Special Service To Honor Mothers

Special services with emphasis on Mother's Day, will be held Sunday morning at the First Baptist Church, according to an announcement by Rev. Gene Hawkins, pastor.

Nominations for the "Mother of the Year" will be made during Sunday School class period, and the nominee will then be recognized during the church worship hour. Also to receive recognition will be the youngest and the oldest mother present.

Everyone is cordially invited to attend all services for the day, which include Sunday School at 10 a. m., morning worship at 11 a. m., Training Union at 7 p. m. and evening worship at 8 p. m.

Drum-Bugle Corps Invited to March in Vernon Parade

Matador's colorful drum and bugle corps, "The Toreadors" will march in the famous Santa Rosa Roundup and Quarter Horse Show parade this year.

The invitation has been accepted by Bill Waybourn, President of board of directors for "The Toreadors." A. M. Hiatt, chairman of the Santa Rosa Roundup committee for the Vernon Chamber of Commerce, issued the invitation.

Mr. Hiatt's letter, in part, reads: "We ask you to be our guests and help us make the opening day, June 25, a real success. Of course each year we have tried to improve and enlarge the parade. This year it is even more important we have an outstanding parade since we are celebrating our centennial.

"We are not going to have the barbecue, but we are going to feed all of the band members. Each band will be assigned a host who will meet them at a designated business house, and your host will give each of your band members \$1, so he or she may have lunch wherever he chooses. The band instruments will be left at the place of business named and in this way the band members will have more time for visiting and seeing the town before assembling for the parade."

To Sponsor Show "The Toreadors" will sponsor a benefit performance (matinee and evening) of The Great Virgil (premier international illusionist) and Julie, at the high school auditorium, Sept. 17.

Virgil is declared by the press of five continents to be one of the greatest magicians of his time. The show was sponsored last year by the Floydada Band with outstanding success and has been booked again this season.

Soil Stewardship Observance Set

Observance of National Soil Stewardship Week, May 11 through the 18th, is being planned locally, it was announced this week.

Several churches in the county are cooperating with special services, and the Upper Pease Soil Conservation District is again making available special reference material and cover sheets for church bulletins.

Emphasis on man's responsibility as steward of God-given soil and water resources will be stressed in morning services, Sunday, May 18, according to tentative plans of local pastors.

4-H Club Members Quality for State

Of the 29 Motley County 4-H boys and girls who attended the district meeting in Wichita Falls, Saturday, 25 qualified to enter the state competition, according to County Agent Bill Palmeyer. The other four members will serve as alternates, he said.

Names of those attending the district meeting were not available in time for publication in this week's issue of the Tribune.

Lions Hear Expert From Spur Station

WORKING long hours, day in and day out, a farmer 100 years ago could produce enough food and fiber for about 4 1/2 people. Today one farmer can produce enough food and fiber (including dairy and poultry products) for 24 people. World War II produced a revolution in agriculture, according to Paul Merriman, manager of the Spur Experiment Station, principal speaker Tuesday at the regular meeting of the Matador Lions club.

Merriman, introduced by Lion John Stevens, program sponsor, said that at the present time the High Plains of Texas produces 12% of all the cotton in the United States.

"And I believe they could produce all of it, if the government would turn them loose," Merriman said.

He said the increased efficiency of agriculture and the processing of agriculture products requires about 30% of the labor used in this country.

Mr. Merriman was especially interested in the 11-section SMS Throckmorton Ranch which is being operated for experimental purposes. He said \$50,000 needed for the operation is being raised privately among cattle producers.

He said Spur Station is trying new grasses, continuing its fight to perfect mesquite eradication. It is now possible, he declared, to increase beef production 3 pounds per head per day. A new (Continued on back page)

Friends Plow for Man in Hospital

Friends and neighbors of John Lawrence, last week realizing that he could not plow his land while in the hospital, took the situation in their own hands and put eight 4-row tractors in his field. By night his land was plowed.

Neighbors taking part in the plowing included Jim Woodruff (2 four-row tractors), Earl Thompson, E. L. Smallwood, H. Blevins, John Russell and E. D. Lawrence.

ATTENDS CONVENTION

Mrs. U. L. Willie, Federation News reporter for El Progresso Club, attended state convention of Texas Federation of Women's Clubs in Fort Worth this week. She was accompanied by her sister, Mrs. R. E. Donovan. The convention opened formally Tuesday morning, and closed this morning.

