## Matador Water, Sewer Rates To Increase September 1st

The Matador City Council met Thursday, August 11, to purchase a new backhoe and raise water and sewer rates.

The council had received two bids. Rodney Smith with Yellowhouse Machinery Company of Lubbock for a John Deere Backhoe for \$38,989; and Chris Vestal with West Texas Equipment for a Caterpillar for \$38,180. These bids were with the 310 and the D6 trade in. After accepting the bid from West Texas Equipment, the Council elected to keep the D6 so with the the 310 and \$40,680, the City has a new backhoe.

The city set the tax rate for 1994 at \$.42. A one million dollar value was lost due to the Gilbert Bridge Construction leaving before January 1994.

After comparing water and sewer rates with Dickens, Floydada, Roaring Springs, Spur, and Paducah, the Council elected to up the water rates from 2000 gallon of water at \$15.50 plus .60¢ per gallon excess, to \$15.50 for 3000 gallons with the excess set for \$1.00 per gallon. This will not change the minimum water bill. These prices will go into effect September 1.

Due to the excess cost of the sewer work and landfill the past 2 years the City also elected to up the sewer rates \$1.75, which makes the residence rates, \$5.00; and commercial, \$6.00, effective September 1.

The Council also elected to change rates for the apartments as they have been charged as one meter. It now will be charged the minimum for a full occupancy of 11 apartments plus \$15.00 per dumpster. The Council elected to charge extra for picking up the compressed boxes at Pay-N-Save.

Council also elected to purchase several new dumpsters, 4 - 3 yard dumpsters at \$225 each, 4 - 1/2 yard at \$212 each and 5 - 3 yard repaired dumpsters at \$145 each.

Council elected to let Glen Martin haul trash to the landfill on the same days as Matador is hauling, for \$20 per ton. Sewer plant and landfill reports from

Terry Carson reported that they are ready

to dig the ditch and lay the water line to connect the new pond to the others. Then they can install the fence to enclose the sewer plant. They are ready to start digging a new landfill pit as they need dirt to cover the trash each week at the landfill. Meeting adjourned.

## Hydro Conduit Acquires Quail Pipe Corporation

Hydro Conduit Corporation, headquartered in Houston, Texas has acquired Quail Pipe Corporation based in Dallas, Texas. Hydro Conduit, a subsidiary of CSR America, is the country's leading producer of reinforced concrete pipe systems and operates sales and production facilities throughout the United States.

Quail produces U-Liner™, a folded and formed polyethylene pipe used for rehabilitation of existing sewer, water and natural gas pipelines up to 18 inches in diameter. This product has been successfully installed in major metropolitan

areas since 1988. The installation process eliminates the need to dig up and replace the existing pipe.

Quail also produces polyethylene pipe used for new natural gas and oil lines. Additionally, their pipe is used for repair and rehabilitation by means of the sliplining method. Quail operates pipe manufacturing facilities in Roaring Springs, Texas and Magnolia, Arkansas. Quail will be operated as a subsidiary of Hydro Conduit.

Both companies believe this represents an excellent opportunity to continue serving the nation's pipeline infra-

structure needs.

Peter James, President of Hydro Conduit stated, "This is an excellent means for us to enter the trenchless technology sector of the pipe rehabilitation market. We are committed to maintaining a high level of customer service and support for Quail's entire product line."

T.J. Hammer, President of Quail said, "We welcome the opportunity to become part of Hydro Conduit and value the additional skills and resources they can provide."

## Hunter Education Course Being Planned For Motley County

The Motley County Extension Service and the Texas Parks and Wildlife Department are working together to get a Hunter Education Course scheduled in Matador. The course is a ten (10) hour workshop on hunter education, safety, and ethics.

All hunters born on or after September 2, 1971, are required to successfully complete a hunter education course before they can obtain a hunting license. Hunters hunting out-of-state are required to take the course if they were born on or after January 1, 1949.

In order for the course to be held in Matador, we need at least ten (10) participants. Anyone interested in attending the hunter education course should contact Michael Clawson at the Motley County Extension Service, (806) 347-2733 before Monday, August 29th.

The course is open to all residents. Children under the age of 12 are welcome to attend the course, but they cannot be certified. Current plans are to hold the course sometime in September. The date and time will depend upon the amount of interest in the course.

## Hospital Board Meets

The Motley County Hospital District Board of Directors met Wednesday, August 10 at 7 p.m. at the Motley County Clinic.

