New Baptist Church Opens Doors Sunday

Other Towns Join In Rejoicing As Services Started

With prayer and singing, members of the local Baptist church fell to their knees in reverent supplication of thanks Sunday morning as the first services were held in the magnificent new building. Mrs. A. D. (Mother) Burleson, charter member of the original Baptist church here, and largest contributor to the building fund, led the opening prayer of the service as the entire congregation knelt.

Ground was broken for the edifice on March 2 after about \$8,000 had been raised by public subscription to a building fund for the erection of the \$20,000 structure. The original amount of pledges has all been paid with the exception of less than \$300 which is being paid by the subscribers in monthly installments. Additional contributions have been made to the fund during the construction of the building.

While funds are not yet available for the outside completion of the church and many of the Sunday school rooms are unfinished, the beautiful and spacious auditorium is practically completed in detail. The great room, of modernistic design, is finished with fiber slabs which give the appearance of stone and renders exceptional acoustic effects. The windows of the auditorium are of stained glass, embracing high crimson coloring which is also carried out in the modernistic lighting fixtures.

Other Churches Are Represented

Many other churches were represented in the services held Sunday evening when Rev. F. E. Swamer, Baptist pastor of Paducah and 40 of his members attended. The evening sermon was conducted by Rev. Swamer. Other churches represented included a large delegation headed by Rev. E.

COACH TERRELL TO NEW MEXICO

R. P. Terrell, coach of Matador High School for the past two years and former coach of Floydada High School, has been secured as coach and athletic director of Eastern New Mexico Junior College at Portales, New Mexico, it was learned recently.

Terrell said that he had a one year contract with the college as coach of football, basketball, and track and also to teach physical education classes. He plans also to begin boxing teams next fall.

The college is five years old and is considered one of the best junior colleges in the southwest. It ranks third in New Mexico and in the first 15 junior colleges in the United States in scholastics. The registrar said there were 560 students enrolled there last year.

For the first time in the life of the college it will be a member of a conference, the Colorado Conference, composed of teams in Kansas, Colorado, and Oklahoma. About 40 boys reported last year for football and Coach Terrell said that he expected more material this year than last.

Don Martin Comes Here

Don T. Martin, former assistant coach of the Spur schools has accepted the job as head coach for the Matadors in the vacancy made by Coach Terrell's resignation. It has been announced. Coach Martin is a graduate of East Texas State Teachers College, where he lettered in major sports.

BACK FROM NEW YORK

W. F. Jacobs, manager of the Matador Variety store returned home from a three-weeks trip to New York City, Sunday. Mr. Jacobs visited the principal cities of the eastern seaboard enroute to New York and returned by way of Chicago.

Matador To Close Stores For Holiday

Many Plan Short Vacation Trips Over The Week-end

Matador will observe July 4th with most of the principal business houses remaining closed throughout the day and others closing part of the day in order to permit employees to take advantage of the two-day mid-summer holiday, according to plans of businessmen late yesterday. Closing for the National holiday has been a usual custom of Matador and other towns of similar size of the Panhandle for a number of years.

Businessmen of Roaring Springs declared yesterday that probably all businesses with the exception of drug stores, filling stations and cafes, would remain closed throughout Monday.

Many Plan Short Vacations

Many local residents are planning short vacations during the two-day holiday and Tom Harris, manager of the Roaring Springs swimming pool said that he expected a record crowd over the week-end. Roaring Springs pool and adjacent grounds, provide ideal places for picnics and outings with almost limitless territory and plenty of shade. Roaring Springs has been declared the coolest spot in the Panhandle and also one of the most scenic in Western Texas.

SON OF INDIAN CHIEF TO TALK HERE SUNDAY

White Parker, son of Quanah Parker, famous Comanche chief, will conduct evening services at the Methodist church Sunday, July 3, it was announced by the pastor, Rev. D. D. Denison.

The Indian chieftain will be accompanied by Rev. A. E. Butterfield, retired missionary, who for many years worked in the Indian territory in Oklahoma. Rev. Butterfield is the father of Mrs. T. G. Tilsen of Whiteflat and is well-known in this section.

A number of Indian relics will be used for illustration purposes in the service, it was stated.

