### Asserts Army Doesn't Need Younger Men

Military Chairman Thinks Forces Will Be Large Enough

WASHINGTON, July 9 (AP)—Predicting the war would end "probably in 1942 and unquestionably in 1943," Chairman May (D-Ky.) of the house military affairs committee said today there would be no need for the army to induct married men or youths in the 18 and 19 year group.

The information on which he based the prediction, the Kentuckian told reporters, was "a military secret," obtained since the recent apparent Russian reverses.

The assertion that the drafting of married men and boys under 20 would be unnecessary, May said, was based on selective service records. The war department has not requested that youths of 18 and 19 years be drafted and May said he would oppose any such request if it should be made.

Best estimates based on the recent registration of 18 and 19 year old boys, May said, showed there were approximately 3,125,000 in this group.

"With that many men yet to be utilized, and figuring 1,000,000 of them will become twenty years of age each year and subject to induction, it will not be necessary to provide for the induction of anyone under twenty," he said, adding:

"It is a safe estimate to say this group will not see the service, after adjustments for all purposes, approximately 2,000,000 fighting men in the next two years, which is more than the army needs."

May expressed the view an army of 5,000,000 was all the nation needed. The army has said it hoped to have 4,800,000 men under arms by the end of this year.

"With what we have now and the reserve power becoming available each year," May explained, "the army's manpower needs can be met without resorting to the extremely young men or men who are married."

"The enemy soon will be so busy abroad coping with the men we now have there and will have to shorten, that he will be unable to give us any invasion worry, and there will be no need for a large 'home army.'"

### More Bundists Are Arrested

NEW YORK, July 9 (AP)—Fast-moving FBI agents bent on wiping out the German-American Bund rounded up 84 additional members in the metropolitan area last night for a total of 113 Bundist arrests through out then nation in two days.

The new prisoners were seized as dangerous enemy aliens and were removed to Ellis Island to await hearings by alien enemy boards that could result in internment for the war's duration.

Meanwhile some of the original 29 indicted Tuesday on charges ranging from espionage to evasion of the selective service and alien registration acts were arraigned and held in jail as high as \$50,000. Pleas of innocent were entered by all but one of those heard yesterday.

Among those pleading innocent was Gerhard Wilhelm Kunze, former national Bund leader, who was captured in Mexico and now is held at Hartford, Conn., under \$50,000 bail on a charge of espionage. Also held at Hartford in \$7,500 bail was Wilbur V. Keegan, former Bund counsel who had offices at Teaneck, N. J.

### Cary Grant And Barbara Hutton On Honey Moon

HOLLYWOOD, July 9 (AP)—Movie Star Cary Grant and Woolworth heiress Barbara Hutton were honeymooning today at an undisclosed mountain retreat.

Their wedding yesterday at Lake Arrowhead caught the film colony napping but hardly could be regarded as a surprise, for the 35-year-old Bristol, England-born Grant and his bride one of the nation's richest women, have been inseparable companions for two years. She is 29.

It was Grant's second marriage, Miss Hutton's third.

DELIVERIES TO SOLDIERS  
WASHINGTON, July 9 (AP)—Secretary of War Stimson announced today that the air transport command, which since June, 1941, has delivered more than 6,000,000 letters and large quantities of supplies to soldiers overseas, now is forming an organization to bring the sick and wounded back from combat zones.

First WAAC Sworn In—Hortense Mae Boutell, 20-year-old supervisor in an arms plant in Minneapolis, was believed to be the first officer candidate for the Women's Army Auxiliary Corps to be sworn in. Miss Boutell, left, who leaves a \$55 a week job for a \$50 a month post, took the oath after a final physical checkup.

### FDR Calls Again For Settlement Of Farm Issue

WASHINGTON, July 9 (AP)—President Roosevelt made another attempt today to persuade congress to break a long deadlock over agriculture department operations, declaring that "our war needs do not permit compromise or partisan discord."

The issue in matters in disagreement between the senate and house, he said in a statement, is that of "more abundant production of the things we need." He added that "we can not afford to cripple any part of our productive effort with unnecessary legislative shackles."

The presidential statement accompanied his signature of a stop-gap bill which supplied funds for the agriculture department for the month of July. Congress still is wrangling over the department's full year appropriation.

The main points in disagreement are the questions of selling wheat at sub-parity prices for livestock feeding and the size of the appropriation for the Farm Security Administration.

The house has insisted on banning any sales of government-held wheat at less than parity while the senate has voted to sell 125,000,000 bushels of wheat under the parity level—for feeding purposes alone.

Mr. Roosevelt said he regretted that "operations of a department so essential to our domestic and war needs should be left in such a predicament in this critical period in the nation's history."

Declaring that "this is no time to hamstring successful principles," the chief executive asserted that freedom to utilize the government stock of grain in accord with the principles of the over-normal granary was a necessary means to the end of achieving more adequate agricultural production.

Only through these principles, he said, "can we assure increased production of livestock and dairy products, so essential to our war needs."

On the issue of the FSA, the administration had requested an appropriation of \$283,998,000, the senate voted \$228,000,000 and the house, \$127,070,000.

The president asserted that the senate provisions represented a "minimum step" in utilizing farm manpower for increased food production. His recommendations for the FSA, he said, were to enable under-employed farmers to produce more and make their production available for war needs.

### High Officers To Be At Camp Swift

CAMP SWIFT, July 9 (AP)—Lieut. Gen. Leslie J. McNair, commander of the army's ground forces, Lieut. Gen. Walter Krueger, commander of the third army, and other high army officers and civil officials will witness the activities of the 95th infantry division here July 15.

### Railroads Set Record In Meeting War Emergency

CHICAGO, July 9 (AP)—In the first five months of 1942 the nation's railroads moved approximately as many troops as they did in the first 13 months of American participation in the World War.

### British Keep Planes Busy Against Nazis

Attacks Continued To Keep Rommel From Reinforcements

CAIRO, July 9 (AP)—British fighter-bombers, in day-long assaults despite dust storms, smashed at Axis vehicles and landing grounds in the western desert, following a sharp night raid by ground troops who destroyed a number of German cannon and killed and captured some of the enemy, a communique reported today.

The British planes concentrated particularly in the southern sector some 70-odd miles west of Alexandria, where Nazi Marshal Erwin Rommel has folded back his line to avoid being outflanked.

An unestimated number of axis planes, refueling on the landing ground at El Daba, were attacked and eight were shot out of the air during the day's operations, the British said.

Like the land raid Tuesday night, the aim was to keep the axis invaders shaken up and deprived of sorely needed rest and reinforcements.

The loss of six British planes was acknowledged.

(The Italians claimed motorized German-Italian columns had forced British "elements" to retreat and had occupied "some important positions" in the region of El Alamein.)

For the past 24 hours there has been no material change reported on the 50-mile front.

A trail of burned out German trucks on Rommel's land supply route was testimony of British air efforts to prevent reinforcements from reaching him.

Against the loss of 110 allied pilots, some of whose planes have been repaired and put back into the fight, it said, the axis definitely has lost more than 254 planes aloft and ground and hundreds more are listed as probably shot down.

### Man Taken Here Gets Sentence In Federal Pen

BURTON L. HERRING, 69, arrested here in December by city police, was sentenced to seven years in Leavenworth and \$1,000 fine by Federal Judge T. Witt Davidson upon his conviction in a mail fraud case Wednesday.

Herring was accused on a number of counts, including sale of land he did not own. Postal authorities sought him in connection with using the mails to set up real estate deals which were allegedly consummated with phony checks.

Arrested here first on Nov. 8 on a drunkenness charge, Herring was later released. Meanwhile, his picture appeared in the list of men wanted by postal authorities.

One busy Saturday afternoon an elderly man walked up to Alfred Moody, now assistant chief. "Remember me?" he asked. Moody did. Chief J. B. Bruton substantiated the identification, and Herring was held for postal inspectors.

### Denison Dam More Than Half Finished

DENISON, July 9 (AP)—Denison district army engineers today disclosed the \$50,000,000 Denison dam was more than 80 per cent complete and that only one major contract is yet to be let. This is construction of the powerhouse.

Chief activity during the rest of the year is expected to be centered in the land acquisition department. With more than 72,000 acres already acquired, the engineers expect to take possession of the remaining approximate 120,000 acres by Jan. 1, 1943.

### Three From Stanton Injured In Crash

Three Stanton people were treated at the Big Spring Hospital Thursday for injuries received in a car collision at 900 W. 2nd at 11 p. m. Wednesday.

## Mighty German Offensive Bogs Down East Of The Don

Nazis To Trial—Within these two vans, eight German-born men rode up to the Justice building in Washington to face trial before a military commission for their lives. The vans arrived behind a wedge of motorcycle policemen, flanked by armored cars bearing machine-gun armed soldiers. The eight are accused of entering this country to sabotage the war effort.

### Ration Board Is Increased To Seven Men

The Howard county war rationing board is being increased by three members to give it a total personnel of seven.

Chairman B. F. Robbins Thursday said appointment of three men had been made, and the action is due to be confirmed at a meeting tonight of the Civilian Defense Council. Walton Morrison and G. C. Dunham have called the council into session at 8 o'clock this evening at the chamber of commerce, and urged full attendance.

The rationing board thus will have its full membership as recommended by the government, based on the population of the county.

Although plans are not yet definite, it is expected that in the future the group will be divided into two boards, Robbins said. One probably will handle applications for tires and automobiles and the other sugar, price control and special applications.

The proposed new arrangement provides for two separate boards, each consisting of three members. One member of the seven will serve as general chairman over all, and each individual board will have a chairman and a vice-chairman.

A meeting of all board members at least one night in each week will be held, at which time Board Secretary, Walter Wilson will present for study rules and regulations as received from the government.

An organization meeting probably will be called later this week, Robbins said.

### Part Of Trial May Be Made Public

WASHINGTON, July 9 (AP)—The gun-bristling caravan guarding eight German-born men accused of plotting against the United States swept back into the justice department today, and there were some indications that part of what is going on at their secret trial might be made public.

A representative of the office of war information has been attempting to arrange disclosure of non-dangerous parts of the proceedings.

### Bicycle Rationing Start Postponed

FORT WORTH, July 9 (AP)—Rationing of bicycles has been postponed until such time as the printed application forms arrive from Washington, D. C., State OPA Director Mark McGee announced today, date set for the rationing to begin.

"Because of the great volume of war time business the printing of the application forms has been delayed," McGee said. "We cannot set a new date as yet but just as soon as the forms arrive and can be distributed, bicycle rationing will get under way."

### Gnus Are Glad, But Pun Is Bad

NEW YORK, July 9 (AP)—The Father Gnu finally got the news he's been asking of Mother Gnu for weeks—"Any gun today?"

Yes, there's a new gun at the Bronx zoo.

### German Naval Base Raided

LONDON, July 9 (AP)—A strong force of Royal Air Force bombers attacked Wilhelmshaven, German naval base and submarine building center, last night, their first attack on Germany since the night of July 2 the air ministry announced today.

Four bombers were missing, it added.

(The Germans said Wilhelmshaven and Wesermunde, port at the mouth of the Weser river 20 miles east of Wilhelmshaven, were bombed. They reported three of the invading aircraft were shot down.

Fighter command aircraft at the same time attacked enemy airbases and other objectives in occupied France. The air ministry said they intercepted and destroyed two German bombers.

The raid on Germany followed five nights of bad weather. The only other raid there this month was the July 2 attack on Bremen.

### Jewish Population Of Polish Town Is Wiped Out

LONDON, July 9 (AP)—Official Polish sources reported today that the Nazis had killed the entire Jewish population of Hrubieszow, a town in southeastern Poland.

They described the town as of from 15,000 to 20,000 inhabitants, of whom 5,000 were Jewish.

### Texas Farmer Is Killed By Bull

HILLSBORO, July 9 (AP)—Justice of the Peace Tom Sanders today returned a verdict that L. E. Johnson, 52, farmer, was killed by a Jersey bull.

### Russian Sub Cripples Big Battleship

MOSCOW, July 9 (AP)—Two well-aimed torpedoes from a Russian submarine, which seriously damaged the battleship Tirpitz, Germany's newest and mightiest warship, saved an Allied convoy from her attack and let the merchantmen through to Russia intact, Soviet dispatches said today.

