## Soviet Problems With US Far From Settlement

Four Main Points Stand in Way Of Accord

By JOHN M. HIGHTOWER  
Associated Press Diplomatic News Editor  
WASHINGTON, Nov. 8 (AP)—Negotiations between Moscow and Washington over a variety of problems ranging from Japan to Turkey appeared today to be farther from success than officials here had hoped.

Here is the situation:  
1. Foreign Commissar Molotov has replied to an American proposal for an Allied Control Agency in Tokyo which would be subordinate to the Far Eastern Advisory Commission in Washington. There are strong indications that Molotov turned down this proposal and that Secretary of State Byrnes is not inclined to compromise the issue further.

2. The United States has laid a four-point program for revising control of the Dardanelles before the Turkish government. This would give Russia some advantage which she does not now have. But tags in the use of the Straits it falls far short of Russia's reported desire for military bases on the vital link between the Black Sea and the Mediterranean.  
3. A Russian-Turkish treaty of Nonaggression and Friendship which had run for many years expired yesterday following Soviet denunciation. Diplomatic officials say they fear that Russia may make a few psychological passes at Turkey in order to gain the right to set up Dardanelles bases on Turkish soil and also to win over certain territories in Northeastern Turkey which the Russians have claimed.

4. The problem of the atomic bomb and peacetime uses of atomic energy becomes more acute between the two countries, in the opinion of diplomatic authorities, as the time approaches for conferences among President Truman and Prime Ministers Attlee of Britain and Mackenzie King of Canada. These talks will open Sunday aboard the Presidential yacht Potomac.

Byrnes declined at an afternoon news conference yesterday to comment on Molotov's speech in Moscow Tuesday saying that Russia would have atomic energy and that the secret of the bomb could not be kept. But the subject evidently was very much on Byrnes' mind because he went directly from the news conference to the White House to discuss with Mr. Truman preparations for the weekend talks.

## Sweet Mistake

### Garbled Ration Round-Up Causes Rush For Sugar

A garbled "ration round-up" apparently had precipitated a sugar rush in some quarters here.

The listing of stamps good for meat and sugar was in error and had been ordered destroyed, but through some failure appeared in the paper.  
One line of type, out of place, listed "Z-1 and green stamp No. 8" between the correct lines which listed only stamp No. 38 from book No. 4 and the fact that tish was good to December 31.

As a result, some stores issued sugar in return for Z-1 and No. 8 stamps, which are earmarked for meats. Others, who declined to sell sugar in the absence of official information, occasionally encountered irate customers. Several buyers, upon learning that they had secured sugar through an error, returned it.

To aggravate the situation, some housewives reported to grocers that they heard over the radio that everyone would be entitled to 10 pounds of sugar upon presentation of a ration book.

But there must have been a misunderstanding, or some erroneous information. OPA said only stamp No. 38 would be good for sugar through Dec. 31. Secretary of Agriculture Clinton Anderson said prospect was that some form of sugar rationing would persist until 1947.

The Howard County Ration office said only recent validation of new stamps was for "W-1, X-1, Y-1, Z-1 and green stamp No. 8" good for meats and fats through Feb. 28, 1946. They were validated as of Nov. 1.

## Tripoli Now 'Quiet'

CAIRO, Nov. 8 (AP)—More than 100 Jews were killed in rioting in Tripolitania and on "several occasions troops have been forced to open fire," a British communiqué said today. The statement said Tripoli is now "quiet."

**CHILD SHOWS JAP BAYONET WOUNDS**—Eleven-year-old Rosalinda Andoy, testifying at the war crimes trial of Lt. Gen. Tomoyuki Yamashita in Manila, P.I., shows the court some of the 38 bayonet wounds on her body, which, she said, were inflicted by hysterical, drunk-en Japanese. (AP Wirephoto from Signal Corps Radio-photo).

## Seven Hurt When Car, Taxi Crash

Six high school girls were badly shaken up when the automobile in which they were riding and a taxicab were in collision at the intersection of Owens and Eleventh

Place about 7:15 p. m. Wednesday.

## Wednesday Bond Purchases Boost Total Slightly

Bond buyers had a rejuvenation Wednesday as the tempo of E bond purchases increased.

Sales for the day amounted to \$6,693.75, the best day of the week. This boosted the total to \$53,937.75, or 16.3 per cent of the \$330,000 Victory Loan E bond quota. This was a gain of two per cent points for Wednesday.

Part of this quickening of purchases was attributed by bond leaders to work being done by service club members, who are getting into the swing of the Inter-club E bond contest. Thus far, on a per capita basis, the American Business club is leading with the Rotary next. The B&PW, at last count, was in third, the Lions fourth and Kiwanis fifth.

Attention of the bond buying public (and Ted O. Gorebl, Victory Loan chairman, said this ought to include everyone in Howard county) was called to the fact that purchases of bonds of any denomination entitles the buyer to free tickets to the Ritz bond premiere, "Rhapsody in Blue" on Nov. 15.

These tickets are available at any of the issuing agencies with the delivery of bonds. The premiere is the story of George Gershwin, one of the most famous of modern composers.  
Gorebl urged others to join in the purchase of E bonds to the limit of their ability to make good on the slogan "They Did Their Job—Let's Do Ours."

## Jap Occupation To Last One To Five More Years

By GLENN BABB  
TOKYO, Nov. 8 (AP)—America's tremendous task in Japan possibly can be fulfilled within three to five years, with an occupying force of approximately 200,000 men.  
That is the expressed opinion of many of the men here who should know best, provided the present rate of progress is maintained and there are no drastic changes in policies given occupying authorities.

There is confidence here that within such a period militarism can be eradicated, a reasonable facsimile of democracy planted and a restricted measure of economic well-being restored. Then, according to this view, American and other Allied armies can be withdrawn, possibly to be replaced by some other form of control, with confidence that Japan will be a useful member of the family of nations with no desire or power to make war again.

MacArthur is known to be content with the progress of his program of demilitarization and democratization.

Americans and Japanese agree that thus far there has been 100 per cent compliance with the series of hard-hitting directives issued from MacArthur's headquarters. There is no evidence of any undergrowth in the making. But, those who believe in a relatively short occupation emphasize that one which extends beyond five years will bring new dangers. Either the Japanese will become completely dependent on the Americans or resentment against alien rule will have time to flower into open rebellion.

Responsible leaders trying to chart the future emphasize the belief that continuation of current progress depends on the maintenance of the present basic character of the occupation, with direction, execution and responsibility primarily in accordance with the

## Military Bill Essential, War Secretary Says

Atomic Bomb Shows Need For Universal Training In US

By WILLIAM F. ARBOGAST  
WASHINGTON, Nov. 8 (AP)—Secretary of War Robert P. Patterson testified today development of the atomic bomb made essential prompt adoption of universal military training.

"There is only one justification for the establishment of a universal military training program," Patterson said. "It is needed to give the United States security and to make it possible for us to underwrite world peace. That is the only basis for asking that every young American give a year of his life to such training."

Patterson was the first witness as the house military committee began consideration of President Truman's Oct. 22 request for immediate approval of legislation to build up a trained reserve through compulsory peacetime training.

Patterson said many people "have convinced themselves that all we shall need in a future crisis area supply of atomic bombs and a competitive handful of trained men to push the buttons that will set off the bombs."

But, he added, he knew of "no responsible military authority who shares that belief."

"On the contrary," he declared, "all are agreed that the bomb's capacity for destruction and the suddenness with which it can strike enormously increase the need for maintaining in every section of the United States trained citizen-soldiers capable of swift mobilization in the event of an atomic or airborne attack."  
He said no one knows ultimate possibilities of the new weapon. "But we know enough to know that it has made war more terrible and more total than ever before."

"There would be no non-combatants in a future war; every man, woman or child would be in the danger zone," he warned.  
Both Patterson and Secretary of Navy Forrestal, who also was called as a witness, have in the past advocated a program requiring every young man to take a year of military training.

## Romanian Troops Fire On Crowds

BUCHAREST, Romania, Nov. 8 (AP)—Troops fired on a crowd demonstrating before the Royal palace today in honor of King Mihai's birthday and killed or wounded six.

Troops blocking the entrances of the Royal Square before the palace opened machine gun fire into small crowds at one of the entrances.

The casualties were left lying on the street as this dispatch was being written at 3:55 p. m. (5:55 a. m. C.S.T.).

King Mihai and the Soviet-sponsored government of Premier Petru Groza have been at loggerheads for months. The young monarch has refused to sign decrees of Groza, which would give his edicts the force of law.

King Mihai last summer appealed to the United States and Britain to help in the establishment in Romania of a government which would be recognized by all the big powers.

The Groza government has Russian recognition, but not that of the United States and Britain.

# Communists Ask General's Apology

**ESTABLISHES SPEED RECORD**—Test Pilot Erio Greenwood raced this jet-powered Gloster Meteor over a 1.86-mile course four times Nov. 7 at an average speed of 606 miles per hour—an unofficial world record for aircraft. The test took place at Herne Bay, England. The craft's earlier models were used against German robot bombs during the war, having been introduced in August, 1944.

## Reds Demanding Compensation From US

By SPENCER MOOSA

CHUNGKING, Nov. 8 (AP)—Chinese communists demanded today that Lt. Gen. Albert C. Wedemeyer, U.S. commander in China, apologize and that compensation be paid for alleged American "interference" in China's internal struggle.

The Reds also demanded that Chinese government troops withdraw from all Red-dominated areas, as the price for peace, but asserted that the government, instead, was planning an all-out offensive for which 90 divisions already were being massed in the North.

The demand for Wedemeyer's apology was continued in one of four protesting letters sent to the American Commander of the communists Yenan headquarters.

Spokesmen at the Communist headquarters at Yenan called "a complete lie," government claims that the nationalists have been and would remain massed around "liberated areas" of Honan Province, and Hopei Province is surrounded by more than 20 government divisions, the Communist asserted.

Chou En-Lai, Yenan negotiator here and No. 2 Chinese Communist, announced the Yenan answer to Kuomintang peace proposals shortly after reports that the Russians had withdrawn from the Manchurian ports of Huliao and Yingkow (Newchwang) leaving the Chinese Reds in command, shortened the already tense atmosphere.

Chou said The Communists demanded that the Kuomintang withdraw to positions outside the "liberated" areas before the civil fighting began and order all Nationalist troops to cease firing.  
The worried-looking Communist representative told newsmen of the Yenan reply to Chiang Kai-Shek's offer and said he would deliver it to Nationalist government officials later today.

"The situation," he added, "appears dangerous."  
Reports that the Russian forces had suddenly been withdrawn from the Manchurian ports of Huliao and Yingkow (Newchwang) leaving the Chinese Communists in control, were received here today amid growing signs of impending crisis in the undeclared civil war.

Other developments were:  
1. The Central government admitted receiving its first serious setback in the fighting in Southern Hopei Province.

2. Communists followed up the announcement in Washington that American Marines would be withdrawn from the trouble zone with a series of four protests to the American Commander in Yenan, and held the Americans "responsible for any grave consequence" resulting from their presence.  
3. The long awaited reply of the Yenan Communist headquarters to Kuomintang peace proposals were received in Chungking. The reply, undelivered to the Central government, was understood to contain counterproposals necessitating further delay in the cease fire order.

## Ford Plant Agrees On Vote For Strike

### Union Turns Down GM Compromise Wage Plan

By The Associated Press

The fight by CIO-United Automobile Workers to obtain 30 per cent wage increases for the nation's auto workers appeared headed for a showdown today as the last group of employees in motor's "big three" voted in favor of a work stoppage to support the union's demands.

The union yesterday flatly rejected a compromise wage adjustment program offered by General Motors corporation at the renewal of negotiations in Detroit. Earlier GM had formally turned down as "excessive" the union's demand for a 30 per cent wage rate hike in the motor industry.

Meanwhile, early returns from yesterday's National Labor Relations Board election among 80,000 Ford company workers disclosed a heavy majority approved a work stoppage to support the union's wage proposal. Previously employees at General Motors and Chrysler corporation sanctioned the possible strike action.

The newest flareup in the motor industry labor fight came as the United States Steel corporation declined Secretary of Labor Schwelienbach's proposal to reopen wage negotiations with CIO-Steelworkers under a special conciliator.

The automobile and steel disputes held the center of attention along the nation's labor front. Work stoppages across the country kept idle some 275,000 workers.  
Picketing at one of the two plants of Goodyear Tire & Rubber Co., in Akron, O., was reported ended and some of the 10,000 workers made idle by a work stoppage yesterday returned to their jobs.

On the Pacific coast, an AFL unionist said the financial resources of the nation's 850,000 AFL carpenters had been pledged in support of the 60,000 AFL lumber and sawmill workers, now in the seventh week of a strike for a \$1.10 hourly minimum wage.

Meanwhile, there was prospect of a tieup in the Pacific Coast pulp and paper industry after two AFL unions called for a strike vote in a wage dispute. A strike in the industry would be the first in 10 years of successful collective bargaining.

## Business Houses To Close Monday

Prospects were Thursday that most businesses would observe Monday as Armistice Day with a holiday.

At a meeting of merchant representatives Wednesday evening, it was recommended that business houses close Monday since Nov. 11 falls on Sunday. This was a reversal of a previous declaration.

Schools, however, will go on Monday as scheduled. They are to be dismissed at 2:30 p. m. Friday so students would have opportunity to go to San Angelo for the Bobcat-Steer game. Monday the banks and postoffice will be closed.

## Labor-Management Conference Wading Through Bulky Agenda

By STERLING F. GREEN

WASHINGTON, Nov. 8 (AP)—President Truman's labor-management conference tolled through a bulging agenda today, but United States Steel corporation held the capital's attention with a sharp rebuff to r. Truman's wage-price policy.

