MAIL DUST

By
DOUGLAS MEADOR

language boils in the kettle
of popular thought, some-
times of no value,
but destroying the kernel
of the fire. A few automobiles
ago the admired man of
today would have been
the possessor of too
much of the rate of 85 per
cent.

reform is the sifting of
the hands after the fire is cooled;
it is of no value after the
fire has passed.

the great man has
my own fears but hid them
the greater faith in his soul.

his brown, soft eyes and deli-
cious smile alone would have
been enough to create the deathless
image that belongs to a gentle
man, but her heart contained a
wisdom that was superior
to any like white stars be-
hind thin clouds woven with
black. Her adoration for the
man she had married was a leg-
end that had been retold over
card tables and back fences.
Fidelity was so well estab-
lished that even gossip found it
impossible to deny.

the day the noble woman stood
before a group of her associates
felt a need to relieve their
sorrow. With the candor that
alone can produce, she de-
scribed the full knowledge of her
husband's imprudent
acts, but added with a smile,
she would many times prefer
a portion of his love to all
the love of any other man on
earth. She defended his kindness,
generosity and congenial spirit
as a mother who sees only the
good in her wayward son.

red and yellow from the stain
of years, the beaded pincushion
my mother used brings back
many memories from the lost
years of childhood. Her nimble
fingers frequently selected a
needle to remove a painful thorn
from my foot, or to replace a
loosening button. More often
she would remove the threaded
needle to repair a damaged
over-seat that her two boys
had always to require. Some-
times I wonder if she did not see
the hearts of her family together
in a golden, unknown needle
in the old pincushion.

would be easier to profit from
her man's mistakes if we had
the instructions on the exact
order in which he made them.
Positivity is a wonderful agency,
like fire, it may easily defy
steel.

ached white by a thousand
times, the old saddle tree is like an
iron throne decaying in a for-
gotten empire. It rests by the side
of the road, near the little house,
any portion of the past's dry
dreams. The young, dark-haired
boy who rode it north with a
blue-hair, has long forgotten the
feel of spurs on his heels, his hair
silver and lines crease his face.
The gullies in a discarded field
seldom speak of the years he
spent in the Oklahoma Strip or the
days he rode with other
boys to laugh and work and
dream in a young, glittering land.

He has watched the partial hand
of fate measure many cups for
him, filled to overflowing with
gold and silver. He has witnessed
many brands grow from a few
straw heads to cover the hills
with half a day's riding. He
has seen the black, new soil plow-
ed into wide fields and the silver
road of fences cut up the sea of
prairie. He has worked with all
the strength in his arms and
back, and lost at each undertak-
ing with the concealed grief of a
man who smiles and asks for
few more chips. Poverty, heart-
ache and failure have slashed him
with their stinging swords, but
he has not destroyed the strength of
his hope or the virtue of his smile.
The old saddle tree is a symbol of
enduring quality that dares
remain in support of an old
boy's dreams.

Motley Cowgirl Is Rodeo Champ

Mary Ellen Barton Brings Home Many Wichita Honors

The only reason Mary Ellen
Barton, Flomot cowgirl and
daughter of Mr. and Mrs. W. B.
Barton, did not bring home Shep-
pard Field, was because Fay Kirk-
wood did not offer it as a prize in
the All-Girl Rodeo which closed in
Wichita Falls Sunday after-
noon.

No one in this section, familiar
with Miss Barton's rope and saddle
ability, was surprised when she
returned home with about
everything Wichita Falls had on
its prize list. Here in this country
of cowboys, wide ranges and
whiteface cattle are many cow-
boys who would prefer to watch
the outstanding cowgirl than to
compete with her in the rodeo
arena. To match her with the
average satin and gaberdine rid-
ing girl left the outcome a "fore-
gone-conclusion."

Winner Of \$200 Saddle

Miss Barton won the \$200 given
by Miss Kirkwood as first prize in
the cowgirl sponsor contest.

Below are excerpts from Frank
Reeves story in the Monday Star-
Telegram:

In the cutting horse contest Ada
Worthington of Jacksboro and
Thena Mae Farr of Seymour tied
for first and second prize in this
event, a pair of boots and a pair
of spurs. Mary Ellen Barton was
third prize winner in this event.

Two contests were held Sunday
afternoon in the musical chair
event for the sponsor girls, and the
first section was won by Mary
Ellen Barton, and Marjory Mayo
was the winner of the second divi-
sion.

Vivian White tied her calf in
44.4 seconds. Mary Ellen Barton
in 45, Sally Taylor of Stacy in 45.3
and Anne Webb of Ponca City,
Okla., in 46.4 seconds.

A large number of soldiers sta-
tioned at Sheppard Field witness-
ed the rodeo Sunday afternoon.

The record crowd for the rodeo
Saturday night saw one of the best
performances with contestants in
the amateur and professional
rodeo classes making a strong bid
for day money honors and a
chance to land in the finals.

Sally Taylor of Stacy was first
prize winner in the third go-round
of calf roping with a time of 40.4
seconds and took \$25 as day money
prize. Mary Ellen Barton pocket-
ed \$15 for second prize in this
event and Mrs. Punk Snyder won
\$10 for taking third place.

The cutting horse contest
brought out a strong field of con-
tenders and some of the best
(See RODEO Back Page)

Funds Continue To Support Tribune's Free Paper Plan

Each week additional Motley
county boys in service request
that the Tribune be sent to them
and new names are added to the
mailing list. However, the expense
of paper, printing, wrapping, ad-
dressing and postage is reduced by
grateful friends and relatives who
continue their voluntary contribu-
tions.

At present in the neighborhood
of 150 men in various branches of
the armed service stationed all
over the earth are receiving week-
ly copies of the home paper. Their
grateful letters are received al-
most daily.

Before the war started the Trib-
une made a pledge to furnish a
weekly copy of the home paper to
each man in service, with no more
expense than his request for for
it, and no obligation.

Publishers of the Tribune grate-
fully acknowledge the following
unolicited contributions during
the past week:

Hazel Dirrickson \$5, Harry H.
Campbell \$1.75, Mrs. C. T. Jinkins
\$2, Claude Wilson \$3, Henry Pip-
kin \$1, Maurice Campbell \$1.

J. N. Scrivner, Roaring Springs,
\$1.00, M. Parks, Dumont, \$1.00
and Charlie Keith \$1.00.

Holding Meeting

Minister Albert Smith of the
Pampa Church of Christ, above, is
conducting the summer Gospel
meeting at Roaring Springs.
The meeting started Monday,
Aug. 3, and will continue through
August 12. A cordial invitation is
extended everyone to attend.

Quota Is Attained By USO

Motley county has exceeded its
USO quota of \$499.50 according
to county chairman Bob Echols.
Over \$500 in contributions have
been sent to the United Service
Organizations headquarters, Mr.
Echols declared.

