From the Superintendent's Office

Every teacher in the Matador  
Public Schools is a member of the  
State Teachers Association.  
The annual report of the Mada-  
dor High School to the Southern  
Association of Secondary Schools  
and Colleges was mailed October  
8. The officials of the Southern  
Association meets in Memphis,  
Tennessee during the Thanksgiving  
Holidays. Mr. D. O. Wilson, De-  
puty State Superintendent visited  
the high school on September 29,  
for the Association.

The average age of the 21 boys  
on the high school football squad  
is 16 years and 2 months. The  
average age of the squad members  
of the Regional Championship  
crew last year was 17 years and  
six months. The average age of  
those used in the starting line ups:  
for this year, 16 years and two  
months; last year the average age  
of the starting eleven boys was  
even 18 years. The average weights  
of the two starting line-ups: This  
year, 161 pounds average; last  
year average, 157 plus. Years of  
playing experience for this year's  
squad 1 and two elevenths, and  
last year's squad was exactly two  
and four-elevenths.

**Boys' Sports**  
The Bullfighters had a hard  
work-out last week, and then they  
journeyed to Plainview for the big  
game. The Matadors scored first,  
and was able to hold the Bulldogs  
to a 12-14 score until the last few  
minutes of the game. The Bull-  
dogs completed a long pass for a  
touchdown, and the final result  
was 20-12 in favor of the Plain-  
view Bulldogs.

W. J. Brian made the first touch-  
down, and Tutt Harcrow made the  
second touchdown from a pass  
from Scaff. The outstanding play-  
ers of the game were Tutt Har-  
crow, Bodie Brown and W. J.  
Brian. Every member of the squad  
did outstanding work.  
The Matadors will meet the Spur  
team on Friday night, October 16.  
This is the first conference game  
of the season, and it promises to  
be one of the most outstanding  
that has been played thus far.  
The Bullfighters are really getting  
in shape for the game.

**Girls Sports**  
Mrs. McDowell took great interest  
in the girls during Mr. Gray's  
absence. The girls did the very  
best that they could and really  
accomplished a great deal in their  
work-outs; they were pleased to  
give Mr. Gray such a pleasant  
surprise. Now that he is back with  
them, they are planning to work  
even harder.

**Saga of the Week**  
Every Thursday night the pep  
squad meets for practice. Almost  
every afternoon the squad prac-  
tices the yells, songs, and drills  
for the next game. The pep squad  
is a real live-wire. It is rapidly  
becoming one of the most out-  
standing organizations in the  
school.

Four "National Geographic"  
Magazines were donated to the  
library by Mrs. McKenzie. Every  
student is enjoying them.  
The school has subscribed for  
the "Fort Worth Star-Telegram"  
and renewed the subscription for  
the "Wichita Daily Times." Sever-  
al new magazines have been added  
to the library; some of them are  
"The Literary Digest" and "The  
Weekly."

The entire student body is study-  
ing diligently this week as this is  
the end of the six weeks. Much  
depends on the final impression  
and the grade made on the six  
weeks examination.

**Carnival to be in High School  
Building**  
The high school always enjoys  
the Child Welfare Association's  
Carnival. The time for the car-  
nival will be October 27. Prac-

tically all the high school building  
is used for the great annual event.  
Many things of interest has been  
planned; some of the most popular  
events will be Bingo, Nigger  
chunking, Penny pitching, and  
Amateur contests.  
We'll meet you there!

**Senior Flashes**  
The seniors are busy making  
preparations for their examina-  
tions.

The junior pins were sent back  
to the factory to be refinished and  
word has been received that the  
'37 will be changed to '36. The  
seniors are all pleased with this  
change because they were juniors  
of '36. It won't be long now until  
the seniors will be wearing new  
rings and pins too.  
The senior class, as usual, was  
well represented at the Plainview  
game on last Friday night.

**Junior News**  
The juniors have placed their  
order for pins and wristlets, and  
the order is expected to arrive by  
the last of this month. Wait until  
you see them!  
The juniors have agreed on a  
plan to raise money for the junior-  
senior banquet. A contract has  
been made with the Holland  
Magazine Company to sell sub-  
scriptions. The subscription drive  
will begin the first week in No-  
vember, and will last only two  
weeks. The price of the magazine  
will be fifty cents for one year  
and one dollar for three years.  
Plan to subscribe now, as there  
will be no Christmas bargains;  
and the price will go up after  
the first of the year.

**Freshman News**  
The Eighth Grade played foot-  
ball with the Seventh Grade last  
Friday. The score was 13-0 in  
favor of the Eighth Grade. The  
most serious results of the game  
were G. W. Fulfer's injured nose  
and James Edward Russell's chew-  
ed-up tongue.

W. J. Brian: "I didn't know that  
it was a sin to be mistaken."  
Curtis Taylor: "Isn't it wonderful  
what such a small insect can do?"