Immediately following the budget hearing, Directors held their regular monthly meeting.

Items on the agenda included the fol-

lowing:

- Minutes of the previous meeting were read.
- Budget was amended
- Approved 94-95 budget.
- Set 94-95 tax rate at .1132.
- Bills were paid.
- Meeting adjourned.

## Lions Club News

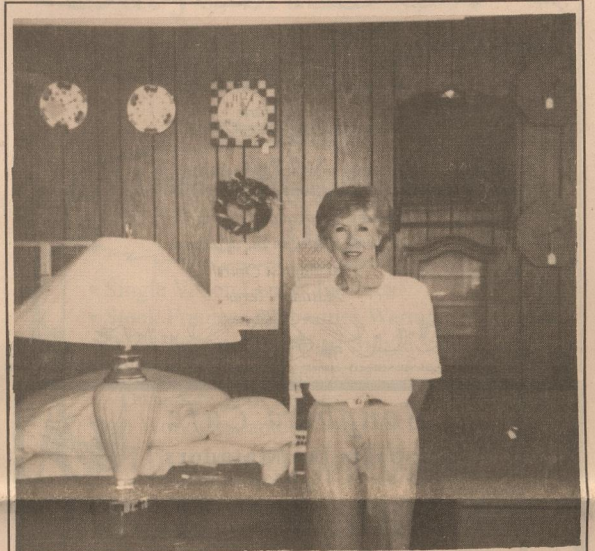

The Coaching staff of the Motley County Matador were guests of the Lions on August 16. Coach Perry Graves and Dwain Milam explained the team progress to date. Coach Graves introduced new Motley County Coach, David Brewer, and Scott Sloan of the Rehabilitation Sports Medicine Network who will be coming to Matador every Tuesday to check injuries.

Coach Graves announced there will be a scrimmage with Crosbyton, here, Friday, August 19, with the J.V. game beginning at 5 p.m.

Boss Lion Michael Clawson announced the Lightbulb sale for September 12; workers are needed for the Old Settlers gate and home football games.

Other guests were Cagen Denison, Chance Bingham, and April Vandiver, guests of their Dads, Billy W. Denison, Alan Bingham, and Ronnie Vandiver. Meeting adjourned.

NEW BUSINESS — Carolyn Rose is pictured here in the showroom of her new business, Quality Discount Outlet, on Hwy. 70 in Matador. The new store will carry quality merchandise at discount prices.

## MC Cheerleaders Ready To Begin New Year

MOTLEY COUNTY CHEERLEADERS — The 1994-95 Motley County Cheerleaders are ready to begin a new year. They are pictured above front left to right, Leah Cruse, Sophomore; Dodie Morris, Sophomore; Leigh Ann Pipkin, Junior; Heather Turner, Head Cheerleader, Senior; Rebekah Jameson, Mascot, Freshman; Lesa Prather, Senior; and Leslie Van Hoose, Junior.

On July 14 the Motley County Varsity Cheerleaders began a new and exciting year of cheerleading as they checked into camp. The University of North Texas at Denton was the site for the yearly NCA sponsored event. Each member of the squad was ready to learn lots of new ideas for the upcoming school year. However they really weren't prepared for the surprising awards that awaited them at the end of the week.

Each day started out early for the squad as they began their classes. Many hours were spent learning new cheers, chants, and even dances. They also worked on stunts and were evaluated each night.

Rebekah Jameson, the MCHS Mascot for the year, attended the Mascot portion of the camp. There she learned how to get the Crowd involved and to perform all kinds of skits. The mascots had a fun-filled week and kept everyone thoroughly entertained.

At the end of the week during the closing ceremonies awards were given out for various achievements. The MCHS Cheerleaders were the extremely ecstatic recipients of some of the top awards. Among these were the following: Top Team Award, T.E.A.M. Award, Safety First Award, two spirit sticks, and seven blue ribbons. The cheerleaders competed with 368 other cheerleaders from all across the state for these awards. The competition was stiff so the squad was extremely proud of their accomplishments. Rebekah also received awards for achievements throughout the week. She received a red and a white ribbon.

The cheerleaders and mascot learned a tremendous amount throughout the week and are ready to support and cheer for the football team as well as the basketball teams for upcoming 94-95 season.

TRAFFIC ACCIDENT — This vehicle was completely destroyed when hit by a tractor-trailer rig at the intersection of U.S. 70 and Texas 70 in Matador last Wednesday afternoon. Reports by witnesses, indicate that the car, occupied by two men, pulled out in front of the truck. One of the men was conveyed by ambulance to Crosbyton, and the other was conveyed by Aero-Care to Lubbock. Both men are reported to be doing fine now. The driver of the truck was not injured.

