Heavy Rain, Hail Batters Lamesa Area

Five Inch Fall In 45 Minutes Is Estimate

LAMESA, May 29. (Spl.)—A terrific rain, mixed with large hailstones, battered this city for 45 minutes Saturday night.

No official gauge was available, but J. M. L. Sandefer, fire chief, estimated there was upwards of five inches of rain descending in that space of time.

Hail broke some plate glass windows downtown, shattered a large amount of neon sign fixtures and inflicted damage to trees and roofs.

Ackerly received only a brisk shower about sundown Saturday, and later in the evening was treated to some wind and electrical display.

Reviewing The Big Spring -Week-

Joe Pickle

This has positively nothing to do with the weather or the state of the nation, but Mr. Arthur Caywood informs us that someone left a set of dentures (false teeth, they used to be) in the State Theatre during the week.

Howard county was treated to a super-West Texas weather spectacle last week with virtually every foot of ground getting some rain.

The world government forum Tuesday evening at the city auditorium will be hardly as flamboyant as radio's famous town meeting, but it will be a highly informative affair.

Big Spring has a chance to be well represented at the national political conventions, W. D. Berry is a delegate at large to the national democratic convention and G. H. Hayward is an alternate from the 19th district to the republican party.

Water consumption dropped about a million gallons a day last week in the face of refreshing showers, which, curiously, may have the effect of shoving demand to new heights.

Business To Halt On Memorial Day

Business comes to a halt Monday in Big Spring in tribute to the war dead of this city and Howard county.

Although no formal ceremonies have been planned, numbers of families traditionally find their way to the cemetery during the day to place wreaths or small flags on the graves of men who gave their lives in service to their nation.

**TEXAS POLL**

**Sentiment Rises For Price Curbs**

AUSTIN, May 29—Public sentiment for price control has increased in Texas during the past two months. Now a majority of men and women want Congress to pass a bill giving the President power to put a ceiling on food prices.

Shortly after the February slump in the commodities market, a state-wide survey by The Texas Poll showed a marked increase in public expectation of lower living costs and a corresponding drop in sentiment for federal price control. In its latest survey, the poll finds public opinion on price control back where it was before the February market break.

Three times this year, interviewers for the poll have asked a representative cross-section of adults this question:

"If you were a member of Congress, would you vote for or against a bill giving the President power to put a ceiling on food prices?"

Whether or not this question becomes an important issue in this summer's congressional races remains to be seen.

Since the end of the war, The Texas Poll has charted significant trends in public opinion on price control. In December, 1946, after Congress had killed OPA, more than two-thirds of the people in Texas were against its revival to control prices on food and clothing.

In November, 1947, after a year of rising costs, The Texas Poll found public thinking swinging back toward approval of OPA, with only 46 per cent voting against its return.

President Truman on several occasions has asked Congress to give him stand-by authority to control prices.

The Texas Poll finds that the President's proposal appeals most to people in the lower income levels. The following breakdowns show this clearly:

"If you were a member of Congress, would you vote for or against a bill giving the President power to put a ceiling on food prices?"

**Texas POW Club To Pay 'Big T' Visit**

DALLAS, May 29. (AP)—Members of the Texas Prisoner of War Club will visit the Battleship Texas at its berth near San Jacinto battleground during their annual reunion June 19-20 in Houston.

H. L. Prechett Jr., secretary-treasurer, said this feature of the reunion program had been added by John T. Jones Jr., Houston, reunion chairman, "and we hope Fleet Admiral Chester Nimitz, as commander of the Texas Navy, will be able to be there with us."

Gen. Johnathan Wainwright, honorary president for life of the Texas POW Club, and Adjutant Gen. K. L. Berry, his fellow sufferer as a prisoner of the Japanese, both are expected to attend the reunion, for which Prechett has received more than 300 reservations from former prisoners of the Japanese or Government now living in Texas. Amon Carter, Jr., Fort Worth, president of the club, has requested commanding officers of all Army, Navy and Air Force installations in the state to grant three-day passes to former war-prisoners in their commands to permit these men to attend the reunion.

The program will open with a business session Saturday morning, June 19, at which legislation now pending in Congress and veterans' problems will be discussed by several nationally-known speakers.

POWs and their wives will attend the annual dance that night in the ballroom of the Rice Hotel, which will be headquarters for the reunion. Memorial services Sunday morning will be followed by a boat trip down the Houston Ship Channel to the battleship Texas and San Jacinto memorial.

Rep. Lindley Beckworth has been invited to discuss legislation in Congress affecting former war prisoners, in particular House resolution 4044, now in a Senate subcommittee. As passed by the House, the measure set up a war claims commission to recommend damage payments to civilian internees from \$250,000,000 in frozen Axis funds held by the United States. The House specifically excluded members of the armed services from its benefits, but Senate subcommittee has recommended amendment of the bill to include them.

# Casing Run In Seaboard Test

Seaboard Oil Corp. No. 1 W. C. Campbell, north stepout in the Vealmoor pool, was reported preparing to drill ahead after setting seven and five-eighths inch casing on bottom at 3127 feet in lime.

Previously, the test had been reported erroneously at 3,700 feet. There was no official word on structures, but there were indications they were comparable to Seaboard's heavy producer, the No. 1 Dora Campbell, 1,650 feet to the south. Location is in section 29-32-3n, T&P.

During the week Cole-Darden and Westmoreland & Johnson of Midland staked location for the No. 1 R. T. Foster, a 5,000-foot venture 660 feet from the south and 1,980 feet from the west lines of section 26-3, SPRR, a mile and a half northwest outpost to the Anderson-Prichard and Vickers No. 1 Foster, a south central Sterling county Wolfcamp-Albany discovery.

Allen Guiberson No. 1 Lassiter in northern Coke county was bottomed at 6,528 feet and was to set five and

a half inch casing at 6,495 feet and test shows of oil in the Marble Falls section. It also had shows from 6,464 to 6,495 and will test those through perforations. Top of the Marble Falls was picked at 6,464 and elevation of 2,121 feet.

Shamrock Oil & Gas corporation No. 1 Wendland, Southeast Coke county wildcat, seven miles southeast of Robert Lee, and 4,850 feet from south and 2,997 feet from east lines of the Jose Gutierrez survey No. 22, was scheduled to treat the open hole section at 6,235-50 feet, in the top of the Ellenburger, with acid, and then test.

This project swabbed on that interval until all load water had been swabbed out. When the swab had reached bottom the project kicked out a small amount of free oil, and then died.

No water has developed and it is hoped by interested observers that the acid shot will cause it to show oil in commercial quantities.

## No. 1 Eaton Drilling Permit Is Requested

MIDLAND, May 29—Joe Mucher, of Longview, et al. have filed an application with the Railroad Commission of Texas, requesting a permit to start drilling at once on their No. 1 Hyden J. Eaton, as a 2,000-foot rotary wildcat in North Pecos county.

This project will be 330 feet from northeast and southeast lines of the lease in section 21, block 3, H&TC survey. That puts it three and one half miles southwest of Imperial.

## PUBLIC THANKED

### Lions Minstrel Nets Big Fund For Uniforms

The Lions club may lack a little, but the big end of its pledge in underwriting a \$1,200 band uniform purchase is in sight—thanks to public support of its minstrel.

