## RAIL DUST Marvins Jones Visits Matador

Nationally Known Statesman Has  
Emphatic Faith in President  
And Administration.

Congressman Marvin Jones, of the Panhandle's Washington ambassador, visited Matador yesterday afternoon on his way to Amarillo from the east, with a stop-over at Quitaque scheduled on his itinerary. Visiting the Tribune offices shortly after his arrival here, the diplomatic statesman declared that his confidence in President Roosevelt and the administration was positive and that the results of the sincere and persistent efforts that have been placed in force since the President took office have achieved great benefit for the nation. "Never," declared Congressman Jones, "has there been a man in the White House since I have been associated with Washington affairs, who placed himself so wholeheartedly in the job of relieving the needs of the people as this President. His efforts seem to be understanding and his sympathy and understanding is unequalled. Altho he has been in error in some conclusions, he has admitted his mistakes and immediately started another course with but one desire and that to benefit the greatest number of people."

Congressman Jones is not a stranger in Matador. He has visited here often both before and since the beginning of his meteoric political career and has many close friends in the county.

## Sod Broken For New Post Office Building Here

Construction is Expected to be  
Completed Within Next Six  
Weeks.

Sod was broken yesterday afternoon as construction of Matador's new post office building was started on the vacant property west of the City Hall. The modern brick building with 2 1/2 foot frontage by 70 feet deep is expected to be completed within six weeks, according to J. W. Cleveland, member of the Stepp and Cleveland Construction Company of Decatur, Texas, who have contract for the work.

The building is being built by Oscar Hall of Paducah, who was awarded a long term lease by the Post Office Department some time ago. It is expected that the post office will be moved to the new quarters soon after the building is completed.

## DISTRICT LIONS DEFER MEETING HERE UNTIL 23rd

Postponement Made to Avoid  
Conflict With Other Organizations;  
Ladies to be Invited to  
Night Meeting.

The meeting of Lions in the 7th District of Lions Clubs scheduled to be held here next Tuesday, October 16th, has been postponed until Tuesday, October 23rd, in order to avoid conflict with other organizations and also changed to a night meeting in order that Lion Club members may invite wives, mothers, sweethearts or friends. At a meeting of the District organization this week.

In changing the meeting to a night affair it is believed a much larger attendance will be present and also greatly add to the success of the affair by making it a ladies' night.

According to present plans the meeting and banquet will be held in the basement of the Methodist Church. At a meeting of the local Lion Club directors recently was a tentative plan to have ladies of both the Methodist and Baptist Churches cooperate in serving the banquet if such a plan could be negotiated successfully.

## Chamber Of Commerce To Seek Government Loans From Cotton Certificates

Benefit to Farmers Throughout State  
Cited at Meeting.

SURVEY ON HIGHWAY 18 PROVIDED

Better Housing Program Underway in  
Motley County.

Action urging the Federal Government to loan money to farmers on the Bankhead cotton Tax-Exemption certificates was started here Tuesday at a meeting of the Motley County Chamber of Commerce, held in the Motley Hotel, which some thirty members attended.

In an explanation of the situation by M. E. Thompson, Cotton Adjustment Assistant, it was stated that a surplus of over 4,000,000 pounds existed in the county, and following a motion by Dr. Gilmore of Turkey that the organization ask aid of the West Texas Chamber of Commerce in urging the Federal Government to make substantial loans to farmers and accept the certificates as collateral, the local organization took immediate action by sending a letter written to the West Texas Chamber of Commerce for that purpose. Dr. Gilmore declared that he would ask the Turkey civic organizations to take similar action.

Loans to Benefit Farmers

It was pointed out that it would be to the advantage of the farmers to obtain loans on the certificates instead of outright sales, in view of the fact that the certificates could be used on next year's crop by the owner's redeeming them. It was estimated that approximately \$200,000.00 would be realized by county growers if such an action could be secured.