Civic leaders declare that with
the USO drive completed, every
fund drive presented to the people
of Motley county within the past
year has been exceeded. At cer-
tain intervals as many as three
drives were in progress at one
time.

Chairman Echols deserves much
credit for the effort he contribut-
ed to the drive, and also for the
use of his automobile and wear on
precious tires, as he contacted
community chairmen and worked
with leaders in the drive.

Resident's Mother Dies At Aspermont

Mrs. A. B. Groves returned
home Wednesday from Aspermont
where she attended funeral ser-
vices Tuesday evening for her
mother, Mrs. Hattie J. Taylor, 92,
who passed away Monday night at
her home there. She had been a
semi-invalid for a number of
years. She was born in Alabama,
December 19, 1849.

Funeral services were held at
the Methodist Church at Asper-
mont, by Rev. Raymond Van Zant.
In addition to Mrs. Groves, four
other daughters survive. They are:
Mrs. Ida Anderson of San Angelo,
Texas; Mrs. Eva Blackwell of San
Clemon, California, and Miss
Flora Taylor of Aspermont. One
brother, John Porter of Peacock,
also survives.

Mrs. Groves was called to As-
permont Saturday and was ac-
companied by Mr. Groves and a
nephew, Bill Groves, both of
whom returned to Matador Sun-
day.

TO ABILENE

Mr. and Mrs. G. E. Hamilton
made a trip to Abilene this week,
where he attended a meeting of
the Board of Trustees of McMurry
College, of which he is a member.

RETURNS FROM HOSPITAL

Mrs. Pat Sheridan returned
home Monday from the Quanh
Hospital where she recently under-
went an operation for the removal
of a goiter. Mr. Sheridan went to
Quanh to accompany her home.

"Ranger" Of Pony Express Fame Is Victim of Poison

"Ranger" is dead. One of the
two horses, "Rocket and Ranger"
ridden in relay from Nocona, Tex-
as to Oakland, California, and na-
tionwide fame by Shannon David-
son of Flomot during the spring
of 1939, is now a Pegasus in the
Valhalla of good saddle horses.

The two horses, owned by Bill
Meyer of Flomot, had been shown
over much of the country and
created great interest. "Ranger,"
approximately 12 years of age,
died yesterday after eating poison
maize kept in a barrel to destroy
rats.

It is probably the horse will be
mounted by the Canyon Museum
since the West Texas institution
had made a previous request for
the privilege.

Mr. Meyer declared that cost of
the taxidermy work had been
estimated at \$500.

Roaring Springs School Scheduled To Start Aug. 24

Roaring Springs schools will
start Monday, August 24, accord-
ing to an announcement made
here this week by Superintendent
C. W. Giesecke. The early start is
made to enable the school to dis-
miss for a period of cotton-picking
during the fall, he declared.

Mr. Giesecke said that his facul-
ty is short of the needed number
of teachers but that he expects to
have it complete by the opening
date.

Superintendent B. F. Tunnell of
the Matador schools declared
school would start here on Mon-
day, September 7 and that a more
complete announcement will be
made in the immediate future.

Flomot Youth Is Injured In Fall

Leldon Bynum of Flomot, son
of Mr. and Mrs. T. A. Bynum
broke both bones of his right leg,
below the knee, and also sustained
fractures, when a horse he was
riding fell Sunday afternoon. The
accident occurred during a home
rodeo being staged by local riders
of that community it was stated.

The youth received treatment
here before being conveyed to the
hospital at Paducah.

Newspaper Seeks More Rural News

Appeal is made by Douglas
Meador, editor of the Matador
Tribune for additional rural cor-
respondents, to provide a more
adequate coverage of news
throughout the county.

"Policy of the Tribune has al-
ways been to carry as much home
news as possible," he declared,
"but now the need for additional
coverage is developed in the fact
that men in the armed service are
from every section of the county
and some of the communities are
not represented."

"These men must look for items
regarding their families or friends.
They have a right to expect this
news which can hardly be too
trivial to interest them.

"The Tribune does not pay cor-
respondents, according to the same
policy employed by similar week-
lies and many dailies, feeling that
a willingness to represent the
community should offset the small
amount of time some public-
spirited citizen might devote to
the correspondence. It costs
money to set type and space is
valuable. It is all a newspaper has
to sell.

"However, we are glad to pub-
lish every news item of interest in
the county. We have no way of
publishing the news unless we are
informed."

A typewriter is not necessary.
Credit will be given all corres-
pondents unless the newspaper is
instructed otherwise. Copy paper,
stamps and envelopes are furnish-
ed correspondents, and subscrip-
tion to the Tribune is paid during
the time they are corresponding.
Any community may have more
than one correspondent.

Don Morris of Lubbock is visit-
ing here with his cousin, Bonner
Nelson.

Tractors Used To Attend Revival

Departure from the conven-
tional methods of travel is reported
by Rev. W. L. Brian, pastor of the
Roaring Springs Baptist church,
who closed a revival meeting at
the Double Mountain Baptist
church in Stonewall county last
week.

"Many rural people attended
the meeting on tractors, or in farm
wagons attached to tractors,"
Rev. Brian, declared. "Those near
enough walked, but where the tire
and automobile shortage had af-
fected their mode of travel, they
used tractors. We had a great re-
vival with 25 decisions."

Demos Elect Delegates

Motley county Democratic con-
vention met at the court house
Saturday afternoon, August 1, to
select delegates to attend the
State Democratic convention at
Austin, September 8th.

Recent interpretation of the
Texas Election laws by the State
Executive committee, with regard
to the conflicting statutes govern-
ing election of delegates by coun-
ty conventions to the state con-
vention, declares each county is
entitled to send one delegate to
the state convention for each 300
votes cast in the county for the
party's candidate for Governor in
the general election of November,
1940. Interpretation of the statute
was sent to the Motley Chairman
Pat Sheridan by E. B. Germany,
State Chairman.

G. E. Hamilton was elected
chairman at the Saturday conven-
tion and J. R. Whitworth was
named as secretary.

The following delegates were
elected to attend the state conven-
tion: G. E. Hamilton, Mrs. G. E.
Hamilton, E. J. McBride, Rachel
Patton and John Hamilton.

Delegates selected for the 110th
Judicial District convention, were
E. F. Springer, H. H. Courtney and
Ward Rattan.

Delegates selected to represent
the county at the 7th Judicial Dis-
trict convention, were: R. A. Seay
and Pat Sheridan.

MATADORS WILL TAKE PART IN ALL-STAR GAME

Three members of the 1941 Mat-
ador Matadors squad have been
invited by the Plainview Chamber
of Commerce, to take part in an
all-star pre-season game to be
staged in Plainview in conjunction
with the third annual Plains
Coaching school, August 24-28.

