

National Guard Ranks Reported Swelling

Youth Make Move To Avoid Being Drafted

Rush Expected To Continue This Week

WASHINGTON, June 22. (AP) — The ranks of the National Guard were reported swelling today with young men trying to get away from the shadow of the draft.

National Guard headquarters reported a rush of new recruits. Officials said they expect it to continue until President Truman signs the draft bill into law.

Mr. Truman has until a week from today to sign the measure. There was some speculation that the President, himself a former national guardsman, might delay signing to let the Guard's strength build up.

After the draft becomes law, the President may put it into effect within 90 days, if the armed forces so recommend. The first call is expected in September.

These men must register: Those 18 through 25, except (A) members of the armed forces and armed forces reserves and; (B) diplomats and their families.

Of those who register these will be drafted: Up to 606,822 men, 19 through 25, to serve hitch of 21 months each, mostly in the Army.

Of those who register these are exempt: (*) veterans with 90 days' service between Sept. 7, 1941 and Sept. 2, 1945; (B) veterans with a year's service between Sept. 16, 1940 and the day the bill becomes law; (C) ministers and those studying for the ministry; (D) conscientious objectors.

These registrants can be deferred: (A) high school students who have not graduated, quit school or reached 20; (B) college students—for one year—if enrolled before the bill becomes law; (C) at the president's discretion, men with dependents; those essential in agriculture, industry, government and research; scientific and medical students; (D) students taking junior or senior ROTC training.

Eighteen-year-olds, who would become eligible on their next birthday, can avoid the draft by enlisting in the armed forces for one year, then serving six years in the National Guard or organized reserve.

Congressional action on the new draft statute has stirred new interest in National Guard membership. It was reported Tuesday by T. A. Harris, captain commanding the local Field Artillery battalion, and the local unit received six new members Monday night.

Young men who sign up for Guard membership before President Truman signs the draft bill will become exempt from the selective service calls by virtue of this membership. Mr. Truman is expected to sign the bill into law within a few days.

Harris said that any young man interested in signing up with the local unit may get full information from him, by calling him at phone 765 (505 Nolan), or by calling Sgt. Charles Pool, phone 2214-W.

GREEKS LAUNCH OFFENSIVE — Arrows indicate the three-way drive of Greek Army in Pindus mountains in an effort to smash the Communist rebellion.

LAST RED STRONGHOLD Greeks Are Trying To Trap Guerrillas

ATHENS, June 22. (AP) — A Greek army squeeze aimed at corking 7,000 Communist guerrillas in a rocky pocket along the Albanian border appeared to be under way today.

Front line reports showed the Ninth Division has advanced more than 10 miles in a northeasterly direction from Konitsa. Units of the First and Fifteenth Divisions were reported six miles west of Nestorion.

Both were said to be meeting increasingly stiff resistance as the newest offensive, aimed at smashing the Communist revolution, entered its third day.

The Grammos mountain pocket, last major stronghold of Markos Vellades' guerrilla forces in Greece, is approximately a thousand miles square, roughly bounded by the Albanian border, a line drawn south to Ioannina, from there east and north to Grevena and from Grevena north to Nestorion.

The Ninth Division, driving from Konitsa on the western flank of the pocket, was reported to have reached a point last night only eight miles from Lykorrachi, a main rebel base and perhaps Markos' headquarters.

CAN USE PUBLICITY NOW Unions Revise Political Plans After Ruling On Labor Law

WASHINGTON, June 22. (AP) — Labor union editors dipped their pens in political ink today without worrying about the Taft-Hartley law.

The Supreme Court gave its approval yesterday by ruling unanimously that the act does not keep publications financed by unions or corporation funds from taking sides in a political campaign.

The nine justices agreed that if the law did ban such publication of union or management views, there would be grave doubt as to its constitutionality.

But the court said that there was no need to decide the constitutional issue now since the CIO did not violate the act by endorsing a congressional candidate in the CIO News.

Goldsborough Approves Coal Pension Plan

Lewis Is Given Legal Go-Ahead For Program

WASHINGTON, June 22. (AP) — Justice T. Alan Goldsborough today gave John L. Lewis a legal go-ahead for his \$100 monthly pension plan for miners.

Goldsborough dismissed a plea of Ezra van Horn, trustee for operators on the United Mine Workers' welfare fund, for a court order to block payment of pensions for retired miners.

The judge said he found the proposal for payments "reasonable and proper."

For Lewis, it marked his first triumph on three trips into Judge Goldsborough's court. Twice before he had been there only to be fined for contempt of court for failure to end walkouts in obedience to Goldsborough orders.

It was a dispute over pensions that brought about the costly six-weeks strike last spring.

The proposed system of payments was evolved by Lewis and Sen. H. Styles Bridges (R-NH). Bridges became neutral member of the welfare board and sided with Lewis in setting up the plan.

Van Horn refused to approve the payments and went into court to ask that it be declared illegal.

Goldsborough said the plan, which was only tentative and may be changed as experience dictates, does not violate either the 1947 coal work contract, made last July, or the Taft-Hartley labor act.

The plan provides \$100 a month for UMW members who are 62 years of age or older and who have worked in the pits for at least 20 years.

Lewis and Bridges agreed to set aside \$5 million of the \$45 million fund to start the pension payments.

The question of pension payments had blocked negotiation of a new agreement to go into effect June 30.

Rumors Declare Cominform Meet Held In Poland

By The Associated Press Reports circulated widely in Europe today that the Cominform is meeting "somewhere in Poland."

Usually trustworthy sources said the top Communist leaders on the continent are attending, presumably from all nine countries in the International Communist "information bureau" organized under Russian leadership in Poland last fall.

The presumption is that the Communist leaders are reviewing their tactics in the light of the licking they took in Italy in April and the recent Western power decision to set up a semi-independent government in Western Germany.

Such Communist leaders as Palmiro Togliatti of Italy and Jacques Duclos of France are known to be absent from their homes.

There was information in London that Togliatti had passed through Warsaw a few days ago in the company of A. A. Zhdanov, a member of the Soviet politburo, under whose guidance Cominform was organized.

The nations whose Communists are represented in the Cominform are Russia, Italy, France, Romania, Bulgaria, Hungary, Yugoslavia, Czechoslovakia and Poland.

Civil War Is Threatening Hebrew State

TEL AVIV, Israel, June 22. (AP) — A clash between Irgun Zvai Leumi and the army of Israel over the landing of an Irgun arms ship threatened today to plunge the new Jewish state into civil war.

Shooting developed when the arms ship, an LST, sought to land its forbidden cargo on the beach at Natanya, 18 miles north of this city.

The ship was moved overnight into Tel Aviv Bay and grounded within a block of the waterfront headquarters of the United Nations.

Importation of arms is barred under the UN four-week armistice. An Israeli communique reported the clash with Irgun, a former underground fighting force.

The plank closely follows Vandenberg's ideas on strengthening the United Nations. For example, it calls for eliminating the big power veto in cases dealing with peaceful settlement of disputes.

But it says nothing about junking the veto in cases where the use of armed forces is concerned.

It promises full recognition and economic aid to the new nation of Israel, "subject to the letter and spirit of the United Nations charter . . . with its boundaries as sanctioned by the United Nations."

Union Rejects Proposed Ford Pay Increase

DETROIT, June 22. (AP) — Emil Mazy, acting president of the CIO United Auto Workers, made it clear today the Ford Motor Company's proposal for an uneven wage boost was not acceptable to the union.

The UAW objects to the Ford formula which would add 14 cents to the hourly pay of workers making more than \$1.50 an hour and 11 cents to the wages of those earning more, Mazy said last night at Grand Rapids where he is attending a Michigan CIO convention.

John S. Bugas, Ford industrial relations director who announced the offer yesterday, had suggested it would "erase many of the inequities in our present wage structure."

However, Mazy declared the proposal "does not meet our requirements."

"The union will insist on a flat rate for all workers with adjustment of inequities," he added.

