Talk—Horitius at the bridge

—Katherine Sheats.

Leaders Talk

We will meet at the church at 4:30 for the program and business meeting.

FROM OUR EXCHANGES

The engineers at work on the Fort Worth & Denver Northwestern Panhandle survey, which line is proposed from Childress north through Wellington, Shamrock, Wheeler, Mobeetie, Canadian and into Beaver County, Oklahoma, are highly pleased with the survey so far in Childress county.

The line leaves the main line of the Fort Worth & Denver Railway near the stock pens and crosses the B. T. Williams residence. It runs north and strikes the draw between the Smith and Carter farms, following this draw until it reaches the Red river.

The crossing of Red river will not be difficult. It is said that a very short bridge will be required due to the river being extra wide at this point and on island extending two thirds the way across the bed. The island will permit the use of a dirt dump.

So far no grade of more than 6-10ths of one per cent has been encountered and the survey is completed to beyond Buck Creek.

The engineers say the line is going to be very easy to build and at a minimum of expense, especially through Childress and Collinsworth counties—Childress Index.

Saturday Deputy Sheriff Edwards was rewarded for a close watch he had kept on a couple of men for a week when he arrested them with a stolen car.

These men had been staying at Fair Park and had been doing nothing and aroused the suspicions of the officer. Friday he missed them but Saturday, when returning from Medicine Mounds with a carload of confiscated beer he saw them in a new Ford at one of the filling stations on King street. Rushing to the jail Edwards unloaded his captured beer and on returning to the spot found the car parked close to and behind one of the sheet iron buildings on East Second street. After a search the two men were located eating at the Worth Cafe, arrested and held for investigation.

An hour later the sheriff of Altus telephoned the officers to look out for a stolen car and after he had given the number of the car was very surprised to learn that it was already in the custody of the Quannah officers.

The men gave the names of J. H. Sager, alias J. H. Sawyer, and O. O. Smith, alias O. O. Dallison. A woman held in jail as a vagrant claims Smith as her husband but Smith denies any connection with the woman.

Quannah Tribune-Chief.

ADULT MISSIONARY SOCIETY

The Adult Missionary society met Tuesday afternoon at 4:00 o'clock to complete our Mission study. China's real revolution. With our efficient teacher, Mrs. A. Freeman, the subject was very interesting.

Mrs. L. B. Smallwood gave an outline of our womans work in China. Other things were discussed for the benefit of the society.

One visitor was present.

Reporter.

THURSDAY BRIDGE CLUB

Mrs. L. C. Harp entertained with three tables of bridge Wednesday afternoon from 3 until 6 o'clock. Mrs. Geo. Hill of Childress won high score, while the consolation went to Mrs. C. A. Hunsucker.

A delightful two course luncheon was served to the following visitors and members:

Mesdames Frank Eiring, U. L. Willie, Farris Fish; E. A. Nolte; Bert Edmondson; A. Watson; C. A. Hunsucker, of Dallas; Geo. Hill and Jack Cawkins, of Childress; Hughes of Roaring Springs; A. A. Harp Van Wheeler and Miss Ollie Echols.

Mr. and Mrs. A. A. Harp and son and Mr. and Mrs. Wheeler and daughters spent the week end in Kirkland last week.

Mr. and Mrs. L. C. Harp and daughter Jean left Sunday morning for Dallas. They expect to be gone about 10 days.

WEEKLY NEWS SUMMARY

Cisco—R. Q. Lee, President of the West Texas Chamber of Commerce, has just returned from the second tour of the Plains country. Mr. Lee was received with much courtesies at all points and the business men and farmers were well pleased with his diversified talks.

Mr. Lee was accompanied on the last tour by B. M. Whiteker, Agricultural Manager of the West Texas Chamber of Commerce also Olin F. Hardy of the Amarillo News and Henry Ainsley of the Amarillo Globe.

Pecos—Recent rains in the Pecos river section has made the grazing range of the South West part of Texas one of the most attractive in years and the only regret is that there is not at this time sufficient livestock here to take care of the splendid crop of luxurious grass that is covering all the mountains and valleys as well as all water holes and tanks are overflowing with water. Cotton prospects for the Pecos valley are at this time far above the average for cotton production.

Brownwood—This city will be able to truthfully boast of the most attractive as well as modern tourist camp. The land scape gardner will lay out the grounds and new camp houses will be constructed and all trees will be given special attention during the fall and winter and next year Brownwood will have a beautiful tourist camp.

R. Q. Lee, President of the West Texas Chamber of Commerce spoke here recently to the largest gathering ever held in Rotan. All business houses were closed and numbers of the farmers of Rotan territory heard Mr. Lee who had to speak from a truck on the streets to accommodate the crowd. Mr. Lee's farm program if carried out will be of great benefit to the Farris county farmers as well as other sections. The farmers chances are four to one when he gives the slogan, "The Cow, Sow and Hen" on the farm with King cotton.

Childress—A farmer near here has reported that his cotton had matured and opening in ninety one days. This is a good record and wonder who can beat it.