Plainview Highway Meeting

Judge C. L. Glenn as chairman of the Highway Committee, reported on a Highway meeting which was held in Plainview Friday, at which representatives of some 40 interested West Texas counties were present. He declared that highway travel has become recognized as one of the great industries of the United States and that prospects are highly favorable for the completion of a hard surface highway system extending to the New Mexico line, by 1936.

Regarding highway 18, Dr. Gilmore of Turkey, declared that money had been appropriated by the Hall County Commissioner's Court to make a preliminary survey of a route from Turkey to Clarendon and connecting with Highway 88 to Pampa, which, by filling in a few gaps, would make a direct north and south route from Canada to the gulf. Work on the survey is expected to begin immediately. It was declared that prospects are highly and Government in event the route receives state designation, due to the large number of unemployed who are now receiving relief aid. A committee embracing representatives from interested counties will likely be sent to Austin in the interest of the project, in the immediate future.

Better Housing Campaign

J. B. Woodruff, local chairman of the Federal Housing Administration, declared that a campaign would be launched here soon to interested property owners who could qualify for Federal Housing loans, to take advantage of loans which are made available through the First State Bank. Only property, either business or residential, which is free of taxes and interest, is eligible for loans. Loans in the amount of from \$200 to \$2000 may be obtained for repairing, re-building, or improving property. Applications may be made at the First State Bank here, or information obtained from Mr. Woodruff or at the Burton-Lingo and Higginbotham-Bartlett Lumber Companies.

These loans are also available to farmers for the repair and improvement of rural homes.

The following committee was appointed to serve in connection with the work here: Marvin English, Claid Wilson, Floyd Bond, also expected soon.

## "Widows and What- Nots" Plays Full House Tues. Night

Opus Staged by Firemen and  
Philharmonic Club Delights  
Large Audience.

"Widows and What-Nots," a musical comedy written by L. D. Gibson of Paducah, and staged here Tuesday night by the Matador Fire Department assisted by the Philharmonic Club, warranted the repeated encores from the large and enthusiastic audience that packed the Matador High School auditorium.

One of the most outstanding characters in the play was that of Alice, the colored maid very adeptly portrayed by Irene Knight. Other well known local characters who contributed to the success of the play were: Frank Polk, Mrs. Dick Davis, Josephine Moore, Howard Edmondson, Leona Fryar, Vernon Doss, Mr. and Mrs. Jack Bradshaw, Mrs. Bill Neatherlin, John Hamilton, Roy Reeves, Mrs. Dorothy Thomas and Clay Gilbert.

The seven choruses, composed of some eighty odd local talent characters, added much to the variety of the entertainment.

Officials of the Fire Department and the Philharmonic Club declared yesterday that from a box-office standpoint the play far exceeded their expectations.

## Highway Patrol To Enforce Car Lighting Laws

Track and Automobile Drivers  
Warned of Inspection Expedited  
Here Within Short Time.

State Highway motorcycle patrolmen, Jack Reeves and Renfro, who make headquarters at Lubbock, who were here Monday night and Tuesday and informed Sheriff J. E. Skinner that they would return in the near future to inspect cars and trucks for defective head and tail lights which fail to conform with the state law.

The location here will be a part of a state-wide enforcement drive to correct the large number of illegally lighted motor vehicles now using the highways.

Sheriff Skinner wishes to warn all drivers to correct their lights immediately that they may possibly save the cost of a fine when the patrolmen make the local inspection.

## SCHOOL LIBRARY FOR COUNTY IS FORMED HERE

Schools of the County May Obtain  
Membership on Fee of \$5  
Per Teacher.

At a meeting held at the courthouse here Saturday, September 29th by teachers of Motley county, the Motley County Circulating Library was organized and a Library committee elected. Any school in the county may obtain membership by paying a fee recommended at \$5 per teacher by the committee. The library will be divided into two divisions, elementary and high school and permanent control of the library will be in the hands of member schools.

It is suggested that schools joining sent in a list of books for the library to purchase.

Operation of Organization

The county judge will be the official head of the organization and will appoint a county librarian who will have charge of the books. The hours of operation during the school year will be from 1 until 5 o'clock on Saturdays and from 5 p. m. until 7 p. m. on Wednesdays. A fine of 25 cents per day will be assessed for overdue books.