## Hospice Program Presented At Do Gooders' Club Meeting

The Do Gooders' Club met Tuesday afternoon, August 2 at the Community Center in Flomot. Featured guests were Mrs. Sharon Van Hoose and Mrs. Erna Driver, LVNs with Hospice of the Plains in Plainview.

Mrs. Van Hoose opened the program with two beautiful solo musical renditions, "I Bowed On My Knees and Cried Holy" and "Roses Will Bloom Again." Mrs. Van Hoose who travels 800 miles per week with her Hospice duties, introduced Mrs. Driver.

"Hospice is Hope For A Better Tomorrow," said Mrs. Driver. Services they provide are pain free days, opportunity to

remain at home, palliative medical care, 24 hours on call nursing service and emotional and spiritual support. The main focus is to train, teach and prepare the patient and family for death and pain control. She stressed, Hospice works through the patient's doctor. Their services offer the choice to die at home in familiar surroundings.

Through Hospice service, family members are offered continued support up to a year with a bereavement program. The Hospice is based on need rather than the ability to pay. All gifts, donations, contributions and volunteers are appreciated at 7103 Olton Road, Plainview, Texas.

**WILL ROGERS SCRAPBOOK WINS AWARD** — A scrapbook compiled 39 years ago at the death of Will Rogers and Wiley Post, by Mrs. Jack Crider of Odessa, formerly of Matador, last year received first place in antiques and relics division at the Permian Basin Fair and Exposition in Odessa. The entry also received the rosette "Judges' Choice" award. Mrs. Crider, the former Mary Ola Tipton was employed at the Matador Tribune at the time that American humorist Will Rogers and Wiley Post, famous aviator, were killed in an airplane crash near Point Barrow, Alaska on August 15, 1935. When the news appeared the next morning in all area and national newspapers, the then teenager had access to them and used clippings from the exchange papers that the Tribune received. The Dalhart News reported that the crash occurred at 8:15 p.m. Thursday, August 5 Alaska time (11:15 p.m. Texas time.) The scrapbook, which has approximately 500 pages, was in a state of disrepair when Mrs. Crider decided to enter it in the fair. All the strips of transparent tape that held the clippings in place had become yellow and brittle and had to be replaced, and the leather cover had become frayed and was recovered as much as possible. The owner believes that the leather came from Schweitzer's saddle shop next door to the Tribune facing the Highway. Mrs. Crider won first place awards for entries in other divisions of the antiques and relics but none she prizes more than her Will Rogers scrapbook.

# Former Roaring Springs Residents Offer Offer User-Friendly Shopping In Business

NOTE: This article is from the July 15 issue of the *Waco Tribune-Herald*, and was written by Mike Copeland, business editor. The Hardins are former residents of Roaring Springs. Their son, Cary, is a 1975 graduate of Mokey County High School. While living here their furniture business was located in the old Roaring Springs High School building.

He took a few tentative strokes at the computer keyboard, then his voice carried into the next room.

"Cary, come here and show us how this thing works, would you?" said Oscar Hardin, summoning the technical assistance of his son.

Hardin, owner of Hardin Furniture Showroom, 618 N. 25th St., knows wood and fabric — he's been working with it for 47 years.

But like many of us, he's not computer friendly.

Still, he has one — and he's proud of what it can do.

Cary sat down and proceeded to create pictures of sofas and chairs, changing patterns and styles with the push of a button.

Peering over Cary's shoulder, Oscar smiled.

"Show him this design," he said, pulling fabric from a wall covered with 1,000 samples. With a touch, color that flowed like falling dominoes filled the computerized outline of a couch.

In 30 seconds, it was done.

"This is for people with an idea of what they want, but who can't tell us what they want," said Oscar, gesturing to Cary's creation.

The computer is a loaner from Norwalk Furniture Co. — the pride of Norwalk, Ohio — for which Hardin is now an authorized dealer.

Soon he will have a new one, which he will lease from Norwalk.

"Walk into one of Norwalk's places in Houston, and you'll see people lined up at these computers," said Oscar, 70, a native

of Roaring Springs, who learned to make furniture in plants from Texas to Los Angeles. He moved back to Waco in 1977, settling down in "the nicest place I've ever been, as far as everyday living."

