Longhorns Sweep Bi-District

Throckmorton Next On Longhorn List

Somebody forgot to tell the Lazbuddie Longhorns that the football season is over. . . so they just keep playing. . . and keep winning. Friday night, the 'Horns added another scalp to their belt and another trophy to their collection. By token of a 26-6 win over the Groom Tigers, the Longhorns walked off with the bi-district title in 'B' football.

Younger Field was cold. The temperature at Tulla stood at a chilly 26 degrees when the teams took to the field just prior to the 7:30 p.m. kickoff. Most of the people who traveled to the game did not seem to notice the cold too much as they cheered their own favorite team.

By taking the Tigers in bi-district playoff, the Longhorns will meet Throckmorton in Regional championship play-off next week. Although a definite time and place has not been set, it is thought that the game will be either at Brownfield, Snyder or Post as the coaches have asked for a neutral field. Midway point for the two teams would be Post, but at present time, no definite location has been decided on.

Lazbuddie found a slightly different team to some they have met in the past. The grimly determined Tigers set out in the win, to hold the 'Horns and to control the ball. They didn't win, although they held the Longhorns to a low 26 points, they didn't control the ball, although they didn't give a lot of ground to the speedy Longhorns, either and they did hold the 'Horns to lower yardage than they usually accumulate during the course of a game.

In the second, Groom moved from their own three yard line to their 42 before the drive died after nine plays and the 'Horns once again controlled the ball.

Quarterback Steinbock made a razzle-dazzle play from the Groom 46, when he went back to pass, couldn't find anyone open, was being rushed hard, so found a hole and picked up 13.

Final meeting for the 1968 football season was held by the Muleshoe Athletic Booster Club Monday night. More than 40 interested citizens met at Muleshoe High School cafeteria for the dinner meeting.

President Darrell Turner, who presided at the business meeting following the dinner, commended the coaches and the players for their high spirit and their sportsmanship displayed during the season which ended up with the Mules on the losing end of the stick. The Mules ended up the 1968 season with a 1-9 record.

He also discussed a new machine for the athletic department at Muleshoe High School. It is a weight machine, used for developing and toning the players. Cost of the machine is \$2,245 of which \$1500 was paid by the Athletic Department of the School and \$745 by the senior class. The Athletic Boosters voted to assume the \$800 balance.

Gift suggestions for men include cigarettes, cigars, pipes, tobacco, toilet articles, shirts and socks (medium and large), wash slacks, electric razors, hairdolls and coin purses, ties and tie clips, belts and gloves, shoeshine kits and underwear.

Gifts for women include the suggestions for dresses, hose and garters, colognes and lotions, dusting powder, shoes (flats) costume jewelry (some pierced ears), underwear and head scarves, cosmetics, combs, hairbrushes, bedjackets for the elderly, gowns and

Stafford also said that anyone who would like to view any one or all ten of the films made of the football games this year can obtain the films and the school projector to see the films at home.

It was voted by the booster club to give \$200 to the basketball coaches to be used as they wish, either for filming games

Education Plan Created To Aid Muleshoe Youth

A living legend. . . a memorial to a dedicated man. . . created to aid those who knew him and respected him. . . and created to aid those who have not heard of him. Such is a memorial for Lee Roy Stegall who died in July of this year.

Lee Roy Stegall was a school teacher. But that is only part of the story. . . Lee Roy Stegall was completely and wholly dedicated to the education of our youth. From the time he moved to Muleshoe ten years ago to teach math in our Muleshoe High School system until his death, he was one of the most respected and dedicated teachers in the history of the school. He gave of himself constantly to better prepare the youth of this community for adult life.

The 1966 edition of the Muletrain, Muleshoe's official school yearbook, was dedicated to Stegall. The heading said "We proudly dedicate to a man who is himself dedicated." The dedication further read, "We dedicate our annual to a man who possesses the enthusiasm and experience required to saturate our students with the inspiration to achieve a goal just a little higher than they think possible."

"Through a varied career and an extensive education, Mr. L.R. Stegall spent most of his life in the oil fields, an air of wisdom and acute awareness admired and respected by the students of Muleshoe High School.

"Born in Decatur, Texas in 1898, Mr. Stegall spent most of his boyhood near Ada, Oklahoma. During his lifetime he has accomplished many things that make him a very versatile person. He has worked in the oil fields, has served as an F.B.I. undercover agent during prohibition days, has been closely associated with Oklahoma politics, and is a professional photographer.

"Mr. Stegall attended college at East Central College, Ada, Oklahoma, where he played football as a center and tackle. He later transferred to Oklahoma University, where he received his B.A. degree. In 1951, he received his M.A. degree from the University. His teaching career adds up to several years -- twenty of those of which he was Superintendent of Schools at Burbank, Oklahoma. Since retiring as an Oklahoma teacher, he has taught ten years in Texas schools.

"Back Home" near Burbank, Oklahoma in Osage County, the Stegalls own a fine 100 acre ranch, the "Robel". Here, Mr. Stegall spends his summers caring for his Hereford cattle and fine quarter horses.

"Yes, Mr. Stegall, we proudly dedicate our 1966 yearbook to you because you have truly dedicated yourself to the benefit of mankind. Because of your help and guidance and because

Con't on Page 2, Col. 2

Other college students who were home for Thanksgiving were Jerry Lumpkin, Mike and Debbie Bryant, Pam and Dick Pylant, John Gullie, Donnie Thomas, Jim Warren, Kerry Beddingfield and Gary Little.

Mr. and Mrs. Charlie Phillips visited in the Earl Jamison home in Friona. Also visiting there was Brian Jamison of Fort Worth.

Mrs. Tracy McKelroy and children of Dallas visited in the home of Mrs. Margaret Pointer.

Con't on Page 2, Col. 6

A LIVING MEMORIAL--The late L.R. Stegall is shown in one of his favorite poses, speaking to youth. . . about youth. The newly created Stegall Muleshoe Opportunity Plan will be a memorial to this dedicated teacher during his lifetime.

TWO PLUS TWO MINUS THREE--L.R. Stegall, who was a math teacher until his death last July, was considered one of the most respected and dedicated teachers in the Muleshoe school system.

Christmas Parade

Around ten floats have been entered in the two divisions for the All-Christmas Parade which is slated for Saturday, December 7. In the two float divisions, fantasy and religious, cash prizes are to be given to first, second and third place winners.

All the floats, which are required to have a Christmas theme, will be led by Santa Claus, who will be making his first official visit to Muleshoe for the Christmas season.

First prize in both float divisions is \$100, \$50 second place and \$25 for third place winners in both divisions. An additional \$15 will be added to prize money for out-of-town float winners.

The selection of the winners will be announced by the out-of-town judges at the Boy Scout Convention immediately following the parade.

Both the Muleshoe High School and the Muleshoe Junior High Schools bands will march in the parade, along with several marching teams which have been invited from area colleges and universities. Miss Muleshoe and Little Miss Muleshoe will be featured in the parade.

The parade will start at 3 p.m. Saturday afternoon, December 7, and all floats are asked to be in place at the Boy Scout grounds by 2:30 p.m. The parade will move from the Muleshoe Nursing Home on South First to the crossroads and then will move over to Main Street and proceed back to the Boy Scout grounds.

