Matador at Crossroads of 70's

Sponsors Urge Travel On 2 Highways Here

Judge Gilbreath Heads State 70

A SANDSTORM that made driving with headlights burning necessary in the middle of the day, Saturday, did not discourage three Matador delegates from attending the annual meeting of State Highway 70 Association at Sweetwater, Judge Vance H. Gilbreath, Mayor W. L. McWilliams and Dr. A. C. Traweck, Sr., represented Matador.

US 70 Members Show Increase

MATADOR at the crossroads of two important highways both (US and Texas) numbered 70, Tuesday received a representative of the US Highway 70 Association, Bob Bennett of Phoenix, Arizona was here in interest of the association's annual membership drive.

Two additional members (for a total of 13) became sponsors of coast to coast route. Bennett is the only paid representative of the national association (has been employed for three months). Charles Hasing, a banker of Hugo, Oklahoma, is president.

Bob Stanley is secretary of the Matador group and also vice-president of the national group. He said several business leaders were not available Tuesday when the membership campaign was being conducted, and asked the Tribune to announce that memberships are available from him.

Following is the list of 1958 members here: Dr. J. S. Stanley, Dr. A. C. Traweck, Sr., Stanley Pharmacy, West Texas Utilities Co., Campbell Chevrolet Company, Edmondson & Son, Phillips "66", First State Bank, Matador Tribune, Waybourns Cafes, Matador Motor and Implement Co., Salem Dry Goods, Bob's Oil Well and Cafe and Bennie's Gulf Service Station.

Freeman Thacker Buys Interest of H & S Firm

A DEAL said to have been consummated Tuesday when the H & S Butane Company sold its interests, including trucks and storage facilities, Freeman Thacker Butane Co. acquired the large transport truck, an acre of land and storage tanks west of town on State Highway 70.

Freeman Thacker said yesterday afternoon that he had purchased the business with the exception of a delivery truck and

storage tank which were bought by dealers elsewhere. Both men said the amount of business in Matador and area made it impractical to operate two firms here. Mr. Sims, who purchased the business from Albert Rattan two years ago, said he had no immediate plans for the future.

Mr. Thacker said he wished to assure former customers of the H & S Butane Co. that he would attempt to give efficient service at all times and serve both large and small customers with the same degree of appreciation.

Mr. Sims told the Tribune he would publish a formal notice of appreciation to his customers for their loyal patronage during the time he has been in the butane business here.

Freeman Thacker Butane Company now has 25,000 gallons storage facilities here and operates two delivery trucks and one transport, with three regular employees.

MAIL DUST

By GLAS MEADOR

Scores of Matador worshippers joined millions of persons throughout the nation and world Sunday morning in acknowledgment of the Christian miracle—the resurrection of Christ from the dead.

Matador churches were crowded with estimated record attendance, as pews were filled with

local residents and their visitors. Special services marked the occasion at both morning and evening worship hours.

Christening and baptismal rites were conducted by the pastor, Rev. C. W. Williams, at the Methodist Church morning service. Three infants received the rites, being Charlotte Lou, daughter of Mr. and Mrs. Charles Johnson and Ronda Gail, daughter of Mr. and Mrs. Pete Williams, both of Matador, and Ben Charles, son of Mr. and Mrs. Roy Grundy, of Silverton and grandson of local residents, Mr. and Mrs. Ben Edwards.

Receiving high praise was the service in music at the evening hour commemorating the occasion. Readings and slides interspersed the impressive program. Two anthems by the choir included a duet arrangement for Mrs. Homer Jenkins and T. B. Edmondson, and solo parts for Miss Margaret Wilkerson, Miss Ann Williams, Rev. C. W. Williams, and Mesdames Charles Johnson, W. F. Jacobs and Glen Woodruff.

Rev. Gene Hawkins, pastor, delivered his Easter message in the evening service at the First Baptist Church while the morning congregation heard Dr. Cecil Cooper, of Wayland College, Plainview, in the pastor's absence. An all-youth choir presented a pre-Easter service in song, on Sunday night of last week.

