

## Dr. Taylor Says Youth Is O. K.

### RECORD CROWD AT FATHER AND SON BANQUET

Famed Speaker Is Impressed With Youth Work Here

"Now I've seen a heap—a whole lot all right, people of Matador and Motley county," declared Dr. Thomas Henry Taylor, president of Howard-Payne college, Brownwood, as he started his brilliant address before more than 300 at the 3rd annual Father-Son Banquet held at the Baptist church Tuesday night.

"I do a lot of traveling around," the famous, self-made man declared, "and now I can tell people elsewhere about the great work you are doing here." Passages from Dr. Taylor's dynamic address, follow: "It is a mistaken idea that leaders do not receive due credit for their achievements, often they receive a great deal more than is due them, but men are better than they seem to be. This world is a good place in which to live and it is filled with many fine people."

#### Nothing Wrong With Youth

"There is nothing wrong with the young people of this country, despite the great amount of worrying some people do. Recently I was in Austin—say, that is a dreary place down there—and I had heard a great deal about the juvenile crime wave, but I searched and I couldn't find a juvenile criminal. I believe in the young people and that boys and girls are just as good and just as bad as they have ever been. Human nature remains unchanged."

"We have more fine, religious minded boys and girls going to church more often than ever before. We live in the best age of the best country on the face of the earth. Considering the vast number of laws there are in force, I don't believe we have any crime wave."

#### Paul Eubank Recognized

From the moment of his introduction by a former student Vernon Doss, Dr. Taylor kept his (Continued On Back Page)

### City Reins Will Go To Scouts Saturday

New Mayor Makes Promise To Clean Town Of Crime

Mayor Elmer Gene Jameson, elected by Troop 60 of the Boy Scouts to go into office here at 8 o'clock Saturday, declared that his administration is going to wipe the city's crime slate clean and probably add a substantial sum to the Scouts' depleted treasury.

Without criticizing the city's present officers, the mayor-elect outlined a dynamic program expected to concentrate on traffic violations immediately after the officers begin duty. The entire proceeds collected in fines is to be used for the Scouts' general fund, it was announced by Scout Officials.

### More Help Is Needed For Census Jobs

District Office Seeks Applicants For 17 Counties

More applicants are needed for enumerator positions for the coming population, housing and agriculture census which begins April 2nd, according to a statement received from Carroll Smyers, district supervisor of District 23 at Pampa. The district is composed of Armstrong, Briscoe, Carson, Childress, Collingsworth, Cottle, Donley, Gray, Hall, Hansford, Hemphill, Hutchinson, Lipscomb, Motley, Ochiltree, Roberts and Wheeler counties.

"Those who are qualified with good handwriting, experience in contacting the public and experience in dealing with forms and routine are urged to request an application blank from the above mentioned office," Mr. Smyers declared. "The Bureau of the Census is in search of competent, well-qualified individuals to become enumerators. The selection of enumerators will not fundamentally be made on the basis of need. We are looking for a competent personnel, for we are engaged in the most voluminous undertaking of any nation in the history of the world."

### SPUR ROUND-UP DATES ARE SET

SPUR, Tex.—Officers and Directors of the Spur Round-up Association have set Friday and Saturday, June 14 and 15 as dates for the 1940 annual Spur Round-up. Their first rodeo held last year was highly successful and drew heavily from the Plains and Cap Rock country.

George A. Sloan, Spur businessman is President; B. C. Langley, Vice-President; and O. C. Langhurs, Spur postmaster, Secretary-Treasurer. At a meeting to be held soon, committees, committee chairmen and a tentative program will be announced.

Setting of the June dates marks the opening of the West Texas Rodeo season, which embraces a number of good rodeos and closes with the annual Labor Day range celebration in Midland.

### Big Niner Sale Starts Here Today

The annual Big Niner Sale conducted by the Matador Hardware and Furniture Company starts here today and will continue for 10 days according to L. C. Harp, manager of the store.

Mr. Harp declared that the many money-saving values offered by his firm this year indicate that the supply may be reduced immediately and advised customers to make their selections early.

In addition to the display advertisement of the sale to be found in this issue of the Tribune a large 4-page circular of the many values offered, has been circulated.

There are 79,000 gasoline pumps in use in Texas service stations, an average of one pump for each 18.7 automobiles.

Experiences can never be garbed in words. At least one subject must forever escape true justification in my feeble record.

After a war the surviving soldiers are apt to be like the left-over ends of thread where fate has completed its frightful sewing.

### Matador Wins 5 Divisions Of Cage Tourney

Senior Girls Will Enter District Games On March 2

Matador won five out of a possible six first places in the annual 2-day county basketball tournament here Friday and Saturday. The games were well attended thruout the tournament. Trophies will be awarded as soon as they arrive, it was announced.

