## "Put God In Center Of Life," Rev. Tittle Advises Lions Tues.

### Local Civic Club Has Well Rounded Program At Methodist Church Banquet Tuesday

"All our ills are not economic," declared Rev. W. L. Tittle, who is conducting a revival at the Methodist church here, in an address as guest of the Matador Lions Club Tuesday, "and," Rev. Tittle continued, "we need to put God in the center of our life instead of the circumference. We are greatly in danger of the wrong diagnosis."

Other interesting addresses were delivered by Roscoe Williams, superintendent of the Whiteflat school, who chose as his subject, "Community Building," and Lion Harvey Stanford, coach of Matador schools who declared that the material for the 1934 football team looked very promising.

One of the most enjoyable features of the well-rounded program was a piano specialty by the talented Rev. Joe Strother, pastor of the 1st Methodist church of Silverton, who was a guest at the banquet.

Willis Miller of Denton, Texas, who will begin his duties as science teacher in the Matador school Monday, was also introduced as a guest.

Particular praise was given the Methodist ladies who prepared and served, what many Lions declared to be the best meal they had ever eaten.

Boss Lion B. F. Tunnell promising the organization that in the future all banquets would start punctually at 12:30 and close at 1:30 p. m.

## BUSINESS HAS INCREASE HERE LAST SATURDAY

### Merchants Optimistic as Cash Registers Show Change in Buying Trend.

Merchants of Matador were optimistic regarding the possibility of a greatly increased buying trend during the fall and winter months after checking cash registers late Saturday. Although there was not an extra large crowd in town, many business houses were hardly able to wait on customers, especially during the afternoon. Almost in every instance, better sales were reported. One of Matador's major stores reported the largest sales since the first of January.

The buying power of the trade territory has been greatly augmented by cotton rental checks, payment for cattle purchased by the government and the increased prospect for ample feed crop since the recent rains.

An even greater increase in business is expected over this week-end owing to the fact that school will start Monday and preparation will necessitate additional buying.

## QUANAH MAN IS HELD UP WITH MACHINE GUN

### Bullets Wreck Auto of Salesman On Highway Near Estelline Monday.

ESTELLINE, Sept. 4.—H. E. Porter's refusal to stop at the commands of a highwayman seven miles west of here late this afternoon was answered with a burst of machine-gun bullets that riddled his automobile.

Convinced that the lone bandit was not a prankster, Porter, a traveling salesman living in Quanah, stopped. The bandit approached his machine with a drawn six-shooter.

After being relieved of \$25 Porter was ordered to look straight west. The robber took the car keys and after turning his automobile around took a parting shot at Porter's car to smash the windshield.

The robber drove towards Estelline.

Mr. Porter is traveling representative of the Craig Company of Quanah.

He noticed a car parked beside the road just west of the Hulver store on the Estelline-Turkey highway. The car followed him considerable distance from the store before he was ordered to stop.

## School Enrollment Expected To Reach Over 400 Here Mon.

### Deputy State Supt. Will Visit County Schools Next Week

### Officials From State Department Of Education Expected to be Here Four Days.

County Judge and Ex-Office County Superintendent W. R. Cammack, received the following communication from G. D. Holbrook, Deputy State Superintendent of the Department of Education in Motley county, yesterday: Honorable W. R. Cammack, County Judge, Matador, Texas.

My Dear Judge Cammack: I have arrived in Lubbock and note your letter of the 31st in which you suggest that we start work on your county, Wednesday the 12th. Your arrangement is satisfactory to me and I shall be in your office by 9 o'clock Wednesday morning to begin work. I would like to work your entire county on the 12, 13 and 14th. I will meet with your county group Saturday 15th at 10 a. m. With best regards, I am Sincerely yours, G. D. Holbrook, Deputy State Superintendent

### Public Urged to Attend Assembly Session.

Over 400 students are expected to enroll in the Matador high and grade schools here Monday as the 1934-35 school term begins, superintendent B. F. Tunnell declared yesterday. It is estimated that about 135 will enroll in the high school and 300 in the grade school.

The termination of the vacation will begin with a general assembly of both schools in the high school auditorium at 9 o'clock Monday morning, September 10th. There will be no formal program as the time will be needed for discussion of the plans for the year by Superintendent Tunnell.

This assembly session will be only 45 minutes duration and the public is urged to be present, and particularly those who have children in the grade or high school.

**Bus From Whiteflat**

The high school will probably have a record enrollment since there will be a larger number of transfers than ever before. Whiteflat will run a bus to the Matador school bringing its 10th and 11th grade students.

The faculty this year will include: Grade School, Miss Minnie Nixon, Miss Verlin Reeves, Mrs. B. F. Harbour and Mrs. Frank Bryan in the primary department, Miss Mary Hamilton, Mrs. Chas. Keith, Miss Lorene Fryar and Miss Bertha Castevens in the grammar grades.

