The moon is a red splinter
in of night and silence
thick covers about a
world. I remember the
days that have been
remember them as empty
days from which the fertile
soil has been removed, arranged
in its wide window sill.

There is a mirage produced
in the air. Lovers see it often
on cloudy days when the
world stumbles about
in its familiar paths.

Who knew the secret of
a pleasing effect with
useless articles. One of
my memories is associated
with our Arbutuck col-
ored silverware in advance
of company arrival. She
tried to brighten a blackened
spoon by sticking it in the soil as
possible and working to
it vigorously.

Motorists who have visited
this area of interest but pur-
sued delay or cancel their
trips because of the gas and
shortage.

With a spirited, star-faced
man some men break and
carry them easily into the
arms of amiable re-
sistance. Less qualified travel-
ers thrown repeatedly each
put a foot in the stirrup.

Light danced like silent
in the cool, fragile clouds
carried close to the rain-
forest. Long shadows mea-
scattered trees and the
refreshed nature echoed in
corridors where thought
through the heart. Life
into the open car window
eagerness that refused to
be a moment bubbling
sublime charm. Ahead a
distance held the grim cup
and extinguish the bright
time of happiness. At a side
gliding to a splendid home,
the car emptied of his occu-
pant. A mother and her chil-
dren gathered about a grisly
of the pavement's edge. The
dead form of a Collier

staff was covering her eyes
bobby hands; a tiny girl,
in that agony which
broken heart can know.

Grave of knowledge which
bequeathed to me imparts

of the vast estate of un-
derstanding that human progress
is to claim. In truth, I
tried to establish right of
title to any of it.

It was in the air that
that day when I slept in the
colored shade of a high, red

Additional Rains Aid Crop Outlook

SUBSTANTIAL RAINS over most of Motley county Monday afternoon have provided a bright prospect for 1942 crops. The rainfall in west Matador was slightly over .95 inch while the U. S. rain gage at the city wells in the eastern section showed 1.15 inches.

George Gray, whose farm is located about five miles east of town declared he received over three inches. The rainfall on John Lee's farm was 2 1/2 inches.

Reports from other sections indicated that the rain has been "spotted" and that a few localities had received little more than a shower.

Hail Damages Crops
W. E. Westmoreland whose farm is located about three miles east of Matador said that he believed hail accompanying the rain, had damaged his crops in the neighborhood of 50% and that neighboring farmers had also suffered damage. No other reports of hail were received.

Outstanding benefit of the rain has been to cool the weather which has caused residents to sweeter for the past two weeks.

A beneficial shower fell over much of the north part of the county Tuesday afternoon. Crops have been greatly aided in Whiteflat, Flomot and Roaring Springs communities and there is little fear that the threatened drought has not been broken.

A survey of past drives in the county indicates that the USO drive is the first in which Motley county has failed to subscribe its quota in the allotted time.

USO Still Short By \$74.50

Motley county USO committee still needs \$74.50 to complete its assigned quota of \$499.50, according to an announcement made at the Matador Lions Club meeting, Tuesday by secretary Randall Whitworth.

In a direct message from USO county Chairman Bob Echols, Mr. Whitworth appealed to everyone who has not contributed to the drive, to do so at once so that the quota can be completed. It is expected that a drive will be conducted sometime in the near future to secure the needed amount.

A survey of past drives in the county indicates that the USO drive is the first in which Motley county has failed to subscribe its quota in the allotted time.

Recruiting Group Visits Matador On Way To Childress

Major W. W. McCollom headed a group consisting of staff members from the West Texas Recruiting Induction Headquarters at Lubbock which visited Matador Thursday afternoon, enroute to Childress to attend the annual Founders day celebration.

Among the colorfully-uniformed girls in the troop was Miss Willena Wilkinson of Matador who has recently been employed by the office.

Major McCollom paid a brief visit to the Tribune office as did Master Sgt. J. C. Flynn. Major McCollom said the group would spend the night in Childress and interview young men interested in entering the army service, during the Friday celebration. Five enlisted men and 13 young women clerks from the recruiting office made the trip.

Others in the group included Staff Sgt. James Maples; Sgts. Lee R. Grandy and H. Gist and Private Carroll Keeling. Clerks included Miss Wilkinson and Misses Kathleen Gordon, Frances Clay, Onita Hamilton, Maxine Brown, Nadine Kelly, Wanda Handley, Jean Barham, Billie Swafford, Geneva Byrd, Ella Jordan, Lorene Reed and Arnada Stovall.

JOE GAINES AT OKLAHOMA A&M

Joe M. Gaines, manager of the West Texas Gin, left Saturday for Stillwater, Oklahoma, where he is taking a course in the feeding and care of cattle, in Oklahoma A. & M. College.

The course is sponsored by the Quannah Cotton Oil Company, and attended by oil mill employees.