Roaring Springs won the senior boys contest to compete the six-first places in the tournament. The Matador senior girls won the opening game over the Roaring Springs girls, to follow-up by defeating Flomot in the finals for championship.

The Matador high school junior girls defeated Roaring Springs for championships, while the Flomot junior boys defeated Flomot for the honor position.

The grade school junior girls defeated Flomot in the opening game and later defeated Roaring Springs for the championship. The grade school junior boys defeated Flomot for championship.

The senior girls will go to the district meeting on March 2, according to Hugh Gray, their coach.

### Girls Set Fine Record

The Matador senior girls have won 48 out of 50 games in the past 2 years, Mr. Gray declared, losing both times to Jayton. Mr. Gray said a movement was being considered to purchase sweaters for the girls for the honor they have brought to the school thru their exceptional playing record.

They are expected to meet Jayton in a "grudge" game here within a short time.

### Past Conceals Purpose Of Wrought-Iron

The purpose of a strange piece of wrought-iron found on a cedar-hill about eight miles west of Matador, Monday, by Jim Lee, continues to baffle all old-timers who have viewed it at the Commercial Grocery where it is now on display.

The iron, which is about 14 inches in length, is shaped something like an inverted Y and is about eight inches wide at the top. One side of the prong has been broken off a short distance from the fork.

The piece of iron has been hammered into its present shape and bears four ornamental designs on each side. It is in splendid condition, showing but little loss from rust on one side which was next the earth.

Mr. Lee declared he found the iron on top of a cedar-hill in the foot-hills of the Caprock.

Some believe the designs might indicate Spanish origin. The iron is shaped something like a boot-jack with the prongs broken off.

### LOCAL BANKER ATTENDS ASSOCIATION MEETING

Elmer Stearns, Vice-President and Cashier of the First State Bank of Matador, returned home Tuesday from Dallas, where he attended a meeting of the fifth district of the Texas Bankers Association.

### Seeks Senatorship

State Representative Alvin A. Allison of Levelland, who announces his candidacy for State Senator of the 30th district, has served four years as county judge of Hockley county before being elected as representative of the 119th district. He was the author of the new "hot-check" law.

### ALVIN ALLISON ANNOUNCES FOR STATE SENATOR

Alvin R. Allison of Levelland, who has announced his candidacy for State Senator from the 30th Senatorial District of Texas, has authorized the Tribune to carry his announcement in this issue.

Judge Allison who held the office of county judge of Hockley County, Texas, for four years is at present the representative for the 119th District of Texas in the House of Representatives. During the 46th Legislature, Allison was author of the "hot check" law and sponsored legislation dealing with social security and the old-age pension problem in Texas. Allison said that he was STILL in favor of legislation that will provide full payment of social security needs to the old people, the underprivileged children, the needy, and the blind.

As a member of the important committee of the Legislature on highways and motor traffic, Allison consistently voted to raise the truck load limit on each and every occasion that the question was raised.

In behalf of farmers and average citizens, who he claims pay excessive interest rates, Judge Allison in the last session of the Legislature introduced a bill, which if passed, would have reduced the high interest rate from ten percent to six per cent, thereby saving farmers and average citizens, hundreds of dollars each year.

The Tribune will carry a statement of Judge Allison's platform in the near future.

### Pastor Heads Delegation To Amarillo Meet

Rev. W. B. Vaughn, pastor of the local Methodist church, together with laymen from his congregation, attended the Methodist Advance at Amarillo Monday.

More than 1,200 clergymen and laymen packed the auditorium of Polk Street Methodist Church for the meeting, one of 82 which were held in key cities of the United States as part of a Methodist Advance crusade of the newly unified denomination. Four Bishops appeared on the program during the day.

Attending from here were Rev. and Mrs. Vaughn, G. E. Hamilton, Mr. and Mrs. W. F. Jacobs, Mr. and Mrs. J. R. Whitworth and Mrs. Henry Ford.

Mr. and Mrs. A. L. Storm and daughter of Kirkland, visited here Sunday with Mr. and Mrs. A. A. Harp. Mr. Storm is Mrs. Harp's brother.

### Calf Show Date Set March 30

Saturday, March 30th is the date announced for the Motley County 4-H Club Calf Show, according to J. Rufus Emmons, County Agricultural Agent.

Premiums will total from \$100. to \$125.00 for calf, lamb and pig entries from the projects of the members of the various 4-H Clubs. Committees are at work on the details of the show as well as the individual premiums to be rewarded winning entries.

It was announced that the above date had been designated for the show in order that club boys, after showing their projects here, could then take them to other shows at Plainview or Lubbock.

