10 per acre, and the interest rate is 11 percent, the cap rate will be 13.5 percent. That \$10 per acre divided by 13.5 percent produces a productivity value of \$74.07. By comparison, if the interest rate drops to 8.5 percent as it did on December 31, 1992, the cap rate is 11 percent. The same \$10 per acre net-to-land results in a productivity value of \$90.91 and probably, a higher property tax bill.

Using the same example of a \$10 per acre net-to-land, the table below shows how changes in the cap rate affect the productivity value of land.

# Complete Terrace Construction Required In FSA Farm Bill Compliance Plans

Part 3 of 3 parts  
by Edward J. Logan,  
Range Conservationist

The majority of FSA (Farm Bill) plans in Motley have Terraces planned. Farm Bill provisions require producers to construct terraces in accordance with SCS specification. Construction is also to be completed by agreed-upon dates specified in each producers Farm Bill and loss of USDA program benefits.

The most common types of terraces constructed in Motley County are Standard, Parallel, Basin and Diversion Terraces. The primary purpose for the construction of these type terraces is to reduce or control water erosion. With the construction of terraces several advantages other than erosion control are achieved. One advantage from terraces is a reduction of sediment in runoff water. Improved water quality and moisture conservation by retaining runoff is yet another advantage.

Terrace construction required under FSA must meet SCS specifications. The Soil Conservation Service will work to assist producers by providing written construction specifications for terraces. We also assist with the layout and check-out of terrace systems. However, time for

completing planned terrace construction is running short. Producers must complete terrace construction as scheduled in their plans to remain in compliance. In Motley County there are an estimated 100 jobs and nearly 1,500,000 feet of terraces scheduled to be constructed in the next two years. Due to this workload producers are urged not to wait until the last minute to complete scheduled terrace construction.

Cost share funds may be available to assist producers with the expense of terrace construction. The Great Plains Conservation Program (GPCP), Long Term Agreement program (LTA), and the Agriculture Conservation Program (ACP) may be available to provide cost share funds. For more information about the various cost share programs contact the Soil Conservation Service personnel in the Matador Field Office.

Programs and services of the Soil Conservation Service are offered on a nondiscriminatory basis without regard for race, color, national origin, age, sex, religion, marital status or handicap.

# Five CEU's Offered At Crop Scouting Workshop In Plainview

Training of scouts who survey crops to assess pest infestations in integrated pest management (IPM) programs across the area will be held in Plainview June 1 at the Ollie Linder Agricultural Center, on South U.S. Hwy. 87 (Business 87).

The workshop is open to summer scouts of private consultants and aerial applicators as well as farmers who scout their own fields. It is conducted by the Texas Agricultural Extension Service. Training begins at 8:30 a.m. and ends at 4:30 p.m.

It has been accredited by the Texas Department of Agriculture for five continuing education units (CEUs) toward recertification requirement for private, commercial and non-commercial pesticide applicators.

This year's workshop will provide instruction on scouting cotton and grain, identification of plant disease and nutrient deficiency symptoms, use of herbicides and safe handling of pesticides, said Dr. James F. Leser, Extension Service entomologist at Lubbock.

IPM is a coordinated approach to management decisions based on pest infestation levels and economic thresholds. The goal of IPM is to effectively control weeds, insects and diseases and maximize net profit while creating minimal harm to crop or environment.

Scouts examine fields in a systematic pattern at regular intervals each week. Producer treatments for pests are based on economic threat to the crop, presence of beneficial insects, which are enemies of the pests, and proper timing of pesticide applications for maximum returns with the lowest chemical input.

Topics for the workshop, and the instructors, all of whom are Extension Service specialists or pest management agents, are:

CEU training and instructions, Leser, Principles of IPM and sampling Greg Cronholm, Hale-Swisher pest management agent, Plainview. Cotton growth and development, Dr. Kater Hake, agronomist and cotton specialist, Lubbock. Thrips, fleahoppers and aphids,

Tommy Doerderlein, Dawson-Lynn Pest Management Agent, Lamesa. Bollworms, looper and armyworms, Mark Logan, Scurry Pest Management Agent, Snyder. Beneficials, David Kostraum Crosby County Pest Management Agent, Crosbyton.

Major diseases and symptoms, Dr. Harold Kaufman, plant pathologist, Lubbock. Plant nutrient deficiency symptoms. Dr. Michael Hickey, soil chemist, Lubbock. Herbicide injury and common weeds, Dr. Peter Dotray, Weed Scientist, Lubbock. Corn and sorghum growth and development, Dr. Brent Bean, agronomist, Amarillo.