MOVIE CHATTER  
By A Rogue

Now if you want to see and hear  
Bing Crosby, your favorite radio  
and movie star, then step out to  
the Rogue Theatre Thursday night.  
Ethel Merman is Bing's assistant,  
and if he can't put the show over  
she is there to help him. There are  
sixty more good reasons why you  
should attend Thursday night and  
see "Anything Goes" with Bing  
Crosby and Ethel Merman.

**"Drift Fence"**  
Friday and Saturday another of  
those sure-to-please Zane Grey  
westerns, "Drift Fence", starring  
Tom Keene, Larry Crabbe and  
Katherine De Mille. Folks, it's  
been a long time since that great  
favorite, Tom Keene, has been  
with us, so by all means see him.  
Instead of doing all Tarzan roles,  
Larry Crabbe has gone in for  
westerns and he's great. And  
here's Cecil B. De Mille, the great  
director's daughter, Katherine. See  
"Drift Fence" Friday and Satur-  
day.

**"The Bride Comes Home"**  
After "She Married Her Boss"  
you would naturally expect to see  
"The Bride Comes Home", another  
Claudette Colbert vehicle. Isn't  
Fred MacMurray grand? You'll  
more than like him in this picture,  
with Claudette. And by the way,  
Robert Young is also in the cast  
and that makes three stars all in  
one picture for Sunday and Mon-  
day.

School Children  
Arriving At Fair

DALLAS, Oct. 13.—The first five  
state school districts to send chil-  
dren to the Texas Centennial Ex-  
position in the general movement  
of students to the \$25,000,000  
World's Fair registered an average  
daily attendance of more than  
1,000 per district. Leaders from  
the respective districts were un-

limited in their praise of the man-  
ner in which their groups were  
handled and the housing and  
feeding facilities which were  
provided.

Most of these districts were  
from the far corners of the State.  
The response was taken to indi-  
cate that the remaining districts,  
having lesser mileage, would re-  
spond in a far greater degree to  
the proclamation of Governor  
Allred, announcing holidays for  
them, and the statement of State  
Superintendent L. A. Woods that  
two days at the Exposition are  
worth four weeks in the class  
room.

**SMITH-WRIGHT**  
Mr. Si Wright of Lorenzo and  
Miss Jhonnie Mae Smith of Mata-

dor were united in marriage at  
the Roaring Springs Methodist  
parsonage Saturday night, with  
Rev. Aubrey Ashley officiating.

The groom is a popular young  
business man of the Lorenzo com-  
munity and is at present employ-  
ed as bookkeeper at the Robinson  
Gin.

The bride is a daughter of Mrs.  
Ruth Coffman and was reared at  
this place where she completed  
her high school education. She  
has made her home with her  
grandmother, Mrs. John Smith, at  
Matador for the past several  
months.

The Reporter joins the many  
friends of the happy young couple  
in wishing for them a long and  
happy wedded life. —Roaring  
Springs Reporter.

**HOLLYWOOD**  
By Marshall Fiske

**Publisher's note:** This column is written especially for the Matador Tribune, and represents accurate information from the world's film capital.

When I was twelve, like many other boys of that age, I suffered the pangs of 'puppy love'. I was enamored—or thought I was—of a lady many years my senior—but, what mattered that? Many nights I could not sleep, thinking of her whom I adored with a love that passed all understanding. I even wondered if she saw the same sun with her eyes that I saw with mine, and if it looked as bright to her as it did to me, etc. Then one night my mother hearing my restless tossing came

into my room and wanted to know if I did not feel well—why I could not go to sleep. I finally told her of my all-consuming passion. Even now I can see her turning away to hide her laughing. Finally, when she was able to talk, she said: "I know what ails you my son you've got a sour stomach but I'll fix you up" and with that she shortly afterwards handed me a glass of hot water in which a teaspoonful of bicarbonate of soda had been dissolved. "Now drink that and soon you'll be able to go to sleep." I was mortified that my amorous sour stomach. But be that as it may I soon fell asleep and did not even dream of her 'who was most passing fair.'

A few weeks ago, while the Legionnaires held their convention in Hollywood, a couple of them espied a man hanging up a large flag and decorating his house with bunting. This pleased the Legionnaires a great deal. "Glad to see you so patriotic, Buddy, and say we'll say that calls for a little drink." The three gentlemen then repaired to the rear of the house, to enjoy their bibulous potations. The two legionnaires then pulled forth bottles filled with amber-hued liquid from pocket flasks—"Here's mud to your eyes Buddy. Here's how and Bottoms up!" Came the time when they were all serene and mellow and the familiar landscape was slightly befogged and unstable. Things seemed to behave in a strange manner—otherwise stationary things now began to move about in circles and the ground beneath their feet came up and hit them in the eye. Through all the haze the gentleman at whose house the celebration was held heard his own dear wife calling to him to come into the house and eat his evening meal. "Well, solong, fellows, I gotta go in now and eat my wife is calling me—glad I met—solong!" With that the gentleman proceeded to wend his way to his paternal mansion walking with many daisies. Now in advanced physics, we learn, from no less an authority than Einstein himself, that a straight line is not the shortest

distance between two points, rather is it a slightly curved line. So it proved in his case. The next morning when things had once more regained their old familiar looks, the gentleman who had celebrated the evening before, noticed many of the daisies lining the pathway to his home broken, bent and crushed. Now what happened to them no one will ever know for as we have all heard so often before—"Daisies won't tell."

