USO Drive Starts For \$500 Quota

AGAIN the characteristic liberal heart of Motley county is responding to a worthy appeal as the United Service Organization's drive for a \$499.50 quota gains momentum.

Harry Willett, chairman of the Matador committee said late yesterday that he and L. C. Harp had received contributions amounting to approximately \$120 in working the west section of town. Mr. Willett said that contributions were made willingly and in the true spirit of service.

Despite the many demands made for contributions to the various causes rising from the war, residents indicate a sincere desire to aid as often and as far as means will permit.

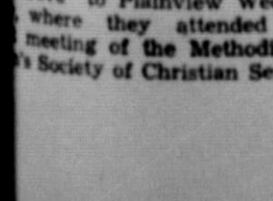

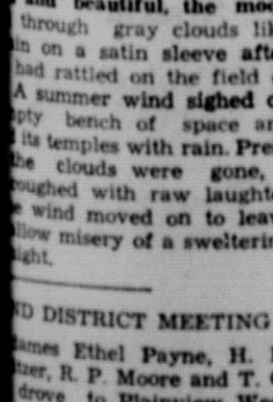

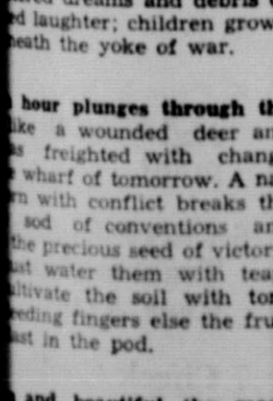

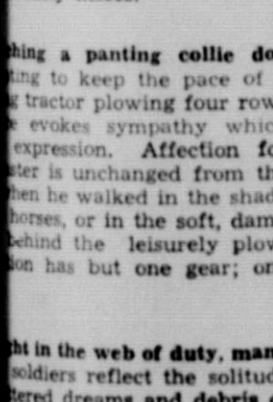

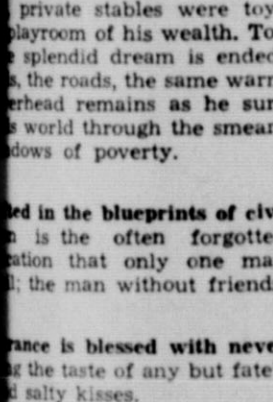

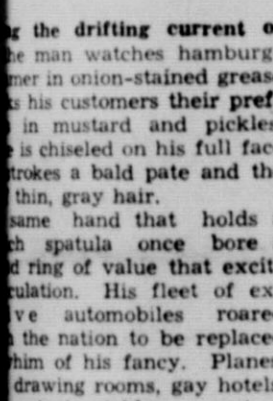

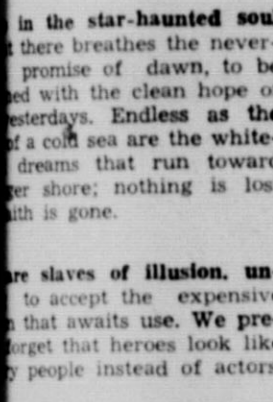

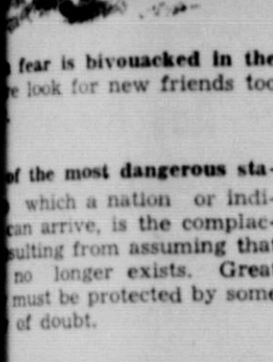

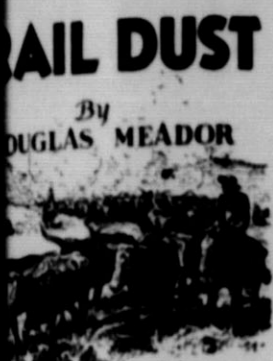

Bob Echols, county chairman, has not received a report of progress in his area as the campaign swings into action this week, but indications are that general response will raise the quota. Since the USO helps every man in uniform, it is believed many contributions will exceed out-lined estimates.

Wearing Badges Of Honor Almost every person in Matador is wearing the USO—badge of honor—red stripes and white stars—the letters in blue on white background. It fits into button-holes or over the top of lapels. People say to themselves: "There is another of my neighbors who is standing by our men in uniform."

Contributions may be made to J. R. Whitworth, treasurer and secretary, to Mr. Echols, D. E. Pitts co-chairman but preferably to members of the community committees who will solicit every resident of the county.

...DR. LIPSCOMB WILL PREACH SUNDAY AT METHODIST CHURCH Dr. L. N. Lipscomb, District Superintendent of the Plainview District, will preach here Sunday in the evening services at the Methodist church, according to an announcement by Rev. W. B. Vaughn, pastor.

Pipkin of this place, is receiving treatment at the Cripple Children hospital at Marlin. Dr. Herbert E. Hipps, head of the institution, is applying what is known as the Sister Kenny treatment, according to a recent news item in the Dalhart Times.

Back in the saddle again, Mary Ellen "Dude" Barton, 18, above, daughter of Mr. and Mrs. W. B. Barton of Flomot, will defend the cattle-country honors as Matador sponsor at the Post Rodeo, June 18-19, and will also ride as sponsor for the Matador Ranch at the Stamford Cowboy reunion, July 2, 3, and 4th.

Miss Barton is recognized as one of the most outstanding cowgirls of west Texas, receiving awards wherever her knowledge and ability has been contested.

...Dude Barton Will Enter Two Rodeos New honors for Motley county's cowgirl Mary Ellen "Dude" Barton are in the making. She has been entered in two outstanding rodeos of the season and no rope and saddle fan doubts her ability to add extra scalps to her belt of trophies.