Through its president, Benjamin F. Fairless, the corporation not-

talks with the CIO Steel Workers' Secretary of Labor Schwelienbach it would not resume wage until it had the government's answer on steel price increases.

Fairless dashed cold water, also, on Mr. Truman's proposal that employers grant wage increases now, then wait six months before seeking a price ceiling adjustment from OPA if profits dwindled too sharply.  
Fairless said if wages are boosted, additional steel price increases—beyond those already pending—will be needed and the corporation, he added, will insist on assurances from OPA that they would be granted "simultaneously" with any wage hike.

## More Atrocities Related In Trial Of Jap General

By STERLING F. GREEN

MANILA, Nov. 8 (AP)—The grim story of a Japanese reign of terror in Batangas province where 25,000 men, women and children were brutally mistreated or murdered in seven months began to unfold today before the military commission hearing war crimes charges against Lt. Gen. Tomoyuki Yamashita.

Survivors have said that the death toll of civilians was far greater in Batangas than it was in Manila. Populations of entire villages, these survivors have reported, were held at bay at the point of Japanese guns while the invaders burned down all their homes.

The prosecution's first Batangas witness was Lt. James P. Healey, Jr., of San Francisco, a war crimes investigation officer, who said he learned that some 6,000 Japanese soldiers ran rampant over the province from Oct. 9, 1944, to May 1 of this year, committing acts of brutality on the grounds their victims were guerrillas.

Next witness was a Filipino, Pampilo Umali, from the province, who related that he was tied up with "about 700 men and I don't know the number of women but there were many," and "led off to a well about 300 feet wide and 60 feet deep."

One by one they were made to jump into the well, Umali said.  
Before Japanese soldiers covered the well with native bamboo sheets, Umali said, they threw in some rocks, "dropped a sewing machine," and fired in many shots.

Sometime after midnight, the witness continued, some Filipino women sneaked to the well and lowered ropes up which men escaped. Many of the women liberators were captured and never seen again.

The prosecution wound up its presentation of Manila testimony with introduction of a deposition declaring that Red Cross packages intended for American civilian internees were found looted in the headquarters of Yamashita who today observed his sixtieth birthday.

## Nichols Killed

CAIRO, Nov. 8 (AP)—Jack Nichols, vice president in charge of international operations of Transcontinental and Western Airlines, and seven other persons were killed at Asmara, Eritrea, in a plane crash Wednesday, the U.S. army announced tonight.

## Martin County War Fund Quota Reached

By RALPH MORTON

BATAVIA, Nov. 8 (AP)—A band of 1,000 Indonesians was beaten off by British Indian troops and tanks today near Batavia as tension mounted throughout Java.

Almost simultaneously Dutch forces threw back another attack on the Tjilititan airfield on the southeast outskirts of the capital, scattering a band of 300 nationalists after a pitched battle which lasted nearly an hour.

The British colonel whose troops beat back the first attack, aimed at a camp for released Allied internees and war prisoners, said that for the first time the Indonesians appeared to be fighting under organized leadership.

He said that when the fighting ceased near the camp the situation was under control, but that the attackers might "come back again after lunch."

A delayed dispatch from Associated Press correspondent Vera Haugland at Palembang, Sumatra, said reports reaching there told of the slaying by Sumatran nationalists of a British doctor, a British officer and several other high ranking British near Benkoelen Tuesday.)

The Indonesians left 14 dead in the battle at the internee camp. Several Indonesians and two Punjab troopers were wounded. At the Tjilititan airfield, one Indonesian was killed, one was captured, and two Dutch soldiers were wounded.

At Magelang, near the center of Java, the inhabitants were reported extremely uneasy as armed nationalists gathered in threatening hordes from outlying areas, British authorities said. It was officially stated that many Magelang residents already had evacuated the town.

Chou En-Lai, Yenan negotiator here and No. 2 Chinese Communist, announced the Yenan answer to Kuomintang peace proposals shortly after reports that the Russians had withdrawn from the Manchurian ports of Huliao and Yingkow (Newchwang) leaving the Chinese Reds in command, shortened the already tense atmosphere.

Chou said The Communists demanded that the Kuomintang withdraw to positions outside the "liberated" areas before the civil fighting began and order all Nationalist troops to cease firing.  
The worried-looking Communist representative told newsmen of the Yenan reply to Chiang Kai-Shek's offer and said he would deliver it to Nationalist government officials later today.

## P-T-A Council Discusses Lunch Room Plans, Names Convention Delegates

Plans for the establishing of school lunchrooms for each school unit were discussed at the meeting of the Parent Teachers association council meeting Wednesday afternoon at the high school.

Mrs. J. E. Brigham, chairman of the special committee for the council concerning the hot lunch project, reported that information had been received from the State department that the plans are definitely underway. She announced that by the December meeting of the council definite plans and instructions will be available. The president of each unit expressed 100 per cent cooperation with the program.

At the meeting presided over by Mrs. Brigham and Mrs. B. E. Wintertord, Mrs. Ray Clark gave the devotional from "Up," by George Matthew Adams.

Reports were heard from officers and standing committees, and all organizations stated that they

had had success in increasing membership during national membership week. South Ward reported membership of 129 of 150 families represented. College Heights announced a membership of 185.

Reports of successful results from carnivals came from each unit, and East Ward school stood at the top with \$396 cleared.

Delegates were chosen Wednesday to represent the Big Spring schools at the San Antonio P-T-A convention to be held on Nov. 14 and 15. The local delegation included Mrs. C. E. Johnson, East Ward; Mrs. J. D. Jenkins, East Ward; Mrs. W. E. Wright and Mrs. Joe Pickle, South Ward; Mrs. Z. M. Boykin, College Heights; Mrs. Ray Clark, high school; Mrs. J. C. Lane, Central Ward; Mrs. R. D. Sallee, North Ward; Mrs. J. E. Brigham, council; Mrs. H. Keith, district vice-president.

Members attending the council meeting were Mrs. L. E. Harris, Mrs. Truett Thomas, Mrs. S. M. Smith, Mrs. Martelle McDonald, Mrs. L. E. Knightstep, Mrs. H. H. Rutherford, Mrs. L. D. Jenkins, Mrs. Robert Hill, Mrs. E. O. Hicks, Mrs. W. W. Wright, Mrs. Clark, Mrs. J. C. Lane, Mrs. James T. Brooks, Mrs. Jeff Jenkins, Mrs. Alvin Vieregge, Mrs. C. W. Creighton, Mrs. J. E. Brigham, Mrs. W. L. Vaughn, Mrs. H. G. Keaton, Mrs. Sallee and Mrs. Boykin.

## Vera Dell Walker Has Party Celebrating Birthday Wednesday

Vera Dell Walker celebrated her 18th birthday Wednesday evening with an informal party given for her by her parents Mr. and Mrs. A. E. Walker.

The entertaining rooms were decorated with arrangements of gold colored chrysanthemums, and the birthday cake was decorated in matching shades. Individual cakes were served to guests.

Around 50 guests called during the evening. Dancing was entertainment.

## Party, Buffet Meal Held At Tucker's

The employees of Burr's department store were entertained Wednesday evening with a "Tacky" party and buffet supper in the home of Mr. and Mrs. A. C. Tucker.

Mrs. Tucker was presented with a gift from the group. Those present were Mr. and Mrs. J. E. Parker, Sue and Jakey, Lola Neill, Lee Olive, Alva Jo Porch, Jean Jenkins, Margie Standfield, Elizabeth Rowe, Davis Edens, Ed Wise, Mrs. Emma Slaughter, Emma Jean Slaughter, Billie Tucker, Mrs. Dovie Thornton, Lloyd White, Mr. and Mrs. Andy Tucker and Richard.

## Activities at the USO

9:00—Bingo; phone call home.  
**FRIDAY**  
8:30—General activities.  
**SAVURDAY**  
9:00—Dance.

## Today's Pattern

9253  
SIZES  
1 to 5

One jumper ahead of most, Pattern 9253 leads the small fry fashion parade! Flower embroidery on epaulettes shoulders is pretty; cute blouse, warm jacket are extras! Pattern 9253 comes in sizes 1, 2, 3, 4, 5. Size 2, jumper, 1 1/2 yards 39-inch; blouse 3/4 yard 35-inch. Send twenty cents in coins for this pattern to Big Spring Herald, Inc., Pattern Dept., 232 West 18th St., New York 11, N. Y. Print plainly size, name, address, style number.

New — the Marian Martin Fall and Winter Pattern Book is yours for fifteen cents more! All easy-to-make styles! Also—printed right in the book is a page of complete directions for you—an accessories set: hat, jerkin and handbag.

## Social Calendar Of Events For Week

**THURSDAY**  
TEMPLE ISRAEL SISTERHOOD meets at 3 p. m. with Mrs. N. Brenner.  
ROYAL NEIGHBORS will meet at 2:30 p. m. at the WOW hall.  
COLLEGE HEIGHTS P-TA will have an executive meeting at 3 p. m. and a regular meeting at 3:30 p. m.  
KIWANIS CLUBS will meet at 12 with Mrs. H. W. Smith.  
X.Y.Z. CLUB will meet at the Settles at 7:30 p. m. with Mrs. R. B. Reeder and Mrs. J. B. Apple as hostesses.  
WEST WARD PTA will meet at 3 p. m. at the school.

**FRIDAY**  
WOODMENS CIRCLE has a regular meeting at 8 p. m. at the WOW hall.  
ROOK CLUB will meet with Mrs. Ray Wilcox at 3 p. m.

**SATURDAY**  
HOWARD COUNTY HD CLUB COUNCIL will meet at 2:30 p. m. at the agent's office.  
MODERN WOMAN'S FORUM will meet at 3 p. m. with Mrs. R. L. Warren.

## Philatheans Have Lunch At Church

Mrs. Rogers Hefley was in charge of the meeting of the Philatheans class of the First Methodist church, when it met for lunch and a devotional Wednesday in the parlor of the church.

The opening prayer was given by Mrs. V. H. Fiewellen and Mrs. Wendell Leatherwood gave the devotional.

At the business meeting it was announced that the regular meeting time will be changed to 10:30 a. m. It was also decided that the class will have a rummage sale Saturday, and members were asked to bring their contributions to the church.

The long luncheon table was centered with arrangements of multicolored chrysanthemums.

Members present were Mrs. J. H. Parks, Mrs. Robert Hill, Mrs. E. B. Wilson, Mrs. C. R. McClenney, Mrs. W. A. Laswell, Mrs. Haley Haynes, Mrs. Albert Smith, Mrs. M. S. Beale, Mrs. J. J. Jones, Mrs. Charles Watson, Mrs. W. E. Lovelady, Mrs. Fiewellen, Mrs. M. E. Ooley, Mrs. H. D. Norris, Twila Lomax, Mrs. G. T. James, Mrs. Louis Murdock, Mrs. Garner McAdams, Mrs. Robert Stripling, Mrs. Hefley, Mrs. Leatherwood, Mrs. Ches Anderson, Mrs. J. R. Monroe of East Chicago, Ind., Mrs. H. M. Weaver, Mrs. Roy Satterwhite, Mrs. Melvin Choate, Mrs. J. D. O'Barr and Mrs. Jake Bishop.

## Art Of Expert Flower Arranging Simple When You Know Basic Rules

The art of expert flower arrangement is amazingly simple, and within reach of all. Large masses of blooms are unnecessary; for most room, several smaller, skillful arrangements are distinctly preferred.

First rule to learn is to plan your design. Begin by choosing one of the simpler types of flower composition; triangular, circular or radiating. There are only a few basic patterns you need to know—these can be combined later on, if you like, in infinite variety.

Simplicity of all basic designs—and one of the most useful—is the triangular pattern, preferably not too symmetrical. Pictured above is a fine example, created by Allyn Wayne, flower stylist of Florists' Telegraph Delivery Assn., to show the possibilities in a simple, home garden arrangement of contrasting Pampans, — particularly when using a figured vase as focal point.

## Dorcas Class Meets For Lunch, Lesson At East Fourth

The Dorcas class of the East Fourth Street Baptist church met Wednesday at the church for a luncheon and business meeting with Mrs. J. A. Kinard presiding.

Mrs. A. J. Hillbun delivered the opening prayer, and the devotional was given by Mrs. James Roy Clark. Mrs. C. A. Tonn presented the monthly reports, and Mrs. C. M. Harrell gave the closing prayer.

Those present were Mrs. Clark, Mrs. Cecil Floyd, Mrs. D. W. Anderson, Mrs. Lula Satterwhite, Mrs. V. A. Masters, Mrs. Ora Tonn, Mrs. Kinard, Mrs. Hillbun, Mrs. L. O. Johnson, Mrs. H. L. Mason, Mrs. Harrell, and Mrs. Mattie Wright, a visitor.

## Jet-Powered Meteor Sets Speed Record

HERNE BAY, England, Nov. 7.

—(AP)—Test Pilot Eric Greenwood raced a jet-powered Gloster Meteor over an official 1.86-mile course four times today at an average speed of 608 miles per hour to establish an unofficial world air speed record.

His best time—612 miles per hour—did not equal the 613 miles per hour mark set by RAF Group Capt. H. J. Wilson a few minutes earlier. However, Wilson's average for four runs was only 602 miles per hour and officials said that the average speed and not the speed on any one run would stand as the record.

The Meteor, which was first used by the RAF against Robot bombs Aug. 4, 1944, received its first test today from Wilson.

The previous official record was 481.84 miles per hour, set in 1939 by Capt. Fritz Wendel of the German Luftwaffe. Wilson's flight today also topped the unofficial 570 miles per hour record claimed for the Lockheed Shooting Star. U. S. Army Air Forces jet-powered fighter.

