## Red Cross Drive In Sight Of Goal

Motley county residents are digging deeper in their purses for the \$900 Red Cross war fund than any drive ever attempted before by the great humanitarian institution, according to an announcement by Chairman John A. Hamilton at the Matador Lions Club luncheon held in the Baptist church basement, Tuesday.

"We have received wonderful cooperation," District Attorney Hamilton declared, "and reports indicate that only two or three solicitations have been refused. I am happy to report that we have to this hour received a total of \$636.33, and I can tell you that we are going to raise the quota if

I have to ride a blind mule to every farm home and make a personal solicitation." Mr. Hamilton declared early in the week that about \$500 had been contributed by Matador alone and that some other communities were reporting great success. He said that the spirit of the public to subscribe to the fund was one of willingness and cheerful giving. Many Matador places of business were awarded 100% contribution cards for display. The cards are given only to firms in which every member of the personnel have contributed. Striking feature of the war fund drive is the amount of large contributions of \$50, \$25, \$10, and \$5.

## Lions Present 2nd White Cane During Tuesday Meeting

J. C. Collett of Roaring Springs, pioneer resident of Motley county, found it impossible to express his gratitude to the Matador Lions Club members, for their presentation of a white cane at the regular meeting of the civic club held in the Baptist church basement, Tuesday, where he was an honored guest. Mr. Collett has been a resident of Motley and Dickens counties for 61 years and has resided at the same location near Roaring Springs for the past 41 years. He was afflicted with total blindness about two years ago and was the second blind person to receive a white cane from the Matador Lions Club.

Other guests at the meeting were Mrs. U. L. Willie and Mrs. Leonora Luckett. Mrs. Willie announced that ticket sale for the President's annual Birthday Celebration had started and that Mrs. Luckett had donated the use of her building on the south-west corner of the square, for the occasion.

Secretary J. R. Whitworth read a letter from the honor students of the Matador High School expressing their gratitude in being guests of the club.

Dr. Albert Traweck, jr., conducted an interesting discussion of the war situation, based on his years of service in the U. S. Navy which involved over 50,000 miles of travel over the world's oceans. Announcements were made of the plans for the annual Father-Son banquet, to be held on Thursday, February 12.

Announcements were made by G. E. Hamilton relative to the county's quota in the defense bond sale, and by District Attorney John Hamilton regarding the progress of the county's Red Cross war fund drive.

## J. S. Lambert Seeks Re-Election To County Office

The Tribune is authorized to announce that J. S. (Joe) Lambert is a candidate for re-election to the office of county commissioner for Precinct One, and subject to the action of the Democratic Primary, July 25, 1942.

Mr. Lambert is well-known by the voters in his precinct and in the entire county. He has served the county well during his past tenure of office and his record is an example of efficiency, consideration and high respect for duty.

In making his announcement yesterday, Mr. Lambert said, "I want to thank all who found it possible to support me in the past. If I am re-elected, I will continue to serve the county and each individual to the best of my ability. I am very grateful for past favors and hope that my efforts to fill the office to which I seek re-election, have merited continued faith. "I will appreciate the vote and support of everyone during the July Primary."

ARRIVAL ANNOUNCED  
Mr. and Mrs. Frank Pohl are announcing the birth of a 5½ lb daughter, Mary Carolyn, Thursday, January 15, at Traweck Hospital.

## Illness Reported Throughout County

Local physicians are being kept busy attending cases of flu and pneumonia thruout the county. Among the more severe cases of pneumonia reported are J. K. Campbell at Roaring Springs, and Wilson Barton of the Barton community, who is a patient at Traweck Hospital. His condition was much improved late yesterday.

Joe Campbell, pioneer of the county, has been confined to his bed at home here for the past month, and attending physician declares his condition to be grave.

TO CARLSBAD  
Tom Newman left Saturday morning for Carlsbad, N. M. where he will be employed in the potash plants near there.

## Defense Strategy Mapped For Possible Emergency

There will be no repetition of Pearl Harbor in event an enemy should find it expedient to attack Motley county, according to a plan of defense strategy outlined by R. C. Reynolds of Lubbock, with the Texas Employment Service, before a group of approximately 40 citizens meeting in the courthouse at 5 p.m. yesterday afternoon.

Mr. Reynolds supplanted F. A. Wells, who was scheduled to address the meeting at 2 p. m. but was unable to keep his appointment. A crowd of estimated double the size met at the courthouse at 2 p. m. and waited some time for the arrival of the scheduled speaker, but many failed to return for the later meeting.

Stresses Need Of Organization  
Mr. Reynolds urged the commissioners' court to provide funds to complete the chain of airplane listening outposts encircling the county, by installing telephones in remote districts which would otherwise cause a gap in the plan. "There is nothing small about America," Mr. Reynolds

declared, "and we must provide adequate defense plans accordingly."

"Nationwide plans call for listening posts at no greater distances than 8 miles encircling each county. A single gap in the plan might provide the opening needed by an enemy."

Stress was placed on the need of complete registration for home defense. Local leaders were warned not to accept men subject to military draft service, except as an auxiliary volunteer. He declared the training would require much time and in event of a man being called to service from a key post, the result might cripple the complete defense plan.

