By DOUGLAS MEADOR

...attain success, some reckless...  
...luck too hard, like filling a...  
...with stones to force water...  
...the surface.

...a hobby, she trapped mascu-  
...wolves, always placing the...  
...to the best advantage of...  
...whispering public, after col-  
...the bounty of satisfaction...  
...Cupid pays for breaking a...  
...Men loved her, lost her...  
...never forgot the wide, brown...  
...and the impetuous smile;  
...er escaped the ghosts of her...  
...ter. One after another...  
...died their dreams and rode...  
...beyond the horizon of pain,  
...engaging mildly in matri-  
...ly, like treating frostbite with...  
...Married women envied and...  
...ed her canny power which...  
...eldom exercised outside of...  
...open range of mavericks.  
...she announced her engage-  
...to the tall, gray-haired...  
...er, speculative relief spread...  
...the community. He had...  
...t her as a child and forgot-  
...her name after retiring with...  
...books and slender, black...  
...ers. He confided in a friend...  
...the ceremony, "I am old...  
...-I never wanted to love...  
...its pain is too much."

...ships with decks of gold...  
...in the autumn twilight,  
...a pontoon bridge between the...  
...ids of light and darkness.  
...ticking ripples of the day ebbed...  
...edly from beneath worried...  
...spilling that had felt the...  
...of labor's heavy, rusted...  
...steamers. There was no...  
...save the phantom fog...  
...that guard the harbour of...  
...ce.

...ands glided thru the copper-  
...haze to dart into secret shel-  
...in the motionless grass and a...  
...squadron of wild geese...  
...aged across the horizon.  
...m rolled ahead of the wind...  
...a delicate carpet being re-  
...ed to escape the damage of...  
...careless boots. High stars...  
...ided under the strain that...  
...ed in the mesquites and...  
...ed the grass southward.  
...the summer had gone, leaving...  
...dainty garments to evoke...  
...stastic laughter from the first...  
...er's scouting division.

...location is an instrument de-  
...to reduce the competition...  
...success but due to an over-  
...by its manufacturers, no...  
...ations are included for its...  
...To use and appreciate an ax,  
...is required which is not...  
...y in the process of being...  
...ed.

## Vast Accomplishments Of Lions Reviewed At Picnic

### Rain Drives Group Inside For Meeting Tuesday Evening

Since it was chartered on September 23, 1923, the Matador Lions Club has held a leading influence in the progress of the community and territory, according to Lion John A. Hamilton in a review of the club's history at the annual Ladies' night and anniversary picnic Tuesday evening. Driven indoors from the Virginia Walton roadside park by rainy weather, the club celebrated its 13th anniversary in the Baptist church basement.

Losing club faction, "Wildcats" provided an outstanding banquet consisting of an endless supply of friend chicken, gravy, olives, pickles, coffee fruit punch, potato chips and ice cream. Two members of the winning "Panthers" in the attendance contest, Henry Ford and Henry Pipkin, cooked the chicken and otherwise aided the defeated team. After meeting in the church auditorium, the Lions and their ladies sang one stanza of "America," listened to the invocation by Lion W. B. Vaughn, pastor of the Methodist church, then advanced on the chicken in the basement.

With the exception of a few words by Boss Lion J. S. Stanley, only one address was made and that a review of the club's activities during the 13 years since organization by Lion Hamilton. "I have figured the members have eaten 562 feet of chicken

necks during the 13 years," the District Attorney member declared, "while consuming 14,920 man meals prepared by the Baptist and Methodist churches. The club has paid the sum of \$7,280 for these meals. We have disposed of a herd of cattle and an estimated 1,625 chickens, which must have aided in the overproduction of eggs in the county had all the chickens been layers.

"But seriously, to the actual accomplishments of the club, which are not reviewed in a boastful manner but to acquaint members and their ladies with the scope of the organization's activities, I name but a portion. We have paid over \$1,000 for flowers sent to members and relatives in the case of illness and death. Over \$1,000 has been paid by the club for Christmas presents for underprivileged children. We have purchased more than \$600 worth of glasses for underprivileged children. We sponsored high school football, lighted the Matador Arena, once purchased an automobile for a football coach, secured jobs for 75 boys who attended school (and played football). The club has spent over \$125 in improving the city park with benches and tables and built a wading pool at the cost of \$300. Sponsoring city beautification, we have provided hundreds of trees for homeowners here at actual cost.

**Sponsors Scout Work**  
For the past four years the club has sponsored Red Cross membership drives which have been successful in raising in the neighborhood of \$500 annually. We

## Former Resident Is Hit and Run Victim

SWEETWATER, Texas—John D. Brunner, 65, was killed by a hit-and-run driver last night while he walked on a highway outside the east city limits. The accident missed by 100 feet of marring the city's two-year record of having no traffic fatalities within the city limits. —Lubbock Avalanche.

## NAVY TO RECRUIT HERE EACH WEEK

The Navy Recruiting Station at Lubbock has announced that, due to the excellent results obtained in applications last Friday, Sept. 19, at the Post Office in Matador they will make this a regular one day station. Young men of this community will have the opportunity to make application for the Regular Navy or Naval Reserve at the Post Office every Friday, starting October 3, 1941. Men between the ages of 17 and 36 may enlist in the Naval Reserve for training in aviation, radio, signals, machinists, electrical, carpentry and storekeeper work.

## Roy Amick Returns To Boise Idaho

Roy Amick, who has been visiting his parents, Mr. and Mrs. R. W. Amick of Flomot, while on furlough, left September 10 for Boise, Idaho. He recently finished his mechanical training in the air corps at Chanute Field, Illinois, and was assigned to the 42nd Bomber Sq. Gowen Field, at Boise.

Misses Rachel Patton and Ruth Groves visited in Lubbock Sunday.

## Church To Be Finished In White Tile

White tile with native rock base will be used to finish the exterior of the Baptist Church, it was voted in a church conference held Sunday morning following preaching services. The vote was taken after members of the Building Committee had reported the results of their investigations concerning suitable types of material and the estimated cost of the project. An expenditure of around four thousand dollars will be necessary in completing the building which was erected in 1938. Several materials were considered for the walls, including stucco, colored tile, rock, white brick and white tile, with the white brick and white tile receiving the highest number of votes.

## Ben Tunnell Is Promoted To New Orleans Base

CHANUTE FIELD, Ill.—Pvt. Ben F. Tunnell son of Mr. and Mrs. B. F. Tunnell, Matador, was graduated September 27, from the Sheet Metal course of the Chanute Field branch of the U. S. Army Air Corps Technical Schools. Tunnell, who enlisted in the Air Corps January 3, 1941, is assigned to New Orleans Air Base, Louisiana.

## Flomot Woman Dies At Mineral Wells

Word was received here late yesterday that Mrs. Hattie Ross of Flomot, had died at Mineral Wells, Tuesday night. Scant information regarding her death, included a report that the body would be shipped to Flomot for burial.

At the time the Tribune goes to press, no announcement of funeral arrangements had been made.

## PRIVATES FIND CHOICE PLACES FOR MEALS

WEST HARTFORD, Conn.—Two privates, left behind by a convoy when their truck broke down, hope the army takes its time sending the repairmen around. "People in the neighborhood were so anxious to see that the doughboys didn't go hungry that they ate four times last night, including a steak dinner, and breakfasted twice this morning. "We ate so many times," one of them said, "we thought we were going to the hospital." And the food was "the best we've had since we've been in the army."

## Matadors To Try Chiefs

Engaging in the first conference game of the 1941 schedule when they invade Crosbyton to try the Chiefs tomorrow night, the Matador Matadors are favored as winners by football observers. Although the hard-fighting, light Matador team has taken two consecutive pommellings, local fans believe the squad has been but-classed by the two former outside teams and that the Chiefs will offer a change in the trend of scores.

Fans and supporters of the Matadors are urged to attend the Crosbyton contest tomorrow to lend support to the boys in their first important game of the season. While weather prospects have been unfavorable, warm, dry winds today promise improved conditions.

