## MOTLEY COUNTY CATTLEMEN SEEK DROUGHT RELIEF

### To Aid In Revival

Prof. E. L. Garnett

Mr. Garnett will have charge of the music during the Revival Meeting to be held at the First Baptist Church, August 12-26. Mr. Garnett has been professor of voice in the Gospel Music Department of the Southwestern Theological Seminary for more than ten years and has trained a large number of Gospel Singers. We are very fortunate indeed to be able to secure the services of Prof. Garnett for the two-week's meeting. We feel sure that every one will want to hear him. Mr. Garnett will arrive August 13th.

### MATADOR WINS IN GAME TUES.

In a free for all scoring game played here Tuesday afternoon, the Matador club defeated Dougherty by the handsome score of 28 to 16. Poor fielding by both teams was responsible for several unearned runs and hits. Webb, Rayford Palmer and McNeese pitched for Dougherty, but were unable to stop the hitting of the Matador team. Slover, Lee and Howell hurled for Matador. West, Matador catcher, hit two home runs, two triples and a single for heavy hitting honors of the day. Lee and Hamilton also hit safely five times for Matador. Holt and Jordan were the heavy hitters for Dougherty. Tuesday's victory was Matador's second win over Dougherty in the past week. ### CONSTRUCTION OF NORTHFIELD SCHOOL STARTS

Contract Calls for Completion in 80 Days; May Work Two Shifts  
Construction of Northfield's new \$16,776 school building was scheduled to start Tuesday, that the structure might be completed in time for the coming school term. The contract calls for completion within 80 days and assurance that there would be no delay was made by the contractor or altho it might be necessary to employ two shifts on the work. Razing of the old building was completed last week and some of the material prepared for use in the new structure.  
Bonds for construction of the school were voted last April.

### Cotton Contract Money Expected Last of Month

First Half of \$140,000 Seen to Reach Growers of Motley County  
Cotton growers will soon receive checks expected to total about \$65,000 and representing one half of the government's payment in the Crop Reduction Program, according to Frank A. Buckley, Motley County Agricultural Agent in a statement made at the Chamber of Commerce meeting Tuesday.  
Mr. Buckley declared that delay in this section was being caused by one of two counties which had not sent in complete reports.  
The total payment for the cotton and corn-hog contracts in the county will be about \$140,000, but no definite word had been received concerning the corn-hog contracts.

### WHISKEY SEIZED

Nearly six cases of bonded whiskey, a dismantled 150-gallon illicit still and a Ford V-8 coach and trailer were confiscated, and the driver, a 28-year-old Matador man, was arrested by federal agents late Friday in Motley county.  
The man taken into custody was brought to Lubbock city jail early Saturday by a federal agent. As Victor H. Lindsey, United States commissioner was on vacation and away from Lubbock, filing of a complaint evidently would be delayed.  
Five unopened cases and 23 pints in another of whiskey were confiscated in the arrest, 19 miles east of Matador, a federal agent said. The dismantled distillery apparatus was in the trailer, he said.—Lubbock Avalanche.

### HELPS-SELFY LAUNDRY OPENS HERE MONDAY

Matador's newest enterprise, the Helps-Selfy Laundry located in the Crews building east of Counts Cafe, will open for business Monday. The new laundry idea provides washing machines, hot water and all equipment necessary with the exception of soap, which the customer furnishes. Rough-dry, finished and wet-wash service is also provided for those who do not wish to do the work themselves.  
Mr. and Mrs. Loyd Price of Clovis, N. M., who have moved here to make their home, will operate the laundry.

### PAINTS HOME

Bill Moore's home located in southeast Matador, has recently received a complete painting which included the garage and fence that has greatly improved the appearance of the property.

### OLD TIMERS VISIT HERE

Harve Sparks of Quanah, and Uncle Bill Stafford, whose home is at Afton, were visiting friends in Matador, Wednesday.  
Both were associated with the cattle business in this country many years ago.  
Mr. and Mrs. J. H. Sample attended the funeral of Mr. Aiken Jones in Paducah. Mr. Jones was the father of Miss Nellie Jones who has many friends here.  
Messdames Henry Tinkle and Cora Cooper of Maud, Okla., are visiting their brother, L. A. Stearns and family.