Every patriotic citizen was urged to register for home defense service and local officials were told that the plan called for continuous watch listening duty, 24 hours daily, with four watchers at each post.

Registration cards may be secured from C. A. Pitts at the West Texas Utilities Company office, together with further information concerning the home defense plan.

## Scouts To Benefit From Waste Paper

Old newspapers, magazines, paper boxes and cardboard donated to the Matador Boy Scouts, Troop 60, will be sold and proceeds benefit the organization's general fund, it was announced this week by Scout Master M. J. Stacy.

Mr. Stacy said that arrangements had been made with H. C. Duncan, manager of the Farmers Cooperative gin for storage space and that the gin press would be used to bale the papers. Use of the gin facilities is provided without cost to the Scouts.

Delivery of waste paper and magazines may be made direct to the gin or a regular pick-up service will call at homes upon notification. Residents may call 141 and inform Mr. Stacy that which kind of paper, cardboard or magazines will be contributed and the truck will call at homes in Matador.

The Scouts will receive 30c per hundred pounds for waste newspapers and 40c per hundred pounds for old magazines, when shipped in lots of 10,000 pounds or more.

Salvage of all waste paper is urged by the government to aid the national emergency.

## Matador Beats Ralls To Tie 3-A Cage Lead

RALLS—Matador High's Matadors remained tied for first place with Floydada in District 3-A basketball competition by defeating Ralls last night, 34-31.

Ralls Jackrabbits dropped to a second place tie with the Lockney Longhorns in the hotly contested cage loop.

Scoring honors were shared by Reed of Ralls and Tunnell of Matador, who each amassed 12 points.

### Local Postoffice Has Auto Stickers

If your automobile or truck is not performing up to expectations, you might try one of Uncle Sam's little motor vehicle stickers which postmaster E. F. Springer will part with for \$2.09, plus 1c postal card which you must fill out and tell Uncle Sam that you are trying the new tax accessory.

In case you are not interested in new ideas (especially tax ideas) you might consider that the Treasury department is going to insist you try this one if you operate your automobile or truck after January 31. The price of \$2.09 is an introductory offer to get customers familiar with the new automobile tax and the sticker is good only until June 31. Only July 1 you must have another sticker on your windshield instrument panel or otherwise displayed. The July sticker will sell for an even \$5 and it will make your car run smoother for a full year.

Mr. Springer received the stickers Tuesday and has averaged sale of about 75 for each day since arrival. No information is needed to secure the sticker—you merely pay \$2.10, receiving your sticker and a post card. To fill out the post card, it is necessary to know the make, year, model and motor number of your automobile.

It is very essential that the card be filled out and mailed at once after purchase of the sticker.

## Father-Son Banquet Set February 12

An outstanding speaker has been secured and plans are under way for the annual Father-Son banquet, sponsored by the Matador Lions Club. The banquet will be held Thursday evening, February 12th.

"Dizzy" Dean, national baseball celebrity, has accepted an invitation to attend the meeting, according to an announcement made this week by J. R. Whitworth, secretary of the Lions club.

Elmer Stearns has been named as general chairman of the banquet, with D. E. Pitts assisting as co-chairman. Other committees which were selected are as follows:

Program committee: Paul Eubank, Fay Jacobs, Ben Meador and J. R. Whitworth.

Menu committee: Henry F. Pipkin, Henry Ford, M. J. Stacy, Roy Smith, L. R. Bishop and C. M. Glenn.

Arrangement committee: Rev. W. M. Joslin, Rev. W. B. Vaughn, Earl Laughlin, Don T. Martin, Farris Fish and U. L. Willie.

Boys Committee: C. A. Pitts, Vernon Doss and Bert Ezzell.

Ticket Sale Committee: J. R. Emmons, R. E. Campbell, Jr., L. C. Harp, John A. Hamilton, and R. E. Campbell, Sr.

Announcement of place of the banquet was not made but will be published in next week's issue of the Tribune.

Arrangements were made at the Lions club directors' breakfast held at the Magnolia Cafe Monday morning.

MANY ATTEND FUNERAL  
Among the out-of-town friends who attended the funeral services last Wednesday at Roaring Springs, for Mrs. J. R. Thacker, were: Mr. and Mrs. S. W. Weatherall of Paducah, Mrs. H. V. Bigham and Verlon Bigham of Lubbock, Mr. and Mrs. Andy Hurst, Mrs. J. F. Hughes and daughter Ann, Mrs. W. T. Andrews and Marion Hurst, all of Spur, and many others.

### MRS. ANGIE ALVEY CALLED BY DEATH

Mrs. Angie Selest Alvey, 87, died at the home of her daughter, Mrs. R. C. Irwin, at Roaring Springs Saturday afternoon. Funeral services were held at the Roaring Springs Baptist church Sunday afternoon. Her death followed an illness of several weeks.

Mrs. Alvey was born in Erie, Pennsylvania, January 5, 1855. She had made her home in Roaring Springs for the past 15 years. Her husband died several years ago.

A devout member of the Catholic church, Mrs. Alvey had lived a consecrated Christian life, beloved by her many friends who enjoyed the radiance of cheerful disposition.

She was the last surviving member of a family of 14 children and the youngest of seven consecutive sisters.