At the Church of Christ, minister Norris Campbell, Bible professor at Abilene Christian College, Abilene, filled his regular Sunday appointments at both morning and evening services, and the Assembly of God congregation heard their pastor, Rev. O. L. Bost.

Mrs. John Slater, of Panhandle, visited here Tuesday with her sister, Mrs. Bob Martin, who accompanied her Wednesday, to San Angelo where they are visiting Mrs. Slater's granddaughter, Mrs. Keith Kelly and family.

Mrs. R. E. Campbell Jr. has been named treasurer of the drive and may be contacted at First State Bank, Frank Price, also at the bank, was named as advance gift chairman.

Mrs. Tennie C. Black returned home Monday from Lubbock, where she underwent eye surgery last week in Methodist Hospital. Her condition is described as satisfactory.

Mr. and Mrs. Gordon Jackson, of Paradox, Colo., and Mr. and Mrs. John Jackson of Hale Center, were week-end visitors in the home of their mother and sister, Mrs. J. M. Jackson, and Annie Mae.

Easter holiday visitors in the home of Dr. and Mrs. A. C. Traweck Sr., were their daughter and family, Mr. and Mrs. Orvil Wells and daughters, Susan and Carolyn, of Dallas.

Mr. and Mrs. Ward Rattan visited in Vernon, Easter with her parents, Mr. and Mrs. J. W. Scott, and with a sister, Mrs. L. T. English and family.

Human Skeleton Brought In From Northfield Area

Parts of a human skeleton wrapped in a tow sack were left on the Tribune's exchange desk early Monday. Mrs. Bill Slover told Tribune employees that the skeleton was found by her husband while rattlesnake hunting Sunday on the Bud Simpson ranch in the Northfield area.

No details of the find were given. The small skull, part of the jaw bone, arm bones and ribs were in the group of human remains. It is assumed the bones are that of an Indian, probably a woman or youth.

The Tribune Monday made an effort to telephone Dr. W. C. Holden of Texas Tech considering possible archaeological value in the bones. The college was closed for the Easter holiday and it was impossible to locate Dr. Holden at his home.

Part of the crumbling skull shows to have been exposed to the weather while other parts of the skeleton indicate that they were uncovered from soil.

Sheriff Jinks Wilson told the Tribune yesterday that he had investigated the finding Sunday of a human skeleton on the Bud Simpson Ranch. He said the skull and bones were found in the wash of a small creek near the top of a high hill on the ranch.

Junior Play Draws Crowd and Laughs

The crowd was still laughing when the curtain went down on the junior class play Tuesday night in the high school auditorium. The performance was declared one of the best ever presented by school students.

The casting could not have been better, so perfectly did the actors fit their respective parts for the three-act comedy, "Let Me Out Of Here."

The spectators are still marveling at the rapidity with which the boys changed apparel (off-stage of course) and parents are wondering how to promote a continuance of the performance at home.

Well directed by Bill Moss, the cast was composed of Karman Jenkins, Peggy Welling, Charlotte Campbell, Karen Webb, Gerald Pipkin, Mike Groves, James Bearden, Ray Davis, Pat Seigler, and Larry Hoyle.

FORTY-TWO PARTY

Whiteflat Home Demonstration club will sponsor a forty-two party Friday night, at the usual price of 35c per person, with games beginning at 7:30. Refreshments will be served, it was announced.

Hal Courtney Tops Trustee Voting

Hal Courtney of Northfield, son of former Sheriff H. H. Courtney, made the top bracket in Saturday's Matador Independent School District trustee election.

