WORK STARTED ON WHITEFLAT CHURCH

Actual construction has started to rebuild the Whiteflat Methodist church, destroyed by fire early this year. Contract was awarded Turner Campbell of Matador and the foundation was laid this week for the 32x54-foot structure, according to Rev. L. D. Cleveland, pastor. The building will be the same size as the one lost to flames. Contract price is \$8,071. Materials will be supplied by Higginbotham-Bartlett Company of Matador.

Rev. Cleveland said the church is still in need of funds to completely pay for the new building, although most of the amount has been raised. The new church will be of frame construction with shingle roof.

Interior will be knotty pine wainscoting with celotex walls and ceiling. Plans call for two ample Sunday school rooms at the front of the building, opening from the 8x8 foyer. Plans also call for an appropriate steeple on the church building.

Matador Boys Win Softball Title

The Senior Boys Softball team won the district championship today afternoon, April 14, by defeating the Quitaque team by a score of eleven to eight. The team had reached the finals by defeating Silverton fifteen to ten in a morning game. The games were featured by outstanding defensive play by Matador boys who made

only three errors in the two games played and connected on two double plays, something unusual in softball games. Both games were played in wind and sand which made hitting and fielding hazardous.

Shelby Jackson, sophomore pitcher, was outstanding in both victories with the one against Silverton being no-hit-no-run affair. Other outstanding players on the Matador team were Tommy Scaff, Bobby Cross, Ronnie Steen, Roger Scaff, Pat Green, Richard Hamilton, Gerald Pipkin, Johnny McNelly and Morris Burkes.

This win gave the Matador High School twenty more points on the over all championship of the District Meet.

More people named Jones own Chevrolets than any other car!

*Of course we haven't actually counted all the Joneses. But it seems a safe guess. Because this year—as they have year after year—more people are buying Chevrolets. And 2 million more people drive Chevrolets than any other car. Maybe you ought to come in and see why this is so.