### Flomot Golden Glove Tourney Is Scheduled

Two-Day Contests Open To Entries From Territory

Arrangements are completed for the third annual boxing tournament to be held at Flomot, March 1-2, according to a statement received by the Tribune from Guy Wheeler.

We will have a high school and outside division, the statement declared and we will appreciate entries from your town and the surrounding territory. We have already received entries from Turkey, Quitaque, Silvertown, Amarillo and several other cities. We expect one of the largest entry lists in the history of the three-year-old tournament.

### Two Divisions Named

The high school division is as follows: 90 lbs., 100 lbs., 112 lbs., 118 lbs., 126 lbs., 135 lbs., 147 lbs., 165 lbs., 175 lbs. heavyweight.

The outside division is as follows: 112 lbs., 118 lbs., 126 lbs., 135 lbs., 147 lbs., 165 lbs., 175 lbs. heavyweight.

To the winning high school team a suitable trophy will be presented and to each individual winner a golden glove will be presented. "We wish to invite all the high schools of west Texas to our tournament," Mr. Wheeler declared, continuing, "Each school team entered in our tournament receives free lodging and breakfast. We are also having a division for boys who are not enrolled in schools. Winners will receive golden gloves and we are very interested in receiving a large entry list in this division."

### PLAINS DOCTOR HAS CURE FOR CHILD ECZEMA

HALE CENTER, Texas.—Dr. Roger S. Knapp, local physician, is preparing a report of his findings in treating infantile eczema, to the American Medical Association, following a certain number of completely cured cases in children ranging from a few months to three years old. This disease, which has been stubbornly refusing to respond to treatments, is cured in record time with a prescription Dr. Knapp has.

Vouching for the accuracy of thirty odd cases already cured in Hale county is a local druggist, Roger Pinson, who has operated a pharmacy here for 20 years.

Dr. Knapp is the son of the late Bradford Knapp, president of Texas Technological college, Lubbock.

### Church Will Be Dedicated At Whiteflat

The Baptist Church at Whiteflat will be officially dedicated in services Sunday, according to an announcement by the pastor, Rev. J. J. Terry.

"The pastor and members wish to extend a cordial invitation to this entire section to join us in this dedication service," Rev. Terry stated, "especially are we anxious that everyone who has at any time been a member of this church, attend. We will have several pastors with us who served this church in the past. We hope you will want to hear them and visit with them in this service."

### Bake Sale Scheduled

Announcement is made by officers of the Dorcas Circle of the Baptist church that a bake sale will be conducted at the Campbell Food Market Saturday, February 24th.

Everyone is asked to keep the date in mind and participate in the event arranged for the benefit of the church organization.

### LOWER ALTITUDE

The altitude of Matador is 168 feet lower than that of Roaring Springs according to the Texas Almanac, altho the county seat town has the appearance of being much higher. The altitude of Matador is given as 2,347 feet while that of Roaring Springs is 2,515 feet.

# Zephyr Cleaves Snowdrift at 80 M.P.H.

NO hindrance to modern high speed trains are this winter's heavy snows. Here, one of the Budd-built lightweight Burlington “Zephyrs” plows through a drift near Lee, Illinois, at 80 miles an hour. Cleanly designed to cleave their way through the air with minimum resistance, these stainless steel streamliners are proving ideal for operation under winter conditions.

country had a uniformity about it, instead of being a mosaic of many countries, where, when you once crossed the boundary lines, one met with different forms of speech, different types of people, different customs and institutions. Mexico had gripped me to her heart—was so very vital—had such a vast background, and so many undeveloped potentialities.

Countries, like individuals, are controlled by destiny, which in either case served merely as instruments to crystallize into reality the Intention and Will of a Higher Power. It takes time to accomplish these results, and sometimes, the process seems to be a long one and to evolve so slowly. But the goal is ever in their sight, if not in ours, and it is only a matter of time, when things now undreamed of, will resolve themselves into actualities. And my hope and wish for Mexico is that her future will be the dawning of a new day, when many things that now exist, will improve for the betterment of the whole and form a new pattern.

When the last rays of the day transformed the whole scene about me into a vision of loveliness, when the surrounding countryside and the encircling mountains were all swimming in an amethyst haze, when I saw the myriad of street lights of Monterrey scintillating light golden fireflies far below me, I returned and entered my awaiting cab and slowly descended from the heights. This was my last impressive sight to carry away from Mexico.

THE END.

More than half the counties of Texas, or 147 out of the State's 254, now produce oil or gas. In 1900 more, oil or gas exploration is now under way making a total of 247 out of 254 counties with oil or gas activity.

The first oil well completed in Texas was in 1866 near Oil Spring in Nacogdoches County.

## DO YOU Know Texas?

A reader of this newspaper can get the answer to any Question of Fact by writing to A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Box 1770 University Station, Austin, Texas.