He also said the Ford offer contained "two points to which we could not agree."

Watch Five Spots DALLAS, June 22. (AP) — Forrest V. Sorrels, chief of the secret service here, suggests you take a close look at your \$5 bills—if you have any.

He said a gang of counterfeiters passed spurious \$5 bills throughout North Texas last week.

Civil Rights Is Also In Platform

PHILADELPHIA, June 22. (AP) — Republican policy-makers today completed a 1948 platform pledging internationalism, a potent military machine and civil rights for all.

The platform-framers finally laid the text before the country after nearly a week of writing, wrangling and re-writing.

Chairman Henry Cabot Lodge of the GOP Resolutions Committee will offer the 2,400-word document to the national convention tomorrow. Conventions usually accept platforms without a fuss.

Republican National Chairman Carroll Reece today predicted "harmonious action."

The platform, made public this morning, was described by Lodge as broad enough for any of the main Republican presidential hopefuls to stand upon.

It deals with scores of highly controversial topics, among them public housing, Israel, prices and anti-Communist legislation.

The foreign policy plank, plumped for by the party's leading internationalists, pledges aid to other peaceloving countries on a basis of self-help (as in the present European Recovery Plan). But the platform writers inserted these words: "within the prudent limits of our own economic welfare."

The plank closely follows Vandenberg's ideas on strengthening the United Nations. For example, it calls for eliminating the big power veto in cases dealing with peaceful settlement of disputes.

But it says nothing about junking the veto in cases where the use of armed forces is concerned.

It promises full recognition and economic aid to the new nation of Israel, "subject to the letter and spirit of the United Nations charter . . . with its boundaries as sanctioned by the United Nations."

City's DDT Plan Needs Home Help

Sale of insecticides have fallen sharply this summer, in some instances more than half of the volume of a year ago.

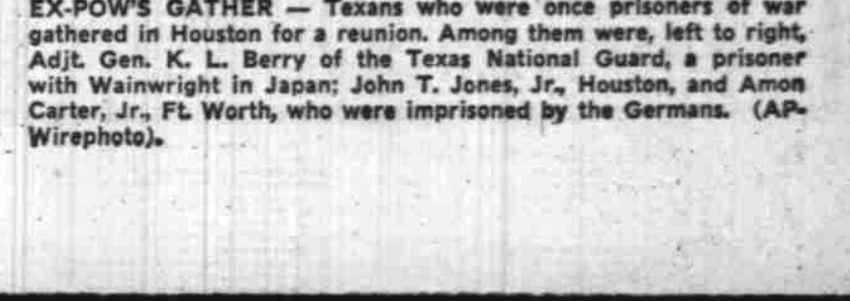

Druggists and other suppliers said that the domestic demand was off sharply. Drouth, they felt, has played its part in town just as it has in the rural areas, where total insecticide purchases have been extremely light.

Another factor is the city's DDT spraying program which seemingly has had its effect, at least in some areas. A few suppliers believed that perhaps residents may be placing too much dependence on the city service, and that as a result the fly nuisance may get the upper hand.

City Commissioners Slated To Meet

Big Spring city commissioners were scheduled to meet at 5 p. m. today at the city hall for a regular session.

City Manager H. W. Whitney said the agenda probably would be confined to routine business problems.

GREEN, LUCE PULL TRIGGERS
Oratorical Guns
Trained On Demos

PHILADELPHIA, June 22. (U.P.)—Republicans trained new oratorical guns on the "New Deal Party" today in the wake of a broadside charging broken promises at home but fulfilled deals with Russia.

Gov. Dwight H. Green of Illinois and Clare Boothe Luce, former congresswoman from Connecticut, leveled the charges at the Roosevelt-Truman administrations in addresses last night to the GOP national convention.

Both spoke their certainty of a Republican victory in November. And both lashed out furiously at administration foreign and domestic policy.

Green, the convention keynoter, said the "cold war" is the "lustiest child of the New Deal's rendezvous with communism."

The New Deal, he said, promised economy, jobs and efficiency and delivered "unproductive spending, unbalanced budgets, oppressive taxes, massive debt and bureaucracy."

Apparently, the only promises that were really kept were those it gave to Joe Stalin," Green shouted.

Mrs. Luce charged that millions were "condemned" to death, exile or slavery by secret Roosevelt-Truman agreements with the Russians at Tehran, Yalta and Potsdam.

Quoting the late President Roosevelt's statement that "I got along fine with Stalin" and President Truman's recent remark that "I like Old Joe," Mrs. Luce said: "Of course they liked him. Didn't they give him all Eastern Europe, Manchuria, the Kuriles, North China, coalitions in Poland, Yugoslavia and Czechoslovakia?"

The speakers called the Democrats some new names.

Green said the party got its majorities in the last four presidential elections from "a fantastic partnership of reaction and radicalism" held together by "bosses, hoodle, buncombe and blarney."

Mrs. Luce sized up the Democratic Party as a three-faction alliance:

"The extreme right, or the Jim Crow wing," led by "lynch-loving bourbons, white shirted race-supremists of the Bilbo ilk;"

"The left, or Moscow wing, . . . currently being master-minded by Stalin's Mortimer Snerd, Henry Wallace;" and

"The center, or Pendergast wing," run by "the wampum and hoodle boys, the some big city bosses who gave us Harry Truman in one of their more piliated moments."

THEY'D LIKE TO HELP BUT —
 ROME, June 22. (U.P.)—While the citizenry stood well away and watched, Communist Party offices at Lavina burned down Sunday.

The bystanders would have been glad to put out the fire, Bologna dispatches said but the constant explosion of hand grenades and cartridges stored in the building made it impossible.

Mississippi Demos Choose Delegates
 JACKSON, Miss., June 22. (U.P.)—Democrats of Mississippi, birthplace of the states' rights movement, assembled here today to choose delegates for the national convention.

The 30 delegates and 30 alternates will cast the state's 22 votes at the convention which opens in Philadelphia on July 12.

The site of their selection was the city auditorium, meeting place of the Dixie conference of states' rights supporters on May 10. At that time, Southern Democrats recommended that the Philadelphia delegates withdraw to confer in Birmingham, Ala., if the national party failed to repudiate President Truman and his civil rights program.

Tass Says GOP Has Big, Secret Deals
 MOSCOW, June 22. (U.P.)—A Tass news agency dispatch informed Russian readers today that secret deals by political bosses will decide the winner of the Republican presidential nomination.

The Soviet news agency, in a brief story on the opening of the GOP convention in Philadelphia, said there will be tough trading during which agreements will be concluded on "the distribution of government, diplomatic and other high official posts."

The dispatch made no reference to convention statements on communism.

THERE'S NOTHING LIKE A CHANGE

DETROIT, June 22. (AP)—The Michigan Unemployment Compensation Commission launched a drive today to recruit teenagers for work this summer on Southern Michigan farms. There won't be enough out-state youths to fill the jobs, a commission spokesman said, because "they'll all be flocking to Detroit to work."

Stevenson Says Finance Real Campaign Issue

HOUSTON, June 22. (AP)—Former Gov. Coke Stevenson says he believes the real issue in the U. S. Senate race is "getting our financial house in order."

In an interview yesterday, Stevenson said he does not believe military preparedness and anti-Communist measures are the real issues. "All of us believe in what is necessary for the proper defense of America, depending on what the facts show are the needs," he said.

Stevenson said the American people should decide whether they want taxes and public debt reduced or continued luxury spending. He said everything is related to this problem. "Take the European relief program. I am not an isolationist, as everybody knows," he said. "I am in favor of the United States assuming its responsibility of leadership in the world. To do so, we must have a sound economy at home."

GOP Favors States In Tidelands Fight

PHILADELPHIA, June 22. (AP)—The Republican convention platform drawn up by the Resolutions Committee includes a plank in favor of restoring tidelands ownership to the states.