High school: B. F. Tunnell, superintendent and bookkeeping, B. F. Harbour, principal and social science, H. G. Stanford, mathematics, Mrs. H. G. Stanford, English and Willis Miller science. Mrs. Randall Whitworth, expression.

## Matadors End Work In Camp

The Matador Matadors' two weeks training camp will come to a close this week. All boys are in good physical condition and more football minded. Coach Stanford has been sending his men through two lengthy workouts daily. Most of the workouts to date has found the Matadors learning the gentle art of blocking and tackling.

With two more weeks to prepare for the first game, the Matadors should show up well. With several new men showing up well fans are predicting that the Matadors will be able to hold their own with any Class B team.

Following is the Matador squad: Albert Willis, Jess Spencer, Robert Pritchett, Bill Clemens, R. E. Campbell, Jr., Bill Lebow, Carl Parks, Raby Webb, Beryl Blackshear, Clayton Titus, Elmer Tibbets, John Morris, Will Pritchett, Jack Willis, B. F. Tunnell, Jr., Jack Hardin, Bodie Brown, Forrest Faulkner, Tom Tilson, Jr., W. J. Brain, Bunday Campbell, Harold Campbell, Norris Ford, Charlie Seaff, C. M. Barton and Burrell Tipton, Odell Washington and Vernon Craven.

## VARIETY STORE TO START SALE

### Local Establishment Will Begin "Treasure Island" School Sale Saturday.

The Matador Variety store will begin a "Treasure Island" school sale next Saturday, cooperating with some 2,000 stores handling like merchandise throughout the country.

The sale will embrace school supplies and other requirements of the school student.

Fay Jacobs, manager of the store, declared the title of the sale is derived from the Metro-Goldwyn-Mayer movie "Treasure Island," starring Wallace Beery and Jackie Cooper. An advertisement listing some of the special values offered at the sale will be found elsewhere in this newspaper.

**SMALL GRAIN PASTURES  
PREVENT FEED SHORTAGE  
COLLEGE STATION, Sept. 3.**

The serious feed shortage which is threatening Texas can be at least partially averted, according to crop specialists of the A. and M. College, if farmers will plant small grains, such as wheat, oats and barley, for winter pasture as soon as good rains are received.

Farmers in the Panhandle and in North Central Texas, who regularly grow these crops for grain, have long recognized their value as winter pasture crops. Recent experiments conducted by the Texas Experiment Station indicate that these grain crops and other grasses are well worth planting for pasture alone, even in regions where they will not make grain. At the Denton Station wheat, clipped at regular intervals to stimulate grazing by livestock, has produced 17,000 pounds of green forage per acre, while at the Angleton Station a mixture of oats and Italian rye grass has produced 11,000 pounds of green forage. This green feed is not only very nutritious and palatable, but high in protein and vitamin A.

Winter grain pastures may be grown in almost any region of the State where other crops are grown. They can be planted from September to December, when the soil is moist enough to germinate the seed. Because of the mild winters, growth continues almost without interruption so that winter grain pastures in Texas are much more productive than in the northern states.

Which grain to plant depends upon the region. In the Panhandle-Plains wheat is the only suitable winter grain. Recent rains in some counties of this region have made it possible to start planting wheat immediately. In other counties it may be advisable to plant part of the acreage "in the dust" so that the grain may emerge and become available for pasture as soon as rains occur.

## NEW SCIENCE TEACHER ARRIVE HERE MONDAY

Mr. and Mrs. Willis Miller of Denton, Texas arrived here Monday to make Matador their future home.

Mr. Willis will assume his position Monday as science teacher in the Matador High School.

## MOVE TO LUBBOCK

Mrs. Joe Murrell and son, James Henry, have moved to Lubbock. Mr. Murrell has been there for some time.

## CALLED TO WACO

Mrs. L. D. Springer received a message Tuesday evening that her sister, Mrs. L. C. Gail of Waco, was seriously ill.

Mrs. Springer left immediately following receipt of the message for the bed-side of her sister.

## MRS. T. G. TILSON OF WHITEFLAT, WAS A MATADOR VISITOR SATURDAY

Mrs. T. G. Tilson of Whiteflat, was a Matador visitor Saturday.

## MARVIN JONES DELIVERS AMARILLO SPEECH TODAY

### Congressman Shows Texans Benefits of Administration.

Congressman Marvin Jones, speaking in Amarillo today, declared that with the exception of the relief program, the Federal activities in the Panhandle what have so greatly benefited this drought-stricken section, are paying their own way.

The following is from the address made by the Congressman in his home town today:

The program of the Administration has meant a great deal to Texas and to the Panhandle during the strenuous times through which we have been passing. The worst depression we have ever known, coming at the same time with the worst drought in our history, made the situation in our section very grave. Farm and city homes were being foreclosed by the thousands. There was no money and no credit.