VISIT PARENTS HERE
Mrs. Price Hennon and daughter Helen Jane of Albuquerque, also her son, Price Jr. of Hobbs, N. M. have been visiting here with Mrs. Hennon's parents, Mr. and Mrs. W. T. Patton and other relatives. Also visiting them is another daughter, Mrs. Raymond Davis and son Don Carlos of Austin, who accompanied Mr. and Mrs. Houston Patton and son David, here Saturday, from their home in Wichita Falls. They returned home Monday, but Mrs. Davis and son will remain for an extended visit.

Wanda Lou Marshall and Earlene Laughlin visited at Quitaque with the former's aunt and uncle, Mr. and Mrs. Scott Bolton, former Matador residents.

Texas Has Great Oil Reserve

STATE OF TEXAS' 100,000th OIL WELL

Here's Ernest O. Thompson, chairman of the State Railroad Commission, with the working men of the oil derrick crew that sunk Texas' 100,000th producing oil well. They are, left to right: Wesley Ray, Lewis Leidecker, J. H. Erickson, Col. Thompson, Paul Wilks, and Jack Hard. This is part of the crew. The well is the Hollandsworth Drilling Company's No. 1 Baker discovery ten miles Southeast of Greenville.

Col. Thompson's smile is understandable when it is remembered that through twelve years on the Railroad Commission of Texas he has fought consistently for conservation measures which have made possible the saving of Texas oil so that the State now has one-third of the world's oil supply, ready to flow at will, as the world's greatest war weapon and aid to "keeping 'em flying and keeping 'em rolling."

"Oil will carry our planes, tanks and ships to victory," Thompson said at the dedication ceremonies. "We have in Texas eleven billion barrels of petroleum ready to sound the call to freedom. This oil will be produced as needed and put to our country's defense."

Lions Make Good Grades In Current History Contest

Matador Lions keep up with current history, especially on the history of World War II. Their knowledge was tested Tuesday at the regular meeting held in the Baptist church basement after their appetites had been satisfied with seemingly unlimited quantities of delicious fried chicken. The questions were included in a "Take it or Leave it" program conducted by Lion B. F. Tunnell. The prizes consisted of from one to eight pieces of caramel candy.

Lions L. R. Bishop, Vernon Doss, John Hamilton and Elmer Stearns were elected to answer the questions, aided at intervals by the rest of the group as "students" when the brain-trusters failed to give the correct answer.

Boss Lion Douglas Meador named B. F. Tunnell as chairman of the program committee for the ensuing year, with Lions L. J. Cunningham and E. F. Springer as the committee. A complete list of all committeemen appointments will be made at the next meeting, which will be held at the Methodist church, Tuesday, August 4th.

Visitors at the Tuesday meeting included future sailor Claud Wilson formerly of Sweetwater, now operating the Burton-Lingo Company lumber yard here while Charlie Keith is on vacation, Rev. W. J. Knoy of Whiteflat and Lewis Eudy.

Lewis Eudy was welcomed into the club as a new member during the meeting.

Editor And Wife To Appear On Air

Editor Douglas Meador, and Mrs. Meador have accepted an invitation to appear on the Exchange Editor Program over KGNC, Amarillo, at 8:15 o'clock, Sunday, July 26.

The program, conducted by Lewis T. Nordyke, gives recognition to weekly newspapers over this section of the country, and various Panhandle editors appear from time to time for interviews.

Material submitted for the broadcast included a brief historical sketch of Matador and also interesting stories about Motley county pioneers. However, the script will be prepared in advance and its exact contents will not be known until it is returned to the Tribune staff for approval. Well, anyway, if you are up and happen to think about it listen, in.

Ample Moisture On Local Farm With A Quarter-Inch Rain

The syrup-pan terraces on the W. I. Rushing farm three miles northeast of Matador broke last Monday night, although less than a quarter of an inch of rain fell there.

This residue of surplus water came from neighboring farms that are not terraced, according to Rufus Emmons, county agent. Had it not been stopped by the terraces, all this rainfall would have rapidly run into the creek and the farm would not have had the assurance of ample moisture which was badly needed.

Mr. Rushing's road is usually so muddy after a rain that it takes unusual driver's skill to succeed in going over it; but he asserted that this rain had only settled the dust there.

Robert Collier of Idalou, former Matador resident, was a business visitor here Tuesday.

Candidates Prancing In Paddock Awaiting Signal

Plans Are Complete Here For First Democratic Primary Ballot Saturday

CHEWING ON THE BITS in state political paddocks, candidates are about ready to luke-warm interest which they have been able to arouse in the electorate when the war-worried voter goes to the polls Saturday in Texas' first Democratic Primary election.

The principal interest rests in the United States Senate race. The Governor's race will possibly rate second place. Little opposition is expected in Congressman Gene Worley's race for re-election. Political observers here believe that a candidate actually fighting on one of the most dangerous war fronts has little chance of being defeated by an opponent not in service.

Motley county candidates have enjoyed the kind of a campaign that is an answer to the public office-holder's dream. Only one county office has an opponent. Mrs. Lois (Cook) Garnett and Mrs. Lula Carpenter are candidates for the office of county treasurer.

District Attorney John A. Hamilton is opposed by L. D. Ratliff of Dickens county and the race will probably top election interest here.

