The common man carries his life with dignity. In most instances it is the wealthy and powerful who beat on anvils of fate at taxes, as if wealth would have a special privilege.

Mistakes are so ordinary that seldom attract attention when the author feels compelled to resort to denial.

Medical science has made strides, but the practitioner still faces a stone wall when a patient shows only the symptoms of chronic inertia.

It is not easy to be alarmed by the many crises facing the world when there is a crimson blowing across the face of a mockingbird rising from the lofty branches of cottonwood. It is a brief moment between beauty and reality.

Credit is instant wealth in the hands of the deserving who have established a reputation for obligation.

Attendance At Memorial Day Service Small

Attendance for the Memorial Day service at the gate of East Mound Cemetery Saturday was small. Group attending the 6:30 ceremony sponsored by Motley County's VFW and American Legion posts was less than usual. Several factors contributed to the small attendance, but inclement weather with a thunder storm three hours previously may have caused many to sleep through the early-rising time.

Taking his subject from the Bible, Deuteronomy 27:17 "Cursed be he who removeth his neighbor's landmark," County Judge Elbert Reeves talked five minutes. He compared landmarks as trial by jury, legal search and seizure and the church.

He pointed to the almost a quarter of century which has passed since heroes of WW II died in the defense of the way of life we enjoy. He questioned the lack of interest in services to honor their memories.

"If they could return today," Judge Reeves said, "would they condone the nation's actions in world affairs and the way we have carried the torch?"

Prayer was by D. P. Keith and firing squad salute followed with "Taps" on the bugle by Ward Rattan. Later veterans of both organizations placed flags on the graves of deceased comrades.

SONS OF PIONEERS, County Attorney Howard Traweek, left, and Dr. A. C. Traweek Jr. stand beside the medallion a few moments after the unveiling Thursday on the Traweek home. A large group attended the ceremony where State Representative Bill Healy of Paducah paid tribute to the pioneer West Texas physician and his wife. The Representative was introduced by County Judge Elbert Reeves. Following the dedication service at which the Texas Historical Building marker was unveiled, guests were received and registered for a tour of the home by members of the Traweek family.

Gift Received From Germany

Tribune publishers recently received a handsome gift from Germany, sent by M. Sgt. William D. Martin and his family, who are stationed at Wuerzburg.

The gift, a three-piece carving set, was mailed on April 13, and arrived here on May 29.

Mrs. Martin, the former Clara Belle Jameson of Matador and a cousin of Publisher Meador, writes, "we wish to say a Big Big thank you for sending us the hometown paper. Our whole family tries to read it at the same time. Since you've been so nice to send us the paper for so long, we felt that we would like to do something to show our appreciation, so please accept this small gift and souvenir from Germany as a small part of our thanks."

"Matador will always be my home," give our regards to everyone.

HOME BAKING OFFERED

Homemaking girls are taking orders for home baking, and proceeds will be used to finance girls to the Texas Tech Workshop and to send an officer to Chicago. The girls met Monday with Mrs. A. L. Fair, home ec teacher and FHA sponsor, to launch the bake sale. Anyone wishing to buy cakes and pastries may contact Mrs. Fair.

Other Relatives Attend

Mr. and Mrs. Jack Nicholas of Pampa flew to Houston Friday to attend the Commencement exercises for their nephews and nieces. Also attending, from Ft. Worth, were Mr. Groves's niece and her family, Mr. and Mrs. Nicholas Menikos and sons Mark, twins Tom and Tim, and Damon.

Mrs. Menikos is the former Linda Dooley, daughter of Mrs. Avis Dooley, Dooley of Amarillo. The Groveses will accompany their son Jim to Lubbock today (Thursday) to return to Los Angeles by plane. Mrs. Groves will register at Tech for a three weeks mathematics workshop which opens June 5th and ends June 25th.