The plank was inserted in the platform early today after Gordon X. Richmond of Orange, Calif., and Orville Bullington of Texas led the tidelands states in a winning fight against stiff opposition. Richmond is chairman of the resolutions subcommittee on western affairs.

It was learned that the proposal goes even beyond the tidelands to include inland waters and streams.

LASHES JOHNSON

Peddy Says He's Fighting 'Machine'

RICHMOND, Tex., June 22. (AP)—Senatorial Candidate George Peddy says one of the most ruthless political machines in Texas history is out to beat him. The Houston lawyer asked Texas voters in a radio speech last night to help him destroy the machine. He said men throughout the

state are among the machine's victims. They "are putting up money to finance the campaign of one of my opponents and at the same time are hoping and praying he will be defeated," Peddy said.

He added, "They are the ones who have received favors in the past and now are having to pay through the nose for them." Peddy did not identify the opponent he referred to. Peddy criticized opponent Lyndon Johnson—but did not name him—for "his double job during the war as a congressman and serviceman."

Peddy said the U. S. representative promised in one of his campaigns that if he ever voted for war, he would resign from Congress and join the service. "Did he keep his promise?" Peddy asked. "The record is clear—he never did resign from Congress." Peddy said that during World War I he resigned from the state legislature to enter the service.

Court Stands Pat On Steel Ruling

WASHINGTON, June 22. (AP)—The Supreme Court has refused to reconsider a June 7 decision upholding sale of the Consolidated Steel Corp. to Columbia Steel Co., a subsidiary of U. S. Steel.

The request to reconsider the ruling was made by the Justice Department. The government had sought to halt the sale on the ground it would result in a violation of the Sherman anti-trust act. The Supreme Court refused the request to reconsider yesterday.

In asking reconsideration, Solicitor General Philip B. Perlmutter said that the court erred in finding there was no "specific" intent to accomplish and unreasonable restraint of trade and in finding that there would be no such restraint in actual operation of the plants affected by the purchase.

GOT QUICK RHEUMATIC RELIEF WITH MERTOX

"For the past 15 years I have been bothered with frequent rheumatic pains in my left shoulder. This trouble later spread to my right shoulder also," writes Mr. J. G. Kirkland of Dallas. "In my work I have to use my arms a lot, and my shoulders were beginning to stiffen up. After taking Merton Compound for a short time this condition was quickly corrected, so that now I am free from rheumatic trouble and free of the aches and pains. I was also troubled with gas and bloating, which were very painful. I felt tired and run-down; just seemed to have no life or pep at all. Had severe headaches, too. The gas would seem to press against my heart and lungs and make it hard to breathe. Now I can eat anything, even meat, which was impossible before taking this splendid medicine. My bowels are now regular and I do not have to get up at night as I did before." You can get Merton Compound from any Texas drugstore at the new REDUCED price.

AT HERCULES PLANT

Terrific Explosion Obliterates Building

PINOLE, Calif., June 22. (AP)—A terrific explosion obliterated a nitro-glycerin building at the Hercules Powder Co. plant yesterday, killing two workmen.

The blast, felt as far as 20 miles away and heard throughout the northern San Francisco Bay region, occurred at 2:43 p. m. (PDT). It followed by four hours a series of three explosions in the same company's plant at Kenvil, N.M. Three were killed and six injured in that blast.

A company spokesman here said the widely-separated explosions were a coincidence. He dismissed any possibility of sabotage.

"Anyone who knows about such things understands that sabotage is improbable," he declared. "The explosion was in a building barricaded with earthen ramparts and with steel doors. The men inside would not have committed suicide and there was no chance of it being set off from outside."

Voluntary Rationing Of Water A Success

DALLAS, June 22. (AP)—Water Supt. Karl F. Hoeft asked residents here to help conserve water. They did. By voluntary rationing they cut consumption 2,800,000 gallons the first day.

Dallas is not suffering from a water shortage but the city lacks mains large enough to supply outlying areas and sufficient elevated storage to keep up water pressure.

Air Conditioning And Its Problems

This is no world-shaking item, but it seems to us that the air conditioner, like the automobile and airplane, is here to stay, and thus it might as well be taken into account in our planning.

Two phases of this might embrace water and power. These are the prime essentials in air conditioning in this country. We have no way of knowing, but we suspect that there may be 100,000 gallons of water or more evaporated or lost daily in the process of operating home and commercial evaporative-type coolers. The amount might be substantially higher than this, since many units waste as much or more than is used. Consider that the surface has hardly been scratched on air conditioning in this area and you get an idea that it must figure in our water plans.

The same may be said for power. A quarter or a half horse-power motor on a residential cooler doesn't seem like much or a horse or two on a commercial one, but multiply these by the hundreds and soon you have multiplied power requirements without consideration to abnormal demands created by a rapidly growing population.

One other point, it seems, is worthy of consideration. It is this: If air conditioning is to become an indispensable convenience rather than a luxury, why not take it into consideration in planning new structures. This business of putting a straw box on stilts as an afterthought is ugly, perhaps inefficient. We can have air conditioning and beauty, too.

GOP Optimism Not Unjustified

Republicans are busy now nominating a candidate who easily might become the next president of the United States.

By today, the picture may be growing clearer as to whether any of the major contenders will be able to muster enough strength to tilt the weight of the convention in his direction, or whether strength is so evenly doled out that a compromise candidate will be accepted. In the latter eventuality, the Republican party is apt not to be too long about accepting a compromise for its leaders sense victory in November and will not want to risk splits which indecision may risk in the party.

The Texas delegation is supporting Sen. Taft, partly at the urging among the Lone Star GOP leadership and partly out of pressure from above. However, the delegates have been cautioned to be very discreet by R. B. Creager, the national committeeman, which indicates that the Texas boys want to get along.

Few of them entertain serious hopes that Texas will vote republican in November, but they do entertain hopes that after 10 long and lean years, the GOP will get back in the saddle and call the turn on governmental strings. A lot could happen between now and November, but, to be perfectly candid about it, a lot will have to happen to change the grounds for GOP optimism this year.

'LOBBY LOOK' IS SEEN AGAIN AT GOP MEET

By HAL BOYLE PHILADELPHIA (AP)—Convention sidelights:

A new surprise compromise ticket to lead the Republican Party to presidential victory after 16 fabled years was proposed today by Henry Louis Mencken.

"I'm in favor of a ticket with Herbert Hoover for president and Alf Landon for vice president," said Baltimore's peppery literary sage.

"Hoover is the buggy, and Landon is the horse."

When it was pointed out to him by an innocent bystander that he was putting the cart before the horse, Mencken, who doesn't think the 'horse and buggy days' were as bad as some people paint them, said:

"That might be a good idea today."

Sprightly in a blue polka dot tie, dark blue coat and light seersucker trousers, Mencken said he had attended his first national political convention in 1904 and that he had "come back from the grave after eight years" to see this one.

"I figure this will be my last one," he smiled with his usual cheery cynicism. He will be 68 this year.

"I don't know who'll get the nomination. But these conventions are all the same. They don't vary by one per cent. All bis-a-ah."

"Dewey's improved a lot. He speaks the best English of any man in public life today."

But Mencken immediately retreated into the shell which marks him as one of the most non-partisan men at the convention.

"I really am completely neutral," he grinned. "I'm against 'em all."

One of the first things you notice at the convention is the "lobby look."

This is a kind of frozen-faced grimace of welcome which people wear when being introduced to other people while they are looking around for still more important people.

It is a "lobby look" because that is where you see it most often—in hotel lobbies. It can be worn with courtesy better by men delegates than by women.

The reason is simple. When one man greets another here, both can clap each other on the back and still look over the other fellow's shoulder for some person he would rather see. Women, being prisoners of an older convention, polite rather than political, can't do that.

The feminine version of the "lobby look" is a creased face that says "Howdy do" and a wondering eye that says "Where are you—the one I'd rather be with?"