Ruidoso, N. M.—According to statements made by J. D. Jones of New Mexico at the meeting of the Southern N. M. Association held at Eagle Creek Lodge August 27-29. New Mexico has one fifth her acreage covered with pine forest and around Cloudcroft as much as 50,000 feet of lumber can easily be cut per acre, more than 100,000 horses and cattle graze in the National Forests and 260,000 sheep roam over these forest lands. The revenues derivd from the grazing under the National Forest Control amounts to hundreds of thousands of dollars and about one fourth of this applicable to building National Forest roads.

Haskell—Dirt was broken for the new hotel here recently and it is hoped that the structure will be complete by Jan. 1st. The hotel will be very modern and the foundation will be sufficient for the third floor when the demand is sufficient to require the addition.

Alamogordo N. M.—One of the most interesting District meets of the West Texas Chamber of Commerce was held here recently and after a most bountiful feast at the noon hour the executive session was held. The meeting for next year will be held at Artesia, N. M.

Stamford—Porter A. Whaly, Manager of the West Texas Chamber of Commerce attended the Southern New Mexico Association at Ruidoso. He reports a fine meeting and states that many things of importance were discussed concerning both Texas and New Mexico.

J. W. Hamilton, who had been visiting in California for the past three or four months, returned Monday morning congratulating us on the paper and the regular schedule that he received it while there.

A SURPRISE SHOWER

A Miscellaneous shower was given on Monday afternoon at the M. L. Patton home by Mrs. Jack Edwards and Misses Thelma Thornton, Rachel and Bertha Patton, honoring Mrs. Jess Couch, a recent bride. The afternoon was spent in social entertainment, Mrs. Jack Edwards and Mrs. Bill Moore, each gave several selections on the piano, which were greatly appreciated and enjoyed.

Mrs. Edwards with very appropriate words led the bride to the dining table which was filled with lovely gifts, she thanked her the packages, and they were memembrance of her, then opened hostess and friends for theirrepaired around for inspection.

Delicious refreshments of sandwiches, potato chips, olives and ice tea were served. Those who enjoyed this delightful affair were Mesdames L. J. Barkley, Jack Edwards, R. F. Thornton, Tom Kennedy, A. A. Harp, G. C. Mitchell, G. T. Edwards, H. S. Watson, Bill Moore, Warren Clements, M. L. Patton, Madaline Barton, Paul Patton, Joe Winters, Misses Thelma Thornton, Judie Watson, Ruth Groves, Alva Louise Lawrence, Rachel, Bertha and Opal Patton, Hazel Walton and Erin Campbell.

At a late hour every one departed for their homes wishing Mrs. Couch every happiness.

MOTLEY CO. FIRST BALE

The first bale of cotton for this season was ginned last Saturday at the gin. The bale weighed 480 pounds, and was classed as midland cotton. The cotton was raised by Mr. Will Hendrix, of the north part of the county. After ginning the cotton was brought to the Court House Square where it was sold to the highest bidder. The Commercial Grocery bidding it in at \$23.10 per hundred, netting Mr. Hendrix \$110.88 for the lint. A premium of \$57.50 was also given Mr. Hendrix by the business men, for marketing the first bale of the season. A Mr. DeHart was also awarded a premium of \$30.00 for the second bale ginned and marketed.

Mrs. Hattie Martin, of Flomot was a Matador visitor Monday.

A. J. Bynum and family of Flomot were Matador visitors and traders Monday.

GRADED SCHOOL OPENS MONDAY

The Matador Graded School will open Monday September 14, at nine o'clock with brief opening exercises. Following the exercises there will be a recess period after which pupils will be assigned to their various grades and books and book covers issued.

Lessons will be assigned and work commenced at one o'clock in the afternoon. Owing to the crowded condition of the school last year the first month of this school term will be given over largely to review. At the close of the month an examination will be given and pupils reclassified.

Some time ago notice was given that owing to a prospective enrollment of seventy in the Primary and First grades no under could be taken, but that a kindergarten would be organized on a tuition basis if enough parents so requested. Up to date requests have been too few to finance a kindergarten. An under is a pupil under seven years of age September 1st. The District receives no per capita state or county appointment on such pupil. J. F. Jordan, Principal. A. J. Spangler, Supt.

Community Correspondence

FLOMOT NEWS

Mr. Finus Bourland and daughters, Misses Mollie and Irene, have returned from a visit in Arkansas.

Mr. and Mrs. Bud Morris, Mr. and Mrs. Dick Washington and Lawrence Washington are visiting in New Mexico this week.

Mr. Crowell has purchased a new Chrysler car. There are also quite a few other new cars in our community.

Rev. H. C. Smith and wife and Miss Mollie Bashum, of Roaring Springs, were guests in our little city Saturday.

LOCAL NEWS

John Moore, of Lubbock was transacting business in Matador on Monday of this week.

A. M. Guthrie, of Afton was here on business Tuesday of this week.

Mr. and Mrs. John Barton of near Flomot were here Tuesday. James Nebblett, of Roaring Springs was a Matador visitor this week.

