

Highway 18 To Receive More Aid

Motley County Chamber of Commerce To Aid In R. F. C. Relief Work

Gravel And Caliche To Be Applied From Here To Matador

WORK WILL GO TO LOCAL MEN AND THEIR TEAMS

Highway Loop Into City Is Included In The New Plans

Judge W. R. Cammack and Commissioner T. E. Long completed arrangements in Abilene Monday, for additional work on Highway 18, through the State Highway Maintenance Department.

The work will consist of a caliche base and gravel topping for all of the Highway unfinished between Roaring Springs and Matador, including the "loop" through this city.

All labor and team work will be given to local residents.

Work will start as soon as the divisional engineer can draft plans, which may take thirty days or longer.

Mrs. Springer Dies In Home Of Son At McLean Early Wednesday Morning

Mrs. E. F. Springer, mother of George Springer of Roaring Springs, died in the home of her son, Wit Springer at McLean, early Wednesday morning.

Mrs. Springer had been in ill health for some time but was thought to be improving when word was received that she was in a critical condition. Mr. and Mrs. George Springer left here immediately on receiving the message.

Interment was made in the McLean cemetery at 10 o'clock today.

A number of Roaring Springs friends joined in sending a beautiful floral offering as final tribute.

The News joins sorrowing friends and relatives in their hour of grief.

Roaring Springs Club Entertained at Matador

Members of the Roaring Springs Bridge Club were guests in the home of Mrs. Lemmie Day at Matador last Tuesday.

Those who enjoyed the dainty luncheon and games were: Mrs. W. C. King, Mrs. M. S. Thacker, Mrs. E. E. Moss, Mrs. Andy Hurst, Mrs. Lourena Ferguson, Mrs. K. Jones, Mrs. Freeman Thacker all of Roaring Springs, and Mrs. Warren Clements of Matador. High score was held by Mrs. Lourena Ferguson.

Attend Convention

M. S. Thacker, accompanied by Aud Harp of Matador, left Monday afternoon for Dallas where they will attend a convention of Retail Hardware Dealers held there this week.

Trail Dust

Harry Carr, eminent columnist of the Los Angeles Times, says in that gazette's elaborate 160 page mid-winter edition, that the pioneer period in America has come to an end. With casual reference to Mr. Webster's little handbook we find that a pioneer is one who goes before to prepare the way for another. It is hardly likely that the last frontier has been reached and that the pioneer's work has been completed. It seems to me that it has only begun. The universal condition of the world today bids frantically for pioneers of foresight and determination, whose rugged characters will withstand the hardships that stand between nonentity and the goal. As pioneers of the past blazed trails into unknown lands, the pioneer of today is charged with blazing a trail through the jungles of insipid conventions, jealousies, laws and graft that thwart the development of America. Where the pioneer of yesterday had but one predominating temptation, that of turning back, the pioneer of today has a thousand. Once gaining a noticeable start, he is besieged at every move to change his course or give up his plans. The pioneer of today must have a flawless character. Do not despair. He is in America today and his eyes are fastened on the goal. Sired by forefathers who knew no obstacles and suckled by a she-wolf, adversity, he has girded himself with the ax of intelligence and gone into the wilderness to blaze a trail. That pioneer of today and tomorrow.

Emerson's law of Compensation continues its undeniable influence. The preacher, long sufferer of mankind's whims and fancies, and subject to every kind of criticism, so long as it offered a tangible excuse for staying away from church, has, in recent years, had the automobile and radio to contend with. They are proving to be his allies. The automobile offers transportation for those who want to come to church and the radio carries beautiful spiritual word and song messages into the homes of thousands who would never otherwise hear them. There is no way of knowing how many lives have been made better by its influence. It is possible that the radio is doing far greater work than we realize. With its development and use may come a universal language and with that achieved, a universal peace is quite within the realm of possibility.

W. M. U. Meeting

The W. M. U. met Thursday afternoon in the home of Mrs. W. C. King, new plans were made for the year's work and an interesting program was outlined. Eleven members were present and all are invited to meet Thursday with Mrs. W. C. Grissom.

L. F. Patterson Succumbs To Brief Illness Sunday

Many Friends In West Texas Grieve at His Passing

Frank Patterson, early resident of Motley county was summoned by death at his home in East Matador Sunday afternoon, after a short illness of influenza and pneumonia.

Mr. Patterson had lived some score and half years in this country. He was known by almost every one in the county and counted his friends by the people he knew.