The teams will be designated as
East and West and the game will
be played under lights on the
night of August 28.

The teams will be coached by
Warren B. Woodson, director of
athletics, Hardin-Simmons Univer-
sity, and Gus Miller, head coach
at West Texas Teacher's college,
Canyon.

The following players have re-
ceived and accepted invitations
and will play in the all-star game:
Phil Green, Algie Durbin and
Douglas Pitts Jr.

H. C. Duncan Winner Cotton Crop Guess

H. C. Duncan, manager of the
Farmers Coop Gin here will re-
ceive a full year's subscription to
the Fort Worth Star-Telegram
(value now \$12.00) as his prize for
the best guess on the number of
bales ginned from Motley county's
1941 cotton crop. The contest was
staged in December 1941 and Mr.
Duncan guessed 15,636 bales. Of-
ficial report declares a total of
15,752 bales were ginned from
1941 crop, or 116 bales more than
Mr. Duncan estimated.

The next closest guess was 16,
777 bales by Pat Sheridan. Delay
in awarding the prize was caused
by delay in receiving final ginning
season report.

INJURES FOOT

E. P. Reeves is getting around
on crutches this week, after hav-
ing injured his right foot when it
became caught in a cultivator
Wednesday of last week.

County Junk Rally Date Is Announced

A COUNTY-WIDE junk rally will be staged August 29th, according
to announcement made yesterday by W. I. Rushing, chairman of the
Motley County War Board.

Date for the rally was set in response to a telegram received by Mr.
Rushing from C. L. Huff, secretary of the Texas Salvage Committee.

The telegram is as follows:
"Governor Stevenson and the
War Production Board requests
that a local junk rally be held in
your county August 29th, request-
ing all farmers to bring scrap
metal and rubber to town. Suggest
appropriate all-day program, full
participation and cooperation of
all citizens (in) both urban and
rural areas. Please wire today if
you will hold this junk rally on
August 29th, as outlined."

Plans are being made to start
collection of scrap metal immedi-
ately from the farms of Motley
county, Mr. Rushing, declared. He
said that scrap iron prices are \$9
to \$10, per ton, delivered in town.
When picked up at the farm prices
are \$5 to \$6 per ton. For a time
it was believed that WPA trucks
could be secured for picking-up
the metal on farms, however
advice has been received to the
effect that the trucks will not be
available.

Residents who have scrap metal
are asked to separate it from ma-
terial that is useful, so it will be
ready when the trucks arrive to
pick it up.

Mr. Rushing said unconfirmed
reports indicate that if the public
does not cooperate in the metal
drive by collecting and selling all
available material, the govern-
ment may collect it. In that event
it is probable that representatives
will decide on the classification of
useful and scrap metal.

Pioneers Select Speaker For Meet

C. C. Haile, president of the
Motley-Dickens Counties Old Set-
tlers' association, announces that
prominent jurist Judge T. T.
Bouldin of Mineral Wells will be
the principal speaker at organiza-
tion's reunion to be held at Roar-
ing Springs on August 27.

Because of the war and rubber
shortage, the Old-Settlers will
hold only a one-day meeting this
year. The Tribune will not pub-
lish its usual pioneer edition.

Judge Bouldin, a former resi-
dent, and son-in-law of Mrs. C.
L. Glenn of Matador, is well
known in this section.

Mr. Haile also announces that
the Old Settlers will hold a dance
at the Pioneer Pavilion on the
evening of August 26th.

Growing Demand Seen For Draft, Saddle Horses

To help meet the growing de-
mand for saddle and draft horses
and mules, Texas farmers and
stockmen who need a stallion or
jack should make application im-
mediately to the Jack and Stallion
Division of the State Department
of Agriculture, Austin.

The department issued that
statement with the announcement
that there are now several of the
state-owned jacks and stallions
available. The stallions include
Belgian, percheron and saddle
types.

The animals may be leased by
stockmen or farmers for \$30 year-
ly, with the remuneration to be
derived from breeding fees. The
fee limit is \$10. The animals will
be delivered to the leasor free of
charge by the department.

Curtailment of supplies of rub-
ber and gasoline is expected to
bring about a greater demand for
horses and mules, and thereby in-
crease the demand for the services
of the state-owned jacks and stall-
ions. It is estimated that the state
animals have already increased
the weight of the state by about
\$3,000,000 although since its crea-
tion in 1934, the Jack and Stallion
Division has never cost the people
of the state a penny for its upkeep
and administration.

Lubbock Now Enlists Women For Army

Lieut. Colonel Marvin B. Dur-
rette, commander of West Texas
Recruiting and Induction District,
Lubbock, has announced that his
office is now accepting applica-
tions from women for the WAAC
auxiliaries.

Col. Durrette stated that wom-
en previously recommended to
Washington whose applications for
officers candidacy are awaiting
final decisions as to eligibility as
officer candidates may be enrolled
as auxiliaries without prejudicing
their rights if later selected as
Officer Candidates.

Applicants who have already
sent applications to the War De-
partment are advised to resubmit
them to the nearest Army Rec-
ruiting and Induction Station.

Applications will be accepted
from women, without regard to
color, between the ages of 21 to 45.
Questions will be answered and
application blanks provided at one
of the following Army Recruiting
Stations: Amarillo, Plainview, Big
Spring, Odessa, Sweetwater, El
Paso, and Fort Bliss, Texas.

NEW ARRIVALS

Born to Mr. and Mrs. R. H. Mar-
tin of Matador on August 4, 1942
a son, weighing 8 pounds.

Mr. and Mrs. T. R. Hull of
Dougherty are parents of a 8 lb.
son born August 1, 1942.

BOYCE HOUSE

is all right—but with... The climax of it all came when, with my feet dangling from the high seat, I drove the covered wagon up crowded Congress Avenue in Austin, amid ice wagons and clanging street cars and prancing horses drawing fancy buggies—my eyes straying always back to the grandest sight I had ever seen—the vast expanse of the Capitol and its towering dome in a sky of boundless blue.

Round Rock, with a well of mineral water; then Taylor, and the end of the travels. For there, the wagon and the horses were sold, and there came the tragedy of parting with Jim and, especially, Joe.

New Instructions In Fighting Fire Bombs Announced

New instructions in fighting fire bombs have been announced as a result of extensive research by technicians in the United States and England, it is reported by Marvin Hall, State Fire Defense Coordinator.

In a communication to Fire Chief Earl (Red) Laughlin, Mr. Hall stated, "All civilians should become familiar with the new and safer method of fighting incendiary bombs, described in the latest instructions released by OCD. These are the result of extensive experiments by OCD technicians and the Chemical Warfare Service of the U. S. Army. The new method has already been adopted in England and New Zealand."

