## Largest Attendance Father-Son Banquet

### Dynamic Formula to "Get What You Want" Aimed by Dynamic Young Speaker

"GETTING WHAT YOU WANT in life is very simple, according to the formula spelled out by a dynamic young speaker for those attending the 21st Annual Father-Son Banquet here last night. The First Baptist Church basement packed to capacity with dads and sons heard Rev. W. H. Van-derpool Jr., of Littlefield make one of the most brilliant addresses ever delivered at a father-son banquet.

"It is very simple to get what you want out of life," Rev. Vanderpool said. "You merely have to know what you want and then want it... it is as simple as that.

"Don't whine, don't complain—whiners never win; and quit wondering and quit worrying... stick your neck out a little and if you want something badly enough, you will get it... make your life stand for something... the Cross was a symbol of defeat but Christ made it a symbol of victory... don't be too sure."

Rev. Vanderpool, recognized as one of the most outstanding speakers in West Texas, laced his address with a quality of humor that kept the boys (and their dads) roaring with laughter. He was introduced by Rev. C. W. Williams, pastor of the Matador Methodist Church.

**Attendance Record Set**  
Officials of the Matador Lions Club, sponsor of the banquet, said they believed the attendance set an all-time record. Places were set for 327. The church basement was so completely filled that "son-less Lions" servers found it almost impossible to move about and deliver hot chocolate and coffee to the guests.

Scout Jimmy Welling was master of ceremonies, who also introduced the guests in the church auditorium before the banquet. Invocation was by Rev. Gene Hawkins, pastor of the First Baptist Church. Boss Lion Alvin Stearns delivered the address of welcome. Music was provided by the Hep Cats.

**Scout Leaders Honored**  
Special recognition was given local Scout Leaders, Freddie Welling, Algie Groves, Douglas Pitts, Jr. and Ott Hines. Each of the four leaders was presented with a \$15 gift certificate. Visiting Scout Leaders introduced included Ray Howard, District Scout executive of the 8000-member South Plains Council and Tom Baker of Plainview, chairman of the Haynes District.

## Methodist Church Slates Conference

Regular quarterly conference is scheduled for Sunday, Feb. 9, at the Methodist Church, according to an announcement made this week by the pastor, Rev. C. W. Williams.

Dr. Luther Kirk, District Superintendent, will speak at the evening service and conduct the conference afterward.

Also on the agenda of the Methodist Church is "Week of Dedication," February 12-23, set aside as a period of self-searching and examination. "Let us make ample preparation for this period, that it might be just this, a time of self denial and dedication," the pastor urged.

## Phil Green Named Assistant V-Pres.

Phil Green, son of Mr. and Mrs. J. C. Green, Sr., of Matador, who was formerly associated with the First State Bank here, has received rapid promotions since he accepted a place with Panhandle State Bank of Borger.

In a news item two weeks ago the Amarillo Globe-News said Mr. Green had been promoted from assistant cashier to assistant vice-president of the institution.

Elected vice-president were David M. Warren, Jr., and Richard Bryant.

David M. Warren, Northwest Texas publisher, banker and civic leader who died suddenly of a heart attack 10 days ago, was chairman of the board of the Panhandle State Bank.

### Mayor McWilliams Asks Re-election

The Tribune is authorized to announce the candidacy of W. L. McWilliams for re-election to the office of mayor, city of Matador, subject to the action of the city election April 1, 1958.

In his announcement statement Mayor McWilliams said: "It has been a pleasure to serve the city of Matador as mayor, and I am grateful for the cooperation extended me by the citizens in the past. I will, if re-elected, pledge my continued devotion to the duties of the office, and will put forth my very best effort to serve the city with courtesy and efficiency.

"During my tenure in office, working in cooperation with the city council, we have been able to make the yearly payments on the bond issues which is over \$8000. We liquidated all outstanding debts, have spent over \$5000 on street repair, over \$3000 for a new well and repairs on old wells; \$1000 on a new chlorinator to more efficiently purify the city drinking water; \$500 repair on the city hall and home for the water superintendent; have bought a new trash truck and a new pickup. All above items have been paid for, together with \$700 repair on water tower, and \$1,500 for street maintaining machinery.

