RAIL DUST

By DOUGLAS MEADOR

The moon was a silver crucible in the sky, boiling over and spilling on the earth and into the ravines down the sides of restless cloud-mountains that rose in transcendent grandeur which might have been intended for a landscape in paradise. A clean, soft wind sweetened with damp and dry grass, flowed through the crevices of the night, noiselessly as the breathing of a sleeping child. Beneath the shadow of a cloudy wing there came a sound of the swish of a form hurtling through space with the speed of a meteorite, presently to be followed by a second identical sound at short distance apart. Nothing was visible against the hole in the cloud where the moon poured through nor did any object ever appear against the narrow expanse of open sky beyond. Probably two large birds migrating during the cool night into some far and friendlier territory, and arousing my speculations as to the speed of souls journeying to eternity, one following the other in case the way is difficult.

As if stricken with a thought too sacred for discussion, he became silent when he examined the ragged old saddle he had kept through the years after that day he rode away from the round-up and never looked back. There was something in his sharp, faded eyes like that of a mother looking upon a dusty cradle in the attic-remembering.

With so much of lights, curtains and music the spectators often fail to detect the tragedy within a tragedy when walking dead men are not buried until they die in this charade of life. The best of personators lend vain talent to convey the awful truth when hope is dead.

She was looking tenderly at the bed of flowers in her yard, a gentle old lady, plump and wholesome as the dew, when something about her size, her dress and the way she was standing brought a wave of short-lived joy to my heart. It was as if another had stepped back from a scene in memory; that she would turn and see me and hold out her eager arms for my embrace. But then I knew I must go on searching the world to appease this longing begging at the altar of hopeless dreams that she is not gone but only away and finding the sojourn pleasant, has decided to remain awhile.

He told me that he feared the day when age had arrived at his camp with evident intentions of being a companion, lest some twist in the future's course might make it impossible for him to be in Texas. His ominous abhorrence could not picture greater torture than being away from the prairie country of a night when the light of a full moon is being driven by wind.

No other decenter has ever held quite the charm for me as a stone water-jug covered by a wet tow-sack and reposing placidly under a shady lamb's-quarter at the end of a long cotton row.

Learned men declare that matter in the eternal economy of nature, is never lost but merely changes its form and the same interpretation may also be applied to the soul of righteousness. That which is good can hardly perish from a universe depending upon the behaviour of a star, or a world which must look each day to the sun, rains, seasons and more profound sympathy in the human heart. If the invisible dust that nourishes the roots of a flower once whirled as flaming gas in the shoreless sea of space during unknown eons of time, then perhaps the destiny that motivated the design in the flower's seed found its inspiration in a kindly spoken word tendered to one made humble by despair.

My chagrin upon breaking a slab while engaged at that sly game of domestication, is always intens-

New Members Received By Local Lions

Full Program Heard By Civic Club At Meeting

Dr. E. W. McKenzie and Coach R. P. Terrell, new members, were presented buttons and officially welcomed into the organization at the Lion's Club meeting Tuesday night at the Methodist church. L. C. (Hack) Harp, program chairman, introduced Dr. J. F. Hughes of Roaring Springs, who told of his trip to Tennessee and Arkansas. A splendid musical program was given by Riley Rigby and his string orchestra, including Lizzie Pearl Hart, playing the guitar, and Reatha Rayne Robertson, playing the mandolin. Mr. Rigby played the violin.

Dr. J. S. Stanley reported that the Lions had contributed \$115.50 for the football training camp now in progress, and it was decided to raise the additional amount needed to finance the camp, which cost \$65 for the first week.

Coach Terrell reported that the boys in training were far enough long to look good, but that they were, for the most part, young, inexperienced and awkward. He avowed that he had hopes of turning out a good team in spite of the discouraging report, because of the good attitude of the candidates. He said that the prospective gridsters were doing good work and were all interested in the team.

Terrell announced that a scrimmage game would be held Friday with Quitaque, and advised Lions members not to expect too much of the Matadors.

Cheers greeted the announcement that Crowell wished to play the opening game of the season, September 18, here, because better gate receipts could be expected in Matador. Crop conditions, it was said, caused the change of heart, as the first game had been arranged for there.

A letter from District Governor Elmer Elliot of Dalhart was read in which Mr. Elliot declared that he was looking forward to a visit to Matador. Arrangements are being made for Mr. Elliot to be present at the annual Ladies' Night to be held this fall.

Y. W. A. Has Social Tuesday Evening

Members of the Y. W. A. of the Baptist Church met at the home of their sponsor, Mrs. G. S. Craven Tuesday evening for a lawn social, where they were served an enjoyable picnic spread which included barbecued chicken. The group included thirteen regular members, and two visitors.

During the business session, the following officers were elected to serve for the ensuing year: Miss Ruby Spears, president; Miss Evelyn Fulkerson, vice-president; and Miss Wilma McCain, secretary-treasurer.

The auxiliary will meet with Mrs. Scott Bolton at its next meeting.

TO NEW MEXICO

Miss Doris Mullins of Lubbock, who joined the Tribune editorial staff about a month ago, has accepted a similar position with the Mountainair Independent at Mountainair, N. M. and will begin her new employment Saturday.

Miss Mullins, who is a graduate of Lubbock High School and Texas Technological College of Lubbock and studied journalism at the University of Missouri, left Matador late yesterday evening for her home in Lubbock where she will visit today before going to New Mexico.

C. O. C. MEETING TUESDAY

Fay Jacobs, secretary and treasurer of the Matador Chamber of Commerce announced yesterday afternoon that the organization would hold its regular meeting at the Texan Cafe, Tuesday, Sept. 8 and urged all members to attend.

Trek For Students Will Begin Monday

Program Is Arranged For Opening Day As New Season Arrives

School bells will ring Monday for Matador students. With the expectancy of the largest enrollment yet, three new teachers have been added to the local school system and one new department.

New teachers are Miss Mary Dean Bacon, who will teach all high school English courses, Miss Zona Beth Faulkner, who will teach in the new home economics department, and R. V. Terrell, who will coach athletics and teach mathematics.

An opening program to which the public is invited will be held Monday morning at 9 o'clock. Randall Whitworth will lead the group in singing "Texas, My Texas," "Home on the Range," and "My Faith Looks Up to Thee".

Rev. D. D. Denison, pastor of the Methodist Church will have charge of the devotional and Miss Mable Jameson will direct the school chorus.

Miss Mary Echols will speak on "The Matador Public Schools" and Superintendent B. F. Tunnell will make announcements.

The Arkansas Hill Billies, Matador boys who are becoming well known in West Texas, will present stunts. They are Ferman Vinson, L. C. Groves and Joe B. Meador.