Miss Mabel Martin, of Flomot was a Matador visitor Tuesday.

Rev. L. B. Smallwood made a business trip to Roaring Springs Tuesday.

Mrs. Harry Willett, Mrs. Frank Eiring and Miss Louleen Harris made a trip to Lubbock Monday.

Allen True, of Flomot was a Matador visitor this week.

Boyd Willett, the little son of Mr. and Mrs. Harry Willett had the misfortune of falling and breaking his arm Tuesday night.

Doug Meador was a business visitor in Roaring Springs this week.

Grover Frier was transacting business in Floydada Wednesday of this week.

H. O. Wood was operated on at the Floydada Sanitarium Saturday night of the past week.

LOST—Tan Silk dress with white collar and cuffs. Mrs. M. P. Fulkerson.

Mrs. T. L. Kennedy and sons, and mother, Mrs. G. M. Kingery and H. L. Winter, is visiting friends and relatives, in Muleshoe, Texas this week.

According to today's papers no trace of the NP-9 No. 1 had been found late Wednesday afternoon.

Mr. and Mrs. Hensarling left Sunday, for Lubbock where they will attend the institut.

Mr. Preston Brown came in from Amarillo last Friday and begun work in the barber shop.

There is quite a bit of sickness in our community at the present.

Mrown and family and Mr. Campbell and family, the gin men, have moved into our community. We welcome these people to our midsts.

The Methodist meeting is now in progress with Rev. Pipkin doing the preaching. We are having splendid results.

WEST TEXAS FAIR

Abilene, Texas.—All sectional bounds and precedents are slated for a break-down at the West Texas Fair this year, according to advance indications in practically every exhibit department of this all West exposition. Contract has been let here for the erection of a new poultry exhibit building, which will be ready by the opening of the Fair, Sept. 21-26. This building to be constructed of stucco at a cost of \$3000 is a part of the \$25,000 improvement and enlargement program being put over by the Fair Association following the great demand created by last year's overflow exhibits and crowds.

The new Merchants Exhibit building which has been under construction for some time is rapidly taking shape, while the enlargement of the grandstand to an 8000 capacity gives promise of record-smashing throngs at the automobile races and the popular football contests.

Six community exhibits from Taylor county alone, with the added distinction that this will be the first time Taylor County has ever made community exhibits in competition with the community displays of other counties, will feature this year's fair. Indications are that community exhibits will occupy as much space and offer the quantity and quality displayed in the entire agricultural show last year. In addition by far the largest number of county exhibits on record at the West Texas exposition will be viewed by the 1925 fair visitors.

One of the notable and very special features of the agricultural work at the 1925 fair is to be the Boys and Girls Agricultural Club work. Among the special premiums is the \$100 prize offered to the boy and girl who exhibits the best ten heads of maize. Competition promises to be very sharp and widespread in this contest. Another \$100 prize is offered to anybody entering the best two heads of maize; this is wide open to all children and grown-ups alike. The regular fair premiums offered cover practically every specimen of farm produce. \$20,000 in prizes and premiums is being offered by the Association. All indications are that the fair at Abilene, September 21-26 will be "bigger than ever" and the best that West Texas has yet afforded.

NOTICE

State Of Texas
County of Motley

Taken up by E. R. Crews and estrayed before L. M. Frier, Justice of the Peace Precinct No. 1, Motley County: 1 motley faced heifer, underslope in each ear, 1 bald faced steer, underslope in each ear, no other brands. Appraised at \$50.00. The owner of said stock is requested to come forward, prove property, pay charges, and take the same away, or it will be dealt with as the law directs.

Motley County, Tex

Old Mr. Carter Helped by Simple Mixture

After taking Adlerika I feel better than for years. At my age (60) it is ideal—so different from other medicines." (signed) W. W. Carter. Adlerika is a simple mixture of buck thorn bark, glycerine, etc., which removes GAS in ten minutes and often brings relief to the stomach. Stops that full, bloated feeling. Brings out old waste-matter you never thought was in your system. Excellent for chronic constipation.

For Sale or Trade—1925 Ford Touring Car just broke in.
C. C. Hutto,
Matador Texas

R. F. Thornton, and daughter, Thelma, visited relatives in New Mexico, last week.

Mr. and Mrs. Gilbreath, went to Floydada Sunday bringing Homer Eberts, who had in the Hospital at that place, back with them.

Hutto and son Jewell, accompanied Miss Willie to Childress, they will be with her this winter.

G. I. Cowan is moving his jewelry shop to the south side of the square. He will also handle a complete line of electrical supplies in connection with his other business.

CHEVROLET NEWS LETTER

The Chevrolet Motor company now has in production a larger and greater improved Utility Express one ton chassis which sells at the same price as the former chassis.

Besides an increase in length, strength and weight, the new truck has undergone a radical change in the height of the frame from the ground. The frame which formerly was 28 inches in height has been lowered 24 and nine-sixteenths inches. This change affords maximum convenience for loading.