A final tabulation was not possible Saturday, but club officials estimated that the net on the show may be in the neighborhood of \$1,000.

Friday more than 600 people turned out for the second night showing of the minstrel and not only enjoyed two hours of fast moving show at the city auditorium but found the balance of the club candy fund. R. L. Tollett upped his own bid twice to buy a bicycle auctioned for the band fund.

Harold P. Steck, first vice-president and acting head of the Lions club, expressed thanks to the public for support of the minstrel.

"Whatever we have been able to raise toward the band uniform is due to the generosity and support of the people of Big Spring, and the three score or more who worked hard for several weeks to insure the success of the show," he said.

"Whatever the final amount will prove to be, I want to say thanks for every penny of it."

Gulf Oil Corporation No. 1-E Wilson Bryant, Central Midland county wildcat, 14 miles south of Midland, and in northwest quarter of section 36, block 39, TP survey, T-3-Sm went in at 9,410 feet, to core.

It cut five feet and had trouble from the remnants of an old packer rubber in the hole, left over from a drillstem test.

Operator decided to come out with the core cutter and get the hole in better condition before attempting to core further.

## Salvation Army Slates Meetings

The second annual summer series of open air meetings for tourist courts will start Wednesday, Capt. Olvy Sheppard of the Salvation Army reported Saturday.

"This year the schedule of Gospel meetings will be taken into at least 10 courts, he said. Most of these will be courts which cater to permanent residents.

A portable amplifying system has been set up on the Salvation Army station wagon so that half-hour services may be held at 7 p. m. and at 7:30 p. m. on Wednesday and Thursday evenings for the next seven weeks. The series drew a good response last year.

## Burglary Charges Filed Against Youth

Charges of burglary were lodged Saturday with Justice of Peace Walter Grice against Doyle E. Denton, 18.

The youth was implicated, said officers, in a series of burglaries broken last week with the arrest of half a dozen boys. All except the young man charged will face juvenile action before County Judge W. S. Morrison Tuesday morning.

Officers said that 15 cases of burglaries had been cleared by statements of the boys. Numerically, it was the biggest burglary case since 1940.

Lion Oil company No. 2-B G. H. Cowden, is to be a stepout from the two producers from the Grayburg-Permian, in the Gib field about three miles southwest of the town of Crane, in Southwest Crane county.

The drillsite is 990 feet from south and 1,650 feet from west lines of section 13, block X, CCS&RNGNG survey. Drilling to about 3,150 feet, using cable tools, is to start at once.

Taylor Refining company and Pan American Production company No. 1 Jim Barron, southeast Tom Green County wildcat, about 15 1/2 miles east of Christoval, and 660 feet from north and east lines of section 16, A. J. Nasworthy survey, was making hole below 5,555 feet in Ellenburger lime, topped at 5,500 feet.

At last report the project had not encountered any signs of oil or gas. Derrick floor elevation is 2,457 feet.

Honolulu Oil Corporation No. 1-13 Ellwood estate, East-Central Hockley county prospective pool opener, three and one half miles north of Smyer, and 660 feet from north and west lines of section 13, block A, R. M. Thompson survey, was swabbing to clean out and test, after re-acidizing the open hole section at 5,917-6,014 feet, with 6,000 gallons of acid.

This prospector had swabbed between four and five barrels of oil per hour, with a small shakeout of acid residue, after the initial treatment of 3,000 gallons of acid.

This probable new discovery is several miles west of the Smyer field, the nearest proven producing area. The oil in that area comes the Glorieta, middle Permian, the same zone which is showing the production in the Honolulu development.

## Pastors' Group To Meet Tuesday

Regular monthly meeting of the Big Spring Pastors' association, scheduled to meet Monday, has been postponed until 1:30 p. m. Tuesday at the First Christian church, Capt. Olvy Sheppard, secretary, has announced.

PFC. John F. Burns, 19-year-old paratrooper from Big Spring, has recently been assigned to the 675th Glider Field Artillery Battalion according to information received from Camp Youngmans, Honshu,

Japan. Burns enlisted in the Army approximately one year ago. After completing basic training at Fort Ord, Cal., he joined the Airborne at Fort Benning, Ga., where he qualified as a parachutist and gliderman.

**IT STILL MAKES A VITAL DIFFERENCE TO YOU AND YOUR FAMILY WHICH BOTTLE OF MILK YOU TAKE HOME.**

The bottle or carton of milk which is produced and processed in HOWARD COUNTY is backed by a total taxable investment, by the producers alone, of more than \$425,000.00. It represents an expenditure by the producers in HOWARD COUNTY of more than \$330,000.00 annually. It represents the maintenance of TWENTY NINE HOMES in HOWARD COUNTY and in those twenty-nine homes there are approximately FORTY FIVE SCHOOL CHILDREN.

We will leave it to the consumer as to which milk supply is helping to build BIG SPRING and HOWARD COUNTY and to the merchants as to where their MILK-DOLLAR is being spent.

### WEEKLY OIL

## Industry Explores North And South

By MAX B. SKELTON  
HOUSTON, May 29. (AP)—With new production and demand records being established in the United States almost weekly the oil industry is looking to the north and to the south for additional sources of oil.

Tidelands operations in the Gulf of Mexico are expanding rapidly and Canadian officials are hopeful of attracting widespread explorations by United States companies.

N. E. Tanner, minister of lands and mines, Edmonton, Alberta, Canada, recently described the dominion as the greatest unexplored area on the North American continent.

He added that Canadian officials are doing everything possible to encourage exploration by United States companies.

"We invite everyone interested in the industry to come to Canada," he stated.

Canadian explorations on an extensive scale possibly would lead to at least a partial solution of

the world's current supply-demand problems in that Canada currently is producing only 10 percent of her petroleum needs, Tanner explained.

Governmental agencies have estimated Western Canada reserves hold between one billion and five billion barrels of oil.

Meanwhile, American Petroleum Institute estimates indicate United States crude oil production has established an all-time high for the second consecutive week.

API estimates production averaged 5,439,200 (M) barrels daily for the week ending May 22. This is 16,600 barrels higher than the record set a week earlier.

The Oil and Gas Journal placed the May 22 daily average at 5,435,325 (M) barrels, 18,280 above the previous week.

Increased summer travel saw gasoline demands increase. API reported, by 190,000 barrels to 2,771,000 (M) barrels daily.

The situation was eased somewhat, however, as gasoline production climbed to 17,248,000 (M) barrels for the week, a new record that was 107,000 barrels above the preceding week and 85,000 higher than the previous record set for the week of January 3.

Gasoline stocks continued to decline, dropping 1,451,000 (M) barrels to 106,934,000 (M) barrels.

#### State Notes:

The Texas Railroad Commission has placed the state's natural gas production for March at 278,812,741,000 (B) cubic feet, an increase of 22 billion over the same month last year. Pipelines took 47.22 percent of the production as compared with 41.73 percent for the same period a year ago.

Continental Oil Company has added a new producing zone to the camp pool, Carter County,

### Clerk Gives Himself Big War Record

CHICAGO, May 29. (AP)—John Andrew Keller, Jr., 21, who went to work in 1944 as a clerk in the Pentagon building at Washington, left his job with a self-made rating of second lieutenant and a flock of bogus war citations.

"I did" — all with an Army mimeograph machine and typewriter," Keller said yesterday after a criminal information was filed in federal court charging him with making false entries in government records.