We do see strange sights in Hollywood from time to time. Only recently I beheld a performance that I heretofore held to be impossible. I saw an enormous entertainer weighing between 350 and 400 pounds, 'do the splits' in a night club scene in a recent picture. And then I saw a director who looked like a robin's egg with astigmatism. His shirt and trousers were both of the same hue of blue, criss-crossed with white stripes running 'to and fro' and 'hither and yon'. And another director, when he becomes excited rolls his handkerchief in a ball and they pop it into his mouth. Quite a few of the highly emotional directors will go through the same 'monkey-shines' that the star who is being photographed go through. Often I think the director's moue expressions are much better and far more animated and expressive than the star's and it is his, and not the star's, that should be photographed. And there is one very good director, who insists on wearing white gloves when he directs, be it summer or winter. And then there is one who always wears a 'funny' looking old felt hat shapeless and full of holes with many buttons fastened on it. So let us lump them all up—these eccentricities—and call them the outcome of pure genius, or perchance, you have another name for them. But be that as it may, all these things add to the joy of living and keep up one's interest and one's spirits.

**FARM ACCOUNTING REVEALS LESSONS**

**Principles of Sound Business Management That Apply to All Farms**

An analysis made of detailed records kept by a group of Wisconsin farms revealed several important lessons and the principles of sound business management derived from them apply equally well to other farms, says an article in the Bulletin of the Agricultural Commission of the American Bankers Association. The article says: "Investment costs, including interest, depreciation, repairs, taxes and insurance, are approximately two-thirds of all farm costs. Furthermore, these costs are largely independent of the production program of the farm. "This means that if a farmer cuts his production of crops or livestock, he increases his investment costs per unit of product produced, as a smaller number of units must then

carry as large an expense load as before. This illustrates the importance, from the standpoint of costs, of operating a farm at or near capacity.

"Investment mistakes are more costly than many others because they cannot easily be corrected. If a farmer pays too much for his farm, his investment costs will be abnormally high as long as he owns it. If he constructs a \$4,000 barn, when a \$2,000 barn would have served his purpose, he will have excessive barn costs, year after year, during the entire service life of the structure.

"This emphasizes the importance of a knowledge of investment values and the specific investment requirements of individual farms.

"Determining Real or False Economy "In working for greater economy, it is essential that the farm manager be able to distinguish between a real and a false saving. This can be done only through a careful estimate of the contribution to income, over a period of time, of each item of expenditure. Only if more is saved in expense than will be lost in income, can a contemplated cut in expense be designated as a real saving.

for example, dropping dairy herd improvement work may result in a yearly expense reduction. The question to decide is what effect the dropping of this work will have on the present and future income from the dairy herd. If the estimated loss in livestock receipts due to a lowered efficiency in feeding and breeding is greater than the original saving, then it would obviously be a false economy."

**Bankers Help Farmers**

The conviction that 4-H Club work lays the foundation for sound citizenship and intelligent farming influenced a New York City bank executive to contribute \$50 to the Agricultural Committee of the State Bankers Association, to further 4-H Club activities in the state. "I am convinced that the work is so worthy, and is being so well handled that it should interest those who believe in building sound citizenship, as well as intelligent farming for the future," he said.

Unusual prominence was given this past year to agricultural work by the Tennessee Bankers Association. The Agricultural Committee

report reveals nearly cooperation between bankers and extension workers. "Key bankers and county agents have been in closer contact than ever before," it says.

Georgia bankers have given both moral and financial backing to a Marketing Project sponsored by the Extension Service of the College of Agriculture, and activities the past year showed significant results. The phases of the Marketing program emphasized in the year's work were: The retail curb market; roadside marketing; miscellaneous marketing (suited to the locality); bartering (exchange of commodities or services with neighbors); standardized canned products for sale prepared in homes or canning centers.

**BANKING SYSTEM SHOWS PROGRESS**

State Bank Resources Grow More Than Three Billion Dollars in a Year

**NATIONAL BANKS GAIN**

American Bankers Association Gives Details of Banking Institutions — Notes Stronger Conditions

NEW YORK. — Continued improvement in the condition of state chartered banking institutions, with an increase of more than three billion dollars in a year in total resources, is shown in a report just issued by the State Bank Division of the American Bankers Association.

The report was prepared by the division's Committee on State Bank Research from data furnished by state banking departments and parallel data issued by the Comptroller of the Currency for national banks which show similar improvements.

"The combined resources of 10,473 state supervised banks were \$35,724,723,000 as of December 31, 1935," the state bank report says. "Total deposits amounted to \$30,526,920,000. Total loans and discounts stood at \$12,430,494,000 and total investments were \$14,170,421,000."

A year previous, tables in the report show, there were 10,614 state supervised banks, with combined resources of \$12,680,203,000, total deposits \$27,297,959,000, loans and discounts \$13,059,935,000 and investments \$12,582,325,000.