Parker and Rev. Butterfield will conduct services at the Methodist church at Roaring Springs, at the morning worship hour. It was announced by Rev. E. L. Naugle, pastor of that church.

The public is extended a cordial invitation to attend these services.

Error Is Made In Primary Ballots

Voters will be interested in observing the arrangement of names on the sample ballot which is published in this issue of the Tribune.

Democratic Chairman, Pat Sheridan wishes to call attention to the name of A. J. Folley of Floyd county as candidate for Associate Justice of Court of Civil Appeals for 7th Supreme District of Texas at Amarillo. An error in the copy of the ballot submitted for printing gave Judge Folley's address as Amarillo. Judge Folley has been at Amarillo after his appointment to the bench he has maintained his home at Floydada.

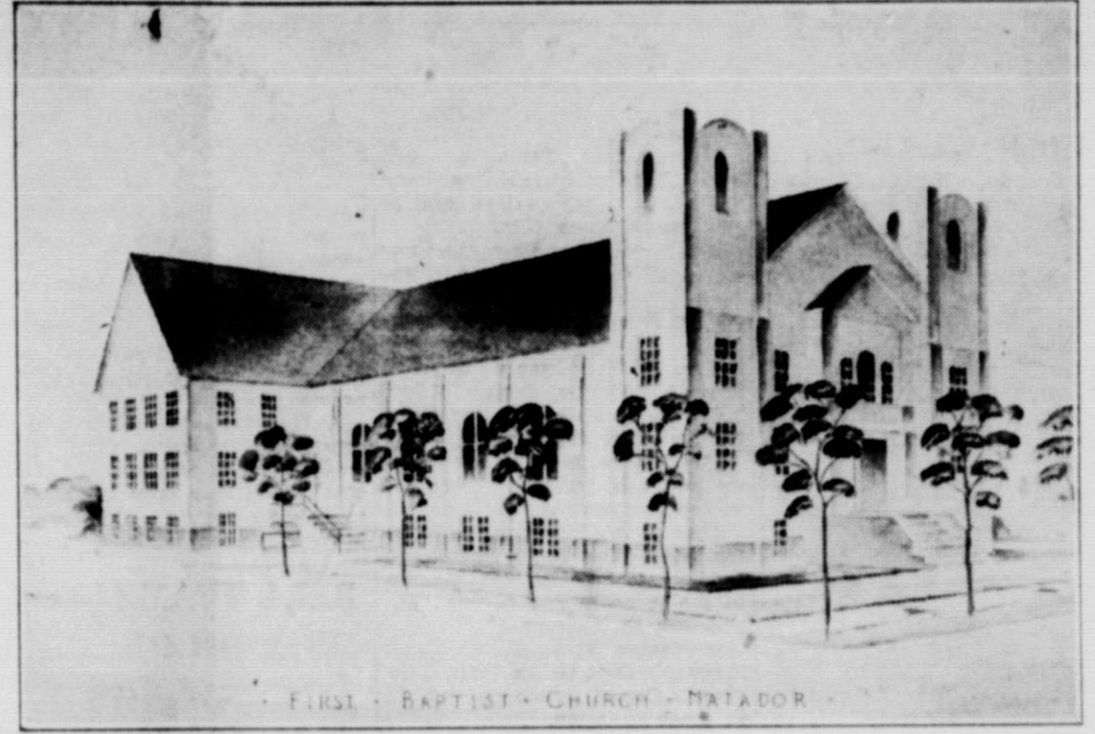

BROTHER DIES

Mrs. W. W. Carpenter received word the first of the week that her brother, D. A. Hall, succumbed Saturday, June 18, at Fitz Snovis Hospital, Denver, Colorado where he had been a patient for some time.

Mrs. Carpenter had just returned from Denver, where she visited her brother during his illness.

HIGHWAY DESIGNATION ASSURED

VISION BECOMES MAGNIFICENT REALITY

FIRST BAPTIST CHURCH - MATADOR

Practical Dreamer

R. E. Campbell, left, visioned a beautiful church to replace the former antiquated Baptist structure and set about the gigantic problem of carrying his vision to reality. Rarely in the records of this country has a single individual displayed such intense interest in civic and religious needs as did Mr. Campbell in planning, aiding in raising funds and building the beautiful, modern church edifice which opened its doors to worshippers Sunday.

