### Heavy Safe Taken From Station Here

#### Two Arrests Made Following Burglary

A heavy safe, weighing over 400 pounds, was removed from the Mission Gas and Oil Company service station here Sunday night or early Monday morning and taken to a point in the Matador Ranch shipping pasture about three miles north of town where it was found Monday morning. The hinges and lock of the safe had been broken so that the door could be opened. Hart Harris, manager of the station declared that \$62.28 in silver and currency was missing, also several hundred dollars worth of checks, notes and warrants were left intact.

Entrance was gained to the station by removing the plate glass from the door, which was carefully placed to one side. Since the door could not be unlocked, the safe was passed thru the opening. It is believed. Besides the safe and a sledge-hammer nothing else in the station was molested as far as can be determined.

#### Lubek Officers Aid

Investigation was conducted by local officers aided by C. E. Tabor, Assistant Chief of the Lubbock Police Department and Will Marby, sergeant of the Texas Highway Patrol. Distinct finger prints are declared to have been secured from the plate glass which the burglars removed from the door. Sheriff Johnnie Koonsman of Dickens county also aided in the investigation.

The safe was discovered by S. J. White, Phillips Petroleum agent while enroute to make a delivery over the little-frequented road. The safe, painted a brilliant orange, was about 100 yards from the winding pasture road. Mr. Harris declared that the burglary was discovered by one of his attendants early Monday morning as he placed his key in the door before noticing that the glass had been removed.

Two local men were arrested Monday, charged with the burglary and released on \$1,000 bond each.

### DEPOSITS HIGHER IN MATADOR BANK

Deposits at the First State Bank at the close of business ending June 30, 1939, were \$59,052.93 greater than at the same date last year, according to a statement released this week by Elmer Stearns, Cashier.

Current deposits were \$523,103.31 as compared to \$464,050.39 for the corresponding date last year.

Deposits were \$74,976.92 less than reported three months ago on the March 29 call, however. Deposits aggregated \$398,080.23 at the close of the March quarter.

### Floydada Lions Install Officers

New officers were installed in the Floydada Lions Club Tuesday night during a ladies' night program which was attended by two members of the Matador club, Boss Lion Henry Pipkin and Paul Eubank.

Other visitors included District Governor, A. G. Beardson of Lamesa and Charles Dean, Boss Lion of the Plainview Club. The new officers installed were as follows: President, Polk Green; 1st Vice-president, W. R. Simon; 2nd Vice-president, W. H. Henderson; 3rd Vice-president, Ed Johnson; Secretary and treasurer, C. F. Fyffe; Lion Tamer, Tucker Teutsch; Tail Twister, Eddie Williams and directors, E. L. Norman, Hollis Bond and Odell Winton.

The welcoming address was made by Homer Steen, Floydada publisher, who is immediate past-president.

Miss Katherine Sheats, dietician at Southern Methodist University, Dallas, arrived on Friday to spend the summer with her parents, Mr. and Mrs. Homer Sheats.

### CONTINUE FIGHT FOR PWA FUND

#### New Court House Here Would Result In Appropriation

Congressman Marvin Jones is continuing a fight to secure additional appropriations for the Public Works Administration, which would result in a new court house for Motley county according to a letter received by County Judge W. R. Cammack last week. The letter is as follows:

Hon. W. R. Cammack  
County Judge  
Matador, Texas  
Dear Friend:

This is to acknowledge receipt of your telegram of even date, relative to the Motley county court house. As you know, this application was approved by the various examining divisions and placed in line to receive allocation in the event funds were made available.

A number of us have been endeavoring to secure additional provision for the Public Works Administration, but so far no appropriation has been made, and therefore no funds from which any additional allocations may be made.

You may rest assured I shall keep in close touch, and should funds be provided, will make every effort to see that an allocation is made for this particular project.

With all good wishes, I am  
Cordially yours,  
Marvin Jones.

### Census Rises: Seven Births Are Reported

The population of Motley county has been increased during the past two weeks as seven births were reported. Four boys and three girls were included in the list of new arrivals.

A son, James Alton, was born to Mr. and Mrs. L. D. Carmen at Whiteflat on June 29. On June 30, Mr. and Mrs. W. W. Spears of Roaring Springs became the parents of a daughter, named Wannell.

Two children were born on Saturday, July 1. One is the daughter of Mr. and Mrs. Guy Lance of Roaring Springs, and the other is a boy, born to Mr. and Mrs. L. L. Lee of Whiteflat.

Bobby Dean was the name given to the son of Mr. and Mrs. Harmon Mills of Matador. He was born last Thursday, July 6.

Mr. and Mrs. Herman Ellithorp are the proud parents of a son, Herman Arvin, who was born last Saturday. The latest arrival is a daughter to Mr. and Mrs. Frank Webb. She was born on Sunday, July 9.

### WPA Sanitation Work Again Open

The WPA sanitation project in Motley county is again in operation after being closed during the end of the government fiscal year according to Commodore Davis, project solicitor.

The project is sponsored by the commissioners court to enable those who do not have sewer connections to secure sanitary, fly-proof privies at a small cost. The WPA furnishes the labor free of charge and the owner is only required to buy the materials needed. The cost ranges between \$8 and \$20, depending upon size and quality materials employed.