The new home economics department comprises three rooms in the high school building, including a cooking laboratory, a clothing room and a modern dining room.

PIONEERS END REUNION WITH FINE PROGRAM

Officers Re-Elected At Most Successful Meet In History

Record crowds attended the two day reunion of the Motley-Dickens County Old Settlers Association at Roaring Springs Thursday and Friday of last week.

Congressman George Mahon spoke Thursday afternoon, emphasizing the importance of homes in the American scene. A. J. Folly, District Judge, of Floydada substituted for Representative Bob Alexander, who was called to Austin on official business.

Judge A. J. Fires of Childress, who was scheduled to speak Friday was unable to be on hand. G. E. Hamilton of Matador and Nora Cooper, first white child born at Tee Pee City, spoke at the dedication of two Centennial markers, at Roaring Springs and at Tee Pee City.

Fifty Honored

More than fifty old settlers of Motley and Dickens county who died during the past year were honored at a Memorial Service Thursday morning.

C. C. Haile of Afton was re-elected to his sixth term as president of the Old Settlers Association. Mrs. John Smith of Matador, one of the founders of the Association in 1923, was re-elected to her second consecutive term as secretary. She was also the first to serve in that capacity.

Three Matador boys, the "Arkansas Hillbillies", won fourth place in an amateur contest conducted Friday. They are Joe Berry Meador, Furman Vinson and L. C. Groves. Their pictures were carried in the Fort Worth Star Telegram last week.

The Matador softball team won Thursday and Friday, playing against Spur and Roaring Springs, but lost the championship game to Midway.

NEW EQUIPMENT

A new Challenge paper cutter was installed by the Matador Tribune last week which replaced an old make cutter that had passed its term of usefulness a number of years ago.

Light Rains Gives Relief

As the Tribune goes to press, prospects of heavy rains are in evidence. Showers fell early in the evening and a heavily clouded sky presaged further precipitation in the northwest portion of the county.

Cooler weather and light rains brought relief from the heat to Matador and vicinity this week. Following north winds Friday night, a shower fell Saturday afternoon, registering .20 inch, was the first to fall here in 54 days.

Rainclouds Tuesday afternoon brought a sprinkle to Matador, as much as one-half inch at Whiteflat, and spotted showers in the northern part of the county.

Reports indicated that the storm went northeastward and gave Childress its first rain in many weeks. Earlier in the week, heavier rainfall was reported in this section of the Panhandle.

Lower temperatures and cool nights will mitigate some drought damage, but heavy rains are needed to restore crops.

SIXTEEN PLAN COLLEGE WORK

Sixteen Matador young people plan to attend college this fall, a survey Tuesday afternoon revealed. Seven or eight boys planned to leave Tuesday night for Howard Payne College at Brownwood, where they will play football.

They are: Kenneth Jeffers, '33 graduate of Matador High School, Ruby Webb, '36, Albert Willis, '36, Paul Fuller, '33, Julian Edmondson, '33, Beryl Blackshear, '36 and Bebe Gates, '35. Harold Campbell may also attend Howard Payne this year. Mr. Vernon Doss, principal of the ward schools, accompanied the boys to Brownwood.

Misses Geneva Cooper and Sybil Daffern will leave for Texas Women's College at Fort Worth about the middle of the month. Miss Dorothy Willett will attend Stephens College at Columbia, Mo. Virginia Edmondson will leave for West Texas State Teachers College at Canyon, Sept. 14.

R. E. Campbell, Jr., plans to attend Hardin-Simmons University at Abilene.

Forrest Faulkner and Odell Washington will attend W. T. S. T. C. at Canyon, and Miss Pearl Cammack will return to Texas Technological College at Lubbock.

Baptist Circles In Joint Meeting Tues.

The combined circles of the Baptist W. M. S. met for its regular monthly assembly with Mrs. R. E. Campbell Tuesday afternoon, at which 20 members were present. An interesting program, centered about the topic, "A Cruise To Home Mission Fields", was presented by the Sunshine Circle with parts given by Misses Amy Glenn and Maisey Reeves, Mrs. Scott Bolton and Mrs. G. S. Craven.

New officers consisting of president and secretary-treasurer, were elected by the group, subject to the acceptances of the nominees.

Matador Concerns Give Book Covers

Free book covers will be given to pupils in rural and Matador schools by two local concerns, The First State Bank and the Matador Variety Store, it was announced Monday.

The two organizations had 5000 of the heavy manila covers printed for school children. A new feature of the covers is a blank to run along the back-bone of the book with spaces for name, subject, school, address and book title, making it possible to identify shelved books.

Matadors To Open Season On Home Sod

Local Gridsters Will Meet Crowell In Initial Game

The Matador Matadors will play the first game of the season on home ground with Crowell, September 18, according to an announcement of Superintendent B. F. Tunnell Tuesday. Crowell requested that the game be played here because a severe crop failure in the territory would cut down gate receipts.

The local eleven will get its first try in a scrimmage game with Quitaque here Friday afternoon at 3:30. Admission is free, and the location had not been announced yesterday.

Contrary to pre-season predictions, the Matador High School football team will be very light this season, the men averaging about 155 pounds in weight, announced Coach R. V. Terrell Monday.

A two weeks' training camp, which will close Saturday, is in progress at the high school, where 21 candidates train, eat, sleep, and attend skull practice.

Coach Terrell is training the aspirants in the technicalities, via black-board, and on the field. His assistants are Pete Woods of Floydada and Clayton Titus, an ex-player.

Daily Grind

The daily schedule runs about like this: up at about 6:30, the boys lumber up by taking laps around the field and other exercises; then breakfast at 7:00, rest till 8:00, when they begin running plays until 11 o'clock. They rest until 12 o'clock lunch, under-go skull practice from 2:00 until 4:00, then work out from 4:00 until 6:00. After supper, they get another skull practice until 9:15, and all are in bed at 9:30.

Only three of the men have had experience, Lyman B. Campbell, Charlie Scaff and Bodie Brown. The latter two lettered in football at Matador High School last year.

A complete list of football candidates and their weights follows: Lyman B. Campbell, 163; Charlie Scaff, 149; Bodie Brown, 168; W. Brian, 138; Truett Rattan, 165; Tutt Harrow, 155; L. C. Groves, 138; B. F. Tunnell, 169; Bobby Echols, 168; Ray Dow Thompson, 140; Malcolm Morris, 135; Tom Tilson, 162; Dud Stafford, 156; Deward Allen, 160; Vernon Chambers, 147; Kenneth Simpson, 136; Boyd Willett, 138; W. R. Tilson, 128; Fred G. Simpson, 122; E. D. Lawrence, 169; Morris Reilly, 130.