"If re-elected, I will endeavor to keep this 'pay as you go' policy in effect, for we have all the debts we can very well handle without jeopardizing our regular monthly expense, or without putting on an additional tax and I am sure no one wants that, as our taxes are already high.

"I will thank each one for favors shown me during the coming election, promising, if re-elected, to at all times work for the best interest and progress of the city."

### Flomol Raises Total of \$430

A FUND DRIVE to be successful in Motley County needs only the faith, undaunted spirit and industry of Mrs. Rose Turner of Flomol and the aroused interest of the county's generous citizens. Mrs. Turner has announced that the polio or "March of Dimes Drive" of which she was county chairman, has collected \$1,524.94. A quota of \$1,000 had been set.

The community of Flomol alone raised \$430.74, second only to Matador with \$748. Whiteflat contributions totaled \$115.90, Northfield \$93.48 and Roaring Springs \$136.82.

Mrs. Turner said the above report does not include the Matador coin banks (still to be collected). She said also that Roaring Springs has not signified that the drive is complete in that community.

"We are extremely gratified," Mrs. Turner said, "and wish to express our thanks to everyone who aided the drive in any way. We especially desire to thank the volunteer workers who gave of their time and means to collect funds in the campaign.

"It would be impossible to thank all the generous-hearted people of Motley County for the many benevolent favors that have contributed to the outstanding success of the fund drive. I am constantly reminded that nowhere else in the world are the people more willing to cheerfully contribute to a worthy cause. To each of you I tender my most sincere appreciation."

### ROARING SPRINGS GIRLS TO APPEAR ON KFLD, FLOYDADA

Eight Roaring Springs High School girls will sing over radio station KFLD, Floydada, Wednesday, Feb. 12, at 11:30. It was announced this week.

The girls will appear on the "Motley Hour" for a 15-minute broadcast. They will be accompanied by their director, Mrs. L. D. Wilkerson.

The station is 900 on the dial, and has many listeners in this vicinity.

### Elbert Reeves Is Judge Candidate

Elbert Reeves has authorized the Tribune to announce that he will be a candidate for the office of County Judge and Executive County Judge of Motley County, subject to the action of the Democratic primaries in July.

Mr. Reeves said he would make a formal announcement of his candidacy at a future date.

### Banquet Tables Ready For Girls

Everything is in readiness for the twentieth annual Mother Daughter banquet, to be held tonight in the basement of the First Baptist Church.

As a feature of Youth Week the banquet is sponsored, each year by Matador Parent-Teacher Association for the girls in the community.

Entertainment will be provided by girls and the mothers, and promises to be "tops" again this year.

LITTLE CHARACTER in the drama, "March of Dimes", above, left, is Lou Ann Woodruff, daughter of Mr. and Mrs. Glenn Woodruff of Matador, as she gives her "string" of dimes to volunteer worker, Mrs. Freddie Welling. The "string" of dimes is secured with Scotch tape and its length is Lou Ann's height. The photograph was made last week during the Mothers Porchlight campaign. A late report shows that Matador collected a total of \$807.74 for the polio fund. The polio banks contained a total of \$61.10.

### DISTRICT TOURNEY SCHEDULED HERE

Beginning Tuesday, Feb. 11, a district basketball tournament will be in progress here. It was announced this week by Supt. Bert Ezell. This will be the first time a district cage tournament has been held in Matador, in about 8 years.

Outstanding teams in the district will vie for trophies, furnished by the Matador Lions Club and now on display at Billy's Grocery.

Games will start at 5 p. m. Tuesday. None will be played Wednesday, but on Thursday and Friday, will be resumed at 4 p. m. Finals Saturday will begin at 7 p. m.

Nine boys and seven girls teams will be entered from Silverton, Quitaque, Flomol, Turkey, Lakeview, Estelline, Carey, Kirkland, and Matador.