Frank Patterson was born in Rusk county, Texas, about 62 years ago. He and his family lived in Roaring Springs for a number of years, moving to Matador seven years ago.

The deceased leaves a wife, Mrs. Frank Patterson, of Matador; a son, H. W. Patterson of Clarendon and a daughter, Mrs. Van McClab of San Antonio.

Funeral services were conducted Monday at 2 p. m. by Rev. C. D. Pipkin and interment was made in East Mound cemetery.

The News joins the sorrowing relatives and friends in their hour of grief.

Methodist Church

The pastor is greatly encouraged over the outlook for the church at Dickens City. A series of services from Wednesday night of last week through Sunday resulted in great good. The church encouraged, the pastor and people better acquainted, and Sunday school put to going again.

Your pastor is delighted with our work here. Largest number at Sunday school last Sunday since my coming here. All the departments of the church coming along in good fashion. A Cradle Roll and Nursery department has been organized in the Sunday school. All parents with children who belong to that age group are asked to please get in touch with the Supt. of that department, Mrs. T. Marvin McBrayer, and enroll the babies. We want to keep in close contact with you and them, thereby being a help to all. Where were you last Sunday? Were you in church and Sunday school? If not why not?

Won't you give the church your loyal support? Help the church and every arm of the church with your presence, words of appreciation and boosting. It goes a long way in helping.

The pastor will be happy to meet you at the church next Sunday. You need what the church has for you. God wants to bless you there, will you let him?

All members, friends and those of no church will be given a glad hand at the services. The pastor wants to serve.

Welcome to worship with us at "The Friendly Church."
T. MARVIN McBRAYER,
Pastor.

COMMISSIONER'S COURT SLASH WAGES IN FIGHT TO LIGHTEN TAX LOAD

Total Tax Saving Will Be Near \$35,000 This Year

At its first session this year, the County Commissioners Court adopted a planned budget by which all Ex-officio salaries will be cut 10 per cent. The fee offices being set and beyond the reach of the reach of the Court's reduction ax.

By the salary cut and by the lowered tax valuation, amounting in some cases to as much as 40 per cent, the county will save \$35,000.00 in taxes this year.

Church of Christ

I have to live with myself, and so, I want to be fit for myself to know.

I don't want to look back at the setting of the sun And hate myself for the things I have done.

At 7 p. m. every Sunday we have prayer service, training program for children and the church members. Following this thirty minute service the preacher speaks on Biblical themes. Every child and others, members and non-members are welcome to participate.

Bible classes 10 a. m. Communion 10:40.

"Sound Doctrine"—Titus 2:6-15 will be sermon topic 10:45.

At 7:30 "The Gospel in Earthen Vessels"—2 Cor. 4:1-7.

Worry is the interest we pay on trouble before it is due. Looking at the earth six days the week, let us take Sunday to look up and get our bearings.

The most miserable are those who make pleasure a business. "Too many folks are doling up on a dollar down." Some able church members are so close if you ask them to sing "Old Hundred" they will sing "The Ninety and Nine" thus saving one per cent.

The joy book of the Bible is Paul's letter to the Philippians. God's art-gallery of the faithful is Hebrews chapter eleven.

The four members of the Johnston family sing quartets at the services. Hear them.

BEN WEST, Minister.

To Tax Payers of Roaring Springs Independent School District

All taxpayers who are delinquent for 1931 or any prior years are hereby notified to pay on or before February 1st, 1933. Proceedings to enforce payment of the above will be started immediately after February 1st, 1933.

School Board.

Distribution Is Placed With County Civic Club

Commissioners Court To Place Bulk of Assignment

Only Deserving Needy Will Receive Consideration Of The Court

A committee of the Motley County Chamber of Commerce received at Amarillo last week, the county's share of Reconstruction Finance Corp. money to be applied in urban and rural improvement. All labor to be done by needy and unemployed of the county.

No cost of distribution will be attached as the entire disbursement was placed in the hands of the West Texas Chamber of Commerce of which the local organization is a member. The Motley County Chamber of Commerce in a meeting with the Commissioners Court last week turned over four-fifths of the assignment to the county officials, thus allowing each precinct equal representation.

WORK FOR NEEDY

Destitute cases, where a man is able to work, after diligent investigation by the Commissioners Court as to true condition, will be given employment at the scale of 15c per hour for eight hours of labor. Work will consist of repairing streets, roads, culverts, clearing right-of-ways, vacant lots, improving parks, painting fire hydrants or any city or rural improvements that need attention.