Those who have followed Mr. Campbell's activities during the past four or five months, know that he has sacrificed his personal business, his time and three

months of actual labor. At times it seemed every known agency had conspired to block his path, yet the public responded with generous donations and now "The House That Prayer Built" becomes a monument to a man's vision and an enterprising community.

Mr. Campbell constructed a scale model of the building and also made the plans before the subscription drive was started. Practically every detail of construction was arranged by him and completed under his supervision. Besides his cash donations it is estimated by friends that Mr. Campbell has donated in the neighborhood of \$1,000 worth of labor to secure a new Baptist church in his home town.

R. H. Tanner Named Head Of Singers

Over 600 Attend Convention Held In Matador Sunday

A crowd of over 600 people attended the Motley County Singing Convention held at the Matador High School auditorium Sunday morning, moving to the new Baptist church building in the afternoon. Neighboring towns were represented by special quartets and singers with delegations visiting from as far away as Littlefield. Ample basket lunch was provided for all who remained on the grounds during the noon hour. Every community in Motley was represented at the first 1938 meeting of the 47-year old organization and many declared the convention one of the most successful ever held.

R. H. Tanner Elected President

R. H. Tanner of Flomot was elected president for next year and Flomot was selected for the next semi-annual meeting which will be held Sunday October 3.

Miss Katalyne Humphries of Whiteflat was elected as secretary and treasurer. Mr. Tanner will replace T. M. Dixon who had served in that capacity for the past two years.

A. V. Bullock, N. Y. A. Director of Lubbock, was a Matador visitor Monday evening.

Mr. and Mrs. Alexander Smith of Vernon, visited here Sunday to accompany home their daughter Helen Christine, and also Miss Estelle White who were guests of Mrs. Leland Timmons last week.

Next Lions Meeting At New Church

The next meeting of the Matador Lions Club, Tuesday, July 5, will be held in the basement of the new Baptist church. It was announced by officials after a directors' meeting Tuesday. R. E. Campbell, chairman of the church building committee assured the Lions directors that the basement of the building would be completed far enough to permit the meeting and serving of the luncheon by Tuesday.

An interesting program has been prepared and members are assured of a luncheon in keeping with the dedication of the new basement meeting place by the Baptist ladies who will serve the group.

Date Is Set For Ladies Night

Tuesday, July 12, was set as the date for Ladies night at the directors' meeting Tuesday. The program will consist of a chicken supper prepared by Lion, Henry Pinkin at the Matador golf course, and appropriate games afterward. Lions and their ladies are warned to wear old clothes to the meeting since the frivolity following the supper is apt to be too great a strain on ordinary apparel. The cost of the chicken supper is to be paid by the "Lambs" who lost the attendance contest and is expected to tax each in the neighborhood of \$1.87 it was estimated by the directors, since the "Goats" will not be satisfied with anything less than the best. All members are warned that the supper will start at 7:45, on the minute and that the new "Tail Twister" will be at the gate to collect fines from those who arrive later. It is believed that the fines may range high for any late "Goats" as Tail Twister J. D. Craven headed the losing attendance group.

Hopper Front Advances To Fight Enemy

Over 120 Tons Of Poison Is Placed; State Highway Aids

The war on grasshoppers continues in Motley County as one hundred twenty tons of poisoned bait has already been distributed and as much more is expected to be used. Frank A. Buckley, county leader in grasshopper control, announced that another carload of bran and poison has been moved into the mixing station. He urges that everyone poison out their hoppers in the turnrows, bar-ditches, and pasture margins before warm weather drives the insects into the fields of young crops where it is difficult to poison them. Pasture margins must be poisoned repeatedly to prevent the hoppers from getting into the fields.

Four W. P. A. workers are helping patrons mix the poison mash at the mixing station, which is located in the Farmer's Gin at Matador.

W. C. Eggeston, local Section foreman for the State Highway Department, has arranged to poison the rights of way of all state highways in the county in cooperation with the county agent. He warns all livestock owners to keep all animals off the highways to avoid any possibility of loss. Buckley expressed the opinion that poisoning the rights of way would materially reduce grasshopper numbers for another year, as highway ear-ditches are a favorite place for the laying of eggs.