TO OUR FRIENDS
 We want to express to all of you who so kindly ministered to us in our bereavement the warmest gratitude that sad hearts can feel. Those who brought in food, those who helped in the home, those who met relatives in Lubbock, those who contributed to the fund for digging the little grave, those who prepared the church for the service, those who in all necessary ways assisted in the last rites for our darling, those who called with kind words, those who sent flowers, telegrams, and cards and those who made telephone calls to express sympathy, helped us more than we have words to express. Nothing that needed to be done to make things easier for us was neglected, and we hope God will provide you with just such kindness and helpfulness in your hours of sorrow as you showed us.

MATADOR HIGH SCHOOL

By Charlotte Campbell

This is my shining golden opportunity! I waved good-by to Kay and sent her off on her senior trip. Now I get to write the editor's column. A step up on the ladder.

POLITICAL ANNOUNCEMENTS

The Tribune has been authorized to present the names of the following candidates for office, subject to the action of the Democratic Primary Election, Primary, July 26, 1958.

- For State Senator, 30th District: Leroy Saul, Andy Rogers (re-election)
- For District Judge, 110th Judicial District: L. D. Ratliff
- For County Judge and Ex-Officio Co. Supt.: Vance H. Gilbreath (re-election), Elbert Reeves
- For District and County Clerk: Pat Sheridan (re-election)
- For County Treasurer: Velma Fuller (re-election)
- For County Commissioner, Precinct No. 2: Alfred Watson, Malcolm Turner
- For County Commissioner, Precinct No. 4: Chas. Long, J. N. Fletcher, Omar Parks

Things are quieter than usual around here since the biggest part of the senior class is away. The remaining seniors don't make too much racket because the odds are against them. The juniors like being the top brass on the shelf. They are just getting the feel of things for next year.

While the seniors are gone I think that I will talk about them. I want to get my three words in on their play of last week. It was great. Roger Scaff made a perfect idiot. It is amazing how well everyone held up under the strain. In our junior play the negro maid, Karen Webb, and I got the giggles in the first act, and I was de-composed for the next two.

The big date on the calendar now is May 19th, G-Day. There are terrible rumors floating around that a lot of kids are already planning and hunting for summer jobs! Some say that you practically have to be on relief before you can get a job here in our fair city. Maybe so. I'll bet there will be a few spring cleaning jobs open. I have no definite plans yet, as far as working goes. Mostly I just plan to vacate, as in vacation.

Things have been happening around MHS and most of them have been happening in the auditorium. Speech and piano recitals blossom forth in the spring along with flowers, etc. It was my pleasure to attend the two to seven year old's recital recently. I especially enjoyed the way the younger stars performed. It's not what they don't say; it's the way they don't say it!

I have finally discovered something that deserves being referred to as the "living screaming end" Saturday classes. I guess that Saturday classes are just a part of living through the best years of one's life. Anyhow, it will teach us not to miss school next fall because of a little disease like the Asian flu.

A touch of "rush week" turned up every class report this week. That's the way it goes when you let studies interfere with outside activities. Every week has been a rush week for many this year, but when the year is over, and everything is done, it seems to take on a worthwhile look, even the tests, themes, and teachers.

I will save the sentimental reminiscing for Kay and Glenda next week. They are the ones who are parting from MHS. I have another year's worth of writing left in me! — M. H. S. B. —

We have a change in names in the class. Lewie Fair's nickname is now "Bubbles". I think that it has something to do with bubble baths. At any rate, all of you

FISH GAB!

By Linda Thompson

School is coming to an end and we "fish" are nearing the end of our first year in dear ole M. H. S. The following is our advice to the future fish. Don't skip class without permission. Don't go to algebra class without your algebra assignment. Keep the fish side in study hall laughing.

We wish you all the luck, for nine months ago we walked that same row to high school.

The home ec girls had a rush last week getting their garments ready for the style show. The ag boys are also in a rush to complete their record books. The class wants to thank Janie

Waybourn for keeping us in the news all this year. Janie is the class reporter who turned her duties over to me today.

One of the highlights of this year was Secret Sister Week in FHA. I ran my secret sister, Linda Seigler, crazy! (crazier!) — M. H. S. B. —

SOPHOMORE NEWS

By Deani Lynn

During the home ec classes last week Mrs. Fair seemed to be the center of attention. This was due to her skill with the sewing machine as we frantically tried to finish our garments for the style show.