The work is to be distributed through the months of January and February.

Birthday Party

Mrs. E. E. Moss and Mrs. M. S. Thacker were hostesses last Thursday evening at a surprise birthday dinner party given in honor of their father, Mr. J. W. Hoyle.

After dinner the evening was devoted to '42' and the presenting of presents with wishes for many more happy birthdays.

A delicious repast was served to the following guests: Mr. and Mrs. W. C. Grissom, Mr. and Mrs. Owen Williams, Mr. J. A. Hinson, Mr. D. S. Cargile, Mrs. W. C. King, Mrs. F. L. Ferguson, Miss Audys Ratliff, Ennis Moss and Melton Thacker.

Trades Day

Saturday will be Trades Day a semi-monthly feature offered by merchants and business men of Roaring Springs. The usual cash prizes will be offered.

Completes New House

A new home, located in the Northwest part of town, is being completed this week.

The house, being built by Lourena Ferguson, will be occupied by her mother, Mrs. J. F. Freeman

**Landers Opens Store
 At Aspermont**

Melvin Landers, one of the leading grocers of Spur, opened a new grocery store in Aspermont Tuesday. This makes the second store Mr. Landers has opened this year, the other one being at Roaring Springs. This makes five grocery stores which Mr. Landers owns at this time: Roaring Springs, Spur, Jayton, Swenson and Aspermont.

In securing Mr. Landers as a business man Aspermont has secured a live wire, and it will require some hustling for other grocers to keep up with him in that line of business.—Dickens County Times

An Army of Fifty Thousand

Many young people, when they finish high school, have nothing more definite in mind than merely getting a job of some kind. But it is not so easy for the untrained young man or young woman to secure a position with a future. The good positions are going to the men and women who have prepared themselves for a place in the business world.

For over a quarter of a century, the Tyler Commercial College and School of Business Administration at Tyler, Texas, has been training young men and young women for better business positions. No matter what sort of business career you are interested in, you will find superior instruction at Tyler.

The Employment Department at T. C. C. is one of the best and most widely known in America and there are nearly fifty thousand Tyler graduates now holding good positions all over the world.

Write to the Tyler Commercial College and School of Business Administration for a copy of their handsome booklet, "Achieving Success in Business." It will be mailed you absolutely free for the asking.

Miss Vivian Masey is reported on the sick list this week.

Mrs. R. J. Murry of Lubbock is visiting her parents, Mr. and Mrs. J. R. Meason, this week.

Joe and Eblen Malouf of Rotan were guests in the G. Gabriel home last week.

Texas Wool Industry

By W. E. TALBOT

Editor's Note.—This is the fifth of a series of articles dealing with the possibilities of the wool industry in Texas. Colonel Talbot, managing director of the Southwest Industrial Development Bureau, is an acknowledged authority on the subject of industrialization in Texas.

STORY No. 5.
 Copyright, 1932, Southland Life Insurance Co.

As we previously have pointed out, the wool and mohair crop for 1931 had a value of \$12,825,000. This amount, it was shown by James McDowell, textile expert, was increased to a valuation of \$187,000,000 after being washed, carded, processed and ready for the manufacturer. This gives a very definite idea of the loss sustained by Texas in labor charges. We should do this work ourselves. Let me remind you the figures concern merely the wool ready to go to the mills to be changed into the finished cloth. There are no manufacturing profits yet added. So it would

appear that there is ample opportunity for Texas capital to be invested in an industry that will take our own raw material and at least prepare it for the manufacturer, which eliminates the excessive cost today being paid for scouring by our own people plus the freight rate on dirt and grease. If this dirt and grease were retained in Texas a new industry in the manufacture of soap and cheap fertilizer for our farmers could result.

These things can be done and should be done. The only question is whether or not the cities that are in the immediate vicinity of the wool raising area are progressive enough to take advantage of this source of added income for their communities.

Tomorrow: Advantages of Tertiary States Shipping to Texas Rather Than New England.

Dale King spent the week-end visiting with Jack Goodwin of Lubbock, Texas.

Mr. and Mrs. Robert Medlin of Floydada spent Sunday with Mrs. Robert Medlin, Sr.

Mr. and Mrs. Dalton Johnston and family visited with friends in Spur, Sunday.

Mrs. L. C. Poteet returned Thursday from a several days visit with her mother, Mrs. C. D. Wilson, of Dumont.

Mrs. Clyde Brown is visiting this week with her parents, Mr. and Mrs. J. R. Meason.