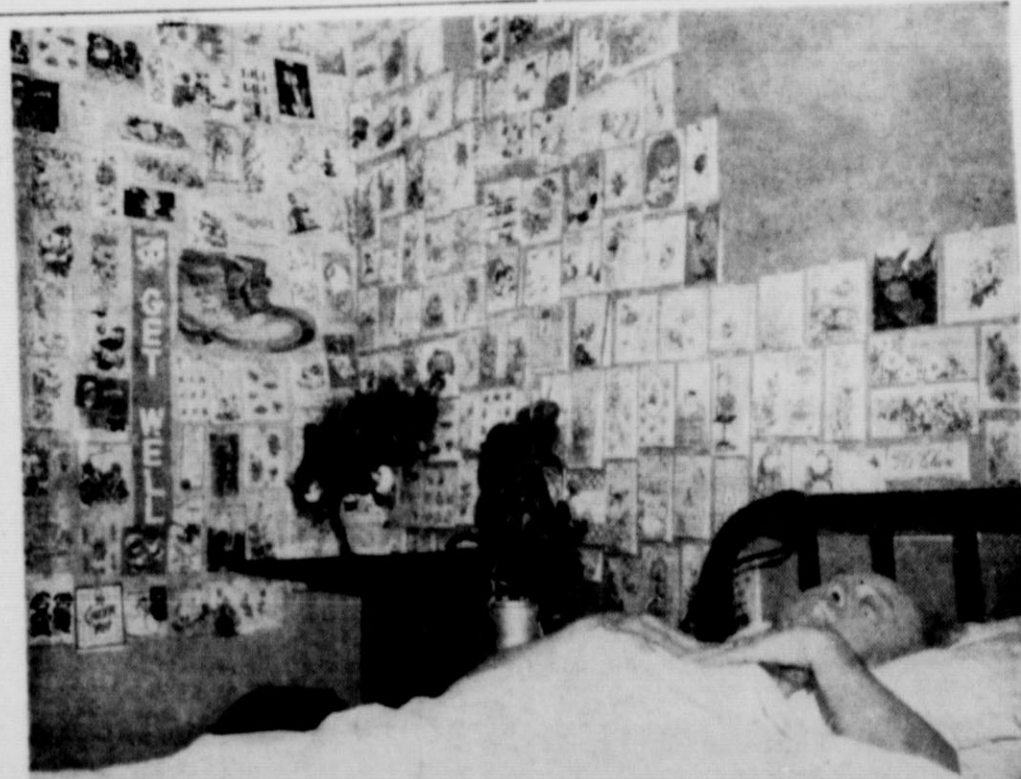

He received 150 votes. Incumbent Curtis Graham received 111 votes and Stuart Dixon was elected for the third place on the board with 106 votes.

Mrs. Melvin Meason was defeated by the margin of one vote (she received 105). Others in the race were Mrs. Algie Groves, 86 votes and incumbent Frank Pohl who received 95 votes.

Clovis Murphy of Whiteflat, an incumbent, did not seek reelection.

IN METHODIST HOSPITAL

Mrs. Eldred Seigler was admitted to Methodist Hospital in Lubbock, Monday for observation and treatment. She is scheduled for major surgery Friday at 10 a. m. Mr. Seigler and a sister-in-law, Mrs. Ward Rattan accompanied her to the hospital and will return in the morning to be there during the surgery.

MAN WITH A THOUSAND FRIENDS—A room at Stanley Hospital is decorated with more than 1,000 get well cards addressed to Randall Whitworth, cashier of the First State Bank here. He suffered a heart attack on March 8, and Dr. Stanley requires him to remain absolutely still. His condition is steadily improving. Mr. Whitworth is known throughout the area as the man who always remembers every event in the lives of others. His friends did not forget.

PIED PINIONS By Mrs. W.

Donald Davis of Lubbock probably missed becoming a printer instead of becoming head of his own building materials business, only by a whim of fate. He once worked for G. C. Mitchell, former publisher of the Motley County News, but resigned after mashing his finger in a job press about his second day at work.

Davis grew up in Matador and visited here Friday when he accompanied his mother and her sisters here. He was regarded with a degree of envy, by some of his former associates because he hasn't aged as much as they.