BAPTISTS END REVIVAL HERE

A successful two weeks' revival was closed at the Baptist church Sunday by Rev. H. M. Weldon, pastor, and Rev. H. M. Findley of Jonesboro, Ark., musical director. Thirteen candidates for baptism were received during the meeting and eight new members came by letter.

Rev. Weldon left Monday morning for Addison, where he will conduct a Baptist revival for a week or ten days. The pulpit will be filled by Rev. Eldridge of the Flomot Baptist church at both morning and evening services Sunday.

Rev. Findley, who is educational director of the First Baptist church at Big Spring, He was to attend a state B. T. U. conference at Abilene before returning home.

FORMER SERIDENT IS RECENT VISITOR HERE

Mr. and Mrs. Ennis McCrary and children of Vernon, were recent visitors here in the home of the former's sister and family, Mr. and Mrs. N. C. Beam.

Mrs. McCrary, who was before her marriage, Miss Addie Thomson, lived here a number of years ago with her parents, Mr. and Mrs. H. C. Thomason, proprietors of the hotel here at that time.

Trench Silos Popular With Farmers Here

Storage Problem For Conserving Food Crops Solved

Profiting by the experience of their neighbors during the past season, farmers of Motley county are turning to the trench silo as the safest and most economical method of storing their meager feed crop without waste or spoilage.

According to Frank A. Buckley, county agent, two new silos have already been filled and many more are being planned. A silo has just been completed by John T. Anderson of Roaring Springs which is 165 feet long, 9 to 11 feet wide and 9 feet deep. Counting 650 cubic feet to the ton, this silo holds 190 tons of feed. It will require 30 cows consuming one cubic foot of silage per day to use four inches of silage off the end each day, as is required to keep the exposed silage from spoiling. It is suggested that for a small herd the silo should not be so wide nor deep. W. H. Webb of Plomot has also filled a new trench silo and J. T. Montgomery, Turkey, J. C. Turner, Roaring Springs and many others plan to put in silos soon.

Eight Last Year

Of the eight silos put in last year, those belonging to J. R. Nall and Bill Wedge, Plomot, and W. M. Graham and F. C. Bourland Matador, were fed out during the winter. All report that the feed kept in perfect condition and that all classes of livestock thrived upon it. The trench silos filled last year by J. T. Swim, Roaring Springs, W. L. McWilliams, Whiteflat and W. I. Rushing and G. W. Seigler, Matador, were not opened since the owners realized that this is the only method by which feed may be kept indefinitely without deterioration.

LIONS TO PAY LOCAL GIRL'S TRAVEL COSTS

Members of the Lions Club contributed money for the transportation of a local young girl from Abilene to the Methodist Children's Home at Waco.

B. F. Tunnell, chairman of the club, has been in correspondence for some time in regard to the girl, who was released last year from a state tubercular sanatorium after a six months' stay.

The girl has been pronounced cured, and will be readmitted to the Children's Home if she passes the school medical examination.

FOODWAY PARTY WELL ATTENDED

Wide response was shown in the anniversary party conducted by Bob's Foodway, local grocery last week-end, celebrating the organization's first year of operation, according to L. B. Robertson, manager.

"We are highly pleased," Mr. Robertson said, "with the reception accorded us by the public upon event of our completion of one year's operation in Matador. Our sales exceeded our expectations and we feel we have attained many new customers through our birthday party."

To Give Away Cash
Mr. Robertson announced that in continuing his store's policy of distributing 2 percent monthly gross receipts among his customers, he would give away between \$50 and \$60 next Saturday, September 5th. The store has given away over \$700 through the plan which was originated last fall.

RETURN HOME

Dr. and Mrs. A. C. Traweek and daughters, Miss Allie Traweek and Mrs. Orville Wells, returned Sunday from a trip to the Fort Worth and Dallas Centennial celebrations. They left last Wednesday.

Work Starts On Two Major County Roads

Surface Treatment To Be Applied On 29 Miles Highway

The arrival of several trucks loaded with equipment in Matador Sunday marked the beginning of work on Highways 18 and 28 in Motley county.

Mr. J. R. Rhea, field office manager of the H. B. Zachry Company of Laredo, which received the contract for paving in August, opened offices in the former National Bank building Tuesday. Mr. Rhea declared that the work of reshaping the highway base and applying sealed double asphalt surfacing on 28.9 miles of highway will be in full swing by the middle of next week.

The roads from the Dickens county line to Matador, from Matador to two miles north of Whiteflat, and from the Floyd county line to 6.3 miles west of Matador will be paved.

Work Begun

Work has already begun on Highway 18 at Whiteflat, and at the gravel pit west of Matador on Harry Carter's property. Gravel tests are being made. Mr. Rhea declined to make any statement as to the number of men that may be employed, since he had not received any instructions or working orders up until yesterday.

BILL STUART BURIED HERE

William J. Stuart (Uncle Bill Steward), about 82, died at the county home in Matador Wednesday evening, August 26. Uncle Bill was perhaps one of the best known characters of Matador having lived here continuously for over a quarter century and formerly lived here about 45 years ago. In an early day in this county he filed on a section of land near the Mouth of Dug-Out.

Mr. Stuart was born in New York of English parents and had lived alone during his entire life. He had no known relatives. Friends here said he joined the Methodist Church during an early day.

Interment Here

The aged, eccentric man had been dependent upon the county for a number of years and formerly had been supported by donations from friends.

Funeral services attended by a number of old-time acquaintances were held at the county home by Rev. C. D. Pipkin, Thursday morning and interment made in the Matador East Mound cemetery.

Burglars Steal \$5 From Turner Store

While the Turner Grocery, located on the south side of the square was closed between 9 and 4:30 o'clock last Friday in tribute to the Motley-Dickens Counties Old Settlers Association reunion, entrance through an inside back door was gained and about \$5 in cash removed from the till.

The burglary is believed, to have been committed by boys since only silver was removed from the cash drawer, while several one-dollar bills were ignored. Entrance was made through an adjoining room where a ladder had been left leading from the ground. No merchandise was taken.

Officers are making investigations but until late yesterday, no arrests had been made in connection with the burglary.

DR. PETTEY COMING

Announcement appears in this issue of the Tribune that Dr. W. A. Pettey, optometrist, of Lubbock, will be at Simpson's Drug Store in Matador, Tuesday, September 8th.

DIE A TEXAN."

State Democratic
Campaign Opening
For Funds; Votes

AUSTIN, Texas, Aug. 31.—With
the second Democratic primary
concluded, plans for an intensive,
state-wide campaign for Roosevelt
and Garner were being rapidly
shaped up this week, drives for
campaign funds, drives for votes,
and already there has been much
response. Texans realizing the
people of this state must help out
in the National picture even if
Roosevelt is assured of carrying
Texas.