I suppose this is the oldest joke in the Republican Party. But it is going around the convention, and I set it down for the young and pure in heart who, like myself, have never heard of it. The story:

A member of a Southern delegation was asked who his group stood for. He replied:

"Some of us is for Dewey, some of us is for Taft—but all of us is for sale."

There are those here who believe that Sen. Arthur Vandenberg will take the presidential nomination but has ham'—so far—contended for but has never disdained. There are a lot of people who have this belief, including the senator's son.

The Nation Today—

Running Big Convention

BY JAMES MARLOW PHILADELPHIA, June 22. (AP)—

The Republicans opened their convention Monday, and they'll make a lot of noise for three days but—Don't look for the real business till Thursday. That's when the delegates expect to begin voting on a candidate for President.

Meanwhile, the would-be candidates try to line up enough of the 1,094 delegates' votes to win. The winner needs at least 548.

What else happens between now and voting time? Talk, mostly. Speeches. At least 16 speeches are scheduled before Wednesday night.

The job of opening the convention Monday was handed to Walter S. Hallanan of Charleston, W. Va., chairman of the Arrangements Committee.

Hallanan bangs his gavel. He bangs and bangs. Finally, the delegates sit down and become quiet.

The delegates from each state sit together, with a big sign standing beside them, the name of their state printed in huge letters on it.

One of the most important things between now and voting time is the announcement of the Republican Party platform. This is a list of what the Republicans promise to do—if elected for the next four years—about labor, farm, and other domestic and foreign problems.

The Republicans had figured on starting the voting Wednesday night. But—

Champion Joe Louis defends his heavyweight against Joe Walcott Wednesday night.

Both the fight and the convention are being televised. This would put the convention in the position of competing with a prize fight for public interest.

The official program still shows the first roll call set for Wednesday night. But the talk around here is that it will be put off until Thursday.

Washington Merry-Go-Round—

Southern Delegates Are Bartered Back And Forth By The Republicans

By DREW PEARSON PHILADELPHIA.—

The Republican Party has always flirted with the idea of breaking the Solid South. It has also posed as the party of emancipation, the champion of a square deal for the South.

Yet when it comes to nominating the most coveted prize in the Republican Party, it treats southern delegates as so many pawns to be bartered back and forth across the counter. These are the delegates traditionally bought and paid for, who can tip the scales for or against the leading candidate.

Once back in 1928 enough Republicans got so indignant about this barter of delegates that they held a Senate investigation of Herbert Hoover's Southern purchases. According to the sworn testimony before that Senate committee, Ben Davis, colored B. O. P. national committeeman for Georgia, received \$2,200 of Hoover money to pay the expenses of Georgia Republicans.

Prior to this payment Ben Davis was not for Hoover. Afterward he was.

Perry Howard, colored G. O. P. national committeeman for Mississippi, also received \$2,000 of Hoover money. The Mississippi delegates voted for Hoover.

Rush Holland, former assistant attorney general for Harry Doughtery, was the Hoover bagman who toured the South and paid off the Southern delegates.

Today, Perry Howard, the same G. O. P. potentate of Mississippi, is vigorously in the corner of Senator Taft. Taft has used a technique different from Hoover's. Sme time ago he gave Perry Howard's son a job in the Senate post office.

John E. Jackson, chief Republican mogul of Louisiana, is also a Taft man. He is reported to handle some of the law business forwarded by the Taft family law firm in Cincinnati.

This year, however, Dewey has a slice of the Southern Republicans, and the battle to carve them up is the chief backstage battle now being fought in Philadelphia.

Who gets them may be the next president of the United States.

TAFT'S NOTEBOOK Leaves From Senator Taft's Political Notebook—As the bartering gets feverish, and the fingers try to swing delegates over to their side, here are the private notes on delegates jotted down in the Taft political notebook:

"FLORIDA—2nd District delegate: Mrs. Hattie I. James (colored) 1718 Myrtle Ave., Jacksonville. Doubtful. Be sure to call her Mrs. Garrison and Perry Howard should talk to her. Her husband Joe is a registered Democrat. She is an ardent churchgoer. Holds important position with Negro Elks of Florida.

"3RD District—Mrs. E. B. Goode (colored)—642 E. Wright St., Pensacola—doubtful. Garrison (Wesley E. Garrison of Miami) will see her in Phila. Her husband is a Negro dentist. Friend of Perry Howard.

"5th District—Miss Jeanne E. D'Agostino—121 Wisteria Ave., Orlando, Stassen. Letter June 1 to R. T. Wishing you every success and looking forward to meeting you in Phila. Feels 'civil rights' is most vital subject in South. Interested in flood-control appropriations for Southern states, Catholic. Young.

"DELEGATE-AT-LARGE—Alex Akerman Jr., 209 S. Orange Ave., Orlando—Stassen. Taft 2nd choice if properly handled. Appeal to his

ego. Lawyer. Originally from Georgia."

NOTE—The "R. T." mentioned above presumably refers to "Robert Taft." Although Miss D'Agostino is for Stassen, the Taft managers made careful notes aimed at swinging her over to their side.

TAFT TIPS ABOUT OREGON The Taft convention notebook also gives some interesting advice to his campaign-managers about Oregon, as follows:

"OREGON—Inasmuch as Dewey won the preferential primary vote, all 12 delegates are pledged to vote for him so long as he has a reasonable chance for the nomination. It should be noted, however, MORE

that it is not up to Dewey to release these delegates at any given time, but is a matter for the judgment of each delegate.

"DELEGATES - AT - LARGE—Robert S. Farrell—536 S. W. First Ave., Portland—Dewey. Taft 2d choice close friend of Walter Tooze—father of the late Robert S. Farrell, Jr., former Secretary of State who was accidentally killed last fall. An elderly man—listens to Idelman, his alternate.

"Phil Metcahan—2028 S. W. Clinton St., Portland—Taft—Was for Stassen over Dewey—elderly man—chairman of the delegation—former state chairman—defeated candidate for governor many years ago—hotel business.

"LAMAR TOOZE—3814 N. W. Thurman St., Portland—Was for

Stassen—against Dewey, but will stay put on his pledge to Dewey until Dewey is out of it. What he will do then is anybody's guess—is a law partner of Ralph C. Calkins—probably for Vandenberg and Tooze may follow him—friendly to Taft, Univ. of Oregon—Harvard Law Sch.—former president Oregon Republican Club.

"2d District—Carl Engdahl—317 N. W. Bailey, Portland—Stassen—Taft probably 2d choice—state senator—resolutions committee—will be Phila. June 15. Walter Tooze will meet him there that day.

"3d District—Tommy Luke—617 S. W. Sixth St., Portland—Dewey—Taft 2d choice—not too dependable—first—likes Taft very much—vice chairman of the delegation.

"Robert A. Elliott—4511 N. E. Prescott St., Portland (bus. address)—c-o Conn. Mutual Life Ins. Co., U. S. Nat'l Bank Bldg., Portland—Stassen's local campaign manager—will be one of the first to break away from the Dewey pledge—if that is the set-up. Very intelligent and likeable young man.

"Mrs. James W. Mott—1100 Chemeketa St., Portland—Taft, Dewey 2d choice—widow of former congressman—will arrive Phila. week before convention and will contact the Tafts—if not, they should contact her. Taft knew husband well—secretary of the delegation."

In Hollywood—

Ralph Richardson Hints For More Movies In U. S.

By BOB THOMAS HOLLYWOOD (AP)—

Sir Ralph Richardson, who has arrived here for his first Hollywood film, indicates he might stay for more.

The knighted actor, who looks like a younger, streamlined Nigel Bruce, is playing in "The Heiress" with Olivia DeHavilland and may remain here for another film or two.

Sir Ralph has tacked a sign on his dressing room that expresses his attitude: "Actor available reasonable rates; no waiting in line."

Frankster Shirley Temple gave everyone a start on the "Baltimore Escapee" set when she came out of a brawl scene with blood streaming down her face. The producer and director were frantic until Shirley told them she splashed herself with makeup blood during the scene.