The privies are built according to the state health department specifications.

### HOBOKING HITS SNAG IN CAMPAIGN

BLAIR—There was a slight delay in the campaign plans of eccentric, be-whiskered James Moan, self-styled hobok king who announced his 1940 presidential candidacy on a platform of a "Nosebag on every nose and a nudist colony on every other farm."

Better known as "Hair-breadth Harry," Moan was placed behind bars on a 10-day bread and water vagrant term. Police Chief Victor Johnson discovered he had been telephoning various Blair homes to invite himself to dinner.

From his cell, 58-year-old Moan announced he would resume his campaign July 19, his platform changed to "A nosebag on every nose except Johnson's."

### Aid Comes To Farmers Thru Loans On Crop

Wheat loans on the 1939 crop to eligible producers of Motley county are now available. Officials of the County Agricultural Association office announced receipt of blank forms for the execution of 1939 wheat loans on warehouse and farm-stored wheat.

Loans will be made on wheat stored in approved warehouses when the blanks distributed for this purpose are executed.

Other Loans Made  
To eligible producers of wheat of acceptable quality loans will be granted if their wheat is stored in approved bins or granaries on the farm. This wheat, however, must be insured by the producer with a primary coverage. The insurance will be supplemented by a secondary blanket policy carried by the Commodity Credit Corporation.

The grade of the wheat offered for loans together with the protein content will be obtained at nearby laboratories. Bins or granaries must be substantial and of permanent construction so as to afford safe storage of the wheat for a period of two years.

The grain must also be afforded effective fumigation as well as protection against rodents, animals, thieves, and weather.

Producers interested in securing loans on wheat should make application at the county agent's office.

Checks are Received  
Payments under the wheat price adjustment program are now greatly benefiting farmers, according to Lowell L. Sharbutt, AAA Assistant. \$1087.22 in payments has been received in this county on 25 wheat farms since May 17, 1939.

Usually called the "parity" payment, these checks were issued to wheat farmers who planted within wheat acreage allotments. It amounts to 11 cents per bushel on the normal yield of the allotment.

### LION DELEGATE TO PITTSBURGH

Henry Ford, Boss Lion of the Matador Lions Club, and delegate to the 23rd annual convention of the Lions International, left Tuesday morning, accompanied by Mrs. Ford, for Pittsburgh, Penn., the convention city.

A pre-convention reception and entertainment by the Pennsylvania Lions is scheduled for Monday, July 17, with the convention opening on Tuesday, July 18 for a four-day session, closing Friday. Lions Day at the New York World's Fair has been designated for Saturday, as a post-convention courtesy, and it is expected that all attending delegates will make the trip on New York.

Mr. and Mrs. Ford have included a visit to Niagara Falls in their itinerary, and on their return trip, will travel a southeastern route, visiting interesting points along the way. They will return home around the first of August.

### District AAA Man Visits This County

J. Lynn Mauk, Head Field Assistant with the Agriculture Adjustment Administration was in the County Agent's office Tuesday afternoon.

Mr. Mauk checked wheat work sheets and announced that the allotments for wheat for 1940 would be announced about August 1.

### Davidson May Make New York Journey

#### District Is Enlarged By Lions Clubs

#### Vacations Show In Regular Meeting Held Here Tuesday

Announcement was made to the effect that Floydada and Crosbyton are now included in District 8 with Paducah, Childress, Turkey, and Matador at the regular meeting of the local club Tuesday in the basement of the Methodist church.

Members expressed much satisfaction at the arrangement and declared that the district organization would be enhanced by the added memberships. Matador is in a fortunate, central position which will be to the local member's advantage in traveling to district meetings, it was pointed out.

Attendance Lowered  
While a large per cent of the membership was present at the Tuesday meeting, the zenith of the vacation season lowered attendance and with many other members expecting to depart within the immediate future it was believed that probably the next two meetings would be with reduced attendance.

While the new program committee has only started to function Lion Howard Traveek presented an absorbing address upon the new advances in aviation, which he had prepared upon short notice. A member of the program committee himself, Lion Traveek was fined by Tail Twister Henry Ford for appearing on the program.

### Changes Made In District Highway Jobs

Transfer positions in the nine counties comprising this district of the State Highway Department have been made, resulting in the move to Paducah, of R. W. Cudd, Highway Patrolman here for the past ten years. Mr. and Mrs. Cudd with their children will leave for the neighboring town in the near future, to make their home.

Also transferred was W. C. Eggleston, Highway Patrolman, who will be located at Quanah, Mr. Eggleston has been here for the past four years. He will be replaced here by David Guest, of Childress, who was transferred from Matador to Childress at the time Mr. Eggleston was moved here from Paducah.

Mr. Cudd will make a business trip to Austin before beginning his vacation on August 1st.

### Farm Checking Is Continued

The checking of performance on farms for compliance with the 1939 Agricultural conservation program is progressing rapidly.

