

Davidson Rides On To Victory

CONSUMMATION OF LONG TREK MADE FRIDAY

Elaborate Plans For Return Of Rider Being Made

Shannon Davidson, 22, Motley county's entry in the Nocona to Oakland, California Pony Express race, rode across the goal line near noon Friday to win the honors and first prize money of 750 newly-minted silver dollars. King Kerley of Quanah was over 100 miles behind Davidson when he received the acclaim of the Golden Gate city, press dispatches declared. Davidson's victory made front page news over the nation while radio broadcasts from most of the major stations carried stories of his feat. He was greeted by a number of Motley county friends upon his arrival in Oakland. Besides the many stories concerning their progress and victory in the race, Davidson and Myers picture's were used by the large daily newspapers affiliated with the Associated Press.

Plan Royal Reception
Plans were under way yesterday to give Davidson, Myers and others of their party, a royal welcome upon their return to Matador. Horses and saddles were being prepared for local friends to ride out in mass formation to escort them to town in western style. Altho no definite word of Davidson and Myers' plans could be secured, it was believed that they might possibly return sometime during the weekend. The honorary escort will be held in readiness to go forward and meet the victorious troop as they enter the county.

Four Returned
Four witnesses of the winning of the race, who hurried to Calif. last week, returned yesterday and told of the last mile of the long horseback ride. They were county attorney Howard Trawick, Johnnie Vaughn, Brooks Calaway and Carl Tardy who left Matador on Tuesday afternoon and arrived in Oakland in ample time for the end of the race. They spent several days along the west coast to San Diego.

They left San Diego at eight o'clock Tuesday morning and drove into Matador at 3 o'clock Wednesday afternoon, having traveled 3,700 miles in nine days away from home.

FORMER BANKER GETS 5 YEARS ON GUILTY PLEA

WICHITA FALLS, Grover M. Yowell, 56, former active vice-president of the Security National Bank of Paducah, pleaded guilty to seven counts of a thirteen-count indictment alleging violation of the National Banking Act and was sentenced to five years in Leavenworth penitentiary Monday by Federal Judge H. Atwell. Yowell was arrested two months ago at Memphis, Tenn., where he was employed as a dairy deliveryman, after federal agents had sought him for seven years on an indictment returned here March 29, 1932. He had been held in the Dallas County jail pending trial in lieu of \$25,000 bond.

Yowell's plea of guilty covered six counts alleging misapplication of \$13,019.27 funds of the bank and one count which alleged false entry of a \$2,933.47 as a new loan during the first few months of 1931.

"There are rather heavy penalties under each count which would justify a sentence of thirty or forty years," Judge Atwell said. "It is a serious matter for a banker, who gets money from people, to make use of such moneys in a way that is unappreciate.

"I appreciate your attitude now. I'm sorry it didn't assert itself earlier," the court continued, referring to the long search. "I have to send you to the penitentiary. I'll make it as light as I can."

Cold Wave Brings Moisture To Area

ONE VARIETY LINT GROUPS ARE ORGANIZED

Roaring Springs And Matador Committees Named
One variety Cotton Communities were organized last Friday in Precinct One and Precinct four. Mr. M. E. Heard of Lubbock, head of the Textile Engineering Department of Texas Technological College, spoke at meetings called by the county agent, Frank A. Buckley, at Roaring Springs and Matador. The germination test for cotton seed and proper methods of harvesting and ginning were stressed by Mr. Heard. D. F. Bredthauer, county agent of Floyd County, told of that county's experiences with one-variety cotton communities. "It appears now that ninety percent of the cotton of Floyd County in 1939 will be of one variety," Bredthauer said.

Better Lint Sought For Whiteflat
A meeting of Whiteflat cotton farmers held some time ago pledged 1,400 acres to be planted in Watson Big Boll cotton this season, according to a belated statement reaching the Tribune this week. In addition to the acreage pledged to Watson Big Boll seed, 1,700 acres were pledged to Watson first and second year seed, it was declared.

Farmers May Release Land

The 1939 Soil Conservation program has been amended whereby a farmer can release all or any part of his unused 1939 cotton allotment.