"I gave myself an honorable discharge, too," Keller said.

The Peotome, Ill., salesman is to be arraigned in federal court next week. Conviction of the charge carries a maximum penalty of 10 years' in prison and a \$5,000 fine.

Robert C. Eardley, assistant U. S. attorney, said Keller, who never was in military service, represented himself as a veteran of several European battles, twice wounded, and winner of the Belgian Fourragere and the Purple Heart with cluster.

Eardley said Keller's fake records were disclosed when he attempted to be promoted to first lieutenant in 1946.

The Louisiana House of Representatives Thursday approved, 84 to 12, a bill boosting the state's gasoline tax from seven to nine cents per gallon.

### Tough Stock Seen For Local Rodeo

New specialty acts and stock that will be "plenty tough" are promised for Big Spring's annual rodeo, which has been set for August 4-5-6-7.

Leaders of the rodeo association were in communication this past week with Earl and Jack Sellers of Del Rio, who will stage the arena production here again this year. The Sellers brothers reported that several feature acts will be a part of their show this year, and also reported that the rodeo stock is of better calibre than ever before.

Local arrangements for the show will be mapped soon, it was reported. The rodeo will be staged, as in the past, at the association's arena at the eastern edge of the city.

The Southern Town Hall Association is formed for the purpose of presenting as broad and excellent a program as possible with selections sufficiently varied to satisfy all.

The local 20-30 Town Hall may present five or more numbers each season (one year). Lecture, concert and other entertainment are available. The officers of the local 20-30 Town Hall will select their own programs and these will be secured through and furnished by the Southern Town Hall Association with headquarters in Dallas, Texas.

One hundred and fifty dual memberships are necessary to establish a local chapter. Each dual membership admits two persons to all functions of the Town Hall of Big Spring and surrounding Town Halls in this area. There will also be single memberships and student memberships. If sufficient memberships are not sold your money will be refunded. THIS IS STRICTLY A NON-PROFIT ORGANIZATION, sponsored by the 20-30 Club in Big Spring with the assistance of City Federation of Women's Clubs. Tickets will be sold by all members of these clubs.

**THIS IS WHAT THE PEOPLE IN THIS COMMUNITY HAVE BEEN WAITING FOR! JOIN NOW!**

You will hear discussions on world affairs, communism, the Far East, problems of the United States, science and many other timely subjects.

## LOOKING 'EM OVER

With TOMMY HART

Has anyone noticed that the brand of umpiring in the Loughorn baseball league is much better than it was a year ago? . . . Howard L. Green's present staff of arbiters no doubt miss them regularly, as do all officials everywhere, but none of the men-in-blue can be cowed like several of the youngsters were last year. . . Each of them runs his show with a firm and steady hand. . . Bows for the improved caliber of officiating can be taken by several parties: George Barr's school, from whence the umpires came; Organized baseball itself, which is doing everything possible to improve the lot of the operatives; and the league itself. . . True, you'll hear scathing denunciation of the umpires from time to time but fans have always and will continue to abuse their sation as long as there is baseball. . . You'll find there is as much controversy over the officials in the major leagues as there is here. . . The fact that they're universally unpopular in the eyes of the fans needn't detract from the fact that they are doing their respective jobs adequately. . . Lamesa's Loboes of the WT-NM league are so short of athletes, Manager George Sturdivant is playing Chet Zera, a pitcher up from Sweetwater, in the outfield. . . Chet hit a round tripper the other night. . . Calien McKipe, who opened the season with Sweetwater, has been returned to the Sports by Lamesa. . . Catherine Redding, probably the finest woman softball player in West Texas, has a nephew in Ballinger who should make a whale of a professional diamond star. . . He's Lyn Harris, son of Buck "Tag" Harris, who once played ball under Billy Southworth, the present skipper of the Boston Braves. . . Lyn, who wants to be an outfielder like his pop, is only 11 but weighs nearly 130 pounds, works out most every day with his dad. . . One of his favorite teams, incidentally, is Big Spring.

## Moreno Hitting At .327 Clip

Orlando Moreno, the former Big Spring third sacker now rooming in the outfield for Havana's Florida International league club, was hitting .327 when the latest averages were published. He had scored 26 runs, collected 48 hits and accounted for 25 RBIs. . . Jose Cindan, ace of the Big Spring staff in 1947, was one of three unbeat FI hurlers. He had three wins. . . Humberto (Bert) Baez, the tremendous utility man of the Hossees who injured himself while fielding a ground ball in the second game of the Vernon series, is on crutches and may stay that way for a couple of weeks. He twisted his knee. . . Odessa's baseball fans, a victory-hungry lot, have taken to booing every member of the team with the exception of Leon Brinkoff, the Oil-3AA should plan for All-Star Game.

## Cotton McCaskey and Bill Boswell of the Vernon club

will be the Vernon club hall from Larry Shaw's home town, Mobile, Ala. . . Paul Campbell, the former Big Spring resident, has been cast adrift by San Angelo. . . San Angelo newsmen are beginning to warm to Pepper Martin, the former Big Spring fly chaser now the Concho City's baseball foreman. . . Wrote Jim Carr in a recent edition of the Angelo Evening Standard: "The youthful Pepper has instilled into his Colts a fine team spirit. In the dugout, before and during games, they are more like a group of high school students on a picnic than a group of professional ball players fighting to improve their standing in league play. They play as a unit, with no prima donna complexes to be detected in their

## Heafner Clings To Advantage

FORT WORTH, May 29.—Clayton Heafner clung to his lead in the Colonial National Invitation Golf Tournament with a two-under par 68 today, but the sensation of the third round was Ben Hogan's mighty 65 that shot the little fellow to within three strokes of the top. . . Hogan, the Hershey, Pa., mite, tied his competitive course record, set in 1946 over Colonial Country Club's rolling 6,635 yards and swept from tie for seventh to second place with a 54-hole total of 206. . . A gallery of 5,000 watched the battle between the big and the little of golf—in physics, that is. . . The lumbering Heafner, baldish blond from Charlotte, N. C., finished the third round early, posting a 33-35-68 for a total of 203. It looked safe enough. . . It was safe, although not enough to keep Heafner from getting that uncomfortable feeling when the game's little giant came a-rolling in with what many observers called the greatest round ever shot in this city.

## Citation Breaks Record To Win By Ten Lengths

CAMDEN, N. J., May 29.—Citation smashed the track record for one and one-quarter miles today as he won the \$50,000 added Jersey Stakes at Garden State Park at 10 lengths. The Kentucky Derby and Preakness winner was clocked in 2:03 as compared to the old mark of 2:04 3-5. . . Eddie Arcaro had the son of Bull Lea pulled up to almost a walk as he crossed the finish line before an estimated crowd of 27,000. J. M. Roebeling's Macbeth was second behind the bay colt from Warren Wright's Calumet Farm.

from Lexington, N. C., edged into third place with a fine 69 today that gave him a total of 208 while Lloyd Mangrum of Chicago and Bobby Locke of Johannesburg, South Africa, who were tied for second at the end of yesterday's round, faltered badly. . . Mangrum had a two-over-par 72 that dropped him into a tie for fourth with Hermin Kuiser of Akron, O., who shot a 68. Locke finished with a 73 that plummeted him into a tie for sixth with Jimmy Demart of Ojai, Calif., at 211. Demart posted 70.