Classes of Institutions Of the reporting state banking institutions on December 31, 1935, 82% were commercial banks, the report states, 9% trust companies, almost 9% stock and mutual savings banks and less than 1% were private banks. The report adds:

"The parallel upward movements of deposits and total invested funds of total state supervised banks during the years 1934 and 1935, after declines in these items in 1932 and 1933, are indications of definite steps toward recovery in state banking.

"Based on figures assembled for total state supervised banks on resources and liabilities as of December 31, 1931 to 1935, it is noted: (1) that deposits in 1935 rose approximately 12 per cent over the previous year, as compared with an increase of about 9 per cent in 1934 over the year 1933, and declines of 7 per cent and 12 per cent in 1933 and 1932, respectively, from the preceding years of 1932 and 1931; and (2) that total invested funds increased by approximately 2 per cent in 1935 and also in 1934, while they had decreased by 9 per cent in 1933 and by 11 per cent in 1932."

Mrs. A. A. Tipton left Saturday for a visit with her daughter and husband, Mr. and Mrs. Nolan Fulkerson at Brady.

### Proposed New Amendments Review Given

The publisher of the Tribune re-prints here for the convenience of readers, an outline of the six proposed amendments to be voted upon at the general election. It is well worth the time of all voters to become familiar with the amendments before going to the polls.

#### PROPOSED AMENDMENT NO. 4

S. J. R. No. 26  
Removal of the absolute power of pardon and parole from the hands of the Governor and vesting it largely in those of a non-political board, is the effect of Am-

endment No. 4, on the November 3rd ballot. This Amendment known as S. J. R. No. 26, makes provision for the Governor to grant parole, pardon, commutation, etc., of sentences upon the recommendation of a Board.

In interpreting the Amendment Secretary of State B. P. Matocha said: "The proposed Board of Pardons and Paroles would be appointed by the Governor; one by the Chief Justice of the Supreme Court and one by the Chief Justice of the Court of Criminal Appeals. They will serve for six years, one member's term expiring every two years. It would be impossible in this manner for any one individual or official to ever have complete control of the Board."

The Governor is given the power to grant one thirty day reprieve in a death case. This is his only initiative, however, he has the veto power on all recommendations and he may revoke paroles and conditional pardons.

This amendment was given its impetus by Governor James V. Allred, who is advocating its enactment. It is believed that its adoption may be a step toward ending abuses and stopping mistakes made in the issuance of various forms of clemency.

In cases of treason, under the terms of the proposed Amendment the Governor has the power to grant reprieves, commutations of punishment and pardons with the advice and consent of the Legislature.

At the present time all power of clemency, commutations, etc., is vested in the Governor and no small portion of his time is devoted to reviewing the thousands of applications. It is a strain and a responsibility which many feel is too much to place on any one individual.

#### PROPOSED AMENDMENT NO. 5

S. J. R. No. 14

Proposal No. 5 to the State Constitution known as S. J. R. No. 14 proposes to raise the salaries of certain Constitutional Officers, namely, the Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of General Land Office, and Secretary of State.

This Amendment provides that the Governor shall receive as compensation for his services an annual salary of Twelve Thousand (\$12,000) Dollars, as compared to the Four Thousand (\$4,000) he now receives, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture.

The salary of the Attorney General would be fixed at Ten Thousand (\$10,000) Dollars as compared to the Four Thousand (\$4,000) he now receives.

The Comptroller of Public Accounts, the Treasurer, and the Commissioner of the General Land Office each hold office for a term of two years, reside at the Capitol of the State during continuance in office, perform the duties required of them by law, and now receive a salary of Twenty-five Hundred (\$2,500) Dollars per year. This Amendment would increase the salary of these officials from Twenty-five Hundred (\$2,500) Dollars to Six Thousand (\$6,000) Dollars annually.

The Secretary of State is appointed by the Governor, with the advice and consent of the Senate, and holds office during the term of the service of the Governor. The present salary of the Secretary of State is Two Thousand (\$2,000) Dollars per year and this Amendment would provide for a salary of Six Thousand (\$6,000) annually.

#### PROPOSED AMENDMENT NO. 6

H. J. R. No. 9

Limiting the representation of the larger cities is the clear intent of H. J. R. No. 9 relating to the apportionment of State Representatives for the counties of this State whose population exceeds seven hundred thousand (700,000) people, B. P. Matocha, Secretary of State, declares.

It is provided by this Amend-

ment that no county in this State shall be entitled to or have under any apportionment more than seven (7) Representatives in the State Legislature unless the population of such county shall exceed seven hundred thousand (700,000) people as ascertained by the most recent United States Census.

In the event a county shall have a population in excess of seven hundred thousand (700,000) people, then such county shall be entitled to one additional Representative for each hundred thousand (100,000) population in excess of seven hundred thousand (700,000) population as shown by the latest United States Census.

This Amendment also provides that no district shall be created which would permit any county to have more than seven (7) Representatives except under the above conditions.