Matador IOOF Lodge Schedules Memorial Service Here Sunday

Matador IOOF Lodge will hold a memorial service at the lodge hall here Sunday afternoon, June 7, at 3 o'clock honoring veteran members of Odd Fellows and Rebecca orders.

The ceremony will also honor deceased members. Joe Berry Meador, Manager of Vernon Chamber of Commerce will make the principal address.

Bruce Martin will lead the group in singing, "Amazing Grace." J. R. (Rat) Whitworth will be master of ceremonies and lead the prayer. Introductory remarks will be made by W. B. Wason.

Special music will be by a quartet from Floydada, and a duet by Mr. and Mrs. Donald Martin.

Group singing, "God Be With You" will conclude the program. Refreshments will be served at the conclusion of the program.

A cordial invitation is extended to former IOOF or Rebecca members, their relatives and friends to attend the services.

Fishing Trip Has Unexpected Climax

A Matador couple went fishing last week and returned with a prize although totally unexpected "catch."

When Glenn Woodruff left Friday to join his family and Mrs. Woodruff's parents, Mr. and Mrs. L. M. Wingerd of Brownfield, for a week-end fishing trip at Port Aransas, he little expected to return home with an addition to the family. In fact none of them was expecting, including Mr. and Mrs. Gus Bird, who accompanied Woodruff as far as Blanco for a visit with Mrs. Bird's aunt and uncle, Mr. and Mrs. Arthur Ross.

On their return home Tuesday, Mr. and Mrs. Woodruff and daughter Lou Ann, 9, were accompanied by a new daughter and sister. The new addition, who was born May 19, weighed six pounds, seven ounces and given the name Lois Susannah, was a pleasant surprise to all concerned.

The Wingerds and Birds returned to Matador, Monday while the Woodruffs completed arrangements for the adoption of their new daughter.

Legion Meeting is Sparked by Two Interesting Speakers on Program

TWO interesting speakers Monday night sparked the regular monthly meeting of Fleming Post American Legion which followed the regular covered-dish supper sponsored jointly by the post and the Ladies Auxiliary.

The addresses were made by Moyne Kelly, former member of the Texas Legislature and now a member of the Patton Springs school faculty, and CWO M. G. Bethard who has just returned from a year's active duty in Vietnam.

County Judge Elbert Reeves introduced Mr. Kelly with whom he served in the House of Representatives.

Mr. Kelly, in an address that might have well been a sermon, pointed to two World wars that have defied our way of life, yet left many questions unanswered.

"You are citizens of the world," he told his listeners, "whether you like it or not. You must think in terms of world citizens if we are to abolish the fear, ignorance and want

that is still in many lands. . . . He challenged our prejudices and said, "We can not keep our prejudices without something eating at our hearts. . . . we must raise our sights and see all men as our brothers." He said we must not become complacent and through the youth of our nation raise the moral standards and inspire them to be bigger than ever before. . . . He closed the address with a prayer.

Defends Equipment
Commander R. L. Giesecke introduced CWO Bethard, who left Vietnam on May 22 and arrived in San Francisco on the same day (because of international date line).

"We are fighting an obsolete war and an obsolete enemy and with obsolete equipment," he said, "but the equipment is new (never used from WW 2) and it is adequate that would overfly other countries. We are fighting two wars which include a

Rains Benefit Outlook

A SERIES of rains across this area Friday and early Saturday morning brightened the outlook for most sectors of the county. Bob Stanley's rain-gauge measured 70-in in Matador, but many reports of more than one inch were received.

While the rains were general the amounts were light, especially in view of extreme drought conditions. Planting of cotton is being rushed where sufficient moisture fell.

In the north part of the county in the Flomot, Whitestar and a part of the Whiteflat communities, earlier rains have provided plenty of moisture for planting.

In most areas the rains came in a series of cloud fronts without serious wind or hail damage.

Friday morning lightning hit a power line near the J. P. Sturdivant farm home three miles north of Matador, which resulted in minor damage, exploding a light bulb and putting a radio out of commission.