HINES FAVORS CHILDRESS TO MATADOR ROAD

CHILDRESS, June 28, Virtual assurance that the state highway commission will designate the Childress-Matador road as a state highway was received here today by Jerry W. Debenport, secretary of the chamber of commerce.

It was a letter from Harry Hines, West Texas member of the commission, who stated that he is in favor of the designation.

The commission will meet next Monday to issue formal orders, and it is considered likely that the designation will be included. A delegation from Childress, Hall and Motley counties appeared before the commission at their last open hearing in interest of the matter. Letter Given

Hines' letter follows:

Dear Mr. Debenport:
Referring to our past conferences, and the recent hearing in Austin, you are at liberty to publicly quote me as being in favor of a designation from Childress southwest to Whiteflat in Motley county.

I realize that this is a vast potential area occupied by as good a citizenship as we have in the state of Texas, with much space for future development; and I am strong for penetrating the various areas of Texas with all-weather roads and highways that we may be able to advertise our state, and encourage new citizens to come this way and assist us in developing the mammoth potential possibilities that exist in Texas.

You may rest assured that while we may get this designation made at the next executive meeting of the commission, that if we do not, I will continue to strive to that end, and if I meet any difficulties will communicate with you and Representative Alexander for your help. I am very happy to say that our division engineer, Mr. J. B. Nabers, feels just as strongly as I do that this designation should be made, and will do all within his power to eventually bring it to pass.

With kind regards, I remain,
Sincerely,
(Signed) HARRY HINES.

Heavy Rains Over County Cause Damage

Motley county residents are watching the skies for signs of rain. But instead of the usual condition, at this time of year, they are hoping the clouds will clear away. Farmers are anxious to get into their fields to plant where the rains have washed away the crops and others are working to cultivate crops that have survived the heavy rainfalls during the past month. Rains late Friday and Saturday washed away an estimated 16 per cent of the crops planted in the county as 1.82 inches were registered here. In some sections it was estimated that as much as four inches have fallen in the past week, causing considerable damage.

The heavy rains late Friday caused an impairment in the postal service here Saturday after flood waters had damaged a small bridge in Cottle county so that it was unsafe for trains to use it. Mail was again delayed Sunday but regular service was restored Monday.

The railroad bridge across Tongue river near the Cottle county line was declared to be endangered for a time Saturday, because of flood waters, however, no damage was reported.

The total rainfall for June as recorded by J. H. Sample's rain gage yesterday, was 5.74 inches as compared with 2.12 inches during the same month in 1937. While farmers have suffered loss because of washed out fields, stockmen reported the finest range conditions here in the memory of old-timers. Grass is abundant, water plentiful and cattle are in excellent condition.

CLAIMS BEING PAID
Lump-sum payments under old-age insurance provisions of the Social Security Act are now being approved at the rate of 750 per working day. Claims are now

being received by the Social Security Board, 1012 Oliver-Eakle Building, Amarillo, from wage earners reaching age 65, and from close relatives or estates of workers who die.

Of The OLD WEST

By JOHN M. HENDRIX
(Texas Parade)

The story of the founding of the great S. M. S. Ranches, which sprawl over portions of ten West Texas counties runs back to the days of 1859, when Texas was rewarding her veterans of the Texas Revolution with certificates covering lands in far West Texas, at that time practically unknown and populated only by Indians and buffalo. Now, the veterans needed more substantial things at this time in their lives than tentative title to unexplored and undeveloped lands, and they were willing to exchange the certificates for necessities.

In the little town of Richmond, on the Colorado River, there lived S. M. Swenson, a Swedish merchant, who had confidence in Texas and ultimately in West Texas. He readily exchanged the needed boots, shoes, food and farming tools for the land certificates, acquiring in this manner hundreds of thousands of land in unbounded and unnamed West Texas, eventually to become West Texas counties.

By 1883 cattlemen, seeking new ranges to the west, were using the Swenson lands as well as any others available as free range. Taxes were being collected, which Swenson, and not the cattlemen, was paying. The sons of the elder Swenson, E. P. and S. S., prevailed upon their parent, who by this time had moved to Austin, to allow them to fence, stock and operate the lands owned by him as a ranch.