Chief Laughlin said that the most important change in technique is that which calls for the use of a jet of water instead of a spray. A speedy attack on the bomb with a jet of water will knock the bomb out in less than one minute, thus saving valuable time which can be used in attacking other bombs nearby before they can start serious fires.

Briefly, the latest instructions are:

- 1. Bring your fire fighting equipment to the scene at once. 2. Shoot a jet of water directly at the bomb without delay, to put it out of action quickly. 3. Then use the jet, quickly, to quench the fragments and the remains of the bombs, and any fires that might have been started. 4. Be absolutely sure all the fire is out before you leave the scene.

5. Use a course spray only where scattering of metal must be avoided. 6. Use sand only if a bomb falls where it is not likely to start a fire, or if water is not available.

Low Interest Rate Of Great Benefit

Farmers and ranchmen of this territory served by the Matador National Farm Loan Association will save approximately \$27,470.00 during the next 2 years through continued low interest rates on Federal Land Bank and Land Bank Commissioner Loans, M. S. Patton, secretary-treasurer of the association, reported Monday.

The saving, Mr. Patton explained, results from legislation recently passed by Congress, which continues through June 30, 1944, the 3 1/2 percent interest rate on long-

Army Has Openings For Specialists

A great demand for all types of mechanics, technicians and electricians for the Army has been announced by Lt. Col. Marvin B. Durette, District Recruiting and Induction Officer at Lubbock.

"Just now we have a special call for a very large number of these specialists for the Ordnance Department," Col. Durette stated, "and enlistments for direct assignments to this Department of the following typed specialists are authorized: Instrument repair men, Diesel Engine Mechanics, Electricians, Opticians and Radial Engine Mechanics."

Men enlisted under this authorization will be dispatched immediately from reception centers to the Ordnance Replacement Training Center, Aberdeen Proving

term Federal Land Bank and Land Bank Commissioner loans. The Matador National Farm Loan Association has approximately \$915,696.00 in loans outstanding.

Ground, Maryland. Specialists of the above named classes between 18 and 45 years of age, may obtain further information at any of the Army Recruiting Stations. Those located in this vicinity are at Amarillo, Plainview and Lubbock.

JOIN THE ATTACK ON TOKYO, ...YOURSELF! Every person in America may not fly over Tokyo, but every one's dollars can help produce the bombing planes that do! You, you, you, can join the attacks on Tokyo by saving at least 10% of your pay in War Bonds—by joining your company's pay-roll savings plan today or going to your local bank or post office and buying War Savings Bonds—at least 10% of your pay—every pay day. Remember you can start buying War Bonds by buying War Stamps for as little as 10c and that you get a \$25 War Bond (maturity value) for only \$18.75. U. S. Treasury Department

Nth-KEEPS CAR A1

MAN: Here she is... what'll you give me for her? DEALER: Sounds like she just breathed her last. We want good second-hand cars but not this kind. MAN: Why, it's got only 30,000 miles... and look! ... it's the same make, model and year as that gray job you've got tagged to sell for \$450. DEALER: But that engine is OIL-PLATED and runs like new. Good for another 30,000 miles. Its owner took good care of it... greased it and drained the crankcase every thousand miles. MAN: I always thought that was the bunk. DEALER: Well, you've got a pile of junk there to prove you're wrong. MAN: All right... all right... I'm wrong. Tell you what. I'll give you three hundred cash and my car for that one if you'll wise me to the motor oil that fellow used. DEALER: It's a deal. He used Conoco Nth oil. That's the oil with the synthetic that helps keep both the motor and the oil clean. MAN: Oh, now I remember reading about that oil and the synthetics they use. Brother, I'll use nothing but Conoco Nth from now on!

Do you want to add life to your car? Do you want oil economy? See Your Conoco Mileage Merchant today and get Conoco Nth, Continental Oil Company. FOR THE DURATION of your car... Don't depend on hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will properly check your tires, oil, radiator, and battery. I will report anything that appears to need attention. I will keep a careful record and remind you when greasing and oil change are needed. I help you get maximum service and car life at the least possible cost and trouble. Your Mileage Merchant. CONOCO Nth MOTOR OIL

Bill's a bigger man than

his dad was in '17

...and ELECTRIC POWER, too, has grown to Meet the Wartime Needs of 1942!

Plenty of Electricity on Hand WASHINGTON, July 22. (AP)—J. A. Krug, chief of the power branch of the War Production Board, expressed confidence today that war production would not be crippled by a shortage of electric power. "We have sufficient electric power," he said, "to meet all the requirements of war production and for essential civilian needs, if used wisely—as far as we can see ahead."

West Texas Utilities Company

INVEST IN AMERICA! Buy War Bonds and Stamps

POWER PLANT WE MAKE KILOWATTS. FACTORY. Illustrations of industrial scenes and power plants.

WAR DEPARTMENT figures show that today's average soldier is nearly an inch taller and ten pounds heavier than in 1917—a great gain for one generation and a real tribute to the men of science and the men of industry who helped build Bill's husky frame.

Food experts discovered new vitamins and better diets for Bill; doctors developed new serums, drugs and healing techniques; and electric research worked out new and better ways to refrigerate... preserve... his food so it would be fresher, safer, cheaper.

Even before Bill was born, electric servants freed his mother of much household drudgery—so that she and her children might be healthier and happier.

At the same time that the electric industry was helping Bill to develop into a stronger, healthier man than his dad, it also was expanding to provide the power vitally needed in 1942.

And over 90 per cent of ALL the nation's commercially generated electricity is being provided by companies like this institution... companies that developed the American way, free to work and create things that men and women want and need for everybody's benefit.

This company "grew up" that way—organized by a few men with foresight to see West Texas' great need for ample, cheap electric power. Today it represents the savings of thousands of small stockholders, operating under good business management, regulated by the government, paying taxes, and providing excellent service at low cost.

Miss Mable Jameson Complimented At Pre-Nuptial Shower Friday Afternoon

Miss Mable Jameson, bride-elect of Mr. Redmon Tate of Lake Arthur, New Mexico, was complimented Friday afternoon at a pre-nuptial shower given in the Methodist Parsonage, home of Mrs. W. B. Vaughn, with Mesdames J. H. Whitworth, Frank Pohl, L. R. Bishop, H. H. Schweitzer, R. P. Moore and W. F. Jacobs, as assisting hostesses.

Guests were received by Mrs. Whitworth and conducted to the register, at which Miss Ona Jameson presided. The Bride's Book, hand-made by Mrs. Pohl, was of white satin, and fashioned in a heart shape.

Perennial phlox and crepe myrtle decorated the reception rooms and center piece for the lace-covered dining table was a crystal set containing four candle holders, connected by narrow flower bowls forming a circular arrangement. Pink flower petals and pink tapers were used. Dainty cookies were served with punch, which was poured by Mrs. Schweitzer.