### BANK TO OBSERVE LEGAL HOLIDAY

First State Bank here will observe Lincoln's birthday, February 12, as a legal holiday, it was announced by officials this week.

Customers are asked to conduct banking business in advance in order to avoid possible inconvenience.

### BROTHER IS INJURED

John Stevens left this morning for Fort Worth, to the hospital bedside of his brother, Glen Stevens of Weatherford, who was seriously injured in a highway accident Wednesday night.

### TO ARIZONA

### Baptist Men Plan To Attend District Brotherhood Rally

A group of local men and boys will go to Lubbock Tuesday, Feb. 11 to attend District Nine Baptist Brotherhood Evangelistic Rally. Heading the group will be Rev. Gene Hawkins, pastor of the First Baptist Church here.

Outstanding speakers will include Dr. C. Oscar Johnson, pastor of Third Baptist Church, St. Louis, Mo., Eddie Hurt, Southwide Royal Ambassador leader and Joe C. Arthur, Educational and Music Director of the First Baptist Church, Littlefield.

While men are urged to attend, it is especially requested that every man bring a boy, Rev. Hawkins announced.

### HD Clubs Warned Of Ad Schemes

Home Demonstration Clubs are victimized by various advertising schemes, delegates to a training meeting in Haskell last Wednesday, were warned.

The advertisements are displayed on items, such as song books, gadgets and other novelties, and sold to merchants with the impression that a local home demonstration club is sponsoring the movement for a percentage of the business, the women were told.

An advertising representative recently contacted the local club, with a similar plan for fund-raising, but this club has declined to participate.

Attending the meeting from Motley County were, Mrs. Fred Bourland and Mrs. Wilson Barton of the Whiteflat club, Mrs. W. F. Sauls of Flomol, and Mrs. Bob Martin, Matador.

### County Loses 20% Voting Strength

Motley County has lost 20% of its voting strength within the past two years according to a check of the poll tax records, in the office of Sheriff, Tax Assessor and Collector Jinks Wilson.

It is believed that most of the loss in voting strength has been the result of failure to pay poll taxes, rather than population losses.

Two years ago (1956) a total of 1003 citizens paid poll taxes and 37 citizens secured exemptions (1955 poll tax receipts were issued for the privilege of voting in 1956).

Total poll taxes paid this year were 799 and total exemptions were 21 (Poll tax receipts bear date of 1957 for voting in 1958).

### ERRATUM

An error appeared in last week's Tribune news item regarding the visit here of Lions Dist. Governor Bill Smith, scheduled for Feb. 18. The item should have read: "he will assist President Alvin Stearns."

At the start of the club's last fiscal year, Leon Curtis Graham was elected president, but because of the illness of his wife, first vice-president Stearns later assumed the office. The records of Lions International were not corrected when the change was made in the local club, and the news item last week secured its information from the Chicago headquarters. The error escaped the Tribune until after publication.

Ralph Horton, of Carlsbad, N. M. was here during the week end, looking after business interests.

## F. H. A. News

Word is going around that enthusiastic freshmen and sophomore home ec students plan to enter a cooking contest! The contest is sponsored by Pillsbury Flour. Good luck to the cooks.

The F. H. A. has had a hard time fitting in its meetings to avoid conflict with other activities, but the members have enjoyed the meetings. The past program was "Beauty Hints" and Craven was the chairman of the program.

Junior home ec students are busy making lined suits. The our that they have for sewing half over by the time they get their machines and the ironing board ready. Their biggest problem is finding distilled water for the steam iron.

Mrs. Fair and Glenda Smith made a recent trip to Childress to help plan and set the date for the Area F. H. A. Meet. The date is the first Sat. in March. Glenda is area parliamentarian.

The two girls who were selected to sing in the area choir are Charlotte Campbell, junior, and Carolyn Pohl, sophomore. The choir is one of the highlights of the Area Meeting.

## CHAMPS GET REWARDS

Monday, January 27, the Matador High School's Regional champion football boys received their well-earned jackets for the past season's football participation.

The jackets are really pretty with black leather sleeves, collar inserts, and pocket facings. The remainder is red wool and the regional Champs football on the arm adds a lot to it.