James Farley, Democratic National
Committeeman, is expected to
be in Texas in September for a
round of conferences and will
attend the Democratic convention in
Fort Worth September 8. The
Young Democrats will hold a National
conclave or conference in
Fort Worth and Dallas immediately
after the convention, while O.
C. Christie, heading the Young
Democratic drive, announces that
three sound trucks will be used
over the state and that his organization
has set out to obtain \$50,000
for Roosevelt and Garner's
war chest.

Favorable Speeches
There have been notable events
the past week. Down at Galveston
Paul Page, Jr., fourth assistant
Postmaster General, made the

principal address at the corner-
stone laying of the new Federal
building, in which speech he paid
high tribute to Roosevelt. Page is
a native born Texan. He told the
crowd, as a reminder, that while
Roosevelt has been President only
eight banks during Hoover's ad-
ministration 1242 banks failed.
"Andrew Jackson himself showed
no more courage than has Roose-
velt," Page said. Attending the
ceremony was Governor Allred
who asked for a copy of Page's ad-
dress. Allred is to campaign in
other states for Roosevelt and
Garner.

Now, while Allred and Page
were at Galveston, R. B. Creager
was in Houston addressing a small
Republican gathering, and believe
it or not, as Ripley would say,
Creager said Texas is going Re-
publican.

Creager is Republican National
Committeeman for Texas, and
strangely enough, told his Re-
publican friends that Texas Democrats
ought to bolt. He overlooked saying
that many Texas Republicans
will bolt to the Democratic camp,
in gratitude for the benefits Roose-
velt extended to Texas, regardless
of politics.

Roy Miller, State Campaign
Director, is expected back from
New York in a few days where he
was called by Jim Farley to take
part in a conference of Democratic
leaders from all over the Union.
While in the East Miller made this
laconic statement:

"Well, I reckon Texas is a doubt-
ful state as the Republicans
claim. Sure, it is doubtful whether
the vote will be seven to one or
six to one in favor of Roosevelt."

AGONY . . .
Pauline Fennell White, Goodwell
Okla, sister of H. H. Fennell, Soil
Conservation Service leader on the
High Plains, has a new idea for
cross-word puzzles. It features the
names of towns and cities in Tex-
as—has all the attraction of the
best cross-word puzzle and brings
to light many interesting facts
about Texas towns, origins, loca-
tions, etc.—The Dalhart Texan.

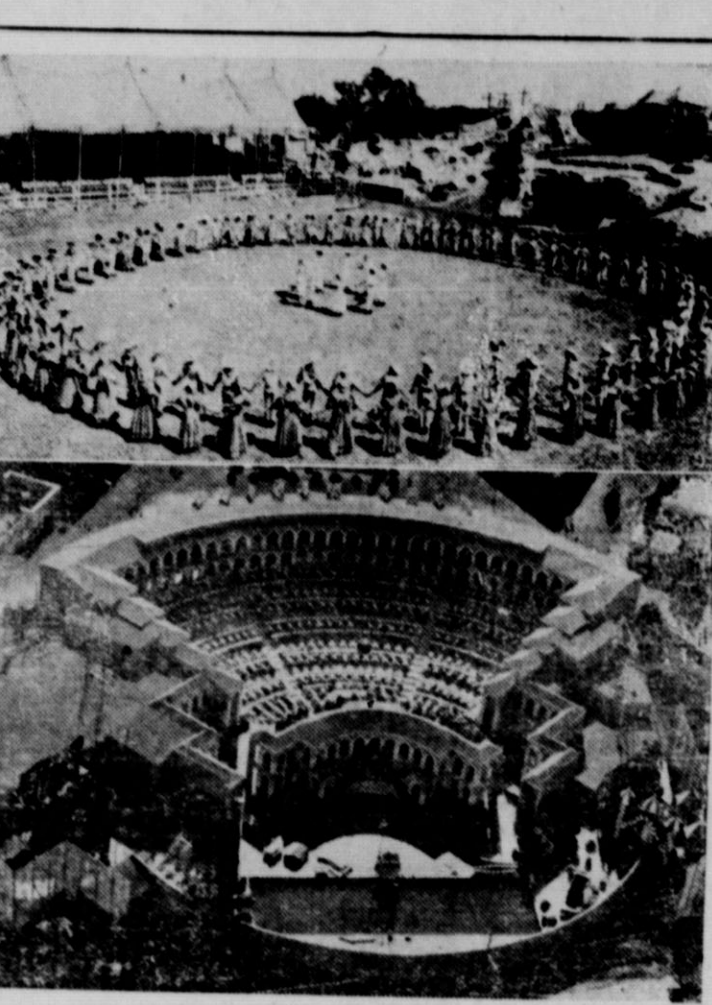

SPEEDY . . .
Curvature of the Santa Fe rail-
road tracks between Amarillo and
Sweetwater is being changed to
allow a maximum speed of 95
miles per hour for trains between
those two points, said Depot Agent
Fred Haynes.—Abernathy Review.

SOUTH PAWS . . .

is reported by gossip columnists to
be Rudy Vallee's latest, is a Sham-
rock, Texas girl.—Childress Index.

PAGE JIGGS . . .
Hugh Counts, Joe McCollum and
Geo. Newman have been busy this

Where Broadway Crosses the Sunset Trail

The saga of the last frontier of western progress blends curiously
but effectively at the Fort Worth Frontier Centennial today with the
new frontier of entertainment. "Sashay All", rousing musical climax
from "The Last Frontier", is shown above, scores of Texans partici-
pating in modern conceptions of folk dancing of the period. And
below is an air-view of "Casa Manana", most talked-of cafe-theater
in the world, with its huge circular stage floating in water and re-
volving the east before the eyes of 4,000 spectators. Close by these
glittering attractions on the Frontier Centennial grounds are "Pioneer
Palace" and its Honky Tonk revue, and "Jumbo"—"Bigger than a
Show, Better than a Circus."

week with a crew of men planting
fall cabbages. The seed are plant-
ed and then when they come up
will be thinned to a stand.—The
Lockney Beacon.

SLAUGHTER . . .
"Uncle" Gum Steadham reported
that dogs killed 56 chickens,
some hens and some young chicks
at his home Wednesday morning.
—The Crosbyton Review.

LAST RESORT . . .
A local young woman who is a
few years past the romantic age
was heard to remark yesterday
that she had about given up the
idea of securing social security
thru governmental channels, that
if she ever gets such a thing she is
going to have to marry it.—Crane
County News.