### Highway Work as A Relief Measure Will Start Soon

Two Weeks or More to be Required Before Projects Can Be Approved  
John Neighbors, District Engineer for the Texas Highway Department visiting Matador Monday, assured Homer Sheats, Chairman for the Texas Relief and Employment Commission, that work on highways in the county as a relief measure would start within the next two or three weeks.  
The work will include much grading and gravel hauling and will provide for use of trucks and teams, Mr. Sheats declared. Projects will be divided for each community in the county according to the amount of aid required. One project calls for graveling part of Highway 18 between Matador and Whiteflat, another calls for grading work on Highway 18 between Matador and Roaring Springs.  
Employment may begin immediately after the projects are approved.  
The present funds for relief in the county is entirely exhausted, Mr. Sheats said.

### Diphtheria is Fatal To Whiteflat Child

Ina Mae Hedgecock, 5, daughter of Mr. and Mrs. J. R. Hedgecock, who reside on the Ben Keltz farm north of Whiteflat, died Sunday, July 8, 1934, after being stricken with diphtheria some two weeks before.  
Interment was made in the Whiteflat cemetery Monday afternoon after the funeral services which were held at the Whiteflat Baptist Church.

### Colored Revival Is To Start July 15

The colored Macedonia Baptist Church of Matador will start a revival here on July 15th to be conducted by Rev. M. K. Curry, D. D. of Amarillo.  
Special seating arrangements for white visitors will be made and a cordial invitation is extended everyone to attend the services.

### Mr. and Mrs. Pat Sheridan and son, Patsy and Mr. and Mrs. Oscar Nally spent the Fourth of July in Lubbock.

Mrs. C. C. Renfro spent last week with her daughter, Mrs. A. E. McCaghen of Quitaque.

Mr. and Mrs. E. C. Stearns and daughter, Frances, spent the Fourth in Dallas.

Mrs. Gus Bird left Saturday morning for Greenville to visit her parents.

Mr. and Mrs. James H. Neblett and son, James Russell, visited in Paducah last week.

### Local Grocers Recant Advertising To Test Trades Day

To Decide Most Effective Method As Regular Feature If Tried  
Local grocers of Matador who participated in the advertising of specials in last week's issue of the Tribune, planning to continue through this month, decided yesterday to recant their advertising this week that they might have an opportunity to compare business this Saturday with last Saturday's business, as Saturday, July 14th is regular Trades Day.  
Altho it was the original plan to continue the Trades Day feature, the grocery merchants found that to offer the profitless specials and also bear the cost of the Trades Day program proved too expensive and by withdrawing their advertising this week, having instead the Trades Day a fair comparison could be made and also the preference of the public.  
Most merchants reported an increase of business by offering specials last Saturday and another trial will possibly be given the plan at an early date.  
While grocery advertisements will not be found in this issue of the Tribune, a number of other business firms offer Trades Day specials.

### New Coat of Paint For Service Station

Work was started Tuesday in painting the Mission Gas and Oil Company station located at the north end of the business section of Main street.  
The bright green applied to the roof is attractively contrasted with the cream white stucco of the outer walls.  
The building, constructed on the Spanish motif, will receive a complete application.

### EMERGENCY CITY WELL IS COMPLETED

Pump to be Installed Within Short Time; Provides Safety Supply  
The newest addition to Matador's water system, an auxiliary well and pump to provide safety in case of an emergency in the present supply, has been completed, according to Tom Harris, City Secretary.  
Tests of the new well indicate about 40 gallons per minute, Mr. Harris declared, but it is expected its strength will increase with use.  
The new pump and equipment will be installed within the next week or two.  
The addition to the water system was made possible by the granting of a PWA loan applied for last fall.