Plans for the parade are being handled by two committees of the Muleshoe Chamber of Commerce, The Muleshoe Area Women's Service Committee is organizing the parade which will be financed by the Business Activities Committee, Marie White is parade chairman and R.A. Bradley will serve as parade marshal.

Area Accidents Injure Five

Accidents took a sharp upswing Friday, with the Texas Highway Patrol investigating three during the day Friday and Friday night.

No information is available as investigation is continuing on the first accident which occurred Friday morning about three miles southwest of Muleshoe.

The second accident was about 10:10 Friday night, when a 1958 Chevrolet, driven by Lawrence Jaramillo, rammed the rear of a 1965 International pickup, driven by M.M. Snow. The accident occurred seven and one half miles east of Muleshoe on Highway 214.

Mrs. Snow, a passenger in the pickup, was treated at West Plains Memorial Hospital for a cut in the top of her head and Snow received bruised ribs, Jaramillo, and a passenger in his car, Anselmo Gonzalez Vasquez, were both hospitalized at West Plains Memorial Hospital for cuts and abrasions and undetermined injuries.

Third accident for the day happened about 11:55 when a pickup driven by Rudy Ramos, Muleshoe, collided with a horse-drawn wagon on Highway 70. The horse was one of three or four that ran out on the highway in front of the pickup. Ramos, his wife and three children were riding in the pickup, and his five month old son, Roy, was treated at West Plains Memorial Hospital for head lacerations received from flying glass when the horse broke the windshield.

Joe Adams

Defensive Back Joe Adams Has Top Season

HANOVER, N.H.--Junior defensive back Joe Adams of Muleshoe capped a very surprising and very fine football season for the Dartmouth College Indians last weekend when he intercepted a Pennsylvania pass and returned it 23 yards. He also recovered a Penn punt. But, unfortunately, the Indians took their lumps 26-21.

Adams was listed low on the pre-season depth charts and came on so well in pre-season practice that he started the season at defensive right halfback. He twisted his ankle early in the Harvard game and was forced to the sidelines for the Yale game, returning against Columbia.

He was rated by Coach Bob Blackman as the best defensive back of the game in five of the seven games he played this fall.

Adams captained the Muleshoe High football, basketball and track squads. He won all-district honors in football while playing halfback. He is the son of Mr. and Mrs. J.K. Adams, Box 361, Muleshoe.

The Indians were 4-5 on the season, suffering their first losing season since 1955. Coach Blackman's first year in Hanover.

The State School will pay the

School Attended.....

From The Chief's Desk

Snow has again hit the Muleshoe area. Saturday morning, snow was falling and sticking to the ground. Although the snow has been melting on city streets and highways, once it starts to freeze later in the day, it will leave icy spots and hazardous driving conditions in the area.

When you have to drive in icy weather, and it is suggested that when the streets and highways are icy, that you drive only when necessary, leave early enough to compensate for slower driving conditions.

Watch for icy spots, especially along bridges, overpasses and low spots along culverts and where trees partially shelter the highway. Try not to have to use your brake suddenly when driving in potentially hazardous weather. The indiscriminate use of brakes has caused many otherwise unnecessary accidents and often has proven to be fatal to the driver or to others.

Watch both your own driving and that of the other driver. The life you save may be most precious to you.

Final...

or for added equipment.
Muleshoe Athletic Booster Club will not hold a weekly meeting during the balance of the school year as they had during football season, but will meet monthly during the rest of the school year.

U.S. job program for youth

Memorial...

Con't. from Page 1
of your life's tremendous influence upon students, we find the world a little brighter and our paths a little easier to travel."

Created basically for students enrolled in high school, the newly created Stegall Muleshoe Opportunity Plan is now in existence. The charter has been made and signed and will function this coming year, 1969, dependent upon how much money has been received by the fund.

Seven men are named who will administer the fund. No donations will be solicited and youths who utilize the fund to further their education will only be required to pay back what they use. Civic and social organizations will be assisting with finances and school organizations will also be assisting with the plan.

Below, reprinted, is the charter of The Stegall Muleshoe Opportunity Plan. It explains all the operations and functions of the plan.

The Stegall Muleshoe Division of The Opportunity Plan, Incorporated, is established as a revolving fund for lending purposes only. Each student granted aid under this plan is expected to repay all money loaned to him according to a repayment schedule devised by the committee, or in the case of students attending West Texas State University, according to a schedule devised by the management of The Opportunity Plan, Incorporated. This fund is established as a division of The Opportunity Plan, Incorporated, at West Texas State University, Canyon, Texas, in memory of Lee Roy Stegall.

The purpose of The Stegall Muleshoe Division of The Opportunity Plan, Incorporated, is to aid students from the Muleshoe community to further their education beyond high school by providing financial assistance to those who would otherwise be unable to do so.

Funds from The Stegall Muleshoe Division shall be awarded according to the needs of the students without regard to race, color, or creed, or whether the applicant plans to attend a four-year college, a junior college, a two-year college, trade school, or technical school.

Citizens and organizations of Muleshoe who desire may contribute money to the fund. All money so contributed is to be sent to The Opportunity Plan, Incorporated, Canyon, Texas, and there placed in a separate account known as The Stegall Muleshoe Fund. Money in this separate fund will be used to give financial aid only to those students selected by the committee of The Stegall Muleshoe Division.

The Stegall Muleshoe Division reserves the right to obtain a charter as a non-profit organization and withdraw its separate assets from The Opportunity Plan, Incorporated, to carry on its charitable purposes independently.

The students of Muleshoe are to be informed as to the possibilities of making application for financial aid at the institutions they plan to attend. All students in the community, including juniors, seniors, drop-outs, and graduates are to be encouraged as far as possible, aided in continuing their education beyond high school. Existing financial aid programs are to be explained.

The work is to be spearheaded by the counselors of Muleshoe High School and a committee from the Muleshoe community representing the Stegall Muleshoe Division of The Opportunity Plan, Incorporated. The Opportunity Plan, Incorporated, will cooperate in carrying out these plans.

The original committee for The Stegall Muleshoe Division will be composed of the following members: Harold King, Jim Cox, M.D., Gunstream, Jimmy Crawford, Don Harmon, Ernest Kerr and Darrell Oliver.

In case of a vacancy (or vacancies) on this committee because of death, resignation, moving from the community, or failure to participate, the remaining committee members will select new members to fill the vacancies. In this way the committee will perpetuate itself. At any time, 30% of the contributors to The Stegall Muleshoe Division of The Opportunity Plan, Incorporated, for the current year, may meet and elect new committee members. The committee itself, if it so desires, may call a meeting of the contributors of the current year to request membership endorsement.

The committee of The Stegall Muleshoe Division of The Op-

portunity Plan, Incorporated, will advise the executive vice president of The Opportunity Plan, Incorporated, as to who should receive financial help. The committee will be active in the selection of the participants and the supervision of same. The committee will advise the executive vice president to give financial help to the participants as long as there are funds available in The Stegall Muleshoe Division of The Opportunity Plan, Incorporated.

The Opportunity Plan, Incorporated, through its executive vice president, wishes to be consulted in the selection of the students to be financed; however, the committee of The Stegall Muleshoe Division will make the final decision.