Sorghum pests, Dr. Pat Morrison, Entomologist, Lubbock. Corn pests, Brant Baugh, Bailey-Parmer Pest Management Agent, Farwell. Pesticide safety, Andy Williams, Castro-Lamb Pest Management Agent, Dimmitt.

Additional information about the workshop is available at the Motley County Extension Service.

### ESPY SAYS USDA PROGRAMS CAN HELP LEAD COUNTRY IN NEW DIRECTION

Secretary of Agriculture Mike Espy, testifying before the Senate Appropriations Subcommittee on Agriculture, Rural Development, and Related Agencies on the U.S. Department of Agriculture's FY 1994 budget proposals, said he intends to be a loud and persistent voice for rural America. "Rural revitalization will be one of my top priorities," he said. "USDA programs can help lead in turning the country to a new direction."

As part of the rural development initiative in the economic plan, USDA is requesting significant increases for loans and grants for community facilities and rural businesses. These programs will provide jobs and services for families in small towns, Espy said. Among them are proposals to provide thousands of families access to clean water and sanitary waste disposal, and to provide 108,000 housing units, a 27 percent increase over last year. Also under the plan, health care facilities would be built and expanded, and fire and rescue services would be enhanced all across rural America.

Another major proposal is the creation of "one-stop shopping" for farmers. Espy said a single Farm Service Agency will be created from current USDA agencies serving farmers at the county and regional level. "The proposal would improve service for farmers while reducing staff needs and administrative overhead at the USDA national, state and local levels," Espy said.

Espy also said that in order to reduce the deficit, a number of programs will be

targeted for reductions. Those changes include:

- making Rural Electrification Administration loans at Treasury rates while preserving loans for truly needy borrowers;
- charging meat and poultry inspection fees to cover all overtime work beyond the first scheduled shift;
- eliminating lower priority economic and agricultural research;
- targeted foreign agriculture market development activities where trade prospects are most promising;
- reducing direct farm credit but increasing subsidized guarantees;
- beginning with 1994 crops, limiting income support payments to those farmers making less than \$100,000 in off-farm income;
- limiting wool and mohair direct support payments to \$50,000 per person; and
- eliminating honey program subsidies beginning in FY 1994.
- eliminating honey program subsidies beginning in FY 1994.
- reforming the crop insurance program.

Espy said he will dedicate himself and USDA to being a positive force in improving and economic health of America, particularly rural America. "I intend to work hard to ensure that people living in rural America have access to basic services which other areas of the country take for granted," he said. "I will seek to reach out to all USDA constituents and become an honest broker for their responsible concerns."

*"Let no one be found among you....who practices divination, or sorcery, interprets omens, engages in witchcraft, or casts spells, or is a medium or spiritist or who consults the dead."*

Deut. 18:10-11

Debbie Arrington, right, was named Conservation Homemaker of the Year, Hemphill County by Soil and Water Conservation District at an awards banquet. Debbie is the daughter of Mr. and Mrs. Ronald Clay of Plomot. She and her husband, Mike run the Arrington Ranch south of Canadian where Debbie is involved in every aspect of ranch life from bookkeeping to cattle branding. She particularly likes country life because of the privacy it affords her and her family. She has shown quarter horses, has been involved for several years with the 4-H Riding Club, works with the couple's three sons in preparing animals for the livestock show, loves gardening and yard work as well as cooking. She is also active in the Presbyterian Church and teaches a Sunday school class of three and four year olds. Debbie is a graduate of Motley County High School.

by Mary Jane Shanes

### IF YOU'RE ON MEDICARE, HERE'S A STORY THAT COULD HAPPEN TO YOU!

You're visiting your son in another State and become ill. You call your son's doctor and discover that she doesn't accept assignment on Medicare claims. What does this mean and what can you do? Should you search for a doctor who accepts assignment on Medicare claims? Not necessarily.

When physicians accept assignment on all or some of their Medicare claims, they agree to charge no more than the amount Medicare approves for each service they offer. Since Medicare will pay 80 percent of the approved charge, this means you will be responsible for paying only 20 percent of the approved charge.

Physicians who don't accept assignment can charge more than the Medicare-approved amount, but because of a new law, they are limited in the extra amount they can charge you. This year, the most

they can charge for Medicare covered services is 115 percent of the Medicare approved amount. For example, if the Medicare fee schedule amount for treatment by physicians who don't accept assignment in the local area is \$100, the physician who treats you cannot charge you more than \$115. When you get your

Jeremiah 20:13

## COUNTY AGENTS COMMENTS

by Michael Clawson

### June 9-13 Is Optimum Time To Spray For Pecan Nut Casebearer

Based on spring temperatures, rainy weather, a computer model, and field scouting, the predicted first entry date for the pecan nut casebearer in Motley County is June 9-13. Each year, specialists with the Texas Agricultural Extension Service monitor the northward progression of the pecan nut casebearer in order to predict an optimum date for insecticidal control in each county.