Hardin has had custom-made drapery and furniture on 25th Street for nearly two decades. When he got the itch to carry a retail line, a salesman suggested Norwalk. He became an authorized dealer — but it wasn't easy.

"I had to prove I could do good business out of a small showroom," he said, adding that Hardin gave in after four months of haggling.

Tina Ruffing with Norwalk said the company is choosy. After all, it's been making furniture since 1902.

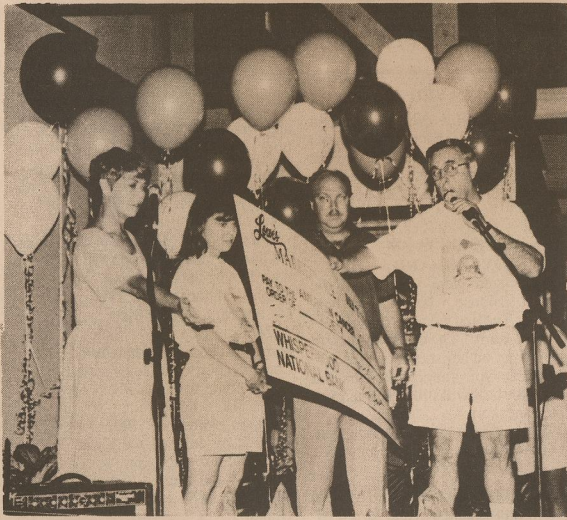

"We're middle-to-upper end, as far as price," said Ruffing. "And we have the largest selection in the industry — 1,000 fabrics, 500 styles, a half-million options."

And each can appear on the computer screen at Hardin Furniture Showroom.

Be sure to ask for Cary.

Cary Hardin, at Hardin Furniture Showroom, paints a computerized picture that can change with a customer's mind.

**BIG MONEY**—Roger Lowe awards oversized check for \$47,000 to the American Cancer Society raised during the first annual Lowe's Marketplace Golf Tournament last week at Lubbock's Lakeridge Country Club. ## Lowe's Golf Tourney Raises \$47,000 for Cancer Society

Sixty employees of Lowe's Marketplace (Pay-n-Save) took to the fairways for a good cause last week in the First Annual Lowe's Marketplace Golf Tournament benefiting the American Cancer Society. The event, which took place at Lakeridge Country Club in Lubbock, was an overwhelming success, raising \$47,000, according to Cancer Society officials.

Proceeds will fund cancer research, produce educational resources, and provide services to area cancer patients and their families, ACS said.

The Lowe's Marketplace staff worked with American Cancer Society volunteers in Lubbock to plan and execute the event.

The tournament, chaired by Max Smithy and Lezlie Lowe Harlan of Lowe's, consisted of two flights and approximately 248 golfers participated.

Lakeridge gift certificates were awarded to first, second, third and last place teams. A golf trip was also provided by Coca-Cola and additional prizes were awarded for the longest drive, shortest drive, closest to the hole, and a special contest called "Roger's Hole". Nobody claimed the hole in one prize, a car sponsored by John Roley's autoplex in Littlefield.

Prizes were given at a special awards dinner held at the conclusion of the tournament. At the dinner, Smithy announced that the tournament will be an annual event. Although the tournament

was held in Lubbock, sponsors from across the South Plains participated.

Lowe's currently operates 47 stores in West Texas and New Mexico, including store in Matador.

Mrs. Driver closed the informative and well presented program with a question and answer session.

Mrs. Christeen Gilbert, president, conducted the business meeting. Mrs. Bernice Bond, secretary and treasurer, read the minutes and gave a financial report. On the agenda is a Clean-Up Day, Wednesday, Aug. 31 at 7:30 a.m. at the Community Center. Additional arrangements were made for the Flea Market to be held Saturday, Sept. 10 at the Community Center in Flomott.

Hostesses, Mrs. Trula Martin and Mrs. Jimmie Hunter presided at a flower designed service. The table was laid with a lace cloth over white. The centerpiece was a colorful arrangement of light orchid periwinkles, various herbs and greenery encircling a watermelon basket filled with appetizing fruits on a silver tray. They served fruit, crackers, fruit and vegetable dips, an assortment of cubed cheese with iced tea and fruit punch.

Those attending were Mesdames Alma Shorter, Judy True, Lucille Monk, Erma Washington, Nada Starkey, Mary Jo Calvert, B. Rogers, Annie B. Cloyd and those mentioned above.

A constitution is the work of time; one cannot provide in it too broad a power of amendment.