The new Administration met these conditions with a program of action.

Among other things, this included a loosening of our credit structure.

It included a home owners' loan system that has saved thousands of homes in Texas and the Panhandle.

It included a farm mortgage bill which prevented the foreclosure of many thousands of farm homes in Texas and the Panhandle.

**Wheat and Cotton Benefits**

It included an agriculture adjustment program which has brought more than one hundred million dollars in wheat and cotton benefit payments to the farmers of Texas, and fifteen million dollars in such payments to the people of the Eighteenth Congressional District of Texas. In addition, it has caused a great increase in the prices of these commodities.

It included a crop production loan system which, by making emergency loans, has made it possible for the farmers of Texas and our section to plant their crops.

It included a beef and dairy cattle program which enabled the people of this section to cull their herds and carry through the remaining portion of their herds in better condition.

Without these vast benefits, it is difficult to know how some of our people would have lived through this period.

**For Panhandle Interests**

As chairman of the House Committee on Agriculture, it was my privilege to handle much of

the legislation concerning which I have spoken. The people of this section have been generous to me, and I was happy to be in a position to assist in making this program possible. I have at all times fought for the interests of the people of the Panhandle of Texas.

A phase of the program which seems to have merited some criticism has been the special road program.

It was my privilege to assist in planning and drafting this original program. Some \$2,600,000 was set aside by the Public Works Administration as a grant for the payment of 30% of materials in the road building program in the drought area of the Panhandle, the Midland section, and some few counties in the storm area of South Texas. This money was to be matched by the Relief Commission out of the general relief funds, not to exceed \$6,000,000.

**Program Held Up**

For several months this program was held up, apparently because of the fact that Texas authorities were unable to agree on the division of expenses or as to who would handle the program or for some other reason.

Meanwhile, the relief funds out of which 70% of the program was supposed to have come were expended, and while some of these funds were spent in the Panhandle of Texas, not anything like adequate amount of them was spent of the road program to carry out by any means the original purpose. However, at Kansas City, Mr. Hopkins agreed to make \$400,000 per month available out of new relief funds for the purpose of carrying out the initial program.

In addition, the Texas Highway Commission, in distributing the \$24,000,000 that was allotted to Texas last year under the general road program failed to follow literally the provision that in administering it preference should be given to closing the gaps in the federal highways.

**Two Commissions in Accord**

However, those who are keeping up with the program here assure me that both the Texas Highway Commission and the Texas Relief Commission are now in accord and are willing to join in seeing that the original purposes of the plan are carried out.

I expect to join with the committee from this section in presenting this matter in Washington within a few days. Neither Mr. Hopkins, Mr. Kirkpatrick, nor Mr. Westbrook of the Relief Administration, nor Mr. McDonald nor Mr. Harrison of the Bureau

## DIXIE STORE IS MOVED TO OKLA.

The Dixie Store, which was located in the Luckett building on the south side of the courthouse square, was moved to Marlow, Oklahoma, in the early part of this week.

Al Simon, owner and manager of the enterprise since the opening here about one year ago, declared that the new location afforded a larger trade territory and was in a section where the crops have not been seriously affected by the drought.

No announcement of a new business opening in the building has been made.

## BANKHEAD NEWS

In a short time the exemption certificates will be here and there are many points concerning the use of them that are not clearly understood.

First of all, these certificates must be signed for by the person to whom they are issued, or by an authorized agent of the recipient, (authorization to be made on prescribed Government form BA-5.) In the cases where there are several tenants on the same farm, all certificates can be handled by one person, under a Trusteeship, with all certificates accounted for at the end of ginning season and remaining certificates issued to the individuals who are parties to the Trusteeship.

Secondly, great care should be taken in the use of these certificates. Each time a bale of cotton is ginned, the entire certificate should be presented and the ginner be allowed to detach that portion necessary to secure the bale tag. Certificates are void unless detached by ginner or executive of Adjustment Assistant of Cotton Adjustment Assistant. When a bale of cotton is ginned by a tenant, the landlord MUST contribute his portion of the exemption certificates. In order that this may be done, his entire certificate must be presented at the gin at each ginning, and to facilitate the handling of certificates belonging to landlords who will not be able to be present in person at the time of ginning to present his certificate, he it has been suggested that he either authorize an agent, (on BA-5) someone who can be present to execute a Trusteeship (Government form BA-27.) in favor of such person.

So far, no regulations have been issued regarding transfer or sale of certificates, but the regulations are expected by the time certificates arrive.

To take care of cotton to be ginned before exemptions arrive, interim certificates will be issued by the Cotton Adjustment Assistant.