**WOMEN '38 to '52'**  
are you embarrassed by **HOT FLASHES?**

If you suffer from hot flashes, feel weak, nervous, light-headed, a bit blue at times—due to the functional "middle-age" period peculiar to women—try this great medicine—Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound makes nature's way for the best-known medicine for the purpose. Follow label directions.

## Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off surplus weight and help bring back alluring curves and graceful slenderness. Just get from any drugstore, four ounces of liquid Barcol Concentrate. Add enough grapefruit juice to make a pint. Then just take two tablespoonfuls twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

## PIN-WORMS At Last—A Real Treatment!

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing this infection can be, and how hard it may be to deal with the creature, once they get a foothold inside the body.

Today, thanks to a special, medically recognized drug (pristin violet), a highly effective treatment has been made possible. This drug is the vital ingredient in F-W, the Pin-Worm tablets developed in the laboratories of Dr. D. Jayne & Son, F-W tablets are small and easy to take, and they act in a special way to remove Pin-Worms. So watch out for the warning signs that may mean Pin-Worms in your child or yourself—especially the aggravating rectal itch. And don't delay. Ask your druggist for JAYNE'S F-W right away, and follow the directions. Satisfaction guaranteed, or your money back. It's easy to remember: F-W for Pin-Worms!

**Attack On Life "Unimportant"**

**HORIKIRI AT WORK AFTER TWO VAGRANTS ATTEMPT TO KILL HIM**

TOKYO, Nov. 8. (AP)—Two vagrant former kamikaze pilots who waited with drawn knives in the darkened halls of the Home Ministry attempted vainly last night to assassinate Home Minister Kenjiro Horikiri.

The 61-year-old minister, attacked as he returned from addressing a meeting of police chiefs on the increase of crime and "chaotic" conditions in Japan, was not injured. The assailants were taken in custody.

At his desk as usual today, Horikiri dismissed the attempt against his life as "unimportant," except as it emphasized the increased "restlessness" among the people.

"The social situation, as you know, is deteriorating," he told

the Associated Press in a telephone interview. The attack, he added, increased his personal intention to "work harder for the maintenance of public order."

"Food is the center of the problem," said Horikiri, who as Mayor of Tokyo after the 1923 earthquake learned first hand about the problems of handling large homeless populations. "But the ideological change the people are undergoing and other factors also have increased the unrest. Such attacks may happen again."

The critical food situation, which the Home Minister placed as the focal point of the unrest, has been multiplied by flourishing black market and the increasing reluctance of farmers to sell their produce at government prices, which are only about one-third of the black market.

The Nippon Times reported that Chiba Prefecture farmers were allowing their sweet potatoes to rot in the ground rather than accept government pay rates. The people of Tokyo are traveling by the hundreds of thousands to the countryside over the weekends to supplement their food rations with black market produce.

Haiti is the smallest republic of the western hemisphere.

**Congress In One Of Busiest Days Since War's End**

By MAX HALL  
WASHINGTON, Nov. 8. (AP)—Congress started work today on the sizzling question of whether the American boy will set aside one year of his life for war training.

There was Congressional news, too, on the Pearl Harbor investigation, General MacArthur's views, and the World Security Council.

It was one of the busiest days of the postwar Congress. A flood of important home-front problems poured into the Capitol. For one thing, hundreds of auto dealers swarmed in to talk about the price of new cars.

Another fight, the one inside the Pearl Harbor Investigating Committee, reached the stage today where Democrats and Republicans on the committee were hollering "politics" at each other in interviews with reporters. What's more, they added that politics is threatening the value of the whole inquiry.

The committee met today to try and smooth out its bitter differences over procedure.

And the Senate met today with three important things in mind:

1. It will resume its debate on the government reorganization bill, which would give the President a certain amount of authority to streamline federal agencies.
2. It expects to approve several changes in the G. I. Bill of Rights, making it easier for Veterans to get loans and educational benefits. The changes won't go into effect, however, until after the House and Senate get together on their exact form.
3. Senator Tom Connally (D-Tex), chairman of the Senate Foreign Relations Committee, expects to introduce formally a bill relating to the use of U. S. troops by the World Security Council in case of an international emergency.

**Livestock**  
FORT WORTH, Nov. 8. (AP)—(USDA) — Cattle 3,000, calves 2,400; fairly active; cows strong; slaughter steers and yearlings in small supply. Common and medium 9.50-13.00; cutter grade down to 7.50; medium and good beef cows 10.50-12.00; common and medium 8.00-10.50; cutters 7.00-8.50; good and choice fat calves 12.00-13.00; choice fed calves higher; stockers and feeders 9.50-11.50.

Hogs 75; active and steady; good and choice 150 lbs up 14-65; sows 13.90; stocker pigs 15.00 down.

Sheep 4,500; mostly steady on all classes, spots weak to lower on common ewes; medium and good fat lambs 11.50-13.00; few common yearlings 9.00; choice slaughter ewes 6.00-8.25; good ewes 5.00-5.50; common ewes 4.25-7.50; feeder lambs 12.50.

Five-eighths of Panama's area of 28,376 square miles is unoccupied.

Modern Iran began in 1794 with its conquest by Agha Mohammed.

**Army To Release Fifty-Point Men On US Furloughs**

WASHINGTON, Nov. 8. (AP)—The Army has decided to release this month men with 50 or more discharge points who are on furlough and enlisted men on temporary duty in the United States.

Most of the men affected, the War Department explained, were in units from Europe whose scheduled redeployment to the Pacific was cancelled after Japan surrendered. It did not estimate the number affected. Present general discharge score is 60 points.

The Army also has laid down exemptions from overseas duty which will affect about 125,000 officers and enlisted men.

Except for graduates of the Military Intelligence Language School, Regular Army enlisted men and volunteers for foreign duty, no enlisted man with 21 months or more honorable service since Sept. 16, 1940, will be assigned overseas for permanent duty.

Officers with 33 months or more honorable service, or with 30 months if Medical Department officers, are exempt unless they are Reserve Officers who chose to remain on active duty. Regular Army officers, scarce specialists or are graduates of the Military Intelligence School with fewer than 39 months service and not eligible for discharge.

Army nurses with 12 points or 30 years of age are exempt and no WAC officers are being sent across on permanent assignment.

**Agriculturists Estimate Low '45 Cotton Crop**

WASHINGTON, Nov. 8. (AP)—The Agriculture Department reported today that this year's cotton crop production was indicated at 9,368,000 bales of 500 pounds gross weight, based on conditions prevailing Nov. 1.

This estimate compares with last year's production of 12,230,000 bales, with a 1934-43 annual average of 12,293,000 bales and with 9,779,000 bales forecast a month ago for this year's crop.

Unfavorable weather during much of the growing season adversely affected this year's crop. The indicated yield of lint cotton per acre was reported at 249.7 pounds, compared with 293.5 pounds last year and with 231 pounds for the 1934-43 average.

Cotton ginned from this year's crop prior to Nov. 1 was reported by the census bureau at 5,153,639 running bales (counting round as half bales). This compared with 8,282,768 bales ginned to the same date last year and 9,062,869 to the same date in 1943.

**From where I sit... by Joe Marsh**

**Factory versus Farm: A Draw**

Mel Bates and Jud Polk were arguing the other day about the factory versus the farm. Jud has a job in the tool works and Mel grows the best corn in the county.

"Where would you farmers be," Jud says, "if it weren't for the factories that make your plows and tractors?"

"And where would you factory workers be," says Mel, "unless we farmers grew the food that keeps you going?"

Well, they called it a draw, and made peace over a glass of beer, "brewed from golden farmer's grain," allows Jud, "... and bottled and kept wholesome by the ingenuity of industry," Mel adds politely.

From where I sit, we may have different occupations, different standards, different opinions... but we're all necessary to one another. And the more we skip the differences, and stress the bigger issues of co-operation, tolerance, and understanding... the closer we are to a better world.

*Joe Marsh*

**Cook Stew In Oven For Easy Meal**

By CHARLOTTE ADAMS

- Vegetable Juice Cocktail
- Oven Veal Stew
- Curried Rice
- Wax Beans
- Dinner Rolls
- Baked Pears

(Recipes serve four)  
**Oven Veal Stew**  
 3 1/2 pounds shoulder veal  
 2 slices bacon  
 1 large onion, chopped  
 6 small white onions  
 2 tablespoons flour  
 3 1/2 cups water  
 1 pound fresh tomatoes  
 1/2 teaspoon pepper  
 1/4 teaspoon paprika  
 1 teaspoon salt  
 6 small carrots  
 1 stalk celery  
 Remove veal from bones (using bones to make broth). Cut meat into two inch cubes, cut bacon into pieces and brown together in a frying pan. Remove to a baking dish. Brown chopped onion in remaining drippings in pan. Add flour and mix well. Add water, tomatoes, salt, pepper and paprika. Cook three minutes, stirring constantly. Pour over meat. Add whole white onions, carrots and celery, diced. Cover and bake at 300 degrees about two hours. Serve over curried rice.

**BEAR BARBECUE PARTY**—Gov. Horace A. Hildreth of Maine (second from left) watches as a barbecue bear sizzles over a campfire near Rangeley, Me. The governor and his executive council spent five days hunting in the woods. Part of their bag of deer hangs at right. In order not to break up the trip, council meetings were held in the woods.

**Crown Culinary Fame With Short Rib Crown With Potato Dressing**

By CHARLOTTE ADAMS

- Savory Canapes
- Short Rib Crown
- Potato Dressing
- Creamed Cabbage
- Carrot Sticks
- Whole Wheat Bread
- Butterscotch Pie

(Recipes serve four)  
**Short Rib Crown**  
 2 strips short ribs, 3 inches wide and 8 inches long  
 4 slices bacon  
 1 tablespoon chopped onion  
 1 teaspoon chopped parsley  
 1 teaspoon salt  
 1/4 teaspoon ginger  
 1/4 teaspoon poultry seasoning  
 1/2 teaspoon pepper  
 3 cups bread crumbs

1 egg  
 2 cups mashed potatoes  
 Sew or skewer the ends of the short ribs together. Dice bacon. Add onions and cook slowly until tender. Add seasonings. Combine mixture with bread crumbs, then add lightly beaten egg and mashed potatoes. Mix lightly but thoroughly. Place short rib crown on rack in roasting pan and fill center with potato dressing. Season. Cook uncovered at 300 degrees one hour. Add a little water, cover pan and continue to cook for one and one-half hours, or until tender.

**NO CUSSING IN INDIAN**  
**THERMOPOLIS, Wyo. (U.P.)**—There is no way to swear in Indian language, according to George W. Bull, 67-year-old Arapahoe. Bull, who has the Indian name of "Struck First," explained that when an Indian gets mad, he just grunts.

**JEEP ENGINE IN RACER**

**Revised Oil Treaty Criticized By Giles**

**AUSTIN, Tex., Nov. 7.—(AP)**—The revised Anglo-American Oil Treaty was severely criticized by Texas' Land Commissioner Bascom Giles who said in a formal statement the treaty could abolish state regulation of oil exploration, production and marketing. Giles added that the treaty, if ratified by the U. S. Senate, could lead also to "development of a gigantic international cartel" which will not only amend the constitution through subterfuge but will deal a death blow to the right of a sovereign state to regulate production of one of its greatest sources of wealth. "There is no doubt," he added, "that recognition of this pact would cost Texas millions of dollars in school land revenues annually."

It's time to think about holiday fruitcakes and the nuts that go into their making. There should be plenty of nuts on the market this fall and winter. There will be fewer filberts and walnuts than in 1944, but a bumper crop of pecans is moving to market from the south.

**The Family Favorite—Fried Chicken, Accompany With Fried Rice, Says Adams**

**OLD-FASHIONED FRIED CHICKEN... Food for a king.**

By CHARLOTTE ADAMS  
 Associated Press Food Editor  
 It's good to have chicken back in plenty, isn't it? And chicken is good, of course, in many ways—but the favorite is fried.  
 There are several schools of chicken-frying—each very severe, very critical, and each denying that any other exists. At risk of incurring wrath, I will say at once that I belong to the fry-in-a-little-fat school, rather than the deep-fat one. For these times, this is a good thing. Even though you consider it a desecration, try frying chicken in a bit of bacon fat some day. It's good. It's good, too, fried in butter or margarine.  
**To Fry A Chicken**  
 Into a paper sack put some flour, seasoned with salt, pepper and paprika. Half a cup of flour is enough to coat a pretty big chicken. Shake each piece of chicken in this bag, separately, until well coated with flour. Pop each into the hot fat in your frying pan as

soon as it's floured. Brown fast. If you are frying a lot of chicken, use two big pans, and when the fat begins to be full of particles, pour it out (be sure to save it) and start with clean fat. When all the pieces are brown, pour in just enough water to keep pieces from sticking and simmer very gently for about 20 minutes to half an hour. Remove pieces of chicken to a hot platter and make gravy of whatever kind you like. If you've previously poured off some fat, add it to the pan for making gravy. One of the best cream gravies for fried chicken is made simply by pouring sour cream into the pan drippings and heating it up. Use sweet cream if you prefer, but don't add any extra thickening. My school says that cream gravy for chicken should be rich, but thin. Here's a beautiful dish to serve with fried chicken. It's something like Chinese Fried Rice, with my own additions.  
**Fried Rice—Adams**  
 2 cups cooked cold rice  
 2 eggs  
 2 tablespoons fat  
 6 scallions  
 1 small clove garlic  
 2 tablespoons green pepper  
 1 large ripe tomato  
 Melt one tablespoon fat in big skillet. Beat eggs and turn them into skillet. Fry until completely done. Remove and cut into shreds with a sharp knife. Place rest of fat in skillet, and when it is melted turn in the rice, scallions cut up fine (including the green part) and garlic. Fry briskly until the rice is well browned, stirring frequently. Add green pepper and tomato, cut up coarsely, and heat over low fire for five minutes. Add egg shreds, stir well, and serve. All you need to make this meal absolutely perfect are hot biscuits, a green vegetable (peas, snap beans, spinach or broccoli) and some currant jelly to complement the flavor of the chicken. Dessert? Well, yes, if you can hold it! How about an apple pie with good Cheddar cheese?