Simply speaking, H. J. R. No. 9 would limit the number of Representatives in the State Legislature to not more than seven (7) from any county, unless that county had a population of more than seven hundred thousand (700,000) in that case, one more would be allowed for every one hundred thousand (100,000) above the seven hundred thousand (700,000).

#### PROPOSED AMENDMENT NO. 1

S. J. R. No. 3-A

The first proposed Constitutional Amendment to face the voters on November 3rd is S. J. R. No. 3-A which provides for a State dispensary system to have exclusive sale of distilled liquors and all profits would go to the State. The sale of spirituous distilled liquors for private profit, as is now the case, is prohibited within this State, by this Amendment, except when such sale is made to the State, according to B. P. Matocha, Secretary of State. It is further provided that the State of Texas shall have the exclusive right to purchase at wholesale and to sell at retail such distilled spirituous liquors. Such sale shall be made only in unbroken packages and no such liquors shall be consumed on the premises where sold. The difference between the proposed plan and that now in effect would simply be one of ownership—i. e. by the State rather than the individual.

The State would maintain various places of business for the purpose of the sale of such liquor direct to the consumer. These places of business would only be maintained in the counties, precincts or incorporated towns where by local option elections such sale has been made legal.

Local option as now in effect would not be changed by adoption of the amendment. The sale of alcoholic beverages containing not more than 3.2 per cent alcohol which has been legalized in such political subdivisions shall not be prohibited by this section.

This Amendment further provides in this Amendment that the open saloon shall not be reestablished.

It is also provided in this Amendment that the Legislature shall have the power to regulate the sale for private profit and possession of distilled liquors for medicinal, scientific and mechanical purposes.

#### PROPOSED AMENDMENT NO. 2

S. J. R. No. 18

Proposed No. 2 effecting a

change in the State Constitution is S. J. R. No. 18 providing that the Legislature shall have the right to levy taxes to provide a Retirement Fund for school teachers and persons employed in public schools colleges and universities, supported wholly or partly by the State.

According to the interpretation of Secretary of State B. P. Matocha, it is provided that the State shall contribute to such Retirement Fund an amount equal to that paid for the same purpose from the income of each such person. It is a matching plan. Each person so employed in such State schools, colleges and universities will likely be required to set aside so much of their salary and that the State will set aside a like amount. This Amendment further provides that the amount contributed to such Retirement Fund by the State shall not exceed at any time five per cent of the compensation paid to each such person by the State or school district, and shall not be more than One Hundred Eighty Dollars for any one person in one year.

No person shall be eligible for a pension under this Amendment who has not taught twenty years in the State of Texas, but those who retire before they have taught for a period of twenty years in this State are who have been contributing to the Retirement Fund shall be entitled to a refund of the moneys paid into the fund.

All funds provided from the compensation of said persons, or by the State, for such Retirement Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States Government.

Persons who are the recipients of pensions from such Retirement Fund shall not be eligible for any other pension retirement funds or direct aid from the State.

#### PROPOSED AMENDMENT NO. 3

H. J. R. No. 23

For a number of years there has been a definite movement to give State Employees the benefit of Workmen's Compensation insurance. The State, by law, requires other employers in all other industries to carry such insurance on its employees while the State has not done so.

It will be possible for the State to insure its workers under the terms of the third proposed Amendment to the Constitution, which will be submitted to Texas voters November 3rd, according to Secretary of State, B. P. Matocha.

The amendment is permissive and not compulsory. It gives the Legislature power to provide such insurance. It does not compel them to do so.

It is pointed out that perhaps the most men effected by this proposal are in the Highway Department where most of the hazardous work of the State is done.

However, there are a number of other departments which would be interested.

The heart of the amendment is found in the following language: "The Legislature shall have power to pass such laws as may be necessary to provide for Workmen's Compensation Insurance for such State Employees, as in its judg-

### PIONEERS—OLD TIMERS OF MOTLEY COUNTY, TEXAS

The Matador Tribune is compiling a list of all living pioneers and old-timers in Motley County—those who have lived in this county for the past twenty-five years or more. Every reader is invited to send in his or her name, if a resident of Motley for twenty-five years or more, or the name of any relative, neighbor, or friend who might be qualified to enter our list of Motley County Pioneers. We also will welcome any stories of old times, either about pioneers of the county, or any other residents, and about old landmarks, and so forth. These stories may be sent in to the office, or given to a member of the Tribune staff.

Along with the names submitted, the Tribune would like the following information:

Full Name \_\_\_\_\_  
Maiden Name, If a Woman \_\_\_\_\_  
Where Born \_\_\_\_\_ Date of Birth \_\_\_\_\_  
When and Where Married \_\_\_\_\_ Date Came to Texas \_\_\_\_\_  
Date Moved to Motley County \_\_\_\_\_ Occupation \_\_\_\_\_  
Other Details of Interest \_\_\_\_\_

### TWO NAMES ARE ADDED PIONEER COUNTY ROSTER

Mrs. Nora Cunningham of Flomot, adds her name to the list of pioneers of Motley county, with the following data concerning her life.