The wheel-base has been lengthened from 120 inches to 124 inches and the overall length of the chassis from 172 inches to 177 inches. The frame is made of 6 inch instead of 5 inch channel steel. The weight of the new chassis is 2,030 pounds against 1,950 pounds, the weight of the former model.

Only one or two minor changes have been in the power plant. The rear axle has been redesigned and strengthened. It is of the semi-floating type with pressed steel housing and a large rear cover which makes the unit extremely accessible for inspection. The differential carrier is in unit with the third member assembly.

The front springs now are semi-elliptic instead of quarter-elliptic and the rear semi-elliptics have been lengthened from 42.25 inches to 45 inches.

The steering wheel is the semi-reversible full worn type mounted on a bracket riveted to the frame.

All brakes have centering and equalizing devices and the rear wheels carry heavy-duty 30 by 5 inch tires as standard equipment.

The price of the new Utility Express chassis remains at \$550. An almost unlimited variety of bodies may be obtained. The price of the Commercial chassis also remains unchanged at \$425.

R. A. Seay, who has for the past few months been located at Silverton, has returned to Matador. Mr. Seay has purchased the insurance agency from Sanford and Ford and will also handle real estate. He has established his office over the First State Bank in the rooms formerly occupied by Mr. Nolte

From August 15th to September 1st, the Matador Buick Co has sold six new Star Buick cars, and four second hand cars.

Doc. Burleson, of near Flomot was transacting business here one day this week.

Residence Lots

I have a number of choice residence lots for sale, located in the Walton Heights Addition, near the new school building. Good water and splendid location. Priced right.

Mr. Lee was accompanied on the last tour by B. M. Whiteker, Agricultural Manager of the West Texas Chamber of Commerce also Olin F. Hardy of the Amarillo News and Henry Ainsley of the Amarillo Globe.

Pecos—Recent rains in the Pecos river section has made the grazing range of the South Western part of Texas one of the most attractive in years and the only regret is that there is not at this time sufficient livestock here to take care of the splendid crop of luxurious grass that is covering all the mountains and valleys as well as all water holes and tanks are overflowing with water. Cotton prospects for the Pecos valley are at this time far above the average for cotton production.

Brownwood—This city will be able to truthfully boast of the most attractive as well as modern tourist camp. The land scape gardner will lay out the grounds and new camp houses will be constructed and all trees will be given special attention during the fall and winter and next year Brownwood will have a beautiful tourist camp.

R. Q. Lee, President of the West Texas Chamber of Commerce spoke here recently to the largest gathering ever held in Rotan. All business houses were closed and numbers of the farmers of Rotan territory heard Mr. Lee who had to speak from a truck on the streets to accommodate the crowd. Mr. Lee's farm program if carried out will be of great benefit to the Fisher county farmers as well as other sections. The farmers chances are four to one when he gives the slogan, "The Cow, Sow and Hen" on the farm with King cotton.

Childress—A farmer near here has reported that his cotton had matured and opening in ninety one days. This is a good record and wonder who can beat it.

Ruidoso, N. M.—According to statements made by J. D. Jones of New Mexico at the meeting of the Southern N. M. Association held at Eagle Creek Lodge August 27-29. New Mexico has one fifth her acreage covered with pine forest and around Cloudcroft as much as 50,000 feet of lumber can easily be cut per acre, more than 100,000 horses and cattle graze in the National Forests and 260,000 sheep roam over these forest lands. The revenues derived from the grazing under the National Forest Control amounts to hundreds of thousands of dollars and about one fourth of this applicable to building National Forest roads.

Haskell—Dirt was broken for the new hotel here recently and it is hoped that the structure will be complete by Jan. 1st. The Hotel will be very modern and the foundation will be sufficient for the third floor when the demand is sufficient to require the addition.

Alamogordo N. M.—One of the most interesting District meets of the West Texas Chamber of Commerce was held here recently and after a most bountiful feast at the noon hour the executive session was held. The meeting for next year will be held at Artesia, N. M.

Stamford—Porter A. Whaly, Manager of the West Texas Chamber of Commerce attended the Southern New Mexico Association at Ruidoso. He reports a fine meeting and states that many things of importance were discussed concerning both Texas and New Mexico.

J. W. Hamilton, who had been visiting in California for the past three or four months, returned Monday morning congratulating us on the paper and the regular schedule that he received it while there.

A SURPRISE SHOWER

A Miscellaneous shower was given on Monday afternoon at the M. L. Patton home by Mrs. Jack Edwards and Misses Thelma Thornton, Rachel and Bertha Patton, honoring Mrs. Jess Couch, a recent bride. The afternoon was spent in social entertainment, Mrs. Jack Edwards and Mrs. Bill Moore, each gave several selections on the piano, which were greatly appreciated and enjoyed.

Mrs. Edwards with very appropriate words led the bride to the dining table which was filled with lovely gifts, she thanked her the packages, and they were embraced of her, then opened hostess and friends for theirrepassed around for inspection.