## FROM PADUCAH

Mr. and Mrs. Lem Robinson, accompanied by their son, Clovis, of Paducah, were guests in the home of Mr. and Mrs. Jack Robinson Monday.

## MORE THAN 7000 CATTLE BOUGHT

Approximately seven hundred cattle were purchased in Motley county this week on government account, according to Frank A. Buckley, County Drought Relief Director. The total number purchased in this county to date is about 7050. It is estimated that near 600 more will be purchased, of which 4500 will be furnished by the Matador Land & Cattle Co. Inspections of the smaller herds will probably be about completed within two or three weeks.

## CLARENDON BUSINESS SECTION FLOODED SAT.

CLARENDON, Sept. 1.—A 16-year-old boy was killed and damage estimated at \$50,000 was suffered as the result of a rain-storm, the worst since 1918, which struck the city shortly afternoon Saturday.

The victim was Alfred Walker, resident of the Windy Valley community, ten miles southeast of Clarendon, who was almost instantly killed when he was struck by a bolt of lightning as he rode on a truck. Five other persons in the truck were slightly injured and shaken by the bolt but none were seriously hurt.

The flood waters, which inundated the business section, and parts of the residential sections of Clarendon began falling about one o'clock Saturday afternoon and fell in torrents until three. The total fall was more than four inches.

**Creek Overflows**

The waters, coming from a watershed southeast of the city, overflowed the small creek which flows through the business section of the city and flooded streets and business houses.

The water was waist deep in the Clarendon Motor Company building and the washed automobiles from the building as if they were toys.

## RETURN FROM AUSTIN

Mr. and Mrs. B. F. Harbour, teachers in the Matador schools, who have spent the past summer in Austin, returned to Matador yesterday.

Walter Keahy of Roaring Springs, was transacting business in Matador Wednesday morning.

or article.

**"THERE IS GLORY ENOUGH  
FOR ANY MAN TO LIVE AND  
DIE A TEXAN."**

**A FEW EARNEST SOULS**

Whenever any public event or  
public improvement is carried for-  
ward to accomplishment, the bur-  
den of effort is usually carried  
by a few earnest souls who see  
that there is a job to be done and  
then go ahead and do it.

A small town that has a good  
city park, a good hall, is well  
paved, has well kept lawns,  
puts on a good 4th of July cele-  
bration, has adequate lighting, or  
has or does anything at all better  
than the average place, usually  
owes it to the initiative of a few  
who have ability and who will  
work.

One man's hobby is beautifying  
his home grounds. By the judi-  
cious use of trees and shrubs and  
painstaking care of them he sets  
an example to his neighbors and  
other householders which may  
have a marked effect on an en-  
tire community, even though few  
may have the time or patience  
he attains. That man may con-  
sider a good home baseball team  
a thing of minor importance or  
even useless foolishness.

Another man may look with ad-  
miration on the first man's beau-  
tiful lawn and hedge but as far  
as putting that much effort into  
having one himself he has never  
even thought of it. But he may  
take hold of the seemingly thank-  
less job of managing a good ball  
team; he might even have the  
instinctual fortitude to try to be  
umpire. Baseball is his hobby.  
He helps the community by doing  
his part to have a good team.

Another man may think base-  
ball is the bunk and that a won-  
derful blue spruce tree in a pleas-  
ing setting is something to enjoy  
with only a fleeting glance as  
he drives by. But he possibly be-  
lieves that good paved streets

with plenty of bright lighting is a  
necessity for his home town, and  
he goes ahead and pushes through  
the improvement against opposi-  
tion of the "do nothings" and the  
"pay nothings" with which every  
place is cursed.

With another it's a fine golf  
course, with another it's a better  
city hall or a better school sys-  
tem. Each man may have a dif-  
ferent way of helping his com-  
munity and help it in connection  
with some activity in which he  
takes a personal interest.

Give the boys a good hand,  
whatever they try to put across.  
They're trying to do something  
in a creditable manner even  
though their way of doing it may  
not be exactly your way of doing  
it. At least recognize the fact  
that they are putting honest ef-  
fort into the job. It takes a lot  
of different kinds of live people  
to make a live town.—Star News,  
Madison, Wis.

**MEN AGAINST DROUGHT**

Drought reports describe half  
the area of the United States as a  
"dry and thirsty land." They tell  
of cattle being shot to save them  
from suffering. They picture the  
once fertile fields as plains of  
dust. They estimate 1,600,000  
destitute as a result of rain-  
less weeks. Agriculture sections  
are witnessing an appalling chap-  
ter in the history of mankind's  
struggle with adversity.