In 1883, A. E. Dyer, a kinsman of Swenson, living near Georgetown, came out to locate, fence the lands, stock them and begin the operation of the ranches. He was accompanied by Joe Ericson, who was to assist in locating the first cattle on the range and who spent the balance of his life, fifty-four years, to be exact, in building up the great ranches and breeding its cattle into one of the Nation's greatest registered herds. Almost immediately they were joined by A. J. Swenson, a cousin of the younger Swensons, who was to spend a lifetime with the properties and develop into its present manager, a position he has held efficiently for many years.

Swensons were the first to completely fence a large ranch in West Texas. No sooner was this innovation completed than came the realization, in 1884, that if

the ranch was to prosper and fulfill the expectations of its young promoters it must be with better cattle than the longhorns of its neighbors. In 1884 they introduced registered bulls to the West Texas ranges and began the half-century long struggle to excel in providing range cattle of top quality. That they were farsighted was evidenced a few years later when they were able to offer to Corn Belt buyers a standardized Hereford feeder calf of such certain quality that it could be purchased by mail order from a catalogue, with the same assurance that standard household articles might be purchased in the identical manner.

Of the thousands of S. M. S. feeder calves shipped to the Corn Belt from their ranges each year for the past quarter century, only a very small percentage of them have been seen by the purchaser until he is advised by the carrier that they have arrived at his station. This method of selling is a tribute to the breeding of the S. M. S. cattle and the integrity of its owners. A like method of selling has not been duplicated through

out the range country. Concrete evidence that the cattle are tops is in their show and killing records over a long period in the national livestock shows of America. The ranch does not exhibit finished cattle on its own account, but from the thousands of calves shipped each year consistently since 1909, cattle from this range, fed by Corn Belt feeders, have stood first in their class eight times and were in the money every year during that period. Last fall at the International Livestock Exposition in Chicago, S. M. S. calves were awarded the coveted grand championship.

Again in 1907, the Swensons evidenced their faith in West Texas lands by purchasing the 325,000-acre Spur Ranch from its English owners. Much of the original S. M. S. lands have been developed into agricultural areas.

The Swensons have been known as builders since their introduction into West Texas and are responsible for the rapid development of the city of Stamford, where they maintain their headquarters. Shortly after their pur-

OF COURSE, you can't leave your engine standing on its head every time you park, but you can have it OIL-PLATED. And OIL-PLATING not only goes clear up inside your engine, but stays there — for hours — weeks — months — even while the engine is right-side up at a standstill! Now why is that better?

Well, this exclusive OIL-PLATING — formed in your engine solely by patented Conoco Germ Processed oil — is always up there ready to lubricate before other oils could even begin to circulate. Therefore, every start you make finds cylinders,

rings, bearings and other parts self-lubricated in advance. The action of the patented Germ Process has kept them continuously charged with oil, or OIL-PLATED.

They cannot "start dry," and thus you are rid of engine enemy No. 1. Good platings don't evaporate either, or lose their grip during Summer spurts. You can tell that about OIL-PLATING by noting how Conoco Germ Processed oil maintains the oil-level. Head in at Your Mileage Merchant's. Continental Oil Company

MRS. JONES HONORED

Mrs. M. S. Thacker entertained at her home Tuesday afternoon from three to six honoring Mrs. Harold Jones, a recent bride. Mesdames Thacker, Harold Jones, K. Jones, Paul Barrier and Miss Pauline Barrier received the guests. Others in the house party were Mesdames H. V. Bigham and E. E. Moss of Lubbock.

Mrs. W. A. Lewis presided at the brides register. Mesdames H. W. Kenney and W. P. Cooper presided at the punch bowl. Misses Bessie Mae and Willie Smiley presented the guests with corsages of garden flowers in pastel shades. Mesdames Homer Kingery and J. N. Scrivner rendered piano and accordion numbers.

The entertaining rooms were beautifully decorated with gladiolus and cennas. Out of town guests were Mrs. Ward D. Davis, Detroit, Mich., Mrs. Bert Hunter, Uvalde, Miss Helen Chalk, Dallas, Mrs. E. E. Moss, Mrs. H. V. Bigham, Mrs. Paul Barrier and Miss Pauline Barrier all of Lubbock, Mrs. Pat Sheridan and Mrs. Marvin S. Patton of Matador. Fifty five guests called during the afternoon.

Miss Merideth Gibson is visiting relatives in Lubbock this week.