The committee representing The Stegall Muleshoe Division of The Opportunity Plan, Incorporated, is to be active in fund raising to increase the capital of The Stegall Muleshoe Division.

Inasmuch as the funds available from The Stegall Muleshoe Division will be limited, at least in its early stages, every student seeking aid will be obligated first to use his utmost initiative in securing aid through the existing programs.

The committee will satisfy itself that this obligation has been discharged before approving aid from funds of The Opportunity Plan, Incorporated. Funds from The Stegall Muleshoe Division, where necessary, may be used to furnish the total aid received by the student or may be used to supplement aid received from other sources.

Those students financed under the plan and attending West Texas State University will be supervised by The Opportunity Plan, Incorporated. Borrowing students attending other institutions must be supervised by the committee of The Stegall Muleshoe Division. The Opportunity Plan, Incorporated, will assume no responsibility for the supervision and collection from students other than those attending West Texas State University.

Any procedure or restrictions not covered by this statement shall be handled in accordance with the provisions of The Opportunity Plan, Incorporated.

EXECUTED This 23rd day of October, 1968.

Longhorns...

Con't. from Page 1
years before being down. Moving downfield to the two-yard line, Steve Foster scampered over from the right side on a two-yard dash to put six more points on the score for the "Horns" with 34 seconds in the second quarter. Steinbock's attempt for PAT failed.

Following halftime activities, where Groom's band took to the field and entertained for the fans, the Tigers hit the field in the opening bid after halftime with a renewed burst of energy and it looked for awhile as if the fired-up Tigers were going to pose a big problem for the Longhorns. Making their way downfield from their own 44 to the Longhorn four, the "Horns held the line and the "Tigers lost on downs.

With 21 seconds on the clock in the third, Steinbock broke to the right and drilled on a 49 yard TD run. A fake kick by Matthews, with a handoff to Foster and Foster passing to Monte Barnes in the end zone after moving all over the field attempting to find openings for two more points for a 20-0 score.

In the fourth, two quick interceptions saw within two plays saw the elusive ball move from Groom to Lazbuddie, back to Groom. Groom moved 27 yards in eleven plays but were unable to keep the drive going so the "Horns took over and fifteen plays later a Steinbock to Hinkson pass for seven yards put the final Longhorn TD on the scoreboard with 45 seconds on the clock. PAT failed and Groom took the ball.

Quarter Dan Blackwell added the sole Groom TD in the waning seconds of the game on a two yard quarterback sneak play, following a long pass from the Lazbuddie 28 to the two yard line. Try for extra point failed, and 12 seconds was on the clock when the Longhorns took the ball for a final play.

Final score, 26-6.

Mr. and Mrs. W.F. Creamer and daughter Jan, and Mr. and Mrs. Forest Creamer and Curtis spent Thanksgiving in Weldon as guests of the Weldon McBride family. Mrs. McBride is a daughter of the W.F. Creamers and sister to Forest Creamer.

Among the Muleshoe people enjoying Thanksgiving dinner at Pep were the Lyndal Murrays, the Irvin St. Clairs and Mrs. L.C. Roddam of Muleshoe and Mr. and Mrs. William Hendrick of San Diego, California.

Mr. and Mrs. Jerry Roddam, former residents, are parents of a 7 lb 14 oz. daughter born November 23 at 7:35 p.m. in Ft. Bliss Base Hospital. She has been named Laurie Lynn. Grandparents are Mr. and Mrs. L.C. Roddam of Muleshoe and Mr. and Mrs. William Hendrick of San Diego, California.

Mrs. Jim Harvey, fourth grade teacher, and daughter, and her mother, went to Wichita, Kansas to visit her family while the husband and father went hunting over the holidays.

Dennis Burrows, a junior student at Texas Tech, was a holiday guest in the home of his parents, the Glen Burrows.

Holiday guests in the home of Mrs. W.F. Birdson were Mr. and Mrs. Pat Leonard of Albuquerque, her daughter and son-in-law, another daughter and son-in-law, Mr. and Mrs. Robert Holt and children, Sally Ann, Nancy and John, of Amarillo; and Mr. and Mrs. Horace Holt of Muleshoe.

Approximately 75 members of First Baptist Church enjoyed an all-church Thanksgiving dinner together Wednesday evening, with a number of college students home for the holidays and with their families. The program, held at the table, consisted of a listing of things to be thankful for given by those present.

Corral Adds Dining Area To Seat 110

Drive Dyer has moved the dining restaurant section of the Corral to a location approximately one block west and across the street from the existing restaurant.

The new location was opened Monday morning, for drive-in patrons only.

At the location, on the corner of Ninth Street and West American Blvd., construction is getting underway on an addition to the Corral. A room, 30 by 50 feet will be added on the east side to seat an additional 110 people. The new dining room will be divided by a folding door to provide two rooms for banquets and meetings.

Present plans are for the coffee shop to remain in the same place as it is at this time and the small dining room on the west side will still be in the same place.

An enlarged kitchen and more storage space are included in the floor plan for the enlarged restaurant.

Respect vs. Contempt

As a rule, men who have no respect for the law have nothing but contempt for those charged with enforcing it. Thus, law enforcement officers' task becomes harder and their personal safety diminishes as more crimes are committed and less criminals are brought to justice.

Last year, 76 police officers were killed in the line of duty. This is 19 more than the number slain in 1966. Since 1950, 411 law enforcement officers have been murdered, an average of more than 31 a year. Of the 539 officers involved in these killings, 77 per cent had been previously arrested and 67 per cent had been previously convicted. Two-thirds of the police killers previously convicted had been granted parole or probation, and three out of 10 were actively on parole or probation when they killed a police officer.

Along with the ever-present danger of death, the enforcement officer faces personal injury with increasing frequency. Encouraged, no doubt, by judicial leniency and public indifference, more and more suspects resist arrest and resort to violence when approached by officers. In 1967, almost 14 of every 100 police officers were assaulted, an increase of 11 per cent over 1966.

The rule of law is in jeopardy when law enforcement officers are regularly attacked and slain in the line of duty. Our concept of self-government is endangered when policemen must frequently win a physical struggle while making arrests. And our democratic processes are weakened when officers are publicly condemned and ridiculed for protecting the peaceful against violence and disorder.

In 1967, policemen were slain on the average of one every five days. This is a disgrace. It is particularly shocking when officers are gunned down by convicted criminals who, after exhausting all possible legal relief, are still on the streets. In one such instance, a convicted robber remained free more than three weeks after all of his appeals and petitions had been denied by the courts, a process requiring nearly two years. On the twenty-third day after the date that he should have been jailed, he murdered a police officer. Is this balanced justice?

Ours is a government of law. Our nation's survival depends on effective enforcement of the law. But law enforcement, to be fully effective, must receive more public support. While law enforcement officers seldom mention the fact, all are keenly aware that the specter of death rides at their side during most of their duty hours. Brave dedicated men are not deterred from worthy public service by danger alone. But how long can we ask officers to risk their lives when they and the law are not respected?

