Flu Shots Necessary For Many Groups Of People

According to the September issue of *Texas Preventable Disease News*, it is very important for people to get their flu shots during this season of the year. Studies show that groups at increased risk for influenza-related complications include:

1. Persons age 65 and older;
2. Residents of nursing homes and other chronic-care facilities housing persons of any age with chronic medical conditions;
3. Adults and children with chronic disorders of the pulmonary or cardiovascular systems, including children with asthma.
4. Adults and children who have required regular medical follow-up or hospitalization during the preceding year because of chronic metabolic diseases (including diabetes mellitus), renal dysfunction, hemoglobinopathies, or immunosuppression (including immunosuppression caused by medications).
5. Children and teenagers (6 months - 18 years of age) who are receiving long-term aspirin therapy, and therefore may be at risk of developing Reye syndrome after influenza.

Dr. Dale Rhoades, Dr. Kirk Chandler and Dr. Steve Alley, of Crosbyton Clinic Hospital's Medical Staff, are administering flu vaccinations at this time. Schedule an appointment by calling 675-2382.

Love Fund Established For Elgie McCleskey Family

A Love Fund has been established for the Elgie McCleskey Family at the First State Bank in Matador. Contributions may be made at the Bank or some businesses in Roaring Springs and Matador.

Southwest Outdoors

with Mel Phillips

The happiest hunters in Texas are the archery enthusiasts. Between now and October 31, the only hunters allowed in the field must use a bow and arrow. One can usually tell bow hunters from normal people because normal people seldom wear camouflage face make-up, full body camo-clothing, or smell like scared skunk. Archery hunters do have the proper attitude that allows them to enjoy the beauty of the great outdoors where actually taking a shot is considered a bonus.

Archery trip of the Week - If you want to make an archery hunter happy, just ask "What is jumping the string?" Warning - a complete description will take up to thirty minutes. Describing how a trophy buck jumps at the twang of an arrow leaving a bow string is what separates the pretenders from real hunters.

FISHING in the world of fishing, some of the most dedicated anglers are what I fondly call the little old ladies. They may not be little and need not be old, but they share one common trait: they love catching fish and are good at it.

Meet Mary Marsh from Pampa. This 62-year-old enjoys catching fish. Her husband, Darrell serves as guide during their frequent trips in search of strippers, crappie, and walleye. On September 9th, while trolling for strippers at Oklahoma's Ft. Cobb Reservoir, something attacked her gold Hot-N-Tot.

This stripper didn't act right. It just sat on the bottom and tried to pull Mary into the lake. After two hours of pumping and winding, her 17lb. Stren line slowly won the tug-of-war. Darrell used an antique hay hook to somehow pull a huge catfish into their boat.

Mary was exhausted, and Darrell wondered if that fish would ever stop thrashing his fishing tackle. Later at J&M Bait Shop, this monster catfish measured 48 inches long, 36 inches girth, 12 inches across the head and 8 inches between the eyes. Oklahoma Park Ranger John Bailey verified Mary's flathead catfish at an official 62 lbs.

Like golfers that shoot their age, Mary is already making plans for next year's 63 lb. fish.

QUAIL - with recent surveys indicating a 20% increase in quail populations, it is past time for both you and the birddog to get ready for opening day on November 2nd.

OOPS! Recently in this column, when discussing cove kills by Joe Kraai of Texas Parks and Wildlife, I incorrectly noted "no record of 'cove kills' at Lake Baylor." It has come to my attention that all the fish in a cove at Lake Baylor were indeed killed by rotenone ---- some twelve years ago. My mistake. I failed to check records that far back in history.

PLAYA PETE thinks that Lake Meredith could use a twelve year rest from cove kills. Think about it.

Therefore, lay aside all malice, all guile, hypocrisy, envy, and all evil speaking. — 1 Peter 2:1

A 2-for-1 challenge grant offer from The Meadows Foundation inspired enthusiastic supporters of the Motley County Historical Museum to pledge \$2,100 after an October 3 meeting.

For every dollar collected toward the refurbishing of the old Traweek Hospital building, The Meadows Foundation of Dallas, one of the largest private philanthropic organizations in Texas, will match with two dollars, up to \$12,000.

But time is limited with less than sixteen weeks to the February 1st deadline to raise \$3,900 toward the challenge grant goal of \$6,000. Donations can be sent to Hazel Donovan, treasurer; Glenn Woodruff, president; Charley Johnson, vice-president; or Marisue Potts, secretary.

During the meeting a policy on donors was implemented. The names of those donating \$100 or more to the museum will be engraved on metal nameplates and attached to a wooden plaque to be prominently displayed in the lobby.

For those wishing to add their family or ranch brands to the Centennial Branding Board, which will be displayed in the hallway, may do so for \$50 a brand.

All contributors of donations or memorials will be published in the newspaper and listed in a memorial book displayed in the lobby.

played in the lobby. Donors to the museum fund, which includes the most recent ones answering the challenge grant as well as those who helped bring the total up high enough to warrant the attention of The Meadows Foundation, are the following:

Harold Campbell, Dude Barton, Dorothy Traweek Hanesworth, Donald Reeves, R.C. Geisecke, Roger Lowe of the Pay-n-Save Grocery chain, Otho Calloway, Mrs. D.I.W. Birnie Estate by Mr. and Mrs. Robert Echols, Mr. and Mrs. Vance Campbell, Robert Cooper, Mr. and Mrs. Algine Groves, Frances Ellis for a memorial to Gus and Catherine Bird, and Mrs. O.M. Dickinson.

Special recognition and appreciation goes to all who worked on the centennial for the show of community support and effort as well as the funds raised, which made it possible to attract the attention of a private foundation willing to invest in the community.