Many Are Registered

Gifts were either brought or sent by the following friends: Mrs. L. B. Archer, Earl Laughlin, Joe Bloodworth, Tom Berryman, George Birchfield, Edna Patton, G. S. Craven, W. R. Cammack, Ed Cammack, Walter Carpenter, Lula Carpenter, Julia Cornett, W. W. Clements, W. T. Boggus, A. J. Daffern, Thelma Dirickson, T. B. Edmondson, Jim Edmondson, F. Smallwood, Ben Edwards, Jack Edwards, Bill McCaghen, Howard Edmondson, Foster Fuller, Henry Ford, Jim Ford, Lloyd Fulkerson, W. M. Graham, M. C. Green, John Hamilton, John Russell, G. E. Hamilton;

Mesdames W. Y. Higgins, Charlotte Hunsucker, J. R. Moore, John Stotts, Frank Hallford, Buena Hodges, L. C. Harp, B. F. Tunnell, A. A. Harp, C. A. Pitts, J. E. Jameson Jr., J. E. Jameson Sr., L. Y. Jameson, A. A. Martin, Elmer Jameson, Frank Jameson, Jimmie Jameson, C. T. Jinks, F. M. Jinks, Ernest Jinks, W. N. Pipkin, Curtis King, Margaret Newman, Tommie Newman, Charlie Keith, P. E. Knight, Clarence Kifer, Edith Sanders, Leonora Luckett;

Mesdames J. S. Lambert, Mae McKenzie, J. L. Moore, Jeff Morris, Melvin Meason, Nelson McMahan, Ben Meador, Katie Martin, Bob Martin, Gertrude Nelson, Mary New, Paul Patton, Marvin Patton, N. B. Pitts, D. E. Pitts, C. D. Pipkin, Gene Perkins, Sterling Price, J. E. Russell, Ed Russell, Etta Reeves, Preston Spray, E. F. Springer, George Springer, J. H. Sample, Homer Sheats, Fred G. Simpson, Henry Solomon, R. A. Seay, J. S. Stanley, Cecil Shelton, R. A. Stafford, V. J. Skaggs, E. D. Smith, Annie Tudor, Albert Traveek;

MARRIAGE UNITES ROARING SPRINGS COUPLE MONDAY

A large group of relatives and friends gathered Monday evening in the Flag Springs Baptist church to witness the marriage of Miss Ruby Roller to Ralph T. Nichols, with Rev. Berry Watson officiating.

The bride is the daughter of Mr. and Mrs. W. C. Roller, and was reared in the Flag Springs community and attended Roaring Springs school. Mr. Nichols is the son of Mr. and Mrs. A. B. Nichols and was reared and educated in Roaring Springs.

A reception was held immediately following the ceremony, in the home of the bride's parents.

The young couple will reside at Roaring Springs, where the bridegroom has business interests.

ROMA JO FULKERSON HAS BIRTHDAY PARTY

Roma Jo Fulkerson celebrated her seventh birthday, Monday afternoon, August 3, with a party given by her mother, Mrs. Lloyd Fulkerson, at their home in north Matador.

After a number of lawn games had been enjoyed, refreshments of coolade and cookies were served the following guests: Leroy Smallwood, Thessa and Stanley McDonough, Jean Hines, Kenneth Thomas, Gary Laughlin, Cecil Wayne Shelton, Juanita Green, Cora Ann Craven, Carolyn Sanders, Betty Ruth Smalley, Ruth Marie Stanley, Dorothy Rattan, Frances Traveek, Peggy Lawrence, Hubert Fulkerson and the honoree.

BAPTIST CIRCLE MEETS

The Henrietta Shuck Circle of the Baptist W. M. U. met at the church Monday afternoon, August 3, for Bible study, taught by Mrs. J. R. Moore. The meeting opened with a prayer led by Mrs. Elbert Reeves.

During the absence of Mrs. Vernon Doss, who has been teaching the study course, Mrs. Moore will continue with the lessons, and next Monday afternoon the study will be from the book of Deuteronomy from the 30th through the 34th chapters.

Those present were: Mrs. Moore, Mrs. Earl Laughlin, Mrs. Cecil Shelton, Mrs. Elbert Reeves and Mrs. Lewis McDonough.

All members are urged to be present next week, as a business meeting will be held in addition to the Bible study.

Mr. and Mrs. J. D. Perkins, accompanied by Mrs. Bert Estes and daughter Shirley, and Patti Pipkin were Quannah visitors Friday.

M. P. Fulkerson has been on the sick list the past week, but is reported much improved.

Tilson, Ethel Jameson, Verlin Reeves, Maise Reeves, Grave Lavenerne Tison, Ova Barton, Frances Schweitzer, Marjorie Ann Thacker, Dorothy Woodruff and Olna Bishop; Carolyn and Charles Herbert Sanders, David and Eldora Jameson, Billie Jean and Doyle Dirickson.

GOOD POSTURE VITAL TO HEALTH

ALL girls of the Junior High School at Port Washington, New York, belong to the Charm Club, under the direction of Adele G. Columbia. The aim of the club is to teach young girls clean living habits as well as to make the most of their personal appearance.

The work they have done attracted the attention of Good Housekeeping, and the magazine passes on the club's valuable hints to the readers of its February issue. Besides learning such practical things as sewing and cooking, they are taught the secrets of good man-

ners, good make-up, good dress. Commonest fault, the Charm Club has found, is poor posture. They turn thumbs down on the first picture at top, but clap hands when the position is changed with back straightened, chest pulled up. They learn quickly that posture is important for health as well as good looks. A good position for studying is likewise vital. Round shoulders and hollow chest result from persisting in the position at left below. The correct way at right—with feet on floor, back straight, bending forward from the waist—is less tiring and better looking.

FAMILY REUNION HELD AT ROARING SPRINGS

Mr. and Mrs. E. W. Basham of Roaring Springs are enjoying a family reunion in their home this week, having their six children and several grandchildren with them.

Visitors include Mrs. Nida Keahy and daughter Patricia Ann of Mount Carmel, Ohio; Mrs. Mollie B. Cargile and two children of Strathmore, California; Mr. and Mrs. Homer Basham of Stanton, Cal. Mrs. Vera Love and children of Hobbs, New Mexico, and Rev. and Mrs. Alvis Hicks and children who live near Amarillo.

GO TO CHURCH SUNDAY

Doctors Predict Influenza Scare For Late Winter

INFLUENZA, deadly all winter, is slated by doctors and health officials for an epidemic this winter. Its effects, if it appears in this form, are serious.