GLOBUSTER & GROUND PACKER

FOR CONDITIONING YOUR FLAT BROKE GROUND IN ONE OPERATION

THIS IMPLEMENT IS RAPIDLY PROVING TO BE SUPERIOR IN CONDITIONING THE SOIL BY BETTER BREAKING OF LARGE CLOUDS AND SEALING OF THE TOP SOIL

DESIGN FEATURES

- Double reel knife blade action
- Each reel made in two separate parts for easier turning
- Sealed bilow block bearings
- Sand box for adding weight
- Universal hitch to fit any plow
- Works behind either 3 or 4 bottom plow

RESULTS OF DESIGN FEATURES

- 10 times more wheel area than cast-iron type wheels to pack and seal off top soil surface
- Knife action of blades easily break down large hard clods to negligible sizes
- Leaves soil in perfect condition for future listing
- Regulate weight for desired results

WEIGHT		PRICE		
Implement	Sandbox Capacity	Hitch	Implement	Total
1,000 lbs.	460 lbs.	\$40.00	\$335.00	\$375.00

The design of this implement will give better results and trouble free operation. WE WELCOME YOU TO ASK FOR A TEST TRIAL.

Mrs. Robert M. Badger

Miss Jean Schofield and Robert Badger Exchange Vows

First United Presbyterian Church of Brownfield was the scene of a double ring ceremony in which Miss Jean Elizabeth Schofield became the bride of Robert M. Badger. Officiating minister was the Rev. Fred Howard of Hereford, a cousin of the bridegroom.

Parents of the couple are Mr. and Mrs. William R. Schofield of Route 2, Brownfield and Mrs. Robert W. Badger of Littlefield, and the late Mr. Badger.

Given in marriage by her father, the bride wore a white velvet princess gown, featuring a bateau neckline and three-quarter sleeves cuffed with white fur. The controlled A-line skirt was complemented by

a chapel train attached with a white velvet bow. She carried a bouquet of white orchids and stephanotis.

Miss Ann McFarland of Prescott, Arizona, cousin of the bride, was maid of honor and bridesmaids were Miss Karen Beatty of Brownfield and Miss Kathleen Shelton of Lubbock. They were gowned in formal-length princess dresses of gold crepe and carried cascade bouquets of English ivy and bronze pom-pom chrysanthemums.

The groom's attendants were James Harvey of Muleshoe, best man, William Schofield of Lubbock, and Brian Maconi, of Muleshoe, and Gene Williams of Littlefield, ushers.

Mrs. Fred Howard of Here-

ford was soloist and Jay Stewart of Wellman was organist. Immediately following the ceremony, a reception was held in the fellowship hall of the church. The serving table, laid with an ecru cutwork cloth featured an arrangement of bronze mums and a silver candelabra. Silver accents completed the setting.

The new Mrs. Badger was graduated from Wellman High School and is a junior advertising art major at Texas Tech. Her husband is a graduate of Littlefield High School and Texas Tech, where he majored in music. He is a band instructor in Muleshoe, where the couple will make their home.

Mary Woodall

Mrs. Woodall Chosen Nurse of the Year

A dinner meeting at Crescent House Restaurant in Littlefield November 26 of the Lamb, Bailey, Hockley, Cochran County Medical Society was the first of what is hoped will be an annual affair to honor nurses of the four-county area.

Attending were the doctors and their wives, directors of nursing and their husbands and the honorees.

Mrs. Elizabeth Ray, of Amherst, was the registered nurse chosen for the Nurse of the

Year honor and Mary Woodall, of West Plains Memorial Hospital, Muleshoe, was selected for this first such honor from among the licensed vocational nurses.

Mrs. Woodall is the wife of Clarence Woodall, superintendent of the Lubbock water station east of Muleshoe. They have one daughter, Jeanne, a seventh grade student.

Entering training in September, 1963, Mrs. Woodall has been an employee of West Plains

Memorial Hospital continuously since then, with the exception of a four month period when she was away.

Chosen by a committee composed of the Directors of Nursing from each of the hospitals in our four-county area, the two women were selected for their exceptional devotion to the nursing profession. The Society also expressed appreciation to all of the nurses in the Lamb, Bailey, Hockley and Cochran County area.

Home Tour to Benefit Area Projects

The annual Home Tour sponsored by Llano Estacado Civic Club, set for December 10, is taking shape. Six Muleshoe homes are to be featured this year: the Jim Cox home at 510 West Seventh Street, the Rufus Gilbreath home at 205 West 8th Street, the Harold King home at 400 West 20th Street, the Don May home at 1810 West Avenue D, the Larry B. Hall home at 1812 Avenue H, and the home of Mr. and Mrs. Roy Whitt on the Plainview highway.

In each of these homes the housewife is planning, and may be even hard at work designing decorations to be used, so the esthetic senses will be delighted

by creations to be viewed. In each instance, an effect will be made to present an atmosphere of serenity and beauty such as will inspire viewers to use time and talent to bring out every bit of loveliness possible in their own home decorations for the holiday season.

Money netted from this project has not been earmarked for anything specific but Mrs. Eugene Howard, chairman of this year's project, reports that all receipts from club projects are spent on civic projects in the Muleshoe area. Last year the club purchased playground equipment for the Muleshoe Area Goodwill Center, assisted the Muleshoe Public Library,

purchased eyeglasses for needy school children and assisted the Girl Scouts.

Bring Your Santa Letters Dec. 7

The Girl Scouts will collect Santa Claus letters during the parade December 7 at three o'clock, and all children, preschool and in school who wish may bring the letters to the parade to be collected. All letters will be printed in Muleshoe Journal.

Noted Mexican Sculptor Visitor to be in Muleshoe

Mr. Meliton Salas, noted Mexican sculptor, will be a visitor and consultant in the Muleshoe Schools, during the week of December 1-7.

The following schedule has been arranged for Mr. Salas. On Monday, December 2, he will meet with the High School Spanish Classes and discuss folk culture of Guadalajara and Mexico. Mr. Burel Block, instructor, will serve as host. On Tuesday, December 3, Mr. Salas will meet with the Junior High Art Classes and Mr. J.B. Smith, teacher, will be his host. On Wednesday, Thursday and Friday of this week, Meliton Salas will meet with the High School Art Classes and Mrs. Elizabeth Black will be hostess. He will show slides on Mexican Art, demonstrate pencil drawings and clay work.

The Muleshoe Art Club has arranged a reception for Mr. Salas sometime during this week. An exhibit of his sculpture and drawings will be displayed in the Muleshoe High School Library.

Mr. Salas was born in Casablanca, State of Zacatecas, Mexico, on April 1, 1942. From an early age he helped with the farming at home and hired out as a shepherd. Later his family moved to the city of Zacatecas,

where his father worked as a stonecutter. Here Meliton started to school, completing high school in Guadalajara by attending night school and working during the day. Later he entered the University of Guadalajara School of Fine Arts where he not only graduated with distinction but was also named Professor of Sculpture.

Since then he has also worked in Mexico City, during university vacations, and his works have been exhibited in many places in the world, finding ready sale. His largest sculpture is 8 x 10 x 45 meters, Monument to the Revolution, in Guadalajara. He has won many awards for his work and is one of Mexico's best known young sculptors.

In addition to his interest in sculpting, Mr. Salas worked a great deal in folk dances of Mexico and holds a University of Guadalajara appointment as Professor of Dance. Under his co-direction the university's Folk Ballet won the national prize in 1966.

