With Valentine's Day just around the corner, next Wednesday to be exact, I thought you might enjoy reading about the history of this love holiday.

Although Valentine's Day is celebrated as a lover's holiday today with the giving of candy, flowers, or other gifts between couples in love, it originated in 5th Century Rome as a tribute to St. Valentine, a Catholic bishop.

For eight hundred years prior to the establishment of Valentine's Day, the Romans had practiced a pagan celebration in mid-February commemorating young men's rite of passag) to the god Lupercus. The celebration featured a lottery in which young men would draw the names of teenage girls from a box. The girl assigned to each young man in that manner would be his companion during the remaining year.

In an effort to do away with the pagan festival, Pope Gellasius ordered a slight change in the lottery. Instead of the names of young women, the box would contain the names of saints. Both men and women were allowed to draw from the box, and the game to emulate the ways of the saint they drew during the rest of the year.

young Roman men were not too at the time. pleased with the rule changes.

Lupercus, the Church looked for a suitable patron saint of love to take Roman god of love and beauty. his place. They found an appropriate

choice in Valentine, who, in AD 270 , had been beheaded by Emperor 2 Claudius.

Claudius had determined that married men made poor soldiers. So he banned marriage from his empire. But Valentine would secretly marry young men that came to him. When Claudius found out about Valentine, he first tried to convert him to paganism. But Valentine reversed the strategy, trying instead to convert Claudius. When he failed, he was stoned and beheaded.

During the days that Valentine was imprisoned, he fell in love with the blind daughter of his jailer. His love for her, and his great faith man-aged to miraculously heal her from her blindness before his death. Before he was taken to his death, he signed a farewell message to her, "From your Valentine." The phrase has been used on his day ever since.

Although the lottery for women had been banned by the church, the mid-February holiday in commemo-ration of St. Valentine was still used by Roman men to seek the affection of women.

The first Valentine card grew out of this practice. The first true Valentine card was sent in 1415 by Charles, due of Orleans, to his wife. He was Needless to say, many of the imprisoned in the Tower of London

Note: William is a Junior at Motley County High School. He wrote the following article as a research project in his Nutrition and Food Science Class.

Many Americans today celebrate on February 14th the special day that is better known as Valentine's Day. We show our appreciation and love to those we care about by giving them gifts. One of the best gifts that people can receive is a healthy heart. To keep a healthy heart eat a variety of foods with low cholesterol levels. Foods with high cholesterol contribute to the number-one killer of Americans - heart disease.

Crispy Oven-Fried Chicken

* Vegetable oil spray

- * 4 cups wheat-flake or corn-flake cereal, lightly crushed (4-5 ounces) * 1 clove garlic, crushed, or 1/2 tsp. bottled minced garlic (optional)
- * 1 tsp. ground ginger, or to taste
- * 1 tsp. paprika
- * 1/4 tsp. salt (optional)
- * Freshly ground pepper to taste
- * 12 pieces chicken (about 3 1/2 pounds), skinned, all visible fat removed.

"Thinking on Things Above"

We need to emulate and imitate the heaven-centered thinking of the heroes of faith chronicled in Hebrews 11. They confessed that they were strangers and pil-grims on the earth (Heb. 11:13). They desired a better country, that is, an heav-enly country (Heb. 11:16). They realized that here we have no continuing city, but we seek one to come (Heb. 13:14). Abraham looked for a city which hath foundations, whose builder and maker is God (heb. 11:10). It was heaven-centered thinking that prompted Moses to choose rather to suffer affliction with the people

of God than to enjoy the pleasures of sin for a season (heb. 11:25). Heaven-centered thinking explains why some were tortured, not acVegetable oil spray, butter-flavored or original

Preheat oven to 350 degrees F. Spray a baking sheet with vegetable oil spray. Set aside. Place cereal in a pie pan or on a piece of foil. Stir in garlic. Set aside. Frace cerear in a pie pan of on a piece of foil. Stir in garlic. Set aside. Combine ginger, paprika, salt, and pepper in a small bowl. Rinse chicken and pat dry with paper towels. Sprinkle seasonings on both sides of each piece. Roll chicken in cereal crumbs to coat. Spray chicken lightly on all sides with vegetable oil spray. Place on prepared baking sheet. Bake for 45-60 minutes, or until chicken is golden-brown and tender. Timing will vary according to the thickness of the chicken pieces. the thickness of the chicken pieces.

Chocolate Custard Cake with Raspberries

Cake:

- * 14-ounce can nonfat sweetened condensed milk
- * Egg substitute equivalent to 5 eggs
- * 1/2 cup fat-free milk
- * 1/2 cup sugar
- * 1/4 cup nonfat or low-fat chocolate syrup

Topping:

- * 1 1/4 cups seedless all-fruit raspberry preserves * 10 ounces fresh or frozen raspberries, thawed
- * 1 tablespoon powdered sugar (optional)

Preheat oven to 350 degrees F. Spray an 8-inch nonstick round cake pan with vegetable oil spray. Cut a circle of parchment paper or wax paper to fit the bottom of the pan. Place paper in pan. If using wax paper, spray the top with vegetable oil spray. In a large bowl, whisk together all cake ingredients. Pour into pre-

pared pan.