Two hundred farms have been measured up to date. Ten plane-table operators are now engaged in this work in the county. The clerical force connected with the County Agent's office is working out acreage computations in order that this information may be mailed producers with a minimum of delay.

### ATTENDS CONVENTION

Judge G. E. Hamilton, associate lay leader of the Plainview district, is attending a layman's meet at Mt. Sequah, a large Methodist camp near Fayetteville, Arkansas. Judge Hamilton left on Sunday accompanied by Joe Falem, also a lay leader of the district.

### Matador To Have Eight, Flomot Five On 40-Day Trip

Eight Matador residents and five from Flomot left here last night for Mineral Wells where they will start a trip by stage coach to the New York World's Fair Saturday. The Motley county group will be headed by Willie Meyer who sponsored and accompanied Shannon Davidson to win the Nocona and Oakland Pony Express race earlier this year. The "Matador Stage Coach Band" consisting of Riley Rigby, Amos Mize, Dude Mize, Audie Alsop, Ona Ray Williams, Burl Alsop and Juanita Mize will make the trip. Besides Mr. and Mrs. Meyer, W. L. Nall of Flomot and Billy Meyer, Jr., 16, and Rhesba Jean Meyer, 4, will accompany the caravan following the old stage coach which will be driven over the 2,000 miles between Mineral Wells and New York City.

Landon Coffman, veteran Matador Ranch chuck-wagon cook will accompany the troopers and cook all meals from a chuck-box arranged in a truck which will be used to transport horses on the trip.

Rocket and Ranger To Go  
Rocket and Ranger, the two horses ridden by Shannon Davidson to Oakland in the Pony Express race will be used to pull the stage coach through principal cities enroute to New York. However, the stage coach will be drawn by four horses, worked in relays of teams to be changed twice each day. U. L. Willie, local ranchman, has offered the loan of one horse for the trip. Mr. Meyer declared late yesterday.

Besides the Motley county group, three Turkey residents, (Continued On Back Page)

### LESS RED TAPE NOW IN EFFECT IN AAA PROGRAM

Administrative affairs of the AAA this week took a turn toward simplicity.

B. F. Vance, assistant state administrator, announced distribution of an application blank for 1939 cotton price adjustment payments which is hailed as the simplest form ever used for this purpose.

It will cause a substantial reduction of errors and corrections in applications, Vance said. "Undoubtedly the form will save time and money," he predicted, "as most any sixth-grader could fill it out without much trouble. Fewer errors will mean fewer suspensions of applications for payment and smoother distribution of cotton price adjustment checks."

Sometimes referred to as a "parity" payment, this reward for planting within cotton acreage allotments, which is 1.6 cents a pound on the normal yield of the allotment, is expected to add approximately \$22,500,000 to buying power of Texas cotton producers.

It is in addition to the conservation payment of two cents a pound on cotton, and is scheduled to begin flowing about September 1, or soon after compliance with cotton acreage allotments has been checked.

### TO COLORADO

Mr. and Mrs. J. W. Drace left on Sunday morning for a vacation trip in Colorado. They expect to be gone about ten days, and will visit friends in Santa Fe New Mexico, before continuing to Colorado.

Mr. and Mrs. Bill Pipkin and children, Patricia Ann and Neal, and Mrs. Pipkin's sister, Miss Lucretia Estes, left last night for a vacation trip in Colorado. They were accompanied to Dalhart by little Shirley Pipkin, who has been here for a visit with relatives.

## NEW BOOKS

### Matador City Library

**"REMEMBER THE END"**  
By Agnes Sligh Turnbull  
Author of "The Rolling Years"

Alex MacTay, a young Scotchman, is the hero of this forceful novel. Like Andrew Carnegie before him, he comes to America at the end of the century to make his fortune. After a picturesque prologue laid in his native village of Lamson Green, the story follows his career in western Pennsylvania, where by sheer force of will he overcomes all material obstacles and rises from farm hand to magnate in the realm of coal and steel.

This is no mere success story, however, for there is a vital secondary theme. Alex, in following the path of ambition has deliberately submerged another side of his nature, since he is by inheritance deeply sensitive to beauty. When the creative gift, smothered in himself, later reappears in his son Randal, it becomes the hidden cause of jealousy and strained relations between him and the boy.

Through all the book runs the delicately beautiful love story of Alex and his wife Meggy, who fell under the spell of his personality when he first reached this country, and who, in all the varying fortunes of their life together, is held by his passionate devotion to her.

Mrs. Turnbull grew up in western Pennsylvania, and so writes vividly of the coal industry there in all its phases from the early country "bank" to the great mines and flaming coke-ovens of today.

But her book is primarily the portrait of a man, drawn with sure, powerful strokes. Even the minor characters are fully realized and unforgettable. Here is a novel crammed with the essential stuff of American life, strong in plot, heart-warming in sentiment.

"Remember the End" is one of the season's best-sellers. It is written by Agnes Sligh Turnbull, author of "The Rolling Years," and is now available at the Matador City Library.

## Local Pastor Is Speaker Tuesday

Rev. W. M. Joslin, local Baptist pastor, was one of the principal speakers at the meeting of the Floyd County Baptist worker's conference that was held on Tuesday at Crosbyton.