She is survived by three children, Mrs. R. C. Irwin and M. S. Alvey of Roaring Springs and Joe Alvey of Arkansas, 15 grandchildren and 5 great-grandchildren.

### Special Bus Will Take Draftees To Lubbock Sunday

A special chartered bus will leave Matador at 6:30 Sunday morning to transport Motley county registrants to Lubbock for army physical examination, according to information received Wednesday at the county draft board.

The following registrants will be examined to fill future calls in the armed service: Durard Franklin Irby, Flomot; Jim Clower, Matador; Grady Claud Timmons, Northfield; Ulysess Foreston McBride, Matador; Allen Rufus Morris, Roaring Springs; Homer Troy Spears, Matador; John Guy Garrison, Whiteflat; Delmon Stewart Martin, Roaring Springs; Phillip Ray Sims, Matador; William Hershall Marshall, Roaring Springs; Cleveland Brooks Callaway, Matador; Joe Ivan Anderson, Roaring Springs; John Wilson Cook, Matador; Elbert Ellis Terry, Whiteflat; Robert Allen Purdy, Flomot and Carl Dillon Mize, Matador.

Further information regarding draft calls will be restricted to the names of local boys leaving, without mention of number, because of the necessity of censorship limitations.

### DICK SEAY MAKES ANNOUNCEMENT FOR CLERKS OFFICE

The Tribune is authorized to announce the candidacy of R. A. (Dick) Seay for re-election to the office of County and District Clerk, subject to the action of the Democratic primary, July 25, 1942.

Mr. Seay has spent his life in Motley county and needs no introduction to the voters. His record of service in the office to which he seeks re-election, is one of constant, conscientious and efficient service. His willingness to render every possible aid to everyone is a tradition; his ability is an established criterion.

In making his announcement, Mr. Seay said, "Motley county voters have extended many favors to me in the past, for which I wish to express my profound appreciation. I promise that in the event of my re-election, I shall continue to execute the duties of my office to the best of my abilities, always keeping the welfare of those I serve as my first obligation.

"I will appreciate the vote and support of everyone who finds it possible to aid me in this campaign."

### Baseball Idol Is Impressed During Visit Last Week

Sporting a pair of new red boots, Jerome "Dizzy" Dean, baseball pitching idol of millions, ate dinner at the Matador ranch chuck-wagon Saturday, and liked it. In fact the diamond star who contributed his might to the St. Louis Cardinals' win of the World Series, liked Matador so well that he has promised to return for the Matador Lions Club sponsored Father-Son banquet scheduled for February 12.

Arriving unannounced Saturday morning, Mr. Dean was accompanied by Miss Polly Smith, professional photographer for a large advertising firm and Fred Luter, Chicago businessman. Miss Smith made the Falstaff beer photographs of the Matador chuck-wagon ranch scene which received nation-wide distribution last year. Her brother is president of the American Airlines.

Make Country Store Pictures  
The trio went to Whiteflat Saturday morning, accompanied by local residents, Chris Dameron Lonnie, "Pelow" Vivian and Tom Berryman, where pictures were made of Arthur Lynch's store. The three Matador citizens were used as "atmosphere" for a general store scene. An old-time pot-bellied heating stove was taken from Matador to use for effect.

"Dizzy" Dean is a gentleman farmer, with a home located at Lancaster, near Dallas, when he is not working with the Chicago Cubs, making radio broadcasts or being engaged in some other activity associated with a national star of his magnitude.

The visitors were guests of H. F. Pipkin and enjoyed a chuck-wagon meal Saturday, however, Mr. Dean was disappointed because the fare provided no son-of-a-gun or "Jap Stew." Mr. Pipkin has promised his own proficient hands will prepare the cowboy delicacy if "Dizzy" Dean will return for the Father-Son banquet on February 12.

## County Has \$190,000 Bond Quota

Motley county has been given a quota of \$190,000 sale of Defense bonds, according to an announcement made by G. E. Hamilton, chairman of the county bond sales committee, at the Lions luncheon, Tuesday.

Mr. Hamilton said the county had been given a quota of 10% of its 1940 income, which according to the Texas Almanac showed an amount in excess of \$1,900,000 for that year.

Success of a series of meetings to stimulate bond sales, being held over the county was announced. Mr. Hamilton said that \$1,200 worth of bonds had been sold at a meeting held at Whiteflat, \$1,500 at a Fomot meeting and \$1,675.90 worth of bonds and stamps sold at a meeting held at Northfield last Friday night. He estimated that possibly \$50,000 worth of bonds had been sold in the county since sale was started, or probably about 25% of the quota.

Every citizen is urged to buy every bond and stamp possible in order that the county may attain the place of sincere and complete patriotic support of the national emergency.

ACCEPTS POSITION  
Noble Dirickson has accepted a position with the Magnolia Service Station, filling the vacancy made by James Ed Russell's resignation to enter the Southwest Aeronautical Institute in Dallas.

Paducah may be involved in one of these affairs too—are they? Well who knows? For further information see next weeks paper.

It seems that this romance between Tom Ed and Ruth E. is coming back to light. We have seen them making eyes at each other nowadays.

Onieta seemed to be completely run down after James Russell left. It's a pity that she couldn't scatter his visit out a little.