## Pipeline Ties Monahans, 1-1

FORSAN, May 29.—Wind and sand stopped a Monahans and Cosden softball game in the tenth inning here Saturday night with the score tied at 1-1. . . Monahans had collected four hits off the offerings of L. D. Cunningham while Goy Watts, Monahans' pitcher, had set the Pipeline down with a single bingle. Each hurler had struck out 16 men. . . Cosden will play Nathan's Jewellers of San Angelo in a Texas softball league makeup contest at For-san Thursday night.

## Two Kid Softball Teams Organized

At least two teams of youngsters are ready for organization of a softball league. . . All they need is a couple more to give a minimum of a four team league, said Lee Milling, YMCA executive secretary. . . He urged any other neighborhood groups interested in organizing a team of lads 12 years and under to contact his office. The two teams already organized are practicing now, he said.

## Local Golfers Lose At Angelo

SAN ANGELO, May 29.—Both Big Spring contenders in the championship flight of the San Angelo Invitational golf tournament fell by the wayside in competition Friday. . . Obie Bristow, who had won his first round match from G. W. Archer of San Angelo, 3 and 2, was trounced by Don Cherry of Wichita Falls, a pre-tournament favorite, 2 and 1. . . J. R. Farmer, Big Spring, lost to Red Covington, Angelo, in first round play, 2 and 1. . . SAN ANGELO, May 29.—Defending Champion Claude C. Wild, Jr., of Austin, today eliminated Don Cherry of Wichita Falls, 3 and 1 to advance to the finals tomorrow of the San Angelo Country Club Invitation Golf tournament. . . Billy Maxwell, Abilene, Texas Junior Champion, defeated T. A. Averello, Fort Worth, 3 and 2 to gain a spot in the finals.

## Senators Nudge Red Sox Twice

WASHINGTON, May 29.—Washington shoved the Boston Red Sox deeper into seventh place here today by sweeping a doubleheader. The Senators rallied for three runs in the ninth inning to defeat Jack Kramer, 5-4, then staggered to a 7-6 victory in the second game. . . Mickey Vernon tripled with the bases loaded in the third inning of the nightcap to put the Senators comfortably ahead but Boston scored five runs in the ninth inning off Forrest Thompson and Walter Masterson. . . Fifty per cent of American cattle are raised on the range lands of 17 western states.

# RASSLE ROYAL AT AC MONDAY FEATURES CLEMENTS, GIDEON

Wrestling impresario Pat O'Dowdy, who gambles week in and week out on providing the kind of grapple entertainment the sports mob wants, has thrown a "little joe" with his promotional dice, which means that five men will be crawling into the arena at one time in the big sportorium on East Third street Monday night. . . O'Dowdy has lined up a rassle royal, a kind of match that has always gone over well here in the past. He's bringing back Sammy Cohen, more popularly known as The Red Devil, Eddie Gideon, Ray (Big Train) Clements, Billy Hickson and Yaqul Joe.

The five contestants had from as many different places of the country. . . Cohen, who made his debut here last week, calls New York City home. Gideon hails from Springfield, Mo., Clements from Lubbock,

Hickson from Nashville, Tenn., and Yaqul Joe from Sonora, Mexico. . . Cohen and Clements are two of the roughest parties ever to do business here. Gideon and Hickson are fair haired boys with the local clientele while Joe can be good, bad or indifferent. . . The Indian has one distinction some of the other boys haven't been able to attain. His leg scissors is known wherever there is a professional wrestling ring. . . Just to see that everything runs as it should, O'Dowdy is stepping into the roped square as referee. The tin-ears will think twice before they get tough with him.

## THE UNIVERSAL 'Jeep' DOES MORE FOR THE FARMER THAN ANY OTHER VEHICLE

- With 4-wheel drive for traction and steady pulling power in the field, the "Jeep" has a drawbar pull of 1200 lbs., operates almost any standard tilling or harvesting implement. Rear power-take-off runs power-driven implements from standard spline shaft drives.
- The "Jeep" can be used with the latest development in modern farming—a new hydraulic lift that raises, lowers or adjusts depth of implement while the operator remains comfortably seated. And of course it handles conventional pull-type implements, too.
- It provides mobile power anywhere on the farm, for operating many types of power-driven equipment such as separators, feed grinders, buzz saws, hammer mills, ensilage cutters and numerous others.
- The Universal "Jeep" is for hauling and towing on or off the road in all kinds of weather. It carries up to 1200 pounds, pulls a braked load of 2½ tons at highway speeds.

This message gives but a glimpse of the all-around, year-round usefulness of the Universal "Jeep". We invite you to see this versatile vehicle in action and let us prove that it does more different jobs than any other single farm vehicle. Call for a demonstration now—on your farm, with your equipment.

**Six Perish In Chicago Fire**

CHICAGO, May 29. (AP)—Six persons, including two children, perished and one man suffered serious injuries in a fire early today which swept a three-story apartment building on the city's near southwest side.

An undetermined number of persons fled from the building.

The bodies of a 12-year-old girl, a four year old boy and an unidentified woman were found in a stairwell on the second floor of the building. Two other bodies, both unidentified men, were found in a third floor room. A third unidentified man's body was found in the stairwell on the third floor.

Fire Marshal Anthony Mullaney said about 20 persons were reported to have lived in the building. First reports said about seven had suffered injuries.

Estimates of the lowering of world ocean levels during the ice ages vary from 300 to 2,300 feet.

**TEXAS OUTLOOK**

**Business At High Level In Mid-1948**

By Dr. Robert W. French (Written for The Associated Press) Business in Texas undoubtedly will end the first six months of the year at a high level, but the outlook for the third quarter is uncertain.

The momentum of business built up in the closing months of 1947 carried through the first two months of 1948 without a break.

According to the State index of business activity prepared by the Bureau of Business Research, business in Texas hit a postwar peak in February 1948 above the prewar (1935-39) average. For a period of more than two years from October 1945, the rise in Texas was comparatively steady, with a sharp downward break being reversed by a continuation of the upward sweep of the index. By February of this year activity was at a point only 10.2 per cent below the wartime peak and within a fraction of the level of July 1945, the last full month of hostilities.

Texas business in March appeared to be in a state of uncertain balance. The statewide index of activity fell 1 per cent in that month as the result of declines in pay rolls, electric power consumption, and crude runs to stills after adjustment for seasonal factors. On the other hand, the indexes of miscellaneous freight carloadings in the Southwest and department and apparel store sales rose between February and March, with employment holding steady. The composite state index and all of its components were substantially higher at the end of the first quarter this year than they were 12 months earlier.

Probably the strongest phase of the Texas business situation during the first three months of 1948 was the construction industry. Throughout the last seven months of 1947 building permits were more than four times the 1935-39 level, and for the first three months of 1948 the index of building permits compiled by the Bureau of Business

Research averaged 563 per cent above the prewar (1935-39) base period.

Permits issued in Texas cities during the first quarter were 88 per cent above the corresponding quarter of 1947. Total contracts awarded in the first three months this year exceeded the total of the first three months last year by 64 per cent, while residential contracts awarded were 121 per cent above the same period of 1947. The volume of retail trade also made a strong recovery in March, after having declined for two consecutive months. The condition of retail trade now appears to be one of the business situation.