But the testimony is not com-  
plete without credit to men's her-  
oic endeavors to meet the crisis.  
These include the sinking of wells  
to find subterranean streams, the  
assignment of tank cars to rush  
water to districts where animals  
are suffering, of Government aid  
to 400,000 drought-stricken fami-  
lies, and of Government coopera-  
tion in water projects. Outlets of  
mountain lakes have been lower-  
ed to continue supplies for ir-  
rigation. Nearly 1,000,000 cattle  
have been bought for market,  
half the number being processed  
and canned for distribution to  
needy families.

The widely organized cam-  
paigns against drought, as against  
other abnormalities of weather,  
are significant. They spring from  
men's need to conduct themselves  
as their brothers' keepers. They  
grow out of the recognition that  
men can do much for themselves  
when they bear one another's bur-  
dens, pool their resources of in-  
telligence and activity, and plant  
their individual hope in the com-  
mon good.—Christian Science  
Monitor.

**THE COTTON PLANT**

(From an Address by Henry W.  
Grady.)

What a royal plant it is!  
The world waits in attendance  
on its growth.

The shower that falls whisper-  
ing on its leaves is heard around  
the earth.

The sun that shines on it is  
tempered by the prayers of all  
people.

The frost that chills it and the  
dew that descends from the  
stars is noted, and the trespass  
of a little worm on its green  
leaf is more to England than the  
advance of the Russian Army on  
her Asian outposts.

It is sold from the instant it  
puts forth its tiny shoot. Its fi-  
bre is current in every bank, and  
when loosing its fleece to the sun,  
it floats a banner that glorifies  
the fields of millions of humble  
farmers who are marshalled under  
a flag that will compel the al-  
liance of the world, and wring  
tribute from every nation on  
earth.

It is the heritage that God gave  
to this people forever as a pleas-  
ing setting is something to enjoy  
with only a fleeting glance as  
he drives by. But he possibly be-  
lieves that good paved streets

**CILPPINGS**

**WATERFOWL HUNTERS  
MUST HAVE STAMP**

Every hunter of migratory  
waterfowl over 16 years of age  
is now required to have in his  
possession a migratory bird hunt-  
ing stamp. This is the require-  
ment of an Act of Congress ap-  
proved by the President to be-  
come effective June 16, 1934, and  
designed to aid the program for  
restoration of migratory water-  
fowl by purchase of suitable  
breeding, feeding and resting  
areas. The stamps will be sold  
at \$1.00 each, and the proceeds  
will be used in the important  
program of waterfowl restoration.

Stamps can be purchased at  
postoffices in all county seats. In  
all cities having a population of  
2,500 or more, and at other points  
convenient to waterfowl centers.  
Stamps are on sale annually on  
and after July 1. They expire  
on June 30. They must be affixed  
to the state hunting license, or  
if no state license is required, to  
a certificate furnished by the  
postmaster. Form of application  
will be furnished by the postmas-  
ter.

Hunting waterfowl without a  
stamp is unlawful. It is punish-  
able by a fine of not more than  
\$500, or by imprisonment for not  
more than six months, or by  
both fine and imprisonment.—  
Floyd County Plainsman.

**PEASE RIVER DAM  
PROJECT REVIVED**

The Electra Chamber of Com-  
merce has requested the Quanah  
Chamber to send delegates to  
their town next Tuesday when  
the subject of the Pease river  
dam will be discussed. Congress-  
man McFarlane will attend the  
meeting, and is quoted as saying  
that now is a good time to push  
that project, which a few years  
ago aroused considerable interest  
in Washington.—Quanah Tri-  
bune-Chief.

**BOYS IN FINE SHAPE  
SAYS FLOYDADA COACH**

"The boys are rounding into  
shape fine," Coach R. P. Terrell  
of the Floydada high school  
Whirlwinds, said Thursday morn-  
ing, in speaking of his training  
camp at Roaring Springs.

"Monday night it rained so bad  
we had to sleep in the dressing  
rooms at the swimming pool. We  
moved our bunks to the gymnas-  
ium, which has been turned over  
to us. We have a truck to carry  
us to and from the practice field,"  
he said.

"The boys on the camp are in  
better shape now than they were  
last year after the first three  
weeks of practice on the home  
field. Everybody is concentrat-  
ing wholly on football."

Coach Terrell praised the work  
of Montgomery, center whom he  
expects to develop into one of the  
greatest defensive centers he has  
ever had.—Floyd County Hesperian.

**"TWO REAL BUDDIES"**

Instead of taking in the Amer-  
ican Legion convention with their  
buddies and reviving the old days  
of camaraderie, H. M. Duley and  
Earl Combost, of Paducah, lay in

and measured the rain!  
Our's and our children's for-  
ever!

As princely a talent as ever  
came from His hand to mortal  
stewardship!

**DR. W. E. HARRISON  
DENTIST**

Office Over Paducah Pharmacy  
Paducah, Texas

a Mineral Wells hospital Monday  
seriously injured.