## Matador to Play Vernon in Night Game Friday

This week the Matador Matadors journey to Vernon to take on the powerful Vernon Lions in a night game.

The Lions this year boast one of the fastest and heaviest teams in this section of the state and after drubbing the Wichita Falls team 18 to 7 last Friday night are one of the favorites to capture the District 5 title.

It will not be the first meeting of Coach Stanford and Coach Henrie Weir as their teams staged many a thrilling battle when Stanford was coach at Electra.

When the Matadors go into the game Friday night they will be the underdogs, but the Matadors intend to give them one of the toughest fights of the season.

## Paducah Hotel and Store Burn Sunday

Resulting in a damage of approximately \$25,000, the Paducah hotel building, housing the Paducah hotel, the Massie-Prob-also grocery store, the M store meat market, and the City Meat Market, was completely destroyed by fire Sunday night.

Supposedly starting from an electric refrigerator in the back of the M-System meat market, the fire had gained such headway when discovered at 8:30 p. m., the volunteer fire department at once started safe-guarding the buildings adjoining the burning one.

Other Buildings Saved

At 2 o'clock the wagons ceased pumping the water onto the ruins, but it was about 4:30 Monday morning before the fire was completely extinguished. Much property was taken to keep the sparks from setting the Zana the electric adjoining the hotel building afire on the south and the lumber yard on the west.

Early estimates as to the damage done ranged around \$100,000, but Fire Chief Gentry and the owners of the business, set the mark at \$25,000. Several buildings near the burned one were considerably water damaged, with the most serious done the show building.

## American Legion Meeting Monday For Nov. 11 Plans

Local Organization to Begin Col-  
lection Drive for Membership  
Dues; Plan Celebration.

The Fleming Post American Legion, at their next regular meeting Monday night, October 15, will start an intensive drive for collection of 1935 membership dues and also make plans for the Armistice Day celebration, according to Adjutant M. S. Patton.

All members are urged to be present at the meeting which will embrace information of vital interest and also benefit the future of the organization.

Fleming Post Legion has attained a high standard of membership and organization and it is the wish of officers that payment of 1935 dues will be prompt in order that the record may be maintained.

Claid Harp, Homer Sheats and Ben Meador.

County Agent Frank A. Buckley announced that cattle buy program under the drought relief program had virtually ended, unless added allotments were received. The allotment of 1000 head up to October 13 has been exhausted. He estimated that some 200 head from small herds and approximately 2000 head belonging to the Matador Land & Cattle Company would remain unpurchased.

Mr. Buckley stated that with the exception of eight checks, all of the first cotton payment checks have been received, and that although none of the second cotton payment checks have been received, they were expected to be arriving next month. Checks on the Corn-Hog program are also expected soon.

## FARMERS URGED TO POOL COTTON EXEMPTION TAGS

All farmers having excess cotton Tax-Exemption Certificates are urged to pool them in the immediate future, in the result of a county agent, as a result of a copy of a telegram sent out by Chief of Cotton Administration, C. A. Cobb, who present time will demand at the amount of certificates which have so far been pooled.

In accordance with information received by M. E. Thompson, Assistant in Cotton Adjustment, Motley county, immediate pooling of all excess certificates is urged in order that advantage might be taken of the present market for the sale of the tags.

## Electra Defeats Matador Thurs.

Taking advantage of the Matador's fumbles, the Electra Tigers rolled up an early lead which was too great for the Matadors to overcome and won the annual grid contest on Electra's field, last Thursday night, with a score of 27 to 19.

Three costly fumbles resulted in the Tigers making an equal number of touchdowns. The Tigers scored twice in the first period, first with a forward pass and the second time with an off tackle smash. A Matador fumble paved the way for a third Tiger touchdown in the 2nd quarter. The last score for the Tigers came in the third quarter, as they took the ball deep into their own territory and carried it over on smashing power plays.