Everyone went around griping about the "damn old machine." Either the machines didn't work right or we just couldn't read the crazy instructions. One of the most popular quotes from the class was, "Mrs. Fair! Do we have to take this out again!" Except for all of the groaning and moaning I think I really enjoyed sewing this last semester. We made everything from skirts and blouses to chemises and sailor dresses.

The sophomore agriculture boys have been busy at work on their Ag projects which are records showing the many different phases of raising cattle and crops throughout the entire year.

In algebra and English I think most of us have learned how to tell whether or not the verb agrees with its subject, and how to apply the binomial theorem to a binomial raised to any power! — M. H. S. B. —

SENIOR NEWS

By Joyce Lynn

We have returned from San Antonio and our senior trip, and boy, did we have a big time! We stayed at the Brackenridge Lodge in San Antonio Thursday night, and on Saturday to the State Track Meet. We spent Saturday night in Austin; then, sad but weary, we started home Sunday, reliving the memories of beautiful San Antonio.

Those taking cars on our trip were Mr. and Mrs. Jack Norman, J. D. Craven, Dayton Graham, and Ronnie Steen.

The class sponsor Mr. C. N. Johnson also made the trip, along with eighteen seniors. — M. H. S. B. —

JUNIOR NEWS

By Mike Groves

Charlotte Campbell threw a small Coke party for the junior class at her house last Friday night. We all had a real good time with Cokes, dancing, and talking. Thanks, to Charlotte.

The Hepcats, all junior boys by the way, played for part of last week's assembly program on Thursday morning at 11:00. They didn't have much time to prepare and practice but they did a fine job.

We have a change in names in the class. Lewie Fair's nickname is now "Bubbles". I think that it has something to do with bubble baths. At any rate, all of you

people take notice and please oblige Lewie and call him his nickname.

James Stanley fell through the ceiling at his home the other day. On top of the piano, no less! day. You know that that is no way to learn to play the piano. You might ask someone to give you lessons if you are that interested.

An ex-classmate, Manuel Bridges, is home on leave from the Navy and he came by to see us the other day. Glad to have you back with us for awhile, Fireman Bridges. — M. H. S. B. —

FHA WEEK

By Carolyn Pohl

FHA Week was a big affair in M. H. S. last week. To start the week rolling the girls in the FHA Chapter drew names for their Secret Sister. Wednesday night they had a chicken supper. Thursday was red and white day, each member dressed in red and white, the chapter colors. On Thursday, also, the FHA girls sponsored an assembly program on etiquette.

Charlotte Campbell was narrator of the program while girls from each class enacted skits on the "do's and don'ts" of manners. On the program were the following: Linda Thompson, Ida Fair, Carolyn Pohl, Jan Barton, Kay Rattan, Linda Seigler, Betty Davis, Ray Davis, and Patti Craven.

One skit was for the benefit of newcomers into town. It showed how, and how NOT to greet the newcomer. Another skit was about thanking the chaperone for helping at a party. — M. H. S. B. —

SCHOLARSHIP TESTS TAKEN BY JUNIORS

National Merit Scholarship Tests were taken by fifteen high school juniors last week. These particular types of tests provided more than \$5,000,000 worth of four year scholarships for 1957-58 winners. Merit scholarships are renewable annually without further competitive examination.

High school juniors were urged to take the test for various reasons. The test will enter the student in all of the National Merit Scholarship programs and certain other scholarship competitions. It will help him, and his teachers, understand present academic strengths and weaknesses. It will give the junior facts with which to plan his senior year, and will help him choose the college course of study in which he is most likely to succeed.

Matador students who took the scholarship qualifying test were Mike Groves, Charlotte Campbell, Larry Hoyle, Patti Craven, Pat Seigler, Peggy Wellington, Bobby Williams, Ray Davis, Ronald Bailey, Betty Davis, Lewis Fair, Karmen Jenkins, James Bearden, Gerald Pipkin, and James Stanley.

The results of the test will be

returned by the Scholarship Corporation to Mr. Charlie Johnson, high school principal, in August before the 58-59 school term. Winners of the scholarships will be announced in May, 1959, prior to graduation. — M. H. S. B. —

QUEENTEENS MAKE TAPE RECORDING

The Queenteens were recent guests of the KFLD radio studio. They were invited to Floydada to make a tape recording which will be sent to Lawrence Welk in Hollywood, California.