Trustee Election Set For Saturday

A trustee election will be held here Saturday to elect two members to the school board of the Matador Independent School District, according to M. J. Reilly, secretary.

Young People Of Church Of Christ To Memphis Sunday

The young people of the Church of Christ, Matador will go to Memphis Sunday, April 2, at the invitation of the young people of the Church of Christ of that city, whose guests they will be for the day.

Program For Easter Day Is Complete

Impressive Cantata By Choral Club Heads Services
One of the most impressive religious services ever to be offered in this community, will be presented at the First Methodist Church in the evening worship hour on Easter day, April 9, by Matador Choral Club. The program will consist of a choral cantata, "Easter Glory" by R. M. Stults, text of which is from the Gospel of St. Matthew, and well-known hymns.

The cantata, which is divided into two parts, contains the following musical arrangement: Organ Prelude; "God Hath Sent His Angels," Chorus and Soprano Solo; "In The End of The Sabbath," Tenor and Bass Solo, and Chorus; "Easter Flowers," Chorus "The Risen Lord," Soprano and Chorus. Part two: Organ prelude; "Be not Afraid," Bass Solo; "So Dear Lord, May We Behold Thee" Soprano and Alto Solo and Chorus; "Lo, I Am With You Always," Soprano and Alto Duet and Quartet; "O Grave, Where Is Thy Victory?," Men's Voices; "Easter Day," Closing Chorus.

The choral club is meeting twice weekly for practice of the program, and the public is assured of an outstanding performance on this occasion.

RATTLERS ARE CAPTURED IN DRIVE SUNDAY

Bob Robertson has another collection of large rattle snakes at the Oil Well filling station located at the intersection of Highway 18 and 28. Some of the reptiles measure over six feet in length and weigh as much as 20 pounds, Mr. Robertson declared. Mr. Robertson, accompanied by Alvin Stearns, and Gus Bird found the den on Quitaque river about 15 miles northeast of Matador, Sunday afternoon. They captured about 20 specimens from the drive and killed many smaller snakes.

This is the fourth year Mr. Robertson has kept a cage of rattlers at his filling station for the entertainment of tourists during the summer. The snakes are destroyed each fall and a new collection made in the springs.

Buffalo At Oil Well

Besides his rattlers and collection of wild animals and birds, Mr. Robertson has recently constructed a strong corral at the filling station where he has placed his three head of buffalo. The one grown buffalo cow and two calves create much interest for travelers as well as local residents.

COTTON GINNING REPORT

Census report shows that 13,791 bales of cotton were ginned in Motley county, Texas from the crop of 1938 to March 1, 1939 as compared with 24,496 bales for the crop of 1937.

Girls Vested With Control Of Matador Spirited Election At School Selects Saturday Officials

With all the fanfare of a July Primary, feminine officials were elected Wednesday to control the destinies of the City of Matador for one day. The girls of the city will have complete charge of all governmental activities Saturday after they are sworn in by Mayor G. T. Edwards, and will assume their various duties to prove their contention that girls can be as capable office holders as the boys, who ruled the city sometime ago.

City Council Approves
Last Wednesday night at a special meeting, the city council responded favorably to a petition that had been placed before that body by the girls of the town that they be allowed the privilege of ruling the city for one day. An election was called immediately and after spirited voting the following officers were elected: Mayor, Marie Hunsucker; City Secretary, Tom Nell Darsey; City Attorney, Lela Carpenter; Police Commissioner, Jewell McCoy; Water Commissioner, Aileen Russell; Street Commissioner, Peggy Hutson; Fire Commissioner, Wilena Wilkinson; City Recorder, Wandean Garrison; Tax Collector Virginia Estes; Justice of the Peace, Frances Carpenter.

FARM LEADERS TO MEET AT PLAINVIEW

Farm leaders of five counties will meet in Plainview, March 29, to discuss plans for making wheat crop insurance more convenient in the 1939-40 season, and to take up questions regarding applications for 1939 wheat price adjustment payments by the AAA.