These reports said a German naval squadron in which three heavy cruisers and eight destroyers accompanied the Tirpitz, put out from shelter in Norwegian fjords several days ago aiming to intercept a large convoy carrying arms to Russia from the United States and Britain.

But the crippling attack on the Nazi battleship, made by a submarine commanded by Captain N. Lunin, a hero of the Soviet Union, was said to have disrupted their operations and permitted all ships in the convoy to reach the safety of a Russian port.

Only the barest information has been issued thus far but it is indicated that the great warship, a potent threat to the Allies' sea lanes, again has sought refuge in an inaccessible fjord along the Norwegian coast.

The German high command communique today said: "The Soviet assertion that the German battleship Tirpitz had been hit by a torpedo is purely invented. The battleship has neither been hit nor damaged."

Along the Norwegian coast the warship and the vessels that accompanied her now were believed exposed to British aerial attacks.

The exact extent of the damage inflicted on the Tirpitz has not been disclosed but she was said to have been seriously crippled and was expected to require extensive repairs.

### Yanks Join Allies For Maneuvers

WITH THE AEF IN NORTHERN IRELAND, July 9 (AP)—United States, Canadian and British troops in northern Ireland completed today eight grueling days of battle practice, the first in which the great allied forces in Ulster have joined.

High officers on both sides commended the cooperation of the men from privates to the top command.

Five days of combat on the Kallin front, northwest of Moscow, were reported to have cost the Germans 2,000 killed.

### Men Massed In Attempts At Crossings

Forces Diverted From Voronezh Sector, Reds Claim

By HENRY C. CASSIDY  
MOSCOW, July 9 (AP)—Germany's mightiest offensive of 1942 has failed thus far to gain any broad foothold east of the great Don river barrier, and Red army counterattacks from the flanks have endangered the Nazi wedge west of the river, battlefront dispatches reported today.

With massed tanks and an infantry force padded heavily with Rumanians, Hungarians and Slovaks for numerical superiority, the Germans were reported still forcing crossings in small groups in an effort to regain footholds where their earlier bridgeheads were smashed.

Some of these, the Russians said, were wiped out, but other of the axis advance forces were holding on grimly in the face of intense artillery and machinegun fire.

Russian dispatches said that as a result of tanked Russian counter blows which recaptured several communities on the flanks of the Nazi wedge west of the river, the Germans were forced to divert large forces from their drive toward Voronezh.

The Russian counter-attacks apparently centered northwest of Voronezh (perhaps aimed from Orel at Kursk, starting point of the Nazi drive).

Earlier a Russian withdrawal from Staryi Ostol had widened the German salient 65 miles southwest of Voronezh.

A huge force was accumulated for the Nazi command's greatest offensive so far in the 1942 campaign, aimed to surge across the Don and cut communications between central and southern Russia.

Dispatches said the situation was serious on the west bank, where some Red army detachments were forced to retreat anew. The Germans occupied a number of points. But in the relatively narrow sector where the invaders had reached the river they appeared so far to have failed to cross in force.

The struggle for the Don developed into a pitched battle after the Germans failed in their original plan to slip swiftly across the stream and take the Russians by surprise.

The Russians struck at the flanks of the German salient on the west bank, where roads and ravines were jammed with hundreds of vehicles blocked by the failure of the vanguard to break through. Red armor said the accumulation offered easy targets.

Many trucks as well as 60 tanks were reported destroyed in a single day's bombing of the west bank Tuesday.

A communique said a rifle battalion disabled 13 tanks and killed more than 500 Germans in a sector to the southwest (apparently the Staryi Ostol area) in fighting off four attacks and then retired to new positions to avoid encirclement.

Five days of combat on the Kallin front, northwest of Moscow, were reported to have cost the Germans 2,000 killed.

### Free French Envoys Named

WASHINGTON, July 9 (AP)—The state department announced today the designation of Admiral Harold R. Stark and Brigadier General Charles L. Bolte as representatives of the United States to consult with the Free French national committee in London.

The announcement made clear that the move involved no basic change in American policy toward the Free French, by emphasizing the military purpose of the decision.

In a memorandum handed to General Charles De Gaulle in London, the military character of Stark's and Bolte's assignment was stressed and the status of the Free French national committee headed by De Gaulle was clarified as "a symbol of French resistance" against axis aggression.

Admiral Stark is chief of American naval forces in the European waters and General Bolte is chief of staff of Lieutenant General Dwight D. Eisenhower, commander of American forces in Europe.

## Home Supervisor Gives Information On Tomato Care

By ALMARINE NUNNALLY  
ESA Home Supervisor

Most of your tomatoes are growing nicely and perhaps the older plants already have tomatoes of good size. If you haven't staked these plants you may find them bending toward the ground, long before the fruit becomes large enough and ripe enough to gather. Why not be sure that each of these plants has a slight mound around each plant to help support the stems? To give further support to the plants and more plants to the row (if irrigated), stake the plants by driving a stake about four feet long in the ground about three or four inches from the plant. Then use jute twine or cloth strings to tie the plants to the stake. Care should be used to keep these tied when necessary. Prune tomato plants regularly for best results by removing the suckers before they are more than one inch long. This practice increases the production of the first 10 to 14 days, the fruit will be larger and of more uniform size, and will increase the number of fruit on the first clusters.

When pruning plants, pinch off the sucker at the main stem until the third cluster has set. Then the top of the plant should be pinched off, leaving two pairs of leaves above the cluster of fruit. The first cultivation should be given tomatoes as soon as the plants are set. After each irrigation, frequent shallow cultivations and hoeings are important during the early growing season and should continue until the tomatoes are ready to harvest.

High winds may cause staked plants to blow over more readily than others. For this reason, it is advocated that you stake and prune some plants for earlier production. Then use the best method, for your own purpose. Use care, if you have plenty of water, and do not over-irrigate the plants. When they begin to bloom, too much water may cause tomatoes to shed their blooms and cause late production. Some persons have found the addition of small quantities of "vigoro" between plants to be helpful in retaining blooms.

Some diseases and insect pests that attack tomatoes are bacterial canker, fusarium wilt, blossom end rot, and the tomato fruit worm.

Bacterial canker is first noticed by small brownish-black spots appearing on the foliage and later light brown spots appear on the fruit and enlarge. When this disease is first noticed, spray with a solution of 1 pound copper sulphate, 1 1/2 pounds hydrated lime and 12 1/2 gallons of water. Repeat this spray every two weeks until 10 days before harvest.

Fusarium wilt causes the plants to wilt and die quickly. Wilt-resistant varieties are now greatly used, but if you have this to occur, remove the plant and the soil for about 12 inches around. Then bring in fresh soil and fill the vacated space. If you fail to remove the plant soil, this disease may spread to other plants in the garden.

Blossom end rot is often caused when the plant needs moisture. Under ordinary conditions, tomatoes do not have this trouble.

The tomato fruit worm is quite often difficult to control. At the first appearance, dust with one part of lead arsenate to 3 parts of hydrated lime, 1 part cryolite to 2 parts sulphur dust, or pyrethrin. Two applications of this poison should be given at 5-day intervals. However, one should discontinue the use of the applications after the first fruits are about half grown, because of danger to human health. Seventy-five per cent rotenone mixtures can be safely used if it is still available. Plan to can the tomatoes that you raise in a variety of ways, and use several pounds fresh. They are a good substitute for citrus fruits in the diet, and can furnish your family and our allies with food stuffs that you may not have, unless you produce and preserve it in your own home.

## Transportation Moves Cheering To Oil Industry

TULSA, Okla., July 9 (AP) — A 200,000-barrel-a-day shot in the arm for the oil-famished Atlantic seaboard has been promised with completion of the federal government's pipeline relocation program.

Petroleum Coordinator Ickes reported that the program, costing \$30,000,000, could be completed in six months and that a majority of the projects could be in operation within three months. The problem of getting oil to the east coast has been studied for months by representatives of the government and the oil industry. It is assumed that they have worked out the best possible solution of the tangled transportation problem.

## More Sessions On Food Conservation Slated Next Week

Farm and ranch women of Howard county are certainly on the job saving all the food they can for home use and in this they are saving the commercial foods for those who cannot produce their food at home, for our people who live in the cities, and also for our allies.

All day meetings are being held in the following communities by Fontilla Johnson, home demonstration agent, next week. Demonstrations on drying fruits and vegetables, canning, testing cookers, and other timely information on War Time Food Conservation will be given. Every homemaker is urged to attend one of these meetings; bring a school lunch and spend the day.

Monday, July 13—Vincent at the school house.

Tuesday, July 14—R-Bar.

Wednesday, July 15—Coshoma at the home economics department.

Thursday, July 16 — Fairview and Moore at the Moore schoolhouse.

Friday, July 17 — Overton and Elbow at the Elbow school house.

## More Damage Is Foreseen From Flea Hopper

This tiny insect may inflict more injury to the large fields of cotton than was indicated two weeks ago. In Lomax community where nearly all of the cotton is early, some fields show as high as 50% of the stalks shedding the tiny squares as they form. All early cotton shows some injury. Next to Lomax the most injury is in early cotton around Coshoma and south of Knott.

Just like they were last year the injury is lighter along turn rows and near feed, while the worst injury is found 50 or more yards from the edge of the cotton patch. A supply of dusting sulphur has arrived in Big Spring. Two dustings, a week apart, might reduce the infestation if rains do not come just after the application. A period of four to six hours in the heat of the day is sufficient to kill them. When the sulphur is rained off immediately after application it should be put back the next day.

Chinese books begin on what would be the last page of American books.

## Mayor La Guardia's New Iron Fence: Should It Be Turned In As Scrap?

NEW YORK, July 9 (AP)—Encircling the historic Gracie mansion, which recently was raffish as an official residence for Mayor F. H. La Guardia, is a new iron fence, each six-foot picket in its winding length of 400 feet pointing proudly skyward.

To the ordinary passerby it's a thing of beauty, but to one public official it's "just junk" while to another it's "scrap."

And today a controversy was on as to whether the nice new fence is junk (and therefore should be left alone) or scrap (and therefore should be turned in as much-needed metal for the war effort).

In defense of the fence, as it stands Park Commissioner Robert Moses, who has this to say to citizens who think it should go into the scrap metal hopper:

"That fence was made from junk, all junk, that we repaired with the WPA and park fellows. Most of it had been there along the waterfront for years. It was all just junk until we fixed it up."

Not only is the fence of no value as scrap metal, Moses insisted, but it plays an important role on the home front by protecting the ventilators that come up from the East River drive below the mansion. Children throw stones in the ventilator openings unless they are fenced in, he said, and they fall on the tops of cars and do other damage.

A slightly different point of view toward the mayor's fence is held by the New York City sal-

# Texans Urged To Help In Meeting Farm Labor Shortage

## Situation May Become Acute, McDonald Says

AUSTIN, July 9 (AP)—Commissioner of Agriculture J. E. McDonald today called upon Texas women, children and older men "to go into the fields and gather the crops to feed our fighting men."

Returning from a survey of farm labor conditions in the state with selective service officials, McDonald asserted:

"We must have a balanced economy to win this war—we must produce food and fiber as well as guns and bullets and fighting men."

The commissioner in an interview termed the farm labor shortage "acute" and held out little hope for alleviation of the shortage through importation of Mexican labor, stating that he had been unable over a period of several months to induce Latin-Americans to cross the Rio Grande for farm work.

"Strictness of Mexican emigration laws would hamper this movement," he explained, "and even if the borders were open, Mexico's entry into the war has brought a great call for labor in that country."

"Men are needed for the army and for industry. Mexico is now more prosperous than it has been in many years and labor may also become a problem there."

McDonald cited the tire shortage and possible nation-wide gasoline rationing as greater deterrents to transportation of labor.

"The farmer has shown a magnificent response to the president's appeal for more food and fiber with which to fight the war," the commissioner said. "His efforts must now be wasted for lack of harvest hands."

To facilitate procurement of labor for Texas farms, McDonald urged each community to establish a registration center where patriotic Texans might offer their services to meet the labor emergency.

There, he said, would constitute a labor pool from which farmers might draw when the need arose.