Have you heard? A new romance!! Bert and Dorothy Wason have up a case so we hear. Are we right? Oh yes, we mustn't omit Wanda and Pat.

Reatha we would like to see the pictures that Merritt showed you the other day in the lunch room. It even made your face turn red!!

Kathryn seems to be losing out with James Ed and boy, is that girl at Spur a honey?!!

C. D. and Aurene (ex-student) seemed to be having a good time last Saturday night. I'll bet C. D. wishes he could attend a forty-two party every night.

Raldo doesn't seem to be making much head-way with Joy. Could it be Phil Green?

Estelle, what's this? We hear you are making eyes at Mr. James? Not nice!

Frances, we hear that you and Gene Rinehart have up a case. Is this just now coming to light? We hope for the best.

Mavinee, we couldn't figure why you didn't want a dance until we heard that Travis hated the word.

Vance, those jokes you've been telling Frances in the last study hall are really getting tough. Better be careful, Frances; I advise you to study.

Sonny, what do you mean by letting C. D. get your girl?

Faustena and L. M. are still going at break-neck-speed. Faustena, don't you hope he continues until February 6th?

Wanda, what seems to be wrong with you and that Lewis? Oh, these boys.

This triangle, Charles and Walter with Imogene. Lucky winner!

Norris and Gladys, they seem to carry on their business between classes. Gladys, why don't you use that stationery? (He's not planning on leaving, is he?)

Well, Junior, are you going to let Leroy just politely come up and take your girl friend away from you? Don't let 'em do you that way.

Lately we have heard the remark from several boys: "There goes that cute Janella Jackson—do you still think that, Billy?"

You know, some mighty strange things have been happening lately. That little Edna Mae Martin has been getting letters from a

boy she doesn't even know (she pretends).

## Grade School News

The beginners received another new book and my, you should have seen the smile on their faces! Had you ever thought a new book could cause that much excitement?

The third graders are busy little bees, and everyone is back in school once more. The class is getting quite a thrill in preparing a chapel program that is to be given at some future date. Some of these days your reporter wishes to visit these primary grades just for fun.

The reading class is still studying dramatization. Last week the 7th grade boys dramatized Tom Sawyer, and the girls dramatized a Nancy Drew mystery. I heard that it was very interesting. Maybe this should happen more often.

The art classes are clay molding, soap carving and drawing imaginary pictures. The fifth grade has been studying intermediate colors and doing block printing with Irish potatoes.

Joyce Builderback is a newcomer in the sixth grade.

Football has had its season, and now it is time for basketball. The 6, 7, and 8th grades seem to get quite a thrill in it.

Before signing off your reporter says keep studying with your chins up. See you next week.

## Sport's Ramblings

By Curly Joe

M. H. S. certainly had her share in Patton Springs Basketball tournament Thursday, Friday and Saturday the 8th, 9th, and 10th. We entered three teams and won three different awards, although the junior boys team did not win any of the tournament honors.

The Senior boys won first place in the tournament for the boys' division. They received a large gold trophy for the school and small gold basketballs for the individual players. Billy Tunnell of the Senior team won a place on the All-Tournament team and will receive a small gold basketball for this.

The Senior girls won consolation, which is a bracket entered by the teams' losing their first game played in the tournament.

They received a gold trophy somewhat smaller than the boys' for the school and small basketballs for the individual players.

The junior boys entered the same tournament that the senior teams did. They had to play senior teams which was a very great handicap. They beat the Spur "B" team 14-13. They played the Patton Springs "A" team next. At the end of the game it was tied 16 to 16. An extra period was played ending with the score 17-18 in favor of Patton Springs. It was not a bad defeat although it was hard to take.

The Juniors played the Paducah Juniors here Tuesday 13th. They beat the smaller Paducah team 22-3.

The Senior boys played a game with Paducah the same night defeating them 30-7.

The senior girls played Flomot the night of the thirteenth and won 32-8.

Mr. Ezzell recently announced the cancellation of the M. H. S. Basketball tournament because such a few of the schools can get transportation for their teams to and from the games and tournaments.

The scarcity of tires for cars may have a decided effect upon the sports of schools because they can't play as many games away from home as they formerly could.

That's 30 for this session of the sports news, but I'll be boring you again next week at the same time and place.

Curly Joe.

## GARDEN INSECTS DESTROYED BY WINTER WEATHER

COLLEGE STATION—Cleaning garden plots of dead stalks and other litter as far in advance of spring planting as is possible will help greatly in whipping damage by insects in 1942. It is important to do so in view of the likelihood of a shortage of some insecticides.

According to Cameron Siddall, entomologist of the A. and M. College Extension Service, many insects which destroy or injure garden plants overwinter in truck crop residue left on the ground.

## CHURCHILL ROYALLY WELCOMED HOME AFTER HISTORIC TRIP TO WESTERN HEMISPHERE

LONDON—Winston Churchill came safely home by flying boat last Friday from his historic trip to the new world, and the happy cries of "good old Winnie" which welcomed him

in weeds, leaf litter, and under boards and accumulation of trash on the land. Others find refuge in ditches, waste places, and in and around storage houses.

Garden sanitation is more important than ever this year because of the increased need for many vegetable crops in the Food for Freedom program.