Meliton Salas is currently serving as art consultant with Programa de Educacion Interamericana, a Title III project of the US Office of Education, Bryant Independent School District and Texas A&M University.

Mrs. Washington Reviews for Baptists

A combined meeting was held at First Baptist Church Monday evening of the Woman's Missionary Union and the Brotherhood organization, a division of Texas Baptist Men, for the purpose of studying the mission opportunities in Baptist work in South America.

The mission book "Columbia, Land of Conflict and Promise" was reviewed by Mrs. George

Washington.

Carrying out the theme of the evening, a Spanish dinner was served at which Burel Block showed slides which he took on his tour of South America last spring.

Special thank-yous are due Misses Patti Camp, Sharon Harris, Bonnie Edler and Diane Crawford for assisting in the serving.

First Christian Church to Burn Mortgage

Invitations are being issued to attend the Mortgage-Burning Service at the First Christian Church, Muleshoe, December 8 at three o'clock.

Dr. Dudley Strain, minister of First Christian Church, Lubbock, will be the speaker for

this service. Dr. Strain was one of the trustees of the Texas Association of Christian Churches signing the loan application.

Charter members, past members and past ministers will be introduced by Johnny

Moore. The public is urged to help celebrate this great victory in the life of the First Christian Church of Muleshoe, Texas.

Honors change manners. -English Proverb.

AVOID THE RUSH

HAVE I FORGOTTEN ANYTHING?—Mrs. John Gunter makes a list of the ingredients needed for a family favorite, "in between" fruit cake, neither light nor dark, the recipe for which she has found after searching many years. It is from a feature article found in the Star-Telegram in 1967, and has been previously published in that paper in 1964 and after many requests had been repeated.

Mrs. Gunter Recommends Cake

"Pat" Gunter says this recipe is "made for people who don't like fruit cake," that most are too light or too dark. "This recipe has just enough nuts and fruit to please our taste," she said.

After testing the recipe many ways, Pat has learned some "don'ts" and passes them on to the reader. She says although the recipe calls for a tube pan, that she does not use it, also warns against using a bundt pan.

One recipe will make four small loaf cakes, 7 1/2 x 3 1/2, or two standard bread loaf pans, about four pounds of cake, a very good size for small gifts. Wrapped in Saran Wrap, with the fruits and nuts on top, they are attractive just as is.

Pat recommends using brown paper in the bottom of the pan even if Teflon is used. If small loaf pans are used, cook fifteen minutes less than for the larger pans.

"IN BETWEEN" FRUIT CAKE
1 pound pitted dates, cut up, 1 pound chopped pecans, 1/2 pound candied cherries, cut up, 1/2 pound candied sliced pineapple, cut up, 1 cup sugar, 1 cup flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1 teaspoon nutmeg, 4 eggs, 1 teaspoon vanilla.

Line angel food tube pan with heavy brown paper. Cut dates and candied fruits into small pieces and mix with coarsely chopped pecans.

Sift dry ingredients together and mix with fruit and nuts. Beat eggs with vanilla and pour over other ingredients. Mix well. Pack into pan and bake two hours at 250 degrees. (The top may be decorated by removing the cake from the oven after one hour, garnishing with pineapple slices and halved cherries, pecan halves, and returning to oven to complete baking. Cool the cake completely before removing from pan.

The cake does not have any shortening and the only spice in the recipe is nutmeg. Don't use fruits candied in syrup and bottled, they are too moist and too sweet. Buy candied slices and cut them up. Brown paper can be a grocery sack. You can tape paper around pan or use rubber band. Take off after batter is in pan.

Pat is a homemaking major, in college and in her home life. She was graduated from John Tarleton College when it was a junior college and then attended North Texas State University at Denton, graduating from that institution when she was only twenty years old. (Modest Pat accidentally disclosed this when she said that she was only a year older than

some of her senior students at Friona. She had to dress older than her years to try to widen the age gap.) She taught from January to January in Friona and then taught six months in Muleshoe schools. Although she has a teaching certificate in both elementary and secondary education, Pat only does substitute teaching because her husband prefers that she be a full time homemaker for their children.

Pat and John, an A&M graduate, enjoy doing things together with their three sons, eleven year old John III, known sometimes as "Chip", ten year old Gary and eight year old Brent. John is in the sixth grade at Muleshoe Junior High school, Gary is a fourth grader and Brent a third grade student, both at De Shazo School.

The Gunter boys are very active in 4-H work and have horses, hogs and steers and their parents attend various functions they are involved in. They also study music and drive once a week to Enoch for lessons from their grandmother, Mrs. John Gunter Sr. Pat says John's mother tells them not to push too hard - that it should be for pleasure, and her sons thus far enjoy the 4-H projects and will have enough foundation to help them in hand and whatever they choose to do with it later in life.

Pat says she and John enjoy riding with the boys, going on picnics or driving to Lubbock for programs of interest. They attend First United Methodist Church together, where John is Lay Leader and member of the Official Board. Pat is a substitute teacher for Sunday School and John has at various times held many jobs at his church. Pat is an active member of Women's Society of Christian Service, was a circle chairman last year, and takes part on program at intervals.

She is also a member of the American Association of University Women, Parents-Teacher Association, and the Muleshoe Hospital Auxiliary. She sometimes plays bridge but does not belong to any clubs at this time.

When time permits, Pat likes to do oil painting but has no ambition for a career in this field. She likes to read and enjoys "staying at home."

Pat Rymen grew up near Walnut Springs, but said her parents now live near Glen Rose, Texas. She has a brother at Whitney, Texas. John Gunter has lived in this area all of his life. He and Pat were married in 1955 and they have lived at their present location, four miles from Muleshoe on farm-to-market road 1760 since that time.

Summer Reading Awards Given

Summer readers of the Muleshoe Area Public Library were honored in ceremonies held November 23 at the cafeterias of Richland Hills and Mary De Shazo Schools and in the library of Junior High school.

Over-all best reader in the Texas Readers Club was Jamie Lee Berry, daughter of Mr. and Mrs. James Berry with a total of 117 books to her credit. She and her family have since moved to Farwell, so another top winner was chosen.

Top reader for the summer was a very small seven year old boy, a second grade student at Richland Hills, the son of Mr. and Mrs. Gerald Shanks. He read a total of 114 books. Craig Baker, a sixth grade student in Mr. Hawkins' home-

room was top reader for Junior High School, with a total of 100 books read. He is the son of Mr. and Mrs. Jacques Baker. Faith Free, the eleven year old daughter of Mr. and Mrs. Bobby G. Free, read 53 books for second place. Her home-room teacher is Miss Rhonda Waggon.

Second place at Richland Hills, with a total of 100 books read, went to eight year old Brad Baker, also the son of Mr. and Mrs. Jacques Baker. With a total of 80 books read, Renee Ruthard, daughter of Mr. and Mrs. G.R. Ruthard, was runner-up to Jeep Shanks. Right on her heels was Gary Davis, son of Mr. and Mrs. Elmer Davis, with a total of 51 books read.

Differing Interests Win 4-H Trip Awards for Texans

Two Texas teenagers with widely differing interests have won state awards with their 4-H projects and are set to attend the National 4-H Congress in Chicago, December 1-5.