She was named last week by the Matador Lions Club as Matador sponsor at the Post rodeo, June 18-19 and has accepted.

From where I sit ...

by Joe Marsh

A FEW weeks ago, I had occasion to
visit some friends of mine in Ne-
braska.

Nebraska certainly is a great
State. I like Nebraska. I like those
immense cornfields that seem to
stretch from horizon to horizon.
(Plenty of wheatfields in Nebraska,
too.)

But the thing that interests me
most about Nebraska right now is
the very important social experi-
ment the beer people started there
several years ago.

Beer itself is naturally a bever-
age of moderation. Yet, all too
often, people are inclined to blame
beer wrongly for any misconduct
of the customer or the proprietor
in a place licensed to sell beer.

So, the brewers got together to
see what they could do about this.
They weren't really responsible for
their retailers ... in fact, they're
not allowed to control retailers.
But the brewing industry worked
out a plan by which it cooperates
with the public authorities to elim-
inate bad conditions in the minor-
ity of places whose conduct would
reflect on the law-abiding majority.

The beer people urge proprietors
of retail places to conduct them
properly and to obey the law. They
urge consumers to cooperate, and
ask the public generally to report
law violations to the authorities.
They send warnings to careless re-
tailers and if conditions are not
corrected they take the case up
with the authorities. Naturally the
authorities and the public have wel-
comed this as an added force in
building respect for law and order.

That program is now operating
in many states—and with the Na-
tion at war, brewing industry or-
ganizations cooperate with civil
and military authorities to assure
good conditions in beer outlets
around the army camps and naval
stations.

Somehow, to me, that's a mighty
important, public-spirited effort.
I don't know of anything like it
ever having been tried before. If
people really help the brewers
with that program they'll be doing
a great thing for the country.

SHE: Oh, all right Bob, but what
about the tires and the battery and
all the other things it might need?

HE: Right ... everything should be

some responsibility for the car?

SHE: All right, smarty ... I have taken
the responsibility. I joined the Once-

HE: Great Caesar's ghost! Another

sary expenses?

SHE: That's exactly what we are doing. This is a club
without any dues, fees or anything.

HE: I'm listening ... proceed with caution!

SHE: Well, you know that nice Conoco station over on
Myrtle Street? I went in there this morning and Mr.
Blevins, the Mileage Merchant, told me he would go
over our car every Thursday morning; check the tires,
the battery, water ... in fact, everything ... and if he
saw anything needed, he would write it down for me.

HE: Atta girl! This war will make a business woman out
of you yet!

SHE: Oh, yeah? Well, I may be a business woman, my dear,
but I'm going to get a permanent this afternoon just to
prove I'm still a female ... and the price will be charged
up to the extra life of our car and the savings we're going
to have because of that Conoco Once-a-Week Club.

Sugar For War-Time Canning Requires Complete Information To Ration Board

Homemakers canning fruit this year will save themselves time and trouble if they do some advance preparation before applying to their local rationing board for certificates.

"Be prepared to answer these three questions when you go," advised Winifred Jones, specialist in food preservation for the A. and M. Extension Service: How many quarts of fruit did you can last year? How many quarts of fruit do you plan to can this year? How many quarts of last year's fruit do you still have on hand? Another word of advice is: "Keep a record of the fruit you can with your rationed sugar because your rationing board will ask for it when you apply for more sugar."

Answering these questions will be relatively simple for the thousands of rural homemakers who have kept records and filled food preservation budgets as recommended by county home demonstration agents of the Extension Service.

Rural homemakers may stretch their sugar allowances by using thinner syrups for canning fruits and fruit juices and by using corn syrup or honey as substitutes in canning recipes, Miss Jones says. Information on these methods can be obtained from county home demonstration agents. She warns that saccharine, a coal tar product with an extremely sweet taste, cannot be used in canning because it becomes bitter when heated.

Here is the specialist's summary of the rationing regulations as they apply to sugar for canning:

"You will get one pound of sugar for every four quarts of finished fruit you are putting up, and you may use as much fruit as your family needs. You may have an additional pound of sugar for each person in your family to make small supply of jams, jellies and fruit butters."

It would be nice if the mailman would bring us some of those bills whose first name is dollar.

Dear Doug, I am getting the Matador Tribune now and sure do enjoy it. I didn't know it had so much news in it until I began getting it.

Harold Gunter from Roaring Springs is located close by me. He comes over and we get the paper out and read everything in it. Thanks again for sending us the "Home" paper.

Dear Editor, Am writing to let you know I appreciate very much getting the Tribune every week, and thanks very much for it is a great pleasure and pastime for me and the many boys in the service. Through it we keep in touch with the happenings at home. I have completed my A. M. course and have been transferred to the A.A.F.T.D. at Sherman Field, Ft. Leavenworth, Kansas. Thanks to you again for the paper. Luck to all.

Dear Ben, Just a word to let you know I am receiving the paper O.K., and wish to thank you and the other citizens of Motley County that are keeping it in the mail.

I read the paper over 3 or 4 times to be sure I haven't missed a line somewhere, and look forward each week to getting it. I am always anxious to hear from home, and am sure there are many others that enjoy it as much as I do.

Dear Mr. Meador, Add my name to the long list of boys who appreciate receiving the Matador Tribune. The Tribune is always very old and "beat up" when it arrives but I wouldn't trade it for a "daily." I think Burrell Tipton came nearest to expressing our appreciation for the Tribune, naturally an ex-newspaper man can "express" better than an ex-truck driver.