Lions Program Causes Discord

One of the most serious dissensions in the 35-year history of the Matador Lions Club resulted Tuesday following the luncheon meeting in the basement of the Methodist Church.

The program consisted entirely of a talk and film by Don Minchew, field manager of the Dallas district of the Ford Motor Company.

At the conclusion of the program 13 names were taken from a box in which all members and Methodist Ladies serving the luncheon had written their names on slips of paper.

Outside were 13 new Ford automobiles, registered, insured and filled with gasoline for the use of the winners for a week without cost or obligation.

In his speech, Minchew described the advances being made in the automobile industry, and said that members were being invited to "test drive" new cars for a week.

Lions R.E. Campbell Sr., member of the Lions Club for over 30 years, and his son, Forrest, owners of Campbell Chevrolet Co. here, took exception to the program, declaring it violated Lions International code of ethics and that it forbids programs on religions, politics or products or services which might be termed "advertising."

Most Lions attending the meeting were unaware of what the "mystery" program might contain. The meeting was adjourned without friction but the controversy followed immediately as members began to be assigned to cars.

Differences of opinions were freely expressed among Lions following the meeting. The Tribune is reporting as accurately as possible what transpired.

Glenn Woodruff, manager of Matador Auto Co., local Ford agency, said the program had been presented in 13 Texas Lions Clubs five in West Texas since December 17, without creating any incident.

Rev. Roy Patterson Assigned to Pampa; Rev. Gaede Coming Here

Rev. Roy Patterson, pastor of First Methodist Church here the past four years, will leave today with his family for Pampa where he will assume pastorate of the St. Paul Methodist Church.

Succeeding Rev. Patterson here will be the Rev. Wilbur F. Gaede, coming from Amarillo where he was pastor of the Wesley Church. His pastorate in this district will include the Whiteflat Methodist Church.

Reading of ministerial appointments Friday closed out the week-long meeting of the Northwest Texas conference of the Methodist church in Amarillo.

Approximately 102 changes in pastors were made at the 55th meeting of the conference which chose Lubbock for next year's meeting.

Rev. J. E. Shewbert remains as District Superintendent of the Plainview District.

Other Changes in County
Other pastoral changes in this county was the combining of Flomot and Quitaque, with the Rev. A. E. Jennings from Perkins School of Theology as pastor. Formerly, the Flomot and Whiteflat churches were combined, and Rev. James Williams, pastor last year has been transferred to Whitharral.

New pastor for Roaring Springs -Afton is Rev. Russel Meier.

Rev. and Mrs. Patterson have been active in club and civic affairs of the community while performing their clerical obligations. Noteworthy advancement of the Methodist church under Rev. Patterson's leadership, was the construction of the modern \$40,000 educational building.

Only Two Names On Sat. Ballot
Saturday is election day again in Texas (2nd Demo primary) but a light vote is expected. The ballot contains only two names in this and many other counties. Joe Pool of Dallas County and Bob Baker of Harris County are in a run off for United States Representative at large.

The ballot is the smallest for a state race printed by the Tribune shop in 30 years experience.

County Democratic Chairman Furman Vinson said elections will be held in all five voting places, Whiteflat, Flomot, Roaring Springs, Northfield and Matador. In Cottle and other West Texas counties only one voting place is announced for the small race.

Friends Receive Harp Newsletter

First official South Pacific Mission Newsletter from the Bob Harps was received last week by friends here.

The interesting form letter, mailed to several points in the United States tells of conditions encountered by the youthful Church of Christ missionary and his family, since arriving in Pago Pago, American Samoa.

The Tribune plans to publish portions of the letter in subsequent issues. A postscript to the newsletter says, "We enjoy the Tribune. We receive it on Sunday, and received the May 14th copy today (the 17th)."

SCHEDULED FOR HEART SURGERY

Lou Ann Woodruff, 9, daughter of Mr. and Mrs. Glenn Woodruff will undergo heart surgery next week at Mayo Clinic in Rochester, Minn.