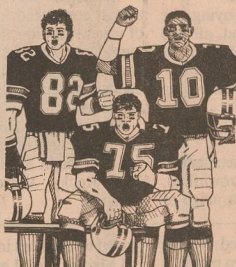

With optimism museum members look forward to engineering the repair, replacement, and addition of storm windows on the two story brick building built in 1928. In the near future they can look to the time when exhibits and displays will tell the history of the entire

Dear Friend Hazel,

Just a note with my small contribution for the Ex-Students Association.
How I wish I could be there and see many old, dear friends - but I can't make it as I have a few health problems.
Hazel tell everyone hello for me. I love Matador and the people. I feel I got a good education there and such wonderful support always from many.

Best regards and my love,

Dear Hazel,

Do hope we can make Homecoming, but is looking "iffy" with everything that's happening around here.

June Spray Wason
Plainview, Texas

Dear Hazel,

"Enclosed are my dues for the ex-students association. Unfortunately, I will be unable to attend this year. That weekend is also the weekend my husband's college class is having their 30th reunion. Ed has been looking forward to attending that reunion since he heard about it last Spring. I hate to miss seeing all my former classmates again.

We always have such a good time!
Say hello to everyone for me.

Linda Seigler Smith

Dear Hazel,

"Thank you for sending me the Motley County Ex-Students letter.
I am sending you my dues, also Tim's. I am afraid I won't get to go as I had surgery last Friday.

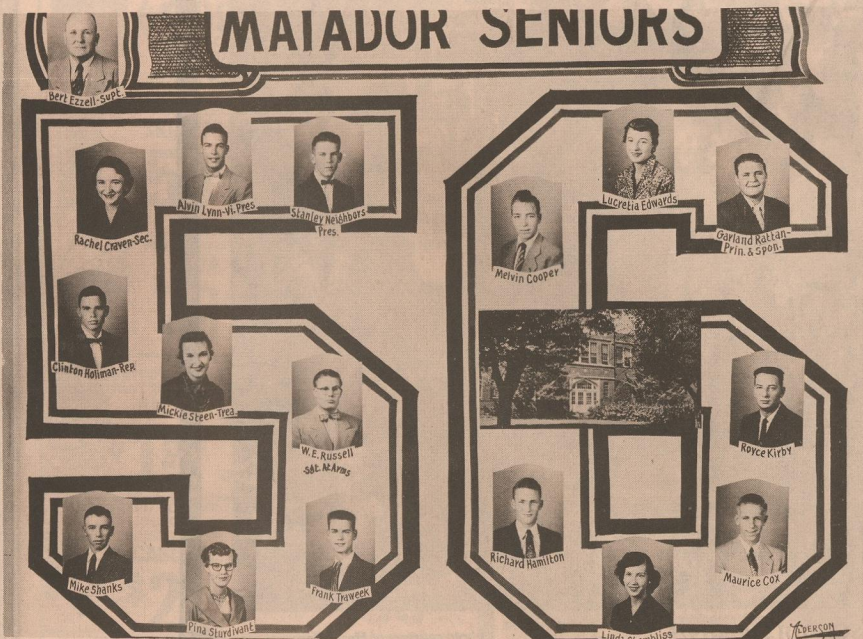

Sibyl Daffern Timmons

Dear Hazel,

"I will not be able to attend the reunion this year. For my class it would be the 60th. When I attended the 50th, only Martha Scaff King and Elmo Winters were there for our class. Am sending my dues. I know Larry and Deidra will try to help everyone have a good time.

Love,
Ruth Moore Edward

CLASS OF 1956

Erma Graham Edwards, class of 1926.

"Dear Hazel"

I see you are continuing as the driving force and spark of the Matador High School Homecoming. Wish I could be there. I know this year will be another successful celebration. I had a great time there a year ago.

Guess what! I am telling everyone, even people I don't know, about our new granddaughter, born September 16 in Los Angeles. And guess what her name is Rose. Our oldest son, David, and his wife, Paddy, who said they chose that name because when she was born she looked just like a rosebud.

We are having much cooler weather. Guess who came to see us recently. Stanley Dan Level and his wife, Ina. We had a nice visit.
Love to you.

Marie Hunsucker Baldwin
Middlebury, Vermont

Dear Hazel,

"Well! Oh" how disappointed, I am about flying back to attend the Homecoming this year, but the 'bad luck chain' caught me and I had to cancel all my 'anxious plans'. I was so disappointed. On August 30th (just after our birthdays), I went to the bank to get information about

buying my plane ticket to Lubbock and I walked into the bank for some unknown action I turned and looked back and, oh! my car was on fire! What a shock and expense! It took all I had and more to get my car back. But it runs like a new one after all the inside was replaced. Oh boy, what a price to pay - but it is as good as new, so I have only this excuse, "can't make my trip back home for this special occasion. I had plans made and everything ready to pack in the suitcase. I was determined to attend this one reunion. Don't forget me on the next one. O.K.? I know you will have a great time. I planned on one week with Matador and 2 weeks in Arkansas with Loretta and family. But next time!

I have been in my home here for 20 years. The heat wave has been so terrible, and the humidity is awful, but I'm still going, going. Ha Ha. A group of us ladies (and with husbands) from my church go out to our Restaurant here in Alpine or drive 12 miles to El Cajon, for lunch and fellowship if we don't have a plate lunch at the church. We Baptists do a lot of eating. HaHa. Once a month we have a delicious "pot luck" at the church. We have some really "good cooks" My peanut butter pies have made the blue ribbon degree. My Pastor's son says - "Oh Leora bring 4 pies so I can take one home with me." HaHa. He is such a mess, such a lovely person, cuts up all the time.
I've gotta ring off as I have a lot to do.