Following the morning program, a luncheon was served to those present. In the afternoon, a meeting of the W. M. U. was held, and other speakers also took part on the program.

Rev. Joslin was accompanied to Crosbyton by his wife and Mrs. R. E. Campbell, W. M. U. President.

## ENJOY TRIP

Miss Amy Glenn and nephew, Glenn Woodruff, who have been visiting and traveling in various sections of the State for the past six weeks recently enjoyed a visit to interesting spots near Houston, Texas. They took a boat ride on the Houston channel, visited the San Jacinto Monument, and U. S. battleships last week.

They are being accompanied by Mr. and Mrs. Price Metcalfe and children of Franklin. Mrs. Metcalfe and Miss Glenn are sisters.

Miss Glenn also did primary observation work at the North Texas State Teachers College at Denton this week.

## MAKING A MOUNTAIN GROW

How to make a mountain grow is a problem puzzling the Chamber of Commerce.

For years they have advertised the road up Pikes Peak as the "highest automobile road in the world."

Recently State engineers took an altitude reading atop Mount

Evans, west of Denver. It showed 14,111 at the highest spot. The highway reaches there in a mile at the crest of Pikes Peak. The altitude is 14,110 feet.

## LOCALS

Hubert Gibbreath of Brownsville, former Matador merchant, attended to business here Tuesday. He was accompanied by Nolan Fulkerson and young Jerry, who are visiting here. A Mrs. Blair also accompanied Mr. Gibbreath to Dickens, where she is visiting friends.

Mr. and Mrs. L. R. Bishop of son, Billy, visited her mother, Mrs. U. F. Hartwell, of Pampa Sunday. Next Sunday, the Bishop will leave for a ten day's trip to Galveston.

Heaviest demand in the history of the State Fair of Texas has been made for premium livestock which carries rules and regulations on the \$10,000 in prizes offered for livestock, agriculture, poultry and other displays. Second printing has already been ordered as the demands for program increase daily. Roy Rupp, Secretary of the Fair, said this denotes an increasing interest in the State Fair of Texas.

 attention of the management.

with just this in mind, naturally  
 the art of bookbinding has de-  
 veloped there to a greater extent  
 than it has in the United States,  
 and the best books on this subject  
 are European. However, there are  
 excellent teachers in most Ameri-  
 can cities, and anyone with an ele-  
 mentary knowledge of leather-  
 work can master the craft of  
 bookbinding at home with the aid  
 of a book of instructions. "Book-  
 binding for Teachers, Students,  
 and Amateurs," by K. M. Forsyth  
 (A. C. Black, London, Macmillan,  
 \$2.25) is typical; it consists of  
 graded lessons in all kinds of book-  
 binding, is very easy to follow,  
 and is in fact, designed for high  
 school students.

Bookbinding is an exquisite  
 craft which appeals very definite-  
 ly to the type of persons who  
 excels in meticulous workman-  
 ship and has a special passion for  
 the fine bindings. The few ama-  
 teur bookbinders that I know are  
 well satisfied if they add one or  
 two books each year to their shelf  
 of treasures. Other fine types of  
 leatherwork are more varied and  
 practical, but they do not have  
 the same charm for certain  
 women.

**Maps Of Texas  
 Counties Are  
 Now Completed**

AUSTIN.—Accurate road maps  
 for every county in the State are  
 now available to the public at  
 cost, according to Julian Mont-  
 gomery, State Highway Engineer.  
 These maps show all country  
 roads, as well as State highways,  
 in addition to railroads, cities and  
 towns, streams and lakes, major  
 parks and State and National  
 reservations. They also show all  
 dwellings, oil and gas wells,  
 churches, schools, and other struc-  
 tures visible from State or county  
 roads.

The maps are constructed on a  
 large scale and are easily read.  
 Their value to State and Federal  
 Agencies has been proved, and  
 they should be useful to the pub-  
 lic in general. Montgomery be-  
 lieves. Most of the maps are on  
 a scale of one inch to the mile, but  
 for a few of the larger and less de-  
 veloped counties a scale of one-  
 half inch to the mile has been  
 used.

The maps are printed on sheets  
 of uniform size, 36 by 50 inches.  
 Most counties require only one  
 sheet, but a few counties cover  
 two sheets. Supplementary sheets  
 are used to show in detail the  
 highly developed areas around  
 large centers of population.

These maps were prepared by  
 the Highway Department, co-  
 operating with the U. S. Bureau of  
 Public Roads as a part of a federal  
 aid project known as the State  
 Highway Department's "Road  
 Planning Survey," and includes a  
 survey of all the public roads of  
 the state, including county roads  
 as well as State Highways. High-  
 way Department field men tra-  
 versed every mile of road in the  
 State, recording not only the lo-  
 cation of the road, but also the po-  
 sition of roadside structures and  
 other items of public interest  
 that are included in the maps.

Streets of incorporated cities  
 and towns were not included in  
 the survey. This is the first time  
 in the history of the State that  
 accurate road maps are available  
 for all the 254 counties in the  
 State, and county maps are avail-  
 able to the public at cost of print-  
 ing and delivery. Before the High-  
 way Department made its survey  
 there were reliable road maps for  
 only 27 counties, and copies were  
 not readily obtainable by the  
 public.