Q. How many National Parks are there in the United States?  
A. T.

Q. There are 150 National Parks and National Monuments in the U. S., with the Big Bend National Park included, which is the only one in Texas and is yet listed as a project.

Q. What are the key industries of Texas? O. S.

A. Oil, natural gas, cotton and livestock raising; but corn, wheat and other farm products claim much attention.

Q. What year is known as the coldest year that Texas has had?  
P. G.

A. Within the memory of men now living and from all available records, 1899.

Q. What are the poisonous snakes of Texas? A. T.

A. Texas has four species of poisonous snakes, but three of them have a variety of sub-species. There are ten sub-species of the rattle-snake; two of copper-heads; three of coral; and one member of the moccasin family, the cotton mouth moccasin, which is poisonous.

Q. How many state land offices are there in the United States?  
A. G.

A. Only one—that of Texas. According to General Land Commissioner, Bascom Giles: “The other 47 states have their lands administered by the Federal Government; the Republic of Texas in 1845 saw fit to retain control of her public domain when treating with the U. S. for annexation. So, the Lone Star Flag that waves over the Land Office building in

Austin is a symbol that this Department is still as independent as during the sovereign Republic of Texas.”

Q. Does the General Land Office have the records of present ownership of Texas lands? A. G.

A. No. The Land Office administers and keeps the records of Texas land only up to the time that the land passes from the ownership of the State to the hands of an individual.

Q. After the land passes from the ownership of the State, who keeps the records of same?  
A. The public continually asks who is the present owner of a certain tract but the question should be referred to the clerk or tax assessor of the county where the land lies, because present ownership of land after it passes from the State is shown only in the county records.

Q. Where is the shortest designated State highway located? G. B.

A. Leading off highway No. 75 in Huntsville, Walker County, to General Sam Houston's old home. The length of the highway is two-tenths of a mile.

Q. Where is the longest designated State Highway in Texas? G. B.

A. The highway from Texas-kana to El Paso, No. 1, a distance of 862 miles.

Q. Were handcuffs ever placed on Santa Anna after being taken prisoner of war at San Jacinto?  
T. M.

A. Yes! the handcuffs are said to have been made by Cyrus Campbell, an 18 year old youth, gunsmith for the Texans' army, who put them on Santa Anna.

Q. Who was the first native Texan to have been elected governor? H. S.

A. Jim Hogg, who served from 1891 thru 1894, two terms, and who was elected to the office 50 years ago, was the first native Texan elected to the governorship.

Q. What Texas governor ran for the office four times? H. F.

A. Governor George T. Wood, second governor, elected in 1847, ran again for the office and was defeated in 1849, in 1853 and 1855.

not to such a degree. It seemed so very quiet, so clean, so prosperous. An entirely different air prevailed here than in the towns farther in the interior—more typically Mexican.

I knew of some noted springs in this vicinity, some canyons and the like, but to visit them after all the things I had seen in the interior, would have been mere anti-climax, so I forwent this experience.

At twilight I engaged a cab and asked to be driven to the old ruins of the Bishop's Palace on a hill over-looking the city of Monterrey. It was not the ruins of the building that held any particular interest for me, but the wonderful views of Monterrey lying far below, the surrounding country, the encircling mountains, Saddle Mountain, by its distinctive configuration, looked familiar to me as I beheld it once more.

Here on the heights, I thought of many of my experiences—experiences of great pleasure and profit, that I had received while visiting this most interesting of countries. Europe, I knew fairly well, but in retrospect, these experiences here in Mexico made those others seem an effete adventure by comparison.

I saw a more primitive form of life here, among other things. The

## El Progresso Club Studies Cronin Style

With "Fiction" as the program theme, El Progresso Study Club met Thursday afternoon in the home of Mrs. Albert Traweck. The quotation was taken from A. J. Cronin's "Virgil in the Night." As follows: "In proportion as society refines, new books must ever become more necessary."

Mrs. J. L. Woodruff was leader of the program which consisted of these discussions:

"Introduction to Author," Mrs. L. C. Harp; "Brief Sketch of Novel," Mrs. G. C. Springer; "Sketches of characters and their philosophies of life," Mrs. U. L. Willie; "Comparison of the Citadel with Virgil in the Night," Mrs. Woodruff.

Those present were Mesdames Joe Bloodworth, W. W. Cements, L. C. Harp, Mae McKenzie, W. L. McWilliams, W. M. Joslin, J. H. Neblett, E. F. Springer, G. C. Springer, Albert Traweck, J. R. Whitworth, U. L. Willie and J. L. Woodruff, and Misses Amy Glenn, Thressia Godfrey and Mary Keith.

## MRS. BIRNIE IS DINNER HOSTESS

Mrs. D. I. W. Birnie was hostess Tuesday evening at a dinner party with places laid for twenty guests.