Perhaps the weakest part of the business picture in Texas at the end of the third quarter was industrial activity. Industrial electric power consumption dropped 4 per cent even after allowance for seasonal factors. Crude oil runs to stills and crude petroleum production also decreased. Man-hours worked in Texas manufacturing establishments declined 2 per cent in March, and stood only 1 per cent higher than in March 1947. The number of employees working in manufacturing industries decreased 1 per cent from February, but was 4 per cent above March of last year.

Second quarter reports indicate continued uncertainty in the Texas business picture. In April retail sales and postal receipts slipped 2 per cent, building contracts awarded dropped 24 per cent, and fruit and vegetable shipments evened off from the previous month. On the supply side the agricultural outlook was dim.

## WINGS OVER BIG SPRING

### Small Naval Attachment May Be Assigned To Munny Airport

Possibility of assignment of a small naval detachment here was seen Thursday in the visit of a U. S. Navy officer at the Munny airport for a survey. A Comdr. Wagner, commanding officer of the VRF-2, the ferrying unit which sends most of the navy planes through Big Spring and stationed

at San Diego, Calif., was checking on the advisability of stationing a detachment here to handle mechanical repairs for navy craft. This has been shaping up for some six months. Comdr. Wagner flew here aboard the RAD.

Friday, a Maj. Buchanan, assigned to Army Flight Service, flew in with his party aboard a C-47 from Carswell Field, Fort Worth, and checked with Jack Cook, Munny manager, regarding installation of inter-phone communication with Army Flight Service. Indications are the stay will be taken soon, which means that the port would be in instant touch with Carswell and AFS.

In view of these potential developments, investigations are being made about the possibility of stocking 145 octane gasoline at the port, said Cook. The newer type fighting ships require this "super fuel."

H. G. Hassan, Jr., formerly of Albuquerque, N. M., has assumed charge of the Continental Air Lines station here. Hassan has been with CAL since 1942, except for two and a half years he was on lend-lease to Uncle Sam, and has been at Albuquerque since the fore part of 1946. He is married.

Pres Hopkins, who came here Dec. 1, 1947 from Topeka, Kans. as station manager, left Wednesday for San Angelo to become manager of that station.

It called almost for a celebration, but the Munny port got its first mowing of the season Saturday. Showers early in the week, as well as last week, were responsible for quick growth.

Traffic spurred sharply at the Munny port last week reported Manager Jack Cook. Navy schedules jumped and civilian traffic climbed so well it almost doubled for the week.

Fitzhugh Lee flew Steve Baker of Texas Electric Service on high-line patrol during the week from Hamilton Field.

## WEEK'S BUSINESS

### Real Estate Feels Period Of Slackness

A period of slack business was felt in real estate transactions and construction records during the past week, although city building figures suffered only moderately. Actually permits were issued at a rate that compared favorably with previous weeks, but only one new construction project was listed. Twelve others were required for repair, remodeling, moving, etc.

Total estimated costs for construction projected in the past week's permits amounted to \$20,045, assuring a total of well above \$200,000 for May. Total for the year at the end of the week was \$6,299,335.

Property transactions recorded by the county clerk's office last week involved some \$14,841, representing one of the lightest periods of the year. However, the week's total was sufficient to boost the 1948 figure to \$1,333,291.

Fourteen new motor vehicles were registered at the county tax assessor-collector's office. Included were 10 new passenger cars and four new trucks.

### Museum Now Being Readied For Reopening

Busy as beavers these days, Business and Professional Club members hope to reopen the West Texas Memorial Museum by July 1.

Volunteers are engaged now in a thorough cleaning and rearrangement of all displays in the ivy-covered stone building at the city park. Mrs. Moore Sawtelle, B&PW president reported.

The city has made all of the building available, which will result in about doubling space for displays. Besides this, the interior is being repainted, and S. P. Jones, one of the museum trustees, has donated materials for a ceiling on unfinished portions.

When the museum is reopened, it will have one room set aside for war relics displays, said Mrs. Sawtelle. These will include those of all wars, including World War II.

New displays will include portions of the manuscripts from Shine Phillips' "Big Spring, Casual Biography of a Prairie Town," and Frank Grandstaff's cantata, "Big Spring," which was inspired by Phillips' book. Grandstaff, it will be remembered, is a life-term prisoner in the state prison at Nashville, Tenn.

The museum is anxious to secure new displays, said Mrs. Sawtelle, and particularly those which will preserve the early-day story of this area of West Texas.

Persons with exceptional private collections will be encouraged to display them at specified intervals, said the president of the B&PW, the organization which took the museum under its wing a year ago. A special room will be set aside for that purpose.

### Moore Infant Dies At Local Hospital

Body of Betty Shirlene Moore, infant daughter of Mr. and Mrs. T. N. Moore, was to be forwarded to Comanche, Okla., for interment Monday.

The baby died in a local hospital about midnight Friday, about 12 hours after birth. The Moores recently came to Big Spring from Comanche.

Besides the parents, the baby is survived by a brother, Tommy Joe; the paternal grandmother, Mrs. Cora J. Moore of Comanche, Okla., and the maternal grandparents, Mr. and Mrs. W. R. Damson of Madera, Calif.

Nalley Funeral Home was in charge of local arrangements.

### ATTENDS CONVENTION

Madeline Trees left Saturday for Chicago to attend the American Nurses convention. She was to join the Oklahoma State Nurses planned tour at Chicago for a trip up the Great Lakes and St. Lawrence River to Montreal, Quebec and other points before she returns here about June 16.

## Memorial Day - - -

As the nation pauses Monday to pay tribute to the memory of those sterling young citizens who gave their lives in defense of their country, it remembers, too, the Mothers whose loss prompts them to observe a poignantly personal Memorial Day.

Of some two-score Gold Star Mothers in Howard county, The Herald presents a representative group, honoring, through them, all the Mothers whose sacrifice matches those of the stalwart sons who wore the uniform of Freedom and who marched under the Stars and Stripes. In thankful homage to all such young men who fell, the nation on Memorial day also extends a salute to the Mothers who mourn most their falling.

## Vacation Bible Schools To Begin In Churches

Vacation Bible schools will begin at three churches, the Wesley Methodist, First Presbyterian and First Baptist, Monday.

The school at the Church of Christ ended Saturday morning, with the schools of the Trinity Baptist, East Fourth Baptist, First Methodist and First Christian churches continuing for another week.

Students were enrolled at the Wesley Methodist church Saturday morning and will continue until June 6 with commencement services on Sunday evening. The school sessions last from 8:30 to 11 a. m. each day.

Mrs. G. H. Briden is superintendent of the school. Heads of the various departments are Mrs. Roy Rodman, intermediate; Mrs. Lee Harris, junior; Mrs. J. W. Bryant, primary; Mrs. W. D. Lovelace, beginners and Mrs. O. H. McLaurin, the nursery.

Lee Milling has been named dean of the Bible school of the First Presbyterian church which convenes for classes at 8:30 a. m. Monday through Friday for two weeks, beginning May 31. Classes last three hours.

Mrs. Mary Hix of Princeton Seminary, Princeton, N. J., who arrived Saturday to be religious director of the church through the summer, will instruct in handicraft and direct recreation.