If the tape recording passes the approval of Mr. Welk, the Queenteens will be invited to appear on the Lawrence Welk Show as television guests.

Mrs. Lalar Wilkerson accompanied the girls, Kay Norman, Frances McMahan, and Charlotte Campbell, on the piano as they recorded five songs: "I've Told Every Little Star," "Bye Bye Blackbird," "Why Do Fools Fall In Love," "Halls of Ivy," and "My Heart Stood Still". — M. H. S. B. —

SIXTH GRADE NEWS

On April 28 the sixth grade presented two one-act plays, "Wildcat Willie" and "Ghost of Long Cabin". They hope that everyone enjoyed the plays as much as they enjoyed presenting them.

The main characters in "Wildcat Willie" were Roger Vinson and Virginia Nichols who played the parts of Willie, and Gladys, Willie's sister. In "Ghost of Long Cabin" the main characters were Robert Brandon and Robin Brown who played the parts of Edward and the ghost, Gene.

May 1st the class went on its spring picnic to Roaring Springs. It was too cold to go swimming so they played baseball in the sandy river.

DO YOU LIVE AS WELL AS THE "JONES"?

One way to find out is to add up the ways you put electricity to work in your home. The more jobs you do electrically, the more likely you are to live comfortably and conveniently.

Just for fun, why not add up all the ways electricity is working for you and compare the total with your "Jones"? You'll be amazed—because electricity is probably serving you in dozens of ways you often forget.

And just think how little all this convenient costs!

West Texas Utilities

Electricity costs so little, you can afford to use lots of it.

Lions Buy Watch
 A brief business session of Lions directors following the luncheon voted to buy a \$39.95 wrist watch to be presented to the best school student girl driver. The 100F Lodge will present a wrist watch to the best boy driver.

Awards were presented Scoutmaster D. E. Pitts, Jr. and assistants in the Boy Scout work sponsored by the Lions.

Announcement was made that Lion John Barnhill had been named as a director to replace deceased member Henry Ford.

A brief report of the District Lions convention at Dalhart, was made by Lion Bill Seale.

Visitors, in addition to the principal speaker and those receiving recognition for Boy Scout work, included Charlie Cantrell of Lubbock and Lion Carl Darr of Paducah.

COWBOY, rancher, Joe M. Evans of El Paso, who is also a cattle buyer, after dinner speaker, author and christian layman will speak during the Matador high school chapel service (11 to 12 a. m.) Thursday, May 15. He will speak at the First Baptist Church here on the evening of May 15 (8 p. m.) during a meeting open to the public.

 Council). While the synthetic industry is spending \$75,000,000 for research, cotton has about one-tenth that amount.

But strides are being made. Gregg wore a "wash and wear" cotton shirt which he said he had laundered three times in his hotel room. It looked as fresh as if had just come from a conventional laundry.

Since 1946 the farmer had been able to produce cotton with 127 less man hours labor per bale. Synthetics on the other hand had been faced with 5.2c per pound increased labor cost. Cotton is not whipped.

Gregg said cotton needs a long range program. He said farmers to produce cotton, must have a "reasonable farm income" so that they might maintain a good standard of living. He advised farmers to join a farm organization and "help write" legislation that would protect the cotton business.

The audience was very attentive during the interesting program. Coffee and donuts were served before and after the program, courtesy of gins in the area which sponsored the meeting.

every known variety was on display, either in arrangements, or in the horticulture division. One table of arrangements, titled "Ivory Tower" was particularly striking, and was composed of vertical arrangements of white irises in white containers.

Judges were Mesdames John N. Jacobsen Jr., Mrs. M. T. Ruter, and Mrs. Frank Brinkman, all of Hereford. Mrs. Freeman Thacker of the local club, served as chairman of judging.

Mrs. W. W. Clements, president of Matador Garden Club, Mrs. Seth Sager, show chairman and Mrs. Pat Sheridan, co-chairman expressed appreciation for the cooperation of the various committees, and to local residents for their attendance.

A complete list of winners will appear in next week Tribune.

EXPRESSES GRATITUDE

It is with humble gratitude in behalf of myself and my family, that I tender this word of appreciation for all the attention I have received during my illness, both while in the hospital and since returning home. Every card, letter, message of encouragement and inquiry concern

ing my welfare; the many flowers and other gifts, and your attendance at my bedside—all are treasured tokens of your friendship. May God bless each of you.