Following the delicious buffet dinner, five tables of bridge were in progress through six games. Mrs. L. J. Barkley held high score, Mrs. Harry Campbell, second high, and Mrs. Robert Collier received a surprise gift through a process of drawing names.

Guests of the occasion included: Mesdames A. L. Fryar, A. C. Traweck Sr., Leonora Luckett, Harry Campbell, J. R. Moore, L. J. Barkley, L. C. Harp, W. W. Cements, Farris Fish, A. A. Harp, Alvin Stearns, Tom Newman, Melvin Meason, Charlotte Hunsucker, U. L. Willie, D. E. Pitts, Ben Meador, B. F. Tunnell, Robert Collier and Margaret Newman.

## B. & P. Society Has Meeting Thursday

The Business and Professional Woman's Missionary Society of the Methodist church met Thursday evening of last week with Mrs. Frank Pohl.

A very interesting program was given by Miss Frances Hallford, Mrs. Henry Solomon, Mrs. Pohl, and Mrs. John Hamilton.

Delicious refreshments of coffee and cinnamon rolls were served at the conclusion of the lesson, to the following: Mesdames Solomon, Hamilton, Wayne Pursley, Don Martin, Curtis King, Raymond Bradley, Thelma Dirickson, and Misses Frances Hallford, Mable Jameson, Ethel Jameson, and Lorene Oliphant, and the hostess.

## Have an "Afternoon Coffee" for Finland!

If there's a benefit for Finland why not follow the example of this authentic set-up and serve this "kahvillepa" and "voi" (that's coffee bread and butter!) with plenty of fresh, hot "kahvi"—Everything's Finnish in this picture—the little Finn-figurines, the jam-pot, the colorful china and the hand-made cloth!

"Kahvi" is the name for coffee over in Finland and it's served from breakfast time through "Aamu-kahvi" (ten o'clock in the morning coffee), luncheon, "afternoon coffee" and dinner. The menu may vary from "Lhapullia" (meat balls in gravy) to "Rapu sienien Kanssa" (crabs with mushrooms) but they serve coffee in the good old American manner with sugar and cream, accompanied by this Finnish bread that does just as well in the U. S. A. as it does in Helsinki!

### KAHVILEIPA Finnish Coffee Bread

(See Illustration)  
4 tbsps. sugar 1/2 cup lukewarm  
1/2 tbsps. butter 1/4 cup water  
1 1/2 tbsps. salt 1 egg, beaten  
1 cup milk, scalded 1/2 tssps. fine  
1 yeast cake cardamon  
4 cups sifted flour

Place sugar, butter and salt in a large bowl; add scalded milk, mix thoroughly and cool to lukewarm. Crumble yeast cake into lukewarm water, stir until the yeast cake is dissolved; add with beaten egg and cardamon to the first mixture. Stir in two cups of flour and mix until smooth; add remaining flour gradually. Turn out on floured board. Knead until smooth and elastic. Place in bowl; cover and let rise until double in bulk. Turn out on a slightly floured board, knead; form into braid. Place on oiled baking sheet, cover and let rise until very light. Brush with additional beaten egg. Bake in moderate oven (375° F.) 25-30 minutes.

## THURSDAY CLUB HAS MEETING

The Thursday Club was entertained last week by Mrs. Gus Bird, at the home of Mrs. J. S. Stanley with nine members attending. One guest, Mrs. Calvin Steen of Floydada, was also present.

Following an afternoon of bridge, the ladies were conducted to the Magnolia Cafe, where refreshments were served.

Those enjoying the entertainment were: Mesdames Antonio Freeman, Jack Luckett Jr., Geo. Gray, J. D. Craven, J. S. Stanley, Bryan Cammack, Bill Pipkin and Calvin Steen.

Mrs. Freeman won club high and Mrs. Steen was presented a guest gift.

Mesdames Melvin Meason, J. R. Emmons and Tom Newman were week-end visitors in Dallas and Fort Worth.

## Miss Julia Davis Is Club Hostess

Miss Julia Davis was hostess Thursday night to the "42" Club with twelve guests present.

Following an evening of games, refreshments of hot tea and cookies were served to: Mr. and Mrs. Cecil Pipkin, Mr. and Mrs. Leland Timmons, Mr. and Mrs. Bennie Cox, Miss Helen Simpson, Mrs. Jim Worham, Messrs Julian Edmondson, Ben Dickerson and Raymond Barber, and the hostess.

## Mrs. Jack Edwards Entertains Club

Mrs. Jack Edwards was hostess Tuesday afternoon to the Four O'clock Club, with two tables of bridge. Mrs. L. J. Barkley held high score and Mrs. L. R. Bishop, second high.