## Texans Among Men To Win Decorations

GENERAL MacARTHUR'S HEADQUARTERS, AUSTRALIA, July 9 (AP)—Lieut. Gen. George H. Brett, commander of allied air forces in the Southwest Pacific, awarded decorations to 23 officers and men of the United States Air Corps and two Australians yesterday at an advanced operational base. They included:

Distinguished Service Cross—First Lieut. James B. Moorehead, Washington, Okla.

Distinguished Flying Cross and Oak Leaf Clusters—Major Hervey Whitfield, Dallas, Tex.

Silver Star—Capt. N. H. Blanton, Shawnee, Okla.; Second Lieut. Andrew J. Reynolds, Seminole, Okla.

Purple Heart—First Lieut. Charles C. Johnson, III, Fort Worth, Tex.; Second Lieut. Wilson A. Chapman, Quitaque, Tex.

## TEN KILLED

NORRISTOWN, Pa., July 9 (AP)—Ten persons were killed and 22 injured in the head-on crash of a crowded interurban passenger car and a freight trolley late yesterday on a curve three and one-half miles north of here.

# War's Shadow In The Valley Of The Nile

## Wide World Features

The oldest nation on earth is a key once more to the plans of warring powers.

Egypt, in other words, is caught in the middle, even as it was in the days of the Roman empire, of the Arabian thrust for power, of Napoleon's dream of world domination.

It has supreme strategic importance, sitting as it does on the land bridge that binds Europe, Asia and Africa, and separates the Mediterranean from the Red Sea—or more broadly, that divides the Atlantic from the Indian ocean.

Yet Egypt is no mere strategic counter. In its own right it is a country of commercial importance, a nation with vast traditions, a land peopled by a hardy, individualistic race.

Just about this time of year—unless the imminence of war has money—a crier parades through Egypt's capital city of Cairo, singing out the stage of the rising Nile river. The ceremony continues for weeks, while the river rises to its peak, then recedes, leaving added fertility and moisture in the area into which it has overflowed.

## Nile All-Important

Cairo watches the Nile because it's the lifeline that makes Egypt possible—third among cotton producers of the world—and makes Alexandria, with its 4,000 ship handlings a year, one of the great ports of the world.

In a country three times the size of Great Britain, the fertile Nile Delta and the narrow strip of land along the river's banks support a population of 16,000,000. More than 90 per cent of Egypt is desert—rolling acres of sand broken only by an occasional oasis.

Alexandria—jittery since the outbreak of the war because of its strategic location on the Mediterranean—forms one point of the triangle of Egypt's three great cities, with Cairo and Port Said on the Suez Canal, the other points.

## Cairo No. 1 Now

While the Mediterranean remained open to the British, tons of war materials poured into Alexandria. Now, Cairo has assumed that importance, receiving these shipments from American and British vessels making the long trip around the Cape of Good Hope, or from air transports flying across Africa.

Egypt's quiet little people generally have been making ready for months to stand with the British against Germany—just as they did in the last war. In his official acts, young King Farouk I has worked with British officials. Meantime, the army has been built up to a hundred thousand, the air force to 1,000 planes.

Egypt has had no explosive political or religious problems like those that have plagued India. The population falls roughly into three classes: The peasantry, the majority of whom are Mohammedans or Copts; the bedouins or Arabs, and the Berberin, mostly rural residents of mixed Arab and negro blood.

## Meet John Doe

The typical Egyptian city resident is a tawny-skinned individual who works in a cotton or woolen mill—perhaps a sugar refinery—or is engaged in another of the country's few enterprises: The exporting of tobacco, grains, fruits, cement or soap.

He is imperturbable and can accept elaborately courteous, temperate and frugal in his habits. He

PARATROOP TARGET?—Here's Alexandria, Egypt's great Mediterranean port. It may become a battleground if the Nazis stab deeper into Egypt; British say it's a likely spot for the landing of German parachute troops from Crete.

doesn't make a fancy living, but an adequate one by his country's standards.

For entertainment he enjoys music from native instruments played mostly in a minor key—although music is frowned upon in the Mohammedan religion—and he may spend an occasional half-hour watching the street dervishes go through their snake-charming dance.

## Fez Still Worn

He has adopted many European customs of dress, but continues to wear the tarbush, or fez. If he has a servant, the servant's class will be indicated by the quality of the shoes he wears.

He sweaters in 110-degree daytime heat during the summer, and shivers when the temperature plummets after sundown. If he happens to make a trip across the desert in the winter he won't find the sands burning—some times the thermometer registers 32 degrees.

He's familiar with much of the 7,000-year-old history of his country, the Pharaohs and Cleopatra, but he can't tell why, contrary to popular belief, there are no crocodiles in the Nile.

WEATHER POOCH—"Rainy," pet puppy at the air forces navigation school, Turner Field, Ga., probably doesn't know it but he's sitting on a thunderhead on that weather map. And he'll have to quit chewing on that pencil soon, for Weather Officer O. H. True is going to need it in his business—charting meteorological data for Uncle Sam's air trainees.

## Blackbird Proves A Valuable Pet

LOS ANGELES, July 9 (AP)—A blackbird that fell from its nest a year ago and was rescued by Nelson Collard has paid Collard back several times over.

The back porch of Collard's home caught fire yesterday and the bird, now a household pet, flew from his kitchen perch into a bedroom and awakened Collard and his wife, alighting on her shoulder. They found the fire had started from a hot water heater.

## "Boy, that bird's worth his weight in rubber" Collard ventur-ed.

Blind Women Give Blood For Soldiers

SAN ANTONIO, July 9 (AP)—Two blind women were among the first to contribute their blood to the American Red Cross donor service.

One of them, Mrs. Steve Crivelli, has a son in the navy. The other was her sister-in-law, Miss Mary Crivelli.

## Texas Observatory Is Counting Stars

AUSTIN, July 9 (AP)—A census of the Milky Way is being taken at the University of Texas' McDonald Observatory, mammoth astronomical plant in the Davis mountains of West Texas.

Dr. G. P. Kuiper, astronomer on the staff of McDonald and its sister laboratory, the University of Chicago's Yerkes Observatory, today visited the University of Texas and reported that during the last two months he has catalogued some 1,000 stars, bringing the total observed since the McDonald Observatory opened in 1939 to approximately 3,000.

"All we have known about these stars up to now is their motion,"

## Bank Remembers That Higher Pay

CAMP WOLTERS, July 9 (AP)—Banks aren't missing a trick these days.

Two days after he had been paid, a Camp Wolters private received the following circular from his bank:

"The increased pay which has been voted to service men by congress should enable you to make regular monthly payments on your personal loan, so you won't have to worry about it later."

The bank had enclosed a return envelope with "free" stamped on the corner.

## Sells Bicycle for War Bonds

SUTTER, Calif.—George D. Elderkin, sixth grade pupil, after selling his bicycle to complete payment for his first \$25 war bond, now is helping care for 1,500 baby turkeys to earn money for his second bond. He has pledged himself to buy a third with vacation earnings picking almonds and prunes.

Garcia reported that the men stopped at the ranch and told him they were searching for Nazi spies. Garcia called members of his family and eight ranch hands to the ranch house, whereupon the "soldiers" turned guns on the group and threatened Garcia until he revealed the hiding place of the money.

Dr. Kuiper explained, "This census will reveal their size, distance from the earth, velocity, brightness and spectral type. It will also give us information on the faint stars as well as the bright ones, and will indicate the total mass of all the stars."

## Mexico Bandits Are Being Sought

REYNOSA, Mexico, July 9 (AP)—Tamaulipas and Nuevo Leon state police and Mexican Federal investigators have joined in a two-state search for six bandits, dressed as Mexican federal soldiers, who robbed Benito Garcia, owner of El Guillo ranch southwest of Reynosa, of 10,000 pesos Monday night.

Garcia reported that the men stopped at the ranch and told him they were searching for Nazi spies. Garcia called members of his family and eight ranch hands to the ranch house, whereupon the "soldiers" turned guns on the group and threatened Garcia until he revealed the hiding place of the money.

### High Heel Club To Have Dance July 31st

Discussion concerning a picnic and swimming party for Friday evening and a banquet and dance for July 31 was held when the High Heel Slipper club met Wednesday in the home of Billie Frances Shaffer.

The swimming party will be at 7 o'clock at the city park and the picnic will follow. Each member is to bring a guest.

A banquet will precede the July 31st dance in the Crawford ballroom. A committee composed of Betty Bob Ditta, Celia Westerman, Lerna Brooks and Marjorie Lawwell will be in charge of the advertising for the dance. Ballroom committee will be Marjorie Lawwell and Betty Bob Ditta.

A review of the constitution was made by the president, Mary Ann Cox.

A reminder was made concerning the Home Nursing course under direction of Mrs. Clyde Thomas, Jr., which is to start Monday, July 15 with hours from 7 to 9 in the Red Cross room in the Crawford hotel. Reports are given concerning the work done for the VFW.

Next club meeting will be in the home of Billie Mary Smith with Betty Bob Ditta and Marjorie Lawwell in charge of the program. Dancing and songs were entertainment for the evening.

Three guests included at the meeting were Annie Eleanor Douglas and Urdine and Geanine Smith of Wichita Falls.

Sandwich course was served and members present were Celia Westerman, Sara Maude Johnson, Marjorie Lawwell, Barbara Lawwell, Jo Ann Switzer, Bertie Mary Smith, Lerna Brooks, Mary Kay Lumpkins, Betty Bob Ditta, Mary Ann Cox, Verma Jo Stevens and the hostess, Billie Frances Shaffer.

### Calendar Of Weeks Events

**THURSDAY**  
K. Y. E. Club will meet at 7 o'clock at the Settles hotel with Mrs. Clyde Thomas, Jr., and Mrs. V. A. Whittington as hostesses.

**ROYAL NEIGHBORS** will meet at 2 o'clock at the W. O. W. hall.  
**YOUNG MOTHERS' Club** will meet at 2:30 o'clock with Mrs. C. L. Swagerty, 1711 Main.  
**GIRLS CLUB** to be organized at 8 o'clock at the Settles for soldier entertainment.

**FRIDAY**  
**WOODMEN CIRCLE** will meet at 8 o'clock at the W. O. W. hall.  
**LADIES GOLF Association** will meet at 12 o'clock for luncheon at the club house.

**SATURDAY**  
**COUNTRY CLUB** members will be entertained with a dance at 9:30 o'clock to 1:30 o'clock at the clubhouse.  
**H. D. COUNCIL** will meet at 2 o'clock at the county agent's office.

### Out Of Town Guests Complimented With Chicken Supper

Mr. and Mrs. J. H. Foresyth, Mr. and Mrs. Clyde Garrett and children of Eastland and Mr. and Mrs. J. V. Ramsey and Patsy of Eunice, N. M., were honor guests Wednesday night when Mr. and Mrs. R. V. Foresyth and Mrs. Loy Smith entertained with a picnic and chicken supper at the city park.

Attending were Mr. and Mrs. Truman Smith, Mrs. Choo Smith and Judy Ann, Mrs. Murian Smith, Mr. and Mrs. A. E. Walker, Mrs. Loy Smith and Caroline, Mr. and Mrs. Ramsey and Patsy, W. H. Foresyth, Mr. and Mrs. J. H. Foresyth, Mr. and Mrs. Garrett, Joylene and Leonard Joe.

**THOMAS & THOMAS**

Big Spring, Texas

### New Officers Elected By Club Members

Electing new officers, the All Around Forty-Two club held a business session after games Wednesday in the home of Mrs. Grady Jones.

Mrs. Max Welch was named as president and Mrs. Jones was elected as secretary-treasurer. Mrs. Frank Gray was re-elected reporter.

Two new members present included Mrs. C. M. Cochran and Mrs. H. D. Stewart. Prizes were won by Mrs. C. A. Allen and Mrs. Frank Gray. Mrs. N. J. Allen was also present as a guest.

Refreshments were served and others present were Mrs. Guy Mitchell, Mrs. D. E. Orr, Mrs. Buck White, Mrs. Jim Harper, Mrs. Alice Wright. Mrs. Harper is to be next hostess.

### 'Sea Serpent' Goes To The Rubber Pile

ANTIOCH, Calif., July 9 (AP)—Minnie the sea serpent—the Loch Ness monster of San Francisco Bay, you might say—is no more. She fell victim of the rubber shortage.