The four divisions of the school are beginners, primary, junior and

intermediate. The beginners will study "Friends In God's World"; the primary department, "Bible Friends and Friends Today"; the juniors, "Choosing God's Way" and the intermediates, "More Than Conquerors".

Mrs. Otis Wilson, Mrs. A. B. Brown, Mrs. Lee Rogers and Mrs. C. L. Wasson will be superintendents of the four divisions. Others helping with the school are Mrs. Charles Marstrand, Mrs. M. M. Miller, Mrs. C. W. Holderbaum, Mrs. L. B. Edwards, Nelle Davies, Mrs. L. G. Talley, Mrs. C. R. Dunagan, Mrs. R. D. Sallee, Mrs. Cecil Penick, Agnes Currie, Mrs. G. A. Barnett, Mrs. R. M. Parks, Vivien Middleton, Mary Alice Dorsey and Lynn Porter.

Preparation Day was held at the First Baptist church Saturday, for the two week school which begins classes Monday.

Heads of the departments include Mrs. Otis Skiles, beginners; Mrs. Alton Underwood and Mrs. Edna Bryant, junior departments and Mrs. Willard Hendricks, intermediate.

Dr. P. D. O'Brien will be pastor. Mrs. C. W. Norman, organist, Ernest Hock, general superintendent of the school and Mrs. Inez Lewis, general secretary of the school. Enrollment figures total approximately 106 students.

The enrollment is more than the average attendance in every

## Margaret Brown, Jack Murdock To Marry June 23

The engagement and approaching marriage of Margaret Eileen Brown, daughter of Mrs. T. J. Brown to Jack Hayden Murdock, son of Mr. and Mrs. C. A. Murdock, Sr., is being announced this week by her mother.

The double ring informal ceremony will be read in the First Christian church on June 23 with Maj. L. W. Canning of Clearwater, Fla., officiating.

The bride-elect graduated from Garner high school, attended Texas Tech college in Lubbock and is employed by the Westex Oil company. She is a member of Beta Sigma Phi Sorority.

Murdock graduated from Big Spring high school, attended Texas A & M College and Kansas University. He served three years in the army and is now employed by the West Texas Sand and Gravel company.

Mr. and Mrs. John T. Miller are visiting his mother, Mrs. A. E. Bailey between semesters at the Texas University in Austin. Miller will get his degree in August.

## Dorse Louise Howell Becomes Bride Of James Arthur Jordan In Lenorah

STANTON, May 27 (SpI)—Dorse Louise Howell, daughter of Mr. and Mrs. Bill Howell of Lenorah, and James Arthur Jordan, son of Mrs. Tom Mayes of Handley, were united in marriage in Lenorah May 23.

The Rev. Byrd, pastor of the First Baptist church, performed the double-ring, informal ceremony in front of the altar banked with fern and large floor baskets of pink calla lilies, illuminated by lighted pink tapers in crystal candelabra.

The bride, given in marriage by her father, was attired in a street length navy blue crepe dress trimmed in pink. Her finger-tip veil extended from a halo of star of Bethlehem flowers and she carried a bouquet of white gladioli and pink rose buds encircling the star of Bethlehem arrangement.

Jo Ann Jones of Stanton acted as maid of honor. She wore a pink street length dress, with a pink hat and her bouquet was of pink gladioli.

Louis Stallings of Lomax was best man.

Billie Bollin and Mrs. Harlan Barbee lighted the candles and Janet Howell, sister of the bride, and Judy Mayes, sister of the bride-groom presided as flower girls.

Ushers were Jim Franklin and Harlan Barbee of Lenorah.

Special pre-nuptial music was played on the organ by Mrs. Edna McClain and she accompanied Mrs. Grover Springer who sang, "Because," and Janet Howell, who sang, "I Love You Truly."

A reception was held immediately following the ceremony in the

home of the bride's parents. The lace-laid table was centered with an arrangement of pink calla lilies and at each end was the punch service and the three tiered, pink and white wedding cake topped by a miniature bride and bride-groom.

Mrs. Jordan is a senior of the

local schools and the bridegroom has completed his junior year. Following a short wedding trip the couple will be at home in Stanton.

Out of town guests at the wedding were Mrs. Tom Mayes and family of Handley.

## WHY STARVE TO TAKE OFF FAT?

When you buy Barcontra, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcontra is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with Barcontra. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barcontra when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORGE yourself. Barcontra takes care of your DESIRE. Second, dehydrates and eliminates, so that water is expelled away—almost like melting fat. At the same time you feel better, more peppy, more alive, but never starved or hungry.

"I lost 15 pounds taking Barcontra and can now control my weight. I feel much better in every way and I gladly say, 'I'm Barcontra to control the weight.'"—Mrs. Gayle Matthews, 926 Threadneedle Street, Beaumont, Texas.

## CASTLETON'S Exquisite Pattern—Ma Lin by Ching-Chih Yee at Zale's

Ma Lin, named for the 12th Century Chinese master, with its deep warm colors and unusual treatment of design, is steeped in Chinese tradition. Created by Ching-Chih Yee, well-known contemporary artist for Castleton, it reflects the timeless loveliness of an ancient culture. . . Castleton's ivory-toned body, exquisitely translucent, brings out the beauty of the colors and fragility of the design. . . On the classically restrained Century Shape this unusual pattern will find favor not only with the conventional but also with the modern minded hostess, for Ma Lin is complementary to all periods and motifs.

# WHAT GIVES 'ROUND TOWN

By Leatrice Ross

Times are busy. Collegians are streaming home again. Localities are departing for vacations. Some are taking on new jobs out of town. And Howard County Junior college is closing out the school year.

Very important to HCJC students: An "annual party" is to be given at 3:30 this afternoon in the basement of the First Baptist church. This little setto has been deemed necessary in order that students might get their yearbooks—which only arrived Friday—signed in full. There will be refreshments for free, and the informal party will be over about 5 p. m. Please do come. The faculty has sponsored the idea on student suggestion.

Twenty-nine students will come in for sheep-skins at college commencement Monday night at the First Baptist church—20 for associate in Arts degrees and nine for junior college diplomas. Jenny Miller has been elected editor for the coming year's "Jayhawker". Students who have not picked up their yearbooks may do so at Sunday afternoon's "annual party."

One of the closing activities at the school was selection, with respect to certain individual features, of the "ideal boy and girl" on the

campus. Results: personality, Ray Nell Hale and Louis Manceley; smile, Vickie McLeroy and Ray Clark; lips, Babe Lytle and Pete Cook; eyes, Mille Balch and Bud Purser; hair, Patsy Timpkins and Dan Lewis; teeth, Olive Calverly and Bill Mims; dimples, Jean Meador and Cecil Chambers; brains, Francis Weir and Ray Dunlap; figure and physique, Leatrice Ross and Hugh Cochran; legs, Norma Jones and Don Clark.

Disa and data: Dave Watt left Friday to take up residence in Lubbock where he will probably seek employment with the State highway division. Vicki McLeroy has immediate plans to enter a modeling agency in Dallas. Scooter Terry and Lillian Tamsitt left Wednesday for Austin to spend several days. Both have plans to enroll in TU in the fall. Jimmy Tamsitt will leave Monday for Austin to enter the summer courses at the university.