The Matador's first score came early in the second quarter when Blackshear went off tackle for 14 yards and touchdown. The Matador's second quarter when they took the ball deep in their own territory and marched up the field for a score. The final Matador score was made in the 4th quarter when the Matadors opened up with their passing attack and Blackshear heaved the pigskin to Spencer for 20 yards and touchdown.

Led by co-captain R. E. Campbell, the entire Matador line played a fine defensive game. Jess Spencer and co-captain Beryl Blackshear were the big ground gainers for the Matadors.

First downs: Matadors 17; Electra 9.

James Neblett made a business trip to Memphis, Sunday. He was accompanied as far as Childress by his mother, Mrs. B. F. Moore, and Miss Ruth Moore, who visited friends there.

SPORTS REPORT

Electra 27, Matador 19. Well, it's hard to tell, but the Matadors lived up to what Electra expected when the Tigers trimmed them at Electra last Thursday night. The Matadors came through with some wonderful football in the last quarter of the game when they almost evened the score.

There were quite a number of high school students in the play Tuesday night, "Widows and What-Not." The following girls had parts: Bonnie Mae Willis, Lucretia Estes, Modena Graves, Geneva Cooper, Maxine Greene, Marjoria Moore, Agatha Lancaster, Dorothy Willett, Julia Davis, Geraldine Lebow, Lois Fuller, Marie Ross, Helen Simpson, Sibyl Daffern, Margaret Cornett and Sylvia Nell Patton.

PEP SQUAD NEWS

The material for the dresses is here. The girls are now beginning on their dresses and they will have them ready for the Roaring Springs game.

Several of the girls are expecting to go to Vernon.

Cotton Parks has made a new resolution not to write love letters to "my darling" in school. He also says that he is going to raise "plenty of heck" if some one doesn't quit putting chewing gum in his seat.

Vernon Craven says he is going to move to White Star so he can ride to school with Ruth Irwin. Helen Edmondson Brown has dropped a course in school in order to take a course on "Love Making."

Virginia Edmondson fell for a tall, dark and handsome sheik in Vernon. He had a bad effect on her. She was so love sick she fell out of the car on the return trip home.

Lucretia Estes: "Don't go yet, dear; you're breaking my heart!"
R. E. Campbell: "But you're breaking my training."

Mr. Miller: (Cafe in Electra) "Do you serve crabs in here?"
Waiter: "We serve anybody, sit down."

RELIEF CANNING FOR WINTER FOOD SHOW BIG TOTAL

COLLEGE STATION, Oct. 10.—"Harvest Home" in the blackland section of Texas is going to be notable this fall in spite of the preliminary survey of the canning activities of that section made by Miss Jennie Camp, district home demonstration agent. Fifteen counties in the district had 31 community canning plants, equipped with 317 pressure cookers and retorts and 177 tin can sealers, being operated by relief agencies with relief labor under the supervision of county home demonstration agents on September 1, Miss Camp said.

By the middle of September the total output of these 31 centers had reached a total of 870,981 containers. All of the products that went into these cans came from the farms of the district, Miss Camp said. The canning was done on a toll basis, the Texas Relief Commission furnishing cans, equipment, and labor; the

## Business Men to Aid Football Team by Presenting Play

Business men of our town are planning to assist our football team by presenting them with a play. The proceeds to be received from the rendition of the play, "Womanless Wedding," to be given in the high school auditorium in the near future. Prof. McDonald is coaching the characters and every one attending is insured an enjoyment.

## IMPROVING

Clint Henson had a very narrow escape Wednesday evening when on a return trip from Lubbock. Near Ralls it was thought there was a flat tire and he got out of the car to investigate. On going to the side of the car a passing motorist struck him, breaking his right leg and bruising his face severely. His brothers, Verl and Brown Henson, who were with him rushed him to Crosbyton for first aid and then to the Spur Sanitarium. He was brought home Thursday and is improving nicely at this time.