BUZZING . . .
Twenty-five of Coach Hatcher
Brown's Hornet football candi-
dates have been working out twice
daily for the past week in prepara-
tion for a tough schedule this
fall.—Tulia Herald.

RELICS . . .
Included in relics to be exhibit-
ed at the annual Wheeler county

home demonstration club fair will
be pieces of two sets of dishes
which are more than 200 years
old, according to Mrs. J. R. Jack-
son, in charge of the exhibit. The
dishes have been handed down
through three generations.—The
Shamrock Texan.

WOLF HUNT . . .
Plans are developing rapidly for
the annual Texas-Oklahoma Wolf
Hunters' Association meeting to
be held near Quanah on the C. T.
Watkins ranch September 7-30.
A group of Quanah citizens are
making preparations for the an-
nual wolf hunt.—Foard County
News.

HUMOR . . .
A local farmer last week, when
questioned about the condition of
his cotton crop, summed up the
agricultural situation to the pro-
verbial "T".

Asked if the hot dry winds and
blazing sun of the past few weeks
were hurting his cotton, the farmer
amazed his listeners with a nega-
tive reply —
"No," he said, with the ghost of
a smile. "No, my cotton's not suf-
fering at all now—but it burned

quite a bit before it died!"—The
Quitaque Post.

NEW T . . .
A strange looking specimen of
animal, reptile, or fish, exact
nature undetermined, was brought
into the News-Chronicle office
Monday morning by Jimmie Mad-
dox and Lewis Jackson. It was
found on Lee Jackson's farm, two
and one-half miles Southeast of
town, by Maddox and Jackson
while they were fishing in a pond
on the place.—Childress County
News.

PICNIC . . .
Many improvements have been
noted in Hale Center's cemetery
since Mrs. Silas Maggard, Mrs.
Ras Ritchey and Mrs. Dudley Ap-
plewhite were named on a com-
mittee to beautify the local burial
plot. Monday of this week, near
40 people enjoyed dinner on the
grounds when a huge water tank
was raised and 450 feet of pipe
was put down through the center
of the grounds.—Hale Center
American.

FIRE . . .
Fire originating from a gasoline
operated water pump completely
destroyed the pump house, the
bath house and slightly damaged
the pavilion at Silver Falls Lake
Thursday night.—Ralls Banner.

WHIRLING . . .
Under a blazing sun, 31 candi-
dates for the 1936 Whirlwind eleven
are sweating themselves into con-
dition at Silver Falls for the com-
ing season.—The Floyd County
Hesperian.

NAMES . . .
Johnson county may boast of
"Goatneck," but Nolan county has
a "Scatterbore." Other towns in
West Texas are Dry Ridge, Hash-
knife, Hoglaw, Beanblossom, Laz-
buddy, Seuddy, Bluemouse and
Pick Handle Flat.—Donley County
Leader.

EARLY . . .
Gins at Spur had ginned 27 bales
of cotton up to two o'clock Wed-
nesday afternoon. Due to dry
weather ginning expected to in-
crease in the next few days. All
the gins are in operation and
practically ready for the season.
—Texas Spur.

WAGER . . .
Marshall Formby was elected
county judge, and, being a person
who lives up to his word, we take

this means of announcing our can-
didacy for Governor in 1938. If
elected we will free the public of
all taxation, give everyone a pen-
sion, pass a law against working
for a living and polish the electric
chair to be used on all 'wise-gizes'
who write columns in newspapers.
Your influence appreciated.—The
Dickens County Times.

Northfield News

J. E. Cook has returned from Hot
Springs, N. M.

Mr. Edd McCoy has reported the
loss of 16 head of cows and calves.

Roy Howard of Cee Vee visited
with relatives and friends here
Saturday and Sunday.

Grandma Bethany was a Chil-
dress visitor Friday.

Several local ball players attend-
ed the Tell-Goodlet ball game this

week at Tell. The score was 7-4
in favor of Goodlet.

Mr. and Mrs. R. A. Harp of
Darden Canyon visited in North-
field Friday. Mr. and Mrs. Harp
are teaching there this year.

Mr. L. Crowell and son, Odie, of
Flomot visited in Northfield Mon-
day morning. They were enroute
to Childress.

Mr. and Mrs. Clarence Harp of
Kirkland visited with Mrs. Harp's
mother, Mrs. Mollie Brown, this
week.

Miss McMaster and Louise
Moore visited Miss Lucille Flow-
ers at Highpoint Sunday. Miss
Flowers taught here last year.

Compromise Asked
Over Speakership

AUSTIN, Aug. 9.—Bob Alex-
ander, Childress, re-elected mem-
ber of the House of Representa-
tives, here today proposed A. T.
McKinney, Huntsville, as a com-
promise candidate to prevent an-
other "bitter contest" for speaker-
ship of the House.

Alexander, who was a leader in
the last legislature, said most of
the Panhandle delegation will
support McKinney if he enters. He
was here consulting other mem-
bers.—Amarillo News.

WE THANK YOU . . .
FRIENDS OF BOB'S FOODWAY
For your hearty response to our first
birthday celebration last Saturday.
We assure you that we will continue
our policy of selling the highest
quality of groceries at reasonable
prices.
The motive that originated Bob's
Foodway was unselfish, and we have
at heart the welfare of the com-
munity. We shall continue to oper-
ate for your best interests.
Bring Your Tickets Saturday
Do not forget the two percent cash
dividend that will be given Saturday
to ten of our customers. Our policy
of refunding two percent of the
gross sales each month has been
found very successful. We divide
this profit into ten equal portions
and share it with you. Draw interest
on what you spend with us.

Ida Chitwood's CENTENNIAL RECIPES

Courtesy of SOUTHERN LABORATORY KITCHENS "Where Flour is Proved"

ORANGE FROSTING
 3 cups confectioner's Sugar
 Juice of 2 oranges
 4 tbsps. butter
 grated rind of 1 orange
 Mix all together thoroughly. Put into the top part of double boiler and cook until the mixture thickens. Remove from fire and beat until it holds its shape.

SEVEN MINUTE FROSTING
 1 1/2 cups sugar
 3 tbsps. cold water
 2 egg whites
 1 tsp. flavoring
 Put all into a round bottom bowl. Lower the bowl into boiling water and beat rapidly seven minutes. Remove from fire and beat until right to spread. Flavoring should be added just before the beating process is finished.

SNOW BALL ICING
 2 cups granulated sugar
 3 egg whites
 1/2 cup cocconut
 1/2 cup water
 8 marshmallows
 1 tsp. almond extract
 Dissolve sugar in water and boil until it spins a thread 2 or 3 inches in length. Then pour over stiffly beaten egg whites to which 1/4 tsp. glycerine has been added. Add marshmallows and cocconut and beat until marshmallows dissolve. Add the extract and spread.