### Chamber Commerce Well Attended Tues.

President Rice Resigns; Grady Shipp of Plainview Delivers Address  
At the meeting of the Motley County Chamber of Commerce held at the Texan Cafe Tuesday, some 33 members and visitors were present as president E. M. Rice offered his resignation to the organization as a consequence of his moving to Plainview in connection with the Hale County State Bank there. The resignation was accepted with regrets and the young banker lauded for his efforts in connection with civic movements here.  
Grady Shipp, secretary of the Plainview Chamber of Commerce and Board of City Development, as a guest, gave an interesting address, expressing his pleasure in visiting Matador, and also in receiving the resigning president to aid in civic work in Plainview.  
Reports of the various committees of the club included Frank A. Buckley, agriculture; Hubert Gilbreath, Trades Day; Homer Sheats, relief and employment; and Judge W. R. Cummeak on highways.  
Visitors, M. E. Thompson, recently appointed agricultural adjustment assistant for the county, Dr. J. F. Hughes of Roaring Springs and Grady Shipp were introduced.  
In his report on highways, Judge W. R. Cummeak read correspondence from Judge Ely relative to a recent effort to secure hard surface on Highway 18 from Matador to the Dickens county line, which indicated that the State would seek to complete hard surface on Highway 22 west to the New Mexico line and thus complete an all-weather road to Lubbock and other points in preference to the proposed project.  
Tom Harris, F. G. Simpson and Henry Pipkin were appointed as an attendance committee for the next meeting of the organization.

### President Resigns

E. M. Rice, above, offered his resignation to the Motley County Chamber of Commerce, Tuesday at the regular meeting of the organization.  
Mr. Rice recently moved to Plainview where he accepted a position as cashier of the Hale County State Bank there.

### Connally Gaining in Race for U. S. Senate

DALLAS, July 11.—United States Senator Tom Connally is conducting his campaign with an ever-increasing number of enthusiastic pledges of support, J. P. Rice, the Senator's campaign manager, said here today. The Senator remained in Washington until the final gavel fell in the recent session of Congress, and he reached Texas with only about four weeks in which to conduct his campaign.  
"Texans appreciate Senator Connally's remaining on the job," Mr. Rice said. "From every section of the state we have received messages stating that even though the Senator would be unable to make a personal visit his friends were actively working to pile up a large majority for him."  
Senator Connally opened his campaign at Greenville last Saturday night before an audience composed of persons from nearly all towns in northeast Texas. He was forced to interrupt his campaign Monday in order to accompany Josephus Daniels, Ambassador to Mexico, to the Valley to inspect Federal projects there and to confer with civic leaders in that section on international problems.  
The Senator spoke Tuesday afternoon in Orange and Tuesday night in Beaumont. On the Fourth of July he spoke in Liberty, Livingston and Port Arthur, Victoria, Corpus Christi, Cuero and San Antonio complete his itinerary for this week.  
In his Greenville address, Senator Connally discussed all of the major achievements of the seventy-third Congress and his part in the enactment of the recovery legislation.  
"My candidacy for a second term in the Senate is based entirely upon my record of service to the people of Texas during the time I have been in the Senate," Senator Connally said. "I am here to make report to the people of Texas as to my discharge of the high functions of United States Senator."  
In discussing the work of the seventy-third Congress, Senator Connally said, "The Democratic Congress has redeemed the party's pledge to the farmer and enactment of legislation which has gone a long way toward restoring the agricultural industry to a degree of prosperity."  
"Under the Farm Relief Bill the southern cotton farmers received an unusually large share of benefit. Forty-four millions of dollars were paid to the farmers of Texas in the plow-up campaign and their cotton is now worth twelve cents instead of six cents. The provision for the ten cents per pound loan on cotton carried other millions."  
"I voted for the Farm Relief Bill at every stage of its passage. I am happy to have had a part in redeeming our party's pledge to the farmer."  
Senator Connally will continue his active campaign until the primary, July 28th, speaking in as many counties as time will permit.