To inform the public of the causes, symptoms, and treatment of influenza, Good Housekeeping magazine in its February issue has prepared a chart on the disease, approved by foremost men of medicine. A filtrable virus, an active agent too small to be seen with a microscope, the article states, is believed to be the cause of influenza. It is a common disease, and mild epidemics occur at irregular intervals, but most often during the winter months.

The appearance of influenza is insidious, for in its first stages the symptoms resemble closely those of the common cold. There is usually a high fever, a sore throat, nasal discharges, sneezing and coughing. But while cold symptoms tend to clear up in a week's time, the signs of influenza grow increasingly. One of the most typical is general muscular pains in the back, head, and limbs, followed by extreme exhaustion.

The article warns that if it is suspected that a person has developed influenza, a physician should be summoned at once. His treatment is usually directed at control of the symptoms, unless complications develop. The doctor will recommend that the patient immediately advise that he should not be allowed to leave it. Room temperature should be kept at 68° F. and the patient should be made as comfortable as possible. The diet for instance, is left largely to the desires of the sick person, but plenty of starches and sugar should be included.

One of the great dangers in influenza is the complication that may follow, and the convalescence period is therefore extremely important. Complete rest is advised, but there should be a gradual increase in activity to build up strength.

Salvage Campaign Includes Fat For War Explosives

Waste fat homemakers save in their kitchens for the nation's salvage campaign may one day sink an enemy battleship or help crumble axis fortifications on fronts the world over.

Grease makes glycerine, and glycerine makes gunpowder, explains Louise Bryant, specialist in home management for the A. & M. College Extension Service. She explains that every 10 pounds of fat saved in the nation's campaign will produce one pound of glycerine for gunpowder or other explosives needed in winning the war. The two billion pounds of fat wasted in American kitchens every year would provide two hundred million pounds of glycerine Uncle Sam badly needs, according to the Bureau of Home Economics.

Recently the War Production Board arranged with meat dealers to receive some of this waste fat from housewives, and the A. & M. Extension Service will cooperate with state and county salvage committees in helping every rural family in Texas know its part. Cooperation in the national fat-saving campaign is in line with the war-time Extension program—

Pied 'Pinions' BY MRS. M.

Who wrote the words to "America"? We didn't realize how ignorant we were until this question was asked over a popular radio program the other evening and none of the contestants were able to give the correct answer. Yes, we had to run get a song-book and look it up before we knew that the author was S. F. Smith—even after a lifetime of singing the song.

It isn't exactly a new idea, but certainly the practice is becoming more prevalent—that of mixing our nose. No longer is it a question of whether they match, but whether one can find two whole stockings out of a batch of discarded held over from the days when a runner was the only excuse necessary for the purchase of a new pair.

I was so proud of being able to salvage two good ones the other day that I was actually calling attention to the fact that one was pink and the other a bilious tan; only to discover that several colleagues were also salvaging their hosiery.

From "The Mirrors of Austin" by the Unofficial Observers, in the State Observer, we take the liberty of quoting the following which struck our fancy: "Our esteemed friend, Colonel Paul L. Wakefield, who is always traveling in interesting circles, brings this story back to us:

"He took a trip recently in the company of Enns. D. F. Mason, U. S. N., the chap you will recall, who out-did Caesar in brevity and wit, when he sent the message, "Sighted sub; sank same."

"Enns. Mason told the Colonel that the most touching letter of congratulations he received, came from one of his old English teachers.

"She said nothing about his heroism or gallantry. She only said that she was very 'gratified to see that he had not forgotten his grammatical structure... so many boys under the stress of similar circumstances would have said 'sighted sub; sunk same'."

And this little story brings to mind the one we heard last week, as told by Mrs. Claude Wilson, the former Ruth Groves, while visiting from Sweetwater. It seems that Mrs. Wilson was in search of bottle corks recently, and entering a small neighborhood grocery, asked whether Mr. Blank, the manager was in. The boy in charge replied, "No'm; he aint came yit."

The Victory Demonstration—to which thousands of rural Texans are pledged.

Markets To Buy Fat The homemakers' part in the campaign is to use grease wisely in cooking and take her surplus fats to her nearest meat dealer or freezer locker plant. She'll receive money—probably five cents per pound. Fat should be strained and poured into clean, wide-mouthed cans, such as a coffee can. "Keep the fat in the refrigerator or some other dark, cool place until you have a pound or more," the specialist suggests.

Using fat drippings in preparing food will help in the movement, since it will prevent drawing on commercial stocks of fats and oils. Every tablespoon used means buying less fat.

While we feel guilty as to so much of someone's character," still, so eloquent a thought contained in an issue of the "Alamo," also found in the "Mirrors of Austin," that the liberty of again quoting that outstanding column, we thought as a clipping from the York Times.

A SYMBOL OF COURAGE "Soldiers are tireless, particularly American. All over the country, they are visiting places that are for them memories of our past. But nowhere is the sentiment to valor than at the in San Antonio. They are around the cases that hold the mentos of that brilliant look without words.

"The Alamo means them. There David Crockett, James Bowie and Colonel Travis and 183 other men when they knew there was escape from the forces of Anna. The Alamo is a story of off by shells, an old mission. There is a lovely outside, with a gray wall at it. Little to indicate the that happened inside, when man escaped... men died because they were not about you know that this was the hold of a few men who held in themselves... Somehow, a regidor comes to mind. You is off, anyway. It came instinctively when you walked the door....

"This is a place where men proved that they were men. It is not far from where those of American boys in the Air are showing that they are the same stuff as Bowie, Crockett and Travis. Not long now they will be writing epitaphs on the sky: 'Take it time we win.'"

Science In The News

By ORSON D. MUNN, L.H.B., L.L.B., Sc.D. Editor, Scientific American

Soap stands for cleanliness, sanitation, health, and civilized living; it is indispensable to human comfort. But soap has other values which become especially apparent in wartime, values which send carload lots of soap to many of our war production plants.

Some of the new artificial rubber factories use enough soap to supply the homes of a small city. In the processing of both artificial and reclaimed rubber, common soap is employed variously as a dispersing, lubricating, stabilizing, and wetting agent.

At present, however, the largest industrial consumer of soap is the textile industry, where soap finds application in almost every process of converting raw materials into finished fabrics.

Raw wool, cotton, and silk may contain as much as twenty to fifty per cent of dirt, which must be removed by repeated soap baths. More washings with soap and water are required as the woven fabric goes through printing processes.

Soap baths also enter many metal manufacturing routines. Steel ball bearings are thoroughly scrubbed in rotating drums, metal parts to be plated are first cleansed in a simple soap bath, and so on.

Mr. and Mrs. B. F. Tunnell are visiting in Amarillo and Canyon this week. They were accompanied to Amarillo by Miss Clarence Whit-

Mr. and Mrs. C. L. Wilson left Sunday for Lawn, Texas, after a two-weeks visit here. Mr. Wilson will manage Burton-Lingo Lbr. Co. office there while the manager O. J. Albrow, is on vacation.