Minnie was the creature of the Antioch chamber of commerce—a 28-foot sea serpent made of inner tubes, good scrap rubber these days. For eight years she floated about the bay, leering lazily. She had been described as anywhere from 15 to 200 feet long. Too valuable to be left floating about, Minnie was given to a scrap rubber committee.

### Girls Club To Be Organized Tonight At Settles Hotel

An organization meeting will be held at 8 o'clock at the Settles hotel for a girls club to help with entertaining soldiers to be stationed here. All girls, 17 years old or older, are invited to attend the meeting when rules of the organization will be explained and a name for the club selected.

### B&PW Club To Have Saturday Night Dance

The Business and Professional Woman's club will sponsor a dance at the Crawford hotel Saturday night beginning at 9 o'clock. Nickolodson will furnish music and the public is invited to attend.

## Mrs. Bronaugh Given Shower In Home Of Mrs. Gus Pickle

Elbow Sewing Club Assists With Party

Mrs. Alfred Bronaugh was entertained with a pink and blue shower in the home of Mrs. Gus Pickle in the Elbow community Wednesday evening at 6:30 o'clock. The affair was given in the form of a lawn party with members of the Elbow Sewing club assisting Mrs. Pickle. Games were led by Mrs. Pearl Caille and Mrs. Ray Shortes.

Refreshments were served and attending were Mrs. T. N. Jones, Mrs. Cecil Long, Mrs. Bob Asbury, Mrs. True Dunagan, Mrs. Ray Shortes, Mrs. Jack McKinnon, Mrs. Pearl Caille, Mrs. Rufus Rogers, Mrs. C. M. Grissom, Mrs. Greely Low, Mrs. Ross Hill, Mabel and Callie Dunagan.

Sending gifts were Mrs. O. R. Dunlap, Lynn Faye Dunlap, Charlene Grissom, Mrs. Burnis Petty, Mrs. John Coleman, Mrs. Till Boatler, Mrs. Vernon Low.

## She Had To Slow Down So The Doctors Said, So She Went Out And Saw The World And Now War

Two and a half years ago they worried about her health but since that time she's been an airline hostess, visited in foreign countries, learned to fly a plane, and is now working for the United States navy. And that energetic person is Orine Hughes, former Big Spring resident, now stationed at Norfolk, Va., who is visiting here.

Miss Hughes, when she resided here, became ill and had to slow down the doctors said. She taught piano lessons, was music director of the East 4th St. Baptist church and taught a Sunday school class. A full program but one that she could do on her own time.

As she got better this staying in one place was not for Miss Hughes and she secured a job as airline hostess for Braniff Airlines. Her run was from Dallas to Chicago and Dallas to Mexico City. During her two years with Braniff she found excitement and travel and fun until the army took over the airlines. That was in March of this year and since that time, Miss Hughes has been at Norfolk working in the navy.

Norfolk, which is naturally located as a danger spot in the Atlantic, being not only a job of gas but of water too. Blackouts are the rule nearly every night and gas masks have been issued at the base.

Survivors of ships, rescued nurses and soldiers from Bataan and Manila Bay, have talked with Miss Hughes. There is no hazy feeling in her mind that there's a war on and that so far, the score is adding up heavily to the enemy.

She made friends to Atlantic sea posts, saw young King Peter of Yugoslavia, heard the united opinion of survivors of other battles that "we've got to win the war, there can be no other alternative."  
Sunday afternoons used to be favorite times to go to the beach but after finding bodies of sailors who didn't survive ship sinkings and undertaking the job of notifying the families, and seeing death first hand... Sunday no longer seems like just a day for diversion.  
Then there was the time, too, Miss Hughes had orders to sail but at the last minute her orders were changed and she stayed on at base. Three of her women co-workers and friends did go, however, and the ship was torpedoed and sunk!  
After a near call like that, you get fatalistic about your own safety, Miss Hughes maintains.  
But it is the complacency of people of the middle west that affects Miss Hughes. She says after days and nights of high pressure work, of being so close to the war, it was like coming to another country to come to Texas. "Business as usual" attitudes, fun loving people, no strained, unhappy faces. It's hard to realize, she says, which is real.  
Miss Hughes is to be here another week as accompanist for the revival meeting now in progress at the East 4th St. Baptist church. She got a 30 day furlough from the navy and will go from here to San Diego to visit her sister before returning to Norfolk.

### Mrs. Morehead Honored By Club On Birthday

Mrs. G. G. Morehead was honored on her birthday anniversary by the Stitch A Bit club members who met in the home of Mrs. Ray Smith Wednesday.

Dish towel shower was held for Mrs. Morehead and Mrs. Truman Townsend who left recently for Beaumont to make her home, also sent dish towels to each member.

Mrs. H. J. Agee was elected as new club president. Others present were Mrs. Johnny Knox and the hostess.

### Executive Meeting To Be Held Friday By Woman's Club

An executive meeting of the Business and Professional Woman's club will be held Friday night at 8 o'clock at the Settles hotel.

### Dos Por Ocho Club To Sew For Red Cross

Voting to disband for the summer months, the Dos Por Ocho club held its last meeting of the year in the home of Mrs. M. E. Beale Wednesday. The club also voted to meet each Tuesday at the Red Cross for sewing.

Guests attending were Mrs. Ralph Hodges, Mrs. Jake Bishop, Mrs. J. U. Kendrick, Mrs. Otto J. Matthes.

Mrs. R. F. Blum is to be hostess for the next meeting in the fall. Others present were Mrs. E. F. Blum, Mrs. H. V. Crocker, Mrs. R. L. Pritchett, Mrs. Garner Meadams, Mrs. Ches Anderson.

### Three Guests Meet With Justamere Club For Bridge Games

Three guests were included when Mrs. A. V. Karcher entertained the Justamere club in her home Wednesday. Mrs. John Collins, Mrs. J. B. Mull, who won high score, and Mrs. Rice were the visitors.

Mrs. J. E. Young won club high score. Refreshments were served and others present were Mrs. Cal Boykin, Mrs. M. H. Bennett, Mrs. E. O. Ellington, Mrs. Carl Blomshield, Mrs. W. H. Leeper, Mrs. J. Y. Robb, Mrs. R. C. Strain, Mrs. V. Van Gieson.

Mrs. Lee Hanson is to be next hostess.

### Luncheon, Theatre Party Held For Airport Widows

Luncheon at the Chicken Shack followed by a theatre party was entertainment for the Airport Widows club Wednesday. Mrs. W. B. Filler was hostess.

Mrs. F. V. Kimzey was present as a new member and others included Mrs. J. W. Campbell, Mrs. Raymond Funkhett, Mrs. C. L. Swagerty, Mrs. Vernon Windham, Mrs. W. H. Morgan, Mrs. W. K. Harrison.

Mrs. Willard Coffey is to be next hostess.

### VISITS AND VISITORS

Weekend visitors were Taber Rowe, Otis Grata, Joe Prager and George Hatch, all students at A. & M. Mrs. J. L. Wood and James accompanied Taber Rowe and Otis Grata back to A. & M. the first of the week.

Mr. and Mrs. H. E. Mosley had as guests until Wednesday, Mrs. Earl Maxon, Mrs. Robert Wigham and Bobbie, and Betty Maxon, all of El Paso.

### Income Too High People Lose Homes

NEW YORK, July 9 (AP)—The mass eviction of more than 800 apartment house dwellers has been ordered by the city housing authority on the ground they make too much money. As defense workers their incomes have risen above the maximum set for occupants of the city's 10 low-rent housing projects.

### Birkhead Directs Thompson Campaign

AUSTIN, July 9 (AP)—Maj. Gen. Claude V. Birkhead, former commanding general of the 36th (Texas) division of the U. S. Army, will direct Col. E. O. Thompson's campaign for re-election to the state railroad commission.

### Goat There First

OAKLAND, Calif., July 9 (AP)—The city posted 5,000 notices to property owners to burn weeds, but not everyone did. Then city employees discovered why so many didn't. They caught up with a goat which had already devoured 80 of the notices.

### BAKES STEVENSON

AUSTIN, July 9 (AP)—Gov. Coke R. Stevenson, in his campaign for re-election, today had the endorsement of Bryan Bradbury, former member of the Texas legislature from Abilene and regarded as the leader of the prohibition and anti-race horse bloc when he served in the house.

### Miss Laneous Notes

Saying goodbye—that's something nobody ever liked to do. It's something few people do very well. It's something now that catches in the throat, sends a sensation tingling through the veins, and mists the eyes.

In past times, Americans have called goodbyes to friends going on vacations, to callers after an hours visit, to students en route back to school. There have been but few times when more than passing regret was in anybody's farewell.

It meant being away but a few hours, a few weeks or few months. And there's nothing tragic in saying goodbye when there is certainty of meeting again.

But now with war a constant comparison of everyone, the world over, goodbye is a word that is hard to say. Goodbye, now, means not for just awhile but maybe forever. When good friends leave, there is an unasked question in their eyes.

Jokes of the corny variety, back slapping, hand wringing, and pleasant insults snap the air that suddenly fills with something unnamed, untouched but feared. Smiles grow a little fixed and friends mumble over conventional words. Goodbye now means what it did in far past days. It's a wish and a prayer that God be with you.

### Morning Party Held For The Wednesday Bridge Club

A morning party was held yesterday for the Wednesday Bridge club in the home of Mrs. M. C. Lawrence.

Two guests present were Mrs. E. J. Davis of Austin and Mrs. Herschel Petty.

Mrs. Petty won guest high score and Mrs. Ray Shaw, club high score. Mrs. George Hall and Mrs. C. M. Shaw binged.

### T. J. D. Club To Hold Swimming Party

The T. J. D. club held its third meeting Wednesday night in the Herald clubhouse to make final plans for a swimming party and watermelon feast Friday night at 7 o'clock.

Report on the development of newspapers was given by Marjorie Lock and discussion on circulation of newspapers and magazines was held. Refreshments were served.

### Viola Boswell Class Has Party At Church

The Viola Boswell Sunday school class of Coahoma Methodist church was entertained in the Methodist church parlor Tuesday evening at 8:45 o'clock by Mrs. Hubbard, Mrs. B. McIlvain and Mrs. Vernon Duncan as hostesses.

Mrs. Blalock gave a devotion on "Faith." Mrs. Alvin Lay had charge of the recreational program. Attending were the Rev. and Mrs. Bryan and daughter, Sylvia, Mrs. G. Boswell, Mrs. Blalock, Mrs. Hubbard, Mrs. Dunca, Sula E. Brown, Mrs. Emma Davis, Mrs. McIlvain, Mrs. G. W. Felton, Mrs. Hayes, Mrs. Dennis, Mrs. Law and Mrs. Severance.

## Lions Auxiliary Names Committee To Plan Soldier Entertainment

Naming a committee to plan entertainment for soldiers to be stationed here, the Lions club auxiliary met for luncheon Wednesday noon at the Settles hotel. Mrs. Randall Pickle, Mrs. Paul Darrow and Mrs. Joe Pickle were named to the committee.

Hostesses in charge of the luncheon were Mrs. W. M. Gage, Mrs. Escot Compton and Mrs. E. W. Wright.

Mrs. J. O. Vineyard gave the treasurer's report and Mrs. Neal Stanley and Mrs. Pickle were named to be in charge of the club's monthly war savings stamp sale.

A visiting and sick card committee composed of Mrs. Vineyard, chairman, Mrs. Cecil Mc Donald and Mrs. Jack Smith was also appointed.

August hostesses include Mrs. C. W. Deats, Mrs. Jimmy Tucker, and Mrs. C. L. Henry.

Mrs. E. J. Davis of Austin was present as a guest and others included Mrs. J. C. Smith, Mrs. C. A. Schull, Mrs. A. W. Storrs, Mrs. Jack Smith, Mrs. E. J. McDaniel, Mrs. Shelley Riley.

Mrs. J. E. Hogan, Mrs. John L. Dibrell, Mrs. Burke Summers, Mrs. Dan Conley, Mrs. Lawrence Robinson, Mrs. Gilbert Gibbs, Mrs. Martelle McDonald, Mrs. J. H. Kirkpatrick.

### Wednesday Club Has Morning Bridge Party In Home

Mrs. E. J. Davis of Austin and Mrs. Herschel Petty were guests at the Wednesday Bridge club when the group met in Mrs. M. C. Lawrence home Wednesday morning.