### Designation as Emergency Relief Area Now Sought

MEETING HERE TUESDAY  
Local Organization of Leading Cattlemen Formed  
Confronted with the continuation of dry weather and alarming grass shortage, a number of Motley county's prominent cattlemen met with county agent Frank A. Buckley, Tuesday afternoon and after discussing local problems the Motley County Cattlemen's Association was organized. A. B. Echols was elected President, J. C. Burleson Vice-President and Elmer Stearns Secretary.  
A telegram was immediately dispatched to Col. Phillip G. Murphy, Assistant Director Drouth Relief Service, Washington, D. C., urging prompt designation of Motley county as an Emergency Drouth Area.  
The county was designated as Secondary Drouth Area Saturday following a petition bearing one hundred and eighty names which had previously been sent.  
The movement by the cattlemen to secure Emergency relief instead of the Secondary measure already granted was prompted by the fact that the Secondary relief does not include the benefits of a cattle buying program.  
At the suggestion of E. B. Spiller, Secretary of the Texas and Southwestern Cattle Raisers Association, all cattlemen present at the Tuesday meeting decided to attend a meeting at Lubbock today to organize a drouth relief district.  
Providing Motley county is designated as an emergency drouth area the following government cattle buying program will be used. An organization consisting of a drouth relief director or who is the county agent, will be set up. Working with him will be an appraiser or appraisal committee and also working with him will be an agent of the Bureau of Animal Industry.  
Anyone having cattle to sell notifies the county director. Such cattle are then inspected by the agent of the Bureau of Animal Industry and he classifies them as those that are fit for food and those unfit for food. Those that are unfit for food are purchased by the government at the rate of \$12.00 per head for those over two years old, \$10.00 per head for those under two and under one year old, and \$8.00 per head for those under one year old.  
On cattle classified as fit for food an appraisal is made on the following basis: two years and over, \$13.00 to \$20.00 per head; one to two years old, \$10.00 to \$15.00 per head; under one year old, \$4.00 to \$8.00 per head. The seller has the right to accept or reject this price for all or any portion of the cattle offered for sale.  
Charter members of the Motley county association formed Tuesday are: A. B. Echols, J. C. Burleson, Elmer Stearns, L. A. Stearns, Harry H. Campbell, C. D. Bird and George Scigler. All other cattlemen of the county are invited to affiliate themselves with the organization by filing their names and addresses with Elmer Stearns as the First State Bank in Matador. Information will be sent out from time to time regarding progress that has been made and the new problems that come up.

### FARMERS' SHORT COURSE WILL START JULY 30th.

The twenty-fifth Annual Farmer's Short Course will be held at College Station, Texas, July 30, to August 3rd, inclusive. All farmers and others are invited to attend. Meals for the five days may be had for \$4.50 and room for \$1.50. Provision will also be made for outdoor camping. There will be special rates on trains and buses.  
Information about the Short Course can be had at the County Agent's office, and all persons who plan to attend should file their names with the County Agent and make reservations for rooms not later than Saturday, July 21.  
Mrs. Earl Pipkin and small daughter, of Crosbyton, are visiting relatives here.

Notice To Persons On Motley County Relief Rolls:

Upon instructions embraced in a Resolution passed by the Texas Relief Commission June 27, 1934, notice is hereby given to the effect that persons physically able to work who are offered employment at the prevailing wage scale in the locality wherein the work is to be performed, and who refuse to accept without good cause, shall not be furnished relief.

The following instructions are issued to all citizens of Motley county, to-wit:

Any person or persons offering employment to others, whether on relief rolls or not, will inform the Local County Relief Board Chairman in writing immediately when employment offered by such citizen is refused. Such advice to the County Board Chairman will include, when possible, the work-seeker's full name, address, employment offered and wages offered.

When any person has been offered employment, and has refused it, under the conditions above stated, the County Relief Board of Motley County is prohibited from giving either direct or work relief to such person.

This pronouncement is published under direction from the Texas Relief Commission, whose membership requests the universal co-operation of the people of Texas in support of this action which is directed at the displacement of persons on relief who refuse to accept work.

ADAM R. JOHNSON, Director

(Published without compensation at the request of The Texas Relief Commission.)

Why We Support Senator Tom Connally

Senator Connally is an aggressive and militant supporter of the Roosevelt Democratic Administration and is a capable and worthy representative in the interest of the people. Among the many measures he has voted for are: Farm relief Act, Home Loan Bank Act, Guaranty of Bank Deposits, Muscle Shoals Act, Cattle Relief Act, together with many others for the benefit of Texas people.

Some of the legislative accomplishments of Senator Tom Connally in his first term in the U. S. Senate.