To freshen stale bread or orlils, moisten with cold water, place in hot oven until thoroughly heated. Or place in a paper bag in the oven or on top of hot radiator for a few minutes.

WINGED CAVALRY—Soldiers stow mules aboard a plane.

WASHINGTON—If you want to show your horse a good time take him on an airplane ride. He'll love it.

Worried GIs found this out in flying nearly 3,000 pack animals, both horses and mules, from Burma to China. It never had been done before, and they expected the critters to cut up like anything. Only one didn't like it, and they shot him before he would do anything about it.

This war oddity is related by the Cavalry Journal.

British and Chinese soldiers had their backs to the wall for want of pack animals to carry supplies and equipment over narrow jungle and mountain trails. This was one job a jeep couldn't do. It took too long to walk them there, so GIs simply up and flew them over the Burma "Hump" of the trackless Himalayas.

Tactical officers think it stopped the Japanese drive to the west—and just in time.

Sometimes the planes had to rise 20,000 feet to clear the great peaks, and when down-drafts or up-drafts were encountered they would fall or rise 2,000 feet a minute. The GIs had orders to stand by and dispatch any animal that became uncontrollably excited.

The animals were very quiet, once they got in the air. The boys had a little trouble boosting the mules up the ramps, but a mule's a mule.

They said the only trouble was the kicking and stomping if the planes didn't take off promptly, or if they weren't unloaded immediately on reaching their destination.

Halter shanks were passed over the top cross bar on the stall in front of the animals and tied with a short shank into a forward safety belt ring on the side of the ship.

A rope anchored over the middle of the back kept each from being pitched to the ceiling in a down draft. They were drawn only tight enough for safety, and the animal was allowed all the freedom of movement he wanted otherwise. A plane carried 4 to 6 animals.

Forest Newton, field representative of the Young Men's Christian Association, is scheduled to be in Big Spring next Monday to talk with local civic leaders on the requisites for a local YMCA set up.

Newton was here last month to conduct a survey of local interest in such a project.

Exact hour for the Monday session has not been agreed upon but will probably be announced over the week-end.

An affiliate of the YMCA, sponsored by the T & P railroad, last functioned here in the early 30's. The club ceased to operate when the unit's building was razed to make way for new construction.

A recent estimate indicates that ten per cent of Europe's livestock was killed off during the concluding months of the war.

The sun loses 4,000,000 tons of mass per second, a speck of dust in relation to its total mass of two billion billion billion tons.

They said the only trouble was the kicking and stomping if the planes didn't take off promptly, or if they weren't unloaded immediately on reaching their destination.

**WIFE ALWAYS  
WINS THE VOTE**

LODI, N. Y., Nov. 8 (AP)—Mrs. Anna Boyer, republican, candidate for the office of tax collector, polled 308 votes Tuesday running against her husband, Budd Boyer, who was on the democratic ticket.

The voters gave Boyer 124 votes. The Boyers have opposed each other for election to that office in the past several years and Mrs. Boyer hasn't lost yet.

**AND HIS FARM  
LAND BLEW AWAY**

PAUL, Idaho, Nov. 8 (AP)—After hiring a construction firm to level off a large section of his farm, farmer R. G. DeLong went to work with a tractor, preparing the land for cultivation.

A high wind came up, stirred up a dust storm and DeLong became lost, unable to recognize his own farm. He finally drove the tractor into a wire fence and followed the fence line home.

**Named Ambassador**

MEXICO CITY, Nov. 8 (AP)—Foreign Secretary Francisco Castillo Najera said today Gilberto Bosques had been named as Mexico's Ambassador to Poland. Bosques previously had served as Consul General in Paris and was Charge D'Affairs in Vichy during the German occupation.

Rate of blinking of the eyes varies greatly from person to person. Some people blink their eyes only a couple of times a minute; others as much as 30 times.

**Texas Today—  
SAILOR BELIEVES BIBLE GIVEN  
BY TEXAS WOMAN SAVED LIFE**

By JACK RUTLEDGE

A sailor has written Mrs. W. K. Krautter of Marshall that he believes a Bible she gave him back in 1942 saved his life.

He said a company of sailors stopped in Marshall in October of that year. They were given Bibles, candy, and other things.

"The Bible had your name and address in it," wrote G/M 3/C W. K. Christensen, "so I am writing to tell you that though I went through hell and high water, I still have it and always will. It's a funny thing, but when I was in danger I thought of what you wrote in my Bible. Read a verse each day for food for your soul."

"There were only three of our company that came back."

Jimmy Gillam of Temple figures that when it comes to luck, he's

the luckiest seven-year-old in the country.

He's a mascot of the Belton fire department, as well as mascot of the fireman's association. He goes on all the runs with the firemen.

On his seventh birthday, there were four fire alarms in Belton—and he went on all of them.

The birthday party that filled in between fires was attended by 24 guests.

Jack Holmes of McAllen is pre-

ty lucky, too, and the only thing that bothers him is that he doesn't know who to thank.

He lost his wallet. Night Policeman Marion Kernodle and Night Watchman H. P. Cullen were patrolling when a car drove up and two boys said casually, "Here's a wallet we found" and went on without identifying themselves.

The police returned the wallet to Holmes. It had \$500 in bills in it.

Although the 40-watt incandescent light bulb filament appears to be scarcely more than an inch long, it actually contains about 18 inches of accurately coiled wire.

**Child Dies In Fire  
Destroying Home**

SLATON, Tex., Nov. 8 (AP)—A fire of undetermined origin resulted in the death of the 18-

months-old child of Mr. and Mrs. H. O. Spurrell, as well as the destruction of their home.

Another son of Mr. and Mrs. Spurrell was overcome by smoke when attempting to rescue the baby yesterday.

### Science Celebrates Birthday Of X-Ray

Today Wilhelm Conrad Roentgen of the University of Wurzburg in Bavaria has taken his place in history as one of the great benefactors of mankind since his discovery of X-rays Nov. 8, 1895.

He relayed the secret to the world without any attempt to commercialize on his discovery. His discovery is one of the most potent weapons in the war against disease and injury.

The 50th anniversary of Roentgen's discovery is being celebrated this week on a national basis under the sponsorship of the American College of Radiology, which designated the period as X-Ray in Health Week.

Roentgen discovered X-rays while experimenting to determine the effect of cathode rays on luminescent paper. Some scientists insist that the discovery was an accident and perhaps it was, because neither Roentgen or any other scientist of the day knew such rays existed.

### Officials Of City Return From Three Day Meet In Austin

Four Big Spring men returned Wednesday night from Austin after attending a three-day session of the League of Texas Municipalities and affiliated organizations. Attending were B. J. McDaniel, Tracy Smith, C. R. McClenny and C. E. Johnson.

McDaniel was elected vice-president of Texas City Managers' association. The session was broken down into meetings for Texas City Managers' association, League of Municipalities, Texas Chapter of Assessing Officers, Texas Chapter of Municipal Finance Officers and Texas City Attorneys' association.

McDaniel said, "The problems here are about the same as other Texas cities. Representatives from state offices gave complete reports on problems of the cities."

Carl H. Chatters of Chicago, executive director of municipalities finance officers association, spoke several times at the meetings on "Means of Additional Revenue to Cities." E. V. Spence, Board of Water Engineers, was among the speakers.

Approximately 400 persons registered for the largest turnout in several years. Plans are for the next session, in November, 1946, to be held in the valley with President Truman and President Avila Camacho of Mexico as special guests.

International City Managers' association plans to have a June session in Montreal, Canada.

**BUILDING PERMIT**  
Apostolic Faith Church, to build a frame and stucco church at 908 N. Lancaster Street, cost \$3000.  
D. W. Anderson, to move a frame house from 311 Johnson to 1109 E. 15th, cost \$900.

ANIMALS FOR LONDON ZOO—"Dickie" the elephant, one of numerous animals brought from East Africa to build up the London zoo, is ushered into his new home.

### Booth Operators Listed Wednesday

Mrs. Charles Watson, Nell Brown, and Mrs. Bill Wright operated the State National Bank booth Wednesday on behalf of the AAUW, bond headquarters for the Victory Loan announced Thursday.

Mrs. H. C. Stipp represented the College Heights PTA at the First National; Mrs. Chadd Rockett the XYZ club at bond headquarters; Betty Leysath and Martha Leysath at the Ritz and Mrs. Tot Sullivan and Mrs. Maurine Word at the State for the B&PW. The Beta Sigma Phi took care of the theatre booths Tuesday evening with Mrs. Frances Hendricks and Evelyn Merrill at the Ritz and Caroline Smith and Betty Penn at the State.

Friday the Officers Wives will be at the State National, a PTA unit at the First National, the OES at bond headquarters and the B&PW at theatres.

### More Food Allocated Aboard; Home Supply Steadily Improving

WASHINGTON, Nov. 8 (AP)—This country has allocated liberated areas of Europe and French North Africa about 90 per cent more food for October-December period than was available to them in the previous quarter.

Secretary of Agriculture Anderson told his news conference today nearly 4,000,000 tons would be marked for this form of export. Anderson said he hoped it would be possible to maintain this increased level of allocations for food to desolated areas during the first quarter of 1946.

"But we are not necessarily promising it," he said. This country, the secretary said, will have ample supplies to keep home consumption at present levels.

But he said that while meat supplies are improving, it may not be possible to end meat rationing until "after December."

Anderson said also he saw little hope for any material improvement in domestic sugar supplies before 1947. Some form of rationing, he predicted, will be necessary through next year.

Costa Rica's economy is primarily agricultural.

### Monkey Troubles Too—CARNIVAL HAVING HEADACHES WITH LAW, WHEELS AND GIRLS

Troubles have been descending upon the T. J. Tidwell Entertainment enterprises in battalions since that unit set up shop for a week's stand on the west highway Monday.

Grave hints by the local police department betrayed the fact that

most of the carnival's gaming devices were being operated contrary to the laws of the state.

The wheels of fortune continued to spin a merry tune, however, until Wednesday night. Then Constable J. T. Thornton and A. D. Bryan, assistant deputy, backed by Justice of the Peace Walter Gries elected to supplant words with actions and converged on the show.

Before they had departed audience with the carnival's owner and manager, Tommy Tidwell, no less than seven of the tents involving games of chance had been closed down.

Furthermore, the young girls of the dancing shows who apparently function to give the carnival an edifying atmosphere, were warned by the gendarmie not to lend too much enthusiasm to the task of trying to entertain the onlookers.

This morning, Tidwell communicated with the Sheriff's Office to reveal that vandalism had broken out in his camp. Sometime between darkness Wednesday and daylight today, some one had made off with one of the show's prize monkeys — an African-Java Blue-Faced fellow. Furthermore, the thief had taken the animal's cage with him.

The enclosure was later discovered in the City Park but there was no sign of the monkey.

### DOLLAR PER BRAG

AUSTIN, Nov. 8 (AP)—If Houston fails to raise funds to berth the U.S.S. Texas permanently as a shrine in the ship channel, Maj. J. B. Hughes, U. S. engineer, Denison, suggested this alternative to Gov. Coke R. Stevenson:

"Make every Texan who has ever made any kind of a brag about his state send in one dollar."

### Rev. and Mrs. McCoy Wylbur Moore Home From Naval Service

Rev. and Mrs. J. E. McCoy are the parents of a son born Oct. 29 in the Malone and Howan Clinic-Hospital. The baby weighed seven pounds and 11 ounces at birth and has been named John William.

Mrs. McCoy and her baby son will be taken home today.

### Guilty Conscience? MAN BOLTS, POLICE CHASE, IT'S ALL OVER IN THREE HOURS

The whole episode seemed a little insane to all parties concerned after it was over but for three hours Wednesday afternoon Big Spring was party to a manhunt the likes of which hasn't happened since the Dillingers were abroad.

It was all a case of mistaken identity—and a guilty conscience.

City Police Chief A. G. Mitchell and City Judge J. E. Harris were driving through the Latin American section of town Wednesday afternoon when they came face to face with a man who strongly resembled Felix Dominguez, an individual wanted by the police on a jail-breaking charge.

The meeting occasioned a hasty decision on the man's part to vacate the scene. He galloped away in the direction of the Gregg street viaduct, the police in hot pursuit.

Other law officers joined in the search and the fugitive was at length cornered in the flats off West Third street. A few shots in his direction influenced the man to give up.

When he came forward, Chief Mitchell learned he was not Dominguez but Pedro Salas. Salas said he thought he was wanted or questioning on another charge.

The quarry was transported to the city jail and was reviewing his story with the police officials this morning.

### And Maybe Championship— WITH \$5,000 AND 8,000 POINTS MANSFIELD BACK FROM NEW YORK

Five thousand dollars richer and with the world champion calf roping award all but in his pocket, Toots Mansfield returned here late Wednesday from New York City where he took part in the 33-day Madison Square Garden rodeo.

Mansfield, who lives on a ranch near Rankin, came to Big Spring to meet his wife, the former Mary Neil Edwards. The couple will remain here over the weekend and then go to Dallas where Toots will compete in a Dallas wild west show being conducted in conjunction with the State Fair.

The Texan earned practically all calf roping honors in the colorful Garden show, adding those overall blue ribbon honors to first places he had won at his particular specialty in rodeos at Denver, Houston, Pecos, Phoenix and Tucson.