Lovely refreshments were served the following ladies: Mesdames Barkley, Bishop, Annie Tudor, W. W. Clements, J. W. Drace, Bryan Cammack and Earl Laughlin.

## Around The Circles...

**IRENE ELDRIDGE**

The Irene Eldridge Circle of the Methodist Missionary Society met Monday afternoon, Feb. 12, at 3:15 for a social and study. Mrs. David Guest was devotional leader and read a number of verses from the book of Luke.

Mrs. Simpson, Study Superintendent, was leader for the afternoon and the 3rd chapter of the book, "Homeland Harvest" was discussed. Mrs. Daffern and Mrs. Ethel Payne appeared on the program for special parts.

At the close of the study, a lovely refreshment plate was served to the following ladies: Mesdames David Guest, Annie Tudor, A. C. Traweck, Sr., F. G. Simpson, A. J. Daffern and D. E. Pitts.

The Irene Eldridge Circle was in charge of a World Day Prayer Program at the Methodist church February 9.

Mrs. Simpson was leader for the afternoon and a very interesting program was given. The four principal features stressed were the Migrants, American Indians, Literature and Union Christian Colleges.

Others appearing on the program were Mrs. J. R. Whitworth, Mrs. Don T. Martin, Mrs. A. J. Daffern, Mrs. Annie Tudor, Mrs. Tom Tilson, and Mrs. D. E. Pitts.

### BAPTIST CIRCLES MEET

All circles of the Baptist W. M. U. met Monday afternoon at the church in individual lesson studies. In the Henrietta Shuck Circle Mrs. W. M. Joslin presented a Bible lesson study to the following ladies: Mesdames R. B. Dawson, Fred Clower, J. D. Craven, Elbert Reeves, Vernon Doss, Jack Edwards and Elbert Seiger.

The Sunshine Circle had seven members present for a lesson from the book, "Tales of Two Peoples—Gentile and Jew," taught by Mrs. Eldred Seiger. Present were Mesdames V. J. Skaggs, A. D. Burleson, G. S. Craven, Eldred Seiger, Scott Bolton, D. P. Keith and Bert Estes.

Mrs. Clarence Kifer taught the Bible lesson for the Dorcas Circle after devotional was conducted by Mrs. Ed Cammack. Ladies present were, Mesdames Kifer, Boshair, Tompkins, L. Rattan, V. Rattan, A. A. Tipton, W. W. Carpenter, L. A. Carlisle, Ed Cammack, Joe Campbell, M. P. Fullerton and J. A. Groves.

The W. M. U. members are attending an all-day meeting with the Baptist W. M. U. at Roaring Springs, today.

Mr. Peg Spray made a business trip to Paducah last week.

Mr. Levi Wilkinson made several business trips to Floydada and Lubbock last week.

## The Fashion Frock Of The Week

AN EARLY SPRING MODE  
as worn in Hollywood by  
**PATRICIA ELLIS**  
Star of Screen and Radio

One of the latest style innovations from Paris for spring is the new long sleeve frock as shown here for this week's fashion. And it is as practical as it is fashionable. The long sleeves afford protection from early spring chills and from the hot sun rays of midsummer. The little Johnny collar, marble-type buttons and a trim patent leather belt complete the details. The fullness over the bosom and the flared skirt that swirls and swishes are so very flattering. Miss Ellis has hers made up in spun rayon in a rich beige shade. Tailor fastener in side placket keeps the waist slim and trim. It's a frock of real smartness and suitable for afternoons or informal evenings.

As worn by Patricia Ellis

### LOCALS

Mr. and Mrs. L. C. Harp and daughter, Elizabeth Ann, visited relatives in Kirkland Sunday.

Mrs. Albert Traweck visited in Floydada Tuesday.

Mr. and Mrs. A. L. Fryar were Lubbock visitors Sunday. Mrs. Charlotte Hunsucker, who has been visiting relatives there, returned home with them.

Mr. Felix Thornton is able to be up following a recent critical illness of pneumonia.

**DON'T SCRATCH!**

Our Paracide Ointment is guaranteed to relieve itching associated with Eczemas, Athletes Foot, Ordinary Itch, and other minor skin irritations. Large Jar only 60c at City Drug Store.

Mrs. C. A. Pitts and small son, Don, visited in Paducah Friday.