## NEW FORD TO BE SHOWN TOMORROW

The new 1942 Ford automobile will be shown for the first time here tomorrow morning at the show room of the Matador Auto Company, local Ford dealers, it was announced yesterday. The new car will present distinctive front design. A rustless steel radiator grille blends gracefully with an entirely new front contour which features a new arrangement of headlights and parking lamps. Engineering improvements emphasize comfort and safety. The super DeLuxe and DeLuxe lines will be offered with either the famous V-8 or the new Ford "6" engines. The new Ford will have a distinctive trim for each of the three series, to include the Super DeLuxe, DeLuxe, and Special.

## Flomot Longhorns Open Season Friday

Flomot Longhorns will open their 1941 football schedule when they meet the Hale Center high school eleven on the Flomot grid at 2:30 Friday afternoon, it was announced by superintendent H. A. Wallace this week. Football fans are assured an interesting contest as the Longhorns try their strength on the invaders. The first Longhorn conference game will be held on Friday, October 10 when they meet the Turkey Turks.

## Choir Elects New Officers At Meet

The Methodist Choir, meeting last night, elected the following new officers: President, Clay Gilbert; Secretary-Treasurer, Mrs. A. J. Daffern; Choir director, Frank Jameson; assistant choir director, J. R. Whitworth; Pianist, Miss Roberta Jameson; Assistant Pianist, Mrs. G. E. Hamilton and Music Committee, composed of Mrs. J. R. Whitworth, Jim Edmondson and Mrs. Ethel Payne.

During the social hour, refreshments were served to members and visitors present. Miss Chloey Fuller of Lubbock and Miss Alla Mae Fuller of Plainview, visited their parents, Mr. and Mrs. W. M. Fuller over the week end.

## Luther Cox Victim Of Heart Stroke Sunday Afternoon

Luther Cox, 45, line camp man for the Matador Land and Cattle Company, on the Dugout camp, died suddenly of a heart attack, about 4:30 Sunday afternoon. Mr. Cox was at the farm of Lonzo Lynn, a neighbor living about 1 mile north of the line camp. The two men were at the barn sorting grain sacks when Mr. Cox fell. He is believed to have died almost instantly according to Dr. J. S. Stanley, who was summoned. He had been an employee of the Matador Company since 1920.

## Automobile Skids Into Q A & P Train

Mr. and Mrs. H. B. Kirkpatrick, teachers in the Patton Springs school, escaped injury Sunday night when their automobile skidded into a Quannah, Acme, and Pacific freight train at the grade-crossing on Highway 18, east of Roaring Springs. Approaching the crossing about 10:15, during a rain storm, Mr. Kirkpatrick applied his brakes, causing the car to "side-swipe" the train. It is estimated the damage to his new automobile would be in the neighborhood of \$150.

## FATE OF COUNTY'S BRIGHT PROSPECTS RESTS WITH FROST

Uncertainty still hangs over Motley county's brightest crop prospects. The danger of early frost or freeze shadows business-men and follows the hopeful farmer to his bed. A late winter could result in one of the most profitable crops ever harvested in the county, while a freakish or sudden freeze might destroy the greater part of the cotton and much of the feed. Continued rains also menace the prospects. Rain falling over the county Sunday Monday and Tuesday, registered a total of 2.62 inches according to George Springer's rain gauge. The total for the year, to date, is 39.22 inches or for nine months, while the annual 12-month average is only about 22 inches.

## New Defense Taxes In Effect Oct. 1st

New excise taxes, the first of new defense taxes, became effective thruout the nation at midnight, October 1. Retailers are required to pay a 10% levy on many items, including liquor, jewelry, furs, cosmetics, sporting goods, luggage, electrical, gas or oil appliances, phonograph records, photographic apparatus, electric signs, business machines, including typewriters, rubber articles, washing machines used by commercial laundries, optical equipment and electric light bulbs.

## CAR OWNERS URGED TO OBTAIN TITLES

Effective January 1, 1942, a new Texas law will require every automobile owner to possess a certificate of title to his car or truck. Sheriff, Tax-Assessor and Collector H. H. Courtney urges all car owners who do not have these certificates, to obtain them as soon as possible and avoid the last minute rush. Sheriff Courtney received the following information yesterday from John L. Green, Certificate of Title Division of the Texas Highway Department, regarding the registration of old cars: "any automobile purchased new prior to January 1, 1936, may be registered without the owner thereof having first obtained a certificate of title on same. This holds true regardless of whether the present owner purchased the car new or secondhand or whether he purchased the car before or after January 1, 1936, provided he purchased the car before October 1, 1939. We would like to call your attention to the fact that an automobile transferred or encumbered in this state after October 1, 1939 must be titled regardless of the date it was purchased new."

## Court House To Have Butane Gas

At a special call session of the Motley county commissioners' court, Tuesday, a contract was made to install a complete butane gas system for heating the court house. A 500-gallon underground tank will be installed to supply ten butane stoves. The installation will cost the county \$750 or about \$50 more than the annual coal bill. It is estimated the system will repay its cost within two years.

Mr. and Mrs. C. D. Bird left Thursday of last week for a visit in Lamesa and Midland. They were accompanied by Mrs. S. S. Bailey.

## ISOLATED COMMUNITY MAKES PLEA FOR VOTERS CONSIDERATION AS ROAD BOND ISSUE NEARS SECOND BALLOT ATTEMPT

### Flomot Faces Great Loss Because Of Destroyed Highways

Flomot, one of Motley county's largest and finest farming communities, may perish from lack of adequate roads. Roaring Springs, while served with a paved highway north and south, is having great difficulty in bringing school children from the Flag Springs community because of roads damaged or destroyed by the excessive rains during the past season. Flomot school buses and mail routes are required to drive about 25 extra miles daily because of destroyed roads and bridges. At intervals the Roaring Springs school bus must travel 16 additional miles because of road conditions.

### Aspermont Hornets Open Grid Season

The Aspermont Hornets open their 1941 grid season against the favored Peacock eleven Friday afternoon in a conference 11B game on the home field. Peacock has one victory to their credit over the Weinert Lions. With only four returning lettermen, Aspermont plans an uphill battle from the opening whistle against a heavier Peacock eleven. Aspermont is under the first year direction of co-coaches Troy Perkins and Joe H. Strawn, while C. F. Cook leads the Peacock Club. Perkins is formerly from Whiteflat, in Motley county.

### James Rufus Fish Is Band Member At Texas University

AUSTIN, Texas—When University of Texas students or ex-students get together, the "Eyes of Texas" are upon them, but eighty freshmen members of the Longhorn Band played the school song for their first time at the Forty Acres this week. The freshmen made their first public appearance at the "Yearling Round-Up"—a special pep rally planned as a part of the University's freshmen orientation program. James Rufus Fish, trumpet player from Matador, was among the freshmen giving their initial performance as members of the Longhorn Band. Among other activities, Fish has also recently pledged Delta Sigma Theta, national fraternal organization.

### VISITORS HERE SUNDAY

Visitors here Sunday in the home of Mr. and Mrs. Doug Meador were Mr. and Mrs. Ben Fields, accompanied by their son and family, Mr. and Mrs. Bruce Fields and son Vonny, all of Happy.

### Mr. and Mrs. Robert Daffern and daughter Irene, of Plainview, visited here Sunday with his parents, Mr. and Mrs. S. Daffern.

### Low Interest Secured

A low interest rate of 3 1/4% has been secured for the bond issue in case it is approved by the voters. The cost to property owners, in event of approval, will be an additional levy of 10 cents on the \$100 property valuation, or only \$1.00 for each \$1000 worth of property rendered for taxes. Delegation of Flomot and Roaring Springs citizens meeting here yesterday stressed the urgent need for improved road conditions in

### Interesting First Frost Dates

Probably more interesting than ever before are the records of the first "killing" frosts kept by the late J. H. Sample. Except for two years the record is complete since 1925. They are as follows: 1925, Oct. 28; 1926, Nov. 10; 1927, Nov. 12; 1928, Nov. 2; 1929, Oct. 24; 1930 missing; 1931 missing; 1932, Nov. 11; 1933, Dec. 6; 1934, Dec. 7; 1935, Nov. 10; 1936, Nov. 3; 1937, Nov. 16; 1938, Nov. 4; 1939, Nov 2 and 1940, Nov. 10

**New Texas Sport**

Hockey, fastest sport in the  
 world, will be introduced to Tex-  
 as when the Fort Worth  
 hockey club opens the American  
 Association season on the  
 night of Nov. 5 in the Will  
 Rogers Coliseum. Above is Grover  
 Kashner, Fort Worth play-  
 er, to dash over the ice at  
 the hour.