**MEMPHIS RODEO  
 TO OFFER MANY  
 FINE AWARDS**

MEMPHIS, Tex.—One of the  
 best amateur rodeos in West Tex-  
 as will be staged at Cyclone  
 Stadium here July 27-28 when  
 Hall County celebrates its 49th  
 birthday with an annual Old Set-  
 tlers and Cowboy Reunion.

Ray Lyons of Byars has con-  
 tracted to bring 110 head of top  
 notch rodeo stock to Memphis for  
 the two-day show. Lyons stock  
 is used each year in the noted  
 Stamford Rodeo, and was a head-  
 line attraction last year at Mad-  
 son Square Garden in New York  
 City.

Jess Slaughter, sheriff of  
 Howard County and a prominent  
 Texas rodeo official from Big  
 Spring will head the list of judges.  
 With him in the judges box will  
 be Frank Rhode of Throckmor-  
 ton and Miss Miller of Snyder.  
 Bob Cweley, riding for Brown  
 Saddle Company of Amarillo, and  
 John Siemon, foreman of the  
 famous Swenson Ranch at Snyder,  
 will be arena directors.

The Memphis rodeo, like most  
 top-notch Texas shows, will be  
 limited to amateur entries only.  
 All professionals are barred.

Three fine saddles, costing \$125  
 each, are being made by the  
 Brown Saddle company to be  
 awarded to the top cowhands and  
 riders in the local show. One will  
 be awarded the winning out-of-  
 town girl in the sponsor's contest,  
 another goes to the best all-  
 around cow-puncher in the rodeo,  
 and the third will be won by the  
 contestant making the best aver-  
 age time for the four rodeo per-  
 formances in calf-roping con-  
 tests.

Notice Of Street Improvement Bond Election

STATE OF TEXAS  
CITY OF MATADOR  
COUNTY OF MOTLEY:  
TO THE RESIDENT PROPERTY TAXPAYING VOTERS OF MATADOR, MOTLEY COUNTY, TEXAS:

TAKE NOTICE that an election will be held on the 25th day of July, 1939, within the city of Matador, Motley county, Texas, to determine if said city shall issue bonds and if a tax shall be levied in payment thereof in obedience to an election order entered by the City Council of said city on the 3rd day of July, 1939, which is as follows:

"On this the 3rd day of July, 1939, the City Council of Matador, Motley county, Texas, convened in regular session in the regular meeting place thereof in the City Hall at Matador, Texas, with the following members of the Council, to-wit:

- G. T. Edwards, Mayor
- W. F. Jacobs, Alderman
- G. M. Birchfield, Alderman
- J. W. Drace, Alderman
- W. N. Pipkin, Alderman
- M. S. Patton, Alderman
- Howard Edmondson, City Secretary

being present. There came on to be considered the petition of J. R. Whitworth and 51 other persons praying that bonds be issued by the city of Matador, Texas, in the sum of Six Thousand (\$6,000) Dollars, bearing interest at a rate not to exceed four and one-half (4½) per cent annually, and maturing serially within ten years from the issuance thereof, for the purpose of improving and paving streets in the city of Matador, Texas, to-wit, two blocks on Dundee Street between Commerce Street and Bundy Street, and two blocks on Main Street between Stewart Street and Bailey Street, and whether or not the City Council of this city shall be authorized to levy, assess and collect annually a

tax upon all taxable property within said city sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

It appearing to the council that said petition is signed by more than fifty of the resident property tax-paying voters of the said city of Matador, Texas, and

It further appearing to the council that the amount of bonds to be issued will not be in excess of the limitation provided by law under the assessed valuation of property of the said city of Matador, Texas.

IT IS THEREFORE, CONSIDERED AND ORDERED BY THE CITY COUNCIL OF MATADOR, MOTLEY COUNTY, TEXAS:

That an election be held in said city on the 25th day of July, 1939, which is not less than fifteen days nor more than thirty days from the date of this order to determine whether or not the bonds of said city shall be issued in the amount of Six Thousand (\$6,000) Dollars, bearing interest at a rate not to exceed four and one-half (4½) per cent annually, maturing serially within ten years from the issuance thereof, for the purpose of improving and paving streets in the city of Matador, Texas, to-wit, two blocks on Dundee Street between Commerce Street and Bundy Street, and two blocks on Main Street between Stewart Street and Bailey Street, and whether or not a tax shall be levied upon the property of the said city of Matador, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for redemption thereof at maturity.

That said election shall be held under the provisions of Chapter 7, Title 22, Revised Statutes of Texas, 1925, and the general laws of the State of Texas.

All persons who are legally qualified voters of the State of Texas and who are resident property-tax paying voters in the city of Matador, Texas, and who have duly rendered their taxable property in said city for taxation, shall be entitled to vote at said election. The ballots for said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF BONDS"  
"AGAINST THE ISSUANCE OF BONDS"

The voters shall mark out with black ink or with black pencil one of said expressions, thus leaving the other as indicating his vote on the proposition.