Mrs. L. C. Davis and children accompanied by Mrs. A. J. Hinson spent the week-end with relatives in Spur.

Mr. and Mrs. T. E. Long were business visitors in Matador Tuesday.

Mrs. L. E. Ragsdale and daughter, Alice, spent Sunday visiting relatives near Midway.

Mrs. Clayton Bridge and daughter, Nellie, were visiting friends in Roaring Springs Thursday.

Lewis Poteet and James Dunlap left Roaring Springs early Wednesday morning for Fort Worth where they will look after business interests.

Mr. and Mrs. A. J. Malouf of Knox City spent last week visiting with the Gabriel family.

W. C. King made a business trip to Paducah Thursday.

Harold Jones returned home Tuesday after an extended hunting trip.

M. E. Long was called to Brownwood last week on account of the death of his father. He returned home Saturday.

All of Lot Number 15, in Block Number 39, in the town of Roaring Springs, Motley County, Texas, together with all improvements thereon.

The above sale to be made by me to satisfy the above described judgement for \$140.18 in favor of Plaintiff, together with all costs of suit and sale, and the proceeds to be applied to the satisfaction thereof. J. E. Skinner, Sheriff; Motley County, Texas.

The United States may be noted for its large number of institutions and the vast population within those institutions, known as reformatories and prison, yet other countries also are confronted with an equally increasing number, which may have some soothing effect over here. Our country has far too many criminals, and regardless of what reformers may say as to crime in other countries, the commissioners of Great Britain have filed their report for that country, in which it shows an increase over the previous report. This shows then, that the crime wave is not confined

to the United States, but extends across the ocean. More criminals, longer sentences, over-crowded reformatories and full prisons were the main facts contained in the report.

The daily average population of the prisons and reformatories during the year was 10,860, compared with 10,590 during the previous year. The report remarks, sentences of male. The daily average of men detained was 9,972, compared with a total daily average of 888 women.

YELLOW JACKET BUZZING

An athletic club, yet to be named, has been organized and only lettermen are eligible to become members. I. T. Williams was elected President of the association; Louis Davis, Vice President; and Pete Hughes, Secretary and Treasurer.

The purpose of the club, as outlined to the boys by Mr. Godfrey, is to sponsor all athletic activities, to build up spirit and morale among the athletes and, as far as possible, among the whole student body.

The organization should prove to be a valuable asset to the Yellow Jackets and we are sure when it gets in full swing that its influence will be felt throughout the school.

VALLEY VIEW VS. ROARING SPRINGS

The Senior girls gave a good account of their athletic ability last Friday night in a most thrilling game with the girls from Valley View. At the end of the first half our girls were considerably in the lead, but with the beginning of the last half, the Valley View girls came back in with a determination to win that was hard to cope with. But our girls were equal to the occasion and won the game for us.

The Senior boys stepped out on this same night and lassoed a hot game from the Valley View Senior boys. It seemed that our boys have been lacking the necessary punch to win for us, but they fully compensated us for our presence that night. They work with clock-like precision—every man was poised and knew just where and when he was to receive the ball. They hit their stride from the very beginning and there was very little doubt in the spectators' mind as to the outcome of the game.

We have been witnessing a transformation in school spirit the past week or so and we are going ahead pulling for one objective, namely, to make our school equal to any in the country in regard to school spirit. We sincerely hope the parents and patrons will continue to give their presence and support to all our activities. It lets the children know that you are behind them and the faculty. We need and desire your support.

WINGS FOR OCEAN TRAVEL

How would you like to fly across the ocean? Some of us may be doing it before very long. Two big airplanes are being made to carry passengers across the ocean to Europe. They will go back and forth and make regular trips just as ships do. In two or three years, you may buy an airplane ticket for Europe. You may get into a plane early one morning and be in England the next evening for dinner.

What do you think the Pilgrim fathers would say if they could hear that? No doubt, they would say you were dreaming. It took them more than sixty days to come from England. Now the trip can be made in less than two days!

The new machines for ocean travel will be big flying boats. Each one will have four motors to carry it swiftly through the air. Instead of landing wheels, it will have pontoons. Pontoons are little flat boats. They make the flying boat

float on water when it comes down. They make travel over the ocean safer. The flying boat will look some what like the DO-X, but it will not look so large. Each flying boat will carry fifty passengers and their baggage. Besides it will carry many bags of mail and packages.

When George Washington was President and sent letters to England, it took several months for them to be carried over the ocean. The flying boats will take letters across in two days. This will tie Europe and America more closely together. News will come so quickly from our friends in Europe that we will feel very close to them.