Among the college crowd home for the summer: Helon Blount, TU, seen Saturday in the Douglass Coffee shop. Mickey Butts, TU, making plans to be off soon for summer training camp with Marine Reserve in North Carolina. Herby Johnson, WTSTC, out dancing Friday night. Berwyn Tate, ACC, and a classmate, Jim Middleton, were in the town a couple of days while out here to see Berwyn's parents in Knott.

## IF STOMACH BALKS DUE TO GAS AND BLOAT

Help Get Food Digested to Relieve Yourself of This Nervous Distress

Do you feel all puffed-up and miserable after every meal, taste sorry bitter food? Or, here is how you may get blessed relief in helping your stomach do the job—it should be doing—in the digestion of its food.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, soupy, flatulent, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that S&S Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the S&S Tonic formula which contains special and potent acting ingredients.

Also, S&S Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of acids and other alkalines, to counteract gas and bloating when what you so dearly need is S&S Tonic to help you digest food for body strength and repair. Don't wait until the heat of happy people S&S Tonic has helped millions of bottles sold. Get a bottle of S&S Tonic from your drug store today. S&S Tonic helps build sturdy health.

## TEXANS IN WASHINGTON Rayburn Appointment Called A Sop To The South By Many

By "TEX" EASLEY  
WASHINGTON, May 29. (U.P.)—Selection of Bonham's Sam Rayburn as permanent chairman of the Democratic National Convention is considered by many observers as a sop to the South—notwithstanding denials.  
When the Democratic command picked Rep. Rayburn to preside over the Philadelphia convention and Senate minority leader Barkley of Kentucky to make the keynote address, it was announced the honors were in recognition of their long and valuable service to the party and nation.  
Reporters were told the selections had nothing to do with the Southern revolt. But many in the capital consider it more than a coincidence that the two holding down the spots of greatest prom-

inence in the convention should come from the south.  
It was recalled that when a rumpus broke out after issuance of Mr. Truman's Civil Rights statement, Texas Gov. Beauford Jester and other southern governors met with Democratic National Chairman J. Howard McGrath but didn't patch up their differences.  
Selection of Rayburn and Barkley indicates there will be no vigorous move to write a strong civil rights plank into the party's presidential platform.  
As for qualifications as permanent chairman of the convention, Rayburn has them.  
The convention operates under the same rules as those of the U. S. House of Representatives. For six years the Texan presided over the body as Speaker, and rapped a deft gavel. He can be counted on to make prompt decisions and avoid quarrels.  
It will be his duty to preserve harmony—and that means quick nomination of Truman to head the ticket in November. And that means getting the northern big city Democrats to see eye-to-eye with the southerners.  
Bear in mind Rayburn's own previously announced position on the civil rights program, and the fact that the first primary election in Texas comes 12 days after the convention.  
Fortunately, convention rules and procedures make it possible for him to avoid personally getting caught in a squeeze. The racial

issues unquestionably will be threshed out in committees. Undoubtedly he will have great influence behind the scenes in getting committees to reach an accord.  
\* \* \*  
Around the Capital:  
Announcement of Senator W. Lee O'Daniel that he wouldn't seek reelection created as much interest here as the prior announcement of Austin Rep. Lyndon Johnson that he would try for O'Daniel's seat.  
Both had kept everyone guessing. Members of the staffs of both men were in the dark as much as anyone.  
Even genial Harry Knox, the former Brownwood merchant who served as adjutant general when O'Daniel was governor and then here as the Senator's secretary, didn't know his boss' plans until the last minute. Immediately after releasing an advance copy of his speech to reporters in Fort Worth shortly before making his radio address, O'Daniel telephoned Knox here to tell him that he would not seek reelection.  
\* \* \*  
President Truman eventually may look like a Texas cowhand.  
The latest addition to his western regalia is a hand-tooled leather belt with a gold buckle, made in San Angelo and presented to him by Roy Baker of Sherman, head of the Young Democrats of America.  
Not long ago the President got a pair of handmade boots from El Paso to go with a cowboy spur tieclip he previously received. And his regular headgear is a Texas style light grey hat.

## Boy May Face An Indictment For Murder

CHICAGO, May 29. (U.P.)—State's attorney's officials will ask the grand jury next Tuesday for a murder indictment against Roy Adams, husky, baby-faced 14 year old boy, in the suffocation-slaying of Nancy Schuler, his eight-year-old neighbor and playmate.  
State's Attorney William J. Tuohy announced the plans late yesterday after the youth altered his original story and told him he was sexually motivated in slaying the tiny blonde girl in his bedroom Thursday.  
Adams at first insisted to police he smothered Nancy to death with pillows solely because they had quarreled over comic books.  
Police said that chemical tests of Nancy's clothing disclosed the boy had not told the entire story.  
Tuohy said after he asked the Adams boy if he had molested Nancy sexually the youth told him he had not told the entire truth in his statements to police.  
Tuohy said Adams related he had told Nancy to go to his bedroom to get some comic books.  
"She went up there for the books," Adams was quoted as tell-

ing Tuohy "and that's when I got a sudden idea." He then related, Tuohy said, he followed Nancy into his bedroom and threw her upon the bed. Adams, who weighs 160 pounds, said he held her face downward with his right knee pressed into her back and a pillow over her head.  
Adams said he partly undressed the girl but he denied he raped her. Earlier an examination disclosed Nancy had not been raped.

# Road Agents Make Trouble In New 'Vigilantes' Film

The rousing story of a Montana frontier town with road agent troubles is told in the current Lyric attraction, "The Vigilantes Return."

The Universal film is in Cinecolor. The cast is headed by Jon Hall, Margaret Lindsay and Andy Devine, with able support from Paula Drew, Jack Lambert, Jonathan Hale, Robert Wilcox and Arthur Hohl.

Hall turns in a polished portrayal of a United States marshal summoned from Texas to rout the town of Bannack, Mont., of a lawless gang specializing in stagecoach holdups.

Margaret Lindsay plays the saloon queen in love with the woman-shy marshal. Not only does she demonstrate her expert dramatic skill, but looks glamorous in a lavish wardrobe. And she puts over with pleasing effect a torchy song, "One Man Woman," composed by Jack Brooks and Milton Schwarzwald.

The engaging Andy Devine excels as the itinerant "accordion" player who befriends Hall. In one scene, particularly, he proves that he doesn't have to depend solely upon his forte for comedy, but can be serious with the best of them.

Although new to the movie public, Paula Drew makes an impression as a willful girl who gives her heart to the boss crook. And she's easy on the eyes, too.

Robert Wilcox is properly suave and manning as the gentleman renegade leader of the road agents. To round out the performances, there are Jonathan Hale, as the honest judge; Jack Lambert a tough-looking bad man; and Arthur Hohl, the milquetoastish sheriff.

SUNSHINE ON TROUBLE—Philip Dorn and Irene Dunne share a moment of laughter in this scene from RKO's comedy-drama, "I Remember Mama." The film starts today at the Ritz.

"VIGILANTES" STARS — Jon Hall and Margaret Lindsay face the camera with their best smiles to give readers a look at the hero and heroine of "Return of the Vigilantes," western feature beginning today at the Lyric.

TYCOON—Laraine Day (above) is the object of John Wayne's attentions in "Tycoon," an adventure story now at the State.

## Death Claims Combat Expert

SYOSSET, N. Y., May 29. (AP)—Col. Anthony J. Drexel Biddle, 73, a Philadelphia millionaire who became one of the world's foremost experts in hand-to-hand combat, died Thursday.