Elwanda Godfrey of Lubbock. Miss Bess Medlin returned Monday from a visit with relatives in Abilene. She was accompanied by her sister, Mrs. Mary Crouston who is visiting here.

Mrs. Ida Goodwin, accompanied by her daughters, Lois and Elaine visited relatives here this week.

Rev. Carroll Holds Revival Meeting At Walnut Springs

Rev. M. B. Carroll, pastor of the local Baptist Church left Saturday for Walnut Springs, where he is holding a ten-day revival meeting.

LEAVE FOR CALIFORNIA

Mr. and Mrs. A. A. Harp and son Bobby, accompanied by Mrs. Lula Carpenter and daughter Rachel, left Sunday for a vacation trip to Los Angeles, California, where they are visiting relatives.

Other local residents who will vacation in the vicinity of Los Angeles, are Mr. and Mrs. Lee Nelson and daughters, Wanda and Glenda, who left Wednesday morning.

Mr. and Mrs. Freeman Thacker, accompanied by her parents and sister, Mr. and Mrs. W. M. Eubank and daughter La Ferne of Floydada, left Tuesday for a visit with relatives at Gordon, Grapeland and Nacogdoches.

LOCAL ITEMS

Mrs. Hart Harris and children, Joy and Burland, returned home Sunday from Gladewater, where they have been visiting.

Mr. and Mrs. Farris Fish and John Farris, spent last week visiting in Electra and Wichita Falls with relatives and friends.

Mr. and Mrs. D. E. Pitts and son Norman Merle left Wednesday evening for Tres Ritos, New Mexico, where they will spend several weeks vacation.

Keith Patton, Texas Tech student, Lubbock, spent the week-end at home with his parents, Mr. and Mrs. M. S. Patton here. He was accompanied by Tommie Rollins of Littlefield, also a Tech student.

Mr. and Mrs. J. R. Emmons had as their week-end guests, his brother and family, Mr. and Mrs. W. M. Emmons and daughter Frances Diane of Hereford.

Mr. and Mrs. Bill Pipkin and children, accompanied by his mother, Mrs. C. D. Pipkin, made a trip to Floydada Wednesday afternoon.

J. K. Crews and Frank Eiring of Plainview, former Matador

residents, were business visitors here Wednesday afternoon.

Mrs. Charlotte Hunsucker is visiting at Lake City, Colorado, having accompanied her sister and family, Dr. and Mrs. Sam Dunn of Lubbock.

Matador visitors Tuesday included Mr. and Mrs. W. W. Bain and B. F. Simpson of Northfield.

Mrs. J. P. Truett and small son of Lockney, spent the week-end here with her parents, Mr. and Mrs. M. P. Fulkerson.

Mrs. Jack Barclay and sons, Walter Gene and Robert, of Fort Worth, are visiting her parents, Mr. and Mrs. H. M. Wagley here.

Miss Maisy Reeves and mother, Mrs. W. E. Reeves, returned home last week from Dallas, where they had spent a month.

Miss Irene Knight returned to Perryton Friday, to resume her duties as District Welfare Worker, after assisting in that work in Hall County during the past several weeks, during which time she visited her mother, Mrs. Bernice Knight here.

Mrs. Noble Groves, manager of Vogue Beauty Shop, spent a week's vacation at Lubbock last week, with Mr. Groves who is employed there.

Raisers Are "Med Against Pork" Loss

Department of Agriculture research in Washington urging raisers in soy bean and pea-

Mr. and Mrs. C. W. Giesecke and children made a business trip to Canyon Wednesday. Juanita Thacker of Austin visited here during the week-end.

Juanita and Mina Smith returned from a week's visit with relatives in Sherman.

Charlotte and Carolyn Havis are spending the week visiting their grandparents in Vernon.

Donald Ray Bowen is rapidly recovering from a tonsillotomy he underwent in the Paducah Hospital Thursday.

Lavone Mitchell of Pampa is visiting her grandmother, Mrs. Sallie Phipps this week.

J. C. Smiley is visiting his grandparents in Hollis, Oklahoma this week.

Mr. and Mrs. Carl Tardy are spending their summer vacation in Roswell, New Mexico.

Mr. and Mrs. G. L. Godfrey were visited Sunday by Mr. and Mrs. Clyde Godfrey of Wink, and Mr. and Mrs. W. E. Brown and

cottonseed meal, 5 pounds of tankage, 5 pounds of alfalfa leaf meal 1 1/2 pounds of ground limestone or oyster shell flour, and 1/2 pound of salt.

Research at the North Carolina Agricultural Experiment Station, in cooperation with the national Animal Industry, has shown that cottonseed meal is not important in the pig's ration of its feed value but also of the firmness which it imparts to carcasses of pigs that have been fed soft-

Dr. E. H. Hostetler of the Carolina Experiment Station, in a recent radio broadcast stated:

These experiments show that if pigs are taken off of a ration at individual intervals of approximately 100 lbs. finished on a ration containing approximately 13 per cent of cottonseed meal, they will yield a carcass of satisfactory firmness. If the finishing ration does not contain cottonseed meal, a higher percentage of the carcass will remain soft under cooler temperatures. This is of cottonseed meal to the carcass has not only produced carcasses but has also resulted in satisfactory feed utilization.

Complete information on the recommended ration may be obtained from the North Carolina Department of Animal Industry, Washington, but cottonseed meal is available throughout the country in suitable practical rations for finishing soft port. Information may be received from the Texas Gin in Matador.

After pigs have been eating cottonseed meal until they weigh 100-pounds, has been: 75 pounds of corn meal, 13 pounds of

CAN YOU AFFORD The Luxury Of Silence?

ADVERTISING has a vital place in your business today. It is as much a part of a successful enterprise as shelves and fixtures. It is the contact between the customer and a business.

Many firms now engaged in war production are continuing advertising to keep the patronage which the public has supported in the past. During World War 1 several great names perished because it was deemed unnecessary to continue advertising in time of war.

You have merchandise and service to sell. It is true that many items are difficult or impossible to procure, however, advertising is ready to help you sell merchandise now in stock. It can be made a partner during these times of stress. Can you afford the luxury of silence?

Weekly newspaper advertising offers the greatest value in the history of merchandising. Readers interest has doubled, circulation is growing rapidly and the public is depending on messages in advertising.

Display space in the Tribune is sold at the same rate as five years ago, yet an advertising dollar today buys more than twice the amount of circulation and reader interest.

Let us provide you with a schedule today!

MOTLEY SOLDIER RECEIVES BURN IN CALIFORNIA CAMP

Pvt. G. W. Ratcliff, son of Mr. and Mrs. George Ratcliff of Matador, was severely scalded when a kettle of steaming water was spilled against his leg, July 24, according to information received by relatives here last week.