SPANISH ICING
 2 egg whites
 1/2 cup chopped nuts
 1 cup brown sugar
 1-8 tsp. cream of tartar
 Beat egg whites until they begin to froth. Add cream of tartar and beat until stiff. Add sugar gradually and continue beating. Add nuts and spread on unbaked cakes. This icing is a golden brown when it comes from the oven and is very delicious but should never be used on a cake that is to be baked longer than 45 minutes or with a higher temperature than 375 degrees F.

COOKIES
 Almond Rings
 2 cups flour

1 tsp. salt
 1/2 cup milk
 1-3 cup sugar
 1/2 cup shredded almonds
 2 tsp. baking powder
 1-3 cup butter
 1 egg well beaten
 1 tsp. cinnamon
 1/2 cup candied cherries
 Sift flour, baking powder and salt together four times. Cut butter into flour with knife blade. Combine egg and milk all together and knead the dough for two or three seconds on floured dough board. Roll out in oblong shape to about the thickness of pie crust. Dot with chilled bits of butter. Sprinkle with sugar, cinnamon, blanched chopped almonds and cherries, carefully sliced and rolled in sugar. Then roll the dough up lengthwise, place in circle on greased tin. With scissors, cut 3/4 inch slice partly on its side and bake in hot oven 450 degrees F. until done, then sprinkle with powdered sugar.

AUTUMN COOKIES
 3 cups flour
 2 cups brown sugar
 3 eggs
 1 tsp. vanilla
 1/2 cup strong coffee
 2 tsp. baking powder
 1/2 tsp. salt
 1/2 tsp. nutmeg
 1/4 tsp. cloves
 1/2 cup butter
 Cream butter and sugar well. Add well beaten eggs. Sift flour, salt, spices and baking powder together 4 times. Add to butter mixture alternately with coffee. Let stand in refrigerator 1 hour. Then roll out 1-3 inch thick. Cut with clover leaf shaped cutter. Press 3 small red candy beads close together in the center of each leaf. Press a small strip of green cherry in center of each cake to represent a stem. Bake in hot oven.

COCOANUT COOKIES
 3 cups flour
 2-3 cup butter
 1 cup cocconut
 1-3 cup milk
 3 tsp. baking powder
 1/2 tsp. salt
 3 eggs
 1 1/2 cups sugar
 Juice and grated rind 1 lemon
 Cream butter and sugar together. Add unbeaten eggs one at a time and beat well. Add lemon juice, rind and milk. Sift flour, baking powder, and salt together three times. Work flour and cocconut into butter mixture. Shape into long roll. Place in refrigerator over night. When ready to bake, with a sharp knife, cut in slices 1/2 inch thick, place on greased baking sheet and bake in hot oven 450 degrees F. until well browned.

Mr. and Mrs. Tom Kennedy and family who reside near Ralls, visited relatives here this week, enroute to the Centennial at Dallas

Matador's First Bride Adds Name To Pioneers

Matador's first bride has sent in her story this week to our list of Motley county pioneers. She is Mrs. D. C. Kieth, the former Miss Ella Eugenia Cribbs, who came to Texas in 1877 and to Matador Nov. 23, 1891. Mrs. Kieth was born near Utah, Ala. She married in December of 1891.

Mrs. Kieth says, "Occupation, housewife, for I was married Dec. 23, 1891, the following month after arriving in Motley county, to a cowboy who was working on the noted Matador Ranch. He had already been working three years prior to our marriage. We continued working on this great ranch until the fall of 1900, and then we had to move out of our happy cow-camp and onto our stock-farm, to begin making a home.

First Settlers
 "I am glad to say we were among the first settlers in Motley county, and the first couple to marry in this county. Our marriage did not end a five-years' courtship (before we met each other) and one year being engaged—no—indeed, the marriage after wasn't the end of our forty-one years of happiness.

"And now since he has passed on to the final round-up, Jan. 3, 1933, and me left here in my hours of sadness, I cannot go back on the bridge and this golden Panhandle that has carried me over so many smooth and rough places. "Thanks to our editor for giving us pioneers this opportunity."

PIONEERS—OLD TIMERS OF MOTLEY COUNTY, TEXAS

The Matador Tribune is compiling a list of all living pioneers and old-timers in Motley County—those who have lived in this county for the past twenty-five years or more. Every reader is invited to send in his or her name, if a resident of Motley for twenty-five years or more, or the name of any relative, neighbor, or friend who might be qualified to enter our list of Motley County Pioneers. We also will welcome any stories of old times, either about pioneers of the county, or any other residents, and about old landmarks, and so forth. These stories may be sent in to the office, or given to a member of the Tribune staff.

Along with the names submitted, the Tribune would like the following information:

Offices For Social Security Board Are Put At San Antonio

Staff Makes Special Effort To Inform Beneficiaries

SAN ANTONIO, Sept. 1.—The Regional Office of the Social Security Board for the three States, Texas, Louisiana and New Mexico has been permanently located at San Antonio, Texas, according to advice received here today by Oscar M. Powell, Regional Director, from Frank Bane, Executive Director, at Washington, D. C.

The Regional Director and his staff cooperate with the various State governments and other agencies, together with the general public interested in the Social Security program, and supervise and coordinate the work of the field staff of the Board in the

Region. The staff for the Region including Texas, New Mexico and Louisiana, in addition to the director, consists of the following:

Staff Listed

Sherwood H. Avery, executive assistant, formerly attached to the State Department in South America and the Department of Commerce at Galveston and Dallas

Margie E. Neal, informational service representative, formerly a member of the Texas Senate and recently Chief of the Women's Division of the National Recovery Administration.

Fred C. Rogers, informational service representative, formerly with the Department of Commerce in Houston and recently NRA Officer for New Mexico.

H. Earl Pemberton, associate regional social statistician, division of public assistance, formerly statistician with the Works Progress Administration in charge of urban administrative research for the State of California.

Other members of the staff consist of Mrs. Gladys Marks, Mrs. Mary S. Hendley, Miss Elizabeth Sordake and Mrs. Henri Hayes.

Which Did Mother Wear?

1916 1936

Uniform styles at Texas State College for Women (CIA) have changed with the prevailing fashion, and the demure miss of 1916 bears little resemblance to the trim young modern of today. Miss Ivy Hawley of Denton models the uniform worn by her mother two decades ago, and the uniform she will wear this fall.

The Regional Office at this time is making a special effort to acquaint those who are to benefit, as well as the general public, with various provisions of the Act, the activities of the various Bureaus, and the Social Security Board as a whole. The Regional Office has for distribution, on request, a number of publications dealing with the various phases of the Act.