J. Lynn Mauk, area field representative of the AAA, will be in charge of the meeting, which is to be attended by Agricultural Conservation Association secretaries and treasurers, county committeemen, Extension Service representatives, and county crop insurance supervisors from Floyd, Swisher, Briscoe, and Motley as well as Hale counties.

Matador Is Winner County Track Meet

Roaring Springs Takes High Honors Literary Events
The Matador track team piled up a total of 79 points in the county track meet held at Flomot last Saturday, to win their first county track championship in four years. Matador was trailed by Flomot, Roaring Springs, and Whiteflat in that order. The High School junior boys duplicated the feat of the seniors by carrying off top honors in their division.

The standing for the "all-around" championship is close in the High School division with Matador leading with 112 points, Roaring Springs second with 106 points, third, Whiteflat with 39 points, and Flomot fourth with 32 points.

A summary of the track events follow: 100 yard dash: Ammonett, Flomot; Alsup, Matador; Day, Matador; Parsons, Roaring Spgs. 120 yard dash: Parsons, Roaring Springs; Berryman, Matador; Prather, Roaring Springs; Faulkner, Matador. 220 yard dash: Ammonett, Flomot; Alsup, Matador; Hough, Matador; Marshall, Matador. 440 yard dash: Alsup, Matador; Hough, Matador; Cooper, Matador; McCarthy, Roaring Springs. 880 yard run: Faulkner.

Friends Seek Election Of L. J. Barkley

Cotton Buyer To Wage Campaign For City Marshal Job

One of the most active campaigns ever launched for a city office here was started this week as friends of L. J. Barkley seized the torch for his election as city marshal April 4. The drive for a landslide of votes for the well-known cotton buyer is in the hands of his intimate friend, J. D. Craven who is campaign manager. Mr. Craven declared late yesterday that he had made arrangements for a band, public speaking and possibly a parade for his candidate.

World War veterans rallied to Mr. Barkley's cause and cited his record as a sailor during three months of service, while others named his career as a school teacher in effort to sway public opinion.

Formal Announcement
The Tribune is authorized to make a formal announcement of the candidacy of L. J. Barkley for the office of city marshal of Matador, subject to the voter's pleasure at the city polls, Tuesday, April 4th.

Regarding his announcement, Mr. Barkley had little to say, except that he would see that the law was enforced to the letter, especially in the violations which might be made by those who sought his election for personal, rather than civic reasons.

Mr. Craven is having a large number of stickers printed bearing this slogan, "A Vote for Barkley Is A Vote for Justice." Mr. Barkley seemed satisfied that his campaign had made a successful start and allowed full credit to Mr. Craven and other friends.

Caprock Track Meet At Memphis

Coach Don T. Martin will take his track team, winners of the Motley County track championship, to Memphis this week-end to participate in the Caprock Relays.

Schools from all sections of West and North Texas are expected to send teams to Memphis for the games. On the following week-end the thin-clad Matadors will compete for the district championship at Childress.

4H WINNERS RECEIVE SCHOLARSHIPS

Winners of the State 4H Club contest, as announced by M. College, are Dan Havelka, Corpus Christi, Shirley Garrison of Idalou, Eldon Landers of Waxahachi, and Mrs. A. M. College. These boys will receive \$100.00 scholarship awards to the agricultural college of their choice. Scholarships were offered by Person-Clayton & Company.

The contest was conducted on a county and an individual basis with the work of the Club of Ellis, Lubbock, Taylor and Tarrant Counties, rated as top object of the contest is to encourage the production of quality cotton.

Most of the cotton produced by the Club Boys graded strict middling with staple lengths running from 15-16 to 1 1/2 32 inch.

Together 3,549 Club Boys in Texas carried on cotton improvement demonstrations in 1938. Eighteen of 1,796 boys, with 9,569 pounds of cotton, were received in contest. The contest was under the direction of L. L. Johnson, Boys Club Agent of the A. M. College Extension Service.