Dear Hazel,

"It's fun to get the letter of Homecoming for Ex-Students. I will be in Ft. Worth later in October. My son has been transferred to Ft. Worth, so maybe sometime we'll get to Matador. I enjoyed playing bridge with you a couple of years ago. Enjoy the Homecoming.

Dear Larry and Deidra Clifton,

"I wish I could be there for the Student Celebration, but I won't be able to make it. I am a class of '26 ex-student. If it is possible, I would like a copy of the Matador paper of the events. Not many of the class of '26 still living. Hope everyone has a good time.

42, and we met at Frank Price's house before he died. It was one of the great fun-times of my life. We also saw a lot of others from other classes near ours and a lot of other old timers. Could you get me a complete list as possible for that class. I want to see them and their families once more, at least. I will contact them in addition to other contacts that are made when I know the dates of next year's homecoming.

I think you know George Fulfer has Parkinson's disease, and is in very poor physical condition. His wife, Goldie, will be 85 in November, but she still does very well for her age. We have the date of October 25 set to move them into Town & country Manor, a beautiful 3 stage, Residential, Intermediate and skilled care facility. Since he retired as a Navy Chaplain, they had continued to live in the only home they had ever bought there in San Diego, so it was a tough decision to give it up.

Ruby and I are the proud Great-grand-parents of 3. Our oldest daughter's oldest daughter, Gina, is married to a Navy man, Tim, and they had a little girl, Jessica in May. Then September 10, our second daughter's oldest daughter, Kristi, had twins, a girl, Kamea, and a boy Kye (Hawaiian names). So our blessings came in a hurry. I wish I could be at Homecoming to tell everyone how great these great-grandchildren are, Hal.

A big "hello" to all who can come to Homecoming this time. And here's a prayer that the Lord has blessed your lives and families as much as He has ours.

Sincerely,
Norris W. Fulfer

Mrs. Barton,

My mother, Josephine Seay Persons, received the Homecoming info at the Arlington Villa Home where she and her wheelchair reside. She's "stove up" with arthritis, so can hardly walk or write but is still cute as a button and bright as a penny. She is 87.

She asked me to be sure and send in her \$1 dues so I am doing that.

If there is an opportunity for her name to be brought up, please tell anyone that knew her as the daughter of Uncle Dick and Sally Seay and sister to Richard Seay, Robert Seay and Watt Seay, that she'd love to hear from them. I'll write for her.

Mother graduated from MHS and went on to Clarendon College. Upon finishing CC she was a one-room school teacher in the Matador-Flomot-Silverton areas for about 3 years before my Daddy, J.T. Persons persuaded her to marry.

Good luck October 10-12.

Dear Hazel,

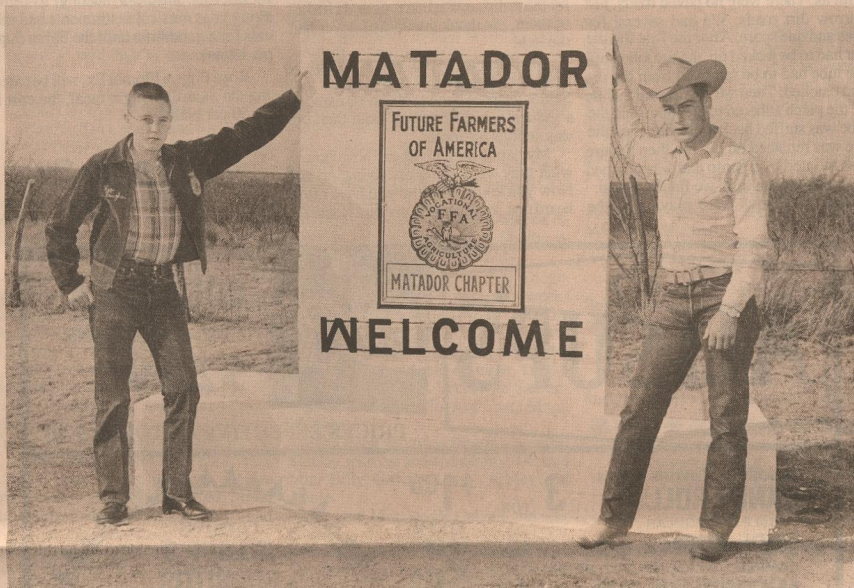

"I am sure you have lost my address since I retired, and Ruby and I moved back to Southern California. I got George's letter about homecoming and was reminded that I need to get back on your mailing list.

I won't be able to come this year, but next year will be 50 years since I graduated in 1942, and I plan to come, if I am not sick, and the good Lord is willing, and the creek don't rise. I was back in 1982 at my 40th. It was the first time I had been back for Homecoming since graduation. There were 17 of the 34 of us who were involved with the class from 1939-

Memories From Early Matador School Days

by Mary Hamilton Meason

Since everything (almost everything) has been told and revealed about my former students, I suppose it is only fair that they find out that I was once a school kid myself. Teachers somehow try to be as perfect as a saint in the eyes of the young people they have taught. It's been a long time since I started to school in the first grade in the old school building just east of town.

A child had to be seven years old to enter school in 1917, or if one entered at the age of 6, the parents had to pay tuition. I just couldn't wait to start to school so I entered the first grade in December before my 7th birthday in May.

The teacher put me in a back seat right in front of the big, round coal stove. I got so hot and developed a bad headache. By the time I got home that afternoon I was sick, and had broken out in a rash - all over! I had the measles. Somehow, I always felt that I got so hot sitting by that stove that it was to blame for me getting the measles. Of course, that wasn't true, but it really made me break out solid.

There are not many things I remember about the first grade except my teacher's name, Miss Bonnie Peters, saving peach seeds that were made into gas masks for the soldiers in World War I and one little girl, especially. One day I said "Dog gone it," she told the teacher, and I had to stand in the corner. That 'little girl' lives in Turkey now.