Jeanette MacDonald and Gene Raymond celebrated their 11th wedding anniversary on the phone. He's in Hawaii finishing up his first independent film, and she's working here in "Sun In the Morning."

Sir Aubrey Smith is getting around again after a heart attack that forced him to take a rest.

Short takes. James Stewart is getting interested in Helena Carter, Doug Fairbanks' new leading lady. Bill Boyd, getting ready to shoot another brace of Hopalong Cassidy, tells me he has cut the shooting time down to six days per film. That's the only way horse operas can show a profit.

Today And Tomorrow—

THEORY GIVEN ON NEW RED PEACE DRIVE

By WALTER LIPPMANN

The Soviet government usually changes its diplomats when it is preparing to change its policy, and it is, therefore, interesting that the new Soviet Ambassador and the new Soviet delegate at the U. N. are both specialists in Asiatic affairs. It may be significant that the arrival of the new diplomats and the so-called peace offensive in Europe should coincide with a marked decline in the fortunes of governments and parties in Asia which are associated with Britain, the United States, and the Western world.

Thus, it is becoming ever more improbable that Chiang Kai-shek can unify China. There is no certainty that native nationalism in Indonesia, Indo-China and Burma, perhaps even in India and Pakistan, will not turn increasingly to Moscow, rather than to London and Washington, for guidance and support. And in the Middle East, neither in Egypt, Iraq, nor Syria are the governing classes, upon whom London has depended, secure against a rising discontent.

On the other hand, the signs are multiplying that the Soviet Union is disposed to recognize that for the time being at least Europe cannot be conquered and cannot be absorbed, and that an accommodation is necessary if the Soviet Union is to retain an important influence in the future of Europe. The Czechoslovak coup evoked a more important reaction—namely, American rearmament—than the Kremlin or the Cominform appears to have anticipated. In the cold war for the mastery of Europe, the Czechoslovak affair appears to have been the Battle of the Bulge. It has been followed by a policy of appeasement in Finland, Rumania, and Hungary, by a reduction of the demands on Greece, by a reduction of the demands on Austria, and in Germany by east-and-mouse tactics designed, it would appear, to avoid a showdown. It may be that there is something in the rumor that at the next meeting of the General Assembly the Russians will offer all of Europe and the United States a non-aggression pact.

The crucial question is whether Stalin is testing out a new policy: namely, appeasement in Europe while nature, assisted by Moscow, takes its course in what were once the realms of empire of the Western world. One can say no more than that this is a very plausible theory.

It is consistent with what is now happening—namely, the current peace offensive in Europe combined with what is happening in China and southern Asia. It is consistent also with the historic pattern of Russian policy, which is, when repulsed in Europe, to expand into Asia.

Affairs Of The World—

Nationality And Chinese

By JAMES D. WHITE

Chinese Communists work far beyond the borders of their own country, throughout Southeast Asia. This fact has been forcibly brought to the world's attention during the past week by events in Burma, Malaya, and Siam, the influence of Chinese Communists has also been demonstrated in the Philippines, and may exist in the Netherlands Indies where there is another large Chinese minority.

One thing that has made this possible is the dual nationality which overseas Chinese often possess. They may be born far from China and have certain rights as nationals of the country or dependency where they were born (not always as full-fledged citizens). But at the same time, they are considered Chinese by China.

This facilitates the considerable travel which goes on among such Chinese to and from China.

Now it becomes apparent that Chinese Communists have been doing some traveling too, and the effects are beginning to multiply.

Last week it became clear that Chinese Communists have played no small part in sparking the Communist movements in Burma and Malaya, and that they may be working on Siam.

From Burma, reliable reports say that the writings of Mao Tse-tung, the Chinese Communist Party chairman, are read there as widely as those of Russian Communist.

Chinese Communists who led the anti-Japanese resistance in Malaya kept their arms after V-J. They now are said to be behind the wave of terrorism which last week swept Malayan rubber plantations and spread to the tin mining district. Much of the labor in such places is Chinese.

Siam has been trying to keep Chinese Communists from crossing her border from Malaya, and last week the government raided Chinese secret societies, some of them Communist, in the capital at Bangkok.

In Nanking, the Chinese government is worried about a second Communist front developing to the south.

Whether this spread of Chinese Communist influence beyond China's own confines is due to a planned design, as is probable, remains unproved.

Around The Rim—By The Herald Staff

Fashion Rules Are Strange

Milady's costume of 1948 is getting a bit of publicity but is not coming up to the advanced publicity that was being given it this time last year.

A casual glance at the women's attire today shows us that the fashion designers won the fight for longer skirts.

For the most part women are not wearing the shorter skirts despite the efforts of the "Little Below the Knee Club" and such organizations. The dresses are definitely longer and will probably stay that way until the fashion designers decide that a change is needed. One of last year's frocks is about as comfortable today as a pair of shorts would be at the office.

If fashion so decreed, I suppose that the female population would wear shorts to the office, for the dresses of several years ago were almost as short as shorts, but everyone approved of them. Now the fashion designers have got them long again and it is indelicate to wear anything in the form of a dress shorter than 14 inches from the floor.

Which brings me to the most puzzling of all things concerning the lady's attire. She can be perfectly at ease in a pair of shorts on the tennis courts or at home on summer evenings or even in a bathing suit at the pool, but if anyone sees her in a slip, which is longer and covers more of her anatomy than the shorts or bathing suit, she becomes so embarrassed that she is tongue-tied. A slip is one of those "unmentionables" of grandmother's day and I suppose that this is a carry over from those "good-ole days." I have often asked myself why it is, if I think some member of the opposite sex is about to see me in my slip, I begin grabbing for more covering. Because it is the thing to do, I suppose.

Another article of clothing along this same line is that of pajamas. Most of them are just as thick as some of the summer slacks, but one must have a robe over pajamas before going out in the front yard for the paper or the neighbors will talk.

I even think grandmother was apt to "strain at a gnat and swallow a camel" in her mode of dress. She would have such long dresses for day time wear with high neckline but the party dresses were so low that they would have been indecent for day time wear, yet they were in vogue.

I do not think that every woman should go to town and to work in their petticoats because it is not in vogue, but what a strange set of rules the human race survives by. It just puzzles me that this is the case. —BILLIE BURRELL

Broadway—

Cavalero Leads '88' Thumpers

By JACK O'BRIEN

NEW YORK.—They laughed when Carmen Cavallaro first sat down at the piano but they had pretty good reason to; he was three years old. His mother bought a piano that day and Carmen hasn't been the same since. "I banged away at that piano for two solid years until finally my mother decided, out of desperation, that I was old enough to have lessons."

At this present date, Carmen seems to have a fairly clear lead over other piano thumpers in his field. Jan August has been making strides and maybe Eddie Duchin may start to nip at Carmen's musical heels. But with a half dozen records selling somewhere in the million-copy classification, he seems to be the Citation of the Steinway.

Carmen, whose father—like Perry Como's and Jimmy Durante's—was a barber, had the usual tough period before he cracked the big time. He tried for months to get into his high school orchestra. There were five pianists in the orchestra. Carmen proffered his services, thereby again getting a laugh as he sat down at the piano. From then on, the laughs turned into sober respect.

He first won wide attention while still in his teens as the featured pianist with one of the so-called "society" orchestras. The group was billed as "Al Kavelin and his Orchestra with Carmen at the Piano." He later was able to get his surname recognition when Decca Records decided his nimble style was exactly what the public would buy. Carmen became rich and such records as "Polonaise," "Warsaw Concerto," "Voodoo Moon" each sold close to the million mark. At present, his is one of the most sought after orchestras.

I asked Carmen the most exciting moment of his career to date. "My orchestra was playing at the Carleton Hotel in Washington," he said. "The late President Roosevelt was present at a private dinner one evening. I was standing in the lobby as the President was being escorted through. It was a warm evening and I reached in my pocket for a handkerchief. Six Secret Service men swooped down, snatched at my hand and knocked me sprawling."