Sample Ballot Published
Ballots for the election have been printed and delivered to County Democratic Chairman Pat Sheridan. Election supplies were sent to Motley county's ten voting places early this week. A sample ballot, printed from the same type as the official ballot, appears in this issue of the Tribune and voters are urged to study it closely to avoid delay in actual voting.

Expense Accounts Filed
Partial record of expense filed by Motley county candidates are as follows: Lula Carpenter \$66.36; R. A. Seay \$74.25; H. H. Courtney \$67.25; J. S. Lambert \$54.75; Malcolm Jameson \$54.75; A. B. Simpson \$54.75; W. R. Cammack \$91.60; Lois (Cook) Garnett \$61.55 and H. L. Smith \$52.50. All the above reports are believed to be complete with the exception of Mrs. Garnett and Mr. Smith.

Representative Paul Eubank, candidate for reelection while in the armed service as a Navy Flyer, is assumed not have been out any expense on his candidacy as no report was found in a hasty survey at the clerk's office Tuesday in the absence of District and County Clerk R. A. Seay.

At least one bulletin board of election returns is expected to be arranged in the business section here according to usual custom.

Local Merchants At Dallas Market

Matador merchants who are in Dallas this week to place orders for fall merchandise, are Mr. and Mrs. Harry Willett, of Harry Willett & Co., W. F. Jacobs, owner of Matador Variety, and T. B. Edmondson of the Western Dry Goods Company.

Mr. Edmondson went to Dallas from Fort Worth where he and Mrs. Edmondson have been visiting since Thursday, while the others left Matador Sunday morning.

Mrs. Willett will go to San Marcos to visit her mother before returning to Matador.

Coach Don Martin To Chanute Field

Coach Don T. Martin and Mrs. Martin left Tuesday morning for Chanute Field, Illinois, where Mr. Martin has a Civil Service Appointment as instructor in the Army Air School. He will be enrolled in school for 16 weeks, after which time he will become an instructor.

Two positions remain to be filled in the local High school, that of athletic coach, made vacant by Martin's resignation, and the position of high school science teacher, made vacant by the resignation of Hugh Gray, now enlisted in the U. S. Marines.

Mr. and Mrs. Martin drove to Stamford Thursday, where they visited his parents, and then spent the week-end with her parents, Mr. and Mrs. Fred Simpson at Roaring Springs, before leaving for their new location.

Miss Amy Glenn and Mr. and Mrs. W. D. Herring visited in Plainview Tuesday.

China Aid Is Above Quota

Motley county has exceeded its quota of \$200 for China Relief Relief according to an announcement made late Saturday by Henry F. Pipkin, chairman of the committee.

Joe Gaines, manager of the West Texas Gin and Lewis Eudy, local commission representative of the Phillips Petroleum Company are responsible for approximately \$150 collected over the week-end. The representatives worked diligently with person to person solicitations while a number of larger sums were sent to Mr. Pipkin direct.

Elated over the success of the drive, Mr. Pipkin said, "I felt that the people of Motley county would open their hearts and pocket-books to the desperate Chinese, once they understood the cause for which this money is being used. China is fighting and bleeding for our cause. The courageous soldiers and the people need everything we can send them and every dollar we can spare. Today they are fighting the Japs almost barehanded."

He said contributions were continuing to be accepted and would be forwarded to the New York office of United China relief as received. In some of the larger cities of the country the drive for China relief has resulted in contributions to almost double the assigned quotas.

Messrs. Gaines and Eudy solicited contributions in Flomot and Roaring Springs, but the greater part was contributed by Matador residents.

Mr. Pipkin said yesterday that a later contribution from the Flomot community amounting to \$37.50 had been received, making a total collection of \$245.16. The New York office has received \$205.16 and the Flomot contribution and other donations will be forwarded in the near future.

Roaring Springs Church Of Christ Meeting Scheduled

Minister Albert Smith of the Pampa Church of Christ has been secured to conduct the summer Gospel meeting at Roaring Springs according to announcements made by church officials this week.

The meeting will start August 3 and continue through August 12. A cordial invitation is extended the general public to attend.