**Tribune Ads Pay**

**In the Shadow of the Red Cross**

DURING THE RAF to bomb this Red Cross hospital in Trondheim, Nazi-occupied Norway, the Germans have built their army barracks right up against the plainly marked structure. British raids on German-held Europe have been increasingly ferocious all summer, and resistance to the Nazis and hope for an ultimate Allied victory in the occupied countries is growing daily.

**I GIVE  
 YOU  
 TEXAS**  
 by  
**BOYCE HOUSE**

Someone has said, "Nothing is  
 easier than fault-finding; no  
 talent, no self-denial, no brain,  
 no character are required to set  
 up in the grumbling business."

And the Lometa Reporter de-  
 clares that taxes are what other  
 people should pay to support our  
 government.

Skating on ice, something un-  
 known to Texans can be indulg-  
 ed in by everybody who wishes  
 to learn and enjoy the sport. The  
 huge ice rink now nearing com-  
 pletion in the Will Rogers Me-  
 morial Coliseum in Fort Worth  
 will be open to the public for  
 skating each morning and after-  
 noon and also at night except  
 when an ice hockey game is to  
 be played by the Fort Worth  
 Rangers—but they play only 25  
 games at home during the four-  
 month season. Experts will be on  
 hand to give free instructions to  
 beginners.

The R. O. T. C. camp at Edge-  
 wood Arsenal Maryland (the  
 Summer camp for chemical war-  
 fare from over 50 colleges), ac-  
 cording to Robert L. Fischer, stu-  
 dent of the University of Tennes-  
 see, used to be a place where, at  
 meal-time, you heard, "Please  
 pass the sugar" and "The bread,  
 please" and "Thank you."  
 Then came those Texas Aggies.

It's legend now that the first one  
 to enter the mess hall calmly spat  
 tobacco juice thru the rafters and  
 scored a perfect bull's eye. They  
 came, like the black plague in  
 winter, to darken our fair mess  
 hall, to create confusion ever-  
 lasting.

"Shoot the bullneck", boomed  
 one Texan. The meat was passed.  
 Another Aggie yearned for  
 some sugar. We could see it in his  
 eye. "Sawdust!" That was his  
 only command.

"Sand and", hissed another.  
 One trembling camp-mate finally  
 shook enough pepper and salt in  
 the plate to appease his master.

"Deal one", snarled a bread-  
 eater, having devoured a mere  
 snack of eight pieces. The bread  
 sailed gently thru the air and was  
 snatched in flight by an expert  
 meat-hook.

"The blood!" (pause) "The  
 b-l-o-o-d!" Only white cor-  
 puscles circulated in our veins at  
 that moment. However, the  
 vibrating catsup bottle gave one  
 man the clue which saved our  
 skins.

It was once an orderly place.  
 That was before the advent of  
 the Texas Aggies. They sure  
 played h--- with our mess hall.

For "ways that are dark and  
 tricks that are vain" Bret Harte  
 would have to admit that the  
 "sheathen Chinese" he told about in  
 his famous poem was a piker in  
 comparison to the loan sharks  
 with their many devious methods  
 in attempts to get around the law  
 against exorbitant interest. For  
 instance, one company lends the  
 money after another company has  
 endorsed the note. The offices of  
 the two concerns are conveniently  
 close because actually both are  
 owned by the same out-of-state  
 shark. Of course, the endorsing  
 company makes a charge for its  
 "assistance" to the borrower.

Sometimes an individual is  
 used as an intermediary to  
 camouflage the transaction. The  
 intermediary, in reality, is con-  
 nected with the company making  
 the loan and naturally collects a  
 fee for his "service". A little dif-  
 ference in the procedure whereby  
 the applicant is told in one of-  
 fice, "We don't make loans di-  
 rect" and is referred to a broker's  
 office (owned by the same outfit),  
 and this second office collects a  
 "commission" for arranging the  
 loan.

Another plan is for the bor-  
 rower to "rent" stocks or bonds  
 from an individual (who is in  
 cahoots with the loan office), it  
 being explained to the borrower  
 that the stocks are to be put up  
 as collateral for his loan.

And there is the false sale  
 scheme, the borrower agreeing to  
 "buy" a trinket, which came from  
 the dime store, and the condition-  
 al sale plan covers the excessive  
 interest charges for the loan. These  
 and dozens of other in-  
 ingenious tricks are keeping thou-  
 sands of Texas families in financial

**Returning Soldiers  
 Will Receive Jobs**

Urging the patriotic cooperation  
 of every employer in Texas to  
 see that every returning soldier  
 has a job when he gets home,  
 General J. Watt Page, State Se-  
 lective Service Director, has an-  
 nounced the inauguration of a  
 carefully studied and organized  
 re-employment program which  
 will function thru the local boards  
 of the System.

"Many of these returning sol-  
 diers must be cared for in this re-  
 spect beginning this month when  
 the first selectees, National  
 Guardsmen and others to be re-  
 lieved from active duty by the  
 Army will be released," General  
 Page said. "The Selective Train-  
 ing and Service Act imposes the  
 duty of carrying out its re-em-  
 ployment provisions upon the  
 Selective Service System as well  
 as upon the former employers of  
 these men."

**To Act As Liaison Agent**  
 The re-employment program  
 calls for the appointment of a Re-  
 employment Committeeman af-  
 filiated with each local board, the  
 Director explained. This commit-  
 teeman will act as liaison agent  
 between returning soldiers and  
 employers.

The function of the local board  
 Re-employment Committeeman  
 will be to get in touch with the  
 former employer prior to the re-  
 turn of a soldier to see if his  
 former job is still available, to  
 transmit the record of returning  
 soldiers who have no jobs await-  
 ing them to the nearest State Em-  
 ployment Service, and to act as  
 liaison agent for the soldier in  
 placing him in contact with avail-  
 able jobs.

In cases where the State Em-  
 ployment Service is unable to  
 find a job for a returning soldier,  
 the local board Re-employment  
 Committeeman must look for lo-  
 cal employment opportunities.  
 For this purpose he should ob-  
 tain the cooperation of local  
 chambers of commerce, and  
 boards of trade, Rotary, Kiwanis,  
 Lions, Exchange and Optimist  
 Clubs and like groups, labor  
 unions, the American Legion,  
 Veterans of Foreign Wars and  
 similar organizations.

The 10,000 head of livestock  
 which will compete for \$100,000  
 in prize money at the State Fair of  
 Texas have an estimated value of  
 \$1,500,000. The Grand Champion  
 of the 1940 State Fair's National  
 Hereford Show was sold for \$10,-  
 100.

bondage and the determination is  
 growing among Texas citizens to  
 do something to put a stop to 100  
 and 200 and 400 per cent inter-  
 est in this State.

Pity the poor secretary of a  
 Chamber of Commerce, observes  
 the Fort Bend Reporter.

If he writes a letter, it's too  
 short; if he edits a pamphlet, he's  
 a spendthrift. If he goes to a com-  
 mittee meeting, he's buttin in; if  
 he stays away, he's a shirker.

If the crowd is slim at a meet-  
 ing, he should have called up the  
 members; if he calls them up, he's  
 a pest.

If he duns a member for his  
 dues, he's insulting; if he doesn't  
 collect the dues, he's lazy and  
 negligent.

If an entertainment is a howl-  
 ing success, the committee, is  
 praised; if it's a failure, the sec-  
 retary is to blame.

If he asks for suggestions, he's  
 incompetent; if he doesn't ask,  
 he's bull-headed and knows it  
 all.

Ashes to ashes and dust to dust;  
 if others don't do it, the secretary  
 must.