He has a teenage stepdaughter and stepson, in addition to his own Susan who is four years old, and when quizzed as to his methods for staying young, he declared, "Keeping up with formal and formulas at the same time would keep anyone young."

Maybe so, but I'm not so sure I can subscribe to these sentiments, after an Easter week end with a household of all ages. Keeping up with David, 3, our own little "Dennis" proved quite exhausting and hunting Easter eggs with him was most frustrating, since he didn't want to relinquish the eggs to be hidden. He wanted only to find them.

On a previous visit I had demonstrated with his sisters, 9 and 10, because they had a tendency to yell at him to stop him from whatever mischief he was about to commit.

"Don't scream at him . . . just talk to him normally" I advised, at which Donna shook her

head and protested, "But, Aunt Lila, it's too late then."

She had a point there, I finally had to admit.

The Charles Robert Keiths are now settled in their apartment at Triangle, Virginia, near the Marine Base at Quantico, where Lt. Keith reported for duty Tuesday.

They left Dallas early, and before settling in their new quarters they went to New York

where they were guests of relatives who took them on a tour of sight-seeing and theatering. They had the good fortune of attending several of the popular plays on Broadway.

A local couple anticipated a trip to Manhattan next week are Allie and Bennie Cox. They will be guests of their Charles Ray, who is employed Braniff Airlines in Dallas, who will accompany them.

who played football last fall. Life, to them, seems like one long workout. Everyone can look forward to baseball season.

It is hard to round up news when you are suffering from a case of spring fever. Maybe next week!

SOPHOMORE NEWS

Three sophomore boys went to Abilene with Mr. Moss as a livestock and dairy judging team. They were Ed D. Smith, Clem Edwards, and Billy Crenshaw. From what I've heard, Ed wants to go back. Seems that there were girl judging teams there!

Everyone is glad it's finally getting warm. We are really getting the spring fever though. It won't be long until we take our half-day holiday that we earned by winning the Carnival Queen race.

The "soph" girls are busy sewing. They hope to get at least one garment finished before the style show! Verna and Faye Belle like sewing so much that they have been staying after school. Edna the Brave is making a "sack" dress.

Well, that's all the gab in this week's session from the sophomore section. Farewell!

ANOTHER "FISH" CAUGHT BY CLASS

The freshman class has gained another boy. He came from Ore City, Texas. His parents are Mr. and Mrs. W. C. Breazeal. Name: Danny Breazeal. Age: 14. Eyes: Gray. Hair: Brown. Weight: 95 lbs. Height: 5 feet. Favorite Sport: Car Racing. Favorite Color: Green. Favorite Subject: Spelling. Favorite Food: Chicken. Dislikes: Girls. Likes: More Girls. Ambition: Hot-Rod Racer. Joined Class: April 1, 1953. We are happy to have another "fish" and we sincerely welcome Danny to M. H. S.

TESTS TAKEN

Last week the MHS students devoted the biggest part of their time taking tests. The three days preceding the six weeks tests on Thursday and Friday were spent on Iowa State Achievement Tests.

The Iowa tests cover nine fields of study, and are given to the students to see how they rank in the national percentile.

The percentiles cover individual ability as well as the entire class ability.

The results of the tests will be back about the first of May. We hope to find some outstanding students (and classes) in our school.

TENNIS MEET

The district tennis meet was held in Lakeview on April 3. Those who participated from MHS were Mike Groves, senior boys singles; Bobby Cross and Harry Campbell, senior boys doubles; Peggy Welling, senior girls singles; Kay Norman and Cissie Waybourn, senior girls doubles; and Janie Waybourn and Carol Campbell, junior girls doubles.

We are sorry to report that the team didn't bring home anything except a weary sponsor, Mr. Moss, and a few sunburns.