Mrs. Cunningham, a native Texan, was born in Young county, April 25, 1882, and moved to Motley county in January, 1891, where she was married to Dutchman camp in 1901, to R. F. Cunningham. Mr. and Mrs. Cunningham have lived at Flomot for a number of years, where they are engaged in the mercantile business. Mrs. Cunningham's maiden name was Nora Clifton.

**In Civil War**  
Among the oldest residents of this section who are included in the enrollment of pioneers and old timers, is C. E. Wideman, who was born January 19, 1946 in Missouri. Mr. Wideman was married in Franklin county, Missouri, moving with his family to Texas in 1881. They came to Motley county in 1900 where they have since resided.

Mr. Wideman, as a youth, fought in the Civil War for the Confederate cause, and remembers many outstanding incidents of that period. He is the father of Mrs. M. L. Patton, also of Matador.

### Young Folks

Listen Boys and Girls here's something you will be interested in: To-day my secretary came to my private office and informed me that a good-looking young lady wished to see me, without stammering, I said, "Show her in." She did, and to my pleasant surprise she was one of my former students

ment necessary or required; and to provide for the payment of all costs, charges, and premiums on such policies of insurance; providing the State shall never be required to purchase insurance for any employees."

BRIDE HONOREE AT SHOWER SAT.

Mrs. Ware Fogerson, of Silverton, the former Sylvia Day of this city, was honored with a miscellaneous shower Saturday evening at Mrs. A. A. Harp and Miss Clements entertained as co-hostesses at the home of Mrs. Harp. The bride was the recipient of many lovely as well as useful gifts.

Among the out-of-town guests were Mrs. Ben O. King and Mrs. Florence Fogerson, both of Silverton, the latter being the groom's mother. Among local friends who registered in the Bride's book, were Mesdames Orvil Kykendall, A. P. Jodges, Robert Darsey, J. W. Ford, Noble Groves, Jack Catlin, Pat Sheridan, Carl Tardy, L. J. Barkley, Claud Harp, U. L. Willie, A. B. Groves, Earl Darsey, M. S. Patton, Carl Bird, Willie McCowan, Sam Meador, Claud Groves, Gus Bird, Warren Clements, Arch Black, Ray Patton, Richard Berryman, Jack Robinson, Henry Ford, Jerry Birchfield, G. S. Craven, Ethel Payne, John Russell, George Birchfield, Riley A. Day and Misses Elizabeth McMahon, Sybil Scaff, Lucretia Estes, Clotele Willie Lucille Meador, Helen Simpson, Ruth Groves, Lorene Fryar, Willie Mae George, Bertha Cassstevens, Annie Nixon, Hattie Tee Groves, and little Cora Ann Craven. Gifts were also received from Mesdames Solon Lea, Lemmie Day, John Smith, L. B. Archer, D. E. Pitts, Elmer Jameson, Bert Edmondson, T. B. Edmondson, A. Watson, Raymond Cudd, Fred Simpson, L. B. Robertson, Bennie Cox, Tom Berryman, Wallace Hobbs, Buford Hobbs, Tom Spears, Tom King, Etta Reeves, Tom Harris, Harry Willett, Pete Knight, Homer Sheats, Tom Darsey and Misses Martha Dell Scaff, Dora

Jameson, Pearl Rigby, Kathryn Sheats, Verlin Reeves, Maggie Bryan and Joeda Berryman all of Matador and Mrs. E. C. Towler of Silverton. Also R. A. Day, father, and E. A. Day, brother of the bride.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Motley county—greeting: Whereas, on the 13th day of October, 1936, M. S. Patton, administrator of the estate of J. P. Kelley, deceased, numbered No. 263, on the Docket of the Probate Court of Motley County, Texas, filed in said cause in said court his application for partition and distribution of said estate, alleging that hereinafter named parties are entitled to a share of said estate, and that they are all non-residents of the State of Texas;

Therefore, you are hereby commanded that you summon Lillie Fulfer Anglin, Floyd Anglin, Jabe Olen Fulfer, Eucile Fulfer Bennett, Delmar A. Bennett, Hubbard Milton Fulfer, George Clyde Fulfer, Hersell Birginal Fulfer, Charlie Nath Fulfer, Felton Eugene Fulfer, Jenkins Clifton Fulfer, Bonnah Dell Fulfer Oswald, James Oswald, Addie Elaine Fulfer Mathews, H. T. Mathews, William Dean Fulfer Ealy, George I. Ealy, Duane Victor Fulfer, Helen Grace Fulfer, Martin A. Fulfer, and John Fulfer, by making publication of this citation once each week for ten days previous to the return day hereof, in some newspaper published in your county, to be and appear before said court on the 26th day of October, 1936, same being fixed as the return day for this citation, and same being the 1st Monday after the expiration of ten days from the date hereof, then and there to show cause why such partition and distribution should not be made. Herein fail not, but have you before said Court on said 26th day

of October, 1936, this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at office in Matador, Texas, this 14th day of October, 1936.