There still may be time to reduce insect populations by plowing as soon as the condition of the soil permits, Siddall says. Land not subject to erosion may be plowed before winter is over in order to expose many insects and eggs to freezing, as well as to bury alive those hibernating in weeds and plant residue.

For example, tomato aphids and common stock borers, which pass the winter as eggs on grass and weeds, cannot survive if buried by plowing. Tomato hornworms and tomato fruit worm, which develop during the latter part of the season on crop remnants, may be destroyed in like manner.

Peas are among the foremost vegetables required for wartime food stocks. Growers can boost total output and profits if they worked together in cleaning brush-filled fence rows in each community, isolated trees having rough, loose bark, and abandoned orchards. All of these refuges are favorite winter hibernating places of the destructive pea weevil. Siddall emphasized the importance of feeding pea vines dried for hay before the 1942 pea crop blooms in order to prevent emergence of hibernating weevils.

subdued, for the moment at least, British recrimination over Singapore's plight.

It was apparent that the prime minister would lose no time in moving to assuage the distress of both nation and Parliament over the humiliating defeats in Malay. Most of the newspapers looked for some sort of a cabinet reconstruction, but their speculation as to its nature was very vague. Major government changes are not now anticipated.

Certainly there was no sign of uneasiness in the joyous scene at London's grimy old Paddington station when Churchill and his entourage arrived by train from Plymouth, the terminus of his flight, in an American-made flying boat, from Bermuda.

Installation And Pledge Service Is Held By Methodist Society Tuesday

The Woman's Society of Christian Service met Tuesday evening in the Methodist church auditorium for the installation and pledge service. Mrs. A. J. Daffern brought the devotional, taking as her subject, "Love in Action." Mrs. Harry Willett gave a record of achievement of last year's work, and the installation service followed, with Rev. W. B. Vaughn, the pastor, as leader.

Mrs. W. F. Jacobs and Mrs. Thelma Dirickson, in white robes, lighted two tall white tapers on either end of the altar table, and while the new officers knelt at the altar rail, sang, "Oh Jesus I Have Promised," with Mrs. G. E. Hamilton at the piano.

Officers Receive Charges The following officers received their charge: Mrs. F. G. Simpson, general president; Miss Mabel Jameson, vice-president; Mrs. Ethel Payne, recording secretary; Mrs. Harry Willett, corresponding secretary; Mrs. David Guest, treasurer; Mrs. H. H. Schweitzer, secretary of Missionary education; Mrs. Homer Sheats, secretary of Christian social relations; Mrs. Annie Tudor, secretary of literature and publicity; Mrs. J. R. Whitworth, secretary of student work; Mrs. W. Y. Higgins, superintendent of Spiritual life; Mrs. A. J. Daffern and Mrs. L. R. Bishop, circle chairman; two other officers, not present, are: Mrs. W. B. Vaughn, superintendent of children, and Mrs. F. M. Jenkins, superintendent of supplies.

At the close of the service the new president took charge, and the pledges were made for the year 1942. The meeting closed with a short business session. Present, other than the officers and members on the program, were: Mesdames F. Smallwood, C. D. Pipkin, R. P. Moore, Tom Tilson, J. S. Lambert, Curtis King, H. K. Ford, and Misses Ethel Jameson and Zona Ruth Scalf.

To Meet Monday

Next Monday afternoon the new study will begin with Mrs. Schweitzer as teacher. The title of the study will be: "Christian Roots of Democracy in America."

MRS. BIRNIE IS HOSTESS TO CLUB

Mrs. D. I. W. Birnie was hostess last week to the Friday Club, with three tables of guests and members present.

High score was held at the conclusion of the bridge progressions, by Mrs. L. J. Barkley, with second high going to Mrs. H. H. Campbell.

Other ladies present were: Mesdames Robert Collier, T. J. Daffern, B. F. Tunnell, W. W. Clements, Aivin Stearns, Charlotte Hunsucker, D. E. Pitts, Leonora Luckett and E. F. Springer. Delicious refreshments were served.

TRAWEEKS GIVE DINNER PARTY

Dr. and Mrs. A. C. Traweck Sr., entertained with a dinner party Friday evening, January 9. Following dinner, bridge was played at six tables, with high score for the men going to D. E. Pitts, and to Mrs. Warren Clements for the ladies.

Guests included the following: Mr. and Mrs. Warren Clements, Mr. and Mrs. R. E. Donovan, Mr. and Mrs. L. C. Harp, Mr. and Mrs. Elmer Stearns, Mr. and Mrs. B. F. Tunnell, Mr. and Mrs. D. E. Pitts, Mr. and Mrs. H. H. Campbell, Mr. and Mrs. Farris Fish, Mr. and Mrs. D. I. W. Birnie, Mr. and Mrs. U. L. Willie, Dr. and Mrs. Albert Traweck, Mrs. Margaret Newman and Mrs. Charlotte Hunsucker.