Delicious refreshments of sandwiches, potato chips, olives and ice tea were served. Those who enjoyed this delightful affair were Mesdames L. J. Barkley, Jack Edwards, R. F. Thornton, Tom Kennedy, A. A. Harp, G. C. Mitchell, G. T. Edwards, H. S. Watson, Bill Moore, Edd Russell Jr., J. W. Lawrence, Warren Clements, M. L. Patton, Madaline Barton, Paul Patton, Joe Winters, Misses Thelma Thornton, Judie Watson, Ruth Groves, Alva Louise Lawrence, Rachel, Bertha and Opal Patton, Hazel Walton and Erin Campbell.

At a late hour every one departed for their homes wishing Mrs. Couch every happiness.

MOTLEY CO. FIRST BALE

The first bale of cotton for this season was ginned last Saturday at the gin. The bale weighed 480 pounds, and was classed as mid-land cotton. The cotton was raised by Mr. Will Hendrix, of the north part of the county. After ginning the cotton was brought to the Court House Square where it was sold to the highest bidder. The Commercial Grocery bidding it in at \$23.10 per hundred, netting Mr. Hendrix \$110.88 for the lint. A premium of \$57.50 was also given Mr. Hendrix by the business men, for marketing the first bale of the season. A Mr. DeHart was also awarded a premium of \$30.00 for the second bale ginned and marketed.

Mrs. Hattie Martin, of Flomot was a Matador visitor Monday.

A. J. Bynum and family of Flomot were Matador visitors and traders Monday.

GRADED SCHOOL OPENS MONDAY

The Matador Graded School will open Monday September 14, at nine o'clock with brief opening exercises. Following the exercises there will be a recess period after which pupils will be assigned to their various grades and books and book covers issued.

Lessons will be assigned and work commenced at one o'clock in the afternoon. Owing to the crowded condition of the school last year the first month of this school term will be given over largely to review. At the close of the month an examination will be given and pupils reclassified.

Some time ago notice was given that owing to a prospective enrollment of seventy in the Primary and First grades no under could be taken, but that a kindergarten would be organized on a tuition basis if enough parents so requested. Up to date requests have been too few to finance a kindergarten. An under is a pupil under seven years of age September 1st. The District receives no per capita state or county appointment on such pupil. J. F. Jordan, Principal. A. J. Spangler, Supt.

JUNIOR E. Y. P. U. PROGRAM

Subject:—Honest in all things

1. Song:—
2. Song:—
3. Prayer:—

4. Records and Business
5. Memory work drill.
6. Group in charge.

1. Introduction—Julia—Carter
2. Dishonesty in our homes—Clyde Kenfro
3. Cheating at School—Ruth Cammack

4. Taking fruit from a neighbor—Clarence Guthrie
5. Stealing from a friend—Paul Fulfer
6. How we may steal from God—Evelyn Guthrie

7. Illustration—Weldon Seigler
8. Poem—Milton Brooks.
9. Leader in charge—

1. Report of Secretary
2. Leaders ten minutes.
3. Closing prayer, by Mrs. Fulker-son.

At a late hour delicious refreshments were served, consisting of Ice Tea, Cake and Iced Fruit, to the following: Mesdames Marvin Patton, Tom Tilson, Albert Daffern, Fred Simpson, E. E. Jameson, J. W. Lawrence, and L. B. Smallwood.

TO OUR CUSTOMERS

We want you to come around. Meet our officials, familiarize yourself with our methods of doing business, inspect our vaults, and above all feel at ease with us. Your interest and ours are equal, and we are nothing less than partners, and we can build up this section in every way, and at the same time increase business in every line.

THE AMERICAN CREED

"I believe in the United States
 of America as a government of
 the people, by the people, for the
 people; whose just powers are de-
 rived from the consent of the
 governed; a democracy in a rep-
 ublic; a sovereign nation of
 many sovereign states; a perfect
 union, one and inseparable, es-
 tablished upon those principles
 of freedom, equality, justice and
 humanity for which American
 patriots sacrificed their lives and
 fortunes. "I therefore believe it
 is my duty to my country to love
 it, to support its constitution; to
 obey its laws; to protect its flag;
 and to defend it against all
 enemies."

The Floridian days seem to be
 proving as interesting as the Ara-
 bian Nights.

After the modern Hamlet we
 may hope for Othello with a ban-
 jo and bones.

Last Monday was Labor Day,
 and a number of the business
 houses were closed for the occa-
 sion.

Next Monday morning the kids
 of Matador will be answering to
 the call of the school bell. Mata-
 dor can certainly boast of the fact
 of having good schools.

The News turned out a nice lot
 of job work this week. We take
 pride in this kind of work, and the
 people of Matador are pleased
 with our work. Give us a trade.

The crops over the country are
 beginning to suffer for the want
 of moisture, and if it does not
 rain within the next few days
 crops are going to be cut short
 to a certain extent.

New Jersey's Supreme Court
 holds that a husband is liable for
 slander uttered by his wife even
 though he is not present. Evi-
 dently Jersey men can't bank much
 on the safety of their fortunes.