He taught U. S. marines in both world wars the fine arts of jujitsu, knife stabbing, eye-gouging, strangulation and bayonet fighting.

A noted socialite and sportsman, Biddle was at various times an author, newspaper reporter, publisher, corporation executive, amateur boxer, singer and religious worker.

He was the father of Anthony J. Drexel Biddle, Jr., now a colonel with U. S. occupation forces in Germany and formerly American minister to Norway and ambassador to Poland.

## Cancels Music Camp Broadcast

NEW YORK, May 29. (AP)—The Mutual Broadcasting System has announced it is cancelling plans for broadcasts from the National Music Camp at Interlochen, Mich., to avoid "controversies" with James C. Petrillo.

The network said the projected weekly summer programs were dropped because Dr. Joseph E. Maddy, the camp president, sought to "involve" MBS with the AFL Musicians Union president.

MBS decided Saturday a week ago to air programs by the high school musicians. Maddy said then he was "glad Mutual gives more importance to law than to the dictates of Petrillo."

The program has not been broadcast since 1942 when Petrillo claimed the young amateurs were depriving professional musicians of work.

# 'I Remember Mama' Tells Of Courageous Family With Humor

The trials and tribulations of a courageous family are captured realistically in the new Ritz billing, "I Remember Mama."

The RKO Radio Feature is a screen adaptation of John Van Druten's stage success.

Irene Dunne is the indomitable "Mama" of the title. Head of a teeming household and harassed by a clan of problem relatives, she pilots her brood through vicissitudes which would wreck many another. She also guides a limping romance to the altar, arranges her daughter's career, wallops the family budget into working order, and buoys up the morale of all concerned.

Co-starring with Miss Dunne are Barbara Bel Geddes, Oscar Homolka and Philip Dorn. Featured are Sir Cedric Hardwicke, Edgar Bergen, Rudy Vallee and Barbara O'Neill. The production is by George Stevens; Harriet Parsons, as producer, and screen play by DeWitt Bodeen. This picture, directed by George Stevens, is presented by Dore Schary, production head for RKO.

**Returns To Moscow**

BERLIN, May 29. (AP)—U.S. Ambassador Walter B. Smith left by plane today to return to his post in Moscow. Smith, who has been on a fishing holiday in France, stopped over for two days as a guest at the home of Gen. Lucius D. Clay, American military governor in Germany.

Helium is believed to be the only substance which will remain in a liquid state at temperatures close to absolute zero.

**Field Worker Finds Few Jobs In North**

SAN ANTONIO, May 29. (AP)—Augustin Trevino stepped off an air-conditioned streamlined train into the hot Texas sun, carefully tucked his three ragged comic books under his arm and started walking to his mother's little house in the Mexican quarters here.

Bareheaded Augustin Trevino carried no luggage. He had none. He wore what clothes he had, a light double-breasted grey coat twice too big for him, a faded sports shirt open at the throat, blue overall pants frizzled at the cuffs and small black shoes worn from heel to toe.

It was a day of mixed emotions for the 16-year-old blackhaired muchacho. In his heart he was glad to be back home, but his pride was hurt " 'cause I don' bring back no money for my mother."

Augustin Trevino was one of hundreds of south Texas Latin-Americans who had crowded into the back ends of open trucks and rode standing up to the beet fields of Michigan.

But "they don give me a job." "They don' do it 'cause I'm too skinny," he explained quickly. "They don' give nobody no job if he is by himself." He told how "field men" signed up only families " 'cause they won't run off before they get through the harvest."

He went up last year, but last year he said he was with a cousin. "I come back with \$150 for my mother. She was very proud of me. This time I don't come back with no money for my mother. She have to send me money to come home on. I don't know where she get it."

"There was 29 of us in the truck we went up on," he said. "We stand up all the way. Sometimes we go all night. When we get off we hurt."

"When I don' get no work I go stay with a cousin. He used to live here, but he moved to Michigan. But I get homesick. I don' get homesick when I work; I forget everything. But I don' work. I get homesick."

He spoke faltering English. He had to use Spanish words at times to explain.

"I would not get homesick if I

take my guitar with me. But my father he would not let me. 'You leave it here,' my father told me. 'If you take it you and the boys will play and sing all the night.'"

In Michigan, he said, "we work in the beet fields for a while. We go to Illinois for the cherries. We go to Indiana for the tomatoes. We come to Michigan for the beet harvest. We come home."

He was asking what happened last year. "They don' hire me this year," he repeated.

He came to a little frame house on Vera Cruz street. "I don't think I go next year," he said jerking his thumb over his shoulder toward where he thought Michigan was. "I think I go to school. I don't want to be a beet worker I want to be a mechanic."

"Adios," he said as he turned in at his house, pushed open a screen door and walked in.

**Navajo Boy Will Be Adopted By Rogers**

LOS ANGELES, May 29. (AP)—A nine-year-old Navajo Indian boy, Shazie Endischee, is being adopted by Mr. and Mrs. Will Rogers Jr.

The lad, born on the Navajo reservation in Arizona, has been living at the Rogers' home. Rogers, former congressman and son of the late humorist is part Cherokee Indian. His wife is the daughter of a former government Indian agent.

Rogers' attorney filed adoption papers yesterday. The Rogers have no children.

**Two Soldiers Face Assault Charges**

SAN ANTONIO, May 29. (AP)—Two Lackland Air Base soldiers have been charged with the criminal assault of two New Braunfels girls, 13 and 17.

**Memorial Day Parade Will Come To Lad**

WESTBROOK, Me., May 28. (AP)—Plucky David Gagnon, nine, can't go to the Memorial Day parade but parade units are going to go to him—first.

David is resting at home between hospital treatments for burns that necessitated more than 100 operations in the last 25 months.

From a window of his parent's River Street home he recently heard distant music of the Catholic Action Crusaders Drum and Bugle Corps practicing for the Monday march.

He asked Drum Major Victor J. Ledoux if the musicians could "march by my house on the day to the parade so I can see them?"

The next night, the uniformed Crusaders marched by the little boy's window "reviewing stand" and brought smiles to his face with their martial music.

It's been a nightly performance since in good weather.

The municipal parade marshal heard of David and his wish. He lined up Compan D, 103rd Infantry Combat Team, of the National Guard; a platoon of police and his aides.

They'll all march by David's house an hour before the parade's scheduled start, and there may be more organizations signed up before the holiday.

As an added touch, Mayor Ernest O. Porell contributed a large American flag which the Crusaders will present to the youngster they call "The Best Soldier in Westbrook."

The little boy who loves a parade sleeps under a "tent" rigged on his bed to prevent the bedclothes from touching his body, burned from waist to feet when the lad stamped out a fire in April, 1946.

**Year Of Abstinence Ordered For Baker**

BEVERLY HILLS, Calif., May 29. (AP)—Radio Comedian Phil Baker has a court-ordered year of abstinence ahead of him.

City Judge Charles J. Griffin, in fining Baker \$200 yesterday on a drunk-in-auto charge, also directed him to stay away from liquor for a year. A drunk driving charge was dismissed. Baker had pleaded guilty to both the misdemeanor counts.

He was arrested May 20 while driving home from a party marking his 35th year in show business.