ACCEPTS PADUCAH POSITION

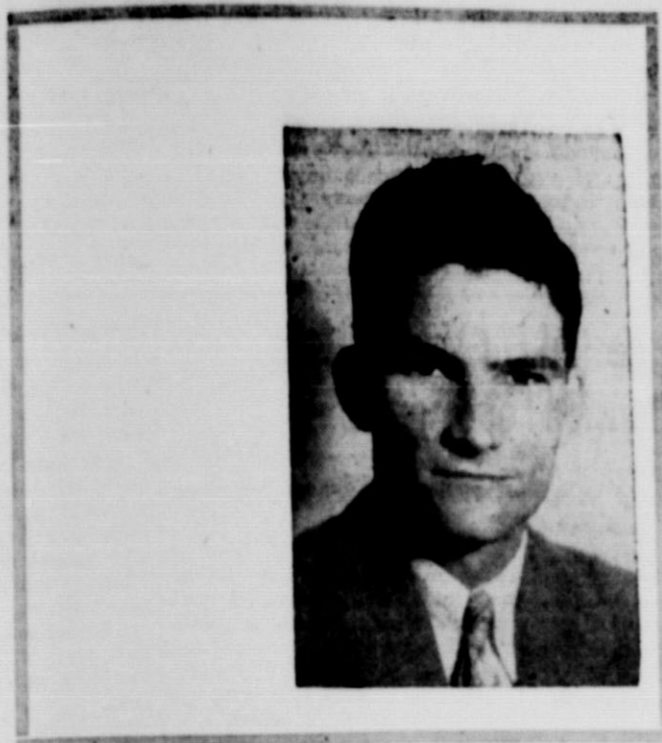

N. J. Smalley, who has been employed at Campbell's Food Market, in the meat market department, has accepted a position at Paducah, with Swint Bros. Grocery, and has moved his family there.

The vacancy left by Mr. Smalley is being filled by John Briscoe, who assumed duties Monday morning.

VISIT IN SHERIDAN HOME

Visitors here this week in the home of Mr. and Mrs. Pat Sheridan, are her mother and brother, Mrs. J. M. Jackson and Bebe Jackson of Uvalde, a sister, Miss Edith Jackson, and nephew, John Morgan of San Antonio, and Miss Murrel Stevens of Pasadena, Cal.

An Efficient Official Is A Valuable Public Investment !

OUR NATION is at war, facing the greatest peril in its history. Every able man is needed to apply his strength where it will be most effective. Today, more than ever before, an efficient official is a valuable public investment. We cannot afford to pause that a new man may become acquainted with his job when an experienced, able and proven man is waiting to fill it. This is not the time to indulge in extravagance of valuable time and money to replace a proven efficient official.

In considering John Hamilton as a candidate for re-election, we, as citizens of the entire district, point to his record during the years he has served as District Attorney. He investigates his cases carefully and thoroughly that facts, and facts alone, will determine decisions, thus protecting the innocent and insuring trial of the guilty. As a prosecuting officer he has been fearless, vigorous and capable. He has proven himself fair and without prejudice.

John Hamilton's record proves that he has done his job well. He has never aspired to building a reputation as an aggressive prosecutor but conducted his duties with faithful, conscientious and efficient effort with the single goal of bringing about impartial justice.

John Hamilton is a native West Texan. He speaks our language and knows our people. There is no question of his ability, his fairness or sincerity. He is doing a good job and he is well-trained for it. We as voters and taxpayers believe he has earned the right to re-election. We urge your most sincere consideration. We ask that you consider the 70 terms of District Court in which he has represented the people of this district. We urge you to weigh his work and the decisions he has obtained.

Each taxpayer has a valuable investment in the training and experience of John Hamilton. That investment will not be lost if you re-elect him to office.

MARRIAGES OF LOCAL YOUNG COUPLE OF INTEREST TO FRIENDS IN COMMUNITY

A wedding of much interest to the young people of Matador and Roaring Springs, is that of Miss Geraldine Brooks of Roaring Springs and McElton Skaggs of Matador, which occurred in Brownfield, July 8, in the home of the bride's sister, Mrs. Ed Whitaker, with the Methodist pastor of Brownfield officiating.

The young bride, who is a daughter of Mr. and Mrs. Charles Brooks, is a very popular young lady in the Roaring Springs community where she was reared and attended school. The bridegroom is the son of Mr. and Mrs. V. J. Skaggs of Matador, and graduated from Matador High School in the 1942 class.

They are making their home in Amarillo, where Mr. Skaggs has employment in government defense work.

Keeling—McCrary

Another marriage of interest to friends here was performed Saturday, July 18, uniting Miss Doris Keeling and Marvin McCrary of Nacona, in a ceremony read by the bride's grandfather, Rev. Thomas Keeling. The vows were exchanged in the home of the bride's parents, Mr. and Mrs. N. E. Keeling of Matador.

Mrs. McCrary has attended the Matador school during the past six years. The bridegroom is engaged in farming at Abernathy, and the young couple left Monday for that place to make their future home.

Family Reunion At Roaring Springs

The Lawson family held a reunion at Roaring Springs, Sunday, with a basket dinner which was enjoyed by the following: Mr. and Mrs. Guy McGill, and Mr. and Mrs. E. J. McGill of Soltillo, Okla. Mr. and Mrs. Edward McGill of Hollis, Okla., Mr. and Mrs. Leon Lawson, Mrs. Norman Lawson, Mr. and Mrs. Knox Lawson of Afton, Mrs. Charlie Applegate and son Pat of Spur, Mr. and Mrs. Pete Coffman and Maxwell Smith of Matador, Mr. and Mrs. S. M. Newberry and Mr. and Mrs. W. H. Nichols of Roaring Springs.

To The People Of Motley County:

I shall appreciate your support and your vote Saturday. I have tried to devote the time that I have had to campaign for the office of District Attorney to the other counties of the district rather than in Motley County where I am better known. I do want to let you know, however, that I want your help just as much as if I had spent a lot of time campaigning here.