"When you run your own business, you watch every dime."

With an electric cooperative providing my service, it's the lights that keep burning, not my money."

Ever since I can remember, I always wanted to own my own cabinet making business. Starting any business is a challenge, but for me, the timing was perfect. It's been 18 years now, and I haven't regretted it once.

I set up shop in an area served by the electric cooperative. I was amazed at the way the cooperative representative worked with me on how to best meet my electricity needs—I thought that kind of service went out years ago. And now, one of the biggest advantages is the competitive edge I've gained: electric cooperative rates are the best around.

Most important of all, my electric service has been reliable—which is pretty important when you make your living with a power saw."

Deuteronomy 29:9

SEEDS FROM THE SOWER  
Michael A. Guido  
Metter, Georgia

A crow, says an old fable, had stolen some cheese and was about to eat it. But a fox wanted it.

"O Crow," he said, "how beautiful are your wings. How bright your eyes. How graceful your neck. It's too bad you don't have a voice."

The crow, thrilled with the flattery, hoping to surprise the fox with her voice, opened her mouth. When she did, she dropped the cheese, and the fox ran away with it.

The Bible says, "Flattery is a trap; evil men are caught in it." Beware of the flatterer. When he slaps you on the back he expects you to cough up something for him. Remember, flattery is a trap.

## God Is Faithful

In view of the faithfulness of God, there are some things worthy of our consideration:

We may be certain of His promises as given in the Bible. Whether we consider the promise of salvation from sin, membership in His Kingdom, or His provision for our needs. Our God is faithful and His promises are to be trusted.

We are to trust His Holy Word as true and free from error. God cannot lie and in consequence, His Word is truth. By this Truth we are made free from sin. When we learn the truth of a particular subject from God's Word, we are assured that it is so because of the faithfulness of God.

We are assured of His provision for our spiritual well-being as we follow His will. We are equipped by the Word of God for every good work.

Yes, our God is faithful who has called us into the fellowship of Jesus Christ. Our relationship with Him, guided by His will is made known to us. It is with confidence we serve with a living and victorious hope.

# Single Family Housing Loans Available

Rural Housing Loans for very-low and low income applicants are available through County Offices of the Farmers Home Administration (FmHA), Spur, FmHA County Supervisor, said today.

Home ownership loans may be used to buy, build, improve, repair, rural homes and to provide adequate water and waste disposal systems. Homes may be built on individual tracts or in subdivisions. Funds may also be used to modernize homes - add improvements such as bathrooms, central heating, modern kitchens and other improvements. Borrowers may buy an existing house and lot or buy a site on which to build a home. Loans may be made for up to 100 percent of the appraised value of the site and the new home. Interest rates for this type of loan are presently 7.75 percent with 33 year

terms. Monthly payments are subsidized with the amount of the payment dependent on the borrowers annual income. Homes will be modest in size, design, and cost but adequate to meet the family's needs. New homes average about 1,050 square feet of living area.

In addition, Farmers Home Administration guarantees home ownership loans made to applicants of low or moderate income. Guarantees offer opportunities to families who are unable to afford a commercial loan without a Guarantee. These loans may be made for up to 100 percent of the value of the property and are made for terms of 30 years. The interest rate is based on the Federal National Mortgage Association rate with a maximum loan amount in most counties of \$67,500.00.

The Farmers Home Administration assists rural America by guaranteeing private sector loans and by providing temporary, supervised direct loans to farm and housing borrowers who have a reasonable chance for success, and whose current needs cannot be met at reasonable rates and terms by commercial sources. The Agency is committed to

excellence in providing its services.

"Application for assistance may be obtained at the Farmers Home Administration office located at 314 Willard Ave.", FmHA County Supervisor said.

The FmHA office in Spur is open from 8:00 a.m. to 5:00 p.m., Monday through Friday.

## WTU To Seek Review of Revenue Changes in Electric Rates

West Texas Utilities Company today announced it will file a petition with the Public Utility Commission of Texas (PUCT) to start a process to review WTU's revenues, rule on proposed rate changes and implement lower interim electric charges to customers by 3.25%.

The petition, to be filed around Aug. 25, will request that a review of WTU's revenues to be conducted by the PUCT to determine if WTU's revenues should be adjusted. The petition proposes interim rates until the PUCT can complete this review.

Until a final PUCT order is implemented, interim charges to customers will be reduced by 3.25%, effective Oct. 1, 1994.

