OLD BANNER of the Motley County Singing Convention, held by President Randall Whitworth, whose late father, W. J. Whitworth was the first President. The ornate banner, believed to have been used about 1900, was delivered to Mr. Whitworth by James Monk family, and had formerly been in the possession of the R. H. Tanner family. At one time the organization had singing classes which received the banner for leadership in singing.

NERVES, JUST NERVES

"Your trouble is nerves, just important to your body to be smissed so easily.

Nerves make possible every function of your body. Your nerves transmit all sensation to ind from the brain. Your nerves

make possible sight, smell, taste and hearing. Nerves regulate vour blood pressure. Nerves control your stomach action. Nerves make your bowels and kidneys work. In fact every function taking place in your body is under the control of your nervous system.

Realizing this, you can see how a chiropractor can help you for residents and Mrs. Laird to better health. The chiropracwill be remembered as Roma Jo tor keeps your spine in line which in turn allows all the Mr. and Mrs. R. W. Powell nerves passing thru the spine to

Mr. and Mrs. Thomas J. Camp and daughter of Texas City visited last week with his mother Mrs. Hope Fish and brothers Bill and Andy. They also visited in Matador with Mrs. Camp's parents Mr. and Mrs. J. B. Simpson and other relatives.

Mr. and Mrs. Bob Martin were in Amarillo Thursday assisting their son Dewayne with some repair work on his house. Mr. and Mrs. Dewayne Martin spent the week end with his parents. Mrs. Martin also visited in Matador with Mrs. David Thompson.

B. B. Bristow of Hobbs, N. M. came Friday to accompany his wife home after a weeks visit with her daughter and family, Mr. and Mrs. H. R. Jameson, Mr. and Mrs. Bristow left for their home Sunday. Also visiting in the H. R. Jameson home, Sunday were her uncle and family, Mr. and Mrs. Cliff LeFevre of Stamford.

Visiting in the John Whitefield home last week were their son and family, Mr. and Mrs. Harvey Whitefield of Spearman;

Should medical care for the aged be voluntary or compulsory?

and

# It' Your Decision!

# THE ISSUE: Compulsion versus Freedom of Choice Here's what we reject:

## Here's what we favor:

As Americans, we believe that our aged citizens who need medical care should get it, whether or not they can afford to pay for it.

We favor a program of medical aid for the aged sensibly designed to help those who need help.

Such a program is available now and should be given a fair trial. It is a voluntary program. It consists of voluntary health insurance for those able to purchase it and the Kerr-Mills Law for helping those . who need help in paying for medical care.

Voluntary health insurance policies and Blue Cross and Blue Shield plans now are available to all aged everywhere. More than 9,000,000, or 53%, of the aged already have health insurance. This is three times as many aged as had health insurance 10 years ago

The Kerr-Mills Low, passed by Congress in 1960, enables individual states to guarantee to every aged American who needs help the health care he requires. In addition to the more than 2,500,000 Americans covered by Old Age Assistance, the law is designed to benefit all other older persons who could not meet the cost of a serious or prolonged illness. It helps those who need help.

The Kerr-Mills Law preserves the quality of medical care - maintaining the patient's freedom of choice and the doctor's freedom to treat his patients in an individual way.

It allows each state to provide as wide a variety of health services as it chooses and does not limit the length of time an eligible person may receive them.

It avoids waste of tax dollars by helping only those who need help.

controlled health care scheme for any segment of

our population would be bad for the nation, we urge

you to write your Senator and Congressman. Urge

them to reject the King-Anderson Bill. Ask your

Kerr-Mills Law.

As Americans, we are deeply concerned about the dangers of socialized medicine. And we are not crying "wolf" when we apply that term to the King-Anderson Bill now before Congress.

The bill, if enacted, would provide limited Federal health care benefits for those over 65 eligible for social security. It would require the patient to pay \$10 a day for the first nine days of hospitalization. with a minimum of \$20, and \$20 for each complete diagnostic study

It would be compulsory . . . covering everyone ehgible for social security (regardless of need), and compelling every wage-earner and employer to pay the bill through increased taxes.

It would lower the quality of medical care ... with Government controlling standards of practice and limiting free choice of hospital and physician. Personal health problems would become a matter of Government record.

It would be staggeringly expensive . with a double increase on payroll taxes - more payroll deductions through a greater percentage of tax and a higher base on which to deduct. Passage of the bill, plus social security tax increases already scheduled would mean that by next year a wage-earner making \$5,200 a year would pay 40% more tax than he paid in 1961.

It is inequitable . . . compelling young wage-earners to pay higher payroll taxes to provide medical care for millions of the well-to-do and self-reliant. yet not providing any care for the 2.5 million not covered by social security - the group most in need.

It is unnecessory . . . No one has yet produced evidence that such radical legislation is needed.

It would mean socialized health care . imme diately for all those over 65 eligible for social security and eventually for every man, woman and child in America

# It's your decision If you agree with us that a Federal Government-

ONE OF THE LARGEST AND FINEST PHARMACIES IN WEST TEXAS

Three times in the past several years proposals similar to the King-Anderson Bill have been blocked by an upsurge of public protest. Such a scheme is just as undesirable and as unnecessary today. It must be defeated again if this nation is to preserve the highest quality of medical care in the world.

representatives in Washington to preserve our present program of voluntary health insurance and the IT'S YOUR DECISION! LET'S HELP THOSE WHO NEED HELP! **Bob Stanley Pharmacy**