Give Information

The Social Security Act is essentially an enabling act; it depends on State registration and administrative rulings to effectuate the program. An omnibus statute, it embraces a wide coverage of public welfare measures. By cooperative action of Federal and State governments, the Act provides a safeguard against the more common insecurities of life.

Functions of Act

Under the various titles of the Act, the Board is authorized to: Make grants to States for Old-Age Assistance; establish a system of Federal Old-Age (retirement) Benefits; assist States in administering (approved) Unemployment Compensation laws; make available to States (with approved plans) funds for Aid to the (needy) Blind.

Texas has legislation covering only that section of the Act dealing with aid to the needy aged, and must pass further legislation if it is to receive benefits under the other provisions of the Act.

Conferences Held

Proposed legislation which will enable Texas to receive benefits under other provisions of the Act has been the subject of conferences recently held by Governor Allred, and attended by Assistant Attorney General Everett Looney, R. B. Anderson, State Tax Commissioner, Orville S. Carpenter, Director of the Texas Old-Age Assistance Commission and Powell. Enactment of unemployment compensation laws as promptly as possible and approval of these laws by the Social Security Board is to

paint and he wore a goatee and the hair on the back of his head had been curled into tight ringlets for the occasion. "I have to look this way, unfortunately, to earn my living," he told the Legionnaire. "Well," replied that gentleman, "the thing I say is a h— of way to make a living," and with that he toddled on. In vino veritas.

They were shooting a sound picture on location one day and as usual, absolute silence was necessary so as not to interfere with the actors' dialogue. From a nearby house emanated a raucous din, it was a radio turned on full blast. This would never do, so the assistant director went over to the house to request the lady to turn it off. But the lady proved to be an independent shrew and replied in no uncertain terms "Say, this is my home and I'll play my radio all I want to and you can't stop me." The assistant went back with his unwelcome message and soon a group of men got together in a huddle to decide what was to be done. Now we all know that money often acts as a fine lubricant to the machinery of life and this proved to be no exception to the rule. The assistant was again dispatched to the irate lady's home and she was informed that she would be given \$25.00 if she would turn off her radio while the shooting was in progress. She of course pocketed the money with fiendish glee and the filming of the sound picture was resumed.

It was on another location and during the lunch hour one of the actors fell asleep under a tree. A horse standing near-by switched his tail into the sleeping man's face and partially woke him. "Oh, stop that, Louella, your hair is tickling me." He thought it was his own dear wife. This teaches us one cannot be too careful, marriage has such pitfalls for the poor defenceless man. And in the dreamy state its hard to tell what causes the annoyance—the wife or the horse.

TEARFUL EYEFUL

An artist on the midway at the Texas Centennial Exposition made the mistake of crossing the street for a cup of coffee, sans street attire. Returning she discovered her show had closed for the night. A policeman, who got

an eye full, relented and let her in.

MOVIE CHATTER

By A Rogue

"These Three"

You can see three of your favorite stars in our picture for Thursday night, entitled "These Three". The stars are Miriam Hopkins, Merle Oberon and Joel McCrea. Two young girls start a private school, but gossip by a scheming brat almost wrecks their dream.

"Barbary Coast"

You'll more than thrill to see "Barbary Coast" with such stars as Edward G. Robinson, Miriam Hopkins and Joel McCrea—a triangular love story set against the brilliant background of San Francisco's gold rush days in which Miss Hopkins is saved from life in a saloon by McCrea. Friday and Saturday only.

"San Francisco"

After "Barbary Coast" the next in line is "San Francisco." In "Barbary Coast" you have just started something that is finished in "San Francisco." The stars change, but who wouldn't like to see Clark Gable (as Blackie) and Jeanette MacDonald together for the first time—they were born to fall in love. See Frisco in the rough-and-ready days of the early 1900's; see Blackie, who owns the "hottest spot," give a young sing-

er a break; see the earthquake see Gable and MacDonald in solace in each other's arms. "San Francisco," whose stars are Clark Gable, Jeanette MacDonald, Spencer Tracy, Jack Holt and many others. Sunday and Monday only.

FAMOUS PONY BILL

When "Tinytime," daughter of the Southern Methodist University football squad, became ill at the Texas Centennial Exposition, the PBX was swarmed with calls for information. "Tinytime" registered as a celebrity of first rank. She is now on the way to recovery.

KELLY ON EXPO FOLLIES

Shipwreck Kelly, veteran pole sitter, finally has reached Texas Centennial Exposition, had been one of the few celebrities "out of pocket." He announces intention of "seeing the through."

HOLLYWOOD

By Marshall Fiske

Publisher's note: This column is written especially for the Matador Tribune, and represents accurate information from the world's film capital. Comments of any nature will be appreciated by the author whose address is 1122 N. Edgemont Ave., Hollywood, California.

When you see "RIDE, RANGER, RIDE", a Western Musical, you will get a thrill when you see the background. There you will behold shots from the Centennial Exposition at Dallas. Those of you who have visited the Fair will recognize the various buildings with many pleasant memories attached to them. Those who have not been fortunate enough to have seen it will have a vivid realization of the treat they have missed.

And by the way, sightseeing is an art that many have not as yet mastered. To wander about aimlessly from building to building while you are hot and your feet ache, leaves the mind only a confused conglomeration of things which do not leave any definite impression. Notes must be jotted down, either on the spot, or else, soon thereafter while the impressions yet remain vivid. These notes, thus taken, may be perused with much profit and pleasure in years to come and the delightful experiences relived again and again.

Recently the American Legion held its convention in Hollywood. One evening an actor was returning to his home in his make-up. One of the Legionnaires espied him. This gentleman had been imbibing of the wine that is red and the actor's appearance made a strong impression on him. He sidled up to him and in bibulous tones addressed him: "Shay, do you have to look funny like that?" The actor's countenance was besmeared with dark yellow grease

Final Resort Purpose Farm Loans Set-Up

Supervisor Explains That Only Worthy Need To Apply

Dale Campbell of Spur, county supervisor of the Resettlement Administration, gave the Matador Tribune information about resettlement work in Motley county while here Tuesday.

The purpose of the plan in this division is to make loans to distressed farmers who cannot get necessary credit from other sources, the money to be used to buy teams, tools, feed, food, clothing and seed. Money cannot be given to help farmers buy land, and borrowers must make their own arrangements for land to be cultivated. Loans are made, in most cases, to farmers who rent on the share basis.

Only farmers who have been denied loans by all other lending agencies may make application for resettlement loans, and must file applications with the county supervisor, Mr. Campbell. Money may be used only for the purposes described in the applications.