### Kiwanis See Movie Short At Luncheon

"The Diary of a Sergeant," a movie short being circulated locally in conjunction with the Victory Loan drive was shown to members of the Kiwanis club Thursday in their regular luncheon in the Settles hotel.

Ted Groehl, chairman of the bond drive, was present and went on the boards to vend a number of the premiums to parties present.

Burk Tate, who solicits bond business within the club, lent assistance to Groehl.

### Competitors Worry About Texas Crop

LOS ANGELES, Nov. 8 (AP)—Bumper Texas crops are resulting in major marketing problems for California and Arizona citrus growers who plan to compete with the Lone Star state in 1946.

Police Criticized For Not Training In Use Of Firearms

ABILENE, Nov. 8 (AP)—A Taylor county grand jury yesterday criticized the Abilene police department for not properly training officers in the use of firearms.
The action came after the grand jury returned an indictment charging negligent homicide against Robert T. Harris, a 73-year-old special police officer. Harris is charged in the slaying of 16-year-old Herschel Jeter Hallowen night at Fair Park.
In a report to Judge Owen Thomas of the 104th district court, the grand jury said Harris testified he was carrying a .45 caliber army pistol which he had never fired and that he had never fired any

pistol before the shot that killed young Jeter.

At the outbreak of the war, the Royal Canadian Navy consisted of 1,774 men.

### The Nation Today— OPA Will Move In With Unrationed Cars To Halt Above Ceiling Sales

By JAMES MARLOW  
WASHINGTON, Nov. 8. (AP)—Are you going to wait your turn and pay only the regular ceiling price on a new car?  
Or—because they won't be rationed and so many people want them—will you try to slip the dealer something extra to sell you one?  
There'll be no government controls except for the ceiling prices which OPA will announce in a few days.  
Evasion of the ceilings is a violation of the law. They're punishable by fines or imprisonment. Assuming that the majority of dealers will play fair, this story will speak of those who might not. Ceilings can be evaded with the connivance of a customer or by a dealer taking advantage of a customer's desire for a new car. It would work like this:

1. By side payments or bonuses. In addition to the regular ceiling price, the customer would pay the dealer for the privilege of getting a new car.
2. Unreasonable trade-in allowance. A dealer could give a customer far too little on a used car traded in for a new one and then sell the used car at a big profit.
3. Upgrading. A dealer could charge a more expensive car price for a cheaper car. For instance: by calling a coupe a cabriolet and charging a cabriolet price.
4. By selling a place in line. For instance: A dealer tell Jones,

87th on the list for a new car. That maybe Smith, 3rd in line, will let him take his place because Smith doesn't want a new car now. But Smith charges Jones \$100 for letting him take his place. Yet all the time Smith is in cahoots with the dealer.  
Already a lot of people have made down payments on the new cars which haven't reached the dealers yet.  
Harvey Diamond, chief of OPA's Automotive Enforcement Branch, says it is useless before sales are completed to try to learn whether these down-payments are really side-payments or bonuses. But Diamond says OPA will move in when the sales start and begin checking on dealers.

### Lincoln Loses Crowd; Washington Gains It

AP Special Washington Service  
WASHINGTON, Nov. 8. (AP)—The Lincoln Memorial has lost first place in popularity with visitors to Washington, the National Park Service disclosed today.  
The Washington Monument now occupies the top spot in number of visitors. The Lincoln Memorial, which was first last year, dropped to second place and the Thomas Jefferson Memorial remained in third place.

Chicle, the basis of chewing gum, is obtained from the bark of the sapodilla tree.

### No Decision Reached On Closing Markets

LONDON, Nov. 8. (AP)—Sir Stafford Cripps, president of the Board of Trade, has told cotton dealers and manufacturers that no decision has been reached by the British government on the closing of the Liverpool cotton futures market, a Board of Trade statement said today.

Cripps announced recently he intended to keep the market closed indefinitely. Futures dealings were suspended during the war, and now the dealers want the market reopened. Representatives of dealers and manufacturers discussed the question privately with Cripps yesterday.

The United States will ship to Europe 90,000,000 pounds of peas and beans before the end of 1945.

Guatemala City was established on its present site in 1776.

### Petroleum Predictor—

## Gadget Forecasts Oil Field Behavior

WORKING MODEL—A miniature oil field is part of gadget which helps calculate the flow of petroleum from wells.

AP Newsfeatures  
NEW YORK—You can't walk down into an oil well to see what is there, but the industry has developed a machine that will show how much oil can be taken out of a field and how long the field will be in operation.  
Oil underground is contained in minute pores of rocks. The oil is brought to the surface when the oil is replaced by other liquids and gases. Control of the flushing or replacement process may determine how much oil is recovered.

By making a model of an oil field, complete with simulated wells set in a water and glycerol mixture, an apparatus devised by the Carter Oil company, affiliate of Standard Oil (New Jersey), can predict the natural flow of the

oil, gases and replacing liquids underground.  
An electrical current flows through the model field and an elaborate system of gauges and dials records the results. From the information thus obtained, mathematicians can give engineers the data from which control measures for the field can be developed.  
The machine uses data recorded by a delicate apparatus lowered into the actual wells.

### Mechanic Behaved By Plane Propellor

DALLAS, Nov. 8. (AP)—Arbie A. Helms, 34, a Dallas civilian employe of the Army at Love Field, was killed early Tuesday evening when struck by the propeller of an airplane on which he was working, the field's public relations officer announced.

Helms was decapitated by the propeller while working on the brake, field authorities said.  
Survivors are his wife, two sons, Maurice Helms and Aubrey Helms, and four brothers.

### Attlee To Speak To US Congress

WASHINGTON, Nov. 8 (AP)—Prime Minister Clement Attlee of Great Britain will be invited to address a joint session of Congress next week, House Speaker Rayburn said today. Rayburn told reporters of the invitation as he left a White House conference with President Truman and other Congressional leaders. Attlee is coming here Saturday for discussions of atomic energy with President Truman and Prime Minister Mackenzie King of Canada. Rayburn did not give a specific date for Attlee's address but asserted it would not be Monday. The speech will be broadcast, Rayburn said, adding that he knew of no plans for a similar address by the Canadian Prime Minister. Earlier, Eben Ayers, Assistant White House Press Secretary, told reporters he did not know the exact time of Attlee's arrival on Saturday.

### Dolls Have World Of Own At Exhibit

By JAMES MEEGAN AP Newsfeatures Writer NEW YORK — Doll collectors are staging the largest show of its kind in the world under the auspices of the American Hobby Federation on 14th Street. There are 10,000 entries.

Beautiful, fragile dolls from Germany, Okinawa, and Guam, which somehow survived the aerial bombardments, are on display under glass through the good wishes of soldier sons, brothers, husbands, and sweethearts of collectors. Unlike stamp or coin collectors, doll addicts some times make their own items. Mr. and Mrs. James Erickson of West Springfield, Mass., are exhibiting a pageant of pirates, soldiers, African savages, and American Indians made out of lobster shells. There is a case full of dehydrated apple dolls fashioned by Mr. and Mrs. James Gripp of New York. There are examples of the first doll patented in America and there are French dressmaker dolls of the last century all gusseted and gored, hooped and looped.

to show off the latest in 19th century Paris gowns. There are images of Lily Pons, Gen. DeGaulle, George Washington, Mary Lincoln, and an 1891 leather tea cosy that's the image, accidentally, of Winston Churchill.

The most interesting item of all is a naked white porcelain baby doll which even has the experts stumped. The addicts can't place it historically or nationally; all they know is one slip and the cry will be: "I tell you my dolly is dead."

### CAB Considers New Air Routes In Texas

NEW ORLEANS, Nov. 8 (AP)—The Civil Aeronautics Board today is considering arguments submitted by Chicago & Southern Airlines supporting its petition for seven new routes in the south and southwest. Operations between New Orleans and Houston, Galveston, Brownsville and San Antonio are being sought by the company.

### Mike Comes Home

### Crowd Welcomes Soldier's Baby From Overseas

MINNEAPOLIS, Nov. 8 (AP)—"Mike" Collins is home. The 14-month-old child of Sgt. James Collins arrived by airplane from New York just before midnight Wednesday at a welcoming party that would do credit to a movie great. In the arms of Northwest Airlines Stewardess Jerry Rudquist, Michael Shaun Collins came from the plane to face a battery of news photographers' flash bulbs, radio microphones and newsreel cameramen's flood lights, to say nothing of the milling throng that had waited hours to greet the trans-Atlantic passenger. Sleepy after fog had lengthened the journey from New York to a full 12 hours, "Mike" soon came awake to be put into the arms of Mr. and Mrs. John E. Collins, Stillwater, Minn., whose "family" he is to be until his soldier father gets home. The sergeant's Irish wife died last July. It was a great night also for the ten Collins' grandchildren, nine of whom are about "Mike's" age, who were allowed to stay up for the party. The baby's flight from England, which he left last Friday was without incident until fog forced the New York plane to turn back when it was but 22 miles south of the airport here. The ship returned to Madison, Wis., until the weather lifted sufficiently to complete the flight.

### TODAY'S VICTORY LOAN STATEMENT

WASHINGTON, Nov. 8 (AP)—The Victory Loan in an important sense is a vote of confidence in ourselves. It is a home-front test of the personal value each of us places upon victory. Beyond duty and obligation, the victory loan gives us a practical way to show our appreciation and desire for continuance of this great bond-savings system which permits us to put aside, at generous interest, funds for our future needs. In subscribing to the Victory Loan to our fullest ability to save we are assisting our government and fighting inflation. My confidence in the American people assures me that the Victory Loan will be over-subscribed. HENRY A. WALLACE, Secretary of Commerce.

### Really Through With Taps—ASTAIRE MAY DANCE A STEP TO SWING FOR OWN PLEASURE

By BOB THOMAS HOLLYWOOD, Nov. 8 (AP)—There wasn't much to talk to Fred Astaire about. It had been well publicized that he was tired and was going to retire, perhaps returning later to produce pictures. So mostly I just watched while he performed his last dance routine in motion pictures. He was dressed as most people remember him—the dapper top hat, striped trousers and tails, spats and cane. His sly grin occasionally crept over his face, but he was grim and intent, as he always is when thinking out a routine. He tapped the floor nervously while waiting for the camera to get ready. "People can't seem to believe I'm really retiring," he told me. "They think I must be kidding." I asked if he would ever dance for his own pleasure during his retirement. "Naw," he said. "The only time I really feel like dancing is when I hear some really hot swing music." The camera was ready and he began his "putting on the ritz" number for "Blue Skies." It was a hot, fast routine with all the charm and grace and imagination that made him the best known dancer of the century. The number was a trick shot involving mirrors and split sets and it took many takes before he finished it. At 5:30 Astaire, sweating and weary, walked back to his dressing room for the last time. He said to me: "Forty-one years of this. Do you wonder that I'm quitting?" Warner Brothers' return to the producers association caused considerable discussion among the sidewalk commentators on Vine street. Warners withdrew at a low point in Hays office prestige. Main complaint was handling of labor relations, particularly during the studio's fight with the Screen Actors Guild over "Hollywood Canteen." The recent strike probably induced Warners' return to the fold. Acting alone, the studio made mistakes which damaged its prestige. Eric Johnston, on behalf of the major producers, helped work out a settlement and Warners tagged along behind. Perhaps heartened by Johnston's proposals for permanent labor peace, the brothers have abandoned the field of rugged individualism, at least in industry relations. Gen. Robert E. Lee was president of Washington College, later called Washington and Lee.

**A Word About Investing In Our Youth**

"All men are created equal and endowed by their Creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness."

From the Declaration of Independence

**Equality Of Opportunity**

Yes, equality of opportunity is the magic key that opens the way to these "unalienable rights." Today, only about 30 per cent of our youth finishing high school go to college, mostly because of the cost and partly because of distance. In Temple, records show in normal years 70 per cent of all graduates there entered the Temple Junior College—and this does not count those who went to other colleges.

Experience has shown that it requires \$200 to \$600 LESS, on the most conservative figures, to attend a junior college at home. Many surveys indicate the essential cost of junior college training here would be only 15 per cent of the cost of sending your child off to school. Out of the savings they could complete degree work at a university, or could step into a local vocation better trained because of a curriculum designed by our people for our needs.

**College Training for more and more of OUR Youth is not only a worthy goal, but it is a Sound Business Investment.**

# Prep Conference Arguments To Be Clarified This Week

## Andersson, Haegg Declared Pros

Should Accusation Stick, U.S. Trip Would Be Off

STOCKHOLM, Nov. 8. (AP)—Arne Andersson and Gunder Haegg, world-record holding Swedish runners, and 13 other top-ranking Swedish track stars, were declared professionals today by the Swedish Athletic Association, the newspaper Espressen said.

There was no official announcement as yet from the association, which has been conducting a sweeping investigation into the entire Swedish track setup.

Earlier the association announced a finding that payments of fees to top Swedish track stars by leading sports clubs constituted a breach of amateur regulations and indicated there would be disciplinary measures against both clubs and performers. The association did not name the individuals involved and had announced it would not do so until completion of the nationwide inquiry.

A finding that Andersson is professional would cancel his projected trip to the United States for the indoor season this winter.

Certain kinds of fish can move one eye in one direction, and the other eye in the other direction. Such a fish can fix one eye on an object, and let the other eye rove about.

**CANDIDATE FOR ALL-STATE:** Jim Hickey, 170-pound fullback of the unbeaten Paris Wildcats, is one of the top candidates for all-state in Texas schoolboy football this year. The workhorse of the Paris backfield has carried the ball 131 times for 325 yards, and passed 90 times, completing 46 for 566 yards—a total of 221 offensive plays for 1091 yards in seven games. But his punting that Hickey really shines. He has kicked 28 times for an average of 40.1 yards.