Place the pan in the middle of a 12 x 17 x 1 inch jelly-roll pan and jelly-roll pan half full with warm water, or place cake pan in a baking pan (the bottom of a broiler pan works well) and add warm water to a depth of 1 inch.

Bake for 40-45 minutes, or until a toothpick inserted in the center of cake comes out clean. Remove cake pan from water and let cool on a wire rack for 10 minutes. Carefully invert onto a plate (it is not necessary to loosen sides first) and remove paper. Let cool for 15 minutes. While cake is cooking, heat preserves in a small saucepan over low heat, stirring occasionally.

Top the cake with a thin coating of the preserves. Sprinkle with about half the raspberries. Cut the cake into 10 pie-shaped slices. Spoon remaining preserves on each dessert plate. Place each cake slice on preserves. Top with remaining raspberries, then dust lightly with powdered sugar. For a more formal presentation, place raspberries in a ring around the top of the cake before cutting. Sprinkle any remaining berries on the dessert plates.

PRAISE GOD FOR HIS BLESSINGS!

A special Valentine greeting to my very special family,

I think everyone in Roaring Springs and Motley County know or remember the nine Carpenter kids. Our family thought and joke is, "There's eight more just like us and we all have the same Mama and we all have the same Mama and Daddy, being the late Sally and

Murphy Carpenter. We all grew up in Roaring Springs and all went to school there and most of us were taught by the same teachers, down through the years.

I give a special tribute to our parents who taught us the value of loving each other, being honest and loving our fellow man and a love for God. who is love.

Today we are all very blessed with a good life, good families and beautiful grandchildren. We haven't been without our trials and heartaches, but we still are close and love each other unconditionally. There is

each send him money for his birth-day, so he could get it to running again. So the enclosed "Thank You" poem came to each sister.

May I say I'll always love you Years have come and birthdays gone

So I must now say that I'm sorry, When your birthday comes along Each year you seem to remember Each card and gift in the mail To me brings joy and happiness.

So its time for me to tell I wish you a happy birthday. So now you've received your card, Thoughts from me are always with you. Each place you are, home or in the

yard. Roses are red, Violets are blue, Sugar is sweet, and so are you.

Dear Carla,

Happy Valentines Day to my brothers and sisters and the outlaw in-laws.

Ola Faye and Hughes Fish, Marie Judd, Murtice Denison, James and Genell Carpenter, Devonne and Bennie D. Dillard, Dick and Jeany Carpenter, Kay and Bob Spiller, Lewis and Janice Carpenter Lewis and Janice Carpenter.

To the Editor,

For the 509 voters that earned \$222,000 a year last election, you did the right thing. If you earned less than that, you did the wrong thing. When Reagan was president he gave the wealthy people a big tax break. The working class wound up paying many in taxos more in taxes.

I hope that the Bush tax break will take care of the working class. The following quote was printed in a recent article in the Lubbock Avalanche Journal.

The people who need the most nothing better than our times to-gether and the special things we do for each other. Also the crazy things that we do for laughs. Last year, when our brother needed money to buy parts for his lawn mower we sisters decided to aach send him money for his birth bill."

Ray Zabielski

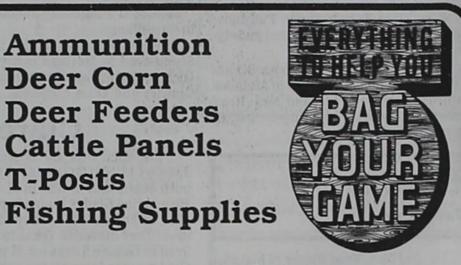

On January 11, 2001, you printed a news item stating that the Roaring Springs Lions Club has decided to take on the project of completing the Frank Mitchell Memorial with the names of 546 veterans who served in the Civil War, Spanish American War World War I, World War II, Korean War, the Vietnam War, and in peacetime military service.

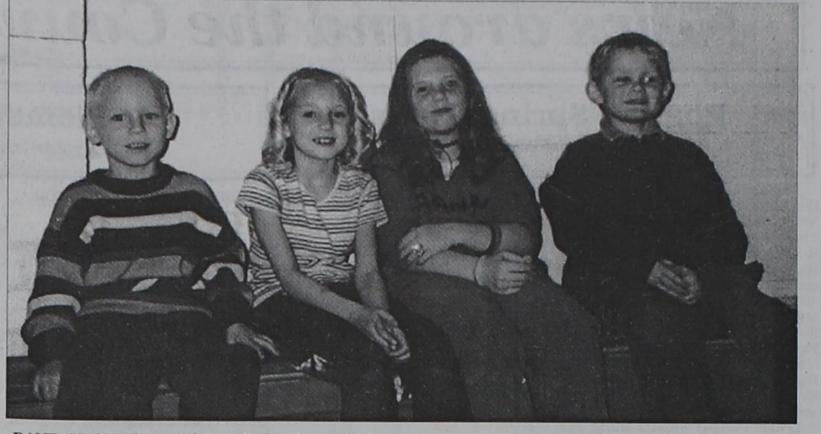

I want to thank those who have sent a donation. I have had some tell me they would donate when we get started and I believe they will but we can't get started until we get at least one-half of the \$5000.00 to complete the project. When we receive enough funds to begin the project, we will set a work day and start the work. We intend to carry this project through to the finish.