We had a third grade teacher whose name was Miss Lila Glover. She was a real good teacher. I remember well the day that she brought an Ostrich egg to school. Of course none of us had ever imagined that there was an egg in all the world that big! And besides that wonderful sight, she had been to Yellowstone Park and brought many pictures to show to the class, and right then I promised myself that someday I would go to that wonderful place. Fortunately, I have been there five times and it has never failed to fill me with awe.

Miss Ina Curl was my fourth grade teacher and fine one. She later became Mrs. Sterling Price and I taught her three children, Frank, Mary and Betty, when

they were in grade school.

I remember our report cards well, beginning with the third grade. They were little folders with our grades on the left inside page and on the right hand page there were little squares.

In front of each row of squares there were such notations as these. Inclined to mischief, whispers too much, wastes time and several others, but it seemed to me that there was a cross mark in everyone of those first 3 squares mentioned above everytime I got a report card. "Conduct" was called "Department" in those days and my department grade suffered quite a bit because of those little cross marks in those little squares. My academic grades were good and I've thought that was the only reason I didn't get a "sound" spanking at home for the department grade. In the fourth grade, Miss Glover fixed up a May Pole. Correne Russell was elected May Queen and the rest of us danced around the May Pole winding colored streamers around the pole.

Wouldn't you like to have seen Hazel Dirickson, Kathryn Barton King, Jim Ward Jeffers, Donald Davis, Hazel McCaghren, Jack Bradwhaw and me, and probably several others, winding those streamers around the pole.

The seventh grade was fun! Miss Maude Fletcher was our teacher. That was the year that we stuffed the chimney with some old curtains from the stage. We accomplished that at noon and after returning to our room one of the boys built up a big fire in the stove. After awhile the smoke started pouring out from the window and door facings and school was turned out for 1 1/2 days for fear the building was on fire between the walls. The curtains were found but the school authorities never found who engineered that deed. I have always been grateful that my parents never knew that I had anything to do with that caper or they would have skinned me alive!

There was a very shy, timid boy in that class, and in the 7th grade he sat in front of Coon (George) Jeffers. Coon stuck the head of a needle in the sole of his shoe and he would stick that poor boy with that needle. That boy jumped and moved around in his seat like a jumping bean.

Miss Fletcher finally found out what was happening so that prank was shut down in a hurry.

My ex-pupils never knew it, but I always had a twinge of conscience when, according to school rules, I had to give a whipping to anyone who played hookey. Beginning in the seventh grade, playing hookey was a favorite past time. One day five of us just didn't show up after lunch. We went to Afton and one of the girls, Orena Montgomery, went into the post office and asked for her mail. We thought that was living dangerously. We never went any farther than Flomot, Roaring Springs and Afton, but we thought we had a wonderful time! Fortunately, we were never missed I suppose, because we were never caught.

We had a Superintendent then who was very strict but none of the other teachers were quite up to handling that bunch that was in high school. One day Mr. A.E. Edwards, the Superintendent, had to be gone for the entire day. Things got rather wild that day. I was just a freshman so I just sat back and watched in awe. That was the day that A.G. Russell shook soot all over Mr. Mote while A.G. was going through the false motions of helping Mr. Mote put the stove pipe back together. The stove pipe didn't come apart on its own. The boys took turns stoking the fire and poking it very vigorously so the stove pipe became disjoined with a lot of help!

From that point on things went from bad to worse! Claude Stearns sat behind Newton Fletcher, and Newton sat behind the most timid, self-conscious girl in school and Newton, I guess, was the most ticklish boy in school. We were in the study hall, and for a short time, everything was quiet. Then A.G. poked Newton in the ribs with both thumbs and said,

"kick her Newt." Newton kicked the girl in front of him, she yelled, and things got worse from that point on. Our study hall was in the Auditorium and after all the disturbance one teacher, Mr. Shira, went up on the stage to try to restore some semblance of order, but it didn't work! A.G. let fly with a bottle of ink, it just barely missed Mr. Shira and went "splat"

WINDING THE MAY POLE on the Courthouse lawn about 1925. Ava Clyde (Smart) Crump was the May Queen.

on the wall behind him. Mr. Shira chased A.G. once around the auditorium, A.G. went down the steps and Mr. Shira kicked at him as he disappeared down the stairs.

After that turn of events, Mr. Shira expelled the entire class of Senior boys. The boys all went outside and marched around and around the school building. Mr. Edwards returned the next day and he dealt very painfully with those boys.

One time, Matador had a football game at Dickens. Two of us rode in our Model T Ford Sedan, and our boyfriends rode with us. There were no paved roads, just narrow dirt roads. We had several flat tires and one spare. After the first flat the car had to be jacked up, the tire taken off, the tube had to be removed from the tire and patched. Then we had to wait awhile 'til the patch adhered to the tube, then the tube was stuffed back in the tire, then the tire was replaced on the rim then the tire was inflated by a pump that was pumped by hand. By the time we finally got to Dickens the boys were playing in the

second half! And girls, that was the year that the school passed the rule that no girls would be allowed to ride to a football game with any of the players. Didn't we forever ruin that pleasant practice!

We had no central heating nor cooling, no lunchroom, no coke machines, and no ice water. Our water came from 2 big tin barrels on a stand out on the playground and there were tin cups to use for drinking. It's no wonder that we all had chicken pox, measles, whooping cough, and colds. There was no vaccine for those diseases at that time and I had all of them, but thank goodness I never had the itch!

All this fun ended when I went to Lubbock High School in my Junior and Senior years. All the foolishness came to a sudden halt. Everything from then on was serious business.

My pupils used to ask me how I knew what they were doing or "fixing" to do. Now you know. I'm sure you have often heard that "experience is the best teacher!"