Enter This Luncheon Set in Nation-Wide Crochet Contest

THREE colors are used with an artist's touch in this charming crocheted luncheon set called "Sun Ray." Identical doilies in three sizes comprise the set, and it's easy and inexpensive to crochet yourself. Centers of henna and hunter green mercerized crochet cotton combine effectively with the natural colored "spokes" of the doilies, and the edge repeats the high tones. This luncheon set, too, would make an outstanding entry in the Fifth Annual Nation-Wide Crochet Contest which is being held this Fall to select and award America's finest crocheters. Directions for crocheting this luncheon set and details of the Contest may be obtained by sending a stamped, addressed envelope to the Needlework Department of this paper, design No. 661.

Tuesday Club Is Entertained

The Tuesday Morning Club members were entertained this week by Mrs. R. E. Donovan with two tables of bridge in progress. Coffee, cinnamon toast and cookies were served preceding the six games which were played.

Mrs. L. C. Harp won high score for the club, with Mrs. T. J. Daffern receiving second high. Also present were: Mesdames U. L. Willie, D. E. Pitts, L. J. Barkley, E. F. Springer, A. C. Traweck Sr., and D. I. W. Birnie.

Flomot Sewing Club Has First '42 Meeting

The Flomot Sewing Club met in the home of Mrs. B. A. Tanner for the first meeting of 1942. Officers for the new year are, President, Mrs. H. V. Cromer, Secretary-Treasurer, Mrs. G. D. Pope, and Reporter, Mrs. Harrison George. Each member drew names for their Pollyanna friend for the year.

Refreshments of sandwiches, salad, cookies and coffee were served to Mesdames James Williams, H. A. Wallace, J. L. Speer, Tom Speer, C. W. Webb, H. V. Cromer, G. D. Pope, Harrison George and the hostess.

Welfare Launches Mother-Daughter Banquet Plans

Plans for the annual Mother-daughter banquet, sponsored by the Matador Child Welfare Association, are under discussion, it was announced following the monthly meeting of the organization last Wednesday.

Twenty-three mothers and patrons were present for the meeting, with the third and fifth grades receiving the pictures for having the most mothers present. Following a custom established several years ago, the rooms winning the pictures the most times during the year, will become the owners. The fourth grade members are very proud of the picture, "The Blue Boy" which they won last year. In addition to the gift of the pictures, the Welfare association also presents a library book to the high school library each year.

Included in the program of the meeting were: group singing led by Mrs. Earl Laughlin; a reading by Mrs. Albert Traweck Jr., piano solo by Betty Jameson and readings by Geraldine and Barbara Jo Waybourn.

Speculating on the number of those books and pamphlets that have been printed and sold, advising how to make out your income report, it looks like somebody is piling up a neat little stack of gross.

You don't have to be psychic of course to know that an income tax is simply a tax on your income; but a little thought and study in the matter of making the returns, reveal some interesting angles. The comforting thing about the situation is that certain deductions are allowable.

For instance, did you know that your gambling losses are listed under permissible deductions—"deducted from winnings only. Net winnings are taxable. Net losses are not deductible." And this one: "Entertainment expenses necessary to business." Just think what a boon this deduction is to the tired business man who might wish to celebrate by taking his customer out to a popular nightclub by way of entertainment. But alas and alack! said tired business man may not deduct his alimony payments; or allowances to wife and children; OR "Payments to wife for acting as a housekeeper." Exclamation point.

Income Tax, it is generally conceded, is about the fairest medium of collecting from the people, payment for the privilege of living in a democracy, for the purpose of maintaining the government. Now, as never before, funds must be raised, and the general attitude seems to be not only one of willingness, but one of eagerness to lend support. The old idea of letting "George" do it is passe, as the little guy in the gallery comes down to "Help George Do It."

We'll be very glad when those gags about the glad and their girdles have run the gamut.

In the face of the obvious, we couldn't very well be too huffy with the person, who the other day, called this space pied pigeons. He was probably thinking in terms of the gender that lays the eggs; and not such good ones either.

An idea which is being passed around, is to place your Federal tax sticker required by law for your automobile, on the back side of your rear-view mirror. In this way, the sticker can be observed through the windshield.

DEFENSE WORKERS OFFERED VARIETY RED CROSS COURSES

WASHINGTON, D. C.—To the question "What can I do for America?" the Red Cross is providing an answer for a growing legion of several million men and women who want to do their part for the defense of their country. Here is a summary of Red Cross services and training courses being expanded to meet the emergency.

FIRST AID—Basic First Aid training qualifies trainees for assignment to a First Aid Detachment, organized in office buildings, factories, apartment houses and other buildings where large numbers of persons live and work. Chapter offers standard 20-hour course. Men, women, boys and girls eligible.

NURSES AIDE—Instruction under supervision of trained nurse qualifies graduates to assist nurses in hospitals, clinics and emergency stations. Course involves 80 hours of instruction, open to women 18 to 50.

MOTOR CORPS—Training in motor mechanics and first aid to qualify women as emergency drivers for transport of evacuees, doctors, nurses, etc. Open to women who can drive and own a car.

CANTEEN CORPS—Training for men and women in mass feeding and nutrition, qualifying them to operate emergency canteens. Required: 20-hours instruction in nutrition and a 20-hour canteen course.

BLOOD DONOR SERVICE—Men and women enrolled to give their blood for use of the Army and Navy for emergency transfusions at the front. Program restricted to certain metropolitan chapters.