Mrs. Ray Shaw was high for club and Mrs. Petty for guests. Mrs. George Hall and Mrs. C. M. Shaw binged.

Refreshments were served and others present included Mrs. W. M. Gage and Mrs. S. A. McCowb, who is to be next hostess.

### Mother Singers Meet To Rehearse New Music

Mother Singers met at the First Methodist church Wednesday afternoon to rehearse new music received by the group. Attending were Mrs. Bernard Lamun, Mrs. E. Freeman, Mrs. M. A. Cook, Mrs. Randall Pickle, Mrs. Pat Kenny, Mrs. J. A. English, Mrs. W. A. Lawwell, Mrs. R. C. Clark.

### Poll Transfer Needs Cited By Patterson

Unless you are sure that you still live in the precinct in which you paid your poll tax, and if you have moved since paying your current poll tax, L. C. Patterson, Howard county democratic chairman, Thursday suggested that you check and secure a transfer if necessary. These, he explained, may be secured until three days before an election, but unless the voter's poll tax or transfer show him to be balloting in the correct box, he would be considered an illegal voter under the law.

Most confusion exists in precinct No. 2 and No. 3, carved out of the old jumbo No. 2. The dividing line goes out of middle of the south side of the courthouse square, westward on Fourth to Lancaster, thence south to W. 18th (which also is an alley behind Dallas street), west to approximately the center of Seenic Mountain, directly south to the section corner near the Wasson (or Red House) and directly south to the county line. All to the east and south of this line are in No. 3, and that on the west is in No. 2. One other minor alteration which affects No. 3 is the boundary from Fourth and Lancaster to San Antonio, thence north to railroad and west as formerly. No. 8 takes in the Lomax and Hartwells communities.

The situation in No. 1 has been clarified, also, the tax-collector's office announced. The dividing line now comes directly down the Vealmoor road and the highway to the southwest corner of the Experiment Farm, then down N. Scurry to N. 7th, east to the middle of E. 3rd, and west to north entrance of the courthouse.

Similarly the No. 4 and No. 2 divisions have been cleared. The line goes out the east door of the courthouse to Main street, south to Fourth, then east to Goliad and in up this street to E. 11th, east to

### Here 'n There

Salvage rubber can be retrieved from some strange places. Working in conjunction with a company policy, C. J. Staples has ordered all rubber padding removed from the shopping baskets (carts) in the Safeway store. He estimated there would be from a pound and a half to two pounds of the material to each basket. Others, he thought, might discover rubber in little thought-of places if they but hunted it out before the drive for salvage rubber is concluded Friday.

But for the fact that this happened to a preacher, it might

### July Selectees Are Announced

Names of men who are listed in the group to answer the first July quota for Howard county were released by the selective service headquarters Thursday.

Included were the names of Cecil Irvin Frost, who has enlisted in the navy, of Jack Preston Hendricks, transfer to El Paso, Thomas Howard Smith, transferred to Rusk, and Joseph Anthony Goodwin, transferred to Wichita, Kas. Those to leave from here on July 14 for induction at Lubbock include Madison Earl Smith, Chon Marquez, Jr., Marvin James Goodman, Carl Ray Rutledge, Eric William King, Byron Beason Walker, Arthur Rudolph Keane, Homer Clay Wright, Bryan William Cathey, Homer Petty, Virgil Rutledge, Walter Thomas Crews, Earl Franklin Coates, Clifford Neal Manning.

Transfers in and who will leave with the local group are Santos Torres, from Lynn county, and Roberto DeLeon from Guadalupe county. The county's second white call for the month is for July 14.

The road intersection east of the rodeo grounds and directly north to the railroad, east to the Cosden and then north as formerly. All to the north of the line is in No. 4 and that south is in No. 2.

### FSA Changes Discussed At Session Here

Decentralization of authority to increase speed and efficiency was being explained in detail here Thursday to more than two scores of Farm Security Administration attaches of district No. 4, convoked for a two-day training parley.

During the opening morning session, Jess B. Gilmer of the regional staff at Amarillo, gave an appraisal of the FSA's work during the past year and explained that while the mechanics are not being changed, the broad objectives of aiding low income farm families remain stable. Henry Wilkinson, Amarillo, state director, also touched on the program designed to place authority with the county personnel in handling loans directly to the treasurer without necessity of running applications through district and regional channels.

Further discussions of this simplified system of operation were to be held during the afternoon at the Settles hotel. Friday the new accounting system will be explained in detail.

Among officials from the Amarillo office here for the session were Walter Allen, administrative supervisor; Flo Sterling, assistant administrative supervisor; and Harry Clark, chief of the collection section. From the district office were Marvin Wilson, Lubbock, district supervisor, and Euel Linder, supervisor. Temple Duderstadt, from the San Angelo district office, and Mrs. R. E. Martin, from the Sweetwater office, were visiting representatives.

They are Richard F. Williams, a railroad employe here, and Aubrey M. Weaver, son of M. Weaver, a World War I veteran. Williams will leave today and Weaver is due to go Monday.

Specialists, said Sgt. Turner, are needed for the engineer amphibian command at Camp Edwards, Mass. Ratings are fast in the command for it is a new organization he said. Opportunities exist for those adept in several branches of electricity, radio, marines, diesel and automotive mechanics, welders, construction, cooks, carpenters, machine and automotive operators, signalmen, motorboat operators, plumbers, painters, draftsmen, and other similar classifications. Full details may be had from Sgt. Turner, in the postoffice building.

### Lost Brother On Bataan, Wants A Chance At Japs

With his eyes on the Pacific, where he hopes he will be sent, Drwin Rayne Kite, Snyder, enlisted in the U. S. Navy here Wednesday.

"I figure I owe those Japs something," he said, "and I want to get where they will have a chance to collect."

His brother, J. T. Kite, was killed in action on May 3 on the Bataan peninsula, the family had been officially notified.

Ever since then Drwin had been trying to get into the navy, but his father, R. D. Kite, a ranch fencing contractor at Snyder, was still suffering from the loss of one son. Wednesday, however, he came along and signed minority papers with Recruiter E. L. Cooke. Now Drwin is going in under V-6, radio reserve.

With him went Walter Joe Mc-Nallen, 1009 Johnson, Big Spring, who enlisted for V-2, aviation groundwork.

The recruiting office personnel here has been increased by one, Cooke announced Thursday. Clayton Leon Barbee has been assigned here and will be an assistant to Cooke. A. H. Walker, also an assistant recruiter, continues on the job.

### Army Recruiting Office Takes Two

Two men have completed papers for enlistment in the U. S. Army, unassigned, Sgt. Edwin R. Turner, recruiting officer, said Thursday.

They are Richard F. Williams, a railroad employe here, and Aubrey M. Weaver, son of M. Weaver, a World War I veteran. Williams will leave today and Weaver is due to go Monday.

Specialists, said Sgt. Turner, are needed for the engineer amphibian command at Camp Edwards, Mass. Ratings are fast in the command for it is a new organization he said. Opportunities exist for those adept in several branches of electricity, radio, marines, diesel and automotive mechanics, welders, construction, cooks, carpenters, machine and automotive operators, signalmen, motorboat operators, plumbers, painters, draftsmen, and other similar classifications. Full details may be had from Sgt. Turner, in the postoffice building.

Whether the fact that it was started before the war began will have any effect on the availability of asphalt has not been learned.

### British Cargo Ship No. 348

An armed British cargo ship, whose sinking was disclosed today by the navy, managed to fire one shot at random before torpedoes and shells from an unseen enemy submarine sent her to the bottom of the Atlantic off the northern coast of South America, survivors said.

The medium-sized ship staggered through heavy seas for 25 miles after the torpedoing before she was finally sunk by shell-fire. Thirty-six British seamen were saved and four were killed.

This slinking and three reported yesterday brought to 348 the unofficial Associated Press tabulation of United and neutral nations' ship losses in the western Atlantic since Dec. 7.

The ship losses announced yesterday were Canadian, Dutch and Latvian vessels, and the survivors of the Latvian ship said their skipper was abducted by the German submarine that sunk their vessel.

### Kiwanis Hears Of Rationing Work

The duties and responsibilities of the ration board were explained by Walter Wilson, secretary, before the Kiwanis club members at luncheon Thursday at the Settles hotel.

Wilson pointed out that the board has been increased from four to seven men and that their duties now include rationing of tires, sugar, new automobiles and supervision of price control.

In June, Wilson said, there were on file over 600 applications for tires and the board is now filling applications made in March and April.

The club voted to meet regularly at the Settles hotel due to the Crawford ballroom now being used for Glider School pilots.

Farewells were said to Byron Fullerton, minister of Church of Christ, and Herbert Whitney, who are both leaving town.

### County's Rubber Collection May Top 400,000 Lbs.

Howard county has an excellent opportunity of going over the 400,000-pound top on its rubber salvage campaign, it became apparent Thursday.

Totals compiled from service stations and dealers by the chamber of commerce Thursday showed a total of 24,558 pounds piled in since the last report five days ago, and which raised the total in the hopper now to 297,833 pounds. One company had an unreported amount on hand which would probably cut the margin needed to go over the top before the campaign ends Friday. Howard county has one of the best records in the state.

### New Flood Due At Three Rivers

SAN ANTONIO, July 9 (AP) — Three Rivers, where three South Texas streams converge, was given at least temporary relief from flood waters today, while more than 10 persons at Victoria were kept from their homes by the muddy Guadalupe river.

While water, from the Frio, Nueces and Atascosa rivers, receded enough at Three Rivers for business to return to normal, the town was looking forward to the possibility of having to leave their homes again by the weekend.

Reports came from Tilden, 25 miles west of Three Rivers, that more water was coming down the Frio; and reports from Callahan, 11 miles southwest, said that the Nueces was sending down additional rain drainage.

Although Three Rivers residents looked for water to back up again into the town, it is not expected to be as deep as it was Tuesday night when more than 400 residents sought the safety of near-by hills.

### Housing Men To Be Here Friday

Judge J. A. Raley, head of the service office for Federal Housing Administration at Lubbock, and Willing W. Ryan, chief underwriter of the Port Worth district FHA office, will be here for a housing conference Friday evening.

The chamber of commerce housing committee, headed by R. L. Cook, urged all who have any intention of building or remodeling to confer with the men.

Judge Raley told chamber officials that the FHA was of the opinion that some building could be done and that he and Ryan were coming to outline procedure and to discuss changes in regulations. They possibly would be in a position to say whether the forbidding regulation which forces construction on a property line, has been lifted.

The party has been set for 8:30 p. m. in the chamber offices.

### Industrial Users Sign For Sugar

Practically all institutional and industrial users of sugar have signed for their July and August quotas, Walter Wilson, rationing board secretary said today.

Friday is the last day of the regular period prescribed by the government for signing.

There has been no increase in allotments for the institutional and industrial classifications for the coming two months, Wilson said. Larger amounts can be secured only by showing in certified figures of a substantial business increase, and all such applications must be submitted on special forms.

### Mozambique Island Occupied By Brits

LONDON, July 9 (AP) — British forces occupied the French island of Mayotta in the Mozambique channel on July 2, without resistance or casualties, the war office announced today.

Mayotta is one of the Comoro islands. Grand Comoro, Anjouan and Mohelli are the other principal islands, with a population of less than 18,000 and an area of 150 square miles, is an island producing principally rum and perfumery.

It is the most strategically situated of the Comoros for control of the Mozambique channel, being about 200 miles west of Madagascar, the northern part of which the British occupied in May, and about 800 miles east of Portuguese East Africa.

### Cowper Clinic Hospital Notes

Calvin Moore, son of Mr. and Mrs. J. C. Moore, underwent tonsillectomy this morning.

Mrs. H. G. Bettes underwent major surgery Wednesday and is resting well.

Mrs. Ray Knight, Jr., was admitted for medical care.

Mrs. H. E. Gearin, Stanton, medical patient was discharged today.

Mrs. W. D. Wilbanks was discharged today following medical care.

Mrs. O. T. Teague who has been critically ill was able to return to her home.

### Weather Forecast

WEST TEXAS: Continued warm this afternoon, temperatures tonight about same as last night; scattered thunderstorms and light showers in Big Bend country and El Paso area this afternoon and evening.