- First Senator to advocate reduction of gold content of the dollar. On April 18, 1933, he introduced the bill providing for devaluation of the dollar, which plan was adopted by Congress in Act approved January 30, 1934.
Author of amendment adopted by Senate Finance Committee in the public works law appropriating Federal aid road funds, in part, upon a mileage basis. Resulted in Texas getting \$1,500,000 additional road aid.
Proposed at Haskell, Texas, drought conference in 1929, crop production loans and continued activity in behalf of this kind of relief at the next session of Congress. Adopted by Congress in 1930.
Author of amendment adopted by Senate, January 12, 1932, directing Land Bank directors to consider pleas for extensions on the merits of each application and not upon general conditions only.
Author of amendment to Independent Offices Appropriation Bill in 1933 limiting reductions in compensation and pensions to World War veterans (service-connected cases) and to Spanish War veterans and widows to 25%. This amendment, which was adopted when Vice-President Garner broke the tie and voted for it, proved the basis for the compromise agreement which later reached between the House and Senate, liberalizing compensation to disabled veterans.

Ed their sisters, Mesdames C. D. Willingham and R. L. Pritchett, last week.
J. D. Allen spent last week at Wolforth.
G. F. Lynch is spending several weeks with his daughters in Abilene.
Miss Cleo Smeizer is visiting her sister in Amarillo.
Little Miss Edna James Holiday, of Vernon, is visiting her Grandparents, Mr. and Mrs. B. F. Keltz.
Misses Ocie and Edna Humphries returned Saturday from Marlin, where they have been for the past three weeks for the benefit of Miss Edna's health, which is much improved.
Jack Willis and Wilford Ficklen left last week for a trip through New Mexico and other points west.

MOVIE CHATTER

## R. S. High School Coach Employed

At a meeting of the Roaring Springs School Board Friday evening, Prof. Fred Cole of Lubbock, was employed as coach for the school year of 1934-35. Mr. Cole comes to us well recommended, holding an A. B. degree from Texas Tech and well experienced in this line. This is expected to be one of the best years of our school history.

## Home From Quanah

Ravelle Hall, who has been in Quanah for several weeks for treatment in the Quanah Sanitarium was brought home Thursday. Ravelle, who is a favorite among Boy Scouts here, is improving and will soon be able to be out again. He was accompanied by his parents, Mr. and Mrs. Claude Hall and brother, Joe.

## Meeting Starts

Services at the Methodist Church were begun Sunday morning with good attendance. Evangelist H. L. Cochran of Sherman, Texas, will conduct the meeting for two weeks. Everyone is cordially invited to attend.

Mr. and Mrs. Elroy Norman are moving to Quanah this week.

**GOOD CLEANING  
STAYS  
CLEAN  
LONGER**

You know the added coolness, comfort and smart appearance in a freshly cleaned suit or dress. Cleaned clothes are lighter, breezier and more healthful. But the trick is to keep those garments in that fresh, trim shape. Here's a secret. Some cleaning just takes off surface dirt, leaving hidden grime to make fabrics attract dirt more quickly. By our finer methods, every last particle of dirt is completely removed. Clothes stay clean so much longer that way—and last longer too. It's going to be a white, comfortable summer—especially if you have your things cleaned here—inexpensively, thoroughly and carefully.

Except in the larger cities, electric service was rarely satisfactory before long-distance transmission of electric power was perfected.

Small local plants serving single communities generally lack the variety and volume of demand which enables a larger system, serving a wide area, to operate efficiently.

Nor can small, isolated plants meet sudden demands for more power nearly as readily as the larger system.

The transmission line can deliver larger amounts of power at once without the delay of installing additional equipment. Thus it clears the road for industrial growth.

The present-day industrial progress of small communities is based in a large measure on the ample and economical power supply which resulted when the transmission systems replaced small local plants throughout the nation.

With 2,608 miles of transmission lines, the West Texas Utilities stands ready to render satisfactory service to 159 prosperous cities, towns and communities throughout West Texas—"The Land of Opportunity."

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Flomot News

(By Orvell Kuykendall) FLOMOT WINS ONE; LOSES ONE OVER WEEK-END

Flomot beat Gasoline last Saturday in a slugfest 15 to 3. Gasoline used three pitchers trying to stop the Flomot boys. This game made it three in a row for Flomot against Gasoline.