Passed By Committee

Prominent farmers and business men and women of the county, as an Advisory Committee, pass on the applications and investigate the character and moral responsibility of applicants.

Farm and home plans must be sent in by prospective borrowers, and mortgages covering crops, etc., are required as security on the loans.

Mr. Campbell announced that the Resettlement Administration's farm tenant purchase project does not apply to Motley county, and that local farmers cannot sell land to the administration for resettlement projects. Writing or calling to make applications for these farms is useless.

MR. GEORGE IS SHOT BY THUGS

PADUCAH, Sept. 1.—Geo. Humphreys, foreman of the giant 6666 Ranch, who is seldom called upon to exercise his duties as sheriff of King county, today led a search for two armed burglars who wounded J. A. George, 60, in a gunfight at the George Liquor Store on the King-Cottle county line south of here Monday night.

Shot three times in the abdomen with a .32 calibre rifle and in the legs with a shotgun, George is in the Richards Memorial Hospital here. Physicians marvelled that he is not in a serious condition.

George and his son, "Pinky" George, engaged the burglars in a brief gunfight about 11:15 o'clock Monday night while several other persons in automobiles waited outside the store.

The burglars ran from the store and escaped in a light colored coupe and a dark sedan which contained other men.

Pinky George tried to telephone to Paducah for help, but found the telephone wires cut.

Two hours later robbers held up a package liquor store on the King-Knox county line near Benjamin and took \$240. A beer stand east of Guthrie also was held up by two men.

George was brought to Paducah by Mrs. Pinky George, who also was in the building during the gun battle.

Sheriff Humphreys of King county was joined by Sheriff A. A. Payne of Paducah in his search today.—Amarillo Daily News.

CAFE REDECORATED

Joe's Cafe, south of the court house, is under-going redecoration this week. Walls of the concern are being repapered, and Mr. Jeffers, the proprietor, plans to have wood-work and counters repainted.

New Hall Of State Will Be Dedicated Saturday Evening

AUSTIN, Sept. 1.—Dedication and opening of Texas' \$1,200,000 Hall of State, located on the grounds of the Texas Centennial Exposition at Dallas, will take place at 8 p. m., Saturday, September 5. Elaborate ceremonies are being arranged by state officials, that will mark the opening of the memorial to heroes of Texas—handsome all stone structure.

September 5 has been designated as "Texas Day" at the Centennial Exposition. Governor James V. Alfred has decreed Saturday as a holiday for all state employees in order that they might attend the dedicatory services. All state senators and representatives will participate and an invitation has been extended to all county judges of Texas and citizens of their respective counties to be present on the occasion of the Texas Hall of State opening.

Lieut. Governor Walter F. Woodul, who will be acting Governor during the absence of Governor Alfred from the state, will represent the State of Texas. Claude D. Teer, chairman of the State Board of Control will preside over the exercises, at which time he will deliver in the name of the state the imposing memorial to the Centennial Exposition and to the people of Texas. The Board of Control has acted as the supervising agency during the construction of the building.

PENSIONS FOR 72,000 TEXAS NEEDY MAILED

Old Age Assistance pension checks were mailed out to 72,000 aged needy persons Monday, for the third month.

Checks average about \$16, said Orville S. Carpenter, director, and total payments are \$1,152,000. Some of the checks will remit pensions to applicants who were not admitted to the rolls until this month but who applied before July 1.

Hearings will be conducted at five cities between Sept. 4 and Sept. 16 to consider applications for pensions. Some of the applicants will contest the amounts allowed them.

Hearings will be held at Houston, Sept. 4; Fort Worth, Sept. 9; Austin, Sept. 11; El Paso, Sept. 14; and San Antonio, Sept. 16.

The Social Security Board at San Antonio authorized the amount of \$907,200 August 27 to the Secretary of the Treasury to

cover the month of September for old-age assistance. This is government money, to which the state of Texas adds a similar amount. Texas will also receive an additional 5 percent from the social security board to administer its plan or for actual assistance, or for both purposes. Over 60,000 aged have been aided by this co-operation of the state and the federal government.

Visiting Preachers To Fill M. E. Pulpit

In the absence of the pastor, Rev. D. D. Denison, who is conducting a successful revival at Flomot, the pulpit at the Matador Methodist church will be filled by visiting preachers both Sunday morning and evening.

Names of the men have not yet been announced, but the congregation is assured that both services will be held.

Rev. Denison will conclude the Flomot revival, which he has been conducting with the assistance of the pastor, Rev. Barnett, Sunday.

Whiteflat News

Mrs. Jess Hunsucker returned Saturday to her home in Amarillo after two weeks' visit here with relatives and friends.

Dallas and Fort Worth Centennials last week-end.

Mr. and Mrs. Joe Martin of Matador were week-end visitors in the C. H. Norton home.

METEOR REPORTED IN LUBBOCK SUNDAY NIGHT

A meteor flashed across the sky Sunday night about 11 o'clock coming from the north and apparently broke up into three pieces in the southern skies, according to reports.

The light from the meteor was so brilliant, it was said, that for a few moments it was brighter than the moon. The light was many colors.

Just before the breakup, there was a report heard as of a cannon. Flight across the sky was said to have consumed about three seconds.—Lubbock Avalanche.

GOES FOR VISIT

Mrs. P. B. Barton, Mrs. Claude Groves and Miss Grace Barton drove to Childress last Wednesday where they met Mrs. Witt Springer of McLean and her son, Paul. Miss Barton accompanied them home for a week's visit. Mr. and Mrs. Springer and children and Mrs. Barton will then spend a week at the Centennial at Dallas.

Mr. and Mrs. Frank Eiring and daughter, Frances, of Plainview, formerly of Matador, visited relatives here during the week-end.

Centennial Swells Gasoline Tax Till

AUSTIN, Aug. 31.—Sponsors of the bill passed in the state legislature to appropriate \$3,000,000 for the celebration of Texas' 100th anniversary pointed out in their fight for the bill's passage that the state treasury would be reimbursed that amount with increased gasoline taxes during 1936. Their promise has been more than fulfilled during the first seven months of the Centennial year.

From January 1 through July 31 the state gasoline tax till has been swelled by \$3,148,749 over and above the amount collected for the same period last year. Texas from

the sale of gasoline to residents and visitors to Texas have already shown a profit of \$149,749 to the state on its appropriation of \$3,000,000 for the first seven months of 1936 and fall tourist travel promises to add substantially to the tax revenue by the end of the year.

Centennial officials anticipate increased travel into Texas from out-of-state during fall months and if such is true revenue provided by gasoline tax will run the amount past the \$5,000,000 mark for 1936, thereby showing a profit of \$3,000,000 to the taxpayers of Texas on their Centennial investment.