EAST TEXAS: Continued warm this afternoon and tonight. Fresh winds this afternoon.

### Whole Wheat Is Advocated By Supervisor For Proper Diet

Eat your wheat whole, says Alvarado Nunnally, Farm Security Administration home supervisor for this local district, whether it's in bran, flour or some other form. Whole wheat is noted as an energy, growth and maintenance food, it is also rich in vitamin B1, contains vitamin B which is accepted as an important dietary factor in stimulating appetite, promoting nervous tone, and regulating the nervous system.

But, said Miss Nunnally, it is important to avoid losses incurred by modern milling processes which, while leaving caloric values undisturbed, take out 30 per cent of the protein, 41 per cent fat, 92.7 per cent fiber (in bran), 58.4 per cent calcium, 92.5 manganese, 79 per cent phosphorus, 84.9 per cent iron, 50 per cent of the copper and 86 per cent of its vitamin B1.

This, she continued, demonstrated the need for eating whole cereals, which generally are consumed with milk and cream, further adding to their food value. Fruit and fruit juices may be used instead of milk for variety in taste and for good results.

Water from cooked whole ce-

reals should never be wasted, for vitamin B is a water soluble and minerals also come from the grain into the water. Some have cooked cereals with milk to guard against loss of vitamins and to add to food value.

Whole wheat flour or enriched wheat flour and bread help guard against cereal food value losses, said the supervisor.

But whole cereals, Miss Nunnally warned, are but part of body needs, which include a pint to a quart of milk, an egg, meat of some kind, potatoes, vegetables, citrus, tomatoes, fruit, vegetable or dairy fats and six to eight glasses of water daily.

### Bandera Closed To Military Personnel

SAN ANTONIO, July 9 (AP)—Eight corps area officers today continued investigating the fatal shooting Sunday at Bandera of Second Lieut. Charles A. Smith, Duncan Field officer, and declared the town, 45 miles northwest of San Antonio, out of bounds for military personnel.

Col. Paul C. Wilkins, commander of Duncan Field, reported that an army board of officers absolved the lieutenant of any blame and held that he was acting in line of duty when shot.

### GIRLS FOR DEFENSE

AUSTIN, July 9 (AP)—Nearly one-third of the University of Texas' 5,000 coeds completed some task for national defense during the period from Pearl Harbor to the close of the school year, the sub-committee on women's activities of the University council of defense announced today.

### Nelson Alters WPB Lineup

WASHINGTON, July 9 (AP)—Donald M. Nelson realigned his production general staff today for better strategic direction of the flow of ore and ingots into America's factories, now retrofitted to grind out weapons and hungry for the raw materials to make them with.

He announced the appointment of two vice-chairmen of the War Production Board and a director general of operations. These men, he said, would take much of the administrative load off his shoulders and leave him free to decide matters of policy.

At a press conference late yesterday Nelson explained that the top directing officials had been shifted because the board's main job now was speeding up the supply of raw materials.

The three new appointees were shifted from other WPB posts. They are:

William L. Batt—vice-chairman of the board to serve as Nelson's general assistant and deputy; had been chairman of the board's requirements committee.

James S. Knowlson—vice-chairman of the board with responsibility for determining the programs and Nelson's deputy on the combined production and resources board.

Amory Houghton—director general of operations, including supervision of the industry and material branches and the field organization.

At a press conference late yesterday Nelson explained that the top directing officials had been shifted because the board's main job now was speeding up the supply of raw materials.

The three new appointees were shifted from other WPB posts. They are:

William L. Batt—vice-chairman of the board to serve as Nelson's general assistant and deputy; had been chairman of the board's requirements committee.

### Revival Scheduled At Sand Springs

An open air revival meeting sponsored by the Church of Christ is open Saturday night at Sand Springs, to be continued through July 19, it is announced.

Preaching will be by J. W. Bandy, known as the "cowboy minister," and the public is invited to attend all services.

### V Stands For Vitamins And Plenty Of Health Giving Vegetables

THREE V's . . . Vitamins, vegetables and victory.

By MRS. ALEXANDER GEORGE, Wide World Food Editor

Let's be vitamin-conscious on the home front!

Vitamin A stands for milk, be it delivered to you, bought in the store or milled at your door. If your family balks at milk cook-tails, fool them by using it in delicious creamed vegetables.

Fish in important minerals as well as essential vitamins are the fresh vegetables now abundant in the market or in your Victory garden. Onions, now plentiful and cheap, are delicious served creamed, as are spinach and asparagus.

Broccoli, another vitamin-rich "best buy," can be prepared with a few variations. Sauces such as lemon, hollandaise and hot lemon mayonnaise supply flavor as well as vitamin C.

**MASHED POTATOES WITH CHEESE:** 3 medium potatoes (about 1 quart mashed); 1-1/4 cups hot milk; 4 tablespoons butter, melted; 1 teaspoon salt; 1-4 teaspoon pepper; 1 cup finely sliced or grated American cheese. Cook potatoes, drain and shake well to dry thoroughly. Mash; add butter and seasonings. Beat thoroughly, add hot milk, a little at a time. Fold in cheese. Place pan of potatoes over a pan of hot water to keep hot until ready to serve. Sprinkle with chopped parsley.

**CREAMED ONIONS:** 2 tablespoons butter, 2 tablespoons flour, 2 cups milk, 1-2 teaspoon salt; dash pepper; 12 small onions, cooked. Melt butter, blend in flour. Add milk, salt and pepper and stir constantly until thickened; cook 5 minutes over very low heat stirring occasionally. Pour over boiled onions, sprinkle with paprika.

**LEMON BUTTER SAUCE:** 4 tablespoons butter, melted; 2 tablespoons lemon juice. Melt butter, combine with lemon juice and pour over cooked broccoli or asparagus arranged in serving dish.

**WANTED HER SUGAR**  
DES MOINES, Iowa, July 9 (AP)—When Mrs. Ray F. Horstman filed suit for divorce, she listed a number of personal possessions she wanted from her home. Chief among them was her sugar ration book.

### Martin Test Is Awaiting Equipment

After spudding, Amon G. Carter No. 1 Walter M. Clear, northwestern Martin county wildcat, drilled to 190 feet in redrock and there set the 10 3/4 inch string with 115 sacks and waited on rotary equipment to be moved in. Location is 1,380 feet out of the southeast corner of labor 22-263, Kent.

Cosden Petroleum Corp. No. 1 R. C. Scott, et al, outpost test in southeastern Howard county between the Chalk and Snyder pools, drilled to 350 feet in redrock. Location is 330 feet out of the southeast corner of section 59-29, W&NW.

The projected 7,700-foot rotary wildcat eight miles north of Stanton, the Magnolia No. 1 E. B. Powell, was reported steadily making hold at 5,195 feet in lime. Location is in section 18-35, in T&P, Martin county.

Information For Interested Friends

CROSBYTON, July 9 (AP)—Wearied by repeated questions, R. W. Byron inserted this advertisement in the Crosbyton Review:

"Notice: For the benefit of all the people who are worrying about me and my Uncle's business, I have been put in class 1-A, and I will leave when he calls me."

### College Loans Available To Students Training For War

WASHINGTON, July 9 (AP)—The government opened its purse today for loans to more than 10,000 college students—men and women—seeking technical or professional degrees in six specified fields, to make certain their education is completed in the shortest time possible and applied to the war effort.

Congress provided \$5,000,000 for this means of obtaining urgently needed persons trained in engineering, physics, chemistry, medicine (including veterinary), dentistry and pharmacy.

The United States office of education said the loans would be made to students needing assistance, who are registered in accelerated programs in degree-granting colleges and universities and whose technical or professional education in these fields can be completed within two years.

Students obtaining loans must agree in writing: 1. To participate, until otherwise directed by the chairman of the war manpower commission, in accelerated programs of study in any of the authorized fields; and 2. "To engage for the duration of the wars in which the United States is now engaged, in such employment or service as may be assigned by officers or agencies designated by the chairman of the war manpower commission."

Under the accelerated programs the students will go to school 12 months a year—no vacations.

Loans will be made, the education office said, in amounts not exceeding tuition and fees plus \$25 a month, and not exceeding \$500 to any one student during any 12-month period.

The loans, beginning as soon as they can be arranged, will be made directly through colleges, universities or public or college-connected agencies.

Notes will be made by the students payable to the United States treasury, at interest of 2 1/2 per cent. Repayments will be made through the colleges or other agencies negotiating the loans, which in turn will refund the money to the treasury. No decision has been reached yet on the length of time the notes will run.

# Bud Ward Top Favorite In Western Amateur Tourney

SPokane, Wash., July 9 (AP)—In or out of the army, Marvin "Bud" Ward is still the country's amateur kingpin golfer and he set out to prove it today in the first round of match play in the western amateur championship.

The curly-haired corporal, stationed at Fort Wright here in the air force, was paired off with

Otto Rosand of this city and, barring nothing short of a tremendous upset, was expected to breeze through the opener of the "sudden death" competition.

Corporal Ward, national amateur title holder as well as winner of the western the last two years, bagged medal honors from a fast field with a 36-hole quality-

ing total of 141. He was back of the pace the first day with a 73 but breezed in with a fine 68 to overtake the front runners in yesterday's second round.

Although his pair of 34s shaded two strokes off par for the 36-hole 72 Manito course, Ward actually had to scramble at times to make it. The second low qualifier was Marsh Hammond, a Spokane entry who put together rounds of 72-71-143.

Rosand barely qualified, being one of three who played off a tie at 167 for the last two places in the championship fight.

The "name players" scattered through the two brackets all were expected to get by the opening match play round.

Bill Welch of Houston, Tex., national public links champion, drew Jack Walters of Tacoma, holder of this state's left handed golf title. Welch qualified with 149 and Walters with 164.

## Tight Rules Cover Removal Of Graves From Lake Area

DENISON, July 9 (AP)—Sentiment has taken the place of speed and efficiency in at least one objective of the usually-hard, matter-of-fact army engineers—the removal of 2,499 graves from the inundated area of the Denison dam.

Denison district army engineers have issued the "go slow" orders to contractors on the grave removals.

They've issued other stringent regulations that govern the removal of the graves to ten government cemeteries. The regulations are a part of the contract.

The contractors must re-enter all bodies by sundown of the day they are uncovered. Both old and new graves must be re-filled the same day. No unauthorized persons shall come within 100 feet of the scene of operations and the contractor shall keep the curious away.

Another paragraph in the regulations prohibit profane language by employees.

## Baseball Writers Must Buy Stamps

BUFFALO, N. Y., July 9 (AP)—Baseball writers of the International league, who met before last night's all-star game and perfected an organization of their own, voted to assess each member a 25-cent war saving stamp every time he enters a press box.

## Air Offensive Against Japs Gathers Force

By The Associated Press

Reports on the developing United States air offensive against the Japanese in China offset somewhat today the gloom of a belated Chinese acknowledgment that the enemy had completed conquest of the Chekiang-Kiangsi railway, on the first leg of a project to link Shanghai and Singapore overland.

Long before the Japanese can effect their grandiose plan, which involves not only use of existing lines but construction of at least one new section, the American air offensive probably will have hit its stride.

Today's communique from the headquarters of Lieut-Gen. Joseph W. Stilwell detailed attacks on the Japanese at Hankow and Canton on July 2, 4 and 6.

The latest assault was a return trip to Hankow, in face of adverse weather. On that trip allied bombers attacked oil stores and wharves at the Yangtze port and left eight fires blazing in the target area.

Two days earlier, on the fourth of July, White Cloud airfields near Canton was the target and several Japanese planes were destroyed on ground. The July 2 raid was on Japanese wharves and warehouses at Hankow "with probable damage to enemy shipping in that area."

A July 1 attack on Hankow had been covered in a communique last week.

Confirming the loss on July 1 of the last 20-mile foothold on the Chekiang-Kiangsi railway, a Chinese army spokesman said that enemy attempts to pocket large Chinese forces were frustrated.

He added that the Japanese used 20,000 troops in their final effort but said that the Chinese had withdrawn westward and now were fighting in the Yu Hsu mountains.

## Boy Saves Another From Electrocution

M'ALLEN, July 9 (AP)—A six-year-old youth suffering from a broken arm was credited today with saving a playmate from possible electrocution.