G. B. Thacker of the Army Air Corps in San Antonio is visiting friends and relatives in Roaring Springs this week.

Relatives in Roaring Springs have been informed that Joe Shirley, Maxwell Smith and Granville Brownlow are now in the Navy Training school in San Diego, California.

Robert (Bob) Campbell, who is now located at Camp Barkeley, Co. "B", 55th Bn. M.R.T.C., Platoon No. 1, writes friends here that he likes army life fine.

From Staff Sgt. Thomas H. McCain, Jr., who is with Hq. & Hq. Co. "B", 55th Bn. M.R.T.C., Platoon White, Medford, Oregon, the Tribune acknowledges this letter of thanks: "I would like to tell the people of Matador how much I appreciate the Tribune. I have received it for over eighteen months.

"I think every boy should get in the Armed services—he might not like it at first, but he will learn to like it in a few months.

"I would like to have my address changed from Ft. Bliss, to here. If ever a person from Matador has a chance to visit Oregon, I think he would like it, for it's the most beautiful state I have ever seen.

Pvt. Donald Groves of Sheppard Field, Wichita Falls, spent Sunday here visiting his mother, Mrs. J. A. Groves and other relatives.

U. D. "Spot" Patton of Camp Cook, California, visited here several days during the past week with his parents, Mr. and Mrs. M. L. Patton.

Pvt. Buck Webb of Camp Barkeley, Abilene, visited his parents, Mr. and Mrs. L. D. Webb, here over the week-end.

Jester Opens His Campaign Friday Night

Coracana, Texas, August 5—Opening his runoff battle for the State Railroad Commission, Beauford Jester will discuss the importance of his campaign in a radio speech to a statewide audience from his home town, Coracana, at 9:30 p. m. Friday, August 7th.

"Texas oil and transportation are vitally important to our war effort," Mr. Jester said. "Most of the oil that will fly our planes, power our mechanized divisions, and fuel the ships of America and her Allies will come from Texas.

"The people of Texas need a war veteran and a fully qualified Railroad Commissioner who will see to it that every industry regulated by the commission can and does function at its maximum in our war effort," Mr. Jester declared.

A native of Corsicana, Jester is a graduate of Texas University and served from 1932 to 1935 as chairman of the university's board of regents. He interrupted his law studies to go overseas in 1917 as an infantry captain in the 90th Division. He saw action in the St. Mihiel and Meuse-Argonne offensives.

Mr. and Mrs. Elmer Stearns and daughter Frances will leave today for a vacation trip to Colorado, joining friends, Mr. and Mrs. J. J. Truscott and Mr. and Mrs. Leroy Cooper of Shawnee, Oklahoma.

BOY SCOUT: L. J. Cunningham, C. A. Pitts, John A. Hamilton and Farris Fish.

APPRECIATION

I wish to take this means of expressing my sincere appreciation to classmates and other friends for the many tokens of esteem during convalescence following my unfortunate motor accident. I especially desire to thank my classmates for the wonderful gift, and others for flowers, letters and other remembrances.

Jackie Bloodworth

VISITS FRIENDS HERE

Mrs. Lizzie Murphy Miller of Corsicana, is visiting here as guest of Mrs. J. E. Poteet. Although friends since early womanhood when Mrs. Miller was an attendant at Mrs. Poteet's wedding, this is the first time in 48 years that they have been together.

Sunday, the two ladies and Mrs. C. D. Pipkin were accompanied to Spur by Mrs. Poteet's brother, Henry Pipkin, where they visited in the home of Mr. and Mrs. Bush Pipkin.

Mr. and Mrs. Tom Moore of Northfield were attending to business in Matador Saturday.

Balance the Poultry Income with Fall Hatched Chicks

Help Meet the Demand for More Eggs by Keeping the Laying Houses Filled.

Everybody wants eggs! Uncle Sam needs them for his army and for fulfillment of his lease-lend pledges. To show he means business he has set a bottom for egg prices until January, 1943—22c a dozen (Chicago market); which means relatively higher prices in markets normally higher than Chicago.

The general public, with more money to spend because of increased payrolls, is demanding more and better eggs. This all means that now is the time for every poultryman to load his hens and to keep them for maximum production.

One of the most satisfactory plans yet devised to help the average poultryman to produce a maximum number of eggs from his farm calls for starting a brood of fall hatched chicks.

C. S. Johnson, poultry authority with Purina Mills, explains, "The accepted practice in the past has been to brood chicks in the spring to go into the houses as layers in the fall. But it is only during the fall that the laying house is actually running at full capacity.

By spring, part of the house space and operating equipment is being wasted because no replacement pullets are available for maintaining the flock up at full strength.

"Chicks brooded in the fall will be ready to fill these gaps in the laying house by spring," recommends Johnson. "Fall chicks also offer an opportunity to secure more efficient use from brooding equipment that otherwise frequently stands idle!"

EDITOR'S NOTE: A bulletin describing the above "balanced income plan" can be had for the asking from our local Purina dealer.

DOG POINTERS

J. Earl Bufkin, author of that nifty little book, "Handling Your Hunting Dog," says that the kind of dog that is needed today to meet today's conditions in the woods is a wide ranging, high headed, decisive individual. "I don't mean a bolting dog or one which will not work to the gun, but one which goes well out to cover that should contain birds, works it quickly without pottering around, and boldly locates and points his game by body scent."

False pointing, of course, is the habit of pointing numerous scents other than game birds, or possibly of pointing some object by sight. More than likely this fault has been encouraged, and possibly even caused by some error in handling. Most bird dogs have a strong instinct to boldly approach and point game birds by body scent and will naturally do so unless too much restraint has been used in training.

What You Buy WAR BONDS

The Army's fighter planes are working over-time and speeds up to 400 miles an hour. They cost approximately \$100,000 each, provide fighter escorts, huge flying fortresses, and speed, range, altitude and fire power.

Did you know that there are few bad habits known to a bird dog that can spoil a day in the field more effectively than refusal to "back." Not only will a dog which commits this fault make a nuisance of himself on a hunt, but also he is likely to destroy the results of weeks of careful training in any dog which has the misfortune to be worked with him.

"Handling Your Hunting Dog" by J. Earl Bufkin, hunter, professional dog trainer, and field trial handler at Como, Mississippi, is obtainable for a nominal price wherever Purina Dog Chow is sold. It treats on such subjects as "Handling On The Hunt," "Correcting Faults," "Training The Young Dog," "Amateur Field Trial Handling," "Feeding and Conditioning," and "Keeping the Dog Clean and Well."

Mr. and Mrs. A. C. Edwards of Floydada, were Matador visitors Tuesday.