## Roaring Springs Ties Silverton in Game Friday

The Roaring Springs Yellow-Jackets motored to Silverton, Friday afternoon to meet their football team for a game. A very close game was played and no scores were made by either team. Our coach, Prof. Fred Cole, is trying hard to develop our boys into a real team and every patron of the school should feel that it is their duty to attend every game they play. Let's all go and take the family and thereby encourage our boys and their coach. All they need is confidence in their ability and the knowledge that we are counting on them and believing in them.

## Celebrates Birthday

Marion Alice Mitchell celebrated her 8th birthday Saturday afternoon, by entertaining a number of her young friends with a party. Games were played until a late hour, and delicious refreshments were served to: Wanda Miller, Billie Jean Dunlap, Imogene Price, Johnnie June and Lavale Mitchell, Louise Huffstutler, Lou Nell Lewis, Geraldine Hollingshead, Barbara Ann and Gladys Marie Springer, Mary Lou Newberry, Betty Jean Henson, Billy and Bobby Braselton, Joe Hall, Kenneth Fielding, Dean Price, Ross and A. J. Meadows, Mamie Copeshaw and Robert Jackson.

## Called to Lubbock

Mr. and Mrs. M. E. Long were called to Crosbyton Thursday night to be with their daughter, Mrs. R. L. Ormund, who was seriously ill. Mrs. Ormund was moved to Lubbock Saturday where it was found necessary to perform an operation for the removal of the appendix. Her many friends here are glad to learn that she is doing nicely at this time.

## TO NEW HOME

Mr. and Mrs. Frank Hall moved to their new home on First Street, Monday. They have just completed a complete renovation of the house by having every room papered and the woodwork worked over.

The Junior class held their first class meeting on September 19, and elected the following class officers: President, Dorothy Shirley; vice-president, Joe Bridges; secretary and treasurer, Juana Turner; sergeant-at-arms, Clyde Smith; sponsor, Miss Mae Williams; reporter, Rosalind Mitchell.

## QUILTS FOR BRIDE

A number of Roaring Springs ladies attended an all-day quilting in the home of Mrs. Fred Henry in Duane Flat, Friday, honoring her daughter, Mrs. Woodrow Haney of Matador. A bounteous feast was prepared by Mrs. Henry. Several quilts were completed and a delightful time was enjoyed by every one. Those attending from here were: Mrs. M. S. Thacker, Mrs. K. Jones and Mrs. O. O. Love.

Week-End Specials and Electric Refrigeration Saves You Money

## Picture of a Modern WASH DAY

You can economize as much as 20 per cent by buying at week-end specials and taking advantage of the perfect refrigeration offered in order to preserve your foods that you buy at these specials.

## Picture of a Modern WASH DAY

With modern Electric Refrigeration — which assures safe preservation of perishable foods at all times — you can easily buy in sufficient quantities to effect this saving.

## Picture of a Modern WASH DAY

Just think of the saving you can make . . . and you will only have to market once a week!

## Picture of a Modern WASH DAY

The safe, constant, dependable refrigeration supplied by the new Frigidaire makes this economical practice possible. Frigidaire automatically maintains this constant cold of less than fifty degrees necessary for safe refrigeration. There is no trouble on your part — even defrosting is automatic.

## Picture of a Modern WASH DAY

A trained representative will be glad to explain how the new Frigidaire pays for itself. Ask for a demonstration or ask any user of the Frigidaire.

Coming Friday and Saturday, the Rogue offers a picture different from the usual Friday show; this time instead of a cowboy yarn, it's a sea story of the Barbary coast back in the days before the world war, starring Dorothy Dell, the "Miss Universe" awarded this title in Galveston, Texas in 1930, playing the feathery role, Victor McLaglen and Preston Foster, carrying the male portion of the show, with dear old Allison Skipworth, playing the part of a "Dive" operator on the water-front in San Francisco. Its really a very nice picture, with plenty of rough action, a good story and some very rare bits of humor throughout. Now this little Dorothy Dell is a honey.