VISITORS HONORED AT PARTY FRIDAY

Mr. and Mrs. W. L. McWilliams entertained a host of friends in their home at Whiteflat, Friday evening, July 17, in honor of Mrs. Ada Wilkinson Eade of Stamford, California, who is visiting with her mother, Mrs. Ida Wilkinson and other relatives.

The occasion afforded the revival of many memories among the group of guests, most of whom had been pupils in the Whiteflat School in the early days, and several, including Mrs. Eade, having been pupils of Mrs. McWilliams. Others were Riley Day, Bertha Garrison, Flora Garrison and Tom Tilson.

A delicious dinner was served in the garden to the following guests: Mr. and Mrs. W. B. Garrison, Mr. and Mrs. Riley Day, Mr. and Mrs. Fred Bourland, Mr. and Mrs. Tom Darsey, Mr. and Mrs. R. L. Pritchett, Mr. and Mrs. Ben Keltz, Mr. and Mrs. J. D. Perkins, Mr. and Mrs. A. K. Wilkinson, Mr. and Mrs. H. A. Armstrong and sons, Miss Bernice Garrison, J. H. Armstrong and Mesdames Eade, Maude Dean, Bertha Garrison and Lilla Garrison.

OLLIE SUE LANCASTER CELEBRATES BIRTHDAY

Ollie Sue Lancaster celebrated her 10th birthday with a party given Friday afternoon by her mother, Mrs. Jim Lancaster, at the Matador city park.

The afternoon was spent playing games, and refreshments of ice cream and cookies were served the following guests: Elizabeth Ann Harp, Margaret Sanders, Patie Pipkin, Palma Lancaster, Martha Ann Gilbert, Annette McWilliams, Geraldine Waybourn, Rosemary Bloodworth, Royella Brownning. The following were also present and assisted with the entertainment: Mesdames L. C. Harp, Earnest McWilliams, Ed New and Herman Ellithorp.

Mrs. Tom Newman spent the week-end at Wichita Falls with Mr. Newman, who is stationed at Sheppard Field.

Pied Pinions

BY MR. S. M.

Remember the first time you rode a ferris wheel at the fair, and it stopped with you right on top, holding on with all your might, for fear the chair would topple over backwards; and then when you were a little older and were permitted to ride the roller-coaster for the first time, and you literally lost your breath when the car started on its perpendicular descent; or maybe it was the time you rode those new swings that suspend you in air with your head hanging downward; or the second time you visited a dentist's office—to get the rest of your teeth pulled. At any rate you probably had the sensation that your stomach and tonsils had exchanged locations.

Well, that's the way I'm feeling this week when I contemplate the experience ahead of me. Frankly, I've a bad case of the jitters. At first the idea of appearing on the air was fairly enticing. One reason being that this particular program comes on at 8:15 o'clock a. m. and I was secure in the assumption that very few people are even up, much less listening to their radio at that hour, especially on Sunday morning. After a few casual inquiries among acquaintances however, I find their habits quite to the contrary.

Now it occurs to me that in all fairness to the broadcasting station, its patrons and advertisers, I should have declined the invitation. Especially in view of the grotesque tone qualities afforded by my vocal chords, concrete evidence of which is borne out in various experimental voice recordings.

Just because a peach is soft, it doesn't necessarily indicate that it is ripe. Rather, it could be proof that the fruit is rotten on the inside because of the presence of worms. Corruption in the life of an otherwise attractive personality is often visible through the thin skin of deceit.

A recently discovered delicacy at our house consists of maple syrup poured over thick slices of buttered toast, as a quick substitute for waffles or hot cakes.

With the advent of tire-ratting and subsequently more hours spent at home, the back lawn has become a very popular place, especially when equipped with out-door cooking facilities. One of the most popular cooked-in-the-open meals in this section includes what we would name, "Steak a la Ashes."

You must have coals from the right kind of wood though, on which to broil the steak, else you will have, literally, ashes. Such was our first and only experience several years ago, when in company with friends, we attempted the fare.

There is an art to preparing steak this savory way, and we understand that mesquite limbs as fuel give best results, although black jack can also be used successfully, as neither of these form the soft ash which would stick to the meat. After the fire dies down, the steak, seasoned of course, is placed on the hot coals and allowed to "cook until tender." More steak prepared in this manner can be consumed by one person, than you would believe!

BELIEVE IT OR NOT—from The Leatherneck, official magazine of the U. S. Marines: "Police answered a hurry call to stop a street fight between two soldiers and a sailor at Tacoma, Wash. All three were taken to jail; bail was set at \$25. each.

"Gosh," said the sailor, pulling a lone \$5. bill from his pocket. "I'll be A. W. O. L. from my ship." The soldiers each dug \$10 from their pockets and told the amazed jailor to let the sailor go. They stayed in jail.

The police officer scratched his head as the sailor went out, and said: "I've seen everything now."

HENRIETTA SHUCK CIRCLE

The Henrietta Shuck Circle of the Baptist W. M. U. met Monday afternoon in the home of Mrs. Buford Hobbs for a social which followed a lesson taught by Mrs. Vernon Doss from the book, "His Golden Cycle."