Jack Robinson, Clerk, County Court, Motley County, Texas

Hospital Notes

Mrs. F. M. Jenkins, who was operated on for appendicitis Monday, is reported in an improved condition.

Miss Elizabeth McMahon had her tonsils removed Tuesday.

Born to Mr. and Mrs. Ed Chandler of Quitaque, a girl, Gail Dean, on October 12, 1936.

Miss Edna Mae Goss is improving from a compound fracture of skull, received in a car accident.

The following patients, who have been receiving medical attention, have been dismissed during the week: Mrs. L. P. Brandon, Sunday; C. B. Glenn Jr., Monday; Lonnie Patton, Sunday; Inez Bell, Sunday; Mrs. Tom Darsey, Saturday; Mrs. H. S. Overstreet of Quitaque, Tuesday.

Mother's Club In Meeting Wed.

The Mother's Club met Wednesday afternoon, October 7, with Mrs. L. R. Bishop for an interesting program with parts given by Mrs. H. H. Schweitzer, Mrs. Eldred Seigler and Mrs. John Russell. At the close of the meeting the hostess served refreshments to the following members: Mesdames D. P. Keith, Schweitzer, Russell, Seigler, Elmer Jameson Clyde Bartlett, Marvin Patton, Vernon Doss, Carl Sanders, Ethel Payne, A. A. Harp, and one guest, Mrs. J. Floyd Jordan. The club will hold its next meeting with Mrs. Doss.

Whiteflat News

Mr. and Mrs. Dowel Garrison and A. B. Stephens of near Silverton were here Sunday.

Mr. and Mrs. E. H. Truett of Petersburg were recent visitors here with relatives.

Mrs. Sam Smart of Amarillo, visited relatives here last week.

Mrs. Sam Houston of Houston, and Mrs. H. F. Aulick of San Angelo, are visiting their mother, Mrs. E. D. Smith.

Mrs. C. Q. Maloney and Miss Mary Romans of Vernon, were week-end guests in the home of Mr. and Mrs. F. Z. Martin.

Mr. and Mrs. Walter Willis of California, visited Mrs. J. T. Willis last week.

Mesdames Joe Bloodworth and Jay Browning were Roaring Spring visitors Wednesday.

CARD OF THANKS

We wish to take this means to thank our good friends and neighbors for their many thoughtful acts of kindness and floral offerings tendered us during the illness and death of our beloved husband and father. May God's richest blessing abide with each of you.

Mrs. E. D. Smith, Mrs. J. D. Jameson, Mrs. H. F. Aulick, Mrs. Sam Houston, Mrs. Jack Spray, W. E. Smith, Victor Smith, J. P. Smith.

MISSIONARY SOCIETY

The Irene Eldridge circle of the Methodist Women's Missionary Society met Tuesday afternoon in the home of Mrs. U. L. Willie for Bible study and a business meeting.

A very interesting lesson, taken from "The Life of Jesus" by Harris Franklin Rail, was taught by Mrs. F. A. Buckley. The chairman, Mrs. A. J. Daffern conducted the business and appointed the following members as a nominating committee for the officers for the coming year, Mrs. Jim Ford, Mrs. L. R. Bishop, and Mrs. F. A. Buckley.

The Treasurer urged each member to finish paying her pledge just as soon as possible, and at least by the last of November.

Delicious refreshments were served by the hostess to the following ladies: Mesdames L. R. Bishop, F. A. Buckley, A. J. Daffern, D. D. Denison, Jim Ford, H. H. Schweitzer, F. G. Simpson, Annie Tudor and J. R. Whitworth. —Reporter.

Red Cross Enlists Nation's Children For Safety Drive

With the assistance of school children throughout the nation, the American Red Cross has entered the second year of a fight against accidental deaths and injuries on the farms and in the homes of the country. Kathryn Sheats chairman of the Home and Farm Accident Prevention Committee of the Motley county Chapter, Red Cross, declared yesterday "Students in both elementary

and high schools have cooperated, during the past year, in spreading the doctrine of safety in homes and on farms," Miss Sheats said. "The attention of parents and home-makers has been called to the alarming accident rate prevailing today through check-lists that will be distributed through the schools to approximately 1500 homes."

More than one third of all fatal accidents and nearly half of all injuries are sustained in and about the home, Miss Sheats revealed pointing out that 34,000 persons are killed by accidents annually, 150,000 persons are permanently crippled, and more than five millions of persons injured during this period.

On the forms which are to be distributed by the children for the

Red Cross, parents are asked to cooperate with their children in conducting a systematic examination of the home and farm in an effort to locate and remedy accident causes. Items to be checked include those having to do with floors and stairways, porches, sharp tools and equipment, toys, home appliances, fire hazards, firearms, foods and poisons, machinery, farm buildings, and animals.

Hardware Sale Is Proving Success

"It's truly wonderful the way Matador has responded to National True Value Week," L. C. Harp of the Matador Hardware and Furniture Co., said today. He attributed the wave of stimulated buying to a common public knowledge of the high quality merchandise that his store is offering at exceptionally low prices.