J. M. Carpenter attended a welders convention in Lubbock Monday.

Nona Helen Kingery is spending the week with relatives at Darden Canyon.

J. V. Bristow and family of Rotan are visiting in the home of his parents, Rev. and Mrs. H. C. Bristow.

METHODIST CHURCH

Eugene L. Naugle, pastor. Next Sunday begins the last quarter of our Conference year. Would it not be nice to make the last months the best of the year? Our Revival meeting will be in this period. It should be a time of examination and rededication.

"The Christian who omits any one of the four—faith, love, works, or worship, is hitting on three cylinders." Come to church next Sunday.

Women's Missionary Society

The Methodist Missionary Society will meet at the Parsonage, Tuesday, July 5, 8:30 P. M. in World Outlook program.

Dr. Hughes Moves Office

Dr. J. H. Hughes moved into his new offices at the rear of the Bank bldg. Monday. The recep-

tion room has modernistic furniture with red leather upholstery. The treatment room is well equipped and modern in every respect. During his absence, Dr. Hughes took post-graduate work in obstetrics and clinical diagnosis. He is therefore better equipped to serve his clients.

G. A.'S MEET

The Girls' Auxilliary of the Baptist Church met at the home of Mrs. H. C. Bristow, Monday afternoon. The girls made baby pillow cases for Buckner's Orphans Home.

CHURCH YARD IMPROVED

The Baptist church yard was greatly improved this week with the pastor, Rev. H. C. Bristow leading in a clean-up and beautifying movement. The weeds were cut and the yard prepared for planting of bermuda grass. Two nice flower beds were made; one by the R. A. Boys and the other by the G. A. Girls which are now in contest as to who shall have the most attractive flowers of these two organizations. Plans are being made to lay concrete walks in front of the building which will add to the attractiveness as well as to the convenience of the building.

Wheat Growers To Discuss Insurance

Wheat growers of Motley County will meet at the Courthouse Saturday afternoon at two o'clock to discuss details of the Federal Crop Insurance Program. Frank A. Buckley, county agent, announced. Applications will be taken at the meeting for all those who care to enter the program.

Federal Crop insurance for wheat is an all risk insurance on the normal crop for the farm. Premiums are payable in wheat or cash and indemnities are to be paid in wheat. The policy covers the 1939 crop but must be taken out this summer to be effective.

Compliance To Be Checked In July

Compliance with the 1938 Farm Program will be checked during July, according to Frank A. Buckley, county agent. Five supervisors will be sent into the field as quickly as they can be trained by the supervisor, Buckley said.

All farm operators are being asked to indicate when they will be ready for the check-up visit, as no crop changes can be made after the supervisor has made his report. The five supervisors will report daily to the county office, and two plainmeter operators will determine crop acreages as the maps are turned in. It is hoped that by this method payments can be obtained earlier than in previous years.

A base map has already been constructed for every farm in the county, and it remains only to plot in the new crop boundaries to give a complete picture of the 1938 farming operations.

A great Fort Worth daily discusses Bill McCraw in the following editorial. Texas may be sure that McCraw will make all Texas a great Governor.

We Suggest McCraw:

TEXAS must have a Governor who not only has good ideas, but who can carry them out. This State hasn't suffered so much from lack of good intentions, but from inability to accomplish them. A great State leader must know government, and have a progressive, liberal program, but a program is worth nothing unless he can put it into effect.

BELIEVING this, we recommend Attorney General William McCraw for Governor.

His ideas are good, but he has something extra that makes him stand above the other men with thoughtful plans for Texas who want the same job.

McCraw has the brains to conceive and the experience to guide, and, most important of all, the courage to fight, the warmth of personality to persuade and the ability to get things done that will put his ideas into effect.

McCRAW'S program for economy is practical and is the kind that can be accomplished. Texas needs the merit system for efficient State employes that he advocates. It must have the effective regulation of all State utilities which he suggests. Texas must not have the sales tax. He opposes it.

His determination to correct insurance laws which permit racketeering is fine.

His plan for a State labor relations act is good. We agree with him that ad valorem taxes must not be increased. His pension plan is sensible and practical. He believes the old people have suffered more from politics in pensions and from never knowing where they stand than they have from the meagerness of the pensions. So do we.