Refreshments were served to: Mesdames Elbert Seigler, Vernon Doss, Lewis McDonough, Lloyd Fulkerson, Elbert Reeves, Carlos Clower, Cecil Shelton, M. B. Carroll, Fred Clower, Earl Laughlin, and Richard Berryman, Miss Wanda Berryman and the hostess.

They will be at home with Mrs. Wilson's mother, Mrs. J. A. Groves during their stay here.

Jester Declares Efficiency Vital In Commission Job

Pledging efficient operations of the Texas Railroad Commission in gearing Texas oil and transportation systems to the war effort, Beauford H. Jester of Corsicana is entering the final phase of his first primary campaign for the unexpired term on the commission.

"We are rolling along at a fine pace," Jester says in surveying the work which has been done in his less-than-a-month of political life.

It is the first campaign for public office for the Corsicana lawyer who was an infantry captain in the first world war and who has announced he seeks the railroad commission post to render a war time service to his State and nation.

"In these days when petroleum means so much to our fighting machines and when transportation is the real key to keeping our men at the front supplied with their necessary materials, the railroad commission's job is one of the greatest war services available," Jester declares.

Denied readmission to the armed forces with which he served overseas in 1917-18, due to physical disqualification, Jester has pledged that Texas oil and transportation shall not prove bottle-necks for men in the armed forces.

FATHER: I've called this family council to get our living program adjusted.

MOTHER: What's the trouble, Father?

FATHER: Well, the way living costs are up, I'll give a dollar to anybody here who contributes a suggestion to save money. How about it, Bob, my boy?

DAUGHTER MARY: For goodness sake, Father, you know Bob never saved a cent in his life... he...

SON BOB: Silence, worm! I've got an ad here. It's about motor oil and it says: "You can hardly think of one working part in your engine as cheap to replace as dirty, thin oil—a jinx to precious parts!"

FATHER: I get it, son... and that car of ours has to go another two years at least. What oil is it?

SON BOB: It's Conoco Nth motor oil and the ad tells how the six engines were run to destruction in a Certified Death Valley Test. Conoco Nth made twice the mileage averaged by the five other big-name oils.

FATHER: Son, you get the first dollar. Take the car down tomorrow and get Conoco Nth oil.

Approximately 40 per cent of the area of Texas is excellently adapted to natural wildlife preservation because of good natural cover, plentiful water and sparse population.

In 1940, more than 11,250,000 acres had been placed under forest fire protection of the Texas Forest Service.

YOU and YOU and YOU!

In the days of Caesar it cost approximately 75c to kill a man. During the Civil War it cost approximately \$5,000 to kill a man. During World War No. 1 it cost approximately \$50,000 to kill a man. In this current Mechanized War it costs approximately \$125,000 for every casualty.

A 35,000 ton battle ship costs \$70,000,000 . . . takes 3,326,000 man-hours, or approximately 4½ years to build . . . requires 62,000,000 pounds of steel . . . 2,000,000 pounds of copper . . . 1,000,000 pounds of zinc . . . 1,000,000 pounds of aluminum . . . and 750,000 pounds of nickel.

This war is costing a tremendous sum, isn't it? . . . But at any monetary cost it is a cheap price to pay for victory, isn't it? . . . A cheap price, indeed, to guarantee the perpetuation of our Democratic way of life . . . A cheap price to guarantee that our privilege of doing whatever we please whenever we please will not be lost. Freedom, our freedom, cannot be measured in dollars and cents. It has more, much more, than monetary value. But it takes money, huge sums of money, to make our nation secure against our attackers.

Last year total income in the United States exceeded \$90,000,000. How much of this sum do you think the individuals earning it would be permitted to keep, and to enjoy, if we lost this war and we were ruled by our conquerors? In the countries defeated by the Axis powers, and now occupied by them, the subjects have been stripped of everything. Even food sufficient to sustain healthful living has been denied these unfortunate people. The wealth that they had spent their lives in accumulating has gone to the victors.

Draw your own conclusions of the fate of this nation should our armed forces fail to repel our enemies.

You and You and You . . . Every loyal American is needed now to buy U. S. War Stamps and Bonds with all the resources at his command . . . to work more diligently than ever before to produce all the things required—food, clothing, guns, ships, tanks, planes, ammunition—to keep our fighting forces fed better, clothed better, and armed better than the enemy, for the key to victory is held by the nation or group of nations with the ability to equip, supply and sustain its fighting forces best on the battle field. Your clear-cut duty is to help to accomplish that end.

Uncle Sam desires that the retail merchants, the service institutions, and the professional men of our nation carry on as normally as possible, considering that we are at war. Locally, the people who man and manage the firms and institutions which serve you are doing all they can to serve you the best they can. If war has forced certain restrictions or made limitation of certain services mandatory, accept the changes with gracious understanding and remember one fact . . . It is their wish and their responsibility to adopt those business practices designed to lend greater help in the battle to insure victory and the survival of our American way of life.

"Wholesome, appetizin' beer," says Will, "is standard equipment for a proper settin'! Puts a feller in a 'stay-goin' peaceful mood."