All the boys are proud of them — not to mention the way the girls feel. Of course some of the girls are planning to get some wear out of 'em I hear! The heroes receiving them were: Gale Stafford, Richard Stafford, Bill Crenshaw, Ronnie

Steen, Andy Fish, Larry Hoyle, Lewis Fair, "Beetle" Bailey, Robin Darsey, Jimmy Welling, Gerald Pipkin, James Bearden, Bobby Cross, Clem Edwards, Dink Wilson, Sherril Rigby, Guy Campbell, Bundy Campbell, Roger Scaff, Pete Chambliss, Harry Campbell, Shelby Jackson, Harry Hamilton, Carter Luckett, Tommy Scaff and managers Stanley Welling, "Tut" Irwin, and Mike Groves, and our mighty captains — Franklyn Thrasher, Pat Green, and Dayton Graham. Coaches Bradshaw and Johnson received their crowning glories at the same time and everyone has agreed, red and black are their best colors — the colors they work hardest for, the winning combination.

## MATADOR HIGH SCHOOL

By Kay Norman

All these new football jackets the boys (and girls) are wearing around high school, sure do look pretty. The boys were sure proud of them.

Just think only two more weeks of basketball left. The District tournament is going to be held here this year. It sure will be nice to have it here, and not have to go out of town to play our games.

The bookkeeping class is just about to finish their second practice sets. If anyone needs a good bookkeeper just call on one of the seniors.

I don't know what the chemistry lab is trying to do. But the way things smell of a morning between 10 and 11 o'clock, it seems as if they are trying to make a skunk. If you happen to know of a good place about three miles from town that would be a good place to have a chemistry lab, PLEASE let us know!!!

The music class is really jumping now. We are going to get new red robes. Everyone is so happy now that after all these years we are going to get some new robes.

The Hep Cats, and the Queen Teens, went to Floydada last

## Monday to be on their Pollo Drive show.

The seniors have finally ordered three plays to choose from. They should be back pretty quick. Then the senior play will be officially under way.

I sure would hate to be a driver's Ed teacher. Poor Mr. Johnson having to ride in the car when Frances McMahan is driving. We never have got around to arguing in the class yet, about which is better, women or men drivers. Of course we really know that women drivers are!!!

## SENIOR NEWS

## JUNIOR NEWS

By Mike Groves

All the class is rolling along in fairly good spirits during the middle of the fourth six weeks. The algebra is getting harder,

## the chemistry is smellier and the history is getting worse.

Not much happened this week, so news is kind of short. But one thing always makes news: VOTE FOR KAREN!!!!!!

### PIED PINIONS

By Mrs. M.

Like the man said, civilization has certainly progressed. In just a little over 30 years, he said, we have advanced from itch to allergy.

And if you have a dictionary older than 1944, you might not even find the word. It isn't listed in our office edition circa 1937.

But itch, allergy, or plain old rash, take your choice. I've had it. After trying all of Mr. M's prescribed home remedies, I finally appealed to our Md. who wrote out an Rx (one of those things the Greeks had a word for), and took it to the pharmacy. Of all the fancy fixings for a tiny tube of ointment! Here it was, nestled in a dainty bed of styrofoam, and encased in a transparent plastic case, no less.

Yes sir! We've come a long way since the days of itch and isinglass.

### RELATIVES VISIT

Rev. and Mrs. Gene Hawkins had as their week-end guests, her parents, Mr. and Mrs. E. H. Moody, a sister, Sue and brother, Alfred, and a married brother and his wife, Mr. and Mrs. Weldon Moody, all of Bovina.

**AT THE ROAD**—J. O. Musick, left, General Manager of Texas Safety Association congratulates the 1957 Most Representative Hobbs Knight of the Road, Jack G. Cowart. The 27 year block truck driver for the Ben E. Keith Company, was caught prize when Musick made the announcement at a safety meet- ing which will be honored by Texas' law enforcement, government, and trucking industry leaders at the highway courtesy award dinner's annual banquet in Austin, February 14th.