Mrs. Woodruff and Lou Ann will leave Friday, accompanied by her parents, Mr. and Mrs. L. M. Wingerd of Brownfield, to drive to Rochester. Mr. Woodruff will join his family in time for the operation, which is scheduled for Thursday morning. Their baby daughter will remain with relatives in Brownfield.

Change Affects Tribune
The change in pastors affected the Tribune, since Mrs. Patterson has been employed as staff reporter, office receptionist and Linotype operator the past two years.

Mrs. Jack McCallie has accepted the responsibilities of her duties at the Tribune, beginning last week, and with no previous experience has set most of the copy for this week's issue.

Mrs. Campbell asked how many present had belonged to the early Ukulele Club, and several indicated by a show of hands that they had been members. She then presented Nancy Bond and Gary Campbell, who sang four numbers and accompanied themselves on ukuleles. Their selections were, "Five-Foot Two," "Button Up Your Overcoat," "That's My Weakness Now," and "Margarie."

IN THE ROUGH by hazel

AT THE MEETING of the Golf Association last Tuesday there were about 80 members present . . . many, more than attended the last meeting. But with the gals planning and serving the meal, that made the difference in numbers . . . and it looked like segregation, what with all the men eating at one table and the gals at another . . . except 1 gal who stepped over and ate with her man . . . Of course the officers had their wives and husbands at head table.

Matador Women are Guests at Paducah

Paducah Golf Association invited Matador women to be their guests at their regular play day on Thursday, and we had a most enjoyable time . . . the ladies were all so friendly and cordial, and the weather was ideal.

We arrived there at 8:00 a.m. and were guests of Sybol Jones and her mother, Mrs. Elzie Jones in their artistic home, for coffee . . . Sybol really lives in New York, but spends several months each year in Paducah . . . in fact she is returning to New York this month.

When Sybol called to extend the invitation, she placed the call for the TRIBUNE and asked for HAZEL . . . believe it or not, your reporter was on hand to talk!

It was just like "old home week" with all the chit-chat and greeting old friends . . . Erceel (Archer) Tippin (mother-in-law of our Glynnda Flippin) and Mary Meason, former roommates at college, upon recognizing each other literally fell into each other's arms . . . they had seen each other only once since college . . . Erceel also asked about another college friend, Opal (Patton) Craven . . . Others we have known thru the years and enjoyed seeing again included Ruth Richards, Vera Hood, Bess Bishop, Mildred Carr, Ruth Richardson, Libba Wilson and Nyla Anderson . . . Ruth Richards said her son Tommy is in Waco . . . attending Baylor Law School . . . is a friend of Jan and Tom Hamilton . . . in the same fraternity with Tom and lives in the same apartment house.

MARY MEASON won the trophy for guests' low score—42—We really enjoyed playing on their course and the GOOD greens . . . We hope that our Greens Chairman Ben Edwards and his committee will investigate the Paducah sand greens and improve our own greens!

A SALAD LUNCHEON was served at the Jones home and a letter from the Paducah Chamber of Commerce was presented, extending greetings and welcoming the Matador guests, and providing handkerchiefs as favors . . . Our players were Tommie Newman, Vivian Campbell, Grace Campbell, Louise Barton, Ruby Myles, Becky Graham, Shirley Thompson, Hazel Donovan, and Mary.

STAY-AT-HOME PLAYERS were Maude Ferguson, Judine McCaghren, Faye Clements, Jerry Campbell, Lillian Tacker, Billie Barnhill, Laverna Price, Dorothy Day, June Keltz, Greta Smallwood, Catherine Bird, Lucretia Grundy, Leona Cox, Mickey Bostick, Nell Clem, and La Voe Thacker.

PALMER TEAM WINNER—After the final count of points was made, the Palmer Team, headed by Greta was declared winner . . . by 16 points . . . and we . . . the Palmer side . . . will ENJOY the luncheon . . .