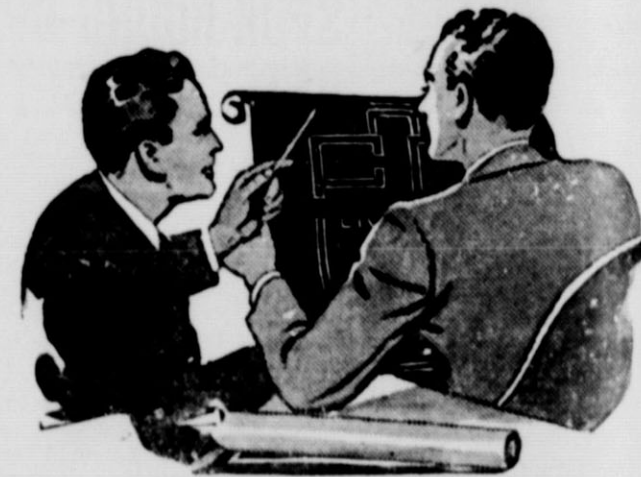

Mr. and Mrs. U. L. Willie daughter Clotele were week-end visitors in Fort Worth.

**LOCAL RESIDENTS SEE GONE WITH THE WIND**

Several local residents taken advantage of opportunity to see the picture, "Gone With the Wind". They expressed highest pleasure and a desire to see it again.

Attending the picture in Fort Worth during the week-end Mr. and Mrs. U. L. Willie daughter Clotele; and in Dallas Mesdames Tom Newman, M. Meason and J. R. Emmons.

Twenty-three thousand piping or stripper wells in Texas oil fields average three barrels of oil daily, Road Commission reports show.

## Will the future bring what you want it to?

It will if you plan for it! Things like independence and security don't "just happen." The best way to make sure that YOUR future will bring all the things you want is to start a savings account—to begin to lay aside a reserve for all the things you want to buy—to have an emergency fund for the old "rainy day." This bank will be glad to serve you!

Log-Cabin Birthplace of Garner Backgrounds His Sturdy Character

Log cabin still standing in Blossom Prairie in Red River County, Texas, where John N. Garner was born.

"I WILL ACCEPT the nomination for President. I will make no effort to control any delegates..."

John N. Garner signature

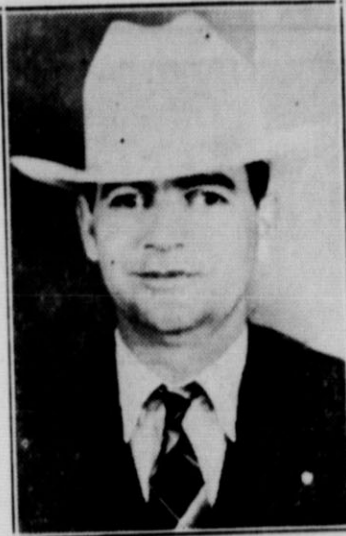

Deep-rooted patriotism, straight thinking and rugged honesty are three of the salient characteristics of Vice President John Nance Garner...

Garner's statement made it plain that he was a presidential candidate for himself alone and had no interest in delegates any further than that he stressed the sentence: "I will make no effort to control any delegates..."

Those enjoying the occasion were: Wanda Miller, Juanita Smith, Virginia McCarty, Hazel Dodson, Marion Alice Mitchell, Ola Marie Allen, Billie Frye, James Harman, Joe Milton Thacker, Oscar Hardin, Arthur Harmon, Harold Gunter and James Powell.

Texas has more than 9,000 local civil subdivisions with authority to levy taxes and issue bonds. Included are levee districts, water districts, drainage districts, school districts, irrigation districts, flood control districts, road districts and many others.

**Hurricane-Torn Forests Cleared**

The top scene is a typical New England forest after the ravaging effects of the hurricane of 1938. The United States Government, working through such organizations as the United States Forest Service, the Civilian Conservation Corps, and the Disaster Loan Corporation, moved to the aid of the owners of the stricken forests to help salvage valuable timber. Left lying long, the trees would become valueless and create a tremendous fire hazard jeopardizing the timber still standing. The sawmill is one of the many which swung into full-time operations to convert the storm-felled trees into lumber. Photographs were supplied by the United States Forest Service.

**ALLISON FIGHTS FOR WT FARMERS**

LEVELLAND, Tex.—State Representative Alvin R. Allison said today that he had been assured by Congressman George Mahon that every possible effort for securing increased cotton acreage allotments for West Texas Counties was being done.

Allison recently went to Washington in behalf of a group of farmers of this area, to fight the cause of West Texas' curbed allotment.

Mahon told Allison by letter of his citation of the problem to various officials of the Department of Agriculture, and members of the Agricultural Committee of the Federal House of Representatives.

"I certainly hope that some-

thing can be done and soon to take care of this situation," Mahon wrote Allison, who is taking vigorous part in the cause of farmers hurt by shorter allotments.

Allison entreated Mahon to probe the problem. And the West Texas representative, a candidate for the Texas Senate, agreed with other state leaders that his efforts were not a fight against the government cotton program but rather an effort to protect West Texas under the program.