Dan Havelka, achieved the best yield of any of the winners, 476 lbs. of lint per acre. His crop yielded for Nueces County 211 lbs. of lint. His six acres of Bennett cotton graded strict middling and had a staple of one and a dry season. Dusting with calcium arsenate and sulfur for control of boll weevils and flea hoppers paid dividends in this demonstration. His rent \$74.13, and not counting rent

which was not figured in the other contestants his net profit was \$203.07, and expenses were \$98.15.

The five acres Shirley Garrison planted to Paymaster Cotton returned a yield of 299 lbs. an acre as compared to yields of 220 lbs. in the neighborhood. His cotton graded strict middling and classed an inch in staple length. Expenses were \$48.28 and net profit \$94.45.

Bugs Tate planted 5 acres to Acala cotton and made a yield of 247 lbs. of cotton per acre as compared with an average of 195 lbs. on similar land in the county. His first bale had a staple length of 1 1/2 32 inch but drouth cut the staple of the second bale to one inch. Both bales graded strict middling. The average cotton produced in the section ran 29-32 inch in staple.

In addition to following approved practices in seed bed preparation, cultivation and harvesting, Tate reported good results from treating his seed with Ceresan. With expenses of \$41.40, he made a profit of \$151.31 from his 5 acres.

Eldon Landers' 5 acres of cotton planted to Quallo, returned a yield of 236 lbs. per acre as contrasted with an average yield of 183 pounds on nearby fields, graded strict middling and had a staple length of 15-16 inch. His expenses were low, \$23.02, and his net profit was \$120.27.

Work in the contest was judged by F. E. Lichte, cotton gin specialist and E. A. Miller, Agonomist, both of the A. & M. College Extension Service.

According to zoologists, the ability of dogs to "bark" is a faculty developed since they have become domesticated. Wild dogs, wolves, and other members of the canine family yelp and howl, but never "bark."

PROCLAMATION ISSUED FOR CLEAN-UP WEEK

The week of April 2 to April 9 has been proclaimed State Clean-Up and Fire Prevention Week by Governor W. Lee O'Daniel in an official proclamation issued at Austin. State and city-wide clean-up campaigns are scheduled over the State, these campaigns to facilitate public health protection, lessen fire losses and promote public safety, according to Dr. Geo. W. Cox, State Health Officer.

The cities and towns of Texas will conduct programs of far-reaching activities. Scheduled for inclusion is cleaning, draining, graveling of streets and alleys, cleaning city parks and playgrounds, malaria control, fire prevention, garbage and trash disposal and spring house cleaning for homes and business establishments.

The observance of good sanitation principles indicates the necessity of prompt removal of all waste matter in and around homes to lessen the spread of disease, notably diseases affecting infants and children. Clean-up week is designed to focus attention upon the dirt and disease problem of the State.

Spring clean-up week provides an opportunity for the proper disposal of fire-generating accumulations. A check of homes and business establishments to unearth conditions which are favorable to fire is important so that remedial procedures may be instituted.

Clean-up week gives each citizen an opportunity to investigate cleanliness of services which affect health conditions in his home. As a citizen you have the

right to know whether your water supply is pure, whether your milk comes from a clean dairy, whether your community makes use of proper sanitation methods, whether your home has proper sewer connections and plumbing installations. You should make it a point to better inform yourself on the sanitary measures carried out in the various divisions of your municipal government and in business.

The idea of spring clean-up week in Texas is that it be an intensive one week period of scrubbing, raking, painting, etc., and it is hoped that spring clean-up week will generate a standard of cleanliness in each community which will be carried on during the succeeding weeks of the year.

ANCHORS AWEIGH

BY MARSHALL FISKE

"BOOTLEG" CONVENT
Great consternation ensued when Juarez inaugurated his famous "Reform Laws" in 1857, that abolished all convents, that nationalized church property. One convent, however, defied his decree and was maintained in secret for 77 years—a "bootleg" convent, as it were. It was located in the heart of Puebla and was more or less an open secret. Its sympathizers saw to it that its presence was not divulged to the government officials. But as the old saw has it—"Murder will out" so in time its whereabouts became known to these gentlemen and a raid was instituted. The nuns were dispersed and now their secret convent is one of the show places that all tourists visiting Puebla must see.