## LOOKING 'EM OVER

With ANGUS LECESTER

Back in 1918 when the Boche tried a quarterback sneak on Black Jack Pershing and his doughty doughboys and failed to get to the line of scrimmage, District Court Judge Cecil Collins was cutting quite a football figure as a signal barker for a now extinct educational institution called Meridian junior college—a Methodist school whose saintly halls were located somewhere near Waco.

Among Meridian's victims the year of the big Armistice was Simmons college—now Hardin-Simmons University—which absorbed a 35-12 licking.

Had the Central Texans played according to form, they would have bowled over Howard Payne, too, but zealous backers of the Yellow Jackets resorted to chicanery to put the Fritz on Collins and his tribe.

Shortly before the game, the Meridian gang was ushered through a dining hall where the tables, fetchingly overloaded with baked turkey, dressing, many a hors d'oeuvre and allied delicacies neutralized the gridders' resistance. They sat down and alleviated the strain on the tables.

The Jackets then proceeded to take the Meridians out on the football field and beat them from there to here.

In '19, Collins migrated on to Texas University and reported for fall practice but his 135 pounds failed to impress the Longhorn coach and he sang his pigskin valedictory.

The deer reserves of the New Mexico steppes attracted a group of Big Spring nimrods, who departed this morning for the border state.

Included in the party are W. A. Laswell, Luke LeBleu, Mike Phelan, Speedy Nugent, Jake Johnson and Lou Baker.

They were to meet R. H. Linden, Lamesa, on the way and rendezvous somewhere near Acote, N. M.

Is Jewel Wallace, the San Angelo high school mentor, tickled to take over the job of head coach of a Texas college next year?

Big Spring's high school football Steers stand to play before their biggest crowd of the 1945 campaign Friday when they tangle with Wallace's Bobcats in San Angelo Friday night.

The Cats have been averaging 8,000 patrons for their home games this fall and turned away customers their first three games this year.

Records compiled by the Abilene Reporter-News show that J. W. Thompson, Odessa's great back, is setting the scoring pace among District Three backs with a total of 97 points. He's scored 16 touchdowns and a single extra point.

Surprisingly enough, Big Spring's own Hugh Cochran and his 30 points are deadlocked with Sweetwater's Doll Feagart for third place on the scoring chart, and that despite the fact that he was halted in four of his team's seven games.

Local grid followers who get Monday as a legal holiday will have opportunity to see Thompson and the Odessans in action.

The Broncs invade Sweetwater for an afternoon game. The bout was originally scheduled for Friday night.

Ubiquitous Pete Jones of the Lakeview (colored) school Lions learned his football at Rosebud, Tex. He had to come west because of high blood pressure.

Last year Pete labored in the Officers' club at Camp Hood where he became acquainted with Jackie Robinson, the UCLA football star who recently signed a baseball contract with the Brooklyn chain system.

**Charlie Keeps Mum On Bergen's Secret**  
HOLLYWOOD, Nov. 8. (AP)—Charlie McCarthy squawks a lot about his treatment at the hands of Edgar Bergen but at least the little wooden stogie didn't let out a peep that his boss has been married secretly for more than four months.

Ventriloquist Bergen, 40, informed Hollywood friends yesterday that he and Frances Westerman, 22, beauteous former Powers model whom he met five years ago, were married June 23 at Ensenada, Mexico. She is known professionally as Frances Westcott. It was the first marriage for each.

## First Champ Due To Be Crowned In Houston

By HAROLD V. RATLIFF

Associated Press Sports Editor  
The Texas schoolboy football spotlight rests on Houston this weekend with the first district champion of the season due to be produced there.

Milby, one of the state's eight undefeated, untied teams, can clinch the District 13 title by beating Austin Friday night. A tie would insure no worse than a deadlock for first place.

There are important games in other districts in a schedule of 47 games, 39 of them conference affairs.

Out in the Panhandle Amarillo battles Plainview in the first game of a three-way struggle for the District 1 title. Plainview, also, is undefeated and untied; both teams are unbeaten in conference play. Pampa is the other team figured in championship calculations.

Odessa and Sweetwater, moving their game to Monday from Friday, will joust in what figures to be the decisive contest of the District 3 race.

Denison and Paris play at Paris with the winner to become the overwhelming favorite to win the District 5 crown.

Favored Highland Park (Dallas) makes its conference start at Denton in the District 6 race. Denton is undefeated but all other members of the district have suffered losses.

Breckenridge and Brownwood meet at Brownwood Monday in the game considered the District 3 title affair.

Tyler and Longview, unbeaten in District 11, play at Longview. Marshall, the other undefeated eleven, goes to Texarkana.

In District 16, Brownsville and Edinburg, the only undefeated teams, clash at Brownsville.

The week's schedule by districts:  
1—Friday: Pampa at Lubbock (conference); Saturday: Amarillo at Plainview (conference); District 2. Quanah at Graham (conference); Olney at Wichita Falls (conference).

3—Friday: Abilene at Lamesa (conference); Big Spring at San Angelo (conference); Monday: Odessa at Sweetwater (conference).

4—Friday: El Paso at Mesa, Ariz.; Saturday: Albuquerque, N. M., at Austin (El Paso).

5—Friday: Denison at Paris (conference); Sherman at Greenville (conference).

6—Friday: Highland Park (Dallas) at Denton (conference); Masonic Home (Fort Worth) at Arlington; Sulphur Springs at McKinney (conference).

7—Friday: North Side (Fort Worth) vs. Poly (Fort Worth) (conference); Saturday: Paschal (Fort Worth) vs. Amon Carter-Riverside (Fort Worth) (conference).

8—Friday: Sunset (Dallas) vs. Woodrow Wilson (Dallas) (conference); Saturday: Adamson (Dallas) vs. Crozier Tech (Dallas) (conference); North Dallas vs. Forest (Dallas) (conference).

9—Friday: Mineral Wells at Stephenville (conference); Ranger at Cisco (conference); Monday: Breckenridge at Brownwood (conference).

10—Friday: Waxahachie at Corsicana (conference); Temple at Hillsboro (conference); Fort Worth Tech at Ennis, Waco at Bryan (conference).

11—Friday: Tyler at Longview (conference); Marshall at Texarkana (conference); Electra at Gladewater.

12—Friday: Nabogdoches at Lufkin (conference); Palestine at Athens (conference); Livingston at Jacksonville (conference).

13—Thursday: Jeff Davis (Houston) vs. Reagan (Houston) (conference); Lamar (Houston) vs. St. Thomas (Houston); Friday: Milby (Houston) vs. Austin (Houston) (conference); Saturday: San Jacinto (Houston) vs. Sam Houston (Houston) (conference).

14—Friday: Orange at Galveston (conference); Port Arthur at South Park (Beaumont) (conference); Beaumont at Goose Creek (conference).

15—Thursday: Brackenridge (San Antonio) vs. San Antonio Tech (conference); Friday: Laredo at Corpus Christi (conference); Jefferson (San Antonio) at Kerrville (conference).

16—Friday: San Benito at Harlingen (conference); Robstown at Kingsville (conference); Edinburg at Brownsville (conference); Pharr-San Juan-Alamo at McAllen.

**Livestock Trading Holds Steady Level**

Trading at the Big Spring Livestock Commission auction Wednesday kept on a steady level with over \$40,000 worth of cattle being sold even long after dark.  
Fat cows sold up to 11.00-11.25; fat bulls up to 11.00; fat butcher yearlings up to 14.50; stocker calves 12.00-13.25; and stocker cows up to 8.25.

## Top Cage Teams Are In Rockies, Says An Expert

By HUGH FULLERTON, JR.

NEW YORK, Nov. 8. (AP)—Getting cagey . . . John Mooney sends word that the top cage teams will come from his intermountain area . . . "Wyoming will be the team to beat," says John.

"Coach Ev Shelton has a starting five averaging 6-7, including Milo Momenish and Jim Weir back from the national champs of a few years ago. Kenny Sailors also is figured back . . . Mooney adds that Utah and Brigham Young will be tough and "Colorado U. is a cinch to have another of those All-Kansas aggregations as soon as Frosty Cox comes back from Europe."

**ONE-MINUTE SPORTS PAGE**  
When ex-Marine Tom Smith reported for football his first day on the Penn State campus, Coach Bob Higgins quizzed him about his experience . . . Tom told about playing for Erasmus Hall in Brooklyn in 1941, then casually added: "Charlie Speidel told me to report to you."

"Why," gasped Higgins, "Charlie is way out in the Pacific." . . . said Smith: "So was I."

Word from the West Coast is that Lt. Frank Leahy won't go back to Notre Dame as Naval R. O. T. C. Athletic Officer because his orders were suddenly cancelled. The best guess now is that Leahy is about to be "separated."

A representative of the Carthage, Mo., club of a proposed class "D" baseball league doesn't know whether to point with pride at the interest in his loop or to complain because he was hailed out of bed at two a. m. the other day to take a call from C. W. Hodges, phoning from Vancouver, B. C., about the possibility of getting a franchise for Bartlesville or Ponca City, Okla.

**CLEANING THE CUFF**  
Southern Association umpires likely will breathe easier now that Fresco Thompson has been called in from New Orleans to do "field work" for the odgers . . . one of Fresco's best stunts was to argue until an ump pulled the rule book from his hip pocket, then Thompson would exclaim: "What do you know? A rule book printed in Braille."

# Central's Trojans Favored Tonight

**Waddie Defense Best In Grade School Loop**

Grand finale of the Ward school football season will be unraveled at Steer Stadium this evening 7 o'clock, when West Ward's Waddies tangle with the Central Ward Trojans.

El Trojan leads the Junior school league with three victories and a tie in four outings and a deadlock with the Waddies would give Central the championship, so the Cowpokes must shoot the works.

Gridiron strategy of Billy Bob Whittington and Charles Wright will be tested in the fracas. Whitt, assisted by Arnold Tonn, tutors the Central brigade while White and Melvin Byers handle the reins at West Ward.

The House of Troy has displayed the better offensive punch to date, West Ward the better defense. In their four games, Whittington's troops have rolled up 60 points to seven for the opposition. The Waddies have not been scored on but were not able to cross the double stripes in two of their four bouts.

Tonight's setto closes out a five week's season for the six grade school teams of the season.

The lineups:  
West Ward—Franklin and Hargrove, ends; Fulture and Pettiet, tackles; Mize and McRae, guards; Byers, center; Gross, Murray, Armstead and Scott, backs.

Central—Todd and Warren, ends; Howell and Nutt, tackles; Porter and Jenkins, guards; Rose, center; Fort, Gross, McMillan and Maines, backs.

**Taylor Plans Building New Appliance Store**

Plans are underway for a 50 feet by 125 feet modern frigidaire appliance store to be built at 311 Johnson, Elton Taylor said Thursday.

Construction of the new store should begin between now and the first of the year. Taylor purchased the lot and house from Mrs. Hilma J. Lilly, who has owned the structure for 45 years. The house has been sold to Mrs. Guy Combs, who is moving it to the south part of town.

## District Golden Gloves Boxing Meet To Be Staged Here Jan. 31-Feb. 2

Amateur boxing does a comeback in Big Spring Jan. 31 through Feb. 2 when the Big Spring Athletic Association brings the district Golden Gloves boxing tournaments to town.

Those dates were definitely decided upon at a meeting of that organization's executive committee Wednesday evening.

The entire program will be staged in the high school gymnasium, where 750 to 1000 spectators can be handled nightly.

Any fisticuff in West Texas, so long as he has not accepted money for fighting or does not live within the city limits of a city sponsoring a similar show, is eligible to compete here.

Workouts for the tournaments will probably begin before Christmas. One of the practice gyms is expected to be set up in the basement of the Settles hotel.

Members of the BSAA are occupied this week with the task of accumulating gloves, shoes, punching bags, a ring and allied paraphernalia.

State GG finals are booked to be staged at the Will Rogers Memorial Coliseum Feb. 13 through Feb. 18, according to word received from that central Texas city.

**THE GOVERNMENT FINALLY PAYS OFF**

WASHINGTON, Nov. 8. (AP)—President Truman yesterday signed legislation authorizing payment of \$123.44 to J. B. Grigsby of Dallas, Tex.

The payment rectified a 25-year-old clerical error made when Grigsby made an overpayment in connection with the purchase of some lumber in April, 1921.

**LINE STAR**—Joe Dickerson, (above) Penn guard, won praise for recovering four Navy fumbles in tight contest.

## San Angelo Record Not Up To Par But Herd In For Rough Evening

Despite the fact that the San Angelo Bobcats have been beaten three times and tied once, have been scored on in all but one of their seven outings this year and are already out of the District Three chase, Jewel Wallace's crew will rule as decided favorites when they square off with the Big Spring Steers Friday night in the Angelo corral.

The Conchoans have displayed no potent offense. Neither has their defense been anything to write home about. They're simply not the Bobcats of old. However, they'll do—in District Three competition and, though Odessa is the eleven that's carrying the heavy hardware this Autumn, the Angelenos are certain to finish high in the first division.

The Tom Green county lads opened the 1945 semester with a 6-0 triumph over Denison. Next time out, Lubbock fought them to a 13-all standing. Then the Cats proceeded to show glaring weaknesses in defeats administered by Highland Park (19-6) and Amarillo (21-6).

Wallace's tribe snapped out of their doldrums when it came time to open the district chase, defeating Lamesa, 28-7, but Odessa

proved superior, 7-0. Last week, the Cats were hard pressed to score a 13-7 triumph over Midland, the same club that had eked out a 9-6 triumph over Big Spring earlier in the campaign.