Homecoming Schedule

HOMECOMING IS HERE! It is hoped that this will be one of the most enjoyable years ever, with lots of visiting, football, reunions and entertainment, so be sure to attend all the Homecoming events. All exes from all the schools that have been in Motley County, Homecoming is for you!

Matadors Win Over Lubbock Christian, 35-0

by Amy Woolsey

The Motley County Matadors won their first game of the season against the Lubbock Christian Eagles last Friday night on Burlison Field!

Frankie Ortiz rushed for 172 yards and three touchdowns to bring on our first

win of the season!

Senior Quarterback, Clay Ewing,

threw a pass to Senior Brad Wilson for a 19-yard touchdown strike. Clay kicked the extra points. Clay also gained 134

yards on seven carries and made a 63-yard touchdown spirit in the fourth quarter.

The Matadors had a total of 481 yards of offense. They also did a great job at

keeping the Eagles from scoring! They played a GREAT GAME!

This week the Matadors play the Paducah Dragons for our Homecoming. Come out and support the Matadors to a victory! Go Mats!

Amy's Anecdotes

by Amy Woolsey

Spirit and pride! That's what the students at Motley County have! Especially since homecoming is finally here. This week we've had a lot of different activities and dress-up days. Monday and Tuesday were Mr. and Mrs. Irresistible days, Wednesday was costume day (talk about some really funny looking creatures walking down the halls!) Today is nerd day and if you come to the school you're going to see some really nerdy-looking people! Of course Friday is Red and Black Day!

We have a lot of Spirit from the students in our school! There is one person

I've noticed that has the best spirit-you've probably all noticed him on the sidelines pumping up the guys during a game? Jeremy Jones is the best spirited-I think. You can always see him during the game yelling hard for the guys and clapping. During the pep rallies he's always yelling hard and using all of his spirit. Keep up the spirit Jeremy!!!

I'd like to welcome all the ex-students back to Motley County Schools! I hope you enjoy your homecoming. With all the memories, looking back and seeing old friends-I'm sure you will!

Enjoy your homecoming and since it's the last one before I'm and ex-I will too!!

AMERICAN CHILDREN'S DIETS NEED LITTLE IMPROVEMENT

Two recent studies indicate that the diets of American children show drastic changes are not necessary to achieve diets lower in total fat, but there is room for improvement.

The National Health and Nutrition Examination Study II (NHANES II) collected food intake data from more than 7,400 children (ages 1-17 years). The consumption of total fat averaged 35 to 38 percent of total caloric intake. A large number, 37 percent to 55 percent, of American children consumed more than the recommended amount of total fat. Saturated fat made up a large proportion. For black children, 14 percent of calories came from saturated fat; for white children, it was 13 percent. Carbohydrate intake was lower than recommended levels and protein intake was adequate. However, about a fourth of adolescent females in the study had intakes below the recommended amount for protein.

Cholesterol intake per 1,000 calories was highest among children between the ages of 12 to 23 months. However, this decreased with age, with the exception of black youths between 2 to 10 years old. Cholesterol intake averaged out to be between 141 to 147 mg/1,000 calories.

Another more recent study examined the diets of children from Woodlands, Texas. Dietary intakes of 138 children, grades 5th through 12th, were studied. Results showed that both girls and boys ate 35 percent of their calories in the form of fat. Thirteen percent of total calories ingested were in the form of saturated fat. The percent of carbohydrate ingested was about 50 percent of total calories, slightly less than the 55 percent recommended. Protein intakes were within recommended ranges. Daily cholesterol intake was lower in girls (245 mg) than in boys (317 mg). The most important indicator of a healthy diet seemed to be the intake of total dietary fat. Those who consumed higher levels of fat also consumed more saturated fat and cholesterol.

High-fat diets eaten by children can be improved by reducing fats. Children should be encouraged to eat more fruits, vegetables, whole grains and low-fat meats and dairy products. At the same time, they should limit rich desserts, high fat spreads and snack foods.

Microwave Effects On Foods And Nutrients

Microwaves can be used to prepare healthy, more nutritious foods. Fewer nutrients are destroyed in food when they are cooked in the microwave as opposed to other food preparation. Microwave cooking requires less fat when preparing foods than when baking or frying. Natural flavors of fruits and vegetables are better when they are microwaved. Microwaving can save up to 100 percent of vitamin C and 70 percent or more of folacin.

Bologna Can Be An Expensive Source Of Protein

Contrary to what many may think, bologna and frankfurters are often more expensive sources of protein than beef roasts and steaks. That's because while they are cheaper by the pound, their protein concentration is lower. It takes about four 1.5 ounce frankfurters, to supply as much protein as you would get in a three-ounce serving of cooked, lean beef.

Favorite Breakfast Combination

According to a survey, waffles or pancakes with a glass of 2 percent fat milk is the favorite breakfast combination of children under 18. The breakfast most often cooked is oatmeal.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap, or national origin.

CHILDRESS 4-LADIES SCRAMBLE

Saturday, October 5, Childress Coun- try Club was host to a 4-Ladies Scramble Tournament. About 16 teams entered.
Playing from Springs Ranch were Geneva Wilson, Olivia Barton, Louise Barton and LaVoe Thacker.
This team won first place in Champi- onship Flight
Layered clothing was in demand for the coolest weather of the season at the beginning of play. But the weather warmed up later in the day - making for a really nice day.
Golfers enjoyed a very gourmet lunch - brisket, with a variety of salads and lots of different desserts. As one golfer said, every bite was super deli- cious.

Letter to the Editor

To the Editor:
We wish to answer to the article placed in the Motley County Tribune on October 3, 1991 pertaining to Old Settlers.