**LOCAL RESIDENT IS INJURED IN ACCIDENT**

Mrs. J. L. White of this place was seriously injured in a car-truck collision on Highway 70 in southeast Floydada shortly before midnight Thursday, as were her sister and husband, Mr. and Mrs. Ken Rector of McLean.

Madames White and Rector, daughters of Mr. and Mrs. A. A. Groves who reside east of Matador, were accompanying Mr. Rector to Tucumcari, N. M. when the accident occurred.

Mrs. White's throat was cut, just missing the jugular vein while Mrs. Rector received mouth and jaw injuries which will necessitate bone surgery, it was stated. Mr. Rector continued to Tucumcari after receiving treatment at the Floydada hospital, and the ladies were brought to Matador.

Texas' present proven oil reserves of 10,794,055,000 (billions) barrels are over five billion barrels more than all the oil produced in Texas during the past fifty years.

**Census . . .**

(Continued From Page 1)

district supervisor in the district.

This is the time of year when inventories are being taken all over the Nation, but the biggest inventory of all is the 1940 Census, which in a greater or lesser degree will call for the participation of every man, woman and child in the United States and its possessions. Just as a business man needs to periodically count his stock, so a nation and its citizens benefit by getting a new, accurate and up-to-date picture or balance sheet of its people, its industries and its resources. This picture, however, changes from year to year. National catastrophes, such as: floods, drought, dust storms, forest fires, tornadoes, as well as the rise or decline in birth rate or important inventions in science and industry all create changes.

**Factors Affect Nation**

We are, of course, anxious to know how these factors affect the lives, the well-being and the security of our people. If the 1940 census reveals certain weaknesses and maladjustments, perhaps Uncle Sam can make necessary remedial recommendations which will strengthen our well-being as a Nation and even protect us from those diseases of pestilence and war from which our unfortunate sister nations are suffering.

I am confident every man and woman is eager to learn certain pertinent facts concerning the nation in which he or she lives. He is curious to know about shifts from country to city and from city to country. What kind of people joined in the migration movement, for instance? Were they factory workers? Were they farmers? Were they unskilled laborers? This will all be revealed to you through the medium of the 1940 census.

It is the concern of us all to become informed on the employment status of every worker and every potential worker in this country. What occupations have been hit hardest by unemployment? What new skills are being called for? No doubt educators will be keenly interested in the answer to the last question.

**Valuable Farm Information**

Farmers and others who appreciate knowing what new fruits and vegetables have been developed and whether farmers own or rent the land on which they live. It will also be of general interest to know how many factories are in operation, what they produce and how much they produce; how many they employ and what salaries the workers receive.

Altho all the data gathered will be compiled for the general information of our people, it will in no instance be broken down to reveal anything concerning the individual case. Any personal information you furnish will be tossed into what has adequately been termed a statistical melting pot, where individual identity is completely lost. "It is likewise important to remember and to know that no governmental, state or municipal agency can have access, under any circumstances, to the information obtained by the Bureau of the Census," Smyers stressed.

**Courtesy Requested**

Our enumerators are requested to be courteous, tactful and cooperative at all times. Any information you give them is treated confidentially, for divulgence of information about any individual or firm is severely penalized. These penalties are also applicable to those individuals who refuse to answer inquiries on the questionnaires or who intentionally give incorrect information. Fortunately there are never more than a few of these extreme cases. Most people answer the questions willingly and to the best of their ability.

If you are troubled or in doubt about any item concerning the census as it pertains to you, the enumerator who visits you, or the District Office of the Bureau of the Census, in Pampa, will be glad to be of assistance.

Please be ready when the census enumerator comes to you so that you may play your part in this great cooperative undertaking of a democracy. Remember, this is your census, for you and about you."

**Youths . . .**

(Continued From Page 1)

audience keenly interested in his graphic, philosophical words. He paid tribute to the Lions Club here and to the men responsible for the impressive meeting of fathers and sons.

Commenting on the loud ovation given the introduction of Paul Eubank, of Vernon, former teacher in the Matador school and

Scout master, he declared, "he the most popular man in the program has earned the recognition."

**Fine Program Arranged**  
A splendid program had been arranged which included Norman Harp as master of ceremonies, songs directed by R. E. Campbell and invocation by Rev. W. J. Joslin.

After the cowboy range banquet, Wilmer Greene introduced guests including George Link and Mr. Golding of St. Louis, Mr. and Mrs. Jack Stone and Mrs. W. E. Lavender of Lubbock and Paul Eubank of the Vernon.

Mr. Stone, a Scout executive, the south plains district made short address, followed by a skit presented by Matador No. 60.

W. E. Lavender, magician, entertained the group with a number of interesting tricks and followed by Dr. Taylor. The program was concluded by the Scout benediction.

The oil refining industry pays workers the highest wages of any industry in Texas.