PANEL
My guide led me up a stairway and we soon found ourselves in a small dining room of a second story apartment. There was nothing about this dining room to distinguish it in any way. Besides the dining table and a few chairs the only other thing to catch my eye was a small "china closet" built into the wall. So far there was nothing to get excited about but soon things began to happen. First the dishes were removed from the "china closet" and placed on the nearby table. Then the shelves were removed from their grooves and placed on the table beside the dishes. The back panel of the former "china closet" was then pushed back and lo and behold, it all resolved itself into a door that opened on its concealed hinges revealing a mass of rooms beyond. This was the entrance to the famous Secret Convent of Puebla.

Like Alice in Wonderland who stepped through her looking-glass, so we, too, stepped from the prosaic dining room into another world.

ROOMS—ROOMS
The first room in which we suddenly found ourselves was the plainly and meagerly furnished office of the Mother Superior. Nearby was her bed-room, austere in the extreme. A couple of plain wooden boards covered with a white sheet constituted her "bed." A prie-dieu and some "torture" bracelets were in evidence, too. The latter were made of armor chain with sharp nails protruding. All this to inflict pain, to engender discomfort. It depended on the individual, of course, what his reaction would be to all this. Other rooms soon followed in which were displayed black and green "water-silk" vestments. Ecclesiastical embellishment in the shape of exquisite embroidery had reached a high plane here. Also one saw many examples of the nun's art—objects that were vended outside the walls. Beautifully and impeccably wrought showing great artistic skill, infinite patience, much love. Then followed quarters in which the novices formerly resided, the bath-room of the Mother Superior. (To Be Continued)

Oppenheimer Book Review Scheduled For Plainview

Welcome news to the many friends made in this section by Miss Evelyn Oppenheimer at her first appearance at Plainview in January, is the fact that she will be there again tomorrow evening, Friday, March 31.

This time Miss Oppenheimer will be presented by the Women's Guild and the Business women's Guild of the First Christian Church, at the church in a review of Agnes Turnbull's "Remember The End" that she has been reviewing in Dallas recently with much success.

"Remember The End" is a novel of Western Pennsylvania which has all the richness and soundness of "The Rolling Years" and with added power, says the Philadelphia Inquirer. In it Mrs. Turnbull gives a vivid picture of life in Western Pennsylvania as the mines scarred the hills and rows of ovens replaced the trees.

The book is one that will be appreciated by both men and women and Miss Oppenheimer's night schedule will give men an opportunity to attend.

A number of clubwomen from Matador attended the review in January, by Miss Oppenheimer, of "Rebecca", and plan to repeat the trip tomorrow night to take advantage of this return engagement.

W. M. U. Will Donate Eggs To Orphans

Plans were formulated by the women of the Baptist church in a general meeting of all circles of the W. M. U. held at the church Monday afternoon, to pack a box of eggs to be sent to Buckner Orphan Home next week.

In making the announcement, Mrs. R. E. Campbell, general chairman, stated that eggs for the shipment would be received at Campbell's Food Market on Monday, Tuesday and Wednesday of next week, and asked that the women take their donations there.

The program Monday afternoon was given by the Dorcas Circle on the subject, "Teaching—A Part of The Great Commission", and led by Mrs. T. E. Cammack. Also included in the business session was the decision, by vote, to send three girls from the Young

Women's Auxiliary to the house party at Wayland College on April 7 and 8.

Refreshments were served by members of the Henrietta Shuck Circle to the following ladies: Meastames Scott Bolton, D. P. Keith, G. S. Craven, L. Rattan, T. E. Cammack, Pearl Moorman, Joe Campbell, W. W. Carpenter, L. A. Carlisle, V. J. Skaggs, El-dred Seigler, W. W. Worsham, Vernon Doss, J. L. Woodruff, H. M. Weldon, R. E. Campbell, M. P. Fulkerson, Clyde Bartlett and E. F. Springer.