The National Bureau of Econ-
 omic Research says that the
 people of New York receive fifteen
 per cent of the total current in-
 come of the United States. Pres-
 sumably theatre ticket sellers get
 most of it.

The News has installed a cast-
 ing box, which is now in opera-
 tion, and we are in a better posi-
 tion to satisfy and render a much
 more service to our customers
 doing.

Professor Charles Henry, one of
 the leading mathematicians of
 France declares he has had proof
 of the scientific mathematical cer-
 tainty that "nobody dies entirely"
 interesting enough, but what is
 making part of the world quake is
 the question on of conscious iden-
 tity.

The News is anxious to make
 our paper as newsworthy and attractive
 as possible and any news of inter-
 est will be appreciated. We are
 new in the country and naturally
 don't know any body, so if your
 great uncle or any other kindred
 is visiting you kindly let us know
 about it, or do not get offended at
 us because we failed to make men-
 tion of them.

They say that if it wasn't for
 the trade that the ladies were giv-
 ing the barbers over at Padocah
 that the barbers would have to go
 out of business. The men over
 there have run on to a scheme
 whereby they don't have to visit
 the barber shops. They get up in
 the mornings whistling that hot
 song, "Red Hot Mama" and be-
 fore breakfast their whiskers
 have been singed off.

Your Fall Hat--Which Will You Have?

Above, three stunning American designed models, two of felt
 and the third of velvet and ribbon. Below, the Paris designed
 chapeaux, showing the attempt to bring back the picture que motif.

MISSIONARY SOCIETY MEETS

The Irene Eldredge Missionary
 Society met Wednesday afternoon
 from 3:00 o'clock until 6 with
 Mrs. Henry Ford for Bible study.
 A real interesting lesson was en-
 joyed by all.

A handkerchief shower was also
 given Mrs. E. A. Nolte as a fare-
 well token as she is leaving.

Each one present bringing a
 dainty designed handkerchief.
 At a late hour delicious refresh-
 ments consisting of sandwiches,
 olives, potato chips, ice tea and
 cake were served.

Mrs. Randall Whitworth and
 Mrs. Frank Patton came in as
 new members. Mrs. A. A. Harp,
 Mrs. J. A. Lambert and Mrs.
 Sparks were pleasant visitors.

The following ones were pres-
 ent. Mesdames Fred Bourland,
 L. B. Smallwood,
 Bert Edmondson,
 Randall Whitworth,
 Harry Willett,
 Fred Simpson,
 U. L. Willie,
 Albert Daffern,
 Bill Moore,
 Paul Patton,

Mrs. Gertrude Seitz of La Belle, Fla., is a woman of action. When her husband took May Lawrence riding she followed them in another car. While hubby left camp to fetch water, Mrs. Seitz handcuffed the affinity, took her to town and had her arrested.

YIELD OF LINT IS BEST FACTOR IN A COTTON VARIETY

Yield of lint per acre is much more important than percentage of lint or gin turn-out, according to conclusions reached in Bulletin 321 of the Texas Agricultural Experiment Station, which discusses variety tests at the Main Station, College Station, Texas with about 150 varieties or strains of upland cotton during the eleven years from 1912 to 1922. Length of lint is not as important as yield of lint but it is more important than percentage of line provided the staple is longer than 7-8 inch, and the farmer selecting a variety to plant should consider first its productive power as regards pounds of lint per acre; second, length or staple; third, quality of lint; and fourth, percentage of lint. The bulletin presents a table

showing the yields in pounds of lint per acre of each variety for each year for all varieties grown in the test during the period from 1912 to 1922. An average for the eleven years shows Lone Star, Rowden, Durango, Mebane and Kasch leading in the order named. A seven-year average showed Truitt, Rowden, Lone Star, Durango, and Mebane leading in the order named. A

six-year average shows Lone Star, Rowden, Mebane, Durango, and named. Another group of six Snowflake leading in the order years shows Acala, Lone Star, Rowden, Durango, Mebane and Kasch leading in the order named. A four-year average from 1919 to 1922 inclusive shows Belton, Truitt, Acala, LoneStar, Rowden Durango, Kasch, Mebane, and Bennett

leading in the order named. A group of tables is presented showing the yield and rank of the ten high varieties each year of the test. A copy of this bulletin may be had free by writing E. Youngblood, Director, Experiment Station, College Station Texas.

Doug Meador is the proud possessor of a brand new Star car. Mr. and Mrs. E. Lennis Smith and little son, E. L. Jr., came Tuesday morning from Shattuck, Oklahoma, where they have been after a load of household goods for the News family. They report crop conditions along the road in bad need of moisture. They left for their home east of Paducah Wednesday morning. Miss Naoma Mitchell accompanying them for a few days visit.

PUZZLE OF WHY

S

CHEVROLET NEWS LETTER

The two-million Chevrolet built Dept. 4 establishes a new record in automotive history.

The Chevrolet Motor company is the first maker of selective gear shift cars to attain this production.