The said election shall be held in the City Hall of Matador, Texas, and Mrs. Ethel Payne, shall be the presiding officer, Mrs. Lelia Tardy, assistant judge, and Mrs. W. N. Pipkin and Mrs. Ethel Sheridan, clerks.

The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the Statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in the Matador Tribune, a newspaper published in said city, on the same day in each of two successive weeks, the date of the first publication to be not less than fourteen days prior to the date set for said election, and in addition thereto there shall be posted by the city marshal, or some other authorized officer of said city, a substantial copy of this order at the city hall of Matador, Texas.

The mayor is hereby directed to cause said notices to be published and posted and the City Secretary is hereby directed to publish and post the same, as hereinabove directed; and further orders are reserved until returns of said election are made by the duly authorized election officers and received by this council.

Given under my hand with the seal of the City of Matador affixed, this 3rd day of July, 1939.

Leatherwork As a Hobby

As I am unduly prejudiced in favor of leatherwork as a hobby because I have always done it, I feel that I should say a few words in its behalf.

Leatherwork is a hobby that is becoming more and more popular. It is a craft that is well suited to the modern home.

Leatherwork is a hobby that is becoming more and more popular. It is a craft that is well suited to the modern home.

with just this in mind, naturally the art of bookbinding has developed there to a greater extent than it has in the United States, and the best books on this subject are European. However, there are excellent teachers in most American cities, and anyone with an elementary knowledge of leatherwork can master the craft of bookbinding at home with the aid of a book of instructions.

Bookbinding is an exquisite craft which appeals very definitely to the type of persons who excel in meticulous workmanship and has a special passion for the fine bindings.

Maps Of Texas Counties Are Now Completed

AUSTIN.—Accurate road maps for every county in the State are now available to the public at cost, according to Julian Montgomery, State Highway Engineer.

The maps are constructed on a large scale and are easily read. Their value to State and Federal Agencies has been proved, and they should be useful to the public in general.

The maps are printed on sheets of uniform size, 36 by 50 inches. Most counties require only one sheet, but a few counties cover two sheets.

These maps were prepared by the Highway Department, co-operating with the U. S. Bureau of Public Roads as a part of a federal aid project known as the State Highway Department's "Road Planning Survey."

Notice Of Street Improvement Bond Election

STATE OF TEXAS  
CITY OF MATADOR  
COUNTY OF MOTLEY:  
TO THE RESIDENT PROPERTY TAXPAYING VOTERS OF MATADOR, MOTLEY COUNTY, TEXAS:

TAKE NOTICE that an election will be held on the 25th day of July, 1939, within the city of Matador, Motley county, Texas, to determine if said city shall issue bonds and if a tax shall be levied in payment thereof in obedience to an election order entered by the City Council of said city on the 3rd day of July, 1939, which is as follows:

"On this the 3rd day of July, 1939, the City Council of Matador, Motley county, Texas, convened in regular session in the regular meeting place thereof in the City Hall at Matador, Texas, with the following members of the Council, to-wit:

- G. T. Edwards, Mayor
- W. F. Jacobs, Alderman
- G. M. Birchfield, Alderman
- J. W. Drace, Alderman
- W. N. Pipkin, Alderman
- M. S. Patton, Alderman
- Howard Edmondson, City Secretary

being present.

There came on to be considered the petition of J. R. Whitworth and 51 other persons praying that bonds be issued by the city of Matador, Texas, in the sum of Six Thousand (\$6,000) Dollars, bearing interest at a rate not to exceed four and one-half (4½) per cent annually, and maturing serially within ten years from the issuance thereof (rate of interest and maturity to be fixed by the City Council) for the purpose of improving and paving streets in the city of Matador, Texas, to-wit, two blocks on Dundee Street between Commerce Street and Bundy Street, and two blocks on Main Street between Stewart Street and Bailey Street, and whether or not a tax shall be levied upon the property of the said city of Matador, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for redemption thereof at maturity.

tax upon all taxable property within said city sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

It appearing to the council that said petition is signed by more than fifty of the resident property tax-paying voters of the said city of Matador, Texas, and

It further appearing to the council that the amount of bonds to be issued will not be in excess of the limitation provided by law under the assessed valuation of property of the said city of Matador, Texas:

IT IS THEREFORE CONSIDERED AND ORDERED BY THE CITY COUNCIL OF MATADOR, MOTLEY COUNTY, TEXAS:

That an election be held in said city on the 25th day of July, 1939, which is not less than fifteen days nor more than thirty days from the date of this order to determine whether or not the bonds of said city shall be issued in the amount of Six Thousand (\$6,000) Dollars, bearing interest at a rate not to exceed four and one-half (4½) per cent annually, maturing serially within ten years from the issuance thereof, for the purpose of improving and paving streets in the city of Matador, Texas, to-wit, two blocks on Dundee Street between Commerce Street and Bundy Street, and two blocks on Main Street between Stewart Street and Bailey Street, and whether or not a tax shall be levied upon the property of the said city of Matador, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for redemption thereof at maturity.