To the one who wrote it up I can understand why you never signed your name to it.

The part that we are protesting is the statement that the "Old Folks Dance" cleared their expenses the first time in years.

My wife and I have worked that dance for the past 10 to 12 years and over a three night stand we have always shown a profit. I don't know where you got your information, but you should of checked with Jerry Slaton, Jim Perryman, Bob

Forbis, Johnny Turner or Elmer Parks, who have checked us out each night, you could of come up with the truth.

Anyone can see the attendance is get- ting smaller each year, since the fence has been placed around the grounds, and the margin of profit has become smaller for the past two years. We just did get over the red line. To show a profit, the dance floor has to be filled. This year the dance floor was not half full, so anyone can imagine how well you did. You can claim anything but there are a lot of people who know the facts.

THE POWER IS ON

by Wilda Dixon

by Jimmie Hunter

I certainly hope that our Librarian, Wilda Dixon, has enjoyed her vacation. I have enjoyed seeing old friends and meeting newcomers to our community. When I discovered that Wilda had left some children's books to be accessioned, I called Earline Vaughn and Bessie Hibberts who came into the Library on Wednesday of last week, and besides having a good visit, we now have fifteen new children's books ready to be checked out. These books were a gift to Motley County Library from Luther and Edna Ruth Green: *Albert the Albatross*, *Be Nice to Spiders*, *Fun for Ozzie*, *Hand, Fingers, Thumb*; *The Laughing Dragon*, *Muddles at the Manor*, *Socks for Supper*, *Old Mother Hubbard*, *The Summerfolk*, *The Puppy Who Wanted A Boy*, *The Tale of Peter Rabbit*, *Yagua Days*, and our favorite from Sesame Street, *Grover's Own Alphabet!* All these can be found in the East section, and there is one for the Juvenile crowd, *Little David's Adventure*, by Squire D. Bushnell.

Texas since September 17th, which is very unusual.

VOLUNTEER OPPORTUNITY OF THE MONTH

West Texas Library System is sponsoring a basic Laubach Tutor's workshop at the Community Room of the Light-house Electric Co-op at the intersection of Highways 70 and 207 in Floydada, Texas. This is a ten-hour workshop which will prepare a volunteer to teach adults to read, write and speak English. People from High School age to Ninety Years are capable of mastering this method of teaching and can have the joy of helping someone improve their quality of life or have the pleasure of reading to their children and helping them with their homework, or read the Bible for themselves. Think how it would be if you were unable to read street signs, labels in the grocery store, or instructions on a medicine bottle - then call Doris McLain (806/983-3994) or Sandra Crawford (806/983-3578), or Motley County Library (347-2717) or West Texas Library System (806/767-2854) to sign up. The work- shops will be on Saturday, Oct. 12 from 9:45 a.m. to 4:00 p.m. and Saturday, Oct. 19 from 10:00 a.m. to 4:00 p.m. Join Barbara Bush's effort to stamp out illiteracy in the U.S.A. and be one of George's 'thousand points of light.'

Couple Observes 70th Wedding Anniversary

Mr. and Mrs. Von Tiffin of Flomot were honored Saturday, October 5, 1991 with a reception from 2:00 to 4:00 p.m. in the Hospitality Room at the First National Bank in Quitaque in observance of their 70th wedding anniversary. Mr. Tiffin and the former Alma McAdams were married October 8, 1921 in Bever County, Oklahoma. They were owners of a grocery store in Quitaque until 1938 when they moved to Flomot. They were engaged in agricultural operations until his retirement.

Hosts for the occasion were their children and families, Lura McDonald of Lubbock, Glen D. Tiffin of Flomot, Rex Tiffin of Silverton, and Joyce Jeffries of San Diego, California.

Great-granddaughters, Stephanie Roberts of Lubbock, Tiffany Tiffin of Earth and Kristina Tiffin of Flomot presided at the crystal punch service. The table was laid with a lace cloth and centered with an autumn floral arrangement of mums, carnations and greenery. A cake adorned with wedding balls and a

garland of autumn colored flowers with "Happy Anniversary Von and Alma" was served with fruit punch.

Mae Von McDonald of Lubbock, granddaughter of the Tiffins, registered the guests. Over a hundred guests attended.

Following the reception, a family buffet dinner was held. Mr. and Mrs. Tiffin have 11 grandchildren, 15 great-grandchildren and 2 great-great grandchildren.

Arts & Crafts Club Has Delicious Meeting

"Candy Making" was the theme for the Arts and Crafts Club meeting Monday, October 7. It was a deliciously fun day.

Miss Patri Spurlen, Marketing Representative for the West Texas Utilities conducted the class on making candy in Microwave Ovens. This is a quick and nice way to make candy. Three recipes were demonstrated - it was consensus of opinion that all three should have a blue ribbon.

President, Betty Simpson, conducted the business meeting. Plans were made to attend the Running Water Draw Art Festival in Plainview, October 18. Members will meet at Elsie Thacker's at 9:00 a.m.

Come if you would like to go.

The club will set up a table at the Halloween Carnival at the old grade school building. Centennial cards and other items will be for sale, October 26.

An invitation has been extended to Arts and Crafts to attend a woodcarving program by the Matador Garden Club on October 21 at the Senior Citizens Building. Mr. Earl Bates, of Paducah, will bring the program at 3:00 p.m.

Motley County Arts and Crafts Club's Bazaar will be at the Matador Auto Co. on November 16. Come on over to see our new items and stock up on the old. Chances are still being sold on the Centennial Quilt. Door prizes, on the hour, coffee, cookies, and lots of fun!

Mrs. Glenn Woodruff was hostess for the meeting. Sausage balls, cheese balls, dips, chips, tea and coffee and samples of microwave candy were served.