"Having the two-million production mark emphasizes Chevrolet's progress," said W. E. Knudsen, president of the company. "The present record should not be the last of the company's achievements."

parts to produce close to a half-million cars during 1925 which will exceed by a wide margin the 1924 Chevrolet goal production.

When the first "Baby Grand" touring model was turned out at the Flint plant in 1923 Chevrolet production for that year totaled only 1,247 which today would represent less than three days work. The original plant would be necessary among the huge buildings of the organization which include motor, pressed metal and assembly plants at Flint, Mich.

Another assembly plant at Warren, N. E. W. Louis, Mo. (Detroit, Mich., Hamsville, Wis., Newark, N. J. and Buffalo, N. Y.) these factories at Detroit for the manufacture respectively of gears, axles and springs, a transmission plant at Toledo, O., a small part factory at Bay City, Mich., and an expert assembling plant at Bloomfield, N. J. The company occupies 157 buildings with a total floor space of 4,552,000 square feet. The various plants occupy 245 acres.

The first Chevrolet, purchased by the company a few years ago from the original owner, is still in perfect running condition. Its conservative average of 20,000 miles per car, the two million Chevrolet produced since the completion of the first Chevrolet represented 200,000,000 miles of transportation, or more than 40,000 round trips between the earth and the moon. Planned and to cost the 2,000,000 Chevrolet.

The result is that the two million Chevrolet a Fisher body coach with refinements, improvements and standard maintenance of a decade ago, now sells at a figure more than \$200 below the price of the original Chevrolet touring which sold for \$2,000.

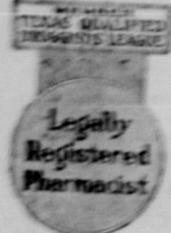

The company's position in the automotive industry was strengthened further in 1924 when it became one of the units in the General Motors corporation. The executive offices are in the General Motors building at Detroit.

Disregarding the idea of yearly models, constant efforts are being made to improve the car. But changes, even of the most minor variety, are made only after long and grueling tests over the roads of the General Motors Proving Ground at Milford, Mich., not far from Detroit, where seven Chevrolet cars, operating night and day, are making a total mileage of 2,000,000.

"Comparatively speaking Chevrolet has only started," said Mr. Knudsen. "Our policy of providing maximum quality at the lowest possible cost has brought spectacular success to the organization. We shall continue to follow this policy."

Miss Ruth Groves, of east of town, has accepted a position with the First State Bank of this place.

A

would from a traffic jam 400 miles long.

The Chevrolet Motor company at 22 years old is a comparatively newcomer in the automobile field. The gigantic strides which it has made are illustrated well by the fact that nearly one million of the two million cars produced so far were made during the last two years.

As the company grew, improved machinery permitted more cars to be built per employee, more advanced processes, equipment, rendered possible quick and accurate assembling and the resultant increase in production gave the advantage of tremendous purchasing power.

These factors formed an endless chain continually pulling down the cost of manufacture, an advantage which consistently has been passed on to the purchaser.

PIE SALE—What is known as the Lawrence Filling Station at Winfield.

D. E. Pitts.

A jolly party of friends enjoyed the weekend at Silver Lake Falls near Crockett, while there on a camping trip. The crowd included the following families: Bert, Edmondson and G. J. Day of this place; A. C. Andrews of Clarendon; Gen. Hill, Jack Costello and David Altman of Chisholm.

Mrs. F. E. Barton, visited with her daughter, Mrs. Wm. Springer, in Amarillo, last week.

Miss Francis Watson, left Monday for Ft. Worth, where she will attend Wayland Baptist College, this coming year.

Mr. and Mrs. Woods and daughter, Annie, of Thalia Texas, were weekend visitors in the E. G. Woods home.

RED LETTER DAYS By A. E. CHAPIN

NEW MOTOR LAWS

In spite of the fact that the Cut out law has been in effect for more than 90 days some cars still have them on. This is a warning to get them off at once.

The law regarding lights on cars went into effect on September 1st, but owing to the fact that our stations for this work was late in being installed this time will be extended to October 1st, in this county, but after that date violators of this law are going to be prosecuted. The law provides that this certificate shall be presented to the Tax Collector when car is strictly complied with.

The Specialist

Whether in the commercial, financial or professional line, the specialist is the one who is mostly in demand. Why?

Because he has mastered his particular line in every detail. Naturally those whose vision is defective consult an eyesight specialist.

The Optometrists the recognized eyesight specialist. Legally recognized and certified by the state.

We keep your glasses properly adjusted.

DANDRUFF

CAUSES THE HAIR TO FALL OUT—
AND THE HEAD TO BECOME BALD

Dandruff is a germ disease and known as a scaly form of Tetter or Eczema. This microbe lives on the oily substance of the skin and robs the hair of its proper nourishment, causing it to fall out and the head to become bald. Get rid of dandruff before it is too late. Wash the scalp well with hot water and soap, dry with a soft towel and apply Hooper's Tetter-Rem (Don't Scratch), rubbing it in well. Then steam the head with hot towels, shut your harbor for Hooper's Tetter-Rem scalp treatments. Hooper's Tetter-Rem is positively guaranteed for all scalp and skin diseases. Two sizes 25c and 50c. Sold and guaranteed by

Community Correspondence

FLORIST NEWS

All Clements and family have returned from a visit to relatives, at San Angelo.