**Rodeo Adds New  
 Event To Already  
 Large Program**

HUNTSVILLE, Texas—A new  
 and thrilling event has been added  
 to the already long list of events  
 which make up the Eleventh An-  
 nual Prison Rodeo, according to  
 Albert Moore, rodeo Director.  
 This new event will be known as  
 "Mounted Basketball," and will  
 be played under rules very simi-  
 lar to those of regular basketball.

Five mounted inmate players  
 will line up on either side of the  
 rodeo arena and the "court" will  
 be about twice as large as an or-  
 dinary one. Rules permit a player  
 to dismount in order to retrieve a  
 dropped ball, but no dribbling is  
 required. A player may pass the  
 ball to any other player from the  
 ground or while mounted. No  
 player is allowed to take more  
 than one step while off his horse.

However, where the thrills and  
 spills come in is in the rules per-  
 mitting "guarding," as a player  
 may defend his goal in any man-  
 ner he chooses. He may charge the  
 other rider and his mount when  
 in threatening territory, tackle the  
 would-be goal-shooter, get on the  
 attacking players' horse with him,  
 or in any way keep him from  
 ringing a basket.

This event promises to be filled  
 with spine-tingling sensations and  
 mirth-provoking antics and  
 should go far to keep the Prison  
 Rodeo's reputation as "World's  
 Fastest and Wildest Rodeo" in-  
 tact.

This new addition to the pro-  
 gram will not take any longer  
 than the average standard event  
 as the halves will be cut to two  
 minutes intervals. Contrasting  
 football jerseys will be worn by  
 the teams so that they can dis-  
 tinguish their team mates from  
 their opponents.

**WICHITA JUBILEE  
 STARTS OCT. 17th**

Citizens of Matador were ex-  
 tended an official invitation this  
 week to join Wichita Falls and  
 their friends in celebrating two  
 days of history-making fun, friv-  
 olity, and frolic during the Shep-  
 pard Field Jubilee, October 17-18.  
 The invitation was issued by

**At Panhandle South Plains Fair Oct. 6-11**

ZORINA, Queen of the New  
 York Worlds' Fair last year, and  
 one of the outstanding attrac-  
 tions at the San Francisco World's  
 Fair, will, with her sun-bathers  
 colony, be a featured attraction of  
 the Beckman & Gerety Shows at  
 the 28th annual Panhandle South  
 Plains Fair at Lubbock October  
 6-11. This talented artist, be-  
 lieved to have been the most pho-  
 tographed woman in the United  
 States last year, has a company of  
 20 beautiful sun-bathers which is  
 said to be the most beautiful at-  
 traction ever offered by any  
 carnival.

Jack C. Barnard, president of the  
 Wichita Falls Jubilee Association  
 and chairman in charge of ar-  
 rangements for dedication of  
 Sheppard Field, the army air  
 corps' new \$18,000,000 technical  
 training school.  
 During the Jubilee, Northwest  
 Texans and citizens of Southern  
 Oklahoma will have their first  
 opportunity to see the inside of  
 Sheppard Field, the world's large-  
 est air corps technical training  
 school.  
 Army bombers, powerful pur-  
 suit ships and training planes will  
 be stationed at the field during  
 the celebration. Mass flights of  
 military planes will be one of the  
 features of the observance.

MRS. DOUGLAS MEADOR, Editor

## Prayer Program Given Monday By Baptist Society

The Baptist Women's Missionary Society met Monday at the church for an all-day program in observance of Week of Prayer for State Missions.

Mrs. Clarence Kifer was leader of the morning program, giving the opening devotional from John 4:35-38. This was followed by a song by Mrs. Earl Laughlin, and talks by Mrs. Fred Clower on "Texas Baptists At Work," and Mrs. Vernon Doss, on "Harvest Time Among the Spanish Speaking People in Texas." Prayers and songs concluded this program.

In the afternoon, Mrs. V. J. Skaggs led the program which opened with devotional and a reading, "Jesus and the Multitude," Mrs. Laughlin, Mrs. Elbert Seigler spoke on the subject, "Harvest time among the Negroes in Texas," and Mrs. G. S. Craven gave a talk on an article by Dr. A. C. Miller, "In our San Antonio Army Camp" was the subject discussed by Mrs. Elbert Reeves.

Other parts on the program included the following papers: "Sowing seed in our army camp in El Paso" by Mrs. Vernon Chambliss; "Sowing Seed in our Army Camp at Abilene," Mrs. T. E. Cammack; "What our Church is doing for our members in Army training," Mrs. W. M. Joslin; "Why Baptists have hospitals," Mrs. Joe Campbell; "A Temple of Hope for the Sick," Mrs. Craven, and "Work being done by Hendrick Memorial Hospital," Mrs. J. A. Groves.

## Birthday Celebrated At Whiteflat Sunday

Rev. E. A. Butterfield was honored Sunday on the occasion of his 80th birthday, when members of the Methodist Church of Whiteflat met in the home of Mr. and Mrs. W. L. McWilliams to assist in the celebration at a noon-day dinner.

After the presentation of the gift, which was a silver shower amounting to \$16.35 by Rev. Knay and response by Rev. Butterfield, the dinner was served to the following guests:

Messrs. and Mesdames F. Z. Martin, T. E. Williams, Joe Bloodworth and daughters, C. G. Rankin, C. E. Harris, Jay Browning and children, Guy Kimbell and children, A. K. Wilkinson and daughter, Ernest McWilliams and daughters, M. D. Morris and children, Mrs. H. B. Stephens, Mrs. M. F. Slover, Misses Mary and Willie Slover and Mrs. Nora Holeman.

Other guests were: Mrs. Allie Smith of Vernon and G. E. Hamilton of Matador. The afternoon was spent in conversation and singing. Each departing guest congratulated Rev. Butterfield on his hale and hearty state of health and wished him many more such occasions.

## Mrs. T. J. Daffern Is Luncheon Hostess

Three tables of guests were entertained by Mrs. T. J. Daffern, Monday, with delicious luncheon followed by bridge.

Six games were played during the afternoon with Mrs. W. W. Clements receiving high score and Mrs. Farris Fish, second high.

Others present were Mesdames L. R. Bishop, J. R. Moore, J. S. Stanley, Charlotte Hunsucker, A. C. Traweek, Sr., Robert Collier, Alvin Stearns, A. C. Traweek, Jr., L. J. Barkley and Mrs. R. W. Cudd of Paducah.

## Myrnavae Barkley Is Club Pledgee

LUBBOCK, Texas—Myrnavae Barkley, daughter of Mr. and Mrs. L. J. Barkley of Matador, has been pledged to Las Vivarachas social club at Texas Technological college. She is enrolled as a sophomore in the division of home economics.

Names of 115 women students were released last week as prospective members of the five women's social clubs on the campus. Bids were issued following a seven-day rush period.

## Child Welfare To Meet Next Week

Patrons and members of the Matador Child Welfare Association are reminded that the organization will meet in regular session, Wednesday, October 8.

Program feature will be a talk on "Football" by Supt. B. F. Tunnell, following songs by the pep squad.

Everyone is extended a cordial invitation to attend.

## Christian Social Relations Studied By Methodist Group

Mrs. A. J. Daffern was leader of the program on "Christian Social Relations," at the meeting of the Methodist Women's Society of Christian Service held Monday afternoon at the church.

Following Meditation conducted by Mrs. Clay Gilbert, Rev. W. B. Vaughn, pastor, made a talk on the program subject.

Present were: Mesdames Harry Willett, J. R. Whitworth, Fred G. Simpson, W. B. Vaughn, C. T. Jenkins, Ethel Payne, H. H. Schweitzer, T. T. Jameson and Frank Pohl, and Miss Mable Jameson.

Mr. and Mrs. Ben Phyfer of Lubbock were visitors here Sunday with her parents, Mr. and Mrs. Foster Fuller.

Misses Mary Ola Tipton and Marion Clements spent Saturday visiting in Amarillo. They accompanied Douglas Meador, who continued to Borger, where he attended a barbecue for Governor Coke Severson, and Dave Warren, president of the Texas Press Association.