That said election shall be held under the provisions of Chapter 1, Title 22, Revised Statutes of Texas, 1925, and the general laws of the State of Texas.

All persons who are legally qualified voters of the State of Texas and who are resident property-tax paying voters in the city of Matador, Texas, and who have duly rendered their taxable property in said city for taxation, shall be entitled to vote at said election.

The ballots for said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF BONDS"  
"AGAINST THE ISSUANCE OF BONDS"

The voters shall mark out with black ink or with black pencil one of said expressions, thus leaving the other as indicating his vote on the proposition.

The said election shall be held in the City Hall of Matador, Texas, and Mrs. Ethel Payne, shall be the presiding officer, Mrs. Lelia Tardy, assistant judge, and Mrs. W. N. Pipkin and Mrs. Ethel Sheridan, clerks.

The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the Statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in the Matador Tribune, a newspaper published in said city, on the same day in each of two successive weeks, the date of the first publication to be not less than fourteen days prior to the date set for said election, and in addition thereto there shall be posted by the city marshal, or some other authorized officer of said city, a substantial copy of this order at the city hall of Matador, Texas.

The mayor is hereby directed to cause said notices to be published and posted and the City Secretary is hereby directed to publish and post the same, as hereinabove directed; and further orders are reserved until returns of said election are made by the duly authorized election officers and received by this council.

Given under my hand with the seal of the City of Matador affixed, this 3rd day of July, 1939.

G. T. Edwards, Mayor.

# Stage Coach...

(Continued From Page 1)

Dick Sheppard, Andy Daniels and Ralls Mills will have part in the caravan. A combined truck and chuck-wagon, a pick-up and trailer, and two automobiles will comprise the equipment to follow or lead the stage coach.

### To Carry Mail

The stage coach will carry mail in the same manner as the Pony Express trip. Souvenir stamps are for sale at the First State Bank here at 50c each. Letters mailed bearing the stamps must also bear a 3c postage stamp. The letters will be picked up enroute and carried by stage coach to New York where they will be mailed and will be returned to the sender or to the address appearing on the envelope. Mr. Meyer said yesterday that more stamps have already been sold than at the same stage in the Pony Express Race. Souvenirs and pictures of the stage coach will be sold enroute and the stage coach will give street performances when possible. Part of the profits from the sale of souvenirs and sale of stamps will go to members of the party and to defray expenses.

### Interest Is Taken

Mr. Meyer declared that much interest was already being shown in the trip and that he believed it would attain much more publicity than the Pony Express race. He is aiding in the promotion and management and will have charge of the bookkeeping and time keeping, he said. It was not known late yesterday as to what arrangements had been made with regard to a radio broadcast of the start Saturday. The trip is being sponsored by the Mineral Wells Chamber of Commerce with the cooperation of the New York World's Fair. The caravan will be officially welcomed by officials of the great city and the fair when they arrive. Mr. Meyer said that he expected 40 or 50 days would be required in the journey as he hoped that an average of 40 miles per day could be made.

### Believe Davidson Will Go

Many here believed Shannon Davidson would hurry eastward from California and join the troopers before the start, since it was learned he had completed the motion picture in which he was working and is now at liberty. He was featured with Gene Autrey in "Colorado Sunset." Mr. Meyer expressed the belief that the winner of the Pony Express race would fly back to Texas as soon as he received full details of the proposal and plans. Mr. Meyer was anxious that Davidson would be interested in the offer.

### VISIT PARENTS

Mrs. Ware Fogerson and small son of Silverton are visiting her parents, Mr. and Mrs. Riley Day, this week. They were accompanied here on Sunday by her brother, E. A., who has been in Silverton for an extended visit, and Mr. Fogerson, who returned home Sunday night.

# State Fair Plans Huge Farm Show

DALLAS. Another gigantic portrayal of Texas Agriculture will be presented during the 51st annual State Fair of Texas, October 7th to 22nd. Featured in this agricultural picture of Texas will be chemurgy—this new road to cash crops on Texas farms.

Counties showing credible exhibits will again be awarded \$125 and there will be no competition between such exhibits. This innovation in the Agriculture Show at the State Fair started in 1938, enabled counties to show these things which brought funds into the farmers hands, or enabled the county to show their main resources to better advantage.

Competition will take its place in individual exhibits, in 4-H Club and Future Farmer exhibits.

The main feature of this program will be the Chemurgic exhibits. Officials of the State Fair of Texas, the South Texas State Fair at Beaumont and of the East Texas Chamber of Commerce are cooperating in the building of this exhibit. The chemurgic possibilities of all Texas will be shown.

Last year a total of 64 counties exhibited at the State Fair of Texas. Under the new program it will only be possible to take care of a like number for the 1939 Fair. Arrangements have also been made in the plans to care for an equal number of 4-H clubs, Future Farmers and individual farm exhibits.

The Chemurgic Show will be the first ever held for the public in Texas, and those in charge hope to make it a revelation of the possibilities offered in this state for development of farm crops by this means.