**DEATHS**—Deaths one of the prime goals of his administration. Smith will work with the Texas Traffic Safety Council created by the Legislature last spring to coordinate the safety activities of state agencies. He has been doing volunteer safety work for 18 years. "WEAKEST LINK"—Bearing on the same problem, speakers at a traffic courts conference in Austin said the courts must command respect for the law. Traffic courts conducted by laymen or part-time judges in ill-housed courtrooms may be partly responsible for the casual attitude many have toward traffic offenses, said one speaker. Such courts, it was charged, are the "weakest link in the traffic enforcement chain." SMALL FRY NOT WANTED—Texas Board of Insurance has problem of deciding whether to grant permission to charge lower rates to companies which avoid the "little business." Five companies are requesting the special rates. They said they plan to insure only more expensive homes. Loss ratios are higher in the \$5,000 and under bracket, they explained, and cost of handling offsets commissions. Board recognized this, but asked, "Who is going to take

care of the \$5,000 home owner?" **CREDIT RULING CONTESTED**—An Amarillo insurance firm has filed suit to prevent new, lower credit insurance rules from going into effect March 1. State Board of Insurance had issued an order that would bring an estimated 50 per cent slash in credit insurance charges. Attorneys for Cosmo Life Insurance Co. contend the Board exceeded its authority. Credit insurers say the order would wreck their business. Numerous state officials had urged the change on the premise that excessive insurance charges were being used as a means to charge borrowers exorbitant rates.

**Northfield Makes Plans for Revival**

In 1955 he joined the Wayland faculty, following the completion of requirements for the Doctor of Religious Education degree at Southwestern Baptist Seminary. He is a graduate of Howard College and holds the Th.M. from Southern Seminary. Dr. Bishop was the first South-wide secretary for Royal Ambassadors and founded the magazine, "Ambassador Life," which he edited for seven years. **TIPS ON BUYING REPLACEMENT CHICKS**

For poultry raisers who want to take the guess out of buying good layers, the Random Sample Egg Production Test is the answer. Summaries for the past three years show that every strain entered in the test hit their peak production at either the 8th, 9th or 10th month of age, with most strains peaking at 8 months of age. There are unusual cases where the peak is reached sooner, but it is wise for the poultry raiser to go by averages than exceptional performances.

Other things to be sure to check when buying chicks are: buy chicks that come from a hatchery that belongs to the National Poultry Improvement Plan, as all of these are certified by the USDA as having come

from parent flocks that are Pulorum Typhoid clean, and finally check the results of the Random Sample Test as a guide to selection of the top egg producing birds.

A copy of the Official Random Sample Test can be obtained by dropping a card to Bill H. Doran, Poultry Department, Texas A and M College, College Station, Tex.

Producers Advised On Farmers For Planting

Farmers generally were pleased last year with the yields from recently released hybrid grain sorghums, a release from College Station reveals. However, some farmers objected to the number of off-type plants in their hybrid sorghum fields.

According to agronomists of the Texas Agricultural Extension Service, some of these tall plants resembled forage sorghums while others resembled vigorous grass sorghums. Steps have been taken by the seed producers of Texas to correct this situation, say the agronomists, by cooperating in a winter testing program.

The extension agronomists advise retail seed dealers to get producer assurance that the seed being offered has been winter tested and have received a high rating for purity. In turn they point out, farmers should buy hybrid grain sorghum seed from a reliable dealer who does have this assurance from the seed producer. The agronomists say this winter testing program is something new and is not required for certification.

# Facing Giants of Circumstance, God is Sufficient" -- Rev. Williams

## Service Opens Week of Activities

Dynamic message of inspiration was delivered at the pulpit of First Baptist church by Methodist pastor, W. Williams, in the opening services honoring the week of the community.

Reading by David from the first chapter of provided the background for Rev. Williams' message on the subject of "Victory through faith in God."

In the Lord, and obedience to His command brings a victory," Rev. Williams declared. "In facing of circumstances, God is sufficient for deliverance, if we place our trust in Him -- He will obey," he asserted. Citations, the victories of David over Goliath, and in battle, he pointed at through faith and then each was rewarded triumph.