Because it well might be considered a tribute to doctors everywhere—and especially the small-town doctors—the following poem, "A Tribute to Dr. Thomas A. Lowery" and signed simply "A Friend," is reproduced from the Chillicothe Valley News:

Out of his bed at midnight;
Watching a snowbound trail;
Watching a case 'till daylight;
Braving a winter gale—

Up from a meal at mid-day;
Off on a hurry call;
Miles on a lonely highway;
Out through a summer squall—

Called from an evening's pleasure
Into the bitter night;
Lured from a moment's leisure
Into a patient's plight—

Rushing away at daybreak
Into a blizzard wild;
Soothing a mother's heart-ache
Over a suffering child—

Even a willing servant,
Never a selfish end;
Solace, kind, observant,
Doctor, adviser and friend!

When Rip Van Winkle woke up
(so we read in the Stanton Reporter) and wandered back to the old home town, he was neither recognized nor remembered. He found his wife gone, his daughter married, his native village remodeled and America independent. He had slept clear through the Revolution!

Nevertheless, Rip was a lucky man, because we'd never have known about him to this day if Washington Irving hadn't written

A VICTORY POSTER

The poster will be carried on the 14,000 trucks of the Express Agency in 4,800 cities and towns for 3 months as part of that organization's cooperation with the War Savings campaign.

Tomatoes Suggested For Varied Uses By A. & M. Extension Food Specialist

Tomatoes can be prepared in so many ways and so easily, homemakers will do well to make them a "stock item" in the refrigerator for the remainder of the summer. With tomatoes available throughout the state now, Hazel Phipps, specialist in food preparation for the A. and M. College Extension Service, suggests that homemakers plan to use them "morning, noon, and night."

As a beginner, tomato juice is always refreshing, or it can be made into a cold congealed consommé. Use baked tomatoes plain or stuffed, scalloped or stewed tomatoes, the specialist advises. Tomato sauce goes well with all kinds of meats, fish or beans.

There is no end to the number of salads which can be made with tomatoes. Whatever the salad, choose tomatoes with a deep red color, Miss Phipps suggests. Attractive salads may be prepared by cutting the tomato in fourths or sixths and spreading it apart in

flower-like fashion. The center may be filled with cheese, salmon, tuna, bage, or any food which will with tomatoes.

Although the tomato of the Cinderella of the vegetable world it is now one of the important vegetables, especially speaking. It provides vitamins and three times year's tomato production for 33 percent more tomatoes and 12 percent more tomatoes than were available in 1941.

Housewives Urged To Conserve Fats As Wartime Effort

Conserving kitchen fats and oils is a wartime "must" for every housewife, says Hazel Phipps, specialist in food preparation of the A. & M. College Extension Service. "Don't waste fats and spoil foods cooked in fats with too much heat."

When fat starts to smoke it starts to break down chemically. Food cooked in smoking fat will be harder to digest and may be irritating to the digestive tract. Once fat reaches the smoking stage it gets rancid more quickly if saved for future use. Many fats

may be saved and reused. For example, fat used for deep fat frying may be saved and used several times afterward if it is strained each time before being put away. For this purpose several thicknesses of cheesecloth or other clean white cloth are suitable.

Advise Use Fresh Fat

Miss Phipps advises using fats while fresh. But she cautions against adding fat on top of fat continuously and letting that poured up first (on the bottom of the can) get rancid.

"Every bit of surplus fat, unless it is too strong in flavor or has been scorched, may be used for cooking," Miss Phipps says. "Fats which have objectionable odors, tastes and colors easily may be clarified at home. To do this, melt the fat with an equal volume of water, heating at a moderate temperature for a short time, stirring occasionally, and then cooling until congealed. The fat then can be lifted from the water surface."

All fats should be stored in closely covered containers in a dark place and away from strong-flavored foods. Table fats should be kept very cool, in a refrigerator if possible.

"Only two per cent of the people that they're trying to run it with ones," says a sociologist. Well, they certainly do get around, don't they?

Soldier-Senator Promoted in Army

It is First Lieutenant Vernon Lemens now. The soldier-legislator, who is asking for promotion from Senator of the Twelfth District to Lieutenant Governor of Texas, got a promotion this week which he did not ask for when he was raised in rank from second to first lieutenant. He is serving as assistant adjutant at Camp Hood, Temple. He is a veteran of World War I, was a reserve officer and active legionnaire and was recalled to the armed forces for World War II on April 6. He will be granted leave to serve during the legislative session. No more time is required in Austin of the Lieutenant Governor than of a Senator.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To: Novy Cochran, and C. J. Cochran, greeting:

You are commanded to appear and answer the plaintiff's First Amended Original petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 24th day of August, A. D. 1942, at or before 10 o'clock A. M., before the Honorable District Court of Motley County, at the Court House in the city of Matador, Texas.

Said plaintiff's First Amended Original petition was filed on the 7th day of July, 1942. The file number of said suit being No. 1118

The names of the parties in said suit are: Fred Rogers, as Plaintiff, and Novy Cochran, C. J. Cochran, and L. L. Lynn, and wife, Mrs. L. L. Lynn, as Defendants.