They were enroute to the con-  
vention in that city early Mon-  
day morning when their car  
crashed into the Brazos river  
bridge west of the city, due to the  
steel runners which were wet  
after Sunday night's hard rain.  
They were taken to the Naza-  
reth hospital in that city for aid.  
Both were suffering from severe  
injuries. Dudley suffered a deep  
cut on the forehead and was vir-  
tually scalped, while Combost  
had a crushed chest and other in-  
ternal injuries.

After they had been given med-  
ical aid, they sent word to the  
registration committee at the Bak-  
er Hotel, requesting that their  
baldies be sent to the hospital and  
placed on their pillows, as they  
wished to do their part in help-  
ing on convention city entertain-  
ment expenses. "They are real  
Legionnaires," state Angus Robert-  
son, chairman of the local regis-  
tration committee.—Palo Pinto  
County Star.

**NEWS OF OTHER  
DAYS**

**From the TEXAS MAVERICK  
August 16, 1932**

Mr. and Mrs. C. P. Waybourne  
of Pease river were the guests  
of Mr. and Mrs. Lee McGrady  
this week.

Miss Mary Boothe, who has  
been visiting Miss Edna Cooper,  
returned to her home at Ennis  
this week.

Dr. A. C. Travecek made a trip  
to Turtlehole this week to ex-  
amine several applicants there for  
life insurance in the Mutual Life  
Insurance Company of New York.

Mr. and Mrs. E. A. Day of  
Whiteflat, are again happy par-  
ents, the sex being of the gentler  
order and the weight being fully  
eight pounds.

The grand jury will be in ses-  
sion next week to probe into the  
affairs of some men. They will  
be apt to ask some very pointed  
questions, so get your memory in  
shape.

**From the TEXAS MAVERICK,  
July 11, 1933**

Last Sunday afternoon at Hill  
Crest, Rev. G. I. Britain an-  
nounced at the conclusion of the  
afternoon service that a wed-  
ding. Every one present was  
greatly surprised, as they did not  
know that a prank of cupid was  
pending. The wheels of the bug-  
gy that brought the young couple  
sounded at the door of the  
church, the audience filed out to  
witness the ceremonies which  
made Mr. John C. Lisenby and  
Miss Bertha May Rattan husband  
and wife. Bro. Britain pronoun-  
ced the ceremony while the young  
people sat in the buggy. Mr.  
Lisenby is the son of J. C. Lis-  
enby, Sr., of Whiteflat, and is a  
prosperous young stockman.  
His bride is a popular young lady  
of the Whiteflat community, the

daughter of Rev. Littleton Rattan.  
The best wishes of the Mave-  
rick will accompany them through  
life.

**LOCALS**

Master Lloyd Glenn Bouldin  
has been in ill health this week.  
Mrs. W. A. Walton and Miss  
Virginia visited Floydada this  
week.

C. L. Glenn left Matador on the  
mail stage the first of the week  
for Quanah to buy merchandise  
for the Matador Mercantile Com-  
pany. He returned Thursday.

W. A. Walton informs us that  
the loafer wolves are deprecat-  
ing very freely on his calves. He  
saw two very large ones on his ranch  
recently.

Will McClure is visiting the  
family of Jack Luckett here. Mr.  
McClure is from California where  
he left the Asiatic Squadron, he  
having served in the navy for  
about eight years. He is off on a  
furlough.

**Whiteflat Flashes**

# ROARING SPRINGS SECTION

THE CORNER STONE OF  
ACHIEVEMENT AND  
PROGRESS IS FAITH.

Matador, Motley County, Texas, Thursday, September 6, 1934

THE FUNDAMENTAL  
HEALTH OF ANY LAND  
LIES IN THE SOIL.

## SCHOOL TO BEGIN MONDAY

Roaring Springs school for 1934-35 will begin Monday, September 10. In every year in the history of our school, the new school building has failed to materialize and the grounds have leveled. Two new teachers have been added to the high school faculty. Miss Mae Williams comes from Flomot and Frank Cole from Lubbock. The cooperation of the parents can have a very successful year.

Miss Mitchell is home from a business trip to Matador Tuesday.

Mrs. Claude Hall and Mrs. Frank Hall left Wednesday for Matador to visit relatives.

Mrs. W. D. McClean made a business trip to Matador Tuesday.

## ROY BURLESON

General Insurance  
First State Bank Building  
Matador, Texas

## Accident Delays Move

Mr. and Mrs. Clarence Car-gile with their children, accompanied by Mr. and Mrs. Carl Reese, left Saturday morning for California, where they planned to make their home, but were delayed by a peculiar accident. When they were near Muleshoe one of the children gained possession of a gun, which was being carried in a car pocket, and pulled the trigger. The bullet struck Mr. Reese just above his limb passing over near the hip joint. Medical attention was received at once and the party came back home to wait until Mr. Reese is able to travel again.