"F. D. R. saw what happened, saw their mistake, and waved at me. Later, one of the Secret Service men told me the President liked the way I played the piano. I don't know which was more exciting—being knocked down as a possible assassin or knowing that President Roosevelt was one of my fans."

Next to the number of folks who want to become song writers, the biggest percentage of theatrically inclined characters seem to want to become Broadway producers. "I look so easy to be a Broadway producer the almost everybody wants to become one," said Lee Sabinson, producer of "Flolan's Rain-bow."

Dorothy Sain Is Named Honoree At Parties

A bridal shower, beginning a series of parties honoring Dorothy Sain, daughter of Mr. and Mrs. S. M. Sain, was held at the home of Mrs. J. C. Hurl home with Mrs. John ReBunnet and Lillian Hurl as co-hostesses.

Guests were registered by Miss Hurl, Miss Sain, and Mrs. Dannie Walton, grandmother of the honoree.

Miss Sain wore a black print dress and her corsage was of gardenias.

Ima Deason and Gertrude MacIntyre presided at the refreshment table which was laid with a lace cloth and centered with an arrangement of sweet peas in a chalice decorated bowl. Four cherub figurines held white candles which flanked the centerpiece. White napkins with "Dorothy and Arnold" were lettered in green. A color scheme of green and white was used in the room decorations as well as the table.

Approximately 30 persons attended. Miss Sain was also named honoree at a tea and linen shower in the home of Mrs. Boone Horne Tuesday evening.

Hostesses included Mrs. Rubye Billings, Mrs. C. L. Lumpkin, Mrs. Horne and Mrs. Wayne Williams.

The table was covered with a white damask cloth and held crystal appointments. The centerpiece was an arrangement of gladioli, aster reeds and clematis which were surrounded by ti and croton leaves from Hawaii. The candleabra held pink tapers.

Mrs. Horne greeted guests who were presented to members of the receiving line, Mrs. S. M. Sain, Dorothy Sain and Mrs. Dannie Walton. Billie Jo Watkins presided at the bride's book, which was on a table decorated with a colonial bouquet of roses tied to the crystal candle stick.

Marjorie Moore played piano selections. Mrs. Noel Hull displayed the gifts.

Membership Cards Of STHA Are Given Out At Breakfast

Membership cards for the Southern Town Hall Association were distributed at the "kick-off" breakfast for the drive in Big Spring this morning at Hotel Settles.

Mrs. H. W. Smith presided at the meeting and introduced Lucille Wall, representative from the Association in Dallas, who briefly outlined the program for the series of entertainments and gave the purposes of the Association.

All persons who are soliciting memberships are asked to keep a record of the numbers of each ticket they sell and to whom each ticket is sold.

All members of the 1946 Hyperion club have already bought dual memberships and Mr. and Mrs. Otis Grafa, Jr., Mr. and Mrs. Elmo Wason, Mr. and Mrs. J. B. Sitchler make a list of 25 dual memberships to begin the concentrated drive for memberships. The goal within the next week has been set at 200 dual memberships.

Those attending the breakfast were Lucille Wall, Mrs. H. W. Smith, Bill Van Crunk, Mrs. Darwin Webb, Leatrice Ross, Mary Ann Goodson, Stella Wheat, Mrs. M. E. Robertson, Cecil Ivey, Mrs. R. E. G. Cowper, Mrs. E. M. Conley, Mrs. Otis Grafa, Mrs. Obie Bristow.

Louis, Walcott Camps Exude Confidence As Fight Nears

HOW LOUIS AND WALCOTT COMPARE — These pictures of Champion Joe Louis and Challenger Jersey Joe Walcott, made during their current training grinds, show how they will compare physically when they meet for the second time in Yankee Stadium. The weights are approximate. Both will weigh in officially at noon on the day of the fight. (AP Wirephoto).

Champ Predicts Early Finish

NEW YORK, June 22. (AP)—Confidence radiated from both camps today as Champion Joe Louis and Challenger Jersey Joe Walcott enjoyed a brief lull before their 15-round heavyweight title bout tomorrow night at Yankee Stadium.

"I'll get him quick," was the cold prediction of the Brown Bomber, who announced his 25th defense of his crown will be his last ring outing.

"He's ready," was the tag handlers put on Walcott, the amazing comebacker who almost snatched the title last December.

Odds favoring the champion remained firm at 5 to 13 although there was talk of a late flow of Walcott money that might reduce them slightly by ring time.

This is the shortest-priced choice Louis has been since the second bout with Max Schmeling ten years ago when he was held at 5-9.

The weatherman, meanwhile, gave the outdoor attraction a temporary blessing, promising a cloudy, humid day but no rain.

Ticket sales continued brisk but promoter Mike Jacobs' hopes of a million dollar gate appeared certain to fall short. The Twentieth Century Sporting Club is counting on a turnout of around 55,000, a gate of approximately \$900,000. Television and radio receipts are expected.

Louis put in his final training licks at Pompton Lakes, N. J., yesterday, turned up with a black eye and announced afterwards, "I think I'm 50 or 75 per cent better than I was for the last fight."

The discolored optic, not serious, was a parting gift of one of the champ's sparring partners. The champion scaled 213 after his last drill but expects to hit between 214 and 215 when he weighs in Wednesday noon.

Jersey Joe, who finished tapering off Sunday, planned to break camp at Greenwich, N. J., today and move to New York to await the weigh-in. He will check in at around 195.

Both of the 34-year-old gladiators were reported in excellent condition after long training grinds.

Bowling League May Open Play This Weekend

Boys 12 to 15 years old interested in taking part in a summer youth's bowling league have an open invitation to sign up at the West Texas Bowling center.

The invitation has been extended by John J. Ofenloch, manager of the alleys, who said league play would probably begin either Thursday or Friday.

Ofenloch stated sponsors had been lined up for most of the season.

LOOKING 'EM OVER

With TOMMY HART.

While Abilene's Billy Maxwell was reaping more publicity than he ever had before by finishing second to Byron Nelson in the Texas PGA golf tournament at El Paso last weekend, his twin brother Bobby was going quietly about the task of winning the Big Spring City tournament for the second consecutive year.

Most of the veteran observers who have seen him in action say Billy "can't miss" as a big time star, that he'll be playing up with the Hogans and the Demarets in a few years.

Bobby doesn't have the brilliant accomplishments back of him that Billy has but there are those who think Bob might go further in time. They point to his better build and his ability to play a very straight game. Billy could well prove them out. There's no one around here who can keep up with him.

EL PASO GREENS REPORTEDLY IN BAD CONDITION

Greens of the course on which the PGA was played reportedly are among the poorest in all Texas and, they say, Nelson didn't hesitate to protest to the El Paso tournament committee about it.

The club's executive committee is said to be more interested in promoting club house activity than it is golf, all of which is not conducive to a good country club.

KENNEDY ON HOT STREAK WHEN FORCED FROM PLAY

The Odessa baseball Oilers suffered a blow immediately prior to coming here when their star catcher, Ray Kennedy, slid into second base and experienced a broken ankle.

Before his departure from the lineup, Kennedy had stroked 11 hits in 12 trips to the plate.

PITCHERS COULD HELP TO SPEED UP GAME

Pitchers could do a lot toward speeding up a baseball game, incidentally.

For instance, they could take their turns in the batter's circle and be ready to hit when the man ahead of them has completed his swings.

For another, they could wait at the batter's box to get their jackets if given a base on balls or if hit by a pitched ball and not have the bat boy follow them all the way down to first base with the garment.

Anything that would accelerate the pace of the game would be good business.

COLEMAN, McCLAIN PLAYED IN SAME LEAGUE 2 YEARS AGO

Merle Coleman, Odessa's new skipper, and Jake McClain, the Big Spring infielder, played in the Evangeline league at the same time a couple of seasons ago.