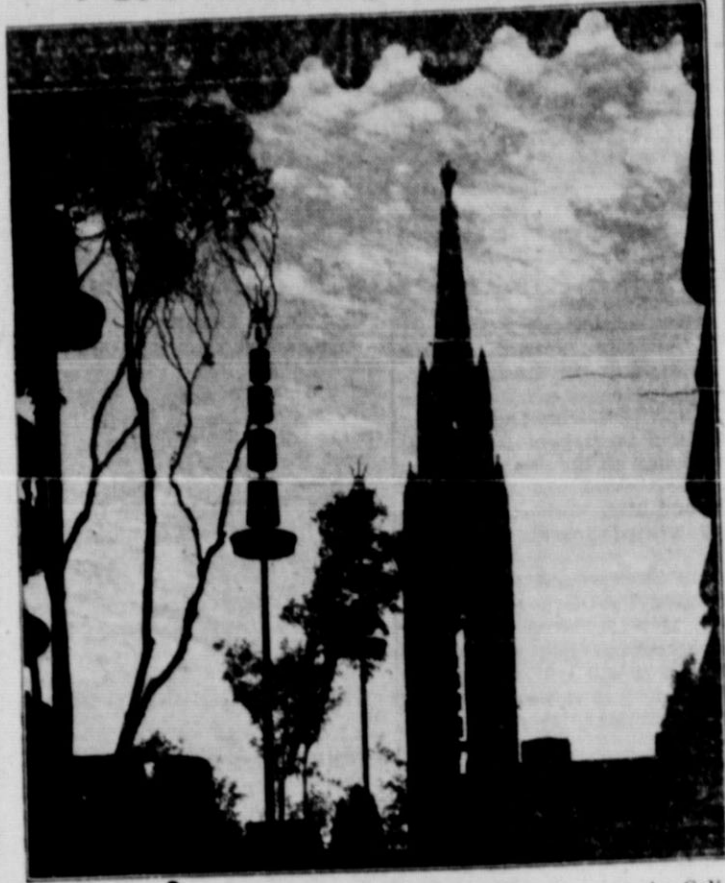

## Lions Directors Hold Meeting

Directors of the Matador Lions Club met at the Magnolia Cafe Monday morning for the regular semi-monthly breakfast-meeting which was delayed from the previous week because of the holiday, July 4th.

Tentative plans were outlined for a ladies'-night party to be held in the near future, the details to be discussed at the regular meeting. Announcement was made of the highway meeting, regarding Highways 18 and 88, to be held at Turkey Monday afternoon July 17. Particular stress was placed upon the importance of the meeting since it would give Matador a more direct route to the north thru the proposed new road from Turkey to Clarendon.

Mrs. W. R. Dirickson and son, Noble, left on Tuesday morning for a visit on their ranch at Ft. Sumner, New Mexico. They were accompanied to Clovis, N. M., by Mrs. Jack Catlin and son, Jackie, and Stanley Dan Level, who will remain for a visit with relatives.

## JONES FAVORS SURPLUS LINT TO AID POOR

WASHINGTON — Chairman Jones of the house agriculture committee Sunday proposed the immediate manufacture of a large part of the existing surplus of cotton into cheap cotton materials for wide distribution among the needy of the United States.

While Jones made no direct reference in his statement to the plan of Secretary of Agriculture Wallace to begin a cotton export subsidy program, there appeared no doubt but that the Texan's proposal was made as a substitute for the export subsidy plan.

Jones has remained comparatively silent on the subsidy plan during its heated discussion in congress, but never has appeared warm toward it. His statement Sunday may lead to another drive in congress to prevent the subsidizing of the cotton exports, using the funds made available for this purpose to subsidize the distribution of the government loan cotton among the people of this country.

The agriculture department appropriation bill for the fiscal year that has just started contains approximately \$51,000,000 which the secretary of agriculture can use to dispose of surplus cotton. Of this total, he is permitted, if he so plans, to use about \$36,500,000 to subsidize cotton exports. He only has to use about \$14,000,000 in his surplus disposal program within the United States.

Jones, however, declared that a great part if not all of the \$51,000,000 should be used to provide cheap cotton materials and clothing for the needy people of the United States.

### VISIT PARENTS

Mr. and Mrs. A. J. Williams and daughter, Evelyn, of Nocona, left for their home on Monday following a visit with her parents, Mr. and Mrs. Harrison Williams, and other relatives here. They were accompanied here by her sister, Mrs. F. A. Bird and son, Charles, and Elliott Williams, all of Midland, who remained for a longer visit.

Mr. F. A. Bird arrived here on Monday.

Miss Rebecca Fulkerson of Dimmit is spending the week with her parents, Mr. and Mrs. M. P. Fulkerson.

## SUMMER HEAT DANGER CITED IN PRECAUTION

AUSTIN—"The beating Texas sun these July days is beginning to take its toll in heat prostrations, from reports reaching the Texas State Department of Health. A simple precaution to help prevent heat cramps and prostration is to add a pinch of ordinary table salt to each drink of water you take.

Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat fog. Salt is a prominent constituent of sweat; the body loses large quantities of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink. Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be used. Milk is a source of salt and will help to make up for the deficiency caused by sweating. Alcoholic drinks should be avoided.

Heat cramps are characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then various muscles begin to cramp.