CHORAL CLUB WINS HONORS

The Matador High School Choral Club won many honors Saturday, March 29, when it went to Plainview for the Inter-scholastic League Music Meet. The choir, two ensembles, and the soloists came back with

medals, certificates, and a bronze plaque. The plaque was awarded to the choir for a I rating in sight reading. For its concert grade the choir was given a II rating. The ensembles and soloists who received first ratings were presented gold medals, and second place ratings received certificates.

The girls trio, the "Queens", scored a I rating on their number, "Halls of Ivy." The sextette, the "Melodettes", received a II rating on their song, "Lavendar Blue."

The soloists and their ratings were Kay Norman, I; Jan Barton, I; Frances McMahan, II; Charlotte Campbell, II; Ann Williams, II; Carolyn Pohl, II; Ida Fair, II; and Nelda Wilson, II. Ida Fair also received a II rating

on her piano selection.

The medals and certificates were presented to the individual winners in a student assembly on the following Monday morning, and the choir presented its bronze plaque to the school. The plaque will be engraved and placed in the high school trophy case with the other MHS awards.

TWELVE RULES FOR PARENTS IN RAISING JUVENILE DELINQUENTS

(Editor's Note: Following excerpt is from the column "Reactions" by Freida J. Monger, editor and publisher of Duluth (Minn.) Publicity, who adds a rule to those suggested by the Houston sheriff's office on "Raising Juvenile Delinquents.")

The awful problem of juvenile delinquency is still with us and the question is still being asked, "How did this evil ever develop?" Parents, teachers, clergymen, civic leaders, groups, and individuals are seeking the answer to the question "What to do about it?" We came across an answer—perhaps the real answer—and it's from the sheriff's office in Houston, Texas. It is entitled "Twelve Rules for Parents in Raising Juvenile Delinquents."

1. Begin with infancy to give the child everything he wants. In this way he will grow up be-

lieving the world owes him a living.

2. When he picks up "bad" words or "dirty" words, laugh at him. That will make him think he's "cute." He will run off and pick up some other words that will blow the top off your head.

3. Never give him any spiritual training until he is twenty-one and then let him decide for himself. By the same logic, never teach him the English language. Maybe when he is old enough he may want to speak Bantu.

4. Praise him in his presence to all the neighbors; show how much smarter he is than the neighbors' children.

5. Avoid the use of the word "wrong." It may develop in the child a "guilt complex." This will prepare him to believe that when he is punished later on for stealing cars or assaulting women, Society is "against him" and that he is being persecuted.

6. Pick up everything after him, his shoes, his books, his clothes. Do everything for him, so that he will be experienced in throwing burdens on others.

7. Let him read anything he wants. Have no concern whatever for what goes on in his mind. Provide him with lily cups for his lips, but let his brain drink out of any dirty container for words and ideas.

8. Quarrel frequently in the presence of your children. In this way they will be prepared for broken homes later on.

9. Give him all the spending money he wants; never let him earn his own.

10. Satisfy every craving of the child for food, drinks, and everything that has to do with the sense of taste and touch, gratifying every sensual desire.

11. Take his part against policemen, teachers, and neighbors.

12. When he gets into real trouble, always defend yourself and say, "I never could do anything with him."

We would add another rule to the above. Rule No. 13 would be: Let your child go out at night and don't wait for him to come

in and when he does don't ask him where he's been. That would "hem him in," "cramp his style," "stifle his initiative," and worst of all make him "look chicken."

Amarillo Jaycees To Sponsor Famed Oberammergau Play

A stage presentation that annually vies with the best Broadway productions and which boast a longer "run" than any other, soon will be given in Amarillo by a group of professional actors who maintain the traditional realism of the 325 year old vehicle. The famed Oberammergau Passion play is scheduled for April 24 through 27 at the Municipal Auditorium according to the Amarillo Jaycees who are local sponsors. All proceeds will be used for the combined Jaycee charities.