Concurrently with hundreds of other better independent hardware stores throughout the nation, the store is participating in a week's bargain holiday wherein fall needs as well as everyday household requirements are being featured. The sale will continue to Saturday, October 17.

Mr. Harp, in explaining how such an event became possible, said that Hibbard, Spencer, Bartlett and Company, world's largest wholesale hardware concern, had for months been selecting articles for this sale, with the result that the savings obtained by buying carload quantities could be passed on to the public.

Misses Ruth Groves and Irene Knight, made a trip to Floydada Sunday.

The program, "President's Day", follows:

"Is all our company here? You had best call them, woman by woman, according to script."—Midsummer Night's Dream.

Business session was conducted by the president, Mrs. U. L. Willie, who also addressed the members in greetings.

"High-Lights in By-Laws and Constitution," Parliamentarian, by Mrs. Leonora Luckett.

As members of the quartet were out of town, the musical numbers were omitted. —Reporter

**COTTON REPORT**

There were 103 bales of cotton, counting round as half bales, ginned in Motley county, prior to Oct. 1, 1936 as compared with 217 bales ginned to Oct. 1, 1935.

**GOVERNMENT IS THEME OF CLUB**

The Sorosis Club met last Wednesday afternoon, October 7, with Mrs. F. A. Buckley for a program on Government, which was led by Mrs. Tom Newman, and included the following papers:

"What is Wrong With the Legislature?" Mrs. John Hamilton.

"Presidential Campaigns", Mrs. Charlie Keith.

"Law Enforcement: Department of Justice", Mrs. J. W. Drace.

"Parliamentary Drill", Mrs. C. B. Groves, parliamentarian for the club.

The quotation for this program read: "That is the best government which desires to make people happy and knows how to make them happy."—Macaulay.

Texas school children have had a break. They are to be escorted in groups for a visit to the Texas Centennial Exposition—and will receive full credits on their studies. "The Centennial is educational," explains Governor Allred.

**Chevrolet Spends Vast Sum To Make New Car Possible**

Announcement was made today by M. E. Coyle, president and general manager of the Chevrolet Motor Company, that \$26,000,000 has been expended in retooling, new machinery, and rearranging the plants and assembly lines of Chevrolet for production of the 1937 models that will be announced early in November.

This is one of the largest sums ever appropriated by the automotive industry for the change-over of machinery for the annual new models, and gives an inkling of what the motorists of America may expect when the cars are revealed to the public, Mr. Coyle stated to 1,000 members of the field force of his company now in session in Detroit.

It was said that the usual procedure in automobile manufacture is to make new models with certain changes one year and other changes the following announcement time, but that this year Chevrolet has produced an entirely new car for 1937.

It is because of the complete re-designing of the 1937 models that

such a large expenditure for retooling and rearrangement was necessary, Mr. Coyle pointed out. Detroit and Michigan shared largely in the Chevrolet expenditure of \$26,000,000. The plants at Flint expended \$10,000,000, and those in Detroit \$8,000,000. Two million dollars were spent in Saginaw, while in Muncie, Ind., and Indianapolis, a like amount was divided between the parts factories and the commercial body division. Bay City, Mich., factories expended nearly half a million dollars. More than half a million dollars were spent by miscellaneous divisions of manufacture.

It was disclosed to the field forces and newspapermen that Chevrolet is now in production on the new models, and that the 10,000 dealers of the company will have display cars for announcement day and an ample supply for immediate delivery to purchasers. Schedules at the factories are increasing, with heavy volume slated for the latter part of October.

November and December will probably see Chevrolet production increased over the high marks set last year for those two months, said Mr. Coyle, for the interest shown by motorists in Chevrolet plans during the pre-announcement

ment time augurs a large increase in buyer demand for the company's cars.

The field forces received the announcement of Mr. Coyle with enthusiasm and pledged themselves to break the selling records they established in 1936 when practically all of the all-time company records were smashed. They viewed the new models at the proving ground, drove them, and had the mechanical and servicing features illustrated, so that they in turn might bring this information back to their territories and at once begin formulating local sales policies for 1937.

The result of Chevrolet's heavy volume sales in 1936, Mr. Coyle said, will be a 1937 product notable for still greater value. "Quantity production always entails savings", he pointed out, "and as the industry's leader in production and sales, in 1936, Chevrolet will naturally be in position to pass along to the public the savings effected by that volume. So the statement that the company will

show its appreciation in concrete way is more than words; it is solid fact, with economic laws behind it."

Bob Gilmer: "My greatest sin, know, is vanity. Only this morning I looked into the mirror and thought, 'how handsome I am'."

**Supertex Oil Burning HEATER**

In Your Home

Why go through another winter without a Supertex Heater? You will pay for one in excess fuel costs and doctor bills, so why not enjoy its safety, cleanliness, and comfort.

**ONLY A SUPERFEX**

Can have these features: Flexible clean-out shaft that keeps the fuel line open; door that opens into bottom of fire bowls, making cleaning easy; engineered to use less fuel than any other heater.