The Steers went through a full speed drill on pass offense and defense yesterday at Steer stadium. The Cats are due to see a lot of Jackie Barron and Horace Rankin, who handle the local passing chores, Friday.

D. D. Douglass, letterman end, has been in sick bay all week and is not due to see action Friday. That means D. C. Williams, a reserve wing, may play a quarter or two, spelling Ensor Puckett. Williams, himself, hasn't been feeling up to law but can operate.

Steer fans have opportunity to wish the boys well at a giant pep rally, booked to begin at 8 o'clock tonight on the high school campus.

Bobo Hardy, president of the students' council and a Herd regular, will apply the match that will launch the fire and the fireworks.

**Billy Conn To Stop Fighting Exhibitions**

KANSAS CITY, Nov. 8. (AP)—Billy Conn, the fancy boxing Irishman from Pittsburgh, says he is convinced that exhibition fighting is a "heck of a poor way" to get in condition for his championship bout with Heavyweight King Joe Louis next June.

That's why, Conn said, after a 3-round appearance here last night, he is quitting "show off" stuff in favor of serious training for a return engagement with the Brown Bomber.

"Fans don't realize it's only an exhibition," Conn explained. "They expect me to show the same boxing skill I used that night in 1941 when I boxed rings around Louis for twelve rounds before I got careless."

Overweight and not up to his usual speed, Conn threw a few fast hooks at the Bearcat in the last minute of the exhibition, but he admitted that he had a "long way to go" before he's ready for Louis.

**Willoughby Purchases Additional Ranchland**

SAN ANGELO, Tex., Nov. 8. (AP)—Ray W. Willoughby of San Angelo, has added a ninth ranch to his vast West Texas acreage.

The W. M. Cameron estate, Waco, sold Willoughby, who is president of the Texas Sheep and Goat Raisers' Association, 40,000 acres in Hudspeth county, giving the West Texas ranchman a total of 115,000 acres of grass range in one block of land.

**If you put in Du Pont anti-freeze You'll never have to worry, 'Cause freeze-ups will not bust your car— But, man, you'd better hurry**

**Du Pont warns all car owners to get anti-freeze protection before it's too late. This year a freeze-up can be more than an inconvenience. It may be the "death" of your car. Engine blocks, radiators, and cylinder heads are still hard to get and always expensive.**

**Have your dealer check the cooling system thoroughly. It pays to stop leaks, replace rotted hose connections, clean a clogged radiator or repair other defects before they cause trouble. Avoid a last-minute rush. Give your dealer time to perform this needed cooling system service.**

**\$1.40 a gal. War Emergency "Zerone" gives thorough protection against rust and corrosion as well as freezing. Until regular "Zerone" comes back (this season's production went to war), there's no better buy at the price. Remember, it's made by Du Pont.**

**\$2.65 a gal. A limited supply of "Zerex," Du Pont's non-evaporating anti-freeze, is now available. "Zerex" won't boil out. One filling lasts all winter. Nothing to worry about. Gives complete protection against rust and corrosion—won't form sludge or clog radiators.**

**DU PONT** BETTER THINGS FOR BETTER LIVING... THROUGH CHEMISTRY  
**"ZERONE" AND "ZEREX" ANTI-FREEZE**

Editorial --

Helping An Institution

With The News

by Dewitt Mackenzie AP Foreign Affairs Analyst

A fellow commuter this morning turned from the headlines in his newspaper and asked me in pre-dawn, sepulchral tones: "Well, when will the next war come—in about five years?"

I wasn't feeling so good myself, because the train was late, but that pessimistic query put me on the alert. One doesn't (or at least shouldn't) talk about world wars in these atomic-bomb days without pausing to think. Anyway, my reply was that while there are very real dangers to be overcome, there is no sound reason why these shouldn't be met successfully. I believe that, too.

Certainly there is cause for anxiety, but there's nothing to cause surprise. Great powers—Germany, Italy, Japan—have disappeared and there is an inevitable realignment of spheres of influence which are causing heart-burnings. British Foreign Secretary Bevin, speaking in the house of commons yesterday, declared that the great difficulty in achieving international cooperation rests in "whether or not you can entirely obliterate what are called spheres of influence and power politics."

The quickest way to overcome this evil is the employment of frankness among nations, and Bevin sounded this note when he appealed to the great powers to "rely on the cards on the table face upwards." While naming no names, the foreign minister hints that Britain was suspicious of Russia's territorial demands. He put it this way:

"You cannot help being a little bit suspicious if a great power wants to go right across the throat of the British commonwealth."

That's putting the cards on the table face upwards. And we've had quite a lot of cards faced so far this week. Russian Foreign Minister Molotov started it in his Moscow address Tuesday, when he condemned the tendency towards formation of a bloc of western European powers, and asked that all the secrets in connection with the manufacture of the atomic bomb be placed at Russia's disposal.

Former Prime Minister Winston Churchill also turned up some cards in the house of commons debate on foreign affairs yesterday. The old maestro did a colorful job of blunt talking, especially when he said Russia wouldn't share the secrets of the atomic bomb if she alone had them, and urged Prime Minister Attlee not to press America during the forthcoming conference in Washington to divulge details.

Both Churchill and Bevin subscribed to President Truman's 12-point foreign policy, and one of the most striking displays of cards came when

For years the need of a county library was called to mind, and many community leaders hung tenaciously to the idea that we could have such an institution. Their determination was rewarded little more than a year ago with the beginning of service in the Howard County Free Library.

The state stepped in to give the fledgling institution a good start by loaning nearly 2,000 volumes to the library for the period of a year. That year has passed and these volumes have been recalled. Even with them on hand, the library offerings were limited, and with them gone, regular readers have about exhausted the possibilities without retreating into the field of juvenile books. And the same thing is true of the juveniles who have combed the offering in their mental level groups.

It is fundamental that a library must have books. The more versatile the range, granted that facilities for handling are standard, the better the library.

By this criterion, the Howard County Free Library is not all that it ought to be by a long, long way. This is mere evaluation, not fault-finding. In justice, it must be admitted that the institution is young, and that it is not sound to expect to mushroom a good library from scratch in the space of a year or so.

However, it is time, it seems to us, that people start thinking about their library and about the place they wish it to fill in the community. The funds now available to it will not develop it as systematically and as rapidly as it needs to be developed. In time this amount should be increased.

Meantime, there are other means of doing something about it. Individuals can give to the library, either in books or in money earmarked for books. Many people have adopted the practice of giving books in memoriam of deceased friends and relatives.

Clubs, afflicted with symptoms of dry rot from lack of anything really constructive to do, could find aid to the library a stimulating and beneficial project. It would be like Shakespeare's "mercy," blessing the organization with a vigorous activity and those who would read for years and years.

Churchill said: "We (Britain) should make clear to the United States that we will march at their side in the cause President Truman has defined. This is our chance of survival and it may even be of safety and, with safety, a vast extension of prosperity."

Churchill was repeating his theme song of Anglo-American solidarity.

It's important to note that while there was blunt talk in commons, especially regarding Russia, there also were kindly words for the Soviet, and the need of collaboration among the powers was emphasized, just as Molotov had emphasized it Tuesday. The road to peace—admittedly a dangerous road—lies in this mutual recognition that solidarity of the big three is vital.

And Nothing Can Be Done About It

With The AEF: Why The Lieutenant Does Not Love The Colonel

By HAL BOYLE

TOKYO, Nov. 8. (AP) — The Lieutenant was packing to go home from the wars, and some officers were in his room pouring him farewells. And because they felt sorry they weren't heading stateside, they were pouring some for themselves, too.

"Well, I've been in the Army four years and I figure I'm even with the books," said the Lieutenant, "that is, all except for one."

"No," replied the Lieutenant, "score I've got to settle. I'm going to beat hell out of a certain Colonel that's been in my hair for two years."

"Hey! You can't do that!" exclaimed a Major from a corner of a bunk. "Beating up Colonels is one of the enlisted men's post-war privileges."

"Not this Colonel," said the Lieutenant. "He is for me. I am going to find out when he gets his discharge and I'll be waiting for him when he steps off the boat at San Francisco. I'll be there if I have to quit my job and ride the rods from New York to get there."

Then, as the hilarious audience whooped in delight, the furious Lieutenant kicked a bag from one end of the room to the other until he was out of breath and had to quit for another drink.

"And that's only the first installment of what he's got coming to him, that Col. Baggy pants," he said, glancing at the wilted bag.

"You won't do it, though," laughed the Major. "Guys talked like that in the last war. Privates were always going to beat up their

Sergeants and Lieutenants were going to smash their Captains to pieces, but it didn't happen. You'll probably be slapping that Colonel on the back and buying him a drink at the first Veterans Reunion."

"Like hell I will," said the Lieutenant, stormily.

"What did he do to you—pass you up for promotion?" asked another officer.

"He didn't do anything to me," the Lieutenant answered. "It was what he did to my men."

"There was one little guy from an Eastern city who was one of my hardest workers. Never complained. When the Army ruling came out that we could start releasing fellows over 38 years old he came up to me and asked if I would help him get out. 'I am 44 years old and have two children,' he told me. 'I have a small business and my mother and father have been running it for me. But they are very old and both are ill now and I am afraid I will lose my store unless I can get out. There is nobody else to run it.'"

The Lieutenant's eyes clouded with anger.

"But that dirty skunk had come in with one of his hangers that morning, and wanted to take it out on somebody. 'You're just another slacker!' he yelled at my private, and told him 'I'm going to send you back to Guadalcanal.' And he did."

"That's just one case. He ruined five of my best men with cheap, chiseling tricks like that. That's why I'm going to beat hell out of him."

Washington Merry-Go-Round—

Stalin Suffers Severe Heart Attack

By DREW PEARSON

WASHINGTON—A high Army officer just returned from Europe reports that Stalin suffered a severe heart attack and will have to take things easy from now on. The same General reports there is discussion in the Red army over Stalin's successor. . . . George Allen, so-called "Mississippi Carpet-Bagger" and one of the men closest to Harry Truman, is retiring from the White House. Although drawing no salary and still Vice President of the Home Insurance Company, as well as having his finger in many other pies, Allen held down a desk at the White House. . . . War Department

several battalions are being measured to see how many troops they can carry. . . . By scaling battalions' crews from about 2,500 to 700, they can carry about 3,000 returning G. I.'s. . . . use of battalions ought not to be necessary, however, if the nation's tremendous surplus of shipping were utilized.

This now approaches scandal. . . . While seabees, sailors, marines, soldiers wait on island hell holes or in European ports, 55 Victory ships have been removed from military service and switched to commercial trade. These were the fastest ships built during the war, all at government expense. However, peacetime commerce now comes before peacetime repairation of men who fought for their country. . . . Tragic waste of shipping today approaches a Pearl Harbor scandal. While enlisted men eat their hearts out in Europe and the Pacific, waiting to come home, 93 vessels have been laid up in Suisun Bay, Calif., since the end of the War. . . . In addition, a total of 226 ships are now in the port of San Francisco. According to a careful survey by the maritime union, 75 docked prior to Sept. 30, and 55 docked the first two weeks of October. . . . they are not moving. All are in good condition.

Smothering Small Business

It looks like small business, which both Roosevelt and Truman talked so much about protecting, is going to get the small end of the deal. . . . During the war, big business got most of the prime contracts. More than 50 per cent of all war orders went to just six companies. . . . Now, by a sleight-of-hand operation, smaller war plants, chief protector of little business, is being gutted. . . . Funny part of it is that the gutting of smaller war plants is probably unconstitutional, since what is created by Congress can't be transferred without a new act of Congress. . . . Despite this, the main functions of smaller war plants are being transferred to the RFC—namely loans to small business—while the left-over dregs are going to Henry Wallace's Commerce Department. This is taking place just after Congress got through voting smaller war plants the money to hire 800 extra men to sell surplus war goods to veterans. . . . Senator Taft has said he was against passing Truman's reorganization bill because smaller war plants might be transferred; but he is going to wake up and find it transferred even before the reorganization bill is passed. . . . Maury Maverick, fighting head of smaller war plants, has given up in disgust and is leaving for China—the Siberia of exiled American statesmen. (Donald Nelson went there before being ousted from WPB; Wallace also went there before being eased out of the Vice-Presidency.) . . . Prediction: Treasury watchdog Lindsay Warren will not okay expenditure of funds for the gutted smaller war plants. He will rule that when Congress appropriates money for one thing, it has to be spent as Congress decrees, not some other way.

Pennsylvania Lawyers

After beating about the bush for some time, President Truman has finally decided that Senators are not to appoint all his new judges. Senator Joe Cuffey of Pennsylvania, a stalwart Democrat, long has objected to the appointment of another Democratic stalwart, Jim McGranery of Philadelphia, to be new U. S. Circuit Court of Appeals Judge. Guffey admits he had nothing against McGranery, but wanted another man to fill the job. However, Truman has decided to appoint McGranery anyway. . . . A former Congressman, McGranery is one of the outstanding men in the Justice Department, will make an A-1 judge. . . . Taking McGranery's place as No. 2 man in the Justice Department will be Congressman Mike Monroney of Oklahoma, an able citizen. Some Republicans are talking at Monroney's going to the Justice Department, because he isn't a lawyer. But the job of Assistant to the Attorney General

is administrative, not legal, and Monroney will do a fine job.