Jimmy Nicholas Summers, 6-year-old grandson of Mr. and Mrs. Tony Summers, with whom he makes his home, was playing with Adan Fuentes, 7, son of Mr. and Mrs. Clemente Fuentes, near a light pole when Adan grasped a live wire.

Adan was unable to free himself from the wire, but Jimmy grabbed him with his one good arm and started yelling. Summers answered his grandson's frantic cries and pulled both youngsters free.

Adan suffered burns about the hands, arms and face.

## Livestock Sale Volume Steady

Continued dry weather has kept livestock moving to market, and sales volume is holding strong at the weekly auctions of the Big Spring Livestock Commission company. Wednesday's sale included about 500 head, with a money volume of around \$19,000.

Although below the spring high levels, prices were about as good as they have been in recent weeks. Fat cows sold at \$5-9; canners and cutters, \$5-7.50; fat yearlings, \$10-12; common butchers, \$9-10; stockers \$10-12.50; and bulls \$5-9.25.

# Races All But Settled As Leagues Enter Last Half

By JUDSON BAILEY  
Associated Press Sports Staff

The major leagues enter the back stretch of their pennant race today without much to run for except the fun of running.

The double all-star shows, which raised \$100,000 for the baseball equipment fund for servicemen, \$70,000 for army and navy relief and sold \$80,000 in war savings stamps, marked the approximate halfway point in the schedule.

At the intermission the Brook-

lyn Dodgers were eight games in front of the St. Louis Cardinals in the National league and the world champion New York Yankees had a four-game advantage over the Boston Red Sox in the American.

This makes it apparent that there no longer is any argument about the eventual pennant winners in either major league and some of the baseball celebrities who gathered in New York and Cleveland for the all-star contests cared even to intimate that the Dodgers and

Yankees could be headed. Whatever chance there was of waylaying the Yankees vanished last week when the champions stumbled into Boston and vanquished the Red Sox in the first two games of a three-game series. This showed that even though Joe Di Maggio, Bob Gordon and Charley Keller have been in batting slumps of greater or lesser duration, and the Yankees' catching crew is depleted, they still are able to suppress all insurgents.

The Dodgers have had their own way virtually from the start of the season.

This situation leaves the other clubs in the big top to find whatever satisfaction they can in scrambling for places in the first division and the fans to turn their attention to the competition for individual honors.

Today's resumption of play in the majors carried the eastern clubs of the National league into the west and concentrated the American league firing in the east. Four of today's contests are night games.

## Looking 'Em Over

With WACIL M'NAIR

Already the purchaser of two ex-West Texas-New Mexico league players, the Dallas Rebels may pick up some more of the defunct Joop's players within the next 10 days. Monday the Rebels announced the purchase of A. Steiner of Clovis and Joe Isaacs of Pampa, both outfielders. Owner George Schepps is particularly interested in getting some new young talent for his faltering club, which has lost 11 of its last 12 starts. He has been having his troubles getting good material since taking over the Dallas club

and running it independent of any major league club. Dallas has been without major league connections since severing relations with the Chicago White Sox several years ago.

Bob Feller's homecoming at Cleveland as starting pitcher for the Service team Tuesday night was all but spoiled by some of the bats he used to whiff regularly. The Service men had a lineup of names that looked plenty good enough to handle the champ American leaguers, but now it's evident that they weren't in their best playing shape. Johnny Rigney was the only pitcher they trotted out who could tame the American league bats, and he trained with the White Sox and pitched a few games before his recent enlistment. Maybe the two services are too busy training their men for more important games to allow them to keep in their best baseball trim. After all, they're not in baseball as a business right now.

First Methodist and North Side Mission got around to playing their postponed church league softball game sooner than expected. The game was originally scheduled for last week, but was arranged for later by mutual agreement, when both teams had conflicts. The victory Tuesday night gave the Mission, and not the Methodists as previously reported, undisputed first place in the regular first half play. Now they will have a playoff among the top four teams. Recreational Supervisor H. F. Malone said this week that he is reasonably sure that the church league will play a second half. It may go through with only four teams, but there is still a chance that six teams will compete.

Hoggers Hornaby, the scheduling, up-to-the-minute manager of the Fort Worth Cats has changed his roster so often this season that they are calling him "Trader Hornaby" now in Texas league circles. If any West Texas-New Mexico league players have trouble in finding new locations it might pay them to look up the Rajah. They would have no trouble getting a try-out.

Tongues are still wagging over that home run Rudy York got in the all-star game Monday. All the wire stories indicated that York didn't even cut at the ball, and that it accidentally hit his bat as he was pulling away from an inside pitch. The ball landed in the upper deck in right field, but that's still not a long wallop in the Polo Grounds, you know.

## They'll Give Full Notice On Blackout

JACKSONVILLE, Fla., July 9 (AP)—An efficient groundskeeper at Jacksonville's South Atlantic baseball park has caused officials to get together on their blackout signals.

He cut the lights off promptly at 9:15 the other night as a fast ball left the pitcher's hand. The catcher later showed up with the ball in his mitt, but the crowd went home wondering over the batter's safety.

Now timekeepers will notify umpires at 9:14 so as to halt play before complying with the army's blackout order along the Atlantic coast.

## Denver Coaches Are Still Together

DENVER, July 9 (AP)—The war broke up Denver University's coaching staff but even a war can't keep them separated long.

Football Coach Clyde Hubbard said farewell in June to Freshman Coach Dan Stavelly who was drafted.

Then Hubbard became a major and athletic director at Lowry field and now Private Stavelly is being transferred from Texas to Lowry.

all this land, some golfers seem to try to annex more territory by spending their time in the "out of bounds" establishing squatters rights."

One-Minute Sports Page

Worst errors reported from the two all-star games were committed by a peanut vendor who tried to make a one-hand of a quarter on one of those catwalks leading to the upper deck at the Polo Grounds and by the N. Y. World Telegram sports desk, which sent Tim Cochran to Cleveland for the game then ran his story "by Tim Coch-

rane."

Today's Guest Star

Jim Reed, Burlington (Iowa) Hawk-Eye Gazette: "U. S. golf courses occupy more than 600,000 acres of real estate. But even with

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

Wide World Sports Columnist

Word from the war department is that sket shooting won't conflict with the war effort. Looks like the opposite from the way the army and navy have been grabbing off sket stars to teach their fliers how to get 'em on the wing.

A Pitch, A Putt and a Prayer

The Rev. Willis H. Germany of Oklahoma City tells this one about a golfing minister (not himself)

. . . When the preacher, who too often committed the golfing sin of looking up, started a round he suggested that his caddy should pray for him. . . . As he addressed his ball, the caddy watched carefully. . . . "Are you praying for me?" the minister asked before he swung. . . . "Yes, suh," came the reply. "I'm praying, but you're gonna have to keep your head down."

Service Dept.

Zeka Bonura recently received his corporal's chevrons down at Camp Shelby, Miss. . . . Since the softball season opened in Oklahoma City, Sgt. Van (Iron Man) McDougal has pitched a game nearly every night either for the Will Rogers Field club or one of the local teams. Recently he received a furlough and instead of taking a rest he went to Dallas and pitched three games in a tournament there.

Today's Guest Star

Jim Reed, Burlington (Iowa) Hawk-Eye Gazette: "U. S. golf courses occupy more than 600,000 acres of real estate. But even with

## Cubs To Give Lon Warneke Full Duties

CHICAGO, July 9 (AP)—There is a regular starting role awaiting lean Lon Warneke, 33-year-old National league pitching veteran, whose return to Chicago's Cubs after five and a half years comes as much of a surprise as did his trade to the St. Louis Cards in 1936.

"I'll use him right away and I'll use him regularly," Manager Wilson said today. "We've needed another starting pitcher all along."

Warneke himself, in his 12th year as a major leaguer and with a record of 183 victories against 108 defeats, had this to say: "Sure, I'm glad to be coming back to my old stomping grounds. Although that old fireball is gone, I still think I'm a pretty fair chucker."

## Lade Pitches No-Hitter And Gets A Homer

By The Associated Press

You might think Doyle Lade of the Shreveport Sports would be satisfied with a no-hit, no run performance—but that wasn't enough for him last night.

He also pounded a homer over the left field wall at San Antonio for the only run of the game as the Sports stopped the Missions in the seven-inning nightcap of a doubleheader, 1 to 0.

The Missions won the first game, 5 to 4.

Beaumont and Houston split a twin bill, the Buffs taking the first in ten innings, 6 to 5; and the Exporters winning the second, 5 to 3.

In the second game, Beaumont went into the last inning one run behind. Pinch Hitter Johnny doubled and scored on J. P. Wood's single and Charley Metro smacked the ball out of the park for the winning run.

The Oklahoma City Indians collected 13 hits off three Tulsa pitchers and won, 10 to 5. Two Oiler twirlers, Red Adams and Byron Humphreys, were knocked out of the box in the third, as the Tribe scored three runs and took a 5 to 2 lead. Glenn Gardner finished.

It took the Fort Worth Cats 11 innings to win from the Dallas Rebels, 6 to 5, a single by Bill Lillard being the difference. Pitcher Marc Beddingfield scored the winning run after walking and moving up on Monk Tucker's single.

Take Japan Out of Rice Names

SACRAMENTO, Calif. — State agricultural director W. J. Cecil lost no time in giving Americanized designations to three classes of rice which formerly contained the word Japan. At the request of the rice industry the classes have been renamed American Pearl, Southern Pearl and California Pearl.

## Shipping Executive Dies At N'Orleans

NEW ORLEANS, July 9 (AP)—Howell Tyson Lykes, 68, of Tampa, Fla., one of the co-founders of the Lykes Brothers Steamship Co., Inc., and long active in Florida business circles, died today at Baptist hospital.

He became ill a few days ago while on a business visit. Lykes was one of a family of seven brothers who had an important part in the development of the United States merchant marine, with ships sailing the seven seas before the war. The present company reportedly operates the largest American flag fleet in foreign service.

## Big Spring Hospital Notes

Dora Petty, Stanton, was treated Wednesday for snake bite. Mrs. H. L. Bibby is a medical patient. Mrs. H. E. Hatch is a surgical patient. Mrs. Alfred W. Moody was admitted Wednesday for surgery.

Have you heard Bill? Come to East Fourth Church and hear him at 8:30 this evening. You'll like Rev. Bill Colson!—adv.

Editorial --

We Need, And Can Pay For, A Health Unit

It has remained for emergency conditions arising from warfare to jog us into action toward establishment of a public health unit for Big Spring and Howard county. It is none too soon to put such a program into operation, and we hope that activities can be continued as smoothly as they have been launched between municipal, county and state officials.

There can be little argument against the principle of improving the public health of a community; and about the only argument against a specific program would be either its method of operation or its cost. City and county officials seem assured that the local undertaking will not represent undue outlay of money, and we agree with them. Health, you know, is

pretty valuable. As to operation, the only criterion on which we can judge is that established by similar health units inaugurated and functioning under state direction. The unit has accomplished much in several West Texas towns—some of them our close neighbors—and without exception the program is widely hailed as greatly beneficial.

It is to be assumed that the program will have the backing of the medical society, whose support and cooperation, in the last analysis, can determine its success. Control of communicable diseases, sanitation checks and remedies and informational work among the lower income groups are social services which any community with pride is not going to ignore.

We think Big Spring and Howard county need a public health unit, that the people can afford to pay for it; and we hope that it is a permanent thing that continues long after the wartime emergency is over. Making and keeping a people healthy is, after all, a very vital contribution to the national welfare, in peace as well as in war.

Man About Manhattan—

No Songs Yet To Match Those Of World War 1

By GEORGE TUCKER

NEW YORK—One minute interview with Billy Rose: "This is certainly a tone-deaf war. Where is the equivalent of all the great songs of World War I—such as Tipperary, There's a Long, Long Trail, Over There? You can't say the boys haven't tried. The song writers have certainly put enough notes down on paper. . . . But, somehow, they don't come off. . . . Only one good song so far, and that's British. . . . I wrote one myself, 'Keep 'Em Smiling.' . . . Charlie King sings it at the Diamond Horseshoe, and he gets a good hand. . . . But, generally, the response hasn't been good. . . . I've come to the conclusion that though the American people are thoroughly aware of the seriousness of the job they're facing they don't want to harmonize about it."