"The action to initiate this review process by WTU is quite remarkable since some other electric utilities have recently increased rates," said Glenn Files, WTU president and chief executive officer.

WTU's customers have not experienced a base rate increase since 1987, even though the average overall cost of living has increased nearly 30% over that same period.

"WTU, however has effectively managed the business and, as a result, we have remained financially strong. Our strong financial position has allowed us to be a key player with the communities we serve in economic development activities," Files said.

"The action we are announcing underscores our commitment to the growth and prosperity of the communities we serve," he added.

"Reasonable electric rates and rate options are important to our customers and to prospective customers. Therefore, WTU will use this process as an opportunity to introduce new rate options in response to market change and modify or replace old rate options. These changes

are necessary for WTU to continue to be responsive to the changing marketplace and to meet the needs of our customers," Files added.

"Our company has always had a commitment to ensuring that our rates are fair and that our customers are paying appropriate prices," he added.

"After reviewing our current and projected financial results and after discussions with the PUCT and others, we are announcing this action. The action will ensure that our customers benefit from activities that have resulted in efficiencies in our service to the customers," Files added.

"Also, as part of our commitment to ensure the benefits are passed to our customers in a timely manner, we are proposing to set the effective date for any revenue adjustment and new rates implemented as Oct. 1, 1994, regardless of when the PUCT issues its final order," Files added.

"It is not clear at this time what the total amount of the overall base revenue change may be or what impact this overall base revenue change will have on customer bills. Those determinations will be made during hearings before the PUCT after a careful review of our financial numbers, the proposed rate changes and some assumptions made by the PUCT staff," Files added.

"But the point is that the overall base revenue that WTU receives from its customers for the electricity could be lower than it is today," Files added.

In addition to the PUCT review of utility rates, a city may also review and analyze its electric utility rates under another formal proceeding.

"We are proud of the strong relationships that we have with the communities we serve. It is from these types of relationships that we have been able to work together to benefit our customers," Files added.

*O Lord, you are my God; I will exalt you and praise your name, for in perfect faithfulness you have done marvelous things, things planned long ago.*

## The Conservation Reserve Program And You Past, Present, and Future

The Soil Conservation Service will host three informational meetings about the Conservation Reserve Program (CRP) this summer. Purpose of the meetings is to provide the latest and best information available about the CRP. They will begin at 9 a.m. and conclude about 4 p.m. Dates and location are:

August 23, Amarillo, Sunset Mall Convention Center

August 25, Lubbock, Lubbock Civic Center.

September 15, Abilene, Kiva Inn.

These meetings will coincide with the first group of CRP contracts to expire beginning on September 30, 1995. Although the majority of CRP contracts won't expire until 1996 and 1997, program participants need sufficient time and information to consider their options.

Information available at these meetings will enable CRP participants to make informed decisions about future land uses and resource management needs. Agenda items will also be of special interest to farm commodity groups, livestock organizations, agricultural related businesses, agricultural lending institutions, real estate agencies, chambers of com-

merce, tax offices, county and city governments, and others who will be affected by the future use of CRP lands.

Congressmen Bill Sarpalius, Larry Combest, and Charles Stenholm have been invited to provide a legislative update on CRP and the 1995 Farm Bill at the meeting in the respective home district. They have each indicated they will attend. Other speakers will include officials from the Texas Agricultural Extension Service, Agricultural Research Service, Texas Tech University, Texas A&M University, Agricultural Stabilization and Conservation Service, and Soil Conservation Service.

Items to be discussed include conservation compliance, grazing management (with emphasis on Old World bluestems, weeping lovegrass, Kleingrass, and native grass mixtures), wildlife management, national and state program updates, legislative perspectives, environmental impacts, and economic alternatives associated with the CRP.

For more information contact: James Gillespie, Soil Conservation Service, P.O. Box 550, Matador, Texas 79244, 806-347-2263.

## THANK YOU

We would like to thank you for all the sincere best wishes on the occasion of Charlie's 90th birthday. Your cards and calls as well as your attendance at the special party made the day complete. Our lives have been blessed by your friendship and love throughout the years, and we are grateful to be able to share happy times with you all.

Charlie & Viola Keith

Special thanks to our church family who thought ahead to provide us with a cool place to gather and a lovely meal. Bless the hands that prepared the food, those who came so early and stayed so late. Our gratitude to Rev. Cox for being there with all the wonderful kinfolks and friends who drove so far to share their love and comfort during this sad time. Our thanks and love to all.