Jeeps for Vets

Orchids to Congressman Eddie Herbert of Louisiana for pounding home on surplus war property officials the importance of selling war goods to discharged veterans. The veterans are having a tough job buying government surpluses, despite the fact that millions of dollars in jeeps, trucks, tires, etc., are lying idle in government warehouses. . . . A west coast auto dealer recently bought 100 cars from the government at a flat price of \$250 each, is now selling them for around \$1,000 each. Meanwhile, veterans can't buy surplus government automobiles. . . . Best Congressional plugger for the capital of the United Nations to be in the United States is Congressman Karl Mundt of South Dakota. He claims—and rightly—that if you put the world capital in the old world, it will mean the death hand of old-world politics clutching the United Nations. . . . Mundt charges that the British, Dutch, and French delegates are trying to upset the earlier vote of the United Nations committee to establish the United Nations capital in the U. S. A.

Capital Chaff

The island of Okinawa is rapidly getting the reputation of being the hell-hole of the armed forces. Men are living in mouldy tents. Fresh meat and vegetables are few and far between. A supply of dynamite recently went off right in the middle of a tent area, killing six men. Meanwhile, ships have been standing off Okinawa waiting for orders from Washington. . . . Elder Statesman Joseph Daniels, who built up the Navy to what it was in the last war, has come out editorially against President Truman and peacetime conscription. Daniels says in brief: Remove the caste system from the Army and promote the men who deserve promotion; then you will get a big enough Army without conscription. . . . President Truman has decided that the Office of Strategic Services ("oh-so-secret") belongs in the War Department during peace, rather than in the State Department.

Mr. Baruch Writes A Letter

Mr. Baruch must have meant to influence the financial negotiations between the British government and our own. That much is clear, not from the contents of his letter to Representative Gore of Tennessee, but from the fact that he chose Monday of this week to publish it. For just in these days the negotiations are at that delicate and critical point where the question is whether the Socialist government of Great Britain will agree, in return for a dollar loan, to make the attempt, which is difficult and full of risk, to re-establish the free international markets which our government desires.

It is still uncertain whether the views of the two governments can be reconciled. If they are not, the western world, already gravely divided from the Soviet Union, will be divided within itself. Thus the failure of Britain and America to agree on a common regime of international trade for the democracies would be a shattering blow to the unity and stability of the world.

Mr. Baruch expresses no concern about all this, and as a matter of fact his letter could hardly have been more subtly contrived to wreck the negotiations and prevent a reconciliation of the British and American views. For it incites those very suspicions on both sides of the Atlantic which stand in the way of a constructive compromise—namely, the American fear of being rooked into giving away our patrimony to foreigners, and the British fear of becoming subservient debtors of the United States.

The effect is all the more destructive in that the letter intervenes by indirection and insinuation rather than by a straightforward and explicit statement of what its author thinks should and should not be done.

Mr. Baruch is concerned with two aspects of foreign lending. One is that we shall not extend credits which enable foreigners to buy more goods in our markets for export. This would aggravate inflation. The other is that we shall not finance other countries "to nationalize their industries against us." This might "destroy our own competitive system." The conclusion is very simple. No foreign loans: then by one master stroke we shall prevent foreigners from inflating

prices in our markets and from nationalizing their industries against us. . . . Mr. Baruch's remarks on the relation between American credits and the nationalization of industry abroad are hardly what might reasonably have been expected from an elder statesman. They are based on the assumption that the United States can by the use of credit control the policies of foreign government. The assumption is as untrue as it is dangerous.

For Mr. Baruch is supposing that with American credit Socialist governments abroad will be better able to nationalize industries than without American credit. But on the contrary, the more these foreign countries with their Socialist governments are isolated from the markets of the outer world and forced to rely upon their own resources, the more stringent and total will be their collectivism.

Mr. Baruch simply does not know what is going on in the

world if he imagines that he can stop European Socialism by threatening to withhold American credit. The threat itself will only provoke Europeans to go faster and farther towards planned self-sufficiency within a closed system which American business men and financiers cannot interfere with. The withholding of credit, or offering it on conditions which are political and ideological rather than economic and business-like, can only make collectivism a certainty. For in a state of economic siege or blockade within confined regions of the world, there can be little or no free and competitive enterprise.

We are now the most conservative of the great powers. It is far from being an easy position to hold. We shall need for ourselves and for the principles we believe in, wisdom in affairs. We shall need a greater wisdom than the primitive notion that we can sit on our wealth and grow rich, or that being rich we can buy anything, including the souls of our fellow men, that we choose to pay for.

Washington—Up, Not On, The Election Stump

By JACK STINNETT

WASHINGTON — In the campaign to capture control of the House of Representatives in 1946 which Republican congressional political leaders now are launching, there appears to be one stumbling block.

The GOP strategists can't make up their collective mind whether to concentrate their fire-power on President Truman and the general administration programs or to wage a door-to-door campaign on local issues in those districts and Congressmen - at - large states where 98 seats were won or lost by very narrow margins in 1944.

Some top-notch strategists, like House Minority Leader Joe Martin, feel that the long-run policy of knocking the administration out of the White House is more important than taking over control of the House in an off-presidential election year.

I have found that it is frequently a cause for debate among political strategists whether winning control of the House with the opposing party in the White House is an asset or liability. Too often, it gives the President opportunities to recommend popular legislation which the opponent-controlled House can only string along with or put its majority on the spot with, if it votes it down.

Equally reversed party strategists feel that such an opportunity to take over the House as presents itself this coming year shouldn't be side-tracked for long-range policies and that party funds and party pressure should be concentrated in those individual districts where Republicans were beaten by slight majorities or won by little more than a tooth-hold last year, regardless of inconsistencies which would result.

Although the Republicans have taken several aggressive steps toward a unified constructive platform, they still are plagued with dissension in the ranks. As a matter of fact, both parties long.

Crossword Puzzle

A crossword puzzle grid with clues for both across and down words. Clues include: 1. Children's game, 2. Group of Indo-Chinese languages, 3. Street arching over a road, 4. Tear down, 5. Units, 6. Conjunction, 7. Forward by stages, 8. Pronoun, 9. Open vessel, 10. Stripped instrument, 11. Substitution, 12. Ermine, 13. Symbol for sodium, 14. Float, 15. Tree, 16. Totals, 17. While, 18. ## Election Of BSAA Officers Slated December 3rd

Semi-annual election of Big Spring Athletic club officers will be conducted the night of Monday, Dec. 3, probably in the Settles hotel.

In making the announcement, the current president, Jack Smith, said:

"That should be inducement enough to get the members out. However, we will have a party to bolster enthusiasm in the balloting. A party complete with liquid refreshments—and venison, if some of our members live up to their boasts and bring back deer from planned hunting expeditions."

The December get-together is to be an open session. The public is invited. A membership drive will be launched in conjunction with the party.

## FISHY YARN WITH DASH OF MYSTERY

SAN FRANCISCO, Nov. 8. (AP) — About 18 months ago 45 kegs containing specimens of South Pacific fish were loaded aboard a ship at New Caledonia consigned to Wilbur Chapman, curator of fish at the California Academy of Sciences.

Chapman, who had caught the fish, returned home and yesterday received a call from a rancher at Rockaway Point, south of San Francisco, reporting the finding on the beach of one of the kegs bearing Chapman's address.

The specimens were undamaged but the way by which they reached the beach remains a mystery.

## Fort Worth Auction Brings Fair Prices

FORT WORTH, Nov. 8. (AP) — Cattle sold at fair prices at the third annual auction of the Southwestern Milking Shorthorn Association here Tuesday, although a number were young animals and none highly fitted, judges said.

Four bulls made an average of \$527.50 and 38 females averaged \$350.14 in the auction. The top bull in the auction sold for \$750. The bull was Sunbeau Masterpiece, sold to M. Hohn of Hebron, and bred by Miles Milhoan, Wildorado.

## Mexican Farm Students Guests At Texas A&M

COLLEGE STATION, Nov. 8. (AP) — Twenty-six Mexican and Texas farm students are guests of Texas A. & M. college today.

The group arrived here last night on their 12-day tour of the state.

Tomorrow, the 12 students of the National College of Agriculture of Mexico City and 14 4-H Club boys from Texas, leave for Dallas to participate in the opening festivities of the Pan American Hereford exposition.

### OAKIE DOAKS

DURING A SNOWSTORM THE "BOUNTIFUL BESS" HAS FILLED UP ON AN ICEBERG...

AXES, MEN! CLEAR THE DECKS AND CUT THE SHIP LOOSE!!

HERE'S OUR CHANCE TO MAKE A GETAWAY, SIR OAKIE!

YEAH! LET'S GET A COUPLE OF OARS, GET ABOARD NELLIE, AND GET OFF THIS BOAT!

I'M GOING, TOO!

NELLIE, JUMP TO THAT ICE-FLOE! MISS! I HATE C-COLD WATER!

### PATSY

THEY'RE SHOOTING ON LOCATION TODAY... UP HERE AT AN ABANDONED MINE?

HELLO, GIRLS, I'D LIKE YOU TO MEET MY OLD FRIEND, BLIMPO!

THE PLEASURE'S ALL MINE, GIRLS!

H-M-M-M... WOULDN'T IT BE JUST TOO BAD IF THIS STUFF SHOULD GO OFF AT THE WRONG TIME!

NOW WE DON'T WANT TO FUMBLE THIS SCENE... AS SOON AS YOU AND PATSY RUN OUT OF THE TUNNEL THEY'LL SET OFF THE DYNAMITE BLAST!

BE SURE AND WAIT UNTIL WE'RE OUT!

WHY DIDN'T YOU TELL ME IN THE FIRST PLACE, THAT YOU NEEDED HELP... I THINK I'M GOING TO LIKE ALASKA!

JUST WANTED TO KNOW IF THE OLD SCORCH WAS STILL TICKIN'... THERE'S MY SKY WAGON... SHE'S NOT A PSI! BUT SHE'LL GET US THERE!

C'MON, THIS IS WHERE WE LEFT OFF... REMEMBER? I WAS CHASING A TAJID AND YOU WERE TALKING ME...

YEAH, IT'S LIKE OLD TIMES, SCORCH... THERE'S PLENTY OF SKY OVER HERE, FOR A COUPLE OF GUYS LIKE US...

### SCORCHY SMITH

WHY DIDN'T YOU TELL ME IN THE FIRST PLACE, THAT YOU NEEDED HELP... I THINK I'M GOING TO LIKE ALASKA!

HERE'S OUR CHANCE TO MAKE A GETAWAY, SIR OAKIE!

YEAH! LET'S GET A COUPLE OF OARS, GET ABOARD NELLIE, AND GET OFF THIS BOAT!

I'M GOING, TOO!

NELLIE, JUMP TO THAT ICE-FLOE! MISS! I HATE C-COLD WATER!

**LEATHER WORKERS**—German shoe makers working in a shoe factory in Offenbach, Germany. The shoemaker on the left is working on an American GI's boot while the other one repairs a German boot. Offenbach is known for its fine leather goods.

## Troop 5 Wins Two Scout Honor Awards

Troop 5 won the Shick trophy for advancement of the Boy Scout Court of Honor held Tuesday night under the direction of W. C. Blankenship. The troop was also presented the attendance banner.

Charles Seydler, troop 5, was awarded the Eagle Gold Palm by George Melear. Second class awards were presented by H. M. Neel and first class by Blankenship. Star and life badges were given by H. D. Norris, who also presented camping awards. Rev. J. E. McCoy gave merit badges.

Several troops have qualified for the Reagan camping banner. Around 100 persons were present.

The fruit of the spodilla tree is eaten in the tropical parts of America.

## IMPROVED BRAKES ON 1946 FORDS

Improved passenger car brakes are one of the many features of the new 1946 Ford cars, according to Mr. Merrick of Big Spring Motor Co.

"Our engineers and technical men of the Ford Engineering Laboratory have gone after three big things in car brakes," Mr. Merrick explained. "First, brakes that stop you quickly with just a light touch of the pedal; second, longer life in the brakes themselves and in the lining; and third, silent operation."

Ford brakes on 1946 cars are self-centering, with slotted shoes. This means that the brake pressure applies evenly over the entire brake drum surface, giving smoother, quicker stop, and helping to prevent excessive wear of the lining.

By designing the brakes so that no local points of pressure can develop, any tendency to squeal has been virtually eliminated.

And servicing of brakes has been made easier. Mr. Merrick continued. The eccentric anchor pins have been replaced by fixed pins that greatly simplify the task of replacing brake linings. The fluid reservoir unit in the master unit is easy to reach for adjustment or servicing.

A valuable safety device used on previous Ford model brakes has been retained: all sections of brake tubing which are exposed to flying stones or other destructive forces are sheathed in a protective covering of coiled springs. (adv.)

## Mirrors Of Austin—Sadler Home From War; Says He Will Not Leave Texas Again

Lt.-Col. Gerald A. Sadler, better known in Texas as Jerry Sadler, wasted no time in getting off his uniform. Back in "civvies" and still addicted to the snuff habit which he acquired long before Pearl Harbor, Sadler has rejoined his wife in Austin and says he's just "looking around" for the next several months.

Most of his looking around, he adds, is centered on the problems of returning service men. Sadler himself doesn't say, but the report is that he proposes to run for Governor on a platform of aiding service men.

Regardless of his objectives, the former Railroad Commissioner has made one observation in connection with veterans which makes sense:

"They're saying that there are a lot of veterans who haven't gone back to work that they haven't taken the available jobs. That's true. But here's the situation. An awful lot of these men are from small towns. Their wives and children have been waiting for them in the smaller towns. Probably putting up with the old folks for the time being.

"So the veteran comes home. Naturally he goes to his home town. There are not any jobs there for him, so then he moves to the city. He can find a job there, all right; but he can't find a place to live and put his family. And a man who has been away from his family for months and months, maybe years, doesn't have any desire to go off and leave them."

As for himself, Sadler says one thing is certain: He has no desire ever again to leave Texas. Sad-

### Now Many Wear FALSE TEETH

**With More Comfort**

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.