ALL these are good ideas, and none of them are new. Many have been tried in other States and proven sound. Some are in the platforms of other candidates. McCraw does not deserve nearly as much credit for originality in State planning as he does for the fact that he has approached State problems with an eye for getting something done about them. His platform is planned so that it can be carried out. He is the kind of man who can and will carry it out.

WE are tired of Governors who plan well, promise much but who can not or will not carry out their plans and promises. We want a man who knows what to do, and who can and will do it.

We believe McCraw is that man.—Fort Worth Press, Saturday, June 11th, 1938.

Baptist Church...

(Continued From Page One)

L. Naugle pastor of the Methodist church at Roaring Springs, Rev. D. D. Denison of the Methodist church here and a large delegation of members as services were suspended for the evening. Others were present from Whiteflat. Rejoicing is expressed

Association To Meet At Whiteflat

Contrary to the report made recently that the Floydada Worker's Association of Baptist churches would adjourn for the summer, the organization will hold its next meeting at Whiteflat on Tuesday, July 5, beginning at 10:00 o'clock, it was announced here this week by Rev. H. M. Weldon, pastor of the local Baptist Church.

The association, embracing the churches of Motley, Floyd, Briscoe and Crosby counties, had heretofore disbanded for the summer months and it had been announced that the same procedure would be followed this year and that the meeting which was held in Ralls the first of June, would be the last until general conference which would be in the late summer.

It was decided, however, thatasmuch as other Worker's Associations in the district continued thru the summer, the Floydada association would do likewise.

Citation

THE STATE OF TEXAS, TO THE SHERIFF OR ANY CONSTABLE OF MOTLEY COUNTY—GREETING:

You are hereby commanded to summon Charlie B. Shipman by making publication of this citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Motley County, to be holden at the Court House thereof, in Matador, Texas, on the 4th Monday in July A. D. 1938, the same being the 25th day of July A. D. 1938, then and there to answer a petition filed in said Court on the 20th day of June A. D. 1938, in a suit, numbered on the said docket of said Court as No. 1019, wherein Mary Essie Shipman is Plaintiff, and Charlie B. Shipman is Defendant, and said petition alleging: That on or about the 17th day of November 1932, the plaintiff and defendant were lawfully married, that on or about the 20th day of September 1935, the defendant abandoned her after perpetuating certain acts of cruelty which is fully described in plaintiff's petition; and further alleging that Plaintiff was when she married and is now possessed of an estate of real and personal property, which is not separate estate and charging that the Defendant is not entitled to any interest herein but that he is claiming such interest which constitute a cloud upon the title to her property and praying to recover the title and possession of all such property from the Defendant, and that her title thereto be cleared, all of which fully appears in said petition.

That the acts of cruelty complained of are in substance that on or shortly before the 20th day of September, 1935, the defendant wrongfully sold 8 head of cattle and certain horses belonging to the plaintiff, and secretly left her and abandoned the Country, converting the cash receipt for said livestock for his own use and benefit and leaving Plaintiff in destitute circumstances, which acts distressed and disturbed her and caused her to suffer mental anguish and great anxiety, causing her to lose sleep and suffer great suspense and uneasiness of mind, which conduct amounted to cruel treatment against Plaintiff

since which time she has not lived with him as his wife, praying for divorce and judgement for her property as described in said petition.

Plaintiff alleges that she has resided in Motley County for more than six months, and in the State of Texas, for more than 12 months before the filing of this petition.

Herein Fail Not, and have before said Court, at its next regular term, this writ of your return thereon, showing you have executed the same.

Given Under My Hand and Seal of said Court, at Matador, Texas this 20th day of June A. D. 1938, Jack Robinson, Clerk, District Court, Motley County. By Howard H. Deputy. June 23-30, 1938

INDEPENDENCE...

IT IS ONE of the characteristics of a free people that they should seek for themselves as individuals the independence that they have achieved collectively as a nation. There is no more clearer reason, then, why America is a country in which thrift and financial foresight have been the twin keystones of progress.

JUST AS THE financial well-being of the United States rests upon its commercial and savings banks, so the integrity of these banks rests in turn upon the thrift, industry and confidence of the American people. As one of those banks it is with pride that we, on the Fourth of July, greet those persevering men and women who through their banking institutions have made America a great and prosperous nation.