## Shower Saturday Afternoon Is Given Complimenting Mrs. Wilmer Greene

Complimenting Mrs. Wilmer Greene of Quitaque, who was before her recent marriage, Miss Wyletta Smith, Miss Zona Beth Faulkner and Mrs. B. F. Tunnell were co-hostesses at a shower in the latter's home, Saturday afternoon.

A motif of red and white was carried out in cut flowers and decorations in the reception rooms. The dining table was lace covered, centered with Prince's Feathers in a crystal bowl on a reflector, and white candles in crystal holders.

Miss Hattie Tee Groves presided at the Bride's Book of white quilted satin, which was designed and made by Miss Faulkner, and cleverly illustrated by Miss Carolyn Crawford.

Center of attraction was the pedestal styled punch bowl fashioned from a 300 pound block of ice in which was frozen a large spray of Prince's Feathers, and resembling a huge aquarium. Blue and red lights reflected rainbow hues thru the ice, and fern and other greenery were banked around the base.

Dainty cookies and punch were served, with Miss Faulkner pouring the punch.

### Many Guests Register

Listed in the bride's register, as having called or sent gifts, were the following: From Roaring Springs, Mesdames J. C. Smiley, W. A. Lewis, J. V. Shirley, Maurice Goodwin, Lem Miller, Guy Thacker, J. A. Brawley, Ed Smith, Mary Hughes, R. E. Long, W. S. Smiley, G. L. Godfrey, J. K. Campbell, Antone Freeman, M. S. Thacker, W. P. Cooper, Casey Jones, Rena Bowen, Leslie Smith, Duff Green and Tom Long and Misses Freda Keahey and Bessie M. Smiley.

From Matador: Mesdames L. C. Harp, Bert Ezzell, Hugh Gray, George Springer, Colton Thacker, Harry Willett, M. C. Green, Elbert Reeves, D. E. Pitts, Elbert Seigler, Frank Pohl, L. B. Robertson, John Hamilton, Mae W. McKenzie, J. R. Whitworth, Vernon Doss, Don T. Martin, W. F. Jacobs, R. E. Campbell, Henry Solomon, Melvin Meason, Tom Newman, Margaret Newman, and Elmer Stearns, and Misses Hattie Tee Groves, Billie Lawrence, Marue Williams, Mabel Jameson, Mavinee Russell, Ruth Groves, Thessia Godfrey, Maxine Green, Betty Green, Dorothy Wason, Helen Simpson and the hostess.

Mrs. Greene was reared at Roaring Springs, and taught English in the Matador High School last year, which place she resigned to accept a similar position in the Quitaque schools this year. Mr. Greene, who was assistant coach in the local schools the past two years, is now coach in the Quitaque school.

## Pied 'Pinions' BY MRS. M.

Recently Matador suffered an invasion of crickets. However, in the usual stress and storm of going to press, no mention was made of the menace in the way of a news story, albeit the streets had a new coat of surfacing and the sidewalks a smearing of cricket shellac as a result.

It seems that other cities and towns in west Texas suffered similar onslaughts, and we quote herewith a blow-by-blow description of the battle which Abilene waged, as set forth in the Abilene Daily Reporter (story courtesy of the Dalhart Texan):

"Jimminy Crickets! And Susan Crickets! And all the little crickets!"

They came by families and clans and tribes. They came by companies and by battalions and regiments and brigades and whole army divisions.

They tunneled under. They climbed over. They entered secretly as fifth columnists, climbed in at the windows, under the doors, thru knot hole and rathole and keyhole. They bivouaced on the waste basket. They used the back of the editor's neck for an observation post.

They suppressed the press. They turned their secret police loose on the typesetting machine. They climbed up into the innermost inwards of the Intertype, mixed and mingled with the mats and got moulded into type. The very ink in the very word you are now reading may be part cricket.

Your English friend might say this isn't cricket. And it isn't. It are crickets.

The tappingest toe tickler in Texas can't step on enough of them fast enough to discourage their main forces. Poison brings only a few casualties. No spray

will bring them down. Yes, they sing. The song of the cricket is celebrated for its soothing sound in the South. I, as I write, am surrounded, ambushed and serenaded by quartettes and duettes and octettes, and choruses and choirs and whole congregations going "Chichety-chichety-chee," or maybe it is "chee-itshity." It seems the old he's lead off with a strong tenor and the ladies follow with a sleepy-sleepy kind of alto.

They are all over the business section of the city—dry goods, groceries, drugs, hardware, auto—all the stocks in town are being inspected by them.

How do you get rid of them? You don't. You survive them. We are told the cricket lives only a few days. The only reason there will be people left is that man has a superior ability to take it, while the cricket just finds out what the world is like and then passes out.

Mr. Crickets, Mr. Crickets, You will soon be gone. Please, sir, could you tell me What you're waitin' on?"

I suppose one of the reasons our household always welcomes the approach of winter, is that we seem to salvage a little more time at home at the close of day. Since it has long been our custom to stay on at the office "until it's dark enough to go home" and the days are shorter in this season

of the year we just naturally get an earlier start toward home base.

Too, all our favorite radio programs and comedians are again on the air, and what could be cozier than a fire burning low—just enough to take the chill away—while listening to the bantering voices of Fibber McGee and Mollie and their neighbors; Bob Hope and his collaborators, and Jack Benny, Rochester and the rest. Not to mention Bob Hawk and his "Take It or Leave It" program, and Lou Valentine as "Dr. I. Q." Of course these last two have continued thru the summer, but at an hour too early in the evening for our patronage.

And listening to the staccato voice of Dr. I. Q. it is hard to associate it with the melodious tones which used to come over W. O. A. I. San Antonio, each Sunday evening following Ken McClure's newscast.

We (meaning first person singular) were greatly aggrieved and slightly indignant at the inference of a contemptible oratory recently that we had gone "high-hat" because of being quoted at intervals by Otto Bordenkircher in his Vignettes, Fort Worth Star Telegram.

After a spirited session, peppered with denials on our part, we were almost convinced that notwithstanding all efforts to the contrary, our display of ego must have become rather obnoxious.

We have always stoutly proclaimed that we didn't care what people said about us, so long as it was the truth; insisting that it

## FORMER ROARING SPRINGS GIRL ACCEPTS POSITION

Miss Frances Nell Green of 2734 Glenview St., Los Angeles, California, has recently accepted a position with the Santa Fe Railway Company. Qualifications for the job included a three hour examination which she passed 100%.

Miss Green, who was a member of the 1938 graduating class of Roaring Springs High School, was employed in the auditing office of a department store in Los Angeles for the past year.

Mr. and Mrs. U. L. Willie spent the week end in El Paso, Texas and Juarez, Mexico.

was only the untruths which aroused our ire. Now we wonder. Can it indeed be a fact that it is the truth that hurts?

## TO CALIFORNIA

Mrs. John Turner left Tuesday, accompanying William Armstrong, for Los Angeles, California where she will visit her son, James who is in the service and also her daughters, Mrs. Riley Marcus, Mrs. Roy Turner and Miss Mable Turner. The latter has been employed at Krenn Glendale for the past year.

Mr. and Mrs. A. J. Duff visited in Northfield Sunday with their daughter and husband and Mrs. Leland Timmons.

## What About The Old Folks

For 1942—a Beautiful New

# FORD

"6" OR "8"

IN THESE UNUSUAL TIMES we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8.

See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines.

Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company.

Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.

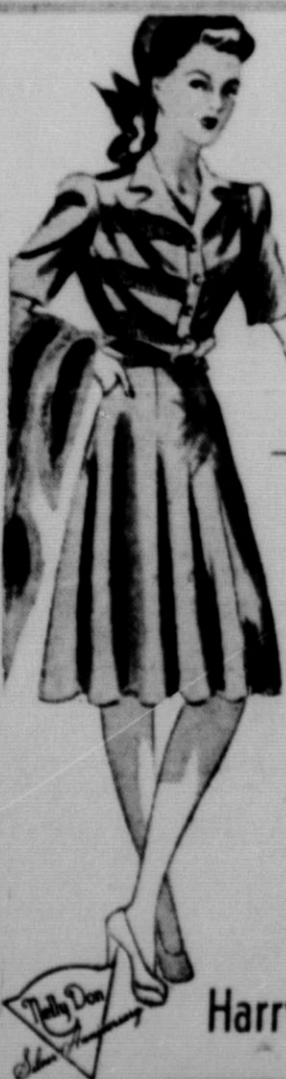

At the wheel, you will find driving easier than ever. Steering, gear-shifting, action of the big and sure hydraulic brakes have all been made smoother and easier.