The pecan nut casebearer is the one of the most damaging insect pest of Texas pecans. It is found in almost all of the pecan growing area of Texas and can cause serious crop loss every year is left uncontrolled. The casebearer larva or caterpillar feeds inside pecan nuts. First generation larvae are the most damaging and are generally active for the Motley County area during the first of June.

The adult casebearer is a gray moth about 1/3 inch long. They have a ridge of dark scales running across their forewings. The moths are active only at night when they mate and lay eggs on pecan nuts.

Each female lays 50 to 150 eggs during her 5-8 day life. The eggs are greenish white to white, changing to pink or red prior to hatch. Eggs will be found on the tips of the nutlets.

Casebearer larvae are olive gray to jade green in color and reach a length of about 1/2 inch. They feed for a day or two on a bud below the nut cluster and then enter the pecan nut, often tunneling in at the base. Silk or black frass (excrement) are often visible on the outside of infested nuts.

Larvae feed inside pecan nuts for 3 to 4 weeks, depending on the temperature. Full-grown larvae pupate in the pecan nut and the adult moth emerges about 9 to 14 days later. The pecan nut casebearer

completes several generations each year. The third or last generation overwinters in a tough, silken cocoon and emerges in the spring to complete the life cycle.

To control newly hatched casebearer larvae, insecticide applications must be accurately timed. Once inside the nuts, larvae are protected from insecticides.

Nuts should be carefully examined for casebearer eggs to determine if treatment is necessary. Insecticides should be applied within 2 to 3 days after the first eggs hatch. Often a single, carefully timed insecticide application provides adequate control. However, a second application may be required if unhatched eggs are found 7 to 10 days after the first application.

Although the predicted optimum time to spray is June 9 to 13, it should not be a substitute for field scouting. Motley County growers should start inspecting their pecans for eggs at least a week before the predicted date. Changing weather conditions near the spray date can influence egg laying.

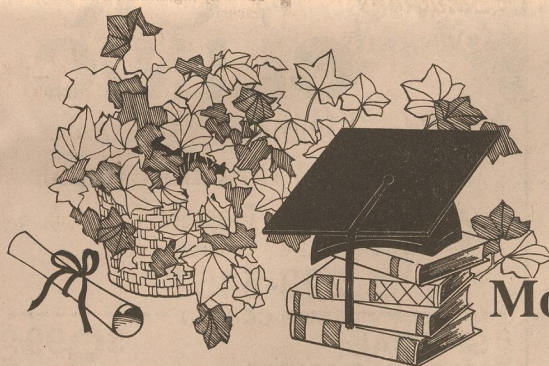

There are several insecticides labeled for pecan nut casebearer control in pecans. Some of the most common are Malathion, Lorsban, and Thiodan. If Sevin or Ammo is used, survey the pecan trees for increased aphid or mite infestation. For biological control, an insecticide containing Bacillus thuringiensis can be used. These insecticides are mentioned for educational purpose only, contact your pesticide dealer for additional insecticides and recommendations.

Remember to always read the pesticide label for rates, recommendations, and precautions. For additional information, contact the Motley County Office at (806) 347-2733.

## OBITUARIES

### EULA SULLIVAN

Eula Gladys (Newby) Sullivan, 85, died Wednesday May 19, 1993 at Ft. Worth, Texas. Funeral services were held Saturday, May 22 at 2:00 p.m. at the Howell-Doran Funeral Home Chapel. Interment was at China Creek Cemetery with Rev. Tom McCollister officiating.

Mrs. Sullivan was born August 16, 1907 in San Saba County to James Arthur Newby and Maud O'Neal. She had lived most of her life in San Saba County. She married Cecil Delmus Sullivan August 24, 1930 in San Saba. He died November 29, 1985. She was a housewife and a Baptist.

Survivors include two sons and two

daughter-in-laws, Cecil Ward and Janet Sullivan of Ft. Worth and James Ralph and Cinda Sullivan of El Paso; three daughters and two son-in-laws, Doris Nell and Gid Simpson of Matador, Mildred Ann Sullivan Byrd of Glen Rose and Virginia Maud and Bobby Atkinson of Ft. Worth; fourteen grandchildren and 11 great-grandchildren; three sisters, Polly Smith of Richland Springs, Elsie Terry of Waller, and Ida Terry of Richland Springs.

She was preceded in death by her parents, James Arthur and Maud Newby, her husband, Cecil Sullivan and one sister, Cleo Gaddy.