I said, "Billy, what about that new farm you've bought?" "Let me tell you about my victory garden," he enthused. "It's wonderful. Eleanor wants to stay out there all the time. I can hardly get her to come into town." "How's that biography of you that John Anderson is writing?" "It's coming along fine. It'll be out in the fall. That Anderson is a good writer."

"Is he going to tell all, Billy?" "Billy thought that over for a moment."

"Well, almost all."

Lionel Hampton wants to know.

Foreign Correspondent—

DeLuce -- India

Daniel De Luce has been where the world's news is hottest ever since going to London as an Associated Press reporter in April, 1939.

In London he wrote about Britain's preparations for the war to come, in Budapest he earned widespread recognition for his graphic stories on the big news breaks in that part of Europe. When the

DANIEL DE LUCE

axis started taking over the Balkans, De Luce and his wife, Alma—also a talented writer—hurried to Greece and covered operations of the forces opposing the Germans and the Italians. Just before the fall of Athens, they escaped to Turkey by making a perilous 48-hour voyage in a small fishing boat.

De Luce was the only American newsmen in Iran when the British and the Russians took over that country in August and September, 1941. He arrived at Teheran, Iran's

Synthetic Rubber Use Will Spread

CHICAGO. — Synthetic rubber probably will be more commonly used than raw rubber after the war, according to Harold Vagtborg, director of the Armour Research Foundation, affiliated with Illinois Institute of Technology. Synthetic rubber has many advantages over raw rubber, Mr. Vagtborg claims. He predicts that after the war industrial raw materials going into finished products will be so different as to be almost beyond recognition. He believes manufactured goods will be lower in cost and at the same more beautiful and durable.

Hollywood—

Vic M'Laglen's Private Army Is Thinning Out

By ROBBIN COONS

HOLLYWOOD — Glamour factory at war: What's happened to Victor MacLaglen's "private army" since the war? It's still around, says Vic, and functioning — what there is left of it. Vic's "army" was formed several years ago by the big, burly actor who, once a soldier himself, never got over loving parades. McLaglen sank \$150,000 into a clubhouse and grounds and the promotion of sports and parades. There was never a patriotic procession, in his army's heyday, that didn't have one or more units of the McLaglen "Lighthouse" gang in line—with big Vic usually leading the column. There were men and women members, with cavalry, motorcycle corps, marksmanship teams, all sorts of strenuous activities.

There was so much of it that once, in the pre-war era of confusion when a lot of people were calling a lot of other people Communists or Fascists or both, big Vic had to hear whispers that he was up to no good with his "army." "It's sport," muttered Vic when he heard about it. "It's healthy, it's clean, it's good." Another of Wynn's new inventions is a collection box for churches that expresses emotion. If you give a quarter, the box chimes a happy little song. But if you throw in a plug nickel a sign unfolds which says "Miser."

"Almost all our younger men are in the service now," says Vic. "I don't know exactly how many, but the remaining ranks are pretty thin. What's left are the older ones and the men with dependents. We carry on after a fashion, and we're thinking of offering ourselves to the governor as a state militia unit."

Between pictures, McLaglen spends most of his time on his ranch where, this year, on his output of pigs, grapes and figs he expects to gross \$35,000 — a tidy reward for a "Victory Garden." McLaglen is in "China Girl," war-backgrounded, at present and wants to do more war pictures. Even professionally, he loves a parade and playing soldier. Hollywood, after seven months of war, is a strikingly different community, and I believe even that some of the confusion has come from it under stress of war conditions. There is some confusion over details, there is none whatever over purpose. And from this corner it seems that our town's nerves have been quieted by finding jobs, and many jobs, to do.

Washington Daybook—

No Nails, No Beehives, No Honey For Sweetenin'

By JACK STINNETT

WASHINGTON—The capital in wartime: Shed a tear for Bob Strauss, WFB press relations man. He wanted to do something, himself personal, for the sugar situation. He decided to acquire some honey bees. He went to his boss, Donald Nelson, formerly top executive in Sears-Roebuck. "I understand that S-R has bees for sale," said Strauss. "Do you think I could get some?" "Certainly," replied Nelson. "If I remember my catalog correctly, you can get a queen bee, the rest of the swarm, a hive, a head net, and a smudge pot for a very moderate sum."

Strauss put in the order. It was delivered. The hive, however, was missing and in its place was a notation that materials in the hive were under priorities and that same could not be supplied at the moment. With bees swarming all over his yard, Strauss dashed back to his chief, Nelson suggested he contact

During the days of the fall of France, Hollywood could easily have rated tops in hysteria. Today, with the U. S. actually at war and the Pacific coast a possible war theater, the town keeps working along. Along with its special war assignments and industrial war worries, Hollywood takes a full part in civilian defense activities, in canteen work and knitting, in first aid, in bond drives and service campaigns — just like your own home town. Every week the service flags on the lots get more stars, more familiar faces are gone.

This alone could be the cue for a big emotional scene—but I'm afraid our town's too darned busy with a job.

Thief Has Brass

PORTLAND, Ore.—Somebody's got a lot of "brass."

About 1,500 pounds of brass, valued at \$120,000, was recently stolen from the Gabriel Fabrication and Erection company.

As she went on, Murdock's mind began to revolve around certain possibilities that had not before occurred to him. In spite of himself he began to wonder if Hestor was quite all that she seemed, if behind her apparent frankness

As she went on, Murdock's mind began to revolve around certain possibilities that had not before occurred to him. In spite of himself he began to wonder if Hestor was quite all that she seemed, if behind her apparent frankness

MRS. MURDOCK TAKES A CASE by George Harmon Coxe

Chapter 22 HESTOR TALKS

"His name was on that slip of paper," Murdock said. "And so was Raeburn's. To the tune of twenty-five thousand. It looks to me as if Clarke was trying to clean up all around."

"You recognized him; that's why you dropped the glass." "All right," Hestor said, her mouth good-natured. "You win. I'll tell you about it, but I can't talk clear across the room." She indicated a spot on the divan. "We might have a drink first, though," she said, and waited until he returned with fresh ones.

"Now?" she said, her eyes mocking him over her glass. "Well," she sighed—"Don Raeburn is my stepson." Murdock turned so quickly that some of his drink spilled on his hand.

As she went on, Murdock's mind began to revolve around certain possibilities that had not before occurred to him. In spite of himself he began to wonder if Hestor was quite all that she seemed, if behind her apparent frankness

there was something that might connect her with the murder of Perry Clarke.

"—and now, of course," she was saying, "he hates me more than ever because I have something he wants."

"Why was Raeburn's name on that list?" "I don't know," she said. "And why did Raeburn follow you here?" "That I know."

"He thought you had too big a slice of his father's estate and was trying to—"

As she went on, Murdock's mind began to revolve around certain possibilities that had not before occurred to him. In spite of himself he began to wonder if Hestor was quite all that she seemed, if behind her apparent frankness

being spiteful?"

"Oh, no. I know why he wants it. It's been in the family for ages and he can't bear the thought of its being turned into a club. The trouble is he can't pay for it."

"You said he was rich." "He is — or will be — when the inheritances are paid over—the first of the month, but there is no cash, don't you see? I can get two hundred and fifty thousand for the estate the first of the month. Cash. He has made the same offer—but will only twenty-five thousand down. I can't do it, Kent."

"That's what I told him in Caragua. Now I suppose he's come here with the idea that he can pester me into accepting his offer. Either that—or why yes." Her eyes widened. "Maybe he has found some way of raising the money here, in this country."

As she went on, Murdock's mind began to revolve around certain possibilities that had not before occurred to him. In spite of himself he began to wonder if Hestor was quite all that she seemed, if behind her apparent frankness

- 1218 Frank Howard, Jr. (white)
- 2210 Robert Venable Hicks (w)
- 10080 Raymond Aurelia (w)
- 10123 Jonnie Tift (col)
- 10318 Amelio Hinojos (w)
- 10389 Eduardo Mendoza (w)
- 10429 Jose E. Heverria (w)
- 10533 Quinto Bottino, Jr. (w)
- 10569 Jose Vasquez (w)
- 10655 Mozell Miller (col)
- 10816 Joseph Charlie Weaver (w)
- 10915 Demetrio Moreno Corrales (w)
- 10946 Manuel Estrada Mendoza (w)

**Bear Butte Monument Is Author's Plan**

DEADWOOD, S.D. — A campaign to have Bear Butte, near Sturgis, S. D., in Meade county, designated a national monument is underway with the publication of "Mato Paha," the Story of Bear Butte, by Thomas E. Odell, of Spearfish.

The Satalo Indians, although not the first Indians at the Butte, preceded the Cheyennes, their kin, in worshipping the butte. The Cheyennes in turn gave way to the Sioux. South Dakota history records many bitter struggles for possession before the white man arrived.

The butte's artesian well has been capped and provides the source of a lake at the base.

**FD To Keep 'Hands Off' Political Races**

**His Own State May Be Only Exception**

WASHINGTON, July 9 (AP) — President Roosevelt, while reserving the right to dabble an experienced finger in politics in his own state, was reported today to have resisted firmly efforts of numerous politicians to get him to take sides in feuds elsewhere.

He himself has remarked that this is war and politics are out. And one individual with access to accurate information asserted that the president had lived up to that declaration so far, although he had many a bid for political assistance from members of congress who feel uneasy over their chances for re-election in November.

Persons closely associated with the chief executive, who prefer to remain anonymous, say they are convinced there will be no 1942 version of the 1938 "purge," in which the president campaigned against democrats he considered too conservative.

**Second Camp For Scouts Slated**

A second camp will be offered in August for boys of the Buffalo council. Boy Scout leaders of the Buffalo Springs district were informed at a district meeting Tuesday evening.

Ben Newhouse, new scout field executive for this district, was introduced to scouts, and Dr. W. B. Hardy, chairman, expressed the hope that an active program of scouting could and would be resumed here.

**Now Many Wear FALSE TEETH**

With More Comfort  
FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store. —adv.

**House Here On Campaign For State Office**

**BOYCE HOUSE**

"The first time I visited Big Spring was when I was only 10 years old and I've been coming back so often that I feel like home folks," declared Boyce House, Fort Worth newspaperman, while here Wednesday afternoon in his campaign for lieutenant governor of Texas.

House recalled that, when he was editor of the Ranger Times and the Bulldogs of that town were going to play the Big Spring Steers, he flew here to "cover" the game. The plot of the private plane made a sharp turn as he headed for a landing here and House said that for a moment he thought he was going to make a descent minus the airplane.

"I was like the darkey who went up and the flier put the ship through fancy banks and loops and turns and then leveled out and yelled, 'I'll bet 50 per cent of the folks down there thought we were falling,' and the negro replied, 'Yas, suh, an' 50 per cent of dem up here thought de same thing.'"

For 15 years, House lived in West Texas; then, for five years, ramblled over this half of the state for the Fort Worth Star-Telegram.

"Why not elect a man who is familiar with your part of the state, knows many of the citizens and has an understanding of your problems?" he asked.

House has studied oil, ranching and agriculture—in fact, he has written two books on oil and he helped to write the Texas oil motion picture, "Boom Town." He writes a column, "I Give You Texas" for over 200 weeklies with more than a million readers and is heard on Long Star stations each Sunday at 12:45 p. m. in a "Texas" program. He is 45, has never run for office before but has written up the sessions of the Legislature and has studied the state government at first hand.

Barbers Say Cash Only  
HENRYETTA, Okla. — What did Sherman say about war? Henryetta barbers have announced that all barber work is to be on a strictly cash basis. The barbers' union says that since the start of the war barbers have to pay cash for most of their commodities and that customers must respond in like.

James R. Shortes, son of Mr. and Mrs. E. O. Shortes, route 1, Ackery, and now stationed at Goodfellow field, army air corps basic flying school at San Angelo, recently was promoted from the rank of corporal to the rank of sergeant.

Old Commuter Train In Service Again  
MINNEAPOLIS, Minn.—A commuter train, abandoned 20 years ago because of the growing automobile travel, has been returned to service between Minneapolis and the summer-home residential

areas of Lake Minnetonka, 25 miles southwest.

The Great Northern train, with green plush furnishings replacing the cane seats of 1912, makes one round trip daily.

**Now She Shops "Cash and Carry"**  
Without Painful Backache  
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause sagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or steady passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