Miss Spurlen, presented each member a portfolio of recipes and information on microwave ovens. Thanks to Miss Spurlen and West Texas Utilities.

Members present were Marion Woodruff, Betty Simpson, Dora Watson, Leola McKelvey, Joyce Meredith, Sue Seigler, Winifred Lee, Elsie Thacker, Verdi Neighbors, Rhea Lawrence, Bonnie Edmondson, Joy Archer, Geraldine Key, Lorene Lancaster, Pearl Rattan, Opal Pipkin, Pauline Hand and Winifred Darsey.

Order of Eastern Star Celebrates 91st Birthday

Matador Chapter #66, Order of the Eastern Star, Grand Chapter of Texas, celebrated its 91st Birthday Thursday, October 3, with a covered dish dinner and white birthday cake, decorated with a single large candle.

Chapter met in regular form with Worthy Matron, Lucretia Estes Campbell in the chair. Regular business was attended.

Lola Pohl, organist, rendered a medley of songs, for a short program including Star of the East, End of a Perfect Day, and others.

Marge Payne and Betty Luckett were hostesses for the evening. The Banquet Hall was beautifully decorated with cornucopias, autumn leaves and corn. The main table had fresh carnations in milk glass vases depicting the emblematic colors of the order.

Matador Chapter #66 was organized in 1900. Mrs. H.H. Campbell I was first Worthy Matron and Mr. T.B. Edmondson first Worthy Patron. Their descendants are still members at this time.

The chapter meets the first Thursday of every month. All members are urged to attend.

El Progreso Meets Recognizing Senior Girls and Moms

SENIOR GIRLS HONORED: 1991 Senior girls were honored at a Tea, sponsored by the El Progreso Study Club. They are left to right, Aimee Pipkin, Jagruti Patel, Christi Shorter, Tonya Hoyle, Cathy Perryman, Heather Hobbs, Kristi Timmons, Lisa Jones, Renee Davis, Amy Woolsey, and Amber Brandon.

El Progreso Cub met September 26, 1991 in the Senior Citizens building for the first meeting of their 1991-92 year with Mrs. Joe (Loys) Campbell, club president, presiding. She welcomed all members to the return of the new club year and read, with regret, a letter of resignation from Rachael Patton. Miss Patton was then elected to become an honorary member. The president related the gracious note from Miss Amy Stephens thanking the club for their scholarship last May. The next meeting will be in the Library on October 10. Mrs. Harold (Grace) Campbell reviewed the new yearbook with many interesting programs and events to take place during the coming club year.

This program was to honor the senior girls with their mothers as guests. Those attending were Amy Woolsey, Christi Shorter, Jagruti Patel, Aimee Pipkin, Lisa Jones, Tonya Hoyle, Heather Hobbs, Renee Davis, Amber Brandon, Cathy Perryman and Kristi Timmons with their mothers and Mrs. Vaden (Carrol) Hays, sponsor. Kamia Pitts was unable to attend and was missed.

Mrs. Campbell presented Mrs. J.E. (Marge) Edwards, former Matador teacher, who would still be attending school if she could, for she loves learning. From the yearbook program the title of her program was "Education for Tomorrow - Be Sure To Do Every 'I And Cross Every T'". Mrs. Edwards began her thought provoking talk by using Lewis Grizzard, syndicated columnist, and some comments he made on "new-for-the-90's Webster's Dictionary. He said there are new spellings to accommodate us feminists. The new spelling for woman is Womyn. There is more-history, that's for guys, the new word is herstory. Other words, according to Grizzard, that could be included in order to rid them of their sexist connotations might be: herstereotomy - whoever heard of a man having that operation? Hermalayas - womyn should have a mountain range all their own. Hersterical - Wanda was hersterical when she found out Bob had a date with Sue. Herms - what Womyn sing in church instead of hymns. Hersy - Sue thre a hersy when she found out that Wanda knew about her date with Bob.

She informed the group to tell that recent research indicates there is a growing possibility that by the year 2000, 90% of the businesses in the U.S. will be owned by women and so it is very important that we know something about education for tomorrow. Up to this time the students have been fulfilling their parents dreams but now is the time for them to give some serious thoughts to their own dreams and how to accomplish them.

Last March engineers and educators held a conferece to discuss what the world would be like in the year 2021. Their conclusion? They didn't know. They reminded themselves that when they began their careers, nobody accurately forecast the developments that have made 1991 what it is: global telecommunications, personal computers, compact discs, fax machines, etc. Those who are prepared for the future will succeed but it is asked, "prepared for what?" What training will be needed, what will be obsolete, what values will lead to happiness and peace? Education has always been and will continue to be the key to success. Many companies are concerned that in the future they will not be able to find employees who can even read or do simple arithmetic, therefore the skills of reading,

comprehension writing, mathematics science, communications and problem solving are most important. The Hudson based Institute has estimated that half of the new jobs created between now and the year 2000 will require post high school training. Some of the college costs per year: Texas Tech, \$7,000 to \$9,000; South Plains, \$5,000; West Texas State, \$6,000; Wayland, \$125.00 per semester hour; Baylor, \$15,000; Hardin-Simmons, \$7,500; and state supported school approximately \$22.00 per semester hour. These are just estimates and do not include incidentals.

Mrs. Edwards told the girls that now is the time to decide if they are pursuing a trade school associate degree, which requires two years or a four or five year academic degree. If the student has definitely decided to go to college the qualifications to get admitted: how they did on the TAAS test, what the SAT score was, if the high school student does not have the required courses in Math, English, History and Science they may be required to take remediation courses which the parent will pay for and for which the student will not get college credit.

In the Matador school, 18 students took the TAAS test - 88% of the males passed all tests and 80% of the females did. The newspapers and magazines are filling us with the lack of education in the U.S. and are comparing it to European student achievement. You must remember that the U.S. educates the masses and other countries the select few or elite.