Starring the renowned Val Balfour in his memorable role as the Christ, and supported by a large cast, the Oberammergau Passion Play brings to Amarillo the world's greatest story, presented by a group of eminent and famous players. The story of the last seven days in the life of Jesus of Nazareth unfolds in twenty-five scenes. Unusual lighting effects give to the spectator the feeling of actually present at the time when these immortal events took place 2,000 years ago.

Jerusalem Street Scene

The central set, depicting a typical street scene in ancient Jerusalem, changes rapidly to such impressive settings as the Bethany scene, the Last Supper, the Garden of Olives, the council of Caiaphas, the court of King Herod, the palace of Pilate, the road to Golgotha, the Crucifixion, the burial and the Glorious Ascension. Val Balfour is the fourth generation of his family to participate in Biblical drama and is now enacting the impressive role of the Christ. The entire play is presented for the first time in English. The role of Mary, the Mother of Jesus, is portrayed by Ann Kelley Balfour, who in private life is Mrs. Val Balfour. Mrs. Balfour is American born, and has achieved acclaim both in this country and abroad. She brings to the

role a rare and sympathetic understanding.

The play, which has been termed the greatest dramatic production ever to be staged, will be presented here for three matinees and three evening performances April 24 through 27. Mail orders for reserved seats are now being received at Passion Play Headquarters, Amarillo Jaycee Office, Amarillo Building, Amarillo, Texas.

Price for Evening and Sunday matinee are \$3.00, \$2.35, \$1.65 and 99c taxes included. Special student matinees will be held on Thursday and Friday, April 24 and 25. General admission will be 50c for students and \$1.65 for adults.

About Your Health

A weekly public service feature from the Texas State Department of Health.

Henry A. Holle, M. D., Commissioner

Austin — With proper care and prompt treatment from your physician, those unsightly varicose veins, the scourge of pretty legs, can be normal again.

Physicians report that they often have women patients who complain about varicose veins. Some of them admit to the doctor that they are embarrassed because the unsightly blotches on their legs are so noticeable through their nylon hose.

Mental health as well as physical health is involved. Such seemingly unimportant troubles can upset an individual until he or she thinks up excuses to keep from going to a neighborhood swimming party, where the varicose veins would be on display.

Varicose veins are caused by some of the swelling and certain disturbances in the normal make-up of the individual. They can be treated. Continued trouble in the veins may lead to noticeable symptoms, such as pains in the legs. Swelling may occur because the skin is no longer properly nourished by the blood.

Continued malnourishment in the skin can lead to an ulcer. A danger signal for this complication is a brownish patch on the leg where one finds the varicose veins.

What can you do about varicose veins? Your first move is to go to your physician. He will want to make sure that there is no underlying disturbance present, before he can start measures for treatment of the varicose condition.

Treatment will be given to try to remove the difficulties which cause the bulging veins. There is no method for restoring the already troubled veins to normal, however, they can be obliterated so that the woman may again wear nylon hose and the man may appear in a swim suit without embarrassment.

There are several methods of treatment available and commonly employed by the physician. Some of these are injections of certain drugs which cause a diminishing of the bulging veins and occasional operations which tie off a portion of the affected vein.

Another popular remedy is the bandaging of the leg with an elastic bandage to prevent

The New Plains Cotton Guide

Recommended By

Plains Cotton Growers Inc., Agricultural Experiment Station & Extension Service

CAN MAKE YOU MONEY WITH HIGHER QUALITY COTTON IN 1958

Production practices govern quality and yield. Do your best to see that your land preparation is adequate. Check your soil fertility needs now so that maximum production of quality cotton will not be hampered by lack of nitrogen, phosphorus, potassium or organic matter. Sub soil moisture may be adequate — but check to be sure.

Planting time is almost here. Optimum planting dates on the High Plains are May 5-20. Later planting usually results in lower quality. Before planting be sure the minimum soil temperature averages 60 degrees for 10 days at an 8-inch depth from the top of the bed. Use delinted, treated seed and check for germination. A uniform stand of approximately four stalks per foot in 40-inch rows is recommended. The method of harvest to be used should help determine the variety planted.