PRODUCTION CORPS—Opportunity for women to make garments and surgical dressings for the armed forces. Instruction given those interested in making surgical dressings.

HOME SERVICE CORPS—A welfare service for men in the armed forces and their families,

veterans and their families. Open to those with qualifications for doing family case work. Required: 30-hour case work course and institutes for technical instruction.

STAFF ASSISTANCE CORPS—For volunteers interested in general office work, typists, receptionists, etc. Course runs 10 hours.

HOSPITAL AND RECREATION CORPS—Women to visit Army, Navy and civilian hospitals to conduct friendly service and recreation programs to speed recovery of patients. Women 20 and older eligible; 15-hour instruction required.

HOME NURSING—Training for care of sick in homes to relieve shortage of registered nurses during war, epidemic and emergency. Course runs 24 hours; open to men, women, boys and girls.

NUARITION—Instruction on proper foods for health. Men, women, boys and girls eligible; course runs 20 hours.

BRaille CORPS—Transcribing books and other literature into braille for the blind. Ten-lesson correspondence course open to men and women.

DISASTER RELIEF COMMITTEE—For those interested in evacuation work, rescue, sheltering, feeding and clothing in time of emergency. Local organization through frequent meetings where discussions are held and workers are assigned specific duties. Training given at institutes conducted by disaster fighters of the national Red Cross.

To every American, the Red Cross appeals for a contribution to its drive for a minimum \$50,000,000 War Fund.

Mary Hughes Named For College Place

AUSTIN, Texas—When "mortar and pestle" experts at the University of Texas College of Pharmacy are looking for recreation or for extra information on their field of study, they usually get it through the Texas Pharmaceutical Association.

Open to all pharmacy students, the organization sponsors with equal willingness special lectures on subjects of interest to chemistry and pharmacy students or spare-time "socials".

Spring semester activities will be directed by a slate of officers elected last week, including Mary Hughes, secretary. Miss Hughes comes from Roaring Springs.

**42 Social Executed \$1,000,000**

Justly infant which 100 in Texas its existence in 1937, whose expendi- more than \$37,500, will reach at least 1942 with distrib- ibly \$51,000,000.

The teachers system and the seven methods of federal money distribution under the Social Security Act were active in Texas this year as follows: Teachers retirement, a wholly-state plan; The system, retiring teachers since September, now has 500 on the rolls receiving an average of \$54 each per month. Some 48,000 teachers' contributions of 5 per cent of their salaries amount to \$250,000 a month and are matched by the State for a total of \$6,000,000-plus a year.

**Age Pension Largest**  
Outgo now amounts to \$22,500 a month and probably will go up as more retire next year. A guess on 1942 expenditures is \$500,000.

Old age assistance, Title I of the Social Security Act; Stormy petrel of Texas politics, old age pensions, patriarch of social security activities in the State and by far its biggest spender, were financed to the hilt last Spring by the Legislature.

Grants, half state and half federal, totaled nearly \$28,500,000 this year as compared to almost half that amount in 1940. As expenditure of potential revenues near a ceiling next year, grants may aggregate \$40,000,000.

December recipients numbered 161,300 receiving an average of \$19.13 each as compared with January's 122,000 and \$13.93. Expanded rolls resulted from liberalized eligibility requirements.

Old age and survivors insurance benefits, Title II; Financed and operated wholly by the Federal Government this branch spent probably more than \$2,000,000 in Texas this year and had over 13,000 beneficiaries receiving an average of \$16 a month in December.

An estimated increase of 500 a month next year would bring the rolls to 19,000, pending federal action on war casualties. More than half those on Texas rolls are younger widows whose husbands were insured wage earners. Possible 1942 expenditures: \$3,000,000.

Unemployment compensation, title III; Model for many other state setups, the Texas Unemployment Compensation Commission, including the State Employment Service, this year collected \$14,000,000 at an average rate of 1.55 per cent on payrolls as compared to outgo in benefits to jobless of \$6,100,000, a drop of 40 per cent from last year and due to the Nation's booming defense efforts.

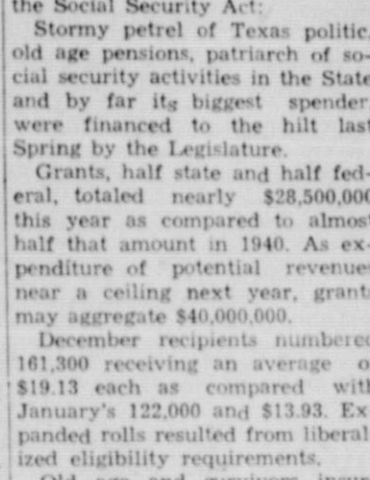

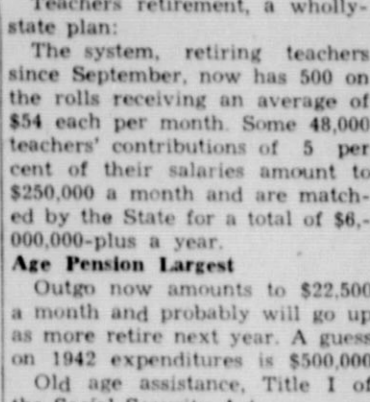

The tax, cut by the Legislature in rewarding employers with stable payrolls, was 1.15 per cent lower than in 1940 and saved employers close to \$12,000,000.