Lyna Pitts of Earth, daughter of Mr. and Mrs. Kirk Pitts of the Pleasant Valley community, and a graduate of Muleshoe High School, looks perhaps toward a career in dress design. She won her award in the 4-H Dress Revue, Randall Warminski, 16, of White Deer, began work on his award-winning safety project after a relative was killed in a tragic accident.

Miss Pitts has an impressive collection of blue ribbons—eight for county dress revue contests and seven at district dress revues. During the project she has taken part in 17

dress revues, completing 59 garments this year.

Combining patterns is a favorite method of sewing for her. She usually changes each pattern she uses. For her award-winning state dress revue entry this year she combined three patterns for the coat, vest, skirt and blouse ensemble. It was made of gray-and-red plaid wool, charcoal gray wool and white flannel.

She saves time when sewing by cutting out several patterns at the same time, "because it takes the most amount of time to do and I enjoy it the least," she says.

Dress revue is not the only outstanding 4-H Club project for Miss Pitts. In 1966 she was named outstanding county junior leader. She has served

PROUD PEOPLE—Seven year old Jeep Shanks, son of Mr. and Mrs. Gerald Shanks read a total of 117 books to qualify for top honors in the 1968 Texas Readers Club at Muleshoe Area Public Library. Shown on his right is Faith Free, 11, daughter of Mr. and Mrs. Bobby G. Free, who was declared second place winner at Junior High School, with a total of 53 books read during the summer. Others not shown will be pictured in next paper.

NOW WHAT SHALL I USE HERE?—Mrs. Rufus Gilbreath studies her home and plans decorative items she will purchase or make to create a festive atmosphere for Christmas. Her preparations are being made early because the Gilbreath home is one to be shown on the Home Tour sponsored by Llano Estacado Civic Club. Of particular interest are items she has made of pine cones, combined with flowers and other beautiful objects to suggest the Holy Season.

on the county council for five years, helping with plans for county achievement programs and judging junior record books. An honor student while in high school, she presently enrolled as a freshman, majoring in art and design, at Texas Technological College.

Her award is sponsored by Simplicity Pattern Co. Inc. Warminski spent months preparing a demonstration entitled "Dangers of Volatile Liquids" after an explosion killed his aunt and seriously injured his uncle.

The youth, son of Mr. and Mrs. Charles Warminski, has given the demonstration before 865 persons, many of them farmers. He was named state award winner in fire prevention last year.

He has also taken part in water safety programs and given demonstrations on testing water for purity and overloading of electrical circuits. His project was sponsored by General Motors.

The 4-H Club projects in Texas are under the supervision of the Texas A&M University Cooperative Extension Service. They select the winners of the trip awards.

Theme of the 1968 congress is "Commitment to Responsibility." Along with attending business meetings, the youths from each of the 50 states will spend some leisure time touring Chicago, perhaps doing a little Christmas shopping along famed State street. A pop

concert presented by the Chicago Symphony Orchestra, under the direction of Arthur Fiedler, Boston Pops Orchestra conductor, is also on the agenda.

Ag Producers Buyers As Well as Sellers

COLLEGE STATION, --The Texas agricultural industry continues to be a very vital part of the state's economy. Despite the continuing decrease in the number of farms and the percent of the population actually engaged in production agriculture, the total value of its raw products ranks second only to crude oil, reports John G. McHaney, Extension economist at Texas A&M University.

Texas agricultural producers, he explains, in 1967 spent more than \$1.6 billion for items used in current farm operating expenses. And such

spending, he adds, kept a lot of cash registers ringing from cross-roads country stores to those on main street in major cities of the state and nation. They spent \$772 million for feed, livestock, seed and fertilizers and lime, and most of these items were purchased locally, points out the economist. Another \$309 million went for repairs and operation of capital items, including repairs and maintenance of buildings, machinery and motor vehicles, and petroleum products used in the farm business. Here again local suppliers got most of this business, says McHaney.

And there's much more. Another \$327 million went for such items as interest on money borrowed for operating expenses, for pesticides, ginning, electricity, livestock marketing charges, irrigation, grazing, veterinary services and medicines, and many others.

Expenditures for hired labor totaled \$212 million, and much of this in turn was spent by the laborers for consumer goods and services along main street.

Other expenses included \$321 million for depreciation and other consumption of farm capital items; \$101 million for taxes on farm property, \$90 million for interest on farm mortgage debts and \$56 million to non-farm landlords for rent.

Every segment of the business world is involved and receives benefits from the spending of our agricultural producers, explains McHaney. Those

who manufacture, transport, store, sell and service the needs of farmers are a part of the agribusiness complex of the industry. And never forget, emphasizes the economist, that much of the income left after all expenses of production are paid are spent by the producer for consumer goods and services for his family, again on main street.

Literally thousands of Texans and others outside the state are a part of the total agricultural industry. Some 40 percent of the state's labor force is employed in agriculture or related industries, says McHaney.

Texas farmers and ranchers each year receive about \$2.5 billion for the products they produce, leaving them around \$300 million after all expenses are paid.

As these products move from the farms and ranches to the ultimate consumer, another \$4 billion is added to the agribusiness economy of the state, points out McHaney.

Because of the efficiency and productive capacity of U.S.

agriculture, the nation's consumers spend only about 17 percent of their take-home pay for food, less than in any other nation, and a bargain in any language, says the economist.

Add it up and any way you figure it, agriculture is still and will continue to be big business in Texas, concludes McHaney.

Seaman Foster Home on Leave After Basic

Seaman Apprentice Michael Holley Foster, U.S. Navy, has just completed basic training at Great Lakes Naval Training Center and is now home on leave while enroute to Radionam School at Bainbridge, Maryland.

Seaman Apprentice Foster is the son of Mr. and Mrs. Roy Foster of 314 W. 9th, Muleshoe, Texas. He attended schools at Muleshoe, Texas and graduated from Muleshoe High School, class of '66.

Seaman Apprentice Foster was enlisted through the Clovis Office of the Naval Recruiting Service. He was enlisted under the Junior College Program which guarantees the enlistee a school after completing basic training.

Clifford White Completes Officer School

FT. KNOX, KY.--First Lieutenant Clifford W. White, 25, whose parents, Mr. and Mrs. Thurman R. White, and wife, Frankie, live on Route 3, Muleshoe, completed an organizational maintenance officer course November 23 at the Army Armor School, Ft. Knox, Ky.

The nine-week course provides individual instruction in the supervision of vehicular operation and organizational maintenance in armor units. Lt. White attended Texas Technological College, Lubbock.

Local Resident Lost Relatives In Eastland

Ida Amanda Clementine Thomas, mother of Mrs. Geneva Rush, Muleshoe, died Saturday, November 23 in an Eastland hospital following an illness of several years.

She was buried Wednesday, November 27. Also, on Wednesday, funeral services for Bill Hobbs Jr., 37, of Eastland were held. He was a nephew of Mrs. Rush and also died Monday, November 25, following a long illness. He was survived by his wife and four children.

While in Eastland, Mrs. Rush and one of her daughters, Darlene, were in an automobile accident where Mrs. Rush received slight injuries to her neck.

Vietnam News

as reported by Marine Corps Combat Correspondents and edited by G/Sgt. Bob Montgomery

As far as Sgt. Allen D. Owen is concerned, "the Marine Corps' conception of the extra small man is unbelievably large."