Outdoor Spectacular Slated for Palo Duro Canyon Amphitheatre

Scheduled for production in the Texas Panhandle Heritage Foundation's new amphitheatre in the Palo Duro Canyon, June 11, 12 and 13, is the outdoor musical, "Fandangle." The production, first staged in 1938 and repeated successfully at intervals ever since, is being shipped from Albany, its home location, in truck loads.

The musical is described as a bright and imaginative spectacle, reflecting with satire and humor, the history and character of frontier Texas. Fandangle uses period piece properties now fast disappearing into oblivion or museums. . . . properties ranging from a stagecoach to old time creak, churn and dasher."

Important to presentations of Fandangle and typical of the kind of stage equipment it needs are a couple of three-dimensional sets which will be transported to the Palo Duro from Albany to frame the amphitheatre stage. They are a weather-beaten little ranch house and barn.

Behind the lumber in them lies a story.

Salvaged From Fort Griffin

It was salvaged from a frame blacksmith shop which was standing in the days when Fort Griffin, once the wildest spot on the Texas frontier, was home to Doc Holiday and many another gunman of the area. When the shop collapsed, the lumber was saved and used for Fandangle sets.

On some of the planks are the burned brands of early Texas ranchers. The burns were seared into the wood as the blacksmith tested branding irons being forged into shape.

Producers of the Fandangle try to keep costumes and properties authentically true to the time being revived. According to Robert Nail, director, in the Indian sequence of the show the costumes are all carefully based versions of the costumes shown in the famous drawings made by George Catlin, who visited the Indians of Texas in the early Eighteen Hundreds, and saw the Comanches before they had received the

COOK Electrically WITH PLANNED FLAMELESS STORED HEAT

If dinner is cooking, and you're running late (to pick up the children at school, hubby at work, or attend a club meeting) flameless electric cooking allows you to leave home earlier.

A flameless electric oven is insulated on SIX sides, and uses current only 15 minutes out of each hour to maintain pre-set temperature. You can turn it off completely, and food will continue to cook at pre-set temperature for 30 minutes. A flameless electric surface unit maintains pre-set temperature 5 minutes after electric energy is turned off.

A&M Working on Mesquite Jelly

A few weeks ago the Dallas News published the following item: "MESQUITE JELLY BEAN - A senior student in horticulture at Texas A&M University, Ross LaGrange of Rio Grande City, is working on a project which may add some culinary glamour to the bean of the mesquite tree. He is working on a project to make jelly from the beans."

Mrs. C. M. Barton, Jr., read the item and wrote LaGrange, telling him that Mrs. J. D. Spray has made mesquite bean jelly for some time and has received considerable publicity for her efforts. Here is a reply to her letter, dated May 19, College station:

"Dear Mrs. Barton: I very much appreciated receiving your letter of May 15. It is good to know that some one besides myself is interested in finding a suitable use for the ever present mesquite bean.

"At present, several students are also working on a project with hopes of finding a suitable use for the fruit of the prickly pear. So far, they have come

up with jelly, jam, candy and a blended juice.

"If at all possible I plan to continue my work on the search for a mesquite bean product. I think there are great possibilities for such a product. Sincerely, Ross LaGrange."

Most of us are certain we've thought of everything to help those we care about, in the event tragedy strikes us.

We carefully insure our home against fire (this thoughtful gesture protects the mortgage company.)

We place substantial collision insurance on our car (we want the finance company or bank to get its money if we have a loss.)

We even buy a large amount of liability insurance to pay damages in the event someone sues us. (we want to make sure they get their thousands of dollars.)

Yes, we've thought of everything . . . every one is protected. Everyone?

There is one thing more . . . only you can do. You can own a Funeral Expense Policy . . . in YOUR name . . . to take care of those final expenses in the event something should happen to you.

Eight out of ten women outlive their husbands and are left alone to buy and pay for last rites. It is the one item so often overlooked.

Funeral Expense Protection should not be confused with regular life insurance. (We recommend you purchase as much life insurance as you can possibly afford . . . no family can have too much.)