AL MATOS DISPATCHED TO NEWPORT, TENNESSEE

Al Matos, the right-handed hurler tried here and found wanting, has been sent to Newport, Tenn., where several other ex-Big Springers are playing.

Al had quite a bit of stuff but his delivery was too slow.

THREAT OF STEAL DIDN'T SCARE ROOKIE CATCHER

Burl Cramer, the Coahoma Bulldogs' manager, thinks he has quite a catching prospect in Joe Horton, who graduated from Coahoma high school last month.

Last Sunday, Lewis Heuvel of the Forsan team, attracted Cramer's attention on the hill after reaching third and informed him he was going to steal home.

Cramer signaled Horton to drop on one knee and then delivered a low pitch that backed the batter away from the plate. Horton took it, then coolly awaited Heuvel's charging spikes. The speedy Lewis was out by several yards.

Cayuses Head For Midland And 2 Games

Somewhat chagrined after their humiliating defeat at the hands of Odessa last night, the Big Spring baseball Broncs depart for Midland today where at 8:15 p. m. they open a two-game stand with the Longhorn league lead hinging on the outcome.

The Hosses could retain the top spot by splitting the pair with the Indians. They could fall one game behind by losing both contests.

Either Gerry Rodriguez (7-2) or Roland Viadora (6-1) will probably mount the pitching knob for Big Spring. Weldon Stewart is set to twirl for the Tribe.

The Big Springers had Odessa, 5-0, going into the sixth inning of last night's weird struggle at Steer park and then palmed off the decision, 6-5. The contest, interrupted by a rain squall and the failure of the Odessa team to return to the park for more than an hour, was called at the end of the sixth because of the league curfew.

(No inning can be started in any Longhorn league game after 11:30 p. m.)

Two errors by Ortilleo Bosch and one by Ray Vasquez, the latter on a double play ball, opened the door for the Odessans in the nightmarish sixth.

A single into center field by Leo Rheingans scored Ben Pardue and Bill Merkle with the runs that enabled the Oilers to salvage the victory.

Merle Coleman, the Odessa skipper, was no mystery to the Broncs but he kept them away from the plate in all save the second inning.

Coleman gave up eight hits, two each by Bobby Fernandez, Justo Asplazu and Ace Mendez.

CHATTER—Leon Brinkopf, Odessa's crack third sacker, injured his ankle in the second and had to leave the game. The Odessans had to start with a makeup lineup, part of the boys having dressed and left their hotel after the management had told them there would be no game. Helba had retired one man but was behind 3-0 on Phil Wells, the second batter, when the dust storm arrived. He later forced Wells to pop to second base. Ortilleo Bosch, the Hoss second sacker, singled in the first but was out trying to stretch it into two bases. Ben Pardue, the Oiler first baseman, didn't make a put-out until the fifth inning. Despite the fact that play wasn't resumed until 10:15 p. m., most of the 800 persons present hung on until the very last. The game was protested by the Odessa management because the delay was longer than 30 minutes but the protest, of course, was later withdrawn.

AT STEER PARK

Tri-County Title Bout Carded Wednesday Nite

Swimming Class Attracts Many

Before the end of the week, more than 100 youngsters will be taking swimming lessons.

Eighty-seven reported Monday morning at the Muay pool to participate in the YMCA course for beginners, and Bob Hardy, in charge of instruction, said he anticipated additional enrollment Wednesday at 9 o'clock. The classes, with free instruction to members, will be staged Monday, Wednesday and Friday mornings.

Advance swimmers (those who have learned to swim and desire to improve their ability) meet at 9 a. m. Tuesday and Thursday mornings. Any youngster unable to pay the 25 cents per month Junior membership will be given instruction, for provision has been made for these.

Other phases of the summer Y program are moving along, said Hardy, who is in charge of the athletic section. Tennis enthusiasts are asked to meet today at the east courts in the city park from 6 p. m. to 7 p. m. for special instruction. Advanced players will be assisted in separate groups after the program gets underway. Practice will be held on Tuesday and Thursday evenings.

The basketball, tumbling and loosening-up exercises for youngsters 12 and above are set for 4:30 p. m. on Tuesday and Friday.

First half championship of the Tri-County baseball league goes on the line at Steer park Wednesday evening when Howard County Junior college and the Coahoma Bulldogs square away, starting at 8:15 o'clock.

The two teams finished in a dead heat for first place, each boasting a record of eight victories in ten starts. The JayCees were trounced by Colorado City and Forsan but beat the Coahoma clan twice in as many starts.

Bill (Windmill) Brown, who has been on vacation, will probably be back in time to toe the pitching rubber for the Coahoma team.

Don Clark has been lined up to pitch for the collegians. Clark has been very impressive in both HCJC victories over the Bulldogs, both as a pitcher and a hitter.

Both teams have made bad starts in second half play and indications point strongly to the fact that neither will win the last half crown.

Coahoma, without Brown, was humiliated by Forsan while HCJC suffered a stunning upset at the hands of Knott. Both games were played Sunday.

Korea Commander Confers in Tokyo TOKYO, June 22 (U.S.)—Lt. Gen. John R. Hodge, commander of American occupation forces in South Korea, arrived unexpectedly yesterday for conferences with Far East command officers. Hodge described his visit as routine. However, the headquarters victors bureau said it learned of his trip only a few minutes before Hodge's plane landed. In Seoul, Hodge's own information office said it had not known of his departure. The trip was Hodge's first to Japan since March, 1947, when he conferred with General MacArthur. The biggest problems in Korea currently concern U.S. relations with the Russians, who occupy the country north of the 38th parallel. The Russians recently reiterated a refusal to resume supplying food to South Korea from northern hydroelectric plants.

Midland, Vernon, Oilers Winners In League Play Midland's Indians were playing peek-a-boo with first place in the Longhorn League today. The Redskins licked Sweetwater 3-1 yesterday and moved within a game of front-running Big Spring which took a 6-3 trouncing from Odessa. A couple of double-headers were played in the league last night. Vernon swept its twin-bill with Del Rio 2-1 and 6-5. San Angelo and Ballinger split. San Angelo winning the first 15-3 and Ballinger taking the after-piece 4-2. The first game was a replay of a protested game and began in the top half of the fourth inning. The tomato is a native of Latin America.

Judy Canova Show Slated To Come Here Starring the radio and film actress in person, the Judy Canova show will come to Big Spring on June 30 at 8:30 p. m. The Junior Chamber of Commerce, sponsors of the event, have secured use of the city park amphitheatre for the occasion, figuring that this is the only spot big enough to accommodate the Canova fans in this area. With Judy on the show are her sister and brother, Annie and Zeko, and an all-star group of comedy and musical acts including the Taylor Family, Robert and Renee Marie Mayo and "Pansy the Horse." Others are Bert Henderson, Frank Kony's orchestra and a chorus of Hollywood girls who appear in several colorful spectacles. Routines include humorous sketches, music, dancing, acrobatics, juggling and special sequences for the singing-comedienne.

'Y' Story Hour Is Big Success More than two score took part in the first of the summer series of Story Hours Tuesday at the YMCA. Sponsored by the Friends of the Howard County Free Library, the program featured Robert and Richard O'Brien in a discussion and demonstration of Japanese customs and costumes. They illustrated their talks with articles of clothing, from shoes to kimonos, and demonstrated eating utensils, etc. In the closing stage of their program, they projected motion pictures they had taken during 15 months in Japan. Mrs. S. M. Smith, chairman of the program, said the response was gratifying. Next Tuesday at 10 a. m. in the YMCA building, Billie Jean Younger will be in charge with several interesting stories for youngsters.