Rev. Barry Watson is home after conducting a two weeks revival on the plains.

Mrs. W. H. Keahey, Walter Keahey and Dale King made a trip to Lubbock Tuesday.

Meredith Gipson has returned after a month's visit at Calgary.

John Jackson is now home after a week's stay at Muleshoe.

Mrs. Louis Potect spent Thursday evening with relatives at Glenn.

## Floydada Football Team Trains Here

About 30 members of the Floydada football team with Coach Terrell of Floydada, high school, have spent the last few days camping and training near Roaring Springs. It was necessary for them to move camp to the gymnasium during the stormy weather.

## Moves to Lubbock

E. E. Moss and family left Tuesday morning for their new home in Lubbock, where Mr. Moss will resume his position as manager of a gin he has recently purchased. J. F. York, who has traded for the Moss home, will move to town in a few days.

The Epworth League met in the home of pastor and Mrs. M. T. McBrayer Thursday evening and enjoyed a social hour. Games were played and delicious refreshments were served.

Jack Price and Tom Ferguson made a business trip to Rule Tuesday.

Mr. and Mrs. Beryl Godfrey and son of Ft. Worth, spent several days visiting relatives this week.

## Out-of-Town Guests

Mr. and Mrs. Keith Caldwell and little daughter, Mona, of Pampa, visited in the home of Rev. and Mrs. W. O. Cooley, Sunday. Mrs. Caldwell will be remembered as Miss Eva Mae Cooley. They were also visited by Miss Myrtle Overstreet, of Paducah and Misses Elaine and Lois Goodwin of Lubbock.

## BIRTHDAY PARTY

A birthday party was given Saturday afternoon from 3 to 5 honoring the 4th birthday of Ronald Dean Smith. About 20 little guests were present to enjoy the games. Mrs. A. J. Smith, mother of the young host served delicious refreshments and assisted in the entertainment.

## TO BRING TRUCKS

George Springer, Freeman Thacker, A. J. Smith and Herman Marshall left Tuesday for Richmond, Ind., where they will receive the new school bus recently purchased by the school. A new truck will also be here. A new truck will also be purchased for the Thacker Supply Co., here.

## Receives Operation

Mrs. Homer Farror, who has been ill for several days, went to Quannah Monday, and it was found necessary to perform an operation for the removal of the appendix Tuesday morning. She was accompanied by Mr. Farrar and Dr. J. F. Hughes.

Johnny Moss transacted business here the latter part of last week.

Boy Scouts, Troop No. 1, had their regular meeting Monday night.

Mr. and Mrs. Fred Dawson, accompanied by Mr. and Mrs. Andy Hurst were Spur visitors Wednesday evening.

Gloyd Green has returned after a summer's vacation in California.

Charles Bartlett, Jr., of Lubbock, was a business visitor here Monday.

Mr. and Mrs. John Wall were the guests of Mr. and Mrs. Ed Smith Sunday.

Misses Ramna and Sadie Gabriel left Tuesday for a trip to Dallas.

The opening of the dove season brought a number of hunters to Roaring Springs. Among them were Joe and Pat Watson, Carl Proctor of Dallas, and George Gabriel.

Mr. and Mrs. Frank Cole are now in Ft. Worth for a short stay.

## SOUTH PLAINS FAIR TO FEATURE AUTO SHOW

LUBBOCK, Sept. 3.—An automobile show, with the latest model cars with their knee action, automatic shift, air flow bodies and other popular features will be an added feature at the Panhandle South Plains Fair here, September 24-29, inclusive. Practically every popular car handled in the Panhandle South Plains territory will be exhibited. With heavy rains over the entire territory, interest in the agricultural show has increased and practically every county on the South Plains is now expected to have an exhibit at the fair.

There will be keen competition for \$75 first prize for the county exhibit and losers will take \$60 for second, \$40 for third and \$25 for fourth. Prizes of \$25 each will be awarded to all other counties entering the agriculture show. Hundreds of individual exhibits will be entered from each county.

Horse racing is expected to again lead the field in amusements, augmented by the John T. Wortham Shows with the only "Loop-O-Plane" ride east of California, vaudeville acts, band concerts and fireworks.

Lynn Knouse of Knox City, and Miss Lucille Hargrave of Spur, were visitors of Ted Lewis Sunday.

## RELIEF COMMISSION TO RUSH PRESENT PROGRAM

AUSTIN, Sept. 3.—The Texas Relief Commission's program of rural rehabilitation will be pushed to the limit during the next two months, it was announced today by J. E. Stanford, director of the department, as he issued instructions to his field supervisors to employ assistants to help them carry out the program during the next eight weeks.

It is the aim of the department to house every family possible and supply them with capital goods before the winter season arrives.