EL PROGRESSO CLUB

El Progreso Study Club met in the home of Mrs. J. R. Moore on the afternoon of March 23rd, for a very interesting program, the

subject of which was the timely topic, "Dictatorship."

Mrs. George Springer appeared as leader of the program. She also very ably discussed "Adolph Hitler." Mrs. Joe Springer followed with a thorough resume of "Benito Mussolini." Mrs. L. W. Guthrie had volunteered to give the life and attainment of "Stanley Baldwin." Mrs. A. Traweck, Jr., closed the program with a clever illustrated talk "Neville Chamberlain."

A routine business session, conducted by the First Vice President, Mrs. Leonora Lockett, W. H. Burden was welcomed a new member.

The next meeting will be on 13th, with Miss Mary Keith, hostess at the home of Mrs. R. Patton.

Complete stock, Serums, Remedies, and instruments, for handling and treatment Horses, Cattle Hogs, sheep and poultry.

NAGGING BACKACHE
May Warn of Disordered Kidney Action. Don't Neglect It!
Modern life with its hurry and worry, irregular habits, improper eating and drinking, exposure, contagion, what not, keeps doctors busy. Hospital is crowded. The after effects are disturbing to the kidneys, and oftentimes people suffer without knowing that disordered kidney action may cause the trouble. After febrile, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system. Symptoms of disturbed kidney function may be nagging backache, persis-

How Commencement Began In America

Since the time for our annual commencement exercises is rapidly drawing near, we wish to describe briefly the history of these exercises in America. Harvard University was the first college established in America just 200 years ago. William and Mary college followed about 30 years later with Yale and Princeton about 75 years later.

attempt was made to keep the commencement date a secret among graduate students and their immediate relatives and friends. That method proved not entirely satisfactory so resort was had to admission by written invitation only. From this developed the present-day custom of issuing printed and engraved invitations and announcements to commencement exercises. History fails to record just when and by whom the printed form was originated, altho there is a vague reference that the suggestion came from Benjamin Franklin in his efforts to "drum up" trade for his printing office which he had established in Philadelphia early in the eighteenth century.

Institute Of Student Opinion

QUESTION: Do you prefer men or women for teachers? Why? Alton Titus: I prefer men teachers because they can explain things better. Mavinee Russell: I think women teachers understand girls better than men do. I also think their explanations are easier to understand. W. T. Marshall: I prefer a man

teacher to a woman because they understand boys better than do women. Lillie Seal: I prefer men as teachers because they are not as high tempered as women. Men seem to understand students better. Merritt Faulkner: I prefer men as teachers for I can understand their explanations easier than

women's. Opal Vivian: To me women teachers do not seem so strict as men, and I think they can teach better. Wiley Fuller: I prefer men as teachers because I can understand them better. Thomas Bourland: I prefer men as teachers because they are not so strict as women. Chloye Fuller: My reason for preferring men as teachers is that I think they can teach better. Mary Beth Martin: I prefer men because they are more suited to teaching; they understand students better.

From these reports, we can see that men are favored as school teachers. However, it is usually agreed that girls prefer women, and boys prefer men. No matter which he prefers, a student always expects his teacher to have a keen sense of understanding. He wants one who can teach but in such a way that he will be glad to learn. A student likes a teacher who keeps order in the class-room, yet he does not want one who is always strict. In other words, a good teacher must have a true sense of humor.

Freshmen Give Juniors A Rival

Last week the junior assembly program was all the talk at M. H. S., but this week it is the freshmen program. Last Thursday, March 23, this class presented one of the most interesting programs of the year. The freshmen proved that they really have talent, and they surprised the entire high school (even themselves) with their show of brilliance. A "television" program was given from station F I S H, with J. W. Durbin acting as master of ceremonies.

Home Eco. Club Meets Thursday

The Home Economics Club met on Thursday, March 23. Mavinee Russell conducted a program on "Food." Tom Nell Darsey discussed the Pure Food Laws; and a talk, "Food and its Value," was given by Peggy Hutson. The proper care of milk was described by Lela Carpenter. There were about twenty-five club members present. Plans for raising money were discussed in the business meeting.