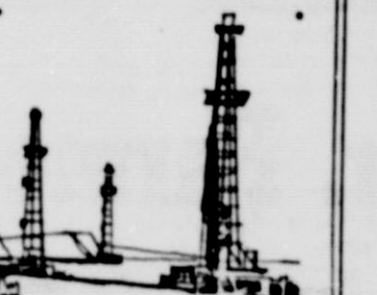

But then . . . for only pennies per year . . . add that one more thing only you can do. Make sure your wife will not have to pay for funeral expenses out of the money she will need for living expenses.

To accompany our funeral service facilities, Seigler Funeral Home has chosen the finest Funeral Expense Insurance available to Texans, from the Union Security Life Insurance Company.

Call or drop by our office today for full details.

Very little, actually. When it comes to insurance protection, it's not how much she knows, but how much she has. And that's where we come in. As an independent agency, we provide up-to-date protection to fit her family's need. We tailor the right coverages . . . in just the right amounts . . . and at the best possible rates. A luncheon in the home of Mrs. Bob Martin, Monday concluded the current year for Matador Garden Club, with twenty members present.

The lovely ranch home was decorated with white shasta lilies, and beautiful white magnolia blossoms from Fort Worth were used as the centerpiece for the dining table.

The organdy table cloth was elaborately embroidered, and a marine motif was used for decorations on the individual plates where the members were seated. Blue net, representing the sea, covered the tables which were centered with ornamental fish, fashioned from net covered with sequins, pearls, glitter and small flowers. Place cards were ornamented with tiny sea shells, and doll mermaids were individual favors.

The menu consisted of baked ham, assorted relishes, fresh green beans, potato, fruit, and congealed salads, with home-baked rolls and pies, iced tea and coffee.

President Adjourns Club Invocation was by Mrs. W. N. Pipkin, and Welcome was extended by the president, Mrs. L. Willie, who also adjourned the club for the summer, in a brief address following the luncheon.

WARNING!

THE BOLL WEEVIL IS HERE!

A SERIOUS PROBLEM:

- ☆ BOLL WEEVILS, virtually unknown on the High Plains in 1950, have made their move. In 1963 they caused from 10 to 90 percent damage to 150,000 acres of cotton in seven of the 23 High Plains counties.
- ☆ BOLL WEEVILS have proven their ability to live through the winter above the Caprock. They did survive the winter of 1963-64.
- ☆ BOLL WEEVILS, control in infested areas of the cotton belt costs from 5 to 6 cents per pound — or \$25 to \$50 per acre.
- ☆ BOLL WEEVILS, where they are established, cause average yield losses of 13 percent despite control efforts.
- ☆ BOLL WEEVILS have practically stopped cotton production in some areas.
- ☆ BOLL WEEVILS threaten THE ENTIRE HIGH PLAINS. THEY MUST BE STOPPED!!!

A PRACTICAL SOLUTION:

- ☆ DIAPAUSE CONTROL, according to the most eminent authorities in the U. S. CAN PROTECT THE HIGH PLAINS from the boll weevil.
- ☆ DIAPAUSE CONTROL has been proven effective in commercial operations at the Texas Price Farm and in the Presidio area of Texas.
- ☆ DIAPAUSE CONTROL kills weevils in the Fall of the year when they are "Diapausing", or preparing for hibernation. A dead bear can't hibernate through the winter and come out biting and scratching in the Spring.
- ☆ DIAPAUSE CONTROL is cheaper than in-season control, the need for which will be greatly reduced after 1964.
- ☆ DIAPAUSE CONTROL does not kill beneficial insects.
- ☆ DIAPAUSE CONTROL, carried out over ALL infested acreage back to the range land to the East, can reduce the weevil problem to a small patrolling operation in just a few years.

A comprehensive plan for getting the boll weevil out of the PCG area . . . and keeping him out . . . is near completion and will be announced soon. Watch for it.