In quality, the car is sound to the last detail. Defense requirements have all been met without a single reduction in the basic and lasting goodness of the Ford mechanically. Some new materials have replaced old ones, usually at a greater cost to us, but in every case the new is equal to or better than the old.

If your family needs a new car, go see and drive this Ford. For what it is today and for what it will be through the years ahead, we believe that you will find in it more and better transportation for your money than you have ever found before.

 NOW ON DISPLAY

See The New Ford In Matador  
**FRIDAY, OCTOBER 3rd**  
**Matador Auto Company**

FLOMOT School News

MAKING CLUB MEETS

Homemaking Club of Flomot met on the 15th to discuss parliamentary procedure. Geraldine Elmer presided over the meeting. The theme was election of the duties of the club.

Girls were present and the roll by telling. The meeting ended with a meeting on the 15th.

BASKETBALL ANTICIPATED. The high school girls are practicing interesting basketball practice.

CHAPEL PROGRAMS ARE INTERESTING. Several interesting chapel programs have been given under the direction of different classes.

BOOKS ARRIVE. Biology work books came in. They are ever so thick and looking but really it is not bad.

ROOM OPENS. Lunch room opened on the 22nd of September for the benefit of the students and teachers.

INCREASES MEMBERSHIP. The school is showing unexampled enthusiasm this year in its future, with twenty-nine members in the band.

ROY BURLESON INSURANCE. BANK BUILDING. Matador, Texas.

Roaring Springs NEWS

By Mrs. J. D. Mitchell

Jake Cooper former old timer of Roaring Springs, now of Clayton, New Mexico is visiting friends and relatives here this week.

G. B. Thacker of Randolph Field, is visiting relatives here this week.

Mr. and Mrs. Sterling Barr of Illinois are visiting in the home of his father, Scott Barr this week.

Mr. and Mrs. Glenn Dobkins are moving in the Dr. J. F. Hughes home this week.

Mildred Williams, student in the Draughtons Business College in Lubbock visited her parents Mr. and Mrs. A. D. Williams Sunday.

Mrs. Troy Vaughn and Paul Nichols left Tuesday for Odessa, California, where Mr. Vaughn is employed.

BILLY KEAHEY LEAVES

Billy Martin Keahey, son of the late Walter W. Keahey and Mrs. Maggie Keahey left Monday for Dallas where he will report for Naval Air instruction.

Young Keahey was graduated from Texas Tech in Lubbock during the summer session.

Instruments being played include seven carinets, five cornets, three saxophones two snare drums, four trumpets and one slide trombone.

This group of students practice at noon, and from the noise they make, an outsider would say the improvement is definite.

CHAPEL PROGRAMS ARE INTERESTING

Several interesting chapel programs have been given under the direction of different classes.

Miss Grundy's class entertained the student body and faculty on the 15th of September with readings and songs.

These pieces consisted of poems and nursery rhymes which always prove delightful to the young pupils, and bring back memories to the older ones.

Miss Grundy's students gave a very nice performance and the group being large, the audience found the program of pleasing length.

Our chapel program was especially interesting on the 22nd of September. Mrs. Lomax directed her room in the entertainment, which consisted of songs, readings and a pantomime, which seemed very realistic to the high school boys.

The programs always begin with a sing-song by the student body, followed by a scripture reading by Mr. Lomax, and our repeating the Lord's Prayer.

These programs prove interesting to the student, and gives us an opportunity to discover the talent which the pupils possess.

LONGHORNS SCRIMMAGE LOCKNEY WEDNESDAY

Wednesday, there was a battle royal between the two longhorns of Lockney and Flomot. The game ended in a tied score after a very good scrimmage.

The first quarter was very exciting for Flomot, as our team ran successfully six plays from the thirty-yard line to a touchdown.

We had good blocking when Leldon Bynum kicked one of the prettiest goals we have ever seen.

Lockney made their score at the next kick-off. Then the game was really a lively tussel. However, the remainder of the game was played without additional score.

Negro Minsirel Declared Success

Although attendance was small, the Negro Minsirel which was presented in the high school auditorium Friday evening, under auspices of the Matador Child Welfare Association was declared a monetary success.

The entertainment which was under the direction of Mrs. G. E. Hamilton and featured her voice pupils, had been postponed from the previous Friday due to Mrs. Hamilton's illness, and it was believed that many tickets had been sold to patrons who found it impossible to attend at the later date.

Cafe Esplanade, the State Fair of Texas' new dime and dance spot, is the largest in the Southwest. It seats 3,000 persons with ease and has a dance floor of 7,000 square feet.

It features the music of Orrin Tucker's Orchestra, Wee Bonnie Baker, and a six-act floor show three times daily.

Two University of California scientists have made synthetic starch from glucose, but it is not expected that industrial use will be made of the process.

This is the first instance of starch being made by any means except the action of plants themselves.

PEGGY DILLARD IS HONORED

Miss Geraldine Brooks honored Miss Peggy Dillard Wednesday evening on the occasion of her birthday. Games were played and refreshments were served to the following: Nona Helen Kingery, Marion Alice Mitchell, Charmaine Merrill, June Seay, Geraldine Brooks, Juanita Smith, Dell and Nell Prather, Gene Franklin, Joyce Thacker, Johnnie June Mitchell, Murdice Carpenter, Dorothy Nelson, Dorothy Wason, Junelle Jackson, Wanda and Glenda Nelson, Betty Jess Warren, Betty Sanders, Genell LaRue, Modian Brooks.

Junior Pitts, McElton Skaggs, Buzzie Thacker, Arthur Harmon, S. O. Swim, Lyndell Roberts, Thurman Irwin, J. W. Dillard, Raymond Marshall, Clifford Anderson, Billy Clyde Williams, Leon Kingery, Billy Jo Cooper, Bufford Dove, Junior Bearden, Malcolm Datson, Doyle Pate. Everyone reported a wonderful time.

SEAL YOUR HOME Against Cold Weather

If your door frames and windows are old they will not provide the insulation necessary against wintry weather. New door and window frames will give your home a better appearance and cut down on fuel consumption.

Officers of the Matador Child Welfare Association wish to express their appreciation to Mrs. Hamilton for donating the proceeds of the entertainment to their organization.

Wanted To Buy BLACKEYES, CREAMS, PINTO BEANS, and all other varieties dried peas and beans. We have threshing facilities for hand picked peas and beans. Warehouse 1906 Avenue F, Lubbock.

Decide The AMERICAN WAY VOTE 'YES' FOR COUNTY ROAD BONDS, SATURDAY, OCT. 11

This is still America where justice is the most important thing on earth. Property owners are fair-minded and will vote to correct impartial situations when the facts are understood.

DO YOU KNOW that the road condition is so serious in the Flomot community that school busses are being forced to drive as much a 25 miles off the regular route each day? Do you know that the Roaring Springs school bus is often required to drive 16 extra miles in order to complete its regular runs? Do you know that two Flomot mail routes must also drive 25 extra miles because the roads are destroyed or damaged? Do you know that Flomot may possibly lose its high school because it is impossible for students from north of the Quitaque river to attend? Do you think it is fair that property owners in these districts should pay the same taxes as you pay and still be deprived of the benefits of adequate country roads? If you feel that your neighbors and friends deserve equal benefits, then you will vote 'yes', Saturday, October 11.

Here is the way the proposed \$70,000 Road Bond Issue will be spent...

Table with 2 columns: Precinct No. and Amount. Precinct No. 1 (Matador) \$10,000; Precinct No. 2 (Flomot) \$30,000; Precinct No. 3 (Northfield) \$10,000; Precinct No. 4 (Roaring Springs) \$20,000.

Approximately \$15,000 will be spent for new and seriously needed road machinery, to be used by all precincts.

Do you know how much it will cost to help your neighbor?