**Child Program Lags**  
With more than 19,000 employees and 1,000,000 employees covered, Texas has a balance of \$65,000,000 in the United States Treasury to protect it against post-war unemployment. The amount is six and a half times greater than subsistence payments to jobless in any single year. And the benefits are expected to decrease in 1942 to possibly \$5,000,000.

The unemployment service, guiding workers into industrial and agricultural channels, and now under federal control, placed 1,000,000 this year.

Aid to dependent children, title IV; Under supervision of the State Department of Public Welfare which also administers old age pensions and aid to the blind, this program, unfunded until the legislative tax action last Spring, barely got started this year.

**Texas Farmers' Two-Way Attack**

Texas farmers are launching a two-way attack on U. S. enemies by delivering their scrap iron for use in munitions manufacture and buying defense stamps and bonds to help finance the war. In the top picture, W. A. Gann, right in wagon, Travis County farmer, unloads his wagon with the help of B. W. Giles, left, who owns the farm Gann works, Arthur Swenson, chairman of Travis County USDA Defense Board, and Guy C. Hartgraves, county AAA administrative officer. Then he takes part of the money he got for the scrap and buys defense stamps from J. H. Johnson, Del Valley postmaster.

The tax, cut by the Legislature in rewarding employers with stable payrolls, was 1.15 per cent lower than in 1940 and saved employers close to \$12,000,000.

Aid to dependent children, title IV; Under supervision of the State Department of Public Welfare which also administers old age pensions and aid to the blind, this program, unfunded until the legislative tax action last Spring, barely got started this year.

Twenty-eight thousand three hundred dollars went out to 1-368 families for 2,876 children in December, an average of \$20.71 per family. With more than 5,000 applications on file, the program may top \$1,000,000 in disbursements in 1942.

Maternal and child health: Vocational and rehabilitation, title V; The maternal and child health portion of the program was administered by the State Department of Health which spent approximately \$300,000 in federal allotments the past year. The money aided mothers and babies among the poorer classes, providing medical assistance and educating parents in the proper care of children. Next year's allot-

ments may be unchanged. **Cripples Given Help**  
Vocational rehabilitation, operated by the State Department of Education, saw nearly \$220,000, half of which was federal money, go into efforts to help cripples earn a living, maimed persons, furnished mechanical limbs where possible, were trained for certain types of work in co-operation with schools and industry. Expenditures in 1942 were not expected to increase.

Public health assistance, title VI; Administered through the Federal and State Health Departments, this program spent about \$500,000 in Texas in 1941 to bolster efforts to spread health units over the State, conduct sanitation projects and work with county and city departments to prevent and cure disease. The 1942 allotments were not expected to vary greatly.

Aid to Adult Blind, title X; Public Welfare Department officials expect this assistance to needy adults to reach a saturation point next year. December rolls carried 1,118 recipients granted an average of \$23.25 each. The program may cost \$600,000 half federal and half state money in 1942.

**Pharmacists Cast For Vital Role In Civilian Defense**

AUSTIN, Texas—Recommendations to pharmacists concerning the part they can play in National Defense have been released from the United States Office of Civilian Defense, according to Doctor Geo. W. Cox, State Health Officer, who is serving as State Chairman for Health and Emergency Medical Service.

The Office of Civilian Defense urges every pharmacist to register with the Chief of the Emergency Medical Service in his community, indicating what supplies he has available; register with the Transport Office of the local Defense Corps any delivery trucks available for emergency transport; register his pharmacy with his air raid warden, indicating the telephone and refuge facilities he has available.

Every pharmacist should place his services at the disposal of the local Defense Council for distributing literature and information on Civilian Defense; inform himself of the location, and character of protection facilities in his neighborhood so that he can direct citizens to shelters, warden posts, casualty stations, and first aid posts; review and extend his own training in first aid and prepare himself to instruct his employees.

Large pharmacies should establish a first aid detachment among their employees which can be immediately available as a stretcher team to assist rescue squads. They should be equipped with a stretcher and with first aid supplies.

Doctor Cox pointed out that the Office of Civilian Defense urged all pharmacies to keep their stocks of drugs, medical, surgical, and sickroom supplies constantly replenished.

"Already thousands of pharmacists have inquired of this office how they can best serve in this emergency," Doctor Cox said. "Dean W. F. Gidley, of the University of Texas School of Pharmacy, together with other representatives of the pharmaceutical profession, have indicated that their profession desires to serve in every way possible."

**Letters from England**

Last Sunday I went to London for the day to see my Mother and Dad. My brothers, Ken and Alan, are still in Torquay. I had a nice time, and I shall be going home for Christmas I expect. How do you like having black-out regulations? Or does that only apply to the West coast? Well I must close now as it is tea time.

Please excuse the torn paper but it's war time. I am not sending you a present this Christmas because we have been asked not to send presents abroad. I hope you will not mind. I will send you a big one when circumstances have improved and Mr. Snickelgruber's U-boats have all been blown to smithereens!

Well, cheerio for now. Lets hope we can say this time next year that Japan and Germany are defeated. Italy just fades away at a pin prick!

Yours ever,  
Doris.