Sunday and Monday comes the big Fox frolic "Shoot the Works," a musical with wise cracks a plenty, and an excellent cast, composed of Jack Oakie, Dorothy Dell (again,) Roscoe Karnes, Allison Skipworth and Ben Bernie and the "Lads," his world famous orchestra. This is a very new picture and I don't know just a lot about it, but I do know that it's excellent entertainment, something that the whole town of Matador will like and appreciate, and it hasn't been shown anywhere around here as yet. Look out for Marie Dressler and Wally Beery in "Tugboat Annie," the 26-27th. Since this grand old trooper, Marie, as passed into the great beyond, seeing her in this picture, and later in "Her Sweetheart" with Lionel Barrymore, will be your last opportunity. The flickering screen will never be able to replace this dear old lady, the serene, smiling, jovial Marie, the best loved actress whose image a projection machine has ever shown.

Relief Commission to Aid Necessitous This Winter

AUSTIN, Oct. 10.—Texas Relief Commission officials today announced that orders have been placed for material out of which 168,000 comforters will be made and contributed to destitute persons in the state for use this winter.

These comforters will be made by women from relief rolls working in the 166 sewing rooms already established by the commission in 111 counties of the state.

A. C. Allen, head of the production department of the works, contemplates the use of 1100 bales of cotton, 1,680,000 yards of covering, all of which will be furnished without charge by the federal government. Comforters will be of standard size, 72 by 90 inches, and the program likely will get under way in the next 15 days, Allen said.

To Clothe School Children

Sewing rooms at this time are concentrating on the manufacture of children's clothes in order to make many youngsters presentable for school. Relief officials have been informed that thousands of school children over the state have been forced to forego school this fall because of lack of clothing.

Small sewing rooms, begun in small measure last year, are now producing garments for relief clients in large volume. In them are made dresses for women and children, shirts and overalls for men and boys, underwear for men, women and children, overalls and play suits for children and other wearing apparel.

Scraps from garments are salvaged and made into quilt tops and cotton batting is supplied for the making of quilts which also will be distributed to the needy.

Old Shoes Are Repaired

Old clothing, contributed to these rooms is renovated and larger garments are re-made into smaller ones for school children. In some instances, shoe repair shops have been established in connection with sewing rooms when unemployed cobblers are found on relief rolls in the community. He is supplied with tools and materials so that he may help sole shoes, repair tops and heels.

Location of a sewing room is based on the number of women on relief rolls in a community available for this type of work. Size of the room varies, some containing as few as six machines while the largest has approximately 60 machines. This room at Dallas employs 120 women per day.

State Furnishes Materials

Communities must cooperate in establishment of the rooms by supplying the building and utilities. The Texas Relief Commission furnishes materials and equipment.

A competent supervisor directs the women in their work, enabling them to learn correct methods of cutting and making clothes, teaching them how to make a living and at the same time providing clothing for thousands of the State Relief Roll clients.

From the Editor of The American Boy

During the coming year, the boys of America will bet a half-price rate to adventure and fun! THE AMERICAN BOY—YOUTH'S COMPANION, the nation's leading magazine for boys, formerly \$2.00 a year, now costs \$1.00. A three-year subscription, previously \$3.50, costs only \$2.00.

Griffin Ogden Ellis, editor of THE AMERICAN BOY, brings boys the hearty assurance that the new prices will in no way affect the editorial contents of the magazine. It will be as large, as beautifully printed, as full of high-spirited adventure as ever.

"THE AMERICAN BOY'S leadership has been no accident," Mr. Ellis states. "We publish the magazine on the firm belief that boys deserve a magazine as good as any publication for grown-ups. So we use the best illustrators obtainable for the biggest magazines. We send our staff writers all over the country digging up the interesting facts of science, interviewing world-famous explorers, talking to coaches and athletes.

"We encourage and assist our writers to go everywhere for material—to Haiti, Africa, the South Seas, China—and bring back adventure for American boys. We hire experts on hobbies and boy problems to advise boys and young men. These steps account for our position as the quality magazine for boys, and we shall continue to face them."