The issue will require an extra 10c tax on the \$100 valuation. If you pay taxes on property rendered at \$1,000 valuation, it will cost you only \$1.00 extra per year. If your valuation is \$3,000, it will cost you \$3.00 per year, etc.

Do you know that 55% of all property in Motley county is owned by non-residents?

Help Your Neighbors... Vote 'Yes' For The Road Bonds

MAKE IT A DATE

## Do You Wonder What Women Carry In Their Purses?

I guess some people wonder what women carry in purses. The other day I was visiting my aunt. She decided to clean out her favorite purse, which is a color that matches nearly all her clothes; therefore she uses it nearly all the time.

I'll tell you what the contents were if I can remember them all. The first thing was some knitting half done, which she had worked on the night before. Then there was a handkerchief, and twenty-five cents and a tube of bright red lipstick three-fourths used in a small coin purse.

When I came back from the telephone, my aunt had added a piece of a mirror, a magazine subscription, a slip of paper with identifications of a dress she had wanted three months ago, the name and address of a boy, a telephone number belonging to another one of her friends, a soiled handkerchief, a dirty powder puff, a tube of lip stick, she had bought and forgot about, some matches, and another coin purse with some small change in it, to the pile of junk on the table. A newspaper clipping and her driver's license came next. The rest of the things were a pencil with a local firm's name and address, some loose safety pins, a bill from a local store, and a cigarette package with one cigarette in it.

They say you can tell some people's personality by the contents of their purses. My aunt is certainly a "scatter-brain", then.

—M.H.S.—

## Grade School News

### First Grade

For a new member, we welcome Jean Hawley to the class. We are looking forward to having James Ketchersid back soon. Can you ever remember the first grade you made in school? The beginners are very proud of themselves, for now their first grade is in the grade book.

### Third Grade

We regret that Clarabell Jameson is on the sick list this week. Gerald Spray is very proud of his new glasses. The class is making good progress in reading. They are also thrilled over some songs that they are to sing in chapel Friday. Everyone is eagerly waiting for the arrival of the

## Improvements Which Should Be Made In Our School

Matador is one of the finest schools in Texas, but there are some things that could be done to make it a better school.

In the first place our science periods are not long enough. There should be at least two hours in each one. This would then give students time to study awhile and then make our experiments before the period was over.

There should be a moving picture projector in the auditorium and someone to run it. This is one thing that would be educational as well as profitable to the school. It would also be good to put on chapel programs with.

We should have a chapel program every two weeks with students from every class in high school in it.

Another thing that would be handy is a public address system. This little machine would save many steps for the principle as well as the teachers, because they would not have to go to some other room to make announcements.

If these improvements were made, this school would be much better off and would be a better place for students as well as teachers.

new play ground equipment.

### Sixth Grade

"At Dawn" a beautiful print, has just been framed and is hanging in this room. This grade is also fortunate again, for it won another picture at the Child Welfare Meeting. Mrs. Guest, Mrs. Skaggs, and Mrs. Harris were elected room mothers.

### Seventh Grade

Singing will be enjoyed two Fridays each month and a regular chapel program the other two Fridays. All the elementary grades take part in this event. Mrs. Price, Mrs. Courtney, and Mrs. Edwards were elected room mothers. The class regrets losing its president, Rosemary Edwards, and one room mother, Mrs. Edwards.

### Eighth Grade

The seventh and eighth grades have organized a pep-squad of 25 members. Jolene Bloodworth has been chosen leader, with Margie Ann Thacker as her assistant.

## WHY I DON'T LIKE BLONDES

I don't like blondes because they are the biggest tow-timing racket that ever hit this country. I know because I used to go with one. She was pretty, I guess, but lots of other guys thought so too. Everytime I saw her she was with a gang large enough to make a Sunday School.

They are too much like red heads. By that I mean they get mad every time a girl passes by and you glance at her.

Getting back to blondes, they don't even know how to act half the time; at least, I never have seen one that did. They are so bashful that when they have a date, they have to bring some ugly looking dame along with them. The girl they bring takes all the fun out of gatin' because she is all the time blabbing about something of no importance.

When you finally do get a blonde to herself, she wants to go home as soon as the show is over (if she hasn't spent all your money for something else) probably to go with some other sucker to the midnight show.

All in all, blondes are just a bag of wind who calls themselves humans.

—M.H.S.—

## 'LADIES' HATS', OR ONE MAN'S OPINION

In my opinion, ladies' hats are a disgrace to this country. Some of them hurts your neck to look to the top while others cause much eye strain trying to see them.

Ofen men, going with their wives to buy a new hat, think that they are in the wrong department of the store when they see pots and pans resting on the top of a pile of straw.

It's a miracle that birds don't abound in great numbers in the large department stores, since so many of the hats have such great attractions to them in the way of nests.

As a full-blooded American, I wish to express my opinion in that I can't, to save my life, see how these present day hats are of any value to mankind. They are either so small that they can't keep any sun off, or they are so large that they keep a constant strain on the wearer's neck holding them up.

In other words, they are of no value to the human race; and it appears to me, in this division, that civilization is going backward instead of progressing.

—M.H.S.—

## Meet A Matador

Name—Genn Allen  
 Age—18  
 Height—6ft. 1 1/2 in.  
 Color of Hair—Brown  
 Color of Eyes—Brown

## The Etiquette Of A High School Boy

The etiquette of a high school boy is rated about zero-minus.

Of course, there are a few who will step aside and let the girls pass first, and there are some who will even eat their soup without gulping it. There are a few who can eat peas with a fork rather than knives, but the majority of the boys rush out in their way, well—too bad, and they were such nice girls, too. Throwing biscuits across the table seems to be their only knowledge of getting them across. Therefore you had better know how to intercept passes or you will be without bread during the meal.

Now, boys, you aren't such a bad lot, but I think all of you could learn a great deal if you would read a book of etiquette.

## V FOR VICTORY

— means V. V means victory. To some of the conquered countries in Europe it means life and hope.

When the V for victory campaign started it came from England. In a short time it had swept the continent of Europe like wildfire. In almost every language there is a word meaning victory that starts with a V. The V campaign has been carried to such large proportions that in England they have a V department in their war cabinet.

In some of the conquered countries the people hold up two fingers as a symbol of V. They wear clothes with V's in the neckline; they typewrite in a cadence of three dots and a dash; the Morse Code for V. They paint V's on walls, German soldier's backs, anywhere to make the Germans ridiculous.

All the British radio programs start with Beethoven's Fifth Symphony. The first few notes are three shorts and a long.

The Germans have started a counter-attack. They say V stands for Victoria, but they haven't done as much good as the English yet.

In some of the occupied countries it has sowed the seed of new hope, which, in time, will start a rebellion from under the heel of their Nazi Masters.

## Kampus Klatter

Gee! Some people have all the luck. Mavinee has an army boy besides all the local boys she has been stringing along.

We've finally got the low-down on Ida Belle. Her beau is none other than Doc. Frank. Cute couple anyway.

Harris and Helen were caught playing hands in the study hall again, sounds serious. And that's not all! Wonder why Helen looked so queer when she received a farewell note written on a napkin? We hear he's going to join the marines or navy or something like that.

We can hardly wait to see the outcome of Ruby's contract with E. A. At least, we hope we see it.

Why on earth did Bobby and Math want to spend the night in Lubbock?

What can Mc be thinking about? He seemed very interested in Maryland marriage laws!

Some students say that Bert got hit with an apple; but our opinion is that his black eye is the result

of a fight with Billy. What about E. A.? Is he just to be taken as a matter of course? You can't say Billy doesn't know who to pick on. We thought the shiner was cute, Bert. But what about Dorothy?

My! My! These Billy's surely get around. Now wasn't that Billy Pharis we saw Reatha with? Reatha, you'd better watch out. We heard him ask Frances for a date.

Sonny must be losing out with Betty Sue. She was seen with C. D. Sunday evening. That's too bad.

What have these Patton girls got that gets them? First it was Paula and now it's Bernice Ruth. Nice going, kid.

Glenda likes them short, dark, and handsome, too—and I do mean handsome. His name is Barney and they reported a swell time at the party Wednesday night.