Owen stands four feet, 11 inches.

He came to this conclusion when he had to shorten the legs of a pair of trousers marked "extra small - short."

Owen, 25, St. Louis, Mo., enlisted in the Marine Corps in January 1966, after receiving approval from the Department of Defense (DOD) and the Navy's Bureau of Medicine. The minimum height requirement for all services is 5' 2". That requirement can be waived by individual services, but anything below five feet must go through DOD.

"I don't remember ever growing," says Owen, a radio operator with 1st Force Reconnaissance Company, 1st Marine Division. But, height isn't everything, and Owen cites an advantage in being small. "When the enemy starts sniping, it doesn't take much of a hole to be in."

Owen has been in Vietnam since October 1966, having extended his tour of duty three times. His first 19 months were spent with the 1st Air-Naval Gunfire Liaison Co.

At the time of his enlistment, Owen was the smallest Marine in history. There have been claims of smaller Marines, to which Owen says, "I wish them luck."

Owen is currently attending a preparatory course in parachuting. Next month, he'll go to Okinawa for a month-long jump school.

The "smallest Marine" has a BS degree in forestry from the University of Missouri, and plans to begin his career in that field when his enlistment is up in 1970.

Why did Owen go through all the red tape to enlist?

Dear Santa Claus
 "I want a skat 5" and I want a Johnny Eagle skeet-shooter
 I want two walkie-talkies too.
 I want a guitar too.
 I want a NFL foot ball set too.

I want a Gabby Party.
 I want a Party too.
 I want Lipy pest too.
 I want Giggles too.
 Love Rusty and Lori

DEAR SANTA CLAUS--When the winter wind starts whistling around the corner and some of the days are dark and dreary, it is time for the Santa Claus letters to start rolling in. This reproduction is a copy of the first letter received for Christmas, 1968. It was mailed simply "to Santa Claus" with no address. I am sure Santa read it before putting it in the newspaper mailbox.

Tax Man Sam Sez:

"I wanted a chance to see what I could do," he said. After two years in Vietnam, Owen has discovered he can do most anything.

"There have been times in the 'bush' when I'd like to have been taller," he said, "but I have no gripes at being small, I just have to put on a little more."

He's right. Fully equipped with food, water, and combat gear for a four day patrol, Owen tips the scales at 220 pounds.

Half of that is him.

If all the arguments, debates and set speeches in the world were put in a pile and burned, there would be much blaze but very little loss.

MATH ERRORS

The Commissioner of Internal Revenue gives these statistics on mathematical verification of individual tax returns in his Annual Report Summary for the Fiscal Year 1967:

- 65.4 million returns were mathematically verified;
- 3.9 million returns required correction;
- 2.4 million were taxpayer errors that caused the taxpayer to underpay his tax. IRS collected \$207.5 additional millions from these folks. However, 1.5 million had no errors in favor of the government, and Internal Revenue refunded \$94.3 million to the taxpayers who had cheated themselves out of almost \$1 million through their own inept arithmetic.
- This may not prove that most taxpayers would flunk grammar school arithmetic, but it seems to prove Internal Revenue's repeated warning: "Check again - carefully - before you mail it." That dollar you save will be your own.

CARD OF THANKS

My deepest gratitude to all of my many unknown friends and neighbors who helped me and visited me during my recent accident and recuperation at West Plains Hospital.

Also, Thank God for the courage given to me by Rev. D.C. Dubose of the First Baptist Church who visited me and prayed for me.

Mrs. Patricia (Dickey) Townsen
 Time shall every grief remove,
 With life, with memory, and with love.
 -Thomas Gray.

CARD OF THANKS

We wish to thank our friends for their comforting expressions of sympathy during the illness and death of our loved one.

The wife, Velma, and relatives of Charles L. Davis
 etc.

Nursery News

LANDSCAPING By A.L. Woodburn
 GARDEN CENTER NURSERY
 Clovis, N.M.

The hackberry is rapidly being adapted to this area. It is one of the more drought resistant trees. The hackberry does very well but not in a very big hurry. It is not considered a symmetrical tree. The leaves color rather early.

The redbud is considered more on the order of decorative rather than shade tree but furnishes a spot of color early in the spring and is among the smaller trees.

The Russian Olive is very good for wind break, border, or bird cover. The thorns will allow quail to slip through and discourage most of the cats. Again, it is not considered a true shade tree but will do very well when properly treated and pruned.

The thornless honey locust (gleditsia triacanthos inermis) is not as we know the black locust (robinia pseudoacacia). However, both are of the pea family and have been used very successfully. The black locust was ruined by borers during the Thirties and have not been too popular since. The honey locust is not true thornless unless you get a patented tree that is thorn and bean free. The honey locust is among the more hardy as it is staying longer in the wind-breaks that were planted years ago. It is considered a "thin shade tree". That is the leaves are not large enough to completely block out the sun light. They grow rather fast and make a nice break or sink.

There are a few Kentucky Coffee trees in the area. They are not too fast a maturing tree. Makes a very good shade and has a very sweet fragrance blent in the spring.

A number of the fruit trees can be used as shade trees. The apricot makes a very nice shade tree. The apple can be used, and there are few trees better for climbing than the apple. To some the presence of fruit makes amess, to others it is very welcome, along with the added blooms in the spring.

Water Committee Member To Be Banquet Speaker

COLLEGE STATION--BILLY Swanson of Houston, member of the Texas House of Representatives' five-man Interim Water Study Committee, will be banquet speaker Monday (November 25) at the 13th annual Conference on Water for Texas at Texas A&M University.

Swanson's topic is "What Texas Must Do Now to Preserve It's Water Resources."

Dr. Jack R. Runkles noted that one of the major items presently being considered by Swanson's committee is a proposed plan to divert waters from the Mississippi River to the Texas Panhandle area.

Runkles is acting director of A&M's Water Resources Institute which sponsors the Conference on Water for Texas. Runkles added that the Bryan-College Station Chamber of Commerce has joined in efforts of the institute in "bringing Swanson to our area," and are helping with the sales of tickets for the banquet at 6:30 p.m.

A graduate of the University of Houston, Swanson is a former member of the Houston City Council. He also serves on the state judiciary and public health committees.

Water Resources Council Deputy Director Reuben J. Johnson will present the council's first report on national water resources, Runkles added.

Following Johnson's keynote address at 9:30 a.m., Howard Boswell of Austin will discuss "The Plans of the Texas Water Development Board." Boswell is executive director of the board.

Two other scheduled programs include the reclamation program for West Texas and related Eastern New Mexico and

a Corps of Engineers study of Texas Water Development, Reclamation Bureau regional director Leon Hill and Maj. General C.C. Haug, Army Corps of Engineers, will make thereports.

Cornell Prof. Walter Lynn will speak on "Progress in Use of Operations Research in Solving Waste Treatment Problems." Dry-Lands Research Institute Director Warren A. Hall will center remarks on "Progress in the Use of Operations, Research in Development and Operations of Water Supply Systems."

The conference series began in 1955 to discuss ways to alleviate the severe drought that then existed in Texas, Runkles noted. Conferences have continued, with discussion of Texas water problems which seem most important at the time, Runkles added.