Twelve issues of fun and excitement for \$1.00! Three years for \$2.00! Spread the news among your friends—and send your subscription direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

SCHOOL FUND RECEIVES ONE-FOURTH GAS TAX

AUSTIN, Texas, Oct. 10.—The state common school fund received the record total of \$8,496,212 as its one-fourth "cut" of Texas' gasoline tax income for the fiscal year which ended August 31, or nearly \$1,000,000 more than in every previous year, Comptroller George H. Sheppard announced today. Schools receive one cent of the four-cent state tax.

Proportionate boosts went to the Board of County and District Road Bond Indebtedness, which also receives one cent of the tax, and the highway fund, which gets the remaining two cents.

Working his first full fiscal year with an adequate field force under the state's strong new "anti-foot-leg" law, the comptroller boosted gas tax income \$4,036,845 above last year to an all-time high total of \$33,984,848, this annual report showed.

He attributed almost the entire gain to record enforcement activity and the educational campaign of the Texas Good Roads Association. In his state-wide drive against the tax-stealing "racket," his 50 field men filed 99 felony and 71 misdemeanor charges during the year, he reported.

The \$33,984,848 income is broken up into three parts. In addition to the \$8,496,212 for schools, another \$8,496,212 goes to county tax relief in the refunding of county road bonds. Whereas the fund last year was able to pay all interest on such bonds but only 30 percent of the principal, the increase will permit paying this year of all interest and at least half the principal maturities, if not more, Mr. Sheppard estimated.

The remainder of the gas tax, or \$16,992,424, is still devoted to the original purpose for which the tax was invented—construction and maintenance of state highways.

COTTON BOARD SPEEDS WORK

COLLEGE STATION, Oct. 2.—That 160 Texas counties have received their tax exemption certificates under the Bankhead

Act was announced by the Cotton Allotment Board after a meeting held at the end of the week. A total of 333,430 applications have been received from 216 counties.

Among the counties which have already received their certificates, totaling 498,818 are all the larger cotton producing counties in the State, members of the Board said.

While the Board was in session a request came from one of the news wire services to estimate the probable loss to Texas if the Bankhead Act is discontinued in 1935. In reply the Board pointed out that the Texas 1934 quota of tax exempt cotton is 3,237,000 bales; that the Bureau of Crop Estimates has placed the 1934 Texas crop at 2,383,000 bales; which leaves Texas with an excess of 854,000 bales for which there is tax exemption but no cotton. Such tax exemption certificates have a sale value of approximately \$20 per bale, the Board stated, and the total possible loss to the State, therefore, if the Bankhead Act is discontinued and holders of these certificates are not allowed to realize on them is approximately seventeen million dollars.

This loss, the Board estimated, will fall first of all on the cotton grower already hard hit by the drought, whose certificate in its sales value was a measure of crop insurance. It will fall next on the business interests of the State because the farmer would have spent his money for commodities. And in the third place it will fall proportionately on all tax payers because the hard hit man and his family will the sooner be on public relief.

The Board commented also on the falling off of the cotton market due in part, according to cotton exchange reports in current newspapers, to the conference in Washington and the published statement by Senator Bankhead in relation to suspending the operation of the Act. The loss on a single day amounted to \$7,500,000.

OLDSMOBILE SALES IN SEPTEMBER AHEAD OF '33

"Oldsmobile retail sales for the first twenty days of September are continuing to reflect the successful sales records being made by Oldsmobile this year," states D. E. Ralston, vice-president and general manager of Oldsmobile. "Retail sales for the first twenty days of September are 94% ahead of the same period last year. Reports from our dealers in every

section of the country point to this month as being one of the largest Septembers in Oldsmobile's history," said Mr. Ralston.

Mr. Ralston further states, "Production at the Oldsmobile factory for the year up to and including September 20 is 115% greater than production for the same period last year. The splendid record made by the Oldsmobile six and eight this year leads us to look forward to increased volumes for Oldsmobile in the future. In anticipation of larger volumes the factory is now undergoing an expansion program which will materially increase our production facilities."