Once you are in school, the problem of staying there arises. Some suggestions to keep the student in college are academic helps available for free - you must ask questions; find a church home; be careful choosing friends. The centers for disease control in Atlanta, states that the number of diagnosed cases of AIDS among adolescents ages 13-19 has more than doubled in the 16 months ending in June 1991! With that and more information, Mrs. Edwards passed out several helps for the student entering college. One, a daily time schedule, another was how to listen, another was note taking and cash for college, which was a card to be sent inquiring where money was available for the student.

Pictures of the senior girls were taken and gifts from the club distributed, after which the entire group enjoyed a bountiful table spread with a burlap cloth on which blue enamelware was set. Club members assisted Mrs. Dale (JoEtt) Bumgardner, Mrs. E.A. (Dorothy) Day and Mrs. Joe (Loys) Campbell with providing finger food for the refreshment table. They were the hostesses for the afternoon. Assisting in the kitchen was Mrs. Debbie Martin. The meeting was to have been held at the Matador Ranch on the porch, but the weather determined we would be more comfortable inside, especially after rains of the preceding weeks. While the members and guests secured food and ate, Mrs. James (Margaret) Stanley provided lovely "listening" music on her Casio.

Members other than those mentioned were Mrs. Frank (Lola) Pohl, Mrs. Bill (Judine) McCaghren, Mrs. Harry (Pearl) Patten, Mrs. Robert (JoAnn) Dickson, Mrs. Ted (Bailey) Elliott, Mrs. R.C. (Callie) Giesecke, Mrs. W.N. (Opal) Pipkin, Mrs. Robert (Winifred) Darsey, Mrs. John (Josephine) Hamilton, Mrs. Furman (Beverly) Vinson and Mrs. Gaylon Cox, the wife of the Baptist Minister in Matador.

Harvest Festival Day To Be October 13 At Methodist Church

The Rev. Mary Helen Cross announced that the First United Methodist Church in Matador will observe its 25th annual Harvest Festival Day, Sunday, October 13 with a worship service at 10:30 a.m. The guest speaker will be the Rev. Vernon O'Kelly, pastor of the United Methodist Church in Dimmitt. He is the son of the late Rev. Walter V. O'Kelly, who served as pastor of the Matador UMC, 1952-1956.

The Rev. John Fitzgerald is credited in 1966 with wanting to designate one

Sunday each fall as Harvest Festival Day for the Matador UMC to raise the money to pay all conference commitments and other financial needs that were not taken care of by the Sunday offerings. This tradition of the church has proven to be one of the most successful and enjoyable fellowship events of each year.

A covered dish luncheon will be served in the UMC Fellowship Hall following the church services.

A Demanding Book

"O how love I thy law! It is my meditation all the day....Thy word is a lamp unto my feet, and a light unto my path." (Psalms 119: 97, 105).

The great books of history, language, mathematics, arts, philosophy, sciences, etc., are the source of our education. Though reading, we are able to improve the quality of life and also the quality of living. Not only schools and libraries, but homes, need good books that will cause us to think, plan and improve.

But there is another book, far more vital to our welfare than any of those mentioned. It is unique, it has stood the test of centuries, it deals with matters which are eternal. It is the Bible. We read of it in II Timothy 3:16, "All scripture is inspired of God." And of that message, the apostle Paul wrote in I Thessalonians 2:13, "When ye

received the word of the message, even the word of God, ye received it not as the word of men, but as it is in truth, the word of God." The Bible, composed of sixty-six books, is really only one book, for God is the author. It is His word. And while other books may be optional, the Bible is a demanding book.

The BIBLE! Give yourself to its study, mold your life by it, and it will be to you "the power of God unto salvation." Then the demands of the Bible will be worth it, as you live in faith and hope of that eternity with the Savior.

Many Attend Annual Northfield Homecoming

The Northfield Community hosted their 30th Annual Homecoming on Saturday, October 5th, at the Senior Citizens Building in Matador. People began arriving at 9:30 for an enjoyable visit followed by a Memorial program.

Our on-going Cemetery work was discussed and our plans for next year work. We, as a community, would like to thank everyone who has been so generous with their donations to our cemetery fund. It has enabled us to purchase a riding lawnmower and to do much needed fence repair. Also we want to thank all who helped with the mowing and our fall clean-up day.

Those attending our homecoming and enjoying a wonderful basket lunch were Charlie and Louise Matthews of Dallas, Lee Thomas of San Antonio, Corean and Raymond Thomas, Rowena Nunn, Jessie Fay Thomas, Monti Timmons Dawson, John and Robin Dawson, Disney Dawson,

McKinley Dawson, Cortez Dobbins Rogers, all of Amarillo; Gannon Rhinehart, Suzie Rhinehart, Sage Rhinehart of Clarendon; Cleo Barley of Plainview; Jim and Katie Lou Wade of Sunset; Travis Hoover, Nolan and Guaneoth Thomas, Raydell Thomas Hightower, Mary and Floyd Pistole, all of Childress; Rush Timmons of CeeVee, Clem and Gladys Timmons, all of Tell, Duke and Vena Lipscomb, Vaden Hays, J.D. and Pansy Spray, Calvin and Virginia Nimmo, all of Matador; Dorece Randolph of Lubbock; Billie Jo Clifton and Mary Moore Irvin of Roaring Springs; Foy and Dorothy Nichols, Franklin and Susan Jameson, Juanita Curlee, Wilma Thomas, R.E. and Mary Hoover, Christi Hoover, Molly Simpson, Billy Paul and Betty Simpson.

Lee Thomas of San Antonio came the farthest and it was also his first time to be at Homecoming.