The nature of said suit being substantially as follows, to wit:

A suit for a balance of \$1090.85, including principal, interest and attorney's fees alleged to be due on two promissory vendor's lien notes executed by C. J. Cochran and Novy Cochran, payable to the order of M. E. Rogers, for the sum of \$722.75 each, due respectively on the 1st day of December, 1934 and 1936, bearing interest after date at the rate of 8% per annum, and providing for 10% attorney's fees on the amount due if placed in the hands of an attorney for collection, or if suit be brought on same, transferred and delivered by M. E. Rogers to plaintiff, Fred Rogers, together with costs of suit, and for foreclosure of the vendor's lien against all of the S. E. 1/4 of Survey No. 14, Block T, Cert. No. 1138, B. S. & F., Original Grantee, containing 160 acres of land, situated in Motley County, Texas, securing the payment of said notes, and alleging that defendants, L. L. Lynn and Mrs. L. L. Lynn are claiming some interest in and to said lands by reason of being in possession thereof.

Issued this the 7th day of July, 1942.

Given under my hand and seal of said Court, at office in Matador.

LOCAL BOY MAKES GOOD

(An Editorial)

Voters often lose sight of the position which a successful District Attorney must face when he seeks re-election. To be successful he must frequently lose a number of friendships as a paradoxical reward for the fulfillment of his sworn duty. Each success may contribute in some measure to a future defeat. The conscientious citizen must realize that no personal attitude can have a place in the prosecution of a case. The District Attorney is merely servant of the law which the people have created. However, after a period of time certain opposition may be built up through distortion and a few sullen enemies. It is the period when the great force of sincere, fair-minded voters should rally to the support of the man who has sacrificed future security in the fulfillment of duty.

District Attorney John Hamilton approaches that precarious stage in an unusually successful career. Any considerable survey of his record will satisfy the most skeptic voter that he has served his district with more time, effort, diligence and sincere application than the mere duties of the office required. He has worked without regard for time, personal expense or danger; day and night, fair weather and foul to see that impartial justice is delivered to both the guilty and innocent.

John Hamilton, through zeal, talent and continuous application, has developed a rare faculty for investigation that is a great asset to this district. Being of modest nature, most of his achievements have failed to reach the public for he has neglected to make them available to the press. Early last spring he stood on the shore of a Floyd county plains lake with a group of peace officers and a

negro prisoner. Somewhere under the cold, muddy water two valuable band instruments were hidden, which prevented the rightful course of justice. The instruments had been stolen and later thrown into the lake when pursuit became too close. The case could advance no farther than the shore.

It was a cold afternoon with a north wind blowing that caused the group to shiver in their winter coats. John Hamilton started removal of his clothing. For two hours he waded the icy water up to his chin, and mud often to his knees. His body was blue with cold each time he arose above the surface. Finally, he stepped on one of the horns. The second was recovered the following morning and a case was completed. Similar instances proving his devotion to duty have occurred in most of the cases where he has represented the people in more than 70 terms of court. John Hamilton is an efficient District Attorney.

Saturday he awaits the verdict of the people he has served. He concedes the natural interest of Dickens county to secure return of the District Attorneyship through support of their candidate, but what will be the pleasure of the voters in his home county, the county where he was born and reared? The stubby, little pencils are sharpened; the unmarked ballots are ready. The answer is now in the hearts of the people who have known John Hamilton all his life. Saturday they will defend or condemn his success.

The Cammack
Mr. and Mrs. Ben P. Wiley Fulfer of San Antonio here last week with their parents, Mr. and Mrs. Forster. They were accompanied by Misses Faustena Fulfer and Ieta Whitaker.

A letter from Brady Thomas, former assistant coach in the Matador High school, who recently enlisted in the U. S. Navy, advises friends that he is stationed at Norfolk, Va. His address: Brady Thomas, C.S.P. Squad. 42; Physical Instr. School, Naval Base, Norfolk. He writes: "Dear Randall and fellow Lions: I appreciate your letters and the paper. Those letters we receive are life savers. Write often. Doing O.K. Sure is hot and dry. Tell everybody hello - would like to see you all, Brady."

FORMER RESIDENTS VISIT

Mrs. Flora Shira and daughter, Mrs. Wilburn Cox of Lubbock, former Matador residents, were visitors in Matador Monday. They were enroute to Memphis, from Paducah, where they had visited Mr. and Mrs. R. W. Cudd. Mrs. Cudd and daughter Mary Ann, accompanied them here.

Let's Help Bring Respect Back To Texas!

ELECT A WEST TEXANI To The United States Senate By VOTING for JAMES V. ALLRED

In the more than one hundred years of Texas history, Texas has never been represented in the United States Senate by a West Texani. This year, for the first time, you have an opportunity of electing a West Texani to that high position by voting for James V. Allred, who was born and grew to manhood in West Texas, and who knows and understands the problems of West Texans. His record of two terms as attorney general and two terms as governor of Texas is filled with pages of successful solutions of West Texas problems.