Federal authorities have been asked for a grant of \$800,000 for rural rehabilitation in Texas in September as against \$250,000 for the current month.

Stanford reported the program now being carried on in 142 counties and said it will be extended to others as soon as rains break long existing drought in these counties.

## FROM SEMINOLE, OKLA.

Tom Hamilton, of Seminole, Okla., visited friends and relatives in Matador and Whiteflat, the first part of this week. He returned to Seminole Wednesday.

Mrs. Louis Potect is visiting her sister in Floydada this week.

Lora Law is now in Paducah.

## EYE SIGHT SERVICE REALLY IMPROVED

The latest innovation in eye sight testing, is an electric lighted instrument that projects objects on a screen like a movie. Dr. Fred R. Baker, West Texas expert optical specialist, has added this new equipment and will be at the Matador Hotel, Monday P. M. only, Sept. 10th. He has the largest stock of spectacle lenses that other places, at prices less than other places, large list of references, having served local people over twenty years.

## Take the Laundry Burden Off Your Mind

Right this minute—are you carrying around the thought that washday is coming? That's an awful burden for a summer's day—so why not dispose of it this easy way. At your request, our deliverer will pick up your laundry bundle, bring it to us for the hard work, and then return it. The cost? Very small—as you'll agree when you see the bill.

## SPUR LAUNDRY

OUR Call-me-by-postcard service is a messenger between you and us. The postcards are prepaid by us and contain a list of Sinclair products. All you do is check the items you need—sign your name—and mail. Hang the cards near your oil drums. They help to remind you to order. Phone or write us for a supply of these cards.

We sell Sinclair Opaline and Sinclair Pennsylvania Motor Oils, Sinclair Tractor Oils, Sinclair Gasoline, Sinclair Super-Flame Kerosene, Sinclair Cup and Axle Greases, Sinclair P. D. Insect Spray, Sinclair Stock Spray, all Sinclair Farm Oils.

## INSIST ON Quality Cleaning

Expert cleaning attention actually adds months of satisfactory wear to any garment. The cleaning itself, by being more gentle and careful, does not harm fabrics. By removing every trace of grime thoroughly it keeps dirt from wearing out your clothes. That's economy at any price—yet our prices are low.

**Jackson**  
The Tailor  
Roaring Springs

## At Low Cost—We Deliver ICE For Your Health and Comfort

We've solved your summer's problem on how to keep foodstuffs fresh at a low cost. It's the method your grandfather used—good but expensive ice and a good but expensive ice box. Natural ice is the best refrigerant as well as the cheapest. Be economical—use ice. Just call 67 for quick ice service.

Young man or woman may now earn attractive part of tuition by working in College office. Clip and mail today to DRAUGHON'S COLLEGE, Lubbock, Texas, for full information. Excellent chance to prepare for future income and opportunity. Write today. Adv.-2t

Public Roads can have any excuse for not making the balance of the funds available. I do not believe any of them will refuse, but if they do, we will know where to place the blame and where to make the effort.

Activities Pay Own Way It is but fair to add in this connection that all of the activities which I have discussed are paying their own way except the relief program. The wheat and cotton programs which have meant so much to Texas are self-supporting and have not cost the government of the United States any money. This will be largely true of the farm mortgage and home owners' loan measures.

I believe the American people want work instead of a dole, and whatever provision is made should be made in the form of an opportunity for work. This is in accord with American principals and traditions.

MOVIE CHATTER By A Rogue Well I still think it would be a good idea if I could match the bout between Red Matlock and Doc Eddie Mueller, Matlock fighting while Mueller wrestles; this is what would be called a mixed bout. I imagine it would be a mixed up bout too; some of my friends say Red would kill the little chiropractor, but I'll bet my left ear that would be the hardest thing we ever tried to

Highest Price Paid for OLD GOLD, SILVER PLATINUM, DIAMONDS, etc., today, but, by tomorrow, the government may stop buying at the present high rate. Thus it is to your advantage to sell your old trinkets, dental work, unuseable jewelry, broken bits of gold, silver and whatnot, today. Never was there such a high price paid for old gold—and perhaps there shall be never again a price like this offered. It is to your advantage to sell your old gold, diamonds, silver, dental work, containing gold, today—tomorrow the price may drop to its old level.

Ship your old gold, jewelry of every description, bridgetwork, silver and diamonds today to the GOLD SMELTING AND REFINERY COMPANY, 253 South Broadway, Suite 221, Los Angeles, California. (Satisfaction with purchase price guaranteed. If not satisfied, return check sent you in ten days from its date and you can have your shipment returned at once.)

Hook Craven, that boy you if its any good or just a real little comedy lot of nice songs by Bing, dressed per cent entertained. Look it up! Its Sunday and day.