The pilots of the new boats will do all they can to make the trip to Europe safe. They will not make the trip in one hop, but will stop on the way. They may take two routes. In summer, no doubt they will go by Greenland and Iceland. In winter they may go by way of the Azores. The Azores are islands in the Atlantic Ocean between New York and Lisbon, Portugal. The flying boats will stop on their way to Europe for fuel. Then there will be no danger of their running out of oil and gasoline. Perhaps landing fields will be built in the ocean. Perhaps in a few years travel to Europe will be as safe by air as it is today by water.

WHAT DID YOU SAY?

JOKES 'N' STUFF

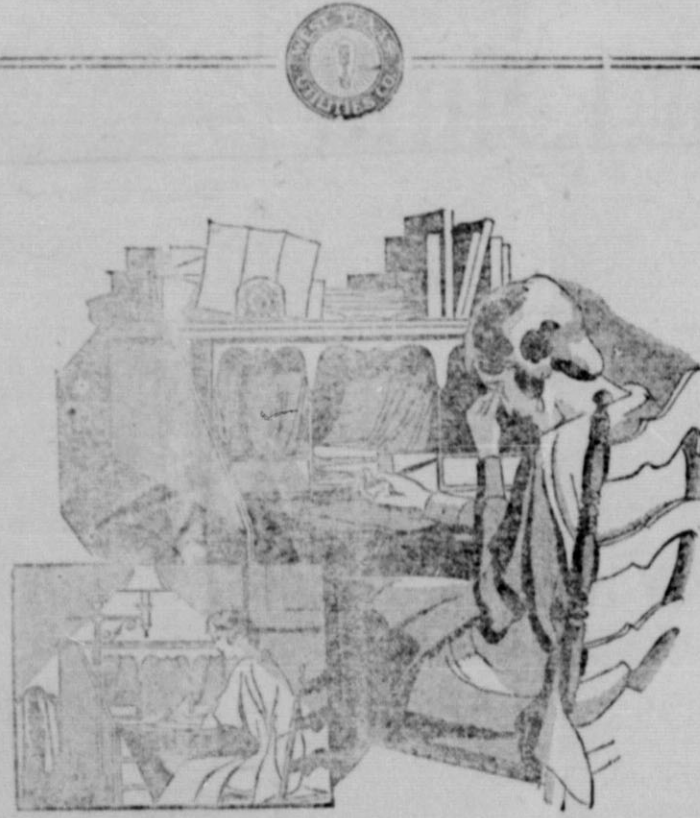

Doctor: "What seems to be the matter?"

Patient: "I've got a cold or something in my head."

Doctor: "It's a cold."

An old Southern negro was asked by the proprietor of a store how he had happened to need credit when he had made such a good cotton crop. "De ducks got 'bout all dat cotton sah," was the mournful reply. "What do you mean the ducks got it?" "Well, you see," explained the old man, "I sent that cotton up to Memphis an dey deducts de freight, an dey deducts de storage charges, an dey deducts de taxes, an dey deducts de commission, yes sah, de ducks got 'bout all. Dats why I'm here."

"Wha'd ah take?" Well, let me see, hoarhound drops and catnip tea, rock candy soaked in rum, good sized chunk o' camphor gum, next ah tried was castor oil an' snake root tea brought to a boil. Sassafras tea fo' to clean mah blood. Blue mass, laudanum, liver pills, Sixty Six fo' fever 'n chills, Ready relief an' A. B. C. an half a bottle of X. Y. Z. I'ah got scared an' sent for you, now doctor, see what you can do."

Better Lighting Will Ease Your Budget Worries

There are budgets that really will work . . . budgets that will show how to bring expenses within income! But they weren't created at a dark and gloomy day . . . they were the result of calm and intelligent analysis under the cheering atmosphere of good light.

It's surprising what a difference adequate lighting makes! . . . Troubles take on a less terrifying aspect when subjected to the clear, eye-soothing brilliance of the modern electric light. It's not only much easier to work, but the absence of eye-strain keeps your mind clear and alert.

Next time you sit down to plot out the month's expenses, or to write a letter, be sure your light is adequate. You'll find the difference amazing!

A trained employee will be happy to inspect your home-lighting arrangements. There's no obligation, of course . . . and chances are that a simple rearrangement of your present fixtures, or adjustments giving you adequate sized lamps where they're needed, will be all that's necessary.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?