Grade Gatherings

The third grade welcomes a new pupil, James White, from Jal, New Mexico. This class is studying a unit on transportation. We wish to correct two errors made in last week's paper. Martha Rae Cudd was omitted from the choral singing list, and Jolene Bloodworth represented the school in the fourth and fifth grade spelling division in the count meet.

The Poet's Corner

"To Him Who Waits" To him who waits along the way, For success to come along; Will often wonder why the delay And be bitter over the wrong. To him who waits 'till the day is gone, And the sun is deep in the west, To pass the task of the marter strong Will never get through the test. To him who loves and labors long With a gleam of success in his eyes The sunshine of fame and reward belong For the world on him relies.

The juniors had a class meeting last Monday, in which they worked out plans for making money. A bake sale will be given on Saturday at Campbell's Food Market. Let us cooperate with the juniors in order to make this sale a success. Maurice Reilly, '38 graduate of M. H. S. and a student at Lake Forest Academy, Lake Forest, Illinois, has visited at school several times lately. Maurice is now on a two week's spring vacation. We are always glad to have former graduates visit with us.

Just select a window sill that will hit you about the hips. Make a chalk mark on the edge of the sill, then do a turn-about, allowing the chalk to mark the skirt. By measuring from this chalk mark, our new skirt will hang just right.

This Week's Song Hit

"THANKS FOR EVERYTHING" Thanks for everything, Ev'ry word, ev'ry sigh, ev'ry kiss, Thanks for everything, For bringing me moments like this, For taking the skies of gray And making them blue, For taking my cares away I tip my heart to you. Thanks for everything, Ev'ry thrill of your tender caress, Thanks for everything, For all that I'll ever possess; You gave me the reason to dream Then made ev'ry dream come true And so for everything, My thanks to you.

Free Shows at New York Fair For Millions

NEW YORK—Millions of "average" Americans, from Maine to California, will close their cottages, bungalows, and apartments for brief periods this year and start out for the New York World's Fair 1939. They will arrive by plane, car, bus, and some, perhaps, on foot.

About the wonders of the Fair they will have read much. They will expect the utmost of this \$155,000,000 exposition. But the question they are asking now is "what will it cost?"

The answer: They may enjoy virtually all the wonders of the Main Exhibition Area without cost, except what they may spend for food which ranges from 10-cent frankfurters to de luxe swank meals in the cafes.

Every night they will be treated to the greatest free spectacle in exposition history: the \$1,000,000 fireworks and fountain displays which will bathe the 1,216 1/2 acres of the Fair in brilliant colors.

Hundreds of free shows on the grounds will include such varied entertainment as a rocket ship which carries passengers through both space and time to remote planets; thrilling head-on crashes at the automobile proving ground, a model dairy where 150 prized cows will be milked daily. Industry, science and the nations of the world will offer their wonders and art treasures to the free view of all Fair visitors.

Admission to the grounds will cost 75 cents for adults and 25 cents for children. One day each week children will be admitted for 10 cents.

One of the most elaborate spectacles in theatrical history, Billy Rose's stage and water ballet at the 10,000 seat Marine Amphitheatre, starring Eleanor Holm and 300 dancing and swimming girls, will cost only 40 cents.

The World on Display Sixty-two foreign countries whose magnificent pavilions face the Lagoon of Nations and the Court of Peace will be open throughout the Fair for free inspection. Here the treasures of Europe, Asia, Africa, Australia and South America will be shown. A list of the free wonders of the Exhibit Area would fill columns. Some of the highlights are:

The Railroad Building, center of a 6-acre exhibit, containing the most complete miniature railroad ever constructed; a thriving American homestead, complete with cattle, sheep, and chickens, with a singing fountain at the entrance; the most valuable wheat field in the world; a 135-foot schooner in New England's exhibit; the model Town of Tomorrow containing completely furnished homes; The Children's World, a fantastic miniature fair by itself; the House of Jewels where more than \$5,000,000 worth of gems will sparkle. All this and vastly more, may be seen—free of charge.