PHONE CALLS NIP SUSPECT It required a couple of long distance telephone hours Monday to nip an alleged forger in the act in Houston Monday. A bank employee called the local sheriff's office yesterday morning to ask about a man, who gave his name as V. E. Hill and was trying to cash a sizeable check there on a Big Spring bank. Deputy Sheriff C. E. Kiser recognized the name immediately and took the bank to honor the check but still in doing it. The wait gave Kiser time to call the Houston police department and alert them about the incident. A city detective was waiting at the door for Hill when he came out and Hill was placed under arrest. The money was returned. Kiser went to Houston to pick up Hill and returned with him this morning. He is wanted here on at least three forgery counts, Kiser said.

GOP Rewards Many Faithful With Limelight BY RELMAN MORIN PHILADELPHIA, June 22 (U.S.)—The Republicans went back to the ring today, not for fighting, but to reward some more of the faithful. They have not yet begun the wondrous, roistering, donnybrook that eventually will give them the name of their candidate for the presidency. That comes after. Just now, protocol is still being served. It demands that a certain number of deserving aides and gentlemen shall be given the honor of mounting a green wooden box, peering past the gleaming microphones, and having a moment or so in the limelight. It is a pitiless light, hot, blue-white and revealing. It brings out wrinkles and freckles, starts little silver rivulets of perspiration to running, and highlights the coarseness. It seems to dazzle the speaker so that they respond blindly to the applause, uncertainly gesturing like a man fumbling for a light-switch in the dark. But it is a moment of glory. For some, it is brief. They merely offer a resolution. For example, George Murphy, moving picture actor, came all the way to the stage from the California delegation on the far left side of the great hall, past the banked flowers in front of the rostrum, up the steps, through a crowd of newspapermen, and down the aisle to the green box yesterday. He offered a motion to adjourn. It passed. Mrs. Dudley C. Hay, of Michigan, however, was on the rostrum seven times. When a motion was offered, she read it. She timed her entrances and exits so well that she never broke an elliptical orbit, coming and going from the rostrum.

SPECIAL CLOT New Gelatin Process Heals Heart Wounds CHICAGO, June 22 (U.S.)—Reinforced blood clots, made on the same principle as reinforced concrete, and for use in getting inside of bad hearts to do remodeling, were shown to the American Medical Association here today. Concrete uses steel bars for reinforcement. The blood is reinforced by a gelatin sponge, a white fluffy substance. Blood seeping in to this sponge clots and holds firmly in places where blood alone would never clot. This new adventure in heart medicine has been confined to animals, but the usefulness has been confirmed by previous human uses of gelatin sponges. The new work was done by Doctors Hilger P. Jenkins, Howard Reiser, David S. Fox and Rudolph Janda of the University of Illinois College of Medicine and Woodlawn Hospital, Chicago. In animal hearts, holes were opened as large as a finger. Such holes would be almost certain death.

POLICEMEN 'IN MOURNING' CAPTURE FUGITIVE HIDING IN A CEMETERY

ROME, June 22 (AP)—Black-clad policemen carrying flowers and imitating a funeral arrested a fugitive wanted for attempted murder yesterday. He had been hiding for three weeks in a grave.

Palermo dispatches said the police, looking for Gioacchino Montesano on charges that he tried to kill his wife and sister-in-law, traced their man to a cemetery.

Day after day they visited the cemetery, dressed in mourning and carrying wreaths so as not to alarm the fugitive. Finally they decided he was hiding in a mausoleum. Yesterday they went to the cemetery again in the mourning costumes and with their flowers, and surrounded the burial chamber.

From 10 feet under the ground, where he had been reclining on the bones of some long-departed residents, Montesano emerged and surrendered.

HUKS SURRENDER

Philippine House Approves Amnesty

MANILA, June 22 (AP)—Amnesty for the straw-hatted, machine-gunning Hukbalahap in turbulent Central Luzon was approved today by the Philippine House. The Senate is expected to concur tomorrow.

The presidential decree, issued Monday night after the voluntary surrender of Huk Leader Luis Taruc, frees his 50,000 peasant followers of prosecution on charges of rebellion, sedition and possession of arms.

It requires the Huks to surrender their arms within 20 days after congressional approval of the decree. The peasants began arming themselves from the battlefields of Bataan, increased their arsenal during the Japanese occupation and acquired American weapons after the liberation. During the war, they fought the Japanese, guerrilla fashion.

President Elpidio Quirino, to whom Taruc surrendered, has expressed hope that amnesty will bring to an end the sporadic, bloody clashes between the peasants and government troops, who frequently were joined by civil guards.

Fighting broke out after the election of the late President Manuel Roxas in April. Subsequent peace parleys failed and Taruc fled Manila in August, 1946. He had been in the capital to conduct negotiations and also to pursue a claim for his seat in the House of Representatives. His election in April, 1946—from Pampanga province—was disputed by charges of fraud.

Roxas outlawed Taruc, the Hukbalahap and its affiliated National Peasants Union last March. The action was condemned by the minority in Congress, which did not act on the Roxas' decree. Roxas died April 15.

Amnesty comes at a critical time. The fertile fields of Central Luzon ordinarily are planted with rice during the first heavy rains in June. But because of the disorders, and arguments over crop sharing agreements between landowners and tenants, the Philippines' richest rice-producing acres have lain idle.

Taruc, in an interview, reaffirmed that he is a Filipino Communist, but denied having anything to do with international communism.

"I am no more under Stalin's orders than I am President Truman's," he asserted. "I and my associates most emphatically are Filipino nationalists. We are aiming toward true democracy within the framework of the constitution."

Reds Protest Howley Action

BERLIN, June 22 (AP)—Soviet Marshal Vassily D. Sokolovsky filed a formal complaint today against what he called the "coarse" behavior of Col. Frank L. Howley, U. S. commandant in Berlin, at the last meeting of the four-power Kommandatura.

In a letter to Gen. Lucius D. Clay, the American commander in Germany, Sokolovsky, the Russian commander, declared Howley "refused in a coarse and insulting manner to discuss proposals for improving the material and legal situation of the workers of industry in Berlin."

The protest was reported by the Soviet-licensed news agency.

Howley left the meeting Wednesday night after a 13-hour sitting, leaving his deputy to represent him. The Russian representatives immediately stormed out, crying insult and shouting, "There won't be any next meeting." The Kommandatura is the administrative agency for the city of Berlin, and was the last functioning four-power agency in Germany.

Marshal Sokolovsky said Howley's action was "contrary to the elementary rules of decency and working procedure for four-power organs."

The French chairman of the meeting, Gen. Geneval, said at the time Col. Howley had acted properly and that the Russians had acted illegally and rudely.

The French used to call the tomato "pomme d'amour" (love apple) and French beaux used to give tomatoes to their ladies.

Woodall Endorsed By Harrison Demos

MARSHALL, June 22 (AP)—The candidacy of Ben Woodall, Marshall attorney, for congressman from the First District carries the endorsement of the Harrison County Democratic Committee.

In a resolution last night the committee said Woodall's voice was the first raised in this section of the state to denounce the civil rights program.

AREN'T REARMING JAPS

MacArthur Aide Hits China Charge

TOKYO, June 22 (AP)—William Sebald, chief of Gen. MacArthur's diplomatic section and acting U. S. political advisor for Japan, firmly denied today that American policy is to rebuild a militant Japan.

In issuing this official denial, Sebald took cognizance of charges and anti-American demonstrations that have been inspired by certain student elements and other factions in China lately.

In a 1,600-word note, Sebald emphatically declared that these charges are an "absurd falsification" and that the groups responsible for the charges are misinforming "a large segment of well-meaning people in the republic of China."

His note was sent to John Cato, U. S. consul-general in Shanghai. Both Cato and U. S. Ambassador J. Leighton Stuart recently criticized student agitation against American policy in Japan.

Stuart said the United States is undertaking to restore some measure of Japanese economy—without laying any groundwork for her rearmament. He added that the American taxpayer can't support Nippon indefinitely.

To that, Sebald added: "... The occupation of Japan is being pursued in accordance with Allied policy, with firmness and with justice."

Accusations by the various groups in China, he asserted, are "misstatements... propaganda... and absurd falsification."