Dorothy N. has finally decided that there isn't so much about Roaring Springs as she thought, so she is headed for the other direction now; and she isn't doing a bad job of getting his attention either.

It seems that Junior must have a Pep Leader, Matador, Roaring Springs, and Paducah. Now who will be next?

Alton is still ardently wooing Gladys in Geometry Class. Coach is getting quite vexed with them, too.

Bennie still has hopes of attracting Ross' attention; but we aren't making any bets.

Gene and Gladys Marie are still that way about each other. Now just what Freshman boy is so crazy about Frances? We wouldn't know.

Wiley Frank seems to find lots of attractions over at Grace School. Could it be by any chance be Eddie Gene?

Some of the Seniors had some rather bad luck Thursday night. For further information see Wanda.

—M.H.S.—

For those who want to "rough it" on their own during a part of the year, the National Forest Service maintains 73 primitive, wilderness, and roadless areas

## Students' Opinion

QUESTION: What do you think about girls' playing a part in National Defense?

ANSWERS:  
 George Doss—I think everyone should play a part regardless of who they are.

Fannie Fite—We should take much interest in the country, for it is our country, too. I don't think anyone could have thought of a better idea.

Leona Martin—As a whole I think our girls should play a part in our defense because it is educational as well as beneficial.

Junior Pitts—I think girls should play a part in National Defense. This might help to keep the boys in better spirit to think that every one was helping.

Faustena Fulfer—The should do their share in the port of the war.

Donald Reeves—Girls play a part in the Defense gram because they have much right as any one to help their country.

Dorothy Wason—I think good idea. It is really every duty to do what he can.

Bennie Marshall—Girls play a part in National D because they want Liberty same as the boys.

Wanda Nelson—I think should take an active part National Defense Program cause America was established all the people, not just the therefore, I think women help as much as the men America the "Land of the

## AND FORGET WASHDAY TROUBLES.

YOUR wash comes back snowy white, smelling fresh and sweet. It was gently washed and rinsed (5) different times. No harsh soaps used. Color fabrics and dainty pieces given extra care. Beautifully ironed, ready to put away. All this at money-saving prices!

**ROAD BONDS . . .**

(Continued From Page One)

both communities. While all four precincts will require improvement in roads, these two communities face greatest loss because of continued neglect.

If the bonds are voted, the money will be allocated as follows: Precinct 1 (Matador) \$10,000; Precinct 2 (Flomot) \$30,000; Precinct 3 (Northfield) \$10,000 and Precinct 4 (Roaring Springs) \$20,000. Each of the precincts will contribute from the above funds to purchase \$15,000 worth of badly needed road machinery, which will be used by all precincts.

Flomot citizens here yesterday said "For several days it was impossible to reach Flomot except by horseback. We are now making a desperate struggle to retain students from the section of our school district north of the Quitaque river. In event the bridge is not replaced before another season, a large part of these students may transfer to another school, which may cause our high school to later be forced out of existence."

"We do not know how much longer we can keep mail service with the routes extended 25 additional miles in order to serve Flo-

mot because of damaged and destroyed roads. We feel that if property owners understand our serious plight, and the fact that we pay the same taxes as they pay, that they will vote "yes" to the proposed bond issue on Saturday, October 11.

"At present we have ready for harvest, one of the largest crops ever produced in the community, yet gins, stores, farmers and the community in general is faced with almost complete isolation because our roads have been damaged and in many instances, destroyed by the heavy rains during the past season. We feel that we have a right to at least adequate roads and that we must place our case fairly before taxpayers in other sections of the county where roads are modern and in perfect condition. We sincerely urge every tax-payer to go to the polls and vote for the road bonds on October 11."

**Election Costs Paid**

Because of the ready sale for Motley county bonds, in event of approval, and despite the low interest rate, a large bonding company is paying the election cost as well as the cost of the former election in which the issue was defeated. The commissioners' court investigated money rates before allowing the bonding company to make the agreement, and found that no cheaper money could be secured.

**Here's a Preview of 1942 Ford**

DEARBORN, Mich.—A distinctive frontal design sets the style for the new Ford passenger car line for 1942, introduced recently at a preview for the nation's automobile editors. The new Fords will be shown to the public soon in all Ford dealers' showrooms. A rustless steel radiator grille blends gracefully with an entirely new front contour which features a new arrangement of headlights and parking lamps. Offered in three lines—the Super DeLuxe, DeLuxe and Special, the 1942 Ford has a distinctive trim for each series of cars. Engineering improvements emphasize comfort and safety. The Super DeLuxe and DeLuxe lines are offered with either the famous V-8 or the new Ford "6" engines.

**No Advance IN PRICE**

AN unusual statement in the face of these changing times! You are assured the renewal of your subscriptions to both the Ft. Worth Star-Telegram and the Matador Tribune for only **\$8.45** the same price you have been paying for the past three years. (Telegram daily only, and Tribune, both one year for \$7.45). Production costs are climbing and many weekly and daily papers have advanced the price.

**SAVE 50c**

Why not renew your subscriptions to both papers today, saving 50c on the combination offer. (Tribune regular subscription price \$1.50 per year.) Don't wait until your subscription is expired. . . we guarantee you will receive both papers for a full additional year, no confusion or bother.

**WE SOLICIT YOUR SUBSCRIPTION**

We are in the newspaper business and respectfully solicit the renewal of every Star-Telegram-Tribune subscriber. We receive a commission from the Telegram subscription and appreciate the patronage of our subscribers.

**NEW TELEGRAM SUBSCRIBERS**

If you are not receiving the Star-Telegram, start today and receive your paper through the month of October **Free Of Charge**. All new Telegram subscriptions received this month will be dated to expire November 1, 1942.

**LIONS' PICNIC**

(Continued From Front Page)

have paid about \$300 for operations for underprivileged children and another \$300 in cash prizes for the annual Fat Stock shows held here each spring.

(In the hurried review, Lion Hamilton neglected to list the Lions Annual Basketball tournament held each spring for about 12 years and discontinued recently.)

"Some wives may think their husbands belong to an expensive club", Lion Hamilton explained, "but when we look back on the actual benefits to the community, we must all feel that the money is well spent. It is estimated that the club has paid approximately \$11,445 in sponsoring various activities during its 13 years of organization. We are grateful to the wives and relatives for the vital part they have had in "stuffing Lions" with the many fine meals."

ization. We are grateful to the wives and relatives for the vital part they have had in "stuffing Lions" with the many fine meals."

Nine of the clubs original charter membership of 24, are still active in the organization.

The informal picnic-meeting Tuesday night was not held in lieu of the regular meeting which will be held next Tuesday.

**Dental Problems First in Cause Of Draft Rejections**

"Nothing in recent years has more graphically called attention to the seriousness of the American dental health problem than the present defense crisis," said Geo. W. Cox, State Health Officer.

"The figures of the National Draft Board show that dental defects rank first as cause for rejection of draftees. Nineteen and one-half per cent of young men examined at army induction centers are rejected because of dental defects.

"These figures reveal the inadequacy of our dental health programs during the past generation and the public's inertia toward this vital phase of health.

If this problem of dental health is to be solved, it must be done at its source, which is the child.

"From surveys made by the United States Public Health Service, of two million school children throughout the United States, it is estimated that approximately ninety per cent of our elementary school population are in need of dental care. To solve this problem the public must be aroused to the gravity of the status of health and its effect on health. This should be accompanied by an intelligent preventive dental health program in schools, impressing both parent with the importance of dental health.

About 150,000 pounds of gum were used last year in wing and leg bands for the United States.

**NOW IN EFFECT THE NEW Retailers Excise Tax**

We wish to inform our customers that the new Retailers Excise Tax became effective Wednesday morning, requiring us to add 10% to the regular retail price of cosmetics, jewelry, clocks, furs and many other items. We must keep a record of sales and remit to the Government, this additional tax of 10% on all items included in the Federal Revenue Act of 1941.

We feel that the freedom of America is worth any sacrifice and that our customers will accept this tax imposed to pay for the gigantic defense program, in the spirit of loyal, liberty-loving Americans.