If you would like to donate to this project, checks should be made pay-able to the Roaring Springs Lions Club and mailed to Kelly Keltz, Secretary, P.O. Box 83, Roaring Springs, TX 79256.

For more information contact me, Corky Marshall, at Box 307, Roaring Springs, TX 79256, or phone me at 806-348-7000. My e-mail address is: corkymon@caprock-spur.com or you would be welcomed at our monthly club meeting at LaNita's Cafe in Roaring Springs at 11:30 a.m. the first Wednesday of each month.

> Thank you, Corky Marshall

COTTON CONTINGENT HEADING FOR WASHINGTON

Cotton producers from Dawson, Gaines, Howard and Lynn counties will spend the week of February 4 traveling to Washington, DC via Memphis, TN and Carey, NC on an educational tour put together by Lamesa Cotton Growers, Plains Cotton Growers and the Western Peanut Growers organizations.

PCG Executive Vice President Steve Verett and Secretary-Treasurer Rickey Bearden will be active participants and part of the 40 cotton and peanut growers taking part in the trip.

Participants will visit the headquarters of the National Cotton Council in Memphis TN, to hear the latest on NCC activities and see the broad range of effective work performed by NCC staff on behalf of the cotton industry.

From there the group will travel to Carey, NC to tour the recently completed Cotton Incorporated research facility and to hear reports on CI efforts in the areas of research and promotion. Following the stop in Carey, the group will move on to its main destination, Washington, DC.

While in Washington the group is set to meet with House AG Committee (HAC) staff members and Chairman Larry Combest to learn what the Ag Committee is doing and hopefully, gain a better understanding of how the process will be proceeding in the coming weeks and months. Of key interest will be the status

of plans for hearings and the methodology that will be utilized to develop new, or modify existing, farm programs to benefit and protect growers

when ginners are scheduled to be sent a letter and signature verification form to be kept on file at USDA.

The signature verification form is going to play a key role in expediting are worthless ... and few others do Cottonseed payments since gins that return the forms will be able to simply Fax their applications to USDA when the second phase of the pro- least 12 inches thick, and batt insu- service your furnace annually. Interest rates are currently at a very attractive level. Call or come by to check out these rates when you are ready for that new purchase, improvement or re-finance:

In addition to the meetings with the HAC, the group will meet with HAC Ranking Minority member Rep. Charles Stenholm, Senators Phil Gramm and Kay Bailey Hutchison, members of the Senate Ag Commit-tee Staff, and USDA personnel.

Altogether the schedule provides an outstanding opportunity for grow-ers to meet and develop relationships with key Congressional and USDA staff people as well as the chance to relate their ideas and areas of con-cern directly to those individuals.

Striving to add value to membership.

Imagine the thousands of adventurers who packed their bags more than a century ago and headed to the bold, spirited state of Texas. Many were looking for land or just seeking a new life, but they all had one thing in common . they wanted to find solace in Texas.

They did, and they clamored together to build what is now one of the biggest and most progressive states in the nation - an entity known around the world for its history, mystique and products. Countries like Poland know our beef. Caribbean islands recognize our processed goods. Mexico, with its enormous population, has a hankering for all of our products.

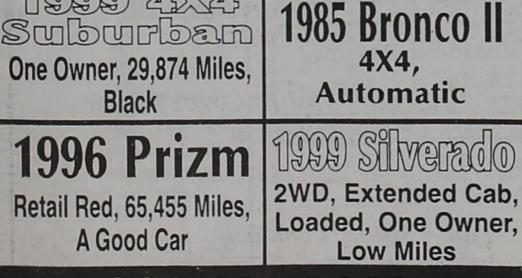

This recognition is precisely why Texas is on its way to becoming a major hub of trade and a source for high-quality agricultural exports heading to all corners of the earth. Currently Texas is the sixth-leading state in total agricultural exports, but we can do better. Beyond the Texas mystique, our geographic location is second to none. Located just north of Mexico and situated right in the middle of the United States, Texas has a clear future in becoming a bustling center for trade. Our state has the longest border with Mexico, tremendous port access and a busy north-south interstate system running right down the center. Today, we as agriculturalists must take advantage of our bold, adventurous history. To do that, we must learn to become export-ready. We must market our products and ourselves internationally. And we must learn how to be business savvy by tapping into e-commerce and cultivating relationships in not-soobvious markets.
