### Many To Be Here For Track Meet

#### Trail Dust

For us there is great fascination watching a blacksmith at his anvil. I like to see the kindly eyes of the blacksmith as he concentrates his face and watch his muscles as each inspired blow of the hot iron nears the picture in his mind. There is music in the ring of the anvil as the hammer strikes. Perhaps if I were great enough I could see future big men at their anvils, hammering away at the things in their minds, shaping with the blow of the hammer a greater destiny. But the musical ring as opportunity is flattened out and reshaped to the anvil of desire. There is music when it is cooled and tempered in the tub of yesterdays.

The psychological effect of sandstorms on human beings is amazing. Men and merchants in the desert are familiar with their effects. A traveling man recently that he merely felt time when a sand storm was blowing. Being subject to seasickness during the ordeal he found it impossible to stand. It was his opinion that anyone felt a certain nervous tension, some more than others. It is not without significance that one resides in a neighboring county over a period of years, all his days when protracted sand storms were in progress.

The custom of horse-back riding is becoming popular in many places. There is no sport more beneficial. A riding club in Roaring Springs would afford both young and old much pleasure. The solution of bridge paths that connect metropolitan riders would be the smallest worry here for the initial cost of the horse the pleasure would be little. There is a five cent per gallon tax on oats.

The late Dwight Morrow was reported: "When will prosperity come to the United States?" His reply was: "Prosperity will have come to us in the United States in six months before we realize it." It is highly possible that the forecast in this now classic remark or prophecy is becoming a reality and that within six months of the given time has passed. Perhaps a statesman as Dwight Morrow, knew the future served well enough to know that they, as a whole, would be under a burden six months hence becoming aware that it no longer existed. If he was right and prosperity has returned to the United States, some of the greatest cities that have ever been known to mankind are now men with faith—and most likely that the president will ever offer a shorter lease, than to he who sees and takes advantage of what we have called "depression."

Drugs Are Passing

Years ago nearly all people believed that drugs would cure almost anything. The feeling prevailed that if the right kind of drugs could be found, it would soon make them well. Now a more enlightened public is getting away from this foolish idea. They are depending on Nature and not placing all of their faith in habit-forming drugs.

If you cut your finger there is no known way to compel it to heal, yet nature will repair the damage

if you will stop cutting it. By the same token, Nature will restore health if you will remove the cause of the disease.

If you have some ailment that is due to faulty elimination or unbalance in the body's chemical arrangements, the thing to be done is to correct the body chemistry; clean up the entire system and allow Nature to repair the damage just as is done in the case of the cut finger.

Hundreds of thousands of people have let Nature relieve them of such chronic ailments as: rheumatism, neuritis, colitis, acidosis, nervous ailments, liver and kidney disorders, arthritis, and others by just adding Crazy Water Crystals to their drinking water. One package of Crazy Water Crystals will make approximately 15 gallons of natural Crazy Water, at a cost of only 10c per gallon. Inquire today for complete information concerning Crazy Water Crystals.

**CHURCH OF CHRIST**  
Bible School 10 a. m.  
Preaching 10:45 a.m. and 7 p.m.  
Children, young people and  
adults of all churches will have  
a thirty minute program every  
Sunday preceding the sermon  
night. You are welcome to par-  
ticipate. This church urges unity  
of all professed believers, the  
pastor preaches it and we throw  
wide the door of opportu-  
nity for all to worship here. We  
do not ask that you join us nor  
leave your church, only that you  
be in the Lord in obedience. Bring  
your Bibles and let's study, teach  
and preach the Book. 2 Timothy  
3:16-17 and Acts 5:42.  
Ben West, Minister.

**Methodist Church**  
In spite of the disagreeable  
weather on last Lord's Day we had  
a regular service here, attendance  
very good. This pastor appreciates  
the faithfulness and loyalty of some  
of the church, who make it a part  
of their religious duty to be in the  
service, regardless of conditions.  
The pastor had a good day at  
Lubbock City. Good attendance at  
church services and much interest  
manifested. Four were received in-  
to the church, three by baptism and  
one by certificate. Had a good  
service at Croton in the afternoon.  
Will be in the pulpit here both  
services next Sunday, the Lord  
blessing. Let us set a new attend-  
ance record in both Sunday school  
and preaching services. How can  
we do it? By each member of  
Sunday school and church being  
present and bringing others who  
have not been in attendance with  
us. Let us make the preaching  
services a vital factor in our Christ-  
ian life. This pastor pledges anew  
his best efforts to that end, praying  
and trusting the Lord for help. But  
with that done, enough has not  
been done, there must be the moral  
support, presence of and earnest  
prayers of our people. All this be-  
ing done, God will wonderfully bless  
us.

Those not in Sunday school and  
preaching services elsewhere, are  
cordially invited to join in worship  
with us. Visitors will find a hearty  
welcome at the Methodist church.  
Come and be with us we'll try and  
help you.  
The Lord wants to bless—will  
you give him a chance.  
"The Friendly Church."  
T. MARVIN McBRAYER,  
Pastor.

**Church of Christ**  
Attendance and interest were ex-  
cellent at all Sunday services. The  
whole church is studying the Book  
of Acts while the preacher gives  
two expository addresses every Sun-  
day on the book. Next Sunday's  
lectures will cover the fifth and  
sixth chapters.  
Mrs. Shirley presented an excel-  
lent program before the Sunday

evening address. The Matador  
church will visit us next Sunday  
evening with a program of songs,  
prayers, readings and scriptural di-  
alogues. The public is invited to  
hear them. This church is prepar-  
ing an exchange program for a  
Wednesday night at their church.  
The ladies Wednesday afternoon  
class enjoyed the largest attendance  
last week. They meet at the Bap-  
tist church this week.

Our congregation appreciated  
visiting Methodists last Sunday.  
Members of all the churches are in-  
vited to worship with us when your  
preacher speaks out of town. We  
never miss a service.  
Ezekial was told to "eat this

the Bible.  
In Samuel's day it was said, "The  
word of God was precious in those

## Half Dozen Players Make Bid For Fame In Hughes Picture

At least half a dozen players, comparatively new to the picture loving public, achieved sudden fame and prominence in Howard Hughes' United Artists picture, "Scarface", said to be the last word in gangland films. In fact, it is said no production since "The Miracle Man" has established so many players.

Mr. Hughes, in making the picture, selected his cast from the ranks of the comparatively unknown, making certain he obtained the most perfect types available for each roll, regardless of previous box office prestige.

Producer Hughes is probably the most exacting of the movie-makers. He is known to have made more than 100 tests for an important role before filling the part. He spends months in preparation on a picture while other producers spend weeks—and when he starts actual filming he is convinced that his production will be right. More expensive, perhaps, but in the long run more economical, as the outstanding pictures, particularly in this era of entertainment, return the most money at the ticket-windows.

The title role in "Scarface", which comes to the Palace Theatre, Spur, next Sunday is played by Paul Muni, a Broadway stage-star, who quit the stage two years ago after making two pictures for Fox Film Corporation.

Bread lines and plow lines are never found together.

Every scrap of a wise man's time is worth saving.