THERE'S A POINT

With necklines getting lower and skirts getting shorter, it's a good thing the modern girl goes in for wide belts.

WORSHIP BEGINS IN THE HOME

Our home is more than just a pretty structure, of course it does provide comfort, but beyond that, it is a place where joy abounds... it is a place where love is abundant, it is a place of cooperation, and it is a place where the Lord is worshiped. From the home, our relationship with God is carried over into the church. It is there that my family is able to share worshipping the Lord with others. Ours would not be a full life, if we did not participate in worship at home and church. Attend church this week and join us in worshipping the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Earth News

by Beulah Newton

Guests last Sunday evening in the home of Mr. and Mrs. W.D. Martens were Mrs. Martens brother and niece, T.R. Ogden and Barbara Sue, of Chattanooga, Oklahoma.

Wesleyan Service Guild of Earth Methodist Church met Monday night in fellowship hall for the third session of the Bible study. Mrs. Johnnie Williams gave the lesson from the book of John.

Mrs. John Welch was acting hostess and served pumpkin pie topped with whipped cream and coffee to the following members, Miss Ruby Jones, Mmes. Irvin Ott, R.T. Hamilton, C.T. Richardson, W.D. Martens, Naomi Burgess, Beulah Newton, Rev. and Mrs. Johnnie Williams and little granddaughter and the hostess, Mrs. John Welch.

Mrs. V.T. Gooch is in the hospital in Big Springs, her sister Mrs. Hall reported that Mrs. Gooch is some better and is suffering from a stomach upset.

Mr. and Mrs. Ray Kelley have had a type of flu. Mr. Kelley spent several days in the West Plains Hospital in Muleshoe, he is at home now and feeling better.

It has been reported that Marshall Kelley has not been doing so well the last few days. Mrs. Johnnie Haberer underwent major surgery in Plainview Hospital last Friday, November 22. She is doing fine and will be at home after a few more days.

Mr. and Mrs. Bobby Angeley and baby son were called home from Arizona when his Dad, Jarvis Angeley was seriously ill. Due to the fact that they left other children at home and neither could contact their bosses for permission to be away from their jobs, they were unable to stay for the funeral of their father.

Odis Woods has been released from the Littlefield Hospital following a major surgery. Mr. Woods is glad to be at home and is feeling much better. He broke out with the shingles after the surgery, which is uncomfortable and will be for a few weeks.

Mrs. B.T. Hamilton has been employed by Southwestern Public Service Co. to replace Mrs. Dwane Wheat who resigned.

Mr. and Mrs. Leon Foster and David spent last Sunday in

Martha, Oklahoma visiting Mr. Foster's mother and other relatives.

College students are coming home for the Thanksgiving holidays. Some are at home and others are coming later.

Beulah Newton worked at Muleshoe two days last week helping Phyllis Beavers with the Christmas goodies for the Christmas show Sunday December the first.

Mr. and Mrs. Cecil Ginn were in Rotan, Texas recently visiting relatives and a sick uncle of Cecil's. They returned Mrs. Nannie Ginn home, she had been at Rotan for the previous week.

R.D. Hatchett, father of Mrs. Recil Fennell is seriously ill in a hospital in Lubbock. Earth Volunteer Fire Department was called to Springlake Monday to help fight a fire at the Farmers Co-op Gins. High wind caused the fire.

Thirty-Seven

On DeShazo

Honor Roll

Mary DeShazo Elementary School lists 37 students on the honor roll for the second six weeks of school.

The 12 on the third grade list are Marcus Beversdorf, Stephen Bartley, Curtis Carpenter, LeDene Dudley, Dani Jo Dunham, Brent Gunter, Randall Hamilton, Leon Phillips, David Stevens, Wayne Taylor, Elizabeth Torres and Brent Young.

Seven students made the honor roll in the fourth grade. They are Laura Beene, Gary Gunter, Ricky Hayes, Tammye Hicks, Mitzi Mardis, Robert Martin and Susan Puckett.

Eighteen students are listed for the fifth grade. Included are Noemi Anzaldua, Doris Bartholf, Gene Gray, Jana Bruns, Joie Carpenter, David Crow, Gary Davis, Dana Ellis and Ignacio Gonzales.

Also Janet Hopper, Glen Kilgough, Judy Layne, Eddie Mardis, Larry Parker, Robert Shafer, David Smith, Tammy Webb and Gary Wrinkle.

Purl Two As the ship was about to leave the harbor an old lady was knitting on deck. "Cast off there," shouted an officer. "Thank you, officer," said the old lady tartly, "but I am quite capable of doing my own knitting."

Richland Hills

Honor Roll Has

Sixty-Three

Richland Hills Elementary School has 63 students listed on the honor roll for the second six weeks of the 1968-69 school term.

In the third grade, 18 students are listed. They are Brad Baker, Buford Dean, Jane Green, Kelly Gregory, Connie Hartman, Jolinda Hawkins, Billy James, Jeff Johnson and Rhonda King. Also Tammy Macha, Dean Northcutt, Martin Nowlin, Morgan Penn, Mike Silgauer, Troy Stoneham, Edwin Watson and Vicki Williams.

The twenty-six students in the fourth grade who are listed on the honor roll are Mark Benedict, Tammy Bruns, Joyce Camp, Cathy Cockrell, Frances Dunbar, Darla Duncan, Larry Free, Ron Hancock, Mark Hartline, Kathy Isaac, Dena Camp and James Lawson.

Also Lisa Payne, David Macha, Alma Leal, Patti Poyner, Judith Precure, Nancy Ramm, Karen Rogers, JoRessa, Kim Sanderlin, Teresa Scarbrough, Ken Small, Sheryl Stovall and Michael Wislan.

The nineteen students in the fifth grade on the honor roll are Marilyn Black, Bill Dean, Debbie Faust, Mark Gregory, Donnann Harmon, Denise Harrison, Darla Hunter, Tamara Lawson, Danny Lucero, Larry Mills, Perri Poyner, Debbie Purcell, Johnny Ramage, Alta Ramm, Sherrell Rasco, Scott Stevenson, Carey Struuth, Lana Waggon and Jimmy Wedel.

CARD OF THANKS

We want to thank every one who helped us during Marie's illness and death, Dr. Sanderlin, West Plains Hospital, the Staff and other patients of the Nursing Home. She loved all of you. We wish also to thank everyone who sent flowers and food.

May God bless you all.

The family of Marie Robinson ltc

CARD OF THANKS
 Words cannot express our sincere gratitude to our many friends who remembered us in so many different ways during the illness and death of our Mother and Grandmother. We especially thank Dr. Pummill for his tender care and concern, also Dr. McDaniel and the wonderful staff of nurses at the West Plains Hospital and Nursing Home, and Frank Ellis for the beautiful service. We treasure your every expression of sympathy and prayers. For those who sent flowers, memorials and served the delicious food, May God richly bless each of you.

The family of Mrs. Carrie Willhite.
 1tp

Just as a small-town butcher was explaining the merits of a roast to a customer, a woman rushed in and interrupted him. "Give me half a pound of cat-meat-quick!" she ordered. Then she turned to the first customer and said, "I hope you won't mind my being served ahead of you."

"Oh, no," shrugged the first customer. "I'd just go to the bank and get a loan."