Rev. Williams advised, "Let us not wait before we seek to know His will, for He is our friend and our helper in every emergency. . . . For the way of the just is the way of the Lord; but the way of the unrighteous shall perish."

### Drawing of Prizes From Free Tickets Is Ruled Illegal

AUSTIN, Feb. 4 — Attorney General Will Wilson Monday ruled illegal any drawing of prizes involving tickets given gratis by merchants attempting to stimulate trade.

It's a valuable consideration to the merchant, said Wilson in his ruling, for a customer to come into his store regardless of whether anything is bought. This, he added, would make such a come-in device a lottery.

Wilson made the ruling at the request of County Attorney A. G. Mueller of Llano. Wilson said the courts have held that a lottery is any scheme or plan providing "for distribution of prizes by chance among those who paid or agreed to pay a consideration for the right to participate therein."

There is a consideration paid to participate, Wilson said, "because in return for giving out the chances in the form of the tickets and the giving away of the prizes the merchant received the good will and the patronage of the persons favored with the tickets."

As a result, the attorney general continued, the plan amounts to lottery and therefore is illegal.

### About Your Health

A weekly public service feature from the Texas State Department of Health.

Henry A. Holle, M. D., Commissioner

AUSTIN — If the people of the United States were informed that a vaccine had been found that was effective against traffic accidents and that clinical tests and records had demonstrated this accident prevention vaccine was successful, only a fool would fail to protect himself with a vaccination.

Further, if you were told that last year, all traffic accidents had been reduced almost 80 percent over two years ago, because of this vaccine with its resultant reduction in deaths and crippling effects, you would undoubtedly hail it as the greatest boon to life since milk pasteurization.

Why then is there so much apathy among adults in obtaining the protective benefits of the Salk anti-polio vaccine?

The success of the vaccine is proven beyond any shadow of doubt. The incidence of paralytic polio is reduced in the United States.

There were 816 cases of paralytic polio in Texas in 1955; last year there were only 365, a large lytic polio is reduced in the whole of the United States, and children below 5.

Many parents have taken for granted the fact that their school children will probably receive their polio shots at school, but fail to protect themselves or their pre-school-age children.

This attitude could cost the life of your small children, or even your own.

Anti-polio vaccine is available for everyone now, and the Texas State Department of Health strongly recommends that everyone be vaccinated, especially pre-school-age children and young adults.

The continued marked reduction in the incidence of paralytic polio is dependent on the immunization of the entire population.

Remember, it takes eight months to complete your series of three polio shots, but if you start now, you will at least have partial protection by the onset of the polio season in Texas this spring.

We don't have a vaccine against automobile accidents yet, but you can guard against the crippling effects of paralytic polio, if you act soon.

### SOCIAL SECURITY

Most farmers will file their social security tax returns along with their Federal income tax returns by February 15, according to John G. Hutton, manager of the Lubbock social security office. Any self-employed farmer whose 1957 net profit was \$400 or more is required to file this return and pay the social security tax of 3-3 8%.

If the gross farm income is not over \$1800, 2/3 of the gross can be reported; if a farmer's gross farm income is more than \$1800, but the net is less than \$1200, he may, if he wishes, report \$1200. Landlords who, by agreement with their tenant, participate materially in the production or management of the crop or livestock are also classed as farm operators for purposes of social security.

Hutton emphasized that farmers should make sure that their tax returns are accurate and complete. It is important that anyone showing income subject to social security tax show his social security number both on Form 1040 and on Schedule F. It is equally important that all proper business expenses are deducted and that the amount of the net profit be clearly reported.

Tax returns are filed with Internal Revenue Service. More detailed information is contained in a publication entitled Farmer's Tax Guide (Publication No. 225) which can normally be obtained from the county farm agent or the Internal Revenue Service district office.

A representative of the Lubbock Social Security Office will be in Matador on Feb. 11, at 9:30 a. m. at the First State Bank and will be glad to assist in all matters pertaining to Social Security.
