PADUCAH PLAYED GOOD GAME AT CHILDRESS

Dragons visited Childress last Thursday eve and engaged the school team of that city in a fast game of football. Without taking into consideration the facts it would appear that the Dragons made a poor showing. but such was not the case. They played some wonderful football and deserve the commendation of everyone

In the first place Paducah belongs to and is in class B, while Childress is in the class A circuit. It would have been more that a miracle had they won over such a team.

The Dragons are getting in shape fast for their conference games. They will soon meet Matador, which is one of the hardest teams they will have to go up against in their conference. and they are determined to win this game.-Paducah Post.

### PATTON SPRINGS SCHOOL TO GET NEW BUILDING

Contrary to the oft expressed pinion of doubting Thomases, the Patton Springs school is going to be built and that right away. The bonds have been sold and the money is now in the Spur Security Bank. The contract will be let at 2:00 p. m. Friday, October 19, at the school building in Af-

This Machine Shows Why this New Oil tollowing an Cuts Motor Wear and Saves You Money!

YOU, as a buyer of Motor Oil, should ask that question -and demand facts! Here is Continental's answer: In the demonstration pictured below, the film strength and oiliness of every well known motor oil in America have been shown to be increased by the addition of a drop of Germ Essence.

Demonstrations before at least two hundred thousand motor-minded men have proved that "Any oil would be better oil if Germ Processed!" But there is only one oil made by the patented Germ Process-New and Improved Conoco Germ Processed Motor Oil! Use this oil of proted strength in your car! It saves you money by giving greater motor protection and lower oil consumption. It gives you the comfortable feeling that you know your car is protected by the safest, fitnest motor oil made!

Assembled instrument. Split bearings and shaft, lubricated with competitive oil, are clamped between "jaws" of instrument. With set-screw, extreme pressure is applied.

Crank is now used to turn shaft. Oil film ruptures and bearings "seize." Shaft extremely hard to turn. You can even hear the metal-to-metal contact

Drop of Germ Essence is added to oil in bearing.

Same pressure applied. Shaft can now be turned easily. Smooth, quiet movement—no seizing— no sound. Proof that Germ Proof that Germ Processing in-creases oiliness and film rength of any oil!

To Car Owners of Matador Continental backs clatms with facts. To prove that New and Im-

proved Conoco Germ Processed Motor Oil gives you lower oil consumption as well as greater motor protection, we drove six . brand new cars to destruction, testing this oil against five other nationally known oils. Any Conoco station will give you a booklet that tells the story of this convincing test. It will pay you in money saved to read it. Drive in and ask for a copy—or try this oil!