Miss McLaughlin came in Sunday, to spend the winter with her brother and family.

J. E. Grady left Sunday for Memphis, where he will attend school the following year.

Rev. Burman of Spear preached at the Baptist Church, Saturday night and Sunday morning.

Mrs. Ben Tanner is reported very ill at this writing.

The Christian Meeting started here Sunday night.

Mr. Spotts had the misfortune of turning his car over last Sunday, and receiving some very painful injuries.

Little Vernon Smith, who has been with Mr. and Mrs. Kingery through the summer returned to his home in Roaring Springs, last week.

People of our community will be greatly pleased to hear that Miss Yuba Breckinridge, who is in the State Sanatorium, is rapidly improving.

If you want to go a good place to live come to Florist. At this writing there are three new business houses and four residences under construction.

Dr. Robeson and family have moved into our little city and we are very glad to have them. Dr. Robeson comes to us as a well recommended physician.

Mr. and Mrs. Hensarling came in Friday from Lubbock where they have been attending institute.

Our school opens September 14.

WHITEFLAT MUSINGS

The public school opened Monday morning with an enrollment of nearly two hundred pupils.

Mr. and Mrs. C. H. Robinson and son, Jack Jr., have returned from Paducah.

Mr. and Mrs. R. L. Jameson Jr., Children and Miss Beatrice Jameson and Preston Spray returned Thursday from a trip to Yellow Stone National Park.

Mr. and Mrs. Arnold Wallace returned Wednesday from their honey-moon trip to points in New Mexico.

Little Miss Doriene Montgomery of Turkey is visiting her grand mother, Mrs. Scott this week.

Rev. and Mrs. H. C. Smith and son Vernon of Roaring Springs were visiting here Sunday.

The E. L. Robinson family have returned from an extended trip to Oklahoma and Arkansas.

The infant son of Mr. and Mrs. F. K. Casey departed this life Monday of last week. The remains were interred in the Kato-Gor cemetery. We extend our heartfelt sympathy and commend the loved ones to the loving Heavenly Father.

Mrs. Natalie Scott was a week end visitor at Turkey.

Judge Glenn was present at the opening of school and made a very interesting discussion on the subject of "Habits."

Mr. James Holladay and Miss Edna Keltz were united in marriage Monday evening at the home of the bride's parents, Mr. and Mrs. Ben Keltz. These young people have grown up in this community and are well known. They have many friends who extend congratulations and wish for them a low and happy wedded life.

QUOTED HIS CRITICISM

There is a man in this town who got cured of one of his grouches the other day for good and for all time. At least he says he is. Here is the way he tells it: "I have been very much opposed to the way our women folks dress in these latter days and I haven't hesitated to express my opposition. I have especially voiced it around the home and I haven't the least doubt but my wife and daughters grew very weary of hearing me talk of the subject. I was always harkening back to the time of the sensible way women dressed 30 years ago.

"Now it happened that I married just about 30 years ago and I was always talking about the modest and sensible way the ladies dressed at that time. I can see now that my wife had become threadbare on the subject and she determined to cure me. And she did, completely. The other night we were invited out to a little social party where there was to be a dozen men and their wives. I got home early from my business shaved, slicked down what hair I had and put on my Sunday suit. I took my seat in the parlor and waited for my wife. I grew a little impatient but finally as she came in, all my life I have never been quite so shocked. She had gone into her wardrobe and extracted therefrom a costume worn by her on her wedding trip to the World's Fair in Chicago in 1893. There she stood without the least smile on her face and announced she was ready. I sat glued to the chair. She had on a dress that dragged the floor and it had some kind of a flounce on it that made it spread out like a fan behind. And I had forgotten about the bustles. She had on the largest one that I thought I had ever seen. Although she afterwards declared she had worn that identical

County of Motley
Taken up by E. R. Crews and estranged before L. K. Frost, Justice of the Peace Precinct No. 1, Motley County. I mother faced better, underwings in each ear. I had faced steel, underwings in each ear, no other brands. Appraised at \$50.00. The owner of said stock is requested to come forward, prove property, pay charges, and take the same away, or it will be dealt with as the law directs.

Given under my hand and official seal this 1st day of Sept, A. D. 1925
JACK CARTER, Clerk,
Motley County, Tex.

Old Mr. Carter Helped by Simple Mixture

After taking Adierika I feel better than for years. At my age (66) it is ideal—so different from other medicines." (signed) W. W. Carter. Adierika is a simple mixture of buck thorn bark, glycerine, etc., which removes GAS in ten minutes and often brings relief to the stomach. Stops that full, bloated feeling. Brings out old waste-matter you never thought was in your system. Excellent for chronic constipation.