### JOHN C. IRWIN

Funeral services for John C. Irwin, 90, of Matador were held at 10:00 a.m. Friday May 21 at the Church of Christ in Matador. Officiating was Mike Crowley, minister of the Matador Church of Christ and Norman Morrow, (Mr. Irwin's son-in-law) of St. Francis, Kansas. Interment was in East Mound Cemetery at Matador under the direction of Seigler Funeral Home.

Mr. Irwin died at 10:00 p.m. Tuesday at Crosbyton Clinic Hospital, following a sudden illness.

He was born July 30, 1902, at Rotan, Texas, and moved to Motley County in 1912. He was married to Electra Lisenby January 1, 1929, at Whiteflat, Texas.

Mr. Irwin was a retired auto salesman and farmer, and had served as a director

of the Federal Land Bank Association for over 31 years. He was a member of the Church of Christ.

He was preceded in death by two sons, Cecil Irwin in 1959, and John Houston Irwin in 1992. He is survived by his wife, Electra; one son, Jimmie Irwin, of San Antonio; one daughter, Mary Morrow of St. Francis, Kansas; one brother, Bill Irwin, of Yuba City, CA; one sister, Ruth Parish of Yuba City, CA; 12 grandchildren and 7 great-grandchildren.

Grandsons served as pallbearers. They are Brian Irwin, Rick Bartholomee, Jesse Chavez, Joe Irwin, Doug Morrow, David Morrow, Derek Morrow and David Irwin. Honorary pallbearers were R.C. Giesecke, Kirby Campbell, Jim Cross, Vaden Hays, James Gwinn, Travis Jameson, Franklin Jameson and Foy Nichols.

## Matador News

### GERRY JONES TESTIFIES BEFORE LEGISLATURE

Gerry Jones, FNP in the Matador clinic, South Plains Health Provider, was asked by State Representative Bob Turner to testify in Austin before the Legislature on House Bill 1161. Her experience as an FNP in rural areas made her an ideal choice to go before a committee and attest to the hardships caused by laws forbidding nurse practitioners to dispense drugs in their own name. The bill, which is still at the committee level, would allow NPs to write prescriptions in their own name for drugs they already prescribe in a physician's name.

"There's a lot of opposition by the Texas Medical Association," according to Gerry, and the bill may not even make it out of committee this year. Dr. Pat Williams, of Matador, and Dr. Karen Holman, Medical Director of South Plains Health Provider of Amarillo, both provided supporting testimony of which is now a part of public record.

### COME & GO SHOWER FOR WALLINGSFORD FAMILY

There will be a come & go shower for Joe and Martha Wallingsford and family, who lost many of their belongings in a fire last week, at the Senior Citizens building in Matador, June 1, 1:30-2:30 p.m.

Sizes are posted at Matador V&S Variety.

Zona Ruth Cammack visited her daughters and families in Abilene recently, Mr. and Mrs. J.R. Swim and children and Mr. and Mrs. Jerry Walker and daughter. She also visited in San Antonio with her son and wife, Mr. and Mrs. Charles Cammack.

Mrs. Ted Elliott returned home recently form a visit with her son, Larry Elliott, a professor at the University of Florida, in Gainesville. Highlights of the trip included visiting the Kennedy Space Center in Orlando, the Stephen Foster Museum, Florida State prison, Arabian horse stables and many other attractions in the area.

Mrs. W.N. Pipkin arrived home

**JULIE CLAY HONORED**  
 The First Baptist Church in Flomot honored Julie Clay, a Valley High School graduating senior and active member of the church, with a covered dish luncheon in the Fellowship Hall, Sunday, May 23. Guest speaker at the church services was former pastor, the Rev. Raymond Crowder of Lebanon, Missouri, accompanied by his wife.

Miss Clay, daughter of Mr. and Mrs. Joe Ike Clay, was presented a beautifully decorated cake and gifts. Gaily colored blue bandannas and red streamers adorned the tables laid with white cloths. The

centerpieces were blue and white flower arrangements. Pictures were taken of the happy occasion.

### GRADUATION RECEPTION

Mr. and Mrs. Joe Ike Clay were hosts at a reception in their home for their daughter, Julie, following her VHS graduation ceremony, Friday night, May 21. Over 40 relatives and friends enjoyed the good refreshments and entertainment.

Special guests were Julie's grandmothers, Mrs. Lillie Tanner of Tullia and Mrs. Mary Clay of Flomot. The grandmothers were blessed to be able to attend their last and youngest grandchild's high school graduation. It completed a perfect record for both ladies who have attended all of their grandchildren's high school graduations.