Batteries for Flomot: Slover, Blackshear and West. For Gasoline: Thrasher, Bedwell, Morrison and Browning.

Flomot went to Olton Sunday for a game. Although Flomot out hit the Olton boys 3 to 4 they lost the game 3 to 1. Two errors were the deciding factors.

Batteries for Flomot: Morrison and West. For Olton: Dill and Johnson.

Olton plays a return game here Sunday, July 22. We look for this to be the best game of the season. The Olton boys are known for their ball playing far and wide so come out, we promise you a good game.

Bert Cloyd is in the Turkey

Hospital where he is to be operated on for appendicitis this morning.

Misses Pearl Rigby, Mary Anna Woods and Dorothy Poole were visiting Miss Mollie Barton Sunday.

Mr. and Mrs. W. W. Hunt left Thursday for Phoenix, Ariz., where they will spend two weeks visiting relatives.

Sheriff Ed Skinner was in Flomot Monday night on official business.

Troy Hunt and wife of Plainview, were here Thursday visiting friends and relatives.

Robert Thomas and son have returned from a trip made to northern New Mexico.

S. W. Jones left Sunday for Moran, Texas, where he will spend a few weeks visiting friends and relatives.

Several relatives of the Cloyd family from New Mexico, were visiting here Sunday.

Any one wishing to subscribe for the Matador Tribune see Orvell Kuykendall.

Several Flomot people made the trip to Olton with the ball team Sunday to root for them. All reported a good time and a good game.

Rain fell in and north of Flomot last Thursday afternoon. Several of the farmers reported from an inch to two inches. The rain was very beneficial to young cotton and feed for it was burning due to the hot winds and long dry period.

Charlie Brown left Saturday for Denton, where, after visiting relatives, he plans to attend the North Texas State Teachers College.

William Clements made a trip to Waco and vicinity the past week and reports seeing much good country but a need for more rain everywhere.

Odel Washington spent the week-end in Matador, making preparations to re-enter high school there in the fall.

Flomot people are beginning to look eagerly forward to the beginning of their own school year. Plans are being made to make this the best school year our community has ever had.

The Baptist Revival will begin here the 8th Sunday in July. Rev. Matt Harder will be ably assisted by Rev. A. L. Jordan of Matador who will do the preaching throughout the meeting.

College Extension Service on the beef canning project completed last winter in cooperation with State and Federal relief agencies. A total of 21,320 cutter cows bought from farmers and ranchers at premiums averaging \$5 per head were slaughtered and cut up the "A & M way" in 19 slaughter- ing plants for canning by the un- employed under direction of home demonstration agents. As a re- sult 3,625,432 No. 2 cans of meat weighing slightly less than 20 ounces to the can were made av- ailable for distribution to the needy through county relief ad- ministrators. The Extension Service values such meat at 20 cents per can, but the lowest com- petitive commercial bid received in a cost investigation was 16.9 cents per pound, or about 21 cents per can. At this rate a product worth \$761,340 was ob- tained.

NEW Firestone CENTURY PROGRESS TIRE

Ten Million People HELPED TO BUILD THE TIRE SENSATION OF '34!

Beyond Comparison in Quality, Construction, Appearance and Price With Any First Quality Tire Made

THE way to create a TIRE SENSATION is to give the people what they want, and Firestone has done this with the new Firestone Century Progress Tire.

As millions of people visited the Firestone Factory at the World's Fair last year, we asked this question—"What do you value most in a tire?" They answered—"Gives Blowout Protection, Non-Skid Safety, and Long Wear at a moderate price." This was a big order, but Firestone has a habit of giving car owners what they want when they want it.

We knew there was only one way to build Quality and Value into a tire at a moderate price, and that was by volume production. We built the greatest tire ever made to sell at these low prices. Car owners are profiting because we found out what they wanted and found the way to give it to them.

The new Firestone Century Progress Tire IS EQUAL OR SUPERIOR to any first quality tire built, regardless of name, brand, by whom manufactured, or at what price offered for sale.

CHECK THESE AMAZING VALUES

Come in and equip your car with this marvel of tire construction, at the lowest price we have ever been able to make on a tire of this high quality and construction, carrying a Triple Guarantee
